#### SIR WILFRID ASKS QUEBEC CITIZENS TO STOP VIOLENCE

Liberal Leader, in Message to Letourneau, Points Out That Liberty of Opinion Should Be Respected.

Ottawa, May 26.—Sir Wilfrid Laurier sent the following message to Quebec this morning:  
"Louis Letourneau, M.P. for Quebec East: I regret to learn that the Chronicle has suffered from some absolutely reprehensible acts. I entreat the citizens at the meeting which is to take place today in Quebec East, to abstain from all violence of either language or action, and to remember that the liberty of opinion which they claim for themselves they must allow to all those who think differently."  
(Signed) WILFRID LAURIER.

MANY MASS MEETINGS.

Quebec, Que., May 26.—The Que-

bec city council yesterday evening was asked by Ald. Dussault, of the Anti-Conscription League, to adopt a motion against conscription. Mr. Lavigne went on record as being strongly opposed to conscription, as did also Ald. Verret, leader of the council. The motion was opposed mainly by Ald. Alcock, who was backed by the crowd and had to be escorted by the police from the city hall.

Yesterday afternoon numerous mass meetings against conscription were held at Levis and St. Romule. At Levis Father Nadeau of the L'Action Catholique was on the platform.

REPRISALS THREATENED

Anti-Conscriptionist Paraders Cause Further Trouble at Metropolis.

Montreal, May 26.—Arrangements have been completed by the military authorities for safeguarding returned wounded soldiers from assaults on the streets at the hands of anti-conscriptionists. This announcement was made officially to a group of soldiers, who were organizing last night to start reprisals.

Major Hall, in charge of the Grey's Hospital, who gave the anti-conscriptionists, intimated to the press representative that he had received reports of assaults on officers, men, and being accompanied by a lady.

The anti-conscriptionist paraders last night, following a banner bearing the words "A bas la conscription," attempted to attack the "A bas la conscription" banner. The anti-conscription meeting, which attracted the crowd, was to have been held in front of St. Henri Church. This arrangement was cancelled and the meeting was held on a street corner instead. The speeches were in a much milder strain than those of the previous evening.

ITALY DOING BIG "BIT" IN IT TO THE FINISH

Washington, May 26.—Vittorio Fialoni, attaché of the Italian war mission, in an address to the National Press Club last night, said the kingdom would have been a traitor to civilization if it had not joined the Allies.

"Some people say Italy is not fighting in this war. Her total men under arms is 3,500,000. Her killed, totally disabled, and prisoners already reach 200,000, and she is prepared to meet any sacrifice of blood and treasure."

#### HUNDREDS APPLYING FOR NEW FORMS TO GET ACROSS BORDER

Photographs and Many Details Must Be Provided.

PERMITS ISSUED AFTER Postoffice and Ticket Offices Besieged by Those Who Wish To Cross Line.

Copies of application blanks furnished to persons desiring to obtain permits to leave Canada under the new order-in-council have been received by the local railway ticket agents and the post-office officials.

Although the supplies were only received this morning, hundreds of copies have been handed out. Officers, however, already had the necessary forms filled in and will utilize them in trips to be made at once to the United States.

The ticket agents are giving out the forms when asked for them. It was first thought that the necessary permission would have to be obtained through Dominion Immigration Officer Ruggs, but the forms which are self-explanatory, show that no special permit is required until the traveler reaches the border.

The Canadian immigration inspector there passes on the forms. The application form is in duplicate, the right-hand section of the sheet to be signed by the inspector, and the left-hand section of the sheet to be shown when demanded. The left-hand section of the duplicate sheet will be torn off at the immigration office.

Must Have Two Photos.

Duplicate photos must be pasted to each section. The questions required to be answered are: Name, date and place of birth, nationality, height, weight, color of eyes and hair, and reasons for leaving Canada and expected length of absence. Four persons' names for identification must be furnished. At each of the railway stations and the postoffice all necessary information is furnished the applicant.

