SEVEN THOUSAND ARMENIANS MASSACRED

TURKS AND KURDS ARE KILLING THOUSANDS OF ARMENIANS IN NEW ATTACK IN ASIA MINOR

Mustapha Kemal Is Leading Troops in Slaughter Against Helpless Christian People—Assistance Is Required in Order To Prevent Extermination of 150,000 People.

Washington, D. C., Feb. 17.—Seven thousand Armenians have been massacred in Cilicia in a new attack by Mustapha Kemal, in charge of Turkish and Kurdish troops. The attack is still in progress, according to advices received here by the Armenian National Union through official channels. The report, signed by the acting Armenian Archbishop of Smyrna and the president of the Armenian colony of Greece, states that the foes of the Armenians numbered 50,000 men, who have advanced to Bahce and threaten to spread a reign of terror through the entire district.

3 TORONTO YOUTHS REMANDED TO BASTILE

White Record Is Looked Up by Police.

ONE CARRIES REVOLVER

Also Mask and Quantity of Cartridges—Walked To Hamilton.

Three 16-year-old youths from Toronto decided that life in the Queen City was not all that youth desired, and started out for London last Thursday. They arrived broke, and after looking over the Forest City with a rickety to their names they decided that London was properly named, and were about to go back to their homes. But Special Officer Ernest Black of the G. T. R. couldn't see things that way and brought them to the police station, where they appeared before Acting Magistrate P. H. Bartlett today.

SALARY OF OTTAWA'S MAYOR IS INCREASED

Four Controllers in Capital To Receive the Maximum Under Act.

Ottawa, Feb. 17.—The city council last night, on the initiative of the aldermen, decided to increase the salary of the mayor from \$4,000 to \$6,000, and the limit allowed by the municipal act, \$2,500. The aldermen get \$300 per year, the amount being limited by the act. It is intimated that the board of control may reciprocate by asking legislation to permit a higher sum being paid to aldermen. Council also unanimously approved of application to the Ontario Legislature for a municipal optional representative representation act for municipal elections. Consideration of the proposal to purchase the street railway system was deferred to a special meeting.

RUSSIAN GOVERNMENT SEEKING DAMAGES FROM LEHIGH VALLEY RAILROAD

Claim Is Made as Result of Explosion of Munitions.

New York, Feb. 17.—The former Russian imperial government is still a legal entity, according to a suit brought here in its name against the Lehigh Valley Railroad Company seeking damages of a million and a half dollars for the loss of munitions and war supplies in the Big Tom Island explosion in 1918. Negligence on the part of the railroad company is alleged.

GREATEST OF INDIAN SNIPERS FROZEN TO DEATH ON RESERVE

George Stonefish of Moraviantown Dies Near His Home.

OVERSEAS THREE YEARS CREDITED WITH SENDING MANY A HUN "WEST" DURING HIS SERVICE.

Moraviantown, Feb. 17.—George Stonefish, Canada's most noted Indian sniper for three years in France, was found to have died last night near his home on the reserve. Stonefish's dead body was discovered by neighbors, and the belief is that he was overcome in his exertions in wading through the huge drifts near his home. Stonefish was the first Indian to enlist after the outbreak of war, joining the Canadian army on August 6, 1914. In his capacity as a sniper he is credited with having killed hundreds of Germans, but himself came through three years of service without a wound. He was invalided home in November, 1917. His homecoming was made the event of the greatest celebration that the Indian reserve has ever known.

Prisoners Will Be Forced To Witness Murderer's Execution

Chicago, Feb. 17.—Prisoners in the Cook County jail will be permitted to witness execution, despite protests by women's organizations, public officials and others. Sheriff Peters announced today that Jack O'Brien will be hanged on Friday for the murder of a policeman, and the prisoners in surrounding cells will look on the sheriff said.

NUMBER OF VETERANS OUT OF EMPLOYMENT SLOWLY DECREASING

133,925 Returned Men Have Been Placed in Positions.

Ottawa, Feb. 17.—Labor conditions throughout Canada are improving in spite of the ex-service man's problem. Reports of the information and service branch of the department of soldiers' civil re-employment show a reduction in the number of unemployed ex-soldiers report that while 30,598 certificates or renewals under the federal act were issued in 1919, 15,215, or less than 43 per cent. To date 133,925 placements in employment have been recorded by the information and service branch of the department of soldiers' civil re-employment.

FORMER PREMIER OF FRANCE ON TRIAL

Joseph Caillaux Charged With Conspiracy Against His Country.

Paris, Feb. 17.—Joseph Caillaux, former premier of France, was placed on trial today before the Senate, sitting as a high court of justice, charged with conspiracy against his country in time of war. There was a large attendance, very few of the senators being absent. M. Caillaux, immaculately attired, his clothing obviously new, seemed in the best of health. He wore a slightly bored look while listening to the reading of the warrant, which formally opened the trial.

SIR WILFRID LAURIER DIED YAG TODAY

Requiem Mass for Repose of His Soul Is Celebrated.

Ottawa, Feb. 17.—Today is the first anniversary of the death of Sir Wilfrid Laurier. Requiem mass for the repose of his soul was celebrated in the presence of many people at Sacred Heart Church. Bishop Gauthier was the celebrant, assisted by Mgr. Rouhier, Perreault, and Mgr. Gauthier.

HOLLAND WILL REPEAT REFUSAL TO SURRENDER EX-KAISER; WILL AGREE TO KEEP HIM INTERNED

The Hague, Feb. 17.—Holland will answer the second note sent by the Entente with regard to the status of former Emperor William by reiterating her original position, refusing to surrender the ex-ruhr, but acquiescing in the request to guard him closely, it was declared here today.

STORM PARALYZES TRAFFIC ON BRANCH LINES OF RAILROADS

Western Ontario Completely Blocked by King Winter—May Be No Trains Before Thursday on Branches.

The storm which started last night and continued this afternoon seriously affected railway traffic throughout Western Ontario. Eight railroad lines in the London division are completely blocked today and with plows working to make a pathway through the huge drifts today, officials of the Grand Trunk and C. P. R. hoped to restore traffic by tomorrow. Unless the storm abates this afternoon, however, there is little hope of passenger trains being run before Thursday.

LEGAL ACTION TO BE TAKEN AGAINST PRICE BROTHERS.

SNOWBOUND SCREEN STARS ARRIVE HERE IN "SNOW" LIMOS

Seven Stage Beauties Make London With Much Impedimenta After Various Thrilling Adventures On the "Choo-Choo" Cars.

At exactly 2:15 this morning a special electric car from St. Thomas pulled into the station and emitted seven famous stars of the stage and screen, accompanied by eight maids, mothers, chaperones, etc., and 23 pieces of baggage. It was the long-expected delegation of photoplay stars which had been on the way since 6 o'clock Sunday night, bumping snowdrifts in Northern New York and Canada, on the way to the opening of Loew's "Snow" at the Regent Theatre.

The sunrise was completely eclipsed by this brilliant galaxy of stars. Dorinda, who brought the Hawaiian dance to America, and is probably the best barefoot dancer in the world, was the first to step off the car. She was followed by June Caprice, a William Fox star, June Evidge, the chief attraction of the New York Winter Garden for five years and for the past five years head of her own picture company. She was the creator of the "Vampire" role on the screen, and is said to possess the finest physique of any of the film favorites.

Juvenile Section.

Jane and Cathryn Lee, aged 6 and 9 years, comprised the juvenile section of the party. Another important member was Anne Luther, who has been featured in several serials, and is noted for her death-defying stunts. Dolores Costello, who completed the film "The Latin American Star," she has appeared in a number of big features, and was chosen by the French Government as star in the propaganda film "La Fayette, We Come."

As the stars tramped through the driven snow from the station to the Regent Theatre, they were met by a line of photographers. June Evidge said: "This brings me back to the joys of one-night stands. Those were the happy days. May they never come again."

The trip from New York under the blizzard conditions was described by N. T. Granlund, who piloted the party for Marcus Loew, as a combination circus, vaudeville show and snowdrift party. It happened that every star in the party, instead of being a high-strung, temperamental creature, as is usual, as so many are, was just a "regular fellow" who took the trip in a spirit of comradeship. They swept into London with a laugh and a whoop, not one of them displaying that terrible order and promptly proceeded to wake up the entire hotel on their arrival.

Some Trip.

"It was some trip," said Mr. Granlund. "The stars started before 11 o'clock, but never such a wonderful collection as these. They were marvelous. They had a whole lot of knowledge and milk, and liked it—or made-believe they got out and played on snowdrifts, and snowdrifts at one another, and played the game in general."

"We knew there was something wrong when we woke up Monday morning and the party was described by N. T. Granlund. Just then we got into the town, and they cut the dinner out. No breakfast. If you don't know how much morning or afternoon coffee in the morning you can realize what a terrible thing it is when you are snowed out. The train finally staggered into Rochester, and we all piled up and lined ourselves up in a long line in front of the quick luncheon. We also invested heavily in food, or rather sandwiches in a snowbank. I want to tell you we didn't get another meal till 4 o'clock, and then it was in a funny luncheon in Buffalo. June Evidge says she doesn't ever want to go back to New York."

SOLDIERS' FRIEND NEW THEATRE MORE THAN COMES UP TO ALL EXPECTATIONS

Magnificence Is Beyond All Dreams of Even the Most Optimistic.

The opening last night of Loew's magnificent half-million dollar theatre marks an important milestone in the history of this city. Two thousand and six theatregoers of this city witnessed the restoration of a dream in many years—the adding of a large and thoroughly up-to-date playhouse to the number of splendid ones already located here.

