OBJECTION TO LEGISLATION AT FREDERICTON

(Continued from page 1.) income, was made without the consultation of the Parishes of Langsford or Simonds. He claimed the city takes the valuation of the company's plant in the city and collects the tax thereon, and the agreement provides that the parishes receive a portion of the assessment on the basis of the number of telephones in the respective parishes.

He argued that the chairman of the board of assessors would not attempt to use the company unfairly and denied that his powers were being abused. Mr. Kelly pointed out that provision is made for an appeal to the county court judge, should the company take the stand that its assessment by the chairman was unfair or unreasonable.

The committee took up consideration of the bill relating to fire alarms in the County of Saint John. Mr. Hughes said he did not oppose the principle of the bill but objected to certain provisions such as that which gave the municipality right of use poles and conduits of companies. Such was expropriation. The company was willing to assist the municipality in this particular, but did not want absolute power given to it. The bill was referred to private consideration.

The committee took up consideration of the bill to amend the Saint John Water and Sewerage Act, 1914. Warden Wilmers explained that it was desired to extend to the county certain provisions of the act relating to assessment. The bill was referred to private consideration.

OTTAWA, Ont., April 1.—Official announcement is made of the appointment of Dr. O. G. Sketton to the position of Under Secretary of State for External Affairs. He succeeds Sir Joseph Pope, whose retirement became effective yesterday.

OTTAWA, Ont., April 1.—After two pistol experts had positively determined that the bullet which killed Patrolman James Skelly in New Britain last October had been fired from a gun identified as that of Gerald Chapman's, the state's murder case against the hand was completed shortly before noon. Nathan O. Freedman, of Chapman's counsel, then moved that the indictment be dismissed, but Judge Jennings denied the motion.

MONTREAL, April 1.—Following rains and snow, the St. Lawrence and Saguenay rivers began to rise again. Floods which started yesterday are today more serious in many parts of the island. Several residents of Riverview Drive, St. Lambert, have been forced to leave their homes.

Grimmer of the Baptist church. The body of Mr. Vanwart was taken to Jemessie yesterday by the Valley train. He died in this city at the residence of his daughter, Mrs. Brown, 36 High street. Interment was made in the cemetery adjoining the church, where service was held and funeral sermon preached.

GIRL LEAPS SEVEN STORIES TO DEATH. Six Years' Grief Over Dead Finance, Leads to Writer's Death.

NEW YORK, April 1.—Dwellers in apartments and hotels surrounding the seventh-story Hotel Grenoble, at Seventh avenue and Fifty-sixth street, saw a woman walking on the roof of the hotel. She stepped up on the parapet and stood poised there an instant and then disappeared.

A moment later people in the lobby of the Grenoble heard a crash in the stone-flagged courtyard like the sound of a heavy door slamming. The sound of the crash was followed by a cry of "Charles S. Rankin, ran out into the lobby and found the body of Miss Margaret Pauline Lucas, 38 years old, a dance advertising and feature writer, who lived in the hotel with her mother and sister. She had killed herself after six years of brooding over the death of a fiance just before they were to be married.

STATE ENDS CASE. Judge Refuses to Dismiss Chapman When Counsel Makes Plea.

HARTFORD, Conn., April 1.—After two pistol experts had positively determined that the bullet which killed Patrolman James Skelly in New Britain last October had been fired from a gun identified as that of Gerald Chapman's, the state's murder case against the hand was completed shortly before noon. Nathan O. Freedman, of Chapman's counsel, then moved that the indictment be dismissed, but Judge Jennings denied the motion.

WATER RISING. MONTREAL, April 1.—Following rains and snow, the St. Lawrence and Saguenay rivers began to rise again. Floods which started yesterday are today more serious in many parts of the island. Several residents of Riverview Drive, St. Lambert, have been forced to leave their homes.

P. MCGOURTY DEAD. Was One of First Members of City Cornet Band—Years Also in Fire Department.

A well known citizen passed to rest this morning at his residence, 140 Elliott row, in the person of Peter McGourty, a past president of the City Cornet Band and one of its original members. He served 10 years as a member of No. 2 Hose Company of the city fire department. He was a member of Branch No. 134, C. M. E. A.

A sheet and metal worker by trade, he had lived in the city practically all his life and his death has occasioned deep regret on the part of relatives and a large circle of friends for he made them ready and retained their affection. Besides his wife, he is survived by three sons, Frank, Harry and Peter; three daughters, Mary, Margaret and Vera, and one brother, William. Mrs. Margaret is a teacher in St. Malachy's school, Cliff street. The clerk in charge of the City Cornet Band, Mr. Charles S. Rankin, ran out into the lobby and found the body of Miss Margaret Pauline Lucas, 38 years old, a dance advertising and feature writer, who lived in the hotel with her mother and sister. She had killed herself after six years of brooding over the death of a fiance just before they were to be married.

PERSONAL. Mrs. Annie Bridges and Mrs. Annie Skilling have returned after spending the winter in Boston. Mrs. Stanley E. Ekins, who has been at the Hill-Carlton, Montreal, will arrive here tomorrow to spend a week in Saint John. Her home in Carmarthen street was opened up this week. She will return to Montreal to remain until the summer, when she and Mr. Ekins will come to their home for the season.

MISS MARGARET JOHNSTON DEAD. After an illness of three years, Miss Margaret Johnston, aged 27 years, died at her home, 28 Marsh street, this morning, leaving besides her parents, Mr. and Mrs. William Johnston, three sons, Mr. Charles Philippen, of Toronto, and three brothers, Robert, William and Harry, at home. The funeral will take place from her parents' residence on Friday afternoon, with service at two o'clock, Rev. A. L. Fleming, of St. John's church officiating. Interment will be made in Fernhill.

Disappearance of War Bride Is Unsolved

HALIFAX, April 1.—The mystery of the missing war bride, Mrs. Duncan Gammon, whose husband is being held here by the police because his story describing his taking his wife to Quebec last September, where she embarked to visit her parents in England, could not be confirmed, was nearer solution today. Chief Palmer said he would hold Gammon indefinitely.

DRIVERLESS TRUCK IS CAUSE OF DEATH Travels Two Blocks on Sidewalk and Crashes Into Church—Three Victims.

OTTAWA, Ont., April 1.—With George Lacey, truck driver, held as a material witness, police are endeavoring to solve an automobile accident which yesterday took the life of Mrs. George W. Bailey, aged 83, and caused serious injury to Mrs. G. McEwen.

Mysterious Action. Lacey, according to a statement to the police, left his truck outside a house with the brakes on and the engine running. The empty truck started down Lewis street, spreading terror and panic among children and adults, kept a straight course on the sidewalk, crossed two intersections, dropping from one curb and mounting the other with practically no deviation of course, and going at a fast rate of speed.

