

FOUR IN RIG WHEN STRUCK BY A CAR.

Mrs. Geo. H. Bull Very Severely Injured, Sustaining Broken Thigh.

James Bolton, the Driver and Miss Chown of the Infirmary Injured.

An accident that might have resulted fatally for four people, and which laid them all up with injuries as it is, happened on James street at the corner of Duke yesterday afternoon about 3 o'clock, James Bolton, an old man of all work at St. Peter's Infirmary was driving the Infirmary rig east on Duke street, carrying three passengers, Mrs. George H. Bull, Miss Chowne, superintendent of the Infirmary, and Miss Marie Macartie, 371 MacNab street north. When crossing James street Mr. Bolton passed behind a southbound car and did not notice a north bound car coming down the steep grade from the mountain at a fairly good rate of speed. Just as they were full on the track they saw the car which the motorman was unable to stop and which they were unable to avoid. Miss Macartie with great presence of mind jumped to the ground and was not much hurt, sustaining only a few cuts and bruises, but the other three stuck by the rig and when the crash

came were all buried under it as it turned completely over. Bolton had a leg broken and was otherwise badly injured, but Mrs. Bull was the most seriously injured, having her thigh broken and receiving severe cuts and bruises. Miss Chowne had her left side badly bruised. The neighbors all around turned out and helped the victims in a very kind manner. Dr. Rennie was notified, but not the police, and there was delay in getting the ambulance. When it arrived, Miss Macartie, with the assistance of Miss Nesbitt, had gone home to have her injuries attended to. The rest were removed to the City Hospital where proper treatment was given them. None of the four are injured fatally, though Mrs. Bull's injuries are very serious. The mix-up in the ambulance call cannot be explained by the police. They all claim that no call came for the ambulance till 3.34, and that the ambulance was on the scene at 3.40, showing that they made the exceptionally good time of four minutes from the stable on Napier street, to the corner of James and Duke.

THE PASSENGERS PRAYED; THE SAILORS FOUGHT FLAMES.

Austrian Steamer on Fire in Mid Ocean During a Violent Storm-- A Hard Fight.

New York, Oct. 10.—The Austrian steamer Giulia, which arrived to-day from Trieste with 763 passengers, had a narrow escape from destruction by fire in mid-ocean during a violent storm on October 3. The crew fought the flames all day before they were extinguished, while the panic-stricken passengers prayed for help. The Giulia left Trieste on September 14, calling at Patras, Greece, and Algeria. After passing Gibraltar on September 25, the steamer encountered stormy weather with heavy seas. At daylight on the morning of October 3, while in latitude 42-03, longitude 11-01, about 100 miles west of the Azores Islands, one of the crew discovered fire

in the cargo at the bottom of No. 2 hold. The wind was blowing violently from the southwest, and the Giulia was laboring heavily. Capt. Cherubini ordered part of the cargo broken out, and water was turned into the hold, but the fire stubbornly resisted the efforts of the crew. In the meantime the passengers, of whom there were 27 in the cabin, and 736 in the steerage, learned of the danger. Many of them fell on their knees in prayer, while others cried and became hysterical, adding to the cares of the officers and crew. The ship's boats were prepared to meet any emergency, but after the hold had been flooded and part of the cargo thrown overboard, the fire was finally extinguished about 3 o'clock in the afternoon.

MAN KILLED.

Freight Cars Smashed and Race Horses Killed at Trenton.

Belleville, Ont., Oct. 10.—(Special)—A smash-up occurred on the Grand Trunk near Trenton Station, 12 miles west of here, at 5 o'clock this morning, resulting in the loss of one life and serious injury to another. Fourteen freight cars were smashed to kindling wood by falling over a 25-foot embankment, and several valuable race horses were killed. The dead man was named Reinhardt, of Buffalo, and was in the car with the horses, with a man named Groves, a jockey from Toronto. The latter was jammed under the wreck, where he was found, badly injured. He was brought here and taken to the hospital. A westbound freight was standing on the switch in the Trenton yard when it was struck in the centre by an eastbound freight. Fourteen cars went off the track and piled in a heap. Reinhardt and Groves were in charge of races horses on their way to a western meet from Massachusetts. The injured man was Ernest Groves, a steeplechase rider, of Toronto, in charge of 15 horses, belonging to Mr. Sutherland, of Grimsby.

CITIZENS' LEAGUE.

Prof. Adam Shortt Will Speak Here To-morrow.

The Hamilton Citizens' League have arranged for a series of public meetings during the fall and winter, the first of which is to be held on Friday, Oct. 11, in the Conservatory of Music, at which Prof. Adam Shortt, M. A., of Queen's University, Kingston, will deliver a lecture on "The Character and Influence of Public Opinion." Prof. Shortt is well known in Canada as one of the foremost authorities upon all social and economic questions. He has served on several important Government commissions dealing with delicate and involved social problems, more especially on the Board of Conciliation under the new Act. His wide experience in public affairs and ability as an interesting speaker guarantee a helpful treatment of this important question. This meeting will be followed in November by a lecture to be delivered by Canon Cody, M. A., of Toronto. It is expected there will be a wide audience, not only of those directly interested in the League, but of all who are desirous of hearing Prof. Shortt on this occasion.

PRIZE NIGHT.

Presentations at Collegiate Institute To-morrow Night.

Arrangements are now practically complete for the entertainment at the Assembly Hall of the Collegiate Institute to-morrow night, when the trophy, medals and prizes won by the children at the annual field day last week will be presented. Besides the giving out of the prizes there will be an interesting programme. Secretary Best, of the Y. M. C. A., will give a ten-minute talk on athletics, and a drill class from the Y. M. C. A. will give an exhibition. Prof. Johnson, music master of the Public Schools, will have charge of the vocal end of the programme, which is a guarantee of excellence in that department. It is also expected that there will be short addresses from various trustees. The entertainment will start at 8 o'clock, and it is expected that there will be a record-breaking crowd there. Parents of the children are especially invited to attend with their little ones. Special seats will be reserved for the prize winners.

A HITCH.

Between T., H. & B. and B. & H. at Brantford.

There is a hitch in the proceedings at Brantford in regard to the Brantford and Hamilton Electric radial road and the T., H. & B. company over the switch, which the latter is projecting through the East ward. Neither the T., H. & B. nor the city is willing to pay the expense of the construction of a subway for the new east ward switch and the matter is to be taken to Ottawa for settlement. The railway committee of the City Council met last night and discussed the situation. Nothing was done, however, and the difficulty will be adjusted by the commission at Ottawa on the 22nd inst.

LATE FOR SCHOOL.

Washington, Pa., Oct. 10.—Peter Murray, of Buenavista, at the age of 57, has gone to college. He is a student at Jefferson College, and teachers say he is one of their most diligent pupils. In his youth Murray had to work for a living, and sacrificed his schooling. He has accumulated money, and his large business interests, he says, demand that he be better educated.

GLADYS' WEDDING.

Newport, R. I., Oct. 10.—The latest gossip here regarding the marriage of Miss Gladys Vanderbilt to Count Szostak of Hungary, is that it will not take place as early as expected. It is said that Wednesday, Dec. 4, is the date selected, and that the wedding will take place in New York, instead of in Newport.

SAFETY DEPOSIT BOXES.

ONE DAY STRIKE.

Budapest Demonstration— All Business Tied Up.

Vienna, Oct. 10.—Remarkable preparations are being made for to-day's universal suffrage demonstration in Budapest, in view of the strike of all workmen for the day, and fears of collisions with the 15,000 demonstrators who have arrived in the Hungarian capital from 177 different towns of the kingdom. A Socialist organ states that the milk depots will remain open till 10 a. m. and supply milk to the hospitals. Otherwise everything must be closed. Hotel visitors are in a plight, as all cafes and restaurants will be closed owing to the waiters being on strike. No shops will open, for the tradesmen fear the interference of the Socialists. In view of the possibility of disorder between the strikers and "black legs," the factories are guarded by soldiers, and the hospitals have prepared for the reception of casualties.

NO INCREASE HERE.

London cigar manufacturers are talking of increasing the price of cigars, the reason being the greater demand for tobacco and the much higher price of the imported leaf. In Hamilton there will be no increase. The largest firm, the Tuckett Company, issued a new price list the first of the year, making an advance, and that will be the only one here.

CUT OFF BOTH LEGS.

Grand Trunk Yardman at Brantford Dies of Injuries.

Brantford, Ont., Oct. 10.—John Rowan, yardman on the Grand Trunk here, was coupling cars last evening in the yard, when in some way he fell, and the cars passed over both legs, cutting them off. He was removed to the hospital, where he died at an early hour this morning.

FOR REID'S RELEASE.

Aldermen Sign Petition Asking Minister to Pardon Him.

Friends of Mark Reid, the Grand Trunk engineer, who was recently sentenced to serve nine months in Central Prison for over running orders to stop at Hespeler, causing a wreck at Guelph, expect to secure his release shortly. Petitions appealing to the Minister of Justice, with this end in view, have already been largely signed. It is pointed out in the petition that Reid swore he was operating a delapidated engine, and that the reason he did not see the signals to stop at Hespeler was because he was engaged in fixing a broken lubricator. The fact that he has a wife and two children here dependent on him is also referred to. Chairman Clark and all the members of the Fire and Water Committee, as well as several others in the room, signed the petition after the meeting last night.

TWO LIVES LOST IN CAR ACCIDENTS.

Fine Young Man Cut to Pieces at the Steel Company's Plant.

Elo. Marks Died as the Result of Injuries Received Yesterday.

A terrible accident happened this morning about an hour after midnight at the Hamilton Steel & Iron Co.'s Sherman avenue yards in which Frank O'Brien, a young man, lately from Peterborough, was instantly killed by being cut to pieces by a freight car. Deceased was a switchman and was working with George Davidson. They were shunting a car of ingots into the rear of the blast furnace and the deceased was hanging to the outside of the car. His mate was a little ahead of the car when O'Brien suddenly called him and when he returned to look, the young man was lying dead on the track with his arms, head and chest frightfully mangled. The police were immediately called and the body was removed to the city morgue.

Coroner Dickson was notified and will hold an inquest. The inquest was opened by Coroner Dixon at the City Hospital at noon today, and Monday evening was set as the date for taking evidence, in the Police Court room. The deceased boarded at 327 Wentworth street north, and while he had been here only a short time, he had a host of friends.

Elo Marko who was injured at the G. T. R. Stuart street yards yesterday morning by being crushed between two cars and having his chest badly injured, died early this morning without having fully recovered consciousness. It will be remembered that the dead man was between two cars and that, not noticing them moving, his chest was caught between the couplers. Marko is a Greek. The inquest was opened at the Hospital at noon to-day, and after viewing the remains the jurors adjourned till Wednesday night to hear evidence. Coroner Rennie is in charge.

CROWN FORGING CHAIN IN THE MURDER CASE.

Mrs. Radzyk Swears Sunfield Did Shooting--Witness Who Could Not Identify Prisoner.

At the Assize Court yesterday afternoon, before Chief Justice Falconbridge, Jacob Sunfield, alias Jake Tamillo, was placed on trial on the charge of murdering Andrew Radzyk on July 12 last. The trial commenced shortly before 3 o'clock and the court room was crowded, many of the auditors apparently being foreigners. The prisoner presented a very good appearance, being provided with some new clothes by his relatives, and having received a recent hair-cut and a shave. He was defended by Mr. J. L. Counsell, who at the outset made application for a change of venue. Mr. Counsell's reasons for making the application were given in an affidavit which he made, and which had been filed some time previously with the court. Among the statements made by Mr. Counsell in the affidavit were: "That from my personal inquiries among the citizens and county there is a widespread opinion, amounting to conviction, that the prisoner undoubtedly committed the murder with which he is charged. "That the opinions are based on the newspaper reports, which are unfair and prejudiced. The opinion is also widespread that the recent influx of foreigners to the city is a menace to the peace and order of the community, and that Jake Sunfield, being a Polek and living with foreigners, should be made an example of."

JAKE TAMILLO, ALIAS SUNFIELD, On Trial for the Murder of Andrew Radzyk.

Mr. Counsell filed some clippings from the press to bear out his statement that prejudiced accounts of the tragedy had been published, and produced a copy of the paper which stated Sunfield murdered Radzyk. In opposition to Mr. Counsell's application, the Crown Prosecutor read an affidavit made by Mr. S. F. Washington, the Crown Attorney, to the effect that in his opinion there was no reason why the prisoner could not get a fair trial in this county. His Lordship did not take the motion very seriously, and stated that, after looking at the faces of the petit jurors, he did not think that Sunfield's counsel need have any fear of getting a fair trial. He declined to grant the motion, but

said that Mr. Counsell would have every facility provided by law to question the members of the panel as to their opinions. His Lordship then directed that the names of eighteen jurymen be called, and then twelve of these were called to the jury box. His Lordship asked one of these to step aside, probably on account of his youth. He then asked if any of the jurors had formed a positive opinion as to the guilt of the prisoner—an opinion that could not be changed by sworn testimony. Vincent McLoughlin, city said

he had formed a positive opinion in the case, and he was excused. P. J. McBride said he was in the same position as Mr. McLoughlin, and after being questioned by the Judge, he, too, was allowed to step aside, and two more members of the panel were called. Mr. Counsell was asked if he desired to challenge any of the twelve men in the box, and he replied he did not. The Crown had no objection to any of them, and they were sworn. The list was as follows: John Moffatt, Robert J. Johnson, J. J. Nichol (Continued on page 6.)

WATCHMAN FIGHTS BURGLARS; PREVENTS GIGANTIC ROBBERY.

Aged Man in Century Building New York Makes a Desperate Resistance.

