A NON POLITICAL DEMONSTRATION

Plans for Gathering to Embrace Both
Parties and to Be Highly
Interesting.

CHEAP EXCURSIONS.

The electors of Bonaventure county of both political parties, have agreed to organize a grand non-political demonstration at Bonaventure for Tuesday, July 27, instant, to mark their appreciation of the honor done the county by the election unanimously of its representative, the Hon. Charles Macdonald, M. P., L. D., as speaker of the Commons of Canada. A committee is at work making the necessary arrangements for speakers, bands, athletic and aquatic sports, meals, refreshments, decorations, excursions by rail and by boat. Invitations are being sent to Sir Wilfrid Laurier, Mr. Borden, and other prominent public men of both political parties in New Brunswick, Nova Scotia, Quebec and other provinces. The gathering will be held in Poirer's Grove at Bonaventure on the banks of the Bonaventure River. After the arrival of guests there will be a parade to the grove, then a banquet, presentation of addresses, speeches and athletic and aquatic sports. The event promises to be the most memorable of its kind in the county. Special steamers will run from Campbellton, Dalhousie and Bathurst and special trains on the Atlantic, Quebec & Western and Atlantic & Lake Superior railways, with tickets at very low rates. Ladies are invited to grace the occasion with their presence.

CRAZED BY DRINK COMMITTED SUICIDE

Jumped Over Ferry Wharf
at Newcastle and Was
Drowned.

BODY RECOVERED.

NEWCASTLE, July 9.—A man, supposed to be James Murphy, a native of Newcastle, later a resident of Docktown for some time working in Maine, returned home this week. He was drinking heavily, and came to the Harris House here on Wednesday night, took delirium tremens yesterday, became violent, and the proprietor sent for a policeman. Then he quieted down, and Dr. Desmond was sent for. The doctor went out to get the police to send a man to stay with the sick man. Murphy became violent again, and asked Proprietor Harris for a knife. While Harris went away to look up the knife, Murphy, left alone, jumped out of the upstairs window, ran to the ferry wharf about one o'clock this morning and drowned himself. The body was found floating about 2.30 by deceased's half brother, William Gould of Nelson. He was about twenty five years old. He left a gold watch and \$115 cash with Harris.

PROV. GOVERNMENT AND CO. COUNCIL WILL NOT VOTE MONEY

Smallpox Epidemic at Bathurst Parish is Spreading and
No Adequate Measures Are Being Taken
For its Suppression.

WHAT ARE THE RATEPAYERS TO DO.

Mr. Editor.—In writing my preceding correspondence, I have done so with the sole intention of protecting our little town from the epidemic that our medical men pronounced as smallpox, and which pest, whatever name we can or will give it, nevertheless, is contagious, and our town is better clear of it.
Your correspondent understands that the Provincial Board of Health, and apparently our municipal council, will not, whatever reasons they may have, vote any money, in order to stamp out this disease. It consequently follows, that the parish of Bathurst will have to look out for itself.
Mr. Fisher, one of the head guns of the Provincial Board of Health, was in Bathurst on Friday last, so we are the Warden of our County, but we are yet to find out if anything has been done to counteract the spreading of this unclean disease. We would like to hear from our Parish Councilors, if nothing can be done by our Provincial Government, or Municipal Council in general, and if our Parish Councilors do not act in the matter, then it is each and every ratepayer's duty, to protect himself, his family and the public at large, and for that purpose a mass meeting should be held, before the town is entirely engulfed with a sea of smallpox.
Your correspondent affirms that the small village of St. Mary's, about one mile and a half from town, is a victim to this disease, it being in almost every second or third house. Is it not time for our Board of Health to either do something, or to throw up the sponge, if they do not want to act in the interest of our people.
It has been rumored that certain parties who should be under quarantine intend "hauling over the coals." In other words, prosecuting certain parties, who perhaps, have given information to your humble servant, your correspondent would far sooner see one or two prosecutions, than to see our fair town persecuted (if I may use the term), as it will be, with this pest, within a few weeks, if nothing is done to counteract it. 'Anti-Smallpox' is in no way afraid of such persecution, for he holds a flush and will gain the pot, in order to put in it the seeds and oils of the smallpox filth.
Your correspondent was thinking that the Chairman of the Board of Health should employ a specialist to examine his eyes, to see if he is not a victim of 'optimalia', which would perhaps deprive him of perceiving, without the use of a magnifying glass, the scars and pits of the smallpox.
Excuse me, Mr. Editor, for taking up such valuable space in your paper, but I have always classed myself as a 'hathfulitarian' and in this case my thoughts put in writing, coincides with those of three quarters of our population.
Yours truly,

FATHER CALLAGHAN'S TRAGIC DEATH

Drowned While Canoeing
With a Friend on Bonaparte Lake.

GREATLY MOURNED.

Father Norbert Callaghan of the Sacred Heart church and pastor of the Italian speaking people of this city, was drowned in Bonaparte Lake yesterday afternoon. The accident was caused by the capsizing of a canoe in which Father Callaghan and Father Hues were paddling. Father Hues was saved by the gallant work of two boys, but Father Callaghan sank immediately on the capsizing of the canoe. His body was recovered early this morning.

Father Callaghan left this city yesterday morning, intending to return Sunday to say Mass in the Italian mission on Adair street. With Fr. Hues he had dinner at the 'Hermitage' hotel at Lake Bonaparte, and then went to the cottage owner by the order of the Sacred Heart near the shores of the lake and got a canoe. Though the waters of the lake were at that time very rough, the two priests nevertheless ventured out. They had paddled but a short time when, about 70 rods from the shore, immediately in front of the cottage they had just left, they were capsize by the heavy sea.