It spanned the last intersection to a breath, narrowly missed a street car and several vehicles, scattered pedestrians right and left, swept out into the centre of the intersection and finally swerved slightly back again to mount the curb and remain there for a moment. The body of Mr. Vanwart was taken to Jemessie yesterday by the Valley train. He died in this city at the residence of his daughter, Mrs. Brown, 36 High street. Interment was made in the cemetery adjoining the church, where service was held and funeral sermon preached.

STREET MATTER. Reports made against the W. Malcolm Mackay, Ltd., and George McKeown, partner in the firm, for obstructing Charlotte street extension by piling lumber there, were heard by Magistrate Henderson in the police court this morning. Malcolm Mackay, Jr., and J. L. Towse represented their respective interests and when they agreed to see that in future the by-law in this respect was obeyed, the magistrate allowed the reports to stand. Sergt. Dykman made the reports.

SAINT JOHN, N. B., APRIL 1, 1925.

THE PROVINCIAL BUDGET,

Hon. Dr. J. E. Hetherington, Provincial Secretary, in his budget speech yesterday presented frankly and clearly the condition of the public finances, and his comment upon provincial affairs and his optimistic and constructive counsel for the future will be received with commendation by the country.

being several representing returned soldiers and officers, the I. O. O. F. and others whose work during the war and after it entitle their views to consideration.

THE POINT TO BE HEEDED NOW IS THAT the great volume of public sentiment favors the head of King street etc. We shall be making this decision but once, and it is all important to do the right thing. Also, there is some merit in doing it gracefully.

HE STANDS BY. Although he was offered double his present salary to go to a Philadelphia church, Canon Allan P. Shafford, of St. James the Apostle Church, Montreal, has decided to remain here, and his reasons for this decision, which has received passing mention in the despatches, are worth recording.

LET US, THEN, GIRL UP OUR LOINS AND LABOR TOGETHER that this church may be the center of the Lord in our metropolitan city.

ONE EXAMPLE. One example of useful co-operation between Canada's two great railway systems is given by the Vancouver Province, which rightly suggests that an extension of this sort of agreement is in order to-day.

THE MEMORIAL. Resolutions passed at last night's meeting in connection with the War Memorial, favoring its erection at the head of King street, well represent public sentiment in this matter. It must be thought that the Mayor and Commissioners are naturally eager to meet the plainly expressed public desire, and it will be felt confidently, therefore, that they will agree to this late when the committee appointed at last night's representative meeting appears before them.

For some reason not proclaimed Presque Isle, Maine, requires four procurements. A despatch from that place says that these ladies, one single and three married, all appointed at a recent town meeting, will have among their duties the supervision of public dances. We do not know what the voters in Presque Isle are like, but the chances are that they will be glad to see at every public dance there must be a policeman in attendance, and that he shall be paid by those conducting the entertainments.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Sinclair Lewis' Latest

One of the important works of fiction of the year is Sinclair Lewis' new book, "Main Street," written by J. T. C. in the Toronto Star. It is the story of a boy who sets out to be a doctor and the experience of his life as a student, as a hospital interne, as a medical practitioner, a public health officer and as an expert in medical research, make up the stirring contents of the book.

It is, perhaps, the most interesting book Sinclair Lewis has written. But, as in his other works, the author gives himself the task of writing of life as it is, and not as it pretends to be. No doubt, it is necessary that some writer should devote himself to the task of writing up Americans as he finds them, as Lewis has done in "Main Street," in "Babbitt" and in "Arrowsmith."

ASKS RAIL MEN'S. Learned "Limericks." (Vancover Province). "Limericks" may be roughly divided into two classes—nonsense verses and topical or satirical verses. Of the second type there are endless varieties ranging from the scurrilous to the academic or intellectual. Even philosophy and physics are not free from the incursions of the limerick makers, and I have lately heard from a mathematical friend a stanza in this form which deals with Einstein's theory and runs as follows:

There was a young lady—Miss Bright, Whose speed was about that of light, She went all the day In a relative way, And arrived on a previous night.

MASS MEETING IS FOR KING ST. MEMORIAL SITE

Large Delegation to Present Matter to Common Council

2 RESOLUTIONS ON SUBJECT ADOPTED

Situation Discussed by Various Speakers—Hundred Attend Meeting.

A mass meeting of about a hundred citizens in the Board of Trade rooms last night unanimously passed resolutions stating that the head of King street was the only proper site for the civic war memorial and calling upon the City Council to allow the memorial to be erected there and to provide for the removal of the fountain now located there.

PASS RESOLUTIONS.

The resolution was moved by W. F. Burditt and seconded by R. E. Armstrong as follows:—Whereas at a meeting of citizens held on 18th December, 1922, when a plan for a war memorial was accepted it was decided that said memorial should be placed at the head of King street, provided the consent of the Common Council be obtained and also provided that consent for the removal of the fountain be obtained from those interested, and,

OTHERS SPEAK.

Amongst those who spoke were Col. J. R. Armstrong, A. M. Peters, Dr. J. Roy Campbell and George Ewing. Miss Frances Alward was the secretary of the meeting.

The members of the erection committee requested to bring the resolution before the City Council are Commissioner Wignam, C. C. Kirby, R. T. Hayes, M. L. A., Dr. G. G. Corbet, Commissioner J. H. Frink, Colonel E. T. Sturdee, C. B. Allan, Mrs. Sherwood Skinner, Mrs. Heber Vroom, Mrs. E. Atherton Smith, J. F. H. Teed, J. N. Flood, G. G. Hase, James S. Gregory and Thomas Bell.

of the memorial was moved by R. E. Armstrong and also unanimously endorsed. It follows:—Whereas, it is the opinion of this meeting that the men who died for their King and Country in the late world war are entitled to the highest honor that can be bestowed upon them,

New Ensemble Suits Stand High in Favor

The Ensemble Suit, (long coat and dress) will be the choice of many fashion-loving women this spring. And no wonder, for nothing could be more becoming or more practical than the new Ensembles gathered at this store for Easter selling. Dresses in many cases correspond in color and fabric with the exquisite linings of coats that go with suits. Printed and plain fabrics are both fashionable for these dresses. Usually they are combined with bands of heavier material used in foundation of coat. But we can't tell you much about them. Do come in and let us show them to you. One particularly lovely suit has coat of fine black wool fabric and dress of sand silk crepe. Dress is banded with black as coat and is handsomely trimmed with narrow chenille. A Bengaline suit in the new oak-wood shade has long coat with circular flounce and smart fur trimmed collar. Silk crepe dress is in one of the new crabapple shades, self trimmed. Many others are showing in such attractive new shades as rust, wood brown, sand, navy, etc., as well as black. (Costume Dept., 2nd floor.)

