

The Advocate Union

VOL., 45.—NO 16.

NEWCASTLE, N. B., FEBRUARY 29, 1912

PRICE THREE CENTS

THE PROVINCIAL DAIRY SCHOOL

The next session of the New Brunswick Dairy School will open at Sussex on March 19th next, when there will first be a ten days course in butter making both for creamery and home butter makers, with a full course of lectures upon the production and care of milk and cream, covering the selection, testing, care and feeding of dairy cattle as well as the prevention of and remedies for common ailments. Instruction will be given on the care and operation of hard and factory separators and for those who desire it, there will be training in soft cheese making for home dairies.

During this course, to which ladies are especially invited, lectures upon the production and marketing of poultry and eggs will be given by Seth Jones, Provincial Poultry Superintendent. Lectures upon animal and field husbandry will be given by Prof. E. S. Archibald and on Veterinary Science by Prof. John Standish, both of the Nova Scotia Agricultural College. This course will close on the 29th March, and on the 2nd April a course in cheese making will begin continuing till April 12th. During both courses instruction in milk testing will be given. It is expected that all those who are intending to operate creamery or cheese factories will attend one or both of these courses. Tuition is free and board can be obtained at reasonable rates.

The staff in addition to the special lecturers above mentioned, will consist of C. W. McDougall, Superintendent and Lecturer; L. C. Daigle, instructor in milk testing and cheese making; George Ransom, instructor on Hand Separators; Albert Conrad, instructor in butter making. Applications stating which course the applicant desires to take, should be sent to C. W. McDougall, Supt. Sussex, N. B. from whom all information may be obtained.

"5000 Facts about
Canada" for 1912

The 1912 Edition of the popular and indispensable booklet, "5000 Facts about Canada," compiled by Frank Yeigh, the widely known writer and lecturer, and author of "Through the Heart of Canada," is now out and is replete with new matter, including an outline map of Canada, a calendar and the new Census figures. In compact form is found a wealth of facts and figures of the Dominion that will prove a revelation of our natural resources and growth. The mass of information, gathered with infinite pains, should be in the hands of every intelligent Canadian, and the wide sale and popularity of the publication is easily understood. Copies may be had for 25 cents from The Canadian Facts Publishing Co. 667 Spadina Ave. Toronto.

Hebert Marriage Declared Legal.

Montreal, Feb. 22.—In a carefully prepared fifty two page document, Mr. Justice Charbonneau this morning rendered his judgment in the famous Hebert marriage case. His Lordship's findings are in short as follows:

1. That the marriage ceremony performed by Rev. Wm. Timberlake, Methodist clergyman, between Emma Marie Clouatre and Eugene Hebert on July 14, 1908, is valid and their children legitimate.
2. That annulment of marriage by the Catholic church authorities on November 12, 1909, is null and void.
3. That Mr. Justice Laurondeau, erred when on March 23, 1911, he gave civil sanction to the decree of the church, annulling the marriage.
4. That the N. T. Temerec decree is of no force as far as the civil law of Quebec with reference to marriage is concerned.

Tea Lords Philanthropic, or seem To Be So.

Signs in the East Herald a Rise in the Price of Tea.

London, Feb. 4.—The tea world knows no famine, at least, not now, yet, signs in the east assuredly indicate a rise in the price of the national beverage. Cheerfully we have sipped our favorite blends of Ceylon and Indian teas without giving a moment's thought to the inevitable rise in price these times were bound to bring. Tea-drinkers have been exceedingly lucky up till now, because tea is about the only article of everyday diet that has remained within the reach of the average housekeeper's buying power. Perhaps a word of praise for the far-sighted policy of the tea lords is in keeping. The growing tide of the higher cost of living has swept against the fundamental policy of their business in vain. That policy has been immense sales with a low margin of profit. However, the time is at hand when they will be compelled to revise the retail price of their different blends—indeed, some merchants have already done so.

Numerous conditions contribute towards a higher price for tea. First in order, comes the universal tendency that makes for more of the comforts and luxuries of life—a tendency which is largely responsible for the higher cost of living. Second, the world is hungry for more rubber, and tea lands can be readily and profitably turned into rubber plantations. Thousands of acres of these lands are acquired by rubber planters year after year, so that even now the decrease in the world's tea area is quite perceptible. Thirdly, while the tea area of India—and Ceylon especially—is decreasing, the market for tea is constantly widening. Moscow tea buyers now compete with the representatives of the New York and London Tea Lords, and it's a certainty that if the market continues to widen, while the world's tea area decreases, the housewife will have to pay more for her favorite beverage.

Special Meeting of Town Council

Refuses to Touch the Scott Act Even to Propose Amendments That Would Make It Workable.—Delegates Appointed to Immigration Convention But None to Further Taxation Reform.—Proposal to License Outsiders Withdrawn by the Mover.