The public of London anxiously waited for last night when it might see for the first time the splendor, and wonders that Dame Fortune asserted were being wrought within the new theatre premises during the past month, and though everyone was highly expectant it is safe to say that no one was disappointed. No one could have imagined a finer or more beautiful theatre than the one now being given to the people of this city.

Practically every seat in the house was filled early, and as the late comers looked over the auditorium they were struck by the vastness of the human beings, it was a restless sea of human beings, and was a grand and a magnificent sight to gaze upon and around in an attempt to absorb the beauty of the interior.

No Adverse Criticism.

A low-voiced, well-dressed member of the audience told each other how agreeably surprised they were by the splendour of the theatre. One heard words of praise, but never an adverse criticism.

A low-voiced, well-dressed member of the audience told each other how agreeably surprised they were by the splendour of the theatre. One heard words of praise, but never an adverse criticism.

The management expected to be able to give a sure number of seats by presenting to them a number of famous movie stars, who were coming from the States. The opening of the theatre was a grand event, and the people of this city were highly pleased to see the new theatre, and the people of this city were highly pleased to see the new theatre, and the people of this city were highly pleased to see the new theatre.

DOMINION ORGANIZER OF G. A. C. IN LONDON

Mass Meeting Called by Fred Marsh For Saturday Night.

The Dominion organizer of the G. A. C., Fred Marsh, is in London for the week of the reorganization of the local branch. The organization, which extends from coast to coast, and has 40,000 members, has flourished in every city but London.

Arrangements have been made to hold a mass meeting for the purpose of setting together every returned soldier and veteran interested in the movement. The meeting will be held in Hyman Hall on Saturday, the 21st. Notices will be given out later.

Copies of the gratuity petition will be handed out to the members of the different soldier associations to affix their signatures. A civilian petition will also be sent out for all civilians to sign who think that the soldier has not been thoroughly re-established.

There are already some 250,000 signatures to this petition, which will be presented to the federal house at its opening in March by Col. John Currie. The petition has been endorsed by the "round table conference" of seven different soldier organizations. Mr. Marsh will be at the Bellevue Hotel all week, and is glad to give any information asked for by any person interested in the movement.

Depart from the G. A. C. Mr. Marsh stated that he was having great success in the movement to get the different soldier organizations to work together and present a solid front.

The G. A. C. is an independent political party. No one has strings on them from either of the parties now in the country. The reason for this is that the G. A. C. is strong enough to support themselves, as there are 500,000 returned soldiers, and their dependents, to hold up their motto, "Live, and not break faith."

MASS MEETING CALLED BY FRED MARSH FOR SATURDAY NIGHT.

AFTER "FLU," GRIP

Fever and Other Prostrating Diseases That Exhaust the Blood.

There is often that extreme tired feeling, loss of appetite, tendency to anemia, nerve exhaustion, inactive bowels, constipation and great danger of still further prostration and inactive illness.

Hood's Sarsaparilla first works upon the blood. It is remarkable how promptly its purifying, vitalizing effects are noticed. It "makes food taste good," promotes assimilation, and so helps to secure the greater nourishment possible, promotes digestion. Nerve strength and cheery health inevitably follow; further danger is avoided and the glad-to-be-alive feeling again prevails. To read this is today, to realize it yourself is better.

Get Hood's Sarsaparilla today, and for a cathartic, nothing better than Hood's Pills, in small doses a gentle laxative; larger, an active cathartic.

FARMERS ARE FEEDING ANIMALS CAREFULLY

Many Thin Animals Through Country—Few Swine On Hand.

The following is a summary of the reports made by agricultural representatives to the Ontario department of agriculture for last week:

All wheat is still well protected by snow, and growers are so far optimistic regarding the prospects of the crop.

About the usual number of cattle are on hand. Farmers, however, are feeding carefully, and many of the animals are in good condition. Some of the beef cattle are going to market rather unfinished. Good yearling steers are being sold from 17 to 18 cents a pound, while ordinary vealers are going at about 14 cents.

Dairy cattle are in brisk demand all over the province, and fresh milkers are selling at from \$16 to \$20.

Fewer Swine.

There are fewer swine on hand, both feeding hogs and brood sows. Bacon hogs in Kent are quoted at \$17.25 a cwt. Peel states that brood sows are selling in Peel county at \$15 to \$16. Representatives state that little pigs are selling at from \$8 to \$10 each at auction prices, through the generosity of regular selling price on the market, and adds that auctioneers state that recent prices are about 20 per cent above the figures for 1919.

Farmers seem inclined to hold on to grain in their own hands, are feeding it sparingly in order to carry stock over to the grass. While some may be buying in the open market, it is not likely to be bought in fact, some are now purchasing grain for feeding. Ensilage, however, is nicely helping out in the feeding situation.

Presseers are scouring the country for feed. Prices at the farm now range from \$20 to \$24 a ton, but on the market from \$25 to \$30 is paid. In Northern Ontario, however, the price is higher. Straw keeps its value all over the province, selling at from \$10 to \$13 a ton.

Seed corn in Kent is bringing \$2.50 a bushel for lint and \$2.25 for dent variety.

Last week a one hundred bushel lot of sweet clover seed sold for \$20.50 a bushel.

Potatoes are selling around \$3.50 a bag, but shipments are risky owing to the cold weather.

Farm laborers are hard to secure in advance. Wages are likely to increase if applicants can't get what they are asking for.

Don't Tear Your Carpets Up! Vacuum Clean Them

Hundreds of London men and women have gooseflesh when they think of spring and house-cleaning.

Pulling up carpets, beating, slugging, toiling in clouds of unhealthy dust and dirt; then relaying them, still half full of last year's filth—a slave's job, and absolutely unnecessary.

EAT

What You Will—When You Will—Stuart's Dyspepsia Tablets Help Digest the Meal.

Good food in itself is harmless. The usual reason stomach troubles arise is due to faulty digestion, brought about by overwork, sickness, overeating, late hours, etc. way to correct faulty stomach troubles due to digestive mistakes is to do what nature wants. All that nature usually needs in such cases is a little assistance to do this work. This is why doctors tell you to diet. Nature is then compelled to do herself. You do not then overwork her when she is already exhausted.

Stuart's Dyspepsia Tablets go into your stomach just like food. They help digest food, and thus, when the next meal is eaten, the system is better prepared to do its work without assistance.

By following this practice, many have corrected their stomach troubles, and have conquered the old "bugbear" of indigestion.

Always take a Stuart's Dyspepsia Tablet after meals or just before bed-time. By doing this you will be acting wisely and playing safe.

Go to your drugist anywhere and buy a box now. Price, 50 cents. F.T.13

PETER BIRTWISTLE GIVES ANNUAL CHRISTMAS DINNER

Old Folks of Waterside Again Entertained by ex-London Jeweler.

The Colne and Nelson Times of January 2, 1920, Lancashire, England, contains the following account of the annual Christmas dinner given by Peter Birtwistle, formerly a jeweler of this city.

"For the fiftieth year in succession, the old folks of Waterside, Colne, were given a treat in Providence school on Christmas Day, through the generosity of Mr. Peter Birtwistle of London, Ontario, Canada, and formerly of Waterside, England. There were about 150 people present. An excellent treat was provided, and during the evening a capital miscellaneous program was given. John Hartley presided over the entertainment, and moved a vote of thanks to Mr. Birtwistle for his generosity. The dinner was seconded by R. Robinson, supported by T. Shaw, and heartily carried.

"Mr. Shaw, in the course of an interesting address, spoke in eulogistic terms of Mr. Birtwistle's thoughtfulness in maintaining such a pleasant annual event. He said there was something deeper than the monetary aspect of these gatherings. He did not think Mr. Birtwistle viewed these gatherings in the light of what they cost in dollars and cents, but more in the sense of keeping alive the fraternal spirit among the old people of Waterside, by enabling them to meet together and exchange their greetings and remember old friendships. He was proud to have been born in Waterside. He had traveled extensively but he had never found a better spirit wherever he went than that he had found in Waterside. They were always ready to help one another in cases of sickness and distress. Mr. Shaw then gave some interesting details of his journey to America, and his experience there, describing the salient features of the country and the people in a manner which was very interesting to the old folks.

"Referring to the food question, he said that while there was a shortage of various foods in Europe, there was plenty in America, and the waste that went on among certain classes of people was criminal. Mr. Shaw expressed his good wishes for the continued success of these reunions, and he was heartily applauded for his interesting address."

Wants To Live In Middlesex County

Captain in English Army Desires To Farm in Banner District.

The advertising campaign put on before the war to make known the advantage of living in Middlesex County through Great Britain is bearing fruit, as can be seen from the following letter received by S. F. Glass, M. P. The letter speaks for itself and is written from the Isle of Wight.

"My attention," says the correspondent, "has been directed to the county of Middlesex, Ontario, by reading your booklet which was given to me by the high commissioner for Canada, London, England. I am a captain in the Royal Garrison Artillery, and am retiring on pension February 1, after 28 years' service. I wish to take up farming in Canada because my elder sons are very keen to do so. I have five sons, aged eighteen, sixteen, fourteen, nine and six. I am an ex-soldier, and am going to the soldiers' settlement board scheme and hope to sail in April next.

"While reading your book, I was wondering if you could place me with an up-to-date farmer in Middlesex County, who would undertake to teach me, as you will probably know I have to spend the autumn, also a number of months, on the farm, and be favorably reported on before becoming eligible for the government grant under the scheme. I will require a house for my wife and three youngest sons. The two eldest will come out when I have got fixed up. The third would help on the farm at a wage to be settled. My wife would be willing to help the farmer's wife with her household work, etc. In return for being taught such subjects as buttermaking and poultry management.