New Laces

(See Window Display) Laces for every seasonable use may now be chosen from varied assortments. Colored Embroidered Bandings, suitable for dress panels, collars, etc. Oriental effects and bright figured patterns. 2 to 4 in. wide. \$1.25 to \$2.50 yd. Metallic Flouncing in black and silver. 44 in. wide \$8.50 yd In cocoa and silver, 50 in. wide \$11.55 yd. Laces in cream, ebru, ochre, white, etc. Suitable for graduation dresses, lingerie, etc.—A lovely variety. Some have very effective rose patterns interwoven. Bandings are showing to match. Fine Net Laces are showing in widths from 1 1/2 in. to 8 in. Also a large assortment of fine lace insertion, fancy net top laces, Venice laces, Guipure laces, Imitation Duchesse and others. (Lace Dept., ground floor.)

Lovely Easter Novelties For Little Folk

Adam Team of C. P. R. Winners of New Brunswick Championship

LANDING BETTER THAN IN LAST YEAR

x Teams Competed in Examinations Before Dr. G. G. Corbet.

The C. P. R. first aid team from Melain has won the New Brunswick championship in the first aid competition of the St. John Ambulance Association. Dr. G. G. Corbet, the examining officer, announced the results. The general standing of the six teams was higher than that of the competing teams last year. The winning team made an especially good showing with 82 marks out of a possible 900.

The presentation of the trophy, a handsome shield, will take place at the Imperial Theatre here soon. It is expected that Colonel Hodgett, director-general of the association, will personally award the prize. The winners last year were the Saint John police team which this year did not compete. Those in the 1925 winning team are William Dawson, Cameron Bogart, G. Gehan and W. F. Bailey, captain.

Other Teams.

The other teams entered and their standing were as follows: Second, Saint John Scout Leaders, 779; third, Moncton C. N. R. first team, 768; fourth, Saint John C. N. R. team, 788; fifth, N. B. fourth team from Moncton, 741; and sixth, the fifth C. N. R. team from Moncton, 629.

The members of the various teams are as follows: Saint John Scouts, Donald Colwell, L. L. Johnson, L. Plimbe and Clarence Hoyt. First C. N. R. team, officers Moncton, Y. St. Clair, A. A. Leaman, C. McE. Robb, and W. P. Forrest. Saint John, N. B. team, J. B. Robinson, W. E. Ross, W. L. Young and F. O'Hara.

DUNMOW FLITCH TO MINISTER AND WIFE

Old English Custom is Carried Out in Ludlow Street Church Hall.

The trial of the Dunmow flitch was conducted at the Ludlow street Baptist church hall last night and afforded a great deal of hearty enjoyment to a large audience. As far as is known it was the first time that the famous English custom had been introduced in Saint John. Its appearance here was due to the interest and energetic efforts of J. J. Merryfield.

Applicants for the flitch (or side of bacon) are required to show that they have been lawfully married for a year and a day, that they have never had a quarrel during their married life and that they have never regretted being married.

BACHELOR JURY.

The jury must be composed of six spinsters and six bachelors. Hon. R. J. Ritchie was the judge for the trial last night and J. J. Merryfield was the solicitor for the applicants for the flitch, while William Scott was the solicitor for the flitch.

The three groups of applicants were Commissioner and Mrs. R. W. Wigmore, Mr. and Mrs. Thomas Brown and Rev. Mr. and Mrs. W. A. Robbins. The jury were Misses Mac Robbins, Dorothy Rupert, Marion Stinson, Sadie Carvell and Carrie Durkee, Prescott McLean, A. Reed, Ralph Rupert, Eric Ring, William Ennis, Donald Cheyne and Henry Ferguson. Miss Angelina Routhborough was court stenographer and R. H. Parsons, court clerk.

UNANIMOUS VERDICT.

The jury deliberated for 15 minutes and then returned to give a unanimous verdict to the effect that Mr. and Mrs. Robbins were the most happily married of the three pairs of applicants. Judge Ritchie then handed to Mr. and Mrs. Robbins the prime side of bacon.

The boys' orchestra gave several delightful musical selections. E. Clyde Parsons sang. The social committee served refreshments.

The entertainment was held to raise funds for paying off the debt on the recent repairs and improvements to the church property and it realized a very satisfactory sum.

Pots of rouge and face powder were found by excavators in Carthage.

This Guarantee Protects You Against Moths in Your Chesterfield Suite

WHERE do you keep your insurance papers? You have a strong box or a special drawer in your desk for valuable documents, no doubt. That's where you should keep manufacturers' guarantees, so that when the time comes, if it ever does, you know exactly where to go, and exactly where to look for any particular one of them, by which you may require to hold the manufacturer responsible.

Many manufacturers issue guarantees with their goods. It is a good plan and there is no better assurance of good faith if the guarantee says what it means and means what it says. The manufacturer who issues a bona fide guarantee believes his goods are worthy and will live up to their reputation and the claims made for them. He is so sure of it that he guarantees them. Buying a so-called guaranteed article without a definite guarantee tag is worthless.

The trouble is that most people accept a guarantee as proof in itself that the goods are all right, but do not put the guarantee tag away in a safe place. In a few weeks it is nowhere to be found. It is as though insurance papers were lost. In this way the protection the guarantee was intended to provide is wasted and when occasion arises when the guarantee is needed, nobody knows where it is.

The guarantee accompanying Snyder's Sani-Bilt Living Room Furniture is worth preserving. It stands good for the life of the article. When you read it you will see it covers all the points you need to have guaranteed—immunity from moths, immunity from unsanitary fillings, immunity from lack of durability in construction due to faulty materials. We are sincere about it. Keep Sani-Bilt guarantee in your strong box among the documents of value. It means something. It is not a mere advertising novelty. It is a genuine insurance policy against definite possible troubles.

Ask your dealer to show you the genuine Snyder's Sani-Bilt.

Province's Prosperity March Pictured; \$10,096 Estimated; Saint John Valley Road Sale to Dominion Expected

The Provincial Secretary characterized New Brunswick as one of the favored provinces of Canada, praised the financial position of the province, painted a glowing picture of the future, and called as experts witnesses to support his optimistic utterance, bankers and prominent financiers of the country.

Mr. Hetherington is one of those public men who see great possibilities in the development of tourist traffic in New Brunswick and in his budget speech today he made a fervent plea that the people of this province bestir themselves and push out for greater development of this important traffic.

"We are gradually awakening to the fact that we have something new worth while to offer in New Brunswick and only a few of us are busy to the whole country," said Dr. Hetherington.

Some Roads May Be Opened By May 1

The roads may be open for traffic as soon as May 1 in the southern part of the province, B. M. Hill, provincial road engineer, said last night. The idea of the proposed legislation is to set the date at May 20 as the date when the roads will be opened, he said, and the date is not intended as a fixed day.

