

A GOOD PLACE TO BUY GOOD CLOTHES

THE NEW SPRING SUITS

are now on sale at Gilmour's and we hardly need assure you that they are fully up to our usual standard of quality. We have, we think, in fact surpassed our previous record in these Spring offerings.

The materials are eminently good all the way through, and the tailoring has been done a little more skillfully and more carefully than in any suits we have previously offered at these prices.

Commencing at \$10.00 the figures go on in easy steps to \$25.00, at which price we are offering ready-to-wear suits which will fill the most exacting requirements of any critical man. Some, also, of the finest 20th Century Brand Suits at \$27.50, \$28, and \$30.

We invite you to call and see these new Spring Styles while the line is at its best.

G. P. R. BRAXEMAN IS BADLY HURT

Russell Rutherford Crushed Between Cars at Fredericton Junction

A serious accident occurred this morning at Fredericton Junction, whereby Russell Rutherford, aged 25, a brakeman with the C. P. R., is in danger of losing his life. Rutherford was running on the freight train between Vanocboro and St. John, and when the train reached the junction it was several hours late, being due about 8 a. m., and not arriving there until after 12.

His duties as brakeman called him between two cars, and as he was standing there the train moved as he was taking out a coupling pin. The result was that he is now suffering from a fractured pelvis and is in the General Public Hospital.

He was brought to the city on the freight train, accompanied by Mr. Murray of Fredericton Junction, and was met by Dr. Christie at the depot here. The ambulance was summoned and he was taken to the hospital. It is not known whether or not he will recover.

Rutherford is well known here, as he resided in Fairville. His train was in charge of Conductor Thompson and Driver Griffiths.

TALK OF VICTORIA GOING TO MONTREAL

The possession of the Star liner Victoria would now seem to lie between Montreal and local interests, and it is understood that ere long it will be known whether she will be running on the St. Lawrence next season or take up once more her work on the St. John river.

From what can be learned efforts are being made to form a company to purchase the steamer. In this connection the name of Dr. L. A. Cursey has been mentioned, but as far as went to Fredericton this morning this could not be verified. In the meantime Montreal people would like to get the Victoria for the St. Lawrence.

SUDDEN DEATH OF JOHN LOANE OF GHATHAM

Dwelling and Restaurant Badly Damaged by Midnight Fire

Woodstock, N. B., March 22—John Loane, who for many years conducted a carriage factory with his brother, William, was stricken with heart trouble this morning, and died about 1 o'clock. He is survived by his wife, one son, Norman, and one brother, William. He was about 65 years old.

The main street store and dwelling owned by the estate of Charles Vanwart and occupied as a dwelling and restaurant by Charles Wright, was badly damaged by fire at midnight. It was with difficulty that the family escaped. Mr. Wright lost all his furniture. There was insurance of \$1,000 on the building in The Royal.

JEWISH LABOR FIGHT; KNIVES ARE USED

Montreal, March 22—(Canadian Press)—Armed with knives and looking for trouble, a score of Jewish socialists, members of the independent pant makers' union and organizers of a strike against the Paragon trousers Company, set upon five or six of their former fellow workmen who had refused to join the strike, and in a free fight two men were seriously injured.

The Paragon trousers Company, which had refused to join the strike, was in a free fight with two men who were seriously injured. Harry Bassin was seriously injured.

TWO LIQUOR CASES

In the police court this afternoon two liquor cases came up. The information in both cases was laid by Rev. W. R. Robinson. W. L. Williams is charged with having more than the law allows to him premises, Prince William street. The Royal Hotel is charged with having served liquor to a minor.

Both cases were postponed till Tuesday next.

Total \$468,400.

The witness said part of this money was paid in cash, a part was for the purchase of plant and the rest stock dividends. The amount in dividends was \$172,508. He could not answer off-hand, how much was paid for plant.

From a statement, Mr. Powell read amounts that had been paid for plant and stock dividends. The total was \$384,892, added to this was the amount of stock dividend, \$172,508, a total of \$557,400, leaving a balance of \$211,452 in cash.

The witness said the books showed this to be correct, except that a part of the \$211,452 might have been spent for plant. He would not say until he had looked over the books.

From Oct. 31, 1906, exclusive, there was \$102,702, balance of cash account, and from Oct. 31, 1906, inclusive, to April 1, 1907, \$107,737, was the cash balance.

CONDENSED DESPATCHES

Washington, March 22—The Democrats of the country have completed part of their campaign so far as candidates are concerned, and to day are working to wind up the odds and ends. According to the programme laid down by the party, a week after the extraordinary session convenes on April 4, the Democrats will pass a resolution to amend the constitution to provide for the election of United States senators by direct vote of the people.

Sydney, N. S. W., March 22—News received here from the New Hebrides says that the natives of the island of Epiripiti have risen against the whites. It is reported that assistance has been sent from the New Hebrides.

Buenos Ayres, March 22—Fire broke out in the customs house here today and making its way through the storehouses unopposed, destroyed merchandise valued at \$5,000.

Glasgow, March 22—Ten thousand workmen employed in the Singer sewing machine works near Kilburn, went on strike today over a dispute in regard to wages in the cabinet polishing department.

Winnipeg, March 22—Jesse Langlois, aged 18, and Stanley Langlois, aged 7, were drowned yesterday afternoon. The boys were on the boat, when they saw them go down. Young Langlois drove his wagon into the river to give his horses a drink. The horses were jumping into the back. Suddenly the horses were caught in the current and swirled around. The boys lost their heads and jumped into the river and disappeared.

THE EVENING TIMES THE DAILY TELEGRAPH

New Brunswick's Independent newspapers. These papers advocate: British connection, Honesty in public life, Measures for the material progress and moral advancement of our great Dominion. No graft! "The Shamrock, Thistle, Rose entwines The Maple Leaf forever."

