SIR THOMAS WHITE AGAIN TALKED OF TO SUCCEED BORDEN

Unionists Might Unite on Finance Minister, When Premier Resigns. A PARTY CAUCUS SOON

Ottawa, Feb. 8.—(Special.)—The historic cry of "Night or Blucher" has been succeeded in government circles at Ottawa, according to some authorities, by the cry of "Sir Thomas White or a general election."

That caucus, however, will soon have to be held. Sir Robert did not agree to hold over his resignation indefinitely, but the same is to become effective as soon after the opening of the session as a caucus can be held for the purpose of agreeing upon his successor.

Cabinet to Compromise. It is now said that the members of the cabinet have composed their past differences and are ready to follow a recommendation of Sir Thomas White as the successor to Sir Robert Borden.

Three Courses Possible. The World was told by a Unionist M.P. today who enjoys the confidence of the government that there are three courses possible—the parliamentary caucus might agree on a new leader, or it might call a national convention, or it might formally dissolve the Unionist coalition.

The World's informant, by the way, was outspoken in saying that the Conservative Unionists did not talk with Mr. Rowell. Many of them would like to see Mr. Meighen chosen premier, but for the sake of harmony and keeping the coalition together they were unwilling to unite with the Liberal Unionists in selecting Sir Thomas White.

BRITAIN IS AFTER CAMP COMMANDERS; TEN ARE IN LIST

Names of Those Whose Extradition is Demanded, Are Made Public. BERLIN RECEIVES LIST

Paris, Feb. 8.—The official list of those whose extradition is demanded by the allies was issued by the foreign office last night, without comment.

SIR GLENHOLME FALCONBRIDGE SUCCEUMS TO DOUBLE PNEUMONIA

Bench and Bar Pay Wonderful Tribute to One of Canada's Greatest Jurists and Chief Justice of the King's Bench.

Sir Glenholme Falconbridge, chief justice of the King's bench, Ontario, succumbed yesterday morning to double pneumonia, following less than a week's illness. The late chief justice was taken ill while in court at the city hall on Monday, Feb. 1, and although the indisposition was at first slight, double pneumonia developed, his condition becoming serious on Thursday.

His choice of English was refined and classic. His speech as chairman of the banquet given by the Toronto Club to the Duke of Wellington was equally noted, but not excelled, by the masterpiece of Sir Wilfrid Laurier at the Rideau Club on the occasion of the dinner to the duke, when he used the beautiful imagery of Ruth in speaking of the duchess, the faithful companion of her consort.

A Rare Friend. As a companion on a fishing tour, we shall seldom see the like again, and as a friend he was that rarity, one who never chafed at your good or evil fortune. His name will be mourned by a circle of friends and real men, the admiration of whom would be a tribute to the memory of the best of us.

Public Forum Both Ways. The World hears that a petition is in circulation requesting the mayor, in conformity with the municipal bylaws, to summon a meeting in Massey Hall, to which suggestions for improvement in civic government may be submitted by individual citizens.

ARE SEEKING COVER IN SWITZERLAND

Geneva, Feb. 8.—Anxiety is growing in Swiss official quarters lest many Germans accused by the allies of war crimes enter Switzerland to escape liability under the peace treaty.

NAVY BACKS VON TROTHA

Berlin, Feb. 8.—A telegram from Kiel states the chief of the Baltic naval staff has wired Minister of Defence Noake with reference to the inclusion of von Trotha in the list of those whose extradition is demanded.

BRITISH MARINES LAND AT PANDERMA

Turks Have Recently Captured an Arms Depot at the Dardanelles. Constantinople, Feb. 8.—British marines have landed at Panderma, the northern terminus of the railway to Smyrna. This action was taken because of the recent capture by the Turks of a Turkish arms depot at Akbar, near Chanek, on the Dardanelles.

FINE HAUL FOUND ON BEDROOM LINE

Eleven Bottles on One String Pulled in by Police. Eleven bottles of whiskey, tied to one another with string, and hidden beneath the floor of his bedroom, is the evidence against Raymond Wood, 225 West Queen street, who will appear in police court this morning on a charge of theft.

TWO MASKED MEN ROB PEDESTRIAN

Threatened by Revolvers, Wm. Knight Hands Over \$65. Two masked hold-up men tackled William Knight, of 15 Mercer street, on Teraulia street, near the corner of Elin, early Sunday morning and robbed him of \$65 in money. Knight stated he was walking south on Teraulia street when two men with masks over their eyes walked out of an alleyway in front of him, and pointing revolvers at him, ordered him to hand over all the money he had.

HON. D. MARSHALL WANTS MORE EDUCATIONAL OPPORTUNITIES IN COUNTRY DISTRICTS

Hamilton, Feb. 8.—(Special.)—The school work in rural Canada lags behind the curriculum in European countries, especially in Belgium, where the children in the primary grades are taught the science of production from the land, and in the development of live stock.

LABOR TAKES HAND IN POLITICAL GAME

Three Million Strong, It Has Its Hat Into the Ring in United States. Washington, Feb. 8.—Organized labor, 3,000,000 strong, has thrown its hat into the political ring in the United States.

REPORT BRADBOYNE SINKS IN ATLANTIC

Radio Message Says Ship Founders and Some of the Crew May Be Lost. Halifax, N.S., Feb. 8.—The steamer Bradboyne, from New York for Cherbourg, is believed to have foundered in the Atlantic, and some loss of life is feared, according to radio messages received here tonight.

NEW LIBERAL CLUB

Ottawa, Feb. 8.—(By Canadian Press.)—The first step toward the formation of a Liberal Club in Ottawa was suggested by Hon. Mackenzie King in his letters to the Liberals of Canada, to be taken at a meeting in the Carnegie Library tomorrow evening.

STORM CLOUDS GATHER O'er Political Field

The World learns on good authority that there will be contests in all three ridings of Halton, East Kent and East Wellington. The opposition in each case will be furnished from inside the riding. Windsor Liberty Leaguers are planning an anti-Raney campaign.

CABINET OF LABOR MEN TO GOVERN GREAT BRITAIN ONLY QUESTION OF TIME

Best Informed Politicians See Handwriting on Wall in View of Steadily Increasing Power of Labor Party—Parliament Meets Tuesday. London, Feb. 8.—The British parliament will reassemble on Tuesday with several of the weightiest problems of reconstruction still hanging over its head.

PROTEST PRIVATE PROBE OF ASYLUM

Mt. Hamilton Veterans Say "Rot" in Describing Government's Action.

Hamilton, Feb. 8.—The decision to hold the judicial enquiry into the conduct of the local asylum for insane in camera was discussed at the Mountain branch, G. W. V. A., at its last meeting. After a lengthy debate during which considerable dissatisfaction was voiced over present arrangements, the following resolution was passed unanimously:

"Resolved that the branch unanimously condemn the policy of the government in altering the asylum investigation so that it is a private affair. After promising continuously that our requests for a public inquiry would be granted it, at the last minute, makes the flimsy excuse that it would not be in the best interests of the public."

"We say, rot, and ask all returned soldiers' organizations and the public in general to get behind the demand for an open inquiry."

Want G. W. V. A. Admitted
The secretary was directed to write to Hon. H. C. Nixon, provincial secretary, asking that the G. W. V. A. be at least be admitted to the investigation.

It was announced that some of the associations' most important witnesses had refused to give evidence until the public was able to be present and hear it. It was pointed out that the local Great War Veterans' Association had been instrumental in bringing the investigation and that it had received from the previous government repeated promises that the inquiry would be an open one. Now, after many months when a commission had been appointed, and a date set, it was claimed to be advisable that the public know nothing about it until the announcement of a finding in parliament.

While the veterans agreed that the names of witnesses or people concerned in the investigation should not appear in print it was thought possible that an arrangement could be made whereby the press would eliminate the names and use the evidence.

INDUSTRIAL ALCOHOL MAY BE FREE OF TAX

Research Council Chairman Points to Canada's Waste of Motor Fuel.

Ottawa, Feb. 8.—(Canadian Press)—The manufacture in Canada without the restrictions now imposed of tax-free industrial alcohol may be permitted if the plans of the Canadian Research Council are carried out. Industrial alcohol has been hailed by scientists as the motor fuel of the future, and in his annual report on the activities of the council, the administrative chairman, Dr. A. B. Callum, pointed out that Canada was wasting enough industrial alcohol daily to provide for all wants in the way of motor fuel.

The research council has made urgent representations to the government on this subject.

For Colds, Grip or Influenza and as a Preventative, take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on the box. 30c.

May Exhibit Live Foxes

At Montreal in the Fall

Ottawa, Feb. 8.—(By Canadian Press)—The production and marketing of furs will be considered at a conference to be held in the Windsor Hotel, Montreal, on February 19 and 20. It is announced that the conference will also discuss the question of holding an exhibition of live foxes and other fur-bearing animals in Montreal next autumn.

