Letter from Luxemburg

W. N. Stevenson, whose son Howard is on the front with the army of occupation in Luxemburg, writes the following interesting letter to his home folks:

Dear Folks: Just in from a short auto trip to a neighboring village; the first I have had for some little time. As you will notice by the heading, we are in Luxemburg with the Second Army of Occupation, and it is some country. Would like to be here in summer time, as it must be wonderful scenery. We left our previous camp at Stenay the 17th, in auto trucks, making the trip here in one day.

Passed through a strip of Belgium a part of which had been blown to pieces; a part also which had not been damaged.

I never have been in as clean a looking country. The buildings, the roads and fields looked as though they had been washed and scrubbed. Luxemburg is very much the same and here we find many people who have been in the states and can talk our language. In a little town where I was in a car to-night there were service flags for 32 boys of that place who were in the American Army. They have a large representation of their country in our northern states; Minnesota, the Dakotas, Michigan, and Illinois.

We are again in billets, our battery being divided in two small places about two miles apart. I spend most of my evenings with a young couple the man of the house being a school teacher and a fine man. They speak German, French, and Luxemburg, and we can make him understand fairly well through the mixture. My Pierce German is helping me out considerably. By the way, must not forget to tell you we had an addition to the family last night, a baby girl being born up stairs, and the schoolmaster is treating today. Apples and cream waffles (hard to take?)

The Germans have been in this country for years, taking everything they wanted, making the prices so high and food so scarce that most of them have suffered terribly. Will send you a list of a few of their prices. They were a neutral country although they had many soldiers in ours and French armies. The population is about 250,000 with a standing army of 250 men, about the size of our battery. We are located about seven miles north of the city of Luxemburg. Have not been over as yet, but expect to make the trip soon.

We are back with the 33rd division again, which means lots of work, with reports, etc. This town is high up. Made a figure 8 thru the mountains to get up to it. Population about 75, I think, if it wasn't that I had lots of work to do. I think the days would be pretty long. Don't know how long we will be here, but think for a few months, or until peace terms are settled.

It hasn't been very cold here yet, a few little snowflakes now and then about enough to whiten the ground but a rain nearly every day. Guess that this is their customary winter.

Now for a few prices, the last year of the war in this country. A mark is equivalent to about 24 cents. One pound of butter 15 to 10 marks; one egg 1 mark; one pound of lard 30 marks; one bushel of wheat 30 to 50 marks; small bar of hand soap 8 to 10 marks; bar of laundry soap 12 to 18 marks; A small pig costs 225 marks; One franc is equal to about 17 1/2 cents. One cow 3,000 francs; one horse 10,000 francs; suit of clothes 500 to 600 francs; pair of shoes 300 francs; candles 4 to 5 marks each; hay 300 francs for 100 lbs; and everything else in proportion, of the commodities are no good at that. I guess the people are now glad that the war is over.

I am enclosing two pieces of German money, also a Germans pay book which I wish to save. Lots of love to you all.

HOWARD.

Waterdown

Cool summer days come ofttest

In Waterdown;

The "moonshine" is the softest

In Waterdown,

While east winds are keenest

It keeps our streets the cleanest,

Despite that mud the meanest

In Waterdown.

The streets are not the straightest

That lead to Waterdown;

Our structures not the latest

In Waterdown.

Our street signs are the queerest,

Marks the longest way the nearest,

Makes the fairest, dearest, swearest

In Waterdown.

The rich and poor are broadest

In Waterdown;

And Waterdown girls the oddest

While in Waterdown;

Friendship's not the quickest

Since "chicken" thieves are thickest

Conservativeness ousts the slickest

In Waterdown.

Manhood rights are truest

In Waterdown;

Lawbreakers are the fewest?

In Waterdown.

Respect for courts the strongest,

And our "Constable" the bravest (?)

Convicts for conduct that is wrongest

In Waterdown,

Our sidewalks are the fewest

In Waterdown;

Our waterworks the newest (?)

