PROBS.—FAIR

PRICE TWO CENTS

GRIT MEMBER HAS TO APOLOGIZE FOR FALSE ACCUSATION

Dr. Neely Rebuked and Forced to Eat Humble Pie.

MON. DR. ROCHE BRINGS OUT THE REAL FACTS.

Member for Humbolt Charged Glen Campbell With Giving Half Breed Liquor and Leaving Him in Snow Where He Had Foot Frozen.

Special to The Standard
Ottawa, Ont., Mar. 19.—Dr. Neely of Humboldt was at his dirty work in the house again this evening, but when Dr. Roche, minister of the interior, brought forward the truth regarding an assertion Neely had made, the Liberal muckraker had to eat humble pie and apologize. Strange to say the other two members of the Liberal brigade, E. M. MacDonald and F. H. Carvell, were not on hand tonight to help out their partner.

Some time ago Dr. Neely produced an alleged affidavit from a half breed and stated that Glen Campbell, ex-M. E. had at Qu'Appelle, Sask., had given this half breed liquor in a hotel until he was drunk and then laid him out in the snow with the result that one of his feet was frozen. Dr. Neely felt so sure that he would get away with this story to damage the reputation of Glen Campbell, one of the best known men in the west, that he repeated the charge this evening, and Dr. Roche has a quiet method when he deals with men of the class of Neely, and he produced the facts very quietly, but so insistently, that there was joyful cheering from the Conservative benches.

Dr. Roche had a quiet method when Campbell in which he denied the charge made against him and characterized them as "cruel, cowardly meanness." He declared that he was not present at Qu'Appelle on the night in question, had no knowledge whatever of the facts of the charge, and at his home at Gilbert Springs. Dr. Roche next read affidavits from James Dillon, hardware merchant, Albert Clack, bartender in the hotel where the incident was alleged to have occurred; F. J. Rea, proprietor of the hotel; John A. MacDonald, ex-M. E. who attended Potra's injuries. The doctor declared in this affidavit that he had only sustained a slight frost bite on one toe.

Hon. Arthur Meighen demanded an apology for the low attempt to injure Mr. Campbell and finally Neely climbed down.

ONTARIO FARMERS BAND TOGETHER

Form United Farmers Society and Will Oppose Bounties on Iron and Steel.

Toronto, March 19.—One hundred and fifty farmers met in Toronto today and took preliminary steps toward organizing the United Farmers of Ontario. This body is to be an eastern unit to correspond with such western bodies as the Grain Growers' Association, and the United Farmers of Alberta. The gathering passed a resolution opposing iron and steel bounties or bonuses, and this resolution will be presented to Premier Berden, tomorrow morning, by E. C. Drury, secretary of the Canadian Council of Agriculture. A resolution approving of the principle of taxing railway property on the same basis as farm property was passed with great unanimity.

HON. HEWITT BOSTOCK IS ELECTED LIBERAL LEADER IN SENATE.

Special to The Standard.
Ottawa, Mar. 19.—Hon. Hewitt Bostock was elected Liberal leader of the Senate at a caucus of Liberal Senators today. He succeeded the late Sir George Ross.
Senator Bostock is an Englishman, a graduate of Cambridge, and a Lincoln's Inn barrister, who came to Canada in 1893, settling in British Columbia as a rancher and fruit grower. He is 45 years of age and is possessed of considerable means.

He was only three years in the country when he was elected to the parliament in 1896 for Yale-Carleton in the Liberal interests. He was appointed to the Senate in 1904. He resides on his ranch at Monte Creek, B. C.

BILL TO AMEND PAVING ACT IS AGREED TO

Opposition Has Long List of Inquiries to Submit to Legislature.

COMMITTEES ARE MAKING PROGRESS.

Law Committee Decides to Recommend the Bill from St. John to Amend Municipalities Act.

Special to The Standard.
Fredericton, March 19.—Twenty minutes of the legislature sitting this afternoon was devoted to listening to Mr. Duval, the opposition leader from Madawaska, read over a series of notices of enquiries. Lately P. J. Venot, the opposition organizer from the North Shore, has joined Organizer Carter in the opposition's enquiry factory with the result that the output has been greater than ever. Most of the enquiries are regarding matters concerning which the government has no information or respecting information contained in the public accounts. The house is right up to date with its routine work and the committees are getting their work cleaned up. Dr. J. Y. Anglin, superintendent of the Provincial Hospital at Fairville, arrived this evening and will probably appear before the public accounts committee tomorrow. Dr. J. W. Robertson's address on technical training and industrial education will be given tomorrow afternoon at 5:30 o'clock following the afternoon adjournment.

(Continued on page 7)

MONCTON MAN PUTS BULLET THROUGH HEAD

Simon Leger Kills Himself—Believed Misunderstanding With Fiance Reason for the Act.

Moncton, Mar. 19.—Apparently dependent on a love affair Simon Leger, aged twenty-five years, an apprentice in the moulding department of the B. F. & M. Co., this afternoon retired to his room on the third floor of his boarding house kept by Thomas Bourque, corner of Mechanic and Main streets and put two bullets into his breast succumbing to the wounds about forty minutes later.

Decreased was engaged to be married to Exelda Bourque, daughter of the proprietor of the boarding house and just before committing the rash act gave his intended what money he had on him and gave her an order to draw his pay and also left a note writing her his feelings.

It appears that Leger and his betrothed had a disagreement few days ago, and although Miss Bourque says they were to have been married next September, it is believed the falling out was the cause of the tragedy.

The victim of the tragedy was the son of Vital Leger of Colveston Bridge, and returned to Moncton from the States a couple of years ago. An inquest is being held.

FEDERAL AID FOR HYDRO-ELECTRIC RYS.