New York, Oct. 10.—An aged watchman's faithful performance of his duty, even when death was threatened, prevented a robbery early to-day which, if it had been successful, those familiar with the case say, would have caused a sensation almost as great as that which followed the looting of the Manhattan Bank many years ago. Richard F. Grey, watchman in the lofty Century building in Broadway, was the hero. He is now in the Hudson Street Hospital suffering from wounds which he received in a desperate single-handed fight against two robbers, who attacked him while he was making his rounds on the nineteenth floor of the Century building at midnight. Although 60 year old, Grey made a determined fight, and it was not until he was rendered almost unconscious that

he was overcome. Even then he refused to reveal the hiding place of the keys to the hundreds of offices in the great building. In their desperation the robbers chloroformed the old man as he lay bleeding on the floor and began a systematic search of the lower portion of the building for the missing keys. Apparently they were unsuccessful in their search, for when Grey revived and staggered down the nineteenth flight of stairs to the basement the men had disappeared. As a result of the attempted robbery scores of extra detectives and police were on guard in the financial district to-day. A cordon of men was thrown around the district bounded by Wall and Cedar and Nassau and Greenwich streets, and a search was made in all buildings in that territory into which the police could force their way, but no trace of the desperadoes could be found.

\$7,000 AND \$2,000, DOUBLE TRAGEDY.

And Children of Perkins Receive \$500 Each.

Two Prominent Ladies Drowned While Fishing.

The damage actions brought by James Collins and the widow of George Perkins against the T. H. & B. Railway and the Dominion Natural Gas Co., were decided yesterday afternoon, the jury bringing in a verdict of \$7,000 for Collins and \$2,000 for Mrs. Perkins. The two children of Perkins are to receive \$300 each. The jury in its findings found both companies liable, on the ground that the Gas Company should have attached an exhaust pipe to the regulator outside of the building, and the T. H. & B. people should not have meddled with the safety valve.

Watertown, N. Y., Oct. 10.—A special to the Standard from Redwood, says: Butterfield Lake was the scene of a frightful double tragedy late yesterday afternoon when Mrs. James Burns, aged 43, and Miss Stella Ryan, aged 27, both wealthy and prominent residents of this village, were drowned while fishing. The women went out on the lake and their failure to return last night was the first intimation that any untoward accident had befallen them. Searchers this morning found the overturned boat and shortly after the bodies of Mrs. Burns, the body of Miss Ryan has not yet been found. An atmosphere of mystery surrounds the tragedy. The manner in which the boat overturned has not been explained.

A CONSUMPTIVE.

Wife of Denmark's Crown Prince a White Plague Victim.

FIVE PERISH.

Dreadful Floods Caused by the Rhine Overflowing.

London, Oct. 10.—Despatches from Copenhagen report that the Princess Alexandrine, wife of Crown Prince Christian, of Denmark, has been pronounced a consumptive and ordered to a southern climate. The princess is a daughter of the late Grand Duke of Mecklenburg-Schwerin, and is only 28 years old. She is a sister of Cecilie, Crown Princess of Germany.

Paris, Oct. 10.—At Avignon the River Rhone has risen 20 feet and the waters continue to rise at the rate of an inch an hour. The rushing flood has carried away everything in its path. At St. Eualier, a train has been derailed and at Baix 250 yards of the track has been swept away. At Privas, department of Ardèche, the Rhone has overflowed its banks and at some places is miles wide. A number of bridges have been swept away. At Poussin a house and a silk mill situated near the river bank, collapsed, killing five persons. Reports received from St. Etienne, say that the valley there is one vast lake. The flood is the worst since 1846. Many villages have been hastily abandoned by their inhabitants.

AN ATTRACTIVE WINDOW.

Great Showing of Football Novelties by Stanley Mills & Co. One of the most attractive windows ever dressed in this city is the one this week in the King street front of Stanley Mills & Co.'s store. It is devoted entirely to Tiger football novelties. All passers by, whether enthusiasts of the football game or not, pause to take a look at this window. Hundreds of little tigers are displayed in all manner of attitudes. Miniature footballs and full grown footballs decked out in the popular yellow and black. Cans and pennants and ribbons galore. Truly a collection of favors and novelties that will gladden the heart of the most enthusiastic rooster the game ever produced. Tickets for Saturday's game between Montreal and Tigers are on sale at Stanley Mills & Co.'s, and are selling fast. Better secure some at once.

HAD A SUPPER.

F Company, of the 91st, held a little blow-out last evening, after parade, in the band room. It was a purely informal affair, the boys gathering around the festive board for a jolly good time. There were no speeches, just light refreshments, and a general good time. The gathering broke up early.

FOR THE LADIES.

Our New Home Needlework Pattern Service.

By special arrangement with the manufacturers, the Times is now able to furnish perforated patterns to its readers at such low prices as have never before been offered by anyone.

Many of the patterns which are furnished cannot be duplicated anywhere else for less than twice the amount asked for them. The perforations are not like the transfer patterns that are being sold and which will give but one impression of the design. The perforated patterns may be used repeatedly. See page 6.

WESLEY'S SOPRANO.

Miss Estelle Carey Appointed to the Position.

The trustee board of Wesley Church met last evening for the purpose of deciding who should get the position of soprano soloist, which has been vacant for the past four months. They were unanimous in appointing Miss Estelle Carey, at present in Gore Street Methodist choir. Miss Carey has had considerable experience in church work, and the trustees are of the opinion that in securing her they have one of the sweetest sopranos in the city. Miss Carey will probably take up her position at the end of the month.

THE USURPER

Whoever man it was, he turned upon him with a furious energy, and Neville knew that it was a struggle to the death. He set his teeth hard, and locked the man with one arm while he felt for his throat with the other.

But his opponent seemed to understand his object, and gripping him tightly, bore all his weight upon him, and so they wrestled to and fro, linked in a hideous embrace. Neither spoke—each seemed to tacitly acknowledge that while life lasted the fight must hold.

Neville was surprised by the strength which was put out to meet his, but he attributed it to the frenzy of the rage and despair which must be burning in both Jordan's and Lavarick's breasts. For a moment he did not know which of the villains he had got hold of, but presently he felt a beard touch his cheek, and his heart throbbled, as he was convinced it was Lavarick.

"Now!" he thought, with a joy that no words can express, "now is the hour of reckoning." He thought of Sylvia—of the last time he had seen the wretch with Sylvia in his grasp—and in his veins ran the hot, fierce desire to crush the life out of the scoundrel.

To and fro they swayed, the grip of each growing more intense, more intolerable each moment. At last, just when Neville, with an awful sense of disappointment and balked vengeance, was feeling faint, he managed to get his leg under his opponent's and with a crash the latter came to the ground, Neville falling on top of, and still gripping him.

DAY OF DECISION.

BRITISH COLUMBIA MUST CHOOSE HER FUTURE NOW.

Kipling Speaks Strongly Against Reinforcing the Pacific Coast Population With Men of Different Instincts and Traditions From the Present Settlers.

Victoria, B. C., Oct. 9.—Mr. Rudyard Kipling had an ovation at the luncheon of the Canadian Club to-day. So going to the demand for admission that a large hall had to be secured and to the public galleries of this large hall the guests of the club were admitted.

Mr. Kipling had completed his first sentence the audience sprang to its feet and sang "Heil, Rudyard Kipling." After a charmingly worded reference to the work of the men who had managed to "make of Victoria a magnificent city and at the same time to keep intact the magnificent treasure-house of its natural beauty," Mr. Kipling dwelt on his return he would embody his views on Canada in some form. He contrasted the happy condition of the Canadian people with those of India.

VINELAND
Mr. and Mrs. Dr. Simpson, of Shingle House are spending a few days at the home of M. H. Overholt, of this city. Mrs. Mary Culp and her daughter, spent Sunday at the home of Mr. Isaac Kratz, of Jordan Station. Mr. Jack Frost paid a flying visit to this vicinity lately. Miss Stella Meyer, of St. Catharines, spent Sunday at the home of Mr. Jacob Meyer, of this place. Quarterly services were held at the Hill Church on Sunday last. Rev. Mr. Kitching preached. Quite a number from here attended the Rally Day at Jordan Station Sunday last. On Friday night of this week there will be a Sunday School and Epworth League rally at Jordan Station Church. All welcome. Mr. Harvey Gayman spent Sunday at T. H. Meyer's. Several came very near being killed on the Twenty Bridge on Saturday night last. Mr. and Mrs. Levi Fretz, who have lately returned from St. Joseph Island on their wedding tour, are going to make their home at this place.

STONE CREEK

Although the weather has been very rainy, the revival services are well attended, considering the busy times. Mrs. J. Inkster, who has been ill for the last two months, passed away on Sunday morning. The infant son of D. Dewey, of the village, died early Tuesday morning. Miss Edith Fletcher, who has been ill for two weeks, is now convalescent. Rev. Dr. Clark preached on the Kerr circuit on Sunday. A. J. Bonham and wife, of Ancaster, spent Sunday at E. Lee's.

FISHERVILLE

The dollar wheat price is the means of much what being marketed here. Ex-Reeve G. E. Dasher is in a very serious condition, and little hope of his recovery is entertained. Mr. Nicholas Fess had his right eye injured by a piece of steel imbedding itself in the pupil. He was operated upon. His friends hope the injured eye may be saved. Mr. Joseph Shurr is suffering from a felon on his right hand. Drs. Meyer and Thrus performed an operation on Tuesday, which is hoped, will restore the ailing member to its former condition. Mr. Nicholas Fess and Mr. Fred McKey have moved, with their families, to this place. The grist mill was somewhat crippled by a breakdown, which, however, will soon be repaired. Mr. Nicholas Schneider repaired the dwelling formerly occupied by Dr. Baker, giving the building a fine appearance. A Geyser Clock. One of the most curious clocks in the world is said to be the which tells the time to the inhabitants of a little American backwoods town. The machinery, which is nothing but a face, hands and lever, is connected with a geyser which shoots out an immense column of hot water every thirty-eight seconds. This spouting never varies to the tenth of a second. Every time the water spurts up it strikes the lever and moves the hands forward thirty-eight seconds. From the American Home Monthly.

A total of 123 Lots sold in the week. Over one-third of the extra 50 lots opened last night were taken up. Why is it? Never has anything been offered in Hamilton that shows such good investment possibilities at such small cost.

Four large factories are building or have purchased sites within a few minutes' walk of these lots. Inside of two years over 2,000 additional working men will have found homes in this district. Are there any houses now for them in the city? No. It is a case of buy and build.

These lots should show 50 to 100 per cent. profit inside of three years at least, and the taxes to hold them are but sixteen cents per acre. Do you see the opportunity? The terms are easy for even a boy to manage.

One Dollar Down and 50c A WEEK

No interest or taxes for one year. No extra expense of any description. Can pay more at any time. Price only \$125. Office open evenings. "Too late" will be said to a great number. Don't be one of these. "The chance your father never had."

EVERY MAN

Should have the ambition to OWN A HOME. Only 3 of the up-to-date homes out of 8 built by us on "BEULAH SURVEY" remain for sale. Considering the choice locality and improvements on same, the price, \$3,800, cannot be equalled in the city. If you will investigate, you will be thoroughly convinced of this fact.

Terms-\$500 cash. We will take balance on mortgage at 6 per cent. A payment of \$100 semi-annually.

MARKETS AND FINANCE

Thursday, October 10.-Central Market was quiet this morning, but there was a fair amount of produce in. Prices were generally unchanged and grapes were selling like hot cakes. Peaches were down a little and there is not much chance of high prices again for them. The huckster's lot had a good week. Vegetables were plentiful and sold out very quickly.

Table with columns for Butter and Dairy Produce, Poultry and Dairy Produce, and various market prices.

COBALT NOTES

COBALT, Oct. 9.-Not only do Laird Lake and Montreal River promise to be great mining camps some day, but according to reports the Abitibi country is now showing signs of becoming a famous camp. The fact that have been made here are proving quite encouraging as development work on the properties progresses. Many men are being employed by the different claim owners. Night Hawk Lake is also said by Mr. Frank Graville to be showing up pretty well.

THE HAMILTON TIMES

THURSDAY, OCT. 10, 1907.

THE ASSESSORS' CENSUS.

A revision of the figures of the year's assessment has resulted in the addition of 311 to our population, which now stands at 64,067, instead of 63,756, as first announced.

Fortunately the matter is not one of much importance to the ratepayers. The increase of 2,624 is a healthy one, 4.27 per cent. over last year's total, and is very satisfactory.

AN AWKWARD SITUATION.

The discussion at the Fire and Water Committee last night on the question of the electric pumps indicated that there was an almost utter ignorance of the subject among the aldermen, and that it is being approached in a very haphazard manner.

But it is unnecessary to assume that improper motives influence any of Whitney's colleagues to oppose that Hydro-Electric scheme.

The story is sent out from Washington that documentary evidence exists to prove that at the May term of Fairfax, Va., Court, 1790, George Washington was publicly "presented" by the Grand Jury for swearing to a false list of his taxable property.

Announcement has been made that gold has been found in Argyllshire, Scotland. The spot is situated on the shores of Loch Fyne, where the favorite herring come from, on the Stronachullin estate of Mr. Robert Graham-Campbell, three miles south of the fishing village of Ardriahgaig.

OUR HEBREW CITIZENS.

The suggestion that the Hebrews of Montreal should have separate schools because of the number of Jewish holidays, leads the Witness to make a strong plea for treating the Hebrews among us as true Canadians.

They have apparently a larger vitality than those among whom they have come to live—both a greater tenacity of life and a greater tenacity of purpose; and they, for the most part, prosper and acquire. Those who are poor to-day will be rich ten years hence.

EDITORIAL NOTES.

Dr. Beattie Nesbitt to Whitney: "Fire me, if you dare. I could enter politics again." No, Judd's axe will not be called for.

What? A \$9,000-a-year sinecure the price of getting rid of Doc. Nesbitt? Comfort of that sort costs the people high, Mr. Whitney.

that the Cabinet is divided on the Hydro-Electric question. Japan is legislating against the emigration of her people and trying to divert the outflow to Corea.

