# TWENTY FIVE LABORERS WERE DROWNED IN ALPINE TUNNEL

Were Drilling Under Ground  
and Pierced the Wall  
Separating Them from a  
Large Body of Water—  
Twenty Lives Lost in a  
Steamboat Collision

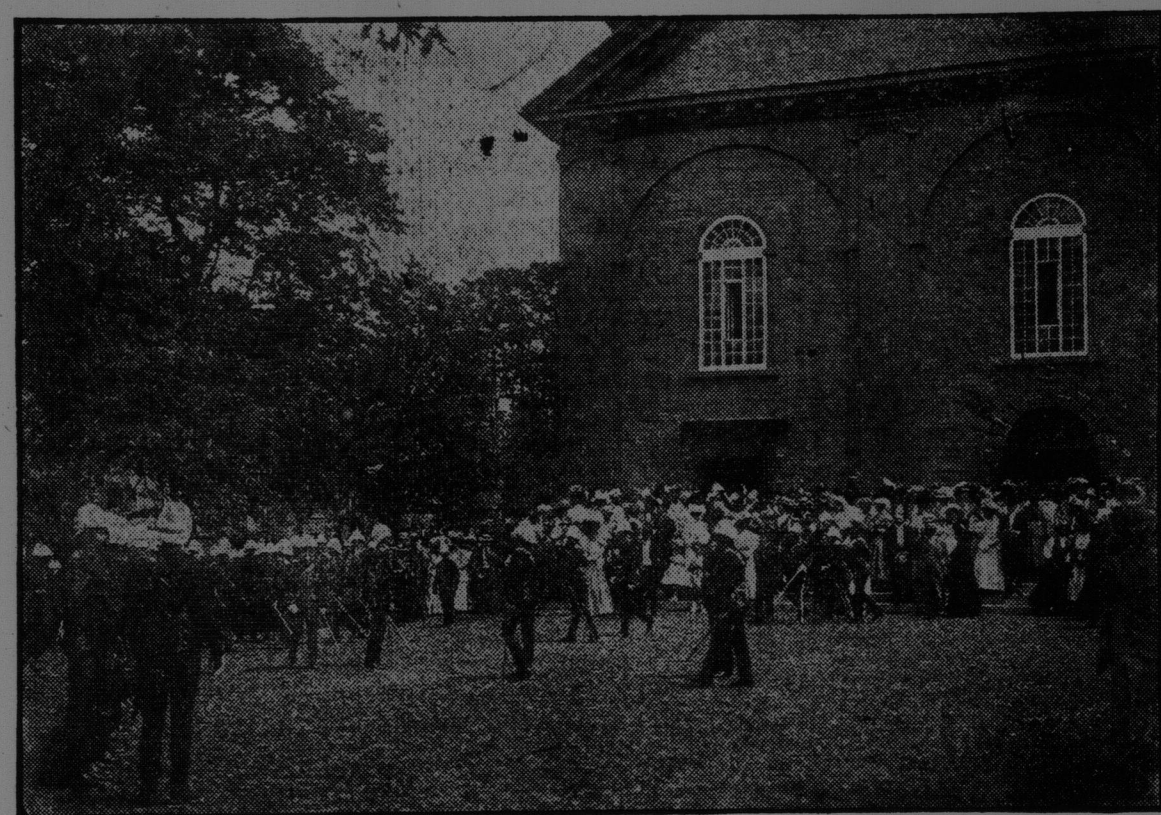

BERNE, Switzerland, July 24.—A frightful accident early today in the Loetschberg Tunnel in the Bernese Alps, resulted in the death of twenty-five workmen. The men were drilling inside the tunnel and pierced the wall separating them from a subterranean river or lake, the existence of which was not known. The wall gave way with a crash and a torrent of water and mud rushed into the tunnel and filled it. All of the workmen, who were Italians, were drowned. Fortunately, owing to the early hour, only comparatively few men had entered the tunnel.

It is believed that the men tapped the Kander River, which flows through the mountains above the tunnel. The water now chokes the tunnel within 1,000 yards of the entrance.