YORK COUNTY AND SUBURBS

Tadmorden Fur and Feathers Elect Officers for Year

At the annual meeting and election of officers of the Tadmorden Fur and Feather Association, held in Tadmorden Avenue School, the following officers were elected: C. Redfern, president; honorary presidents, Hon. Manning Doherty, W. P. Maclean, M.P., Alex. McGregor, G. S. Henry, A. D. Johnston, Dr. R. H. Fiern, R. B. Fox, Reeve Miller, W. H. Graham, Robert Barker, J. A. Macdonald and J. Seymour; first vice-president, C. Crinton; second vice-president, J. B. Dowding; secretary, W. C. Brown; treasurer, B. Bailey; executive, P. Vague, J. Smith, G. Cunliffe, H. Levan, R. J. Davis, S. Mills, A. Smith, J. Beake, W. Willis, S. Hoode and T. Bannerman.

The meeting was well attended, and the association have now 125 members, and hopes to increase the number to 200.

MRS. GEORGE PINGLE DEAD

Mrs. George Pingle, widow of the late George Hunter, Pingle of Unionville, passed away suddenly in that village on Sunday morning after a short illness from acute indigestion. The late Mrs. Pingle, who was 72 years of age, was held in the very highest esteem and had resided in Unionville the greater part of her life. She is survived by four daughters, Mrs. J. Tully of Markham, Mrs. F. Bart Kunker of Albany, N.Y., Mrs. W. E. Moore of Niagara Falls, N.Y., and Eva at home, and one son, Charles Hunter Pingle of Drumbo, Ont. The funeral service will be held at St. Philip's Church, Unionville, on Tuesday morning at 10 o'clock, following which interment will take place in St. Philip's Cemetery.

HAMILTON

Hamilton, Feb. 8.—Business and public organizations here decided upon a campaign against the purchase by the public of goods made in the United States, in order to offset the exchange rate differential.

A big increase in cases of influenza is reported. The accommodation at the Scots Barracks hospital is already taxed, and ninety more beds will be installed.

Four bathhouses were destroyed and a fifth damaged by a fire which occurred at the foot of Bay street today.

William Tait, aged 39 years, died at his home, 51 North Simcoe avenue, this afternoon.

BITTER CONTEST OVER THE TREATY

Senate to Start Again Today Discussing It, But Issue is Doubtful.

Washington, Feb. 8.—The treaty of Versailles, which has lain in a congressional pigeon-hole since November 19, while a basis for its ratification was unsuccessfully sought in private negotiations, will be brought formally before the senate again tomorrow. Prompt agreement is expected on many of the minor points at issue, but a long and bitter contest is predicted over article 10 and perhaps a few other provisions. Leaders on both sides profess to see some hope of ratification, but other senators believe that the deadlock will continue until the controversy has been fought out in the presidential campaign.

In connection with the treaty today the most prominent subject of discussion among senators is the letter of President Wilson laid before the Democratic conference yesterday and made public by Senator Hitchcock, Nebraska, the Democratic leader. There is some difference of opinion as to the proper interpretation of the president's language in renewing his declaration of opposition to some of the terms of the Republican treaty reservations.

Altho the letter was written before the publication of the statement of Viscount Grey regarding reservations it is suggested in some quarters that it would not have been made public if the British statesman's views had resulted in any change in the president's position. An excerpt from the president's letter, is as follows:

"I have once more gone over the reservations proposed by yourself (the amendment) and agree upon the proper interpretation of the president's language under the covenant of the league of nations or seek to commit us to lines of action which under our constitution only the congress of the United States can in the last analysis decide."

It is expected that the amendment reservations will be adopted at once, probably on Tuesday, but article ten and the Monroe doctrine will take up some time.

CURRENT REVENUE OF CANADA GROWS

Reported to Be Well Ahead of Consolidated Fund Expenditure.

Ottawa, Feb. 8.—(Special)—January financial statement shows that for the ten months of the present fiscal year the current revenue is keeping well ahead of the consolidated fund, expenditure being \$238,230,811, compared with an expenditure excluding capital account of \$271,352,190. The present funded debt is \$2,447,542,908. Gross debt, \$5,228,067,391 and net debt, \$1,900,146,168. The net national debt before the war was three hundred and thirty-eight million. The revenue from customs for January was \$16,125,304 and for ten months \$137,231,169; from excise, January, \$3,068,947, and for ten months \$34,421,890; from post-office \$1,700,000, and for ten months \$17,000,000; public works for January, \$848,883, and for ten months \$8,311,868; miscellaneous, including income and war profits taxes for January, \$9,728,163, and for ten months \$85,875,983, making a total for January of \$34,266,188, and for the ten months \$288,230,911. At this rate the revenue should reach \$345,000,000 for the fiscal year.

Expenditure Report.
The expenditure on consolidated fund account for January was \$34,131,364, and for the ten months \$271,352,190, leaving a surplus of about seventeen million. The expenditure on capital account for war for January was \$59,105,904, and for the ten months \$298,515,088; public works for January, \$2,073,822, and for ten months \$25,662,423, making a total capital expenditure for January of \$62,179,734 and for the ten months \$324,599,182. This net debt increased during January by \$2,415,109, or practically the same as the capital expenditure for that month.

JAPAN IN SIBERIA HAS TWO ALTERNATIVES

Tokio, Feb. 8.—Count Tsunetada Kato, special ambassador of Japan to Siberia, in an interview at Seoul on his way here from Omei, said that Japan was compelled either to withdraw her troops from Siberia or to determine to assist Russia unreservedly and find a new centre of influence in Siberia with which to cooperate. He declared that the Cosacks undoubtedly were still an influence in Russia.

It is officially reported that Vladivostok is under martial law.

"DEADWOOD DICK" DEAD IN CALIFORNIA

Los Angeles, Cal., Feb. 8.—Richard Bullock said to have been the original "Deadwood Dick" died last night in a hospital at Glendale, after a year's illness. He was 75 years old. It was Mr. Bullock's genuine adventures in the 70's, it is said, that

PAISH DENOUNCES U. S. EXTRAVAGANCE

Declares They Have Reaped Benefits From Misfortunes of the World.

Philadelphia, Feb. 8.—Sir George Paish, the British financier, in an address here last night, in which he again appealed to the United States to extend credit to Europe to help bring about normal conditions, declared that the American people are extravagant. He also said the American people had reaped benefit from the misfortunes of others.

In a discussion following his address, in which he said European nations needed about twenty billions of dollars, Dr. S. E. Meade, professor of finance at the University of Pennsylvania, raised the question whether the European nations should not try to help themselves before seeking assistance from the United States. This brought forth a protest from Sir George, who said the American people are extravagant, and declared that they had reaped benefit from the misfortunes of the world.

"Look at the extravagance," he said. "Never have your people consumed so much as they are consuming today. You speak of the high cost of living. Are you responsible for that? Out of the needs of the world you are making fortunes for yourselves by killing the people of the world. There should be no high cost of living here; there is no reason for it."

EXPLOSIONS START BIG MONTREAL FIRE

Chemicals "Go Off" in Havelock Building—Three Firms Suffer Losses.

Montreal, Feb. 8.—Early this morning an explosion of chemicals in the Havelock Building, Union avenue, occupied by the Rice Studio, hurled the roof of the building into the air and was followed by two others so heavy that they awoke many people in the neighborhood, who rushed from their beds to ascertain the cause.

The fire that followed these explosions was one of the fiercest and most spectacular in many weeks, and practically destroyed the entire building with losses estimated at twenty-five thousand. Other firms who suffered loss were the Bells Galleries, Limited, and the department store of Henry Morgan and Company, Limited.

formed the basis for many hair-raising plots for dime novels. He was the driver of the famous Deadwood coach, which bore shipments of gold from the Colt homestead and other South Dakota mines, to Omaha, Nebraska, and achieved such a reputation for bravery and for sureness of aim with a rifle, that he was shot at and permitted the coach to pass when "Deadwood Dick" was driving.

BRITAIN'S LIST HOLDS GOOD

Cannot, However, Support Those Which She Has Not Seen.

London, Feb. 8.—A semi-official statement issued tonight speaks of a "misunderstanding" with regard to the list of Germans demanded. It says that the French and Belgian portions of the list have not been seen in England, and, therefore, it cannot be assumed that Great Britain will lend full support to such unknown lists, which are bound to become the subject of communications between the allies and the Germans.

The British list, however, it adds, remains without modification, and holds good.

The Exchange Telegraph's Copenhagen correspondent says that the Berlin government is resolved to call a meeting of parliament immediately upon receipt of the allied note demanding the surrender of those guilty of war crimes.

