GREECE AND ITALY IN WAR ON SIDE OF ALLIES BY END OF MARCH IS THE BELIEF

Government at Athens Thought To Have Already Decided

Only Word of Formal Entrance Into Conflict of Nations Now Awaited—Berlin Enraged and Greatly Excited Over The News

Rome, March 6.—That Greece and Italy will enter the war on the side of the allies before the end of March, was the prediction made by a prominent diplomat here today. He asserted that the government at Athens had already decided to cast its lot with the foes of Germany, Austria and Turkey, and that this action would also force Italy's participation.

It became known today that the Russian ambassador to Italy, A. Krompinski, had resigned. He had been the dominant member of the allies' diplomatic corps here, and had balked at every turn the efforts of Ambassador von Buelow, the German envoy, to persuade the Italian government to support the Triple Alliance.

Feeling that this has at last been accomplished, M. Krompinski, who has been in ill-health for some time, has asked his government to relieve him and his request has been granted.

Only the formal entrance of Greece into the war is now awaited here. The participation of that country and the rewards she might receive in the Balkan peninsula, would gravely menace the interests of Italy.

Paris, March 6.—Greece awaits with extreme anxiety, says the Matin's Athens correspondent, "the decision of the crown council as to yesterday's session, at which was discussed the nation's policy regarding the war. The general opinion is that the council was pronounced in favor of intervention, in which case mobilization is imminent.

The newspaper Hestia says that if the decision were to remain neutral, the ministry of Premier Venizelos will resign immediately.

BERLIN EXCITED

London, March 6.—The Daily Telegraph says, in a message from Copenhagen that, according to telegrams from Berlin, there is great excitement there respecting Greece's attitude. It is generally feared Greece soon will side with the allies against Turkey, thus fulfilling her historical duty to take part in the capture of Constantinople.

New York, March 6.—A special to the London Daily Express and New York Herald, from Amsterdam says Berlin was much excited today over the possibility of Greece joining the Allies.

The attitude of Greece, as depicted in a Wolff Bureau telegram from Athens, is said to have put the people in a state of rage. It is remembered with considerable bitterness that the Kaiser, two years ago, bestowed a field marshal's baton on King Constantine accompanying the bestowal by a surprising speech wherein Germany posed as a neutral protector of Greece. On the other hand, the scheme for the Germanization of Greece seems to have failed at Athens as it has everywhere else.

BULGARIA SECRETLY MOBILIZING

Paris, March 6.—Bulgaria has secretly mobilized three full army divisions in the neighborhood of Tirnova, according to information contained in a Saouki despatch to the Havas Agency based upon what is said to be reliable authority. The same source is responsible for the statement that the Kostendil has been sent to an unknown destination.

An unnamed officer high in the Bulgarian army is quoted as saying that "these troops would be useful in an advance on Adrianople."

Success For Allies All Along The Line

Paris, March 6.—Gains all along the battle line in Belgium, France and Germany are claimed for the allies. The French are being forced back step by step in every locality. In at least eight spheres of operations, the French, British and Belgian troops have been successful. Successes are claimed on the North Sea coast, near Ypres, North of Arras, in Champagne, in the Argonne, along the Meuse, the Woerthe district and in Upper Alsace.

The battle which is now in progress all the way from the Swiss frontier to the North Sea has still been in progress for twenty-five weeks. The French are now concentrating their efforts in the Champagne district, and are hammering away without let-up against the Germans near Souain Perthes and Hurler Les Menil.

REPORT OF SUBMARINE LOSS BOTHERS BERLIN

New York, March 6.—A special to the London Daily Express and New York Herald from Amsterdam says: Berlin was much excited today over two most serious questions. The first was the loss of a submarine. The second was news from the submarine question. The German naval authorities, while refusing to admit the loss, warn the public that one cannot make an omelette without breaking eggs, or smash up the British empire without losing ships.

On the submarine question the German naval authorities, while refusing to admit the loss, warn the public that one cannot make an omelette without breaking eggs, or smash up the British empire without losing ships.

THIRTY TWO IN AUTO RACE AT EXPOSITION

San Francisco, March 6.—After final practice spins around the four mile Panama-Pacific exposition course, early today, thirty-two drivers awaited the signal for the start of the 800 mile Vanderbilt cup automobile race. With ideal weather, and the track said to be in perfect condition, motor enthusiasts expected a gruelling contest. The start was to be at 12.30 p. m.

WHEAT UP AGAIN

Chicago, March 6.—Wheat made sharp advance in price today influenced by firmness of quotations at Liverpool and by reports of a continuance of urgent cash demand on this side of the Atlantic. In addition, there were advices from Petrograd that belief here that immense shipments of wheat from Russia would be made as soon as the Dardanelles were open, was unfounded. Unfavorable weather in Argentina counted also against the bears. After opening 1.18 to 1.2 higher, the market scored a moderate further gain and then extended at a reaction of about 1 cent.

BIRTHS AND MARRIAGES

Twenty-six births, fourteen girls and eight boys, were recorded during the week. Registrar Jones' records also show nine marriages during the same period.

THE MARKET

The country market was not so well supplied today as usual, except in meats and vegetables. Poultry and dairy products were none too plentiful. Butter brought thirty and thirty-two cents; while eggs sold from thirty-four to thirty-eight. Chickens brought thirty-two cents a pound; turkeys, thirty-four, fowl twenty-five, geese \$2 each. Other prices remained about the same.

PRESENTATION

John C. Grant of the mechanical staff of Haley Bros. & Co., has been appointed to a position with the public works department in the government here. Yesterday his associates in his department, the office staff and the firm showed their esteem by the presentation of a valuable gold watch and chain. The presentation was made by Rupert Halsey. Mr. Grant will take up his duties on April 1.

THE MAGGIE MILLER

Captain White, of the ferry steamer Maggie Miller, which runs on the Kennebecasis river from Millidville to Noversville and Baywater, said to a "Times" reporter today that he was having the boat overhauled and it would be ready for the opening of navigation. He did not expect to get to Quebec before April 1, as people if still would be on foot, but if he did he would be glad to commence his regular spring schedule.

FINED IN ONE CASE

In the police court this morning Ganco Ellet, a Bulgarian, appeared to answer a charge of operating a punch board, and also for giving tobacco to a minor. An interpreter was necessary. After the testimony of Harry Luddecke, a special patrolman who made the charge, and that of a little boy had been taken the magistrate fined the Bulgarian \$5 for the second offence. The former will be thrashed out later. E. S. Ritchie appeared for the defendant.

THE PRINCESS PATS

Word Comes to Local C. P. R. Office AN IMPORTANT BODY

Local Soldiers Well Pleased With The Inspection—Tomorrow's Church Services—Where Will The 55th Be Assembled?

Still another body of soldiers for overseas is to be mobilized in St. John. This time it is a Railway Construction Corps, comprising 300 men to be commanded by C. W. Ramsay, engineer of construction with the C.P.R. in Montreal, who has been granted indefinite leave of absence by the company. A letter received today by H. E. Grant, superintendent of the Atlantic division, asks for information regarding accommodation and the understanding is that this will be furnished promptly, very probably at West St. John with volunteer cars as barracks, and that mobilization will begin almost at once.

The intention is to organize this corps for the purpose of rebuilding destroyed railway lines to effect delay in the advance of the enemy, and to protect their retreat in this way. The projected body will be composed of engineers and skilled railway workmen, besides general mechanics. While no names are yet available from this division, it is understood that a few C. P. R. employees here have applied for posts with the corps, but it must be understood that the ranks are not open only to men from this company, but from other bodies as well.

The officers and men of the 28th Battalion and the Army Service Corps, No. 6 Co., are pleased and cheered with the results of the inspections of yesterday by Major General Lessard, Major General Rutherford, Major Roy and other officers. The former expressed himself as delighted with the two units. The latter expressed his satisfaction with the service of the 28th Battalion. The inspection was not only a rigid examination of the troops, but also a general instruction was given by Major Roy, and it was appreciated.

The 28th Battalion will conduct another drum-head service tomorrow morning in the armory, with Rev. Captain R. B. Hooper, chaplain, officiating. The Catholics of the unit will parade to the Cathedral, and the parade of the Army Service Corps will be to St. John's church, headed by the Rev. Canon Corbett. The 4th Mounted Rifles, "B" Squadron will attend evening church services in St. John's (Stone) church tomorrow, conducted by their spiritual father, Rev. G. A. Kubring, and afterwards will be entertained at a social in the schoolroom.

The question as to where the mobilization of the 55th Infantry Battalion will be still remains unanswered. The officers of the unit are of the opinion that the unit should be mobilized in St. John, where, with the addition of the exhibition buildings, which are understood to be available, ample accommodation is possible. The unit will be mobilized Monday remove its headquarters to the office of the division formerly in the Division of Ammunition, every recruit of the armory, and will then return to the barracks. The 28th Battalion is to be mobilized in St. John's (Stone) church tomorrow, conducted by their spiritual father, Rev. G. A. Kubring, and afterwards will be entertained at a social in the schoolroom.

SIX FROM ONE BANK

A. H. McLeod, of the Royal Bank of Canada staff, Fredericton, has enlisted in the Division of Ammunition, active service. He came from Springhill, N.S., and is the sixth member of the Royal Bank staff in Fredericton to enlist for active service. The others were Paymaster Sergeant K. G. Christie, of the Division of Ammunition, Gunners J. W. Bruce and William McKenzie, of the 24th Battery of Field Artillery, which landed at Queenstown, Ireland, Thursday, and Trooper John S. Saunders, of the 8th Regiment, Canadian Mounted Rifles.

BURIED TODAY

The funeral of George Wilson took place this afternoon from the residence of his sister, Mrs. John W. Henderson, 18 Peter street. Burial services were conducted by Rev. J. H. A. Anderson, and interment took place in Cedar Hill. The funeral of Mrs. Luma Bourque took place this afternoon from the residence of her son-in-law, Dr. J. O. Lupien, St. James street. Burial services were conducted by Rev. W. Donohue, and interment took place in the New Catholic cemetery.

THE FUNERAL OF MISS ELISE CORBETT

The funeral of Miss Elise Corbett took place this afternoon from her late residence, Clarence street. Burial services were conducted by Captain David, of the Salvation Army, in the Brindley Street barracks, and interment took place in the Methodist church burying ground.

SPECIAL SERVICES SUCCESSFUL

The special services which have been held in Victoria Street Baptist church during the week have been largely attended and have proved highly successful, several having expressed their intention to lead the Christian life. The pastor, Rev. B. H. Nobles, has been assisted in the services by Rev. Gideon Swin and Mr. Lanyon, as leader of the singing, has materially assisted in the success of the meetings. They will be continued next week.