CHRISTIANA, July 24.—The steamer Bekkelegat, engaged in the local passenger trade, was in collision yesterday with the steamer Gotsborg. She was cut through amidships and sunk in a few minutes. From ten to twenty of the Bekkelegat's passengers are believed to have been drowned. Twenty-three of them were rescued by the Gotsborg.

# THE GREAT MARATHON RACE WAS CAPTURED BY DURANDO, AN ITALIAN

## The Quebec Tercentenary.

Escort to Lord Roberts at the English Cathedral

Hayes, United States, Finishes  
Second---Durando Collapsed  
200 Yards From Finish  
and Carried to Line---  
Americans Protest.

LONDON, July 24.—Bulletin, 2.23 p. m.—The contestants in the Marathon have started on their long run.

LONDON, July 24.—Bulletin—Slough and Jack, United Kingdom, were leading Marathon runners by 30 yards at 8 minutes before three.

LONDON, July 24.—Bulletin—At the 12 mile mark, of the Marathon, Price United Kingdom, was first, Lord United Kingdom, second, Hefferon, South Africa, third, Durando, Italy, fourth, Longboat, Canada, fifth, and Appleby, United Kingdom, sixth.

LONDON, July 24.—The Marathon was won by Durando, the Italian runner. He came into the stadium and staggered along the track for a short distance and then fell down.

At the 24th mile Hefferon, South Africa, was leading with Durando second. Longboat gave up near the 20th mile. Duncan, the English champion dropped out at the half distance.

LONDON, July 24.—John F. Hayes, Irish American A. C., came in second in the Marathon race. Hefferon, South Africa, third.

Joseph Forshaw, Missouri A. C., finished fourth.

Durando collapsed two hundred yards from the finish. He struggled to his feet and tried to cover the remaining distance, but was soon down again. He could not continue. His collapse was complete and officials practically carried him to the finish. He was carried from the field on a stretcher.

Hayes came in second without any assistance whatever.

The flag of Italy has been raised over the staff in the centre of the arena, announcing the Italian victory.

The Americans have entered a protest against the assistance rendered Durando at the finish by the Olympic officials.

Every person on the press stand at the stadium, when the Marathon was finished, saw the officials pick up the Italian and carry him for a distance of several feet. Hayes finished two minutes later without any assistance.

LONDON, July 24.—One of the best morning programmes of the Olympic games, coupled with fine weather, brought a big crowd to the stadium early today. The first event was the pole vault. Then came four heats in the semi-finals of the 10 metre hurdle race. The first heat was carried off by A. B. Shaw, Dartmouth University, who defeated Husey, Walters and Greenings, three United Kingdom runners, and covered the distance in 15.5 seconds, only 1.5 of a second over the Olympic record.

F. C. Smithson, Mullomah A. C., Oregon, was the second heat in 15.2 seconds, equalling the Olympic record. The first section of the pole vault was won by A. C. Gilbert, Yale University, who cleared 12 feet.

Archibald, Canada, was second with 11 feet, 3 inches.

The other two heats of the 10 metre hurdles were put off until this afternoon, in the catch-as-catch-can lightweight to 147 pounds wrestling. John H. Krug, Jr., National Turnover, Newark, N. J., won the first bout by defeating Herr, United Kingdom on points, but he lost his bout in the second round to Wool, United Kingdom.

The first heat of the 100 metre relay race was won by Hungary. Time, 2 min. 32.5 seconds.

# POWELL WASTED THE WHOLE FORENOON DIGGING INTO PRIVATE BANKING ACCOUNTS

In Spite of Mr. Carvell's Assurance That Dr. Pugsley When Called Upon  
Will be Prepared to Tell What the Commission Desires to Know---  
The Truth of the Elkin & Evans Option.

At the morning's session of the Central Railway Inquiry E. C. Elkin gave evidence regarding the option held by himself and E. G. Evans on the Central Railway, and regarding their banking operations. The rest of the morning was devoted to the examination of the books of the Bank of Nova Scotia for further information regarding these operations.

Mr. Elkin testified that he was interested in the option on the railway as a legitimate speculation. When he went into the transaction he had no assurance that the road would ever be taken over by the N. B. C. & R. Co. They operated the road for a period, spending large sums of money on it, and finally sold out for \$30,000 at a very small profit. He allowed Mr. Evans to attend to the business affairs of the firm. Their banking was all done through the Bank of Nova Scotia.