New York's Public Service Commission is moving to prevent street car overcrowding, an order for 20 per cent. increase of accommodation at busy periods being made.

Prof. Mountsberg claims to have invented a device which can be applied to the human body, and which will infallibly detect falsehood. But what's the use? Fishermen and politicians cannot be induced to wear it.

New York is pursuing a campaign against cocaine victims. That is all very well, because its victims are unfit to be at large, as they are utterly irresponsible.

Dr. Sheard, of Toronto, declares that apart from local contamination near that city the water of the lake is not pure enough for drinking purposes.

Old-age pensions paid by all, to all, would merely be a locking up of the earnings of all to dole them out to the longest lived.

But it is unnecessary to assume that improper motives influence any of Whitney's colleagues to oppose that Hydro-Electric scheme.

It seems that we did not put a sufficiently high estimate on the fat sinecure held by that Tory boss Dr. Beattie Nesbitt. We thought he did pretty fairly in holding Whitney up for a \$5,000 office, but he says it averages him \$9,000. The Doc. does not back up in his "Rockefeller's boy" statement at Gravenhurst, which fits in so well with Hon. Mr. Hanna's position.

OUR HEBREW CITIZENS.

But Dr. Pyne in coming to the rescue of the Public School pupils of 10 and under and forbidding home-work will be very much of a Don Quixote tilting at a windmill. Any parent who wished could at any time in the past have effected the same purpose.

Hon. Leslie M. Shaw, Ex-Secretary of the U. S. Treasury, and President of the Carnegie Trust Company, declares that in no sense are the United States prepared for war, and that the sending of the U. S. fleet to the Pacific is warranted neither by the demands of commerce nor the preservation of peace.

Perhaps some reason for the caution exercised by bankers may be found in the figures furnished by Dun's Review of United States insolvencies in the four months, June to September, both inclusive. They are:

tributed in the previous year, it is nearly \$10,000,000 less than the amount in 1906, and is more than \$22,000,000 less than in 1905. The ebb tide has set in strongly and comparatively few of the real actors in the war drama will answer to their names in fifty years from the surrender at Appomattox.

The Rev. Dr. Robert Johnston, Montreal, formerly of London, who has just returned from a visit to Vancouver, being there at the time of the riot, is reported as saying that the situation had been greatly exaggerated in eastern papers.

HERE AND THERE.

London Advertiser: Sir Henry Campbell-Bannerman complains of the arrogance of the House of Lords. He might have added, too, that the most recent creations are the persons that keep their noses highest in the air.

Toronto Telegram: When a man aims at nothing he seldom misses his target.

Toronto News: There is no reason to think that the result in Brockville is any general significance any more than the by-elections in East Hamilton, Dufferin and Kingston.

Orin Packet: Admonishing a Port Perry editor who has turned preacher, the Toronto News recommends sermons of "two sticks." One stick in the pulpit is often enough to try the patience.

New York Herald: This is the season when the citizen who can't hit the side of a house with a charge of buckshot goes deer hunting and "brings down" his guide.

London Advertiser: To give the company its due. Let this plain truth be stated. The open cars, which winds blow through, are finely ventilated.

Montreal Herald: They say alcohol is to be used in running automobiles. Great saints! It strikes us it's been used, for some time by the man at the high speed lever.

Ottawa Free Press: Brockville evidently believes in standing in with the Government of the day.

Ottawa Journal: For a thing of its size the cigarette certainly makes a pesky lot of mischief.

Our Exchanges

Balloon Line. (Galt Reporter). Perhaps John Patterson is waiting to build a balloon line from Hamilton to Galt.

Rather exaggerated. (Kingston Whig). Some one has telegraphed abroad that the Kingston water system is very prosperous, that the annual surplus is \$7,000. Not so much as that. What's the use of exaggerating results?

No Excuse. (Guelph Herald). And Toronto hasn't the excuse Hamilton would have for drunkenness—men being driven to drink for the want of excitement.

May Cheat Hamilton Again. (Kingston Whig). London is looking for the technical school which Hamilton was pronounced. Or was there anything said on the part of the Government which is binding upon it in this matter? The Spectator knows. Let it speak—now.

Movement Upward. (Montreal Gazette). Consols in London have passed the 83 mark on the rise. This still leaves them a 3 per cent. security, but it is also evidence of easing conditions in the money market, compared with late experiences. Things financial are showing signs of getting again into a position where men with sound propositions will be able to get a banker to handle them.

And So is Murder. (Buffalo Courier). The New Jersey hangman, now an old man, has lost his job. The State having substituted the electric chair for the gallows. The hangman is a relic of barbarism and so is capital punishment, for that matter.

Chicago News: "How Millionaires Are Made" is a leading in a morning paper. Probably by buying stock in the Singed Cat mine at ten cents a share.

Toronto Telegram: How disappointed the average man must feel every time he looks in a mirror.

Killed at Toronto Junction. Toronto, Oct. 10.—While examining a freight train on a siding at Toronto Junction, and stepping back on the main line of the Canadian Pacific Railway, H. Jeffries, of the Junction, was struck by the Chatham express and instantly killed yesterday. Jeffries, who was just 23 years old, was employed as an air-brake inspector by the C. P. R.

Berlin Lady Badly Burned. Berlin, Ont., Oct. 9.—Mrs. Frank, aged eighty, is at the hospital suffering from severe burns about the hands and limbs, her clothing having caught fire from an oil stove in a King street east house, where she lived alone. Her cries brought people from below, and flames were extinguished in time to save her life.

Woman Killed by Street Car. Montreal, Oct. 9.—The woman who was run over by a street car this morning gave her name, before expiring at the General Hospital, as Mrs. Simard, 18 Versailles street. She was semi-conscious at the time and is not known at the address mentioned.

Durban Conservatives have nominated Mr. C. J. Thornton for the Commons.

MORE WAGES; LESS WORK.

DEMANDS OF OPERATORS OF CANADIAN PACIFIC RAILWAY.

An Advance Offered, But Men, Up to Present, Refuse to Accept It—Appear Determined to Hold Out for Lighter Duties at the Stations.

Toronto, Oct. 10.—The Canadian Pacific Railway operators and despatchers are asking the company for a 20 per cent. increase in wages. The men will probably average \$600 a year at present. An increase of a fifth would require an addition of \$300,000 to the company's pay roll.

The company posted a notice yesterday announcing an increase from October 1st of 12 1/2 per cent. to operators and 10 per cent. to linemen. The company, therefore, offers \$187,000 a year more to its operators by way of increase, but deducts the amount heretofore paid for holidays, which at two weeks for each holiday would amount to \$260,000, leaving a net increase of \$127,000 a year for the operators. The increase to the linemen would approximate \$50,000 a year.

Almost unanimously, by a vote taken over the wire from Vancouver to Halifax, the men refused to accept the increase offered, and are now holding out for their holidays, shorter hours, and relief from all work except at the keys.

The danger of a strike of telegraphers, operators and despatchers employed on the line of the Canadian Pacific Railway, has been pointed out many times during the past few months, but a new note of alarm was sounded yesterday, when the men refused an increase of twelve and a half per cent., commencing from the beginning of this month. The men, in view of the proposed new schedule of pay, were to be denied their holidays, and the company, in return, offered to pay for their holidays, shorter hours, and relief from all work except at the keys.

But, alas, he smokes his pipe. He has been told by his friends, "Yes he did, you bet. Said that Beck was being bumped by the Cabinet."

EMPEROR ILL.

CONDITION OF FRANZ JOSEPH'S HEALTH UNSATISFACTORY.

Three Prominent Physicians, After Consultation, Announce That Utmost Care Will Be Necessary—Royal Patient Suffering From Bronchial Catarrh.

Vienna, Oct. 9.—Emperor Francis Joseph, who has been ill of bronchial catarrh since the beginning of this month, is still confined to his apartments at Schiennbrunn Castle, on the outskirts of Vienna, and his condition was pronounced to-day by the attending physicians to be unsatisfactory. In view of the advanced age of the Emperor-King, who was born in 1830 and has been on the throne for 37 years—there is considerable uneasiness regarding his health.

Yesterday His Majesty's temperature was 101; this evening it reached 102 1/2. An official bulletin issued to-night declares that His Majesty's catarrh is better, but his coughing is worse, and he will be compelled to take better care of himself.

CAN GIVE NO OFFENCE.

British Official View of Voyage of U. S. Fleet to the Pacific.

London, Oct. 9.—The view of the London Times that the despatch of the American battleship fleet to the Pacific is likely to have an adverse effect on the settlement of the outstanding question between the United States and Japan is not assured by the officials or diplomats here. Any action of a foreign government which might be interpreted as a menace to another power is generally discussed by officials with the greatest reticence.

It is pointed out that the United States has interests in the Pacific almost if not as acute, as great as those which she has in the Atlantic, and that it is highly desirable that her naval officers should be acquainted with the coasts which they are asked to defend in case of war.

In addressing the jury in an arson case at Toronto yesterday Judge Winchester advocated some law to prevent people from over-insuring their property.

A Convincing Speaker.

A distinguished physician during the course of a lecture stated that the following vegetable mixture, although a little old-fashioned, gives better results than any of the more recent discoveries, in the treatment of stomach and liver troubles, constipation, biliousness, etc.

One ounce Chamomile Flowers, one ounce Senna Leaves, one ounce Burdock Root, one ounce Carriana Compound, and one ounce Glycerine. Steep the Chamomile, Senna, and Burdock in one pint boiling water, shake occasionally until cold, strain and add the Carriana Compound and the Glycerine.

Dose: One tablespoonful 3 or 4 times a day, as required. These natural herbs can be had at any drug store at a small cost and mixed at home.

IN THE WORK OF AMUSEMENT

The Savoy played to big business again last night, the Bowditch-Hoodless musical party occupying the boxes. The dancing party continued to prove the big hit of one of the most exceptionally delightful programmes seen here this season. It is an artistic feature, in itself well worth a visit. Jay W. Winton, the Australian ventriloquist, provides a continuous laugh, with his bright humor and clever manipulation of the figures used in the act. Ollie Young and three brothers, in a whirlwind hoop rolling act, the Marco twins, in a laugh provoking knockabout, turn; Grlton and Jerome, in their laughing skit "Back to Louisville"; Harry Brown and his clever company in a pretty little playlet; Cartmel and Harris, offering one of the neatest dancing numbers seen here in a long time, and Cecilia Weston, in singing impersonations of well known actors, makes up one of the finest aggregations of vaudeville entertainers that has appeared on a single bill here this season.

Kara, the great European juggler, who is one of the most important figures in advanced vaudeville, will be here next week, and should prove an unusually strong box office attraction. He only recently returned from a long run at the Berlin Wintergarten and comes here direct from the New York theatre, where he was the sensational hit of a great bill. Kara works with ease and grace, and his act throughout is a genuine novelty, much of the work being remarkable in its way. Vaudeville critics wherever Kara has performed pronounce him one of the greatest jugglers the stage has produced.

Sam. Bernard Coming.

One of the best attractions to be seen at the Grand this season is Sam. Bernard, in "The Rich Mr. Hogenheimer," in which he is delighting large audiences at the Princess Theatre, Toronto, this week. Mr. Bernard and his fine company will be at the Grand next Thursday night.

About "Happyland."

When Frederic Ranken wrote for De Wolf Hopper in "Happyland," a part in which the big star would portray a king who was unhappy because he was so monotonously happy, he built up one of the funniest roles that have been given to a comic opera comedian in recent years. It is in "Happyland," the music for which was written by Reginald DeKoven, that Mr. Hopper will be seen at the Grand on Monday and Tuesday nights. Mr. Hopper, with a fine company, King of Elysia, and one of the several song hits that have been allotted to him, "A Sickening Sadness Sits on Me," gives a very good idea of the theme of the role. There is so much happiness in and around him that he tires of it. The part is not unlike that in "Wang," in which Mr. Hopper made his previous most famous hit. Seats will be on sale to-morrow morning.

DEAD REVIVED.

RESTORED MAN AFTER HE HAD CEASED TO BREATHE.

New York Doctors Brought Sand-hog Back to Life by Placing Him Under Extra Air Pressure in Tunnel Air Lock. New York, Oct. 9.—Although he apparently was dead, so that not even the stethoscope could detect a heart pulsation, Dr. Sears of the Bellevue Hospital and a physician employed in the air lock hospital of the Pennsylvania tunnel, First avenue and Thirty-third street, brought back to life a giant, a "sand-hog" overcome by the "tends" yesterday. He is Adair Hamit, thirty-five years of age, and the opinion of the physicians, his resuscitation was nothing short of marvellous. Marit left the last air lock, after coming out of the heavier pressure, too soon, and went to his home. There he collapsed. Companions ran down to the work hospital and got one of the physicians, who saw that it was necessary for the man he must be placed again under at least an extra atmosphere. An ambulance, with Dr. Sears, responded, and the physician found the man without a sign of life. His body present and seemed to have a fine appearance which characterizes men in the last stages of the "tends," and which obtains even after death. However, strychnine was injected, and the body carried back to the air locks. There the patient was placed under extra air pressure and seemed to revive, and, when Dr. Sears himself was forced to leave the air lock, showed signs of consciousness. It was said later that Marit would recover, chiefly through his great recuperative powers.

French Doctors Have Discovered New Use for Radium.

Paris, Oct. 9.—Two of the foremost physicians of Paris, Drs. Wickham and Degrais, have created a sensation at the Academy of Medicine by a report on their discovery of a method of removing birthmarks by the action of radium. Such marks have hitherto been believed to be indelible. The new method has proved equally successful in cases of adults and children. Marks are effaced by the simple application of a plane surface covered with a varnish containing radium. The action is regulated by the length and frequency of the applications, which are absolutely painless. The treatment may be applied to an infant during sleep. The doctors add that the birthmarks most easily cured are those which are most highly colored.

HE WILL NOT RUN.

George Tate Blackstock Not Conservative Candidate in London.