TORONTO ENTERTAINS THE BALFOUR PARTY

Toronto, May 26.—Hon. A. J. Balfour spent this morning quietly resting at the National Press Club. He was the guest of the city at a luncheon given in his honor at the King Edward Hotel at noon. There was an unusually large number of guests for such a function, and the British foreign minister received a number of the principal guests.

The only other event on the official program is at Convention Hall at 3 o'clock when the University of Toronto honors Mr. Balfour with degree of LL.D.

SOLDIERS WILL HAVE FIRST CALL ON LAND

Toronto, May 25.—According to an official announcement today returned soldiers are given prior right to re-entry over the general public in the event of lands becoming available for settlement in Canada, and that men who have not been given their formal discharge may not miss the opportunity of obtaining land offered by the Government if they have decided to issue temporary discharges applications.

#### NIGHT FIGHT WINS GROUND FOR NIVELLE

French Standing Firm Against Heavy Assaults of the Germans.

Paris, May 26.—Noon.—Further progress was made by the French on the Champagne front during the night. Two German counter-attacks were repulsed and 120 prisoners taken, according to the official statement issued by the war office this morning.

FRENCH STANDING FIRM.

The statement follows: "On the Chemin-des-Dames the enemy's artillery vigorously counter-attacked by ours showed great activity from a point north of the Jouy as far as the region to the east of Chevreux. Two German attacks against our salients east and west of Cerny brought no result. All our positions were maintained. "We enlarged appreciably late yesterday our positions on both sides of Mont Camillet in the Champagne. In this attack we took 120 prisoners, of whom 2 are officers."

THE GERMAN REPORT.

Berlin, May 26, Via London.—The Germans yesterday improved their positions on the Chemin-des-Dames, on the Aisne from Chateau de la Fosse, says the official statement issued today by the German army headquarters' staff.

ROGERS REPLIES TO LATEST REPORT FROM THE MANITOBA PROBE

Refuses To Make Statement Covering Case at Present.

SAYS IT IS STAGED

Declares He Knows Nothing of Contributions Made by the Kelly Crowd.

Ottawa, May 26.—Hon. Robert Rogers made the following statement this morning when asked for his views on the "Galt" report:

"While I was minister of the Government of Manitoba, I had no knowledge of Thomas Kelly contributing one dollar to party funds for the assistance of the Government, and since I entered the Government of the Dominion I have never known Thomas Kelly to contribute one dollar for party funds for Dominion purposes, and, as far as I know, no evidence was produced before the commission that could be construed as even suggesting that such was the case, and the only excuse that I can find for this deliberate and dishonest misrepresentation is the apparent and immediate need of a bought and paid for Liberal organization to endeavor to destroy anything that appears to them to be a menace to their success."

POLICE OF MONTREAL CLUB THE RIOTERS

Montreal, May 26.—About 1 o'clock this morning a crowd of anti-conscriptionists gathered at La Patrie office, corner of St. Catherine and City Hall streets, and the second time began an assault on the windows in this French-Canadian evening newspaper office. Chief Campbell of the police force, with a large body of police charged the mob with batons, and in a few minutes the crowd was dispersed some of the young men having been taken to the hospital. The assault on La Patrie's plate glass was broken by anti-conscriptionists.

BRITISH RATIONING MAY NOT BE NEEDED

London, May 25.—There is increasing probability of the needlessness of resorting to compulsory rationing in Great Britain before the next harvest, according to Kenney Jones, director of food economy. Mr. Jones states that figures available show a 10 per cent reduction in the consumption of bread during the month of May as a result of the voluntary campaign. This reduction, Mr. Jones says, exceeded the expectations of the food control department.

#### ONE KILLED AND TWO WOUNDED

Two of the above three members of the 135th Battalion, Ptes. Martin (left), and Sullivan (right) have been wounded, and the third, Pte. Jack Stinchcombe (center), is missing and believed to be killed. Pte. Martin is a son of Sgt. Martin of the Army Veterinary Corps at Queen's Park, and lived in Broughdale before joining the 135th.

#### STEEL KINGS OF THE STATES RALLY AROUND GOETHALS TO BUILD GREAT TRADE FLEET

Impossible To Build Wooden Ships as First Proposed, and All Energies Will Be Concentrated On Constructing Steel Vessels.