Newcastle Town Council met in special session for general business on the 22nd, Mayor Pedolin in the chair. Aldermen present: T. W. Butler, John Clark, J. G. Kethro, S. A. Russell, Charles Sargeant and H. H. Stuart.

Communications were read from the promoters of the Immigration Convention to be held in Fredericton on the 8th March. Invitations were extended to the Council to suggest additional topics for discussion at the Convention and to send the Mayor and one alderman as delegates to the said convention.

MAYOR PEDOLIN heartily endorsed the idea of holding such a convention. If the eastern provinces had a good show they should go ahead as fast as the West.

ALD. BUTLER said that, if our own boys were encouraged to remain at home and assisted in settling upon land to the extent of as much money as is now spent on immigration, it would be better for this province. Quebec took no interest in attracting immigrants but took pains to look after their own young people, helped them to obtain farms, and gave a bonus to the heads of large families. He would like to see New Brunswick follow Quebec's example in this regard.

ALD. CLARK, seconded by Ald. Kethro, moved that the Mayor and Ald. Butler be delegates to attend the convention.

ALD. KETHRO in endorsing that topic of the convention concerning the re-creation of settlements, spoke of a block of crown land between Newcastle, Chaplin Island Road and Protectionville, which should be opened up to settlement. Only a road was needed. The lumber and wood was being rapidly stripped off the land.

ALD. CLARK said that there was a prejudice in the country against both farming and the bringing in of immigrants, by people who professed to think that the country needed only new industries in the towns. But this was a mistake. Farming was the basis of industrial development. More people on the land would create a demand for more manufacturing in the towns.

The Mayor and Ald. Butler were unanimously accepted as delegates to the convention, and instructed to bring in bills for their expenses in attending.

ALD. STUART said that, as the officials of the coming convention had requested the council to suggest additional topics for discussion thereat, it would be well to suggest to them the discussion of the much-talked-of taxation problem. This question bore directly on the colonization of new and old settlements. It would make a great difference to intending settlers to know whether they would be taxed on the land value only or have to pay additional taxes on every bit of improvements they might put upon their land. He moved:

That the Immigration Convention be asked, in considering the matter of colonization, to take up

the question of taxation of land values, exemption in whole or in part of improvements, etc.

This was seconded by Ald. Butler, who said that, although the convention executive might not adopt the suggestion, the recommendation was certainly in order and would do no harm.

ALD. CLARK thought that this matter was foreign to the idea of the convention. The question of taxation was being looked after by the Union of N. B. Municipalities. He would oppose the motion.

ALD. KETHRO had no use for the land tax. He thought it was revolutionary and would take all ambition out of the man on the land and out of the man who wanted to get land.

The motion was lost on the following vote:

Yea—Ald. Stuart and Butler. Nay—Ald. Clark, Kethro, Russell and Sargeant.

ALD. BUTLER moved that the convention be asked to consider some energetic policy in regard to encouraging and assisting settlement of our native-born citizens.

This was seconded by Ald. Stuart, and carried without division.

ALD. STUART, in accordance with notice given at previous meeting, moved the following resolution:

That this council appoint a committee to consider and recommend any changes in legislation necessary to enable municipalities to effectively cope with the liquor and kindred evils.

In response to questions by Ald. Clark and Butler, Ald. Stuart explained that the evils referred to in the motion as kindred to the liquor traffic were the sale and use of opium, cocaine and any other harmful substance used as a substitute for alcohol.

MAYOR PEDOLIN here remarked that the amount of opium and cocaine used was surprisingly large.

ALD. STUART urged the adoption of the resolution. He said that the Canada Temperance Act was a full of ophobias as to make its effective enforcement very difficult. It was evidently intended, while keeping quiet a section of the temperance people, to be as harmless as possible to the liquor interests. The government's allowing intoxicants to be manufactured upon payment of an excise duty or imported from foreign countries upon payment of customs duty, virtually guaranteed an opportunity of sale to those who so manufactured or imported it. The freedom of importing liquor for personal use from other parts of Canada into districts under the C. T. A., the absence of a provision compelling men arrested for drunkenness to tell from whom they got their liquor, the ease with which "first" offences follow each other instead of "second" and "third" having to follow in regular order, and the throwing of the responsibility of enforcing the act upon the local authorities instead of it being carried out by Dominion or Pro-

vincial officers were among the weak points of the C. T. A. that needed strengthening. Similar objections might be urged against the provincial license laws. It was the right and the duty of this council, several of whose members had publicly declared that the C. T. A. could not be enforced, to seek a remedy and recommend it to the government concerned. The Council were supposed to be the guardians of the town's welfare, and they should show that they realized and were striving to live up to the responsibility they had assumed when they had taken office.

