MYSTERY BEATS SCOTLAND YARD
A Case Worthy of Sherlock Holmes.

\$60,000 Stolen in Broad Daylight
From a Locked Room in a
in a Crowded Hotel.

NEW YORK, Feb. 1.—A despatch to the Herald, from London, says—Scotland Yard appears to have at least come to the conclusion, that in seeking an explanation of the mystery and the national disappearance of £12,000 (\$30,000) in Bank of England notes from the Hotel Metropole, the London detective bureau is confronted by a problem worthy of the best efforts of Sherlock Holmes. The notes were missed on Friday morning last and for two whole days the idea was encouraged that their owner, George Marshall, solicitor for the Duke of Newcastle, had stored them away for safe-keeping and then forgotten where he had hidden them. The lost money was to have been used in the purchase of property for the Duke. Mr. Marshall came to London with notes to the value of £13,000 (\$30,000) in his wallet. He stayed at the Hotel Metropole and left his wallet with the hotel cashier, remarking that it contained a large sum of money. Next morning he received the wallet from the cashier and carried it to his room. He removed some papers from it, saw that the notes were all right, locked the wallet up and put it in his portmanteau. When Mr. Marshall returned without locking it and went down stairs. Mr. Marshall on going out closed the door, which fastened itself with a spring lock. During his absence a chambermaid found the door to his room ajar. When Mr. Marshall returned to his room an hour later he went to the portmanteau and took out the wallet, which, to his amazement, fell open as he lifted it. The wallet had been cut open and examination revealed the fact that £12,000 of the £13,000 was gone. The £2,000 in a separate envelope in the wallet had apparently been overlooked. Experts have since examined the wallet said it was cut open by an exceedingly sharp knife, and probably by a left handed person. The robbery is believed to be the work of an expert and daring gang, who may have been preparing their plans for months. Mr. Marshall suspects he was shadowed to the hotel. He has more than one reason for his suspicion. In the corridor of the hotel on the night of his arrival, a well dressed man brushed against him, and on coming out of his room he met the same man on the stairs. Had the man gone straight to his room, he would have met Mr. Marshall's room, but he turned aside and went into an empty room. Before Mr. Marshall left his room in the morning, the door was opened by some one and quickly shut again.

PRINTERS ON STRIKE
Nine Hundred Bo k and Job Men
Quit Work in Boston — Want
More Pay

BOSTON, Feb. 1.—The strike of the 900 book and job printers of Boston, Cambridge, and vicinity was begun today. The trouble is over a new scale of wages demanded by the help and refused by the employers. The demand of the employees is for an increase of five cents for every thousand ems, one dollar a week for hand compositors and three dollars a week for machine operators. On Saturday the owners of the printing plants who are members of the Boston Typographical Union rejected as a body the demand of the employees.

DOWIE'S DIFFICULTIES

Zion City Owe Three Hundred
Thousand Dollars — Property
Options Fall Due Today

CHICAGO, Feb. 1.—John Alexander Dowie planned three years ago to have the land of Zion free from debt today, instead it is declared that \$300,000 would not meet the payments, and that \$75,000 for property on which options were given fall due today. Most of the options due previously have been extended and the over-extended Dowie declares he will retain all the land held in this way—said to be one-third of the total acreage of 6,000. Dowie represents one half of the purchase price of the rest. Zion City is having no difficulty in meeting the interest on the mortgage, but is arranging for delaying payments named in options.

MAYOR HARRISON MAY
SUE CHICAGO CORONER.
Corporation Counsel Declares Chief
Executive Was Arrested Palms
After Irregular Inquiry.

CHICAGO, Ill., Jan. 30.—Corporation Counsel Tolman today rendered an opinion that Coroner Trager is liable for paying damages for the arrest of Mayor Harrison, which, it is asserted, was made falsely and without warrant in connection with responsibility for the Chicago Theatre fire horror. Spurred to activity by friends, both legal and political, the mayor is seriously considering bringing a civil action against the county official. These friends assert that the mayor was a victim of a political trick. Final action will be decided on at the meeting of the Chicago Democratic Club Sunday afternoon.

