LIKELY TO BE LAID IN WESTMINSTER

General Desire That Lord Strathcona Be Buried There

RELATIVES PROBABLY AGREE

His Own Wish Was to Be Buried Beside Wife in Highgate, North London—Further Tributes Paid to Late High Commissioner

(Canadian Press)

New York, N. Y., Jan. 22.—A London cable to the Herald says: "There is a general desire that Lord Strathcona be buried in Westminster Abbey. Bishop

This photograph of the high commissioner for Canada was taken on his last year's flying visit to Canada, when he was in Montreal for a day or so, after returning across the Atlantic on the fastest steamer he could find.

Byle said last night that the wish probably would be gratified.

At the funeral service, King George and Queen Mary will either attend in person or will send personal representatives from the royal family. The Queen Mother Alexandra is expected to attend. The funeral will be on next Monday.

Hundreds of messages of condolence were received by Lord Strathcona's daughter from all parts of the world, particularly from Canada. Among those sent was one from the Duke of Connaught to the secretary of state for the colonies, as follows:

"Please accept my expression of very deep sympathy from the Duchessa of Connaught and myself. Lord Strathcona's (Continued on page 7, sixth column.)

WAR OVER OCEAN RATES DECLARED

Pool Re Organized With Hamburg-American Line Left Out

Paris, Jan. 22.—The delegates to the North Atlantic shipping conference re-organized the combination today, leaving out the Hamburg-American line. A notice excluding that company and declaring a state of war between it and the other lines was afterward issued.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Summary.—The disturbance which was over New England yesterday has passed the eastward of Newfoundland, and is now moving quickly towards the west.

Disclosures.—The disclosure proceedings in the matter of Burpee A. Greer insolvent were continued before Judge Forbes this morning. Isaac Webber and Miss Greer were examined. C. F. Sanford appeared for Baird & Peters, a creditor, and Dr. W. B. Wallace, C. C. for Mr. Greer.

Royal Edward In Port Comes up Bay in Storm Without a Pilot

No Trouble About Navigation There, Says Captain Wotton—His Views on Pilotage Steamer Has 272 Passengers and 1,977 Packages of Mail

After one of her stormiest voyages across the Atlantic the Royal Mail steamer Royal Edward, of the Royal Line, came into port this morning and docked at the Intercolonial pier where she landed her 272 passengers and 1,977 packages of mail matter.

A liberal coating of ice on her hull and rigging bespoke the rough, cold passage from Bristol. The Royal Edward left Bristol on Jan. 14 at 9 p. m. and up to the following noon experienced fair weather, making 379 miles. Her log shows the following mileage and weather conditions for the remaining days of passage, noon to noon.

Friday, 16th, 396 miles, southerly gale with high seas.

Saturday, 17th, 454 miles, gale increased in fury, shifting to north-west, very high seas.

Sunday, 18th, 408 miles, southwest and westerly gales, moderating.

Monday, 19th, 402 miles, south and southwest gales, high seas.

Tuesday, 20th, 292 miles, blizzard from northwest of hurricane force, exceptionally high dangerous seas.

Wednesday, 21st, 406 miles, wind from northwest, moderating, accompanied by snow squalls.

Thursday, 22nd, 305 miles to Partridge Island, arriving about eight o'clock, south-west to northwest gales, snow and thick weather.

Chief Officer Fear said this morning that on Tuesday, the 20th, the steamer encountered terrific weather in which considerable care had to be used in handling her. A blizzard was blowing from the northwest, making a very heavy cross sea, which piled almost masthead high and through which the steamer had to force her way, her decks awash with almost every sea, but she rode through it without sustaining any damage.

Only 202 miles, however, were made on that day.

No Trouble In Bay Captain Wotton, who is in command of the vessel, said that he experienced no difficulty in bringing the steamer up the Bay of Fundy and he did not pick up the pilot until the steamer was just off Partridge Island. On account of the thick weather and snow squalls prevailing it was necessary to take soundings every ten minutes, as neither the light nor Gunn's Rock lights were sighted.

The Royal Edward brought fourteen saloon, eighty-one second class and 177 third class passengers and a good cargo of general freight. She had also 1610 sacks of mail and 867 packages of par-

cel post, which were loaded into four small cars. The unloading was started about half an hour after arrival.

A Fine Ship Built on practically the same lines as the Royal George, the Royal Edward is a fine ship, excellently equipped and well officered. The passengers this morning spoke very highly of the treatment and attention that had been accorded them on the voyage. The following are the names of the officers: Captain, F. M. Wotton, R. N. R.; chief officer, E. T. C. Fear; 1st officer, Lieut. Bradley, R. N. R.; 2nd officer, Mr. Cavill, R. N. R.; 3rd officer, Lieut. Clarke, R. N. R.; chief engineer, C. H. Boddy, M. I. M. E.; surgeon, A. Delbert Evans, M. B. B. S.; purser, Arthur Costley, assistant purser, M. R. Hamant, chief steward, F. W. Cooper and matron, Mrs. A. Burrington Ham.

The Royal Edward holds the trans-Atlantic steamship records, both westbound, from land to land—Fastnet to Cape Race—in 8 days, 14 hours, and from dock to dock, Bristol to Montreal—in 11 days, 20 hours.

As soon as possible after the arrival of the steamer a start was made at unloading of the mails and they were all out of the vessel a little after one o'clock. The mails, as well as the first and second class passengers left by special train over the C. P. R. The third class passengers were taken to West St. John and they will be examined and sent forward.

As to Pilotage Captain Wotton will leave this evening to meet with the officers of his company in Toronto on matters concerning the vessel. He expected to return on Monday. Captain Wotton is an advocate of preferential pilotage, as is customary in Liverpool, but at Bristol or Canadian ports. At Liverpool the steamer captains can choose their own pilots but here they have to accept what is offered on the vessel.

In reference to the statements made that the Bay of Fundy was dangerous for the navigation of large vessels, Captain Wotton said that he experienced no difficulties, even with the odds of a fierce snow storm against him, but was able to make his way into the bay without the assistance of a pilot.

The first class passengers on the Royal Edward were S. A. Allen, Captain; James A. Parbury, Mrs. Farley, infant and nurse; C. R. Gilmour, R. Kann, J. G. Macintosh, A. L. Miller, M. Nichol, Jr., A. A. Reid, G. S. Sheperdson and G. H. Smith.

REPORTER DENIES ATTEMPT TO BLACKMAIL MISS MacVANE

Case of Interest Here as Her Mother Belonged to St. John

Rome, Jan. 22.—Cicada, a reporter of a Socialist newspaper in Naples, who is on trial for an alleged attempt to blackmail Dorothy MacVane, a young American singer, after she told a story of being treated as a spy at Toronto, denied the charge. He said that Miss MacVane offered to pay him if he would print her photograph and praise her voice in the newspaper for which he worked.

Miss MacVane is a daughter of the late Professor Silas M. MacVane, a native of P. E. Island, and former professor in Harvard. He married Miss E. Grace deMille, sister of F. E. deMille, of St. John. Professor MacVane died in Rome a few days ago, and was buried there on last Tuesday.

DISCLOSURE PROCEEDINGS The disclosure proceedings in the matter of Burpee A. Greer insolvent were continued before Judge Forbes this morning. Isaac Webber and Miss Greer were examined. C. F. Sanford appeared for Baird & Peters, a creditor, and Dr. W. B. Wallace, C. C. for Mr. Greer.

Fair and Cold. Fresh northwesterly winds, cold today and on Friday.

RESTRICT GROWTH OF ARMAMENTS

Lloyd George Wants Halt Called in Navy Expenditure

THE PRESS SUPPORTS HIM

Cabinet Meeting Today to Decide Upon Financial Feature of the British Naval Programme For Coming Year

(Canadian Press)

London, Jan. 22.—The cabinet will hold an important meeting today, to decide upon the financial feature of the naval programme for the coming year. Since Winston Spencer Churchill has been head of the Admiralty, he has spent money lavishly in speeding up construction, with the result that the expenditures have exceeded the estimates, by nearly \$25,000,000 and by reason of this, David Lloyd George for the first time since he has been chancellor of the exchequer, is faced with a budget deficit. Hence his anxiety to bring about a halt in naval expenditure.

Mr. Churchill, however, insists upon four new dreadnoughts being laid down the coming year, together with further speeding of all naval construction, which will involve an additional expenditure of between \$10,000,000 and \$15,000,000.

The London Times, parliamentary correspondent recently said: "The movement in the Liberal party against increased expenditure on the navy estimates has grown rapidly and a hundred members are now enrolled who desire that the growth of expenditure shall be stopped. It looks as if the reduction of armaments committee on the Liberal side will be revived, for the formation of a Liberal committee to consider this subject." (Continued on page 7, fifth column.)

TRAMPING HOME FROM HALIFAX TO MAINE, DIES IN RAILWAY TOWN

Thomas Stockwell Was Being Cared For by H. C. R. Men When He Suddenly Expired

(Special to Times)

Moncton, N. B., Jan. 22.—Thomas Stockwell, an American, tramping from Halifax to his home near Portland, Me., died suddenly in the I. C. R. round house here this morning. He was one of the crew of an American schooner, which was run down off Cape Hatteras by a British tramp, and after floating about in the ocean for some time, he and four companions were picked up by a passenger liner and landed in Liverpool, England.

From Liverpool he was shipped by the American consul to Halifax, but he said the consul at that port declined to assist him. He had tramped to Moncton and was given food and shelter by some roundhouse employes. It is supposed that he ate too heartily after his long fast. He has a wife and two children living near Portland.

Moncton, N. B., Jan. 22.—Responsibility for the murder of Thomas Dally, and Henry and Arthur Jane, non-union miners, who were shot to death in their beds at Palmdale, on December 7, was not fixed by the coroner's jury at the conclusion of the inquest last night. The verdict was that the men came to their death at the hands of persons unknown by means of rifles fired from outside the Dally home.

The case is also being investigated by the special grand jury, which is inquiring into disorders resulting from the copper miners' strike. The three men slain were British subjects. The Janes came here from Toronto.

Will Be Deported. New York, Jan. 22.—Antonio Cupertino, an Italian immigrant, who became violently insane and shot and killed Dr. Arrigo Giannone, an Italian government immigration inspector, on the steamship Berlin while approaching Gibraltar on January 12, last, was brought into court today. He will be deported.

At Voting Stage Today. Washington, D. C., Jan. 22.—The project for a government-owned and operated railway in Alaska was up for a vote in the senate today after nearly two weeks of debate. Senate leaders were confident it would pass by an overwhelming non-partisan vote.

RECONSTRUCTION AT FREDERICTON

Clarke as Attorney-General; Murray Agricultural Commissioner and Landry Provincial Secretary

A Fredericton despatch says:—"Lieutenant-Governor Wood and private secretary, who have been in Ottawa for the last ten days, arrived here at noon today. This afternoon His Honor will preside in Hon. George J. Clarke, of St. Stephen, as attorney-general; Hon. J. A. Murray, of Sussex, as commissioner of agriculture, and Hon. Dr. Landry as provincial secretary."