It is one of the weak spots in our human nature that we find it difficult to embrace reprimands with any real measure of enthusiasm, but we are prepared to do our best. We are hopeful that after all the honorable member may evolve into a mild endurable rebuke and that he may unfold kindly and Christian characteristics that will endear him to us in spite of this unfortunate circumstance or had done anything, but a body to arouse her displeasure, but she felt that she had been harshly dealt with by someone somewhere and she was in a retaliatory mood.

Sell His Car To Pay Fine

NEW YORK, April 1.—Attaches of Yonkers City Court disclosed Saturday that when Jerome Moresky, charged with speeding his automobile, sold the car to pay a fine of \$10 he got only \$8 for it. He told the Court Clerk that he would have to sell the car to pay the fine. He got only \$8 for it, he said later, saying that it couldn't go much faster than he could walk. He finally borrowed \$2 and paid the fine.

TABLES THE REPORT OF POWER COMMISSION

Hon. J. E. Michaud Submits Document Saying That \$590,000 Will Have Been Expended at Grand Falls by End of October, 1925

By D. LEO DOLAN
Staff correspondent Times-Star.

FREDERICTON, March 31.—Hon. J. E. Michaud, Minister without portfolio in the Veniot Government, today tabled in the House the final annual report of the New Brunswick Electric Power Commission.

Perhaps the most important matter dealt with in this report is the proposed Grand Falls development. The history of the Grand Falls power project is gone into thoroughly and the cause dealing with \$590,000 will have been made at Grand Falls by the end of October, 1925.

This amount is made up as follows: Power house railway, complete, \$50,000; power house, site and removal of earth overburden, \$90,000; head dam and excavation of intake basin, complete, \$200,000; canal or tunnel, \$100,000.

As now considered, the project will have upwards of 70,000 continuous horsepower subject only to the limitation imposed by access to feasible sites.

The report gives the results of studies and investigations of the Grand Falls project by H. G. Acres, of Niagara Falls, consulting engineer of the power commission.

SAYS FIRST CLASS
His conclusions are: (1)—That in respect of natural headwaters area and topographical features, the Grand Falls site possesses the attributes of a water power of the first class.

(2)—That in respect of the existing dam and intake works, the site is well adapted to the construction of a water power of the first class.

(3)—That the above factors naturally combine in such a way as to lead to the expectation of low development costs.

(4)—That the estimates prepared by your engineers confirm this theory.

(5)—That in preparing their estimates of capital cost, your engineers have wisely laid out a scheme providing for a maximum of over all efficiency and economy, and, consequently, a maximum of investment cost so that any changes or revisions of their preliminary scheme, which may later appear to be permissible, will have a tendency to reduce, rather than to increase, the estimates as they now stand.

(6)—That the scheme as outlined by your engineers is feasible and practicable up to a limit of dependable capacity which places the Grand Falls site in the category of a commercial water power of the first class.

(7)—And that, finally, by reason of the fact that Grand Falls is the only first class waterpower in the Maritime Provinces, and most of necessity, the mainstay of the province of New Brunswick as a natural energy resource, any scheme of development, adopted by the province, must be governed by the requirements of an absolute maximum of efficiency and economy in the use of water and an initial conception of design broad enough to permit the future development of power to the limit of commercial feasibility, even to the

Printer's Sick Stomach and Headaches Almost Cost Job

Mr. K. M. Collins of Woodhaven, N. B., says, "I have suffered through my work with a severe case of sick headaches and sour stomach, I now enjoy good health and can do more and better work and life is worth living. I have never before given my mind to advertising a medicine, but you cannot imagine how different I feel since I discovered Carter's Little Liver Pills."

Mrs. Leoman says: "Carnol saved my life—many thanks to Carnol!" But read her letter. It tells her story better than we can. "I feel it my duty to write you about your wonderful medicine Carnol. In January I had an operation for appendicitis. The pain I suffered before the operation and the loss of blood afterwards left me so weakened and run down that I wasn't able to go about on my feet. I just had to lie around all the time. The doctor said I was to take iron for my blood for it was so thin. I had anemia and folks said I had only a short time to live. Carnol saved my life—many thanks to Carnol. I have gained about ten pounds in three months. After every meal I used to have indigestion and heartburn so bad that the pain was intense. A dose of Carnol would give me immediate relief. Now I am absolutely cured of both. I had severe headaches and pains across my back and they have also disappeared.

"This is how I started using Carnol. I asked a friend about Carnol. She said it was awfully good. Her doctor had recommended it to her to take after she had been in bed for months and she was completely cured. I called up our druggist and asked him about Carnol. He recommended it but said he was just out of it and wanted me to take a bottle of beef, iron and wine, but I said, 'No, I want Carnol.' So he said he would send and get me some. Just as soon as it came I commenced to take it and it has renewed my blood and given me a wonderful appetite. I never have to take a laxative with this medicine. I highly recommend your medicine highly enough. It is just exactly what the system needs."—Mrs. Wilson, Leoman, Woodville, Ont.

popular with investors that seldom are they offered for sale in the open market. Surely this is conclusive evidence sufficient to satisfy any fair-minded person that our financial condition is sound one, and having followed the narrow path of financial safety we are now reaping the reward in higher prices for our securities.

\$31,243,311.84 DEBT. The capital debt of the Province including debentures and floating debt at the 31st of October last, less the amount of \$529,299.39 at our credit with the Federal Government, was \$31,243,311.84. This debt is represented by the following investments:

Table listing investments: Saint John and Quebec Railway, N. B. Coal and Ry., Hydro Electric Power, Permanent Bridges, etc.

INCURRED IN PART. "I wish to point out however that \$19,603,855 of the above debt was incurred by previous administrations. The records show that in the year 1917, they incurred \$15,309,855 of debt, and under and by their legislation, the present Government was compelled to bond a further debt of \$3,794,000. These are conservative figures.

NET CAPITAL DEBT. The net capital debt at October 31, 1924, was \$28,208,648.81. Total debt \$31,243,311.84. Less unexpended portion of bond proceeds \$2,934,663.03. Less sinking funds \$1,727,186.00. Net debt \$28,208,648.81.

EXPENSES INCREASE. "We look about us and we discover that we have not as much money as we would like to have—expenses are increasing. It costs more for the necessities than it used to and what were formerly luxuries have now become necessities, with a new compulsion of luxuries that we are altogether indifferent to. Our children leave home—they have discovered that we have not much to offer them and that there is a good deal to be had if one can but find it. If they are successful, and it is amazing how many of them are, they stay away and while they look back at us with affection, it is not unmingled with pity. If they fail, and some do, they come back and continue to fail—we have so few ways of converting failures into successes. In the meantime we are supplying no small amount of brain power and youthful energy to our neighbors that we need more than they.