BOLSHEVIK ARMY ENTERS ODESSA

Foreign Element Commenced Evacuation of the City on Friday.

BRITISH SHIPS THERE

London, Feb. 8.—Bolshevik troops have victoriously entered Odessa, according to a wireless message sent out today by the soviet government at Moscow.

A Bolshevik communication says: "We fought our way into Odessa. In the direction of Stavropol, we occupied Friedrichsfeld, Konstantinovka and Biadodatovka."

British Warships There.
Constantinople, Feb. 8.—Messages on Saturday from Odessa say the foreign elements began evacu-

ating the city on Friday when British ships fired over the city throughout the day. The Bolsheviks are reported to be within four miles of the city.

The British battleships Ajax and Marlborough, the light cruiser Ceres and the American destroyer Taibout are at Odessa.

Two hundred sick and 150 refugees from Odessa were taken aboard the American merchant vessel Navahoe, the advices say. The policy is to remove the sick and wounded and women and children first and then the men who have been actively opposing the Bolsheviks.

Rising in Sakhalin.
Tokio, Feb. 8.—Bolshevik uprisings against the Japanese on the island of Sakhalin, are reported. Important Japanese mining and petroleum plants have been attacked. A rescue party of thirty sleds has been sent to the scene.

Missions Are Captured.
Copenhagen, Feb. 8.—The British, French and Italian missions in Siberia have been captured by the Bolsheviks. They are being well treated, according to a message M. Litvinoff, the Bolshevik representative here, says he has received from Trotsky, the soviet war minister.

ULSTER WILL HOLD RIGHTS BY FORCE

London, Feb. 8.—A despatch to The Manchester Guardian from Belfast says that much comment has been aroused by a speech made by Viscountess Massereene at a Unionist meeting in Antrim, in which she declared that Ulster was determined never to surrender its rights and that if any attempt is made to sever her from the British Empire men will swarm over from England and Scotland to assist against "the common enemy."

"The enemy is at our gates and must be fought," she concluded. "Let's arm ourselves with a clear consciousness that Ulster will never surrender an inch of her soil or title of right to the insidious bloody foe. And when the time comes, let us be ready as one man to strike for the Protestant faith, liberty, and our country, and the hand of Ulster will deliver such a buffet to our enemies that these people will carry its mark to the scaffold and grave."

SINN FEIN PRISONERS SHIPPED TO ENGLAND

Queenstown, Feb. 8.—Seventy Sinn Fein prisoners, strongly guarded, were shipped to England today aboard two naval vessels, which sailed from this port. An airplane accompanied the vessels until they were well out of sight of land to guard against an attempt at escape.

THE T. EATON CO LIMITED

SHOULD NOT DANCE DURING EPIDEMIC

Avoid Crowded Places and Enjoy Outdoor Sports, Says M.O.H.

Dancing, either public or at private parties, functions, theatres, and all forms of amusement which tends to confinement in crowded buildings, should be shunned until the prevalent epidemics have died out. At least this should be done if one wishes to keep healthy and "fit."

As alternative recreations the M.O.H. suggested skating, tobogganing, sliding and all outdoor winter sports. Another danger consisted in late hours, and in this connection the doctor referred strongly to the home work system in schools.

BECK SOON HERE

For Clean-up of Hydro and Radials at Hamilton and Toronto Centres.

Sir Adam Beck is expected in Toronto in the last days of February. He will first take up the purchase of the Gibson power, radial and street car interests at Hamilton, and the current understanding is that the price has been agreed on. In fact it has been semi-officially announced at Hamilton. An effort will be made at the same time to make a clean-up of the Mackenzie interests at Toronto—radials, light power—leaving the only thing still open the street railway franchise arbitration. The legislature will be asked to authorize the arbitration in 1920 instead of 1921.

Hon. Mr. Lucas of the Hydro Commission is busy getting ready special legislation in Hydro and radials for final action by the commission and the government.

Mr. Hastings also stated that he was surprised to learn that smoking and expectorating was being done at certain theatres in the city.

Asked his opinion regarding the discovery of an anti-fu serum at the Pasteur Institute in Paris, he said that he had no doubt that such a vaccine would be effective. He emphasized by stating that this would not be so until they are absolutely sure they have found the organism responsible or the causative agent of the disease.

BIG SUM VOTED FOR GOOD ROADS

York County Council Decide to Spend \$150,000 on Construction Work.

Just before winding up their winter session on Saturday afternoon, the councillors of York county approved the report of the finance committee calling for an appropriation of \$150,000 for the construction of good roads and \$16,000 for maintenance which with the grants from the government and the city will give the Toronto and York Highways Commission \$500,000 for new work and \$46,000 for maintenance. Considerable work near Toronto is on the program for 1920.

Council decided to leave over until the June session the question of the creation of a war memorial in the county.

Industrial Conscription. Councillor McDonald of York gave notice of motion calling for conscription for industrial purposes and for a general pension system which would compel youths on leaving school to begin the accumulation of a fund under government supervision to take care of their declining years.

Road construction work planned for the season of 1920 by the Toronto and York roads commission includes the following:

CITY HALL NOTES

"Board of Education estimates should be given public consideration." Mayor Church stated Saturday, "Since I have been mayor the city's estimates have been considered in public and it has worked out much better." He pointed out that public tenders for harbor commission bonds had resulted in more tenders and that the greater competition brought better prices.

Pearson Hall, the Canadian Institute for the Blind, has secured a permit from the City Architect's department to erect an addition to their training school on Beverley street. This addition is to cost \$80,000.

High Park Presbyterian Church will put in a new floor at a cost of \$2000.

Cashel, 1 3/4 miles at 14 feet wide.
2. Complete surfacing for one mile on the town line.
3. Build bridge at Unionville.
4. Grade and gravel 2 1-2 miles.
5. Grade and gravel 2 1-2 miles from Lot 26, north.

1. Resurfacing 20 feet wide for 2 miles.
2. Building 1 1/4 miles waterbound road north of Maple, 18 feet wide.
3. Grading 24 feet wide, 2 1-2 miles from Lot 26, north.
4. Build Sherwood bridge.

1. Resurfacing 2 1-2 miles, 20 feet wide.
2. One mile of water-bound macadam at Woodbridge.
3. One mile of water-bound macadam from Kleinberg station, 14 feet wide.
4. One and a half miles water-bound macadam south of Kleinberg village.

1. Resurfacing from city limits to Half-way House, 18 feet wide.
2. Grading West Hill at Highland Creek to a 6 per cent. grade, and surfacing 20 feet wide.
3. Completing surfacing east of Highland Creek.
4. Resurfacing 18 feet wide to Eglington avenue.
5. Build waterbound macadam to

VETERANS DISCUSS GRATUITY ISSUE

May March on Ottawa, Says Flynn, If It is Not Granted.

J. Harry Flynn, provisional president of the United Veterans' League, and representatives of other soldier organizations, addressed a large meeting of returned men in Massey Hall yesterday afternoon, called to discuss the gratuity issue.

President Flynn and the other speakers reviewed the reasons for the gratuity demand and reiterated the country's ability to pay the amounts asked in the Calgary resolution. The outstanding majority of returned men, he said, wanted the gratuity as outlined by the resolution.

When the deputation of representative returned men goes to Ottawa to press the gratuity issue on parliament all the organizations will be represented, he said, because individual branches of the G.W.V.A. will have their representatives in the deputation.

Question of Demand. "If the government does not listen to the peaceful prayer of the petition (which will be presented to the house) it will then be a question of demand," he said, and his following remark that a deputation of 50,000 returned men might be started to Ottawa brought thunderous applause from the meeting.

Later Captain Tucker, editor of The Grand Army of Canada Journal, spoke. He said that it would pay Canada in the end to grant the men the gratuity, as it would produce a better morale in the country and a better feeling between ex-soldiers and civilians and would do away with most of their service-created troubles.

G.T.R. Pays \$9,000 Damages To Lieut. S. Jordan, Kingston

Kingston, Ont., Feb. 8.—(Special)—The Grand Trunk Railway Company has agreed to pay nine thousand dollars to Lieut. S. Jordan of the R. C. H. A. who was severely injured in a wreck near Belleville last spring while bringing artillery recruits from Toronto to Kingston. Lieut. Jordan was in an unconscious condition for several months and has not yet recovered from the injuries he received to his head.

WEALTH MUST TAKE THE SECOND PLACE

Rev. Dr. Ribourg Shows Place of God in Civilization.