"My wife is a very good housekeeper. For a start I would be willing to accept the rate of wages current for inexperienced help. If you can place me with a suitable farmer, you will first make sure that the farmer will be acceptable to the Canadian Government and the scheme of the soldiers' settlement board of Canada. The farm should be near a school for the sake of the two younger children.

"It is to be hoped the art lovers of London will take advantage of this last opportunity of viewing a complete exhibition of Mr. Glen's work before he will be leaving for an indefinite period to further his studies in Europe.

FOUNDER OF NEWS SERVICE IS DEAD

NEW YORK, Feb. 16.—Edward D. Jones, who, with the late Charles H. Dow, founded the Dow-Jones financial news service in 1882, died at his home in the city early today. The firm originated Wall Street's system of printed financial news bulletins. Mr. Jones was born in Worcester, Mass., in 1856.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Value of Charcoal

Few People Know How Useful It Is In Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, and after eating onions and other odorous vegetables. Charcoal effectually cleans and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic. It absorbs the injurious gases which collect in the stomach and disinfects the mouth and throat from the poison of catarrh. All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered willow charcoal, and other harmless ingredients in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey. The daily use of these lozenges will soon tell in a much-improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

HOW TO KILL DANDRUFF SO IT WON'T RETURN.

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature grey hair, is a well-known fact. We appreciate, therefore, the importance of any agent that will destroy its power. For this reason it is a pleasure to give herewith the prescription which a famous scalp specialist states he has found, after repeated tests, will completely destroy the dandruff germs in from one to three applications. It will also almost immediately stop falling hair, and it has in numerous cases produced a new hair-growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you—2 ounces Bay Rum, 2 ounces Lavone de Cologne, one-half dram Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed add 1 drachm of your favorite perfume. While this preparation is not a dye it is unquestionable for restoring grey hair to its original color.

HOLLAND IS URGED TO RECONSIDER DECISION NOT TO SURRENDER COUNT HOHENZOLLERN

Allies Renew Request in Latest Note To Netherlands Government.

INTERESTS OF PEACE.

Will Allow Germany To Try Her Own Criminals and Watch Results.

LONDON, Feb. 15.—(By the Associated Press).—Following the text of the note sent by the allied powers to Holland regarding the extradition of the former German emperor:

"The immense sacrifices made in the general interests by the powers during the war entitle them to ask the Netherlands to reconsider its refusal, based on the weighty but purely personal considerations of a state which held aloof from the war and cannot perhaps appreciate quite accurately all the duties and dangers of the present hour.

"The obligations of the powers toward other nations, the gravity of the question concerned, as well as the very grave political and moral considerations of a state which holds aloof from the war and cannot perhaps appreciate quite accurately all the duties and dangers of the present hour.

"The powers do not ask the queen's Government to depart from its traditional policy, but to consider that the nature of the request, which does not, in their opinion, depend solely, or even mainly, on Dutch municipal law—has not been adequately appreciated.

"No question of prestige is at stake and the powers pay as much heed to the conscientious arguments of a state with limited interest as to the mature decisions of great powers, but cannot refrain from the creation of a world tribunal competent to examine international crimes before bringing to trial the responsible author of the catastrophes of the great war.

"It is precisely this contemplated trial which would provide the way for such a tribunal and demonstrate the unanimity of the nations of the world. The powers wish to point out that the issue of the trial is not merely a matter of development sufficient to allow any application to it, or to a tribunal of any kind created by it, meeting with that prompt satisfaction which is surely essential.

"Duty of Punishing. "It does not appear to consider that it shares with other civilized nations the duty of securing the punishment of crimes against justice and the principles of humanity—crimes for which William of Hohenzollern undeniably bears a heavy responsibility.

"The note of January 15 was sent in the name of the Allies, 25 in number, who were signatories to the treaty of Versailles, and the collective indignation of a majority of the civil nations of the world. It is impossible to disregard the collective force of this request which is the expression not only of the feeling of indignation of the victims, but of the demand for justice made by the conscience of humanity as a whole.

"Has Not Forgotten. "The Netherlands Government surely has not forgotten that the police and judicial authorities of the men required for judgment by the powers have cost the lives of approximately 1,000,000 men murdered in their prime, and have been responsible for the mutilation and health of three times as many, the laying waste to and the destruction of millions of square miles of territory, the death of millions of innocent, peaceable and happy, and the plucking up of war debts running in billions, the suffering of those who have defended their freedom and incidentally that of Holland.

"The economic and social existence of all these nations has been thrown into confusion, and they are now jeopardized by armies and want—terrible results of that war of which William I was the author.

"The Allies cannot but be surprised in finding in the Dutch reply a single word of disapproval of the crimes committed by the emperor, elementary sentiments of justice and civilization, and of which so many Dutch nationals themselves have been the victims.

"To help bring to justice the author of such crimes plainly asserts with the allies of nations. Fail To Be Impressed. "How can anyone fail to be impressed by the resolute and determined actions which have followed the refusal of Holland and the dangerous encouragement of the emperor in opposing the just chastisement of the culprit and their exemplary condemnation, whatever their social position.

"Holland, whose history tells of long struggles for liberty, who has suffered so grievously, whose regard for justice, could not place herself by such a narrow conception of her duties, by a mere and wantonly they may be, to unite in order to mete out exemplary punishment to responsible men, whose actions were abominations of the war and endeavor to revive conceptions of humanity and solidarity in the Dutch nation which is still unconvinced of the falsity of the tenets of its Government, which professes to be a nation of law and success rendered crime.

"Not National Standpoint. "It was from the point of view and not exclusively from a national standpoint that the powers requested the Government of the queen to hand over William of Hohenzollern and from this point of view it is now requested that the powers desire to remind the Government of the Netherlands that it is in its duty to take steps of detachment towards the presence of the imperial family on its territory so close to Germany, which is so dangerous to Europe and the whole world.

"It is indisputable that the presence of the ex-emperor under ineffectual supervision a few kilometers distant from the German frontier where he continues the centre of active and increasing intrigue, constitutes for the powers, who have made a solemn promise to destroy this mortal danger, a menace which they cannot be called upon to ignore. It is their duty, to take such measures as are required for their own security.

"Painful Impression. "The powers cannot conceal the painful impression made upon them by the refusal of the Dutch Government to hand over the ex-emperor to them, without any consideration of the possibility of reconciling the interests of Holland with some effectual precautionary measures to be taken either on the spot or by holding the ex-emperor at a distance from the scene of his crimes, making it impossible for him to exert his dangerous influence in Germany in the future.

"Although a proposal of this nature would not correspond to the request of the powers it would at least have afforded proof of those feelings which the powers are entitled to expect. The powers urge upon the Dutch Government in the most solemn and pressing manner the importance attaching to fresh consideration of the question put before them. They desire that it may be clearly understood how grave the situation might become if the

GERMANY TO TRY HER OWN WAR CRIMINALS

LONDON, Feb. 15.—The Allied reply to the German note of January 15, proposing an alternative to extradition that persons accused by the Allies be tried at Leipzig, states that Germany's proposal for such trial at Leipzig is compatible with article 228 of the peace treaty. The Allies, the note says, will abstain from intervention in the procedure of that court.

The powers observe, in the first place, that Germany declares herself to carry out the obligations imposed on her by article 228 of the treaty which she signed. They realize that she reserves the power to employ in such measure and form as they may judge suitable the rights accorded to them in this event by the treaty.

Before Leipzig Court. "The Allies, however, note, the German Government's declaration that they are prepared to open before the court at Leipzig, persons immediately without delay, surrounded by the most complete guarantees and not affected by the application of all judgments, procedure or previous decision of German civil or military tribunals before the supreme court at Leipzig against all Germans whose extradition the Allied and associated powers have the intention to demand.

"The prosecution which the German Government itself proposes immediately to institute in this manner is compatible with article 228 of the peace treaty and is expressly provided for in its first paragraph.

"Faithful to the letter and spirit of the treaty, the Allies will abstain from intervention in any way in the procedure of the prosecution, and they reserve the right to leave to the German Government complete and entire responsibility. They reserve the right to decide by the results as to the good faith of Germany, the recognition of which is a condition of the maintenance of truth and justice has committed and her sincere desire to associate herself with their punishment.

Unable to Arrest. "They will see whether the German Government who have declared themselves unable to arrest the accused of the above list to deliver them for trial by the Allies, are actually determined to 'judge them themselves.'

"At the same time the Allies, in the pursuance of truth and justice have decided to trust to a mixed international commission the task of collecting

FEW FOLKS HAVE GREY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns grey, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur Lint to keep her locks dark and beautiful. Thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time. By morning the grey hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Learn the Cause of Decay

Dental science has now traced most tooth troubles to a film. To that slimy film which you can feel.

That is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

The film is clinging. It enters crevices and stays. No ordinary tooth paste can dissolve it. A soapy tooth paste makes it more viscous.

So, despite your brushing, much film stays. Night and day it does its damage. It is the great tooth wrecker.

Science now has found a way to combat that film. The fact has been proved by many clinical tests. The method is now advocated by leading dentists everywhere.

For daily use it is embodied in a dentifrice called Pepsodent. And we are mailing 10-Day Tubes so that every home may try it.

Do This and See

We urge you for your own sake to write for this 10-Day Tube. See the results for yourself. Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin must be activated, and science has discovered a harmless activating method. The usual method is an acid harmful to the teeth, so pepsin long seemed impossible. Now everyone may apply it, morning, noon and night. And the evidence is that this invention brings a new dental era.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare results with the methods you use now. Then judge for yourself what is best. Cut out the coupon now.