Release from the finding of the coroner's jury may also be obtained by each of those held for the grand jury—Building Commissioner Williams, Fire Marshal Musham and five others. Mr. Tolman held that the mittimus under which they were taken into custody were illegal, because they did not specify the charge for which the persons were arrested.

AMERICAN FLAG DEFILED.

NEW YORK, Feb. 1.—A despatch to the Sun from Havana says a private report from Centeno states that the American flag at the consulate there has been covered with manure. The report is supposed to have been due to an adverse report on the political situation there, made by Mr. Centeno or information furnished by Consul Baehr. Mr. Steinhart, the American consul general here, knows nothing of the matter.

JO JO IS DEAD.

NEW YORK, Feb. 1.—A special to the World from Vienna, says—Jo Jo, the dog-faced man, is dead, from pneumonia, at Salonic, Macedonia. Jo Jo was born in Finland and had been exhibited in all parts of the world.

NO MORE CHEAP FARES.
New Railroad Act Forbids Granting
of Special Rates to Clergymen
or Any Other Class

The new railway act went into operation today and it will have a wide reaching effect on the passenger business of all railways not owned and operated by the government. One of the most important changes is the obligation of the railways to treat all persons alike. There must be no more discrimination, but whenever cheap rates are offered they may taken advantage of by the public at large. For instance it has been the custom in the past to issue special tickets to any delegates attending conventions. These delegates buy single trip tickets, receiving at the same time a certificate from the agent. This certificate is filled out by the secretary of the convention and upon presentation at the railway office at the point where the convention is held, entitles the delegate to a free ticket to his home.

Under the new act there can be no more of this. No special rates can be given to any convention or meeting, unless such rates are open to the entire public. This leaves to the railways the question of deciding whether the special rates shall be done away with altogether, and the matter will shortly be laid before the railway commission. Meanwhile cheap rates, whenever offered, will be open to all. Another change is the cancelling of all certificates entitling the holders to reduced fares. This will affect clergymen and sisters of charity who in the past have been granted single fares for round trips. Lumbermen have always been given a rate of two cents per mile for laborers who they had employed. This will no longer be done. Other persons have not enjoyed a two cents per mile rate in the past. Other persons have not, excepting where specially granted by the railroad. In the future the roads are compelled to grant the same privileges to all who are allowed theatrical parties.

DIED OF THIRST
Thirty Tramps Who Attempted to
Cross Nevada Desert Perish
in Awful Agony.

SALT LAKE, Utah, Feb. 1.—The bodies of between twenty and thirty men who perished from thirst while attempting to cross the desert between Moapa and Los Vegas, Nevada, have been found within a few weeks, according to figures received from the local place. The men, it is believed, were mostly tramps who attempted to make the long journey on foot without sufficient supplies of food and water to carry them across. Many of the bodies were found without clothing and it is believed that the victims had wandered about in a nude condition. Some were found with drunk water from "Dead Man's Well," which is located in the centre of the desert. The water from this well while temporarily alleviating thirst, assures death to those who drink it.

POLITICAL TALK.

Around the streets today political gossip is rather quiet. There seems to be a lull pending the nomination of the conservative candidate this evening. But in the meantime some interest is being taken in the local elections and T. Barclay Robinson is mentioned as being a candidate for the legislature. Mr. Trueman, who is believed to be after the solicitor generalship, is talked of as a young man who may be allowed to wait for a few years. Those who are doing the talking are going on the assumption that Mr. McKewen will be wanted, but Mr. McKewen has not yet thrown up his job. He will, in the opinion of the majority, need it again after Feb. 15th.

GOLD SEARCH IMPERILS TOWN.

DAWSON, Y. T., Feb. 1.—The town of Grand Forks, is being undermined in pursuit of gold. The town stands on what was originally claim number six, above the discovery on Bonanza Creek. Grand Forks has a population of 500. The town has one long street lined with business houses, and the owners of lots on which they stand have begun digging under their own buildings in quest of the yellow metal and are having success.