In conversation with The Times over the long distance telephone Premier Fleming said at one o'clock that he could make no announcement regarding the changes in the cabinet until he had consulted the lieutenant-governor and that he had not had an opportunity to do so today.

According to general reports it is taken for granted that the new member to fill the vacancy caused by the resignation of Hon. W. C. H. Grimmer would be Hon. George J. Clarke, of St. Stephen, who has been speaker of the house, and it was supposed that he would become attorney-general. It was said that Hon. Dr. J. V. Landry would give up the portfolio of agriculture to become provincial secretary and that Hon. J. A. Murray would become minister of agriculture. There seemed to be some doubt whether the additional forecast member would be appointed at present. J. K. Pinder has been reported eager for office. The friends of A. R. Slipp have been eager that he should get in but he is also mentioned for the speakership, a claim, however, which would be contested by the present deputy speaker, W. B. Dickson.

BANK OF ENGLAND CUTS ITS RATE DOWN TO 4 PER CENT

German and French Action Gives Hope of Another Reduction in Week or Two

London, Jan. 22.—The Bank of England was enabled today to reduce its minimum rate of discount to 4 per cent owing to a further material improvement in the monetary situation both here and abroad and to the settlement of the South African general strike.

The fact that the German bank rate also was lowered today and the belief that the French bank rate will soon follow suit make the market confidently anticipate a further reduction of the English bank rate in a week or two.

Rogers Leads in Race For The London Post

Graham, McBride and Hazen Have Equal Chances After Him—Rogers Said to See Disaster For Government

(Special to Times)

Ottawa, Jan. 22.—The Hon. Robert Rogers is still leading in the hunt for the high commissionership in London. He frankly views the place and is organizing all the forces at his command to obtain it.

Among Conservative members in the House of Commons there is a good deal of doubt as to the wisdom of allowing Mr. Rogers to leave Canada before the next general election. They say that he is the only man in the party with capacity for organization and that without him the administration would be in a poor way. There is a feeling that Mr. Rogers sees disaster ahead for the party and has determined to get out while the going is good.

Sir Hugh Graham, Sir Richard McBride and Hon. J. D. Hazen seem today to have equal chances after Mr. Rogers provided always that Premier Borden does not decide to take the London post himself.

A FOOT OF SNOW AND TWELVE BELOW ZERO

Winter For Certain in Fredericton—Fruit Growers' Convention Opened

(Special to Times)

Fredricton, N. B., Jan. 22.—Last night's snow-storm was the most severe which has visited this section this winter. Nearly a foot of snow fell during the afternoon, and the thermometer went down to twelve below. Trains on the Gibson branch railway are stalled until the morning.

The annual meeting of the N. B. Fruit Growers' Association was opened this morning in the city council chamber with President G. W. Vroom in the chair. The attendance of delegates is not yet large. An address of welcome was delivered by Mayor Hooper and President Vroom replied briefly. The latter also spoke of the work of the association and advancement being made in fruit-growing in New Brunswick.

Inspector, on marketing and packing of apples, was briefly discussed.

JURY FAILS TO FIX RESPONSIBILITY FOR MURDER OF MINERS

Houghton, Mich., Jan. 22.—Responsibility for the murder of Thomas Dally, and Henry and Arthur Jane, non-union miners, who were shot to death in their beds at Palmdale, on December 7, was not fixed by the coroner's jury at the conclusion of the inquest last night. The verdict was that the men came to their death at the hands of persons unknown by means of rifles fired from outside the Dally home.

The case is also being investigated by the special grand jury, which is inquiring into disorders resulting from the copper miners' strike. The three men slain were British subjects. The Janes came here from Toronto.

THE STEAMERS

C. P. R. Liner Montezuma was 73 miles off Partridge Island at 9:30 o'clock this morning and is due to dock at West St. John this evening between 5 and 6 o'clock.

Allan Limer Pomeranian, from London and Havre for this port, was absent from the pier at midnight last night.

The Andania, of the White Star Dominion Line, arrived at Halifax this morning from Liverpool.

Steamer Campanello, from Rotterdam, arrived at Halifax at 8 o'clock this morning.

Allan Limer Hesperian, sailed this morning for Liverpool direct with sixteen saloon, forty cabin and 400 third class passengers, besides mail and general cargo.

MOVING UP

The Calendar Here is January—and the merchants are talking Spring. Just run your eye over the advertising in today's newspaper and you see news of white sales, announcements of exhibitions of spring cottons, and even hints at the secrets of the Spring styles.

Merchandise used to move by season. Now it moves by advertising. There are no dull seasons for the live retailer. He is always ahead of the public—and the public, always eager for the new things, is mighty glad of it. There is no better example to be found anywhere of the power of persistent advertising coupled with good merchandising than the success of these January sales which, all over North America, are announced through newspaper advertisements.

IS NEWS TO HIM, SAYS JOHN KEEFE

Alleged Differences Between St. John River Commissioners

BANGOR SENDS OUT STORY

Says Canadians and Americans on Board Do Not Agree and That Development May Be Held up—Mr. Powell Does Not Take Report Seriously

Rumors of a serious difference of opinion between the Canadian and the American members of the International St. John River Commission which are said to be liable to cause great delays in water power development projects are contained in a communication dated from Bangor, Me., appearing in the American Lumberman, a journal published in Chicago.

The statement made is that the Canadian members consider the working boats at Van Buren and elsewhere a violation of the Ashburton treaty, and that consequently another treaty should be negotiated to cover the present situation. The American commissioners, the article says, do not consider a new treaty necessary. It is said that the negotiation of a new treaty would take several years and that the uncertainty regarding its terms, in the meantime, would make it impossible to proceed with the development of water power on the river and the several such schemes now under consideration would be greatly delayed.

This somewhat sensational sounding report does not receive much support from the St. John men who are in a position to know the facts and who are interested in the matter under discussion.

John Keefe, one of the Canadian members of the commission, when asked about the matter, said that the Canadian members had made it a rule not to discuss matters in advance of their report, but added that the story of the difference of opinion between the Canadian members and their American associates was all news to him. "We are working along towards the completion of our report," he said, "and we fully expect to agree upon a unanimous report which will be satisfactory to all parties."

H. A. Powell, Jr., who is legal counsel for the company interested in the development of power and the construction of pulp and paper mills at Grand Falls, was not inclined to take the report seriously. He said that he had not heard of the possibility of any such delays and he was not disposed to give credence to the report unless it was confirmed from an authoritative source. The article mentioned is as follows:

THE ST. JOHN RIVER LOG-BOOMING PROBLEM

Bangor, Me., Jan. 10.—Maine lumber and pulp interests owning property along the St. John River are not encouraged by the latest report that has been made concerning the attitude of the International St. John River Commission, which since the summer of 1909, has been investigating conditions along that stream respecting its use for lumbering and other purposes by the inhabitants of Maine and the Province of New Brunswick. The commission's chief object (Continued on page 4, fifth column.)

DETECTIVE FINDS DYNAMITE UNDER SEAT OF STOLEN WAGON

Toronto, Jan. 22.—Dynamite enough to blow the city hall into atoms was discovered by Detective Galtier yesterday afternoon, wrapped up underneath the seat of a stolen wagon, which he had recovered for a farmer residing in Pine Grove.

The detective carried the dangerous parcel into the office of Inspector Kennedy, and after the latter official examined the explosive dynamite was thrown into the bay for safety. The police are investigating.

C. OF E. SYNOD COMMITTEES

The committee on constitutions and canons of the Church of England Synod met this morning and routine business was transacted. The proceeds of the fund for the superannuation of the clergy have increased and several applications were considered by the committee for the Widows and Orphans Fund. The committee on theological study appointed Rev. W. J. Wilkinson secretary.

Halifax, N. S.

at Ottawa: Hon. A. Beck, now being named in opposition to Hon. Mr. Hanna as premier for Ontario to succeed Sir James Whitney, and Sir Hugh Graham of Montreal, whose claims do not carry so much weight in view of political influences in Ontario.

Mr. Law, M.P. for Yarmouth, N. S., intends bringing the matter of the Cobquid wreck into parliament. He has several questions on the order paper in this connection, amongst others being one as to the stashing of the Lansdowne on the night of the wreck, and whether there was a light on the buoy marking Trinity ledges.

Mederic Martin, of Montreal, introduced his bill again today, calling for bi-monthly pay on railways. J. A. Sinclair of Guyboro, introduced a bill today allowing coasting captains to go as far south as the river La Platte, in view of extensions of trade.

The Best Quality at a Reasonable Price

## Quality in Diamonds

Your first consideration in buying Diamonds should be Quality, the second, Price. From either standpoint the Diamonds we offer are equally attractive.

While many different grades of Diamonds exist, we sell only the finer qualities, Diamonds full of fire and brilliancy, white, clean and well cut.

You are cordially welcome to examine our stock to compare prices and qualities.

## COAL WITH EVEN LASTING HEAT

A Kind to Make Home Fires Bright and Cheery

Bright cheery heat holding fires are not the rule when coal is of poor quality. The Consumers Coal Co. are selling a high grade free burning American hard coal, free from unburnable weight adding material—a kind producing even lasting heat and leaving a small amount of ash. You should try this kind of coal for the sake of economy, in addition to the cheerfulness of the fires it makes. Consumers Coal Co., address is 361 Charlotte street (opposite Broad street); Phone M-2670.

**MR. HAZEN SAID TO WANT LORD STRATHCONA'S POST**

Ottawa, Jan. 21—It is reported here that Hon. J. D. Hazen is one of those seeking the post of Canadian High Commissioner as successor to Lord Strathcona, but Hon. Robt. Rogers, the "man behind the throne," in the Borden government, is said to have the inside hand. He can compel Mr. Borden to hand the plum to him if he so desires. Other names mentioned in connection with the post are those of Hon. Mr. Perley, oldest and closest confidant of Mr. Borden.

Big Rush For Seats at Opening Today—L. L. & B. Show Will be Huge Success

It is not only the play and the capability of the cast that are bound to make the L. L. & B. production of "When We Were Twenty-One" at the Opera House a huge amateur success, but bright, attractive, snappy chorus and dancing specialties will prove an additional feature. The specialties are from the most recent successes on the Great White Way, and are being rehearsed under the baton of J. A. Kelly, with a chorus of pretty girls, stalwart youths, and pleasing voices. John McCloskey has the play well in hand and with D. J. Corr and Miss Stella Pyne in the leading roles, supported by a clever cast—well, enough said! The exchange of seats at the Opera House opened this morning with a most encouraging demand, so that it would be advisable to arrange for yours early. Just take this tip—make your selections now!

## Tailored to Order Suits and Overcoats

## Still Many Suits and Overcoats Worth \$18 to \$30 Offered at Half Price--\$9 to \$15

This Make-Ready-For-Tooke-Furnishings is a logical sale with an appealing reason.

