THE END OF AUTONOMY

Government Designs the Third
Readings For Wednesday.

House Had Its Working Clothes On
and Put Through Much Overhanging
Work on Monday—Old Matters Well
Cleaned Up—The J. J. Hill Railway
Bill Put Through Last Jumps and
Stands for Third Reading.

Ottawa, July 4.—Hon. Charles Fitzpatrick, before the adjournment of the House last night, said it was the intention of the Government to take up the Saskatchewan bill in committee to day and get it possible, to the second reading. Then on Wednesday it was decided to bring each bill on for the third reading, and on that day dispose of the autonomy bills.

House in Working Clothes.
The House, in truth, had its working clothes on yesterday. The hot weather has apparently made everyone from the Premier down to the much-bemused veteran doorkeeper anxious to get away.

Many of the outstanding estimate items were polished off and the slate swept comparatively clean of old matters. The menu dished up consisted of private bills, public bills and estimates. For an hour and a half the chamber of the Commons resembled the Railway Committee after a red-hot sitting.

Stands For Third Reading.
The railway bill that has caused so much stir in committee this session, and which has been provocative of some very plain speaking, was put over the last jumps and new stands for the third reading.

Messrs. Borden and Foster were both absent, and Mr. Barker said he understood that as Mr. Foster wished to have an amendment but could not possibly be on hand to-day, that an arrangement had been arrived at between the members of the Government to defer the bill. Sir Wilfrid said that no such arrangement had been made and insisted that the bill be proceeded with.

Against Foster's Amendment.
The Minister of Railways announced that the Government had considered Mr. Foster's amendment and that it would not be well to impose such restrictions. The amendment was to the effect that before the committee should be permitted to defeat its fine into American territory the Governor-in-Council should be satisfied that such defection was necessary in order to overcome some physical difficulty on the Canadian side.

Mr. Henderson of Halton repeated his arguments in favor of an all-Canadian road.

Mr. Gallihier retorted that British Columbia members were quite able to look after the interests of that Province.

Mr. Henderson was very glad to hear it, but showed that in previous instances such consideration for the Province had not been manifested.

The Minister of Justice intimated that certain changes in the wording might be necessary in order that trouble might be avoided in the future. After some further desultory discussion the bill was reported.

Special Tuberculosis Committee.
A special committee is to be organized to look into the question of the suppression of tuberculosis. The matter was brought up by Mr. Perley and concurred in. Those who will form the committee are: Messrs. Barr, Beaudet, Black, Cash, Chisholm, Hughes, Gordon, Hughes (P. E. I.), Johnston (Lambton), Lawrence, Loggie, Miller, Paquet, Parmelee, Roche (Marquette), Schaffner, Scheff (Oxford), Smith (British Columbia), Thompson and Perley.

The Senate will be invited to make it a joint committee.

Praise for N. W. M. P.
When the House went into committee of supply Sir Wilfrid made an extended statement regarding the vote required for the Northwest Mounted Police, and in the course of it paid a high tribute to the work being done by this excellent organization. Col. Hughes thought that the Government should consider the matter of scrip for lands for the work of these men in 1885. Sir Wilfrid Laurier contented himself with the remark that the Government did not see its way to reconsider the question at the present time. Mr. Herron also pleaded for a reconsideration of the matter.

After the vote had gone through the new Minister of the Interior put through several items in regard to geological surveys.

A resolution was passed authorizing provision for the inspection of water meters, and an act founded thereon was introduced and read a first time.

The Metric System.
A bill to amend inland revenue act was read a third time. W. F. Maclean drew attention to the fact that large quantities of American raw spirits were being imported and sold as Canadian whiskey. He was assured that such liquor could not have the bonded stamp of the Inland Revenue Department. Mr. Maclean also suggested that if the decimal system of weights and measures were to be adopted in Canada as contemplated in the statute no better beginning could be made than in the Inland Revenue Department. Hon. Mr. Brodeur thought the suggestion an excellent one, and promised to look into it.

W. F. Maclean, when the bill respecting an amendment of the naturalization act was taken up, protested that under existing conditions foreigners coming to Canada and becoming naturalized in reality became Canadians, and not British subjects. The men might go into other countries after becoming naturalized Canadians and become subjects of these countries. The bill was read a third time.

THE BOWLING TOURNAMENT

Eleven Clubs Entered in the Events Held on Te-cumseh Park Yesterday

Chatham won the Sutherland Trophy While a Leamington Rink Carried off the Banner News Cup, a Good Day's Sport.

The Annual Bowling Tournament, held under the management of the Chatham Bowling Club, came off yesterday and was an unqualified success. The weather was perfect—a marked contrast to last year—and it may be safely said it was one of the best tournaments ever held by the Chatham club.

There were eleven clubs in competition for the Sutherland and Banner-News trophies and the final results showed that the Sutherland trophy, the first prize, was successfully carried off by the home club, while the Banner-News trophy was won by one of the Thamesville rinks, skipped by L. R. Randall. The grounds were in splendid shape for bowling and refreshments and cigars were supplied in abundance to the visitors. Every one of the clubs were high in their praises of the hospitality of the Chatham Club.

The play opened at ten o'clock with the following players representing the different clubs:—

Thamesville—L. R. Randall, Dr. W. C. Currie, Alex. Mickle, N. K. Cornwall, D. J. Davis, H. Obeay, R. Duncan.
Bothwell—A. D. Graham, R. Avery, J. Reid, John Crotty.
Walkerville—J. R. Coate, J. W. Coatsworth, F. J. White, A. D. Green, E. D. Kerr, S. F. Ladore, F. J. Miller, W. Chater.

Windsor—A. Wigle, E. S. Wigle, Dr. Smith, H. T. W. Ellis, A. J. Arnold, D. M. Eagle, G. Pascaud, J. W. Marshall.

Dresden—T. N. Wells, J. C. Wiley, H. S. McDonald, C. Huff, W. N. Yake, G. E. Weir, C. H. Gordon, W. H. Willson.

Essex—A. H. Murray, E. L. Park, Wm. Laing, W. H. Richardson, A. H. Scarff, J. A. Francis, O. H. Bricker, J. F. Green.

Blenheim—H. M. Winters, L. F. Johnson, R. L. Nelson, Geo. M. Baird, J. H. Ferguson, Geo. J. Gibb, J. Mulholland.

Ridgetown—W. N. Little, A. Long, R. Reid, P. Bowden, J. Bowden, A. Schwidler, W. C. Newman, D. Marr.

Leamington—H. M. Sween, J. A. McDonald, L. Smith, H. Lendon, C. Lendon, Dr. Kennedy, L. J. Wright, A. J. Barker.

Chatham—Robert G. Fleming, J. A. McDonald, J. W. Webb, Mr. McGregor, W. Anderson, W. Merritt, A. H. VonGuntzen and W. Taylor.

The Sutherland trophy was a double event and the first series of games resulted as follows:—

Essex beat Windsor.
Thamesville beat Walkerville.
Dresden beat Bothwell.
Blenheim beat Ridgetown.
Chatham beat Kingsville.

Leamington—Byes.
The losers then started in in single rinks on the second event, the Banner-News trophy, while the winners played on for the Sutherland trophy. The second series resulted as follows:—

Thamesville beat Essex.
Blenheim beat Dresden.
Chatham beat Leamington.

In the next bout Chatham beat Thamesville and then played the finals with Blenheim and won out. Besides the trophy Chatham won four wickets and the runners up, Blenheim won four umbrellas.

The Thamesville rink who won the Banner-News Trophy were, — Alex. Nicol, W. Anderson, Dr. W. C. Currie and L. R. Randall, skip. They also won four gold cuff links, while the runners up, a Leamington rink, won four hammocks.

The Sutherland trophy was held by Ridgetown for the past two years. This is the second time Chatham has won it. Dresden held the Banner-News trophy last year.

Chas. Austin acted as Secretary of the tournament and he made a most capable one.

SERVICE AT ST. PAUL'S.

London Will Honor Ambassador Hay As it Did McKinley.

London, July 4.—A memorial service for the late Secretary Hay will be held in St. Paul's cathedral Wednesday afternoon, similar to that held in September, 1901, in memory of President McKinley.

Instead of cancelling the events which had been arranged for the celebration of the 4th of July in London, it has been decided to postpone them until July 8 out of respect for the late Secretary of State, John Hay.