Thos. B. Blair, formerly manager of the Bank of Nova Scotia, gave evidence regarding the bank's transactions with Elkin and Evans. An immense pile of bank ledgers were brought into court and, Eric McNeil, accountant of the Bank of Nova Scotia, was present to explain the entries.

It was shown that the firm of Elkin & Evans had no account at the bank and the information secured was not by going through Mr. Evans' private account. Mr. Powell got from Mr. Blair figures purporting to be the maximum amounts that Elkin and Evans had from the bank at different times. Mr. Carvell afterwards showed that these figures were \$5,000 out in at least one case.

Mr. Carvell entered a protest against the commission starting to go through private accounts. He held that not only was it going beyond the powers of the commission but that it was a waste of time in a round about way that Mr. Pugsley could give as soon as he appeared on the stand. He had received assurances from Mr. Pugsley that he would present at the inquiry and stated that when the minister did come he could give the court the disposition of the bonds, which they had been wasting time trying to get from other sources.

The session was again marked by some lively little scenes. At several times almost everyone in the room seemed to be talking at once. The bank's systems of book-keeping came in for a number of disparaging remarks. Mr. Powell saying that they were not as clearly kept as those of an ordinarily intelligent farmer.

The session opened at ten thirty. Thos. B. Blair, local manager of the Royal Bank of Canada, and formerly local manager of the Bank of Nova Scotia for the years 1901, 1902, and 1903, was called.

Mr. Blair said he had had transactions with Messrs. Evans and Elkin. Each man had a separate account there was a joint account for the firm. He had a record of notes discounted in the bank and the securities ledger. Mr. Powell asked for complete list of notes discounted for the firm. The witness said the discount ledger was not in court and it would take a long time to get the information. Mr. McDougall asked for the liability ledger and the securities ledger, saying that they could easily get the information from these books. Some discussion followed in which Mr. Powell cast severe reflections on the completeness of bank book-keeping systems.

It was decided to send for the books asked for and also to send for E. C. Elkin, so that he would be able to explain the entries as they went along. The messenger shortly arrived with a few more contributions that brought the supply of bank books in court up to about half a ton.

By looking over the books Mr. Powell and Mr. McDougall endeavored to get information on the railway matters. Eric McNeil, accountant of the Bank of Nova Scotia, objected to giving the details of private accounts. Judge Landry said the evidence must be secured publicly.

Mr. Barnhill asked if they were going to over-rule the objection of the bank. Judge Landry replied: "Only so (Continued on Page 4)"

as "One of the most disgraceful exhibitions of foul play ever witnessed. A slur is cast upon American sportsmanship in the eyes of all Europe, which cannot ever be eradicated. There can be no excuse, the thing was done, unashamed and shameless. It must either be repudiated or defended."

The Times Olympic reporter says:—"It certainly seemed as if the Americans did run the race on a definite and carefully thought out plan. It was not as if Carpenter, who forced Halwell to run wide and showed him severely as he tried to pass him, had himself taken a wide curve at the bend, then run straight on. He appeared either to run diagonally, crossing in front of the Englishman, so that he was obliged to lose several yards and finally could only run on the extreme outside edge of the track. That is a far and impartial account of what happened so far as it could be judged from the stand. It is difficult to see how the council could have decided otherwise than as they did. The only thing that can be said is that interfering was another runner is considered fair in America and that Carpenter saw nothing wrong in acting on that principle. It is much to be hoped that both countries will agree to say as little in the future as possible about a most unfortunate incident, which none can regret more than the English."

# BRITISH PRESS COMMENT ON THE FIZZLE IN YESTERDAY'S RACE

LONDON, July 24.—The London morning papers, with the exception of the Express and the Daily News, refrain from commenting editorially upon what is described as "Unpleasant Incident" of yesterday. The Express says: "We firmly believe that American sportsmen will regret equally with us the unfortunate incident which makes the relations between them and the British competitors more strained than ever. We hope that no attention will be paid to wild words on such subjects on either side of the Atlantic. Such unhappy occurrences are best forgotten as quickly as possible."

The Daily News attributes the "unhappy" incident to the gambling element and says: "It has been described the whole character of the Olympic games and has brought us face to face with that aspect of modern sport which makes the revival of this classic event an irony."