LA TOURAINE IS REPORTED AFIRE

Big Liner in Trouble at Sea—Steamers Rush to Her Aid

London, March 6.—The steamship La Touraine is said to be in trouble at sea, according to a wireless message received here. Five steamers, it was said, have gone to the assistance of the La Touraine.

The French liner La Touraine sailed from New York on February 27 for her port of destination. Among the passengers, and five doctors and ten nurses on their way to France.

All on Board Safe

New York, March 6.—Marine circles have received advices that the passenger and crew of La Touraine are safe. She has on board thirty-eight passengers and forty-six in the steerage.

Aboard La Touraine when she sailed on last Saturday were 4,494 cases of cartridges intended for use in the European war.

London, March 6.—A despatch received from Queenstown at 12.28 p. m. stated that an aerogram picked up there reported that the La Touraine was being fired and that the Arabic and the Italian had redoubled their speed.

It was the captain of La Touraine who warned the ill-fated Titanic of the presence of icebergs in her course.

MR. FERNS HERE TODAY; GREATLY PLEASSED WITH RECEPTION IN THE EAST

J. Hamilton Ferns, chairman of the Montreal board of assessors, who addressed a public meeting in St. John on this morning from Nova Scotia.

In Halifax, where Mr. Ferns delivered another address, he was very well received, and those at the meeting showed great interest in the subject. From Halifax he went to Amherst and spoke there last evening. There was a large gathering of prominent citizens, and the discussion proved profitable and interesting. Mr. Ferns is greatly pleased with the way in which he has been received on this trip, and he will go back to Montreal this evening with a high opinion of the people of the maritime provinces.

Today Mr. Ferns, who is an enthusiastic amateur photographer, is engaged securing some of the most interesting views around the city, including the new bridge, the new bridge and the harbor works.

TWO NEW MEN ON POLICE FORCE

Two young men were appointed by Chief Simpson this afternoon to fill vacancies in the police force, made through the resignation of Policemen Garnett, Ross, Pitt and Sheehan. The last mentioned man in his resignation letter stated that he would be glad to fill a vacancy in the regular force.

TOWN PLANNING EXPERT IS HERE

Thomas Adams of Ottawa, a town planning expert of international reputation arrived in the city this morning, coming from Halifax and Moncton. This afternoon he will be taken around the city to enable him to familiarize himself with the layout of the place so that he would be able to appreciate the problems involved. On Monday he will be the guest of the city commissioners and the town planning commission at luncheon in the Union Club and will spend the afternoon in conference with them.

RECENT DEATHS Ingram Stevens of Salem, Albert county, died on Thursday morning.

Charles Diggs died yesterday in the Municipal Home at the age of 67.

GERMANS MAY HAVE TO CHANGE THEIR PLANS

London, March 6.—The correspondent of the Daily News at Petrograd telegraphs: "Over considerable tracts of the long battle zone in the north a persistent thud is controlling the pace of operations."

LITTLE ONE DEAD

Friends of Mr. and Mrs. Walter McCullum will sympathize with them in the death of their infant child which took place this morning. The funeral will take place tomorrow afternoon at their residence, 61 Water street, West St. John.

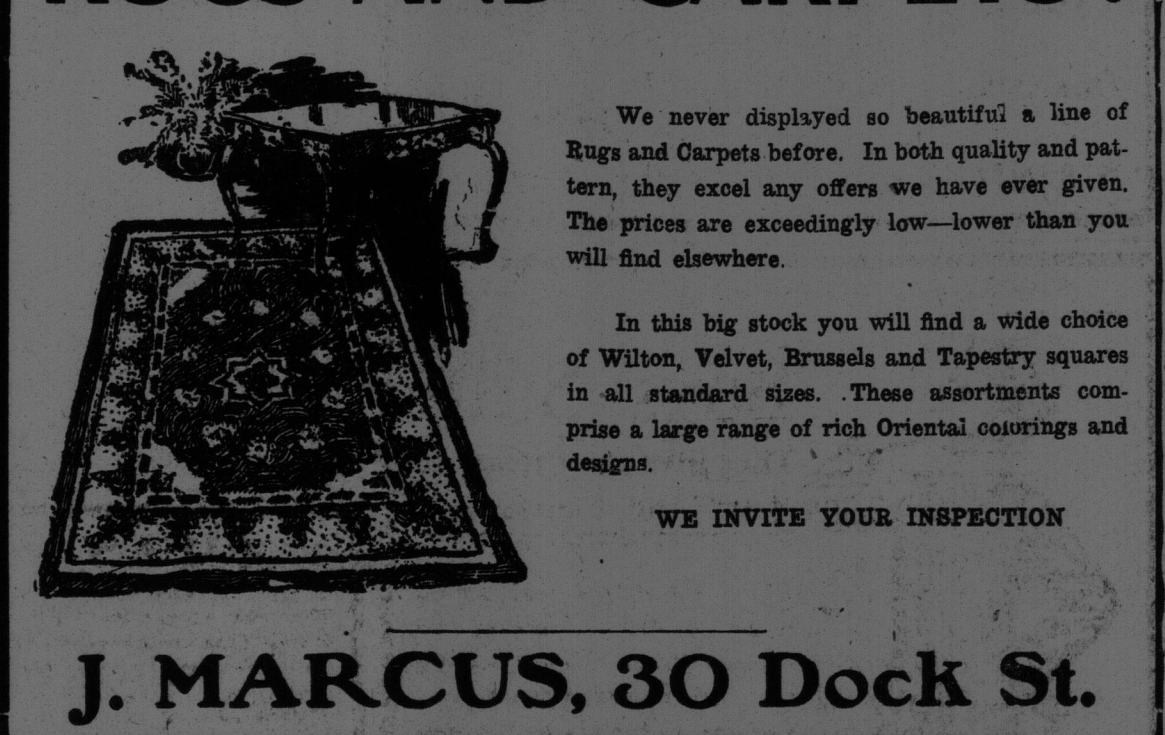

ASSAULT CASE

In the police court this morning nearly two hours were taken up with a Russian assault case, in which one Himan Taksor swore that another Russian, Samuel Carle had struck him and inflicted a wound over one of his eyes. Carle was fined \$20 or two months in jail.

AMHERST SHOWS UP WELL

The number of men who have signed on in Cumberland for the 4th Infantry and the 6th Mounted Rifles, totals 174. Out of this number, 20 are from Springhill, 10 from the Joggins Mines, 8 from Wallace and nearly all the remaining volunteers are from Amherst.

RUGS AND CARPETS!

J. MARCUS, 30 Dock St.

LOCAL NEWS FOR RED CROSS

A Red Cross entertainment is to be held in the Orange Hall, Wedford, on Monday evening. Rev. G. A. Kuhring will speak on "The Message of the Cross."

WOMEN'S SHOE STORE

New spring hats and caps, just arrived at MULHOLLANDS Men's Furnishing Store, 33 King Square. Look for the electric sign. Open every night.

WHY I AM A SOCIALIST

Is the subject on which W. H. McKay will speak on Sunday night in the Socialist hall. Hear this widely traveled speaker who is humorously entertaining, yet without alien in his denunciation of the present system, in Oddefollows' hall, 87 Union street, Sunday, 8.15 p.m.

ADVANCE SHOWING

Advance showing of pattern hats hats Tuesday and Wednesday, 9th and 10th, and following days at McLaughlin's, 128 Germain street.

NOTICE

Members of Carleton Cornet Band will meet at their room at 845 tomorrow morning (Sunday) to occupy the C.A.S.C. to divine service.

A TWILIGHT RECITAL

Under the auspices of the Church Workers will be given at the Stone Church Wednesday afternoon, March 10, at 4.30. A violin solo will be rendered by Miss Olivia Murray, and some of our best local talent will take part. Silver collection at the door.

EIGHTEEN DEATHS

At the board of health offices this week, eighteen deaths were registered, one each from cerebral spinal meningitis, epithelium of face, acute bronchitis, arteria sclerosis, lateral sclerosis, premature birth, endocarditis, pneumonia, peritonitis, laryngitis, nephritis and diabetes; two from meningitis, and three from senility.

HINTS FOR THE COOK

Corn Bread One cup flour, 1 cup cornmeal, 5 cup sugar, 2 teaspoons baking powder, pinch salt. Sift these ingredients twice and add 1 egg, beaten, and 1 scant cup sweet milk. Marguerites One cup brown sugar, 2 eggs beaten lightly, 1-2 cup flour, little salt, 1-4 teaspoon baking powder, 1 cup of broken nut meats. Drop in buttered tins and put one whole nut meat on top of each. Bake 10 or 15 minutes in slow oven. Date and Apple Pie Use a mixture of chopped dates and apples. Sprinkle over the fruit 3-4 cup sugar, 1 scant teaspoon cinnamon, 1-2 teaspoon nutmeg, dot with bits of butter. Bake with two crusts. This is very nice served with cream.

SISTER OF MERCY

The many friends of Miss Gertrude Lockary of St. Stephen, N.B., will be pleased to know that she was one of the eleven postulants, who were received into the Order of Sisters of Mercy in their convent chapel at the mother-house in Derring, Me., recently. Miss Lockary, who will be known hereafter as Sister Mary Adrian, is a sister of Rev. Francis Lockary of St. John, N.B., and Miss Margaret Lockary, a well known milliner of Calais. Another sister, Sister Mary Carmelita Lockary, has been for the last fifteen years a member of the same community. Miss Gertrude Lockary is a graduate of the Fredericton university. She will devote her life to teaching and the various works of mercy in the diocese of Portland.

WEDDED IN NEW YORK

In New York on Saturday, Feb. 20, Mrs. E. H. Burdick, formerly Miss Effie H. Sadler, the only daughter of the late John and Agnes Muirhead Sadler, and sister of Frank S. Sadler, of the department of lands and mines, Fredericton was united in marriage to David William Sadler of Salem Island, New York.

**SUDDEN DEATH OF
CANON HANINGTON**

Stricken While Driving in His
Carriage—Prominent Anglican
Clergyman—His Career

A telephone message to the city last
evening gave the sad news that Canon
Hanington, rector of Lower Norton, had
died with dramatic suddenness about 8
o'clock. He had spent the afternoon in
making a round of calls and was driving
towards the bridge on his return to the
Norton rectory when the Bloomfield station
master saw him drop from the carriage.

Only a minute or two previously Mr.
and Mrs. H. H. Scoville, who were taking
him and on seeing something was wrong
hastened to where he lay. Mrs. Scoville,
formerly Miss George Wilson, a nurse,
felt his pulse but found that life had
passed away. He was taken at once to
the home of Frank Hayes, a few yards
away, and the coroner summoned. It is
supposed death was caused by heart fail-
ure. Canon Hanington's health has been
somewhat precarious for some time, he
having never entirely recovered from an
accident in which he was thrown from
his carriage a few years ago.