A CHAMPION AT LAST

The most extraordinary statement yet made in opposition to the commission plan of government is credited by the Standard to Ald. Smith. The citizens would like to believe that Ald. Smith has not been correctly quoted, rather than that any man who is a member of the city council would assume responsibility for such statements. Ald. Smith is thus quoted: "The men whom it is said the commissioners intend to run, have little acquaintance with civic affairs. They would be absolutely at the mercy of the officials who have charge of the practical direction of the city services. As they would have to give up any private business and look to their position for a livelihood, they would be more anxious to secure votes than the ordinary aldermen are and they would be ready enough to grant the requests of anyone seeking special privileges at the expense of the citizens, the party making the request was able to influence votes."

In the first place, the election of commissioners, if the plan is adopted, cannot take place for over a year. The friends of the commission are not selecting candidates, and will have no slate. They are quite willing to rely on the citizens to elect from many candidates who will be nominated by five capable men, the double election plan making this a much easier task. Any man who believes that an election can be "fixed" under the commission plan is lamentably ignorant of the history of commission government.

But the most remarkable statement credited to Ald. Smith is that the commissioners would be "absolutely at the mercy of the civic officials who have charge of the practical direction of the city services." Ald. Smith thus practically admits that the city is at present run by the civic officials. This is his conclusion as a member of the city council. For five men devoting their whole time to civic affairs and meeting daily could not control the "civic officials" how can it be done by seventeen aldermen meeting occasionally and paying as little attention as possible to city affairs? If we are ruled by civic officials, or by a few interested aldermen who devote enough time to city affairs to enable them to dominate the council, it is time for a radical change. Ald. Smith also trots out the stale assertion that the commissioners would swindle voters. This is the most arrant nonsense. Every commissioner would be responsible to the whole city, and would know that his best guarantee of re-election would be a creditable business record. If Ald. Smith keeps on talking everybody will be converted to the commission plan.

SEAMEN'S INSTITUTE

The appeal made in behalf of the Seamen's Institute, in today's Times, is commended to the generous people of St. John. Lord Strathcona will contribute \$1,000 toward payment of the debt of \$4,000, provided the other \$3,000 is raised. We publish today local subscriptions amounting to \$800, which leaves only \$2,200 to raise. There should be no difficulty in raising this amount by popular subscription. With the debt removed the Institute could do more work, although, as Mr. Henderson points out in his letter, it is already doing a splendid work in this city. That so few sea-faring men are found in the police court is evidence that the Institute exerts a good influence. No doubt there will be some handsome subscriptions sent in, and make it easier to get the balance in small sums subscribed by many people. The debt would be wiped out within a week or ten days if the citizens would respond promptly to the appeal.

ORTHODOX HISTORY

The students of Irish parentage in Worcester, Mass., Classical High School have had their temper over the statement in the text-books that St. Patrick was born in England. It is too bad to interfere with the stereotyped tradition that has become so authoritative, that this patron saint was born in Ireland. But history knows no sentiment and the higher critics, from whose restless and curious investigations nothing is sacred, inform us that as a matter of fact St. Patrick was born near the present city of Bristol in England. There was no England in those days. It was then a Roman-British land and the name Angles was not until many centuries later. Scotland and Ireland have

both claimed the honor of his birthplace, but now he must be received as one of the good gifts of England. But the protest of the Worcester students indicates a tendency which is getting very common, not only in the United States but in other countries. In a democracy there is always a tendency to produce men and women as if turned on a lathe, all of one pattern. They must have the same things, accept the glib generalities, half-truths and broad fallacies which have always been current. We hear of a teacher being displaced by a board of school trustees because he is a free-trader, or a gold man or a silver man, or because he disapproves of war, is a free thinker, or because he says that he has found some proof that alcohol is not always bad for the system. Boards of trustees are nearly always made up of "practical men," and if their faiths, ideas and prejudices are to be made the norm of education the schools will educate all to this model. When the theologians had charge it was their intention to reach just this result. They produced an orthodoxy in regard to theology, but they let other things alone. Now we are likely to have an orthodox history, an orthodox political economy, political science and sociology before long. As fast as physics, chemistry, biology, geology and the rest come into conflict with interests and put forth rests which have a pecuniary effect, which they are always doing, then the popular orthodoxy will be extended to them. The reason is because there will always be a growing desire that children should be taught just that thing which is "right" in view of those in control. This is exactly the view that theologians formerly took when they had control. It is an intensely narrow, provincial and partisan spirit. There is no subject outside of mathematics for which we know the right answers, speaking unreservedly for all time. The parliament of Barons agreed, some time ago, to exclude Darwinians from chairs in the state universities. The American colleges have made it hot for many professors whose views did not agree with that of the trust magnates who paid their salaries. Some free-thinking teachers have found it uncomfortable in the schools of our own land. This is all in the spirit of the ancient ecclesiastics, who carried in their heads the ideal for the Christian man and woman, and who wished to educate all to this model. We all pretend to admit that there is no wickedness in any disinterested and sincere opinion, but very few of us really act by it. The average man loses his temper, like the school boys and their parents in Worcester, even over the historical facts if they are not to his liking. The growth of this mischievous spirit would make all progress impossible. All our knowledge is subject to unlimited verification and revision. We can only have good citizens when men are turned out under this ideal in education. The good citizen can resist appeals to his prejudice and to all kinds of cajolery. He can weigh evidence or wait for evidence and then adjust his views to the new facts that investigation may disclose. The attitude of the Conservative leaders in attempting to confuse economic and patriotism indicates this cynical estimate of the average intelligence of the people. Canadians cannot be so stumped today.

CRADLE SONG

The sun has long since sunk to rest Behind the violet hills; The golden light fades from the west, And the distant whip-poor-will Mournfully sings their doleful strain, Like the hands of a child in prayer. The birds are twittering under the eaves, As they hover their nestlings near; And the night wind murmurs soft and low, As it moves the tree-tops to and fro— Sleep, little one, sleep.