Lock in 10 Days

Note how the teeth glisten. You can see that the film is gone.

Learn the Cause of Decay

Dental science has now traced most tooth troubles to a film. To that slimy film which you can feel.

That is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

WHY STAY FAT? YOU CAN REDUCE

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. However, in Marmora Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, the added advantage of cheapness. A large case is sold by druggists at \$1. Or if preferable they can be obtained by sending price direct to the Marmora Company, 64 Woodward Avenue, Detroit, Mich. Now that you know this, you have no excuse for being fat. You can reduce two, three or four pounds a week without fear of bad after-effects.

BORDEN WILL NOT RESUME OFFICE, IS OPINION AT CAPITAL

Selection of His Successor is Likely To Be Made Soon.

[Special to The Advertiser.] OTTAWA, Feb. 16.—Sir Robert Borden intends to come to Ottawa on his return from England, his colleagues here have not been notified of the fact. No preparations have been made in anticipation of his coming and the government was distinctly surprised if such is his intention. Best advice here is to the effect that Sir Robert will arrive at New York toward the end of the month, that he will be joined there by Lady Borden and that they will proceed south. So far the premier's "holidays" have not been in the nature of a rest, and some criticism is expressed here that he should choose London as his first stopping place.

May Select Successor. The general impression here is that Sir Robert will not again actively assume the reins of power and that a successor will be selected by a general caucus of the Liberal supporters in both houses of Parliament when the session meets. The ever-present danger of dissolution and a general election makes necessary immediate reorganization and the first steps in that direction are the selection of an active leader.

From present indications Sir Thomas White can have the position he desires. After him would come Hon. Arthur Meighen, though it is the will of the caucus that the present elements of union be kept together. Hon. J. C. Calder might be selected as a compromise, in the minds of many, Sir Robert's successor should be chosen more from the viewpoint of securing a strong leader of the opposition than of appointing a new premier. From this viewpoint Mr. Meighen might seem himself in preference to the others.

Four Vacancies Exist. The death of David Marshall of East Canada has left the number of vacant seats through which the cabinet might seek the election of ministers, though it is probable that reorganization on a new platform might rather be followed by dissolution and a general election. Existing vacancies now comprise East Elgin, Temiskaming, Kamouraska and the St. James' division of Montreal, all of which are fighting grounds for the government.

In the aggregate providing a good opportunity for a test of the cabinet on a new policy. Mr. Meighen goes west this week and will speak in Winnipeg. The minister had contemplated a speaking tour of the west, but it was anticipated, however, that his speech at Winnipeg will give some insight into the government's attitude with regard to the tariff. In view of the impossible exchange situation there is talk of a meeting of the cabinet in Ottawa, the British preference being advocated.

SHORT OF BREATH Could Hardly Walk Without Resting.

When you go to a physician to be examined for heart trouble one of the first questions he asks is: "Are you short of breath?"

Now, when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering action, dizziness, weakness, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nervous system.

Mr. Stephen Crouse, East Clifford, N. S., writes: "I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

Price 50¢ a box at all dealers or mailed direct on receipt of price by the Milburn Company, Limited, Toronto, Ont.

FACE DISFIGURED WITH PIMPLES Itched and Burned. Scarcely Slept. Cuticura Heals.

"Pimples affected my face. They were large and always festering, and they were scattered all over my face. They afterwards turned into scales, and when they fell off they left big marks until my face was disfigured. They itched and burned so that I scarcely slept at all. I had been bothered for nearly two months before I started using Cuticura, and after I had used three boxes of Cuticura Ointment with the Cuticura Soap, I was completely healed." (Signed) Miss L. Burns. St. Bazile, Que., June 6, 1918. Use Cuticura Soap, Ointment and Talcum for all toilet purposes. Soap 25¢, Ointment 25¢ and 50¢. Sold throughout the Dominion. PREMIER DRURY IS ELECTED IN HALTON BY 2,300 MAJORITY

Heavy Snowstorm Results in Light Vote in By-Election.

MILTON, Feb. 16.—Premier E. C. Drury was elected in Halton County today by a majority of about 2,300 over Edward J. Stephenson of Toronto, the returned soldier, who opposed the premier. The election of Hon. Mr. Drury was no surprise here, notwithstanding that Mr. Stephenson, at his final meeting here on Saturday night, predicted that he would defeat the premier by 2,000 majority. The soldier candidate had no organization behind him, but was supported by the individual returned men. A very light vote was polled, this probably being due to the fact that the roads in part of the country were piled high with snowdrifts. The farmers who were expected to vote for the premier's comparatively small vote. Early in the day they were alarmed lest the four townships rolled up, but this afternoon the farmers managed to dig themselves out in sufficient numbers to register their votes. Before noon Returning Officer R. L. Hennebert was asked to postpone the election on account of the drifted roads keeping many U. G. men away from the polls, but that he had no authority to do this.

Majority in Milton. Mr. Stephenson had a majority in Milton and also in Georgetown, the majority in the former town being 251 and in the latter only one. The sub-division did Stephenson receive a majority of the votes. This was in Georgetown, where there is a large factory vote, and the soldier candidate got 146 to the premier's 107 there. The vote was cast for Mr. Stephenson here, and instead was in a minority of 39. On the other hand, the soldier candidate, gave Drury a majority of 125 in Milton.

Mr. Drury's biggest majority was in Trafalgar Township, 876, and Nelson Township came next with a majority of 737. The four townships rolled up total majority of 2,433 for the premier. The returned tonight indicated that the premier's majority is about 2,300. Accurate figures were not obtainable. Mr. Stephenson arrived in Milton where the return was coming when he realized that he had been defeated.

"They tell me I'm a little behind, but I showed them what a man without any organization could do in a rural riding." He intimated that in his belief he could have won out if he had had another week in which to campaign. Following are the latest available figures by townships: Requesting..... 673 247 Nassawauke..... 221 39 Nelson..... 251 39 Trafalgar..... 1,055 159

Vote By Towns. Stephenson, Milton..... 212 438 Georgetown..... 233 293 Acton..... 239 282 Acton..... 98 75 Burlington—Majority of 93 for Drury.

DRURY EXPRESSES THANKS.

OTTAWA, Feb. 16.—Premier E. C. Drury spent the night here at Croft Hill Farm, and intended to go to Milton today in order to receive the election returns from the riding town of Milton. He was unable to make the trip because of serious interruption to the train service, and did not get away farther from his home than the neighboring town of Barrie. From there he sent messengers to the news here to-night after he had learned of his election to the Legislature in Halton. Following is a copy of the premier's message:

"The vote recorded by the electors of the county of Halton today, under weather conditions that were adverse to a large vote being polled, is most reassuring to the Government. I am thankful to all who have contributed to bringing about this result, and the Government will carry on knowing that it has the confidence of this province."

GRADUATES OF UPPER CANADA COLLEGE HOLD BANQUETS WORLD OVER

Celebrate 50th Anniversary in London, England, and Twelve Other Cities.

TORONTO, Feb. 16.—Upper Canada College of this city enjoyed a unique distinction tonight when its 50th anniversary was celebrated by concurrent banquets held in Toronto, London (England), Montreal, Winnipeg, Vancouver, Ottawa, Hamilton, Port Arthur, Edmonton, Detroit, Chicago and New York. The greatest number of the old boys in London was read at the banquet here, and telegrams of congratulation were received from all the other cities, where the anniversary banquets were being held.

Upper Canada College was founded in Toronto in 1829 by Field Marshal Sir John Colborne, Lord Seaton, Lieutenant-governor of Upper Canada. The banquet here was held in the King Edward Hotel, and was attended by about four hundred old boys. Hon. Manning Doberty, minister of agriculture for Ontario, proposed the toast "Canada and touched upon the intimate relation that had always existed between the college and the national life of the Dominion. Other speakers were: Sir John Wilson, Frank Marshall, B. A., Principal, Grant of Upper Canada College.

JOSEPH SAMSON BEATS LAVIGUEUR IN QUEBEC MAYORALTY CONTEST

QUEBEC, Feb. 16.—As a result of the municipal election which was held here today, Quebec has a new mayor in Joseph Samson, a wholesale and retail hardware merchant, and a large real estate owner, who defeated Mayor Lavigueur by a majority of 1,023 votes. The total number of votes polled was 9,651, which is only about 50 per cent of the names on the voters' lists. Seven aldermen having been elected by acclamation, there were contests in the five remaining wards. Of the four aldermen having sought re-election three were returned by substantial majorities, while one of them, Alderman Gauvin was defeated. He was replaced by Charles Delagrave, by 1,072 of a majority.

BRITISH CONSIDER TAX ON WAR-TIME WEALTH INCREASES

LONDON, Feb. 16.—In the House of Commons tonight, when the Government's motion for the appointment of a committee to inquire into the practicability of a tax on war-time increases in wealth, Sir Donald MacLean, Liberal, moved an amendment in favor of extending the inquiry to the practicability of a capital levy to reduce the national debt. J. Austen Chamberlain, chancellor of the exchequer, opposed the amendment on the ground that the prospect of such a levy would encourage extravagant spending, check enterprise and discourage saving. He said he believed Great Britain would be able to meet her liabilities without resorting to dangerous or rash experiments.

The MacLean amendment was defeated by a vote of 157 to 3, and the Government committee as proposed was appointed.

Under Five Sovereigns

KINGSTON, Feb. 16.—Mrs. Fraser, who died today at the age of 24, lives under five British sovereigns, she having been born in the reign of King George IV. She was a spectator of the inauguration of the first parliament of United Canada, which took place in the building now occupied as a general hospital for Kingston. A few months later she witnessed the state funeral of Lord Sydenham, who was laid to rest in a tomb under the dome of the First St. George's Church of Kingston.