Rev. Dr. Ribourg, preaching at St. Alban's Cathedral, Sunday evening, on "The World With God," said in part: "Many men have allowed the vision of God to fade out of their lives, because their estimates of values are false. The civilization that puts material things before God, that values temporal power and wealth more than right cannot endure. The civilization that puts less value on men's bodies, which are the temples of the Spirit, than on material accessories for the production of wealth, machinery, beasts of burden, raw materials and finished products, is doomed. Man is a reflection of God, at whose image and resemblance he was created, and in the valuation of 'things and of things God and man should be put first."

"Wealth, material prosperity, we must have, and in a measure surpassing the wildest dreams of Croesus and Rockefeller, for the human race is worthy of all the comforts they can procure, the sin lies in making these things the ultimate end of life, and in placing them first in the estimation of values. 'Man liveth not by bread alone, but by every word that proceedeth out of the mouth of God.' God cannot be given the second place in mankind's life, without man-kind paying the penalty for its failure to put first things first—man cannot serve two masters. 'Ye cannot serve God and mammon.' According to the choice made shall the race be blessed or cursed. The experience of ages demonstrates beyond doubt that the nation that gives God the second place pursues the road which leads to ruin. The nations of ancient and modern times that put God above material wealth, right above power, honor above expediency, are the nations which in the long run manage to survive even in the face of the worst struggles and trials, when others which misconceive values and give God and His standards the second place go down to ruin and oblivion. 'Righteousness exalteth a nation and sin is a reproach to any people.'"

BOSTON JOURNALIST DEAD. Boston, Feb. 8.—Edward Henry Clement, who for 25 years was editor-in-chief of The Boston Evening Transcript, died yesterday of heart disease at his home in Concord. He was in his 77th year. He retired in 1906.

HISTORIC PRISON RAZED TO GROUND

Wreckers Removing Old Pile That Has for Years Housed Thousands of Criminals.

Modern efficiency has no sentiment towards that which is old and has served its purpose. One of Toronto's well-known landmarks, the old Central Prison, at the foot of Strachan avenue, is now to fall beneath the wrecker's ax.

The old edifice, which for many years served as a place of confinement and correction for Toronto's law-breakers, was abandoned for that purpose some time ago, but during the war was utilized as a barracks for the R.A.F. Now the government has sold the site to the Grand Trunk Railway Company, who intend erecting freight sheds on this historical spot.

One section of the building, tho, has been resold by the G.T.R. to the Hobbs Manufacturing Company for \$50,000, for factory purposes.

Under the prison reform scheme of the late Hon. W. J. Hanna the old central was to be abolished and the prisoners removed to Guelph. In its time it has housed some of the most desperate men known in the criminal records of the country.

JOHN BRIGHAM WILSON DEAD. Last week in Dallas, Texas, one of its foremost citizens passed away in the person of John B. Wilson, a Canadian. The old drover through Ontario will remember an active young man, who would gather up a cartload of cattle and ship it off to Montreal. After operating a few years in Canada he transferred his energies to the south and made Toronto cattle trader's good. By Texas looked good in those days, and seeing its vast areas, he secured large ranches and went extensively into the raising, later engaging in railways and financial propositions. Going south he eventually became one of the leading business men in Texas.

John Brigham Wilson was born in Dixie, county of Peel, about 70 years ago of English parents. The state of Texas is poorer by the death of this distinguished citizen and into the ranks of the multi-millionaire, who for years has been an incentive to his adopted state. He leaves a widow and several daughters, a sister, Mrs. Treeman Lowes, formerly of Brampton, and a brother, Frederick, of Dallas.

WOULD MAKE HOLE COUNTRY BIRD SANCTUARY BY LAW

Hoyes Lloyd Shows How Wild Life Could Be Protected to Advantage of Sportsman, Bird Lover and Agriculturist.

Hoyes Lloyd, the ornithologist of the Dominion parks branch of the department of agriculture at Ottawa, came up to Toronto on Saturday and addressed a meeting of the bird society held in the Central Y.M.C.A. He took as his subject the protection of birds in Canada under the new federal law and the new provincial regulations, and outlined the program of bird sanctuaries which has already been begun. He demonstrated the beginning by maps, showing the bird routes already in the Gulf of St. Lawrence and the Gulf of St. Lawrence, and the north shore of the Gulf of St. Lawrence. He also showed the water fowl in Ontario. Point Pelee has been set aside as a bird sanctuary and national park, an ideal site on the route of migration. In Manitoba the farmers have been warned of the danger of the extinction of species. In Alberta and Saskatchewan a splendid chain of refuges is planned.

Without considering the details of the law based on it, the treaty gives power to the federal authorities in both countries, and removes the danger of local influence injuring the cause of bird protection.

Bird Sanctuaries.

"Bird sanctuaries proper are based on a clause of the migratory birds convention act, which states:

"(1) The governor-in-council may make such regulations as are deemed expedient to protect the migratory game, migratory insectivorous or migratory non-game birds which inhabit Canada during the whole or any part of the year.

"(2) Subject to the provisions of the said convention, such regulations may provide:

"(a) For the prohibition of the killing, capturing, taking, injuring or molesting of migratory game, migratory insectivorous or migratory non-game birds, or the taking, injuring, destruction or molestation of their nests or eggs, within any prescribed limits.

"This entails an order-in-council. Without going to this trouble, anyone can make his own garden, his own farm or his own woods a bird sanctuary.

"In addition to protecting the birds which are there, the natural attractiveness of the birds is increased to bring others to you. There are various ways of doing this. In winter fowls can be provided for the birds. A feeding station near a window is a perpetual joy to grow-ups, as well as children.

"A ruffed grouse, which I know of, is wintering in the city of Ottawa, and creates more excitement in one house when he appears outside the window to feed on apple-trees than any circus that ever came to town.

"As spring approaches the question of nesting boxes should be considered. Your hospitality in providing them will be appreciated by the birds, and when the wind blows in the window it will bring the marvelous effects of the Mendelssohn 'Spring' in its parrot's capella, which is quite a sight to see. The 'Mendelssohn' is in its parrot's capella, which is quite a sight to see. The 'Mendelssohn' is in its parrot's capella, which is quite a sight to see.

Urges Co-operation.

Mr. Lloyd urged the co-operation of the individual bird protection. His statement that the Canadian Royal Mounted Police had been invested with authority to protect birds was warmly applauded. He said that nesting boxes had been placed in Point Pelee National Park for the beautiful wood duck, which now has perpetual protection under the law. The small remnant of bob white left in southern Ontario. He spoke of Jack Miner's splendid results in bird protection in Essex county.

An exceptionally interesting set of lantern slides illustrated the points of the address.

These Saturday afternoon meetings have been arranged by Miss Durand, Secretary of the Canadian Society for the Protection of Birds, and are open to the public. A winter feeding station for birds exhibited engaged much attention.

Mr. Lloyd's address follows:

"From the officers of the society, I understand that the Canadian Society for the Protection of Birds, and are open to the public. A winter feeding station for birds exhibited engaged much attention.

Mr. Lloyd's address follows:

"From the officers of the society, I understand that the Canadian Society for the Protection of Birds, and are open to the public. A winter feeding station for birds exhibited engaged much attention.

Sea Bird Protection.

"The United States has created over 60 sanctuaries protecting the birds of the waterfowl, the terns and gulls and many other forms of bird life. They are protecting our birds during their winter holidays. Let us protect them for their home in Canada.

"The Dominion parks branch of the department of agriculture and the migratory birds convention act in Canada.

"This branch also controls the federal bird sanctuaries. A full-time warden service is maintained in the Dominion parks and other departments for the enforcement of the law are taking place.

"The support and assistance of everyone is needed to make bird protection a success. If violations are occurring, the best method is to report them to the nearest authority. The protection of birds is a public work. It is to be done by the people themselves. It is to be done by the people themselves. It is to be done by the people themselves.

BLISS NATIVE HERB TABLETS

A TABLET at bed-time keeps sickness away. You get up in the morning feeling fit and vigorous. You are vigorous, your skin is healthy, your digestion is regular, your sleep is restful, and you are feeling better than ever.

Dr. J. W. Bliss, M.D., has spent his life in the study of the medicinal properties of the various herbs of our native forests. He has discovered that certain herbs, when combined and prepared in a special way, form a most effective and safe remedy for a wide variety of ailments.

Dr. Bliss' Native Herb Tablets are made from the finest herbs, and are guaranteed to be of the highest quality.

Buy a box today, and you will know the difference.

Dr. J. W. Bliss, M.D., Washington, D.C.

RUSSIAN ORCHESTRA

Splendid Musical Organizations Give Fine Concert at Massey Hall.

A NOTABLE OCCASION

It is not unusual for Toronto to exhibit under the leadership of the high-choir artistic ability, but the dimensions of the audience on Saturday night at Massey Hall were a scandal and disgrace to any community professing intelligence.