You have been surfeited with sale news of cheap ready-mades -- or what our English friends call "clothes off the hook"-- but here I present you with real bench-tailored Suits and Overcoats made by men tailors.

Semi-ready is not ready-made, mind you that; Semi-ready outranks the sutler type of clothes.

## MARSH MELLOW WHIP

For preparing delicious desserts 35c a Jar

**EDUCATOR WHEAT BRAN**  
Once tried, always used 20c a Package

**BIRD'S EGG SUBSTITUTE**  
Very useful in the home 15c a Tin

Here's a lot of Odd Trousers—the kind that help make a Suit last twice as long.

One lot worth \$4.00, \$5.00 and \$6.00 for \$2.95  
One lot worth \$5.00, \$6.00 and \$8.00 for \$3.95

Some good Suits and Overcoats still left for choosing at Half Price.

Extra Special—Fine Serges and Dress Suits included in a Semi-ready Sale for the first time.

All my extra fine new goods of this season's models—not a garment has been here for more than four months—I include them just so you will not be disappointed should you not find what you want in the Half Price lots:

\$15.00 Suits and Overcoats	\$11.00
18.00 Suits and Overcoats	13.00
20.00 Suits and Overcoats	16.00
22.50 Suits and Overcoats	18.00
25.00 Suits and Overcoats	20.00
28.00 Suits and Overcoats	22.00
30.00 Suits and Overcoats	24.00

Come along—I am merry and cheerful even while I lose on every sale. For I want the room--must have it for R. T. Tooke Shirts, etc.

The St. John Evening Times is printed at 27 and 29 Cassebury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

A HINT FOR ST. JOHN

As will be seen from the report published in another part of to-day's Times, the movement for tax reform is making great headway in the city of Halifax.

It is interesting to note that Mr. Justice Russell is an active member of the new tax reform association in the neighboring province. One of the reasons for his attitude is admirably set forth in a letter which he has written to the Halifax Chronicle.

He points out that if a thousand or even a hundred others could be induced to do what he has done, every man, woman and child in Hubbards would be better off than they are to-day.

There is a significant movement of growing force in Great Britain in favor of a reduction in armaments, and at least one hundred Liberal members of parliament have presented their views to the government, protesting against the steadily growing burden imposed by what Mr. Lloyd George in a recent press interview described as "organized insanity."

The Ottawa correspondent of the Standard is a nice gentleman. Referring to the proposed bill for a repeal of the navy he says: "There is no navy and no immediate prospect of one until there are a few funerals from the senate chamber."

One of the "undeniable facts" which this Mr. Bissett, whoever he may be, presents is the statement that, "the harbor of St. John has a rise and fall of tide of about forty feet."

Having been convicted by the Times of gross misrepresentation of the board of trade, the Standard this morning courteously and genially refers to the "bought and paid for Times," and adds: "As to what the Times may think about it does not matter for the greatest evidence that a newspaper is trying to be decent and truthful is to be found in the fact that it occasionally incurs the enmity and displeasure of a sheet with the record and reputation of the Evening Times."

One of Mr. Borden's Nationalist supporters is giving his leader some trouble. He is giving notice of a bill to repeal the Laurier naval act. This, of course, would precipitate a discussion of the whole naval question, which Mr. Borden is anxious to avoid.

BIRTHDAYS OF NOTABILITIES

THURSDAY, JANUARY 22. Dr. J. A. Macdonald, editor of the Toronto Globe, who reaches his fifty-second birthday today, has the reputation of being the best known Canadian among the people of the United States.

LIGHTER VEIN

#### USE THE SCHOOL BUILDINGS AS SOCIAL CENTRES

Some Information For St. John People Concerning This Great Movement and Its Results

Washington, Jan. 20.—Miss Margaret Woodrow Wilson, eldest daughter of the President, rose from her seat in the audience, at a Civic Improvement meeting here Monday night and made a plea for the movement to have the schoolhouses of the country opened to the public as "social centres."

"The social center movement in the final analysis," she said, "is the fundamental principle of democracy. No matter how cultured we are we cannot get ideas alone and we must get together and get them from each other."

As an illustration of what one educational institution in the United States is doing to promote the development of civic and social centres and the wider use of school buildings, it may be noted that the University of Wisconsin several years ago established an extension division department of general information and welfare, which has ever since been issuing bulletins relating to the subject.

The bureau also placed the services of an advisor at the disposal of committees throughout the state, to aid them in the organization of local centres. The bureau deals also with problems of public welfare, giving information when sought in relation to food, hygiene, sanitation, to economic, political, social and ethical questions; to problems of general and special education; to conservation of resources; to agricultural, engineering, manufacturing and commercial conditions; to child labor; to municipal problems; to the abatement of noise, dust and smoke; to water supplies and garbage disposal; to the distribution of life in country and in city; to home furnishing and decoration; to landscape design and outdoor art; to architecture, to music and to art in general; and to any of the varied problems of local government methods, giving information whenever asked.

The bureau also maintains a loan library, gives subjects for formal debates, with list of references for both sides; makes arrangements for special lectures on matters of civic promotion, without charge; encourages correspondence study and in every way seeks to promote the movement for a wider use of existing public property. It is noted that in a number of cities the demonstration of the value of providing facilities for outdoor recreational and social activities in connection with the public school is resulting in a very great increase of the size of the school ground, so that it may not only include a playground for the children, but swimming pool, ball fields, tennis court and neighborhood park for the whole community. The conception of the public school plant as the nucleus of the neighborhood social centre, of course, implies, not only the beautifying, but the wider use for social and recreational purposes of the grounds about the school building.

#### I. L. & B. ASSEMBLY

The assembly conducted by the members of the Irish Literary and Benevolent Society last evening in their rooms in Union street was a bright and enjoyable event. There was a large gathering and all thoroughly enjoyed the programme of dances for which music was furnished by Kelly's orchestra. The choruses were Mesdames R. E. Fitzgerald, M. T. Morris, Joseph Henneberry, F. B. Fitzgerald, John Daley, and L. Callaghan. During the evening solos by M. T. Morris and special exhibition dances by John Callaghan proved very popular and helped make the time even more delightful. The committee in charge carried out arrangements most satisfactorily.

#### GET RID OF PILES AT HOME

Simple Home Remedy. Easily Applied Gives Quick Relief and Prevents All Danger From Operation

Send for Free Trial Package and Prove It in Your Case.

Don't even think of an operation for piles. Remember what the old family doctor said: Any part of the body cut away is gone forever. #### MORNING NEWS OVER THE WIRE

In connection with the escape of John Krafchenko at Winnipeg, a confession was made yesterday by his guard, Robert Reid, saying that he had supplied the prisoner with rope, revolver, and key. He implicated Percy Hagel, John Buxton and John Westlake, and said that the details of the escape were planned in the office of the prisoner's lawyer, Hagel.

At the meeting of the Northumberland County Council yesterday a resolution was passed protesting against paying the assessment of \$2,286 for the support of county lunatics in the provincial hospital. The resolution was ordered sent to the legislature.

Angus and William McKensie of New Bedford, C. B., have been arrested in connection with the mysterious death of Jack McDonald, who was found dead after three weeks' disappearance.

#### Defence Reaction In Australia

National Demand For Retrenchment, But No Change In Policy

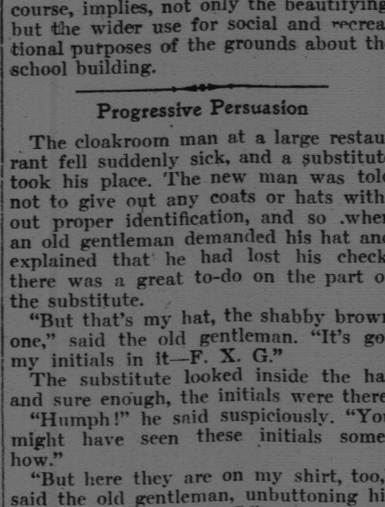

(Melbourne Correspondence, Manchester Guardian)  
No feature of the closing weeks of the extraordinary session of the federal parliament, which will have ended by the time this letter reaches Manchester, was more remarkable than the violent reaction in both parties against the equally violent rush into vast naval and military commitments during the past four years.

It is not a reaction against the Australian navy policy or against the principle of compulsory training of cadets and youths for a conscript army. Both policy and principle remain unassailed in parliament. But the reaction against the expenditure system introduced when both policy and principle were tacitly accepted is far-reaching. The fact is that Australian statesmen have discovered that at the present rate of expenditure the nation is heading straight for a defence vote of £10,000,000 a year, or more than £2 a head. With a population of under 5,000,000 and only about 1,000,000 breadwinners, members of both Liberal

#### Painful Corns Removed

By New Painless Remedy

Everyone of those stinging corns can be peacefully and quickly removed by Putnam's Corn Extractor. It's really a marvel how

Putnam's Corn Extractor takes out the corn right by the core. It is a neat, clean, FREE, that Putnam's Extractor does—no remedy so quick and sure as a 25c. bottle of Putnam's Extractor—sold and recommended by druggists.

#### WHERE PREMIER WHITNEY LIES DYING

IN THE TORONTO GENERAL HOSPITAL

Premier Whitney arrived in Toronto on the morning of the 19th of January. He came the 500 miles from New York in his private car and was transferred to the General Hospital, and has been occupying this bedroom.

#### PASTOR RESIGNS

Rev. J. M. McLean, pastor of St. John's Presbyterian church, Charlottetown, N. B., has announced that he has decided to retire from active service, his resignation to take effect about May 1. Mr. McLean has been pastor of St. John's church for the last fifteen years and his intention to retire has been learned of with regret by his congregation and by the Presbytery of Miramichi in which he has so long been an earnest and efficient worker. Mr. McLean will spend some time in Cape Breton, where his pastors still reside.

#### Joint's Quit Aching, Nerviline Drives Soreness Away

NO MORE STIFFNESS, PAIN OR MISERY IN YOUR BACK OR SIDE OR LIMBS!

Wonderful "Nerviline" is the Remedy. A marvelous pain reliever. Not an ordinary liniment—just about five times more powerful, more penetrating, more pain-subduing than any liniment, oil or ammonia liniment. Nerviline fairly eats up the pain and stiffness in chronic rheumatic joints, gives quick relief to those throbbing pains, and never burns or even stings the skin.

"Rheumatism kept my joints swollen and sore for ten years. My right knee was often too painful to allow me to walk. In this crippled tortured condition I found Nerviline a blessing. Its warm, soothing action brought relief I had given up hoping for. I rubbed on quantities of Nerviline and improved steadily. I also took Ferronine at meal-time in order to purify and enrich my blood. I am today well and can recommend my treatment most conscientiously."

(Signed) "C. PARKS, "Prince Albert."

