Hand-to-Hand Fighting Follows Desperate Attempt of Germans to Regain Ground Lost to British—Enemy Driven Back Leaving Prisoners With Haig.

[Canadian Press.]

London, Sept. 7—1:45 p.m.—A German attempt to regain possession of Leuze wood, on the Somme front, last night led to hand-to-hand fighting with the British. The war office announced today that the Germans were beaten back.

The announcement follows:

"Under cover of darkness the enemy made a counter-attack against our position in Leuze wood. After hand-to-hand fighting the enemy was driven back, leaving two officers and seventeen men prisoners in our hands.

"The fighting at Ginchy continues. There has been considerable artillery activity on both sides during the night and this morning, the enemy using gas and lachrymatory shells. East of Neuville-St. Vaast the enemy exploded a mine. Yesterday evening we carried out a very effective bombardment of the enemy's trenches west of Lens."

London, Sept. 7.—The Daily Express prints the extracts from the Berlin Socialist organ Vorwaerts:

"If the central authorities still have any doubts as to the real sentiments of the people in regard to the continuance of this frightful struggle, they should personally attend some of the crowded meetings, now being held in various parts of the empire.

"At all of these gatherings the demand for speedy peace without any annexations is received with thunderous cheers.

Disarm All States.

"At one of these gatherings, Deputy Kappler declared that the only real guarantees against the repetition of such a catastrophe lay in the disarmament of all states and the establishment of an international compulsory arbitration court. In the meantime, however, he added, a truce with Great Britain must be arranged, even if at the sacrifice of somebody's chief ambition.

"The Schwaische Tagwacht of Stuttgart is quoted as saying: Even if the Russians, Italians and all of the continental Allies were beaten, England's naval supremacy would not be destroyed, and we may go so far to say that unless a miracle happens this ob-

STREET CAR STRIKE HAS LITTLE EFFECT ON NEW YORK CITY

Company Claims Normal Schedules Are Being Maintained.

[Canadian Press.]

New York, Sept. 7.—A strike began on the subway and elevated lines and several of the surface systems of the Interborough Rapid Transit Company today, but up to noon the city appeared little affected by the situation.

Union leaders, who demand abrogation by the company of the so-called master and servants' contracts, binding the employees not to ask wage increase for two years, claimed that 9,000 men had walked out, including 4,000 on the subway and elevated systems. Traction officials asserted that not more than 2,000 men had quit work, however, and with the aid of strike-breakers the company was successful in maintaining normal schedules on subway and "L" lines.

BOMBARDED FROM ROOFS.

[Canadian Press.]

New York, Sept. 7.—Several instances of elevated trains being bombarded with stones and bottles thrown from roofs were reported to the police shortly before 9 o'clock. The police reserves were rushed to the scene.

At 9 o'clock the Interborough reported that express and local trains were running on normal schedule on both subway and elevated lines, and with but few changes from the regular crews.

TWO BULGARIAN FORTS TAKEN BY GREEK FORCE

Christodolous Turns Up in the Vicinity of Kavala.

[Canadian Press.]

Saloniki, Sept. 7.—Via London. — Col Christodolous, with the troops of the Greek garrison at Seres, 45 miles northeast of Saloniki, has succeeded in making his way to the seaport of Kavala on the Aegean Sea, where he is reported to have seized two forts despite the opposition of the Bulgarian troops, which had occupied them.

It was reported from Greek sources at Saloniki last week that the entire force of about 3,000 men, under Col. Christodolous, which had left Seres to resist the Bulgarian invasion of Macedonia, had been captured by the Bulgarians.

FOE CLAIMS BIG VICTORY

Berlin Reports 20,000 Rumanians Taken Prisoners by Capture of Rumanian Fortress of Turtukai.

(Canadian Press.)

Berlin, Sept. 7.—Via London, 5:55 p.m.—More than 20,000 Rumanians were taken prisoner when Bulgarian and German troops captured the Rumanian fortress of Turtukai, says the official statement issued today by the German army headquarters. The official statement says that in the capture of the Rumanian fortress more than 100 guns were taken.

TROOPS OCCUPY PASS.

[Canadian Press.]

Bucharest, Sept. 6—Via London, Sept. 7, 4:50 p.m.—Rumanian troops have occupied Gyergyo-Ditro-Orsova Pass, on the north and northwest frontier of Rumania, says the official statement issued by the Rumanian war department today. Seven guns, a number of machine guns and important food stores were captured from the Austro-Hungarians.

TURTUKAI EVACUATED.

[Canadian Press.]

Petrograd, Sept. 7—Via London, 2:50 p.m.—Turtukai, a fortified Rumanian town on the Danube, about 50 miles southeast of Bucharest, has been evacuated by the Rumanians, according to the Russian official statement issued today.

A VIOLENT ATTACK.

[Canadian Press.]

Bucharest, Sept. 7.—German and Bulgarian forces, having received numerous reinforcements, continue to attack with great violence the Rumanian fortress of Turtukai. The garrison of the fortress is ceaselessly counter-attacking, the Rumanian statement adds, and the losses on each side are said to have been very serious.

GERMANS BLASTED OUT THIEPVAL TO THE SOMME; ENDS THE UPHILL WORK

Gain of High Ground on Broad, Commanding Front Complete After Two Months' Fighting, With the Exception of the Taking of Ginchy—British and French in High Spirits Over Splendid Achievement.

BY FREDERICK PALMER.

With the British Army in France, Sept. 5—Via London, Sept. 7—4:45 a.m.—The British feel that their uphill work in this latest offensive is over, with the exception of the taking of Cinchy. For over two months now their fight has been one to gain high ground over the broad, commanding front. Guillemont places them in possession of the last of the old second-line trenches, and from the Somme to Thiepval the Germans now have been blasted out of their old positions.

"This is not the only point in our favor," said a British staff officer. "The Germans chose their ground when they built this line of fortifications, which they considered by their own admission to be invulnerable. When the British first smashed through, the Germans said that we were in a sack. So we were, in one sense. But we had to make an opening in that solid line of defence as a start in our plans. We knew the hardest work would come after the great main attack, and this is so far accomplished that it is the Germans now who are in a sack.

"If we prefer to end the summer of-

"MADDEST GUNFIRE WORLD HAS EVER EXPERIENCED!"

[Canadian Press.]

London, Sept. 7.—From the descriptions of the German war correspondents at the front of the Somme, says a Daily News dispatch from Rotterdam, it is clear the Germans suffered severe losses. In the Berliner Tageblatt, Georg Overi pays tribute to the work of the British artillery.

He says: "French, English and American guns of every calibre, including an exceptional number of naval guns, have been concentrated during several weeks, and ammunition has been heaped up in unprecedented quantities. The fire has continued for some days in stronger measure than modern war has given. It was the maddest gunfire the world has ever experienced."

San Francisco, Sept. 7.—The German admiralty has raised the battle cruiser Lutzow and the cruiser Rostock, both sunk after the battle of Jutland, according to Mrs. A. Vortzich, wife of a German official in the Orient, who arrived here yesterday from Hamburg.

Mrs. Vortzich said she saw both vessels in the shipyard where they were being repaired. They were seriously damaged, she said, by British gunfire and sank while being towed to the German naval base.

GREAT RAILWAY JUNCTION

Petrograd Records Another Important Victory in Eastern Galicia.

(Canadian Press.)

Petrograd, Via London, Sept. 7.—The Russians are bombarding the Galician town of Halicz, about sixty miles southeast of Lemberg, says the Russian official report issued today. The town is in flames. The Russian statement adds that Russian troops have acquired the railway lines between Halicz and Semikovitze and Wodniki.

In the fighting in Eastern Galicia yesterday, the announcement says, the Russians took 5,600 more prisoners.

An important Russian victory in Eastern Galicia is indicated by today's official announcement from Petrograd. It says the city of Halicz, 60 miles southeast of Lemberg, is under Russian bombardment and in flames. The capture of railroad lines in this vicinity also is reported.

Since the opening of the new Russian drive the heaviest pressure has been directed against the Austro-German lines above and below Lemberg, and there has been constant fighting before Halicz. This city is on the trunk line railroad running southeast from Lemberg to Stanislau and Kolomea, and is also the southern terminus of another line. Its strategic importance is indicated further by the fact that it is on the Dniester at its junction with the Gnieta Lipa.

TURKS ON THE SINAI RAIDED BY BRITISH

[Canadian Press.]

London, Sept. 7—1:45 p.m.—A raid by British aeroplanes on Turkish positions at El Arish, in the Sinai Peninsula, 90 miles east of the Suez Canal, is reported in the following official statement given out here today:

"On Tuesday, two of our aeroplanes raided the Turkish aerodrome and aeroplane repair section at El Arish. Twelve bombs were dropped, apparently with good results.

"Enemy aeroplanes attacked our machines, but did not close in, only opening fire at long range. They ultimately gave up the fight. Our machines returned undamaged."

FIRST LINE TRENCHES OF FOE TAKEN BY FRENCH AT VERDUN ALONG A FRONT OF ONE MILE

French Make Breach in Enemy's Line on the Northeast Front of Verdun, and Repulse Powerful Attempt to Retake Position on Somme Front Line.

(Canadian Press.)

Paris, Sept. 7, noon.—The French have captured the German first line trenches over a front of one mile on the Verdun front, the war office announced today.

The breach in the German line was effected on the front northeast of Verdun, between the Vaux-Chapitre region and the town of Chenois. They took 250 prisoners.

The French statement adds that a powerful effort made by German troops to dislodge the French from Hospital Farm, on the Somme front, was without success, and that the Germans were dispersed with heavy losses.

A FINE CAPTURE.

London, Sept. 7.—The capture of German first line trenches over a front of one mile before Verdun was announced today by the French war office. The ground was won in the long-contested sector east of the Meuse, between the Vaux-Chapitre region and the town of Chenois. It is in this sector, where the Germans most nearly approached a definite breach in the defences of the city, that the heaviest fighting has been in progress recently.

GERMANS BEATEN BACK.

London, Sept. 7.—On the Somme front the principal activity of last night was on the initiative of the Germans who made a determined effort to recapture from the British the small section of ground along the Guillemont-Combles highway, known as the Leuze Wood. The German counter-attack led to one of the fierce man-to-man struggles with hand grenades and bayonets which have characterized the recent fighting along the Somme. London reports officially that in the end the Germans were beaten back.

FRENCH OFFICIAL STATEMENT.

[Canadian Press.]

Paris, Sept. 7.—The text of the French official statement follows:

"North of the Somme, the Germans made a powerful effort to dislodge us from Hospital Farm. Their attacks were swept by our machine guns and dispersed with heavy losses. The enemy did not renew his attempts during the night. In other sectors there was nothing to report.

Stopped By Fire Curtains.

"South of the Somme, the Germans debouched in force from the village of Horgny, and made several attacks against our new positions southwest of Belloy-en-Santerre, and south of Barleux. All these attacks were stopped by our curtains of fire before they were able to approach our lines. The losses which the enemy suffered during these fruitless attacks appear to have been very great. Four hundred prisoners, taken south of the Somme yesterday, have been counted up to now.

"According to fresh information, the German troops beaten back yesterday by our infantry in the region east of Chilly belonged to a Sazon division, which was transferred hurriedly from the Aisne front.

On Verdun Front.

"On the right bank of the Meuse (Verdun front) towards the end of the day yesterday, after a violent artillery preparation our troops attacked the German organizations on the front between Vaux-Chapitre wood and Chenois. The entire front line of enemy trenches fell into our hands on a length of about 1,500 metres. We took about 250 prisoners and about 10 machine guns.

"There is no event of importance to report from the remainder of the front."

NEW YORK TRIBUNE BELIEVES WILSON WILL HIT ALLIES

Expect To See Commercial Reprisals As Reply To Blacklist.

[Canadian Press.]

New York, Sept. 7.—Commenting editorially on proposed measures of reprisal to be directed by this country against the entente powers, today's Tribune says: "We sincerely regret the course of Congress in adopting measures of reprisal directed at the entente powers. The Tribune regrets the action because it believes that American interests, American principles and American ideals are being served by the nations who are fighting Germany, and it believes that German defeat is as essential to the United States as to Europe.

Not Surprised.

"But, having said this, the Tribune cannot express any surprise at the action in Washington. It has been inevitable from the start, unless British and French statesmen were sufficiently wise to avoid unnecessary dispute and forego unessential activities. Time and again this newspaper has warned its British and French friends that it was a complete and fatal mistake to rely upon a fancied sympathy on the part of the majority of United States citizens with Allied purposes, when Allied purposes either interfered or seemed to interfere with their rights.

Up to Wilson.

"Today Congress is putting into Mr. Wilson's hands, at the critical moment of a political canvass, a weapon which it is manifest can be used with great and dangerous effect. Perhaps Mr. Wilson will not use it. But to reckon on such abstention is not the part of wisdom. Henceforth he will be under all sorts of pressure to use it, and the exigencies of his political fortunes may bring him to the point of using it to its fullest extent. A great mistake will be made in London and Paris if it is assumed that the power that is to be conferred upon the president will not be used. The Tribune believes it will."

MINOR ENCOUNTERS BY BRITISH TROOPS ON GREEK FRONTS

Patrols Raid Enemy Trenches and Navy Shells a Battalion.

[Canadian Press.]

London, Sept. 7—1:46 p.m.—An official statement reporting military operations in Macedonia was issued by the British Government today as follows:

"Saloniki: On the Struma front several raids were made by our patrols on enemy trenches. Some prisoners were captured.

"The royal navy successfully shelled a battalion of enemy infantry concentrated opposite Necchari (in Eastern Greek Macedonia), near Orfani.

"On the Doiran front there was considerable artillery activity. Hostile guns which were shelling Vladoja were silenced.

"We shot down an enemy aeroplane which fell in flames into Lake Doiran."

CONSTANTINE EULOGIZES OFFICERS WHO STUCK

With Them He Is "Ready to Face Any Enemy."

[Canadian Press.]

Athens, Wednesday, Sept. 6, Via London, Sept. 7, 11:45 a.m.—King Constantine this morning received 150 officers of the 11th Division of the Greek army, stationed at Saloniki, who had refused to join the rebels when a revolution broke out in the Saloniki garrison on September 1. The king delivered an address congratulating the officers on their action, saying it constituted a brilliant page in military history and set a great example for coming generations.

King Constantine said the officers stigmatized those, including the general commanding the 11th Division, who broke their oath. With such officers and men as those, whom he was addressing, his majesty said, he was ready to face any enemy.

HUGE RUSS ARMY TO ELIMINATE THE BULGAR AND TURK

Varna, on Black Sea, or Constantinople Will Then Be Base

FOR ATTACKING TEUTONS

Czar Now Has Equipment To Supply Many Millions.

New York, Sept. 7.—According to a news agency dispatch from London, published here today, Russia is to settle the eastern question by eliminating Turkey and Bulgaria entirely from the war, obtaining for the use of Russian troops either the Bulgarian Black Sea port of Varna or Constantinople, itself, and using it as a base for the crushing of Germany and Austria. A strong new Russian army is taking the field with this special mission, says the correspondent of the Morning Post at Petrograd. When the army has gained one of these ports as a base of supply Russia will be able to strike the Teutons with 50 per cent more power, he says.

Getting In Supplies.

"In spite of the present co-operation of all the Allies, which amounts practically to a pooling of all their resources," says the correspondent, "Russia has had difficulty in getting supplies through the remote ports of Archangel and Vladivostok. What has been accomplished in this line, however, has been marvellous. The population of Archangel, which two years ago was under 20,000, is now six times that, while other townships of the same region now exist with a population of 20,000, where before there was none.

"Russia's new army for the east made no drain whatever upon her strength. For a time she was unable to arm and equip all the millions she summoned to the colors, but this difficulty has disappeared, and soon Russia will be able to use all her strength.

"It is fully realized that Germany's weak point when opposed to Russia, is her comparative shortage of men. While Russia can comfortably withdraw whole armies at frequent periods for rest, the Germans are hard pressed to maintain sufficient men to defend their front. While this is disastrous for the Germans, Russia can spare of her millions, tens of thousands of splendid soldiers for service in France and at Saloniki."

REPRISAL CLAUSES ARE STRUCK FROM U. S. REVENUE BILL

[Canadian Press.]

Washington, Sept. 7.—Conferees on the emergency revenue bill today struck out the Phelan amendment to empower the president to retaliate against citizens of belligerent nations which interfere with United States mails. The argument which prevailed in the conference was that it might work great hardships to Americans in foreign countries by counter-retaliation.

The conference also abandoned the Chamberlain amendment to prohibit admission of Pacific Ocean salmon or halibut through a foreign country except in bond from an American port. This, it was decided, might develop a commercial war with Canada, and bring about retaliation against American Atlantic coast fisheries.

LONDON BATTALION GREAT BAYONETTERS BUT LOSE TO 118TH

Kitchener Unit in Fierce Fight, One-Half Point Up.

PRAISE FOR OXFORDS

Inspector Makes Exceptional Remarks—19,000 Troops Leave in Three Days.

[Special to The Advertiser.]

CAMP BORDEN, Sept. 6.—Three of the fourteen Western and Northern Ontario battalions who are operating once a month furloughs left this evening on their initial trial of the new leave.

Three special trains carried the 159th Sudbury, 227th Sault Ste. Marie, and 228th New Ontario battalions away from camp this evening. As they have the longer distance to travel it will enable them to have four clear days at home as will all other battalions under this new operative, returning to camp on Tuesday.

Tomorrow the balance of the battalions will also start on their leaves, returning on Tuesday. At 12:05 p.m. three special trains will take the 118th Kitchener, 186th Kent, and the 142nd London's Own battalions to their home towns, while at 12:20 p.m. the eighth brigade in four specials will follow, carrying the 161st Huron, 168th Oxford, 110th Perth, and the 149th Lambton battalions.

The undertaking of moving approximately 19,000 troops in three days is one of the biggest the railways have ever attempted, and it is figured that at least fifteen special trains will be needed to carry them all.

Col. Hagarty Resigns.

Lieut.-Col. E. W. Hagarty, officer commanding the 20ist Toronto Light Infantry, has resigned his command for purely personal reasons and on his recommendation, providing Ottawa agrees, the battalion, which is only about two companies strong, will be divided, giving one company each to the 170th Mississauga and the 108th Buffs Battalions. This will bring these battalions up to strength, so that they may be able to proceed overseas almost immediately.

The Orillia Board of Trade visited the camp, and was met at the station by Major-Gen. W. A. Logie and officers of his staff

Praise for Oxford's Own.

The 168th Oxford Battalion was inspected today by Lieut.-Col. J. S. Campbell, attached to the general staff, and the unit is understood to have displayed considerable merit in nearly every department. Lieut.-Col. Campbell said after the inspection: "It is not usual for me to address any battalion after inspecting it, but I cannot refrain from saying that the 168th Battalion by its work, general appearance, its excellence of physique, its esprit de corps and its general excellence of the work performed today, is the equal of any battalion that I have ever inspected."

Tomorrow morning the 208th Irish Canadian Battalion will meet the 198th Buffs Battalion in the semi-final of the bombing competition. The winner will meet the 118th Kitchener Battalion for the camp championship either tomorrow afternoon or on Friday. Arrangements are trying to be made to have the final staged at the Canadian National Exhibition.

Major-General W. A. Logie and Col. H. C. Bickford will leave tomorrow for Ottawa to confer with the parliamentary secretary regarding a number of matters, including the question of winter quarters.

The 147th Grey Battalion defeated the 228th New Ontario Battalion in the semi-final of the camp lacrosse championship tonight by the score of 4 to 3, notching the winning goal in the last minute of play.

Kitcheners Good Bayoneters.

The 118th Kitchener Battalion won the bayonet fighting championship of the 9th Brigade tonight by first eliminating the 142nd Battalion by the small margin of one-half point after a terrific contest. In justice to the 142nd Battalion it should be said that up to the final bout, which saw two officers facing each other, both teams were tied for points. Lieut. Murphy was beaten after a hard contest, but he has never been right since he sprained his wrist in a contest at London.

The Kitchener boys found easier work when they disposed of the 186th Kent Battalion by a margin of twelve points.

Two Hundred Sports for "Ex."

Headquarters has approved the leave of 200 odd officers, non-commissioned officers and men, who will compete in the sports at the Canadian National Exhibition on Saturday. They will leave camp by special train at 9 o'clock Friday morning, and will return at 3:30 p.m. Sunday.

The following Western Ontario men will represent their units:

110th Battalion—Lieut. C. E. M. Flin, Sergt. F. S. Gerry, Corps. Reeves and Latter, Lance-Corp. J. Long, Ptes F. Grey, E. J. Harvey, M. Steuthers, J. Spoors, H. Tarr and A. Turnbull.

142nd Battalion—Sergt. C. E. Aldridge, Ptes. J. Kite, E. Gardiner, Vladovitch, P. Loiko, S. Nicholas, G. Wilson and A. Renton.

161st Battalion.—Lieut. R. A. Walter, Corp. R. A. Black, Corp. W. C. Snazel, Pte. K. McKay.

168th Battalion.—Capt. R. G. McMullen, Pte. J. Little, Pte. T. Sears.