The late Canon Hanington was about
fifty-eight years of age, the eldest son of
the late William J. M. Hanington, Esq.
He had only held the living of
Johnston, Queens county, before he was
appointed to Norton about twenty years
ago. He was a student of U. N. B. and
took his degree there, taking his divinity
course at Kings. While he was one of
the most scholarly men in the diocese of
Fredericton, his diffidence had always
kept him modestly in the background.
Yet he was a valuable member of many
of the diocesan committees and his ad-
vice was always well received for its
moderation by his fellow clergymen. He

**URIC ACID IN MEAT
CLOGS THE KIDNEYS**

Take a Glass of Salts if Your
Back Hurts or Bladder
Bothers

If you must have your meat every
day, eat it, but flush your kidneys with
salts occasionally, says a noted author-
ity who tells us that meat forms uric
acid, which almost paralyzes the kidneys
in their efforts to expel it from the
blood. They become sluggish and weak-
en, then you suffer with a dull misery
in the kidney region, sharp pains in the
back, or sick headache, dizziness, your
stomach sour, tongue is coated, and
when the weather is bad you have rheu-
matic twinges. The urine gets cloudy,
full of sediment, the channels often get
sored and irritated, obliging you to seek
relief two or three times during the
night.

To neutralize these irritating acids, to
cleanse the kidneys and flush off the
body's urinous waste, get four ounces of
Jad Salts from any pharmacy here; take
a tablespoonful in a glass of water be-
fore breakfast for a few days and your
kidneys will then act fine. This famous
salt is made from the acid of grapes
and lemon juice, combined with lithia,
and has been used for generations to
flush and stimulate sluggish kidneys, also
to neutralize the acids in urine, so it no
longer irritates, thus ending bladder
weakness.

Jad Salts is inexpensive; cannot in-
jure, and makes a delightful effervescent
lithia-water drink.

It enjoyed the esteem of all and the close
confidence of the bishop.
Canon Hanington was never married.
His sister, Miss Margaret Hanington,
kept house for him. He has two broth-
ers in Philadelphia—Dr. Arthur H., a
dentist, and B. J., a druggist; while
there are two other sisters in the United
States, both nurses, the Misses Ida and
Jennie. A. H. Hanington, of St. John,
went to Norton last night. Mrs. M. G.
Teed, St. John, is a cousin.

GIRLS! LOTS OF BEAUTIFUL HAIR

NO DANDRUFF--25 CENT DANDERINE

Hair Coming Out?—If Dry,
Thin, Faded, Bring Back Its
Color and Lustre

Within ten minutes after an applica-
tion of Danderine you cannot find a
single trace of dandruff or falling hair
and your scalp will not itch, but what
will please you most will be after a few
weeks' use, when you see new hair, fine
and downy at first—yes—but really new
hair—growing all over the scalp.
A little Danderine immediately doubles

**78 BODIES TAKEN
FROM VIRGINIA
COAL MINE**

Hinton, West Va., March 5—Seventy-
eight bodies have been recovered up to
tonight from the workings of the Lay-
land mines, where an explosion Tues-
day entombed more than 170, of whom
only ten escaped alive.

Various estimates of the number of
victims agree that the total will reach
150.

**EMPIRESS-STORSTAD
CASE CONCLUDED**

Montreal, March 5—The argument in
the Empress-Storstad case was brought
to a conclusion this afternoon, after hav-
ing occupied the attention of the court
for two weeks.

Mr. Geoffrion, K.C., counsel for the
C. E. E., concluded his address, in the
course of which he dealt principally with
the contradictory testimony as to the
movements of two vessels immediately
prior to the collision. He submitted that
Captain Kendall's testimony was
amply corroborated by that of the Stor-
stad witnesses themselves, and particu-
larly by the entries made in the engine
log of the defendant's vessel.

Judgment was reserved.

Out of 817 playing members of twenty-
four Scottish Rugby football clubs,
688 have joined the British colors.

To Ask Toronto Expert

The council of the board of trade
spent some time in discussion of the
movement for a revision of St. John's as-
sessment laws last evening, but all that
was given out after the meeting by the
president and secretary was that an ef-
fort was to be made to secure some man
from Toronto to come to St. John at an
early date and speak on the Ontario sys-
tem of taxation.

**WHY NOT HAVE
A CLEAR SKIN**

**CUTICURA
SOAP**

world. Liberal sample of each mailed free, with 22-
book. Address "Cuticura," Dept. X, Boston, U.S.A.

Your Sale must close **MONDAY NIGHT!**
After that the regular cash price prevails.
(Signed) **HOOSIER MFG. CO.**

Your Last Chance

You can still get "White Beauty" Hoosier Cabinet at a
saving of \$2.50 until Monday night. **But not later.**

A Hoosier Cabinet at the regu-
lar price is a bargain. "White
Beauty" is the most complete
Hoosier ever built. At \$2.50 less
than the cash price, this "White
Beauty" sale is literally a chance
of a lifetime. And now, for the
last time, you can make this
saving and have "White Beauty"
delivered to your home by

Paying Only \$1

The balance is only \$1 weekly.
No extra fees. No interest. Just
the cash price less \$2.50.

Isn't This Common Sense?

If "White Beauty" will save
you miles of steps; if it will save
you time and energy; if it will put
your whole kitchen at your finger-
ends, and enable you to get
through more quickly and keep
your kitchen always in order, isn't
it common sense to come down
today and examine this won-
derful cabinet while you can still
save \$2.50? It won't take you five
minutes to decide. You couldn't
spend five minutes more profitably.

**A Few of 17 Features
Exclusive in the Hoosier**

The new patented shaker flour sifter
shakes flour through instead of grinding
it through. It is the most important im-
provement in the entire Hoosier Cabinet.
The simple bookkeeping system puts an
end to troubles with the market man. The
cook-book holder keeps your book open at
the level of your eye. The Food Guide
answers the eternal problem, "What shall
I cook for dinner?" The pencil holder
keeps your pencil always handy. There is
a special compartment for string, and a
sliding metal shelf for cake. The list
might cover this page and still not com-
plete the reasons why you want a Hoosier
Cabinet.

**You Want It Because
It Is So Low in Price**

No article ever put into a kitchen has been
better built than the Hoosier. More than
twelve hundred parts go into every cabinet.
Every joint is perfectly finished and braced.
The outside finish is especially made to
stand kitchen wear. A Hoosier Cabinet
will last you as long as you live.

**You Want It Because
It Will Last a Lifetime**

You can't measure the value of an article
that will save you miles of steps every day,
but the present low price of the Hoosier mea-
sured against any standard known, makes it
the greatest furniture bargain ever sold.

**Decide Today to Save \$2.50.
Tuesday Will Be Too Late**

This is your last opportunity to get this
Hoosier Cabinet on these remarkable terms.
Other women who have postponed are mak-
ing their decision now. Monday is the final
day—positively the last. Come in early,
because there are just a few "White Beau-
ties" left. Don't be surprised if they are
gone by noon. Remember, you pay only \$1
to try the Hoosier right at home. Then, if
you are anxious to keep it, pay only \$1
a week for a few more weeks. Money back if
you are not delighted with it.

AMLAND BROS., LIMITED
19 Waterloo Street

TO THE PUBLIC: We authorize this sale, limited to "White
Beauty" Hoosier cabinets, at \$2.50 less than the fixed cash price of
these cabinets, this week only. **THE HOOSIER MFG. CO.**

**UNSTRUNG, UNSTEADY
SHAKY NERVES
MAY BE TONED UP BY USING
MILBURN'S
HEART AND NERVE PILLS.**

Mrs. John Harper, Toronto, Ont.,
writes: "I have used Milburn's Heart
and Nerve Pills for the heart and nervous
system. I was confined to a grocery
store for twelve years, and had to give
up business, as I became terribly run
down and nervous, and had heart trouble,
and I am sure I am gaining very fast now.
I feel that nothing did me any good until
I tried your Heart and Nerve Pills, and
I am positive they will cure me. The
nerves of one hand would tremble and
then seem to go numb so that I could not
write or sew. Now my hand is quite
steady, as you can see by my hand-
writing. This is a big change which
delights me so much for I thought all
was done that could be done. I was
about to give up in despair when I tried
this last remedy, and even after I had
only taken half a box the change started
to come."

Milburn's Heart and Nerve Pills will
restore the enfeebled, enervated, ex-
hausted, overworked system to full con-
stitutional power.

Price, 50 cents per box, 3 boxes for
\$1.25, at all dealers or mailed direct by

CANADA'S FINANCES

Ottawa, March 5—For the month of
February the dominion's revenue shows
an increase of \$22,224, as compared
with February of last year. This is the
first increase in revenue reported for a
year or so. The increase is, in the main,
made up of \$148,854 in customs revenue
and \$881,520 from excise and \$146,888
from railway receipts.

The increased customs and excise re-
ceipts reflect the result both of the in-
creased tariff and excise duties, and of
the rush of importers and manufactur-
ers to beat out the expected increased
taxations, announced by the finance min-
ister in the middle of the month.

Expenditure of the month shows a
considerable drop, as compared with
February of last year. Current expendi-
ture decreased by \$1,488,481 and capital
expenditure by \$55,782.

The net public debt increased during
February by \$8,518,892 and is now, for
the first time, over \$400,000,000 mark.
At the end of the month it was \$401,
801,909, as compared with \$317,149,801 at
the end of February last year, an in-
crease of \$84,222,108 during the twelve
months.

Temporary loans made by the govern-
ment now total \$88,666,666, as compared
with \$18,006,666 on February 28, 1914.

If the entire population of the world
resided in Texas there would be only an

average of 10 persons to the acre. The
population of the world is about 1 600-
000,000. There are 265,780 square miles
in Texas.

THE WAR NEWS

What may be the most important item of today's news is a rumor that Greece is about to enter the war on the side of the Allies, in response to wide-spread public sentiment in that country in favor of such a course.

Germany practically admits the loss of two of her submarines. She must also admit that her attempt to establish a blockade of British ports has proved a complete failure.

Today's cables tell us that the allied fleets are making progress in the Dardanelles. One of last night's cables said that concentration regiments in Constantinople, and another said that the Turks would probably abandon any further attempts to invade Egypt.

The Russians continue to make headway against the Austrians and Germans, and one cable says that except in one portion of the Carpathians they are now on the offensive along the whole line from the Baltic Sea to the Roumanian border.

The city of Halifax makes use of twenty-eight buildings for educational purposes. Of these eighteen are owned by the board and ten are rented. Thirteen buildings have been erected by the board in the last twenty-five years, and more are now needed.