The clover has folded its pale green leaves, Like the hands of a child in prayer. The birds are twittering under the eaves, As they hover their nestlings near; And the night wind murmurs soft and low, As it moves the tree-tops to and fro— Sleep, little one, sleep.

The butterfly gay is quiet at last, In the heart of a crimson rose; The humming-bird, as it ripples past The banks where the columbine grows, Seems to say in a soft and dreamy tone, As it goes on its busy way alone— Sleep, little one, sleep.

The new moon sheds her silvery light Over the dusky landscape; And one lone star, so large and bright, A heavenly sentinel stands; While the church bell sounds through the quiet air Its low-toned call to evening prayer— Sleep, little one, sleep. —Dorothy Nelson.

MISERY FROM YOUR UPSET STOMACH OR INDIGESTION GOES

No Headache, Stomach Gas, Heartburn or Dyspepsia Five Minutes After Taking a Little Diapepsin

Nothing will remain undigested or sour on your stomach if you take a little Diapepsin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat. Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, gas on stomach, heartburn, headache from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable ailments. Should you be suffering now from any stomach disorder you can get relief within five minutes. If you will get from your pharmacist a 50-cent case of Diapepsin you could always go to a party with a hearty appetite, and you will know it taste good, because you know there would be no indigestion or sleepless nights or headache or stomach gas the next day; and, besides, you know Diapepsin cleans and freshens your stomach and bowels clean and fresh. Diapepsin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache or to cure a Stomach. You couldn't keep a handier or more useful article in the house.

CLAN MACKENZIE. The members of Clan Mackenzie in place of their regular meeting last night held one of their popular open nights. Dr. Corbett, high chief of the clan, was out of the city on a sick call, and past High Chief H. L. McGowan, presided. It was regretted by those present that C. K. Cameron, royal chief, on account of ill- ness, was unable to attend. An excellent programme of solos was carried out and a very enjoyable evening was spent by all. Those taking part were: Fred Macneil, Mrs. John S. McKay, Mrs. Downie, J. A. Murdoch, J. L. Carmichael, George S. Shaw, Miss MacKenzie, soloists; D. R. Jack, Dr. Christie, addresses; E. B. Mac- donald, Highland piping; J. H. McLeod, sword dance. The clan piper, H. S. Craik- shank, also gave several selections on the pipes, and dancing was indulged in during the evening.

What To Do When Hair Grows Thin
 This Preparation Makes The Hair Grow
 If your hair is getting thinner every year and causing you anxiety, you ought to read about Parisian Sage, the hair grower that surely does grow hair. Parisian Sage is guaranteed by E. J. Mahoney and A. Chipman Smith; also sold and guaranteed in Fairville by Allen's Fairville Drug Co. to stop your hair from falling out, or refund your money. It will make the hair grow profusely if used regu- larly. Fair falls out and stops growing because the hair root does not receive proper nourishment. If the nourishment entirely ceases for any length of time, the hair root will die and baldness will follow. It's the dandruff germs that steal from the hair root the nourishment that nature sup- plies it. Parisian Sage soaks into the scalp, de- stroy the dandruff germs and furnishes the

The Evening Chit-Chat
 By BUTH CAMERON

"FRIENDSHIP is the supreme tie. It is stronger even than the bonds of blood, as we see in the case of Jonathan who stood by his friend David even to the death. When two hearts have become one in the mystical union of friendship, that relationship should mean more to them than any matter of circumstance, fortune or individual benefit."
 In a sketch of the life of Clarence Steadman, a man whose name this generation may not recognize, but whom their fathers will surely remember as the famous "banker-poet," occurs this sentence:
 "Amid all discouragements he kept the friends of his youth."
 It is surrounded by many more obviously flattering remarks but to me it is as high as any praise his biographer gives him.
 Says Anne Thackeray Ritchie: "I often find myself going back to Darwin's test: 'Run over your list of friends and friendship being one of the best measures of his worth.'"
 With all my heart I agree with that. Indeed, I scarcely see how there could be a better test.
 Beware of the man or woman whose friends are all of too recent a vintage. It makes no difference how highly they praise him. Praise is not enough unless it is backed by knowledge. Where is his old friend? Why is his voice lacking from this symphony of praise?
 Find that out before you accept him at the valuation these newly made friends would put upon him.
 As an interesting experiment, why not reckon how it would fare with you if you were tried by Darwin's test? Run over your list of friends and see how many there are of ten years' standing? Of twenty years' standing? Of school day making? Of course, many times it is the accidents of circumstance and distance and widely diverging interests, rather than change of character that separates us from our old friend.
 But if the friendship be what we thought it, a heart friend- ship and not a mere affair of convenience, can we afford to let it lapse?
 Of course, in the hurry of business and social life, the line of least resistance is all too often to let the genuine friend slip through our fingers and try to fill his place with two or three acquaintances of convenience.
 But every man or woman who does that, is selling his birthright for a mess of pottage.
 Friendship, love and toil—these are the greatest things in life and he who will- ingly dispenses with the joys of any one of them misses a third of the happiness that life affords.
 Where is that old friend in whose companionship you once found such content and inspiration?
 Can you take the first step this very night toward picking up the threads of your friendship?
 And don't you want to?