STEAMERS SAIL.

The Donaldson liner Kaatalla and the C. P. R. steamer Montfort, both sailed this forenoon. The C. P. R. passenger steamer, Lake Manitoba, was expected here on Saturday, but has not yet put in an appearance. She is supposed to be in the bay, but owing to the heavy fog which extends to Seble Island, her progress to port will of necessity be very slow.

NOTED ENGINEER DEAD.

NEW YORK, Feb. 1.—Major Henri M. Dalrymple, of Morristown, N. J., one of the engineers who took part in the construction of the Delaware, Lackawanna and Western Railroad, is dead from blood poisoning. He served through the Civil war and accomplished many difficult feats of engineering in the Virginia campaign.

ALEXIEFF SAID TO BE POISONED
But the Sensational Report is Denied

Russia's Reply Again Delayed—
Crisis Postponed for a Few Days More.

ST. PETERSBURG, Feb. 1.—Vague rumors in circulation here today that Viceroy Alexieff had died of poison brought out a semi-official report saying: "Telegraphic enquiry made at Port Arthur shows the reports circulated there that Admiral Alexieff died of the effects of poison are untrue. The admiral has been unwell, but he again held his customary receptions yesterday."

PARIS, Jan. 31.—Another delay has occurred in framing and forwarding the Russian answer to the latest Japanese note and this will result in further averting the culmination of the crisis until the middle or the latter part of this week. The official advice received here from St. Petersburg today, although somewhat negative, gave definite details of the status of the note and the programme it was intended to follow. As a matter of fact, the answer has not yet been finally drafted. It was therefore determined to defer its submission to the Cas until next Tuesday or Wednesday. Efforts are still being made to so shape this answer as to prevent a rupture.

This new delay is interpreted as slightly improving the situation as it indicates that Russia is making extreme efforts to bring the answer within limits acceptable to Japan. It is understood that the Empress of Russia, besides being in a delicate condition, has an affection of the ear which may necessitate an operation. This fact is considered as having some bearing upon the time when the answer will be submitted to the Cas for approval. In any event, official results will be known next Thursday. Owing to the feeling that a final effort toward reconciliation was being made, the tone of official sentiment on the matter was somewhat improved today.

MRS. MAYBRICK STILL HELD

Reports of Her Release Contradicted—She May Be Let Out of Prison in July

LONDON, Feb. 1.—Further investigation confirms the announcement made by the Associated Press yesterday, on the authority of the United States embassy here, that Mrs. Florence Maybrick has not been released. Though her exact whereabouts has not developed, it is certain that she is still a prisoner. A letter received in London on Saturday from the mother of Mrs. Maybrick, the Jarosna De Rouques dated from her residence in France, January 23, said she had just returned from France after visiting her daughter at Aylesbury prison.

The baroness added that she saw no possibility of her daughter's release "until the end of July, and all reports to the contrary are absolutely false." Though the letter was written to a "M. C. inf." a friend no mention was made by the baroness of any removal of her daughter from Aylesbury.

SENTENCED TO BATH.

Nebraska Woman Sent to Jail for Twenty Days to Improve Her Appearance.

OMAHA, Neb., Jan. 30.—An Omaha woman was sentenced this morning in the police court to take a bath every day for the next twenty days. That the sentence be properly carried out she was remanded to jail for that time and instructions were sent to the matron to see that the bath was administered.

Kitty Williams was arrested last night on a petty charge. When she appeared before Judge Berka this morning he asked: "When did you wash your face last?" "It was about three months ago," replied the young woman, unabashed. "A bath every day for the next twenty days," was the terse sentence of the court.

LOVE UNREQUITED
The Sad Story of Talmage DeWitt Carr and the Girl Who Called a Cop.