Not an ache or pain in the muscle or joints that Nerviline won't cure. It's wonderful for lumbago and sciatica; for neuralgia, stiff neck, earache and toothache. Nerviline is simply a wonder. Best family liniment known and largely used for the past forty years. Sold by dealers everywhere. Large family size bottle 50c., small trial size 25c. Refuse a substitute, take only "Nerviline."

PROBATE CASE HINTS AT ACTION AGAINST THE PUBLIC HOSPITAL

Mrs. Wm. A. Galbraith to Sue Because of Death of Husband There Nine Years Ago. The probate court took up the matter of the estate of William A. Galbraith, testator. He died in March 1905, leaving his wife and four children, ten infants. On the petition of the widow, Elizabeth Galbraith, she was appointed administratrix. There is no real estate. Personal estate is \$100.

Restrict Growth of Armaments. The London Daily Chronicle recently said: "To a country like England, with its insular position and its dependence on foreign sources for so large a proportion of its food supply, a supreme navy is, of course, indispensable. With us command of the sea is a maxim of state policy. But when our superiority is uncontested in ships and guns and men it is not patriotism but wild unreason to go piling up the costs and incurring the expense of armaments."

STAY OF MANDATE IN THE DYNAMITING CASES. Chicago, Jan. 22.—A stay of mandate in the dynamiting cases was granted by the United States Court of Appeals here yesterday.

RECENT WEDDINGS

A Calais notice.—Mr. and Mrs. Clair D. Croft of Rolling Dan, N. B., announce the marriage of their sister, Helen Isabel, to Charles Frederick Sears, at Rolling Dan on Monday, Jan. 19. The groom is a well known young resident of this city.

HIS LEG AMPUTATED

It has been necessary to amputate the leg of William Hoy, the I. C. R. fireman, who was seriously injured in a slight collision between passenger and switch engines in Moncton yard some days ago.

WRECK REPORTED BUT OFFICIALS ARE IN DOUBT

St. Paul, Minn., Jan. 22.—It is rumored that a serious wreck has occurred near Pembroke, North Dakota, on the Great Northern Railroad. Unconfirmed reports state that forty-two had been killed. Railway officials declared they doubted the report.

THE McLELLAN CUP

Pictou defeated Macan curlers today, 86 to 35, in defence of the McLellan cup. Pictou will play Chatham next. Carroll of Pictou scored a seven end.

Sir James' Condition

Toronto, Ont., Jan. 22.—Sir James Wilton spent a somewhat restless night, but is in a fair condition this morning.

USE THE WANT AD WAY

LIKELY TO BE LAID IN WESTMINSTER

(Continued from page 1)—lofty ideals, his splendid patriotism, as well as his distinguished services as high commissioner, have long been a source of pride and stimulus to his native country. Among Lord Strathcona's many great qualities, his truly magnificent generosity was probably the most outstanding, and his memory will ever be kept green in the dominion as the generous man of Canada.

Lord Strathcona's own wish was to be buried beside his wife in Highgate Cemetery, North London, but in view of the public desire that the dead statesman should find a resting place either in the Abbey or in St. Paul's Cathedral, his relatives are likely to yield.

Restrict Growth of Armaments. RECENT DEATHS

John J. MacNeven, aged forty-nine years, died at his home in Leominster, Mass., on January 20, 1914. He was a native of Scotch Settlement, New Brunswick, and had lived in Leominster about sixteen years. He leaves his wife and five children.

At South Branch on Monday morning Mrs. Margaret Murray, widow of Thomas Murray, died at the age of eighty-one years. Her maiden name was Margaret Curran. She is survived by two sons, Thomas and Ferguson, and one daughter living in Chicago.

The death of George Lutz took place in Moncton yesterday. He was 88 years of age. Mr. Lutz was born at Lower Convent, Albert Co., but has lived in Moncton the greater part of his life. He leaves besides his wife, who was formerly Miss Margaret Leaman, two sons, Harvey and George. The eldest son, Harvey, is a resident of Moncton, and one sister, Mrs. George, is connected with the Bank of Nova Scotia, and is at present living in Port Elgin. He is also survived by three brothers and three sisters.

The death of Nellie Currie, wife of H. B. Currie, occurred at her home in Ferryville, Miramichi. She leaves her husband and three young children and was also survived by two sisters, Mrs. Harry Haviland of Ferryville, and Mrs. Norman Clark, of Loggieville; and four brothers, John, Andrew, Thomas and James Currie.

Miss Matilda Saunders, aged 65 years, of Lower Wakefield, died on Saturday morning at the home of her niece, Mrs. Coleman Sharp. She is survived by her brother, Owen Saunders, Grand Falls; and one sister, Mrs. Martha Tarmenger of South Sackville.

In the Royal Victoria Hospital, Moncton, on Tuesday, Charles Merritt of Centerville, Carleton County, passed away. He leaves his wife and three married daughters, two residing in Southern Maine and one in Western Canada.

DR. RAINSFORD'S BIG GAME HUNT IN EAST AFRICA

He Has Been in New Brunswick After Game in Several Seasons. Dr. W. S. Rainsford, long rector of St. George's church, Stuyvesant Square, New York, who quit preaching to become a hunter of big game, has made a report of the big game country in Africa, of which he had charge, for the purpose of acquiring for the American Museum of Natural History specimens of animals that are fast disappearing. The expedition set out some time ago, for the domain in East Africa, where the big game is becoming denuded of its prizes through the license system in British East Africa, which permits a discussion of the value of expert guides and modern deadly rifles.

LEAVE OUT IN FIFTY DEGREES BELOW ZERO

B. F. McCreedy, who is staying at the I. O. F. Rainford Sanatorium in the heart of the Adirondacks, New York, writes under recent date to the Moncton Transcript as follows:—"Referring to the recent cold wave, I may say that on Wednesday morning, Jan. 14, the thermometer on the Rainbow Sanatorium third floor porch registered 50 below zero. Tuesday morning it registered 42 below zero, and all day Tuesday, 19th, it kept down to 30 below, getting colder as night came on. The patients sat out on open porches the usual hours, while four or five of the patients slept out at 50 below zero."

ADVANCE IN PRICES

Federicton dealers have received word of the advance in prices of the following: Lard and evaporated apples, one quarter of a cent a pound, and cheese one-half of a cent a pound.

NOVA SCOTIA ORGANIZING FOR TAX REFORM CAMPAIGN

Striking Addresses at Meeting in Halifax — An Association Formed to Promote the Movement — Mr. Justice Russell an Advocate — Board of Control Approves

(Halifax Chronicle.) "Tax the land but do not tax the man who comes and puts up a business." — Doctor Bryce. "Halifax is so iron bound, that something will have to burst when the city starts to do anything." — J. C. Mackintosh. "The City Fathers want a good deal of pushing." — J. C. Mackintosh. "The property exempted from taxation in Halifax is equal to three of its six wards. This is dominion and imperial government property. The Dominion government pays Ottawa \$100,000 annually for the privileges it obtains in that city. Is it right that Halifax should stand for that amount of exemption?" — (Applause.) — John McKean. "These were some of the sentiments expressed at the meeting at the board of trade last evening."

Change is Coming That the city is approaching a change in its system of taxation was very forcibly declared by the temperance lecturer, Doctor Bryce, at the meeting of the Civic Improvement League held in the board of trade rooms. The meeting had as its primary object a lecture on housing by Dr. J. C. Bryce, medical officer of the department of the interior, Ottawa. The programme was further strengthened by a short, but spirited, speech by John McKean who when moving a vote of thanks for the address of Doctor Bryce, touched on matters very close to the interests of Halifax, and touched with no light hand. Following Mr. McKean, Controller O'Connor assured the meeting that the board of control was in accord with an improved system of taxation, that they were intending to move in the matter very soon. He pleaded for the people to give time to the board of control, that they would rise above the problems, and that whatever weaknesses may be seen at present were the fault of the old system of things under which they were still laboring. There was a very large attendance with an enthusiastic spirit prevailing the meeting.

A meeting is called for Thursday evening at which all citizens interested in the question of tax reform are asked to be present.

Housing Problems J. C. Mackintosh was chairman, and introduced the lecturer, Doctor Bryce, in a quiet conversational manner, plainly told of the different solutions for the housing problems that face the various Canadian cities. The greatest evil at the root of the difficulties was the wrong system of taxation. There was an unearned increment which the municipality should possess itself of. In many towns of Canada in recent years of the great growth of the country there had been tremendous speculation, and in those cities which did grow, when it came time for them to expand and find room to locate their working classes, land was at a price beyond their control, and beyond the purchase of the laborer. The man who owned this land had done nothing to improve it, yet was reaping the whole benefit of the increased value which had been brought about by the growth of the city in which he had taken no part but to speculate. This increase in value was the unearned increment, and the lecturer thought surely a portion of that value belonged to at least the municipality.

Urged People to Unite. Doctor Bryce urged upon the people of Halifax the necessity of getting together, having a public meeting and demonstrating to the city rulers of Halifax that something must be done to improve the present condition of things. "Tax the land, but do not tax a man who comes and puts up a business," declared Doctor Bryce. In closing he referred to Halifax as the door of Canada, and the city should fit itself for that honor which was hers, for there was on this continent no city with the magnificent situation that Halifax possessed.

The Situation is Serious. Mr. McKean said that Halifax was handicapped in doing the many splendid things suggested by Doctor Bryce, in the very fact of that basic evil—a wrong system of taxation. He was surprised at the Christian people of Halifax worshipping at the shrine of such a system, but one thing of which he was sure, they would never be charged with idolatry, for such a system had not its equal in heaven or earth. — (Applause.) Mr. McKean referred to the possibilities of Halifax as a distributing centre, but merchants were driven away by the taxation that would be levied upon them were they to use any portion of the Halifax water front for storage purposes. If Halifax were made an ex-

Next To Consumption. There Are More Deaths From PNEUMONIA Than Any Other Lung Trouble.

Pneumonia is nothing more or less than what used to be called "Inflammation of the Lungs" can be contracted from others, but as a rule, pneumonia is caused by exposure to cold and wet, and there is only one way to prevent pneumonia, and that is to cure the cold on its first appearance. Dr. Wood's Norway Pine Syrup will do this for you if you will only take it in time. Mrs. Wm. M. Steeves, River Glade, N.B., writes:—"Please allow me to express my gratitude for the presence of Dr. Wood's Norway Pine Syrup in the house, for I believe, it saved our little boy's life. Three years this fall we were in the lumber woods, and it was very hard to get a doctor to us, and our little boy got pneumonia, and was very ill. He only relief he could get was to take Dr. Wood's Norway Pine Syrup, and with the combined use of the Syrup, and your British Troop Oil Liniment, he soon got better, and was around in a couple of weeks. It certainly is a good remedy. Price, 25 and 50 cents. Be sure and get "Dr. Wood's" when you ask for it. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

pensive city to live in by taxation, there will surely be stagnation. Mr. McKean believed that Halifax had come to a pass where things were very serious and something should be immediately done to relieve matters. There was now another increase in taxation by the "surgical operation" which had been going on in the South End. "You penalize capital by taxation, and capital being sensitive away it will go," said Mr. McKean in conclusion.