In Waterdown;

Our street lights are the brightest

At times when nights are darkest,

Yet the Hydro juice is cheapest

In Waterdown.

Tradition makes us proudest

In Waterdown;

Why not then praise be loudest

In Waterdown?

Our landmarks are the grave-est

Our martyred men the bravest,

Our prospects stand out the grandest

But our politics — the damndest

In Waterdown.

MacNeill.

24th of May Celebration

A meeting of the citizens of the village was held in the Library room on Tuesday evening to make final arrangements for the 24th of May celebration, to be held this year for the benefit of the Public Library.

The afternoon will be devoted to Field sports, including a base ball tournament, and if possible a soccer match. A concert at the rink in the evening with local and outside talent will given as in former years.

J. F. Vance was elected chairman and Chas. S. Burns, secretary.

The following committees were appointed.

Afternoon Program—J. V. Markle, Dr. D. A. Hopper, J. J. Burns, Geo. Nicholson, A. E. Smith, Dr. Vance.

Evening Program—W. A. Drummond, Miss H. Gibson, Miss May Langford, J. F. Vance, H. Stettler, A. Davidson, E. J. Sparks.

Hall Committee—A. Lovejoy, M. Kitching, J. R. Rasberry, J. Green, W. A. Ryekman, J. C. Langford.

Printing—G. H. Greene, Chas. S. Burns, A. Lovejoy.

Finance—J. W. Wiggins, L. J. Mullock, J. J. Green.

Refreshments at the grounds and hall will be under the supervision of Mr. Arthur Featherston.

DANIEL McGUIRE

The death of Daniel McGuire occurred last Saturday, May 3rd, at his home in Freelon after a brief illness. Deceased was in his 47th year, and leaves a wife and five children. The funeral took place on Monday morning last from Freelon to Mount Carmel church cemetery.

George Church

It was with sincere regret that the citizens of Waterdown and the Township learned of the death of Mr. George Church on Monday afternoon, May 5th. Mr. Church was born in England 63 years ago, coming to this country with his parents, and resided for a number of years near Greenville, later removing to Carlisle where he was engaged in farming until a few years ago when he accepted the office of Township Clerk made vacant by the death of Mr. Walker, which position he has ably filled up to the time of his death. He is survived by his aged mother Mrs. Samuel Church of Greenville, his devoted wife and one daughter, Ruby, at home, one brother S. Church of Stoney Creek, and two sisters Mrs. Ira N. Binkley and Mrs. Joseph Duncan of Greenville.

The funeral took place this afternoon (Thursday) from his late residence, John street, and was in charge of Waterdown Lodge A. F. & A. M. Services at the home and at the Methodist church, of which he was a devoted member, were conducted by Rev. R. A. Facey assisted by Rev. Mr. Morrow of Carlisle and the Rev. H. J. Leake, Waterdown. The pallbearers were Mr. J. F. Vance, Henry Hill, J. W. Griffin, Henry Slater, Geo. Nicholson and Geo. Willis. Interment at Carlisle cemetery.

Carlisle

Last Wednesday was Kilbride's Civic holiday and will be remembered as the Red letter day in its history. The Glee Club and the people in general closed up their stores, shops, offices and farms for the afternoon to celebrate and make merry in Milton. A procession of nearly a mile in length left the Bell House and proceeded to their County town to spend the afternoon in sports and recreation. After the sports were over all the pleasure seekers entered the Court House to listen to an entertainment given by the Glee Club. The main part of the program was the presentation of two mock trials, the first trial was a breach of promise case. Thos. Alderson acted as judge. The jurors were Wilbert Rusk, Duncan Currie, Geo. Pegg, Edward Carson, Lloyd Fuester, Ingle Bousfield, Geo. Dent, Freeman Marcy, Frank Featherston, Chapman Erwin, John Heatherington and Wm. Pegg. The plaintiff was Miss Lidia E. Pinkman and the defendant Jack the Pruner, the misterious being who has been causing so much excitement in the town of late. Morton Woodrow Murry the provincial detective gave important evidence. The case was dismissed however the defendant proving that the matrimonial promise only conditional that if he could get to like plaintiff better then his other girl he would marry her. The plaintiff had to cough up the costs.