Daily Hints for the Cook

HARRISON CAKE. Harrison cake calls for four cups of flour, three cups of molasses or half that amount of sugar, one cupful and a half of butter, two cups of milk, four eggs, a teaspoonful of soda, and a half cup of raisins. Cream the butter, add the sugar or molasses and then the milk and eggs, beating together. Stir the mixture into the flour and soda, which should be sifted together several times. Add the fruit after sprinkling with four cups of cake the cake in a slow oven for four hours.
CHOCOLATE WAFFLES. Grate four ounces of chocolate and mix it with two tablespoonfuls of flour and one-quarter teaspoonful each of extract of cinnamon, cloves and baking powder. Use one cup of powdered sugar, the yolk of six eggs, and beat until very light. Then add the grated yellow and red and the juice of half a lemon, and beat five minutes longer. Now add the dry mixture and with spoon lightly cut in the whites of six eggs, which are first to be beaten to a stiff froth. Pour the mixture into but- tered shallow pans, having it about half an inch thick, and bake in a moderate oven for half an hour. Ice with vanilla sauce and serve with cream.
FISH OROUQUETTES. Take dressed fish of any kind, separate from the bones, mince with a little sea- ous, an egg beaten with a teaspoonful of flour and one of milk; roll into balls, brush the outside with egg and dredge well with bread and cracker crumbs and fry in brown. Make a gravy for it by minc- ing bones, heads, tails, an onion, an anchovy, a little flour and a pint of water.

THOMAS MALCOLM'S RAILROAD PROJECTS

Montreal Paper Speaks of New Lines Through New Brunswick—The Quebec and N. B. Char- ter
 (Montreal Gazette.)
 It is apparent that still another rail- way is to be built from Quebec to St. John, and this time the distance is to be from Point Levis to St. John, N. B., to 402 miles, or a little over 150 miles less than the distance from Point Levis to St. John, N. B., which has been the subject of the other day Thomas Mal- colm, who has just completed the Inter- national Railway from the I. C. R. at Campbellton to St. Leonard's, on the St. John River, would build the St. John River, but will complete the larger scheme of a railway from Levis eastward to Grand Falls, N. B., and down the valley to Fred- ericton and St. John, or across country to Moncton from Fredericton, and thence to Halifax, as the different interests may de- mand.
 The Quebec and New Brunswick Rail- way is already subsidized for about 100 miles by the federal government to the amount of \$6,200 per mile. The policy of the Hazen government of New Brun- swick is to subsidize that part of the system from Grand Falls down to the city of St. John, or to guarantee the bonds to the extent of \$25,000 per mile. By this route the distance from Quebec to St. Leonard's, on the St. John River is 174 miles; from St. Leonard's to Grand Falls, 12 miles; Grand Falls to Woodstock, 74 miles; Woodstock to Fredericton, 82 miles; and from Fredericton to St. John, 80 miles, or 402 miles in all. It is pro- posed, in order to offer an alternate through route to Halifax, to run across country from Fredericton to Moncton, and on to the Nova Scotia port.
 It is suggested, in fact, that the Canadian Northern, which has been casting longing eyes toward the Intercolonial in case the people of the lower provinces persist in compelling the government to hold the I. C. R. as it is at present.

COURT BROTHERS' AFFAIRS.
 A meeting of the creditors of Court Brothers, victualers, who are in financial difficulties, took place yesterday afternoon in the office of their solicitor, Roy Cam- bell. A financial statement of the affairs of the company was submitted and showed their liabilities to be \$6,456 in excess of their assets. The statement is sum- marized as follows: Liabilities, \$2,440; as- sets, \$5,990.
 No definite action was taken at the meeting, it being decided to defer legal proceedings in the hope that some other satisfactory arrangement might be made. Another meeting will take place next Tuesday afternoon, when it is expected that the difficulties will be adjusted.
 The meeting was largely attended, nearly all the creditors and their solicitors being present. J. F. McDonald, Jr., K. Mc- donald, D. B. Martin, Mrs. Parker, Tysmouth Creek, and the Bank of New Brunswick are the largest creditors.

IN THE LEGISLATURE

Hon. Mr. Maxwell's Attack on Mr. Bentley Creates Talk—Business of the Session—Speeches in Address
 Fredericton, March 21.—The budget de- bate was resumed tonight by Mr. Byrnes of Gloucester. He was followed by Mr. Legere of Westmorland. Both made ag- gressive speeches pointing out the extrava- gance and inefficiency of the government. Dr. Bourque adjourned the debate, which will be continued tomorrow.

Hon. Mr. Maxwell's attack upon Mr. Bentley in his speech last night created much talk in the lobby today. Mr. Bentley is a man who is considered by all as a Christian gentleman who has won a very high respect since he came to the legis- lature by his modest, unassuming man- ner, his desire to acquiesce himself with public business, and his unflinching and unvarying courtesy. Mr. Maxwell's attack came, therefore, as a surprise to all. He pic- tured him in dramatic fashion as holding his hands in the attitude of prayer and thanking God that he was not as other men were. His other references were to the fact that he had lost the power plant on the part of many who heard him. At the same time there is quite a laugh at Maxwell's arithmetic increase of the revenue that had only increased twenty- nine per cent.

SENSATION IN A QUEBEC COUNTY

Invalid Restored to Health After Five Years Suffering
Antoine Bouchard Cured His Kid- neys by Using Dodd's Kidney Pills, and His Dropsy, Cramps and Backache Were Cured Too
 St. Hilario, Charlevoix Co., Que., Mar. 21.—(Special)—Charlevoix County is ring- ing with the wonderful cure of Antoine Bouchard. For five years he was prac- tically an invalid; he is a well man. Dodd's Kidney Pills cured him, and the people of this county are more than ever convinced of the value of the sure cure for all kidney troubles. Mr. Bouchard's illness was a severe one. "My sickness started with a cold, which developed into Dropsy, Disease, and for five years I suffered from Dropsy, Cramps in the Muscles, Backache and Nervous- ness. It took two dozen bottles of Dodd's Kidney Pills to cure me, but they cured me completely. They are a wonder- ful remedy."
 Dodd's Kidney Pills simply cure disor- dered kidneys. But the different diseases Mr. Bouchard suffered from are all caused by diseased kidneys. Dodd's Kidney Pills cured him by curing the kidneys.
EASY FOR THE HOBBO.
 (From the Popular Magazine.)
 Nat Goodwin, the actor, made the state- ment one afternoon in a Cincinnati hotel that no man could eat a quail a day for thirty consecutive days, because no human stomach could digest it.
 The friend who heard him make the statement bet him \$100 that he was wrong. Goodwin stuck to his claim and agreed to take the bet. Then the two went out into the street, the bargain being that they would have the thirty-day test made by an impartial person. As it happened, they struck a hobbo, who gladly accompanied them into the hotel bar to have a drink.
 Goodwin explained the bet to the tramp, and asked him:
 "Now, do you think you could eat one quail a day for thirty consecutive days?"
 "You betcher life!" replied the hobbo, and added: "But, say, pal, for goodness' sake make it a turkey."