Tax Reform Association. A meeting was held at the board of trade rooms yesterday afternoon to organize a tax reform association. John McKean was by motion asked to take the chair, and in doing so explained the objects of the meeting, pointing out the great necessity for improvement in our methods of taxation.

Controller O'Connor was present, and spoke but was obliged by another engagement to leave the meeting early. W. W. Shatford expressed himself as cordially favoring the movement for reform.

On motion of Mr. Justice Russell, seconded by Principal O'Hearn, the following resolution was passed unanimously: Resolved, that we who are present do form ourselves into an association for the purpose of securing a reform in the system of municipal taxation throughout the province with a view to placing the burden of the property tax on land values by the progressive elimination of the present tax on improvements, and that any person in the province in sympathy with these objects be eligible for membership, and that any society or association in the province having like objects in view may become affiliated with this organization.

ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

SOCIAL SERVICE CONGRESS; BIG MEN TO ATTEND

Three Days Session in Ottawa; All the Churches Uniting in It

The first Canadian national social service congress is to be held in Ottawa on March 3, 4, and 5. It will be held under the auspices of the Social Service Council of Canada and the National Committee of the Suppression of the White Slave Traffic. In these two federations the following Canadian bodies are officially represented—The Church of England, the Baptist church, the Trades and Labor Congress of Canada, the Salvation Army, the Evangelical Association of North America, the Methodist church, the Congregational church, the Presbyterian church, the Catholic church, the Dominion Grange and Farmers' Association, the Canadian Purity Education Association, the National Council of Women.

It is expected that delegates will attend the congress from all church courts, labor organizations, farmers' granges, local and national councils of women, W. C. T. Unions, Y. M. C. A., local churches, local temperance societies, provincial, national and social reform councils and other bodies in sympathy with any or all of the reforms to be considered at the congress. There are indications that not fewer than 500 delegates, and possibly double that number, will be in attendance.

The following subjects will be considered:—The Weekly Rest Day and National Wellbeing, The Value of the Social Survey, The Problems of the City, The Church and Industrial Life, Child Welfare, The Problem of the Country, The White Slave Traffic, its extent, its consequences, its causes, its cure; The International Treaty for the suppression of the white slave traffic, immigration, gambling, political, purity, temperance and prohibition, the federation of churches and other bodies for social uplift, international peace, the care of defectives, the care of criminals, etc. Among the distinguished speakers of world-wide reputation who have promised to be present and take part are: Prof. Graham Taylor, dean of the School of Civics and Philanthropy, associate editor of "The Survey" magazine, etc., Chicago; Rev. Charles Stedie, consulting sociologist, New York; Dr. Charles S. McFarland, general secretary Federal Council of the Churches of Christ of America, New York; Hon. Stanley W. Finch, prosecutor of white slave traffickers for the government, Washington, D. C. Among distinguished Canadian speakers are expected: His Royal Highness, the Duke of Connaught, patron of the National Committee for the Suppression of the White Slave Traffic; the Most Reverend Archbishop Matheson, primate of the Church of England, Winnipeg; the Most Reverend Archbishop McNeil, Toronto; Right. Hon. R. L. Borden, Right. Hon. Sir Wilfrid Laurier, P. W. Crothers, Hon. W. J. Roche, M. D., Hon. W. J. Hanna, Hon. Rudolph Lemieux, Controller McCarthy and James Simpson, Toronto; Rev. C. W. Gordon, D. D. (Ralph Connor) Winnipeg; Rev. Prof. Geo. C. Pigeon, D. D., Vancouver; Rev. W. Aikens, Toronto; Mrs. F. H. Torrington, Mrs. Wil-

"After all, there's nothing like FRY'S"

FRY'S Cocoa—Every Drop is Nourishment

Dr. Andrew Wilson, the eminent British authority, once said of the cocoa bean—"It is a kind of vegetable egg which contains all that is needed to build up a living body." Tea and coffee are mere infusions—but cocoa is an actual food in itself. Elderly folk should remember that Cocoa, made the FRY way, from a selection of the world's choicest cocoa beans, is pure, extremely soluble, and of delicious aroma and flavor. Nearly two hundred years' experience and knowledge of the cocoa business stand back of FRY'S.

Remember "Nothing Will Do But FRY'S"—All Particular Grocers Sell It

Trade Supplied by J. S. FRY & SONS, Limited. Turro, Montreal, Toronto, Winnipeg, Calgary, Edmonton, Vancouver, Victoria.

roughly Cummings, LL. D.; Dr. Hastings, M. H. O., Toronto; Miss Marie Christine Ratter; Hon. F. D. Monk, M. P., Professor Andrews, Regina; E. S. Spence; Rev. S. D. Chown, D. D., Rev. Dr. Andrew W. Grant, W. Buchanan, Rev. J. A. Macdonald, D. D., and Rev. W. M. Rochester, B. A.

A VIGOROUS REFORMER

To the Editor of The Times:—Sir, I see that Sergeant Finlay had reported about twelve of the laborers on the new elevator for working in the city without a license. These men were probably induced to come to the city by the board of trade, or the local immigration bureau, and you bet your life that neither of these excellent institutions mentioned the fact that St. John still retained that relic of the dark ages, the "head tax." It should be up to those two bodies mentioned to pay the head tax for the strangers, whom they enter here with their boosting tactics, or else, let them get on the warpath and make the city cut it right out. Then let them get right after the housing problem for the working men who are already here, instead of bringing strangers here to find when they arrive that there is no work for them, and Sergeant Finlay waiting to soak them for the head tax (and incidentally to get his commission—Commissioner McLellan please note this—for collecting the same). The city had better put a head tax on the inmates of the "road houses" and other houses of ill fame only too well known, the owners of which flourish exceedingly, and go tax free except maybe for a license to conduct their house in their own way, like a certain lady in the same.

Sheffield street, referred to in the late police investigation. It is about time that some reconstruction of the taxation machinery was undertaken. The lecture given by J. R. Brown on taxation of land opened the eyes of some folks. There are a crowd of political grafters and land sharks in this city, who should be run right out of it, and then let some of the best and straightest of the leading citizens, whose "hands are clean" and who have no axe of their own to grind, run the tax question, housing of the working class, young girls off the streets at night, schools as social centres and other matters requiring immediate attention. We should then be sure that these problems would be handled in the best interests of the city, free from political and other ways that are dark and tricks that are vain. EDWARD HOLLY.

MISTAKES IN NAMES The man who asked the bookseller for Professor Drummond's "Nux Vomica," when his mistress had sent him for "Pax Vobiscum" must have been a sort of mental cousin to the errand-boy who asked over the publishing-house counter for "The Little Monster," by the author of "The Widow's Thumbs." The man behind the counter knew his Barrie sufficiently well to give him "The Little Minister."

It was probably either a suffragette or a House of Commons policeman who inquired for "She Swoops to Conquer" when Goldsmith's masterpiece under a somewhat similar title was required, and it is at least as probable that the man who asked for "The History of the Uninhabited Island of the Pacific, by One of the Natives," was returning from a missionary meeting. A country clergyman of an evangelist hold of mind wrote to a London publisher requesting him to forward a copy of a recent publication entitled "New and Contrace Hearts." After the lapse of a week the publisher's clerk replied, "We regret to be unable to supply 'New and Contrace Hearts' as we are out of stock ourselves and there are none to be obtained in the city." The small boys who go from one publishing house to another picking up odd orders for some book-seller or other, armed with a canvas bag, into which they thrust their gleanings, are responsible for many "bulls." One of them puzzled completely the expert behind the counter when he asked for "Many Sins of Judge Hawkins." Light only dined

when he tumbled to the fact that for "Many Sins" the word "Reminiscences" should be substituted. But even this did not take the prize, for another youthful genius asked for "The Social Evolution of Kidd's." Still another asked for "Hetty Homer." He was sent back for further instructions and returned with a note asking for "Ecce Homo."

But even this did not take the prize, for another youthful genius asked for "The Social Evolution of Kidd's." Still another asked for "Hetty Homer." He was sent back for further instructions and returned with a note asking for "Ecce Homo."

Traveler's Tact. "A young man who had just been engaged as commercial traveler by a Manchester firm was warned that the great fault of his predecessor had been want of tact. The young man started out, and, to the surprise of his employers, orders began to come in at a quite unprecedented rate. The climax came when a big order was sent in from a firm with whom the wholesale house had had a bitter quarrel, ending in a total stoppage of business. The traveler's employes sent for him on his return and asked him how he had managed that particular miracle. "I used tact, sir," was the reply, "as you warned me to. When I got to Mr. R's shop he came up and asked me what firm I represented. Remembering the circumstances, I handed him my card and said, 'Why, these blooming idiots!'"

A Single Application Banishes Hairy Growth. (Toilet Talks.) Much interest is manifested among beauty specialists in the new, pain treatment for superfluous hairs. It consists of a paste which is made of a little powdered delatone and water applied to the objectionable hairs about 2 or 3 minutes, then rubbed. Following this treatment the skin should be washed to remove the remnant and it will be left free of hair or bristles. Care should be used that it is delatone you get, otherwise result may be disappointing.

Don't Persecute your Bowels. Cut out catarrhs and hemorrhoids. They are a nuisance—annoyance. Try CARTER'S LITTLE LIVER PILLS. Fully reliable. Act gently on the liver. Always ready to soothe the delicate membrane of the bowels. Care guaranteed. Beware of cheap imitations. Sold everywhere and by mail. Small Pills, Small Doses, Small Fry. Genuine must bear Signature.

DR. A. W. CHASE'S CATARRH POWDER 25c. Is sent direct to the diseased part by the Improved Blower. Heals the inflamed, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower from Dr. A. W. Chase, 111 E. Madison St. or Edinboro, Pa. & Co., Toronto.

GRAND UNION HOTEL. Opp. Grand Central Station NEW YORK CITY upward. Baggage to and from Station Free. Send 2c stamp for N. Y. City Guide Book & Map.

Small Pills, Small Doses, Small Fry. Genuine must bear Signature.

Doctors Tell Council of Need For New Hospital Council Will Ask Authority for \$300,000 Loan Issue for Purpose—The Architect's Fees—Will Engage Expert—Prison Farm Project Rejected

Discussion of hospital matters occupied the greater part of the time of the municipal council in session yesterday from 2 p. m. till after midnight, with an interval of one hour and a half in the evening. A strong plea on the part of Dr. W. W. White for proceeding immediately with the hospital not only on account of increased accommodation for patients...

Dr. White then proceeded to speak of a criticism of some persons first appeared to think the hospital was going to be rather for the rich than the poor. He said the hospital was for the rich and poor alike and full accommodation would be provided for the latter. He dwelt on the old idea that a municipal hospital was to be ranked with municipal institutions such as the charitable...