London, Oct. 9.—There is no foundation for the statement that Mr. Geo. Tate Blackstock will be the Conservative candidate in the London by-election. A candidate in the Tory workers will be held this week, and a candidate selected, probably Mr. A. T. McMahon, although Mr. Wm. Gray signed all the necessary papers before leaving for England, and if his friends insist he will be nominated. To cure a cold in a night—use Vapo-Cresolene. It has been used extensively during more than twenty-four years. All druggists.

WORK IN SYRIA.

Dr. Webster Gave Interesting Address at Erskine.

Rev. Dr. Webster, of Beirut, was the speaker in Erskine lecture hall last evening. The attendance was large. Special music was provided by the choir, solos being sung by Miss White and Robt. Symmers. Rev. S. B. Russell, the pastor, in speaking of Dr. Webster, expressed his pleasure at having the privilege of hearing one who was with them in Rev. J. G. Shearer's pastorate.

Dr. Webster expressed his pleasure in speaking to Erskine people. At the outset of a very interesting address he gave a descriptive account of the conditions of the country in and about Beirut, Syria. The college in Beirut, which Dr. Webster is an honored member, is beautifully situated, and is rightly termed the Lighthouse of the Orient, 870 students attending the college this year and next year 1,000 are expected. It has 14 distinct buildings, besides five more in the course of construction. Christian character, based on the teaching of Jesus Christ, is the predominant and fundamental teaching inculcated by a living example at the college. Although they have nearly one thousand students, twenty different nationalities are represented. All of the instruction is in English.

At the close of the address the missionary songs were read by Miss Broughton, and Mrs. Chumas led in prayer. The W. F. M. S. thank offering was \$88.16, of which \$25 was given to confer a life membership on Mrs. Wm. Brown, who has been a faithful worker and deserving of the honor.

AFTER PREACHER.

Had Entered House to See if Child Was Being Abused.

Chatham, Oct. 9.—Jeremiah McMahon, West street, claims that Rev. W. A. Gunton, pastor of the Central Baptist Church, had no right to intrude in his household yesterday on the assumption that his three-year-old adopted daughter was being abused.

Mr. McMahon is very wrath, and has court on account of the minister, claiming that his adopted child had never been ill-treated. The minister, however, claims he can prove the point. McMahon has been unsuccessful in laying an information so far.

The reverend gentleman has been very active of late following up a crusade against harboring children in illicit places by making a tour of the factories in the city on the lookout for boys working under age.

FOR MISSIONS.

St. Andrew's Ladies Listen to Interesting Address.

Yesterday afternoon the W. F. M. S. of St. Andrew's Church held its annual thank-offering service in the school room of the church. A large number of members and friends attended, and spent an enjoyable afternoon. Mrs. Steele, of Dundas, gave an enjoyable talk on "Mission Work," and Mrs. Le Roy Grimes sang two solos very sweetly. Miss Beattie Leckie played the accompaniments. A liberal collection was given, and the ladies have every reason to feel proud of their society, which has grown and flourished under the able presidency of Mrs. Gilbert McLeod. After the programme the ladies of the society served tea and cake.

MITCHELL-FILMAN.

Fashionable Event at Burlington on Tuesday Afternoon.

"Pine Lodge," the beautiful residence of Mr. and Mrs. D. P. Filman, Maple avenue, Burlington, was the scene of a very pretty wedding on Tuesday afternoon, at 3 o'clock, when their eldest daughter, Miss Mabel May, was united in marriage to Mr. John P. Mitchell, recently of Calgary, and son of Mr. and Mrs. Richard Mitchell, of Nelson. The ceremony was performed by Rev. C. L. McIrvine, pastor of the Methodist church, in the presence of over seventy-five guests. The bride, who was given away by her father, entered the spacious drawing-room. She was becomingly gowned in crepe de Chine, and carried with cream roses, buds, and carried a bouquet of cream roses. She was attended by her sister, Miss Flossie Filman, who was attired in cream silk and carried a bouquet of pink carnations. Mr. Harry M. Pettit was the groomsmen. While the register was being signed, Miss E. Dale Sinclair sang "Oh, Perfect Love," in her usual sweet voice.

ENORMOUS INCREASE IN MAILS RECEIVED FROM ENGLAND.

Winnipeg, for Instance, Increases the Number of Sacks Received by 1,255 in One Month—Result of Lower Postage on Magazines.

Ottawa, Oct. 9.—The Postoffice Department has completed its statistics of British mails coming into Canada by Canadian steamers for the months of July and August, and the figures fully bear out the conclusions which were drawn from the figures of the two preceding months, that the increase in the British newspapers and magazines, counting into Canada as a postal matter, is phenomenal. The total increase in the number of mailbags coming into Canada from Great Britain during the months of July and August, as compared with the corresponding figures of 1906, is 162 per cent, the number being 379 bags in 1906, being 2,120 bags while for the same months in 1907 there were 5,569 bags.

Something for Nothing

It is most unusual to give something for nothing; yet we offer this week one dollar's worth of toilet soap absolutely free of charge to every customer who buys one full box of Sunlight. It is the purest laundry soap made, and the toilet soap, also made by Lever Bros., is strictly high grade. And as the quantity we give away is limited, it would be well to order early.

Sweet Potatoes, Etc.

Smoked Hams

We regret very much our inability to fill all orders for Hams last week. The fault was not ours, but lay with our shipper, who failed to deliver the goods. However, we have the Hams now, and they are all right. They are boned and skinned as much of the fat has been removed, so that there is no waste. It is all eating and good eating, at that, and the price for a Ham or a Half Ham is 15c per lb. Also 200 lbs. Fresh Pork-Sausage at 10c per lb.

Raisins Special

New Select Valencia Raisins going this week 9c lb., 3 lbs. 25c. Tremor's Select Raisins, old, only a few left, going 4 1/2 lbs. 25c, while they last. Raisins, 10c per lb. Lemon and Orange Peel, per lb. 15c. Citron Peel, lb. 25c.

GIVE MORE TO MISSIONS.

Pressing Needs Demand a 40 Per Cent. Increase.

Toronto, Oct. 9.—The Methodist Board of Missions has inaugurated a very advanced policy for a general appeal to the Church in the matter of missionary support, and will ask for an increase over the present year's contributions amounting to \$100,000. This means an advance in all the congregations of 40 per cent.

VIRTUE ITS OWN REWARD.

Striking Instance Furnished by Run on Bank.

Montreal, Oct. 9.—A striking instance of kindness repaid in a similar way resulted from quite an extended run on one of the east-end branches of one of the local French banks. When the run started assistance was secured from the branch of another bank near by, and a depositor, in getting money, almost to a man went over to the branch that had lent the money and deposited there. The run was among the working class and was checked by the banks immediately paying out to all depositors who desired to get their money.

THE SUNFIELD MURDER CASE.

(Continued from page 1.)

olson, Andrew McCormack, John Glover, Robert Moore, James Nicholson, John Memory, J. G. Milne, Thos. McQuinn, John McGuire, Robt. Nichol.

Eight of the jurors are city men and the other four farmers in the county. The task of securing a jury was a comparatively easy one, occupying less than fifteen minutes—a record for a murder trial in these parts, if not in Canada.

Crown Prosecutor's Address. Mr. Geo. F. Blackstock, the Crown Prosecutor, then delivered his opening address to the jurors. After giving the history of the case as told to the Grand Jury, Mr. Blackstock referred to the motion of Mr. Counsell for a change of venue. He said that he did not think that there was any ground for the fear entertained by Mr. Counsell, that his client would not get a fair trial. In the excitement of the moment in reporting the tragedy the newspapers may have overstepped the bounds in reporting the

revolver or threw it away. Witness stated the bullet went through her left breast and also made two holes lower down in her body. About two months before the shooting she saw him with a revolver. On that occasion he was drunk, and he pointed it at the breast of Mrs. Radzyk, jun., and said he would shoot her like a dog.

Returning to the story of the tragedy, the witness stated that she ran out of the gate, after having dropped or thrown away the weapon, she heard another shot. At this point the witness broke into tears. Between sobs she said that she cried for help and started for the Deering works. She saw a Mr. Schwartz on the road and called to him that she was shot.

"Tell her I am sorry to have to ask her the question, Did she shoot her husband?" the Crown Prosecutor said to the interpreter. Mrs. Radzyk coolly replied: "The prisoner shot my husband."

"Ask her if she saw him do it?" "I think he shot my husband after he shot me, I did not see him shoot."

This ended the examination in chief, which lasted for nearly two hours. Mr. Counsell commenced the cross-examination.

"Did you prepare dinner the day of the shooting?" was the first question that the prisoner's counsel asked the witness. She replied that she did not make any dinner, as the men said they did not want any. There was some pie on the table, but it was not eaten.

Witness was asked if she and the two men went direct home from the residence of young Radzyk on the morning of the shooting. The two men, she said, left her while they went into a hotel and got drinks, and a bottle of whiskey.

Witness admitted to prisoner's counsel that she was drinking on the Thursday evening and one drink of whiskey on the morning of Friday—the day of the shooting. When Sunfield went away with his valise he left an overcoat and some working clothes, which he said his sister could have.

Mr. Counsell then read extracts from the preliminary examination, in which the witness had stated that the trio went home from the Hospital the night before the tragedy. She said that she made a mistake at that time; that they went to the house of her husband's nephew. In other two other matters, she said that she was in error at the inquest or preliminary examination.

At 6 o'clock the Judge decided to adjourn court till 9.30 this morning. He charged the jurors that they would be in charge of constables all night, and that they were to remain at a hotel; they could not go to their homes till the case was finished. He also charged them not to discuss the case with any person.

This Morning's Session. When court opened this morning Mr. Counsell resumed the cross-examination of Mrs. Radzyk. He asked her if Sunfield and her husband were not pals, but she said there were not together a great deal. She knew her husband had gone to a hotel to drink with Sunfield a few times.

When court opened this morning Mr. Counsell resumed the cross-examination of Mrs. Radzyk. He asked her if Sunfield and her husband were not pals, but she said there were not together a great deal. She knew her husband had gone to a hotel to drink with Sunfield a few times.

"Did your husband drink before he was married to you?" asked Mr. Counsell. "I did not know that he did," was the reply; "I did not know him very well."

Pressed further, Mrs. Radzyk said before they were married Radzyk drank beer, but not whiskey. "Did he spend all his money in drink?"

"No; how could we live if he did?" "Who brought all the whiskey to the house?"

"The boarders." "Did your husband ever bring whiskey to the house?"

"Sometimes; not often." "Did your husband ever call you bad names, drunk or sober?"

"No, and I never told anybody that he did." "Did you ever talk to Jake about going away?"

"No, I didn't." "Did you say you were going away to Chicago?"

"Me and my husband were talking of going to Chicago. Jake was present." "Did you talk to Jake alone in the morning of the shooting or were you alone with him any time that day?"

"No, I was not." "Did you sit on a bench with Jake that day or take a drink outside the house with him?"

"No, I did not; but I had a drink inside the house. My husband was there." "Did you ever ask Andrew Budda, a boarder, what you could give your husband to kill him?"

"No, I didn't," she emphatically said. "Did Budda tell you to give him lots of whiskey?"

"No." "Were you more friendly with Jake than any other boarder?"

"No; I treated them all alike." "Did Jake ever do chores for you around the house?"

"No." "Did you ever ask Jake to buy a trunk?"

ill and not working steadily. As he passed the Radzyk house he saw Mrs. Radzyk and Sunfield sitting on a bench in the yard. They were alone. The bench was six or seven feet from the doorsteps. This was about 2 o'clock. On his way back he looked into the yard and he saw Sunfield and Mrs. Radzyk standing beneath a tree.

After he had got about 200 feet past the house he heard a shot, and looking around, saw smoke coming out of the gate. Immediately afterwards Mrs. Radzyk ran out, shouting in Polish: "Help me; Jake shot me." She said this two or three times in a very loud voice. Witness then went back. She pulled up her blouse and showed where she was shot. She said: "Jake shot me and my man." While he was talking to her, Sunfield came out to the gate and asked her to go back. As soon as she saw Sunfield she ran toward the Deering works. Sunfield had neither coat nor hat on. Two men came along in an automobile before Sunfield came out.

After Mrs. Radzyk went away Sunfield went to the house of Mrs. Bieker and talked to his brother-in-law. When Sunfield returned witness said: "Jake, somebody shot Mrs. Radzyk." Sunfield replied, "Mrs. Radzyk was drunk and probably fought; I did not hear her shot."

Soon after this two policemen came, but lots of persons came in the meantime. Sunfield was then taken away by the police.

First Man on the Scene. Mr. Geo. Brandaw swore he was at the International Harvester Works on the afternoon of the shooting, and the doctor told him of the trouble at Radzyk's house. He started for the house in a few minutes, and he saw Schwartz on the road. He went into the kitchen alone, however, and then came out. He met Sunfield close to the steps and he asked Sunfield to go in with him. Sunfield led the way, witness and Schwartz following. Radzyk was on the floor of the back parlor, the floor of which was almost covered with blood. Sunfield picked up Radzyk's pocket book, which was in the blood, and asked of the room. Radzyk was unable to talk distinctly, but he appeared to be calling for some one. Sunfield, in the next room, said to him, "You shot her; she has gone for a doctor." Sunfield called out this and similar remarks to Radzyk several times. Witness saw Sunfield feeling in his hip pocket several times before the police arrived. Sunfield made the statement, "This will be the finish," just before the officers came in.

Cross-examined by prisoner's counsel, Mr. Brandaw said he did not tell of the last remark at the inquest and the preliminary examination because he was not asked. Sunfield was drunk, but not very bad, at the time he went to Radzyk.

Manager Appleton Next. Mr. John Appleton, who was one of the two men in the auto referred to by Mr. Schwartz, was next called. He said when hailed by Schwartz he did not understand what the trouble was about, as Schwartz spoke in German. After they had gone some distance another man hailed him and they stopped. He went back and saw Sunfield come out of the yard. Schwartz and Sunfield walked toward the Bieker house. Sunfield went into the back of the house, remaining there three or four minutes, and then he went back to Radzyk's house. Witness went into the house shortly afterwards and saw Sunfield in the dining room. Sunfield did not seem to be drunk.