The Russian Symphony Orchestra, alone is a first-class musical organization, and as only one other orchestra is billed to visit the city this season, the poor turnout was a fine comment on the professed love of Toronto society for music. If the love is as scarce as the society was on Saturday evening, local musicians need sympathy.

Despite the Russian orchestra, the Elgar Choir from Hamilton, the Bruce A. Carey, paid the city a visit, 175 strong, and there is nothing to excel the choir in Toronto. It must have been the best choir to see, but conductor and choir men the occasion with splendid aplomb, and sang their best.

Architects Asked to Give Advice

Rate of Exchange and Prices of Materials Affect Craft.

Herbert E. Moore, president of the Ontario Association of Architects, has sent the following letter to all members of the craft, asking their views on the development of Canadian resources:

"To the Members of the Ontario Association of Architects:

"During the war there was considerable discussion among architects concerning the use of imported materials and the employment of professional talent from the United States in the erection of some of our principal buildings. Since that time, a great deal has happened to further accentuate conditions, namely:

"1. Rate of currency exchange with the United States, which shows at the present time something like 12 per cent against our money.

"2. Various warnings by our educational authorities, urging the utilization of Canadian brains as well as Canadian material resources.

"3. The effort of the Association of Canadian Building and Construction Industries for the use of Canadian goods, showing that the business interests are alive on this question.

"4. The effort of the Association of Canadian Building and Construction Industries for the use of Canadian goods, showing that the business interests are alive on this question.

Electric Lighting Cheaper

The scarcity of materials and steadily-increasing cost of same will not affect the electric lighting and fixture industry, they have some time ago purchased and have in stock enough materials to last during the present year, and thus are able to do wiring and sell electric fixtures at the old prices. This company specializes in wiring occupied houses, concealing all wires, and without breaking the plaster or marking the decorations, and taking into consideration the fact that a Dundered car, opposite 117 West Dundas street, Mrs. Lowe was a passenger on the car when the conductor's box caught fire, frightened passengers ran for the back door, and in crowding to get out Mrs. Lowe was knocked down. The police ambulance removed her to St. Michael's Hospital.

Fireman of Wrecked Train Succumbs to His Injuries

Galt, Ont., Feb. 8.—(Special.)—Fireman George Flink, of Palmerston, who was imprisoned for three and a half hours in wreck of G.T.R. passenger train near Hespler Thursday night, and who had both legs broken and arms badly scalded, passed away during Friday night.

Death is believed to have been due to shock. The injured man lost his sight before his death. His wife was at his bedside. He was 31 years of age and besides his widow left three small children. The remains are being taken to Midway for burial on Tuesday. An inquest was opened by Coroner Dakin, but adjourned for a month.

Government Will Pay.

The Drury government has accepted the \$10,000 legacy of debt from the Hearst administration incurred for the entertainment of the Prince of Wales at Government House. A bill will be brought in to discharge the obligation.

EXCHANGE TROUBLE

Supply and Demand, Says French Banker, Gives Rise to Rate Fluctuations.

TO

Paris, Friday, Feb. 8.—Assertion was made today that the Paris market has nothing, or little, to do with the fluctuations of exchange quotations and the upward trend of the dollar and sterling. The latter, however, comes from the Bank of France, whose name appears on every Bank of France note that goes to make up its circulation of 38,000,000,000 francs.

"The market always comes from New York or London," M. Ferrier said, while discussing the present situation.

"The cause for the rise in the dollar and in sterling is simple, and dates back to March 15, 1919, in the non-renewal of credits advanced by the English and American treasuries to the French government during the war. The latter turned to the Bank of France to obtain dollars at a rate a little over five francs, stabilizing exchange at 6.45. The withdrawal of credits threw dollars into the open market, and the trade balance running against France caused the gradual rise, which was inevitable and to be foreseen when the credits were not renewed.

Old Law Operating.

"Speculation, although it may be instrumental to a certain extent in the rise, has relatively little to do with it. It is merely the old law of supply and demand. The exchange market is very sensitive. There is no doubt that persons owning dollars are holding them until a favorable market can be obtained and then load them upon 'change,' which sometimes is responsible for spasmodic rises. Perhaps you have noticed that after the war the dollar is quoted at stable. Sometimes it recedes during three or four days. This may be explained by the same speculators re-buying their dollars with a view to future advance in price.

"For instance, yesterday the dollar closed at fifteen francs, a rise of nearly one franc, 50 centimes, in two days. Today the dollar is quoted at 14 francs, 50 centimes. This may have been caused by the speculation referred to above, or perhaps by an optimistic market in the United States. The French press this morning concerning the probable meeting of an international bankers conference in London and the participation in it of American bankers, even conditional on the acceptance by European bankers of the point of view expressed in the recent letter of Mr. Glas, the American ambassador in Paris.

Stampede Created.

"But this was merely a secondary cause. The main reason for the sudden jump in the price of the dollar can be laid to the fact that on certain days American banks have large bills upon France which call for payments of large sums which must be realized at once. This creates a stampede for dollars in French circles in order that the bills may be paid. Paris merely follows the New York market, instead of leading, as it should do, inasmuch as the Paris exchange is closed before the one at New York opens.

"The French exchange is helpless to assist in the betterment of the situation in France unless credits similar to those granted during the war are again granted, and this is not possible, at least for the time being, and affords merely temporary relief. Permanent remedies must come from the internationalization of production and exports and the restriction of imports. In this connection the eight-hour law is a serious handicap to France, coming at this time after completion of the last crop of production for five years. It might have been better if its adoption had been delayed a few years.

Part of Credit Remains.

M. Sautereau, chief of the exchange department of the Bank of France, explained that at the present time there is remaining in that institution part of the last crop of production granted by the United States treasury to the French government. These dollars, however, are being distributed among French importers under the specific conditions laid down by the American treasury. They are given only to French importers of American raw material and necessities of life which are produced and raised in the United States.

Another cause of the rise in the exchange quotation of the Sautereau added, was the fact that France settled with America for all temporary loans made during the war for the purpose of buying dollars, payment being made in foreign securities valued at several billions. If the securities had been retained by France, there would have been some hope of easing up French exchange, he said.

Most Severe Winter is Reported in the Timiskaming District

Frederick House, Ont., Feb. 8.—The present winter is proving the worst in the history of this settlement in the Timiskaming district. Logs and pulpwood are being hauled to the railway very rapidly, owing to the snow drifts and packing. The snowfall has been very heavy and temperatures of 40 below have been common.

Chatham Father and Son Bring Property Dispute to Court

Chatham, Feb. 7.—(Special.)—Henry Fester of Chatham township appeared in the county police court this morning on a charge of trespass, claiming on a charge of trespass performed by his son, Charles A. Fester. It is claimed that some years ago the father conveyed a certain land to the complainant's mother, who leased it to the son. The lease has expired and it is claimed that the father endeavored to take possession. The case was dismissed after a bitter legal argument, the father's lawyer advising his client to take possession, and the son's lawyer telling his client to throw him over the fence if he did.

Will Pass Objective

Avenue Road Presbyterian Church has every expectation of passing their \$12,000 objective in their Forward Movement campaign commencing today. A preliminary canvass yesterday was productive of \$700. Rev. G. Chas. Ferguson at the morning service and Mrs. E. T. R. McPherson at the evening service both gave encouraging addresses to large congregations.

Hold-Up Artists Assault
Man They Rob in Ottawa

Ottawa, Feb. 8.—Hold-up artists are again busy in the city. Early Saturday morning, Fred Cole of 12 Chapel street, while on his way home on George street, was waylaid by two men, who demanded money, and when he tried to get away from them he was struck in the face by the butt end of a revolver. The robbers succeeded in obtaining \$20 from him, which they took when he was lying on the ground in a dazed condition, following the assault.

DEATHS.

MORONEY—On Sunday, Feb. 8, at Toronto General Hospital, William J. Moroney, beloved husband of Annie Real.

Funeral on Wednesday, from late residence, 65 Oxford street, at 8.30 a.m., to St. Francis' Church, thence to Mt. Hope Cemetery.

Re Cook, a solicitor; G. T. Walsh, for client; J. M. Godfrey for defendant; appeal by client from taxation of costs; master at Halleyburg. Judgment: While the appeal fails, the defendant is to pay the costs of the taxation. If the defendant so desire it, and if this taxation occasions any delay, I shall order the defendant to further time upon the terms that the principal money and interest due upon the mortgage are in the meantime to be paid.

Hacking v. Anderson; N. Tyler for plaintiff obtained injunction restraining Dominion Bank from paying out of defendant Margaret Anderson until Feb. 11, with liberty to file and read further material on return of this motion.