C. A. D. C.—Lieut. F. Knight, T. B. Tucker, E. H. Campbell, Sergt. K. R. Harris, Pte. J. Tressider

C. A. S. C.—Lieut J. W. Edwards, Ptes. F. Sutherland, J. Justis, M. McLachrie, J. J. Gregan, O. A. Smiley, J. P. MacDonald, J. R. Lyons, O. C. Cuthill, R. S. Patterson and J. R. Johnston.

TO RECRUIT CANADIANS FOR THE BRITISH NAVY

Will Be Maintained by Government at Same Pay as Troops.

TORONTO, Sept. 6.—At a dinner held at the Royal Canadian Yact Club tonight, Hon. J. D. Hazen made the announcement that the Canadian Government had made an offer to the British admiralty to recruit men for the British navy in the Dominion. Canada is to maintain them at the same rate of pay as the men of the overseas force receive. The excess over the rate paid to the men of the British navy is to be credited to them. This offer, he said, had been accepted.

Almost every day or two valuable farm buildings are destroyed by lightning and fire, and upon visiting the ruins the remains of the year's crops and valuable implements are to be seen.

The Metal Shingle and Siding Company, with head office at Preston, have provided in their Steel Truss Barn a structure which will save all this loss, while in their Ready-Made Implement Buildings they have a construction which should interest every farmer. Farmers visiting London Fair should not fail to inquire for the exhibit of the Preston Company. b

CHUM'S LETTER FIRST INTIMATION OF THIS LONDON BOY'S FATE

PTE. FREDERICK CARFRAE, 5½ Hamilton road, who has at last been reported as having been killed in action. On June 2 he was reported missing, and no further word was sent through by the militia department. A letter from a chum was the first word of his death. This reported that he had been hit by a shell during the action of June 2.

Pte. Carfrae's parents reside at 103 Briscoe street. A brother, Sergt.-Major Carfrae, is now with the 135th Battalion in England.

CORPS MEMBERS PLEDGE SELVES TO HOME-MADE TOYS

Women's Emergency Association Supports Can. Goods.

WANT POULTRY POINTERS

Raising of Fowls To Be Extensively Undertaken by Members.

"Following in the footsteps of our sister society, the Local Council of Women, in sympathy with the movement to aid in the manufacture of Canadian toys, we pledge ourselves to buy only Canadian-made toys."

The foregoing resolution was unanimously passed today by the executive of the Women's Emergency Corps at the first meeting held after the holiday season.

In view of the shortage of food supply and high cost of living, coupled with the fact that it has been learned by the agricultural committee that a number of women are seriously considering going into poultry raising, the Emergency Corps members present decided it would be be advisable to assist in some educational movement along this line. With this in view, the corresponding secretary was instructed to write to the mayor of Woodstock for information regarding the name of the organization under the auspices of which a poultry expert, Miss Nicholson, will deliver lectures in Woodstock in the near future. If funds permit, the Emergency Corps will bring Miss Nicholson to London.

The following new members were elected to the executive: Mesdames Travers, W. A. McCrimmon, Brown (late of Aylmer), Spittal and Miss Helen Gibbons.

The next meeting of the executive will be held two weeks from today.

LIEUT.-COL. GREEN MOVES TO FRANCE OVER ANOTHER UNIT

Commander of Elgin Battalion Transferred.

[Special to The Advertiser.]

ST. THOMAS, Sept. 6.—Word has been received in the city that Lieut.-Col. Green, commander of the 91st Battalion, has been sent to France in command of another battalion and that Mrs. Green and family are on their way home.

Pte. Eason Returns.

Pte. John Eason, a member of the 33rd Battalion, returned to his home from England today.

Pte. Eason was taken ill at West Sandling camp and following this sickness was pronounced physically unfit and given his honorable discharge. Pte. Eason was employed in the stores department of the Pere Marquette Railway here prior to enlisting.

Want Railwaymen.

Sergt. A. C. Kemmis of the 23th Overseas Railway Construction Corps is in the city recruiting men for his unit. The battalion's headquarters is at Valcartier. For the reason that the No. 1 Construction Battalion succeeded in putting up some fifty men at this point it is believed that the Railway Construction battalion will be successful in doing at least as well. A canvass will be made among the railroadmen formerly employed on railways.

Several Recruits Signed.

Wilfrid Parsons Warner, son of Principal Rev. J. Warren, Alma College, this city, has enlisted with the 67th Battery at Kingston as a lieutenant.

Lieut. Warner was studying medicine at Toronto University when he entered the military school to qualify for a commission.

Tom Kerr, 38 Erie street, has enlisted with the Divisional Signalling Corps at Ottawa. Pte. Kerr is an electrician.

George Selig Stewart of Dutton enlisted today with the 63rd Battery at London.

J. E. Freeman and L. W. Warren, St. Thomas, joined the 239th Overseas Construction Corps at Valcartier. Both men were railroaders.

GUARD ARRANGED

160th and 153rd Supplying It for Artillery Camp.

A permanent guard of one lieutenant, one corporal and 42 men will be placed in charge of the artillery camp on Richmond street north when the batteries leave for Petawawa. The 153rd Battalion has been instructed to supply the corporal and 21 men, while a detail of the officer and 21 men is to be sent from the 160th. These men will take all their belongings and will remain at the camp until further notice.

APPOINTMENT FOR DRUM SERGT. NANFAN

Old Campaigner Who Went With 33rd Now Camp Instructor.

Sergt. Drummer Nanfan, 7th Regiment, has been appointed general instructor of bugle bands in the local camp. Sergt. Nanfan left London with the 33rd Battalion as drum sergeant of the bugle band, but was returned to Canada as medically unfit for active service. He is a campaigner of many years' experience. He was also connected with the 7th Regiment for a number of years, and with the R. C. R. Before he enlisted he was one of the caretakers of the London Armories.

Criticism of Provost Marshal Alleged of Man Blamed for All Local Friction.

Members of the Returned Soldiers' Association are, they say, prepared to present specific charges against Ed. Lance, erstwhile secretary of the Soldiers' Club of the Sportsmen's Patriotic Association and one of the acting secretaries of the newly-formed local branch of the Soldiers' Aid Commission. These charges will be made at the open meeting of all returned soldiers in London on Friday night in the rooms of the R. S. A. They will be made in answer to the request of the Voluntary Aid Committee, an association of returned non-commissioned officers, presented to the Returned Soldiers' Association at its meeting on Tuesday night.

All Hinges on Lance.

The friction in the Soldiers' Aid Commission between the Returned Soldiers' Association and members of the commission has been caused by the opposition of the returned men to Lance. It is an outgrowth of the friction that started in the Soldiers' Club of the S. P. A., and which resulted in the formation of the Returned Soldiers' Aid Commission.

The Voluntary Aid Committee was formed in an effort, say its members, to endeavor to bring harmony into the workings of the London branch of the Soldiers' Aid Commission. These noncoms. appeared on Tuesday and claimed that all they wanted was a settlement of the present trouble. They declared that specific charges had never been made against Lance and asked that, in fairness to him, these be presented. The Returned Soldiers' Association agreed to make them.

Ready With Charges.

Some of the charges that will be brought against Lance have already been announced by members of the association executive. These members say that ample proof of them all will be forthcoming and if the Voluntary Aid Committee and the Soldiers' Aid Commisson want facts they can secure them.

Any other allegations that are being made by the returned men is that Lance, at a dinner given in the Tecumseh House to a party of returned solders, "warned" the men against Major Baron Osborne, provost marshal of London district. He criticized the major's work, it is claimed, and informed the returned men that the major was only looking for an opportunity to get "something" on returned men.

Calls It Malicious.

"Such a statement as this is not only harmful, but is malicious in the extreme," declares Pte. Alex. Ritchie, secretary of the Returned Soldiers' Association. "The returned men of London know that their best friend is Major Osborne. Major Osborne is a strict disciplinarian, but every returned man knows that he has gone down into his own pocket to help out boys who have come back from the front and who were in hard straits. He has done more to keep returned men out of trouble than anyone else in the city, and his record is the best in Canada.

Has Helped Them.

"Major Osborne has taken a deep personal interest in all returned men and on several occasions when men, back from the front, started drinking or getting into loose ways, the major has pulled them up out of the hole as no one else could."

In connection with the Major Osborne aspect, it is being claimed by the returned men that Lance's objection to the provost marshal is a personal one, and was caused by a direct order, issued by Major Osborne to Lance, to take off the khaki uniform of a sergeant of the 15th Field Ambulance, A. M. C., that the S. P. A. secretary wore for some time after he had been discharged as non-com. in charge of the central military hospital.

Threats of Non-Employment.

Another charge to be presented on Friday night is that Lance warned returned men to have nothing to do with the Returned Soldiers' Association. It is claimed that he told men back from the front that if they joined this association they would never secure employment. Another charge is that the erstwhile secretary made the statement that returned men had been "fools" to go to the front and get battered as they were.

The fact that Lance informed the soldiers that they had no right to form any other association while using the rooms of the S. P. A.Club is also to be used in connection with the presentation of charges against him.

111TH BATTALION HAS BEEN WARNED FOR "OVERSEAS"

South Waterloos Going Before Long.

THREE COMPANY UNIT

Organization Altered to Meet Number of Men Now Enlisted.

Orders received at military headquarters warn the 111th (South Waterloo) Battalion to be prepared to proceed overseas at an early date. It is expected that the unit will leave in less than two weeks. The orders were not definite as to the exact date.

The 111th will go as a three-company battalion. The unit has about its proper complement of officers, and it is not expected that it will be necessary to leave anyone behind. Under an order issued some time ago it was stated that no junior majors would be taken overseas, but as a number of officers have left the unit to go to the front as reinforcements for active service units, it is stated that there will be no difficulty in finding places for all.

FUND IS OVERSUBSCRIBED

Further Gifts, However, for Hospital Work Can Be Used to Advantage.

Though no further appeal is being made for the Western University Hospital fund, a few checks have continued to come in, and the fund has now reached a total of $3,137.68. As there still seem to be some who are anxious to have a share in this phase of the war's activities, they need not be deterred by the fact that there is no longer an active campaign for funds, for their gifts can be used to advantage, and the officers of the unit will be pleased to designate a cot in the overseas hospital by the name of the donor for every $25 contributed.

The statement to date is as follows: Previously acknowledged, $2,952.68; Red Cross Society, Hillsgreen, $75; Mrs. D. C. Ross, Strathroy, $25; Mrs. Geo. Robinson, $25; Ladies' Aid, Sixth Line Methodist Church, Mooretown, $25; the Patriotic Society, Bayfield, $25; E. F. Davis, Tilsonburg, $10; total, $3,137.68.

PROMOTED TO MAJOR

Brother of Lady Beck Given Crown at Front.

Capt. Crerar, Hamilton, of the 9th Artillery Brigade in France, has been promoted to the rank of major.

He is a half-brother of Lady Beck, and has been at the front for many months.

FOURTH OVERSEAS ENGINEERS' DRAFT LEAVING TONIGHT

40 Recruits Go to Valcartier Via G. T. R.

LIEUT CORBETT COMMANDS

Will Remain at Engineers' Depot for Duty There.

The fourth draft of engineers for overseas service will leave for Valcartier tonight at 7:08 o'clock by the Grand Trunk. Lieut. Fred Corbett, who goes in charge of the draft, will not return, but will be attached to the engineers' depot for duty.

At least forty men will be included in the draft, with possibly a few more who may report during the day. This makes a total of 145 men supplied by the engineers since the inception of the big recruiting campaign. Most of the men have come from the United States, but are said to be good recruits.

It is stated that this will be the last draft to go to Valcartier, as the eastern training ground will shortly be closed owing to cold weather. The engineers' training depot will then be moved to Ottawa for the winter.

The list of those composing today's draft is as follows: L. L. Bartlebrough, B. V. Grogan, R. Boocock, C. A. Baker, W. R. Baker, R. J. Boyde, R. J. Hutty, W. J. Wibley, R. McGee, S. J. Hooley, S. B. Price, A. Forton, G. J. Walker, T. Lewis, C. B. Secord, A. H. Ditchfield, A. V. Brande, D. Daly, J. J. Murphy, J. Malos, J. M. Preston, H. A. Abbott, J. Weston, H. Williams, H. J. Herzstock, G. Kelly, J. Nimmo, F. Szelecki, H. Cain, J. A. Muldoon, G. W. Howard, M. Radzink, M. Korjzue, W. Bonner, A. E. Elliot, J. Sullivan, J. F. Harty, S. Lebelsiensky, J. Mulqueeny, and E. V. Hooper.

The men will march to the station, and will be accompanied by the 111th Battalion Band.

SEVERAL SPECIALS TO BRING CAMP BORDEN MEN

New Monthly Leave System Is Cause of This.

Monthly leave of absence of four days, which became effective at Camp Borden today, will mean the arrival of several special trains today and tomorrow.

The first special to arrive over the G. T. R. will leave Camp Borden at 1:30 this afternoon, carrying the 140th Battalion men for Sarnia and other Lambton County stations.

The special wil consist of ten coaches and is expected to arrive at the G. T. R. station at 8 o'clock this evening.

Returning, the same special will leave Sarnia on Tuesday at 11:45 a.m. and will depart from the G. T. R. depot here at 1:30 p.m. on Tuesday.

The C. P. R. will run a special tomorrow carrying men from the 142nd and 161st Battalions. This train will arrive at 5:40 o'clock in the afternoon.

The additional time permitted will give the men an opportunity of more extensive visits with friends and a chance to visit outside the city that was hardly possible under the former week-end leave system.

RAILWAY BATTALION ABSOLUTELY NECESSARY

Demands of Front Make Light Railway Lines Imperative.

The cry of the Allies' generals for big guns and more munitions at the front has been met, and their armies are now amply supplied. But this new species of warfare raises new demands continually, and now the call is for light railways. Traffic roads have collapsed under the wear and tear of heavy-laden motors, driven at breakneck speed. Men cannot be spared to keep them in constant repair—it would require as many mending roads as in the trenches. Motors themselves go into the scrap heap in two or three weeks, repairs are enormous, and most of all, motors can no longer handle the enormous guns, 110 tons in weight, that must be pushed on and on to batter down the German defences. Shells of 2,000 pounds soon make up a load for a lorry. Supplies for the trenches, transport of wounded to the rear must be handled more efficiently—and the solution is in light railways. That is why Lieut.-Col. J. W. Stewart was authorized to raise the 239th Battalion, C. E. F., Railway Construction Corps. It is a corps of practical railway men, ready to do everything in connection with a railroad, from grading and tracklaying to operating. Every manner of railroad man is wanted—every department must be complete. The officers are all competent railway construction engineers, and have been connected with some of the biggest jobs in Canada. Col. Stewart of the firm of Foley, Welsh & Stewart, has in the past few years constructed 5,000 miles of railway in British Columbia and Northern Ontario, as well as the largest tunnel in the world—Rogers Pass, C. P. R. Promotion in this battalion from the ranks is purely by merit. Men experienced in their trade get their chance. Efficiency counts, not military knowledge only. The section or bridge foreman who knows his work and can handle men is the man who gets the stripes.

This battalion is urgently required overseas, and will go across as soon as filled up. Men who have been waiting for an opportunity to join a corps where their civil training would be of use will find it now. Recruiting is being done all over Ontario, applications being taken by any officer in charge of recruiting at any point, or at 237 Dundas street, London.

Fall Fashion Fete Today and Following Days

An exposition of the approved Paris and New York fashions in women's, misses' and children's apparel, and the most recent productions of fabrics, including silks, woolens, dress goods, trimmings and all fabrics.

Especially prominence will be given to those accessories of dress that enhance the tout ensemble.

OPENING DAYS are intended to acquaint you with that which is new in all our merchandise. It is not intended that the "opening" should be regarded as "bait" to lure you to counters and shops, to fall prey to the wiles of insistent salespeople.

No, indeed—rather are these opening days "days of special courtesy," and you are urged to come and ask as many questions as you like, and feel free to look and inform yourself as to the right styles, the right goods and the right prices. You are always welcome in this store—as free in your wanderings as you would be in your own home.

GERMANS BLASTED

fensive and wait for spring, when we shall have quadruple the number of guns and so much ammunition that we shall have to keep up daily a battle of guns on four times the length of the present front with all the shell-fire of the biggest day in this summer's offensive in order to consume the supplies arriving daily across the channel; why, our present position of artillery and infantry advantage on the Somme front is settled. Trench warfare means simply that we could kill two Germans to every Briton the Germans kills. This was the first step. What the others are to be only the commanders of the allied armies know."

Morale Is High.

The Associated Press correspondent, who has been a year with the army, in his goings and comings, meets many officers and soldiers. One of the striking things to him is how often some gain which elates the army does not elate either the British or the French public. Again, the public enthuses over some event which the army opinion regards as incidental to the day's work. The British and French successes this week had an extraordinary effect on both armies. The ability of the French to make a second drive over the broad front and the same sector as that of the big offensive of the first of July, brought conviction to the professional skeptics. "Go over and see the French," said the British officer, "if you want to see an army with its head in the air."

Hardship Well Paid.

Not even the weather can dampen the high spirits of both armies. The rain has been of the persistant pitchfork, chilly autumn style. Men who came out of the trenches plastered with chalky clay, have been lying in miniature ponds made by shell holes, or on the wet earth, digging and wallowing in the mud, and say Guillemont has been taken and that pays for their hardship.

The many new highways which the British build by bringing ponderous road-making machines from England, and the railways which are part of Sir Douglas Haig's policy, have saved transports from being mired. Supplies have gone up as usual through the storms on schedule time. In the camps in the rear the soldiers make themselves little tents with their rubber blankets, under which they cluster for shelter from the downpour. They manage to keep partly dry, but those in the fighting line expect to be saturated.

War Next Summer.

Whether private soldier in his shelter tent or general in his automobile, if you ask them that old question, "When do you think the war will be over?" you get no opinion of any possible conclusion short of next summer. They all take many months of fighting to come no less for granted than that Rumania's entry and the artillery results in the Somme battle mean that the Entente Allies will dictate the terms of peace. This confidence may be wrong, but there is no doubt as to its existence even more strongly than ever before.

COLORED RECRUITS FROM LONDON ARE SIGNING UP

Three Already Secured for No. 2 Construction Battalion.

Recruiting at the Armories has improved greatly during the past week, and if it continues as briskly during Fair week the first September half-monthly recruiting return will eclipse everything for the past few months. No. 2 Construction Battalion, which is to be composed entirely of colored recruits, has already secured three Londoners. Harry Fountain was the first recruit. Later Willis Alexander Moxley enlisted, and the latest recruit was his son, Andrew Melvin Moxley. Many others of London's colored population have expressed their desire to go with the construction corps.

During the week of the Western Fair Capt. Irvine and Major Kingsmill will conduct recruiting at Queen's Park. It is thought that many of the visitors would be willing to enlist if the proposition was properly put to them.

Other corps have been getting their share of recruits. Lieut. J. W. McVean, in charge of the divisional cyclist platoon, has now secured eight of the necessary men. The latest recruits were: Frank Pyatt, Chester McDonald and W. C. McKeenan. Uniforms will be supplied this week. They will be of the same style as those worn by the batterymen, but spurs will not be worn.

Recruiting campaigns carried on by other units have brought in a number of recruits. Several men have been sent to the Canadian Mounted Rifles lately at Hamilton, and a number of recruits have been secured for the 241st Scottish Borderers.

The complete list is as follows: Harry Fountain, No. 2 Construction Battalion; Frank Pyatt, Cyclist Platoon; Roy Gibbon Allan, Divisional Signallers; L. V. Dunn, A. M. C.; Paul Doig, C. M. R.; Thomas A. Little, 63rd aBttery; William Alexander Moxley and Andrew Moxley, No. 2 Construction Battalion; Chester L. McDonald, Cyclist Platoon; William Raine, A. M. C.; Alfred Robinson, 241st Battalion, George Stoneman, 216th Bantam Battalion.

CIGARMAKERS EXPECT SETTLEMENT SHORTLY

Optimistic of Ultimate Results of Conferences.

There were no developments yesterday from the conference between the cigarmakers' union delegation and the firm of McLeod, Nolan & Co.

The matters in dispute were discussed again, but neither party seemed willing to grant any further concessions.

Just one more point yet remains to be cleared, and on that another conference is arranged for today.

Brener Bros. may be met today, and a proposition submitted to the firm.

The cigarmakers are optimistic that the strike will be settled this week, and all the men return to work, but at the same time claim they have granted all that they can, and now await further decisions from the last two firms.

ALL IS READY FOR DISTRICT MEETING HERE OF I. O. D. E.

Sessions Next Week To Be Held in Cronyn Hall.

HELP FOR PRISONERS

Fifteen Boxes Sent to Germany for 33rd Battalion Men.

Further arrangements for the rally of representatives of the Imperial Order Daughters of the Empire of No. 1 Military District in the city on Wednesday, September 13, were made at a meeting of the Municipal Chapter, which was held in Cronyn Hall yesterday afternoon. Thanks to the kindness of Rev. Precentor Tucker, rector, and the corporation of St. Paul's Cathedral, the use of Cronyn Hall has been obtained for the conference.

The executive of the Municipal Chapter and other members of the order in the city, will be at Cronyn Hall at 10 o'clock Wednesday morning to welcome the representatives from outside points and to give them information in regard to the exhibit of local work which will be on view or in regard to other matters.