Mr. Counsell asked that Mr. Schwartz be recalled; he desired to ask another question. No objection was offered and Mr. Schwartz was asked about a dark object that he stated that Mrs. Radzyk had in her hand when he saw her running toward the Deering's. He couldn't say that it was the revolver, however.

He Saw the Shooting. Arthur Hunt, a tinsmith, gave important testimony. He said as he was passing the Radzyk house he saw a man and woman on the steps. The man shot as he passed, and the report of the pistol frightened his horses and they bolted. He was out of sight of the house before he got them stopped. Witness said he just had a glance at the man, and he could not identify the prisoner.

Mr. Counsell, witness said that he first heard the woman scream and then he heard the shot. He heard only one report. The woman was running toward the Deering works when he last saw her.

John Harris, a Policeman, stated that he boarded at Radzyk's house for a long time, and was there all the time that Sunfield boarded there. As Harris could not make himself understood, his story was told through the interpreter. He said that Sunfield caused lots of trouble in the house, and heard Radzyk tell him three or four times to leave the place. Radzyk said all the boarders would have to go, too, and Sunfield said: "You go, too, but I'll shoot you first." This was a few days before the murder. He said that Radzyk went with Sunfield more than with any other boarder. At the conclusion of Harris' testimony the court adjourned for luncheon.

What Sunfield Says. While the cross-examination has not revealed the line of defence, it is understood that Sunfield has given a story of the tragedy to his counsel. Sunfield claims he was about to take a sleep under a tree in the garden, when he saw Mrs. Radzyk at the door, screaming. He then saw a shot fired and the woman ran away. The inference from Sunfield's story is that Sunfield will try to make out that Radzyk and his wife quarrelled, that Radzyk shot his wife at the door and then went inside and killed himself.

A Juror Ill. When the court opened this afternoon it was announced that one of the jurors—Mr. J. G. Milne—was ill and he desired to consult with his physician, who had been summoned. Mr. Milne was permitted to retire for a time, with the Sheriff and a doctor, but he soon returned and took his place.

The first witness called was Mrs. Kate Radzyk, whose husband is the nephew of the deceased.

—Rev. John Potts, Toronto, is reported to be very low.

yet to be examined, it is not likely that the case will go to the jury before tomorrow. The jurors slept at the Vineyard Hotel last night. They were in charge of Sheriff's Officer Stewart and two county constables.

The prisoner, Sunfield, follows the testimony of the witnesses very closely, and frequently makes observations to his counsel.

The Grand Jury has not yet heard all the Crown's testimony in the grocers' combine cases. It will probably be concluded this afternoon.

THE LUSITANIA. Conditions Good for Final Dash Along Home Stretch.

Newport, R. I., Oct. 10.—A wireless despatch received here from the Nantucket lightship at 11.30 a. m. to-day, states that the steamer Lusitania was at that time between 80 and 100 miles to the eastward, and would probably turn the lightship, 103 miles from Sandy Hook, between 3 and 4 this evening.

The Nantucket lightship reported the weather clear, the sea smooth and the conditions ideal for the final dash along the home stretch.

Travelled Hands. In the course of our lives, says the statistician, although we write many letters, we have not the remotest idea of the distance our hand covers while travelling over the paper.

According to him, the average man or woman writes about thirty words a minute, with the up and down strokes and curves, represent something like five yards, or 300 yards an hour. A person therefore using his pen for, say, two

WHAT THE CLERGYMAN SAID.

Hanover, Ont.—No other class of men have the opportunity to do as much good, and be such helpful influences, as the clergy. Not only in their sermons, but in their daily life, they can teach us the better way of living. The example of the Rev. Mr. Brand of Hanover, is one to be followed in every home in Canada. Owing to the arduous duties, incidentally to his parish, the reverend gentleman suffered severely with liver trouble, accompanied with constipation and indigestion. But he quickly found relief and in a letter, tells how: "I can say I like Fruit-a-tives very much, as I am troubled with Liver Trouble—and shall continue to use them." 140 "Fruit-a-tives" are made of fruit juices and valuable tonics—and form the ideal combination for the treatment of Biliousness, Constipation, Headache and all Stomach, Bowel, Kidney and Skin Troubles. 50c a box.

GREAT BATTLE IN THE VALLEY

COL. GIBSON WILL COMMAND THE DEFENSES OF HAMILTON.

Brantford and St. Catharines Regiments Will Also Take Part in the Thanksgiving Day Manoeuvres.

Brigadier General Otter has issued orders for the great Thanksgiving Day battle to be held near Dundas. The general idea will be as follows: A Southern force (grey) has reached Brantford unopposed, and is moving on Hamilton, and a Northern force (red) based on Guelph, is ordered to check the advance of the enemy.

Col. J. M. Gibson, of Hamilton, will command one force and Lieut-Col. Davidson the other. Just how the three or four thousand men who will be engaged will be divided up has not yet been arranged, but the Toronto men will be under Col. Davidson and the men from Hamilton and St. Catharines attached to one or other forces. Col. Gibson will be in command of the defence of Hamilton, and the fighting will take place, most likely, in the vicinity of the Dundas Valley, under the lee of the mountain. The ground will be all new to the troops.

An allowance will be made of 25 cents per officer and 15 cents per man present up to the number authorized from each unit. With this allowance officers commanding will make their own arrangements for the supply of their units. Blank ammunition to the extent of 25 rounds per gun and 20 rounds per rifle will be drawn on the requisitions of O. C. units.

Brass bands will not accompany the forces. No extraneous assistance in the form of motor cars, wagons, etc., will be allowed during the exercise. Bicycles will not be permitted to scouts and orderlies.

The military bodies taking part will be: Cavalry—1st Royal Canadian Dragoons ("B" Squadron); 9th Mississauga Horse (Half Squadron). Artillery—4th Field Battery, C.F.A. (one section); 9th Field Battery, C.F.A. (one section).

Engineers—2nd Field Company, Canadian Engineers. Infantry—Royal Canadian Regiment ("I" company); 2nd Regiment "Queen's Own Rifles" (both Battalions); 10th "Royal Grenadiers"; 13th Regt.; 10th "Royal Grenadiers"; 13th Regt.; 38th "Buffin's Rifles"; 48th "Highlanders"; 77th "Wentworth" (two companies and Signallers); 91st, "The Canadian Highlanders".

Army Service Corps (Ry. Transport Sec., Nos. 2 and 12 Companies). Army Medical Service—Nos. X, XI and XII. Field Ambulance, A.M.C. Cadet Corps—No. 97 St. Alban's Cathedral School Cadet Corps.

HAPPILY MARRIED.

Nuptials of Mr. C. W. Hannon and Miss Maudie Marshall.

A pleasant event took place on Wednesday evening at the residence of Mr. and Mrs. Hannon, 630 Barton street east, when their eldest son, Charles Warren Hannon, was united in the holy bonds of matrimony to Miss Maudie Marshall, of Crown Point. The bride entered the room leaning on the arm of her father, Mr. Thos. Marshall. She was daintily attired in white silk, and carried a shower bouquet of lilies of the valley and brides' roses. Miss Myrtle Fawcett, of Crown Point, acted as bridesmaid, and was also daintily attired in white silk and carried a bouquet of white carnations tied with white ribbon. The groom was ably assisted by his brother Henry. The ceremony took place under a large wedding bell. The room was beautifully decorated with vines and red carnations. Rev. W. J. Brown, of Barton Street Baptist Church, officiated. After the ceremony the guests sat down to a repast and drank the health of the bride and groom. Music was furnished by Mr. H. Dougherty, of Stone Creek. The happy couple were the recipients of many beautiful and useful presents.

WIFE STOLE.

Millionaire's Wife Turns Loot Over to Negro.

Chicago, Oct. 10.—Mrs. Evaline Romadka, wife of Millionaire Charles J. Romadka, of Milwaukee, confessed to-day that she had robbed at least six fashionable homes in Chicago, stealing diamonds valued at thousands of dollars. On another robbery in Milwaukee she acknowledged as her work.

Following her raids of the homes of the fashionable rich, Mrs. Romadka told that she turned the property over to a negro named Jones, who is now a prisoner.

The startling confession which clears away many of the recent robberies in the city, besides explaining the mystery of the wealthy woman's arrest, was made to Francis Reno, special agent of the Fidelity and Casualty Company of New York, which company has been investigating the strange case.

One of the biggest temperance demonstrations on record occurred the other day at Stockholm, Sweden. There was a grand parade, in which 60,000 persons took part. Among them were representatives of about 500 abstinence societies.

WORLD'S FAIR AT ROCKTON.

Beverly's Great Event Held Tuesday and Wednesday.

Largest Attendance at Any Fair in Recent Years.

Keen Racing Contests and a Good Fair Generally.

Rockton's great World's Fair, the 55th in the history of the Beverly Agricultural Society, was held on Tuesday and Wednesday of this week, and was in every way a success. The attendance the second day was very large—the largest in several years, and surpassed in point of numbers only three times in 55 years. Everything was carried out in the most satisfactory manner, and all were well pleased with the day's outing. The races were exciting in the extreme, and beyond the mix-up when William Fleming's trotter took a header, and the horse following him got tangled up also, nothing happened out of the ordinary.

The market was that no serious injury was sustained by any of those in the mix-up. The classes were all well filled, and great interest was evinced. The show of horses, especially, was of the very best, and the keenest interest displayed in every department. Secretary David Bell, the officers and directors came in with unstinted praise. The results of the special features were:

Lady driver: Lady driver with single horse—Miss Davidson, Miss Tunia, Mrs. Denholm.

Best single four-wheeled turn-out, horse, harness and vehicle to be considered—George Allen, W. J. Thomson, G. A. Bennett & Sons.

Boys' races: Boys under sixteen years—O. Lemon, H. Dunn, A. Adair, under twelve years, 100 yards—J. Newton, Chas. Johnston, M. Main.

Men's foot races: Foot race, 100 yards—W. Cornell, G. Jones, R. Burgess. Men's foot race—W. Cornell, R. Burgess, H. Burton. Men's jockey race, run fifty yards, carrying man, then return, rider carrying his mount—Geo. Jones and W. Cornell, Burton and Burgess, Jones and Henderson.

Baby show—Mrs. R. Hunt, Mrs. John James, Mrs. Milroy.

Judges—Warden Vansickle and Peter Ray.

Green trot or pace—Blue Bells, J. Boyle 1 1 Little Rex, R. Boyle 2 2 Maudie D. D. Manner 3 3 Alma J. Burt 3 4 Hazel B., W. Hyde 5 5

SELL YOUR COLD FOR \$1?

You surely won't stop at a dollar bill to cure that horrid, sniffling cold! Go to any druggist and get "Cattarhoxone" and your cold will be a thing of the past. There is almost witchery in the swift way Cattarhoxone kills colds. But when you consider the penetrating, healing and antiseptic qualities of Cattarhoxone perhaps it's not so wonderful. Certainly there is no remedy half so prompt for colds and catarrh as Cattarhoxone. Refuse a substitute and insist on having only "Cattarhoxone."

Headquarters Thirtieth Regiment of Lieut-Col. E. E. Wentworth Moore Commanding.

Hamilton, Ont., Oct. 9th, 1907. No. 92—Orderly Officer for week ending Oct. 12th, Lieut. Thomson. Next for duty, Lieut. Meakin.

AGAIN LOOKS LIKE FIGHT WITH BARTON.

Question of City Water to Township People Discussed By Committee.

City Can Get No Satisfaction From the Hydro-Electric Power People.

The question of water for the township people was the cause of another lively discussion at the Fire and Water Committee meeting last night. City Solicitor Waddell warned the aldermen that unless they moved slowly the city might get into a bad box. The agreement with the township, as interpreted by him, was that people living directly along the line of the mains at the time they were laid were to get water and not from all the branches laid from it. Mr. Waddell also found objection in the proposal to tax the people who used the water under the township's assessment. One of the chief objections, though, was City Engineer Barrow's report as to the taxing of the pumping capacity now, and until this was overcome the solicitor thought it would be well to mark time. He also objected to the township having control of the 6 inch mains.

Ald. Farrar found fault with this. "It is strange," he said, "that you should raise an objection to this kind of thing. It is a new resurrection."

"You are the solicitor for Hamilton and not for Barton or Saltfleet," said Ald. Allen to the solicitor. Mr. Waddell smilingly admitted it was true. Ald. Allen said he would like to see a statement of what the city had spent in the township and the revenue from it. A statement of this kind some years ago showed an expenditure of \$12,000 with hardly any return.

Reeve Gage presented his views in a concise manner. "We are not threatening you with law," said Mr. Gage. "I am going to tell you right straight, though, that this is the last time I am going to come to this committee. I am not threatening, but I have stood this as long as I am going to stand. If there is anything in this water question for the township we want to know it, and if there is not we want to know it."

"The quicker we know it the better," commented Ald. Allen.

"You will know it quick enough," retorted Reeve Gage.

"That is the right way," observed Ald. Allen.

"We are asking for our rights and we are going to get them," continued the Reeve.

"I would like to see you," chipped in Ald. Allen.

"Well we will and don't you make any mistake about that," was the Reeve's grim reply.

Mr. Gage suggested that an agreement be had left with the City Solicitor be read. Mr. Waddell said he had not had time to go over it, and it was agreed to have a special committee take it up with Reeve Gage at once.

It was explained that one of the Westinghouse experts had assisted Mr. Barrow in drawing up the specifications, and Ald. Farrar also took exception to this, on the ground that the specifications should have been prepared by an independent engineer.