The second case to come up for hearing was registered against four members of the Glee Club. The charge was that of using grossly vile and insulting language in a public place. The evidence went to show that the defendants had learned to use vile language from the plaintiff and they were allowed their liberty on paying the costs, and promising not to chase cats up trees any more.

The Farmers' Club shipped two cars of cattle and one of hogs to Toronto Stock Yards on Tuesday last. Good prices were realized and general satisfaction given.

Mr. Donald McQuarrie, of Toad Lake, spent the week end the guest of Thos. and Mrs. Mills.

On Wednesday evening of last week the Methodist Sunday School teachers and officers held their annual meeting. The following officers were elected. Superintendent, Silas Gaddy; Assistant Supt. Mrs. J. C. Harper; Secretary, Elmer Adamson; Asst-Sec. Robt. Gastle; Treasurer John Eaton; Auditors, J. C. Horper and Edward Gastle.

BRITAIN NEEDS \$7,500,000,000

London cable: A statement on the Government's budget was made to the House of Commons to-day by Austen Chamberlain, the Chancellor of the Exchequer.

For this financial year, the Chancellor of the Exchequer has to find £1,500,000,000 to meet which, on the present basis of taxation, he can count on £936,000,000, including the outstanding excess profits tax.

Mr. Chamberlain said that of the total expenditure for 1918-1919, 34.4 per cent. had been provided from revenue and the rest by borrowing. The British record in this respect during the last five years, was one which no other belligerent would equal.

The Chancellor estimated that the revenues in the current year would be £1,159,650,000 without new taxes, or £270,000,000 more than last year's receipts.

The national debt on March 31, was £7,435,000,000, compared with the estimate of a year ago of £7,930,000.

A Simple and Cheap Medicine.—A simple, cheap and effective medicine is something to be desired. There is no medicine so effective a regulator of the digestive system as Par-malee's Vegetable Pills. They are simple, they are cheap, they can be got anywhere, and their beneficial action will prove their recommendation. They are the medicine of the poor man and those who wish to escape doctors' bills will do well in giving them a trial.

PRIESTS LEAD AGAINST REDS

Special Regiments Are
"Regiments of Christ."

Moscow Soviet is Near
Bankruptcy.

Archangel cable: According to the Bolsheviki official newspaper, the Moscow Izvestia, there have appeared recently in the ranks of the army of Admiral Kolebak on the eastern front special regiments known as "Regiments of Christ." The newspaper says the regiments are led in action by priests dressed in their vestments and carrying crucifixes. These troops are reported to have shown extraordinary bravery.

Other Bolsheviki newspapers say that at a meeting of the executive committee of the Moscow Soviet it was shown that the expenses of the Soviet have aggregated 1,200,000,000 rubles, while the income of the Soviet was only 710,000,000 rubles. The newspapers assert that 100,000,000 rubles have been expended on the maintenance of children of the Red Guards, and that the cost of distributing this sum amounted to 30,000,000 rubles.

Externally or internally, it is Good. —When applied externally by brisk rubbing, Dr. Thomas Electric Oil opens the pores and penetrates the tissues as few liniments do, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will cure affections of the bronchial tubes and respiratory organs. Try it and be convinced.

Good Alibi for the Bee.

That bees injure fruit is a common belief in some quarters, but investigations recently carried out in Italy prove it to be without foundation. Bees cannot perforate the skin of fruit, and the damage attributed to them is really due to birds, wind, hail, hornets, wasps and certain other insects. Bees are, in fact, of much benefit to the orchardist, because they effect the cross-pollination of fruit trees. —Popular Science Monthly

The Message of Home Preservation and Building Protection

Every surface within and without your home needs the protection which Paint and Varnish alone can give.