At Cleveland.
Cleveland, July 4.—The casket containing the body of Secretary John Hay arrived here yesterday and was placed in the auditorium of the Chamber of Commerce, where it will remain under military guard until 9.30 o'clock Wednesday, when it will be taken to the chapel in Lake View cemetery for the funeral services.

SMEETILVY HAS NERVE

With Volunteer Crew Goes to Sink the Kniaz Potemkine.

Single Russian Torpedo Boat Destroyer Undertakes Big Contract in Hope of Ridding Black Sea of Mutineers—Rear-Admiral Choukin Searches British Ship for Odessa Refugees—Riot Victims 6,000.

St. Petersburg, July 4.—According to a despatch received by an official agency, the torpedo boat destroyer, Smeetilvy, with a volunteer crew, had sailed from Odessa with the intention of sinking the Kniaz Potemkine.

With Kustenji and other unprotected ports of Roumania, Bulgaria and Turkey at the mercy of the battleships' guns, and with the inability of Vice-Admiral Kruger's squadron to interfere with her career, Smeetilvy is retreating them from commission, this desperate expedition was seized upon to prevent international complications, and to rid the Black Sea of mutineers.

This problem for a single destroyer, which is difficult and dangerous at best, as she will have to encounter both the Kniaz Potemkine and her attendant Dardanelles, abrogated, the Foreign Office would oppose the passage of foreign warships as a temporary expedient, declaring the occasion did not warrant such a measure.

The Admiralty, however, it should be stated, does not admit that the Smeetilvy has gone on such an errand, though the officials say frankly that the Kniaz Potemkine must in law be regarded as a pirate.

As such as Russia, as a matter of principle, would like to see the provisions of the treaty of Paris, closing the Dardanelles, abrogated, the Foreign Office would oppose the passage of foreign warships as a temporary expedient, declaring the occasion did not warrant such a measure.

SHOT AT MUTINEERS.

But Roumanian Warship Didn't Strike the Kniaz Potemkine.

Bucharest, Roumania, July 4.—The Russian torpedo boat No. 287, accompanying the Kniaz Potemkine, attempted to enter the port of Kustenji yesterday. The Roumanian cruiser Elisabetha fired on the torpedo boat, but failed to hit her. The torpedo boat then retired. The Kniaz Potemkine left Kustenji yesterday afternoon. It is stated she is returning to Odessa.

These incidents followed the refusal of the crew of the Kniaz Potemkine to accept the Government's offer, made through the captain of the port, who positively announced that the mutineers would not be allowed to receive provisions unless they came ashore unarmed and delivered up the battleship and torpedo boat to the captain of the port. If these conditions were fulfilled the mutineers would be given their liberty to go where they pleased. The rebellious steamers conferred together and refused the Government's demand, to refuse the Government's demand, and renewed their demand for provisions.

This was again positively refused by the captain of the port, whereupon the Russian torpedo boat attempted to enter the port, but on being fired on by the Elisabetha and evidently awed by the gun stand taken by the authorities, she decided to retire.

SEARCHES BRITISH SHIP.

Russian Torpedo Boat Destroyer Takes the Cranley in Charge.

Odessa, July 4.—Estimates of the number killed during the fires and rioting of last week run as high as 6,000. A far greater number were shot down, but many of the bodies were incinerated.

The military commandant today appointed Gen. Karakozoff, commander of the Lubna Dragons, to the post of Governor-General of Odessa. Karakozoff later summoned the editors of the Odessa newspapers and blamed them for their conduct during the troubles. The Governor-General ordered the editors not to make the slightest reference to the present outbreak nor to the strike.

The surrender of the Georgi Pobedonozetz was formally carried out yesterday morning. The warship's officers returned from Nikolai, went on board and picked out the ringleaders of the mutiny and several of their followers, all of whom were sent ashore. A torpedo boat destroyer and a gunboat arrived here during the night, bringing Rear-Admiral Choukin, commander of the Black Sea fleet. The city is quiet. Many strikers have returned to work.

British Ship is Searched.
The torpedo boat destroyer, upon her arrival here, fired a blank shot across the bow of the British steamer Cranley, lying off Fontana, for the purpose of taking off British subjects if necessary. The destroyer signalled the Cranley to accompany her inside the harbor. The Cranley complied, the destroyer in the meanwhile keeping her guns trained on the steamer. Later, Russian officials took possession of the Cranley and searched her for revolutionary refugees. The British Consul-General protested to the Governor, saying there was no reason to suppose that any refugees were on board the Cranley. It is presumed she will be released shortly.

British Ship Freed.
The British Consul-General last evening released the five vessels which had been held in readiness to remove the British subjects. The Consul-General considers that all danger has passed. The Cranley incident is ended. The officials, in the presence of revolutionists, and the Russian officials apolo-

gized to the Consul-General.
Peasant disturbances in the neighborhood of Odessa are giving rise to much apprehension. The peasants are forcibly occupying lands and seizing live stock. Troops have been sent to suppress the disorders.

No Reason to Interfere.
London, July 4.—In the House of Commons yesterday afternoon, Earl Percy, the Foreign Under-Secretary, replying to a suggestion that friendly representations should be made to Russia, proposing a temporary suspension of the treaty excluding foreign warships from the Black Sea, so that British vessels might safeguard the lives and property of British subjects at Odessa, said the present circumstances at Odessa did not afford sufficient grounds for such a departure from the treaty rules governing the Black Sea.

More Mutiny at Cronstadt.
Cronstadt, July 4.—The crew of the Russian cruiser Minine refused to put to sea yesterday with the other vessels of the active squadron, alleging that the age and bad conditions of the Minine prevented her participation in gun practice and manoeuvring. Ring-leaders of this mutiny were arrested, and the Minine was towed close to a fort, where she is now anchored.

St. Petersburg, July 4.—Late last evening a rumor was current here that the port of Cronstadt had been closed to foreign shipping, and that all commercial vessels there had been ordered to St. Petersburg.

Strike in Ship Yards.
St. Petersburg, July 4.—The strike of the Nevsky ship yards, which began Sunday, became general yesterday. There is marked excitement in labor circles. Leaflets are being scattered broadcast detailing the recent events at Loda and Odessa.

During the afternoon there were several collisions between the police and strikers on the Schlusselburg causeway, and the Cossacks, who were summoned, charged and dispersed the workmen with their whips.

CONFEDERATION.

Yesterday Canadians celebrated the thirty-eighth anniversary of the founding of the Dominion. On July 1, 1867, the organized provinces of Canada were invited to form a confederation. The idea of union had, however, been in the air long before this. It had been a subject for debate for many years prior to the final act. R. J. Uniacke advocated it in the Nova Scotia legislature as early as 1809, while the father of the late Queen Victoria advocated it in 1814. William Lyon Mackenzie spoke of it in 1831, and Bishop Strachan wrote of it in 1838.

Owing to the fact that the subject of Confederation had been so thoroughly discussed upon the hustings and in the public press, it was disposed of in parliament in comparatively brief time. The parliament which passed Confederation met on Feb. 3, 1865, and dispersed, with its work completed, on March 10th, just five weeks being consumed in the passing of the most important legislation that ever effected the Dominion as a whole. The vote on the Confederation question was 91 to 33. Thus the proposal carried by a majority of 58. After parliament had taken action the principal members of the Government hastened to England to have the proposal embodied in an Imperial Act—the British North America Act which we now have.

Prior to the passing of the British North America Act there were troublesome times for Canada. Administrations were sustained but by small majorities, and their terms, usually brief, were marked with discord. The three eastern provinces were experiencing difficulties. Their system was expensive, and the business growth was not what it ought to be.

A railway to bring the provinces into connection with the outside world was needed. Joseph Howe, at this juncture, moved for the holding of a convention of the Maritime Provinces, to see what could be done in the way of union. This meeting was called to meet in Charlottetown, P. E. I., in the summer of 1864. The meeting was attended by such men as George Brown, John A. Macdonald, Charles Tupper, W. H. Pope, Alexander Gait, D'Arcy McGee, Hector Langevin, William McDougall, who died a few days ago, and Alexander Campbell. The argument of these gentlemen was for something larger than a union of the Maritime Provinces, as at first anticipated. The majority prevailed and a second meeting was called for Quebec on Oct. 10, 1864. At Quebec the representatives of all the North American colonies assembled. Ontario and Quebec sent twelve delegates, Nova Scotia five, New Brunswick seven, Prince Edward Island seven and Newfoundland two. There the draft of the terms of union was prepared. Three months later the Canadian Parliament met and adopted the arrangement, and subsequently the Imperial Parliament took action.