Marriage of Divorces Soon
In Austrian Catholic Churches

Vienna, Feb. 8.—The marriage of divorcees will be instituted in Austrian Catholic churches from the month of an announcement authorized by the Pope. Pears have been entertained here recently that Catholic divorcees would leave the church altogether, because at present priests are directing them to remarry before registrars.

King cars, both ways, at 2.23 p.m., delayed 6 minutes at Riverside crossing, by train.

TWENTY THOUSAND
IN GRIP OF "FLU"

Percentage of Deaths Small Compared With Number Affected.

Altho there are quite twenty thousand people in Toronto down with the "flu" at the present time, there is hardly a great death rate to record. The last official figures issued on Saturday show that in the 24 hours ending at 12 o'clock, there had been 4 deaths reported from flu and pneumonia. This is a very small percentage indeed of deaths considering the number down with the disease, and which compared with the mortality of last year the figures almost sink into insignificance. Since the beginning of the month there have been 53 deaths from flu, as compared with 20 for the whole of January, and pneumonia deaths 28, compared with 80, making a total of 90 for February as against 190 in the whole of January.

Office, workshops and factories are suffering considerable inconvenience by the absence from work of employees who are down with flu. One printing office in the city had to close down for a week, as the majority of the hands were on the sick list.

It is far observable all over the city that men, women and children are religiously following Dr. Hastings' advice, "If you get a cold, go to bed at once and stay there." Last year's outbreak taught the citizens a lesson and they are taking no chances on the present occasion. With a less strong organism and the people using precautions it is believed that Toronto will pass thru the outbreak with flying colors so far as the death rate is concerned.

Dances Dangerous.

Dr. Hastings advises all the citizens to stay out of private and public dances and parties and seek more outdoor enjoyment. The open air is the finest preventive against the flu, declares the M.O.H. The doctor also against school pupils being given too much home work during the epidemic—it tends to lower the vitality and the resisting powers, he declares. "Ice works should be avoided—people are far better in bed."

The Neighborhood Workers' Association have opened twelve relief stations and will add two more today to the list. They are asking for gifts of liquid food, pneumonia jackets and sick room supplies. On Saturday they distributed over five hundred quarts of liquid food, but that was found insufficient.

MOTORS ARE NEEDED
TO HELP FIGHT FLU

The Victorian Order is co-operating with the city health department and the Red Cross in fighting the "flu" and the this order is short-handed and finds difficulty at times in taking care of its own work, still, the nurses are ever ready to lend their assistance where required. They are handicapped for the want of motor cars. If anyone who can loan a car for a few hours for this purpose, will telephone Main 2307, it will be greatly appreciated.

dent for the demand upon the association. Additional help is very urgently needed.

The Red Cross authorities are asking for helpers, and anyone willing to join the forces of workers should apply to St. James' Parish House workrooms.

Goodly number of volunteer nurses registered at the Red Cross station at the city hall on Saturday, but still the members on the books is not yet sufficient to satisfy all the demands made upon the society.

The Catholic Women's League will open a centre today if they are able to locate suitable rooms.

ANTI-VACCINATIONISTS
CRITICIZE DR. HASTINGS

A resolution criticising the medical officer for advertising Toronto as a plague centre was drawn up at an anti-vaccination meeting last night in Allen's Club Theatre. The resolution blames the medical officer for the fact that adjoining provinces demand certificates of vaccination from Toronto citizens at railway depots at the entrance to these provinces. The mildness of the outbreak was pointed out, and the anti-vaccinationists do not think that there was sufficient reason for such an action on the part of these provinces.

On the fact that Toronto has been advertised as a plague centre, the government is urged in the resolution to make vaccination illegal and to substitute sanitary officers for medical engineers. This resolution was carried with unanimity and enthusiasm.

Mayor MacBride of Brantford was the chief speaker, and in his address complained of the undemocratic nature of compulsory vaccination laws. He also told of how he had caused similar laws to be rescinded in Brantford, Geo. J. Soucy acted as chairman.

Hager, customs broker, 39 West Wellington street, corner Bay, Adelaide 4682.

SIR G. FALCONBRIDGE
DIES OF PNEUMONIA

(Continued From Page 1.)

was the eldest son of the late John Kennedy Falconbridge, J.P., of Richmond Hill, York county, Ontario, where the late chief justice of the King's bench was born on May 12, 1846. He was educated at the Model Grammar School for Upper Canada and later at Toronto University. At matriculation in 1862 he won the highest scholarship and at the university carried off prizes, medals and scholarships in every year of the course, including the gold medal at graduation with six degrees of Bachelor of Arts in 1866.

As a lecturer at the University College, Toronto, he attained distinction during the year 1867-8. Two years later he received the degree of M.A. and in the following year answered a call to the bar. In 1878 he married Mary Phoebe, youngest daughter of the late Hon. Mr. Justice Sullivan, who was his only son and four daughters, survives him.

His Career in Law.

The late Chief Justice Falconbridge was a bencher, U. C., 1883, Q. C., 1885; wrote the introduction to the Canadian edition of Burke's works in 1891; was a member of several important royal commissions, 1897-1902; a vice-president of the Imperial Maritime League and was made an honorary colonel in the Canadian militia.

Since 1900 he has been chief justice of the King's bench, Ontario, and in this capacity was widely and favorably known. As a judge of the supreme court of judicature for Ontario and senior puisne judge of the King's bench division of the high court of justice, he served from 1887 until a week previous to his death. In 1908 he was knighted. His chief recreation was angling, and in this sport was among the most proficient in Canada. As president of the Toronto Club the speech referred to by Mr. Nesbitt will be long remembered by those privileged to attend. He was also a member of the Royal Canadian Yacht Club, Toronto.

His widow, his son, John O. Falconbridge, and his four daughters, Mrs. A. W. Anglin, Mrs. Robert Cassels,

Mrs. Thomas Moss and Mrs. D. Young, survive.

Mr. Justice McLaren, when asked for a few words of appreciation, regarding the deceased, said, "The late chief justice of Ontario was one of the greatest ornaments of the Canadian bench and the legal profession. Few judges have been able to express themselves and their decisions in so few words for such choice English. He had an unerring instinct to put his finger upon the salient points and could bring out the truth in the most complicated disputes. His kindness of heart and geniality of temperament made him a great favorite with the bench, the bar and the public."

"Speaking as a judge recently appointed from the outside bar, I think the two great characteristics of Sir Glenholme were his kindness and his knowledge of human nature." This was the tribute of Mr. Justice Logie, who has been recently associated with the chief justice. "Of conflicting evidence, his judgment of where the truth lay was unerring."

"This gift, combined with a wide learning and the heart of a gentleman, endeared him to the profession and made him the great jurist that he was."

Admirable Trial Judge.

"The late chief justice was my partner for some years before his appointment to the bench," said Hon. Featherston Osler. "He entered upon his legal career with prestige and high honors from the Toronto University. He was appointed some time after 1879, and showed immediate qualities of being an admirable trial judge. Possessed of a good legal mind, he brought all the requirements for his high office to that position. His was by nature a courteous one, and he showed tolerance both to the legal profession and to those who appeared before him. Added to this he had a great fund of common sense which never failed him. He possessed in a marked degree the ability to make friends, and his death will be deeply grieved by many in all walks of life."

A close relationship between certain old Toronto families is recalled by his death. The late Sir Thomas Moss, the late Sir Charles Moss, and the deceased, all of whom presided on the king's bench, married three sisters daughters of the late Hon. Robert B. Sullivan, at one time chief justice of Upper Canada.

Three of Sir Glenholme's daughters have married into the legal profession, and his only son is a lawyer.

LETTS' 100% POWDER. LETTS COMPANY LIMITED TORONTO, CANADA

WEEK-DAY RESPIRE FOR MANUFACTURERS GRANTED BY BOARD. Questionnaires Must Be Submitted With Necessary Details Complete. ACTION NEEDED.

Ottawa, Feb. 7.—The board of commerce has granted the textile manufacturers ten more days, dating from today, in which to fill in the questionnaire sent out by the board. The attitude of the board in relation to its questionnaire, which was sent by a large number of Canadian textile manufacturers, was laid down in no uncertain terms this morning at a public hearing, when the companies, thru their counsel, made application for a further six weeks in which to furnish the information requested. Commissioner James Murray, in most decided terms, informed the representatives that all the questions which were asked, with the possible exception of three or four, had been answered in a single item, and that their claim that the questions were involved and ambiguous, "might fool the public, but it did not fool the board." He declared that, instead of answering the questionnaire, the textile men had gone before the cabinet and made false statements with regard to the matter. Chief Commissioner Robson informed the textile men that an impression existed in the country that they were making excessive profits and concealing them by secret systems of book-keeping. He stated that the counsel must vindicate the clients, or else the board must make an order forcing reduction in profits. It was necessary for the board to have all the information needed. The impression was that the textile men were hiding something, and the sooner they laid their cards on the table and gave the facts with regard to their business to the board, the better it would be for them.