Mrs. Fraser was the first member of the Kingston branch of the National Council of Women, formed in 1894. The close acquaintances the Marquis and Countess of Aberdeen, and other royal connections, she received letters from them.

FIREMAN INJURED WHEN TRUCK SKIDS

ST. CATHARINES, Feb. 16.—Fireman Joseph McNulty narrowly escaped serious injury. It is not death, today by being thrown from one of the fire department trucks, which swerved on the icy pavement and crashed into a concrete post as the fire department was responding to an alarm. McNulty landed under an electric car, but the car had just stopped. He crawled out from under with a few bruises and a shaking up.

BULLY!

If Bilious, Constipated or Headachy, take "Cascarets"

Everyone must occasionally give to the bowels some regular help or else suffer from constipation, bilious attacks, stomach disorders, and sick headache. But do not whip the bowels into activity with harsh cathartics. What the bowels and bowels need is a gentle and natural tonic, one that can be constantly used without harm. The gentlest liver and bowel tonic is "Cascarets." They put the liver to work and cleanse the colon and bowels of all waste, toxins and poisons without griping—they never sicken or inconvenience you like Calomel, Sals. Oil, or Purgatives. Twenty-five million boxes of Cascarets are sold each year. They work while you sleep. Cascarets cost so little, too.

Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Mildified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, wavy, and free from dandruff. Besides, it loosens and takes out every particle of dust, dirt and sand.

NEW LABOR PROVISION IN RAILROAD BILL

WASHINGTON, Feb. 16.—Final agreement on railroad reorganization legislation was reached late today by the House and Senate conferees, who planned to have the report ready for their signatures tomorrow, so it could be presented to the House the following day.

Aside from textual changes the general features of the compromise bill follow the lines agreed upon recently by the conferees with the exception of the labor provision, which was modified so as to provide for a federal appeal board appointed by the president and consisting of nine members equally divided between the employees, employers and the public. As previously agreed upon, this board was to have consisted of five members.

VEGETABLES ALL THE YEAR.

An increase in the use of vegetables would mean more roses in the cheeks, better circulation and better general health. A greater desire for vegetables could be cultivated by the use of a wider variety, especially in the winter.

should be cooked so that the family will say that they "steak like mors." While vegetables always taste best when they are just taken from the earth, there will be little deterioration if they are well stored. They are best when cooked and served simply, steamed, boiled or baked, and served with butter or its equivalent, or with milk or cream sauce, and the sauce should never be so highly seasoned as to conceal the desirable vegetable flavor.

months, and by better cooking. Many families confine their vegetable list in winter to turnips, potatoes, cabbage and carrots, but with a very little planning they could add onions, celery, cauliflower, beets and parsnips. The real secret of getting more vegetables used lies in the art of cooking them. They

Miss Annie Forlonski Had a Complication of Kidney Troubles and Says She Found Permanent Relief From All of Them in Dodd's Kidney Pills.

Fraserwood, Man., Feb. 16.—(Special)—That Dodd's Kidney Pills are the standard remedy for all kidney troubles was perhaps never better demonstrated than in the case of Miss Annie Forlonski, of this place. Let her tell her own story.

"My back was sore," Miss Forlonski states, "and my body was so sore I could not get out of bed. My bladder was bothered me, and I had urinary troubles. "Three boxes of Dodd's Kidney Pills cured me."

NODART OF THE NORTH.

Part One.

Nodart lived in the land of ice and snow. His father and mother were both big pack dogs. You see, dogs in the north country are not made pet-like of like our dogs, but instead are made to work. Now, Nodart's father and mother had pulled sleighs in teams and singly from time to time since they were puppies, and were so used to their hard work they did not mind. No doubt Nodart would have been broken in at an early age too, had not Bingo the bull-terrier pup come up north with his master on a pleasure trip.

Charge At Windsor Canuck Hockey Teams Are Jokayed

WINDSOR, Feb. 16.—Canadian players in the Windsor-Detroit Hockey League are having a tough battle for the honors in both divisions. The Assumption College team and the Border Cities Stars, both of Windsor, and the only two teams from this side of the border in the league, are being jokayed, it was claimed today, as the result of the Webers meeting Waters-ton in the Sunday game, the latter team crowding out Assumption College in the final, to which they were entitled. Notices were summarily given through Detroit morning papers that the Stars would meet Webers tonight, but this game was refused this afternoon by the Stars, on the ground of short notice, and an executive meeting of the league is being held tonight to straighten out the tangle. It is charged by sport followers on this side of the water that the effort is being made to crowd out the Canadians and keep the cup on the American side of the water.

Locals' Style May Undo Stratford

Peculiar Brand They Play May Cramp Visitors' Efforts—Team in Great Condition For Tonight's Crucial Test.

Tonight's night, as far as the local Juniors are concerned, and if they can gather to themselves a nice comfortable lead, a lot of the hope that has been written about the Stratford team will go into the discard, and the local kids will have to concede a big chance wherever they travel afterwards. There is little doubt to go on between the two. Kitchener gave the Stratford outfit a nice battle, and so did St. Marys on one occasion. However, it was undone in the latter case when the Stone Town kids journeyed back to the Classic City. The locals have improved a lot since their games with Kitchener and St. Marys, whereas the Stratford outfit have been having a dull time of it, and getting very little hard stuff passed up to them. The locals won their district against teams that looked better than they did in most departments of the game except attacking to it. It is just possible that the Juniors may miss up Stratford's style of play with their own peculiar brand of hockey, and be able to get themselves a couple of goals lead doing it. They had a workout last night, and every man is in the pink of condition. Since their game with Welland the kids have had a few lectures, official and otherwise that may do them a lot of good. If they go right to on the Stratford goal, back check the way they did down at lacrosse and break the tendency to go into the corners, the visitors have an hour's interesting hockey lying in wait for them tonight.

BOOSTER MEETING OF INDOOR LEAGUE SEES CHANGE IN TEAMS

Last Night's Postponed Games Played Wednesday—Pats Will Have Only One Team.

The Indoor Baseball booster meeting held last evening brought out a large number of the supporters of the circuit and once again reorganization has been effected which will put the league on a stronger basis. The P. P. C. L. I. have decided to enter only one team instead of two as formerly, and this will bring the league back to an eight team organization. The games of the league last night that were postponed owing to the armories being used, and these will be staged Wednesday night. Army and Navy meet the Pats, and C. J. A. M. C. clash with Dowlers in these games. On Thursday night Grand Trunk meet Santa Clara in the opener, and Public Utilities strike a set with Tecks.

PICK OF INTERNATIONAL SPEED SKATERS ENTERED FOR CHAMPIONSHIPS

LAKE PLACID, N.Y., Feb. 16.—With the closing of the entries for the international "ice skating" championship races, which will begin next Wednesday on the Mirror Lake course here, it was seen that the very pick of the amateur skaters of Canada, and the United States had been attracted to this year's title event. Among the Canadian entrants is Russell Wheeler of Montreal, present international champion; Harry Cory of Toronto, former title holder, and for the first time Winnipeg will send a representative to the international contest, the entrant being W. Goodman. Equal interest in the championship ships for men is the international championship contest for women, sanction having been granted for those events by the International Skating Union. Seven women of skating celebrity have entered.

The Western University basketball team are out to add another scrub to their already long list when they tackle the local Y. M. C. A. five on the Varsity gym tonight. The local Collegians have an enviable record to their credit, having scored a total of 302 points in seven games as against 124 for their opponents. They look the class for the intermediate title, but are taking no chances on being put out through lack of practice or carelessness.

INJUNCTION AGAINST BOSTON CLUB OWNERS HAS BEEN GRANTED

Frazer and Ward Restrained From Selling Stock or Drawing Dividends.

BOSTON, Feb. 16.—The superior court today issued a temporary injunction restraining President Henry H. Frazer of the Boston American League club and Hugh J. Ward, an associate, from disposing of any of their stock in the club or drawing dividends on their holdings. The action was taken on petition of Joseph L. Lavin of New York, a former officer of the club, who asserts that Frazer and Ward have failed to pay a note for \$22,000 the Boston club, in connection with their purchase of the club. Mr. Lavin several days ago announced that he had secured an auction on March 2 of the stock in the really company that owns Fenway Park, the latter winning, 19 to 8, which was pledged as security for the note.

Players' Illness Postpones Games in Mfrs. League

League Will Get Going On Thursday Night Again.

Owing to illness of the players on the teams scheduled to appear in the Manufacturers' League games tonight, the games have been postponed and will likely be played on Thursday night. The postponement is due to the fact that several of the players are suffering from influenza, and it is expected, however, to get going again on Thursday night of this week. The league is going great guns at the moment, and the postponement is a regrettable one, as it is the intention of the rink management to bring out a junior club to the city to play exhibition games with the locals.

LEVINSKY SUCCESSFULLY DEFENDED HIS TITLE

Dillon Was Badly Outclassed by Joe Dalley in Ten-Round Bout.

DETROIT, Feb. 16.—Battling Levinsky of Philadelphia, light heavyweight champion, successfully defended his title at the Arena Gardens tonight, when he won the decision from Clay Dalley, the St. Paul Indian fighter, in ten rounds of tame boxing. An immense crowd looking for a repetition of the whirlwind fighting which prevailed on the last meeting of the pair, left the Arena disappointed. Levinsky had the better of six of the ten rounds. Levinsky took it easy in the first four rounds, and turned on the better of the bout until near the end of the fourth period, when Clay's left eye, which was partly closed in the second, became completely shut, and from this time on the batter outfought the Indian. Neither showed any too much aggressiveness, missing no punches and swings that the crowd missed them.