The results of the union have demonstrated the wisdom of the fathers of Confederation. They builded better than they knew. It is scarcely a generation since the act uniting the provinces of Canada was passed, and the beneficent results of union are much in evidence. Political discord has given way to harmony. There has been a great industrial and commercial development that would have been impossible under any other circumstances than Confederation.

GOOD SOCIAL

A social was held last Friday evening in the Sunday school hall at Thorncliffe. A good crowd was present. During the forepart of the evening a ball game was played between Thorncliffe and Turnerville, resulting in a win for the home side. It is an interesting fact that, within a radius of ten miles there were no less than eight church socials in that vicinity Friday evening.

A SMALL FIRE

The firemen were called out to a small blaze yesterday morning about ten o'clock. The alarm came in from box 24 on the corner of Colborne and Prince streets and the fire was located in the roof of Mrs. O'Reilly's house on Colborne street. The C. P. R. tracks run right past the side of the house and a spark from an engine had caught fire on the roof.

Will Sutor, who lives in the house, noticed the blaze and at once turned on a garden hose while one of the girls ran to the box. The firemen responded promptly but the fire was extinguished before they arrived and their services were therefore not needed. If the blaze had not been noticed in time, it no doubt would have developed into a serious fire.

TIME SAVED and Success Guaranteed When Women Use DIAMOND DYES.

Each year thousands of letters come in from all parts of this vast Dominion telling of victories and successes with Diamond Dyes in the home.

The marvellous and immense sales of Diamond Dyes in Canada have induced adventurers and speculators (who know nothing about the chemistry of colors) to go into the putting up of package dyes. Such dyes are adulterated and crude; the colors are muddy and blotchy, bringing ruin to the materials you try to dye. Diamond Dyes, the choice of wise women, are the kind used when bright, full, fast and brilliant colors are warranted. No disappointments possible when you use Diamond Dyes. Diamond Dyes are sold by all leading druggists and dealers. Refuse to accept substitutes when you ask for Diamond Dyes.

One man can see into futurity just as far as another can, and none of them can tell whether the world will be in existence to-morrow.

Distilled Sunshine

Did you ever have a headache that made Sunday feel like wash-day?
 Perhaps you have been drinking inferior teas.
 No, you don't need medicine—all you need is a package of Grand Mogul Tea.
 This tea combs the kinks out of the nerves. Why? Because it is rich in theine (the flavoring essence) which is just concentrated sunbeams. Grown on the high table lands of Ceylon, this tea contains the elements of a pure nerve-food.

Grand Mogul Tea

There are no other teas "just as good" as Grand Mogul. 25c, 30c, 40c and 50c per pound.
 Sold only in packages lined with air-tight paper. Premium coupons on each package. The cost of these coupons is not taken out of the tea, but is simply a part of the advertising appropriation.

 On account of it being Saturday, Dominion Day is not being observed here to-day but it will be celebrated on Monday.
 The lacrosse boys leave on Monday morning next for Marion, Indiana, where they will take part in an exhibition game.
 Mrs. F. H. O'Connell and Miss Alma, of Morrison, Miss.; Mrs. W. Coulson and Mrs. A. Wells, of Peoria, Ill., are visiting at Mr. P. O'Connell's and other relatives in Harwich.
 Mrs. James White visited her daughter, Mrs. W. R. Fellows, Jr., yesterday.
 Miss C. L. Ballantyne, of Toronto, gave a very interesting educational health talk under the auspices of the Ladies Aid of the Methodist church yesterday afternoon. It was much enjoyed by those present.
 A very enjoyable social given by the Canadian Order of Chosen Friends was held on the lawn of Mr. William Morris last evening.
 The strawberry social on Mr. J. K. Morris' lawn did not take place on June 29th, but will be held on Tuesday, July 4th.

TILBURY

July 3.—Rev. Mr. Ball, late of Wheatley, preached his first sermon in the Methodist church here last evening to a large and attentive congregation.
 Tilbury's water supply for May cost the village only \$22.29—the price of less than three services charged on summer-leaving a handsome profit to the village.
 D. Mailloux, of Sandwich College, and his tutor, furnished some beautiful violin music last evening in St. Francis R. C. church.
 Business places are all closed to-day on the occasion of Dominion Day.
 Mrs. Tiernan arrived here Saturday from Montreal on a visit to relatives and friends in Tilbury.
 Miss Stella Mailloux, of Adrian, (Mich.) College, is spending vacation with her parents here, Mr. and Mrs. T. Mailloux, of the Commercial Hotel.
 Jeannette's Creek is expected to play football here next Friday.
 There was a great gang of fakers operating at Colchester races on Friday, and the authorities there made no attempt to stop their disgraceful operations. One man from Tilbury dropped \$123 on the "sweet board," another Rochester Township man lost \$20, and a number of others from \$5 upward.
 Miss Alice Tremblay, of Quebec College, is spending vacation with her parents here, Mr. and Mrs. J. A. Tremblay.
 W. C. Crawford is running his heading factory nights to keep up with orders.

DOYLES.

We are up to the times in our neighborhood in the way of having June Weddings.
 Miss Alice Ritchie returned to Harper's Hospital, where she is a nurse-in-training, after visiting her parents.
 Miss Fern Whitehead and friend paid a flying visit to friends on the ninth concession one night last week.
 The wet weather seems to be very favorable for the strawberries. They are a very abundant crop.
 Walter Doyle is sporting a brand new buggy.

DAWN VALLEY.

Mr. Gordon McDonald, teacher at No. 19, returned for a few days this week to bid good-bye to pupils and friends. He will not be able to take charge of the school again before the vacation. Owing to the death of his father Mr. McDonald will be teaching at home. Miss Reyna will teach out the term.
 Mrs. Rachel Comer returned home Tuesday after a few weeks visit with her sister, Mrs. Goodbury, and other friends at Tupperville.
 Miss Kate McDonald has returned to Detroit.

Mr. M. J. Harrett injured his lame leg and is now confined to the house. We are sorry to learn.

The burnished plumage of the peacock owes its brilliancy and splendor to a healthy condition. Let the bird be sickly, and the plumage droops and grows dull. There is no exception in nature to the rule that beauty depends on health.

Women who see their beauty waning rarely associate the external change with failure of the womanly health. They do not understand the close relation of the general physical health to the health of the delicate womanly organism, until after being cured of womanly diseases by the use of Dr. Pierce's Favorite Prescription they find the color returning to the cheek and the flesh to the body.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"Several years ago I was very poorly," writes Mrs. May Kelley, of Sylvia, Kans. "so weak I could hardly walk across the floor, and at times suffered severely. I took two bottles of Dr. Pierce's Favorite Prescription and got well and healthy—gained twelve pounds in two months and was the picture of health. Your medicine have cured me. Almost everybody I meet says, 'You look so much better than you have for several years; you look well now.'"

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are a lady's laxative. Nothing equals them for gentleness and thoroughness.

Bird Elocution.

The blue jay is a great elocutionist and gives utterance to many unlooked for remarks, but the one most often heard in the woods relates to the possession of a "chee-tidley-unk." Just exactly what sort of creature or thing this is no one can tell, but whenever I am in the woods I hear the jays exclaim "Chee-tidley-unk—got him," to which the meadow lark in the pasture clearing replies, "Oh-so-cheat," with a most sarcastic drawl on the "so" and an infection on the "cheat." As a rule, the meadow lark says his say while perched on a fence post, and he talks with his mouth wide open. There are a lot of little people in the thickets who are always in such a hurry and talk so fast that it is difficult to tell what they say. There is that gayly colored little fellow the red start, crying, "T-wet-wee-when-when-whisset," and the dainty summer yellow bird, who has something to say in the same line and much in the same manner. What he wants is wheat, and although he never eats it, his constant cry is, "Wheat, wheat, wheat, wheat, wheat, wheat."—Dan Beard in Recreation.