Federicton Junction Notes
 Fredericton Junction, N. B., March 21.—The heaviest fall of snow during the season for the lumbermen in this section of the country. They come out this spring with smiles on their faces.
 The pulp export here is a very large one. At last 4,000 cords will have gone from Tracy Station when the year's work is completed.
 Mr. and Mrs. Owen Green of Grand Manan, are visiting at the parsonage.
 Harry Carson is filling a large order of wire stakes and brush for people on Grand Manan. He will ship the material by schooner from the St. John River.
 Benjamin Tracy has moved into his new house.
 J. H. McClary has the stone ready for the foundation of his house, and will soon set to work on it. C. K. Kain of Tracy is to be foreman. Mr. Hatt in- tends to build also near the junction. Others are prospecting here for building lots.
 The new baptistry recently put in the Baptist church, was used on March 19, when two candidates were baptized.
 The meeting to have been held by the Methodist clergymen yesterday by Dr. Stevenson of Toronto was indefinitely postponed.

NOT ALLOWED TO MARRY GIRL OF HIS CHOICE; SPENDS 40 YEARS IN BED

Boston, Mass., March 21.—Because Joseph Plummer, of Milton, N. H., was prevented by his father from marrying the woman of his choice he has remained forty years in bed. He is now seventy-one years old.
 The woman he loved is dead, but the old man has not been told, in fact, he refused to speak of her from the very day when he said to his father:
 "Since you will not let me have her I have no other ambition and may as well spend the rest of my life in bed. Joe- seph went to bed, Joseph did not get up. He continued in bed day after day, week after week, year after year, until the an- niversary of his course was and he be- came more or less of an institution in Milton. His mother and his father have both died. Now his two brothers, both well in years, keep the Plummer house- hold, which is a prosperous one, and take care of "Joe." These two brothers, Eph- raim and Samuel, are bachelors and cook all the meals.
 "When Joseph took to his bed," says Ephraim Plummer, "father did not make any objections, but took his food to him and let him stay there. Father didn't approve of Joseph's going with the girl, because she was only sixteen years old, while Joseph was considerably older.
 "Joseph felt that after seeing her he could never love any other girl. He was stubborn and used to having his own way. He did not like to be crossed. At first when he took to his bed no one thought that he would stay there long.
 "Now he is so weak from staying in bed so long that he has lost the use of his legs. He could not walk about now if he tried."

IN PARLIAMENT

Ottawa, March 21.—In the house of com- mons today R. S. Lake, Conservative mem- ber for Guelph, Saskatchewan, de- sisted his position on the reciprocity agreement. He said he was not opposed to the agreement as far as it went, but he would like to see a further reduction made in agricultural implements, and the British preference increased to fifty per cent.
 The Conservative obstruction of the estimate was continued by the introduc- tion of an amendment to reduce the salary of the Grand Trunk strike, but failures supply was reached.

THE CAUSE OF COLDS

Good Advice Regarding the Prevention of Coughs and Colds
 If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.
 I have a remedy which I honestly be- lieve to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cure gained through the use of this formula. I promise to make no charge for the medi- cine should it fail to do as I claim. I urge everybody who has need of such a medi- cine to try Rexall's Mucous Tonic.
 It stands the test of time. I could not afford to make such statements and give my own name and address to this pub- licity if I were not assured of the truth and reasonableness of my claim. Every one should hesitate to accept my offer and try it. I sell two sizes of Rexall's Mucous Tonic, priced at 50 cents and \$1.00. Some- times a 50-cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can ob- tain Rexall's Remedies in St. John only at my store—The Rexall Store, Chas. H. Watson, 100 King Street.

MARITIME MERCHANT'S FINE SPECIAL NUMBER

The special spring number of the Maritime Merchant has been received, and to say that it is the equal of, if not superior to any previous special numbers issued by the Imperial Publishing Co., of Halifax, indicates that it must indeed be good. It is an issue of 256 pages and every one of interest to merchants in the maritime provinces or in other parts of the domain. The advertising patronage has been very generous and the printing, litho- graphing, illustrations, composition and color-work bear witness to the fact that this office can turn out as fine work as any plant of its kind on the continent. There are several advertisements occupy- ing four or more full pages and they are of the most readable kind of copy that cannot fail to draw business.
 Among the special articles is one by Dr. Edward Breek, president of the Nova Scotia Guide's Association, dealing with the attractions of South Milled, N. S.; another is entitled Helping Imperial Unity; The Discovery of Inverness, tells of the rich coal areas in that country. Why Sackville is Hopeful, The New Town of Chip- man, and No Place Like Home are stories breathing optimism of the future of the east. Farming as a Business Proposition, and P. E. Island's Industrial Outlook treat interestingly of the agricultural and dairy- ing industries; the successful operation of a co-operative store in Stellarton is ex- plained, and three other very interesting and inspiring articles are. The Residential Advantages of the East, Sydney's Reason, Why, and the Optimism of Moncton. All of these are illustrated and there are others, also very interesting, as well as the usual amount of trade gossip, market reports, news letters and editorials.
 Taken in all the Maritime Merchant for March 16, 1911 is one of the finest issues of a trade paper that has reached this office and President Stewart is deserving of much credit.