Long Odds Are Quoted For Lincolnshire Handicap

LONDON, Feb. 16.—(By Canadian Press.)—The first betting on the Lincolnshire Handicap is 100 to 1 against Sir Berkeley, Bruff Bridge, Paraque, Ugly Duckling and Montagu. 100 to 1 against Milton and Violoncello. 100 to 1 against Royal Bucks, Postlyn, the favorite for the Grand National stands at 4 to 1. Troyton is at ten; Billy Hogan at 20 to 1.

ST. PATS WIN FIRST GAME OF SEASON ON QUEBEC ICE 4 TO 3

With Half a Minute To Go Denney Notched Winning Goal For Toronto.

QUEBEC, Feb. 16.—In the most exciting game of the season, the Toronto St. Patrick's defeated Quebec this evening by a score of 4 to 3. The issue looked rosy for Quebec in the third period, when they had a one-goal lead on the Green Shirts and were playing a three-man defence, but Randall Carpentier saved the day for the St. Pats, while 35 seconds from the end of the match Denney scored the goal that gave the Toronto their first victory on Quebec ice this year.

PRESTON KIDS TAKE GAME AND GROUP FROM GAIT

Gait Erratic in Shooting, Which Lost Them Game—Ten to Six Was Score on Round.

GAIT, Feb. 16.—In the best game of hockey played here this winter Preston Juniors tonight defeated the locals 6 to 4, and won the group in the Northern League on home and home games to break the tie 10 goals to 6. It was a quelling battle all the way with Gait having the best of the play but erratic in shooting, and this cost them the game. However, Preston has smooth working skaters and heavy checkers. Gait was without Norman Himes, star goalie, who has been down with the flu. 16-year-old Gait centre player, was the best man on the ice. Clarke, Woodley and Plegk were Preston's best. The teams: Preston—Goal, Gait; Defence, Elson, Clarke, R. Defence, Gardner, Kresson, L. Defence, Stubby, Ware, W. Centre, George, Rothery, L. Wing, Evans, Woodley, L. Wing, Grahlan, Fink, L. Subs, Vair, Toronto. Referee—Steve Vair, Toronto.

ST. ANDREW'S WIN FROM ELKS; NOW TIE WITH CENTENNIAL

St. Andrew's R. I. P. S. Club defeated the Elks in a fast game of hockey last night by a score of 4 to 3. St. Andrew's are now the leaders in the "A" group. The Askin street crew were handicapped by a limited team. The line-up: St. Andrew's—Goal, McCallum; left wing, Kent; right wing, Irons; centre, Casselman; left defence, Patton; right defence, Scott; subs, Mercer, Critch. Referee—Charlie Chapman, who handled the game splendidly.

NOT ENOUGH JACK IN SEMI-FINAL AFFAIRS FOR HARRIS

WINDSOR, Feb. 15.—(11) Not stop out into the ring in any Windsor boxing semi-finals for me with Red O'Brien non-stop, Eddie Harris, middleweight champion of the C. E. F., declared tonight when approached by promoters of the war veterans' boxing card to be given at the armories on Tuesday, February 24, to complete negotiations for the semi-final bout which it was hoped to match Harris with the Chicago boy. One of the reasons frankly given by Harris for refusing to accept the fight is that "there is more Jack in the headlines."

KITCHENER WINS

KITCHENER, Feb. 15.—An exhibition game was played here this evening by the Kitchener seniors and an Aurora team in a five-man game which was fast and interesting, resulted 9 to 3 in favor of the home team. The line-up: Kitchener—Goal, Auna Lee; Defence, Hainesworth, L. Defence, Forbes, Trushinski, R. TIE ON ROUND

KINGSTON, Feb. 16.—In the intermediate O. H. A. hockey here tonight Kingston won from Peterboro by a score of 4 to 1. This ties these two teams on round, as Peterboro defeated Kingston in Peterboro by the same score on Friday last. The deciding game will be played on neutral ice.

COLLINGWOOD BEATS WELLAND IN FIRST GAME BY 6-2 SCORE

COLLINGWOOD, Feb. 16.—Collingwood defeated Welland Intermediate in the game here tonight by 6 to 2. The line-up was as follows: Collingwood—Goal, Cook; left defence, Belcher; right defence, McLeod; centre, Hughes; right wing, Fryer; left wing, Walton; subs, Burns and Draper. Welland—Goal, Burmister; left defence, Jones; right defence, Schaefer; centre, Poullier; right wing, Herbert; left wing, Sanderson; subs, Davis and Manson. Referee—L. Whitehead.

GOLFERS ARRANGE MATCH

New York, Feb. 17.—Walter Hagen the open golf champion, and Jim Barnes his chief professional rival, will meet at New Orleans in a 36-hole match for a purse which has been set at \$10,000. Hagen was accepted tentatively by Hagen who, when he left yesterday for the southern tour, announced that he had requested a delay to the first or second week in March because he had not recovered sufficiently from a recent illness to be in shape for such an important match.

DEATH OF PETER DEANS

WINDHAM, Feb. 15.—The death took place on Sunday following an attack of pneumonia of Peter Deans, Francis street, after an illness of a week's duration. Deans was in his 38th year, and was well-known in the town. He was employed in one of the local factories as a furniture maker. He was a member of Maitland Lodge No. 119, I. O. O. F.; also one of the town's firemen for several years. He was survived by his wife, two children, and his parents. The funeral will take place under the auspices of the I. O. O. F. on Tuesday afternoon at 2:30 o'clock. Rev. Dr. Perrie of the Presbyterian Church, of which the deceased was a member, will officiate.

WROXETER, FEB. 16.—The 47th annual meeting of the Harwich Farmers' Five Insurance Company was held in the township hall, Gorrie, Friday afternoon, and was largely attended. The company is in splendid condition. The retiring directors, A. McKencher and J. Jackson, and former officers were re-elected. W. S. McKencher, Wroxeter is the secretary for the company.

Friday evening a fair-sized audience assembled in the town hall to witness the presentation of the three-act comedy "Bar Hickey" by the Y. P. A. comedy of Trinity Church, Fordyce, under the auspices of the Anglican Church. Everyone taking part did splendidly, and the interest was sustained to the close. Rev. Mr. Powell was chairman. The proceeds amounted to \$55.

CHATHAM TO GRANT TAX EXEMPTION TO VETERANS OF WAR

Privilege Is Restricted To Previous Residents of the City. CHATHAM, Feb. 16.—At a special meeting of the city council tonight a bylaw was passed granting to all veterans of the great war who served overseas in the army or navy, and who previous to enlistment were residents of the city exemption from taxes for 1920 providing an assessment value of \$200 or less is not more than \$2,000. The original motion of Ald. Le Marsh proposed tax exemption for all overseas war veterans, and his allies for a period of five years. During the discussion the opinion was expressed that the proposal was too generous, and opened a door to possible difficulties and fraud. Inclusion of men who had been previous to the war, residents of Chatham was considered as far as the council could go in favor of the veterans.

FLU STILL PREVALENT

BLENNHEIM, Feb. 16.—The flu is still prevalent in this district, but the cases reported are principally of a mild character.

ST. THOMAS, Feb. 16.—Mrs. William Heard and Mrs. Arthur Cook were remanded to jail for one week on charges of keeping and being frequenters of a disorderly house at 29 Station street, and William Tansley, an employee of the city fire department, was fined \$50 and costs, with the option of being a frequenter, while another of being a frequenter, Norman Tricker, aged 19 years, was allowed out on suspended sentence for one week in the city police court tonight after a session lasting over five hours.

BURGLAR SECURES \$18

Masked Man Confronts House Owner On His Return Home. ST. THOMAS, Feb. 16.—Mrs. William Heard and Mrs. Arthur Cook were remanded to jail for one week on charges of keeping and being frequenters of a disorderly house at 29 Station street, and William Tansley, an employee of the city fire department, was fined \$50 and costs, with the option of being a frequenter, while another of being a frequenter, Norman Tricker, aged 19 years, was allowed out on suspended sentence for one week in the city police court tonight after a session lasting over five hours.

FINED \$25 AND COSTS

Mrs. Mary Kinnear was fined \$25 and costs in the city police court today and her son \$10 and costs on charges of receiving stolen goods. The charge against a certain Mrs. Thomas Garrity in the home for immoral purposes was dismissed. The offence of receiving stolen goods was alleged to have occurred when Officer Joseph McCully went to the home at 45 Alma street to serve Kineman and Mrs. Garrity with summonses to appear in court, it being alleged that the mother and son threatened to beat the policeman up.

WILSON-CROWLEY

ST. THOMAS, Feb. 16.—Sweeney, 20 Horton street, announced the marriage of his daughter, Miss Clotilde Crowley, to Frederick Wilson, son of Mr. and Mrs. W. J. Wilson, King street, London, Ont. Rev. Monsignor West officiated at the ceremony in the presence of immediate friends and relatives.

ANOTHER BURGLARY

During the week-end another burglary was successfully carried out by the mysterious thief. This time the event occurred in Wellington street, where the man entered the home of H. McCaughlin, 43 Wellington street, and took \$18 in cash. Mr. McCaughlin arrived home before the burglar had completed the search of the house, and was a little surprised on finding his door open. He was amazed to be confronted on the porch by the burglar, who held a revolver in the hands of the mysterious stranger. The man was masked, and he fled as he identified himself as Wilson-Crowley.

HELENE'S MARRIED LIFE

Copyright, 1920, by the McClure Newspaper Syndicate

A desperate longing came to me to confide in Mr. Travis Lloyd—to tell him my hurried marriage, and pain-ful disillusionment; but there was a something in his face that held me back.