ASQUITH BEHIND PRE-WAR TREATIES. Declares It is Idle to Talk of Secrecy in Matters Connected With War.

London, Feb. 7.—Former Premier Asquith yesterday severely handed his manifesto issued by some former liberal members in favor of the labor candidate in Paisley. "It is a manifesto by a very small group of gentlemen. Their names are familiar to us all," declared Mr. Asquith. "They say it is unlikely that I have ever read the people in the path of democracy. I led the British people in the most critical period of their history into the path of honor. They further say that while I was in- iting our people to wage war for self- preservation I was making secret treaties with Russia, France, Italy and Germany which contradicted every principle for which we went to war. I am prepared to justify every treaty I have made by strategic considerations. It is idle to talk about secrecy in matters which are part and parcel of war operations."

Paisley Unperturbed. While the eyes of the whole empire are upon this election it must be con- sidered that Paisley itself goes on its daily round almost unperturbed by the political hubbub of which it is the centre. Men listen stolidly to Asquith with his unemotional style. He arouses no outburst of enthusiasm. Many candi- dates indeed who received such a poor reception as befell him when he speaks, for instance, at factory gates, would feel disappointed, but this does not necessarily mean that the premier is not commending himself to the voters. The election so far as all the candidates themselves are concerned, is eminently a "gentlemanly" one. Such few personalities as there have been, have come from the hangovers at the back of meetings. One allegation was made that Lady Bonham Carter, daughter of Mr. Asquith, was married to a German, Lady Carter herself gave a withering reply.

Candidate Embarrassed. The labor candidate, Biggar, is suf- fering some rather comical embarrass- ment by reason of his being secretary of the Glasgow Public House Trust, thereby holding five licenses, but as a candidate for the co-operators he has eyes upon the woman's vote, which probably is reserved for the candi- date who will suppress the licenses without seeking compensation. Nevertheless, all Paisley electors are testifiers. Mr. Asquith has de- clared, indeed, that Scotch whiskey can defy world competition. None of the candidates, when tackled by the temperance party, has declared for im- mediate prohibition.

NEW MILLION DOLLAR PLANT FOR PETERBORO. Peterboro, Feb. 7.—Senator Frederick Nicholls, head of the Canadian General Electric Company, met the city council here last evening, and announced that the company was pre- pared to expend in Peterboro on new buildings and equipment between \$1,000,000 and \$1,000,000. This will include a molding shop. Work is to com- mence on the new buildings in June, and, when completed, will add be- tween a million and a million and a half dollars to the company's Peter- boro payroll. In consideration for these extensions, the company is seeking a ten-year extension of its present fixed-asset assessment of \$150,000.

JUDGE LANGELIER DEAD. Quebec, Feb. 7.—Hon. Judge Charles Langelier of the court of sessions died suddenly last night. He passed away in his sleep and his dead body was found in bed when his family went to awaken him.

For Economy's Sake you should certainly use the genuine "MALLADA" TEA. The freshness of the leaf assures the maximum yield of finely flavoured tea.

ALLEGED BRITISH ALTERATION IN LIST OF GERMAN WAR OFFENDERS CAUSES SURPRISE.

Lloyd George Approved the Original List—French Authorities Adamant—Troops Will Occupy Rhine Territory Until All Clauses of Treaty Are Complied With—No Modification Contemplated.

London, Feb. 7.—Premier Lloyd George is reported to favor a substantial modification of the list of Germans whose surrender the allies demand. The Westminster Gazette says today. Astonishment has been caused in French circles by an alleged change of attitude on the part of the British government regarding the extradition of the Germans accused of violations of the laws of war. It has been understood that Great Britain had been the most insistent of all powers representing at the peace conference in demanding the trial of former Emperor William and other prominent Germans.

Information has been received that the British are showing a tendency to leave the initiative as to further steps in the process of extradition to others. Premier Lloyd George was present when the final make-up of the list was discussed, and his responsibility is thus declared to be quite as full as that of any other member for carrying out the decision of the supreme council.

Premier Millerand declared in the chamber of deputies last evening the allies would not evacuate the left bank of the Rhine until Germany had fulfilled all the terms of the Versailles treaty. This was taken as a radical modification of the list in order that an agreement with Germany might be reached.

SIMS AND DANIELS AGAIN DISAGREE. Secretary of Navy Complains Admiral Favored Foreign Decorations.

Washington, Feb. 7.—After congress passed a law permitting American officers to accept decorations from foreign governments, President Wilson directed the state department to inform all European governments that the United States did not wish any awards made. Secretary Daniels disclosed today before the senate committee investigating naval awards. Before the president acted, Mr. Daniels said, Rear Admiral Sims had been informed by the chief of the bureau of navigation of the passage of the law, and had accepted a decoration from the King of England and had authorized Admiral Rodman, then commanding the American battle division with the British grand fleet, and Rear Admiral Strauss, directing the laying of the North Sea mine barrage, to accept decorations. Secretary Daniels said Admiral Sims recommended that naval officers be permitted to accept such decorations on the ground that it would have a marked effect on morale and efficiency. "I do not believe for a moment that the mere fact that the British government had expressed a desire to award decorations to certain of our ships influenced the morale or fighting spirit of the men in the least," said Mr. Daniels. "Its effect may have been pronounced upon those more eager for British honors than American appreciation, but in the American navy that number is negligible."

A NARROW ESCAPE. Quebec, Que., Feb. 7.—Fifteen freight cars passed over Alfred Jonas, brake inspector, at the I.C.R. yards at Chaudiere, Quebec, last night, and he was found living, but with a leg cut off. It is expected he will recover.

EXPRESS COMPANY EMPLOYEES GRANTED LARGE INCREASE. New Wage Scale Effective Thruout the Whole Dominion. AGREEMENT SIGNED.

Ottawa, Feb. 8.—A new wage agreement, affecting some 1,600 employees throughout Canada, was signed by the Canadian Express Company and went into effect Feb. 7, granting a general increase of from ten to twenty per cent. in wages, which in some cases amounted to an addition of forty to fifty dollars per month. The agreement was signed by the express company with the Canadian Brotherhood of Railway Employees, which organization has been conducting negotiations on behalf of its members for some months past. During the last two weeks, Mr. A. K. Mosher, president of the Canadian Brotherhood of Railway Employees, assisted by officers of the employees' committee, reached the agreement. The new agreement affects both general and local clerks, train messengers, train porters and wagon men.

GERMAN DANGER AHEAD OF WORLD. Only Unity of Allies is Bulwark Against Insidious Menace.

Paris, Feb. 7.—Andre Tardieu, former French high commissioner to the United States, warns the world of the reappearance of the "German danger," multiform, insinuating and insidious, in an article appearing in today's illustration. Under the caption, "Execution of the Peace Treaty," he sketches the vastness of the work ahead and how it will dominate the national policy for from thirty to fifty years. He refers to the unity of the allies as a bulwark against disaster and points out the need of the continuation of this unity and Germany's hope for difference among the allies.

INDIA COTTON MILLS RESUME. Bombay, Friday, Feb. 6.—Work was resumed today in 55 cotton mills which have been tied up by a strike. The Indian marine dock workers' strike is still going on.

The Ideal Bathtub for Baby. EDDY'S Indurated Fibreware Bathtub is just the thing for baby's bath. Besides being light, easy to handle and unbreakable, it has a surface which cannot cause injury—no cracks, no joints, no nails or rivets. It is moulded in one piece and unlike wood, it cannot splinter or come apart. It is much superior to metal because it cannot dent or rust. Metal tubs quickly absorb heat and are liable to scald baby's skin, even after cold water is added. In a like manner, metal if cold will strike chill to the skin and also cause the water to cool quickly. Eddy's Indurated Fibreware does not radiate heat or cold and is quite safe. For the same reason it keeps the water warm longer. Ask Your Dealer to Show You One. The E. B. EDDY CO., Limited HULL, Canada. Also Makers of the Famous Eddy Matches.

PROFIT IN LIQUOR TRADE INTIMATED. League Petitions for Inquiry in Quebec, Mentioning "Unnamed Ministers."

Quebec, Feb. 7.—R. L. Werry, secretary of the Anti-Liquor League of Quebec, in a petition submitted yesterday to Premier Sir Lomer Gouin, makes the statement that reports "which have been traced to very well-informed sources have reached the ears of the Anti-Liquor League to the effect that unnamed members of the Quebec government have interests more or less direct and substantial in the trade carried on by certain company liquor vendors." The petition goes on to say that the league is not in a position to make any charges, but feels that the matter is sufficiently serious to justify an inquiry by the government. The petition was not read at the time it was handed the prime minister, who was unaware of its contents, and told the league delegates that the government would seriously consider their request. Rev. Isaac Couch of the Quebec Methodist Church, was with Mr. Werry, and the petition advocated changes in the control of importation of all liquors by the government, abolition of all licenses, and government control and ownership of all wholesale and retail liquor shops by the appointment of agents on a salary basis. Other resolutions include one that all bottles or containers containing alcohol of a sufficient strength to cause intoxication, should be labelled "Poison."