Fools All the Doctors.

"There is a hale and hearty looking old chap walking about town," remarked a New York physician lately, "who for years has had a complication of diseases which make him most interesting to the profession. The ailments of which he shows undeniable symptoms are rarely seen in combination, and the state of his inner workings is a matter for speculation among the doctors who have examined him."

"The old fellow himself loves to tell that when he first asked medical advice some twenty years ago the physician, a famous practitioner in those days, wrote across the diagnosis he had put down on paper: 'This man cannot live thirty days. I should like to be present at the autopsy.' That great doctor has been dead these many years, and the dying patient still smiles cheerfully and seeks a cure for his malady. Queer, isn't it?"

Crockett and the Mules.

When Davy Crockett sat in the national legislature as a representative of the state of Texas he had many clashes with men of more education, but less wit, than himself. It is told of him that one day while standing in front of his hotel on Pennsylvania avenue a swarm of mules trotted by under the custody of an overseer from one of the stock farms in Virginia. A congressman from Boston, who was standing near by, attracted Crockett's attention to the unusual sight, saying:

"Hello there, Crockett. Here's a lot of your constituents on parade. Where are they going?"

The celebrated hunter looked at the animals with a quizzical glance, and then, turning to the other, said quietly, but with great emphasis, "They are going to Massachusetts to teach school."

The Kitchen in China.

"In China everything seems to us to go by contrary, and the front part of the house is devoted to the kitchen," says a missionary. "Upon entering the house at the front door one is introduced into the culinary department, and so important an adjunct to a household is the kitchen that the population of towns and cities throughout the empire is reckoned by the number of kitchens within the walls. Brick chimneys in China are a thing unheard of, and the smoke from the fire is allowed to roll lazily along the ceiling out into the court or through an aperture made in the roof. The kitchen fire is usually built in a mud stove, for any other kind of a stove is unheard of, among the poor classes."

The Rajah's Guest.

It is the custom in Sarawak that the rajah's house shall be open to his subjects at any time. That same Kavanagh chief from Baram who visited me, Dian, by name, presented himself one night at Astana when the rajah had a dinner party. His appearance, clad simply in a chawat (waistcoat), with five followers in equally full dress, among a dozen people conventionally attired was a piquant reminder that I was "east of Suez." Dian pulled a pipe and I was going to say from his pocket—lit up and bore his part gallantly in the social amenities of the evening.—London Express.

Cutting a Hallstern.

During a severe hallstern in the Himalayas our native gardener brought out a hatchet and placed it edge upward in the garden to "cut the storm," as he said. Catlin, in his "North American Indians," describes a ceremony of the Mandan Indians in which hatchets and edged tools are sacrificed to the "spirits of the waters" to avert a recurrence of the great deluge, of which the tribe has the tradition.—Notes and Queries.

She Might Wish.

"I have always allowed my wife to wish something for herself for every birthday since we have been married." "What does she wish generally?" "Well, the last fifteen times she has been wishing for a piano."

Court Jews.

Court Jews were the officially appointed bankers and money lenders of European rulers down to Napoleon's times, after which most of them became merged in the great business houses which deal nowadays with international finance. One of the founders of the house of Rothschild was court Jew at Frankfurt toward the close of the eighteenth century. It was with him that the elector of Hesse-Cassel deposited £1,000,000 when the first Napoleon was threatening his dominions, and the way in which the sum was protected and restored when Europe was settled again first made the name of Rothschild famous in finance. Up to this period Jews had no rights as citizens in most German states or in Austria, and the office of court Jew was necessary to give them standing.—London Globe.

The Banshee.

The banshee is the domestic ghost or spirit attached to certain Irish or highland Scottish households and is supposed to take an interest in the welfare of the family generally, and especially to wail at the death of any one of its members. The banshee is pictured in Irish folklore under the form of a little old woman with long hair, which she continually combs, at the same time keeping up an incessant weeping and wailing. The incident of the comb is exactly similar to the legend of the German lorelei, a spirit which sings, while the banshee weeps, as an accompaniment. The proud distinction of possessing a private banshee is allowed only to families of pure Milesian stock. The word is derived from the Gaelic ban-sith, a woman fairy.

It's the successful man who always prates of the luck of fools.

This morning the four young men who were charged by Thomas French with stealing fruit, came up at the Police Court and Mr. French withdrew the charge on condition that the boys paid the costs. Mr. French does not wish to prosecute, but he wishes to protect his fruit, and as the boys promised to be good in the future he was satisfied to withdraw the charge.

SAVES LIFE

Little Don, Son of Sep. Kolofage, Saves a Child, Mary McDonald, From Drowning in the River.

Don Kolofage, the 9 year old son of Mr. and Mrs. Sep. Kolofage, Stanley avenue, proved himself a hero yesterday morning by saving a little child from drowning in the river.

Little Mary McDonald, daughter of D. J. McDonald, of the C. P. R. Hotel, and her little friend, Louise Rutley, daughter of Chas. Rutley, were playing on the river bank at the foot of Stanley avenue yesterday morning about half-past ten o'clock. They had their shoes and stockings off and were wading in the water. Don was sitting at the top of the bank watching the cricket game when he noticed the two girls playing, and started down to join them.

Just as he was about half way down the bank little Mary said to her companion: "Watch me run and jump in the river." She ran a short distance and when she reached the water's edge she stumbled, fell in the water and was carried beyond her depth. She cried for help and disappeared in the water.

Don in the meantime was rushing to the rescue. He ran out in the water and at a depth which reached up to his neck, he succeeded in catching the little girl and soon had her on shore again, none the worse of her adventure but wringing wet.

The rescue is all the more creditable as Don did not hesitate for a moment to jump in after the little girl, although he cannot swim a stroke. Mr. McDonald, father of the little girl, was, all this time, playing in the Bowling Tournament on the Park, and knew nothing of his little daughter's narrow escape until he went home at noon.

If you think you believe all you hear, don't imagine that everyone else is similarly impressed.

RIVER CLAIMS
ANOTHER LIFE

Eric Felix Bielby a Young Englishman Drowned in the Thames

He Worked for Sagar of Chatham Township and Met his Death by Falling Out of a Row Boat

The River Thames claimed still another victim last Sunday evening, when Eric Felix Bielby, a young Englishman employed by S. Agar, of Chatham township, lost his life by drowning.

Mr. Agar's farm is situated up the river about three miles from the city. On Sunday evening Bielby was asked to take a dog across the river in a small row-boat. Nothing was thought of this, as he had often been out in the row-boat and claimed to be an excellent swimmer. He landed on the other side all right and started on the return trip. He was standing up in the boat sculling when Mr. Agar, who was on the bank noticed this and called to him to sit down. Bielby, however, paid no attention to the warning and when he was about halfway across the river he fell in the water. His went down like a stone and never came up.

This happened between half-past seven and eight o'clock. Mr. Agar and a number of the neighbors dragged the river until it was too dark to see, and then resumed the work early in the morning. The body was found about half-past eight o'clock yesterday morning. Coroner Dr. J. L. Bray was called, but considered an inquest unnecessary. The body was removed to John's mortuary, and the funeral took place today at the Maple Leaf Cemetery. Bielby was about 27 years of age, and came out to Canada from England about seven or eight years ago. He at times worked for County Commissioner James Chinnick, of Raleigh, Mr. Everett, of Chatham Twp., and Sandy Jamieson, liverman, city. He had been working for Mr. Agar for two weeks, and while he seemed an honest young man he was not considered exceptionally bright. His relatives live in England.

ATTEND OUBROH.

The Canadian Order of Foresters attended service in a body at Holy Trinity Church last Sunday evening. The order turned out in strong numbers and the procession to and from the church was headed by the Citizens' Band.

Rev. Mr. Hodgins, rector of the Church, preached an excellent sermon and spoke in high praise of the order and its work.

Upon the return to the lodge room votes of thanks were passed by the brethren to the rector, officers and choir of the church.

HYMERS--HENDERSHOTT

The wedding of Miss Nettie Hendershott, of this city, and Mr. O. E. Hymers, of Pontiac, Mich., took place at the residence of the bride's mother, Mrs. Ellen Hendershott, Emma St., on Monday at 12 noon, July 3. The ceremony was performed by the Rev. W. L. Rutledge, of the Park St. Methodist Church, none but the immediate friends of the bride and groom being present.