Talmage DeWitt Carr loves a maiden named Hester Smith, who is employed in Dr. Day's house on Coburg street, but the maiden does not love him—at least she says she does not, and this unrequited affection led to trouble. Carr comes from Fredericton or Oromocto, and has been keeping company with Hester for quite a long time. Her people objected, and he understood from her that while she did not wish to cast him off, she was unwilling to be seen with him in public. Her story is that she dropped him when he was accused of stealing a fur collar.

Some time ago Carr followed Hester to this city, and one evening took her out driving. They had a nice time and ate some candy. Later Carr went to Musquash, but he came back here on Friday and called to see her. She saw him and would not open the door. That evening the bell rang quite frequently but was not answered. On Saturday evening he again called, and was again repulsed. The same thing happened last night, and finally some of the neighbors spoke to the police about the man who was haunting their doorstep. Deputy Jenkins and Detective Killen went up and found Carr innocently trying his shoe—according to his own account. But the officers had for some time been watching him sneaking around Dr. Day's house, loitering the shadows and evidently desiring to avoid notice. They arrested him and in court today he was called on to explain his conduct.

Hester Smith told all about Carr coming to the door and annoying her by forcing his attentions on her. She said that he had even threatened her life by saying he would shoot her.

Martha Carr, a friend of Miss Smith's, also told of Carr hanging round the house. The prisoner, when arrested, was found to have in his pocket a package of a powerful irritant poison, which he admitted having carried around for a month. The police had their own ideas of this, but did not go deeply into the matter.

Carr has been warned to keep away from Miss Smith in the future, and for the present was remanded to jail.

SPRINGFIELD, Minn., Jan. 31.—The undersigned, hereby accept the challenge from Fred Logan to skate in the Palace Rink, Springfield, on Tuesday.

HOCKEY.
The employees of D. Magee & Sons accept the challenge of the employees of Brock & Patterson of hockey.

In the racket exhibition of hockey yet seen in the provincial league the Crecoites defeated Tristram in the rink last night by a score of 5 to 2. The match possessed barely a redeeming feature. It was a succession of rough shots, stick work and occasional dashes, which were generally ended by trips and hard checks.

Referee Ryan commenced letting go the leading of the Tristram and the questionable tactics of some of the Crecoites, especially Weaver. The result was that he and he had a regular Donkey Run on his hands. If there was anything in the line of rough play absent it was because the players failed to think of it. On one occasion Mullian, going down the rink, was cut across the leg by the stick of a Tristram player. He at once stopped the pursuit of the puck and deliberately swung his stick across the Tristram man's legs. Then Referee Ryan asked up out past the rink last night for about two minutes. A little later Weaver checked him and both went down. Haystrick Weaver with his stick, hit him on the head, and Weaver, as he put it, "bersted him one in return." In a twinkling the spectators leaped out of their seats and cheering and waving flags for a free fight, but this was happily averted.

T. J. CHRONIN DEAD.
For Many Years a Prominent Wholesale and Retail Liquor Dealer.

Timothy J. Chronin, one of St. John's best known and most highly respected citizens, died at his home, 319 King street, last night at a little past midnight. He had been in poor health for the last five or six years, and during the last few weeks his friends knew that the end was not far off.

Mr. Chronin was born in Ireland over half a century ago, and came to this country when quite young. For a time he was engaged in the lumber trade, and then he was employed by Thomas Furlong, where he remained until he opened up a wine and liquor business in the city.

Almost nineteen years ago he married the daughter of Patrick McGrath of Quincy, Mass., who survives him. Six children, five boys and one girl, ranging from six to eighteen years of age, are all living.

Much sympathy is expressed for the family and friends in their sad bereavement.

ACCIDENT ON C. P. R.
Quite a serious accident, though fortunately not attended by any loss of life, occurred on the C. P. R. last evening at Hotel, Maine. An extra east-bound freight, consisting of engine 88 and twenty-one cars, in charge of Conductor Towle, was coming down a steep grade when a coupling gave way, and the train parted, the rear section having thirteen cars. The break occurred near the top of the grade, and the front section quickly drew away from the other before those on the train realized what had happened. The rear section being freed from control of the engine, gradually gained momentum and at the foot of the grade crashed into the front part of the train. Four cars were about totally destroyed, and were piled in a heap on the track. One of these was loaded with flour and another with barley, and these two were so mixed that their contents will be total loss. The accident occurred about half-past seven o'clock, and a wrecking train was sent from Brownville after ten hours' work the track was cleared.