In the general descriptions of the race, the morning newspapers unhesitatingly adopt the view of the judges. Carpenter was guilty of "horning."

They quote Halwell as asserting that he was elbowed out by Carpenter, who gave him two vigorous blows on the chest. It is alleged that a doctor examined Halwell and found bruises from these blows.

The Standard quotes a prominent official who is unnamed as saying: "I should be sorry to say that Carpenter knew precisely what he was doing but he so impeded Halwell as to make it impossible for him to win. To have allowed the race to stand would have been a scandal. Halwell was crossed more than once. The best runner in the world could not have succeeded against such tactics."

The Daily Telegraph goes far towards accusing the Americans of deliberately planning to hamper Halwell.

Several of the papers assert that a close watch was set on the track because in the Olympic games at Athens in 1904 Halwell was made the victim of almost identical methods. Both the leading sporting papers imply the strangest language in connection with the incident.

Sporting Life Says:—"It leaves a nasty taste in the mouth. Would to heaven it had never occurred. What was more, the thing was done, unashamed and shameless. It must either be repudiated or defended."

CONSTANTINOPLE, July 24.—An imperial decree issued this morning orders the assembling of a chamber of deputies in accordance with the constitutional which has been elaborated by the Sultan. The decree has been communicated to the Vails and the district lieutenant governors with the necessary orders for the holding of elections. The constitution which the empire now makes effective is practically the one worked out in 1876. The Grand Vizier then took steps to carry out the orders of his imperial master. He addressed to all the provincial authorities concerned a circular telegram convening the Chamber of Deputies in which he pointed out that the method of forming the chamber is determined by an organic statute, which according to the official communication, is "an illustrious institution of the Sultan."

### CASTRO DISCUSSES DUTCH MINISTER TO VENEZUELA

CARACAS, Venezuela, July 23.—The newspapers of the Netherlands' minister were sent to him by Senator Paul, the Venezuelan minister of foreign affairs, who wrote:

"In view of the opinions expressed in your published letter of April 9, President Castro, who is entrusted with the guardianship of the national decorum, declares that you are incompetent to serve as a friendly medium in the relations between this government and the Netherlands. Consequently he sends you your passports that you may leave Venezuela."

Senator Paul has sent another letter to the foreign minister of the Netherlands in which he says:

"This indisputable measure affects only M. De Rous. It will not alter the existing friendly relations between Venezuela and the Netherlands. Venezuela desires to cultivate these relations but through another intermediary, a diplomat who would be a messenger of friendship and harmony."

### STEADY INCREASE IN ALL LINES OF BUSINESS

NEW YORK, July 23.—That there is a gradual, steady increase in progress in all lines of business was the opinion expressed by the presidents of the various subsidiary companies of the United States Steel Corporation at a meeting here today, according to a statement given out by President W. B. Corey of the parent company after the meeting. Mr. Corey said the reports of the steel men present were uniformly favorable. He said that about fifty per cent of the finishing capacity of the various companies was in operation.

### WORLD'S MARATHON TAKES PLACE TODAY

Result Known in St. John at 2

START AT 10:30

Names of Those Who Are Competing in Great Race

—The Course

The great classic of the sporting world, the famous Marathon race, takes place in the Stadium today. The result of the race should be known in St. John about 3 o'clock this afternoon. The start will be made at 10.30, St. John time.

To win the Marathon is probably one of the highest honors attainable in athletic circles the world over, and Sherring carried off the palm of victory for Canada two years ago at Athens. Consequently Canadians are banking high on the chances of Tom Longboat, the Indian wonder, who has recently acquired such fame. Although there can be no precise record for the Marathon race, owing to the fact that the distance varies from year to year, it will not be out of place to give the results since the revival of the Olympic games at Athens some twelve years ago. They were as follows:

1896, Athens: winner, Lones (Greece); distance 24 miles, 1,500 yards; time, 2 hours, 25 minutes, 50 seconds.

1900, Paris: winner, Teati (France). 1904, St. Louis: winner, Hicks (America).

1906, Athens: winner, Sherring (Canada); distance, 26 miles; time, 2 hours, 41 minutes, 33.84 seconds.