It is proposed to hold the opening session at 11 o'clock. Mrs. H. A. Boomer, as honorary president, will welcome the visitors on behalf of the Municipal Chapter; Mayor Stevenson will extend a civic greeting and Col. L. H. Shannon a greeting on behalf of the headquarters staff of the military district, also delivering an address.

All Going Smoothly.

Conveners of committees reported that all plans are working out satisfactorily, and the announcement was made that enough motor cars will be available to convey the hostesses and guests to the grounds of the barracks for afternoon tea. Preparations for the French tag day, the end of the month, will be somewhat in abeyance until after the rally, and also the fair. Immediately after, a meeting of all the order will be called to complete plans. Mrs. T. Gillean and Mrs. J. B. McKillop, who are supervising the tag day arrangements, state that they are anxious to obtain at least 200 workers, and will be glad to hear from any who are willing to assist in making the effort to raise money for the relief of the brave French allies all the success it deserves.

Mrs. Cl. T. Campbell announced that fifteen boxes have been forwarded to members of the 33rd Battalion, who are prisoners of war in Germany.

The appeal for help for these prisoners has met an especially warm and prompt response, due doubtless to the fact that so many in the city have a personal interest in the battalion, and that it was stationed here so many months.

Adopted Prisoners.

The following have "adopted" prisoners, and are subscribing sufficient to send two boxes a month to a prisoner: Mrs. H. A. Boomer, Mrs. J. M. McEvoy, Mrs. R. W. Puddicombe, Mrs. Dickson, Miss Eva Glass and Miss Hobbs. The committee appointed to co-operate with the Women's Auxiliary of the 142nd Battalion in work for the benefit of London's Own, reported a sufficient fund had been obtained by joint efforts to purchase a motor ambulance. Mrs. T. J. Murphy stated her children and several of their friends are presenting a play in St. Peter's Parish Hall on September 21, for the benefit of the battalion, and asked the support of the I. O. D. E.

Mrs. Ernest Smith reminded of the sock shower for the 142nd Battalion, to be held the third week in September, and made an appeal for assistance.

Apropos the subject of socks, Mrs. Fred White told of receiving 19 pairs of beautifully-knit socks from the pupils of grade 7, Chesley avenue school. The grade had asked the chatter for help, and, receiving it, the children had done the knitting under the supervision of the teacher, Miss Andrews, who, indeed, had taught them to knit.

Asks for Help.

A communication was read, asking for assistance with the universal Christmas-box fund of the national service committee, which aims at presenting a Christmas gift to every single soldier in the field, and thus assuring him at least one remembrance on the day. The plan is along the line of the one promoted last year by Mrs. Julia M. Teachaw of Vancouver (honorary captain, by the way), for Christmas-boxes for the soldiers. It was started last year too late to make it an entire success, but this year no chances are being taken. It is hoped to raise $10,000, which will be spent in England to the very best advantage, it being possible to obtain the gifts more cheaply there.

Though no action was taken, owing to the great amount of work on hand for the immediate future, great interest was manifested in a communication read from the National Chapter, I. O. D. E., asking the Municipal Chapter to "adopt" a certain number of schools in Ontario, the prairie provinces, and other provinces, as well, in which a large percentage of the pupils are of foreign birth, the "adoption" to take the form of providing these schools with historical libraries, and pictures, specially selected, so that the children of this and future generations in Canada may learn something of British ideals and institutions, and of the great men and women who have lived and died that we might attain to that high degree of freedom, and thus be inspired to copy the ideals of justice and human brotherhood which are the outstanding characteristics of the British Empire of today."

Books Approved.

The libraries selected contain illustrated historical readers and story-books, approved by the department of education of Ontario, suitable for children from 5 to 15 years of age, and specially adapted to the needs of children who read English imperfectly.

A library of 50 volumes costs $10, one of 75, $15, and one of 100 volumes, $25. At the annual meeting of the National Chapter, I. O. D. E., held last May, it was decided to ask chapters of the order throughout the country to co-operate in this patriotic movement.

Regret was expressed at the absence from yesterday's meeting of Mrs. Scatcherd, one of the most enthusiastic workers, who, owing to illness, is unable to participate in the preparations for the rally of next week. A letter expressing this regret and sympathy for Mrs. Scatcherd in her illness is being forwarded to her.

New Home Treatment for Banishing Hairs

(Beauty Topics.)

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck or arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.—Advt.

1916 WESTERN FAIR OPENS FRIDAY WITH GREAT PROSPECTS

Practically All Available Space Already Taken.

BIG GOVERNMENT EXHIBIT

Stock Showings, Too, Will Be Exceptionally Good This Year.

Tomorrow will be the opening day of the Western Fair of 1916, though no admission fee will be collected at the gates until Saturday morning.

Early last Monday, Secretary A. M. Hunt and the members of his staff moved out bag and baggage to the office buildings on the grounds, where they are now as much settled down as if they spent their office hours there the year round.

Everyone, consequently, is in good humor, and at peace with the world. There will be no starting out of Fair week after a hurried transfer from the downtown office to the grounds on opening day, with everyone worn to a frazzle and suffering from nerves on edge. Secretary Hunt has this year profited by experience.

Twelve people have been on duty all week in the offices, entering up the judges' books and making out tickets. Wednesday night, work was continued until 10 o'clock. Tomorrow, the staff will be increased.

Four Government Exhibits.

The board has been fortunate this year in capturing no less than four big Government exhibits, the exhibit of Canadian-made toys, which will be on view in the Ladies' Building; demonstration exhibits of wool and eggs, taken direct from the Dominion Government building at the Toronto Exhibition to the new Process Building on the Western Fair grounds, and an agricultural exhibit, as well as an exhibit from the Ontario Department of Agriculture.

Practically every bit of available space on the grounds is now taken and exhibits are rapidly being put in their places. Owing to the fact that the men will be on the gates Saturday morning, and probably a number of visitors will attend that day, exhibitors are advised by the arrangement as far as possible to have everything completed by this evening in their departments.

Some idea of the size of the stock exhibit is to be gained from the fact that in one judge's book alone there are already 125 entries of one breed of cattle, and more will be added today.

Big Horse Show.

Nearly all the exhibitors of horses at the National Exhibition in Toronto are also showing in London, and among these are included several local people, J. E. Smallman, A. E. Reason, Arthur Johnston, George Williamson and W. J. Blackburn, London; W. W. Hogg, W. J. Henderson, Asa Downham and A. A. McMillan, Thamesford; Ira A. Mabee, Aylmer; T. D. Elliott & Sons, Holton; Hugh McClurg, Ailsa Craig; George McEwan, Denfield; Bert C. Radz, Tavistock; John F. Burr, Brigden; F. M. Case, Burgessville; Frank A. Small, Port Burwell; Thomas McMichael, Seaforth; A. Watson & Sons, Glanworth; Arthur W. Dobson, Weston; B. H. Bull & Sons, Brampton; Johnston Bros., Croton; Norman McLeod, Embro.

Midway Staked Out.

Manager Beckman of the World At Home Shows, the Midway attraction for this year, is in town, and Wednesday staked out the grounds, all ready for the pitching of tents. The shows will be ready to open to the public first thing Monday morning.

Henry Meyerhoff, manager of the grandstand attractions, will be in town today, and his representative has been here for the past two days. The full bill will be ready for presentation on Monday.

SOUTH SIDE WOMEN MADE 35,288 ARTICLES FOR THE RED CROSS

Excellent Reports Presented at Annual Meeting.

NEW OFFICERS CHOSEN

Mrs. Isaac Marlatt Is President for the Coming Year.

Since its organization in November, 1915, the South London Red Cross Auxiliary has finished a grand total of 35,288 articles, including hospital supplies, such as shirts, dressing-gowns, sheets, surgical supplies and knitted articles.

Yesterday afternoon the first annual meeting was held in the Normal School, a large representation of the membership attending, and expressing much gratification over the reports presented.

Miss Emery, convener of the sewing committee, stated 5,496 articles had been made for the Red Cross Society, and 365 for the Western University Hospital unit.

All Worked Hard.

Mrs. J. Ferguson, convener of the surgical department, reported 15,387 articles made for the Red Cross Society, and 12,980 for the Western University Hospital Unit. Miss Kompass announced that 5,022 articles had been cut out by her committee at the rooms.

Mrs. Gray, convener of the Canadian War Contingent Association committee, which looks after the knitting, stated that 554¼ pounds of wool had been received from the headquarters of the London branch in Hyman Hall, and 10 pounds from Victoria School; 666 pairs of socks have been knit, 120 pairs bed socks, 107 kneecaps, 58 scarfs, 20 wristlets, 73 girdles, 5 Balaclava caps and 6 face-cloths, a total of 1,060 articles.

Not only have the members of the auxiliary worked faithfully one afternoon every week at the Normal School, but they have taken home quantities of work, making 2,313 garments in nine months in their homes.

Self-Supporting.

From the time of its organization until the 1st of March, following the city-wide Canadian Red Cross campaign, the auxiliary was self-supporting, covering all the cost of the materials, etc. Since that time it has paid all its own running expenses, and has still a handsome balance on hand.

Mrs. A. F. Nash, the treasurer, reported that $1,015.15 had been raised by the auxiliary, and the disbursements amounted to $816.74.

With a membership of 189 at 50 cents each, the auxiliary has had an average attendance at the 36 weekly sewing meetings held of 62. Two days were also devoted to work for the Western University Hospital Unit.

Mrs. A. M. Hunt told of some of the methods employed in raising money. One of these was the serving of five lunches for the Elmwood Bowling Club, on which the sum of $62 was realized.

Four prisoners of war have been adopted by the auxiliary, at an outlay of $10 a month, and, in connection with this, special mention was made of the efforts of the president, Mrs. Marlatt, assisted by Mesdames McQueen, McDonald, Brighton and Cahill.

Much appreciation was expressed of the privilege of using rooms in the Normal School as headquarters, thanks for the kindness of Principa Radcliffe, the cheerful environment making the sewing days a real pleasure.

Thanks was also expressed to Mr. and Mrs. A. M. Hunt for the use of their grounds on which to erect the marquee, where lunches were served to the Elmwood Bowling Club.

An inspiring feature of the annual meeting was an address by Very Rev. Dean Davis on "Women's Work in Relation to the War."

The New Officers.

The election of officers resulted in the re-election by acclamation of all the officers of the previous year, as follows:

Honorary president, Mrs. W. M. Gartshore; president, Mrs. Isaac Marlatt; vice-presidents, Mrs. Alex. MacQueen, Miss K. Moore, Mrs. F. R. Hardy and Mrs. B. F. Brighton; corresponding secretary, Mrs. Jared Vining; recording secretary, Mrs. E. M. Westland; treasurer, Mrs. A. F. Nash. Conveners of commitees — Receiving, Mrs. A. M. Hunt; cutting out, Miss Kompass; sewing, Miss Emery; knitting, Mrs. Gray; purchasing, Miss Moore.

Only one change is necessitated, owing to the resignation of Mrs. Ferguson from the convenership of the surgical committee. No appointment is being made for the present, owing to the fact that from Canadian Red Cross headquarters some time ago the announcement was made that no further surgical supplies would be required in the immediate future, and the Red Cross workers were asked to concentrate efforts on hospital linens, garments, socks, etc.

The auxiliary has four vice-presidents, one representing each of the four churches of the district; consequently all Red Cross and C. W. C. A. efforts in South London are thus unified.

LONDON GIRLS WHO GO OVERSEAS WILL LEAVE WEDNESDAY

St. John Probationers Ordered To Report in Toronto.

FAREWELL IS PLANNED

Nursing Division Will Take Charge of the Public Send-off.

Mrs. Swindall, superintendent No. 4 Nursing Division, St. John Ambulance Association, has been notified today that the three members of the division chosen from the London centre to go overseas as probationers in military hospitals are to report in Toronto on Wednesday next, September 13. Mobilization will take place in Toronto of the detachment of 60 St. John Ambulance nurses from all parts of the Dominion selected to go overseas.

The London members of the party, Miss Marjory Whittaker, Miss Lucy Thompson and Miss Florence Hughes, have had preparations completed for some days past for such a call. They have undergone the ordeal of vaccination and inoculation, and the first two are in excellent condition. Miss Hughes has been suffering from a very severe cold, following inoculation, but, it is expected, will be fully recovered in a few days.

The last public duty of Miss Whittaker and Miss Thompson before leaving the city will be the giving of assistance in the Nursing Division Hospital tent at the Western Fair, the first two days of next week. Miss Whittaker will be on duty with Mrs. Swindall on Monday morning, and Miss Thompson on Tuesday morning.

Some kind of farewell will be arranged for the girls by the Nursing Division, though the rush of Fair week will probably interfere in a measure.

The hour of departure of the three emergency nurses will be announced later, in order to give citizens an opportunity to turn out and give them the send-off they deserve, as they leave for the service of King and country.

LAND BEING LEASED TO DRILL GAS WELLS

Several Sections on Brick Street Secured and Operations May Soon Commence.

As a result of the striking of the gas well at Crumlin some weeks ago, several independent parties have been securing leases in that vicinity and as close to the city as Brick street.

The well at Crumlin has been producing gas at a rate that appears to justify the securing of leases with the expectation that the gas field will be extended.

The system of leasing, as being done, does not necessarily mean that drilling operations will be commenced in the near future.

The flow of gas at the Crumlin well will have to show that the output will be of a somewhat permanent nature to justify the immediate sinking of other wells.

Should the flow there be sufficient and other wells be struck within the neighborhood of the city the question of supplying natural gas to the city will likely be considered in the course of time.

MUMPS AND CHICKENPOX MAKE EXIT FROM LONDON

No Cases of Either Reported by Medical Officer of Health.

Mumps and chicken-pox have made their exit from London, for a time at least. If there happens to be a single case in the city it is so obscure it has failed to get the attention of the medical officer of health, who has most wonderfully magnifying eyes where communicable diseases are concerned.

The stage has been left quite clear for any other epidemic which chooses to show here, and on the report of the M. O. H. on communicable diseases for the week ending September 2 a nice row of ciphers appeared in place of the figures which had become quite a habit opposite mumps and chicken-pox.

Judging from the strangling coughs of young children heard in some public places there are "near-whooping cough" cases which are not under lock and key, so far as society is concerned. Of real whooping cough cases, three new ones were reported to Dr. Hill last week. Thirty-five cases were isolated at home the end of the week, and 25 houses were in quarantine.

One new case of scarlet fever was reported, giving a total of seven in isolation, six in the hospital and one at home.

Three cases of diphtheria were recorded in the latest report, one case of which is in isolation at the hospital.

Three cases of tuberculosis were reported.

A total of thirteen new cases of communicable diseases were reported, and at the end of the week there were 49 patients in isolation from the various diseases mentioned.

BIG ENROLLMENT AT "U" EXPECTED FOR NEW TERM

September 27 is Registration Day, and Many Inquiries Made.

September 27 will be registration day at the Western University, following which lectures will begin on the 28th. Already a number of applications are coming in from prospective students, and though it is early to prophesy, it is believed by members of the faculty classes will be well filled again during the coming year.

In the arts department, all the professors and lecturers of last year will be back in their places, with the exception of Capt. Mel Brock, who is overseas with the Western University Hospital unit.

Mr. Buckley, the newly-appointed lecturer, who comes from Vancouver, will lecture in philosophy and English, and also act as librarian.

President Braithwaite is returning from his vacation next week, when more definite plans will be announced.

PERSONAL

Mrs. T. J. Breen and little daughter, 412 Princess avenue, are visiting in Toronto.

Dr. W. J. Stevenson, who has been on a vacation trip down the St. Lawrence for the past few weeks, has returned.

REGULAR WORK STARTS

Normal Students Getting Lectures Already.

Regular work of the fall term began Wednesday at the Normal School, following the big registration day on Tuesday. Since that time only three or four new names of students have been added to the list, and it is expected all who purpose attending will be in within the next week.

The day's routine for the present includes only lectures. Teaching will not start for a few weeks, when the students this year are to have the advantage of pupil-teaching training not only in the city, but also in three or four easily-accessible rural schools of the vicinity.

WEAK ARGUMENT.

IN refusing the request of the Allies to consider all submarines as war vessels, Washington offers at least one very weak reason. To the contention that it is impossible for warships to distinguish between the armed and unarmed of such craft the United States replies that it is equally difficult to "spot" merchant surface vessels with masked batteries.

In making this answer, the fact that it is a comparatively easy matter to overtake and search surface vessels in order to discover their real nature, is ignored. But it is this fact that makes the firing on such a ship, without search, inexcusable, unless its identity is already known. It is practically impossible to verify suspicions in a similar way when a submarine is concerned, because she can sink from sight and escape. To recognize these craft as merchantmen would be to make them safe from all danger of capture by enemies.

If the United States is seeking an excuse to treat submarines as merchant ships, the reply can be understood. If she is trying to be logical, she fails.

EXCHANGING CIVILIAN PRISONERS.

THAT all civilians interned in Germany and Britain may be released and sent to their own countries, on promise not to serve during the war, is the report from Berlin, and on the face of it such an agreement would seem desirable and humane. But there are certain disquieting features.

In the first place, Britain must have learned by this time to put no dependence on the word of a German, and if she enters into the proposed scheme she must do so with eyes wide open to the probability that every fit man sent back to Germany will be immediately placed in a position where he can best aid the military plans of his ruler, whether it be on the firing line, in a munitions factory or in taking the place of some other man at present engaged in necessary but non-military work. There is not the slightest excuse for trusting to German honor to observe the parole.

But supposing that the word be kept: what kinds of service are to be designated? If only direct fighting service, the parole is useless, as the returned Germans will be just as welcome to work in factories, increasing the output or replacing others who will exchange the machine shop for the trenches.

Germany is almost at an end of her resources in human reserves, and would naturally be agreeable to any proposal which would add to these. It is safe to say that Britain holds many more German civilians than Germany holds of Britons. Therefore, the exchange would mean an increase in the population of Germany and a corresponding strengthening. If these people were only to be sent to their own countries to live, without taking any hand in the struggle, the kaiser would never give his consent, as it would simply mean more mouths to feed out of sadly short supplies. It is not the comfort and happiness of his subjects abroad that will influence him, but national expediency.

Britain stands to gain nothing from the exchange except the rescue of her unhappy and unfortunate people from the land of the Huns and a decrease in the expense of feeding prisoners. She is not, like Germany, at the end of her resources either in men, money or food and, in a national sense, the returned ones will be of much less value to her than are her captives to Germany.

In her case, however, the well-being of the British now in Germany may be expected to weigh heavily. But in this crisis, the nation's needs are of more consequence than the happiness of the comparative few held in Germany. If the exchange means a strengthening of the foe and a prolonging of the war, it would be a serious mistake and injustice to the people at large.

Every Britisher would like to see all his civilian fellow-countrymen out of the enemy's clutches, but if this is to be arranged it might be more satisfactory to make the exchange without giving or exacting any parole. That would leave Britain free to do what Germany would probably do in any case—use the able men to the best advantage. Better still, an equal number could be exchanged on this basis.

A PATRIOTIC DECISION.

BRITISH trades unionists have emphatically refused to meet with workers of the central powers to discuss the labor program until the latter disavow German terrorism and Prussianism, and have unhesitatingly attributed responsibility for the war to the German people, jointly with their rulers.

In their refusal to have any friendly dealings with the enemy, the British unionists have the sympathy and support of the nation, and have shown the American delegates that country comes before all other considerations with them. They have taken a patriotic and entirely praiseworthy stand.

When the people of Germany are jointly blamed for the war, it is not meant that they schemed to bring it about or really desired it; that was left to the militarist authorities. Their complicity lies in their failure to come out openly and refuse to be parties to such a plot, after their representatives had promised to oppose military ventures by their Government.

There is in the British mind a certain amount of pity for the German people, because they have allowed themselves to be treated as nonentities by their lords and masters, and have become so impressed with their own lack of power that they are willing to go wherever their leaders point! For this reason it has been truthfully said that the war was not against the German nation, but against militarism as represented by the kaiser and his clique. Against this militarism there is deep hatred, which can only be satisfied with its total elimination, but the hatred does not generally extend to the masses.

But these excuses for the people are not good for application to the army. The horrible atrocities perpetrated on women and children by hundreds in France, Belgium and Serbia were not acts committed under orders, but fiendishness suggested by the individual, diseased minds of the men themselves. They show a spirit of savagery and brutality which is as much in need of eradication as militarism. They account for the bitterness frequently displayed towards the soldiers by the Allied forces, and have helped condemn the nation in the opinion of the world.

There is something abhorrent to Britishers in the idea of having any friendly dealings with Germans while the atrocities continue; while British prisoners are ill-treated in Germany, and while no objection is raised to the Prussian policy of killing defenceless women and children by zeppelins. Only when these crimes have been expiated and a new code of morality springs to life in Germany can any semblance of friendship be restored.

NEWS AND FAKES.

A STRIKING SAMPLE of the fakes in war news being inflicted on the public by the "special cables," written in New York, appeared yesterday in two sedate Toronto papers and one London paper, all of which take the discredited Hearst service.

In an alleged special cable from London these papers printed the following:

"The French captured by storm the village of Omiecourt, southeast of Chaulnes, their chief objective," and in order to emphasize this guess added: "This latter town is now in General Foch's grip from three sides and its fall is believed near."