More and more men must be recruited in Canada. Not only must this country be represented at the front by a substantial army, but provision must be made for the training of the men to be sent forward as reinforcements.

Today's cables tell of a dashing exploit by the Princess Patricia's in an attack delivered against a German trench. A portion of the second Canadian contingent has arrived safely in England, and such meagre reports as are received from France show that the men of the first contingent who are now at the front have shown marked courage and excellent fighting ability.

Turning the clock back. Ex-Alderman J. W. Vanwart announced in a letter in last night's Globe that he was responsible for the petition in favor of going back to the old ward system of city government.

Mr. John W. Vanwart is the civic reformer who as chairman of the safety board admitted that he had personally violated one of the market regulations, and intimated that he would not be averse to a second violation of the same.

Thin, lightly spread slices of BUTTERNUT BREAD, with a glass of milk, or a cup of hot cocoa, will be found delightfully tasty and comforting just before retiring.

OLD TIME RECRUITING

(Fredericton Mail.)

Robert Biggs of Stanley, has been spending a few days in the city. Mr. Biggs is a native of Fredericton, and being possessed of a good memory, it is familiar with events here in the old days. "It is not generally known to the present generation," he said recently, "that considerable recruiting was done here for the Northern army during the American Civil War. The late George Watt went to Boston from this city and entered in the Union army. He returned soon afterwards in search of recruits and secured eleven in a short time. They left during the night time by way of the Houlton road and were given quite a send-off. Arrived at the other side they were paid a bounty. I do not know that one member of the party ever returned to Fredericton."

A REMARKABLE WINTER

So far this winter the L. C. R. has hardly put a single shovel into the snow on its Halifax and St. John divisions.

An Interesting Collection of Diamonds

"Our Diamonds" are all of unquestionable quality, are mounted in the newest designs of settings, either in gold or platinum. They constitute a special feature of our large stock of "Fine Jewellery."

AN ATTRACTIVE HAT

SICK HEADACHES PERMANENTLY CURED

Dr. Williams' Pink Pills Correct the Cause of This Trouble

There are few ailments that cause more genuine misery in the home than attacks which are generally termed sick headaches. The attacks are often protracted at intervals there is not only her own suffering to consider, but the discomfort caused to other members of the household. Sick headaches arise from a variety of causes, and most of them are relieved or cured through the tonic treatment with Dr. Williams' Pink Pills. Mrs. Hugh Docherty, Rockville, Sask., says: "I suffered for years with what the doctors called nervous prostration and sick headache. When these spells came on I could not work nor walk, and the pains in the head were almost unbearable. At times the pain in my head was so dreadful that I feared it, but to no avail. Then I quit taking medicine altogether and tried dieting, but it made no difference. I was still an agonizing sufferer. Finally my husband urged me to try Dr. Williams' Pink Pills and got me a supply. After taking the Pills for some weeks I felt a little better and I gladly continued their use. My nerves began to feel when he removed to Halifax. He was less frequent, and after taking the Pills for some months disappeared altogether. From that day to this I have had no return of the trouble, and all who knew of my illness regarded my cure as marvellous. I cannot say too much in praise of the Pills as they certainly saved me from a life of almost constant agony."

It is by building up and enriching the blood and strengthening the nerves that Dr. Williams' Pink Pills work seemingly marvellous cures, till what they have done for others they will do for all suffering people if given a fair trial. If you do not find these Pills at your medicine dealer you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TRI-WEEKLY SERVICE CANADA TO FRANCE

To Provide Better System For Transport of War Supplies—Eighteen Steamers Engaged

Ottawa, March 5.—A tri-weekly service between Canada and France for the conveyance of the huge quantities of supplies, which are continually being shipped from Canada under orders given by the imperial government here, was shortly established as a result of co-operative action between the Canadian government and the admiralty.

Shortly after the declaration of war the Canadian government, after a conference with Sir Thomas Shaughnessy, and with the heads of other large transportation companies, obtained from Sir Thomas the services of A. H. Harris, special C. P. R. traffic representative, who has since acted as director of overseas transport with great credit.

Mr. Harris suggested at the end of August when the shipping situation was daily growing more serious, that a representative of the government should be sent to London to arrange a joint conference between the war office and the admiralty to establish a regular service for the conveyance of war supplies from Canada to France.

Mr. Harris was sent to England in January last with this purpose in view and his mission has been successful. The admiralty have undertaken to provide eighteen vessels for the service until the end of the war, thus ensuring a tri-weekly service between Canada and France.

In addition to these ships, colliers conveying coal from the west coast of Halifax for admiralty use will be utilized on their return voyages for the carriage of supplies.

THE LATE COL. BEER.

(Sussex Record)

Col. E. B. Beer, who was eighty-two years of age, was a resident of Sussex until some seven or eight years ago, when he removed to Halifax. He was the founder of the 74th Regiment, of which he was the commanding officer for twenty-seven years, and was a well known figure in military circles. He survived by one son, E. Leonard Beer of Truro.

Colonel Beer was born at Sussex on May 23, 1838, a son of Thomas Beer, a native of Devonshire, England, who came to Canada on military service during the war of 1812 and married Miss Anne Leonard, a daughter of Hon. George E. Leonard of St. John, who then to New Brunswick.

Colonel Beer returned to England, but in 1829 came back to New Brunswick and settled in Sussex, where he lived a useful life. There were thirteen children, of whom Col. E. B. Beer was the eleventh.

At twelve years of age he went to England and attended the Royal Naval College, Greenwich. He returned to Canada in 1856 and was one of those who went to California on the bark Teal. Some two years later he went to Auckland, New Zealand, and then to Sydney, Australia, returning to St. John in 1868, and in 1869 took up his abode in Sussex on the home of his father, E. Leonard Beer.

Colonel Beer joined the militia in 1868, forming a company of which he was captain and afterwards colonel, and in 1870 to the command of the 74th battalion, with which he continued until 1897. Col. Beer was active in the Independent Order of Odd Fellows, and always took much interest in church work. He also took a deep interest in the Provincial Rifle Association, of which he was one of the organizers, and in 1897 the president. In 1878 he commanded the Canadian Winkfield team. All the old militia men of New Brunswick knew and respected Colonel Beer, and they, as well as the people of Sussex and other friends heard of his death with sincere regret. The deceased was also an enthusiastic and hard working member of the Sussex and Studholm Agricultural Society.

BABY'S OWN TABLETS A GREAT BLESSING

Mrs. Jas. E. Mallam, Georgetown, N. S., writes: "I gave Baby's Own Tablets to my baby boy for constipation and teething troubles and have found them a great blessing. I think the Tablets should be everywhere, home where there are young children." The Tablets are an absolutely safe remedy for little ones, being backed by the guarantee of a government analyst to be free from opiates and narcotics. They are sold by medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BROTHERHOODS OF CHURCHES UNITE

First Undertaking Will be Series of Lectures by Noted Health Expert

A start was made in active work by the recently organized church brotherhood at a meeting in the Y. M. C. A. last evening when it was decided to bring to St. John for a week's campaign, Dr. Charles E. Barker, a lecturer traveling under the auspices of the International Y. M. C. A., and speaking on Health and Sex Hygiene problems. The new organizations, named last evening the St. John Federation of Brotherhoods, will co-operate with the Y. M. C. A. and a committee of six was directed to be appointed to make the necessary arrangements. Dr. Barker is physical adviser to ex-President Taft of the United States and his standing is endorsed by medical men, his work in Vancouver last year being very highly spoken of by T. H. Hutchinson, general secretary of the local Y. M. C. A. Two of Dr. Barker's meetings will be for women under the auspices of some of the women's organizations, it is expected.

Five brotherhoods or kindred organizations were represented at last night's meeting and the representatives present decided to constitute themselves the central executive of the federation, each member of the federation having authority to increase its representation to four.

The executive as formed last night stands as follows:

Centenary Brotherhood—Rev. W. H. Barracough, T. H. Bullock, Geo. L. Barbour.

Germantown street Brotherhood—R. G. Haley, W. F. Burditt.

St. David's Brotherhood—Charles Robinson, Bruce S. Robb.

Congregational Men's League—Rev. R. J. Haughton, J. A. Brooks, J. W. Flewelling, Stanley K. Smith.

Portland Methodist Bible Class—J. A. Kennedy, W. Lingley.

Y. M. C. A.—T. H. Hutchinson.

After the name was decided upon, some discussion took place as to the units comprising the federation and it was decided to admit brotherhoods and kindred organizations, one from each church in St. John's city and county, with the Y. M. C. A. constituting one unit. The idea was advanced of holding mass meetings of all the organizations. T. H. Bullock, a member of the national executive of Federated Brotherhoods, Rev. W. H. Barracough, Rev. F. S. Porter and Bruce S. Robb were named a committee to complete the constitution and report at a meeting at the call of the chair. Geo. L. Barbour is acting as chairman and Bruce S. Robb secretary, as officers have not yet been chosen.

A BRONCHIAL COUGH, PERHAPS WEAK THROAT

USE "CATARRHOZONE"---DEAD SURE CURE

Wonderful Success reported in Thousands of Bad Cases

You breathe in its healing balsams, inhale its soothing antiseptic vapor and relief is immediate.

Simple to use, delightful and pleasant—nothing compares with Catarrhozone which is the cure of the day for all bronchial and throat troubles.

Mr. H. B. McLaughlin, the well-known representative of Parks and Blackwell, Toronto, says: "I have used Catarrhozone for years and can honestly say it is the only remedy that relieves me from a painful attack of Bronchial Catarrh. The inhaler for Catarrhozone is always in my pocket and I simply couldn't get along without it. I firmly believe Catarrhozone is a wonderful remedy."

Large size sufficient for two months' use, guaranteed, \$1.00; small size 50c; sample or trial size 25c. Sold by dealers everywhere.

The Pinnacle of Designing and Tailoring Excellence Has Been Reached in This Fine Exhibit of

Men's Suits for Spring

If you select your spring suit from this display you will wear it with a feeling of perfect satisfaction, for we exhibit such a wide array of excellent models that you will find the exact style you would like to start the season with.

Coats are with two and three buttons, narrow, padded shoulders and form fitting backs, and a trade shorter than last season, lapels are higher and broader in flat and soft roll effects and many coats have high peaked lapels.

Trousers are cut straight with less fullness and with plain or cuff bottoms as desired. Vests are all cut higher and a great many have lapels.

In this exhibit you will find models that are in perfect good taste for either dress or business wear. Suits designed by leading style creators and faultlessly tailored so that you will be assured of good fashion and ideal fit in any suit you select.

Prices of these extra fine garments range from **\$15.00 to \$30.00**

Then we have these suits in very durable materials and desirable for rough and ready wear, ranging in price as low as \$7.00.