BLOOD BAD IN THE WINTER

Indoor Life, Too Little Exercise, Breathing Impure Air, Eating Artificial Foods.
 Is it any wonder that the system be- comes poisoned with impure waste mat- ter in the winter time, when you think of the artificial life we lead?
 With doors and windows tight shut we breathe the same air over and over again until it is incapable of purifying the blood.
 In vain efforts of purifying the blood of the system the liver and kidneys are worked over until they too are play- ed out. The impurities in the blood, in the back, the head, the neck, the chest, the stomach and in the bowels and bladder. The quickest and most certain way to overcome this condition is the use of Dr. Chase's Kidney-Liver Pills. They act directly on the liver and kidneys, awaken them to renew energy in filtering poisons from the bowels and remove the cause of indigestion, backache and other body pains.
 You are not experimenting when you use Dr. Chase's Kidney-Liver Pills. They are unique in their combined action on the liver and kidneys and for this reason stand without a rival as a means of purifying the blood and cleansing the filtering and digestive systems.
 One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Tor- onto.

Father Morrissey's Lung Tonic Really Cures

Treating a cough with most "cough cures" is like repairing a leaky kettle with a piece of rag or a dab of putty. Though you succeed in stopping the leak for a little while, you never know when it may break out again, for the hole is still there.

Ordinary "cough cures" relieve, temporarily, the irritation in throat of lungs which makes you cough, but that is all. They do not cure the cough.

Father Morrissey's No. 10, commonly called "Lung Tonic", relieves the irritation by loosening and removing the mucus in the passages, but that is not all. It restores up the whole system, especially the affected passages, restores the inflamed membranes to a healthy condition and so strengthens them that they will not easily fall a prey to the same trouble again.

Father Morrissey's No. 10 is sold in three sizes bottles at 25c. and in the large regular size at 50c.

At your dealer's.

MARRIED IN 1909; WAS KEPT SECRET

Miss Annie Sproule, on July 5, 1909, became the bride of Aubrey F. Pearson, in their home parish of Highfield, near Sussex, but the fact was not publicly known until yesterday, and came as a very agreeable surprise to their friends. They were married by Rev. H. H. Saunders in the Baptist parsonage, but lived apart until a few weeks ago, when Mrs. Pearson came to join her husband, who was boarding in Murray street, North End. For various reasons they have kept their marriage secret. Mr. Pearson is an employe of the I. O. R. as mail clerk. He was working in Chatham for some time with the N. B. Wire Fence Company.

Your Danger From Kidney Troubles BEGINS WHEN YOUR BACK ACHES.

Backache is the first and the sure sign of kidney disease.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Next to the heart, the kidneys are perhaps the most important organs in the body. It is no wonder then that if the kidneys are affected the whole system must be.

On the first sign of backache, or if the right to the seat of the trouble, find the delicate membranes of the kidneys, and make their action regular and normal.

Mr. E. J. Sullivan, Lake Anna, writes: "I take a great deal of pleasure from the use of Doan's Kidney Pills. I was troubled with my kidneys for several years; my back was weak, I had terrible headaches, and was so restless I could not sleep at night. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again."

Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Millbrae Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

"ELECTRICITY IS LIFE"

If you want to get up in the world; make your mark; if you want to be pointed at as a successful man; if you want to be a Man among men, you must be full of electricity—magnatism.

Brooding over your mistakes—spending hours and hours regretting your past follies and mistakes—depriving of help will not add to your capital of nerve power—will not help you down the shadows and get you into the sunlight of happiness and success.

You aren't the only fellow after plums—the high places. Thousands are in the strife, and the prizes go to the wide-awake—the men of courage and energy.

You Have Heard It Said That Opportunity Knocks But Once in a Lifetime

Life is made of hurry and worry, hard knocks and excitement. The fact is she makes several calls, but she doesn't come with a brass band to wake you up.

Nature carved you in the image of a man, a man you can be, as we can show you the way.

If you fall heavy by the wayside, if you have succumbed to temptation and folly, if you have exhausted your vitality through excess, overwork or worry, use your God-given brain and judgment for a few moments.

Take an inventory of yourself. Seek the truth, study your weakness. Don't further wreck your nervous system and befuddle your brain with drugs, stimulants, use the cat wondrous.

Dr. McLaughlin's Electric Belt

I can point to hundreds of men today who are the backbone of health and wealth—absolute physical wrecks, hopeless, dependent, who followed my advice, used my belt, regained their strength and vitality, and are now getting on in the world. Many of them say that my Belt saved their lives.

Dear Sir—I wish to say that your Belt has given me good satisfaction. I might say further that I think mine was a hard case to help, being troubled with vertigo, headache, every day pain in my head and not able to sleep more than half the night. I am pleased to say after using your Belt for awhile, I slept better and my spirit grew lower between. The current generated by the battery was fine and soothing and gave me good satisfaction in a great many ways. I remain, as ever,

A. S. MACE, J. P., Newton, Kings Co., N. B.

Yours truly, DOUGLAS BAIRD, Perth, N. B.

Dear Sir,—I am pleased to say that I have improved wonderfully by the use of your Belt.

AMUSEMENTS FOR OURSELVES AND OTHERS

THE SHEFFIELD CHOIR.