Ottawa Labor Council Elects New President. Ottawa, Feb. 7.—Frank Lafortune was last night elected president of the Ottawa Allied Trades and Labor Council, in succession to Patrick Green. There were three contestants, but Mr. Lafortune received a large majority. He was Labor candidate in East Ottawa at the last provincial elections.

"HOLD-UP" EPIDEMIC SPREADS TO OTTAWA. Ottawa, Feb. 7.—Accosted by a hold-up man on Kent street, near Gladstone avenue, early this morning, Col. René De Salaberry, former commander of the 230th Ottawa Battalion, frustrated an attempt by knocking the gunman down with his walking-stick. Col. De Salaberry completely overpowered his assailant, but he later escaped by squirting out of the colonel's grasp. Col. De Salaberry, who went overseas first with the 2nd Battalion, is legal officer in the department of justice.

IS KILLED BY TREE. Kingston, Feb. 8.—(Special.)—Gerald Covey met death at Lyndhurst as a result of being pinned under a tree which fell on top of him. He was out in the woods near his farm cutting down timber and in felling a tree lodged in the branches of another nearby. The shock broke off part of the tree, which fell on him and crushed him against a large rock. He incurred terrible injuries to his head, arms and back, and died instantly.

Advertisement for Dr. A.W. Chase's Calendar Almanac 1920. The ad features a large, ornate illustration of the almanac cover, which includes a clock face and the text 'FOR THE HOME, FACTORY FARM, OFFICE'. Below the illustration, it says 'PUBLISHED BY DR. A.W. CHASE MEDICINE CO. TORONTO & BUFFALO'.

To-Day WE BEGIN THE ANNUAL DISTRIBUTION OF Dr. Chase's Almanac IN THE CITY OF Toronto. This Almanac is greatly appreciated in most homes, because it contains more complete information as to the rising and setting of the Sun, the Moon's phases, etc., than any almanac published in Canada. Then there is space on each Calendar page for Memoranda, and \$500.00 in Prizes offered for the best diary kept in this Almanac during the year. You will find full particulars on page 17 of the Almanac. But, in addition to all this, you will learn how to get well and how to keep well by using Dr. Chase's Medicines. Fight the "Flu" Just now there is a great demand for Dr. Chase's Nerve Food, with which to fortify the system against the "Flu"; and for Dr. Chase's Syrup of Linseed and Turpentine, as a relief from coughs, colds, grip and bronchitis. All drug stores are well stocked with Dr. Chase's Medicines, and will supply you promptly. Should you not receive an Almanac in a few days, send us your name on a card or telephone Adel. 1289, and we shall mail you a copy. Edmanson, Bates & Co., Ltd., 244 Adelaide St. W., Toronto.

Merrie Springtime Suits

Advance Models Now on Display Featuring a Study in Navy

Brooking no rival where the smart Spring tailleur is concerned, the various tones of the favored navy blue are stressed more emphatically than ever for the coming season.

These are shown in the finest of serges, gabardines, twills and tricotines, their becomingness often enhanced by the touches of brighter blue, or some contrasting shade.

As to the styles, their name is legion, ranging all the way from the scanty and ultra-chic Eton jacketed model to the haughty tailleur, with coat of at least finger-tip length, and the severest of finishings. Rich linings characterize all.

Distinctly pointing the way to the mode are the suits here described.

A smart suit of fine navy serge follows the straight and narrow way from collar to hem. Narrow, too, is the cross-over belt, below which falls a double poplin, slashed at each hip and richly embroidered in black, with touches of helio. Embroidery also elaborates the long collar and replaces the cuffs on the tight sleeve. The skirt is tailored. Specially priced at 50.00

Another stunning navy serge suit exploits many very new features. For instance, an accordion-pleated skirt, a box coat with three-quarter sleeves, a wee collar fastened at the throat, and lavish scroll embroidery, in navy and French blue. Price 95.00

Navy tricotine is a favorite this season, and here we behold it in an elegant tailleur, banded with embroidery about the nipped-in waistline, which, by the way, is girdled in front and heavily tasseled. The skirt is beautifully tailored. Price 125.00

Navy Poret twill was one very good reason for a handsome tailored model with a box coat of irregular length. Other reasons were the striking way in which midnight blue banding with uncut fringe edge may be used to border the open front, and the mannish vest with its Robespierre collar. The skirt is smartly plain. Price 135.00

Simpson's—Third Floor

The Jauntily Polo Coat

They Breathe of the Great Open Country Stretches

There is a swing to them, a hint of the athletic, of the open stretches of the golf links or the polo field. In fact, so many uses and so many occasions are suggested as one looks at these

coats and pictures oneself in a particular model, that to see is to buy,

Favored for Spring

—and just now we are showing some very jauntily models in the natural camel shades, with the cunningest of leather collars, belts and trimmings. Snappy short styles, with an eye for the sports or the Spring and Summer season.

Other new coats in gabardine, tricotine, gold tip and tinsel tones are also here in a host of smart Spring styles. All are priced from \$37.50 to \$55.00.

\$60.00 Coats for \$37.50

Several very attractive styles developed from silvertone in well assorted shades. Sizes 34 to 44. Exceptional money-saving value. Today, at 37.50

A Dress Sale

At 10.30 Today for Women and Misses

Quite the most wonderful sale of afternoon dresses we have had this season, from the standpoints of exclusive style, beautiful fabrics and exquisite trimming, presenting:

- Charmeuse and Kitten's Ear Satin
- Rich Tricolettes
- Novelty Paulettes
- Filmy Georgettes
- Lustrous Velvets
- Smart Serges

Practically all of them are individual models—you can imagine what a host of designs there are to choose from.

The long bodice, short sleeves, pleated and harem skirts and very elaborate embroidery and beading are among the many new style-notes featured. Navy, black and brown are mostly shown.

To make the best of so remarkable an opportunity, be here sharp at 10:30 a.m. today. Regularly up to \$100.00 dresses on sale at 49.75

Simpson's—Third Floor

MOLE NECKPIECES, priced from \$20.00 for the smart little ties to \$175.00 for handsome large stoles and capes.

Simpson's—Second Floor

Laundering With Ease

Is the unflinching experience of those who hitch their laundry tub to the electric wire and snap on the current, not alone with ease, but with expedition and with great satisfaction.

Of course, the obvious advantage of an electric washer lies in the elimination of hard scrubbing effort and the numberless activities usually associated with Monday in the laundry. The power does the work.

But quite as important the clothes are cleaned more thoroughly and without wearing the finest fabrics. Insert lace curtains and they come out unharmed.

The Trojan Washer is a wonder-worker in many ways. It operates on a reverse action, one revolution one way and then back, rushing the suds through the fabrics. It is satisfactory to the most particular housewife.

Attached is a high-grade 12 x 14 wringer, bearing a quick safety release. The whole is of white finished galvanized iron. Guaranteed for one year. Parts renewable. Operates on 60 c a week.

The Trojan is made in Canada, and represents quality and efficiency. Price \$165.00.

With swing wringer \$15.00 extra.

Simpson's—Sixth Floor

Have You Seen Radiaknit?

It is the newest Silk for Spring. A knitted silk jersey fabric, which lends itself exquisitely to Fashion's demands in Spring attire.

Rich in color and lustre, it is equally suitable for home or sports wear.

Plain weaves in favored Spring shades—also stripes and the heavier cardigan stitch. Priced, yard, \$6.50 to \$9.50.

Crepe Charmante from France. Comes in weights for suits and gowns. Lovely Spring shades of brown, tan, sand, beaver, taupe, French blue, navy, midnight, black, etc. Yard 7.50 Also showing a variety of gay colors for evening and dinner gowns. 40 inches wide. Yard, \$6.50 to \$9.50.

Simpson's—Second Floor

Wool Jersey Will Be Seen

In Great Variety on Brightly Dressed Spring Throngs

A few more warm days and the streets of the city will blossom forth into all the multi-colored hues of Springtime.

In street wear, wool jersey is one of the fabrics which will predominate in the troupes of the gaily dressed.

Knowing this, we have on the second floor an elaborate display in all the various shades and weaves that discriminating buyers will wish to examine.

Trico, embroidered and silvertone jerseys figure largely in this assortment. Priced from \$5.50 to \$8.50.