LOSS IN DR. PUGLE. "Before passing on to the items of the budget which I am about to lay before you, I would like to say a word in the passing of the Hon. Dr. Pugsley. He was a man whose life and interests, and often times his work, took him to fields far from his home land. His was a great mind, equipped with training for wrestling for large problems, problems and labors that were all-absorbing, and yet he never lost sight of his native province and her needs. He was one of those who believed in her and loved her and he lost no opportunity and left no stone unturned to further her interests. "Perhaps his greatest effort in her behalf, and his greatest memorial, is at Courtney Bay, but his constant devotion to her advancement left its mark upon her spirit more indelibly than the tangible fruits of his service.

NEVER MORE OPTIMISTIC. "I have never been more optimistic in regard to the possibilities of this country than I am today. I have firm faith in the future of the Empire of which we are a part and I hope to see good results obtained as its varied resources are properly developed. A factor conducive to Canadian prosperity is our close proximity to a country of 113,000,000 people, and we shall find in that country a market for larger amounts of lumber and paper, also increased quantities of foodstuffs."

FINANCES LOOKED INTO. "I may say that our financial condition in all its phases has repeatedly been investigated by the best financial heads, not only in Canada but in the United States. We have been visited by representatives of the leading insurance houses of New York, Boston, Toronto and Montreal with a view of securing our much coveted debentures. Recently a New York firm of bond brokers purchased from us a block of \$808,000 10-year 4-3/4 per cent debentures at the high price of \$94 1/2 per hundred, the highest price yet offered in Canada since the time of the Great War for a bond of that maturity. One hour after the sale we were informed that the entire lot of bonds had been placed or untold. Our bonds have become so

\$92,544.44 and the Boys' Industrial House cost the province \$11,206.42. All of these institutions are rendering splendid services and are efficiently and economically managed.

AGRICULTURE OUTLAY. "The Department of Agriculture expended \$108,849.42 as against \$90,766.56 in 1923. The large increase in expenditure was owing to the Dominion Department of Agriculture having discontinued payment for services formerly carried on by them. The provincial department was therefore compelled to take upon itself the additional expenses.

SERVICES LOOKED AFTER. "The financial reports as laid before you show that the various important services of the province have been well looked after by the Government, and that certain appropriations show over-expenditure, they were made in a public good and without incurring any additional debt.

REVENUE REDUCED. "The estimated revenue is placed at \$3,556,566,723, or \$271,190 less than the amount received in 1924, while the expenditure is placed at \$3,858,627, or \$271,383 less than the expenditure of 1924, and in view of the comparatively small amount of revenue receivable, serious consideration must be given by the Government to the many demands for urgent grants in having to estimate expenditure of \$6,556,627, \$2,496,371 is already voted or authorized by law, so that we are called upon to vote the sum of \$1,100,056.

RAILWAY DEFICIT. "I regret to say that we have been again obliged to provide for the deficit on operation account of the Saint John and Quebec Railway for the year 1924, which is estimated at \$260,000, but we confidently look forward to the taking over of the railway by the Dominion authorities and the relief of the debt of over \$7,000,000, and annual deficits of over a quarter of a million dollars. It behooves therefore every member of this House to exert himself on behalf of his native province by recommending the necessary action on our representatives at Ottawa, both in Parliament and Senate, to take over the railway as part and parcel of the Maritime system of the Canadian National Railways.

Neuritis

Neuritis is inflammation of a nerve. The pain is burning and tearing, not darting as in neuralgia, and is increased by movement. There may be swelling and sensitiveness to touch, and sometimes redness of the skin. Your experience will tell you that neuritis, like neuralgia and sciatica, only bothers you when your nervous system gets run down. Restore energy and vigor to the nerves and you remove the cause of these torturing ailments. CHURCHILL BEHIND. Fails to Equal Surplus Which Was Anticipated—Revenues Decline.

LONDON, March 31.—Winston Churchill, chancellor of the exchequer, has fallen millions of pounds behind the optimistic goal set for him by newspapers which predicted that the surplus for the fiscal year just closed would amount to 8,000,000 pounds sterling.

Government revenues for the fiscal year which ended Tuesday, are announced as 796,455,295 sterling, compared with 887,169,284 under a Labor Government in 1924. Expenditures amounted to 785,778,711 sterling, compared with 788,840,211 last year. Churchill announced his surplus as 8,688,884 sterling. The budget estimate was for a surplus of 4,024,000 sterling. The floating debt amounts to 742,195,000 pounds compared with 774,475,500 last year.

Reported at Geneva That Political Organization Is Ready

LABOR BUREAU GIVES DETAILS

Advanced Platform Including All Modern Reforms Is Advocated.

By HENRY WOOD

United Press Staff Correspondent.

GENEVA, April 1.—The next few months will witness in Japan the launching of a great proletarian political party, with a most advanced platform, that is probably destined to play an important part in Japanese politics, according to detailed reports just received by the International Labor Bureau here.

DEATH FIGURES

Deaths in New Brunswick in 1923 totalled 5,018, the rate per 1,000 of population being 12.8. In 1922 the rate was 12.8, in 1921 13.1, and in 1920 13.2.

INFANT MORTALITY

Infant mortality in 1923 was 110, there being 682 male and 487 female children deaths. The next largest group was from 70 to 79 years, the figures showing 597 male and 360 female deaths.

RUNAWAY HERO IN DONATED CLOTHES

Hats off to Waldo Gallagher, returned man, who rushed out of the East John hospital and brought a bad runaway to a halt, saving the terrified lady occupant, but ruining his suit in a hundred yard drag along the ground.

Gallagher looks like he has a good bit of bulldog courage, and he certainly proved it by refusing to let go regardless of his own condition and that of his clothing.

He got badly bruised up as well. The special circumstances were more to Gallagher's credit than appears on the surface, but he won't talk about them. He was an X ray patient at the hospital and was about to return home to Sussex. It is understood he can ill afford the loss of his clothing, and that he needs employment, having a family to support.

Immediately after his brave act, he was presented with a free pick of any suit he wanted by the Triple C Tailors—an upstairs establishment in the N. B. Power building, doing the largest business of that kind in the Maritimes.

Acute depression continues in the coal trade, the report adds, and collieries are closing down throughout the country.

The Cardiff Chamber of Commerce reports that "it is impossible to recall the time when the coal and shipping trade and its kindred and dependent industries have suffered such depressing conditions as at present."

The summary further mentions that British ship builders lost a contract for five 10,000-ton motor vessels to Germany, while the unemployment in Great Britain stands at 1,219,200, which is 128,000 more than last year.