Guelph, Ont., March 19.—A monster delegation will wait upon the Dominion government Thursday from the Great Waterways Union and the Hydro-Electric Radial Railways Union to urge upon the government these three important projects:
A waterway for ocean-going vessels via the St. Lawrence and the Great Lakes to Port Arthur and Fort Williams; increased power for the Hydro-Electric Power Commission; and a subsidy of \$6,400 a mile from the federal government to assist in building the proposed hydro-electric railways. The usual railway subsidy is to be demanded or hydro-electric railways to be built by the power commission.

WILSON READY TO OPEN PEACE NEGOTIATIONS WITH MEXICAN FACTIONS

Will Be Glad to Consider Proposals Tending to Draw Parties Together.

NOT ANTAGONISTIC TO HUERTA PERSONALLY.

Any Terms for Peace Must be Satisfactory to Both Constitutionalists and the Huerta Forces.

Washington, Mar. 19.—The United States government will welcome a reopening of negotiations with the Huerta government or the constitutionalists and will be glad to consider any proposal that will tend to draw the various factions together into a plan for the restoration of peace in Mexico. This is the attitude of President Wilson as it was revealed today after reports reached here saying Senator Proffitt Y. Roland, minister for foreign affairs in the Huerta cabinet had gone to meet John Lind, Mr. Wilson's personal representative, to seek a resumption of the peace parleys. Senator Roland has been mentioned as the man who would succeed Huerta, if he is elected, and the object of the visit to Mr. Lind, it has been reported was to acquaint the President's envoy with his personality. Incidentally the President in talking with callers to the Mexican minister of foreign affairs said that he has no list of men whom he holds under so-called ban, because of alleged complicity in the assassination of Huerta. His attitude to recognize Huerta, it may be stated on the highest authority, was not based on any personal antagonism to Huerta, but on the ground that the Constitutionalists would never be reconciled to the man who had overthrown Madero and Juarez and that government and that he has no list of men whom he holds under so-called ban, because of alleged complicity in the assassination of Huerta. His attitude to recognize Huerta, it may be stated on the highest authority, was not based on any personal antagonism to Huerta, but on the ground that the Constitutionalists would never be reconciled to the man who had overthrown Madero and Juarez and that government and that he has no list of men whom he holds under so-called ban, because of alleged complicity in the assassination of Huerta. His attitude to recognize Huerta, it may be stated on the highest authority, was not based on any personal antagonism to Huerta, but on the ground that the Constitutionalists would never be reconciled to the man who had overthrown Madero and Juarez and that government and that he has no list of men whom he holds under so-called ban, because of alleged complicity in the assassination of Huerta.

Washington, Mar. 19.—More stubborn than anything that has arisen to stir the tranquility of the Democratic majority since the party came into control of the national government is the opposition to President Wilson's plan for repeal of the toll exemption provision for American ships in the Panama Canal act. With the time almost at hand when the question is to be decided, the underlying opposition of the Democrats who believe it will be an economic mistake to reverse the policy of the government on the tolls question becomes more active and in Senate and House the discussion is certain to be the most vigorous that has been precipitated by any issue the Democratic Congress has had before it.

While the President and Democratic members in both houses who will support the repeal will be in a comfortable majority, few have any idea that the repeal will begin in the House Saturday when a rule will be enforced limiting debate to fifteen hours. In the Senate, action by the committee on

Interstate Oceanic canals on a repeal bill submitted by Senator Owen may be taken tomorrow or Saturday.

Senator O'Gorman, chairman of the committee, will consider the matter of taking up the resolution tomorrow.

President Wilson today conferred with Senator Jones, informing the Senator that there was absolutely no basis for conclusions he had referred to in a Senate speech Wednesday to the effect that the tolls repeal was the price to be paid as a result of negotiations with Great Britain for non-interference by foreign powers in Mexico and for England's defence of the Monroe doctrine.

The President told the Senator that he was skating on thin ice in circulating such conclusions after reading the written before the visit to Washington of the British minister to Mexico, Sir Lionel Carden, to whom Senator Jones had referred in his speech, and that the canal controversy was not mentioned during the minister's conference at the White House.

STORY OF AN ALLEGED SCANDAL HAS EXPLODED

Story in Montreal Paper of Scandal in Connection With Purchase of Property by Government Proved to be Absolute Absurdity.

Special to The Standard.

Ottawa, March 19.—The statement contained in the Montreal Herald this evening to the effect that there would be a great scandal in connection with the purchase of property by the government near Bonaventure Station, Montreal, is characterized by officials of the Public Works Department as being an absolutely absurd on the face of it. The only property which the government is negotiating to purchase in Montreal is the Carleton Hotel, near Bonaventure Station.

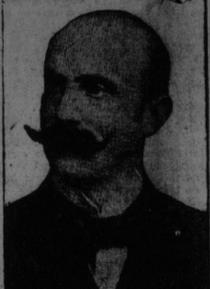

The Public Works Department has served notices of expropriation and appointed three valuers to name the price which the government ought to pay for the property. The sum offered

by the government as the result of the valuation is between three and four hundred thousand dollars, according to the deputy minister of public works who was speaking from memory when asked about the matter this evening by The Standard. Mr. Hunter stated that there was no possibility of any scandal, chiefly of the price which the government tenders when expropriation proceedings are ordered, has to be approved by the judge of the exchequer court. In any case, said Mr. Hunter, the price the government offers to pay is considerably under what the purchasing agent of the department suggested. The property is being purchased for a new postal station.

Democratic Opposition of Most Stubborn Brand Has Arisen—President Tells Senator He Skated on Thin Ice in His Speech on Question.

Washington, Mar. 19.—More stubborn than anything that has arisen to stir the tranquility of the Democratic majority since the party came into control of the national government is the opposition to President Wilson's plan for repeal of the toll exemption provision for American ships in the Panama Canal act.

With the time almost at hand when the question is to be decided, the underlying opposition of the Democrats who believe it will be an economic mistake to reverse the policy of the government on the tolls question becomes more active and in Senate and House the discussion is certain to be the most vigorous that has been precipitated by any issue the Democratic Congress has had before it.