Those who follow the developments of the war closely will quickly see the absurdity of this statement by comparing it with the French official statement, as published in The Advertiser. The official report said:

"We also strengthened our positions north of the river, connecting them with the southern bank and taking the village of Ommiecourt, which is entirely in our hands."

To begin with there is a difference in spelling and in the official report the captured town is definitely located on the southern bank of the Somme River. Instead of being southeast of Chaulnes it is about eight miles north of this town. Its capture has nothing to do with the operations about Chaulnes.

The incident illustrates the fact that practically the only reliable war cables published are the official reports, or those written by accredited correspondents such as Frederick Palmer.

EDITORIAL NOTES.

Germany denies all food riots in her cities, but that has no bearing on the facts.

Joining the preparedness-for-peace movement, the city council now has paper drinking cups instead of glasses.

It is hardly conceivable the new German war loan is a failure. Cannot the same old paper be kept circulating as usual?

Those who watched Lieut.-Col. Wigle's work with the 18th Battalion will not be surprised at his success as brigade commander.

Explorer Peary and Dr. Cook should have fellow-feeling for each other. Cook's pole and Peary's Crocker Land seem to be both myths.

Constantine has completely recovered his health, but is too sick to give audience to Venizelists. Is the Greek word for sick and scared the same?

For occupying the most uncomfortable position, Bohemia takes first prize. Officially at war with the Allies, the latter have all her sympathy.

Plaintiff in a lawsuit at New Orleans says an engineer stopped his train for two hours in order to go fishing. This is a relief from those noted American hustle stories.

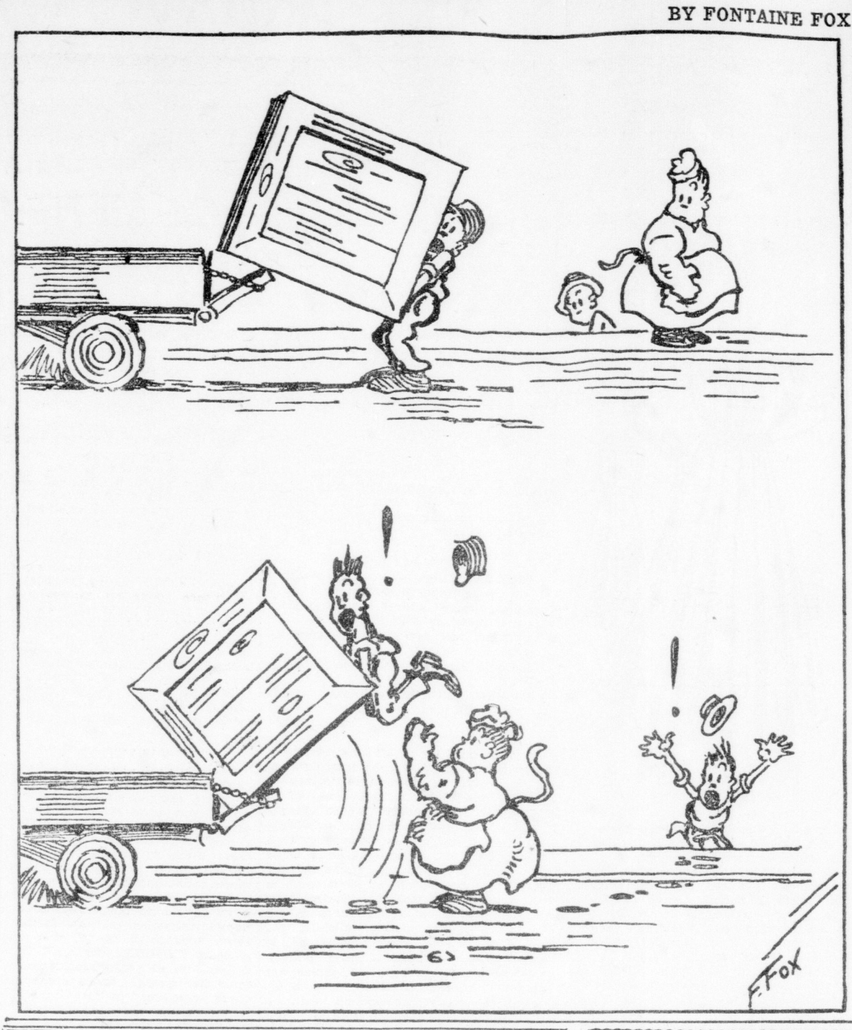

Conservatives plan to bombard Hearst with telegrams protesting against prohibition. Yet the Tory papers will try to identify the Liberals with the liquor party. Actions speak loudly.

Bring forth iron crosses of the highest grade. Shall the heroic crews of those four German destroyers which escaped destruction by an allied submarine by flight go unrewarded? Perish the thought.

It is rather difficult to see why Sir Rodmond Roblin, G. R. Coldwell and J. H. Howden should be heartily congratulated by their counsel and friends on a jury disagreement, if these friends believe them innocent of the charges brought, especially when the jury stood nine for conviction and three for acquittal.

Worthy of Remembrance

By Elsie See.

"Talk about the quiet of a village," muttered Larry Elliott, as he sleepily arose on he second morning of his vacation at Anglersville, "but if there's a quiet moment from the time the first robin chirps at daybreak until the village band quits practicing at midnight I haven't been able to locate it."

A few moments later Larry was out for a walk before breakfast. Ignoring the narrow strip of concrete sidewalk, he was swinging along in the middle of the street when he gave a low, indrawn whistle, for coming toward him from the dusty road which led down by the railroad was a slim girl in a soft white waist and khaki skirt. The tints of her copper-colored hair blended with the brown-centered yellow daisies she carried, and Larry's delighted admiration shone in his frank, brown eyes.

Just then the village quiet was broken by the excited yells of a small boy whose three cows being driven to pasture decided to bolt their keeper's care and dash back to the lot where their lately weaned calves stood bawling. Along the road, just behind the girl, the clumsy animals swung, mooing rumblingly and tossing their heads angrily. The girl turned her head and took one glance at them, but stood motionless with fright. Onward lunged the cows and the small boy continued to yell excitedly. Larry bounded to the girl's side. With one hand he took hold of her arm and with the other he waved his Panama hat wildly back and forth in the faces of the cows, whose lumbering movements came to a sudden halt. The next instant, though, they swerved to either side and went on toward their crying offspring. Larry could feel the girl's arm trembling, but he looked at her with such a friendly, amused smile that she laughed.

"Thank you for rescuing me." Her voice was a bit trembly. "I've had a foolish terror of cows all my life, though never before have I had any real reason to fear them."

"Glad to be of service," said Larry, and hoping to prolong the conversation he ventured to add, "For fear the ogres renew the attack at some other point on your journey, won't you let me go along to wave them away again?" He held up his hat threateningly, and both of them laughed.

"Ogres are as nothing to the tongues of village gossips, Sir Knight of the Panama," said the girl demurely.

"Oh, bother the tongues and the thousand other things in this burg which won't keep quiet."

"But every moment we stand here makes material for those tongues," said the girl, taking a backward step, "so I must move on. Thank you, again."

"For your sake I'll move on, too, but if I can find a way to meet you according to the ethics of the gossips, have I your permission?" Larry's eyes were pleading so earnestly that the girl smiled and pulled a long-stemmed daisy from the bunch she carried.

"Yes, and here's a mascot," tossing him the flower. "May it bring you luck!"

Larry returned to his breakfast with a contented smile and a ravenous appetite. As his landlady bustled about the sunny, rag-carpeted dining-room, he longed to ask her about the girl he had met, but knew it would be unwise. He felt that the charming girl was in the sleepy village, but not of it.

"Would that I had been bidden to call upon her instead of upon the prim spinster who was my grandmother's boarding school chum." Larry sighed at this thought, but stoically drew from his pocket the note of introduction his grandmother had addressed to Miss Arabella P. Mortimer. He resolved to make the promised call that afternoon so that he might pursue the pleasures of his vacation without qualms of conscience for duties unperformed.

He set out that afternoon expecting to be received in a darkened drawing-room by an oppressively dignified spinster, and his expectations were fully realized. Miss Mortimer was just as he had pictured her, even to the way she folded her thin hands across each other in her lap. While listening courteously to her precisely worded remarks and while making adequate if not enthusiastic responses, Larry was picturing to himself the stately social functions which had doubtless taken place within those broad, high-ceiled rooms when Miss Mortimer had been a dimpled girl instead of a wrinkled spinster. Suddenly the middle-aged servant who had admitted Larry reappeared at the doorway with a frightened expression.

"Begging your pardon, Miss Mortimer," began the woman, talking very rapidly, "but Miss Penelope has fell from a cherry tree and hurt her ankle most awful!"

"Penelope in a cherry tree!" Miss Mortimer's dismay at such an indiscretion overcame her anxiety about the accident for the moment, and Larry almost laughed as he thought of Miss Penelope as a counterpart of Miss Arabella, and falling from a cherry tree.

"She's sitting on the ground now a-holding of her ankle," said the woman, "and vowing she won't come in till you've gone to the Ladies' Aid, but I knew you'd hold me to account if I didn't tell you."

"Very well, Maggie." Miss Mortimer's tone indicated that the servant was dismissed from further obligation.

"Do let me be of service," said Larry eagerly. "Can't I assist the lady to the house?"

"You are very kind, Mr. Elliott, and I think we'd better make haste to the orchard." Miss Mortimer led the way out through a French window as she spoke.

As they hurried through the orchard toward the cherry trees along its farthest slope, Larry saw a white-clad woman seated on the ground holding her left ankle with both hands. A large Leghorn sun hat hid her face and shoulders so that not until Miss Mortimer's anxious questions caused the wounded Miss Penelope to lift her head did Larry have a thrill as he recognized the girl of his early morning adventure.

"Auntie, I'm sorry to cause you such anxiety," said Penelope.

"But, Nepple, dear, are you badly hurt?"

"I think not, though it does hurt when I try to stand."

Miss Mortimer looked anxiously from her niece to Larry, and remembered that they had not been introduced.

"Mr. Elliott, pardon me for not presenting you to my niece, Miss Bachelder; Penelope, Mr. Elliott, the grandson of a dear friend of mine."

"And eager to be of service to a lady in distress," said Larry smilingly.

A little later, as he was supporting Penelope on her slow journey toward the house and Miss Mortimer went on in advance to prepare a poultice for the injured ankle, Larry took from his pocket the daisy that Penelope had given him that morning.

"This has indeed proved a mascot," he said, "though I'm sorry that both my meetings with you have been associated with something disagreeable."

"Isn't it rather that your appearance each time helped me out of a disagreeable situation."

"It is kind of you to put it that way, but I hope we shall meet under delightful circumstances so often that all disagreeable ones will be forgotten."

Penelope was silent for so long that Larry feared he had been precipitate, but when she spoke very softly, he was reassured.

"I'd rather remember all that has happened today than to forget the delightful part of it," she said.

GOOD IDEA.

Lady—"I'm so worried about my complexion, doctor. Look at my face!"

Doctor—"You'll have to diet."

Lady—"I never thought of that. What color would suit me best, do you think?"

FAVORS ANTICIPATED.

The minister's daughter was entertaining several of her father's small parishioners.

"Will you have more cake, Polly?" she said.

"No thank you, miss, I'm full," said truthful Polly.

"Then I think you may put some in your pockets."

"They're full, too," said Polly.

The cool fresh air whence health and vigor spring
And promise of exceeding joy hereafter.

THE WORST YET.

The spring was wet, but the summer was dry,
And dryer will be the fall,
For the greatest dryness ever was known,
Is fast approaching us all.

Wherever you go in this land so free,
From Ottawa to St. Clair,
Some old thirsty souls will the dryness feel,
Up to the roots of the hair.

No spirits around in such days as these,
Excepting to him who digs,
For the sly old nests of bottles and jugs,
Or pens of lucky blind pigs.

In olden times if we wanted a drink,
Supplies were always on hand,
Now all that remains of pleasures gone by,
Is the long-lived old demand.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove Poisons From Little Stomach, Liver, Bowels.

Give "California Syrup of Figs" If Cross, Bilious or Feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company.

Cynthia Grey's Mail-Box

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letter can be answered privately.]

Those Advertiser Girls.

Dear Miss Grey,—Here I come with a little bit of everything and not much of anything. Are these the coupons out of tobacco that so many people have been asking for? Goodness me, I have burned hundreds of them, as I did not think they were any good. Will you let me know, please, if they are the kind? I will send them all to you. Here is one lonely flag and twelve Gillett's coupons.

And now for what I want. Could you get me some of Grafton's checks, like a dear? Do you remember me writing before quite a while ago? My poor kiddies have whooping cough so you can tell how much fun they have had this summer. Now just a verse about this soldiers' wives and farmers' "wordy war."

"There is so much good in the worst of us,
And so much bad in the best of us,
It doesn't do for any of us, to talk about the rest of us.

I never met such a nice lot of girls as there are in The Advertiser office; they are all so friendly; nothing is ever any trouble to them. MRS. D.

Ans.—Three cheers for the business office girls! I just knew that somebody would come along with an appreciation some day. They are a dear, obliging, hard-working group of girls, and certainly deserve all your praise.

Hope to receive some checks for you, and shall have a hunt for some pictures that the lads might like. Your coupons shall be distributed. The tobacco ones are not the kind in demand.

A Boy's Influence.

Dear Miss Grey,—I see a letter in the paper where "Disgusted" writes about the tobacco habit. Well, she wasn't any more disgusted than I was Friday afternoon. I am a boy of fifteen and have never touched tobacco yet. A little boy often comes to our place; he is only nine years of age, but I always loved him until Friday. He and I were out together and no one else was near. Somehow, we got talking about boys smoking cigarettes. The little fellow says, "All boys smoke." I contradicted him and told him that I didn't and any boy who did was a disgrace to his country. Then I said, "You don't, do you?" The answer was "yes." After that I didn't feel the same toward him. I know that his parents didn't know it. He is a boy that attends Sunday school regularly, for I see him going every Sunday morning, his father being the minister of the church which I attend, each Sunday.

I had a good notion to tell his parents, but since I have been advising him to quit. He couldn't have done it much, because he don't look as if he's done it at all. When I questioned him about where he got the stuff he smoked, he said that he was out with some other boys and they gave it to him. When I found out who the other boys were I found they were about my size and age.

1. What do you think of the other boys giving stuff like that to a little fellow like that?

2. Did I do right not telling his parents. DISGUSTED NO. 2.

P. S.—He is a clever little fellow, knowing a great deal about the war. He is also at the head of his class at school. He is in the Jr. II. class.

Ans.—It must have been quite a painful revelation to you to find that this little chap smoked. Perhaps he has only done so once or twice; let us hope it has not become a habit, anyway. Rather perplexing to know whether his parents should be told or not, but I believe that maybe the good influence of yourself and some of your chums will count more with the lad than anything else. Keep at it, anyway; try to get him to promise not to use tobacco until he is eighteen, then maybe he won't want to. The boys who gave him the tobacco are despicable.

For a Bride.

"Back Number"—Of course, "circumstances alter cases," but generally speaking, a bride's mother sees that her daughter is provided with a supply of household linen—table, bedroom, and bathroom. One or two large tablecloths with napkins to match, smaller cloths or those not so fine for common use, centrepieces, doilies, etc., sheets, pillowslips, a pair or two of blankets, quilts or comforts to supply two beds, towels fine and coarse, dishtowels—all these are among the things to be included.

For the bride's outfit, there is, of course, the all-important dress, with "underneaths," hosiery, etc., as fine as circumstances allow. A traveling suit or dress, a silk dress suitable for special occasions, and (if she goes to evening parties) an evening gown of some sort, might also be listed. A nice quantity of personal linen is always considered part of a bride's equipment.

2. If served at one long table, a good arrangement is for the bride and groom to sit at the centre of one side, the officiating clergyman just opposite. At each end are placed the respective parents of the bridal couple, and the remaining guests may "fill in" anywhere.

By all means, let us have the recipes before long.

Not a Boy.

Dear Miss Grey,—Here I am as spunky as ever; please I wasn't one bit jealous. I'm not that kind, but it did sound funny, didn't it. I certainly don't envy him a thing; he always gives something in return for what he gets. I believe that's mor'n I'll do.

Hello, you "Saucy Kate," here's a nice piece waiting for you; it was you that wanted to exchange.

"Blue Eyes," I have sent you another piece; hope you like it. Miss Grey has them both here. Now here goes: Goodbye everyone. SPUNK.

Ans.—Your pieces will be forwarded. Don't you know, "Spunk," I fancied you were a boy, but it's evidently my mistake, so I apologize.

Age To Marry.

Dear Miss Grey,—I am engaged to a young man 22 years of age, and have been so for almost two years. I am 19 myself, and we intended being married this fall, but do you think me old enough? I have received different opinions from different friends and relations, but most of them saying that it is better to be married young than not at all. What is your opinion frankly, Miss Grey?

I just love to read the letters from "Aunt Nannie," and just hope she has her quilt all made up, and only wish I could see it. Wouldn't it be nice if it were on display in The Advertiser? I tell you, Miss Grey, it would create quite a big trade for London to have people coming from all over the country to see it.

Have you any more cigarette flags? I have quite a few and would like just a few more to make enough for a cushion top.

Hoping I have not overstayed my visit, and wishing the Mail-Box every success, I will sign myself, A BRIDE-TO-BE.

Ans.—You are young to be getting married, yet if you have been engaged for two years, you must have a fairly good idea of whether you can live happily together, or not. The present-day tendency is towards marriage later in life, but one cannot really see on the whole, that wedded life is any happier now than it was when folks married ten or fifteen years younger in life. Our grandparents, as a rule, married at 18 and 20 years of age, and but few of them would consider their life together a failure where happiness is concerned.

If you are really "all in all" to each other, do not hesitate, but heaven help the couple who marry without the basis of true love.

Send your address for the flags.

The Ruined Painting.

Dear Miss Grey,—I am coming for help to your delightful Cynthian circle. Can you or any of the circle tell me where the incident occurred, where an artist, becoming so interested in his picture that he came near falling off the platform, erected at a great height, and his friend, seeing his danger, daubed the picture, and the mark is on the picture, in some church in England, to this day. This icident was contained in a Fourth school reader, used about 1876. Where did it occur?

2. Can any of your readers send me words of an old song called "We All Wear Cloaks." One of the verses runs thus:

"The lover, till wed, seems to court beauty's sway,
And vows he but lives her commands to obey.
But once tightly tied in the conjugal yoke,
'Do as I tell you, madam,' and off goes his cloak."

Also can anyone send me words of sacred song called "Looking This Way." Would send stamped addressed envelope for songs. "Grandmother's Old Arm Chair" was published in one of the columns of your page, but broke off abruptly in the midde of the verses. Would you kindly publish again?

Now to give these little helping hints, if you can find room. Try doses of quinine for toothache or neuralgia. Try two tablespoons of vinegar to tender tough beef. Also try (now laugh) sandpaper of coarse quality for corns, as all they are is hardened cuticle, and the centre turns in a hard horn, and between the shoe and the bone causes pain to the foot. Sandpaper them down when they are dry, and get out the horny hard centre, and there is ease. I have heard people speak as if they were a malignant growth, but they are only caused by forgetting to relieve our faithful servants, our feet, of the cuticle that cannot get away.

Must close, asking may I come again, as the bachelors who cannot cook and the brides who are not satisfied with their cooking might be helped, as I am thirty years keeping house, and my cooking satisfies all my children and friends, and I can give them a little talk on methods of making pies and cookies, and anything they may ask. I remain, with a little 25 cents for "Aunt Nannie," AUNTIE DOGOOD.

Ans.—Come in and welcome, Auntie, and come again with your recipes. I hope we get the words of that song, for it sounds very quaint and interesting. Shall republish the "Old Arm Chair" song some day before long. Can anyone give the history of the painting about which Auntie inquires?

Verses From Overseas.

Dear Miss Grey,—From day to day there are requests for flags, so I am inclosing a few soldiers and animals. Next time will send some flower flags, and that centre, so you will have it if anyone calls.

I am sending copy of verses that came to me on a postcard sent me by one of our boys who went out with the first contingent. He says, "Read this, and, believe me, it is true." He is in the signal corps, and served for sixteen months up at the front, but was wounded in July and is still in hospital. Sorry I had not an Ireland flag for "T. C. W."; have one of Scotland, but the package it was in must have been moist, as it is stained, and I do not like to send it.

Glad to see "C. A." back, and will be pleased to read letter from "O. F. O. E." How is "T. A." coming on? Almost better, I hope. As ever,

W. A. R.

P. S.—What is the meaning of "tea-kettled"? Can't find it.

Ans.—Shall be glad to publish the verses. For the flags, many thanks. Fancy that "tea-kettled" is sort of a third cousin to "tickled"—don't you think so? And the odd part of it is that the lady using the term quite probably is in your own family connection. Now, aren't you curious?

Moles and Chili.

Dear Miss Grey,—I would like to get a few Stag tobacco coupons. I will send a stamped, addressed envelope for them if some are sent in.

2. What will remove moles successfully?

3. Could I get a good recipe for chili-sauce?

4. What will remove banana stains from a white jeancloth middy?

PIE PIG.

Ans.—1. Referred.