GOT RID OF BRONCHITIS

The worst feature of bronchitis is the tendency to return year after year until the system is worn out and gives way to consumption, or other ravaging disease. Dr. Chase's Syrup of Linsseed and Turpentine owes much of its great popularity to the fact that it positively cures bronchitis, and this is about as severe a test as can be made of a medicine of this kind.

IN SUCH PAIN WOMAN TORE HER CLOTHES

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound. Malone, N. Y.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a lot of good. I first heard of it when I was a girl and I always said that if I ever had female trouble I would take it."

NERVES ARE SORE AND PAINFUL

Neuritis, or inflammation of the nerves, is the most painful or nervous ailment. You may feel the soreness of tenderness throughout the body, or it may be confined to certain nerves. In the head it is called neuralgia; in the hips and legs, sciatica; in the face, tic douloureux; and in the chest, intercostal neuralgia.

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial? Especially if you could try it for fifty cents!

Peppars little tablets, neatly wrapped in air and germ-proof silver foil. They contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the capillaries and tiny air sacs in the lungs.

DRUGGIST WOULD NOT GET THEM

So She Ordered Them By Mail The people of the United States appreciate GIN PILLS quite as much as do we Canadians. They have tried GIN PILLS—have found that they cure all Kidney and Bladder Troubles—and they won't be beguiled into using anything else.

Having taken 2 boxes of your excellent GIN PILLS, they relieved me so much that I am quite satisfied with the results. I gave an order to my druggist about three weeks ago to send me some more. Nothing has come yet and I had to borrow a box from a lady friend who was also using GIN PILLS. I have none left and I am sending you \$1.00 for three boxes which I would ask you to send at once as I am not well so well when I am without GIN PILLS.

If you are taking GIN PILLS, have any trouble in getting them, write us direct. We will send you any quantity at the regular price of a box, 6 boxes for \$2.50, and will also arrange with a dealer in your vicinity to handle GIN PILLS so that you can always get them without inconvenience or delay.

Don't take substitutes. Nothing else is "just as good" or "just the same" as GIN PILLS—and you can't afford to risk your health and waste your money when you know that GIN PILLS will give prompt relief in all cases of Kidney Disease, Pain in the Back, Swollen Joints, Suppression and Incontinence of Urine, Rheumatism, Sciatica and Lumbago.

GIN PILLS are especially useful in the treatment of all Female Troubles and diseases arising from Impure Blood. They build up the whole system—50c. a box.

"A LADY OF QUALITY" FINE

Cecilia Loftus Makes an Impression in Five-Reel Imperial Play No less a personage than Cecilia Loftus, metropolitan star actress, who is at the present time supporting William Fawcett in a Shakespearean season at His Majesty's Theatre, Montreal, was seen in a highly artistic production of "A Lady of Quality" at the Imperial Theatre yesterday.

HEART WAS SO BAD Could Not Do Her Housework

Many women get run down and are unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung. To such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

APOLI & STEED'S PILLS

Are the acknowledged leading remedy for all Female Complaints. Recommended by the Medical Faculty. The genuine bear the signature of Wm. Milburn. Beware of cheap imitations. No lady will be benefited unless she gets the genuine. Solely sold by The T. Milburn Co., Limited, Toronto, Ont.

Greater than Panama's Bridge of Water

The Panama Canal is the logical outcome of the trend of modern commerce—it is monumental evidence of the present-day need for shortening distance—for lessening time and for reducing cost of distribution between maker and consumer.

In point of distance, the Panama will bring the Pacific nearer to the Atlantic by 1,000 miles. In point of time, the sea voyage between Halifax and Vancouver will be shortened by 24 days. In point of cost, the canal will very materially lessen the expense of carrying freight between these places.

It is Advertising— It is the quickest— It is the most direct— And it is the cheapest— means of communication between the maker and user of goods.

For instance, Advertising enabled a manufacturer in Nova Scotia to carry a demand for his product from his factory to the Pacific Coast — in a few days — at an insignificant cost compared with slower and more laborious selling methods.

In one week, thousands learned of his product where it would have taken years for the news to get around without advertising.

To the Manufacturers of Canada: If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lansden Building, Toronto.

You will be alert to take advantage of the Panama route for the physical transportation of your goods. Have you considered how quickly, how far, and at what small cost the Advertising Trade Route will carry demand for those goods?

Milburn's Heart and Nerve Pills are 50 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

# GRIM RECORD OF THE SEA IN 1913

## Details of Worst Disasters Of Year LOSS MANY MILLIONS

### In Money Value the Wrecking of the Clan Mackenzie Takes First Place—Burning of the Voltorno Worst in Toll of Human Lives

Some illuminating figures have been compiled which give a startling idea of the toll of the sea. Since the beginning of January, 1913, the liabilities of underwriters up to and including the end of November amounted to \$32,042,500, or \$1,000,000 in advance for the same period last year.

During the eleven completed months of last year there have been 5,382 accidents of all descriptions to vessels of 400 tons gross and upward, collisions being responsible for 1,820, strandings for 1,832, weather damage for 889 and fire and explosions for 453. No fewer than 216 ships—62 British and 154 foreign, aggregating 468,910 tons—were totally lost.

The most sensational disaster of the year was the destruction of the liner Voltorno by fire in mid-Atlantic with the loss of 180 souls, while more than 300 passengers and crew were rescued by a fleet of eleven rescue ships.

From the financial point of view, however, the Voltorno takes a comparatively low place, for the disasters to the Clan Mackenzie, the Lamport and Holt liner Veroness and the French liner Admiral Exelmans all resulted in claims on the market ranging individually from \$750,000 to \$1,000,000.

**Year's Biggest Losses**

The following table indicates many of the principal losses for the year, with the value of the ship and cargo, as far as they can be stated:

Ship	Value
Clan Mackenzie, Clan liner, Mercury for India, wrecked near Cadix, with valuable general cargo	\$1,000,000
Veroness, Lamport and Holt liner, outward bound from Liverpool to South America, wrecked near Vigo	950,000
Eastwell, wrecked at Yonahon	650,000
Estonia, Russian East Asiatic liner, abandoned on fire, bound from Gothenburg to Japan	500,000
Voltorno, Canadian Northern liner, on charter, bound from Rotterdam to Halifax	325,000
Haddon Hall, wrecked in Saldanha Bay	300,000
Dampmill, wrecked off Cape Agulhas	250,000
Admiral Exelmans, French liner, wrecked off Cape Pal-	

mas while bound from Havre to East African ports	750,000
Tyrone, wrecked on Otago Head, New Zealand	750,000
Canterbury, foundered off Karatsu	500,000
City of London, sunk through collision, reported from Cleveland, Ohio	225,000
Aberlour, wrecked on Azalea Reef, Naurs for Antwerp	200,000
Hektor, wrecked at Dyer Islands	185,000
Breiz Huel, foundered in Monte Bay	250,000
Peruvia, Narvik for Emden (missing)	225,000
Glenalvon, sunk in the Elbe	215,000

**Other Big Sea Disasters**

Other big casualties seriously affecting the underwriting market were as follows:

- Gardenia, sunk through collision in North Sea.
- Clarence, wrecked off Marsh Point, Hudson Bay.
- C. C. Hand, American lake steamer, sunk after being on fire.
- Merced, wrecked at Point Gardia, San Francisco for Portland.
- Tell, stranded near Cape Canari.
- Kinnell, sunk through collision near the Scaw.
- Cyclops, wrecked near Montevideo.
- Ville de Toulon, dredger, foundered while in tow.
- Regina Margerita, sunk at Genoa.
- Paulina, ashore at Daily Bay.
- Troga, wrecked at the South Orkneys.
- Christiana, sunk near Borkum after collision.
- Astellero, sunk near Sicily after collision.
- Poseidon, missing, Newcastle for Spessia.
- Parana, ashore at Montevideo.
- Alm Chim, wrecked by explosion at Baltimore.
- Amfrid ashore at Cape Eugano.
- Fred Jones, dredger, destroyed by fire.
- Agadir, R. M. S. P., stranded at Masagan.
- Boston, new Dutch liner, stranded near Hartlepool, on trial trip.
- Auchenard sunk outside Liverpool after collision.
- La Blanca, damaged in collision with Auchenard.

**SUGGEST BURIAL IN WESTMINSTER ABBEY FOR STRATHONA**

London, Jan. 22.—The passing of Lord Strathona has commanded widespread attention, evoking from all quarters expressions of sympathy, coupled with lavish tributes to the great empire builder.

The suggestion has been made in certain quarters that a public funeral service be held at Westminster Abbey or St. Paul's Cathedral, and the body entombed in either one or other of the two famous crypts, but it is believed that the Baroness Strathona, following the known indications of her late father, would prefer to have him buried beside his wife and companion of seventy years.

**TAKE MYADVICE**

## JURY DISAGREES IN PINDER CASE

Fredericton, Jan. 21.—Disagreement by the jury on practically every point except two, which are conceded to the plaintiff, will render necessary argument by counsel as to whether or not a verdict will be entered in Stewart vs. Southampton Railway.

The jury found unanimously for Mr. Stewart in answering the question as to whether he was entitled to remuneration for expenditure of his own money in early construction, but this only amounted to \$162.75.

By more than the required majority the jury also found that the directors of the company did not allow Mr. Stewart sufficient time to complete his financial arrangements for building the road before they took action in cancelling the contract, the count on this standing six to two.

On the important questions, however, as to whether misrepresentations were made to the company by Mr. Stewart or his solicitor and as to the damages for loss of contract, the jury split four to three on each question and after two and one-half hours' deliberation their finding was accepted and they were discharged by the court.

It required five jurors to return an answer in the affirmative and on each point four found there had been misrepresentation.

Three were opposed and four found no damages should be assessed, while three believed Mr. Stewart was entitled to damages but did not fix the amount.

Mr. Carvell had left on the evening train for Ottawa before the jury returned and argument as to whether a verdict shall be entered had to be deferred until another session of the court. A new trial is a possibility.

**Mother Knows Her Bay**

Jenny, go find Johnny, see what he is doing, and tell him to stop it right away.—Life.

## ANNUAL MEETINGS OF PRESBYTERIAN CONGREGATIONS

Several of the Presbyterian churches of the city held their annual meetings last evening. Those of St. Andrew's, St. John's, and the Carleton church were postponed on account of the weather.

**St. David's.**

The meeting in St. David's church was well attended. Rev. J. A. MacKegan occupied the chair and opened the meeting with devotional exercises. The message from the session was read by S. R. Jack in the absence of the clerk, Peter Clisholm.

The tenth annual report of Miss Jennie B. Robb, missionary in Korea, was read by Andrew Malcolm and the report of the Jennie B. Robb committee was submitted by the secretary, Robert Reid. The Knights of King Arthur, a boys' club under the special supervision and leadership of Rev. Mr. MacKegan, submitted an enthusiastic report showing the hearty appreciation of the boys, of Mr. MacKegan's interest in the organization.