While the President and Democratic members in both houses who will support the repeal will be in a comfortable majority, few have any idea that the repeal will begin in the House Saturday when a rule will be enforced limiting debate to fifteen hours. In the Senate, action by the committee on

Interstate Oceanic canals on a repeal bill submitted by Senator Owen may be taken tomorrow or Saturday.

Senator O'Gorman, chairman of the committee, will consider the matter of taking up the resolution tomorrow.

President Wilson today conferred with Senator Jones, informing the Senator that there was absolutely no basis for conclusions he had referred to in a Senate speech Wednesday to the effect that the tolls repeal was the price to be paid as a result of negotiations with Great Britain for non-interference by foreign powers in Mexico and for England's defence of the Monroe doctrine.

The President told the Senator that he was skating on thin ice in circulating such conclusions after reading the written before the visit to Washington of the British minister to Mexico, Sir Lionel Carden, to whom Senator Jones had referred in his speech, and that the canal controversy was not mentioned during the minister's conference at the White House.

GOVERNOR-GENERAL'S BUSY DAY IN TORONTO

Toronto, March 19.—The Duke of Connaught spent a very busy day in Toronto today and returned to Ottawa tonight. In his brief visit to Toronto today he visited the York Club; visited the club of the provincial offices of the Boy Scouts in his capacity as chief scout of the Dominion; officially opened the Royal Ontario Museum and inaugurated the Howard memorial gateway in High Park, the gateway being the gift of the Daughters of the Empire.

PRESENTS COLLECTION OF ART TO THE LOUVRE

Paris, March 19.—Marchioness Arcaudi-Visconti has presented to the Louvre her entire collections of paintings, ornaments, furniture and other articles, chiefly of the French and Italian renaissance periods, the minister of education announced to the cabinet council today. The value of the gift is estimated at \$1,000,000. The Marchioness in April, 1912, presented to the United States National Museum the arm-chair of the Marquis of Lafayette.

MANY CHANGES IN LIQUOR LAW RECOMMENDED

Interest in Murder of Editor Overshadowed by Pleasures of Fete.

CELEBRATES MI-CAREME

Interest in Murder of Editor Overshadowed by Pleasures of Fete.

DEMONSTRATION AT FUNERAL EXPECTED.

Mme. Caillaux Only Hope is to Throw Herself on the Mercy of the Court is Advice of Lawyer.

Paris, Mar. 19.—French public opinion continues to be divided as to whether with the Calmette tragedy and the resulting political agitation, although interest was less outwardly manifested today. The general interest of the pleasure-loving Parisians was centred in the MI-Careme parade of which contented battles in the boulevards were a feature.

A few excited students in Paris and Versailles attempted demonstrations against M. Mailloux, but the police had no difficulty in dispersing them.

The principal development of the day was the resignation of Ernest Monis from the ministry of marine, and it is understood his withdrawal from the cabinet will be permanent, not temporary as was at first expected, whatever may be the findings of the investigating committee.

Various names were mentioned in the lobbies of the chamber for the post of minister of marine, but Premier Doumergue has decided to take no action for the present.

While some kind of a demonstration by the anti-Republicans is certain to be attempted at the funeral of M. Calmette tomorrow, the police authorities do not anticipate serious trouble. Notwithstanding M. Henin, the prefect of Paris, has made extensive preparations to preserve order.

Saint Lazarus prison, where Mme. Caillaux occupies a cell, was again the object of interest today by many hundreds of persons who seemed deeply interested in those who passed within its doors. Mme. Caillaux, it is said, is beginning to show the effects of her imprisonment. Her young daughter, by earlier marriage, Juliette Claret, is allowed to visit her daily. Her husband and M. Bahori called on her this afternoon and found her in a depressed and nervous state. She discussed her case with M. Labori in preparation for her first appearance before the examining magistrate next week.

M. Labori informed Mme. Caillaux that she had no alternative but to throw herself on the mercy of the court and that in her defence she could not make any reference to the Calmette case. In fact, he explained, it was only on this condition that he agreed to undertake her defence, and he made this plain to both the family and nervous state. She discussed her case with M. Labori in preparation for her first appearance before the examining magistrate next week.

"I have asked you only to defend my wife; I do not wish you to attack M. Calmette."

TORPEDO BOAT RAMS STEAMER, FIFTY DROWN

Small Passenger Steamer Cut Down Near Venice—Passengers Caught in Cabins and Went Down With Wreck.

Venice, Mar. 19.—A torpedo boat today cut down a small passenger steamer which plies between Venice and Lido, a chain of sandy islands separating the Lagoon of Venice from the Adriatic, and fifty persons were drowned. The sharp nose of the torpedo boat went through the stern of the steamer, which sank almost immediately. The victims included many women and children.

Fifteen persons on deck at the time were saved by the crew of the torpedo boat. The others were caught in the cabin and were carried down with the wreck. The Italian sailors dived many times in an effort to rescue those who sank with the steamer, but without avail.

Intense excitement prevails here, not only because of the extent of the disaster but because the names of the victims are not yet known.

Dominion Alliance in Session Favors Standing Together in Elections.

NEXT MEETING TO BE HELD IN THIS CITY.

Recommend Heavy Fines For Wholesale Dealers Sending Liquor Into Scott Act Districts Labelled "Groceries."

Special to The Standard.
Fredericton, March 19.—At this afternoon's session of the New Brunswick branch of the Dominion Alliance the report of the field secretary-treasurer were first taken up. The following officers were elected for the year:—President, C. W. Weyman, Sussex; 1st vice-president, J. Willard Smith, St. John; 2nd vice-president, Rev. Dr. W. H. Smith, Fredericton; 3rd vice-president, L. H. Hetherington, Newcastle; treasurer, A. C. M. Lawson, Fredericton; secretary, Rev. G. B. McDonald, Sussex; field secretary, Rev. R. H. Slavery, Harcourt.