2. This cure for moles was sent by a correspondent; "At your druggist's get a small quantity of aqua fortis; take a feather with a strong quil—one out of "Biddy's" wing would be the thing—strip off the feathery part all but a little tuft on the end, and let someone with a steady hand dip it into the aqua fortis and touch the mole with it, being very careful, of course, not to let it come in contact with any part but the mole; it causes no pain, but, of course, there will be a sore-looking spot for a while.

3. Chili Sauce—26 large tomatoes, 18 large apples (sweet), 12 large onions, 3 green or red peppers, 1 tablespoon ginger, 1 tablespoon cinnamon, 1 tablespoon cloves, 2 tablespoons salt, 5 cups sugar, 4 small cups vinegar. Boil till thick enough.

4. Try soaking in a solution of chloride of lime and water, then bleach in sun and air.

"Britisher's" Welcome.

Dear Miss Grey,—Here's another newcomer to add to your page. I hope I get the same welcome as the rest. Will you please print a recipe for pumpkin jam? What do you think of my writing?

I'M BRITISH, TOO.

Ans.—Are you? Then, of course, you're welcome. A recipe for pumpkin and one for marrow jam, are appearing for you in the Cook Book. Hope they are what you desire. Writing is fairly good.

Who Knows?

Dear Miss Grey,—I am going to ask you if you or some of your readers could give me the address of a crochet book that one of your readers gave in your page of The Advertiser some time last spring. I lost the address, and can only remember part of it. I will send in what I remember of the address, hoping it may aid in getting it all. I have forgotten part of the first line. The address is as follows: "—— Mills, Elgin, Illinois, U. S."

Ans.—I haven't even the faintest recollection of what this address is, and do not remember its appearance in our page. Shall be pleased if someone can supply the remainder for you.

Not Likely.

Dear Miss Grey,—I have soldier friends in France, but do not know what battalions they are in now, and I would like very much to write to them. Would they get the letters if they were sent to France? I have two brothers in France. We write letters every week to them. Why is it they don't get our letters when they are addressed right? I had a civilian come home with me a couple of times. I would like him to be a soldier, so do you think it would offend him if I asked him why he does not enlist? If you know of any soldier who would like to write to someone, tell him about me. What colors of hats are going to be worn most this fall? Are suits or sport coats going to be worn most, and also what color? A SOLDIER'S FRIEND.

Ans.—1. Not likely. How do you possibly suppose letters could be delivered (especially in a country under war conditions) to a soldier whose battalion you even do not know?

2. Are you sure the address is right? Certainly I have no means of knowing why they are not received.

3. To ask him a question of this sort need not offend him.

4. Suits and sport coats will both be worn to a great extent. It is really a matter of choice. You may choose either and still be in style.

To Make Scrapbooks.

Dear Miss Grey,—1. Will you please suggest some ideas for sending reading matter to the soldiers, such as making scrapbooks, and also send information as to what they should contain and how to make them so as to appear attractive? Will you also suggest other articles which a schoolgirls' club may send to privates in France and England, according to conditions in those respective places? Thanking you, I remain, SWEET SIXTEEN.

Ans.—Advise you to write to Miss Glass, 16 Hayman Court, London, Ont., for particulars re "News from Home" scrapbooks. Inclose return postage for reply. These books are especially attractive, and I know Miss Glass, who introduced them in London, will be glad to give you all particulars. I do not see why you girls should not learn to knit, and have knitting contests in your club to keep up the interest. Little teas, with music, sale of home-made candy, or a weekly collection, would be means of raising funds.

Wants Sciatica Cure.

Dear Miss Grey,—Many thanks for the song you published for me. I am going to ask you or any of your readers if you know what to do for sciatica, as my husband has had it for nearly four weeks and the doctor can't seem to do much good for it. Sometimes little simple remedies do more good than all the doctors' medicine, for it's such an awful thing to have. I should be pleased to hear of anybody's remedies. I am inclosing some tobacco flags to give as you please. ENGLISH MOTHER OF 10.

Ans.—What an anxious time you must be having. Quite a number of cures were sent in for "Curly Head" in the spring. Wonder if she'll tell us which one helped her?

BATTALION SONGS

(Readers Are Invited to Contribute Songs of Their Favorite Battalions to This Column.

[Sent by "Gentle Sea Breeze, Halifax."]

(To be sung to the tune of "When You Wore a Tulip and I Wore a Rose." Republished by special request.)

I used to walk the sidewalk of a Nova Scotia town;
A man came walking down,
His face was bronzed and brown.
He told us how King George was calling each to do his share,
He offered me a khaki coat to wear;
He told us how the call had gone far o'er land and sea;
And when I heard that speaker's word I said, why that means me.

CHORUS—
Now we wear the khaki,
The King's own good khaki,
We wear it with pride and joy.
That fake advertiser,
Old Billie, the Kaiser,
Shall hear from each Bluenose boy.
When troubles are brewing
Our bit we'll be doing
To hammer down Britain's foes.
With the bagpipes a-humming
The Eighty-Fifth's coming
From the land where the maple leaf grows.

And when we've put the kaiser where he cannot ride or roam,
We'll beat it straight for home, across the raging foam,
Where every pretty girl we meet will greet us with a smile—
They'll not forget, but wait for us a while.
And never were such lassies so sweet, so fair, so true.
A welcome warm as sunshine waits our boys when they get through.

ADVERTISER PATTERNS

A Smart Frock In Tailored Style.

No. 1717—Ladies' Dress, with sleeve in either of two lengths.

This will be a splendid style for development in linen, taffeta or gingham. In taffeta in a new mauve shade with piping and trimming of white, or in blue gingham with braiding or embroidery, this dress would be very attractive. The waist is made with a square yoke, to which the plaited sections are joined. Smart pocket effects are placed at the yoke joining of the fronts.

The collar forms a suitable finish for the "V" neck. The sleeve in wrist length is dart fitted, and has a tiny cuff. The short sleeves show the regulation turnback cuff in straight outline. The skirt is plainted in back and front to conform to the plait lines of the waist. The closing is practical—at the centre front—and waist and skirt are joined in one-piece style under the belt.

This pattern is good also for serge, gabardine, chambrey, voile, poplin, jersey cloth and faille. It is cut in six sizes: 32, 34, 36, 38, 40 and 42 inches bust measure. It requires 6 yards of 44-inch material for a 36-inch size. The skirt measures about 3 1-3 yards at the foot.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

ADVERTISER PATTERN DEPT.
Please send above-mentioned pattern, as per directions given below, to:

Name .....

Town .....

Province .....

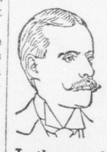

Age (if child's or misses' pattern) ....

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure you need only mark 32, 34 or whatever it may be. When in waist measure, 22, 24, 25 or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from date of application.

Daily Bible Question Club

By Rev. T. S. Linscott, D. D.
(All Rights Reserved.)

The six daily studies for this week constitute the International S. S. Lesson for next Sunday. Read the Bible Story on which this study is based, as you ponder the following questions:

"The Arrest of Paul." Acts xxi., 17-40.

Golden Text—"Thou shalt be a witness for Him unto all men of what thou hast seen and heard." Acts xxii., 15.

11. Verses 23-26—Did James and the elders give Paul good advice in this matter of the vow and of the four men shaving their heads and can you conceive that God was directing them to give such advice?

12. Did Paul do a wise thing or otherwise, and why, to join these four men in the matter of the vow, when he must have known he was joining in a useless ceremony?

13.—Paul in one place states, "I am made all things to all men, that I might . . . . save some." How far may we carry out that principle without being guilty of deception?

COLLAPSED AS SHE WAITED FOR BREAD

Sixteen-Year-Old Girl One of Many Sufferers.

MONTREAL, Sept. 6.—The intensity of the suffering borne by the Belgian women is told briefly in the Bruxellois, which cites one recent instance, which is characteristic of many.

"Miss D——, 16 years old," says the paper," sent Sunday to Ixelles-Brussels by her parents to get some bread, stood in line from 5 o'clock in the morning until 11, when she collapsed, and was taken to a hospital."

Hundreds of women and children out of the starving seven millions have experienced this. Weakness from lack of nourishment is the lot of many, and sickness and even death are now common because there is no food.

Canadians are being asked to provide of such as this 16-year-old girl—asked to give just enough to provide them with the food they need to keep them alive until their men folk return victorious from the war. Send your bit to your local committee or to the treasurer of the Belgian Relief Committee, 59 St. Peter street, Montreal.

Mistress—I hope you are habitually truthful, Nora?

New Girl—I am on me own account, mum. I only tells lies to the callers for the family.—Boston Transcript.

Joint and Muscle Pains Banished by Nerviline

IT CURES RHEUMATISM.

Thousands of people, chuck full of the joy of living—happy, glad, bright people, that Nerviline has cured of their pains, all tell the same wonderful story of its power to drive out the aches and tortures of rheumatism and kindred ills.

"My goodness, but Nerviline is a miracle-worker," writes Mrs. Charlotte Chipman, mother of a well-known family residing at Mount Pleasant. "Last month I was so crippled up with sciatica and muscular rheumatism as to be almost unable to do a bit of housework. My joints were so stiff and the muscles so frightfully sore that I even cried at times with the pain. For years we have used Nerviline in our family and I just got busy with this wonderful, good old liniment. Lots of rubbing with Nerviline soon relieved my misery, and I was in a real short time about my work as usual."

No matter where the ache is, no matter how distressing the pain you can rub it away with Nerviline. For forty years it has been curing lumbago, sciatica, backache, colds, chest trouble and all sorts of winter ills. Keep a large, 50-cent, family-size bottle handy and you'll be saved lots of trouble and have smaller doctor bills. Small, trial size, 25 cents, at dealers everywhere.

STRAIGHT NEWS AND SIDE SLANTS ON SPORT

COBB SCORES WINNING RUN FOR JUNGALEERS

The Georgian's Speed Responsible for Tigers' Victory Over Browns—Red Sox Win From Athletics — Carrigan Suspended.

DETROIT, Sept. 6.—Tyrus Cobb, centerfield of the local team, matching his speed against the throwing arms of the opposing players, scored the winning run in the tenth inning today for the Tigers.

With one out Cobb beat out a hit to the shortstop. He stole second and Hartley's low throw bounded into Marsan's hand, but Cobb continued to third and beat the throw. Veach grounded sharply to Sisler, who forced Cobb to return to third, but as Sisler was touching first Cobb tore for home and beat the throw by an eyelash.

Score—	R.	H.	E.
St. Louis	0	0	0
Detroit	1	4	0

Weilman and Hartley; Coveleskie, Dubuc and Stanage, Baker.

MORE TROUBLE FOR BOSTON.

PHILADELPHIA, Sept. 6.—When Boston won today's game here 5 to 2 Philadelphia reached the century mark in the number of defeats this season. The visitors hit Sheehan's delivery hard in two innings while the Philadelphia pitcher's wildness was responsible for a run in the eighth inning. Manager Carrigan of Boston was notified by President Johnson of the American League today that he had been suspended for three days for his trouble with Umpire O'Loughlin yesterday.

Score—	R.	H.	E.
Boston	5	8	0
Philadelphia	2	7	0

Leonard and Thomas; Sheehan and Picinich.

INDIANS STILL SLIPPING.

CHICAGO, Sept. 6.—Chicago defeated Cleveland 4 to 3 after staving off a determined ninth-inning rally by the Indians. For arguing too strenuously Schalk and Fournier of the White Sox were expelled by Umpire Dineen.

Score—	R.	H.	E.
Cleveland	3	11	1
Chicago	4	9	1

Boehling, Coveleskie, Gould and O'Neill; Russell and Schalk, Lapp.

BROOKLYN DIVIDES A DOUBLE-HEADER

Loses Easily in First, But Scores in Second.

ST. LOUIS LOSES TWICE

Pittsburg Takes Both Games on the Home Ground.

NEW YORK, Sept. 6. — New York and Brooklyn broke even in their double-header here today, the Giants winning the first game easily, 6 to 1, and Brooklyn taking the second by 2 to 1. Benton, New York's left-hander, pitched both games for the Giants, permitting fourteen hits in the two contests. He had little trouble winning the first, as Brooklyn played poorly.

In the second game Benton was opposed by Marquard, and the two had an interesting pitchers' battle. Brooklyn won in the third inning, when Johnston singled, stole second, and scored on a double by Stengel. Stengel was caught off second a moment later, and protested so vigorously that he was ordered off the field by Umpire Quigley.

Brooklyn's defeat in the first game was its second on the Polo grounds this season. Scores:

First game—	R.	H.	E.
Brooklyn	1	4	1
New York	6	8	0

Cheney, Dell, Mails and Miller; Benton and McCarty.

Second game—	R.	H.	E.
Brooklyn	2	10	1
New York	1	7	1

Marquard and Meyers; Benton and Rariden.

PITTSBURG WINS BOTH.

PITTSBURG, Sept. 6. — Pittsburg won a double-header from St. Louis here today 3 to 2 and 6 to 3. With the bases full and the score a tie in the ninth inning of the first game, Warner singled, scoring McCarthy with the winning run. Ames was hit hard in the second game, doubles by Casey and Bigbee, Johnston's triple, and Farmer's single scoring three runs in the third inning. Lotz, who relieved Ames, was also hit hard, but Harmon kept the visitors' hits scattered. Scores:

First game—	R.	H.	E.
St. Louis	2	10	2
Pittsburg	3	9	3

Steele, Watson and Gonzales; Jacobs, Kantlehner and Schmidt.

Second game—	R.	H.	E.
St. Louis	3	11	0
Pittsburg	6	10	1

Ames, Lotz, Williams and Gonzales; Brottem; Harmon and Fischer.

ROCHESTER WINS IN FIFTEENTH INNING

Defeats Toronto After a Pitchers' Struggle.

SECOND GAME A TIE

Buffalo Loses to Montreal in an Uphill Fight.

TORONTO, Sept. 6. — Rochester took one game from Toronto 5 to 1, and tied another, 3 to 3, today. In the first game Leverenz and Brady indulged in a great pitchers' battle for fourteen innings, when Brady weakened, and Rochester scored four runs. Leverenz let the Leafs down with three hits in the fifteen innings. Darkness ended the second struggle after seven innings. Scores:

First game—	R.	H.	E.
Rochester	5	13	1
Toronto	3	4	1

Leverenz and Dooin; Brady and Hayden.

Second game—	R.	H.	E.
Rochester	3	5	0
Toronto	3	4	1

Kirmayer and Hale; Markle and Kritchell.

BUFFALO HARD HIT.

BUFFALO, Sept. 6. — Montreal beat Buffalo 10 to 6 today. The Royals knocked Bader out of the box in the first inning, and also hit Gaw hard, scoring eight runs in this inning. Buffalo played a determined uphill game, but could not overcome the handicap. Score:

	R.	H.	E.
Montreal	10	14	3
Buffalo	6	14	2

Cadore and Madden; Bader, Gaw, Anderson and Wilder.

BALTIMORE EASY.

PROVIDENCE, Sept. 6. — Providence had an easy time with Baltimore today, winning 17 to 1. Schultz allowed but four hits, while Sherman was hit hard throughout. Score:

	R.	H.	E.
Baltimore	1	4	3
Providence	17	13	3

Sherman and McAvoy; Schultz and Egan.

NEWARK SHUT OUT.

NEWARK, Sept. 6. — McKenery was at his best today, and Richmond shut out Newark 8 to 0. Score:

	R.	H.	E.
Richmond	8	11	2
Newark	0	5	5

McKenery and O'Donnell; Wood and Egan.

CLIFFORD RINK WINS HANOVER TOURNAMENT

Defeats Bowman of Southampton in Final Game.

Hanover, Ont., Sept. 6.—The final game of the Hanover bowling tournament, first event, was played at 4 o'clock in the morning between Dr. Black, Clifford, and Charles Bowman, M. P. P. of Southampton, being won by the former, as follows:

Clifford,	Southampton.
Black, skip	16 Bowman, skip. 12

D. Ross of Brussels won the second event from Schoemaker of Paisley by the score of 16 to 6, and Dr. McTaggart of Blyth and Schillinge of Wiarton decided, as it was so late, not to play the final game in the consolation, so decided to leave for home. This closed one of the best tournaments in this section.

MISS MINNEAPOLIS WINS ONCE MORE

Defeats Miss Detroit in Race for Lake George Cup.

DETROIT, Sept. 6.—The Lake George cup, emblematic of the one mile power boat championship of North America, was won this afternoon by "Miss Minneapolis," of the Minneapolis Power Boat Association. "Miss Detroit" of Detroit, was the only other starter, mishaps causing the withdrawal of Peter Pan VII. of the Columbia Yacht Club, New York, and Hawkeye of the Lake George Club.

"Miss Minneapolis'" average speed in six one-mile trials was 53.11 nautical or 61.08 statute miles an hour, and her fastest nautical mile was in one minute four and six-tenths seconds, which she made in her first mile, running with the current.

"Miss Detroit" averaged 45.45 nautical or 52.27 statute miles an hour and her fastest nautical mile was one minute sixteen and six-tenths seconds, made with the current on her third mile.

Hawkeye had a hole stove in her hull by driftwood and was towed into her dock. Peter Pan VII. was shipped home before the race because of a bent cam shaft.

R. T. JONES, JUN., GOES INTO THIRD ROUND OF N. A. GOLF TOURNEY

Fifteen - Year - Old Youngster Defeats F. W. Dyer.

PHILADELPHIA, Sept. 6.—R. T. Jones, Jun., the 15-year-old boy of Atlanta, is the surprise and sensation of the National Amateur Golf Championship tournament which is being played at Merion Cricket Club. The southern youngster worked his way into the third round today by defeating Frank W. Dyer, the Pennsylvania state champion, four up and two to play.

In order to win young Jones had to overcome a lead of four holes gained in the first six played. He did this by coming home in 34 strokes, despite a six on the 18th, an easy par four hole. This brand of golf squared the match and this afternoon Jones won handily, being 65 for sixteen holes when the match ended. Had Jones played the by-holes he would have probably had a 153 for the day's work, and thus tied the low medal made by Fownes in the qualifying round. In working his way into the third round Jones has got in with seven other golfers who had national reputations before the tournament started, for in today's play there was but one upset and this was not a real one. Oswald Kirkby, the metropolitan and New Jersey champion, went down before Gardiner White of Flushing by a 2-up score. White played premier golf to win from Kirkby. The championship is working up to the best finish in years with all the big players left to fight it out in the remaining rounds. It still stands out as a great national event, for tonight all sections of the country have at least one representative left to make a fight for the title. Those who remain and the way they are paired for tomorrow.

Robert Gardner, Chicago, vs. R. T. Jones, Atlanta.

Jesse Guilford, Boston, vs. Gardiner White, New York.

John G. Anderson, New York, vs. Charles Evans, Jun., Chicago.

D. C. Corkran, Baltimore, vs. C. B. Buxton, Philadelphia.

The champion, Robert Gardner, won fairly easily over Max Marston, the crack New York player, 5 and 3. He had Marston five down after the morning round, and continued to play consistently good golf in the afternoon.

Chick Evans had it easy with W. P. Smith of Pine Valley. He tried many experiments on the course after he had the match well in hand and said tonight that he feels now fully acquanted with it and ready for the great finish, which is sure to come. His win was by ten up and nine to play.

[Canadian Press.]

Philadelphia, Sept. 7.—Never before have so many golfers of national reputation reached the third round of the national amateur golf championship as this year at the Merion Cricket Club. This is due to the freak of the draw for the early rounds, and because the stars have all played up to form.

Today's match between Robert A. Gardner, the title holder, and 15-year-old R. T. Jones Jun. of Atlanta, was one of the features of the tournament, and many experts figure that the southern wonder has an even chance to win. His medal scores to date warrant such an opinion. Jones is the south's last hope, as G. A. Adair, the other Atlanta youth, was eliminated yesterday by D. C. Corkran of Baltimore.

Such players as Jesse Guilford and Gardiner White, John Anderson and Chick Evans are paired, and as all are on top of their game, one-sided contests were not expected.

BIG THREE DEFEAT BENENATTI'S PETS

Once again the "Big Three" put it over Benenatti's Pets by defeating them at Springbank Park yesterday afternoon, 22—7.

In the third inning Benenatti was touched up for ten runs, and after that was hit freely in all the innings.

The features of the game were the batting of Jim Catalano, who got three triples and a pair of doubles, and the fielding of Mike Sansone.

FOOTBALL SEASON OPENS.
[Canadian Press.]

Cambridge, Mass., Sept. 7. — The Harvard University Football Squad was called out for its first practice on Soldiers' Field today. In the absence of Coach Percy D. Haughton, whose baseball activities will prevent his giving personal attention to football for a few weeks, the preliminary work will be directed by Leo Leary as field coach. The first game of the season will be with Colby College on September 23 in the Stadium.

At a meeting of the Canadian Racing Association held in Montreal on Wednesday advice was sent to the headquarters of the Horsemen's Association in Kentucky that it was the unanimous opinion that the association should put itself on record as opposed to any attempt to establish a second race course in New Orleans. Such a step, in the opinion of the association, would destroy New Orleans as a racing point, and thereby injure the interests of the horsemen throughout the country.