A PITTSFORD MAN HAS GIVEN UP SMOKING

A Pittsford man has given up smoking during Lent, but unconsciously walked into a cigar store and bought three of his favorites. He started to bite off the end of one when he recalled his pledge. He then went to his club and offered the cigars to three different men, but they, too, had "sworn off" for the Lenten season.

In the "Home Guard"

The householder who through Life Insurance protects his dependents against want is just as truly in the "Home Guard" as the good citizen who carries a rifle.

The Last Line of Defence

for many a man is his insurance policy, and if it be in the CANADA LIFE that defence may be greatly strengthened by applying his dividends to relieve the burden of payments in his later years.

For Example

Under Canada Life policy No. 13,813 dividends have been applied as a life annuity towards paying the premium of \$42. In the past five years the annuity was \$44.94, paying the premium and leaving a margin of \$2.94. In the next five years all premiums will be paid by profits and there will be a yearly cash return of \$18.04 besides. This annuity is guaranteed for life and will be further increased every fifth year.

Herbert C. Cox, President and General Manager.

TO GO MEANS SACRIFICE OF EASE, PERHAPS DEATH; TO STAY MEANS DISHONOR

Canadian Born Are Urged To Enlist In Greater Numbers, At Patriotic Rally Held in Montreal—Stirring Addresses By Sir Thomas Shaughnessy, Rev. Bruce Taylor, R. C. Smith, K. C., and Captain Gregor Barclay

(Montreal Mail) Marked success characterized the patriotic rally in aid of recruiting held in the Windsor Hall last night by the Canadian Club. A crowd of 1500 persons, who filled every seat and thronged the aisles, at times became wildly enthusiastic as Sir Thomas Shaughnessy, R. C. Smith, K. C., Rev. Dr. Bruce Taylor and Captain Gregor Barclay addressed the audience, calling on Canadian-born men to enlist, and upon mothers and sweethearts to make the sacrifice and urge their sons forward. Unbounded confidence in the outcome of the war was expressed but none of the speakers predicted a short war. Instead, they declared against a premature peace, and were applauded for doing so.

On the platform were two scores of prominent ladies and gentlemen, several of the men being in khaki. The band of the Highlanders rendered patriotic music and talented soloists sang of king and country. It was a "live" meeting, impressive on account of the circumstances, and calculated to arouse to the enlistment point the interest of the young men there. No specific invitation to join any regiment or at any hour was given, so that its concrete results are not yet known.

"To a young man suitable for military service," said Sir Thomas Shaughnessy, "I can imagine nothing that gives greater satisfaction than to bring such a preparation as may be had from the Germans, who have brought about this war; violated treaties; ill-treated women and children; desolated homes and destroyed property with the barbaric use of fire and sword that brought this nation of happy, peaceful Belgians to be a people of fugitives and beggars."

Quebec Has Not Given Her Quota Forty per cent of the men of the first and second contingents came from west of Lake Superior, he said, forty more were from Ontario, nine from the Maritime provinces, and eleven per cent from Quebec. "This is all wrong. In the good old province of Quebec, we should correct this," and went on to suggest that eight or nine regiments of French-Canadian soldiers should be available from Quebec "to fight with their native enthusiasm and bravery with the English. What glory they would have to fight for the nation giving them their freedom, and at the same time for the country of their forefathers."

He thought the French-Canadian regiments should have a distinctive uniform, patterned on the British and French uniforms, "to symbolize the warm feeling that now exists, and will hereafter exist between the two nations." Canada should send at least 180,000 men to the war.

"I like to put into plain, unvarnished English the report the French government has issued regarding the treatment accorded non-combatants by the Germans," said Rev. Dr. Taylor. "If they heard the exact truth, women would no longer keep their boys home from the war." He appealed to hockey and lacrosse teams and sporting organizations to enlist in a body. A great following would initiate their example. He also thought uniforms should be more showy, and that the 24th and other overseas units should give citizens more chance to see them and become enthusiastic regarding their order and discipline.

The Two Sacrifices Captain George Barclay, who is going to the front in command of the McGill company of infantry, squarely put his proposition to have French-Canadian volunteers meant the sacrifice of ease, perhaps death; to stay at home meant the sacrifice of honor. "Better by far to meet death on the field of battle than to lose one's soul by shrinking duty."

Dean Adams, president of the Canadian Club, introduced Sir Thomas Shaughnessy, saying he had the most formal task of all in presenting him to a Montreal audience. When Sir Thomas had consented to act as chairman Dean Adams had felt good progress had been made toward a successful meeting.

Mr. Shaughnessy was greeted with cheers in opening, he referred to the work of the Canadian Club, pointing out that they had done much to bring credit to Montreal in the National Patriotic Fund campaign and that their splendid organization made them specially adapted for the task of inducing more men to enlist.

Canada, he said, had done well to send 80,000 men to the front in the first contingent; to have 20,000 more ready to go with the second; and to be preparing to send 200,000 more with the third contingent. Yet comparing populations, she should send 800,000 or 1,000,000 to do as well as the Mother Country. Nevertheless, he thought "our loyalty no less ardent than that of the English, Irish, Scotch or Welshmen."

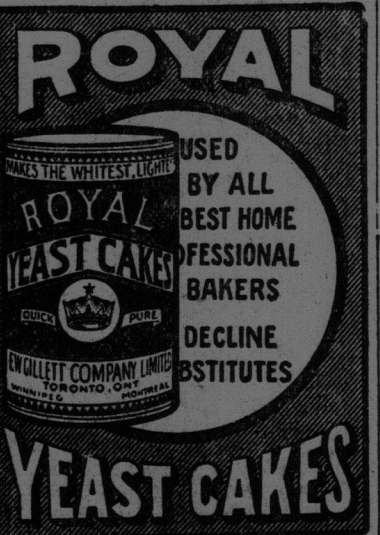

There were reasons why Canada was not expected to send as many men proportionately. She is a producing country. He thought 120,000 a reasonable number these to be sent forward in a steady stream.

Declaring that more men from Quebec should enlist, he drew a picture of the French and English soldiers from France and England fighting side by side for a common purpose and against a common foe. Any man that would interfere between the two races would be "untrue to his race, false to his flag, and unworthy of the name of British citizen."

"We must have men, and more men, to announce it from the house top; cry it in the byways: 'Men and More Men,' 'The King wants more volunteers.' He felt that the call of the Canadian Club for recruits would undoubtedly be answered. It was on account of carelessness, ignorance of the causes of the conflict and the belief that more men were coming forward than were needed that explained the small enlistment of Canadian-born. The spirit was right, and he felt only the suggestion that they should enlist was needed."

"Today the situation is more hopeful than ever," he said in closing. "Victory is near, and when the men come home victorious—such as do return—let us be careful to bind the wounds of the nation and to care for those who have borne the battle and for their women and children." (Applause.)

R. C. Smith, K.C., at times soared to flights of eloquence; at others he was addressing a jury, enlisting their sympathies and tearing holes with quick insight into the case of his opponent. He first pointed out that the war had a vital interest for Canada in that Germany would have her eye on this country in preference to any part of the globe. He was amused, he said, to hear people talk of Canada having done magnificently in sending a few thousand men to the war. Mr. Smith then dealt with the doctrines of Bernhard and the other influential German writers, quoting them as saying that: "Of all political feelings, that of weakness is the most despicable; international treaties are only obligations for such time as the state may find them convenient; might is at once the supreme right; the powerful nations which alone have the right

USED BY ALL BEST HOME FRESH BAKERS. DECLINE SUBSTITUTES.

to live, are justified in provoking war; happy results have followed such wars; England committed the unpardonable sin by not interfering in the United States civil war and thus preventing the union of the two nations. Have Merited Title of Barbarians. "These are the doctrines," he said, "which have made possible this crime. God knows the Germans have merited the titles of barbarians."

The speaker turned his attention to the so-called German efficiency and culture. He was "a little tired" of hearing so much talk of German leadership. Naturally a nation of 68,000,000 would contribute her share to science; yet the Germans had no Columbus or Cabot to discover continents; no William Harvey to discover the circulation of the blood; no Sir Isaac Newton, no Morse, no Alexander Graham Bell, no Field, no Marconi, no Edison. "And this talk we owe everything to the Germans—it's a lie," he said. He pointed out that the Germans forced the war on Russia when the Czar and the Austrian Emperor had agreed to the settlement of the Serbian trouble. Germany violated Belgian neutrality and was aggressor against France. England was thereby drawn in.

Cured Fifteen Years Ago of Piles and Eczema By Using Dr. Chase's Ointment—Certifies That the Cure Was Permanent.

Some people have tried so many doctors and so many treatments in their search for cure for piles and eczema that they find it difficult to believe there is an actual cure. The strong point about Dr. Chase's Ointment is that it not only brings relief promptly, but brings about actual and lasting cures.

In 1897 Mr. Ketcheson, 33 Douro street, Peterborough, Ont., wrote as follows:—"I was troubled for thirty years with itching piles and eczema. I could not sleep at night, and when I got warm the itching was terrible. Eczema covered my legs down to the knees, perfectly raw. I have tried every preparation I could hear of, used Dr. Chase's Ointment advertised. I procured a box, and this Ointment effected a complete cure."

On Sept. 23, 1912, Mr. Ketcheson wrote as follows:—"I received a letter from you to-day, saying that you found on file a statement made by me 15 years ago. I have always given Dr. Chase's Ointment a good many people who have been cured by Dr. Chase's Ointment."

Dr. Chase's Ointment, 60 cents a box, all dealers of Edmanson, Bates & Co., Limited, Toronto.

"After a thousand years of glorious history; after a thousand years during which the British flag has commanded respect throughout the world, British and the alternatives of going to war or of cravenly slipping down to become a third-class power." She had decided, in words of Sir Edward Grey, that "since Germany must have war, she shall have it in full measure."

Mr. Smith pointed out how the war had brought to light the tremendous unity of the British Empire. Party was subordinated in England in South Africa. Boers who fought England a decade ago fought for her last summer against their own flesh and blood. Such an Empire has not even begun to grow old, but can look forward through the clouds of war to the brightness of tomorrow, when she can continue her history and be the power that spread throughout the world the principles of constitutional government and civil and religious liberty. But we have a stern task. A premature peace, a patched-up peace would mean disaster in the future. This means that everyone young and old, rich and poor, should give and do whatever he can. If you will do your duty, following the spirit of your forefathers, we can rest assured of victory.

Dr. Taylor would be at the front. The enthusiasm of the meeting reached its highest pitch during the speech of Dr. Taylor. He said a case could be made for the small enlistment of the Canadians, and mapped out Germany's scheme of conquest down from Europe to Persia and India. Canada's relation to Britain was a case of a man living off a wife's private income. Dominion Square was as well fortified as some of the towns in England raided by the Germans.