Executive—S. B. Bustan, St. John; C. N. Vroom, St. Stephen; W. A. Lutz, Berry's Mills; Donald Fraser, Plaster Rock; E. W. Rowley, St. John; W. G. Clark, Fredericton; G. N. Clark, Beaton; W. M. Burns, Fredericton; Rev. E. J. Colpitts, Keswick; Miss Nellie Asker, Campbellton; Dr. W. C. Keldershead, Fredericton; Mrs. J. W. Seymour, St. John; Mrs. M. L. Stevenson, Fredericton; Rev. H. E. Thomas, St. John; Rev. W. G. Schurman, Hartland; E. W. Stockford, St. John; A. E. Adams, Campbellton; Rev. W. H. Robinson, St. John; Geo. Fawcett, Sackville, and J. V. Jackson, Moncton.

MET DEATH BY FALLING DOWN ELEVATOR SHAFT

Chicago's Best Reporter Victim of Tragedy in Press Club—Born in Prince Edward Island.

Chicago, Mar. 19.—John L. Lawson, a reporter for the Chicago Tribune, and one of the best known newspaper men in the Middle West, met a tragic death this afternoon, when he fell down an elevator shaft in the Chicago Press Club building. It is believed he opened the door of the elevator shaft used for freight mistaking it for the door of the lavatory adjoining and stepped in before realizing his mistake.

Among editors and reporters Mr. Lawson was considered "the best reporter in Chicago."

For years his stories have been held up as models of newspaper writing. He was born on Prince Edward Island, Canada.

YOUTH WANTS DEATH INSTEAD OF PRISON

Refuses to Plead Guilty of Second Degree Murder—Killed Toronto Milliner in New York Last August.

New York, Mar. 19.—"I would rather go to the electric chair than spend 20 years in prison," said 19 year old Harry Schaeffer to his parents in the Supreme Court today when they urged him to plead guilty in the second degree at his trial on the charge of first degree murder for the killing of Wm. T. Martin, a Toronto, Ont., milliner, last August. Taking the stand in his own defence Schaeffer told how he and another man wrapped a towel around Martin's neck so tightly that death resulted after Martin had been hanged to a West Side flat.

Schaeffer said he and his companion who is a fugitive, had not intended to kill Martin, but merely to quiet him until they could rob him. The case will go to the jury tomorrow.

Watch for Kathlyn in Saturday's Standard And at The Imperial Today and Saturday.

MARINE AND SHIPPING NEWS

SIGNAL SERVICE BULLETIN

Issued by authority of the Department of Marine and Fisheries.

St. John, Mar. 19, 1914.

BATTLE LINER.

The Sir Selkirk, Capt. Hatfield, bound from Rio Janeiro, passed Las Palmas on March 18.

REPORTS RECEIVED.

Sir Louisberg, Capt. Marsters, reached Portland, Me., Tuesday, from Louisburg. Capt. Marsters reports considerable drift ice in the Gulf of St. Lawrence, but vessels have little trouble in working their way through it, although navigators are obliged to use considerable caution.

CREW SAFE.

Kinsale, Ireland, Mar. 19.—The British steamer Nubian, when she passed here today, signalled that she had on board the crew of the American schooner Julia A. Truhee, which was abandoned on March 7, in latitude 33 north, longitude 66 west, while on her voyage from Perth Amboy to Point-a-Pitre, Martinique. The Nubian picked the crew up while she was on her way from Galveston to Liverpool.

WORLD'S OCEAN RECORD.

The world's record for a day's run by an eastbound Atlantic steamer has been broken by the Cunard liner Lusitania. A wireless to New York from Capt. David Dow, of the Lusitania, says that between Thursday noon and Friday noon his vessel had covered 618 knots, an average speed of 26.70 knots an hour. This beats the previous record of 614 knots held by Mauretania.

Baltimore, Mar 18—Said: Sch Child Harold, Calais, Maine.

Apalachicola, Mar 15—Said: Sch Exilda, St. John.

CITY COURT.

An interesting case was argued before Judge Ritchie in the city court yesterday morning when the hearing was held in connection with the suit of Tobias vs. the Dominion Metal Company. The cause of action arises from a check given in March, 1913, and the suit was commenced about two months ago. Evidence has been given that the firm of Tobias and Ferris, excavators, were employed by Mrs. Levine to place a sewer in her property in Pond street. When the work was finished Mrs. Levine gave Tobias and Ferris an order on the Dominion Metal Company for the amount she owed them and the Dominion Metal Company gave the firm a check on the Bank of British North America in payment of the order.

Mr. Ferris endorsed the check with his own name instead of that of the firm and turned it over to J. Jacobson. When the latter presented the check for payment the bank refused to honor it on the grounds that it was not properly endorsed. Mr. Jacobson later received payment from the drawers, the Dominion Metal Company, but Mr. Tobias is now suing the makers of

SEE IF THE CHILD'S TONGUE IS COATED

If cross, feverish, constipated, give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs." and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contents.

the check on the grounds that his firm did not receive the money and that payment of the check was not payment to the firm as it was endorsed by the firm.

Argument was finished yesterday morning and judgment was reserved. E. S. Ritchie is acting for Mr. Tobias and J. King, Kelley, K. C. for the Dominion Metal Company.

THREE DREADNAUGHTS FOR GRECIAN NAVY

Naval Programme also Calls for Construction of Three Armored Cruisers—Intends to Retain Supremacy won in Balkan War.

Athens, March 19.—The Minister of Marine announced in the Chamber of Deputies today that the Greek naval programme provided for three dreadnought battleships, one of which is now under construction, three armored cruisers and a number of lighter craft. He declared that Greece was prepared at all costs to secure the supremacy of the sea won in the recent Balkan war.