ALD. CLARK said he would like to see greater restriction of the liquor traffic, but he did not think the town council should take hold of the matter in the way the resolution proposed. It was a matter for the Temperance bodies, rather than for the council. It would cost the town too much.

ALD. BUTLER seconded the resolution, but explained that he did so, merely to make the discussion in order. He did not believe we could ever make sober men with law or angels with whip handles. Any moral reform would never be accomplished with any show of success with the whip. When we got rid of whiskey, men would fly to cocaine, etc. Education, Christian spirit, moral disposition, desire to get rid of the liquor appetite, would be effective.

As to appointing a committee, he had some time ago made suggestions, which, if applied to the C. T. A., would have made it more effective. His ideas had, through Ald. Stuart, been adopted by several temperance bodies and sent up by them to Dominion and Provincial governments and had been laughed at by both.

These suggestions had been sufficient, and he did not see why the council should take action unless to endorse what the temperance societies had already recommended to both governments in the way of amending liquor laws.

ALD. CLARK said that Ald. Butler's ideas of not punishing people to make them good was somewhat out of harmony with views he had expressed on other subjects. He (Clark) would like to lay the whip on hard to the man who sells liquor. While we feel certain that the liquor traffic is an evil the question is how to get at it. There's a disposition on the part of our people not to punish liquor sellers. But for the council to memorialize the Dominion government would be only to make a laughing stock of themselves.

ALD. BUTLER said that Ald. Clark had lost sight of the fact that some things were crimes in themselves while others were only crimes by law. He presumed that in Canada today 80 per cent. of the people did not think it a crime to drink liquor, yet the law in many places made it a crime, while, on the other hand, fornication—a crime in itself and probably as frequently committed as selling liquor—is not punishable by law.

HON. G. P. GRAHAM AGAIN IN COMMONS

Probable Successor of Sir Wilfrid Laurier Reenters Parliament.

Renfrew, Ont., Feb. 22.—Hon. Geo. P. Graham, ex-minister of railways and canals, who lost his seat in the House of Commons in the election of September 21, when he was defeated in Brockville by John Webster, regained a place today, when, in the by-election in South Renfrew, necessitated by the resignation of T. A. Low, he scored a victory over Dr. Maloney, the Conservative candidate.

With only 4 small polls to hear from, the Liberal majority stood at 203.

THE WEARY SMILE THAT COVERS PAIN

Women are Themselves to Blame for Much of Their Suffering.

Women are weak, yet under a smile they will try to hide pain and suffering that any man could not bear patiently. If women would only remember that their frequent failures of health arise from feeble or impure blood their lives would be smoother and they would longer retain their natural charm.

When the blood fails then begin those dragging backaches and headaches; unrefreshing sleep that causes dark lines under the eyes; dizziness, fits of depression; palpitation or rapid fluttering of the heart; hot flashes and indigestion. Then the cheeks grow pale, the eyes dull and the complexion blemished.

Women should know that much of this suffering is needless and can be promptly remedied. Purify and enrich the blood through the use of Dr. Williams' Pink Pills and your suffering will vanish. Thousands of women know that Dr. Williams' Pink Pills have brightened their lives by making the new, good blood of health, and so toning up the vital organs into healthy, vigorous action. Here is an instance from among many. Miss Cora A. Cornell, St. Catharines, Ont. says:—"Ever since the age of fourteen I have suffered terribly with pains in my back, and severe headaches. I was also much troubled with indigestion and had to be extremely careful as to my diet, and sometimes did not feel like eating at all. Some two years ago the headaches became so bad that I had to give up my position, which was clerking in a store, where, of course, I was constantly on my feet. I took a position in an office, where I could be seated most of the time, but even then I suffered terribly most of the time. As the medicine I had been taking did not help me I finally decided to try Dr. Williams' Pink Pills. I got a supply, and soon felt they were helping me and I continued taking the pills for several months until I felt perfectly well. Although my doctor advised me not to go back to my old position, I decided to do so, and have not felt any ill effect. I never have backache now, seldom a headache, and all traces of the indigestion have disappeared. I cannot speak too highly of Dr. Williams' Pink Pills and I hope this letter will help someone who suffered as I used to."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Health and Beauty.

Much depends on friction with the bath to improve the tone and color of the skin. It should not be as violent as often recommended...

Afternoon Tea

Afternoon teas are less formal and require less preparation than receptions. The only provision for an afternoon tea is the tea itself...

A Popular Interpreter.

The new member of the State Board of Control, addressed the students at the Deaf and Dumb School at Olathe the other day. The interpreter didn't speak Shakers as he did Henry J. Allen, a former member of the Board...

CARUSO'S COLD COSTS DEAR.

It is announced that Signor Caruso will shortly leave for Italy, where he hopes to benefit by a complete rest and change of air, the physicians having forbidden him to sing this season.