Referring to the blockade of the British Isles by a fleet shut up in the Kiel canal, he said a few little ten knot boats had been troubled. But those with speed had ignored the blockade. "Confound their lungeries," he cried. "Never was a fleet so bottled up in history." He did not think Canadians realized the importance of the war, but it has been finished for our own children's sakes. Each woman had to make it a matter of conscience as to whether she would keep any one home. He felt constrained to explain that it was ill-

health that prevented him from going to the front. St. Clair was on the floor, and had shot himself in the mouth. The position of the woman's body indicated she had been taking a bath when killed. A doctor thought she had been dead for several hours, but the body of the man was still warm. In the man's hand was clutched this note: "I am Charles St. Clair of 158 East 61st St., New York. Please notify Mrs. St. Clair at the same address. You can reach her on the telephone by calling Plaza No. 4418. P. S.—I am sorry for the trouble I am causing here and ask that you please look after my case, as it is very valuable."

The man and woman had been at the hotel since Saturday. St. Clair had been employed at a garage. Mrs. St. Clair, who had been in ill-health, said: "He was just conscience-stricken, broken in spirit, financially down and out, and desperate enough to be insane. That's why he killed himself and that girl!" Mrs. St. Clair added that she had received a letter from her husband, telling of his intention to make way with himself. St. Clair several years ago was a professional boxer and later owned several lunch rooms.

Former Boxer Kills Himself and Girl

New York, March 5.—A pretty young blonde woman who died with Charles St. Clair in a Philadelphia hotel was identified as Mrs. Harry Hall, whose maiden name was Edna Potter. She came of a good family of Bridgeport, Conn., and had been living at a hotel here. The man and woman were found dead in the Windsor Hotel, Philadelphia. The woman was in the bathtub shot

WHAT DYSPETICS SHOULD EAT

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to taste, as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty foods, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you like, in moderate amount, taking immediately afterwards a teaspoonful of bitartrate of magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bitartrate of magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bitartrate of magnesia from your druggist, eat what you want at your next meal, take some of the bitartrate of magnesia as directed above, and see if I'm not right."

"Those changes in the weather are nothing new to me to death," said the amateur singer.

"Why?"

"When I have a cold I'm bass, and when I get well I'm tenor. I can never tell whether to practice 'The Diver' or 'Sally in Our Alley.'"

Russians on The Offensive

London, March 5, 9.45 p. m.—Except in the Central Beskid Pass of the Carpathians, where the fierce Austrian attacks have moderated somewhat, the Russians are now on the offensive along the whole length of their extremely long line, from the Baltic Sea to the Roumanian border. Apparently they have definitely disposed of the German and Austrian attempts to outflank their two extreme wings, and, having turned, are making slow but steady progress westward.

In the Beskid, Tukholka and Usok Passes the Austro-Germans are in possession of strong positions whence they are continually attacking the Russians, while in the western passes, especially the Dukla, the Russians are on the Hungarian slopes, where the fighting has degenerated into trench warfare. The Russians are sending large reinforcements to this southern line.

ENJOYED VIEW OF THE INSPECTION OF TROOPS

Fairville People See the 26th At Work Under Major General's Eye—News of Fairville

Quite a number of interested spectators watched the military manoeuvres yesterday under Major General Lessard.

Company work and inspection of the battalion by sections took place in W. A. Quinton's field in the morning. There the line level allowed every opportunity for action by the men. At noon Manchester's field became the scene of operations with part of the force occupying a stretch along the Sand Cove road. The whole battalion were put through tactics, including the charge with blank cartridges freely used, and from the road above the sight of troops in spirited action resembled actual warfare more than mere practice.

As usual only part of the troops can cross the bridge at once and the others waited for their companions.

Some of the military men seem to have an idea that everything west of Fairville consists of Manchester's field. Friday by the press reports, but as a matter of fact the land of W. A. Quinton has been occupied as much as the other. Clark's field was also utilized on at least one occasion.

One of the features brought out in the address of Engineer Murdoch before the Board of Trade was that there are two Peters street in Fairville. While the name seems admirable enough, in order to avoid confusion it would be as well if the authorities would rename one. A member of the board suggested that Paul be given the preference.

The new flag on the post office makes an improvement on the appearance of that really fine building.

Last evening L. O. L. No. 70 of Fairville enjoyed a social evening in the hall in Church avenue. Games were played and a general good time is reported.

Beware of teas that are dusty and full of broken leaves—as these are injurious in use and unpleasant in the cup, the dust being generally put there to reduce the cost.

"SALADA" Teas are always Fresh, Fragrant, Free from dust and economical in use—preserved and sold only in sealed packets at 35c, 45c, 55c, 65c, per pound.

The Y. M. C. A. Boys' Work Conference for the maritime provinces was opened last night in Halifax.

The speakers were: S. Ellis, of Sydney; Mr. Moher, of Windsor; Rev. A. B. Cohen, of Halifax; and Taylor Statten, of Toronto.

Winter Skin Troubles Cured By Zam-Buk.

Mr. W. J. Simmons of Winkler, Man., says,—"I have always suffered very badly with chapped hands, and as my occupation necessitates my working with acids, the pain in my hands is sometimes unbearable. A short time back my hands were in a terrible state, and I had used, in vain, every salve I knew of, when a friend advised me to try Zam-Buk. Although I had not much hope of finding a cure, after trying so many remedies without avail, I determined to give Zam-Buk a trial, and I certainly was more than pleased at the result. My hands are now completely healed, the skin being soft and smooth."

Do you suffer from Frost Bites, Cold Sores, Chapped Hands, Chills, Winter Eczema, or any other skin disease? If so try Zam-Buk. The rich herbal essences will quickly allay the irritation and heal.

Zam-Buk is unlike all ordinary ointments in that it heals from the bottom up. As soon as applied it penetrates right to the bottom of the wound, kills any germs, stops the pain, and builds up new tissue.

Zam-Buk is the best remedy known for Cuts, Burns, Bruises, Piles, Eczema, Chapped Hands, Cold Sores, Ulcers, Pimples, and other skin diseases and injuries. All druggists and stores, or postpaid from Zam-Buk Co., Toronto, for price, 50c. box.

AMONG THE SOLDIERS

An enjoyable at home was held yesterday afternoon in the rooms of the Elks in Wellington row by the officers of the C. A. S. C. under Major F. I. McKean, when about 200 guests were present. The event was successful, and all present were afforded much pleasure.

W. T. Dawes, toll collector and special policeman in the country market, has volunteered with the 6th C. M. R. and yesterday in recognition of his act, merchants in the market presented to him a purse of gold.

George Dickson made the presentation in behalf of the stall-keepers and the other market men. Capt. D. F. Pidgeon, of the D. A. C. at Fredericton, is in the city.

THEY GOLDEN WEDDING

The celebration of the fiftieth anniversary of their wedding was a happy day for Mr. and Mrs. Allen W. Parke, at their home in Cassonville, Kings county. It took place on February 22, and was made more eventful by more than sixty friends calling at their home to honor them upon the occasion. During the evening they were made recipients of an address of congratulations and good wishes, accompanied by a purse of gold.

The finance committee of St. Luke's church met last evening and heard a most encouraging report which was presented by the vestry clerk, G. D. Martin.

RECENT DEATHS

The death occurred yesterday of Elizabeth Perkins, at her residence, 12 Wall street, after a long illness. Besides her husband, Edward Perkins, a son, Douglas Perkins, and two daughters, Mrs. Harry Armstrong and Mrs. Rose McPherson, all of this city, survive. Mrs. David Reid, of Providence (R. I.), is a sister. Mrs. Perkins was a daughter of the late Boyd Moore. She was a regular attendant at the Portland Methodist church, and the news of her death will be learned with regret by a wide circle of friends and acquaintances.

H. K. Goodwin of Moncton was advised yesterday of the death of his brother-in-law, Charles S. Ayer, formerly of Moncton and Sackville. He died in Waterville, Me. He was formerly employed in the I. C. R. general offices and with the Calhoun Paper Co. He removed to Maine about fifteen years ago. Burial will take place in Sackville.

The death of Edward McKay of Newcastle occurred Wednesday. He was about fifty-five years of age and unmarried. He is survived by one brother, James Mackay, of Newcastle, and three sisters, Mrs. Martha Murdoch and Mrs. Jane Sullivan, of Bangor, Maine, and Mrs. Sullivan, of Moncton, N.B.

Rupert Miller died at his home in Woodstock yesterday, making the second death in the family in one week. His father is Burton Miller of the 26th battalion.

W. C. T. U. CONVENTION.

At the quarterly convention of the W. C. T. U. in Union Hall, North End, yesterday, reports were submitted, and some interesting papers read. Following the business meeting, a concert programme was enjoyed, and refreshments served. Mrs. Mary McAvity presided, and there was a good attendance. Mrs. Seymour Mrs. McIntyre and Mrs. H. M. Smith presented reports of temperance work. Mrs. Crowell read a paper on "The Training of Children" by Mrs. W. H. Myles, which proved of interest. A vote of sympathy was extended to Miss Jane Lockhart who has been secretary of the union for many years, but who is now in ill-health. A solo by Mrs. McGinnis, was appreciated. Also a solo by Miss Erminie Climo and a reading by Miss Laura Myles and Miss Hersey was a delight to all. Earnest thanks on behalf of the W. C. T. U. were also extended to Mr. W. H. Golding for a generous supply of pictures he contributed for the entertainment of all present.

Fine Old Gentleman Suffered 40 Years With His Kidneys

He even had Hemorrhages from the Kidneys, so you may know how bad he was. Yet today, at 67 years, Mr. Allen is able to do a good day's work or enjoy a long drive without the least pain. This is what Gin Pills did for him. They will do as much for you if you have any Kidney or Bladder Trouble.

Port Elgin, N. B. November 12th.

"I feel it my duty, for the sake of those afflicted with similar troubles, to send you these few lines about Gin Pills. I am about 67 years old and have been troubled with Kidney Trouble since I was 25 years old. This was brought on by my getting over-heated and then sitting on cold steps in a draught.

At last, I had Hemorrhages from the Kidneys. I went to three doctors and tried most everything on the market but got no relief. I got very weak, had pain and lameness in the Back; often, I had to lie down during the day and it hurt me to be on a wagon. I began to think there was no help for me. The bleeding continued for 16 months until I just happened to try Gin Pills which has now put an end to the trouble.

Now I can look back over 15 months at my relief from suffering and anxious care. I can do a lot of chores, drive all day, have no pain, although I am still taking 2 pills a week as they seem to make things easier."