New York, May 26.—The ships that the United States Government will build to defeat the German submarine campaign and carry supplies to the Entente Allies will be constructed of steel, instead of wood, and the men who control the output of iron and steel in this country have given their pledge to Major-Gen. George W. Goethals to furnish the necessary materials. Informal conference was expected to be held today by the iron and steel manufacturers, who attended the annual convention of the American Iron and Steel Institute which closed last night with the annual dinner.

Goethals' Appeal.

Gen. Goethals' appeal for the co-operation of the iron and steel manufacturers found an enthusiastic and patriotic response at the dinner, after he had told them that the proposal to build one thousand 3,000-ton wooden ships in eighteen months "is simply hopeless."

A stupendous task.

Gen. Goethals emphasized the fact that no small task had been undertaken. He informed the steel men, with emphasis, that the job would require the rapid manufacture of tremendous quantities of structural forms, as well as the material going to make the hulls of the vessels. Gen. Goethals said that he wanted legislation to prevent the yards from laying down ships for anyone else but the Government.

THRON OF FRIENDS SAY FAREWELL TO DEPARTING NURSES

A large crowd of friends and relatives were present at the C.N.R. station to bid farewell to a party of nursing sisters when they left at 7:15 last night for service at an eastern training point. The officers and members of the staff of the Army Medical Training Depot at Windsor Barracks were on hand, and the occasion was enlivened by music furnished by the A.M.C. pipe band. Nursing Sister J. E. Scott was prevented from going on account of illness, and with this exception the party was complete.

GUNNER MCLEAN REPORTED WOUNDED

Gunner Hamelin Everett McLean was wounded May 25, according to information received by John L. McLean, 76 Cartwright street, today. Gunner McLean was a member of an artillery unit, and enlisted here with a Western Ontario battery. He was a clerk at the Home Bank previous to his enlistment.

#### AIR RAIDERS WRECK ENGLISH TOWN; SCORES ARE KILLED AND INJURED; THREE ENEMY PLANES DESTROYED

Powerful Squadron of German Fliers Drop Torrent of Bombs On Part of Southeast England, Causing Death and Destruction.

ATTACKERS LOSE THREE OF THEIR FLEET IN BATTLE ABOVE THE ENGLISH CHANNEL

A Town on the Southeast Coast of England, Friday Evening, via London, May 26.—The most ambitious air raid yet undertaken by the Germans in Great Britain occurred here late this afternoon while the streets were crowded with shoppers, promenaders and workers returning to their homes. The raiders dropped a large number of bombs, apparently in haphazard fashion, from a mile or two above the town, killing 76 persons, mostly women or children, and injuring nearly 175 more.

DROPPED MANY BOMBS.

The first raid to arrive was the leader of a squadron of five. It was flying at such a height that it could not be seen against the brilliant sunlight which flooded the cloud-flecked sky, except by trained observers with good glasses. The raid was followed by the other four at a slightly lower elevation. They sailed in a bee-line across the town, dropping bombs continuously.

GREAT DAMAGE DONE.

Many persons in the streets first learned of the air raid when they heard explosions of bombs around them. The zone in which the bombs were dropped cut a wide swath across the city, with the chief damage in the shopping and residential districts. The bombs, which were of large size, demolished completely houses and small shops which they struck.

FIFTEEN IN RAID.

London, May 26.—German airships to the number of about sixteen raided Southeast England on Friday evening, according to an official statement issued today. Seventy-six persons were killed.

Three of the German airships were shot down. One hundred and seventy-four persons were injured.

This is the second German air raid on England within three days. On Wednesday night four or five German craft flew over the Eastern English counties and dropped a number of bombs, killing one man. For six previous months no attack on England has been by the air following two disastrous raids in which three zeppelins were destroyed.

Nearly all the damage occurred in one town, where some bombs fell in the streets, causing considerable casualties among the civilian population.

The raiding aircraft which were brought down were airplanes.

CAUGHT RETURNING FROM RAID.