Mr. Atkins said he considered calling for tenders simply a waste of time. As regarded the engineering work, if an expert was not employed, some one had to do the engineering work at the pumping house, and the company certainly would not do it for the good of its health. He was satisfied the city would more than pay what it would pay him by getting first-class equipment that would do the work for which it was purchased. Mr. Atkins said one of the best examples of the disadvantage of having a company interested prepare specifications was supplied in the tenders for street lighting. The Westinghouse, in preparing this, he said, called for a smaller lamp than the present Cataract lamps.

It was decided to delay the appointing of an expert until the secretary wrote to places where Mr. Atkins had installed plants, for a report.

Other Business.

The financial statement showed the Fire Department to have a balance of \$2,574.85 out of its appropriation of \$55,500. Of the \$30,000 voted for the new fire station and apparatus, \$19,922.48 has been spent buying the site, paying for the apparatus and other expenses.

The waterworks construction shows an overdraft of \$7,127.71, the appropriation being \$56,086.00. The waterworks expense appropriation of \$50,500 shows a balance still of \$9,896.62.

A water main will be laid on Case street, in the annex, for William Moore the owner to pay all costs and sign an agreement with the Solicitor, giving others the right to connect on them paying a proper percentage of the original cost.

Valves will be put on the large mains, at a cost of \$150. Mr. Barrow reporting this was absolutely necessary for safety in case of accident.

BARTON Y. M. U.

A Successful Meeting and Debate Held Last Night.

Barton Street Methodist Church Young Men's Union meeting was a most successful one. Mr. P. A. Moore delivered a ten-minute address on Sir Wilfrid Laurier and Sir Thomas Lipton. An instrumental duet was very well rendered by the Fenton Brothers and this excellent feature was followed by a piano solo by Mr. L. Hearts, who has almost completely recovered from his recent very painful accident. Then followed a long debate on "Resolved that iron is more useful than wood." The judges, Messrs. P. A. Moore, J. F. Walker and Geo. Sharp retired and the discussion still went on getting warmer and warmer. The subject was upheld by Messrs. E. Black and W. C. Lambert for the affirmative and Messrs. Roy Fenton and P. Elkington for the negative. The speakers paused for a minute to allow Mr. C. A. Berry time for an excellent mouth-organ solo, which was heartily applauded. Rev. Mr. Livingston announced that Rev. Mr. McDougall would give his lecture on "Rome, the Eternal City," under the auspices of the Union next Tuesday night. The proceeds of the lecture will go to helping on Missionary work among the foreign element in the Northeast part of the city. Mr. George Sharp, who acted as neutral judge, then announced the decision, which was in favor of the affirmative.

COMMERCIAL CLUB OPENED.

Members Out in Large Numbers at the New Quarters.

Building Has Been Fitted Up in First Class Style.

The Commercial Club was informally opened to its members last evening, and they certainly turned out en masse to see their new quarters. Since the club took hold of the old Federal Life building, time has wrought many changes, and all for the better, too. The appointments of the entire building are up-to-date in every particular and the building in its present condition is a credit to its members as well as the city of Hamilton.

As one enters the building from the Vine Street entrance, they are ushered into a neat lobby. From this one is led into the magnificent reception room of the club, and it is the best furnished room in the building. No expense has been spared to make this room look home-like and attractive, and in this the club has been successful. There are numerous easy leather-upholstered chairs around the room, while suspended from the ceiling are many beautiful electrical globes of large proportions, which shed a brilliant light. Off the reception room are card rooms, and also the secretary's office.

On going upstairs the first room to enter is the reading room, and all the leading periodicals are to be found lying around. On the left of this room is the dining hall, and it is beautifully fitted out to receive from about a hundred guests at one time. The kitchen is right off the dining hall, and it is one of the finest places to be found in the country. The lavatory is also on the second floor, and it is all finished in white enamel. On the third floor is the quarters for the help and the steward.

Many of the members, in fact all of them, were heard expressing their delight and appreciation of the splendid quarters that have been provided, and it is the opinion of many that the club will be a moving spirit in the social events of the city. Last evening the members just met to have a sort of reunion, and the club will get down to business to-day. There are a few minor improvements to be touched on yet before the building will be completed, but even as it stands now, it is a club house which seems more like home than anywhere else, and its success is assured.

Mr. J. W. Lamoreaux is the President of the new club, and the Board of Directors is as follows: J. Lennox, F. R. Newberry, C. D. Blachford, T. A. Henderson, A. Cunningham, G. F. Birley, C. H. Peables, R. Junor, R. C. Ripley, G. J. and C. Murton. Major Tidwell is the secretary-treasurer and Mr. George Price is the steward.

YORK LOAN.

POSITION OF CLASS C CERTIFICATE HOLDERS DISCUSSED.

Mr. A. W. Briggs for Latter Claims These Certificates Should Get Priority in Apportioning Claims—Fate of Other Shareholders.

Toronto, Oct. 10.—In the winding-up proceedings of the York County Loan & Savings Co., as continued yesterday morning before the official referee, Mr. George Kappel, Mr. A. W. Briggs presented the position of the holders of class C certificates. These certificates have a notice printed across the face which purports to give the holders "a first charge on all the securities of the company." Mr. Briggs submitted only the first part of his formal evidence, which included extracts from the company's by-laws authorizing the issuing of these certificates, and evidence to show the regularity of the passing of these by-laws by the company. The balance of this formal evidence will be given at a meeting at 4 o'clock this afternoon, after which the argument will be heard.

A large amount of interest will attach to this part of the proceedings, as the amount of these certificates is in the neighborhood of \$300,000. It is expected that the amounts falling to the lot of the holders of other classes of certificates will be determined largely by the decision of this class. The liquidators, represented by Mr. C. D. Scott, and the other classes of shareholders, represented by Mr. W. M. Douglas, K. C., are making vigorous efforts to establish the position of class C claimants in priority to the others. They assume the position that the notice printed on the face of the certificates makes them practically debentures, and that as such they are not legally issued by the company.

This morning at 10 o'clock the position of classes 5 and 6, representing about \$100,000, will be presented. These classes are made up of those shareholders who were converting their shares into money at the time of the smash, and the question arises whether these people are actually shareholders or creditors of the defunct concern.

RUSS ELECTIONS.

Peasants and Workmen Radical Landlords Tory.

St. Petersburg, Oct. 9.—The second stage of the Parliamentary elections is in full swing. Nineteen hundred and three electors have been chosen out of an ultimate total of 5,161. The party affiliation is officially characterized as 516 members of the Opposition, 1,131 Moderates, Octoberists and Rights, and 256 owing allegiance to no party.

The results of the elections so far indicate that the peasants, workmen and lower classes of the cities exhibit unadorned radicalism, while the upper classes of the cities, particularly the landlords, are returning conservative electors, as they hoped to secure through the election law of June 16. The landlords so far elected represent 627 members of the Right party, 91 Oppositionists and 96 without party.

TORONTO WEDDING.

Miss Nordheimer and Mr. Cambie Married This Afternoon.

Toronto, Oct. 9.—The marriage of Miss Cecile Evelyn Nordheimer, daughter of Mr. Nordheimer, to Mr. Charles Cambie took place this afternoon at St. James' Cathedral before a large number of fashionable guests. Canon Welch, with the Lord Bishop of Niagara, officiated. The bride was given away by her father. The bridesmaids were Miss Athol Boulton, Miss Errol Nordheimer, Miss Viva Kerr, Miss Christobel Robinson, Miss Yvonne Nordheimer, and Miss Phyllis Nordheimer. Miss Estelle Hodgins was flower girl. The best man was Mr. J. Cambie, and the groomsmen were Messrs. Roy Nordheimer, W. J. Leggat, G. Haunton, Capt. Basil E. White, E. Cattanach. A large reception was held after the ceremony at Glendythe, the home of the bride.

THE DOCTOR TALKS.

\$9,000 A YEAR CAN'T CLOSE NESBITT'S MOUTH.

If the Doctor is Expelled From Office, His Health Will Permit Him to Seek a Wider Field of Activity.

Toronto, Oct. 10.—A government position and an admitted success worth \$9,000 a year has by no means tied the tongue of Dr. Beattie Nesbitt with reference to political affairs. Yesterday he explained the attitude he took in his Gravenhurst speech. In it he said that he feared corporation influences might be sufficient to prevent that active support that Mr. Beck and his friends would receive from within as well as without the Cabinet. Dr. Nesbitt said that if Rockefeller sent over to Ontario to get a deal put through that would get a boy to help him, but that it could not help the Beck policy. It was taken in some quarters that these words referred to Hon. Mr. Hanna, and they were considered of sufficient import to be brought to the attention of the Premier himself. Mr. Whitney called Dr. Nesbitt's utterance "twaddle." However, the doctor, at present registrar of West Toronto, and an appointee of the present Government, declared that he was free to speak his own mind notwithstanding his holding office. It was unfortunate, Dr. Nesbitt told a Globe reporter last night, that Mr. Whitney should think that any member of his Cabinet was so connected with Rockefeller that he (the Premier) should have to explain that Minister's position.

Dr. Nesbitt said: "It is quite within the power of the Government to expel me from office for a supposed slight upon themselves and place me in a larger field which restored health would permit me to enter."

"Since you are not worrying much about the office, as a fair question, what is it worth?" was asked.

"I do not mind answering that question," said the doctor. "The office has averaged me \$9,000 a year. It was purely a sinecure, and the system, in the interests of the public, should be entirely rearranged."

TO BRIBE WIFE.

Hartje Offers \$60,000 to Wife—He Wants His Children.

Pittsburg, Oct. 9.—It developed to-day that the new letters which Hartje admits cost him a lot of money, \$3,500 alone being paid to Howard Lappe, like the letters declared forgeries during the recent court hearing, are unsigned.

Hartje offered his wife \$60,000 to-day to admit his charges were true and give him possession of the two children, Scotty and Louise. Mrs. Hartje refused. The Hartje case has developed into a gigantic conspiracy, and the judges of the county courts, lawyers and others will not be surprised if a sensation involving leading attorneys is sprung as soon as the Superior Court, now sitting in Philadelphia, decides if this case is to be reopened.

MARRIES CONVICT.

Society Woman Weds Man Who Had Served Four Years.

Worcester, Mass., Oct. 9.—Miss Clara Cecilia Leach, a wealthy society and club woman, was married at St. John's Church to-day to John W. Maher, an ex-convict.

Four years ago, just before he was to have been married to Miss Leach, Maher was sentenced to four years in jail for grand larceny. After he had served thirty-seven months of the term, he immediately returned to Worcester and went into his father's office again.

Miss Leach had said she would wait, but society was somewhat shaken when the marriage was announced.

BURNED TO DEATH.

Two Men Lose Their Lives and Another May Die.

Ithaca, N. Y., Oct. 9.—A despatch to the Journal from Trumansburg states that in a fire which destroyed Vanorder's livery stable, Foster's hotel, and Saragies' livery, in the village of Trumansburg, this morning, two men, Mont Barber and Thomas Sarsfield, were burned to death.

Their charred remains were recovered. John Holley, another occupant of the barn, was badly burned, and may die. The loss is about \$8,000, partly covered by insurance.

Alexandra's Musical Treat.

The roller skating musical programme to-night at the Alexandra will be worth hearing. Twenty-four band musicians in the first special event of the season. A great treat is in store for those who attend the rink, both in the balcony and on the skating floor. The programme will be made up of many of the popular waltz and two-step successes of the year. The popularity of this kind of entertainment last season encourages the management to do their utmost to provide again something out of the ordinary for the enjoyment of rink patrons. To those who have not yet got the roller skating fever the concert, together with the fascinating view from the balcony, is an event extraordinary, and should not be missed.

QUEBEC TOWN SHAKEN.

Huntingdon Residents Experience Quake in Night.

Huntingdon, Que., Oct. 8.—This morning shortly before 3 o'clock a severe shock of earthquake struck the village, apparently coming from the south.

The shock was violent, lasting several seconds and awakening people from their sleep.

A perceptible trembling of the houses was felt, and people turned on the electric lights, and many hastily dressed.

Col. Lamb, of the Salvation Army, states that it is proposed to bring between 20,000 and 25,000 people to Canada next year, and ten special steamers had been chartered for the purpose.

HALF-YEAR IN JAIL.

PENALTY FOR NEGLIGENCE WHICH CAUSED FATAL WRECK.

Grand Jury at St. Thomas Says Prosecution Should Not Stop at Humble Employee—Get After the Companies.

St. Thomas, Oct. 9.—Chief Justice Meredith this afternoon sentenced Murray Stephens, the ex-Wabash engineer, who was found guilty on both counts of an indictment yesterday, to six months in the common jail, without hard labor. His Lordship, in passing sentence, said nothing could justify recklessness and lack of responsibility. While not believing that the employee should be made the victim, while the high official was allowed to go free, he thought the sentence should fit the case.

The prisoner appeared much relieved after sentence was passed, and chatted with his friends before passing into the jail to serve his term.

The grand jury this morning made what was practically a plea for mercy in the case of Murray Stephens, and a serious charge against the railway companies. The clause in the address referred to is as follows: "The people are awakening to the fact that the traveling public have a right to demand from railway companies that they exercise caution and be vigilant in protecting the lives of passengers traveling on railway trains. From evidence before us we are forced to the conclusion that the officers administering the law have not prosecuted in some cases the parties primarily responsible for the great loss of human life during the last year. Trainers will not run by semaphores when they know that by so doing they will incur instant dismissal and other punishment, but they will run by them when the act is winked at by high officials to make fast time. While we are in favor of enforcing the law in all cases to protect human life, we do not favor the prosecution and conviction of the humble parties to the offence, and letting those in exalted positions escape the penalty incurred."

FARMER KILLED BY GAS.

Peter Farley, of Arthur, Ont., Turned Gas Jet Too Far.

Toronto, Oct. 10.—After he had suffered for two days from the effects of inhaling illuminating gas, Mr. Peter Farley, aged 72, a retired farmer from Arthur, Ont., died at the home of his son-in-law, Mr. George W. Kiely, 649 Gerrard street east, at an early hour yesterday morning. Mr. Farley was found unconscious in bed when the occupants of the house called him on Monday morning. He had retired at his usual early hour and turned off the gas before getting into bed.