Wear, decay, rust, start from the surface. Protect the surface and you protect all.

MARTIN-SENOUR PAINTS AND VARNISHES

are the most effective material protectors you can use for every surface—wood, iron, steel, stucco, cement.

When you choose a Martin-Senour product, you are sure of getting the paint or varnish best suited to your purpose. Because of its high quality and superior durability, it will prove the most economical for you to use.

The **MARTIN-SENOUR Co.**
LIMITED
GREENSHIELDS AVENUE, MONTREAL.

"100% Pure" Paint
The Paint for wear and weather.

Senour's Floor Paint
The old reliable—it wears, and wears, and wears.

"Neu-Tone"
The sanitary washable Flat Oil Paint for Interior Decorations.

"Wood-Lac" Stains
Improves the new—renews the old.

"Marble-ite"
The one perfect floor finish—will not mar or scratch white, under hardest wear.

"Varnoleum"
Beautifies and preserves Oil Cloth and Linoleum.

KIAO-CHAU NOW MAKES TROUBLE

Is Rivaling Fiume as a
Stumbling Block.

Japs. Decline the Chinese
Proposition.

Paris cable says: No settlement of the Kiao-Chau question was reached at the lengthy conference held to-day between Baron Makino and Viscount Chinda and the Council of Three, and a member of the Japanese delegation, said he did not know whether another conference would be held to-morrow.

Kiao-Chau is now rivaling Fiume as a peace stumbling block, and is attracting much attention. The Chinese proposition to let Japan keep Kiao-Chau and the former German concessions for one year, under pledge to turn them back upon China's reimbursement of Japan for the cost of capturing Tsing-Tao, has been unfavorably received by the Japanese.

The Japanese are willing to agree to the return of Kiao-Chau, but upon the condition that they retain the port of Tsing-Tao and the right to co-operate with the Chinese in the operation

of the German-owned railways and mines in Shantung Province.

The Chinese maintain that the Japanese proposals threaten China's sovereignty, and, if adopted, would put into effect the terms of the secret agreements forced upon her by Japan.

While the situation is difficult, the Premiers are endeavoring to arrange a compromise, whereby the German possessions in China will be formally turned over to Japan, with provisions insuring their return to China by the League of Nations under just conditions.

Praises This Asthma Remedy. A grateful user of Dr. J. D. Kellogg's Asthma Remedy finds it the only remedy that will give relief, though for thirteen years he had sought other help. Years of needless suffering may be prevented by using this wonderful remedy at the first warning of trouble. Its use is simple, its cost is slight and it can be purchased almost anywhere.

"Pretties"

Georgette satin ribbons.
Picturesque high Spanish combs.
Flexible rhinestone bracelets, my dears.

And candy boxes that cost ten whole dollars each—all silk and lace and ribbons!

Standard Specific.

Some facetious persons want to know what we polish the seat of our pants with to make them so bright and shiny. It's no 'get-slick-quick' preparation, but an intangible and natural element known as tempi atritus.

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graves' Worm Exterminator will clear the stomach and intestines and restore healthfulness.

Windshield for Range.

The draft from an open door or window is often disastrous to the flame of an open gas burner. A windshield may be quickly made by slipping two clothespins, heads down, into the grating of the stove top and placing in them a piece of heavy cardboard or even a folded newspaper. By sawing the openings deeper the shield will be brought closer to the flame, making it still more effective.

AVOID COUGHS and COUGHERS!

Coughing Spreads Disease

SHILOH
30 DROPS STOP COUGHS
HALF TEASPOON FOR CHILDREN

POLISH TROOPS MARCH ON MINSK

Paris cable: Polish troops, having driven the Bolsheviki from Vilna, are marching on Minsk, according to information given the Temps by M. Waslewski, formerly Polish Foreign Minister. In connection with the Polish operations in Lithuania, the former Minister said that the Polish Diet had voted the following declaration:

"The Polish military activity in Lithuania is not meant for the purpose of anticipating the decisions of the Peace Conference or to annex territory to Poland against the will of the inhabitants. Its only purpose is to protect the inhabitants against invasion."