Mr. and Mrs. Hymers left by O. P. R. train for a trip up the lakes via Toronto and Owen Sound. They will make their home at Hymers, Ont.

Evidence that Liquor Can be Secured at Many Places in Temperance Towns

An interesting development in the case of Colin Rockey, restaurant keeper of Thamesville, who appeared before Judge Houston at County Court yesterday for selling liquor without a license, was the announcement that there were 10 or 12 places selling "on the side" in the local option town.

The charge against Rockey is that he sold a 16-year-old lad a 60 cent bottle of whiskey, and the evidence went to show that the complainant had been offered \$25 not to testify. The case was further enlarged for a week at the request of the defendant.

The imports of wheat into Liverpool last week were 10,000 quarters from the Pacific coast and 154,000 from other ports. The imports of corn from Atlantic ports last week were 19,700 quarters.

NEW YORK DAIRY MARKET.

New York, July 3.—Butter, barely steady; receipts, 100,000 lbs.; street price, creamery, 20 1/2c to 20 3/4c. Official prices: Creamery, common to extra, 17c to 20 1/2c; state dairy, extra, 18c to 20c; renovated, 18 1/2c to 20c; common to extra, 15 1/2c to 17c; western factory, common to extra, 14c to 16c; western imitation, creamery, common to extra, 14c to 15c.

CATTLE MARKETS.

Cables steady—Cattle Active and 25c Higher at Buffalo.

London, July 3.—Cattle are quoted at 11c to 12 1/2c per lb.; refrigerator beef, 8 1/2c to 9 1/2c; sheep, 15c to 16c per pound.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards were 65 car loads, composed of 1243 cattle, 198 sheep and lambs and 3 calves.

Prices ranged from \$4.50 to \$5.40, the latter price being paid for a few prime lots that had not been on grass, the bulk selling at \$5.10 to \$5.25 per cwt. Export bulls sold at \$3.50 to \$4 per cwt.

Butchers.

The best butchers' cattle sold at \$4.75 to \$5 per cwt.; medium at \$4.50 to \$4.65; and the poorest at \$4.25 to \$4.50; rough lots sold at \$3 to \$3.75 per cwt.

Sheep and Lambs.

Sheep sold at \$3.75 to \$4 per cwt.; lambs, at \$4.25 to \$4.75; the latter price being paid for a few picked lambs, weighing 85 lbs. each.

Calves.

Prices ranged from \$4 to \$5.50 per cwt. Hogs.

Prices the same as quoted in The World on Saturday, \$5.50 off cars and \$5.35 fed and watered.

MONTREAL LIVE STOCK.

Montreal, July 3.—(Special.) The exports for June were 14,442 cattle, 1895 sheep and for the season to date 26,930 cattle, 5848 sheep. These figures show a decrease of 1008 cattle and an increase of 1247 sheep, compared with the same period of last year. The shipments last week were 4256 cattle, 290 sheep. Cattle arrivals were 4008, some being steady and others lower. In London, States cattle sold at 11 1/2c to 12 1/2c, and Canadian at 11 1/2c to 12c. The demand for ocean freight space has been good and in addition to all the July space being engaged, considerable business has also been done to Liverpool and London for August, 35 shillings. The receipts were 400 cattle, 300 sheep and lambs, 100 calves, 500 hogs. The butchers were present in large numbers, but trade was slow, as higher prices were asked all round, prime steers, cattle being scarce and dear. Prime steers sold at 5 1/2c to 5 3/4c, and a few at \$5.00 per cwt. Pretty good cattle, grass-fed, sold at 3 1/2c to 5c, and the common stock at 2 1/2c to 3 1/2c per lb. The milk cows were a common lot and sold at \$25 to \$45 each. Three of the best calves were sold for \$35. The other calves at from \$2 to \$10 each. Sheep sold at 3 1/2c to 4 1/2c per lb., and the lambs at \$2.75 to \$5 each. The demand for hogs was good and as the supply was not sufficient to fill all requirements prices were firmer. Selected lots sold at \$7 to \$7.25 and mixed lots at \$6.75 per cwt., weighed off cars.

THE KING EDWARD GROCERY**LEARN DRESSMAKING IN TWO WEEKS**

I will be at the Garner Hotel, Chatham, on Saturday, July 22nd, between 9 and 6 o'clock, to show how dressmaking can be taught in two weeks. Why spend from six to nine months learning dressmaking in a shop, and then not know anything about cutting, when I teach you everything from measuring to finish in the making of ladies' and children's garments in two weeks. I have taught over 700 girls in this way within the past three years, and all were more than satisfied. If you are the wife or daughter of a farmer, mechanic, laborer, merchant or millinaire, you should learn Dressmaking. No accomplishment you can acquire will prove of such every-day, life-long value to you as a practical knowledge of Dressmaking. And if you have this knowledge you can, by saving dressmaker's bills, be able to dress much better, with less money, than you probably do now. I teach you how to put together, not only the lining, but all the outer goods, in coats, skirts, waists, wrappers, sleeves, in fact everything in dressmaking. And you are losing nothing by trying, for if you are not satisfied at the end of the term, then there will be no charge. School teachers, college girls and everybody who are having your holidays now, do not fail to take advantage of this splendid opportunity. You may never get another like it.

Charge for full course is \$10, when you are through, if satisfied, including one of the most perfect fitting systems in use, which I give you free. I will also at the same time teach part of the course, consisting of shirtwaists, sleeves and skirts, and teach you how to use the system for \$6.

I will teach at Chatham from July 24th to August 5th: Hours from 8.30 to 6. After wishing to know more, free! I will also at the same time teach you how to use the system for \$6. An evening class will also be taught at Chatham this time. Full particulars for it can be had upon application on July 22nd.

MISS R. ELLISON, Teacher, Dressmaking, Brantford, Box 330.

MORTGAGE SALE

Under and by virtue of the powers contained in a certain Mortgage made by James Sterling to the Vendor, which will be produced at the time and place of sale there will be offered for sale by Public Auction by Messrs. McGeig and Harrington, Auctioneers, at the Bank House in the city of Chatham, on Saturday, July 15th, 1905, at the hour of twelve o'clock noon the following property:

ALL and SINGULAR that certain parcel or tract of land and premises situated, lying and being in the Township of Dover East in the County of Kent, containing by admeasurement seventy-six acres and a quarter more or less, which said parcel or tract of land may be otherwise known as follows, that is to say, being composed of the North East seven-tenths of the North East half of Lot number five in the Third Concession by the Little Bear Line and the broken Front on the Thames in part thereof of the aforesaid Township of Dover East according to a plan or survey by Provincial Land Surveyor, Arthur Jones, of record in the Crown lands department. Said lands being sometimes described as in the First Concession of said Township.

The property to be sold is a desirable farm in the well set off portion of the Township of Dover East. The land is all cleared and in good state of cultivation and on the same are two frame dwelling houses, a barn and stable.

The land will be sold subject to a certain registered Mortgage thereon to The Canadian Savings and Loan Company securing payment of \$3097.70 and interest thereon at 5 per cent per annum from the 1st of November 1904. The land will also be sold subject to taxes for the year 1905. Terms of Sale.—Ten per cent of the purchase price shall be paid at the time and place of sale and the balance in 10 days from the date thereof. For further particulars and condition of sale apply to W. F. SMITH, Vendor's Solicitor, Chatham, Ont. Dated at Chatham this 26th, of June 1905.

GODERICH ELEVATOR BURNS.

Held Over 320,000 Bushels of Wheat—Loss Will Be Great.

Goderich, July 4.—The Goderich Elevator and Transit Co.'s elevator was totally destroyed by fire yesterday afternoon, together with about 320,000 bushels of wheat in storage.

The elevator was valued at \$182,000 and insured for \$95,000. There was also \$5,000 insurance on the power house adjoining, which was saved, slightly damaged.

It was impossible to ascertain last night the amount of the insurance on the wheat, each owner having placed his own insurance, and most of it is owned by outside parties.

The wind happened to be blowing across the harbor, or the Goderich Milling Co.'s elevator would also likely have been destroyed.

A GOOD GAME

The Chatham Lacrosse Team Defeats Wallaceburg in a Closely Contested Game on Agricultural Park Yesterday.