JEREMIAH ALLEN

Gin Pills are sold by dealers everywhere at 50c. a box, 6 boxes for \$2.50. Trial treatment sent free on request. These pills can be had in the United States under the name "GINO" Pills.

WHERE IS THE BOOK? WHAT KIND OF BOOK DO YOU SEEK? I DID NOT KNOW THERE WERE OTHER KINDS OF BOOKS...

HOW TO BECOME A BIG LEAGUER

Frank Chance Tells Boys How To Play Ball

Frank L. Chance, who managed the New York Yankees and the Chicago Cubs, is now engaged in giving advice to young men who have ambitions to become great ball players.

"Remember one thing, boys, I am not going to preach to you, although at times I may appear to be doing so. I know that a 'kid' hates to hear his elders moralizing over some topic or other that has to do with his play and amusement.

"Physical condition is the greatest asset of a professional baseball player. As a matter of fact, the same is true of any person, whether he be boy or man, no matter what vocation he may follow.

"A boy possessed of a delicate constitution, who is growing up into a frail, sickly appearing youth may become a great athlete and a wonderful ball player if he sets about it right, providing, of course, that he has the natural ability and inclination to play ball.

"Temperance in all things is one of the keystone of success of the modern hero of the diamond. If a ball player leads an intemperate life he doesn't last long in the big leagues. He flounders up like a cork today, but tomorrow he is gone, relegated to some 'bush' league, where he either bitterly reproaches himself for having thrown away his life's opportunity or else tries to shift the blame from his own shoulders and unjustly accuses something else of being the cause of his failure.

"Good physical condition means good health. Good health is founded on clean living and the average boy who follows certain rules of living can acquire good health, even if he has the misfortune to be naturally frail physically. Good physical condition is one of the most important things in the make-up of a future big league star.

"Of course, not all ball players are strong physically. Some of the greatest players that the game has ever known have been far from robust.

"Take, for instance, Johnny Evers. When Evers first came to the Cubs he was as thin as the proverbial rail. He looked anything but the great ball player he was destined to become. In fact, his appearance was so much against him that it handicapped him at the start of his career, and I know of one manager who declared that he was too small ever to amount to much in the big leagues. But Evers had an abundance of some thing that many ball players lack. He had a big amount of nerve, and many a brilliant game he put up when he was far from being what we call in form.

"Evers naturally had to take pretty good care of himself. He knew it, too.

NURSE PROCLAIMS SKIN CURE

Myrtle Hahn Says D. D. D. Prescription is Worth Rockefeller's Millions to Her

"Ten years I suffered with eczema—three years of that time I could not appear in public. My entire body was covered with the disease. I could not eat. I could not sleep. I could not live. I have at last found the great Prescription D. D. D. My body is clean, smooth. If there were one bottle only of D. D. D. in the world, and I had it, Mr. Rockefeller's millions could not buy the golden fluid."

SPORT NEWS OF A DAY; HOME AND ABROAD

CURLING

St. Andrews Defeated in Boston

The three rinks of St. Andrew's curlers who are in Boston, met defeat on Friday in both of their matches with the members of the Boston Curling Club. In both matches one of the three rinks was defeated by an overwhelming score which completely wiped out the advantage gained by their colleagues. The following is a list of the skips and their respective scores:

Table with 2 columns: Name and Score. Includes St. Andrews, Amory, Thomas, Smith, and Donald.

BOWLING

City League

In the City League on Black's Alleys last evening the Sweepers took three points from the Braves. The score:

Table with 2 columns: Name and Score. Includes Braves, McKean, Logan, Teed, McLeod, and Bailey.

HOCKEY

Halifax After Big Teams

President T. Emmett Quinn, of the N. H. A., has been asked to send two teams to Halifax for a series there.

RING

Cabled Willard for Terms

El Paso, Tex., March 5.—The chances of a fight between Jack Johnson and Jess Willard were promoted today, even in the hopeful breast of Tom Jones, manager of Willard, when Jack Curley, promoter of the Juarez fight, cabled from Havana and asked Jones for his terms to go to Havana to fight.

A message was also received from Tex. Rickard, who promoted the Johnson-Jeffries fight at Reno, asking for Willard's terms to fight in Buenos Ayres.

Curley's figures taken to mean that Johnson absolutely refuses to go to Mexico.

McIntyre Training Gouthro

The Glace Bay Gazette says: Mickey McIntyre received word yesterday that the national amateur championship boxing bouts would take place in Boston on the 22nd of this month, instead of the last of April. This leaves about three weeks in which to get his protégé, Charlie Gouthro, in shape for the championship bouts, and they commenced working yesterday.

It was at first thought that young Gouthro could fight in the lightweight division, but it now appears that he will be eligible only for the welter class. McIntyre figures that if Gouthro trained down to 133 pounds it might possibly weaken him, so he is letting his boy go in as a welterweight.

News of the Boxers

If the amendment to the Frawley boxing law in New York is passed there will not be many anxious to promote boxing, for there would be little, if any, profit in the game. The amendment provides that after the state tax of 5 per cent. is taken out of the receipts of each show, 60 per cent. more be taken out and turned over to the city for school purposes.

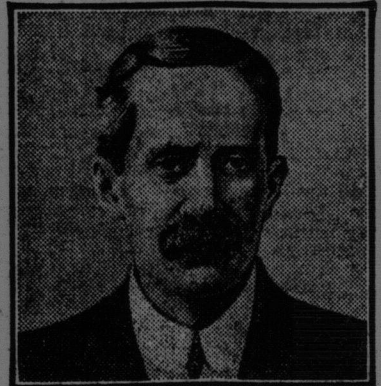

Sepper O'Neill, an English lightweight, was trounced in a 20-round bout in London the other night by Jim Tandy.

Johnny Summers, ex-welter-weight champion of England, might as well hang up the sign, "Gone out of business," for he has not shown that he can keep pace with the new crop of boxers coming up in that country. He took a severe beating from Kid Doyle, in London, the other night, in a 15-round bout.

Ad Wolgast will not have to pay so big an income tax as he did last year, when he gave his earnings as \$100,000. This year he figures his income for scrapping about \$6,000. That is due to the injuries he received.

WHOLE FAMILY USES THEM

"Fruit-a-tives" Keeps Young and Old in Solendid Health

J. W. Hammond, Ass.

Scotland, Ont., Aug. 23th, 1913 "Fruit-a-tives" are the only pills manufactured, to my way of thinking. They work completely, no gripping whatever, and one is plenty for any ordinary person at a dose. My wife was a martyr to Constipation. We tried everything on the calendar without satisfaction, and spent large sums of money until we happened on "Fruit-a-tives." I cannot say too much in their favor.

We have used them in the family for about two years and we would not use anything else as long as we can get "Fruit-a-tives."

Their action is mild, and no distress at all. I have recommended them to many other people, and our whole family use them.

J. W. HAMMOND. Those who have been cured by "Fruit-a-tives" are proud and happy to tell a sick or ailing friend about these wonderful tablets made from fruit juices. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

BASEBALL

Why James is Sore

Chicago, March 4.—It was said here today that Bill James declared he signed a three-year contract with the Boston Nationals only after he had received what he said turned out to be descriptive information regarding the financial strength of the Federals.

James' contract with Boston was said to call for \$4,000 a year for three years. It is said he signed it after he had declined an offer of \$6,000 a year from the Federals.

Information was given out that the big pitcher has made repeated efforts lately to get a contract from the local Federals. It was said that three messages came from him today, but that James refused to negotiate until after the Sherman law case has been decided.

Stallings Desires It

Macon, Ga., March 4.—Manager Stallings of the Boston Braves tonight commented on Bill James' claim that he was misled as to the financial status of the Federal League when he signed his Boston contract. Mr. Stallings says:

"James' contract with the Boston club was made with his own solicitation, and has two years to run. It was made in the presence of witnesses, at James' request. He dictated the terms of the contract and insisted upon the ten days clause being eliminated."

"He stated before the witnesses that

If he was given his figure of the contract he would be satisfied for the rest of his life. There could be no deceptive information, for the Federal League was not mentioned during the execution of the contract.

Whittet Signs With Philadelphia.

Durham, N.C., March 5.—George Whittet, utility man of the Boston Braves, announced here today that he has signed with the Philadelphia Nationals. He was traded with Dugue, utility infielder, to the Phillies for Sherwood Magee. Whittet will leave tomorrow for St. Petersburg, Fla., the Phillies' training camp.

Feds Blamed for Depression

New York, March 5.—The annual report of the National Baseball Commission, shows that the commission has not a large amount of money in reserve to use as a "war fund," as has generally been reported. In fact, the expenses of the commission were so high last season that the balance in its treasury is only \$1,686.07.

The commission's report also shows that it gave financial aid to the International League last season. Last September the commission made two loans to the International League, one of \$8,000 and another of \$2,500. The report also shows a refund from Ban. B. Johnston to the Buffalo club of the International League for \$9,218.65.

Having aided the International League financially last season, it is believed that the National Commission will also come to the aid of the league this season, if necessary. At the present time the International League is negotiating for aid from the commission.

Diamond Sparks

Honus Wagner, veteran shortstop, has signed his 1915 contract with the Pittsburgh-National League Baseball Club. The contract, which calls for \$10,000 a year, was the sixteenth he has made with the club.

Sherwood Magee, of the Boston Nationals, fell while at practice at Macon, Ga., suffering injuries that will probably keep him out of the game for several weeks. A tendon in his right arm was torn loose.

President Ed. Barrow, of the International League, announced that the International League season would probably open on April 27, with Toronto at Richmond, Rochester at Jersey City and Montreal at Newark. The playing schedule will include 140 games.

CHICAGO REPUBLICANS RUN YACHTSMAN FOR MAYOR

as the Heaven-chosen rulers of the world. The Salvation Army and a dozen other English and American intolerant and fanatical sects are chiefly responsible for this impious propaganda, the rooting out of which must be taken in hand immediately by the state authorities if Germany's religious status is to be saved from annihilation.

Whoever circulates these damnable heretical writings is a traitor to his country and must be treated as such. Away with the pharisaical English piety which has sapped the vitals of Germanism, and on which, as can be proved, lies the direct responsibility for the disasterly British attack on our national welfare, on our independent existence, and even for the war which is robbing us of the flower of our manhood.

The English sectarians and their works must be got rid of once for all and driven back to the kingdom of Satan, whence they originated. Then will the virile German people once again return to the real Christian faith.—Tagliche Rundschau.

VALUABLE WORK FOR BOYS AND GIRLS

February Reports Submitted to Playgrounds Association

THE TRAVELERS' AID

The Boys' and Girls' Clubs Flushing—The Employment Bureau Big Children's Procession Before Violet Day

Reports submitted at the meeting of the executive of the Playgrounds Association last night showed that its various activities are progressing well. The president, W. B. Tennant, was in the chair, and there was a large attendance of members.