PINK BALL WORM FOUND IN SHIPMENT OF COTTON.

Boston, March 19.—A shipment of cotton from Egypt to Arizona was inspected today on suspicion that it contained the pink ball worm which is said to have caused much damage to cotton grown on the Nile. The seed was impounded by order of the Federal Horticultural Board.

FAMOUS CHART MAKER DEAD.

Boston, March 19.—Captain Geo. W. Eldridge, of Vineyard Haven, author, chart maker and navigator, died suddenly here today. He was widely known by seafaring men, having designed the first simplified charts for fishing boats and other small craft.

AVONMORE NEWS

Avonmore, Mar. 19.—Mr. and Mrs. L. Graves have returned to Pettitcodac after spending a few days with relatives in this place.

W. S. Crawford, St. John, was in this place on business Tuesday.

Mrs. J. B. Erb has returned to Malden, Mass.

Quite a severe thunder storm passed over this vicinity last night.

The Misses Leone and Lillian Graves, Pettitcodac, are visiting their aunt, Mrs. G. J. Kayl.

Miss M. A. Kaye spent Saturday in Sussex.

H. Muir spent Sunday with Mr. and Mrs. W. Parks.

F. B. Kaye and Albert Kaye are renewing old acquaintances in Newtown.

The service of Rev. H. S. Young was largely attended here Sunday evening.

Mr. and Mrs. G. W. Howe spent Sunday with Mrs. J. Knox, Sussex.

FUNERALS.

The funeral of Henry Noakes took place yesterday afternoon from Chamberlain's undertaking rooms. The Sons of England, who looked after the funeral arrangements, marched in a body, as did Manchester Unity Lodge and the local I. O. O. F. and the P. R. checkers, with whom the deceased worked. The funeral was largely attended. Many numerous floral offerings sent. The funeral services were conducted by Rev. G. A. Kühring and interment was in Fernhill.

DR. A. W. CHASE'S 25c CATARRH POWDER 25c.

is sent direct to the diseased parts by the improved flower. Heals the ulcers, cleans the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 50c a box; 10c a box. Accept no substitutes. All dealers or from our Rates & Coy. Limited, Toronto.

The St. John River Hydro-Electric Bill

Promoters have Failed to Live Up to the Arrangements.

ARE NOW ASKING TIME EXTENSION

Incorporated in 1912. Were to have begun Actual Construction Work within 18 Months—Limit Expired Oct. 20th.

The Frederick Gleaser, commenting editorially on the application of the St. John River Hydro-Electric Company to the legislature for an extension of time, says:

"The bill promoted by the St. John River Hydro-Electric Company is one, the consideration of which must be taken up with extreme caution; in fact there is a very considerable section of the public pretty strongly of the opinion that it would be very much better not considered at all.

It will be remembered that this company was incorporated in 1912, its principal object being to develop hydro-electric power, by means of the erection of a dam across the St. John River between the Shogomoc and Pokok streams. Various powers of compulsory expropriation of adjoining riparian and other lands were conferred upon the company and other powers thought incidental to the purpose of the undertaking. In return for these concessions the company was to deposit with the Receiver General a sum of \$25,000 as a guarantee of its bona fides, which should be returned as soon as the company had shown these bona fides by expending \$200,000 in promotion of its works. The actual work of construction was to be commenced within eighteen months from the passing of the Act, the 20th April 1912, and within two years from that date the company was also to have expended the \$200,000 in such construction, or lose the rights granted by the Act.

The time limited for commencement of operations expired on the 20th October last, and nothing whatever had been done. No plans have been submitted for the approval of the Lieut.-Governor-in-Council, no deposit as guarantee of bona fides has ever been paid and appears to have been done, except to obtain the privileges conferred by the Act and so keep any other applicants who might have more bona fides about them, out of the way.

Now the company is applying to the Legislature for an extension of time in which to commence work; it asks for two years from 1st January last. No reason whatever is assigned for asking for such extension and it is difficult to indicate that if it were granted, matters would be any further advanced at the end of the extension of time than they are at present. It is difficult to indicate that if it were granted, matters would be any further advanced at the end of the extension of time than they are at present. It is difficult to indicate that if it were granted, matters would be any further advanced at the end of the extension of time than they are at present.

BUILDING A CITY IN A WILDERNESS

Architect's Dream to Design a Whole City is Realized

—New Capital of Australia Located on Mountain Plateau—

In a short time Walter Burley Griffin, formerly of Chicago, will return to Australia, and under his direction the work of building the new capital of the Commonwealth will begin. The plans, of course, have been long since decided upon, and Mr. Griffin is now in England completing arrangements for the International Court of Judges, who will pass upon the contracts for the Parliament Buildings. He has been appointed director of design and construction for a period of three years, in which time, it is believed, the new capital city will be built. It is not quite, to completion. Mr. Griffin was the prize of \$5,000 offered for the best plan for the new capital, and the set of plans for the new capital, and later on was invited to go to Australia to consult with the Government about certain changes it was desired to make. Very few alterations were made, and only such as were satisfactory to the architect. It was then concluded that he was the proper man to have charge of building the city.

A Boyish Dream.

A remarkable feature of Mr. Griffin's new position, according to a statement in the Chicago Record-Herald, is that as a mere boy his dearest wish was to build a whole city from his own plans. At the time he was a student in the University of Illinois, and Australia had not yet decided that it required a new capital, so probably Mr. Griffin's wish was, no more than any other boyish day-dream. The remarkable thing is that it should have been realized. He read in a magazine that some important changes might be made in Australia, that a new capital might be required, and that possibly one might be built far from any existing city. Later on the Federation of Australia became a fact, and the discussion of a new capital a live question. The young student in the meantime had qualified himself for the work by taking courses in both architecture and landscape architecture, so that when he read in an architect's magazine that a prize was to be offered for the best set of designs, he set to work. He had the advantage of most, if not all, of the 25 other competitors in that he had been busy dreaming and planning the ideal city for years past, and it is due to this, perhaps, that he was successful.