George Sisler, the brilliant first sacker of the Browns, made a "boner" yesterday in allowing Cobb to score that was quite unusual for that generally brainy player. Ty was half way between third and home when Sisler got Veach's grounder, and instead of trying to make a run down on Cobb he ran to first for the play there. Cobb immediately started for home and beat out the throw that Sisler finally made there after he woke up.

Eel Direct is entered in the 2:13 pace, which features the card at the Detroit State Fair today. It will be a four-horse contest, the other entrants being Daisy H., Main Line and Willow Hal.

Joe Jackson got the bulge on both Speaker and Cobb in yesterday's batting battle. Joe got three hits on his four chances, while Ty and Tris only got one each. Cobb had five chances and Speaker four.

The Cleveland Americans and Pittsburg Nationals will play a post-season series in Cleveland and Pittsburg.

Charley Barrett, scout, tells this one, and says it's new:

It was at a ball game in Waco between two negro teams. The umpire was a little "yaller nigger," weighing about 120 pounds. The player at bat was a mammoth black who had a bad reputation.

The dusky pitcher put one over the pan.

"One!" squeaked the umpire.

"Whass dat? One what, nigger?" asked the batter, savagely.

"One strike," answered the little yellow umpire in a scared whisper.

The pitcher put over another.

"Two!" squeaked the umpire.

The big black batter lifted his war club, poised it over the head of the umpire and roared:

"Whass dat? Two what"

"Two, two—too high," squeaked the little umpire, as he turned and fled from the park.

The promoters of the third race track at Windsor, to be known as Devonshire Park, have announced that they will open on September 23, and claim that there is no obstacle in their way, either from the provincial secretary's department, or otherwise, that has not been overcome. It was stated that the proper official of the treasury department had recognized their right to operate.

Waco wins the Texas League pennant for the 1916 season by a margin of one-half game, according to the unofficial standings kept, in spite of the biggest surprise of the whole struggle between Waco and Shreveport—the defeat of Waco twice by Dallas on Labor Day. The tail-end Dallas team was expected to be easy for Waco, but gave the champions a very bad afternoon. Shreveport finishes just behind Waco, after leading the league for the most of the past two months up to last week, when as a result of two defeats in a three-game series at Waco the Gassers dropped back. The unofficial standing shows the team's percentage thus: Waco, won 84 games and lost 60, percentage .583; Shreveport, won 84 and lost 61, percentage .579.

Red Dooin, who was sent to the Rochester club by the Giants, announces that he will retire from baseball at the close of the International season. When he was sent to the Hustlers it was suspected that he would replace Tommy Leach as manager, and although there are several positions as manager open to him, he says he had enough when he was leader of the Phillies.

Jockey Robinson's riding was again one of the features at the Bluebonnets meet yesterday, having two firsts, two seconds and a third to his credit. In addition he rode Waukeg in the third race and was in second position, and was crowded out by rough riding.

The Giants have paid out more money this year in buying high priced talent than any club ever spent before, yet the club is not only out of the pennant race, but will do well to finish in fourth place, writes Old Sport in the Philadelphia Inquirer. On paper the club looks the best in the league, but on the field it has performed in a most erratic fashion. When the Giants tore off their seventeen victories started on the first western trip, it looked as if New York was due for a winner, but that long strain and streak evidently broke their back and sapped up their strength, for ever since the streak was smashed they have been weak and wobbly. Uncertain pitching, mediocre hitting and flabby fielding cost them many a game, and although McGraw is supposed to be one of the wisest managers in the game, he has failed to get them out of the rut.

Zam-Buk is a powerful germ-destroyer, as well as a powerful healer, and many a case of blood-poisoning could have been avoided had the victim only taken the precaution to use Zam-Buk at first.

Mr. J. F. Warren, of Renfrew, Ont., writes: "I cut the palm of my hand badly with a rusty knife, and as I was some distance from home I could not get it properly attended to, and my hand quickly became stiff and swollen. Immediately I reached home I washed the wound with hot water and Zam-Buk Soap, and then applied Zam-Buk. This soothing balm soon ended the pain, gradually the swelling disappeared, and soon the cut was quite healed."

VON HINDENBURG ROBS HIS WESTERN FRONT TO MEET THE RUSSIANS

Said To Have Shifted Nine Divisions To the East.

SPEEDING TO A CLIMAX

Titanic Forces Engaged May Bring An End Sooner Than Expected.

[Canadian Press.]

New York, Sept. 7.—The Paris correspondent of the London Chronicle, in discussing the Allied offensive on the Somme front, says:

"What is Hindenburg going to do about it? He is a bold fighter, and has almost dictatorial powers. Without crediting the stories of his open quarrel with the crown prince, we are now bound to consider that youth's adventure against Verdun as virtually abandoned. Everything suggests that Field Marshal Hindenburg continues to regard the eastern front as the most favorable field of action. Immediately before his appointment, nine divisions were said to have been taken from the western front, other than Picardy and Verdun, to stem the Russian flood in Volhynia, so that all but these two regions of the west must now be skinned of every available unit.

Ever-Flowing Wounds.

"But Verdun and Picardy are ever-flowing wounds, which must have cost the Germans in the last two months in killed, wounded and prisoners the equivalent of at least another nine divisions—perhaps considerably more.

"What, then, is Hindenburg going to do about it?

"In serious and well-informed circles he is credited with the intention of taking the divisions now at grips with the British and French forces and throwing them against the Russians. Six months ago, perhaps, it could have been done, but the position now is revolutionized. How is the rectification of the front to be made without disaster to the advancing forces with which the Russian, British and French commanders are in touch.

"There is a general sense that the titanic forces in play are speeding to a climax, and it is this sense that gives the urgency here to the question: Why does not the army of Salonliki do more? Gen. Sarrail, whose first defence of Verdun has not been forgotten, is generally regarded as one of the most resourceful of French commanders."

German Sub Destroyed By British Airmen

Amsterdam Hears Successful Raid Was Made in Zeebrugge Harbor.

NEW YORK, Sept. 6.—The World prints the following dispatch from Amsterdam:

"British airmen bombarded and destroyed a German submarine in Zeebrugge harbor, then returned safely to their base at Dunkirk, according to reports received in Amsterdam today."

THE MASABA RELEASED.

[Canadian Press.]

Detroit, Sept. 7.—The steamer Masaba of Toronto, which grounded Sunday at Victoria Island, Lake Superior, was released late yesterday afternoon, and will be taken to Port Arthur, according to word received here last night. The extent of the damage she sustained was not stated.

The Peter Reiss of the North American Steamship Company of Duluth, which went ashore early today in Lake Michigan, near the entrance to Green Bay, was still hard aground. Tugs have gone to her assistance. The Reiss is 512 feet long, of steel construction, and built in 1910.

FRENCH HAVE REACHED OUTSKIRTS OF CHAULNES

Push Their Way Into Villages of Berny and Vermandovillers, Driving First Line Along the Railway.

[Canadian Press Cable.]

Paris, via London, Sept. 6.—11:45 a.m. —Further French gains are reported in the official statement issued by the war office tonight, these being entirely south of the Somme, where the greater part of the village of Berny was captured as well as the northern portion of Vermandovillers. The text of the statement reads:

"North of the Somme there was a violent artillery duel, but no infantry action. South of the Somme, in the afternoon we successfully renewed our offensive and carried several German trenches southeast of Belloy-en-Santerre.

"In the course of a vigorous infantry attack against the village of Berny-en-Santerre we carried the greater part of the village and advanced as far as the southern projection of the park. Between Vermandovillers and Chilly there was especially stubborn fighting. We carried the northern portion of Vermandovillers as far as the road running from the village to Estrees.

"Further to the south, in the region between Chaulnes and Chilly, we captured more trenches and pushed our first line as far as the outskirts of Chaulnes and along the railway between Chaulnes and Roye.

"The number of prisoners captured during the day seems large, but there is no definite information in yet. On the right bank of the Meuse (Verdun sector) the cannonade was intense, especially in the Vaux-Chapitre wood sector. On the rest of the front the day was comparatively quiet."

APPLE CROP SHOWS DECLINE OF 40 PER CENT THIS YEAR; HIGH GRADE FRUIT SCARCE

TORONTO, Sept. 6.—"The Ontario apple crop will not be over 60 per cent that of last year in volume, and we will not have over half the quantity of No. 1 and No. 2 fruit that we had in 1915," was the statement of Mr. Don J. Johnson, Dominion fruit commissioner, today.

"On the other hand, the northwestern states will have double the tonnage of a year ago, and the quality there is good. In the Annapolis Valley the volume of production will be about the same as a year ago, with quality better. Taking the continent over, production will be practically the same as in 1915. Transportation facilities to the British market will be somewhat better than last season, but rates will be high, $2 per barrel. The total cost of landing and selling in Britain may be put at 12 shillings per barrel. But the market over the water is correspondingly high."

MITCHELL AVIATOR SEVERELY INJURED IN 200-FOOT FALL

Capt. Warren K. Campbell Sustains Fractured Skull.

ACCIDENT AT BUFFALO

Parents Go To His Bedside —Had Served in England.

[Special to The Advertiser.]

STRATFORD, Sept. 6. — That Capt. Warren K. Campbell, formerly instructor at the British aviation school at Upavon, England, had been probably fatally injured, when his aeroplane fell 200 feet at the Curtis school at Buffalo, was the news which reached the city today and caused widespread regret. He had been testing a machine.

Capt. Campbell, who is a son of ex-Mayor and Mrs. F. A. Campbell of Mitchell, went overseas with the second contingent as a lieutenant in the Army Service Corps. However, on arrival in England he transferred to the Aviation Corps. His career as a birdman was brilliant, and although he was not permitted to cross to France, he rendered able service in training young aviators. His ability in this regard was appreciated by the British war office, and his work was attended with much success. However, while testing a new machine about 200 feet in the air, the engine failed and he fell to the ground, suffering severe injuries. When he recovered sufficiently he was sent to his home and received an enthusiastic reception on his arrival. After some months he went to Toronto as instructor and later to Buffalo.

Capt. Campbell was born in Mitchell about 23 years ago, and had lived almost all his life there. When he enlisted he was attending Toronto University. He is a young man of pleasing personality and fine physique. He is one of five sons, one, William, being a lieutenant in the 110th Battalion. Hugh is at Winona and Harry and Adair are at home.

Members of the family hurried to Buffalo today.

Theodore DeKruijss, a Harvard student, was with him. The injured men were taken to the Erie County Hospital. Capt. Campbell's condition is regarded as critical. His skull was fractured and several ribs broken. De Kruijss was not seriously hurt.

REVENTLOW SUPPRESSED UNTIL END OF WAR

Berlin Naval Expert Forbidden to Express His Views.

AMSTERDAM, Sept. 6, via London.—The Tages Zeitung of Berlin says that its naval expert, Count Ernst Von Reventlow, has been forbidden to publish anything of any kind for the duration of the war without submitting it to the censor and being provided with an imprimatur.

The newspaper adds that this is equivalent to silencing Count Von Reventlow, who, under such conditions, would have to express not his own opinion, but that of the censor.

GUARDIAN THINKS ALLIES LOSING U. S. SYMPATHY

Believes Blacklist Has Aroused Hostility of Americans.

[Canadian Press.]

London, Sept. 7, 10:20 a.m.—Commenting on the amendment to the revenue bill, passed by the United States Senate on Tuesday night, empowering the president to retaliate against interference with American commerce, the Manchester Guardian says that although those who see in it no more than a flourish having a special virtue on the eve of election may be right, "nevertheless, we should do well to note two things: First, these reprisals are directed against the Allies, and primarily against ourselves; second, they are popular in America."

The Guardian considers it is not generally realized here how strong a sentiment has been aroused throughout the United States by the blacklist policy and interference with mails, and asks "if the foreign office is convinced these practices of ours are so useful as to counter-balance the weakening of American sympathy they involve, or that they cannot be modified so as to meet American objections without impairing any utilities they may have for ourselves."

Berlin Painted Off Station Signs, Kitchener Put On

[Special to The Advertiser.]

KITCHENER, Ont., Sept. 6. — At midnight tonight the name "Berlin" was officially changed to "Kitchener" by order of the Grand Trunk Railroad headquarters, received here today.

All signboards at the local station were removed and will be repainted with the new name of the city.

CHARGED WITH DESERTION FROM AN OCEAN LINER

Six Members of Crew Said to Have Enlisted.

MONTREAL, Sept. 6.—Six members of the crew of the C. P. R. Ocean Line steamer Montfort are charged with desertion in enlisting in one of the Montreal battalions for overseas, and when they did not return to the ship today and could not be located, warrants for their arrest were obtained. It is claimed that as soon as the men came ashore a recruiting officer met them, and persuaded them to enlist. The captain of the Montfort says the six men were signed for the return voyage.

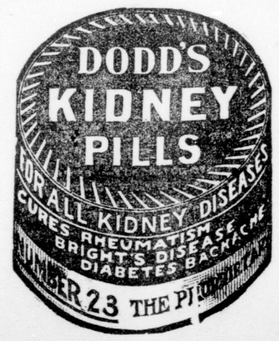

RAILWAYS WILL TEST THE ADAMSON LAW

Legal Staffs Working Out Plans for a Case.

CHICAGO, Sept. 6. — A blanket test case of the Adamson eight-hour law is planned by all of the railroads, according to statements today of G. Lathrop, general solicitor of the Atchison, Topeka and Santa Fe. Lathrop said the individual roads now have their legal staffs working out the details separately, will compare conclusions later on, and formulate a blanket test case for all roads at the same time.

FLIGHT OVER CANADA.

OTTAWA, Sept. 6.—The Curtis Company wants to fly a machine from the American side of the Great Lakes to Quebec. Airmen can operate in Canada only by permission at present and the Curtis Company has been given authority to fly a machine from the neighborhood of Buffalo to Toronto on to Camp Borden, to Ottawa, and thence to Valcartier, near Quebec.

STREET CARS OF NEW YORK IDLE; BIG STRIKE ON

Subway, Elevated and Surface Lines Affected.

POLICE EXPECT TROUBLE

Five Thousand Patrolmen Are Ready to Protect Property.

[Canadian Press.]

New York, Sept. 7.—A million or more residents of New York left their homes this morning not knowing whether they would ride to work or walk. The first test of the strike declared last night by the union employees of the elevated and subway railways, came with the morning rush hours on these main arteries of travel between the two ends of Manhattan Island.

If the carmen can carry out their threats to halt surface as well as subway and elevated traffic, New York faces the biggest and most vital strike in its history. The geographical formation of Manhattan Island—long and narrow—the wide distribution of population of the greater city and the concentration of the business, make New York peculiarly susceptible to any interruption of street car traffic.

Surface Lines Crippled.

When the workers of the city started for their places of employment today, the Amalgamated Association of Street and Electric Railway Employees which is conducting the strike, had been unable to tie up the subway and elevated lines, but had succeeded in crippling some of the most important surface lines. With the aid of nearly 3,000 strikebreakers and under police protection, the Interborough Rapid Transit Company was running its trains and subway and "L" almost on normal schedule. The strike of the Interborough employees has spread, however, to the carmen of the New York Railways Company, which operates all but two of the important surface lines in the boroughs of Manhattan and the Bronx. Lines in Brooklyn, in the system of the Brooklyn Rapid Transit Company, are thus far at peace.

18,000 Affected.

Approximately 18,000 employees are affected. The immediate cause of strike is the refusal of the Interborough Company to release the men from an agreement to seek no further improvement in working conditions for a period of two years after the advance in pay which the men received last month. Behind these demands, however, is a contest over the unionization of the street car workers of the city, among whom the Amalgamated Association has gained a strong footing only during the last few months.

The union employees of the Interborough Company voted to strike at 9:30 o'clock last night, and several thousand union men immediately scattered throughout the city.

Pelted With Brick Bats.

Little effect of the strike was noticeable during the night. One elevated train was pelted with brick bats, the passengers were taken off, and the train sent back empty to the terminal with a few broken windows. About midnight several hundred men, many of whom wore the uniform union button, crowded the subway entrance at the Grand Central station and induced all ticket choppers and platform guards to leave their jobs. The company quickly filled their places.

In response to the railway company's appeal for protection, five thousand policemen were released from patrol duty today and made available for strike duty. Two or three patrol men were placed on guard at every subway and elevated station, and two rode on every train. For the protection of motormen heavy wire screens were nailed to the exposed sides of the car vestibules. The Electric Service Commission has started a general investigation of the strike and subpoenaed the president and general manager of the Interborough Company and officers of the employees' union, to appear before the commission this morning.

TORONTO CLERGYMAN HONORED.

ZANESVILLE, Ohio, Sept. 6.—Rev. Dr. Coburn, D.D., of Toronto, was today elected stationed president of the Muskingum Conference of the Methodist Protestant Church in session here. Dr. E. D. Beck, of Columbus, the retiring president, was elected one year ago, as traveling president, but the conference decided to abolish this office and give the executive head of the organization a stationed office.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not elliminated day by day it quickly ferments and generates poisons, gases and toxins, which are absorbed or sucked into the blood stream through the lymph ducts, which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water, with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation, are assured of pronounced improvement in both health and appearance shortly.

How NUXATED IRON helped me to whip Frank Moran

JESS WILLARD tells secret of his easy victory. Also reveals hitherto untold secret of his great triumph over Jack Johnson: says iron is greatest of all strength builders

Ordinary Nuxated Iron will often increase the strength and endurance of delicate, nervous folks 200 per cent, in two weeks time.

SPECIAL NOTE.—Dr. B. Sauer, a well-known physician who has studied widely in both this country and Europe, has been specially employed to make a thorough investigation into the real secret of the great strength, power and endurance of Jess Willard, and the marvelous value of nuxated iron as a strength builder.

NEW YORK—Upon being interviewed at his apartment in the Colonial Hotel, Mr. Willard said: "Yes, I have a chemist with me to study the value of different foods and products as to their power to produce great strength and endurance, both of which are so necessary in the prize ring. On his recommendation I have often taken nuxated iron and I have particularly advocated the free use of iron by all those who wish to obtain great physical and mental power. Without it I am sure that I should never have been able to whip Jack Johnson so completely and easily as I did and while training for my fight with Frank Moran, I regularly took nuxated iron, and I am certain that it was a most important factor in my winning the fight so easily." Continuing, Dr. Sauer said: "Mr. Willard's case is only one of hundreds which I could cite from my own personal experience which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old, and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man—in fact, a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 30 he was in bad health; at 46 careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more or less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work, or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the affray, while many another has gone to inglorious defeat simply for the lack of iron.—E. Sauer, M.D.

NOTE.—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit $100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Standard Drug Limited, and all other drug gists.

JESS WILLARD AT HOME

Among all the prominent figures of the prize ring, probably none is so devoted to family life as Jess Willard. After each engagement the champion hurries to his wife and children and remains at their side until public demand forces him to leave for new encounters. Everything is done to bring up the "little Willards" with strong healthy bodies Mr. Willard accounts for his own success by saying:—

"I consider that plenty of iron in my blood is the secret of my great strength, power and endurance."

ITALIAN ADVANCES IN NORTHERN EPIRUS AROUSE THE GREEKS

Athens Says Steady Progress Is Being Made.

LONDON, Sept. 6.—A steady advance into the interior of Albania by Italian forces from Avlona is reported in an Exchange Telegraph dispatch from Athens. According to these advices the Italians are pushing forward in Northern Epirus, is establishing Greek authority and prohibiting the departure of prominent citizens from the regions occupied. The Italians also have begun to build roads and technical works.

Dispatches say inhabitants of this region are preparing a protest to send King Constantine and to Great Britain, France and Russia.

ITALIAN REPORT.

ROME, Sept. 6.—Via London.—An official statement issued today by the Italian war department says:

"On the whole front, bad weather prevails. The first snow already has fallen in the mountains.

"The enemy activity yesterday was reduced to some artillery actions, which were vigorously answered by our batteries. On the Upper Rio Felizon, in the valley of Boite, our troops extended their occupation on the western slope of the Punta Del Forame.

"In Albania on Monday a column composed of infantry, cavalry and artillery made another raid on the right bank of the Voyusa in the region north of Avlona. Our troops after debouching from the Cislick-Idris bridgehead, stormed and destroyed the enemy's positions between Samare and Frankuta.

"At the same time an Italian aerial squadron bombarded Fieri, headquarters of the enemy command.

"In the evening our column returned undisturbed to the left bank of the river, bringing some Austrian prisoners. One of our aeroplanes failed to return."

WAGE INCREASE GRANTED 4,500 GRAND TRUNK MEN

New Schedule Affects Operating Dept. Except Firemen and Engineers.

MONTREAL, Sept. 6.—The Grand Trunk Railway Company has granted an increase in wages of from 5 to 8 per cent all round to 4,500 employes, the new scale affecting all branches of the operating department, except the firemen and engineers. The agreement is signed for a year.

WAR HELPS FISHERIES

Hon. J. D. Hazen Says Industry In Canada Has Grown.

TORONTO, Sept. 6.—At the exhibition directors' luncheon today, Hon. J. D. Hazen, referring to Canadian fisheries, said that the fisheries of Great Britain have been reduced to less than one-third their pre-war production.

The fisheries of France have suffered to a great extent, but the industry of neutral European nations has been greatly stimulated, the fishermen receiving unheard of prices for their catches. This had resulted to the advantage of the industry here and has given an opportunity that previously did not exist in the way of exporting. Consequently the last year has been a banner one, the value of fisheries being $35,860,708, an increase of $4,596,077 over last year. The Ontario increase was over $500,000.