The accident was witnessed by two of the students in the school in which they were staying at the cottage. These two boys, John Sullivan and Simon Williams, plunged into the lake and, battling hard, swam to the spot. Father Hues managed to keep up until help reached him, but Father Callaghan sank almost immediately. The search was rewarded about 6.30 this morning when the body was discovered. Undertaker D. E. Guilfoyle of this city was sent for and had brought the body to this city some time this afternoon.

Father Callaghan was born 24 years ago in Campbellton, New Brunswick. He came to this city at the age of 12 to study for the priesthood. He took his first vows for the order of the Sacred Heart in October, 1892. Having completed the collegiate course in the brothers' school in this city, he was recommended on account of his high intellectual attainments to be sent to Rome for the five year course for the completion of his studies for the priest hood. He was graduated with the degree of doctor of theology, an exceptional honor, and was ordained in April, 1898, as a priest in the Roman Catholic church.

He then went to his old home at Campbellton to visit his adopted father, P. O'Leary, and other relatives. Following a short vacation he came to this city to take up by his work. His acquaintance with conditions in Italy and his knowledge of the Italian language made him particularly desirable that he embark in mission work among

the Italian speaking people of this city. In general, and if our Parish Councilors do not act in the matter, then it is each and every ratepayer's duty, to protect himself, his family and the public at large, and for that purpose a mass meeting should be held, before the town is entirely engulfed with a sea of smallpox.

It has been rumored that certain parties who should be under quarantine intend "hauling over the coals." In other words, prosecuting certain parties, who perhaps, have given information to your humble servant, your correspondent would far sooner see one or two prosecutions, than to see our fair town persecuted (if I may use the term), as it will be, with this pest, within a few weeks, if nothing is done to counteract it. R. S. Ewing, Esq. of the Wm. Thoms Co. St. John, was in town Saturday and left on the S. S. Senlac on a business trip down the coast.

A party of young ladies from town, including Misses Greta Adams, Eva Nelson, Gertrude Dickson and Janet Currie, are camping at Cross Point for a couple of weeks.

I don't believe in hiding my light under a bushel, remarked young Sleigh.

Yip would be foolish to do so, rejoined Miss Stashem when a pint cup would more than hide it.

It's hard to lose a beautiful daughter, said the wedding guest sympathetically.

It's a blamed sight harder to lose the homely ones, replied the old man who had several yet to go.

Huh—Reckless and exaravagant—? When did I ever make a useless purchase?

Why—Why, there's that fine cutting-glass you bought a year ago; we've never used it once.

Dr. De Van's French Female Pills are a reliable regulator. For sale at White's Drug Store.

DON'TS FOR SWIMMERS

(By T. W. Sheffield, honorary member Royal Life Saving Society)

The many drowning fatalities recorded by the press during the summer season call for more care being taken by the average swimmer and beginners generally, and it is earnestly desired that the following don'ts for swimmers and pointers for non-swimmers, be posted in a conspicuous swimming place or summer resort the reader visits, thus helping to minimize any undue risk being taken by followers of the sport.

Don't bathe shortly after dining; wait at least two hours.

Don't sit in a boat or stand about undressed after being in the water.

Don't swim far after a hard day's work, or over-exertion after other forms of exercise.

Don't bathe in unfrequented or secluded parts.

Don't bathe alone if subject to giddiness or faintness.

Don't dive into the water without first ascertaining the depth.

Don't take fright if you fall into the water with your clothes on; remember, clothes float, and assist you to float.

Don't swim too far out in the sea or lake, unattended by a boat or an expert swimmer.

Don't take fright if seized with cramps; keep cool; turn on the back and endeavor to rub the place affected. The leg is drawn up with pain, swim slowly with the arms only. All swimmers should practice this.

Don't swim without some recognized signal to give your fellow-swimmers, if subject to cramps, such as lifting one arm or shouting for help. Don't abuse this; leave the water as soon as possible.

Don't dive out of or try to get into a boat from the side; dive from the stern and get in from the stern, but only then from a boat with a broad beam.

Don't swim near dams, waterfalls or where reefs are growing.

Don't swim away from the shore, always along the shore.

Don't swim without company if you have a weak heart, and only then after consulting a doctor.

Don't swim against the stream if you come across weeds.

Don't swim without protecting your ears if subject to ear trouble.

Some Don'ts and Pointers to Beginners and Non-Swimmers.

Don't go beyond the depth of your hips if you can't swim.

Don't plunge or struggle when you find yourself in deep water.

Don't throw the hands or arms out of the water.

Don't grasp any person who approaches you; do what he tells you.

Don't attempt to get into a boat coming to your rescue; catch hold of the stern until assisted to get in.

WALKED IN HER SLEEP

RAVENNA, Neb., July 10.—While walking in her sleep Mrs. Lois Campbell, the sixteen year old daughter of President Campbell, of the Frisco system, leaped from the rear platform of her father's private car, attached to a Chicago, Burlington & Quincy flyer, as the train was speeding over the prairie west of Ravenna early yesterday. Rendered unconscious by the fall, the girl finally recovered, and succeeded in dragging a weight on which she rode up to the next station, where she was found by a special which had been sent out to search for her. She was practically unharmed.