A City Built to Order.

Australia's new capital will be called Canberra. The site is located between Melbourne and Sydney on a mountain plateau, about 2,000 feet above the sea, and about seventy-five miles from the coast. The plan is in the form of a triangle, the angles being marked by Black Mountain, Mount Ainslie and Mugga Mugga, each rising steeply out of the plain. The surrounding country is rugged and picturesque, and covered with timber. To the southeast, the plateau is in the heart of a federal district comprising some 400 square miles. The site is in the heart of a federal district comprising some 400 square miles. The site is in the heart of a federal district comprising some 400 square miles.

BIRTHDAY OF UNCLE TOM'S CABIN TODAY

Immortal Work First Published in Book Form, on March 20, 1852—Started War.

Nowadays that type of dramatic production professionally known as the "Tom show" has been relegated to the "kerosene circuit," and the novel on which it is based has been picked to pieces by literary critics, who have found many faults and flaws in the immortal work of Harriet Beecher Stowe. Yet no other novel in the history of literature ever exercised so profound an influence on human events as "Uncle Tom's Cabin," "crude" and "melodramatic" as the critics say it was. Today may be called the sixty-second birthday of "Uncle Tom," for the novel was first published in book form on March 20, 1852. At the time of its book publication it was still running as a serial in the "National Era," an abolitionist journal published in Washington by Gamaliel Bailey. The serial publication was commenced in June, 1851, and was not completed until the following April. The anti-slavery paper had a comparatively small circulation, and "Uncle Tom's Cabin" provoked no more than a ripple on the surface of events until it was brought to the notice of the same abolitionist in the case of Upton Sinclair's novel, "The Jungle." As a serial in a socialistic weekly, the best trust exposure disguised as fiction passed all but unnoticed, but its book publication immediately upset the world's stomach. John P. Jewett, of Boston, was the first publisher of "Uncle Tom's Cabin." He was a young man, and his business was not firmly established when he undertook the publication of Mrs. Stowe's work. He was greatly interested in the early chapters of the serial, and being an abolitionist, he had a sentimental as well as commercial interest in giving the story a wide circulation. He contracted with Mrs. Stowe for the book rights, but, as the serial publication proceeded, Jewett became alarmed over the length of the tale. He began to wonder if he could not get Mrs. Stowe to bring the story to an end, declaring that its further extension would bring it out in two volumes, with the probability of great expenses, and the publisher, with dire misgivings, stuck to his guns. The serial was published in "Uncle Tom's Cabin" was placed on sale in the book stores of Boston. Neither the author, Jewett, nor the publisher, had any idea of the demand for the novel. Within a week the novel was selling by the thousands, and the presses of the young publisher would not supply the demand. "Uncle Tom's Cabin" was hailed by the abolitionists as an epoch-making work that would overthrow the hated institution, while he friends of slavery were impelled to read it in order that they might attack the conclusions drawn by the author. Within a week the novel was selling by the thousands, and the presses of the young publisher would not supply the demand. Within a week the novel was selling by the thousands, and the presses of the young publisher would not supply the demand.

EXCELLENT CONCERT IN CENTENARY

Programme Arranged by Church Orchestra, Delighted Large Audience Present—Many Encores.

A very delightful concert was given last evening in the school room of Centenary Methodist church, when a programme of unusual interest was rendered before a large and appreciative audience. The school room of the building was packed to capacity and the varied and well balanced programme was listened to attentively by all.

The entertainment was conducted under the auspices of the orchestra of the church and congratulations are due them for the very successful manner in which they arranged the affair. The church orchestra was slated for several numbers on the programme and these they carried through in a most creditable manner. After the evening's entertainment was opened with an overture by the orchestra, a vocal solo was nicely rendered by E. E. Girvan. Mr. Girvan was obliged to respond to an encore. Miss Doris Barbour was then heard in a piano solo. A clever reading was given by Miss Marion Harding, and a cornet solo rendered by Leslie Creighton was well received by the audience. Mrs. J. E. Griffiths was heard in a vocal solo and pleased the large audience by her sweet voice, being called upon to respond to an encore. A selection by the orchestra followed, and Miss McHarg gave a reading which received a most enthusiastic reception. Violin selections were rendered effectively by Roy Thorne, and a bell duet was given by Messrs. Bond and Bagnell. Ronald Edwards pleased the audience with selections on the flute and a vocal solo was very nicely rendered by Miss Hilda Galley. A final selection by the orchestra, the church brought the programme to a close.

The success which attended the concert was due to the active work of the committee which had the matter in hand.

COAL

Place your order now for some of the special Hard Coal we feature.

It works like a charm in furnace or range and burns with such heat and little waste that it delights every user.

Costs the same as common coals, but is ever so much more economical.

Useful New Invention

Enables Anyone to Play Piano or Organ Without Lessons.

A Detroit musician has invented a wonderful new system which enables any person or stammering child to learn to play the piano or organ in one evening. Even though you know absolutely nothing about music or have never touched a piano or organ, you can now learn to play in an hour or two. People who do not know one note from another are able to play their favorite music with this method without any assistance whatever from anyone.

This new system which is called the Numerical Method is sold in Canada by the Numerical Method Music Co. of Canada, and as they are desirous of at once making it known in every locality, they are making the following special free trial and half-price offer to their readers.

You are not asked to send any money until you have tried and are satisfied with the new method. The Numerical Company is willing to send it to you on one week's free trial, and you will not have to pay them one cent unless you desire to keep it. There are no express charges to be paid, as everything will be sent by mail. Simply write a letter or post card to Numerical Method Music Co. of Canada, 218 Curry Hall, Windsor, Ontario, saying "Please send me the Numerical Method on seven days' free trial, and if you are not satisfied, try it, the Method will cost fifty different pieces of sheet music will fit you only \$5, although the regular price is \$10. You should not delay writing, as the Numerical Company will not continue this special half-price offer indefinitely. Later on, the Method fifty pieces of music will be sold at the regular price.