This year the distance of the race will be approximately 26 miles, 600 yards. The contestants will start from Windsor, crossing the St. Lawrence and proceeding past Dion College to Slough. They will then pass in turn, Lehighville, Ikenham, and Ruislip till they reach Pinner and Harrow. A 1,200 yards run parallel with the Metropolitan railway will bring them to Sudbury, whence they proceed to Wood Lane via Willesden and Wormwood Scrubs, finishing in front of the centre grand stand at the Stadium where the last one-third mile must be run in full view of the spectators.

There are in all 73 entries for the Marathon race, 17 countries being represented. Of these only three—Canada, the United States, and Holland—have sent a full team of twelve. Sweden, with seven, being next best. The other countries represented are: Australia, Germany, and Italy, with three each; Greece, Denmark, Austria, with two each; and Finland, Belgium, Russia, Bohemia, and Hungary, with one each. The following is an official list of entries for the race:

Canada (12)—F. Simpson; H. Lawson; W. Goldboro; G. Goulding; W. H. Wood; E. Carter; F. Newberry; J. P. Caffery; T. Longboat; G. A. Lester; A. Burn; J. L. Tait.

United Kingdom (12)—A. Duncan; J. B. Beale; P. Lorr; J. Price; H. F. Barrett; P. B. Thompson; E. Barnes; A. Wyatt; P. Appleby; T. Jack; S. Jones; T. Jones; T. Jones.

Australia (3)—J. M. Lynch; W. V. Atkin; G. B. Blake.

South Africa (3)—J. N. Baker; C. E. Stevens; C. E. Stevens; Vincent.

U. S. A. (12)—J. Forsyth; S. H. Hayes; J. J. Lee; F. Lora; T. P. Morrissey; W. O. Ward; M. G. Ryan; A. Thibault; L. Tewanima; R. A. Walton; W. Wood.

Denmark (2)—R. C. Hansen; J. F. Jorgensen.

Hungary (1)—L. Merényi.

LONDON, July 23.—The two Canadian Indians, Longboat and Simpson, each drew a place in the first row of the fifty-seven probable starters in the Olympic Marathon tomorrow.

Newsworthy, the great Canadian snowshoe runner, and Goldboro, who did so well in the Canadian final trial, also are in the first row.

Lawson, Slater and Goulding are in the second row. Caffery, Wood and Burn of Calgary are in the third row, and Tait and Carter in the fourth.

With so many unknown quantities running there is practically no betting. Will Sherring says that Simpson should win the race.

Longboat is very confident.

CRICKET

After a cricket match full of interest and excitement, St. John defeated Fredericton yesterday on the Every Day Club grounds by seven wickets. Fredericton led in the first innings by 28 runs, but offered little resistance to the bowling at second attempt and were all dismissed for 33.

### MARITIME BOYS CAMP BROKE UP YESTERDAY

The Maritime Boys' Camp of the Y. M. C. A., which has been in progress during the past two weeks at Robertson's Pt., broke up yesterday and the St. John boys arrived home last evening. The number from the city this year was rather small, considering the numbers going in other years.

Speaking with a Sun reporter, one of the campers said about 1 o'clock Sunday morning the boys had an experience that they will remember for some time. The rain came down in torrents, accompanied by thunder and lightning. For a time all went well with the campers, but the torrents of water soon began to find their way beneath the canvas and everyone was awakened by water dripping on their heads. The boys were compelled to beat a hasty retreat in all sorts of undress. They knocked at the cook's door and were admitted. Fires were soon ablaze and the rest of the night was spent by many about the stoves. The boys all took the incident as a good joke and are none the worse off.

### CLUB DANCE BIG SUCCESS

The Telegraphers' Outing Club gave the second special dance of the season in their club house at the "Parn" last evening and like the first was a great success.

About fifty couples were in attendance and all enjoyed themselves immensely. Conway and O'Hara's orchestra was present and rendered suitable music for a programme of twenty dances. Mesdames Sheehan, Sinclair, Emery and Bardeley were the chaperones, while Frank Casey made a capable door manager. During the evening refreshments were served. The gathering broke up about 2 o'clock this morning. Those present returned to the city in buckboards.