As he wanted to catch an early train leaving the city, he got up about 3 o'clock to look at the time, and in turning off the jet a second time he turned it too far, allowing the gas to escape.

FILES IN BANANAS.

Escape of Three Convicts From Three Rivers Jail.

Montreal, Oct. 9.—Three convicts escaped yesterday from the Three Rivers jail, and are now said to be in jail in Montreal. Several of their friends, ticket-stole men, were in the habit of bringing them fruit. It was discovered that these friends had supplied the convicts with small saws hidden in the bananas which they brought them, by means of which the convicts sawed through the bars of their cell windows and let themselves down to the ground by means of ropes made from their blankets.

The wholesale premises of the Winnipeg Paint and Glass Co. at Winnipeg were burned on Wednesday. Loss, \$275,000.

ATYRATER AT 5 TO 1. Windsor, Oct. 10.—A heavy, holding track, chilly weather and rather small attendance look the edge off the racing here yesterday, but some good sport was offered in the six events on the card.

The victory of Letohatchee in the fourth race at the attractive odds of 12 to 1 was very popular, but in the subsequent event the talent were in exceeding wrong, the favorites falling by the wayside in each instance. A lot of money was burned up on J. W. O'Neill in the second event, the horse being particularly attractive with Delany up. He tired in the last half of the journey, however, finishing in the rack. Ayrwater at 5 to 1, won the last race. Murphy, the colored boy, rode three winners.

SAURDAY'S GAME. Will Be Greatest Since Montreal Was Here Last.

Reports from Montreal say that their football team is working night and day getting ready for Saturday's game with the Argos, for they realize that on it depends their chance of winning the championship of the Inter-Provincial League.

The local team is just as hard at practice, and now that Captain Ballard is back again, the telling work is on. Every man on the team knows that the game on Saturday will be the hardest of the season, and they are training accordingly.

From a spectator's standpoint the game will be a dandy to watch. These two teams are the fastest in the game. Montreal is anxious to wipe out the stain of their defeat at the hands of the Argos last year, when the defeat meant so much to them.

Now that they have another chance, it is a sure thing they will take no chances, and make every minute a winning one, if possible. The local team is in fine shape now for a strenuous fight, and they will be right there when the whistle blows. The officials have not been selected yet, but they will be announced to-morrow.

The Tiger team has not yet been finally selected, either, but it is sure none of the old players who have been turning out will be missing, and DuMoulin's place will be about the only one that has to be filled.

Tickets for Saturday's game were placed on sale at Stanley Mills to-day. The members of the club are the only ones who can get them until to-morrow, when the sale will be thrown out to the general public. The admission, including a reserved seat, will be 75 cents, and an admission ticket only, with a seat in the bleacher, will cost 50 cents.

This increase in price is necessary owing to the enormous expense this year. The long trips to Montreal and Ottawa will take a lot of money, and the improvements being made at the cricket grounds, in the way of seating accommodation, will also be expensive.

The crowds continue to go to Bennett's Theatre. The Tigers were there in a body last night, and Tope and Ballard were the committee selected to see that all was right with the illumination. The Montreal team will be the guests of the Argos at Bennett's on Saturday night.

Friends and supporters of the Tiger team ought to make it a point to secure seats before they go to the theatre, as

as the club gets no benefit from the sale of seats at the box office, and only such tickets as are sold by the officers of the club or at one of the many depots where they have been placed on sale will be of advantage to the club.

ARGOS WAIT ON C. A. A. U. Toronto, Oct. 10.—Yesterday an Argonaut delegation, consisting of Messrs. T. P. Galt, J. Wright, Robert McKay, and Hugh Hoyle, waited on President Stark, of the C. A. A. U., to present the case of their Rugby football team in the Montreal meeting.

They stated their case, and the players had been misled by Referees Dr. Hendry and Mr. Griffiths, who had told them that they would incur no danger of being penalized for playing against Russell under protest.

The delegation set forth that these young fellows were blinded by this statement of older football heads, who had been connected with the game officially for years.

Mr. Galt, the spokesman, stated that it would be too bad to throw the Argos out under the circumstances. The players were young and inexperienced, and naturally took the officials' word for it, that the matter was easy of adjustment.

Joe Wright said that the boys were as amateur a crowd as ever played any game, and as far as he knew so were the Montreal men. He blames Dr. Hendry, who, he says, knew perfectly well that Russell was not eligible, and had the letter from the C. A. A. U. in his pocket showing that his case was laid over.

President Stark stated after the interview that, while he had nothing to do with the matter, which was in the hands of the Board of Registration, he thought that the statement of the Argonauts was a fair one.

Extenuating circumstances laid before him by the Argonauts might put the matter in a more favorable light before the board.

Meanwhile, until the team was reinstated, if they played on Saturday against Ottawa, not only would their cases be prejudiced, but Ottawa would likewise suffer. In the event of the team playing as Argonauts before they were reinstated, the whole club would be out.

After the delegation departed Mr. Galt dispatched wires to J. G. Merrick, at Detroit, and Francis Nelson, at Windsor, and got into communication with Secretary Crow here, with a view to having the men taken back in time for the game against Ottawa on Saturday.

WILL PLAY RUSSELL. Montreal, Oct. 10.—The Montreal Argos will continue to play Ernie Russell through the Inter-Provincial series unless evidence is produced to show that his affidavit concerning his amateur standing is false.

Such was the statement made by Dr. Irvine, the President of the club, last night. Dr. Irvine asserted that he had personally made enquiries regarding Russell's connection with the Wanderers, in hockey, and had been assured that he had played as an amateur.

Further, the President explained, that if the player in question had ever received money, he could not be a member of the Montreal Association.

It is also claimed that at the Toronto meeting last week, the Montreal representation told both the Argos and Hamilton delegates that it was the intention to play Russell, but no objection was offered.

DR. HENDRY'S EXPLANATION. Toronto, Oct. 10.—Dr. W. B. Hendry and H. C. Griffith, who officiated in the now famous Montreal-Argonaut game in Montreal last Saturday, are highly indignant at the statements made to the effect that they were responsible for the "leading astray" of the Argonaut team.

They deny emphatically that they persuaded or attempted to influence the Argosmen to go on the field against the Montrealers. They say that all they did was to explain that in the eyes of the Inter-Provincial Union Ernie Russell was perfectly eligible, at the same time warning the Argonauts that they were liable for suspension by the C. A. A. U. for playing against him.

Efforts were made in the morning to communicate with Inspector Stark and other members of the C. A. A. U. Executive, but they proved fruitless, and the players all went into the game with their eyes open.

The Argonaut Rowing Club has decided that if the Rugby team are not reinstated by the C. A. A. U., that it will not allow them to play under the name of Argonauts.

GOLF AT CHICAGO. Yesterday's Results in the Ladies' National Tourney.

Chicago, Oct. 10.—Miss Sallie Ainslie, of Westward Hotel, is now the only western golfer remaining in the competition for the women's national championship now in progress on the links.

Six other western women who started today in the second match round were defeated by their eastern opponents.

Miss Ainslie had little trouble in defeating Miss L. A. Wells, of Brookline, 9 up and 6 to play.

Miss Margaret Curtis, Essex, and Miss E. S. Porter, Brookline; Miss M. W. Phillips, Brae Burn, and Miss M. B. Adams, Wollaston.

Miss Anita Phipps, Springfield, Mass., and Miss Sallie Ainslie, Westward Hotel; Mrs. R. H. Barlow, Merion, and Miss H. S. Curtis, Essex.

Some Snap Shots at Sport and Sportsmen

Another piece of lacrosse gossip which emanated from a Tecumseh player and was put in circulation by a Vancouver lacrosse player is to the effect that the Tecumsehs would not get that \$800 even if they won as they agreed to come west on the flat rate of \$2,300.

The Tecumsehs maintain an official silence on this statement, but are not backward in stating that they expect to win—Vancouver Province.

Danny Maher, the U. S. jockey, is now in second place on the list of winning jockeys in England, and of late has improved his position greatly.

Though he will hardly catch Higgs, the leader, before the season closes, the Yankee lad may be depended upon to finish strong.

The most coveted trotting stake in the United States is no doubt the 3-year-old division of the Kentucky Futurity, mainly on account of more money being hung up for this event than for any other harness horse race on this continent.

The total amount of money given for this race this year is \$14,000, of which the winner gets 50 per cent, or \$7,000. It is the leading classic of the harness horse turf, and it is considered about the greatest honor to own the winner.

Naturally the interest of Canadians was centred by Miss Katherine L. Wilks, mistress of the Cruikston Park Farm, Galt. This oct won the 2-year-old division of the same stake last year, and in doing so took a record of 2:14.3. This year he has started in but two races previous to the Futurity—one in Milwaukee, Wis., and one at Columbus, O.—each of which he won in straight heats.

In the latter race he went a mile in 2:08.7, which established a world's record for 3-year-old trotting stallions, and equaled the world's record for 3-year-old trotters, any sex, made by Fantasy 13 years ago, and it will be with regret that the news of the Canadian's defeat in yesterday's race is read.

Much was expected of Kentucky Todd, and his defeat further exemplifies the saying of the late Sir John A. Macdonald, that there is nothing so uncertain as elections and horse-racing.

Among the Canadian horsemen who went to Lexington to back the Galt horse was Mr. Richard Baird, of this city.

Jack Pfeister, who pitched the Chicago

and strike-out left runners on first and third.

The winning runs came in the fourth. Tinker's hit bounced off Mullin's glove. He went to second on a sacrifice, and stole third.

O'Leary fumbled Slagle's grounder, and Tinker scored. Slagle stole second, and came the rest of the way on Scheckard's two-base hit past first base.

After Chance had popped out, Scheckard was caught trying to steal third.

As in yesterday's game, a fast double play stopped an incipient rally in the last inning. This time, however, the visitors were the victims.

Tinker held Coughlin's liner, and threw to Chance in time to put Rossman out, who had reached first on his fourth successive hit.

Payne ended the game with a little hit in front of the plate which Kling threw to first.

The teams will play here again to-morrow, and then, unless a postponement or tie game intervenes, will go to Detroit for two games, and return here Sunday.

1887—Detroit beat St. Louis eleven out of fifteen games. 1888—New York defeated St. Louis six out of ten games.

1889—New York defeated Brooklyn six out of nine games. 1890—Brooklyn and Louisville tied, three games each.

1892—Boston defeated Cleveland five straight games. 1894—New York defeated Baltimore four straight games.

1895—Cleveland beat Baltimore four out of five. 1896—Baltimore defeated Cleveland four straight.

1897—Baltimore defeated Boston four out of five games. 1903—Boston defeated Pittsburgh five out of eight games.

1905—New York beat Athletics four out of five games. 1906—Chicago Americans defeated Chicago Nationals four out of six.

CHICAGOS WON SECOND GAME.

Detroit Defeated By Score of Three to One.

Chicago, Oct. 10.—The Chicago National League team defeated the Detroit American League team in the second game of the series for the world's championship yesterday afternoon.

The score was 3 to 1. Slow pitching and several slight accidents caused the contest to drag greatly, and the delays tried the patience of the big crowd, which again filled almost every inch of seating room.

The local team discarded the new grey uniforms which they wore on the previous day, appearing in their soiled and worn white home uniforms. The change seemed to put them more at ease, and both teams played more steadily than on the opening day.

After the last four and a half innings had consumed an hour and thirty-five minutes, so-called fielding and sharp hitting and base-running hastened the game to its end.

Mullin and Priester were the pitchers, and Payne went behind the bat in place of Schmidt. Otherwise the teams lined up as on the preceding day.

Schmidt's retirement was due primarily to his inaccurate throwing, but in this respect the change brought small improvement, as the five stolen bases credited to the local team testify.

Playing conditions were improved. The crowd numbered 21,901, as against over 24,000 yesterday, and warm sunshine contributed to the greater comfort of the players and spectators.

What went there was low across the diamond, and aided the play more than it hindered it. Rossman, who: batting was the feature of the contest, scored the first run of the game in the second inning.

He hit a grounder toward Tinker, which bounded away, going to shortstop, and rolled out to left field. He made three bases on the hit. Coughlin struck out, but Payne lifted a short fly to left field, which Tinker might have caught, but left to Scheckard.

The ball fell safe and Rossman scored. Payne stole second, but O'Leary and Mullin could not bring him home.

Chicago tied the score in its half of the inning, for Mullin gave a queer exhibition of poor and good pitching. Kling, Evers and Schulte singled in succession, filling the bases, with none out. Then Tinker got a base on balls, forcing Kling home.

Then Mullin suddenly regained control of his curves, striking out Pfeister and Slagle, while the best Scheckard could do was a puny grounder to Schaeffer.

In each of the next three innings Detroit batters reached first base with none out, but poor base-running and the inability of the following batters to find openings in the Chicago defenses prevented tallies.

Chicago lost a chance to score in the third, when a double play

and strike-out left runners on first and third.

The winning runs came in the fourth. Tinker's hit bounced off Mullin's glove. He went to second on a sacrifice, and stole third.

O'Leary fumbled Slagle's grounder, and Tinker scored. Slagle stole second, and came the rest of the way on Scheckard's two-base hit past first base.

After Chance had popped out, Scheckard was caught trying to steal third.

As in yesterday's game, a fast double play stopped an incipient rally in the last inning. This time, however, the visitors were the victims.

Tinker held Coughlin's liner, and threw to Chance in time to put Rossman out, who had reached first on his fourth successive hit.

Payne ended the game with a little hit in front of the plate which Kling threw to first.

The teams will play here again to-morrow, and then, unless a postponement or tie game intervenes, will go to Detroit for two games, and return here Sunday.