London, May 26.—Three hostile airplanes, returning from last night's raid on England, were brought down by British air forces in the English Channel and off the Belgian coast, the admiralty announced today. The admiralty statement says:

"Naval airplanes attacked the airframe at St. Denis Westre, near Bruges. In the evening, several enemy aircraft, returning from the raid on England, were engaged overseas by naval air service machines. An encounter took place between one British and three hostile airplanes in mid-channel, and one of the latter was destroyed. At this particular spot the bodies of some two large twin-engined hostile machines were shot down. All our machines returned safely."

BOMBS FELL INTO STREET.

London, May 26.—The following report on the air raid is made by Field Marshal Viscount French:

"A large squadron of enemy aircraft—about sixteen—attacked Southeast England between 5:15 and 6:30 o'clock last evening. Bombs were dropped at a number of places, but nearly all the damage occurred in one town, where some bombs fell into the streets, causing considerable casualties, among the civilian population. Some shops and houses also were seriously damaged."

The total casualties reported by the police from all districts are: "Killed: Seventy-six; injured, 174. "Of the killed, 37 were women and 23 were children, and 43 women and 19 children were injured."

"Airmen of the Royal Flying Corps went in pursuit, and the raiding aircraft were engaged by fighting squadrons of the Royal Naval Air Service from Dunkirk on their return journey. The admiralty reports that three enemy airplanes were shot down by the latter."

WATCHERS KILLED.

London, May 26.—A correspondent in a southeast coast town says the weather was fine when the raid occurred, and the German machine looked like silver specks. During the bombardment, which was intensely violent for a quarter of an hour, the raiders dropped a large number of high explosive bombs. Greatest damage was done in the main business street. The establishment of a fruit merchant was entirely demolished. At this particular spot the bodies of men and women and the carcasses of horses were lying about the street after the raid. The people killed were mostly those who ventured out to watch the raiders.

VILLAGES BOMBED.

A town on the southeast coast of England, Friday evening, May 25.—Reports this evening from the surrounding districts indicated there was some bombing of neighboring villages, even some distance inland. These bombs mostly were dropped as the German airplanes were making a wide circle to approach this town from the landward. The intervals of comparative quiet after the departure of each squadron of raiders were only broken by the sound of distant firing of naval guns out at sea, and were even more harrowing to the populace than were the brief periods when the bombs actually were bursting in the town.

HOSPITALS CROWDED.

After each visit the people in shelters or cellars asked each other whether this was the last. Hours after the last raid had gone many people kept to their shelters in belief that more raiders were coming. There was much employment for voluntary relief workers this evening. The hospitals were crowded not only with injured, but with women and children suffering from shock, while the police and constables had their hands full patrolling the devastated districts and doing the gruesome work of identification, and hundred of odds and ends which such a crisis brings to an unprepared town.

DROWNED AT FALLS.

Niagara Falls, N. Y., May 25.—Burdett, a rock and a swimmer, was instantly killed. He was a powerful swimmer, but that availed nothing in the waters in which he fell. For 25 years he had been connected with the concession in building a bridge at the base of the cave.

## YOUNG ORDERLY SAVES LIFE OF COMMANDER, BUT GIVES HIS OWN

Touching Story of Trench Devotion Received.

### ORDERED TO STAY BACK

Burly German Shot Down as He Tried to Kill Lieut. Walters.

A touching story of how a young orderly saved the life of the late Lieut. J. J. Walters and later himself received a military award when the orderlies of the 1st Battalion, London Regiment, were in the trenches on Thursday night at the front.

When the company of which Lieut. Walters had command was about to undertake an important raid, the orderlies of the 1st Battalion, London Regiment, were in the trenches on Thursday night at the front.

Ordered to Stay Behind. Lieut. Walters repeated his instructions, saying they were to stay behind and consider the incident closed.

The company reached the German trenches and engaged at close quarters with the enemy. Suddenly a burly German appeared directly in front of the lieutenant with his gun raised and pointed squarely at the officer.

Just behind the latter there was a crack and a flash and the German rolled over dead before he had time to shoot. Lieut. Walters looked around and found at his elbow the young orderly who had disobeyed orders to stay behind.