Supt. Downie, who was at Mergantia, went to the scene of the accident.

LIBERAL CONSERVATIVE MASS MEETING TONIGHT.

The mass meeting of Liberal Conservatives at the York Theatre this evening is likely to be a good rally. All who belong to the party or sympathize with it in the impending struggle, and all who are interested in the discussion of public issues involved, will be welcome. The meeting will be addressed by several speakers. It is expected, of course, that the candidate will be one of these, unless the choice should fall upon one who cannot be present.

PREFONTAINE FOR PROTECTION

MARIVILLE, Que., Jan. 31.—Hon. L. P. Brodeur, the new minister of inland revenue, was today returned by acclamation. In a speech following the announcement he said: "In our country it is natural that changes should become necessary. In certain cases the tariff should be raised, while in others it should be lowered. The government will always be disposed to lend an attentive ear to all legitimate demands for a change. In fact, there can be no question whatever of interfering our industries, for all those which by reason of a changed condition of affairs demand a readjustment in order to assure their stability will receive all possible aid, taking into account at the same time the great mass of consumers."

Hon. Raymond Prefontaine also spoke. Mr. Prefontaine said he represented the conservative declaration themselves the protectionist party, just as it they had a monopoly of that policy. There were no free traders in Canada. They were all protectionists.

WINTER PORT

Donaldson str. Tritonia, Capt. Stitt, from Glasgow, arrived here on Saturday. After leaving Glasgow on the 16th ult. strong westerly winds were encountered until reaching Sable Island. From Sable Island to St. John easterly winds with snow were met, the Tritonia is anchored in the stream, awaiting the vacation of No. 4 berth by the Kantalla of the same line. The Tritonia will discharge here 1,400 tons of cargo.

Str. Salacia of the Donaldson line, which took in part cargo here, completed her trip at Halifax and sailed Friday afternoon for Liverpool and Glasgow. Besides general cargo Salacia has on board 525 cattle, 220 sheep and 15 horses.

Str. Lake Champlain of the C. P. R. service leaves Liverpool tomorrow for St. John. Her scheduled sailing from this port is Feb. 20th.

A COUNTRY BARTER.

(From the Twentieth Century Farmer.)
From one of the smaller cottages at the end of the street came a bare-footed child in colorful calico dress and a hat sunbonnet. With the important air of a busy buyer, she entered the village store and handed across the counter a blue tea-cup. The proprietor took the tea-cup and said in his tones: "Well, Emily, what does your ma want today?"

"Please, sir, ma wants an egg's worth of molasses," and she carefully placed a large white egg on the counter.

The storekeeper poured out a little molasses into the cup from a stone jug and set the cup before his bride.

"Mr. Smith," she said, as she took the purchase, "I'll be back in a little while for some ginger. Ma said to tell you the black hen was on."

BUBONIC IN FRISCO.

Official Advice Sent to the Department of Agriculture.
OTTAWA, Jan. 31.—The department of agriculture has been notified that three additional cases of bubonic plague have been reported in San Francisco this month. This is a pretty bad record, as it was thought the authorities had got the upper hand of the dread disease. In 1903 there were 17 cases, all told; whereas in 1902 there were 41 deaths from the plague.

The health authorities are vigorously continuing their work of disinfection in Chinatown. Last week rats were examined bacteriologically, and it is gratifying to learn that none of them showed pest infection, although some were found for another. The department of customs has adopted new regulations regarding the entry of goods at one port when destined for another.

All imported goods are required to be reported at the frontier port by which they are manifested in bond, provided the goods are produced for usual examination takes place at the port where the goods are entered.

ST. JOHN DEAD.