MONTREAL PAID $184,000 FOR LAND WORTH $40,000

Mayor Confesses He Knew Deal Was "Rotten"—Minute Book Altered.

MONTREAL, Sept. 6.—Alterations in the minute book which make it appear that the Drolet street deal, whereby the city paid $184,000 for property now valued at $40,000, was passed by a full board of controllers instead of by a meeting at which its two opponents were absent, were discovered this morning by the royal commission probing this purchase. It was Mayor Martin who announced on the witness stand that the minute book had been altered so as to make it appear that Controllers Ainey and McDonald voted for the deal, and so legalized the report to council, whereas they had not. The mayor confessed that he knew the "deal" was "rotten," but did not know why.

He said that former Controller Hebert was not telling the truth when he said that he (the mayor) was in league with him to pass the Drolet street report, and that it was understood that if he (the mayor) voted for the Drolet street expropriation, Hebert, in his turn would help the mayor to push through the sale of property in the north end for a market site.

Former Ald. N. Lapointe said he was a member of the city council, and he voted for the Drolet street deal. By voting for the purchase he assured himself of the support of his colleagues in the matter of an expropriation of Notre Dame street west. He described it as a sacrifice vote.

He told an alderman that he knew he was giving a bad vote.

CANADA'S REVENUE FOR FIVE MONTHS $84,000,000

[Canadian Press.]

Ottawa, Sept. 6.—Canada's revenue for the first five months of the fiscal year aggregates $84,000,000, as compared with $60,000,000 in the same period of last year.

Expenditures on ordinary public works is down by $2,000,000, and on capital account $500,000. Capital outlay on railways declined by $3,000,000. To this extent the heavier war and pension expenditure will be offset. The revenue is so far in favor of Hon. W. T. White's budget forecast.

EIGHT PARALYSIS CASES REPORTED SINCE SEPT. 1

Three of Them In St. Thomas—One Proves Fatal.

TORONTO, Sept. 6.—Since the beginning of the month eight cases of infantile paralysis have been reported to the provincial board of health, one proving fatal. There were three cases in St. Thomas, one in Windsor, one in Sarnia, one in Bennmiller, one in Port Arthur and one death.

ENGINEER MEETS DEATH

Instantly Killed When G. T. P. Train Leaves Track.

WINNIPEG, Sept. 6.—Engineer Chas. Moore of Transcona was instantly killed when the engine of passenger train No. 10, Grand Trunk Pacific from Winnipeg to Toronto left the tracks 125 miles east of Winnipeg last night. His body has not been found. Brakeman Barrett and Fireman Stewart were slightly injured.

No passenger coaches left the rails and no passengers were injured. Traffic was resumed this morning. Officials ascribe the accident to heavy rains, which undermined the tracks.

SUBS HAVE FAILED IS OFFICIAL VIEW OF PIRACY POLICY

Magnitude of Losses Has Reduced Effectiveness To Nil.

[Canadian Press.]

London, Sept. 7.—A wireless press message from Berne received yesterday says that disillusionment about submarine warfare is now complete in official circles in Germany. According to the information received here from Berlin, the imperial chancellor has pointed out the failure of subriarine warfare, not only at secret sittings of the Bundesrat, but to a considerable number of political leaders. Pan-German attacks and criticisms drove Von Bethmann-Hollweg to this course. Pan-Germanists accused him of slackness in abandoning unrestricted submarine warfare.

Definite information concerning the magnitude of Germany's losses in submarines now has been communicated to leaders of all parties, and groups in the Reichstag, to the principal Berlin editors, and to the Berlin correspondents of some of the leading provincial papers. Most recipients of this information, including many who were formerly advocates of unlimited submarine warfare, rallied to the chancellor's side and condemn his detractors, it is said.

"PENN" TO SPEND VAST SUM TO ENTER DETROIT

Great System Plans to Build Terminals at Michigan's Metropolis.

[Canadian Press.]

Pittsburg, Pa., Sept. 7.—Authorized announcement was made here today by the Pennsylvania railroad lines west of Pittsburg of their plan to enter Detroit, with an estimated expenditure of $40,000,000, in order to reach freight and passenger terminals there. The Pennsylvania lines will be extended from Toledo to a point near the Detroit City line, where connection will be made with the Pere Marquette Railroad, and that road's rails will be used to reach the Fort street station. The greater part of the millions to be expended will be used to build a belt road for freight purposes which will parallel the 50-mile line of the Detroit Terminal Railroad, owned jointly by the New York Central and the Grand Trunk, use of which, it is said, has been denied the Pennsylvania.

JAPS HONOR E. H. GARY.

TOKIO, Sept. 6.—The municipality of Tokio tonight gave a brilliant repection and dinner in honor of Elbert H. Gary of New York, and Mrs. Gary. Gijin Okuda, mayor of Tokio, presided at the dinner, which was attended by 500 notables, including members of the cabinet. During the dinner, Mr. Okuda proposed a toast to President Wilson, and George W. Guthrie, the American ambassador, proposed the health of the Emperor.

BIG FREIGHTER GOES ASHORE.

DULUTH, Sept. 6.—The steamer Masaba of Toronto went on Victoria Island while coming light out of Fort William on Sunday. No reports have been received here as to whether or not she has been released or the exact nature of the damage. The Masaba is a new vessel of the Welland Canal size, being built in 1913, of steel construction.

PROCLAMATION
Whereas, a request has been made to his worship the mayor to issue a proclamation calling upon the citizens to decorate and illuminate their places of business and otherwise during the Western Fair week, Sept. 8 to 16; and,

Whereas, it is considered a matter of importance to the citizens in general that the prayer of the petition be granted;

These will therefore take note that in compliance with the said petition I do hereby request all citizens to decorate their places of business as far as the same may be convenient and possible, during the week commencing Sept. 8 inst.

In witness whereof I have caused this proclamation to be made public this 4th day of September, A. D. 1916.
HUGH A. STEVENSON, Mayor.
Sept.5,7.

BACK TO NORMAL

Freight Traffic Here Again Down to Usual Proportions.

Freight traffic on both the G. T. R. and C. P. R. is again assuming normal proportions, and the extra quantity that had congested the sheds for the first few days of the week has been moved.

As a result of the raising of the embargoes and freight restrictions an excessive amount was released, and for a day or two taxed the hauling facilities of the roads to the utmost. The situation is gradually clearing, and by the end of the week normal conditions will exist. At this season of the year the roads usually have a larger amount of freight to handle than at any other period.

CITY BREVITIES

LAST INOCULATION.—Most of the men of the 160th Battalion are being given their third and last inoculation against typhoid fever today.

VICE-PRESIDENT IN CITY.—Vice-President George Bury of the C. P. R. passed through the city last night in his official car en route Montreal to Chicago.

WILL MEET TONIGHT.—A special meeting of the voluntary aid committee of the Returned Soldiers' commission, will be held at the city hall tonight. All returned soldiers are invited to attend.

DIED IN CALIFORNIA.—F. C. Tomb of 301 Central avenue received word yesterday that his sister, Miss Eliza J. Tomb, had died suddenly on Tuesday at Los Angeles, Cal.

BUILDING PERMITS.—Permits have been issued by Building Inspector A. M. Piper to J. M. Kearney for a story-and-half frame house on Cummins' Place, to cost $1,600, and to T. F. Kingsmill Jun for a garage on Albert street, costing $3,200.

SPECIAL MEETING.—A special meeting of the Lord Roberts Chapter, Imperial Order of Daughters of the Empire, is called for Friday at 2:30 o'clock in Cronyn Hall to discuss important business. All members have been urged by the regent to attend.

MRS. GRAHAM RECOVERING.—The condition of Mrs. (Rev.) Archibald Graham, wife of the chaplain of the 135th Battalion, who was injured in a fall at her home on Sunday evening, is reported as quite satisfactory. Absolute rest and quietness, the hospital authorities claim, will result in her recovery in a short time.

BACK FROM GUILD MEETING.—Chas. E. Wheeler and F. G. Killmaster attended the council meeting of the Canadian Guild of Organists at Toronto on Tuesday and Wednesday. The council, they report, was one of the most successful held, and the condition of the guild proved to be good in spite of the war.

WAS ST. JOHN'S CHOIR.—In the report of the North End Auxiliary of the Red Cross Society appearing on Wednesday, it was stated that the choir of St. James' Church was supporting two Canadian prisoners of war. This should have been credited to the choir of the Church of St. John the Evangelist.

NEW SUPERINTENDENT C. P. R. ARRIVES.—H. G. Smith, formerly district superintendent of the C. P. R. at Sudbury, has been transferred to London district, to replace Former Superintendent Thomas Collins, who has been transferred to Toronto. Superintendent Smith assumed the duties of his new office today.

FIRST OFFICIAL VISIT.—Right Wor. Bro. Dr. Ziegler, D. D. G. M. for London District, No. 3, paid his first official visit last evening to the Harrietsville Masonic Lodge. After the degree work was over, a banquet was provided at which speeches were delivered by Dr. Ziegler, S. Frank Glass, M. P., Thomas Baker, and Whit Lancaster, London, and others.

DEATHS AND FUNERALS

FUNERAL OF ABSALOM PETERS.

The funeral of Absalom Peters, who died on Tuesday, was held this afternoon from the undertaking parlors of Smith, Son & Clarke. The services were conducted by Rev. Louis Barber. Interment was made at Mount Pleasant Cemetery.

INFANT'S DEATH.

The death occurred Wednesday of John Edward Ings, the infant son of Charles E. S. Ings of 66 Jacqueline street, Chelsea Green. He had been ill but a short time.

The funeral will be held on Friday from the parents' residence to Woodland Cemetery.

MRS. (DR.) GRAHAM.

The death of Mrs. Isabelle Graham, wife of Dr. Angus Graham of 510 King street, occurred this morning at her residence. She was born in Thamesford and had lived in London for fifteen years.

The funeral will be held on Saturday afternoon at 2:30. The services will be conducted at her late residence, at 2 o'clock, by Rev. D. C. MacGregor of St. Andrew's Presbyterian Church. Interment will take place at Mt. Pleasant Cemetery.

TEACHERS ON ALERT

Are Watching for Symptoms of Infantile Paralysis.

No new cases of infantile paralysis have developed within the last 48 hours and no suspected cases have been reported. The teachers in all the city schools are using the greatest precautionary measures, and every effort will be made to detect any further cases that might develop before the disease should get beyond the primary stage.

tive part in the recent actions on the Somme front, says the French official statement. In air fights yesterday, two German machines were brought down by French pilots and four other German aeroplanes were forced to descend in a damaged condition. The text of the statement reporting the aeroplane activity says:

"Aviation: Our air service took an active part in the actions of the past few days on the Somme front, watching the movements of enemy infantry, carrying out bombardments in the rear of the German lines and attacking with machine guns troops on the march. Our machines, armed with guns, repeatedly bombarded the enemy trenches.

"During air fights which took place yesterday, two machines were brought down by our pilots. One fell in the direction of Gueudecourt, and the other in the neighborhood of Brie-en-Santerre. Four other German machines were forced to descend damaged."

HUN SOCIALISTS

ject will never be realized, not even though the war lasts thirty years. Prolongation of the war will only plunge us into deeper misery.

"The Berlin Post says: The recall of Von Falkenhayn is equivalent to an admission by Germany the defeat suffered at Verdun, an admission which comes more than six months after the beginning of this gigantic adventure. It was said that Falkenhayn would be fully justified in the sacrifice of half a million men if he could capture Verdun. He has lost the elite of the imperial army, and now Verdun represents a military defeat, the consequences of which are now seen in Northern France, in Russia, in the Trentino, and on the Isonzo. It further constitutes a moral defeat of which the reaction is at this moment felt severely in the Balkans."

CHURCHES READY TO GO TO HIGH COURTS OVER GARBAGE TAX

Appeal to Legislature Also Pending.

CALL BILLS INJUSTICE

Ministers Say City Wants Too Much Money for Service.

Unless exemption is given the churches from the garbage tax or taxation imposed on what, the churches say, should be a more reasonable basis, it is understood the question will be taken by the Ministerial Alliance of the city to a higher court than any local one. The city has backed Tax Collector George W. Hayes and City Solicitor Meredith has been instructed to take the case to the courts for the city.

Very Rev. Dean Davis, convener of the Ministerial Alliance committee appointed to take action in regard to the "garbage tax nuisance," stated that a meeting is to be called as soon as it is possible to get the committee together. The majority of the members have been holidaying, and up to noon today it had not been possible to locate them all.

Rev. W. R. McIntosh, who was convener of the committee last year, objects particularly to the "manifest injustice" of the rate of taxation in the case of the churches.

"The tax," he stated, "is fixed on a percentage basis on the value of the property. The tax imposed on such a church, say as St. Andrew's, is enormous, something like $120 for last year when eight or ten dollars would remove all the ashes and other refuse accumulated on the property in a year. The tax on St. Paul's Cathedral is still more, and, if I remember correctly, it is between $90 and $100 on the First Methodist Church.

This Is Only Taxing City.

"London is the only city in which the local or provincial authorities have not provided relief. We protested to both the tax board and the council last year, paying our taxes under protest. We expected our protests of last year would bring some results this year, but that seems too much to expect from London. It appears that the powers that be are determined to force through the matter and collect the tax from the churches.

"London evidently needs money and thinks the churches are in a position to pay it.

"When they have failed locally, churches in other cities have obtained relief through taking the question to the provincial legislature, and getting special legislation. If other cities can do this, why shouldn't we The point is, there is no getting at the Legislature until the time is past for paying in this year's taxes. The petition would have to be included in the city of London bill for presentation to the Legislature at next session.

Doing It Under Protest.

"In the meantime it looks as if we may be obliged to pay the tax, and the whole tax this year again—but under protest.

"When Dean Davis gets the committee together, some plan of action will be decided upon."

WATCHING RIVER FOR BODY OF MISSING WOMAN

Relatives of Miss Rose Smith Have No Trace of Her Since Her Disappearance.

The mysterious disappearance of Miss Rose Smith of 193 Clarence street yet remains unsolved, and no information has been learned regarding her since she left her home mysteriously a week ago last Saturday morning.

Relatives who believe that she has been drowned in the Thames at Springbank search the river in that neighborhood every day. If drowned, her body should have arisen to the surface by this time and for that reason a search is being made every day now along the river bank.

When last seen she was noticed by Engineer McCormick at the pumphouse, but since then no trace has been found.

Firemen dragged the river in the vicinity, but failed to locate or get any trace of the body.

TRIAL ON TODAY

Glencoe Burglary Suspects Appearing in Chatham.

The trial of Orville Ellis and Frank Smith, charged with burglary, is being held at Chatham today. The pair were arrested on informaton furnished by High Constable B. W. Watterworth, following the burglary of two stores at Glencoe two weeks ago, they having been suspected of the crime.

The county authorities here will take no action save in the event of the pair's acquittal at Chatham on the charges against them there.

In that case they will be held for the Middlesex police, who will lay a charge of burglary against them and will have them taken to Glencoe for trial.

IN POLICE COURT

One Per Minute.

Four drunks in police court this morning took exactly four minutes of Police Magistrate Judd's time to dispose of.

Anticipated Dry Spell.

J. H. stated that he had not been drunk for six months and thought he would like to enjoy the sensation just once more before prohibition became effective.

"Away you go, then," said the magistrate.

Pre-Enlistment Jag.

J. H., the second one, same initials but as much different from the first as he could possibly be, said he had decided to enlist, and had got "one farewell jag" before he joined the army.

Promising to get right into uniform he was released.

Back To the Farm.

R. B., who has been so busy all summer in the country that he, too, had kept away from the "booze" for some months, was told to get "back to the farm," which he promised to do.

"Just For Fun."

R. G. was the last on the list.

"What did you get drunk for?" asked his worship.

"Just for fun," replied the prisoner.

"A good excuse, of course, so I guess I might as well make a clean sweep this morning, so I'll let you go for this time, but don't come back again," said the magistrate, as he disposed of the fourth and last at the rate of one a minute.

CONFERENCE TO SETTLE AUDIT FOR COMMISSION

Duplication of Duties Seems Assured Without Settlement.

The question of appointing W. M. Dunlop, newly-appointed auditor for the city council, as auditor for the utilities commission, will be discussed shortly, although it is not likely to come up at the meeting of the commission this afternoon.

Chairman Philip Pocock is against the proposition, and will not support it.

The council will probably insist that the city auditor audit the books of the commission. The aldermen will insist, as is their right, that the books of the commission be audited by the city auditor. If the commission engages another auditor, the expense will be duplicated, and a considerable sum of money of the citizens wasted in unnecessary work.

Mr. Pocock is strong for ex-City Auditor Frank G. Jewell, and considers that he should be auditor both for the city and for the commission. However, the council has named another, and is equally as insistent that he do the whole work. There is the possibility of a conference to decide the matter.

RESISTS ARREST; BEATS UP OFFICER

Pte. Smuck of 135th Take at Home at Belmont.

Charged with absence without leave, and a further charge to be registered of resisting arrest, Colin Smuck, a member of the 135th Battalion, was brought into the city from Belmont today.

Smuck's home is at Belmont, and he had remained at his home because of his dislike to Camp Borden and conditions there. A military plain clothes policeman located Smuck and arranged to have an escort come from the city to take Smuck to military headquarters. As the escort failed to arrive, the officer in plainclothes took upon himself the responsibility of arresting Smuck.

Smuck, it is alleged, resisted arrest, and in the melee that followed, the officer got his face somewhat disfigured.

Smuck was finally arrested and was brought into the city, arriving here in company of the officer about 3 o'clock this afternoon.

SUMMER HEAT TODAY

Temperature of 89.5 Degrees Registered at South London Observatory.

The weather prophet who, some weeks ago, predicted that September would be a "hot" month, can say now: "I told you so," with no chance of anybody contradicting.

Today at 2 o'clock the temperature registered officially at the South London Observatory was 89.5 degrees.

Accompanied by an excessiev degree of humidity, the effects were felt by citizens every bit as much as the torrid weather of July and August.

Palm Beach suits, diaphanous dresses, and sunburned straw hats were again resurrected for the "hot spell."

The predictions for tonight are cooler.

Last year during Fair week about the same temperature as today prevailed, but a temperature between 85 and 90 is nothing unusual for the first week of September.

DISCUSS WATER SUPPLY

Utilities Commissioners Dealing With This Today.

The utilities commission will discuss the question of an additional water supply this afternoon.

There will be reports submitted, and considerable information will be given the commission as to the output of the Macgregor wells, their purity, etc.

Driller Harvey will request the board to supply him with a drilling outfit. He has been unable to secure one, and until he does, no work will be done.

BUYS NEW BUILDING

Middlesex Mills Taking Over Dominion Office Plant.

The Middlesex Mills Company has purchased the Dominion Office and Supply Company's building in East London and will take possession at once. The new firm have been operating in the Leach building on Colborne street, with 40 looms, but additional premises were needed.

The deal was consummated by Albert Mitchell this week. The plant of the company will be much enlarged.

SEEKS POSSESSION OF BOY AFTER TEN YEARS

V. Dupuis Asks Aid of Chatham Police to Regain Son.

[Special to The Advertiser.]

CHATHAM, Sept. 6.—The varied experiences of Eugene, the 11-year-old son of Victor Dupuis of Los Angeles, are told in a lengthy letter received by the Chatham police from the father who is anxious to obtain possession of his boy after being separated from him since the latter was a year old.

A year after his birth the boy's parents separated and were later divorced. The boy was placed in the care of foster parents, who also were subsequently separated. Until a few months ago he was cared for by his grandmother. On her death he became the ward of Dupuis' brother. Later the lad was placed in the care of Thomas Campbell of Paincourt, near this city.

The letter requests the Chatham police to hand him over to the Detroit authorities. Dupuis has no money and he is looking to them to pay the boy's transportation west. In accordance with the father's request Campbell took the boy to Detroit, but knowing Dupuis' record, the Detroit police have ordered Campbell to take care of him.

Mr. Campbell has now placed the lad in the care of Mrs. Bechard, of Paincourt, with whom he is perfectly contended.

BRANTFORD MAN IS DEPORTED FROM TOLEDO

Charge of Non-Support Laid Against Arthur Barber.

WINDSOR, Sept. 6.—Arthur Barber of Brantford, who was arrested in Toledo, Ohio, on a charge of non-support and deported from Detroit Tuesday, was turned over to the Brantford police today. It is charged that he left his wife and three children destitute for several months.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

The attendance at the local market today was somewhat reduced by the threatening weather. Produce was fairly plentiful, but prices remained firm in nearly every case. Both old and new oats were scarce. Sales of old oats were made at $1.80 to $1.90 a cwt. New oats sold for $1.50 to $1.65 a cwt., and 65c to 75c a bushel. Barley was steady at $1.35 a cwt. Although wheat has commenced to ascend slowly on the bigger markets, there was no change in the price here. It remained steady at $1.80 to $2 a cwt., and $1.08 to $1.20 a bushel.