Ten industries, namely lace making, glassware, rubber tires, brushes, carpets, gas mantles, hollowware, silk, automobiles and wireless, repeatedly have requested protection through the Board of Trade committee instituted under the Safeguarding of Industries scheme.

Fig from production in February increased 30,000 tons as compared with January, but steel ingots and castings increased 40,000 tons.

The summary states that there is a record trade in the bicycle and motorcycle industry, while the chemical trade has improved, and timber exports are very large.

It mentions that an Imperial economic conference has been called to promote importation into Great Britain of food from other parts of the Empire. Meat and fruit will be the first subjects for consideration.

BRITISH POLICY OF DEFLATION IS CAUSE OF WORRY

Shipbuilders Lose Order for Five 10,000-Ton Vessels

10 INDUSTRIES ASK PROTECTIVE TARIFF

Cycle and Chemical Salts Improve—Imports of Lumber Large.

Canadian Press Despatch.

LONDON, March 31.—The March summary of British trade as viewed by the United States Chamber of Commerce in London says the serious industrial situation is focusing attention on the government's monetary policy of deflation which arouses misgivings in commercial circles.

Acute depression continues in the coal trade, the report adds, and collieries are closing down throughout the country. The Cardiff Chamber of Commerce reports that "it is impossible to recall the time when the coal and shipping trade and its kindred and dependent industries have suffered such depressing conditions as at present."

The summary further mentions that British ship builders lost a contract for five 10,000-ton motor vessels to Germany, while the unemployment in Great Britain stands at 1,219,200, which is 128,000 more than last year.

Ten industries, namely lace making, glassware, rubber tires, brushes, carpets, gas mantles, hollowware, silk, automobiles and wireless, repeatedly have requested protection through the Board of Trade committee instituted under the Safeguarding of Industries scheme.

Fig from production in February increased 30,000 tons as compared with January, but steel ingots and castings increased 40,000 tons.

The summary states that there is a record trade in the bicycle and motorcycle industry, while the chemical trade has improved, and timber exports are very large.

It mentions that an Imperial economic conference has been called to promote importation into Great Britain of food from other parts of the Empire. Meat and fruit will be the first subjects for consideration.

MORE ENGLISH COMPANIES TO PERFORM HERE

Percy Hutchison Plans to Promote Sending Old Country Successes

MUSICAL COMEDY INCLUDED IN PLAN
Begin Tours in Maritimes Instead of Montreal Is Idea.

"Now that I have been here and studied up the Maritime Provinces situation from the entertainment viewpoint, I have determined upon my return to England, to see if we cannot bring out to this country more Old Country plays and musical successes."
Percy Hutchison, leading player in "The Luck of the Navy" company, which has just played the Imperial Theatre, thus expressed himself to a reporter for The Times-Star in his dressing room last night when asked as to the possibility of more English companies visiting this part of Canada.
It was pointed out to the actor-manager that in the past most trans-Atlantic attractions have made Montreal their point of entry and departure unless it be a winter trip that necessitated their using the port of Saint John or Halifax. The Maritime Provinces seem to have been ignored to a great extent and as a result public tastes have not been trained to the spoken drama or musical works and occasional attempts of American companies to bring costly shows into this territory have not always met with financial success.

DAYS OF OPERA.
Mr. Hutchison was reminded that in the piping days of the late '80's and the early years of 1900 Saint John enjoyed an occasional touring opera company, among which were some English organizations. One of the latter nationality was that of Maurice Bandemann, a manager who specialized in touring medium-sized operatic companies with rights to play within the British Empire, or perhaps more particularly the British colonies such as Canada, Australia, British West Indies, India and elsewhere. In those days Saint John enjoyed such English shows as "Floradora," "Sergeant Brum," "The Girl From Kays," "The Man From Cook's," "The Telephone Girl" and other current successes long before they received their American premiere.
In fact during one of Mr. Bandemann's trips, American lawyers and detectives watched him closely at the Niagara Frontier lest he should attempt to put on some of the late English successes in American territory before the American rights owners had the opportunity of doing so.
WILL TAKE IT UP.
"I really see no sound reason," said Mr. Hutchison, relative to this explanation,

tion, "why this oddtime condition, when English musical comedies were presented here, should not be revived. Indeed I shall make it my special duty when I re-assemble the Actor-Managers Guild, upon my arrival in England, to discuss quite fully with managers this very point of catering more directly to the Canadian demand."
Mr. Hutchison is lessee of several English theatres and is presiding officer of a corporate body of managers who meet frequently and discuss their enterprises. He has been a chief moving spirit in sending to Canada each eminent stars as Sir John Martin-Harvey, the late H. V. Esmond and his talented wife, and was third owner of the project which brought "The Maid of the Mountains" company to this side of the water.

CHOSEN BY HIM
In fact Viva Daron and Flora Le-Breton, two of the stars of the "Maid of the Mountains" which played in Saint John a few years ago, were chosen by Mr. Hutchison as very promising leading talent and his judgment has been well justified. Both these actresses have been elevated to stardom, not only on the musical comedy stage, but in moving picture work as well, being prime favorites in England and Europe.
It therefore seems a bit of good fortune that Percy Hutchison and his company should be conducted through Saint John, because of transportation necessities having to do with the winter, report, back to England. Otherwise the virile English actor and manager should not have experienced the warmth Saint John holds towards British theatricals, over the Evereadies, were found this evening by aerial searchers.

GAS IN STOMACH HURTS THE HEART
Thousands of Cases of Heart Failure are Caused by Acute Indigestion, Says Medical Writer.
Gas pressure from sour, acid, upset stomach is not only nauseating and highly uncomfortable but some day it may prove fatal.
When your meals are followed by bloating, a feeling of fullness or pressure, shortness of breath and pain around the heart, you may be sure that the acid condition of your stomach is producing a GAS that is pushing upwards and expanding your heart. That's the reason for the shortness of breath and sharp shooting pains.
Whether young or old, the presence of stomach gas is truly serious and should always be given prompt and careful attention.
To quickly banish gas, cleanse and sweeten the stomach, neutralize the acidity—nothing is better than the daily "as needed" use of ordinary Bismarck Magnesia. It gives almost instant relief.
Any good druggist can supply Bismarck Magnesia in powder or tablet form at very small cost—but be sure you get BISMARCK Magnesia—recommended by Doctors and Druggists throughout the civilized world for more than 13 years.