The first five regiments of British Infantry were established between the years 1638 and 1680.

The games and lunch table service which were interrupted by rain at the picnic of the St. Columba Church of Fairville on Wednesday were continued last night. The results and prize winners were: Ladies' bean board, Miss Lucy Campbell, carpet sweeper, gentlemen's bean bag, Wellington Lester, silver jar; shot-gun, Martin Campbell, beautiful lamp; air-gun, Albert Gale, pickle dish; bunny in the hole, Miss Bessie Campbell, quarter oak table; nine pins, Harry Byers, rocking chair. All the prizes awarded were of the best value obtainable and were well worth the trouble taken by the winners.

The regular semi-monthly meeting of Division No. 1, A. O. H., was held in St. Malach's Hall last evening with President John C. Ferguson in the chair. A strong committee consisting of ten of the members was appointed to make arrangements for the holding of the annual decoration day. They will submit their report at a meeting to be held next Thursday. The greater part of the meeting was taken up with the reading of the regular reports.

ON KENNEBEC

New York Capitalists Plan to Develop

Power at Ledge Falls for

Pulp Plant

SOMERSET JUNCTION, July 22.—Negotiations are in progress looking to the development of Ledge Falls in the East Branch of the Kennebec River, five miles below Moosehead Lake dam. The fall is 55 feet in 400 feet. A. J. Concanon and H. B. Laversall, of New York city, are the representatives of New York capitalists interested. It is the intention of investors to erect a mammoth ground wood pulp mill. The estimated expense of developing the power and construction of the proposed mill is \$1,000,000. The site is in a chart of the Forest country, close

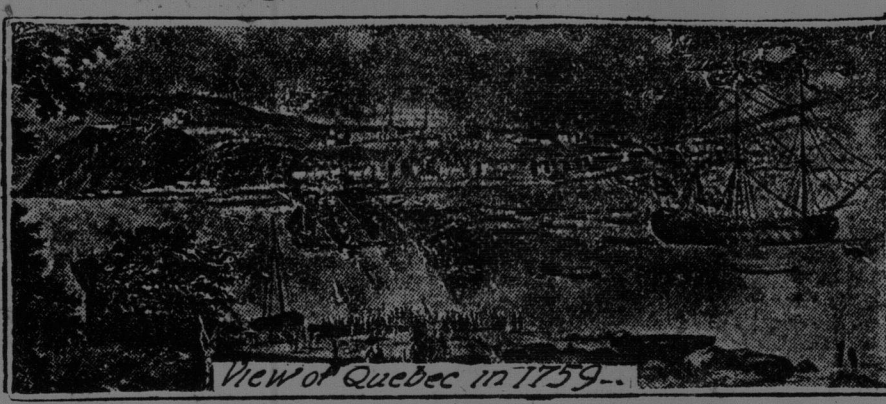

to the line of the Somerset division of the Maine Central railroad and easily accessible by the Canadian Pacific railway for shipments of pulp wood or pulp stock from Canada. The lake, which will become the storage basin, has an area of 120 square miles.

INTERNATIONAL THIEF

ARRESTED IN CHICAGO

CHICAGO, July 24.—On suspicion of having committed numerous burglaries in various parts of the United States and Canada, William Bartel, known to the police as a "wire tapper," is being held while his movements are being investigated. Several pawn tickets found in Bartel's pockets, issued on valuable diamonds and the prisoner's admission that he at one time lived in Canada, led the police to believe that he may be implicated in the robbery of jewels valued at \$25,000 from the residence of Judge Hildell, in Toronto, Ont., some months ago.

### CANADIAN BISHOPS

ACKNOWLEDGE THE

POPE'S MESSAGE

ROME, July 21.—The Pope has received a letter from the Roman Catholic Bishops of Canada, in which they unite in thanking him for his letter sent on the occasion of the centenary of the Tercentenary of the founding of Quebec. They gratefully acknowledge the Pontiff's tribute of praise to the brave and noble souls who ornamented the church of old in France, among whom His Holiness had named Bishop Laval, De Montmorency, the Apostles of the Canadian church and the first Bishop of Quebec. The Bishops join with Pope Pius in his tribute to the

power which for a century and a half ruled in Canada in place of France, assuring liberty and permanence to the Catholic faith. The British crown, say the Bishops, in their letter, has no more faithful subjects than Canadians, whose clergy has helped to conserve Canada to England.