The Chatham lacrosse team added another victory to their growing list of triumphs, when they defeated the Wallaceburg team in a closely contested game on the Agricultural Park yesterday afternoon. The score, 8-3, by no means indicates the play, which was close, and evenly divided most of the way through the game, but Chatham was more fortunate in scoring.

The game was very interesting and fairly free from roughness. During the third quarter the interest laxed a little, when the Chatham home commenced to play "rag," but they soon abandoned it when they found out from the yells of the spectators that the people had come out to see a lacrosse game.

Mr. Higgins, of Thamesville, was the referee and promptly penalized all who indulged in rough play. W. F. Young was field captain for Chatham, and "Mickey" Doyle for Wallaceburg, and they both held their teams together well.

In the first quarter Marron, for Chatham, scored first. Richards soon followed for Wallaceburg, and the quarter ended 1-1 with the play close.

In the second quarter, Grace scored, and Fairfield again tied the score. Stewart and Marron each netted the ball before the play was stopped, leaving the score 4-2 for Chatham.

In the third quarter Marron tallied twice and Richards once, ending the quarter with the score 6-3 for Chatham, with the home team rapidly running away from their opponents.

In the last quarter Marron scored once and Ross once, leaving the final score 8-3 for the Tecumshs.

For Chatham, Marron, Cruickshanks, Cheevers, Hutchison and Stewart were the stars and the favorites with the grandstand, while for Wallaceburg, Taylor, Richards, Fairfield and Huntington won the laurels.

Geo. S. Heyward and H. A. Stonehouse acted as time-keepers.

The following was the line-up:—Chatham—Quessell, Webb, Pickering, Cheevers, Lawson, Hutchison, Cruickshanks, Grace, Marron, Ross, Laderoute.

Wallaceburg—Turney, O'Keefe, Huntington, Fairfield, Taylor, Johnson, Krahling, Fairfield, Dulong, Richards, Rose, Maher.

THIS MUSICIAN

IS DELIGHTED

His Kidney Disease and Gravel Cured by Dodd's Kidney Pills.

Tried Many Medicines But Got no Relief Till He Used The Great Canadian Kidney Remedy.

Roscoe, Ont., July 3.—(Special).—Mr. Samuel J. Crow, the well-known musician of this place, relates an experience that adds to the already great popularity of Dodd's Kidney Pills in this locality.

"I suffered for years with Kidney Trouble," says Mr. Crow, "which became aggravated with every attack of cold and caused me much agony. The disease developed into Gravel, when I was totally unfit for anything."

"I tried different remedies without the desired result and was in much misery when I decided to try Dodd's Kidney Pills, when to my astonishment, and delight I immediately began to recover."

"After using five boxes the ailment had entirely ceased and I was again enjoying perfect vigor, all of which I owe to Dodd's Kidney Pills."

The fact that Gravel yields so readily to Dodd's Kidney Pills is good news indeed, as it does away with those terrible operations that were supposed to be the only relief from this trouble.

Canadian Butter in England.

London, July 4.—(C. A. P.)—The demand for good Canadian butter continues good. Prices on spot are 1 to 2 shillings dearer, but are still below relative values in Canada. Compared with last year, at this time, it is 10 1-2 shillings per cwt. dearer. Choicest is 56s. to 100s., finest, 54s. to 56s. A fair trade is passing this week. The cheese demand practically absorbs arrivals; choicest is 55s. to 56s., finest 51s. to 52s.

Sunshine Furnace

Water-pan

Dry air is light—it lifts and carries dust. Dry air cracks your furniture, gives you a headache, shrivels your skin, parches your lungs.

The water-pan in most furnaces is a pleasantry. It has no serious business in the work of the furnace—it is merely placed there for effect, because a water-pan is a good thing.

And a water-pan is an absolute necessity to your health and comfort, but it must be properly placed to radiate moisture evenly and uniformly throughout the house.

The water-pan of the Sunshine Furnace is the most scientifically arranged water-pan in any furnace in the world.

It does the work a water-pan should, and does it well.

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.
Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Dr. Kennedy and Kergan, as he had taken treatment from them himself and knew they were square and skillful. He wrote them and got the New Method Treatment for me. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$21 and never lose a day. I wish all sufferers knew of your valuable treatment."

ABSENCE OF RECIPROCITY.

This is What is Wrong With Modern Society According to the Novelist Mme. Sarah Grand.

Mme. Sarah Grand, the novelist writes:

The idea in the air at the present time is that the more complex life becomes the less pleasant; that in the making of more machines is no lasting joy; that our vaunted progress has been in our manufactures only, and that individuals are neither better nor happier, but rather worse and more miserable than they ever were.

We advance in a spiral; culmination of excess. We have carnage in excess, poverty in excess, riches in excess, philanthropy in excess (some only), callousness in excess for sure; pretentiousness and vulgarity—every thing in excess but the one thing most desirable, and that, it would seem has suffered blight in this atmosphere reeking with excesses. There is no excess of happiness. Greatness also if it be still with us, travels in disguise and is mistaken for more centrality. It is mediocrity, for the most part, that has all its own way. We have no Titans now in literature, in art, in music or in any of the happy influences of life. War, the dirty work of the world, call forth only such strength as is necessary to do the dirty work. Mediocrity in politics, poisons altruism and keeps men crouching, ready to spring at each other's throats. Religion is being degraded in a profitable commercial onterprise.

All this must be stopped some say. And some say, How? The sin 'is life! But what constitutes the simple life? The phrase means to the imagination of many of us great discomfort—unnecessary privation, work done ill by us which others might with profit to themselves be doing well, and all that contracts instead of expanding our hearts and our higher nature. A simple life which finds expression in surrounding of the mind with refinement, in garments not immaculate, in manners that are an offense and in the absence of all that makes for beauty is not simple at all, but ugly.

There is nothing morally wrong in a miserable cottage and no collars, but the choice, when it is not a necessity, is apt to set up a sense of superiority which is a great principle inordinate conceit. People may, with fine affectation of simplicity, be all pretension and pose.

The test of a principle is, does it make for happiness? Not the happiness of the individual, but the general good. The one includes the other, of course, but this is not always evident, and there are in consequence numbers who, rejecting the great principle, regulate their conduct by a petty theory which promises them some personal advantage—at the expense of others as a rule. Self interest governs the world; individuals only are disinterested. The self interested do not as a whole, but in little sections, each little section being in relation to their own little selves and not to humanity at large, and they suffer for their narrowness in that the course they pursue does not result in the happiness they had anticipated. Life is a growing fabric into which each individual should be helping to weave a portion of one beautiful design.

It is the absence of reciprocity that makes life such a dull business. Tea parties, garden parties, dinners, almost our only openings for social intercourse—everybody jeers at them, everybody goes to them, and suffers an exposition of dullness. Why? Because the desire to please is absent from the minds of most of the people we meet. Go to an entertainment and ask yourself afterward why you have or have not enjoyed it, and you will find the reason in the attitude of the people present toward you. You may take plenty of diverting conversation yourself and come away with it all on your hands, because the atmosphere for some reason or other was charged with antagonism. Or you may, if you are a person of consequence, come away with the flattering sense of having been a social success because people thought it worth their while to pay you great attention. But seldom in society as it is at present constituted do people's hearts expand to each other in the genial glow of a mutual desire to please.

We all of us know all about the simple life. In the song it is asserted that the lark said, "Give us glory," but the dove said, "Give us peace." The dove, however, indignantly repudiated this assertion. She declared that what she did say was, "Give love, and give us peace." And there is much to be said for the dove's contention.

But after all it is what we have in ourselves that decides it. If we cultivate right thinking, right speaking and right doing, all other matters will arrange themselves in the right way.

An Exhibition Relic.

Manager Orr has received a copy in massive frame of a diploma issued by the Toronto Exhibition of 1850. In the centre is the rim of a medal very artistically engraved, surmounted in a division at the top by the Royal Coat of Arms. Inscribed in the inside of the rim is "Presented by the Citizens of Toronto to the County of York, and the Toronto Mechanics Institute, to John Thomas Smith, for specimens of copper and silver ore, exhibited at the Toronto Industrial Exhibition, 1850, in connection with the exhibition of the industry of all nations in London, 1851." At the foot is the crest of the city, and outside that again, and below the rim, the seals of the city, George W. Smith, Mayor, of the Mechanics Institute, Incorporated 1847, Henry Croft, president, and of the County of York, Franklin Jackson, warden. The whole is signed by Thomas Wheeler, secretary.