URGES CHURCH OF ENGLAND TO RESIST UNION

British Home Secretary Sees Danger in Fusion With Rome
MAKES APPEAL TO NON-CONFORMISTS
Resolution Passed Urging Maintenance of Protestant Character of Church.
Canadian Press Despatch.
LONDON, April 1.—"We want no priestly interference, we ask for no derogatory and we will submit to no compulsory confession," declared Sir William Joynson-Hicks, Home Secretary, presiding last night at a meeting in Albert Hall convened by the World's Evangelical Alliance to uphold the doctrine of the Reformation, and to protest against an attempt by Anglo-Catholics to undo its work.
Desire For Re-Union.
"The desire for re-union with Rome is still in existence," the Home Secretary added. "Men who do not represent the Church of England and who have no right to speak for the Church of England or for England itself are once more seeking a re-union while Rome smiles and sits still, knowing that the only way is by submission to itself. We stand for the scripture of the highest and final authority, and there is a danger that the spiritual freedom of the laity will be taken away."
Appeal To Others.
Sir William appealed to the non-conformists to come forward and join in the protest and declared that people who attempted to tamper with the power of the prayer book would have to reckon, not only with the nation, but with the Parliament of this country.
The meeting adopted resolutions declaring that alteration in the character of the national book would have a disaster to the religious life of the nation and the Empire, and appealing to the laity and Parliament to maintain its Protestant character.

FAMILY NAMES USED IN FILMS; WANT PAY

Beaucaire and Duke de Brissac Sue Producers For Infringement on Ancestors.

PARIS, April 1.—A new vend recently has been opened in the proverbial "American gold mine," thanks to American film producers in choosing French history as a background for scenarios. A Frenchman finds his family name used in a production and promptly uses damages, as in the case of the Duke de Brissac family. As head of the de Brissac family the Duke demands compensation amounting to 100,000 francs for what he deems an insult to his ancestor. The producer company offered to change the name of the character, but the Duke declares it is too late, as the damage has been done.

FASHION SHOW AT RECREATION CENTRE TODAY

Y. W. C. A. Combine Spring Tea With Dress Display BRINGS CHAIN TEA SERIES TO CLOSE

City Young Ladies Models in Showing New Styles.

The fashion show and spring tea at the Y. W. C. A. recreation centre this afternoon was planned as a grand event to close the series of chain teas held in aid of the association funds, and it promised to be one of the most successful and delightful entertainments held in the recreation centre. In the gymnasium some of the "Y" members were to act as living models to show the latest in spring fashions exhibited by local firms and in the lower hall tea was to be served and a fine array of tempting articles was offered for sale. The rooms were very tastefully decorated in yellow and mauve with spring flowers and the kindergarten children's novelties of chains and flying birds enlivened the appearance of the lower hall. Mrs. J. Herbert Crockett is the general convener for the spring fair. It was expected the models for the fashion show would be Miss Winifred Blair, Miss Eleanor Angus, Miss Mabel Currie, Miss Gloria Logie, Miss Gertrude Ewing and Miss Audrey Bolton, for grown-ups' clothing and Miss Alice Chisholm for young girls' dresses and hats, while the babies' frocks and hats were to be worn by Joan Logie, Ruth Gale and Lola Harris.

The committees. The different committees named to take charge of the tea and talk are as follows: Tea convener, Mrs. A. E. Logie; upon table, Mrs. L. Roberts; candy table, school girls' gymnasium class with Miss Greta Fowler as convener; Booster's novelty table, Mrs. H. Hayes; convener; reception committee, Mrs. E. C. Weyman, Mrs. W. M. Angus and Mrs. A. W. Estey; ticket convener, Mrs. H. T. Campbell; no charge of tickets at the door, Miss C. O. McGovern, Miss Alice Rising, Miss L. Parks and Mrs. R. C. Cruikshank; decorations, Mrs. W. M. Angus. Those to pour tea and coffee are Mrs. James F. Robertson, Mrs. John McAvity, Mrs. A. M. Peters and Mrs. M. H. Dunlap. In the organization for the spring fair, Mrs. R. B. Travis assisted greatly. The novelties offered for sale by the Boosters were specially attractive and most of them were made by the girls themselves. A volunteer orchestra of 16 members prepared a pleasing programme of music. Miss C. O. McGovern was to receive the money from the chain teas this afternoon and it was expected that the final tally would show that they had realized a satisfactory sum.

NORTH END HOTEL MAN DIES SUDDENLY

W. S. Ferris Was Believed Recovering After Operation Performed Some Weeks Ago.

The death of W. S. Ferris, proprietor of the Ferris Hotel, occurred suddenly this morning at his home, 70 Main street. Mr. Ferris was one of the best known citizens of Indian town and his cheery presence will be missed by many. About 10 weeks ago he entered the General Public Hospital for an operation and last week had sufficient strength to return home. He seemed to be making good progress toward recovery until last evening, when he took a bad turn. His doctor was called and the patient seemed to rally but toward morning he passed away. Mr. Ferris is survived by one son, Blake C. Ferris, of this city, one grandson, Donald Ferris, two sisters, Mrs. C. M. Robertson, of Robertson's Point, Queens county; and Mrs. S. B. Stewart, of White's Cove, Queens county; and two brothers, Sylvanus Ferris, of Sira Madre, California; and Joseph Ferris, of Ventura, California. The funeral will be held on Friday afternoon.

ADD TO ORGAN FUND

United Church Workers, East Saint John, Have Old Time Basket Social.

An old-time basket social was held in the hall of the United Church, East Saint John, last evening, with a fine attendance, despite the inclement weather. The Ladies' Aid and the Girls' Club of the church served tea and coffee, and the baskets were disposed of, and everybody found their partners for the supper in accordance with the custom of basket socials. The sum realized surpassed the expectations of the committee in charge. Alexander Magee and Alexander Robertson were the auctioneers. Among the many artistically trimmed baskets one represented the United Church. It was of pink and green, all shined and with a church roof. It brought a record sum. The Girls' Club brought in a good sum to the funds from a candy and ice cream booth. The money will be devoted to the purchase of an organ for the church services.

DANGEROUS PRACTICE. A resident of Pond street complained to the police yesterday that two boys had thrown rocks at his wife. Policeman Quinn visited the homes of the boys and warned the parents of their actions.

EXPLAINED IT. Edward Sprague, reported for operating an automobile with only one headlight, appeared before Magistrate Henderson today. His explanation of the matter was accepted.

BREAK IS MADE. The store of Alexander Bros., Thorne avenue, was broken into last evening and a small quantity of cigarettes and cash was taken. The matter is now in the hands of the detective department. It is believed to be the work of boys.

EARLY MORNING FIRE. The fire department was called out at 3.30 o'clock this morning from an alarm from Box 28 for a fire in a house at 173 Carmarthen street, owned by the Eastern Trust Company and by Howard Yeoman. Slight damage was caused on the second floor. The all-out sounded at 3.50 a. m.

RECOVERING SLOWLY. At the home of Mr. and Mrs. H. Vincent MacGillivray, Miss Nancy Duncan, leading lady of the Carroll Players, who suffered a nervous collapse last Friday, is slowly progressing toward recovery. Her popularity is marked by the numerous beautiful bouquets which have been literally showered upon her.