The 200 voices composing the Sheffield Choir on this evening, commencing in this city next Saturday, represent the pick of 600 voices of the Sheffield Musical Union, who were anxious to be in the selected 200. Dr. Coward personally submitted each candidate to a test, requiring 85 out of a possible 100 efficiency marks. After selecting the 200, he stated, that they are the finest choir he has ever controlled throughout the whole of his professional career. That the St. John public fully recognizes the unique advantage conferred by St. John's geographical position in thus being enabled to hear this remarkable choir at this, their landing port, is being conclusively demonstrated by the heavy demand for seats at the Opera House box office for both afternoon and evening performances.

THE STAR.

Everything new again at the Star, in North End, tonight. The great Gramophone has caught on like wildfire, and again last night there was a packed house at every seat. Tonight and tomorrow following automatic vaudeville numbers will be put on—"The Lord High Executioner" from Gills & Sullivan's opera; "The Mikado," a love duet; "We'll Wander in the Bright Moonlight," two Harry Lauder numbers; "Rising Early in the Morning" and (b) "We Parted on the Shore." There will also be a Dutch waltz with local scene view and a grand sacred chorus, "The Palms." This is announced as a magnificent bill. In addition there will be the two grand musical features—"A Rocky Mountain Romance" and "The Little Fire Chief."

THE GEM.

The passionate love of a young lady artist for one of the opposite sex in the same profession is the basis of a touching and inspiring story at the Gem Theatre today and tomorrow—"When the Light Waned," by the Vitagraph Co. In places it is not unlike "Kismet" and "The Light Waned," and it is cleverly enacted and well staged. "The Lady Sheriff" is a thrilling and interesting story produced with special attention to the war scenes. Tom Waterall and the orchestra have new numbers.

On Thursday, Friday and Saturday "My Old New Brunswick Home" will be sung by Tom Waterall with local scene view and orchestral accompaniment. Announced as the biggest feature for some time is the next week, Monday and Tuesday in "Buffalo Jones Lassoing Wild Animals in Africa."

THE UNIQUE.

With spring gradually drawing nearer, the present evenings are being taken advantage of by a great many and large crowds are daily in attendance at the Unique Theatre, which is centrally located and easily reached. The pictures at this house embrace the releases of the independent makers only, thus affording patrons the opportunity of seeing new releases and scenes. The mid-week bill consists of the Champan's drama "Hearts of the World" with the play of the "Way Down East Style," "The Dream," with Mary Clifford in a leading role by the Imperial, and "The Light Beyond" and a comedy drama. Miss Mackenzie is giving much pleasure singing "Sweetest My Dream" and has a thirty new number for tomorrow.

THE LYRIC.

Loken's Animal Circus will be the attraction for the rest of the week, beginning Thursday afternoon. The performance consists of some remarkable feats by a clever aggregation of trained ponies, baboons and dogs. The talking pony is one of the features as he also is telling dogs, Jeffries and Johnston. Today's programme will be a repertoire of singing and dancing entertainment of Riddle and Rhyme and the showing of the Vitagraph story, "Society and the Man."

LOCAL NEWS

LABOR MEETING. There will be meeting of the Hod Carriers and Builders' Laborers' Union in the Opera House tomorrow night at 7 o'clock.

SNOWBALLING. Three boys, John Nottel, Wesley Parke and a lad named O'Brien, have been reported by Policeman Semple for snowballing in the Marsh road yesterday. Complaint was made by a passer-by.

LITTLE HOPE FOR CHILD. The condition of little Ruby Morehouse, who met with so painful an accident in a factory in Union street yesterday, is practically unchanged today. There is very little hope for her recovery.

RUNAWAY. A horse owned by E. Marcus became frightened yesterday afternoon in Deale street and running away, damaged the sleigh attached, the shafts especially coming in for hard usage. The animal was caught in Market street.

TEMPERANCE MEETING TONIGHT. There will be a public temperance meeting, at the Every Day Club this evening at 8 o'clock. All are invited. The speaker will be Michael Kelly, the well known temperance worker, who will arrive from Digby this afternoon.

DEATH OF MRS. LOVETT. The death of Mrs. Olivia Sophia Lovett, widow of George Leonard Lovett, occurred early this morning at her residence, 184 Princess street. She is survived by one son, Geo. F., of Melrose, Mass., and one daughter, Mrs. E. Archibald of this city. The funeral will take place on Friday afternoon at 2.30.

ANNIVERSARY. The 26th anniversary of No Surrender Lodge, I. O. G. T., will be observed tomorrow night in Fairville. A programme of musical and literary numbers has been arranged and Michael Kelly formerly of St. Martin's, will address the members. District lodge members have been invited to attend.

MARRIED IN SUNBURY. A very pretty wedding took place in Sunbury county, N. B., on Wednesday, March 15, when Miss Emma G. Gray of this city was united in marriage to Charles D. Glaser of Lincoln, Sunbury county. The happy couple will spend the summer at Magaguadavic, where Mr. Glaser is engaged in the tourist sporting business.

THE ISLAND MAILS. Apparently the leboots which have been in use on the cruises between this province and P. E. I. have been taken off the route, and it is evidently considered that the steamer can now fit their way with regularity. A. J. Gross, superintendent of the railway mail service, yesterday wires writing him that in future the mails, for P. E. I. would go to Pictou, which means that they will be taken to the island by steamer.

C. M. B. ANNIVERSARY. The twenty-first anniversary of the C. M. B. A. Branch 134, in this city, is to be observed with the honors this year by the members and preparations for the event are in the hands of a capable committee. It is not known as yet what arrangements will be made to have a gala time on May 21, the day on which the anniversary is celebrated. The committee in charge of arrangements is composed of Messrs. C. P. O'Neil, F. J. Casey, Thos. Kitchin, W. J. Magee, J. J. Toke, Thomas Finegan, and Frank Killen.