His View of Bernhardt.

Of all the stories told of the extreme slenderness of Mme. Sarah Bernhardt the following probably caps the climax? Two Boston men were talking about the famous actress during her last visit to this country when one of them asked the other if he would like to see her. "Yes," was his friend's delighted reply. "Well, wait past that coupe and look in and you'll see her." The other did as directed and then came back looking disappointed. "Didn't you see her?" inquired his friend. "I looked in and saw nothing." "Well, that's she!"

THE ENCYCLOPÆDIA OF CANADA

IN SIX QUARTO VOLUMES

J. CASTELL HOPKINS, F. S. S., EDITOR-IN-CHIEF

THIS IS THE ONLY ENCYCLOPÆDIA ever produced in this Country. It is at once a national blessing and a personal necessity to Canadians.

A GUARANTEE

of the value of this work is the significant fact that six of the most distinguished men of Canada are its sponsors.

Vol. I

ABERDEEN

The Rt. Hon. the Earl of Aberdeen, P. C., G. C. M. G., LL. D., D. C. L., one of our most popular Governors-General, wrote the preface to Vol. I. We have space only for one sentence.

"Thus the Encyclopedia of Canada may confidently be regarded as a practical advantage, not only to Canada, by means of the information which it will afford to those who are actually engaged in the work of her development, but also to the people of the Mother Land by whom Canada is regarded with ever-increasing confidence."

Vol. II

LAURIER

The Right Hon. Sir Wilfrid Laurier, P. C., G. C. M. G., LL. D., D. C. L., the Premier of Canada, wrote the Preface to Vol. II. We quote a part of his remarks on one writer:

"Lord Strathcona has written for this volume the article on the Hudson's Bay Co. No one could write of the famous Company more fully and more accurately.... Lord Strathcona has been intimately identified with the railway development which has opened the realm of the once powerful Lords of the Forest to the feverish ambition of modern civilization."

Vol. III

TUPPER

The Hon. Sir Charles Tupper Bart, G. C. M. G., C. B., LL. D., D. C. L., M. D., late Prime Minister of Canada, is the Preface writer for Vol. III. From a very glowing appreciation of the work, we quote a part of his opening sentence:

"Ambitious as the idea of the Canadian Encyclopedia may have been thought, no one who has pursued the two volumes already given to the public.... will doubt the propriety of such an undertaking, or its value to all interested in the development of the Dominion...."

Vol. IV

STRONG

The Rt. Hon. Sir Henry Strong, P. C., LL. D., Chief Justice of Canada, is another sponsor for the Encyclopedia, through his Preface to Vol. IV. We have room for the merest extract.

"The fourth volume of this excellent work is in no respect less important or less interesting than those which have preceded it.... Each of the topics have been treated of by those whose experience is such that they are generally acknowledged to be authorities upon the questions concerning which they have written."

Vol. V

LACOSTE

The Hon. Sir Alexandre Lacoste, LL. D., D. C. L., Chief Justice of Quebec, writes the Preface for Vol. V, and we quote his first sentence:

"Mr. Castell Hopkins has well fulfilled the promise of his prospectus. His work is in every sense an encyclopedia of the country, a real national work, from whose pages we can obtain the most varied and comprehensive information in regard, practically, to every subject relating to Canada."

Vol. VI

PARKER

Sir Gilbert Parker, D. C. L., M. P., the brilliant litterateur, contributes the Preface to Vol. VI. We extract a single sentence from the middle of his first paragraph:

"Whatever changes time and events may bring to pass, this concentrated record of history, experience and national conditions, must remain the facile instructor of him who runs as he reads, of the man in the street, of the statesman, or of the publicist and the busy patriot; it must be compendium to the student."

ST. THOMAS EASY

Chatham Outplays Them at Lacrosse
Winning by the Score of 6-1—
Locals Too Fast.

Of Saturday's encounter at the Agricultural Grounds between the Chatham and St. Thomas lacrosse teams it can be said that Chatham won 6-1. It can also be said that the victory was due to superior work on their part. After the first five minutes of play the game was over in doubt—our home was fast and their shooting accurate, while the defence was adamant. The game became interesting on account of the inability of the Saints to do anything to it. The saintly aggregation were never in the running, not making during the whole game a decent shot on the Chatham goal. Only good playing by their defence, especially by Outhbertson, saved them from utter rout.

The game started nearly on time—something much appreciated.

First quarter—Play started with a rush on the St. Thomas goal. Up and down the field went the play, Stewart sending in a hot shot, the Saints goal keeper robbing him of a score. Outhbertson, of the Saints defence, showed up prominently. The shooting of St. Thomas was weird to behold. Sizzling shots were contributed by Maroon, Grace and Ross. Stewart finally succeeding in scoring. Pretty passing down the field from Maroon to Grace to Leaderoute, who shot, contributed another. Near the end of the quarter Ross again delivered the goods, the quarter ending with the score 3-0 in favor of our boys. Leaderoute was hurt during the quarter but continued play with a bandaged head.

Second quarter—The men from the railroad city started off with a rush but the Chatham defence was granite and they dashed against it in vain. Maroon, who was ruled off, signalled his return by immediately scoring. Then occurred the kicking spectacle of a free fight between Stewart and Leddy of St. Thomas, from which both emerged covered with gore, Stewart having to leave the field to have his wounds dressed. If it is necessary to have these bouts they should be pulled off in the agricultural building, seeing that there are ladies in the grandstand possessed of tender feelings. One unfortunate feature was the action of Grace, a Chatham player, who lost his head and mixed in the fight. He struck at Leddy with his stick but hit Stewart, inflicting a severe scalp wound.

Third quarter—Maroon showed up in this quarter, particularly as a hard worker. His work is brilliant. At one time three of the wearers of halos were on the fence together. When they were thus crippled Grace made the score 5-0.

Fourth and last round—St. Thomas indulged in some weird shooting, apparently having too great respect for the Chatham defence to drill in. Their playing was so dippy that Maroon was able to work in that moss-covered, time-honored trick of running around the goal and throwing the ball in from the side—6-0. Near the end of the quarter the Saints one post, Quessell in a scrimmage—

6-1. Leaderoute received another vicious crack on his grey matter, sending him out of the game for good.

Nelson Stringer has moved his hide business from the corner near the Third St. bridge to the store adjoining the Northwood Company on King St. The Electric Railway Company will tear down the old Stringer building this week to make room for their car barns.

LULU WILKINSON DIES

Tired of Wayward Life Young Woman Drinks Acid.

Discharged From Mercer Reformatory Only Two Days Ago, She Commits Suicide Before Crowds on a Toronto Street—Miss Rebecca Bremner Loses Right Arm and Leg In Trolley Accident—Drowned in the Don.

Toronto, July 4.—Dead by her own hand, Lulu Wilkinson lies in the morgue of the Emergency Hospital.

Shortly before 9 o'clock the woman went into the Hargreaves Drug Store on West Queen street, near University avenue, and asked the clerk for a quantity of carbolic acid. She was handed the bottle containing the poison and was asked to sign the record book. As she did so, her hand trembled. She signed her name "Lulu Wilkinson, 65 Ulster street."

Walking quickly out of the door, she crossed to the entrance to the old Waverly Club, near Simcoe street. Standing there in the shadow, she raised the bottle to her lips and swallowed the poison. In doing so, the acid spilled over her mouth and lower part of her face.

She walked to the pavement, and, half walking, half running, turned the corner of Simcoe street, and sank to her knees, giving vent to a wild scream of agony. Pedestrians stopped and rushed to her aid. She was taken to the hospital, where she died in a few moments.

A policeman was sent to the address given by the woman when she secured the poison, and found that her uncle, Robert Armstrong, resided there. He said that the woman had been committed to the Mercer some time ago, and had finished serving her sentence only two days ago. She had not visited him since her release, and he was at a loss to give any reason for her act other than she was tired of the wayward life she had led.

LINDSAY EDITOR SUICIDES.