Shortly afterwards the orderly was wounded. Lieut. Walters picked him up and started to carry him back of the lines for attendance. As he proceeded a bullet pierced the little fellow in the abdomen. The officer proceeded with him and placed him in the hands of the hospital corps. "Now, can I do anything more for you?" he asked, as he prepared to hasten back to the fighting line.

"No, lieutenant, I am done for," was the response. And he was.

### NO MORE APPOINTMENTS FOR ACTIVE MILITIA

No more officers will be appointed to the units of the active militia, according to instructions received from the militia department. The order, issued by Lieut.-Col. Brown, assistant adjutant-general, states that no more officers will be appointed to the units of the active militia, according to instructions received from the militia department.

Medical units are excepted from this ruling, but all other units of the militia are included. Lieut.-Col. Brown explained that the order applied to regular or provisional appointments, and that the militia units will be required to get along with the officers already on their staffs.

Recently the reorganization and rehabilitation of the militia was decided upon, and has been carried out, but so far no large number of men have been enrolled on the strength. Those military regiments which have begun to enroll men will continue, but the fact that no more officers will be appointed for the militia makes it plain that the reorganization of the militia will not be insisted upon and will not be pushed.

TAKING TRENCH CURE.—Mrs. S. Baker, 828 York avenue, has been removed to Victoria Hospital, where she will take the trench cure. Mrs. Baker has been greatly distressed over the death of a son at the front.

Fast D.A.C. Nine Secured to Play Ernie Dinsmore's Blue Labels on June 2.

Ernie Dinsmore, manager of the Blue Label independent ball team, announced last night that the fast D. A. C. club of Detroit had been secured to open the local semi-pro season here June 2. Ernie has been quietly at work, and has already lined up some fast boys. Centre Fielder Brown and Pitcher Johnston, who were formerly with the Calgary club of the Western League, are in the city, and have been signed. Jack Danford, formerly with the Tecumseh club, will probably be found behind the bat.

Clarence Armstrong and Flint of the old Ontario will try out for jobs, as will Roche of Forest, who played semi-pro out west, and George Gregory of the old-time Blue Labels.

It is more than likely that Jo Jo Keenan, the daddy of them all, will don the spikes again. Jo Jo can still pick up from third to first. Practices will be held next week at Tecumseh Park. Manager Dinsmore will welcome all ball tossers of the city at these practices.

## Quality In The Right Place

Expensive upholstery doesn't prove that a car excels in quality. The real quality of the car is determined by its chassis—its power plant, transmission, axles, etc.

Both by laboratory tests and actual service tests, the different parts composing the Ford chassis have proven themselves superior to those used in other cars. Ford Vanadium steel has never been surpassed in quality and strength.

# WHAT IS NEW AT THE MOVING PICTURE THEATRES

News of Great Personalities of Filmdom, Interesting Productions, Green Room Comment and Activities of the Film World

## MOTION PICTURE FEATURE

With this issue, The Advertiser begins publication of a Saturday department devoted to motion picture and vaudeville news. Motion picture houses and film exchanges will co-operate to make this page one of the most interesting in the paper.

Motion pictures have a tremendous following. Thousands of London folk flock to the theatres of animated photography in all its wonders, and the man with the small sum of money to expend finds recreation and rest, and usually entertainment and instruction there. Far from the motion picture being in decline, it has come to the stage of refinement. The "pictures" and the players upon undesirable themes are being eliminated. The master minds of the art of the thespian are today engaged upon the re-creation of the motion picture, so that few pictures are released that cannot be stamped genuine, whether comedy, tragedy, instruction or travel.

The Advertiser will devote much attention to this department, and seek to cultivate an interest that will lead to better pictures and better appreciation. The reader is invited to become a partner in the enterprise, and to send inquiries or interesting facts to the Motion Picture Editor of The Advertiser.