Potatoes were scarce, and found a ready market at $1.65 to $2.25 a bushel. Tomatoes, although plentiful, maintained their high price, selling at 30c and 40c a basket. A few dealers asked 45c a basket. The market, however, was slow, as they are scheduled for a drop soon if favorable weather continues. Cabbage were sold at 50c to 80c a dozen, and green onions brought 40c. Carrots were steady at 30c, as was green corn at 10c to 15c a dozen. Apples were scarcer, and the market for them slower. However, they remained at 50c to 80c a bushel. Canteloupes are beginning to come in more plentifully. The crop, however, is reported as small. They sold from 90c a dozen to $2.50 a dozen. Plums were steady at 30c to 70c, but pears were more plentiful and were slightly cheaper at $1 to $1.40 a bushel. Peaches, too, were slightly cheaper, at 50c to 80c a basket.

Hay was plentiful, and brought from $12 to $14 a ton, straw being steady at $8 to $8.50. Butter was firm, although beginning to come in a little more plentifully. Eggs were firm. Honey maintained its opening price, selling at 15c a pound, retail, and 12½c a pound, wholesale. Poultry was steady, the market being fairly brisk.

Live hogs jumped a little, sales being made at $11 to $11.25. Fat sows were steady at $8.50, while small pigs brought $11 to $16. Dressed hogs were steady at $15.50. Hides and wool were steady.

GRAIN.

Winnipeg, Sept. 6.—Wheat closed today 1⅛c higher all around. Oats were up ⅜c for October and December. Barley was unchanged. Flax finished ⅛c up for October, ¾c higher for November, and unchanged for December.

The market closed quietly after a dull session. Wheat acted heavy in the morning, and was gradually working lower when the news came that Broomhall had reduced the estimate of the exportable surplus of North America by eight million bushels. The general trade was of a scalping character.

The cash market was 9c over October, paid for No. 1 northern. The demand was only fair, but there was no wheat offered.

Cash grain: Wheat—No. 1 northern, $1.64¾; No. 2 northern, $1.62¾; No. 3 northern, $1.57¼; No. 4, $1.49¾; No. 5, $1.42¾.

Oats—No. 2 Canadian western, 51⅝c; No. 3 Canadian western, 50⅝c; extra No. 1 feed, 50⅝c; No. 1 feed, 50⅛c; No. 2 feed, 49⅞c.

Barley—No. 3, 86c; No. 4, 83c; rejected, 76½c; feed, 76½c.

Flax—No. 1 N. W. C., $1.84; No. 2 Canadian western, $1.81.

Chicago, Sept. 7.—Reports that Greece had joined the Anglo-French allies put wheat under selling pressure today and caused a weakening of prices. In this connection, the bears gave emphasis to announcements that there was sufficient tonnage in the Black Sea to move 20,000,000 bushels, and that the available surplus which could move if the Dardanelles were open would aggregate 400,000,000 bushels.

Opening quotations here, which ranged from 1@1¾c lower, with December at $1 52½@1 53, and May at $1 53¾@1 54, were followed by a substantial further decline.

Liverpool, Sept. 7.—Wheat—Spot was steady; No. 2 red western winter, 14s 10d.

Corn—Spot quiet; American mixed, new, 10s 6½d.

FLOUR.

Liverpool, Sept. 7.—Flour—Winter patents, 47s.

The proportion of the bank's reserve to liability this week is 23.86 per cent; last week it was 24.91 per cent. Rate of discount, 6 per cent.

LONDON STOCK EXCHANGE.

London, Sept. 7.—Money was in better supply and discount rates were steady today.

The stock market had a good tone. Quite a number of investment orders in Consols, the war loan and Indian and other first-class bonds found supplies scarce, and prices depreciated steadily. Gold mines were well absorbed, especially Modderfonteins, while rubber, iron and steel shares and Japanese bonds were firmer. American securities were cheerful under the lead of United States Steel. The closing was steady.

Closing prices were:

WALL STREET.

New York, Sept. 7—Wall Street, 10:30 a.m.—Substantial recoveries from yesterday's late heaviness were registered by important stocks at today's opening. United States Steel's first offering was a block of 8,500 shares at an extreme gain of half a point, but Marine preferred, Reading, Crucible and Lackawanna Steels, Beet Sugar and Mexican Petroleum were higher by 1 to 2 points. American Can, American Car, Colorado Fuel, Republic Steel, General Electric and Coppers also rose material fractions. There were sharp reactions before the end of the first halff hour, Marines and Kelly-Springfield Tire being subjected to marked pressure, while Reading rose almost 3 points over yesterday's closing

Noon.—Liquidation of weak bull accounts occurred in the first hour, when the selling of Marines, Kelly-Springfield and other specialties caused general recessions. There was one notable exception, however, Reading running counter to the entire list on its steady rise to 109½, the highest quotation in months. Reading's advance exercised a reassuring effect elsewhere, especially in rails, which assumed leadership of the market. Union Pacific and the more prominent trunk lines were 1 to 2 points higher. A feverish undertone prevailed at noon. Bonds were steady, excpt for weakness in Rock Island debentures.

NEW YORK COTTON

[Reported by Thomson & McKinnon.]

New York, Sept. 6.

As was to be expected our market was filled with selling orders at the opening partly for hedge account but mostly for local traders playing the short side. The bears are trying to create the impression that prices should decline because the farmer is willing to sell early cotton The fact to take into consideration is a short crop, and unless spinners buy when the farmer offers his first cotton they will probably have to pay 20c or higher for the last half of this crop which he is almost certain to hold for a price not less than 20c. Traders are expecting hedge selling to offset trade buying. In this we think they will be disappointed. We advise buying on all dips as today.

GRAND TRUNK REVISES SCHEDULE OF WAGES FOR ALL TRAINMEN

Increase for Conductors, Baggagemen, Brakemen, and Yardmen.

[Canadian Press.]

Montreal, Sept. 7.—The Grand Trunk Railway System has made a revision in the rates of pay for conductors, baggagemen, brakemen and yardmen in the company's employ. These increases will mean an addition to the railway's payroll of about $500,000 per year, and will be effective from Sept. 1, 1916. The principal increases granted are as follows:

Conductors, new rate, 2.90 cents per mile; old rate, 2.68 cents.

Baggagemen, 1.65; old rate, 1.55.

Brakemen, 1.60; old rate, 1.50.

Minimum Allowances.

Minimum allowances for passenger trainmen for each day:

Conductors, new rate, 155 miles, or $4.50 per day; old rate, 157 miles or $4.20 per day.

Baggagemen, 155 miles, or $2.75 per day; old rate, 177 miles, or $2.70 per day.

Brakemen, 155 miles, or $2.55 per day; old rate, 170 miles, or $2.55 per day. Exclusive of overtime.

Overtime Schedule.

Regularly assigned passenger trainmen who are ready for service the entire month, and who do not lay off of their own accord, shall receive the following minimum sums, including overtime earned, if any, for the calendar month:

Conductors, new rate, $135; old rate, $125.

Baggagemen, $82.50; old rate, $75.

Brakemen, $76.50; old rate, $70.

Overtime shall be computed for each employee on the basis of the actual overtime worked or held for duty at the following rates:

Conductors, 45 cents per hour instead of 42 cents; baggagemen, 27.5 cents per hour instead of 25 cents; brakemen, 25.5 cents per hour instead of 24 cents.

Freight Service.

The pay in through and irregular freight train service shall be: Conductors, 4 cents per mile instead of 3.63 cents per mile, brakemen, 2.67 cents instead of 2.42 cents.

The pay in way freight service shall be: Conductors, 4.50 cents per mile instead of 3.95 cents per mile; brakemen, 3 cents instead of 2.70 cents.

On branch-line mixed train service the maximum rates of pay have been increased, while increases have also been made in the rates of pay in train and yard service.

B. C. SOLDIERS AT FRONT WILL VOTE IN ELECTIONS

Men in Trenches to Cast Ballot in Provincial Contest.

[Canadian Press.]

Vancouver, Sept. 7.—Events are moving rapidly as the day of election draws near. Both Liberals and Conservatives are straining every nerve. Premier Bowser has been stumping the country from one end to the other, and is now on the lower main line, where he will remain till the end of the campaign. Last night he spoke in New Westminster opera house. The Liberals at the same time were combing this city, giving an account of their recent tour through the province.

The premier's first appearance in the Royal City was the signal for the opening of the campaign on the banks of the Fraser. Messrs. Brewster and McDonald will keep on the premier's trail in the city next Saturday. Voting takes place September 14. At last night's Conservative meeting in Westminster Premier Bowser reviewed the legislation for the past session, and treated with contempt the suggestion that the Conservatives have had any connection with plugging.

Bowser announced that he had received a cable from Sir Richard McBride stating that the army council had agreed to allow the soldiers in the trenches to vote.

S.S. TORRIDGE SUNK.

[Canadian Press.]

Plymouth, Eng., Sept. 7—2:50 p.m.—The British steamship Torridge of 5,036 tons gross has been sunk. Nineteen members of the crew have been landed. No news has been received of the other sailors making up the crew.

The Torridge was 392 feet long with a beam of 52 feet. She was built at Sunderland in 1912, and owned by the Tatem Steam Navigation Company of Cardiff.

N. P. AVERTS STRIKE.

ST. PAUL, Sept. 6.—Telegraphers employed by the Northern Pacific Railroad were today awarded increases in pay, shorter hours, and improved working conditions, in settlement of their demands on the road, thus averting a threatened strike.

Your Child's Eyes---
Do They Need Help?
Though we sympathize with the child who is compelled to resort to glasses, yet, if the eyes need them, it is wrong to deprive them of this comfort. If your child evinces a desire to avoid study, complains of headaches or drowsiness, it may be due to imperfect refraction of the eyes. At all events, don't be in doubt about this, but have us make a careful examination.

OR. C. E. JARVIS WAS ELECTED PRESIDENT

The Canadian Institute of Homeopathy, which was organized nearly fifty years ago in this city, met this week in Hamilton. Drs. Cl. T. Campbell and C. E. Jarvis attended from London. During the sessions infantile paralysis was discussed. The members expressed the same confidence in its successful treatment as in other epidemic ailments. Dr. Hinsdale, dean of Homeopathic College, Ann Arbor, while delivering an able address on the "Status of Homeopathic Institutions Throughout the World" informed the institute that one of their professors was at present in New York conducting an investigation as to the comparative results of treatments with and without homeopathic medicines. His report will be available about November next.

The officers elected for the ensuing year were: President, Dr. C. E. Jarvis, re-elected; vice-president, Dr. McLaren, Ottawa; secretary-treasurer, Dr. McFaren, Toronto. These officers constituted the executive and the time and place of next meeting will be arranged by them.

BALANCE OF $400 AFTER CELEBRATION HELD ON LABOR DAY

Trades Council Is Well Pleased With Work Done.

PROTEST RE TUG-OF-WAR

McClary Team Claims It Won the Cup by Default.

At the meeting of the trades and labor council last evening reports were submitted by the different committees, showing that total receipts of the Labor Day celebration were $564.32.

About $150 will be required for expenses, leaving a balance of over $400 cleared from the picnic.

Financially, the celebration was the best in years, and the members of the council are pleased as a result.

Of the amount paid out $78 was expended for music for the day.

Argument Over Cup.

A long discussion in which practically everyone present had something to say, arose over the cup awarded the lightweight tug-of-war team from the G. T. R. machine shop.

McClary's team captained by F. McPhail, sent a letter of protest claiming that the cup should go to their team by default because they claimed the G. T. R. team had failed to enter their team before August 28.

Explanations were made by several of the members that the time had been extended until Labor Day because no entries had been made before.

Arguments continued to arise on the question until it seemed there would be an all night session.

Acting President Hessell cut the discussion short by saying that surely the trades and labor council had more important matters to discuss, if not, they better quit and go home.

Left to Committee.

A motion was then made to leave the matter to the committee to deal with at its Monday night meeting.

Delegate Masters from the cigarmakers' union, reported progress in the strike, and further stated that it was expected everything would be cleared up within a few days.

Letters from William Gray, M. P., Frank Glass, M. P., and T. W. Crothers, M. P., giving information concerning the alien labor law and the importation of foreign labor, were read.

A vote of thanks was passed by the council for the information, and letters to that effect will be sent to the members at Ottawa.

Urge Air Brakes.

Delegate Buchanan suggested that a resolution be adopted by the council urging that the London street railway be compelled to install air brakes on all street cars, or procure new cars so equipped.

He made the suggestion in view of the number of accidents that he claimed could be prevented were air brakes used. He referred to the recent collision at the corner of William and Dundas streets as an example.

Delegate Hessell thought the wisest course to adopt would be to instruct the delegates to the trades and labor congress to that effect, and to ask that the congress send the resolution on to the railway commission, who would have power to enforce the equipment. However, the matter was left for further discussion at a later meeting.

ANOTHER POPULAR SALE.
Another one of the successful one-cent sales inaugurated by the Standard Drug Stores some time ago, will be put on again, starting Friday, according to an announcement made on page three of this issue.

GOOD SPEED EVENTS AT INGERSOLL FAIR

Arrangements for Two-Day Event Are Completed.

[Special to The Advertiser.]

INGERSOLL, Sept. 6.—Arrangements are well under way for the Ingersoll fair to be held on Monday and Tuesday, Oct. 2 and 3. The society has engaged the Marconi Club band of London for the afternoon of the second day, and fair visitors are assured an excellent musical program. There will be an attractive card of speed events, while in most of the classes liberal prizes are being offered, including specials for dairy herds and light and heavy horses.

Limit Horse-Tieing.

A resolution was passed by the council, at which three of the members were absent, instructing the town clerk to prepare a bylaw to amend the traffic bylaw by limiting the tieing of horses to ten minutes. It is suggested that the merchants provide weights to which the horses are to be tied.

CLASS OF "MODELITES" LARGEST IN YEARS

Clinton School Has Thirty In Attendance—Total Scholars Over 300.

[Special to The Advertiser.]

CLINTON, Sept. 6.—Clinton schools got off to a good start yesterday, the collegiate institute opening with an attendance of about two hundred, and six teachers in charge.

The model school started with an attendance of over three hundred, and the class of modelites has grown until it has now reached thirty, which is the largest for some years.

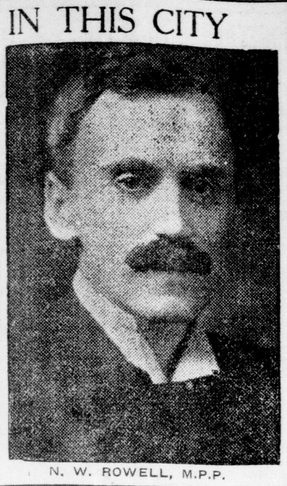

LEG WAS HURT.

Joseph Rock, an Italian laborer, residing at 472 Talbot street, was struck by a road roller last evening, and had his leg badly crushed. He was taken to Victoria Hospital, and an X-ray will be taken to discover if any bones are broken.

WILL SPEAK IN THIS CITY

SIR WILFRID LAURIER.

N. W. ROWELL, M.P.P.

LAURIER, NORRIS AND ROWELL TO SPEAK IN THIS CITY AT LIBERAL CLUB CONVENTION

Federal, Manitoba and Ontario Party Leaders Will Be Here On September 27 for Rally at Hyman Hall and a Banquet at Winter Garden.

Sir Wilfrid Laurier, Premier Norris of Manitoba, and Mr. N. W. Rowell, K.C., M.P.P., leader of the Ontario Opposition, are all to speak at a Liberal meeting in London on the evening of September 27. This will be not only the largest political gathering in London in many years, if not in its history, but it will also be perhaps the most important in Canada in the last decade.

Sir Wilfrid is expected to make a pronouncement of a history-making nature, and all Canada will await with interest what he will have to say on this occasion.

Mr. Rowell Back From Europe.

Mr. Rowell will make his first public appearance after his return from Europe, where he has been making a special study of conditions, with a view to many phases of social reform that will face the people of Canada after the war. His speech will be of additional interest since it will be his first public utterance after the three Government-smashing by-elections.

The prime minister of Manitoba is not so familiar to the people of Ontario, but the Liberals especially are keenly interested in the man who led the popular revolt against Manitoba graft. His progressive legislation has also placed him in the public eye, and both he and Mr. Rowell may make declarations of policy that will add to the very great importance of this gathering.

Convention of Liberal Clubs.

The occasion of the bringing together of these eminent Canadians at one meeting in London is the annual convention of the Ontario Federation of Liberal Clubs, which for the first time is meeting outside the city of Toronto. The business meeting of the delegates will be held in the afternoon at Hyman Hall, which, it is expected, will be taxed to its capacity. It is usual to conclude the day's meeting with a banquet, and when the convention has been held in Toronto the attendance at the banquet has been limited to the capacity of the Ontario Club.

Function at Winter Garden.

In London the intention is to provide accommodation to as many others, not members of Liberal clubs, as possible, and to this end the London Liberal Club has secured the Princess Winter Garden, where upwards of 700 may be banqueted.

The invitation to the Ontario Federation was extended at the last annual meeting in Toronto, and the executive, which is composed of members in various parts of Ontario, have been co-operating with the London Liberal Club in making the arrangements for this meeting and banquet. They will be presided over by President Conant of Oshawa, and the list of speakers will include the Dominion candidate of the London Liberals, Mr. George S. Gibbons, and other prominent Ontario men.

Large Attendance Expected.

Committees have been at work for several days in regard to banquet arrangements, reception of visitors, transportation, decorations and other matters, and at a largely-attended meeting at Hyman Hall last evening considerable progress was reported. It is expected that special reduced fares will be obtained from the railways, and already several outside places are calculating upon running excursions to London. It is hoped by the general committee to make a complete announcement as to the details for the great banquet early next week.

FINGERS BADLY CUT.

Albert Robinson, employed at McClary's, was taken to Victoria Hospital last night with his fingers badly cut as a result of being caught in some machinery. It is expected that all the digits will be saved.

Don't Spoil Your Hair By Washing It
When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.
The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.
Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advt.

SUMMER COMPLAINT
Was So Bad
HE COULD NOT WORK
DR. FOWLER'S
Extract of Wild Strawberry
Cured Him.
Mr. Stephen H. Shaw, Fairmount, Sask., writes: "I have used Dr. Fowler's Extract of Wild Strawberry, and must say it is a fine medicine for summer complaint. We have so much alkali water here in the west that last harvest time I had summer complaint, and became so weak I could not work. I was advised to try 'Dr. Fowler's,' so got a bottle, and in a few days I was as well as ever.'
"Dr. Fowler's" is the original "Wild Strawberry." It has been on the market for the past 70 years.
There are a number of preparations on the market today, claiming the same curative powers, called similar names, and trying to trade on the reputation of this wonderful bowel remedy.
There is nothing can take the place of "DR. FOWLER'S."
There is nothing "Just as Good."
Insist on getting it when you ask for it.
The price at all dealers is 35c per bottle. Manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

LOCAL DRUGGISTS WANT DISPENSARY TO HANDLE LIQUOR

Telegram Sent to Hon. W. J. Hanna After Conference.

PROTESTS POURING IN

Too Many Restrictions and Regulations in New Act.

A lettergram was sent to Hon. W. J. Hanna, provincial secretary, by the Retail Druggists' Association of the city last night, asking that certain clauses of the temperance act as it pertains to druggists, be made more explicit in its reading.

The questions that the provincial secretary will be asked to answer are those relative to the sale of alcohol as used in "home or family prescriptions," and other technical points on which the druggists are not quite clear.

Want a Dispenser.

The lettergram was sent as a result of a conference of the city druggists yesterday afternoon, when the new act was discussed from every angle.

The consensus of opinion seemed to be that the druggists did not want to handle liquor under any consideration, and would be well pleased to have the traffic handled entirely by a Government dispensary.

The Government dispensary idea, they believed, would eliminate to a great extent the difficulties that they maintain are bound to arise under the new act.

They also protest against the added restrictions, and believe that the Government should assume the responsibility of handling the liquor and not put it on the shoulders of the druggists.

It is believed that the Ontario Government will make certain concessions yet that will facilitate matters as far as the druggists are concerned.

Protests Pour In.

Protests are being sent in by druggists all over the province asking that certain sections of the act be modified.

One section particularly to which the druggists object is that clause which makes it necessary to account for every ounce.

The matter of accounting for every ounce, they claim, is beyond their power, because wastage and evaporation alone are two factors to take into consideration that would mean ounces lost, for which they could not account.

The filling of "family recipes" particularly those that call for bay rum, etc., is a question that they claim that is not placed before them in a reasonable light, and they ask an amendment to this section.

A reply from the provincial secretary is expected today.

HURON PATRIOTIC WOMEN CONSOLIDATE SOCIETIES

Mrs. (Rev.) Hamilton of Goderich, President of New Organization.

[Special to The Advertiser.]

CLINTON, Sept. 6.—Representatives from the various women's patriotic societies of Huron met here on Labor Day, and formed an association whereby the work of these societies will be consolidated. Clinton was made the receiving centre for the county, and all the work will be inspected and reshipped from here to the Red Cross and hospital headquarters.

Mrs. (Rev.) Hamilton of Goderich was appointed president; Mrs. S. Fitton of Exeter, corresponding secretary; Miss Consitt of Hensall, recording secretary; Mrs. Brown and Mrs. Finlayson of Seaforth, treasurer and assistant-treasurer, and all presidents of local societies are vice-presidents.

There was a good representation of the ladies present, and the meeting was held in the Wesley Methodist Church.