OTTAWA, Jan. 31.—Profound regret is expressed in the city over the news that Molyneux St. John, who died last evening from kidney trouble and grippe, St. John had only held his office for a short time. It was recognized that he discharged the duties of the position with dignity and grace. The deceased was a resident of Canada for many years. In the early 70s he was sheriff of the Northwest Territories, having gone west with the Wolsey expedition as correspondent of the Toronto Globe. Subsequently he became managing editor of the Winnipeg Free Press, and then came east to occupy a special position in the interior department. Two years ago he was created black rod on the death of Mr. Kimber. The deceased, who was in his sixtieth year, leaves no family.

DIED AT SUSSEX.

SUSSEX, Jan. 31.—Mrs. Chestnut, wife of Charles Chestnut of this place, died at the old age of 81 years on Saturday. She came out to this country from Scotland when she was quite young and was married to her present husband about 61 years ago. She leaves a husband. Two sons and two daughters survive her. John of Woodstock and James of Sussex, with whom she has been living, Mrs. John was a member of the Baptist church, joining the church when it was first organized here.

RADIUM USED IN CANCER CONTRACTION.

VIENNA, Jan. 31.—Professor Guernsey, one of the leading surgeons of Austria, has conducted successful experiments with radium for enlargement of the spleen in cases of cancerous contraction of the esophagus, thereby obviating the necessity of recourse to artificial nourishment.

FOR THE WEST.

Str. Tritonia brought two passengers out from Glasgow. One of them is John A. Farnell, inspecting engineer, who is the European representative of the Dominion Bridge Co., of Hamilton, Ontario. He will visit various places in Canada and the United States on business. The other passenger was Thomas Graham, of the firm of Graham Bros., who own a stock farm at Clairmont, Ont. He brought out 18 Clydesdale hft. and horses, one of these, a two-year-old stallion, cost \$250. Mr. Graham leaves for the west today with his horses.

A BIG SALARY.

Speaking to the Sun last evening, Rev. Dr. J. A. Morrison of St. David's Church, said that he had nothing further to say in regard to the announcement in the Bangor Commercial, dated January 28, to the effect that he had been called to the First Presbyterian Church of Chicago, at a salary of \$8,000 a year. It was a little premature for him to make any statement, he said, but as he had told one of the evening papers on Saturday, he would not say that the statement was not correct. Dr. Morrison did not refer to the matter from the pulpit yesterday.

THE BATTLE LINE.

Str. Nemea sailed from Charleston on the 29th ult. for Norfolk. She loads three for a West India and a Mexican port, which voyage she returns to New York.

Str. Cunaxa, at Savannah, expects to sail on the 15th for Bremen and Hamburg under Capt. Journey.

Str. Pandora, at Philadelphia, has been fixed to load general cargo at New York for Bordeaux at 11s. Capt. Starratt being unable to go, owing to a heavy cold, Capt. J. L. Croswell, formerly of the ship J. D. Everett, will assume command.

NEW FOG ALARM STATION.

The fog alarm station at Tyne's Point, Irkutown, St. John Co., is about completed. It is a wooden structure with concrete foundation. The machinery, supplied by the Canadian Fog Signal Co., of Toronto, and under charge of Mr. Summers of this firm, is in duplicate. John Flood contracted for the building, with E. Bates as assistant. The engineer's dwelling is to be built near the station in the spring. Mr. Frawley, who was for a long time at Leprosus, takes charge. He is now assisting Mr. Summers in installing the machinery.

STARR'S COAL POCKET.

John H. Procter, contractor of Boston, and his brother, Geo. O. Procter, are in the city. The former has the contract for the construction of a coal pocket for R. P. & W. F. Starr, work on the same will be begun today. Six of the workmen Mr. Procter brought with him, the balance of nine or ten he will hire here. The St. John Iron Works will supply all the iron work necessary for the structure. All the timber, with the exception of hard Georgia, will be bought from local firms. Geo. H. Procter will have charge of the work. He and his family have taken rooms at the Victoria hotel. It will take about three months to build the coal pocket.