The liberation of White Russia and Lithuania, M. Waslewski added, would make an end to Bolsheviki plans to invade Poland through those territories.

No surgical operation is necessary in removing corns if Holloway's Corn Cure be used.

The Summer Solstice.

June 21st is the day of the year when the sun is directly over the equator, and for several days about that time there is no observable difference in his position, or his hours of rising and setting. It is the longest day of the year.

ALL PLACED IN SAME CATEGORY

Monroe Doctrine an International Understanding.

British Delegation's Commentaries On Pact.

Paris cable: The British delegation issued to-day a series of commentaries on the Covenant of the League of Nations, expressing their definite views and making some changes from the official analysis issued on Sunday. With regard to the section dealing with the Monroe Doctrine, the commentaries say:

"Article 21 makes it clear that the covenant is not intended to abrogate or weaken any other agreements, so long as they are consistent with its own terms, into which members of the League may have entered or may hereafter enter for the assurance of peace. Such agreements should include special treaties for compulsory arbitration and military conventions that are genuinely defensive.

"The Monroe Doctrine and similar understandings are put in the same category. They have shown themselves in history to be, not instruments of national ambition, but guarantees of peace. The origin of

Wood's Phospholine.
The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old veins, cures Nervous Debility, Mental and Brain Worry, Loss of Energy, Palpitation of the Heart, Fading Memory. Price \$1 per box, six for \$5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT. (Formerly Weston.)

the Monroe Doctrine is well known, it was proclaimed in 1823 to prevent America from becoming a theatre for intrigues of European absolutism. At first a principle of American foreign policy, it has become an international understanding, and it is not illegitimate for the people of the United States to say that the covenant should recognize that fact.

"In its essence, it is consistent with the spirit of the covenant, and, indeed, the principles of the League as expressed in article 10, represent the extension to the whole world of the principles of this doctrine; while, should any dispute as to the meaning of the latter ever arise between the American and European powers, the League is there to settle it."

It is particularly noted that the commentaries state that the Monroe Doctrine "has become an international understanding."

Millers' Worm Powders can do no injury to the most delicate child. Any child, infant or in the state of adolescence who is infested with worms, can take this preparation without a qualm of the stomach, and will find in it a sure relief and a full protection from these destructive pests, which are responsible for much sickness and great suffering to legions of little ones.

THE EX-KAISER.

Did Plenary Council Fail to
Take Action?

Paris Cable.—Doubt has arisen as to whether the responsibility of the former Emperor will be included in the peace treaty owing to the failure of the plenary session to take action on the report of the Council of Four, recommending his prosecution, which was of yesterday's agenda. Parliamentarians say that the council might still include its report on the treaty, but as the subject is one of which the plenary conference ordered the report, inaction on the report prevents its inclusion in the treaty, unless the executive secret plenary session of the conference directs further action.

The power, majesty and deathfulness of the open, deep, illimitable sea.—Ruskin.

 Editor and Publisher

THURSDAY, MAY 8, 1919

LOCAL MENTION

With this issue the Review ends the first year of its existence. It has fulfilled all the expectations of its publisher and proven to the public that a newspaper can exist in Waterdown!

Mr Geo. Gilmer was in Buffalo last Tuesday.

John Kitching & Son have purchased a new Studebaker-Six.

Major and Mrs. H. P. Frid have taken up their residence in Toronto.

Pte. Irving Bell arrived home from overseas on Tuesday afternoon last.

The Base Ball Club are giving a dance at the rink this coming Friday evening.

Arthur Featherston has moved to the apartments over the store, recently purchased from Mr. Sawell.

BORN—On May 2, 1919 at St. Joseph's annex Hamilton, to Mr. and Mrs. F. Redding (nee Ruby Slater) a son.