FAT FOR THE PLAYERS. Chicago, Oct. 10.—The receipts for yesterday's game, as announced by Secretary Bruce, of the National Baseball Commission, were \$26,430. The players will receive \$14,272, and each club is entitled to the extent of \$8,750.

Chicago, Oct. 10.—As on the two previous days, the throngs of would-be spectators began early to move towards the field of baseball. The atmosphere, which was quite cold early in the day, gradually became more like the baseball variety under the warm rays of the sun, but a strong west wind made light overcoats acceptable.

AMERICAN TEAM WON. Boston, Oct. 10.—The second game of the local post-season series was played on the National grounds, and was won, 4 to 2, in 11 innings, by the American League club. The Nationals outbatted their rivals, but played inefficiently at critical moments.

NATIONALS WON THIS. St. Louis, Oct. 9.—The St. Louis National League team won the third game of the post series 8 to 5, from the American League team. Score: R. H. E. Americans ... 8 7 2

Nationals ... 2 9 6 Batteries—Winter, Burchell and Carrigan; Flaherty, Frock and Ball and Needham. Umpire—Connolly.

WOMEN AT GOLF. Chicago, Oct. 10.—With a field narrowed down to eight, all eastern women but one, the third match round of the national women's golf championship was begun at the Midlothian Country Club this morning.

The weather was considerably improved from yesterday. The hopes of the western women at the outset of to-day's eliminating process were pinned to the banner of Miss Sallie Ainslie, who to-day had Miss Anita Phipps, of Springfield, Mass., as her opponent

GEAR OF CARS IS IMPROVED.

No Fault to Be Found With Those Company Has Fixed.

The Size of that Overdraft Seems to Be Increasing.

Work for Finance Committee To-night—Other Civic Doings.

Foreman Towers, who is making an inspection of the street cars for the City Engineer to see what the company has done to comply with the Railway Board's order, said to-day that great improvements had been made to the cars that were in the sheds during the summer months. They have been nicely painted and fitted up inside and the running gear greatly improved. Some of the cars, however, that the company has been forced to use during the summer months, he says, are in as bad shape as at the time of the strike.

The Parks Commissioners yesterday afternoon made arrangements to attend the funeral of Frank E. Walker, for years one of the most active members of the board, and passed the following resolution of sympathy: "That this board place on record its deep sense of sorrow caused by the death of Mr. Frank E. Walker, one of the members of this board, who has always taken a very active interest in the business connected with the management of the public parks of our city. By his genial and affable disposition Mr. Walker endeared himself to all classes of our community, and especially so to those with whom he was brought in close contact. As Chairman of the Board he conducted its affairs to the entire satisfaction of the members, and by his knowledge of what was required he did much to beautify and adorn the public parks of the city, and his relations with the members of the Board will ever be remembered with greatest pleasure. By his death the Board, as well as the city of Hamilton, has suffered a very great loss. To the widow and members of the family the Board desire to extend their sincere sympathy in the sad bereavement which has overtaken them."

The Finance Committee to-night will consider the question of sending a letter to the Board of Education objecting to abolishing the school fees this year. Other matters to be considered include the publishing of the income of citizens; opening tenders for publishing the assessment rolls; Mrs. Leggat on behalf of Boys' Home, asking that the committee reconsider its decision re the grant of \$115 for the sewer for the institution and the complaint of east end residents against the noise caused at night by the operation of the Eagle Spinning mills.

The Hamilton Radial Electric Railway Co. will at the next session of the Dominion Parliament renew its application for the extension of its line from Mimico to some point within the limits of the city of Toronto. The Finance Committee will consider the matter to-night. The Toronto Board of Control instructed the City Solicitor to be vigilant.

Building permits were issued to-day to E. B. Patterson for a brick addition to the Dominion Belling Company's works on Sherman avenue, north, to cost \$1,500 and to F. Harris for a brick addition to store corner of King and Ferguson avenues to cost \$700.

The prizes won at the Public School children's sports will be presented at the Collegiate to-morrow night.

The chief business for the Board of Education to-night is the proposal to abolish the collection of fees in the public schools.

The statement made at the meeting of the Fire and Water Committee last night by K. L. Akin, the electrical expert, that the city, as a result of permitting an interested firm to have a hand in drawing up the specifications for street lighting, had made a serious mistake and that a 6 1/2, a smaller light than the one now in use, a 7 foot, being called for, caused some of the aldermen some uneasiness. Chief Engineer Sothman, of the Hydro-Electric Commission, however, when asked about this to-day, said the 6 1/2 light in many cases was much more satisfactory and gave better light than the 7 1/2.

Building permits issued to-day included Stewart and Witton, alterations and stable, Bold street, between Park and Bay, for W. J. Thompson, \$3,000.

Stewart and Witton, alterations, 9 Market Square, for Sovereign Bank Building, \$1,000, consider the matter to-night.

Stewart and Witton, brick addition to residence, Thomas W. Watkins, Park and Charlton avenue, \$500.

Power line surveyors are approaching Guelph from the south, and have already entered the County of Wellington, the Ontario border in the neighborhood of Freetown, present. The proposed line

to Guelph skirts the Hamilton mountain, and comes up through Millgrove, Freetown, Morrison and Aberfoyle to the city. The line is not being laid along the road, but at what is called the "base" property line, in other words, the boundary line between the different properties, some distance from the road.

TEA TABLE GOSSIP.

—Miss Grace Weldon, of this city, is visiting her cousin, Miss Chapman, Guelph.

—Mrs. Harry Kelly, of this city, is visiting her father-in-law, Wm. Kelly, Brockville.

C.P.R. TELEGRAPHERS

No Settlement Yet—Prof. Short Talks.

Toronto, Ont., Oct. 10.—The arbitrators, the officials of the Canadian Pacific Railway Company and representatives of the telegraphers held another meeting this afternoon. Professor Short said that the situation looks very much brighter. Referring to the advance granted to the men as advised yesterday by the company, Professor Short said that there appeared to be some misapprehension as to the action of the company. The increase of 12 1/2 per cent. was in no sense a counter offer against the 20 per cent. demanded by the men. It was solely a recognition by the company of a claim to consideration their staff had, owing to the increased cost of living. Professor Short is satisfied from the reasonable agreement of both parties that a satisfactory agreement will be arrived at before long.

FRIDAY SPECIAL VALUE DAY.

Tremendous Savings at The Right House.

The third "Friday Special Value Day" at the Right House promises to be the greatest sale of the three. Not only are there more bargains, but, if possible, they seem better bargains than ever. Every department will display goods of style and sterling quality that you need, at prices away below their regular good values. No person will wisely miss the sale. For details see the big full page Right House announcement in this paper.

G. T. R. MEETING.

Victory for Directors—One of the Shareholders Apologized.

London, Oct. 10.—A scene occurred here to-day at the half yearly meeting of the Grand Trunk Railway of Canada, when a shareholder accused the directors of "playing with false cards." He withdrew the remark, after a heated discussion with the President, Sir Charles Rivers-Wilson, but the shareholder moved a vote of want of confidence in the directors, which was overwhelmingly defeated.

President Wilson, in his address, referred to the improvement in the general condition of the company. He said all the receipts from all sources had increased, but the working expenses also showed increases, due largely to the necessity for increasing wages and the establishment of a pension fund. The president pointed out that the ratio of the working expenses to the gross receipts was not so great as in the case of the best managed American railways.

The president stated that if the traffic returns continued favorable until the end of the year there was no reason why the dividend rate on third preference shares might not be increased.

Boys' Suit Sale.

The sale of boys' suits announced at Oak Hall this week is the clearing of a big lot left on the Sanford Co.'s tables after filling their wholesale orders for the season; \$2.05 and \$3.85 are the prices for the best and big lots to be sold at Oak Hall this week.

THE WEATHER.

The weather continues unsettled and showery in Ontario, and fine and moderately warm throughout western Canada. Frost was general last night in the Maritime Provinces.

Washington, Oct. 10.—Forecasts: Eastern States and Northern New York: Showers to-night and on Friday; fresh south to west winds.

Western New York: Probably showers to-night and Friday.

Lakes Erie and Ontario: Fresh to brisk west winds to-night and Friday; probably rain.

MIX-UP OVER A WATCH AND CHAIN

RESULTS IN A THEFT CASE IN THE POLICE COURT.

Thomas Shipley, Barton, was in Police Court this morning charged with stealing a watch and chain from James Jamieson. Through J. G. Farmer he asked for and obtained an adjournment until to-morrow. The alleged theft is claimed by Jamieson to have taken place at Kemp's Hotel yesterday. The defendant claims he gave Jamieson's watch to Kemp for security for the complainant's drinks. The prisoner was allowed out on bail of \$300.

James Fuller, 20 Elgin street, was charged by J. W. McDonald with being drunk and disorderly. He did not appear and the Magistrate issued a warrant for his arrest.

Martin Hanson, 404 York street, was charged by William Hunter with neglecting to send his son to school. He said the son was in the country, and the case was adjourned to allow Mr. Hunter to look into it.

Mrs. Faulkner appeared this morning and swore her daughter was 14 years of age this December, but Inspector Hunter denied this, and the case was adjourned to get the true age.

John Murphy, no address, and William Cox, Toronto, were each fined \$2 for being drunk.

While court was in session Constable Barrett brought John Galvin, "Checkers," in on a charge of assaulting William Carle. The case was laid over for a few days, and "Checkers" allowed out on \$20 bail.

Mrs. Catharine Maher, 188 Simcoe street east, was before the Magistrate this morning on a charge of neglecting her children, under the Gibson Act, and pleaded not guilty. William Hunter drew a sad picture of the squalor and filth which he found in the two rooms of the Neville home which was occupied by Mrs. Maher. Inspector Connor, of the Board of Health, and several neighbors, corroborated this. The Magistrate asked Mrs. Maher if she had anything to say about it, and she said that she was waiting for aid himself. The Magistrate asked Mrs. Maher if she was willing to have her children put in the Children's Aid Society until she could obtain means of keeping them, but this she refused, so he made an order taking the children away until she could support them herself, and confining her to the jail till the children could be placed in the Children's Shelter. Mrs. Maher sobbed continually.

G. F. LEWIS DEAD.

Prominent Man in Saltfleet—W. B. Creech Passed Away.

One of the oldest and best known residents of Saltfleet township passed away yesterday morning in the person of George Franklin Lewis, who died at his home in Winona, very suddenly after suffering from a stroke of apoplexy. Deceased was 72 years of age and was born on the farm on which he died. He was greatly interested in county politics and was a member of the County Council as well as of the Saltfleet Township Council for many years.

Mr. Lewis was a member of Wentworth Lodge, A. F. and A. M., and of the Anglican Church. A wife, three sons and one daughter survive. They are: Mrs. J. W. Jardine, Dundas; Andrew Lewis, of Windsor; William Lewis, of Manitoba, and George Lewis at home.

The funeral of Mrs. Mary Schoan took place yesterday afternoon from her late residence at Aldershot, and although private was very largely attended. Services were held in the Anglican Church at Aldershot, Rev. Mr. Howey officiating. The pallbearers were all relatives, J. J. Sydney and Marshall Raspberry, Thomas Connor, William Watson, and James Jarvis. There were many beautiful floral tributes.

Amie Ferguson passed away at the residence of her sister, Miss Margaret Ferguson, 92 James street, south, yesterday, after a long and painful illness, she having been an invalid since she was five years of age. Deceased was born in Bradford. The funeral will take place on Friday afternoon at 2 o'clock, from her sister's residence.

NOW AFTER NESBITT

The Doctor Will Have to Explain Remarks About Hanna.

Toronto, Ont., Oct. 10.—(Special)—I will be glad to have my record on the whole question from start to finish, when it is disposed of, speak for itself. This was the laconic statement of Hon. W. J. Hanna, the Provincial Secretary, this morning, in reference to the insinuations of Dr. W. Beattie Nesbitt, Registrar of West Toronto, which he has been connected. Dr. Nesbitt, it will be remembered, spoke at Gravenhurst in reference to the delay in the consummation of the Government's power policy. It is understood that an explanation has been demanded from Dr. Nesbitt, and that his statement will be the subject of discussion by the Cabinet, which meets to-day.

LONGSHOREMEN STRIKE.

The Longshoremen unloading the Rosedale, docked at MacKay's wharf, went out on strike yesterday for more pay. The company did not make any endeavor to answer their demand but put other men at work in their places. There has been no disorder so far, and none is feared.

LATE SPORTING NEWS

The work on the new covered stand at the Cricket Grounds is being rapidly pushed along, which means that over 2,000 reserved seats will be ready for the public on Saturday. The new bleachers will also be ready, the seating capacity of which is about 2,500, and no extra charge will be made for these. The reserves of seats will again be in evidence. Rehearsal of the Rammers' Club room to-night at 8 o'clock, when all interested are asked to be present. A number of new and catchy songs will enliven the delays during the game. The reserved seat plan is now open at Stanley Mills and Co.'s store. Admission tickets are also on sale there, and may be obtained when reserving seats.

There was a full turnout of the Senior Tigers at last night's practice, the following men being in uniform: Captain Ballard, Marriot, Tope, Simpson, Moore, Clinie, Lyon, Ishister, Craig, Murray, Pfeifer, Gray, Barron, Wigle, Loftus, Hall and Martin. The mere fact that the element of uncertainty in regard to Sunday's game has disappeared made all the difference in the world, and the play was full of snap and enthusiasm. The presence of Ballard in his old position also made a difference, and he had the men working with their old-time precision. After an hour's snappy play signal work was gone over, and the many spectators who watched the Tigers were unanimous that the championship will remain in Hamilton for another year.

A Remarkable Discovery

At present the medical world is rejoicing over a new remedy which has been found to be of great value in the treatment of coughs, colds, bronchitis, asthma, bronchitis, whooping cough and all throat and lung diseases. It is the outcome of many years of careful study and research by the renowned Dr. Keating while connected with the hospitals of London, England. Already physicians claim it will replace all other known remedies.