FAIRVILLE SERVICE. Rev. J. M. Rice preached at the united meeting in the Fairville Methodist church last evening. Rev. W. M. Black, a layman of the Baptist church, led the prayers. Rev. Mr. Townsend led the scripture lesson. Mrs. Arthur King played the piano for the song service and congregational singing.

NEW SIGNAL MAST. The Government steamer Laurentian is at Lepreau erecting for the Marine and Fisheries Department a new signal mast at the light and alarm station there. J. C. Chesley, agent for the Marine Department here, said this morning that the new mast would be much higher than that replaced. He expected the work of installation would be completed in a few days.

INURED IN RUNAWAY. A horse, with carriage attached, owned and driven by E. Thomas, ran away in Thorne avenue yesterday afternoon about 10 o'clock, throwing Mr. Thomas out on the ground. He was conveyed to the General Public Hospital by John Sprague and after his injuries had been attended to went to his home in Murray street. The horse was soon captured.

BOY HIT BY AUTO. Elman Richards, a small boy, was knocked down and cut about the face by an auto driven by Miles Hogan, 64 Sydney street, this morning about nine o'clock in Main street. The youngster was conveyed to the General Public Hospital but as his injuries were not very serious he returned to his home, 63 High street. Spectators say that the driver of the car was not to blame for the accident.

AFTER THE WINTER. Inspection of the buoys and lights along the southern Nova Scotia coast is now being carried on by a steamer from the Marine and Fisheries Department. The buoy on Southwest Cape Sable is being replaced. J. C. Chesley, agent for the Marine and Fisheries Department, said this morning that the buoys in the Bay of Fundy had been put in good shape and were ready for the season.

EASTER HOLIDAYS.

The Easter holidays have begun at the Girls' School at Netherwood, Rothesay, and some of the graduating class for this year came into the city last evening to attend entertainments. Among these were Miss Muriel Tapley, Miss Constance Watson, Miss Alice Kane and Miss Ruth Harrison. Miss Marjorie Shaw, daughter of Mr. and Mrs. William Shaw, of Sydney, Cape Breton, came into town this morning and was the guest of her aunt, Miss Eleanor Tapley, and will leave this evening for St. Stephen, where she will spend the two weeks' Easter vacation with Mrs. James Murray.

DIES BUT 3 WEEKS AFTER HER HUSBAND

Mrs. Frederick M. Barnes' Life Ends in Somerville, Mass.—Remembered Here

Mrs. Frederick M. Barnes, of Somerville, Mass., died at her home yesterday, only three weeks after the death of her husband. Mrs. Barnes had been ill a long time. She was a woman of advanced years, and was a daughter of the late Mr. and Mrs. Ebenezer Blakeley of this city, of Loyalist stock. Mr. Barnes was a brother of Mrs. W. B. Dunn, also of this city, and upon whom the news of death was received. Mr. and Mrs. Barnes frequently visited Saint John and are remembered by many, especially of the older generation. Mrs. Barnes will be buried in Somerville beside her husband.

TO MEET IN CAPITAL

Saint John Sends 25 Engineers to Society Session in Fredericton.

About 25 members of the Saint John branch of the Engineering Institute of Canada are to leave this afternoon for Fredericton, where a meeting of the branch will be held this evening jointly with the engineering society of the University of New Brunswick. G. G. Hare, president of the branch, will preside at the meeting and three papers will be read. One will be given by E. G. Evans, M. E. I. C., Moncton, on the "Teredo"; one by L. L. Theriault, M. E. I. C., Fredericton, on "Highway Construction in New Brunswick"; and one by C. L. Roach, Jr., M. E. I. C., on "Electrolysis of Lead Cable Sheets and its Mitigation." The last mentioned will be a description of a survey made of the underground conduit of the New Brunswick Telephone Company, Saint John. It is the rule of the branch to hold one meeting each year at Fredericton to give the members residing in that vicinity an opportunity to meet the students at the U. N. B. an opportunity to attend.

TWO ANNIVERSARIES

Mr. and Mrs. Wm. Parks, 34; Mr. and Mrs. C. H. Townshend 20 Years Married.

On Monday evening a few friends from Saint John and Fair Vale gathered at the home of Mr. and Mrs. Wm. Parks and tendered them a surprise party on the 34th anniversary of their wedding. The evening was spent in games, dancing and music. Miss C. Parks played a few selections on the piano, one being "When You and I Were Young, Maggie," which the guests of honor sang. Thomas Stock also gave some selections dealing with those present and much merriment was caused. At midnight dainty refreshments were served, after which an address was given and a presentation of 34 beautiful roses in a jardiniere was made by Mr. Mack on behalf of the Fair Vale Mid-Week Club. Mr. and Mrs. Parks also received several dainty pieces of china, cut glass and silver and suitably acknowledged the gifts. They were wished many more happy years.

Twentieth Anniversary. Mr. and Mrs. C. H. Townshend, 1 Goodrich street, entertained a number of friends on the 20th anniversary of their wedding. They were made recipients of 20 beautiful roses. Dainty refreshments were served and the evening spent very pleasantly with music and games. Pleasant addresses to the bride and groom were given by a number of their gentlemen friends.

GEOS TO WASHINGTON

Hon. E. A. Smith Will Attend Session on Grand Falls Power.

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, was in the city today attending to some routine matters in connection with the work of the commission. This afternoon he left for Fredericton. Later in the week he will leave for Washington to attend the annual meeting of the International Joint Commission. At this meeting it is expected the application of the Brunswick Electric Power Commission in connection with the Grand Falls development will be taken up.

BUILDING WORK.

Only two permits were issued for last month, one to M. B. Edwards for alterations to his property, Sydney and Meckenburg street, \$3,000; and one to J. D. Williams for alterations to his property, 88 Charlotte street, \$1,500, a total of \$4,500 for the month. Last year the value of new construction in March was \$24,900. For the first three months of this year the value of new construction is \$18,500, as compared with \$71,450 for the same period of 1924.

GRAIN SHIPMENTS.

According to figures given out at C. P. R. headquarters this morning the grain shipments from their elevators in West Saint John during March this year exceeded those of the corresponding month in 1924. The total shipments last month aggregated 2,307,000 bushels, while in March last year they amounted to 2,281,000.

CONFIDENTIAL TO WOMEN.

You'd be surprised how many people exclaim about present-day dresses not being large enough about the hips, but big hips are not fashionable. Are you awake to that? Consult our corsetiere; she sends all those things, and will take ten years off your figure—London House.

GOES TO CAPITAL.

J. M. Woodman, general superintendent of the C. P. R., New Brunswick district, left this morning for Fredericton on a business trip.