Mr. and Mrs. Howard Beemer motored from St. Catharines on Sunday, and spent the day with Mrs. Beemer's mother, Mrs. James Reid.

The new C. P. R. time table, which came into effect this week, is not meeting with the approval of a great number of Waterdown people.

Chas. Attridge was taken to the hospital on Monday where he underwent an operation for appendicitis, and from latest reports is progressing favorably.

Miss Winnie McGregor returned to New York on Tuesday to resume her duties at the Roosevelt Hospital, after spending a three months vacation at her home here.

For the benefit of the pupils of the Senior Fourth, Principal A. E. Smith is holding school in the Township hall every Tuesday and Thursday evening from 7 to 9.

MARRIED—At Grace Church, Waterdown, Wednesday, April 30th 1919, by Rev. H. J. Leake, Eva Belle, second daughter of John Sharpe, to John Logan, both of Hamilton.

Commencing this week the stores of this village will close every Wednesday at twelve o'clock noon during the summer. The early closing on Monday, Wednesday and Friday nights will be discontinued.

Miss Ann Raybould leaves tomorrow (Friday) for Detroit on a two months vacation. On Wednesday afternoon her fellow employees of the Stanley Mills Co., Hamilton presented her with a purse of gold and best wishes for a safe return.

Millgrove

Mr. D. C. Flatt entertained about 15 church officials in Toronto on Monday last.

Rev. Mr. Couch of Bronte preached at the anniversary services in our church last Sunday. The Baptist male quartette of Dundas sang in the evening.

Herbert Nicholson, our local minister, preached in Bronte on Sunday last.

Mr. Walker and Miss Edna Crooker were quietly married at the parsonage on Wednesday of last week.

Our genial and esteemed general merchant Mr. Fricker has sold his business to F. A. Whitley.

Mr. Fricker intends moving to the city in the near future.

Mr. and Mrs. Chas. Cummins have been visiting recently in Toronto.

NOTICE

NOTICE is hereby given that a By-Law was passed by the Corporation of the Village of Waterdown on the Third day of May 1919 providing for the issue of Debentures to the amount of \$55,000.00 for the purpose of purchasing a site and building a school house thereon, and equipping the same, in the Village of Waterdown, for School Section No. 3, Township of East Flamboro.

A By-Law was also passed by the Township of East Flamboro on May 5th for the repayment of one-half of the said amount of \$55,000 to the Village of Waterdown, and that said By-Laws were registered in the Registry Office for the County of Wentworth on the 6th day of May 1919.

Any motion to quash, or set aside either of these By-Laws, or any part thereof, must be made within Three months after the First publication of this notice, and cannot be made thereafter. Dated at Waterdown the 8th day of May 1919.

J. C. MEDLAR,

Clerk of the Corporation of the Village of Waterdown.

COURT OF REVISION

VILLAGE OF WATERDOWN

The Court of Revision to hear and determine the appeals against the Assessment Roll for the Village of Waterdown for the year 1919, will hold its first sitting at the

VILLAGE HALL, WATERDOWN ON

Monday, June 9th, 1919
 At 8 o'clock p. m.

Of which all persons interested are required to take notice.

J. C. MEDLAR,

Village Clerk. Waterdown, May 8th, 1919.

The Corporation of the Village of Waterdown

Public notice is hereby given that the Municipal Council of the Village of Waterdown will at a meeting to be held on Monday, the 9th day of June A. D. 1919, at the hour of 8 o'clock in the evening, in the Council Chamber at the Village of Waterdown consider a By-law for closing, stopping up, selling and conveying to the South Ontario Pacific Railway Company that portion of Water Street, in the Village of Waterdown containing 0.14 acre, description and plan of which are on file in the Office of the said Clerk of the said Village of Waterdown, and which description and plan are there available for inspection by the public.