ARRESTED EVERY NIGHT THIS WEEK. Time Some Action Was Taken in the Case of Unfortunate Alexander Almon

It is the opinion of some that in the coming of Alexander Almon here, another instance wherein St. John was used as a "dumping ground for undesirable" has come to light, and what is to be done with him is a question which is agitating the minds of policemen and others who regard his case from a humane standpoint. Since Thursday last the man, who is a native of Ireland, and unable to speak the English language, so as to make himself understood, has been placed in custody five times, and on Thursday last his name appeared twice on the police books. He has been arrested every night this week to date, always on the same charge, "wandering about without satisfactorily accounting for himself."

Rather than allow the unfortunate man to remain in the street all night the police have taken him in charge, with the idea as well that he might be sent back to Montreal, whence he is reported to have been brought. Judge Ritchie, when he first appeared before him, ordered that he be deported. This morning Almon was again before the court and once again he was told to go. His Honor saying that an effort should be made to send him back to Montreal, where, it is said, he has a family. It is thought that someone should act in the matter as the plight of the unfortunate man, alone, without friends or money, and unable to make himself understood in a strange city, is to be pitied.

GOVERNMENT WORK AT SAND POINT

Work at Sand Point, undertaken by the Dominion Public Works department, is progressing most satisfactorily. John W. Long & Son are building a boiler house of concrete blocks for the new heating plant to heat No. 7 shed. This firm has also completed the fire wall between the city and government warehouses at No. 6 shed. The wall is also of concrete blocks. Tenders will close on the 24th for fire protection and water supply for the steamers at No. 7 shed. This is for the piping essential for these purposes. Also on the 27th tenders will close for forty buckets for the government dredge fielding.

THOS. POTTS DEAD

A Citizen Who Took Great Interest in the Affairs of St. John—Was 83 Years Old

Many will regret to hear of the death of Thomas Potts which occurred this morning about 2 o'clock at his home, 9 Pagan Place, after an illness of about ten days. Mr. Potts was in the 83rd year of his age, and enjoyed good health up to the time of the illness which ended in his death. About two weeks ago he contracted a heavy cold while out attending a meeting. Mr. Potts was born in Stonehaven, England, and came to this country when but three years of age, with his parents, Capt. and Mrs. William Potts. Captain Potts conducted a large shipbuilding plant on Courtenay Bay, and when the son grew up he also went into the business, conducting it alone after his father's death. About forty years ago he retired from these activities and entered the public field. When Sir Leonard Tilley was in power, he took an active interest in the affairs of the country, and for several years acted as immigration agent in the old country. On retiring from this he returned to this city and interested himself in civi-politics, representing Dukes ward for several years. In later years he had retired from it altogether, but although not actively engaged, he was always interested in the welfare of the city, and whenever a question arose where the good of the city was at stake, he was always willing to discuss and write for its promotion. He wrote many articles for the press on civic questions. He was a staunch friend of the commission for St. John.

He was twice married. His first wife was Miss Annanda Dunham of this city, who succumbed to illness. He is also survived by one daughter, Mrs. C. E. Harding of this city, one brother Joseph of the city and a sister, Mrs. E. B. Snider of Capleton county. Four grandchildren also survive. Mr. Potts was an uncle of Alderman Frank L. Potts and Walter Potts, also of this city. The funeral will take place on Thursday afternoon at 2.30 o'clock from his late residence.

LOUIS COSTE, ENGINEER, HERE TODAY

Believed Official's Visit Has to Do With the Cav tenay Bay Development

Louis Coste, chief engineer of the public works department, arrived in the city today from Ottawa on a trip of inspection. It is reported that his visit here is believed to have no special significance. He is supposed to be looking after the affairs of his department here and would return to Ottawa tomorrow night. Questioned regarding the proposed work of development at Courtenay Bay he said: "There is nothing I can say about the matter at present. The estimates will speak for themselves." It will be remembered that several weeks ago, after J. B. Seaman, district engineer, had returned from the continent where he was looking over some of the principal harbors with a view to getting ideas about the work to be undertaken here, he went to Ottawa and made an extended report to the department. It is understood that definite plans have now been made and that the estimates will provide for the commencement of the work at an early date.

ST. JOHN MEN IN QUARANTINE

Passengers of Sobro Held At Bermuda Because of a Case of Smallpox

The passengers of the West India liner, Sobro, including three St. John men, and some members of the crew, are quarantined at Bermuda as the result of a case of smallpox aboard the steamer. Word to this effect has reached Messrs. Wm. Thomson & Co., the agents of the liner here. The advice is to the effect that the steamer had proceeded from Bermuda on Friday the 17th, and it is supposed that the passengers will have to remain at Bermuda till the end of the present month at least. There was a large number going from Halifax to the St. John men to enjoy the extended sojourn and John Willett, Thomas A. Binton and George Miller. It is not known here where the case of smallpox originated, as the steamer was enabled to leave Halifax with a clean bill of health. From the fact that some members of the crew were held it would seem to indicate that it was a member of the ship's company. Messrs. Pickford & Black have given instructions that all possible be done for the detained passengers.

WILL BE SOCIETY LEAGUE BASEBALL AGAIN

Thos. J. Coughlan is Working Out Organization For the Coming Season

While the grass has not as yet become strikingly noticeable, rumors of baseball affairs for the summer are in the air, and while the plans of many are still in doubt, it is regarded with certainty that the intermediate league among the Catholic young men's societies will be again in evidence, and prospects for its success seem bright. The league last year was inaugurated with encouraging results, with the F. M. A. emerging victorious and capturing the silver trophy, but the members of the other teams are to be only "waiting for a chance to come back" at them. The formation of the league has been left with Thomas J. Coughlan, athletic manager of the St. Peter's Y. M. A. and he will enter into communication with the various societies interested so that as soon as the snow has vanished a start may be made on getting grounds into shape. The games will be played on the grounds in the rear of St. Peter's church. IS AT PORT OF SPAIN. Schooner Melba, Captain Rafuse, arrived at Port of Spain, Trinidad, yesterday.