## "A MAN'S MAKING" AT THE EMPIRE

London is provided with a moving picture house in the east end in the Empire, which has been established for some years. Many of the latest photoplays produced have been shown at this house, and the result has been an excellent attendance of regular patrons. The present management encourages extra patrons by being continually alert for the latest productions. For Monday and Tuesday, "A Man's Making" will be shown. It is a story of success won against terrific odds—a story of regeneration, inspiration, courage and the power of love.

Its hero goes down to the very depths of despair. He tastes the pangs of hunger and knows the bitterness of utter defeat. His pride and his heart are both broken. Then, the story of a father's little daughter, step by step he rises, until the time comes when he not only can face his mother and fatherless father, who had cast him off because of his wild college revels, as his equal, but is strong enough to save the father from ruin.

There is another man in the life of the hero who resembles her interest in the story, and during the height of a terrific storm at sea, hurries the poor, rich-looking top of the mast to the deck of the pitching schooner below.

It is then that the father softens, but the boy is made of the same stuff, the same indomitable will that had taken him parent so far, and he determines to finish the battle he has begun alone.

At the height of his success, word comes that enemies of his father have succeeded in wrecking him, and he is on the verge of ruin. Together the two men fight back to back, until victory and success is theirs.

That night, beneath the moonlit sky, the boy joins the girl on the rocks by the sea. Two hearts beat, but is an girl who loved but hardly had dared to hope, and the man who fought the world to make himself worthy of her.

## "A JEWEL IN PAWN" AT THE PRINCESS

For Monday and Tuesday the Princess will present a Bluebird film entitled, "A Jewel in Pawn," with Ella Hall as the star.

Nora Martin is the 17-year-old sunbeam of the tenement. She teaches the little youngsters how to read, and helps Aaron Levovitch in his pawnshop. When Mrs. Martin, determined to remove her daughter from the slums, she goes to Levovitch with all her earthly possessions—but there is not enough on which she can raise the money she needs to take her daughter to her grandfather's home in the country.

Mrs. Martin had married against her father's will, and when her husband died she was left impoverished. Determined now to attempt a reconciliation, Mrs. Martin would pawn her possessions for railroad fare. When Aaron suggests that she pawn her daughter, Mrs. Martin reluctantly consents. She goes alone to seek parental forgiveness. Arriving at her father's country estate, Mrs. Martin finds that he is living at his home in the city.

Mrs. Martin collapses when informed of the fruitlessness of her sacrifice, and is taken into the house of her father, where she dies. The father, telegraphed, arrives too late to see his daughter alive. His servants tell him that Mrs. Martin, in her final delirium, has begged them to "redeem her jewel in pawn."

Meanwhile, in Aaron Levovitch's pawnshop, Nora is daily endeavoring herself to the kindly old Hebrew, who gives her every care and comfort. His quarters afford. Newsboy Jimmy has always been Nora's defender and ally in her contest with "the Bully," the kind-hearted old pawnbroker bears great affection for them both.

During Jimmy's day in court, Bob Hendricks, a clever newspaper reporter, always on the watch for a good story, senses his opportunity and writes a "heart interest" narrative about "the jewel in pawn." This story comes under the eye of Nora's grandfather, John Dane, and the wealthy old widower goes at once to Aaron's pawnshop and claims his relative.

Three years in preparatory school turn Nora out a beautiful young lady, a bud of society, and so good a "catch" that Percival Van Dyke, a snobbish Englishman, who has just returned from school, is giving a tea to her schoolmates, Jimmie and Aaron, in response to her invitation. Jimmie tells his abiding love and Nora is quick to prove that she reciprocates.

Percival sees the three in conversation with Jimmie and Nora in a most loving embrace, and calls Nora's grandfather to see upon the scene. The old man flies into a rage and orders Jimmie and Aaron from the grounds. Nora loses little time in changing her clothes, to the dress she had brought from her humble station in life, and is soon back again in her pawnshop.

Nora's grandfather reads the note she leaves behind, and taking Percival hurries to Aaron's place, but arrives only in time to be a witness to the Jewish marriage ceremony that unites Jimmie and Nora for life. Thus happily ends the story of "A Jewel in Pawn."

## MAJESTIC FEATURES

Marie Doro in "Heart's Desire" at the Majestic today.