Rugs and Carpets

RUGS & CARPETS

PRESIDENT'S DAUGHTER TO MARRY CABINET MINISTER.

TOOK SEVERE GOLD.

Left A Terrible Hard Cough And A Nasty Tickling Sensation In The Throat.

A bad cough accompanied by that distressing, tickling sensation in the throat is most aggravating.

Dr. Wood's Norway Pine Syrup is rich in the lung healing virtues of the Norway pine tree, and for this reason it cures that tickling in the throat which causes that dry hard cough that keeps you awake at night.

Mr. Sanford Roods, Antrim, N.S., writes:—Last fall I took a severe cold which left me with a terrible hard cough and a nasty tickling sensation in my throat. I tried many cough medicines, but they did not help me so I got a bottle of Dr. Wood's Norway Pine Syrup, and before I had used half of it the cough had left me, and the next one made a complete cure, and I will recommend it as the best cough medicine on the market.

See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. The genuine is put up in a yellow wrapper, three pine trees the trade mark, price, 25 and 50c, and manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Brandy to Cure Catarrh

Recent experiments have proved conclusively that catarrh is a constitutional disease, and that salives, sprays, inhalers, etc., merely temporarily relieve the disease, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would dispel all traces of the catarrhal poison from the system. The result is given in the following formula, which has been found to produce most surprising results in an incredibly short time.

From your druggist obtain one oz. of Parmit. Take this home and add to it one-quarter pint of hot water and two tablespoonfuls of brandy and four oz. of moist or granulated sugar. Stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most miserable headache, dizziness, sneezing, sore throat, running of the nose, catarrhal discharges, and other torturous symptoms that always accompany this disgusting disease.

Loss of smell, defective hearing, and mucus dripping in the back of the throat are other symptoms that show the presence of catarrh, and which are quickly overcome by the use of this simple treatment.

Every person who has catarrh in any form should give this prescription a trial. There is nothing better.

Important—In ordering Parmit always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send T. C. to the International Laboratories, 74 St. Antoine street, Montreal, P. Q., who make a specialty of it.

GILLETT'S LYE

BATS DIRT.

Useful for Over 500 Purposes

Into one cupful of thick hot white sauce put one cupful of asparagus which has been drained. Do not stir. Make an omelet, and when it is ready for the platter, mark it to fold, and remove to the dish. On half of it place the asparagus and white sauce, sprinkle with salt, and fold the other half of the omelet over it. Garnish with parsley.

Eggs and Baked Tomatoes.

Plunge six medium-sized tomatoes into boiling water, and remove the skins. Cut off the tops and remove the seeds and centers. Into each slip from the shell one raw egg, season with salt and pepper, and cook in a hot oven until the eggs are set. Serve on buttered toast.

—McCall's Magazine.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES

As Eleanor Wilson, whose engagement to Secretary McAdoo has been announced.

No Leaky Roofs

If you use Brantford Asphalt Roofing, which is made of Pure Wool Felt and Asphalt. Nothing to harden or crack.

A Single Application Banishes Hair from Face

(Beauty Topics)

Here is a way to remove obnoxious hairy growth while you are preparing your outfit for the evening. Mix into a stiff paste enough powdered delatone and water to cover the hairs not wanted. Apply, and in about two minutes rub off and every trace of hair comes with it. Washing the skin to remove the surplus delatone leaves it soft, clear and free from blemish. To insure success, be certain that you get real delatone.

Is the only reason for cold. Avoid it, buy a pair of rubbers for yourself or family at Bassett's, 207 Union street, Opera House Block, and 14 Charlotte street.

THE ENGLISH WANT TRAINERS

Philadelphia, Mar. 19.—James Curran, coach and trainer of the track athletes at Mercerburg Academy, has been offered a position as one of the assistants of the English Olympic team by William R. Knox of Canada.

NEW RECORDS ARE ALLOWED

Philadelphia, March 19.—Three swimming records have been allowed by the record committee of the Middle Atlantic Association of the A. A. U.

ON VICTORIA ALLEYS

A match game between the Roses and M. R. A. was played on Victoria alleys last evening, the Roses winning by 13 pins.

PLAYING SAFE

Mr. Wanamaker tells the man who is building him an aeroplane that he will keep on trying. From which one gathers that neither the aviator nor the builder plans to accompany the machine.

SPORTOGRAPHY

Tommy Ryan, greatest of all the welterweights, the victor in over 200 ring battles, the vanquisher in only one, was born at Redland, N.Y., March 20, 1870, just forty-four years ago today.

WET FEET

THE WEATHER.

Maritime—Strong easterly to westerly winds, mostly fair and much colder, with some light local snowfalls.

Washington Forecast.

Washington, Mar. 19.—Northern New England—Fair Friday and Saturday, moderate west and northwest winds.

Toronto, Mar. 19.—The disturbance mentioned last night is now centered over the Gulf of St. Lawrence and cooler weather has spread through Quebec and is settling in over the Maritime Provinces. Cold conditions have prevailed in Ontario, while in the west temperatures have been somewhat higher.

Minimum and maximum temperatures:

Table with 3 columns: Location, Min., Max. Includes entries for Prince Rupert, Victoria, Kamloops, Edmonton, Calgary, Medicine Hat, Moose Jaw, Regina, Winnipeg, Port Arthur, Parry Sound, Toronto, Ottawa, Montreal, Quebec, St. John, Halifax.

AROUND THE CITY

Death of a Child. The many friends of Mr. and Mrs. Joseph A. Byrne, 232 City road, will sympathize with them in the loss of their little son, Joseph Patrick, who died yesterday morning. Burial will take place today.