All persons interested or whose lands may or might be prejudicially affected by the passing of such proposed By-law are required to attend at the said meeting when they will be heard in person or by Counsel or Solicitor with reference thereto upon petitioning to be heard.

Dated this 22nd day of April, A. D. 1919.

J. C. MEDLAR, Clerk.

Greenville

Will Durand arrived home from the front on Monday night of this week.

Lorne Morden had his leg broken above the knee while playing at the school on Tuesday.

The Womens Guild met at Lizzie Greens on Tuesday.

Laura Surerus, Audrey Hopkins, and Bertie Hunt, played at Mrs. Wrights recital in Dundas.

Mrs. R. Surerus and Isabel returned home on Tuesday from a pleasant visit in Hamilton.

Mrs. G. H. Greene and two daughters have been spending a few days with friends here.

Miss Dorothy Tiplady spent the week end with friends here.

A school inspector demanded suddenly of a class: "Who wrot 'Hamlet'?" One boy, breaking down under his stern eye when directed towards him, blubbered, "Please, sir, 'twasn't me!"

Shortly afterwards when the inspector was relating it at a dinner party, a self-educated colonel, rubbing his hands, said: "Ha! Ha! I shouldn't wonder, though, if the little beggar hadn't done it after all."

TRAPS WILL KILL RATS

HAVE PROVED VERY RELIABLE
AS DESTROYERS.

Inexpensive Snap or Guillotine Device
Useful for General Use — They
May Be Placed In Great Variety
of Favorable Spots Around Farm
— Small Breeds of Dogs Valuable.

No opportunity to kill rats should be neglected on the farm. Traps, dogs, cats, and poisons may be useful. The first need is traps and a knowledge of how to use them. The most reliable traps for general use are the inexpensive snap, or guillotine, traps. Many efficient kinds are on the market, but the cheaper ones are rarely to be recommended for durability. Those that have sheet-metal bases are not desirable, as rats fear and avoid them. Snap traps should be set so that they will spring at a slight touch. They may be placed in rat runs, at rat burrows, behind boards leaned against the wall, and in a great variety of other favorable places. Dry oatmeal (rolled oats) is recommended as a bait for both rats and mice. Place a few grains on the trigger pan or under the trigger wire, with a few grains near the trap.

The wire-cage trap, if substantially made, is useful on the farm. Coarse bait is required, and may be hung from the top of the trap by a light wire. Set the trap on a floor or on a board, lay a short board on top, and cover the whole with an old cloth or gunny sack, leaving only the trap entrance uncovered. The

Guillotine Trap With Wooden Base
and Trigger Plate.

trap may be baited and left open for a night or two until rats learn to feed inside, after which a good catch may be expected. An excellent plan for using the cage trap is to bore a hole two or three inches in diameter at proper height in the door of granary or feed room. The hole may be covered with a metal slide when the trap is not in use. Set the trap inside the granary with its entrance fitted to the hole and cover and bait in the usual manner; any rat entering the granary is caught. The same plan is applicable to rat holes in other situations, and it has been used effectively between connecting rooms of cold storage warehouses.

The small breeds of dogs, especially terriers, are valuable as rat killers on the farm. They are easily trained and are always available when needed. Wherever rats are routed from nests or harbors these dogs are eager for the fray. When shocked or stacked grain is moved or thrashed they kill many rats. Sometimes a barrier, or fence, of light boards is placed about a stack, and dogs inside get all the rodents dislodged. In this way 500 or 600 rats have been destroyed from a single stack.

Cats are useful about farm buildings mainly because they kill mice. Sometimes they hunt and destroy rats but a cat that will kill an adult rat is rare. The chief objection to cats on a farm is their persistent destruction of song birds. A good cat is valuable when her killing propensities can be confined to rodent pests, but the majority of felines are worthless or actually injurious on the farm.