AMERICAN WIDOW MARRIES A PORTUGUESE YOUNG.

PHILADELPHIA, Pa., July 23.—Mrs. Sarah Elizabeth Stetson, widow of the late millionaire, John B. Stetson, was married today to Count Santa Balala, of Portugal, by Monsignor Turner, chancellor of the archdiocese of Philadelphia. The ceremony was performed at the bride's estate near this city and was a quiet affair. The bride left for New York and on Saturday they will sail for Europe.

### LOCAL NEWS

A watch chain found on Brussels street this morning by Sgt. Caples awaits an owner at central station.

Young men's special styles in fine suits for spring and summer, a handsome showing at saving prices now on display at C. B. Pidgeon's North End store.

The Milford Stars won their seventh consecutive game last evening, putting it over the Adelaide street Standards 10 to 5. Batteries for the Stars, Seelye and Quinn; for Standards, Harrington and Green.

The case in which H. J. Hardy is being prosecuted under the Alien Labor Act was to have been resumed this morning, but in the absence of Magistrate Ritchie it was adjourned until Friday next. Hardy was again admitted to bail amounting to \$1,500.

This morning at 8.30 o'clock the funeral of Mrs. Benjamin Stachhouse took place from her late home, Richmond street. The funeral services were conducted by Rev. M. Kierstead and interment was at St. John's.

The Sussex Fire Department will send 30 men to the big meet there. The two hose companies will contribute 30 men and the Salvage Corps will send 20 men. The local brigade has decided not to take part in the St. Stephen tournament, as the meeting is not sanctioned by the Provincial Association.—Sussex Record.

The fixtures for the Sussex exhibition races have been announced. On Tuesday, September 22nd, there will be a 230 and 216 classes, and on Wednesday, September 23rd, the free for all and 225 class will be on the programme. The entry list for the meeting promises to be the largest in the history of racing in Sussex.

Miss Minnie McPherson, of Salisbury, found a pretty pearl in the Petticoat river about a mile and a half west of that village last week. The pearl is about the size of a large filled pea, has a good lustre, is clear, and shows a light pink tint. A little over a year ago Miss McPherson found a pearl near the same spot, for which she received one hundred dollars.—Sussex Record.

There were four drunks gathered in by the police last night. This morning in the police court they were dealt with in the usual manner. One of the drunks was a Kings County man who was found wandering about Sheffield street early this morning. He carried a lighted lantern in his hand. When placed under arrest by Policeman Belyea the man said that he had lost his way and he took the lantern from a pole in the middle of the street.

Owing to the lack of entries the motor boat race to have been held tomorrow has been postponed. The cup donated for this race calls for boats of 25 feet and under, but now most of the motor boats exceed the 25 foot length. A meeting will be called by the donor of the cup to see if the terms of agreement cannot be changed, so that the larger boats will be included, and in this event the interest in the motor boat racing will greatly increase.

The Associated Charities desires through the Star to thank all who so kindly contributed to the relief of the destitute family mentioned a few days ago. The response was most generous. Yesterday a house and stove were secured. Two ladies called on Mrs. Hall and left five dollars, and a gentleman contributed two dollars, without giving their names. The Salvation Army also sent a lot of clothing, which was gladly received. The comfort of the recipients is now assured and no further donations are required.

We understand that negotiations are now in progress which may lead to an important mineral development at or near Jordan Mountain in the near future. The matter has been closely investigated for the past two years, and there is every evidence that if properly put in train Sussex may have a large industry in operation and one that will prove of great importance in the future. Steps are being quickly taken to verify all the facts, and certainly from the little we know it is well worth development. At a later date we shall be in a position to make a full statement of the facts and we have good reason to believe that it will be to the interest of our many readers to give it every consideration and assistance. New Brunswick is bound to come to the front as a mineral producer and Kings County, we are glad to say, has the mineral if it can only be properly and economically developed.—Sussex Record.