The moderator of session retired from the chair at this stage and David McClelland was elected chairman of the meeting. The report of the trustees was highly satisfactory, showing splendid progress, and recommending that the minister's salary be increased to \$2,400. A strong committee, consisting of Alexander Watson, A. R. Melrose, G. R. Ewing, J. M. Barnes and B. S. Ritchie, was appointed to take into consideration the securing of a new organ.

The following were elected as trustees for the ensuing year: F. F. Burpee, G. R. Ewing, D. W. Ledingham, A. R. Melrose, N. J. Morrison, D. McClelland, James MacMurray, T. J. McPherson and D. R. Willet.

The reports of the Sunday school and the various organizations and societies actively at work in the congregation were submitted and good progress was reported by all. A vote of thanks was tendered the trustees for their valuable services during the last year and also to the secretary of the church, W. J. Fraser. The meeting then adjourned, Andrew Malcolm offering prayer.

**St. Columba, Fairville.**

All the old trustees were re-elected, the board for the ensuing year being as follows: J. E. Bryant, John Galey, D. Campbell, George W. Donaldson, Joseph Semple, William Stinson, John Baird, Samuel Galbraith and Thomas Snodgrass.

Toward the close of the meeting, J. E. Bryant on behalf of the congregation, presented to Miss Minnie Monch a substantial check in appreciation of her services as organist during the last year. The pastor, William M. Townsend, was also given a purse of gold, which was accompanied by an address, St. Stephen's.

The meeting of St. Stephen's church was also well attended by the congregation. The pastor, Rev. A. Gordon Dickie, opened the meeting with devotional exercises, and K. J. MacRae presided, and John H. Davidson was secretary. The reports of the various organizations were presented and showed very satisfactory work during the year.

The financial statement showed:

Weekly offerings	\$3,787.15
Building fund contributions	540.00

Requests	68.00
Sunday school contributions	328.92
Ladies' Aid Society	243.55
Boys' Brigade	92.81
Guild	75.00
Total	\$8,079.33

For missions and church funds \$1,182.85

Sunday school mission contributions	64.36
Women's Foreign Mission Society contributions	215.63
Mission Band contributions	60.00
Total	\$1,121.64

Total for all purposes \$6,092.17

**St. Matthew's.**

The pastor, Rev. J. James McCaskill, presided at the meeting in St. Matthew's church. George Blewett was secretary. The usual reports showed very satisfactory progress during the year. The Sunday school report was particularly pleasing and the Bonaccord Circle was complimented on its fine work.

The financial statement which was submitted showed that there is a balance to the good of \$50 after all debts are paid. During the year \$170 of floating and \$100 of bonded debts were discharged.

The trustees appointed for the next year are—S. E. Logan, chairman; John Donovan, secretary; William N. Collins, treasurer; Murdoch Urquhart, Walter Treacatan, John Howe, George Craigie, L. B. Brown and Austin Galbraith.

The presentation of a purse of gold to George Craigie, choir leader, for his faithful services.

**Calvin.**

The annual meeting of Calvin church was well attended. The pastor, Rev. F. W. Thompson, presided. The reports of the officers, the trustees, the committees and various organizations in the church were submitted and all were of a highly satisfactory nature.

The treasurer's report showed the following:

Total receipts	\$2,865.47
Expenditures	2,285.15
Balance	\$ 80.32

Sabbath school \$180.46  
Expenditures in S. S. 105.29  
Balance 75.17

The following were appointed as trustees for the coming year—J. H. Murphy, chairman; J. A. Robertson, secretary; Joseph Semple, treasurer; F. B. Hayward, O. J. Clarke and J. H. McHarg, Congregational.

The sixty-ninth meeting of the Congregational church was largely attended despite the fact that the weather was stormy and a very optimistic feeling prevailed during the evening. The pastor, Rev. Ralph J. Haughton, was in the chair. After the roll-call of members, reports were received from the various departments, and in view of the fact that the church was without a pastor for some time, this was considered very satisfactory.

The Sunday school report was especially encouraging, telling of the deep interest taken by the officers and scholars to increase the attendance.

The officers for the year were elected as follows:

## SICK HEADACHE, COSTIVE, BILIOUS, IF LIVER IS TORPID—DIME A BOX

You men and women who can't get stomach, remove the sour indigestion and feeling right—who have headache, coated fermenting food and foul gases; take-tongue, foul taste and foul breath, dizzy the excess bile from the liver and carry-ness, can't sleep, are nervous and upset, off the constipated waste matter and bothered with a sick, gassy stomach, poison from the bowels.

Are you keeping your bowels clean? A Cascaret tonight straightens you out with Cascarets—or merely dosing your bowels by morning—a 10-cent box keeps you self every few days with salts, pills, castor-oil, stomach sweet, liver and for oil and other harsh irritants? Cascarets—bowels regular and you feel bully for its immediately cleanse and sweeten the months. Don't forget the children.

**CANDY CATHARTIC**

**Cascarets**

WORK WHILE YOU SLEEP

**SALTS FINE FOR ACHING KIDNEYS**

We Eat Too Much Meat Wh Clogs Kidneys, Then the B Hurts

Most folks forget that the kid like the bowels, get sluggish and c-geed and need a flushing occasion. else we have backache and dull mis in the kidney region, severe headache rheumatic twinges, torpid liver, ac stomach, sleeplessness and all sort bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidney clean, thus avoiding serious complications.

A well-known local druggist says a sells lots of Jad Salts to folks who lie in bed in overcoming kidney trouble; while it is only trouble.

Five Years for \$50.00

Toronto, Jan. 21.—Robert Mackie pleaded guilty today to a charge of stealing \$50,000 from the Cowan Chocolate Company, and was sentenced to five years in Kingston penitentiary by Judge Denton.

**FOOLISH WOMEN, ON DARE, GO SWIMMING IN THE ICY WATER**

Spokane, Wash., Jan. 22.—While skaters glided over the smooth ice at one end of Hayden lake, forty miles east of Spokane, Mrs. Anna Zerbe and Mrs. Walter Schute took a fifteen minute swim at the other end of the lake. The women swam through the icy water 330 yards.

Mrs. Zerbe has taken part in seventeen rescues of drowning persons at a Spokane natatorium. "It was a dare that started Mrs. Schute and I to make the swim," she said. "We put on our bathing suits in our house by the lake shore. Then we ran down the frozen ground to the lake. We had to run about two feet out on the ice, as the water was frozen near the shore."

"I will never forget the sensation when I first went under the water. I wanted to climb right out, but I looked to one side and saw Mrs. Schute swimming and I decided not to be a quitter. It seemed we were in the water a long time, but people who were treading us said we were in only fifteen minutes. After the first plunge our bodies became numb to feeling and the cold did not bother us. "When we got across the bay we were wrapped in warm blankets and then ran back to our house, where we took a

**The French Champion and The Premier Dane**  
(FROM T. S. ANDREWS)  
Milwaukee, Jan. 20—Georges Carpentier, French champion, must have changed his mind about sailing for Australia after his defeat of Bombardier Wells, for he has contracted for two more fights in France. It was understood that Carpentier had accepted terms from Snowy Baker to visit Australia at once and take part in two fights for which he was to be guaranteed more than \$20,000 and expenses—some coin for a fighter who is not a champion outside of his own sphere in Europe. However, he is a great card in France and England, but he has refused several good offers to come to the States and meet some real middleweights or light heavyweights. Should he fall to go to the Antipodes it will rob Eddie McGoorty of a chance to cop off a bunch of coin, for the Oshkosh boy would have drawn down close to \$10,000 for his end in the proposed match with the Frenchman. In addition to meeting Pat O'Keefe, the French champion is to meet the latest British hope, Bandsman Blake on March 3, and some of the sporting men there think the Bandsman will do much better than did Bombardier Wells. He surely cannot do any worse.

**CURLING**  
Quebec Challenge Cup  
Montreal Herald:—The Quebec challenge cup, a very ancient, much sought after curling trophy, has been the medium of many hard fought battles, but it is doubtful if any contest has aroused more interest than Caledonia's defence against Quebec on Saturday afternoon.

**BASEBALL**  
Umpires Signed  
Chicago, Jan. 21—Eight of the nine umpires who will officiate in the American League are announced by President Ban Johnson. The list includes Sheridan, O'Loughlin, Connolly, Dixon, Evans, Egan, Hildebrand and Chill. The only new one is Chill, who was in the American Association last year.

**MOTOR CYCLE**  
Montreal Motordrome  
Start:—The chances of Montreal having a motordrome are getting greater. New plans and figures will be submitted in the course of the week, and it is said that certain people interested in sport and real estate are quite prepared if proper terms can be agreed upon to build one.

**LOS ANGELES, JAN. 21**—Joe Rivers and Leach Cross, lightweights, were matched today to fight twenty rounds here on February 28. They are to weigh 134 pounds ringside.

**COULON JUST GETS BY**  
Racine, Wis., Jan. 22—Johnny Coulon, bantam weight champion, won by a shade from Young Sinner, of Rock Island in a fast ten round bout here last night.

FOR OLYMPIC GAMES

Germany On The Eve of a Craze For Sport  
MANY IN TRAINING  
Participation in Athletics Being Urged on University Students -- Already Much Improvement is Being Shown

(Times Special Correspondence)  
Berlin, Jan. 10—Carl Diem, secretary general of the 1916 Olympic Games, says that Germany is on the eve of a sport craze. This has been brought on by recent successes in swimming, rowing and lawn-tennis by the approach of the first German Olympiad; and by the opening of Professor March's stadium in the Gruenwald.

Also the German imperial committee for the Olympic Games is doing good propagandizing work and showing the average sceptical German what excellent sport material is being wasted owing to lack of judges who can discover it, and trainers who can turn it to account. The Olympic committee is under the patronage of the Crown Prince. It is well backed by the imperial government, which will give it a considerable subsidy.

The interest of the state in sport is reflected in the highly official composition of the imperial Olympic committee. The president is the former minister of agriculture, Herr von Fiedichski. The vice-president is a Conservative Reichstag member, Councillor von Oertzen.

Other leading members are Count Bismarck, and Baron von Venningen-Ullner, both of whom are German representatives on the International Olympic Committee. The committee, apart from its work for the coming Olympiad, is hard at work shaking up an interest in athletics throughout the empire. It has divided athletics into four departments; and offered gold and silver medals for those who excel in each department. It has also committed itself to subsidizing provincial athletic associations to the extent of \$75,000 for local training purposes; and it hopes to raise sufficient money to support and train at Berlin the best men brought out by the elimination trials next spring.

Good judges say that a remarkable improvement is taking place in German athletics. This is shown by the falling off in record-breaking. Until recent years the standard of achievement was very low; and as athletics spread the poor German records for running and jumping were broken several times in a season. Last year very few records were broken. The cause of this is the relative high standard that has been attained.