Courtesy Bay Mission. Mrs. F. A. Godwin, Miss May McArthur, Douglas McArthur and Harry Dunn, of St. Stephen's Presbyterian church choir, gave an entertaining programme of musical numbers in the Courtesy Bay Mission last evening. Quartets, solos and duets were greatly appreciated by the large audience. Miss Wilson, organist in St. Stephen's church, was accompanist.

Dominion L. O. L. Fair. There was a large attendance at Dominion L. O. L. fair last evening when prizes were won as follows: Excelsior, Joseph Rooney; gentlemen's bean board, Joseph Rooney; bowling alley, George Miller; air gun, S. Johnson; ladies' bean board, Miss C. Green. The door prize was won by ticket 31.

Happy Hooligan Supper. "Happy Hooligan Supper"—that was the cognomen last evening applied to a supper held in the St. Philip's church when the colored population were out in strength to appease their appetites and to enjoy an hour or more among the gay throng. Those who attended were certainly a rare treat in domestic cooking, and then they were happily socialized, whatever that means. Music was not lacking during the evening and there was a good time for all those fortunate enough to be in attendance.

Train Late. Wrathful citizens were numerous in the Union Depot last evening between eleven o'clock and midnight and restlessly paced the tiles of the station waiting the arrival of the Boston train which was scheduled to pull in on time but which unfortunately did not arrive in the city until some ten or fifteen minutes before twelve o'clock. It appears that the train left Fredericton Junction only a few minutes behind time and she would have caught up to schedule time but through the despatching of passengers on special trains from the Royal line steamer she was delayed, much to the discomfort of those in the depot who for an hour or more waited about the train shed.

LABOR COUNCIL TO ASK REFORMS

Delegates from Carpenters Call Attention to Method of Papering Walls—New Post Office.

At a meeting of the Trades and Labor Council held last evening delegates from the painters' union reported that in many tenements walls were papered over the old wall paper. The delegates contended that old paper should be taken off before new paper was laid, laying many layers of paper was unsanitary besides increasing the danger from fire. It was decided to bring the matter to the attention of the Board of Health and the provincial government to see if the practice could not be stopped.

The matter of having floors placed at the different stories on the new post office building was brought up. It was said that the men working there were taking unnecessary risks. If they fell from one story they would fall right to the ground, as there were no floors to fall on. The matter will be taken up with the building inspector.

WARM DISCUSSION OF SINGLE TAX QUESTION AT CITY HALL

Views of James R. Brown do not Appeal to City's Comptroller and Chamberlain—Commissioners Took Little Part in Debate—Who will Pay the Tax

The mental confusion which enveloped the single tax idea was the subject of a discussion at city hall yesterday afternoon. J. R. Brown, the lecturer, expounded the single tax evidently to his own satisfaction. The city comptroller and the city chamberlain and Assessor Lantalaun confounded it also evidently to their own satisfaction. The city commissioners said little but appeared in port last night.

A Warm Argument. Chairman Sharp of the Board of Assessors—"We don't do that here. It is a common saying that we do tax a man for painting his house, but it is not the truth."

Advocates Change. Mr. Brown said the sooner the change was made the better; the present system strangled industry. But public intelligence was backward. St. John should proceed by easy stages, and test the efficiency of the tax.

Reflected in Value. Mr. Brown contended that all public improvements were reflected in the value of a lot. The state could not make distinctions between rich and poor.

Mr. Brown contended that they should not tax the land. But before taking it up they should have a re-valuation of all the land in the city and county of St. John and a readjustment of the city's relations with the county.

Mr. Brown said that a land survey was a preliminary requirement in trying to work out a system of taxes on land values. His worship thanked Mr. Brown for his exposition of his views.

TALBOT PAPINEAU TELLS OF FRENCH CANADIAN FOLK LORE

In Interesting and Instructive Address before Combined Canadian Clubs—Deals with Advancement Made by French Language in Canada—Is not Deteriorating.

An interesting address on French-Canadian folk-lore was given by Talbot Papineau of Montreal before a largely attended meeting of the members of the Women's Canadian Club and the Canadian Club held in the York Assembly rooms last evening.

Mr. Papineau is a pleasing speaker with a vein of quiet humor, and his treatment of his subject was entertaining as well as instructive.

Mr. Papineau in opening his address said that after what the president of the club had said about him he ought to devote the evening to making an apology instead of talking about anthropology. He dealt at some length with the lines of development taken by the French language in Canada and declared that the impression in some quarters that the French language in Canada had deteriorated was wrong.

The average person only used about 3,000 words in ordinary conversation, while many got along with a few hundred. The writer and printer in French-Canada had kept the language from deteriorating. In Quebec the French language was a living thing, and had developed along lines of its own in some ways. Many old Norman words that had fallen out of use in France were preserved in Quebec, and many words which had a nautical application had been applied to life on land. The French-Canadian had appropriated many words from the Indians, and also from their English neighbors.

ROYAL EDWARD ARRIVES AFTER A ROUGH TRIP

Royal Line, However, Made Good Time and Came Through Undamaged—Brought Many Passengers.

The Canadian Northern steamship Royal Edward arrived in port last night about seven o'clock and docked at No. 2 berth, Sand Point. She had on board a good general cargo and 19 first, 188 second and 596 third class passengers.

Mr. Brown—"You would interfere with vested rights. Mr. Brown—Vested wrongs you mean. Division of Opinion. Mr. McIntyre—Such rights were granted by the crown. Mr. Brown—"The crown never relinquishes the power of taxation."

Mr. McIntyre—"Who will pay the taxes? Mr. Brown—"The occupiers. Mr. McIntyre—"Just so. The landlord will pass the tax on to the occupier and so on."

Mr. Brown—"The crown never relinquishes the power of taxation. Mr. McIntyre—"Who will pay the taxes? Mr. Brown—"The occupiers. Mr. McIntyre—"Just so. The landlord will pass the tax on to the occupier and so on."