### UNDERWRITERS ABANDON THE STEAMER ARCOLA

Hull Now on St. Pauls Island, Will Probably be Sold for Junk

Word has been received here that as a result of the recent storm, which was rather severe, the Thomson steamer Arcola, which went ashore on St. Paul's Island on the night of the 17th, has been abandoned by the underwriters.

Messrs. Wm. Thomson and Co. state that the coast on which the Arcola was wrecked is a dangerous one. The stranded steamer was carried by the storm further upon the rocks, and that the underwriters apparently have given up hope of floating her. There is always a heavy swell and it will be difficult now even to make junk out of the steamer. The hull will probably be sold.

### BURNS COMMITTED ON THE CHARGE OF THEFT

Sent Up for Trial for Retaining \$7.80 of Collier & Co's Funds

Frank Burns, who is charged with converting \$7.80, the property of Collier and Co., to his own use, appeared in court this morning and asked to be tried by a jury. A preliminary hearing was commenced. J. H. Barry for the defence and J. H. A. Fairweather for the prosecution.

H. Earle, of No. 1 St. David street, gave evidence that he gave Burns \$7.80 for some magazines on March 4th and the defendant gave him a receipt for the same. Witness said he made a complaint on June 4th that the books had not been delivered, and it was well along in June before he got his books.

Wm. D. McDevity, manager for J. P. Collier and Co., testified that the defendant had been in the firm's employ for some time and came under his control last January. He was a canvasser for books. The defendant had not paid the witness the \$7.80 spoken of by the previous witness. In answer to Mr. Barry the witness said that in June he wrote Burns to stop business unless he could do it according to the regulations of the company. He received orders from Detective Kilken that were found on Burns when he was arrested in Halifax. When he got the order he charged the amount up to defendant's account and any advances of money made to Burns witness said he would be personally responsible for the same.

The accused was committed for trial.

### ROYAL QUARTERS IN THE CITADEL ARE VERY COSY

Suite of Rooms Fitted Up for His Royal Highness.

QUEBEC, July 23.—Cosy and comfortable rather than magnificent and palatial, describes the suite of rooms in the Citadel which His Royal Highness the Prince of Wales will occupy during his visit here. Everything is absolutely new, everything is as neat as a pin and every convenience that could possibly be thought of has been arranged for. The old barracks in which so many of Canada's distinguished soldiers have lived their military careers, a barracks still, but a barracks of far more prepossessing appearance than was the case a month or so ago.

His Royal Highness will live in what were, up to a short time ago, the quarters of the officers in charge of the Royal Canadian Garrison Artillery here, and it is through their permission that the Prince, the Governor-General and their staffs and guests will be able to enjoy the freshest air, the finest view and the greatest privacy of all Quebec.

The old house, long, low and rambling, with its thickly built stone walls and its arched ceilings, stands just within the wall and most of the Citadel on the river side. To the west it is flanked by the King's Bastion. On the right is the parade ground and old useless battery of half demolished muzzles looking guns. The color scheme throughout the part of the house which will be occupied by the Governor-General and his royal guest is a dark velvety red. Red carpets, into which even the little fringe of the officers' spurs is muffled, and red corridors and stairways. Red tapestries, richly inlaid with gold and silver braid, adorn the walls.

While here, during the few hours in which he will be alone, His Royal Highness will live most simply. His bedroom, situated in the east wing of the house and beyond those occupied by the Governor-General's party, is furnished with a bed, a washstand, a general appearance of old worldiness to the otherwise more or less practically modern architecture.

Across the hall is His Royal Highness' sitting room, a cosy little den of dark green. The remainder of the house has been renovated almost throughout. The old dancing room has been transformed into a banquet hall, where the state dinner will be held. Just outside, between the house proper and the wall of the Citadel, the "tent" room has been added on. This is a temporary frame structure with walls of canvas which may be raised or lowered in accordance with the demands of the weather. It is fitted up with hammocks, comfortable lounging chairs, cosy corners, books, periodicals, and everything necessary for the comfort and ease of the royal occupants. These rooms the Governor-General, the Prince and Lord Roberts, all the other distinguished guests and their suites will use in common.

### Not to be Shown

People do not exhibit their teeth, but they are soon, nevertheless. They should be as nice looking as possible. Our dental work isn't made for display, but we are never ashamed to have it seen. It is done right and looks right. What can we do for you?