A. W. Mallett of Watchman-Warder Shoots Himself.

Lindsay, July 4.—While temporarily insane A. W. Mallett, an editor of The Watchman-Warder, took his own life Sunday morning in the press room of the office. He was found shot through the heart.

A Boer rifle, which Col. Sam Hughes had presented to Mr. Mallett on the colonel's return from South Africa, was found by the side of the dead man with an empty shell in the breach.

Mr. Mallett had been troubled with insomnia for weeks. Loss of sleep and weak nerves had rendered him unaccountable for his action.

An inquest was held and the verdict rendered was temporarily insane.

Drowned in the Don.

Toronto, July 4.—After seeing his 7-year-old chum, Harry Hale of 90 St. David street, drowned in the Don in an effort to untie an old stump yesterday afternoon, John Scott, a 10-year-old lad, took to his heels and ran home. Neither Scott's parents nor the mother of the drowned lad knew anything of the fatality until four hours later, when the latter's anxiety over his absence prompted her to make a search. It was then that young Scott told of the drowning.

Run Down by Street Car.

Toronto, July 4.—Run down by a Queen and Dundas car on Queen street last night, Rebecca Bremner, aged 18, of 126 Elizabeth street, had her arm and leg amputated at the Emergency Hospital. Though she is weak from the loss of blood, the woman has a chance for recovery.

Jolted From Wagon, Shock Kills.

Toronto, July 4.—Jolted off his delivery wagon, James Marchmont, aged 48, of 513 Preston street, fell upon his head upon the pavement and died from the shock last night.

Sank in Hot Sand.

Hamilton, July 4.—William Clay, 507 North James street, was severely burned yesterday afternoon at the rolling mills. He sank up to the waist in hot sand.

Fell Under the Wheels.

Perth, July 4.—John Cameron of Winnipeg was accidentally killed at the C. P. R. depot yesterday morning. Deceased had been attending the Old Boys' reunion, and had gone to the midnight train to bid good-bye to a number of old friends. He boarded the train, and while it was in motion fell under the wheels and was killed.

Girl Burned to Death.

Pembroke, July 4.—An eight-year-old daughter of Alex. Barnett was burned to death in a fire that broke out at 1 o'clock Sunday morning. Mrs. Barnett was going down stairs with a lamp in her hand when she tripped and fell, the lamp exploding.

THREE BOYS ON A RAFT.

Drifted Out into Lake 10 Miles at Collingwood.

Collingwood, July 4.—A drowning accident was narrowly averted yesterday by the presence of mind of an 8-year-old boy and his two brothers, aged 4 and 6.

The three boys, sons of Policeman Williamson, went down to the town park on the lake shore about 10 o'clock, and the two older boys went in for a swim, and taking their little brother with them on a raft.

There was a severe strong wind blowing off shore and before the little fellows were aware of it they were drifting out into the lake.

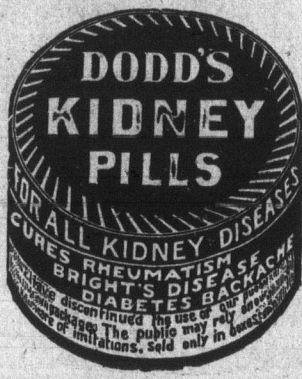

Some one discovered their clothes, and a searching party was organized. The little fellows were given up for lost, but hope was a launch was secured and steamed out into the bay. When darkness was coming on they caught sight of a tiny speck and made for it.

The three boys were still clinging to the raft, which was becoming heavier as they went out.

They were nearly ten miles from land.

A C. P. R. Purchase.

London, July 4.—(C.A.P.)—Private advices state that the Esquimaux and Nanaimo Railway, with three steamers, has been sold to the C.P.R.

ECHOES FROM ERIEAU

Erieau—that ever popular and alluring summer resort—is being rapidly re-peopled for the ensuing season. Each day records the filling of additional cottages and the summer promises to be an exceedingly busy one. Many Clevelanders are settling there for the summer, and the Chatham and Blenheim cottages are practically all filled.

Yesterday was a busy day for the boat owners. One by one the yachts were launched and soon the waters were speckled with white-winged fliers. Some splendid fishing was also indulged in, the catch of the day being a huge muskellunge weighing over 16 pounds by Thos. Medlicote, his brother-in-law and James Oldershaw.

The cottagers were delighted to find that the popular Conductor McGarvey is again in charge of the train service. Mr. McGarvey's unfailing courtesy, efficiency and kindness, often in the face of exasperating circumstances, has made him a great favorite and much esteemed by the cottagers.

THE FIRST SPIKE

R. E. Kizer of the Railway Company Drives It Home—Will Choose a Lady to Drive the Last One.

The first spike driven in the construction of the Chatham, Wallaceburg and Lake Erie Electric Railway was hammered home yesterday afternoon about four o'clock by a young man, R. E. Kizer, a director of the Railway Company.

The act of driving the first spike in the construction of any new railway is always a coveted one, and the honor and distinction this time fell upon Mr. Kizer. The nail was driven on the corner of Third and Wellington streets, and the ceremony was witnessed by a limited few—Mr. Warburton, Mr. Whelan, and a few of the foremen of the construction gang. Mr. Kizer looked after his part of the ceremony well, and the old time-honored custom of celebrating the event by breaking a few bottles of champagne was not overlooked.

The last spike driven, which denotes the completion of the road, is always a gold one, and it is customary for a lady to perform the act of driving it. Mr. Kizer having driven the first one, now has the privilege of saying who this lady will be, so it is no wonder that some of Chatham's society girls are already becoming sweet on Mr. Kizer. As the gold spike will not be driven until some time in September, it is expected that "Bobbie" will have a fairly good time in Chatham this summer.

HONORED HIM

At the close of the service in Park St. Methodist Church last Sunday morning, the congregation were requested to remain for a few minutes when the following address was read and presentation made by Mr. W. E. McKeough and Mr. S. F. Gardner:

Chatham, July 2nd, 1905.

MR. JASPER WILSON,

Dear Friend and Brother,—On behalf of the congregation and officials of Park St. Methodist Church, we desire to publicly express to you our appreciation of your services in our choir during the last two or three years. You have freely given your assistance wherever it was needed, and whether in solos, in duets or in the full anthem, your rich, strong, and sympathetic voice has delighted the congregation. We feel that we could not let you go from us without expressing to you our regret and sense of loss. We wish you good success in your future sphere of usefulness, and pray that God will abundantly bless you.

We ask you to accept this small purse of gold as a token of our esteem and gratitude, and to remember that you have left behind you many warm friends in Chatham.

(Signed),

S. BARFOOT, Recording Steward.

S. F. GARDNER, Treasurer.

W. E. McKEOUGH, Chairman of the Musical Com.

Mr. Wilson, being taken by surprise, was unable to reply at any length, but wishes to do so now:

My Dear Mr. McKeough, Officials and Members of Park St. Church,—I need not say that you have taken me by surprise, and I am so entirely overcome that words fail me to express my gratitude to you, not only for your generous gift, but for the words contained in the address just read, (but which I am afraid are entirely too flattering), but the knowledge that my services have been made a source of help and blessing to you in any way, makes me feel that I am more than repaid for all the effort I have put forth in this direction.

Again I thank you for these beautiful words of appreciation which I shall hold as a treasure more precious than gold, and assure you that the people of Park St. Church, the church of my childhood, will ever have a warm place in my affections, and should it ever be my privilege to serve you, in any capacity whatever, I will most cheerfully do so.

Sincerely yours,

JASPER E. WILSON.

CLEVELAND WINS

An Interesting Game of Cricket on Tecumseh Park Yesterday—Good Work by Both Teams.

Yesterday's game with Cleveland was a nerve racker. Chatham won the toss and, going to the field, made 63 in their first innings. Cleveland in their innings knocked out 74. About four o'clock the locals went in for their second innings. By five o'clock all their wickets had fallen for 51. Cleveland in their second innings batted out the necessary 41 runs they had to make for the loss of men, thereby winning the match by the close margin of three wickets. For Chatham W. B. Wells played well for his in the second innings, as did Dr. Sullivan and Percy Miller.

BOOKBINDING.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soiled from much handling. Books, magazines or periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books with any kind of ruling, made to order. All work warranted first class.

DON'T DESTROY YOUR OLD BICYCLE
BRISCO'S will allow you a fair price for it.