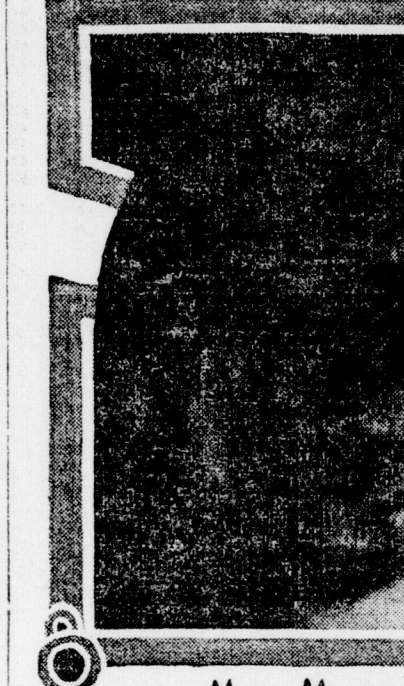

"Children acting in pictures are much easier to manage than the grown-ups," said Director Francis J. Grandon, in speaking of the Famous Players-Paramount production, "Heart's Desire," in which Marie Doro is starring at the Majestic today. "They don't act in the accepted sense of the word; they just behave in their natural way, and so get across and please the audience much better than if they were stiff or affected in manner. For instance, the little youngster playing the part of Miss Doro's small brother, aged five, had the time of his life when we gave him an extremely sticky part and told him that the man he didn't like was coming and would sit down in a certain chair and that he could smear the chair all up with the tart so that the man would sit in it. The little fellow was overjoyed and carried out his part to perfection—giving special care to the job, as he really didn't like the

man who seemed to be so cross to his beloved 'Maeve' Doro."

## The Canadian Actress, Margaret Illington, at Majestic Monday and Tuesday.

Margaret Illington, the distinguished Canadian star of the speaking stage, will make her debut on the photodramatic screen in the gripping and vivid drama "Sacrifice," written especially for her by Charles Kenyon, and prepared for the screen by Beatrice C. De Mille and Leighton Osmun.

"Sacrifice" is a Lasky-Paramount picture, which will be the attraction at the Majestic Monday and Tuesday, next week. An unusual incident is in the fact that Miss Illington will make her screen debut in a story by the same author in whose play, "Kindling,"

MAE MURRAY

she scored her greatest dramatic triumph. As soon as the story "Sacrifice" appears on the screen, Mr. Kenyon will prepare a version of it for the speaking stage. Ever since her first appearance before the footlights, Miss Illington has been one of the most distinguished and popular stars on the American stage. Her wonderful performance in "The Thief," which ran a year in New York City, established Miss Illington as one of the country's most successful emotional actresses. Her recent success in "Kindling," which was hailed by all as one of the most unusual and appealing plays of the decade.

Still later, Miss Illington won fresh laurels in "The Law." In "Sacrifice," Miss Illington plays a dual role—that of the daughter of a high government official and as a notorious dancer in a small principality of Europe.

Ray Griffin, late of Ziegfeld's Follies, who has been singing at the Majestic this week and delighting the audiences, will be heard for another week, owing

to the many requests from the patronage that he should be held over. Mr. Griffin has been singing popular ballads of the higher order and his tenor is of great strength and mellowness. Majestic "regulars" were quick to register their hope with Manager Logan that he should be continued for another week at least. Mr. Griffin, who is much taken with London, is willing to sing any song that may be requested, if the patrons will make known their desire to the management.

The Empire will show "A Modern Thelma" on Wednesday and Thursday, and for Friday and Saturday the Blue Ribbon feature film of "Juggernaut." The tenth episode of "Grant," police reporter, is also billed for the last two days.

Pearl White in "The Pearl of the Army," is the great military mystery serial for Wednesday and Thursday at the Unique, while "The Bronze Bride," a capital Red Feather picture in five parts, will be shown on Friday and Saturday.

Ruth Clifford in "Eternal Love," will be shown at the Princess on Wednesday and Thursday and "The Perils of the Secret Service" on Friday and Saturday.