The obstacle to progress continues to be the non-participation of the chasses with the best physique. These are the countrymen and the inhabitants of small towns. Both ignore athletics. The present athletic craze is confined to the larger cities, where the physique is very bad. How this factor checks athletic development is shown by the fact that nearly all German records are held by young men who live in big towns, but who were born and brought up in the country.

**OURSELVES AND OUR NEIGHBORS**  
Did it ever occur to you that the welfare of the world depends upon the relations between you and your neighbors? It is a simple proposition. If you carry it out to the logical conclusion you get all the problems of society, diplomacy and statesmanship. If you are at loggerheads with your neighbor, and there are enough of you to be at loggerheads with enough neighbors to make a real showing, the situation assumes the form of statesmanship, and if you wish to carry the comparison across seas, you have the troubles and irritations of international entanglements. So the relation of neighbor to neighbor becomes the chief thing in the world. You know very well if your neighbor is fault-finding and surly, your family suffers in many ways. There are slights. There is no happiness in the neighborhood. Hard feelings are created. False competitions are started. You try to outdo one another, and the further this is pursued, the worse it is for everybody. More than one town or small city goes bankrupt on its absurd prejudices, when all might be avoided by proper neighborliness.—Editorial in Woman's World for February.

**IMPERIAL THEATRE**  
Famous Players Company Today Only!  
Daniel Frohman Presents Cecelia Loftus in  
"A LADY OF QUALITY"  
Photo-Play of Nearly Two Hours Duration  
(Story by Frances Hodgson Burnett)  
CECELIA LOFTUS, whose winsome cleverness and rare skill have won her the envious distinction of a prominent place among the popular stars of the day at a surprisingly young age, endows the motion picture by her first appearance before the camera with a new charm and glory. The subject, from the pen of a famous authoress, is an idyllic blending of the romance, beauty and daring of the days of knight-hood. In the impersonation of Cecelia, a gay hoyden whose spirit and heart are broken by Sir John Oxon, a bear ideal of London Town, Miss Loftus renders a delicate and appealing portrayal. The play is a brilliant reproduction of the warmth and color of a picturesque period.

LOCAL NEWS

BANK CLEARINGS The St. John bank clearings for the week ending today were \$1,421,796; corresponding week last year, \$2,069,108.

A GIRL Mr. and Mrs. D. R. Brown, of Millerton, N. B., formerly of this city are receiving congratulations upon the arrival of a daughter at their home. Yvonne Marie is the name given the little one.

BURIED TODAY The funeral of Edna W. Waring, who died in Vancouver, was held at 2:30 this afternoon from the residence of her parents, 2 St. James street. Services were conducted by Rev. W. S. Porter, and interment was in Fernhill. Relatives were pall-bearers.

TAX REFORM. James R. Brown, tax reform advocate, whose recent address before the St. John Board of Trade aroused so much interest, will return to New Brunswick the first week in February and spend some time in the province. After leaving here he will not be addressed. The Canadian Club in Montreal, but was asked to address several other meetings, the greatest interest in the subject being generally manifested.

DEATH IN CARLETON The death of Miss Hazel M. MacLaren, youngest daughter of Mr. and Mrs. William H. MacLaren, occurred this morning at the home of her parents after a lengthy illness. She is survived by her parents, one brother, W. B. MacLaren of Grand Falls, and two sisters, Mrs. George C. Vaughan and Miss Sadie at home. The funeral will be held from her father's residence, 248 Guilford street, West St. John, on Sunday afternoon at half past two o'clock, the service commencing at two o'clock.

TRANSFERRED TO HALIFAX Robert Dall, of the Bank of British North America staff, who has been a clerk in the St. John branch for the last two years, has been transferred to Halifax, and left last evening to take up his new duties. Before leaving, Mr. Dall was made the recipient of a leather case containing a shaving and toilet set. The presentation was made by R. J. Williams on behalf of the staff. During his stay in St. John, Mr. Dall has made many friends who will wish him every success in his new position.

PRESENTATION William S. Marley, of Winnipeg, who has been visiting his parents, Mr. and Mrs. William Marley, 124 Waterloo street, will return to the west tomorrow. He was formerly employed in the firm of T. Rankine & Sons. He is now agent for the Canadian Northern Railway. Before returning to the west, Mr. Marley was visited last evening by about twenty of his friends who tendered him a surprise party. During the evening he was made the recipient of an oak writing desk. The presentation was made by Fred J. Hunter.

NEW COMPANIES A. J. Wheeler, F. R. Fitzpatrick, J. C. Chesley, R. M. Rive and H. A. Porter, of St. John, are applying for incorporation as the Saint John Sand and Gravel Company. The company has authorized capitalization of \$39,000. Notice is also given of application for incorporation of E. J. Broderick, H. Tisel, G. H. Applegate and P. S. Gault, of St. John, and P. K. Mason of Fredericton Junction as the International Trading Company with an authorized capitalization of \$99,000 and head office at St. John.

CARLETON WEDDING. An interesting event took place in the Church of the Assumption at seven o'clock yesterday morning when Rev. J. J. O'Donovan united in marriage Edmund MacLaughlin and Elizabeth McDougall, both of this city. The bride was dressed in a traveling suit of navy blue and black picture hat trimmed with black and white plumes. Miss Florence MacLaughlin, sister of the bridegroom, was bridesmaid and was dressed in a brown tailored suit with a matching hat. Mr. and Mrs. MacLaughlin will reside at 122 St. James street. They were the recipients of useful and valuable presents.

CHEESE SCARC The old motto "once bitten, twice shy" seems to apply with reference to the local cheese market just now. This time last year the market was over-stocked and dealers had difficulty in unloading their stocks at lower prices. The situation has changed this year and few of the local factories seem able to supply the quantity desired with the result that there have been quite heavy importations from Ontario, supposedly because the amount of cheese made this year was not so great as last in view of the poor market then prevailing. There has been a slight advance in the wholesale quotations.

OFFICERS ELECTED At a meeting of the Children of Mary Society of the Cathedral held last evening matters of interest were dealt with and the election of officers was carried out. The election resulted in the choice of Miss Catherine F. O'Neill as president; Miss Regina Mitchell, vice-president; Miss Marie Dolan, recording-secretary; Miss Kathleen O'Neill, financial secretary; Miss Emily Bardsley, mistress-at-arms; Miss Mary Doyle convener of sick committee; Miss Regina Gleason, convener of literary committee; and Miss Alice Moran, convener of music committee.

RELATIVES OF NEW MANAGER OF BANK OF MONTREAL LIVE HERE

The recent elevation of Sir Frederick Williams Taylor, formerly manager of the London office of the Bank of Montreal, to the office of general manager of the bank with headquarters in Montreal is of interest to many St. John people on account of his local connections. Sir Frederick was born in Moncton, a son of the late Ezekiel Taylor. The late John M. Taylor of this city, who died two years ago, was a brother and is survived by his two sons, Stanley H. Taylor of Taylor & Swenney, and Harold G. Taylor, cousins of Sir Frederick. James Taylor of 266 Rockland Road is an uncle of the new manager of the Bank of Montreal. It is reported here that A. E. Taylor, brother of Sir Frederick, who is now manager of the branch of the Bank of Montreal in Enderby, B. C., is to be transferred to Moncton, his home town.

FIRST BRANCH OF THE INVESTIGATION HAS BEEN COMPLETED

H. A. Powell, Home From Washington, Reviews Important Work of Waterways Commission

"The first branch of the investigation into the alleged pollution of the boundary waters between the United States and Canada has been completed and the commission is now ready to proceed with the second stage," said H. A. Powell, K. C., one of the Canadian members of the International Waterways Commission who has just returned after an important session of the commission held in Washington.

"The first part of the investigation," he continued, "was the most extensive bacteriological examination of waters ever attempted and it has been brought to a conclusion successfully in what is regarded as a marvelously short period of time. So far the work has been mostly scientific and all the experts were in perfect union."

"The second branch of the matter referred to the commission by the Canadian and United States governments is one fraught with great difficulties as their decision if acted upon, will necessarily involve the expenditure of large sums of money, on the part of the communities on the St. Clair, Detroit and Niagara Rivers especially."

"The commission intends proceeding with this work as soon as practicable. At present the commission is considering the simplest, most expeditious and least expensive means of getting the opinions of the world's greatest experts in the province involved."

Referring to the two important cases which also were dealt with by the commission at the session which has just closed, Mr. Powell said that in the first, relating to the proposed construction of works on the St. Marie river, connecting Lakes Huron and Superior, the hearing was postponed until February, owing to the absence of the officials of the American Company interested.

The second was the application of the city of Winnipeg to take the waters of Shoal Lake and Lake of the Woods for purposes of city water supply for fire and domestic uses. The city contemplates the expenditure of \$13,000,000 in the construction of a pipe line and aqueduct, the combined length of which is to be about ninety miles. The town of Kenora opposed the application.

The United States representatives at the hearing considered that the drain upon the waters of the Lake of the Woods was so small that they did not oppose the application. After three days hearing the application of Winnipeg was granted on condition that the water shall be used only for domestic and fire purposes and that the city shall pay to all parties injured compensation for the diversion of the water. The diversion amounts to about 160 second feet, or 160 cubic feet a second.

In reply to a question regarding a rumor which appeared in the Montreal Star to the effect that it was the intention to remove two of the United States members and also the United States secretary, Mr. Powell said that the secretary had passed in his resignation, but that nothing further had been done.

RILEY HORSE CASE STILL BEFORE THE POLICE COURT

Wm. Davis Now Said to Have Animal in Interests of Which Action is Being Taken

Edmund Riley again appeared in the police court this morning to answer to the charge made against him by S. M. Wetmore secretary of the S. P. C. A. for having a horse which was not fit to be worked, or even driven. Mr. Riley on last Monday had been given until this morning to have a veterinary examine the horse and if he obtained a certificate that the horse might recover he would be allowed to keep it provided he took good care of it. Mr. Riley told the court this morning that the horse was no longer in his possession but that William Davis of Brussels street had the animal.

It was decided to adjourn the case until Mr. Riley and Mr. Davis can both be brought to court and whichever one owns the horse will be obliged to see that it be put out of misery if it can be shown that such action is necessary. Mr. Wetmore said that he had consented to have the case postponed on several other occasions and thought that a fine should be struck against Riley as he thought the horse was evidently trying to evade the law. The magistrate replied that he was willing to aid the society in lessening the suffering of dumb animals but that in this case he did not wish to fine either Riley or Davis but that he was looking after the interests of the horse and it was his intention to see that the horse was not ill used. Edmund S. Ritchie appeared for Riley and J. King Kelly, K. C., for the society. The case will come up again early on Monday morning.

STORE CLOSING TONIGHT AT 6 O'CLOCK.

Every Man Wearing Pants

And we trust that every man does wear the Pants—will show good judgment and save money by making his pant purchases here. Prices are cut to the lowest.