And to think that now poor Jim and I would be under the roof of Alice Anstruther—the woman who had caused my misery—our estrangement! The thought took the patient in the "Orange." I timidly suggested, "Alice is so afraid of him—shrinks from him!" (I felt a hypocrite.)

Alice must get over her selfishness, that's all I can say. I'm sure that in a tone that held but little admiration for pretty Mrs. Anstruther, "This is a very fine line—shrinks from him!" I was silenced. But I liked Travis

Lloyd the better for his downright words. And I was thankful, too, that in Anstruther Lodge Jim would at any rate be under the same roof as myself and his wife.

"I gave me an add before to realize that no one knew about our recent marriage. And in the meantime, until Jim was better, I must say nothing—must not tongue-tied on the subject."

"I turned to Travis Lloyd. I mustn't seem too interested in Jim. And so I definitely changed my tack. I was waiting by the roadside. Someone was hiding in the bushes, watching us. I had an idea that it was the very person who attacked the young man I stopped. Myself in the same way as 'Jim.' It seemed to me it was a dream, some kind, He—or she—went into a state of horror. Undergrowth!"

"Indeed!" A startled, worried look came into the eyes of Travis Lloyd. He frowned, bit his lip, and a queer, dull flush rose to his face. "I—suddenly you were dreaming. But you spoke without conviction, as though he would persuade me against his better judgment."

"Indeed I wasn't dreaming!" I rejoined indignantly. "I was nearly scared to death. Anstruther Lodge before he spoke again. As I was descending from the car, I saw a man."

"Take my advice and don't mention the incident that startled you. This fellow's addition of 'ghosts' and 'apparitions'—'Meaning Jim?' I returned with my two men, and hunt about the place where the man was seen. So set your mind at rest."

ALMOST IMPOSSIBLE TO SUPPLY ENORMOUS DEMAND FOR TANLAC

Although Huge Laboratories Turn Out 36,000 Bottles Daily Thousands of Dealers Cannot Be Supplied.

40 CARLOADS SOLD IN JANUARY ALONE

After Shipping 338,400 Bottles of Celebrated Medicine in One Month, Factory Is Still 380,000 Behind With Orders.

Although the big Tanlac laboratories at Dayton, Ohio, and Walkerville, Canada, have been running at top speed for months, it has been a physical impossibility to supply the phenomenal and ever-increasing demand for this celebrated medicine in Canada.

During the first ten weeks of last year one million three hundred and twenty-seven thousand bottles of Tanlac were sold to dealers scattered throughout Canada up to that time. This record now pales into insignificance, however, as orders received during January alone of this year reached the astonishing total of one million, two hundred and twenty thousand bottles, showing an increase of approximately one hundred per cent over the corresponding period of 1919.

To say that Tanlac now has the largest sale of any medicine of its kind in the world expresses it mildly. It does not begin to tell the story—for no other preparation has ever even approached the marvelous record that is now being made by Tanlac and it is now conservatively estimated that the sales for the present year alone will amount to ten million bottles.

Of the orders received during January it was possible to ship only eight hundred and thirty-eight thousand bottles, and thousands of dealers scattered throughout Canada and the United States have been unable to obtain the quantity of bottles they desired.

"Thomson and Bewdlering" is the way one of the big drug jobbers of the country describe the marvelous demand for Tanlac.

"We know that the day of miracles has passed, and we all know that there are no unfaithful mysteries in the drug business, but this Tanlac proposition is a real one. It is a real one, leading wholesale druggist, whose firm has sold over 34 car loads, or an average of nearly one car load per month for the past twenty years. A very few years ago, thousands of similar letters and telegrams have been received, but for lack of space they can only be referred to briefly.

Most proprietary medicines are sold by the dozen or by the gross; a few are bought by the trade in quantities of one hundred, or two hundred, or a few are sold by the car load, and then only to the largest jobbers, covering extensive territories. The fact that Tanlac has been sold in Canada and the United States has a demand sufficient to justify them in ordering one car load, but from two to three carloads of Tanlac at a time makes Tanlac's pre-eminence in the field of medicine all the more noteworthy. It is the biggest thing of its kind in the world and nothing like it has ever happened in the drug trade before.

Think of one retail firm selling one-third of a million bottles of any one product right over the counter direct to consumers—over two years' time! It seems incredible, but such is the record made by the Owl Drug Company, through their retail stores on the Pacific coast.

Think of one retail firm in a single city of 200,000 inhabitants, selling bottles of every eighty-eight thousand bottles, an average of over two bottles for every family, in only four years' time! Such is the record of the Jacob's Pharmacy Company of Atlanta, Georgia. Think of one retail firm giving a single order for an entire car load, twenty-three thousand and forty bottles and agreeing to pay cash for the goods promptly on arrival. And this is not received from the Lewis K. Liggett Company of Winnipeg, Canada.

Another big Canadian retail firm, G. T. Rogers Limited, of Toronto, Canada, recently gave their order for one hundred gross, amounting to \$10,000. Orders from retailers for firm fifty to seventy thousand square feet of retail store, and practically all of the leading retail firms buy Tanlac in from ten to twenty-five gross lots to supply their customers.

When the magnificent new laboratories at Dayton, Ohio, and Walkerville, Canada, with a combined floor space of seventy thousand square feet and a combined capacity of thirty-six thousand bottles were completed, it was thought that the production would be enough to supply the demand for years to come. It is now apparent, however, that additional facilities must be provided if the supply is to keep pace with the demand. And this is true in spite of the fact that there is no other preparation claiming similar therapeutic value.

Tanlac has now been on the market for five years. It has stood the acid test of time. It is known and honored in every city, town, village, and hamlet on the American continent from Key West, Florida, to the northern wilds of Canada, where even the Indians and Eskimos have learned of its wonderful powers as a medicine. Its enormous and ever-increasing popularity is the one great outstanding proof of its wonderful merit. No advertised, could sell and continue to sell and establish new world's records for superiority as it did not produce actual and positive results.

Tanlac is composed of the most beneficial roots and herbs known to the scientific world. The scientific world, all National and State Pure Food and Health Laws of both United States and Canada, and although Tanlac's claims are superiorly and abundantly supported by leading authorities, it is not themselves who have made Tanlac what it is. Millions upon millions have used Tanlac, and their millions what it has done for them.

That is why Tanlac has become the real sensation of the drug trade all over the world. Tanlac is sold in London by Standard Drug, Limited, and by an established agency in

TENDERS FOR HOUSES AT PINE LAWN CALLED FOR
Housing Commission Approves McBride's Plans.
Tenders for 42 houses to be built on the Pine Lawn survey, Hamilton road, were called for at a special meeting of the Housing Commission last night. Six plans submitted by H. C. McBride were approved and the builders will be asked to give tenders on the erection of a number of each of these.
It is anticipated that by getting in the market early builders will be induced to undertake the work, particularly as there is a sufficiently large contract to guarantee a season's work. It is anticipated that the average cost of the houses will be about \$3,000.

To Quickly Remove Ugly Hairs From Face
(Beauty Notes)
Beauty-destroying hairs are soon banished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powdered delectate. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delectate. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delectate you buy.—Adv.

At The Theaters

AT THE GRAND.
Five of the best vaudeville acts seen locally in a decade and a comedy unit "Luck in Pawn," starring Marguerite Clark, are included on the program at the Grand Theatre today. The comedy and topical films go to make up a very attractive bill.

While not the headline act, Mel Klee, a blackface entertainer, took premier honors last night with his fun-making, and his turn which fairly scintillated with wit, went over with a punch. Providing laughs at the expense of his fellow actors proved his best drawing card and added to the value of his number.

The headline attraction, "Revue De Luxe," with a cast of seven people, is cleverly staged and the costumes are in keeping with the offering. The members of this company do not confine themselves to playing violins, banjos, duets, piano overtures and harmony ensembles, but show wonderful versatility in the theatrical art, including a soft-shoe and toe-dancing.

The "Winter Garden Four," a youthful male quartet, furnish some real harmony which was much appreciated by Grand patrons last night. Each possesses an excellent singing voice, and the duets and solos introduced are above the average.

Laura Bennett and Company present an act which is different and labelled "You Never Can Tell." This act is a chain of delightful surprises, and the cast of four present originalities in apparel and action.

Robert and Robert offer a comedy novelty in which a dog figures prominently, the said dog demonstrating more intelligence than many humans. Playing the stellar role in "Luck in Pawn" is the dainty Marguerite Clark, who immediately won the hearts of her audience last night in this refreshing little comedy. As a young artist facing poverty she falls into luck, which she pursues, and as a result a pretty romance grows up in which luck predominates until finally redeemed. To her admirers, the role of Annabel Lee, the principal character in the story, seems to have been arranged to order for Miss Clark. This bill will be shown at the Grand the first half of the week only.

AT THE MAJESTIC.
"Marjia," the main mystery, made his initial appearance at the Majestic Theatre yesterday, and was well received. Marjia is said to be the world's greatest crystal-gazer and mind-reader. At last night's performance he answered many questions of a variety of subjects, some serious and some foolish. In a little talk to the audience he emphasized the fact that those writing the questions on slips of paper, which were collected by an assistant in an oriental costume, should concentrate their minds on the questions. He said that if this were not done he would be unable to answer them.