Plans for Violet Day on April 3 were discussed, and Mrs. George L. Wetmore, chairman of the ladies' committee, said it was expected that at least three hundred young ladies would act as flower girls on that day. It was decided to have a procession of children on the Thursday preceding Violet Day. It was also reported that the Daughters of the Empire and others interested in the recent Patriotic Day were in hearty sympathy with the effort to strengthen the funds of the association for its work among the boys and girls of the city.

Miss Pitt reported for the Girls' Club that there had been twenty meetings in February, and there are fifty-six paid members. She had paid forty-six visits in connection with the work. The members of Miss Heffer's class in expressive reading are rehearsing for a play to be given in April. In connection with the work of the employment bureau, there were twenty-nine applicants and employment was found for twenty.

In connection with the Travelers' Aid, Miss Pitt attended eighty-six trains,

conducted eighteen persons to lodgings, helped twenty-eight in other ways, and helped three in a special manner. This work is for the benefit of women and children. The receipts of the Girls' Club for the month amounted to \$23.25.

Miss Heffer reported an average attendance of twenty-six at the physical culture classes during February.

Miss Hoyt for the Travelers' Aid attended one hundred and twelve trains, took eleven persons to boarding houses, besides giving assistance to a number of through travelers. One paragraph of her report says:—

"Assisted lady with child who lost her pocketbook was able to locate her relatives and after finding they lived out Loch Lomond road I was able to take her to them. Was also able to help a young wife to go to her husband; also a girl of sixteen years who arrived in the city seeking employment."

For the Boys' Club Superintendent Howard reported a membership of eighty-five, and an average attendance of forty-seven. He dealt personally with parents in two cases; boys, ten cases; girls, three cases; visited two homes; attended four court sessions; visited schools twice and reported three cases to the police. He held four conferences with employed officers; one with the truant officer, and two with Miss Britton at the King's Daughters' Guild, in connection with his work. The indoor athletic sports at the club each Wednesday night are growing in interest and they are crowded for floor space. New features are to be introduced into the gymnasium work. One evening each week is set apart for reading and quiet table games, and on the preceding evening twenty-five boys spent practically the whole evening in reading.

Both the Boys' and Girls' Clubs acknowledge receipt of donations of various kinds for their work. A group of ladies are much interested in the work of the Boys' Club.

BYE-LAW MATTERS

Robert McAllister was fined \$10 by Magistrate Ritchie in the police court this morning for violating section 85 of the street traffic bye-law. He pleaded guilty to allowing his horse to stand in King street for more than five minutes without a head weight or foot strap.

A case against Dennis Murphy for alleged violation of the coachmen's rule at the Union Depot was continued. Several witnesses testified and the case was set aside until Monday morning to give the defendant a chance to procure another witness.

The Man In The Street

If the winter isn't broken, it's certainly badly bent. . . .

The person who stole General Lesard's lunch while he was here yesterday could not have been so awfully hungry—he left the basket behind.

Say it, Yoursself!

"Police men just come and go under the present conditions," says local news note, but do you remember what some of them used to do under the old conditions?

But the question is "Who's going next?"

If the progress that the allied fleets have made in the Dardanelles has already caused a 80 cent drop in flour in St. John, bread should be back to its former price when they've taken Constantinople.

Price of beer has been raised in Germany; now watch for an overwhelming demand for pence.

Signs of spring—Coal men swamped with orders this week.

Town planning expert due today; wonder what he will think of that city barn in the middle of Elm street and the stables at King street east and Carmarthen street.

Circumstances Alter Cases

The Standard, discussing civic estimates, "in such conditions economy is not only a virtue but a stern necessity."

The Standard, discussing Hon. Dr. Pugsley's similar suggestion for commission estimates—"Mr. Pugsley is not worthy of the confidence of the people of his constituency."

Any one who remembers the old market administration will agree that Ex-Alderman Vanwart is quite consistent in his desire to see a return of the old system; "the reason."

One of the great needs of the city in dealing with the civic government problem is a statement by some of the more intelligent leaders of public thought in order that the rank and file may be enabled to judge more accurately of the forces for and against the proposed change. Among others we would like to hear from several distinguished citizens who were relegated to private life by the commission system.

If we cannot get all the public improvements we want slam the commission; if we have to pay for those we insisted on getting, throw a brick at the commission form of government.

What Is An Alderman Worth?

The man in the street was figuring industriously on the back of an envelope

propped against the telegraph pole at Chubb's corner.

"What's doing—figuring out your share of the war tax?" he was asked.

"No; I am just trying to find out what a city commissioner would be worth if he were paid at the same rate as the aldermen were. We gave them \$200 a year and they did less than one day's work a month for the city. At the same rate, if they gave their entire time to the city as the commissioners do, they would get \$2,000. But each man was expected to do only one seventeenth of the work while each commissioner does one-fifth of the civic business. On that basis the commissioners each would be entitled to \$17,000 a year instead of the modest salary of \$2,000. Seems to me we are getting better value for our money."

A question agitating the public mind today is expressed in the following query: "Who wrote the letter signed 'John W. Vanwart' in last night's Globe?" It has been suggested that a guessing contest be started in connection with the problem, and the proceeds given to the Red Cross Fund.

Four of the present commissioners were in the city council under the old system. If they are such terrible fellows now, what would happen if there were seventeen of them?

With great pride the Globe last evening opened its surprise package for the citizens of St. John. When opened it revealed the smiling features of Ex-Alderman Vanwart.

It will not now be necessary to employ a detective to find out that the ex-chairman of the safety board is one of those behind the demand for a return to the ward system. But who is behind the ex-chairman?

A Local War Incident

A Charlotte street merchant was in serious danger of being mobbed on Thursday afternoon. The circumstance which led to the demonstration was a matter of which he was ignorant until the offense to public ideas was pointed out to him. He has been using in his windows pictures supplied by a news service as an advertising feature. The set shown on Thursday included one depicting the surrender of Russian troops to the Germans. This was promptly noticed, and a crowd, breathing threats of laughter, soon began to collect.

Several policemen were attracted to the scene, and were uncertain whether the merchant should be protected from the mob or arrested as a pro-German. With the aid of his solicitor, who was hurriedly summoned, the merchant managed to explain that he had not noticed the nature of the picture, and the lynching bee was called off. The joke is on the merchant, as he, instead of being a German, is of Russian birth.

Macaulay Bros. & Co., King Street, St. John, N.B.

Our Stores Open 8.30 a.m.; Close 6 p.m. Each Evening During January, February, March.

Novelties in Men's Easter Neckwear

Our Easter stocks of Neckwear are now complete and on display, ready for your choosing. Every effect and style that the particular man desires will be found in this showing. INLAND REVENUE MAY TAKE GRIPS WITH MAPLE SUGAR MATTER

This Year's Product Reported on Sale, Though Trees Have Not Yet Been Tapped

Bogus maple candy, the annual spring time fraud, again has made its appearance on the market and is being sold by some dealers as the genuine article.

As a matter of fact there is no real New Brunswick maple products available yet because there is no sap from which to make it. The maple groves might encourage some to believe that the sap is being drawn this early but an expert said this morning that no man who owned maple trees would attempt to tap them before March 25 at the earliest.

A little matter like this does not worry the manufacturer of the imitation article. With brown sugar at six and a half cents a pound and, possibly, a little maple flavoring or some old sugar left over from last year he gaily proceeds to produce his spring crop of maple candy. The fact that the stuff is offered for sale by farmers, in some cases, is no guarantee of its genuineness as many of the farmers are quite as ready as any one else to take advantage of this chance for quick profits.

By some peculiarity of the pure food laws penalties are provided for selling imitation maple honey or maple sugar as the real thing but no mention is made in the act of maple candy or "taffy" and this increases the difficulty of guarding against the fake stuff. The fact that most of it is marketed in the little birch bark baskets may make it look as if it came from the woods but it does not.

One of the unfortunate features of the practice is that it discourages the producers of the genuine products. A maple grove is a valuable investment on which the owner has to look for profits. For even a moderate sized grove the evaporator will cost about \$100 and the other equipment another \$100. The collection of the sap and work of making the candy involves much labor, the extent of which may be realized when it is said that thirty gallons of sap is required to make one gallon of syrup. These things make it impossible for the real maple products to compete in price with the imitation, especially if the cream of the early demand is skimmed by the cheaper brown sugar stuff.

The attention of the inland revenue officers has been drawn to these conditions and an effort is being made to arrange steps under which the maple men may be given some better protection.

CAPT. C. J. MORGAN HAS MENINGITIS

St. John Soldier Stricken in England—Is in Hospital Under Dr. MacLaren's Charge

The news that Captain Cuthbert J. Morgan, of this city, has been stricken with spinal meningitis was received this morning by his sister, Mrs. Frank L. O'Regan. The announcement came from the British War Office, through the department of militia, Ottawa. The wife conveyed the information that Captain

CAPTAIN C. J. MORGAN

Morgan is now in Netheravon Hospital, Number 1, near Salisbury Plain. As this hospital is in charge of Dr. Murray MacLaren of this city his friends can be assured that he will receive the best of medical attention.

The militia department promised to keep the family informed of Captain Morgan's many friends here. He was one of the most popular of the younger officers who left St. John with the first contingent. Further news of his condition will be watched for eagerly.

Mr. Morgan was active in the 62nd Regiment before the outbreak of war and was one of the first officers from that Regiment to volunteer for foreign service. He was appointed as first lieutenant in the 12th Battalion with the company composed of St. John men. After reaching England he was promoted to the rank of captain and was made instructor. When he left St. John his great anxiety was to get to the front as soon as possible.

PROBATE COURT

The court today dealt with the matter of the estate of Hugh Andrews, machinist. He died intestate leaving his wife, four sons, one of whom William is of the 26th Battalion, and six daughters. On the petition of Mrs. Andrews and those of the children who are of age Hugh Andrews, a son, was appointed administrator. There is no real estate. Personalty, including a leasehold, is \$5,000. Francis Kerr is proctor.

ST. DAVID'S SOCIAL

The annual Sunday school social was held in the lecture room of St. David's Presbyterian church last evening. There was a large attendance and the excellence of the arrangements ensured a good time for all those present. After supper there was an excellent programme of music and recitations and a display of pictures from the reflectoscope.

COULD NOT PLAY

The members of the Thistle Curling Club were keenly disappointed today that the weather conditions were unfavorable for their intended match with Moncton curlers. On Friday night they picked their representatives and made all necessary arrangements for the entertainment of their prospective guests, but this morning the committee in charge decided that the weather was too warm and the ice would not remain firm long enough to permit the playing of the match. They therefore sent a message to Moncton advising them not to come.