Great caution should always be observed in the use of poisons, but there are situations on the farm in which poisons may be used safely and effectively. In the open fields poisoned grain may be scattered near rat burrows. In the poultry yard poisons may be exposed for rats inside darkened boxes. A small, rather shallow box containing the baits is set on the ground with a larger box inverted over it. A hole in the larger box will admit the rat to the food, while chickens will be safe. Strychnine is the safest poison to use where poultry run, because hens are immune to small quantities of this poison.

**"FLORENCE AUTOMATIC"
OIL COOK STOVES**

HAVE a cool kitchen this summer—save yourself the labor of attending to a coal or wood fire—use the cheapest of fuels—kerosene.

And don't bother with wicks or slow heating burners.

Let us show you this fine cook stove in actual operation.

Growers of Cut, Bloom and Pot Plants

Conditions in Ontario.

The following is a summary of reports of farm conditions made by Agricultural Representatives to the Ontario Department of Agriculture:

The mild winter has helped owners of live stock to bring their animals along with less drain than usual upon fodder stores. There is plenty of both grain and roughage on hand, although there are some complaints that corn ensilage is poorer in feeding quality than in most years. With the drop in the price of oats, farmers are feeding more of that grain to their live stock.

Cattle are reported to be in fair condition, and are being marketed about as usual for the time of year. A live stock shipping club in Peterboro' sent out three carloads of cattle and three of hogs in two weeks.

The milk flow is keeping up well, and good grade Holstein cows are bringing from \$100 to \$175.

Horses are selling in Peterboro' at from \$150 to \$175, but there is no great demand.

Hogs are not going to market in large numbers, and there is a tendency to turn them off somewhat light or unfinished. Prices have slightly improved.

The marketing of field crops is slow, notwithstanding the large quantity of grain reported to be on hand. Hay is scarce, and is selling at from \$18 to \$25 a ton. Alfalfa is bringing \$22 a ton in Norfolk. There is an abundance of shelled corn in the southwestern counties, and Kent reports that some kept for seed is now being fed to the hogs.

About thirty cars of seed oats have been sent from Brant to the West, and eight from Norfolk, through the Seed Commission.

Notwithstanding that most of the fall wheat fields have had little or no protection for the last two months, reports regarding the crop are still hopeful.

Several Representatives look for an increased acreage of spring wheat. Prince Edward's opinion, however, is that there is a tendency to sow less of that and the other cereals and to go more into the growing of peas and other canning factory products.

Owing to the remarkable open weather prevailing this winter, more outside work than usual has been done.

The Huron Representative states that a large number of farms are changing hands at prices varying from \$5,000 to \$12,000 a hundred acres, according to location and equipment.

Everything Canada has depends on the success of the Victory Loan. The \$500,000,000 wanted must be subscribed. The responsibility rests upon all to see that the money is raised.

**What Will You Do
With The Interest?**

When you cash-in those Victory Bond coupons exchange them for their par value in War Savings Stamps.

You, Country needs this money in these days of readjustment and reconstruction.

The purchase of War Savings Stamps is an easy way for you to save, as well as a patriotic duty.

Docks, railroads, warehouses, hospitals and barracks built by the American Expeditionary Forces in France, valued at \$165,000,000, will be sold to France.

Shakespeare used 15,000 different words in all his writings. Yet in the English dictionary published in his time there were only 5,080 words.

It was Monday morning and the rent collector was pursuing his dreary task. His bag was getting heavy, but his heart was light until he reached the house of Mrs. Sandish. Master Sandish opened the door here, and with the air of one who had learned his message well, he said, "Mother and father's out, will you please to call on

Friday?" "H'm!" said the collector. He would have said more, but it did not seem much use. Then a thought struck him. "And why on Friday, my little man?" he asked. "That's what I don't know," said the little man, "unless it's because we're going to move on Thursday."

A long hair lives from two to four years before it is replaced by another one. A short hair lives from four to nine months. The life of an eyelash is about three months.

1,200,000 British women replaced men who have gone to the front; of these, 37,600 are engaged in banks. The number of women employed in agriculture is 113,000.