Foolish questions were not wanted, he said, as they only wasted his time, whereas many were waiting for answers to questions which had some "troubling them for some considerable time."
"The Fortune-Hunter," the feature picture, was also well received. It is an adaptation of the famous stage play by Winchell Smith. Mr. Williams plays the title role, as Nathaniel Dunham, the youth who leaves the city to go to a small town and hunt up a heiress.
His old room-mate, who has mapped out the scheme, has instructed Dunham to first locate the town gossip, get the facts about the town, then get a job where he won't have to soil his hands. After that, he argues, it will be easy to win the heiress.
Dunham gets a job as clerk in the town's grocery store. Before many days have gone the youth discovers a dozen ways to make the store better and more successful. His fresh viewpoint takes in facts that the old druggist would have been blind against, because of having been near them too long.
Dunham wins the heiress, but a lot of things happen to change his mind. Special films complete the performance which will be repeated today and Wednesday.

AT THE PATRICIA.
"Should a Husband Forgive?" at the Patricia the first part of the week, is one of the best Fox productions seen here. The picture has the emotional Marion Cooper and Mrs. James Hackett starring. The versatile action of these two throughout the picture last night drew more applause and quick breaths than any picture that has been shown in the Patricia for some time.
The story opens on the Carroll estate in Kentucky with Mrs. James Hackett playing the part of Mrs. Carroll. Her husband catches her paying blackmail to a former lover. They quarrel and she leaves him and goes to New York, leaving behind her small son John. Her husband is killed the next day in a duel with the former lover and she has nothing to live for but her son.
Shortly after the death of Carroll, the father of Ruth Fulton (Marion Cooper) dies. Ruth also leaves for the great city. Some years later she is found by an unscrupulous man named Burleigh and, having a great liking for clothes and a fine home, she goes with him. She accidentally meets young John Carroll on a bus, and he immediately falls in love with her.
Carroll calls to see her several times and falls into the bad graces of Burleigh as a result. Ruth leaves Burleigh when he tries to ruin Carroll in a framed-up boxing match. All trace is lost of her until the younger Carroll comes into the estate of his grandfather. Carroll again finds her, and marries her on the spot to be sure of keeping her.
While staying at a hotel Carroll's mother sees one of the old family servants, and finds that her son is there. She meets him again amid a great flood of tears and joy, and is then introduced to his wife.
John's mother had seen Ruth while she was at Burleigh's, and on being told the story of her life there advises her to make a clean breast of the matter and trust her son. John overhears the story and like his father divorces his wife from the house.
The happy reunion takes place at the races one day. Ruth hears that there is to be a frame-up on her husband's horse. She goes to tell him, and finds that the jockey is sick. She rides the horse in the race and wins. "The Kid," a stable boy at the time of Ruth's childhood at the Carroll plantation, tells John the straight story. Ruth is immediately forgiven and the happy reunion between the mother, son and wife takes place.
"The Big Comedy" was, as usual, a fine picture. The setting is a girl's seminary. Two escaped convicts get into the place and are eventually caught after a great many laugh-producing incidents.
Fred and Green in the vaudeville made a decided hit with the audience in their sketch, "The Wop and the Girl." Their songs and stories are some of the best that have yet been heard on a local stage.

AT LOEW'S.
If the management of London's new theatre continues to present such excellent vaudeville as the five acts presented at Loew's on the opening night the success of that theatre is assured. The acts are among the best London has had an opportunity to see since vaudeville was introduced to this city.
The feature of the bill is a snappy act, presented by Isabelle D'Armond and Company, which is called "A Droll Tasse Revue." Miss D'Armond is an exceptionally talented little actress, and won the hearts of the 2,000 who thronged the house on the opening night. She can sing and dance in a most pleasing manner, while her comedy is also worth many a laugh. The other members of the company are also very good and won their share of applause.
There is absolutely no doubt that Zuhn and Drels got more laughs out of last night's audience than any two vaudeville stars were able to squeeze from Londoners before. They have some of the best jokes that could possibly be pulled, and they have a manner about them which is original in London at least. Their act drew more applause than any other on the bill.
Too much cannot be said for "The Five Avalons," who gave a wonderful exhibition in tight-rope walking and other acrobatics last night. The five

members of the company are the best seen here in many moons, and one of them performs stunts which have not previously been witnessed or even heard of in these parts.
Mack and Salls are artistic purveyors of amusing originalities, the press agent admits. For all we know he may have told the truth, but they are the best in their line to come this way in a long time. From the names, one naturally gathers that there is a female member of the cast, which is a perfectly proper deduction for no one suspected that "she" was a "he" until he showed his bald head. The dancing of the female impersonator last night was exceptionally good, and no one in the audience suspected the impersonation until the denouement.

The vaudeville bill is completed by a pleasing act entitled "A Holland Romance," which is presented by Charles Nevins and Ada Gordon. This couple have some original methods of putting the act across in a pleasing manner. They can also sing and dance.
Ouid Bennett in "Stepping Out" is the screen attraction. The picture is an exceptional one and when it starts running it brings out a big crowd in the same old way. It does, however, merit the happy couple do not get married and live happily ever after, but merely a wife and husband effect a divorce and start all over again.
The star picture is "Stepping Out" wife whose husband is "stepping out" Ouid Bennett in "Stepping Out" and he soon regrets, begs forgiveness and finally is accepted once more.
The picture is in brief, an interesting situation is brought about in the photoplay, which is exceptionally interesting.

LEGISLATURE TO BE ASKED FOR POWER TO CHANGE BYLAW
Council Seeks To Ascertain Authority As To Fares.
MAY BUILD NEW BRIDGE
Ask Authority To Issue Debentures For Structure On Ridout Street.

One of the shortest meetings on record was held by the city council Monday night. All the members were present, but the meeting was held in Loew's Theatre. Accordingly, the meeting was called at 7:15, instead of 7:45, and was concluded by 8 p.m.
A motion to have No. 1 committee consider the advisability of getting legislation to allow the council to regulate the provisions of the street railway was made by Ald. John Ashton, seconded by Ald. Wheatcroft, and was adopted. Presumably this committee is intended to authorize the committee to ascertain whether the Ontario Legislature can pass an act in relation to Ald. Ashton said that it made no difference whether the Ontario Legislature passed an act or whether the council called in to operate the road, the matter would be the same. He said that the council should come before the Legislature finally, and that the council might appoint a committee to look into the matter. He thought the council might appoint a committee to look into the matter. He thought the council might appoint a committee to look into the matter.

Ridout Street Bridge.
The council authorized application in the city of London for permission to issue \$145,000 debentures to erect a new concrete bridge at Ridout street. Ald. John Ashton made an amendment which was not seconded, to have an expert look over the present bridge to see if it could not be repaired. E. R. Seabrook pointed out that an expert had already looked over the bridge with City Engineer H. A. Brazier. He had declared it a monument to the firm that built it, it had lasted for 46 years, and was now in such a state that it could not be satisfactorily repaired.

Ald. W. A. Wilson asserted that he had lost five votes in one sub-division through the negligence of a returning officer, and he wanted to know if there was any penalty in cases of this nature. Ald. John Bridge jokingly suggested that the chairman of No. 2 committee be empowered to punish the returning officer as he saw fit. Ald. Wilson is the chairman of No. 2 committee. Ald. Seabrook asked if scrutiny of the ballots could not be made by the city clerk's department each year in time to permit of a recount. Mayor Little replied that the clerk could not open the boxes until 30 days after the election.

No. 1 committee will be asked to report on the possibility of selling the "Federal Square" property for business purposes, on motion of Ald. W. A. Wilson and John Ashton.
Ald. Wilson evolved a brilliant plan to bring show-weight merchants to task. On his motion No. 1 committee will consider placing a blackboard in front of the office of the weights and measures inspector. On this would be placed from time to time the names of those merchants found guilty of giving short weight. Ald. Wilson said the newspapers had not given these men sufficient publicity.
The police commission will be asked to investigate delays at the Rectory street crossing of the G. T. R. Motions of regret at the death of Ald. C. G. Moorhead's daughter and Thomas Gillean were passed.

ST. MARYS BRANCH OF G. T. R. MAY BE ELECTRIFIED SOON
Philip Pocock Believes Dominion Government Intends To Do Electrifying.

The St. Marys branch of the Grand Trunk will be one of the first electrified, according to an opinion expressed by Philip Pocock yesterday. He was unable to state when work would be commenced on this line, but did not believe anything would be done until the Dominion Government. He considered it probable that the line between Toronto and Niagara Falls would be one of the first to be electrified. Mr. Pocock stated that the Hydro Commission planned to electrify first along the routes approved by the rate-payers. Every municipality on the St. Marys branch had voted in favor of a hydro radial, but with the Government taking over the road, Mr. Pocock stated that the line to that town would be electrified. The Dominion Government, he believed, intended doing some electrifying on the road.
If the G. T. R. would turn branch lines over to the commission it would facilitate matters greatly, Mr. Pocock said. It was the intention of the Hydro Commission to electrify as far as possible branch lines that the people would have electric service.

HOOSIER
Kitchen Cabinet Club

The winning features of the perfect Hoosier always give the opening of the club a warm reception by the public. The club got such a healthy start that it promises to clear up a couple of the most popular sellers in a very short time.

The new attractive features are making new friends for the Hoosier. We want you to see them. Remember the labor-saving devices which this Cabinet alone can give. There is nothing "just as good."

These labor-saving devices are the result of the suggestions and experiments of the Hoosier Council of Women Kitchen Scientists, of whom Mrs. Christine Frederick of New York is perhaps the most widely known and read. Then the Hoosier is made in a factory employing hundreds of hands, where the Kitchen Cabinets are a specialty, and nothing else is made.

Our Club Offers You a Cabinet for a Small Deposit and \$1.00 Weekly Payments
Whether you buy for cash or on convenient terms, you get the best Kitchen Cabinet that money and experience can produce. Secure your Cabinet while the line is complete.