TO STOP HAT LIFTING.

To put a stop to hat-lifting as a form of salutation a league has been formed at Zurich which aims to introduce the military form of salute.

At the Court of St. James.

But it is not everybody who realizes that the Palace of Westminster, the correct name for the Parliamentary Houses—contains a second throne. This is placed in the King's robing room and is used by the King when he is putting on his legal garb before entering the House of Peers to read the "Speech from the Throne."

Wedding Customs.

Probably no occasion is so surrounded by superstition as a wedding, and the further removed from modern ways of the country, the more fantastic are the customs involved.

Flowered Underwear.

One of the latest fads of the season is the use of daintily sprigged and flowered embroideries for underwear. This, of course, is merely a passing whim, for there are too many women who conservatively object to introducing color into the scheme of the lingerie for it to become a fixed fashion.

As Done in France.

"Some years ago," writes a well-known motorist, "I was being driven by a French friend of my acquaintance. He is as careful over his personal expenditure as he is reckless on his Fanhard. I did not like the combination, but it is best to be tolerant to foreigners. Passing through a village near St. Albans we encountered a handsome one, who was talking across the road like a conspirator one moment, and dead the next. She never knew what struck her. Adolphe, which is my friend's name, pulled up."

"It is useless to go to her assistance," said I. "But Adolphe jumped out of the car and went. I thought it very kind of him. He picked up the dead bird and came running back."

"\$6. less for Flour! How did it happen?"

"I used BEAVER Flour last year. It makes so much more Bread and Pies and Cake, that I did not have to buy so much of it. I am using it this year, too."

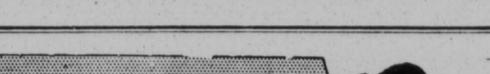

LISTEN TO US

"We are only little ones, but we know Zam-Buk eased our pain and cured our sores. Perhaps it would cure you, too, if you tried it?"

Isn't this sound advice from "babes and sucklings"? Take it! The speakers are the children of Mrs. E. Webster, of Seignours St., Montreal, and the mother adds weight to their appeal. She says: "My little girl contracted scalp disease at school. Bad gatherings formed all over her head, and not only caused the child acute pain but made her very ill. The sores discharged, and occurring on the scalp we feared she would lose all her hair. She was in a pitiable plight when we tried Zam-Buk."

Zam-Buk is "something different" in the way of balms. It contains powerful healing herbal essences, which, as soon as applied to skin diseases, kill off the germs and end the painful smarting.

Zam-Buk EVERY HOME NEEDS IT

TOWN COUNCIL

(Continued from page 1.)

MAYOR PEDOLIN said that modern science looked upon drunkenness now as a disease.

ALD. STUART said that the adoption of the resolution and the report that would follow need entail no expense whatever upon the town. Any recommendation adopted could be forwarded to the proper authorities by mail. It was the duty of the council to take all possible means to prevent the citizens being poisoned by alcohol or any other harmful drugs. As to the possibility of being laughed at by the government, all good measures were laughed at first. He was willing to be laughed at while helping along anything for the public good. Recommendations from this council might be rejected at first by the government, but would have an effect upon the public mind and would ultimately bear fruit.

The resolution was lost on the following vote:

Yea—Ald. Stuart.
 Nay—Ald. Clark, Kethro, Russell and Sargeant.

Not voting—Ald. Butler.

ALD. KETHRO, when the time came for considering his motion at the previous meeting to ask the legislature to grant Newcastle the right to levy a license fee upon residents of the rest of the county, said that, as he had since been assured that the legislature would not grant the permission requested, he would drop the motion.

ALD. STUART moved the appointment of a committee to Frederickton to support the legislature in the Bill being passed by the Union of N. B. municipalities. He said the resolution passed by the Union on Oct. 12th last and unanimously by Newcastle council some time

previously, requesting the legislature to pass at its next session a bill providing that any County, City or Town in the Province of New Brunswick shall, upon a majority vote of its qualified ratepayers voting, have the power to reduce or abolish within its jurisdiction. Taxes on polls, improvements, personal property and income, or any one or more of these, and raise its revenue by means of a land tax with or without a system of business licenses.

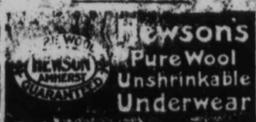

ALD. CLARK opposed the motion, saying that the Union of N. B. municipalities, would lock after the Bill.

MAYOR PEDOLIN opposed the motion, saying that it would cost too much to send a delegation. The town needed every cent it had.

After some further discussion on the subject, the resolution not being seconded, council adjourned.

GOAL IN MIRAMICH

Mr. Chandler, who is superintending the soundings for the new bridge here, reports that on Wednesday coal was found at a depth of 108 feet. It is understood the seam is there.

SOOTHING MIXTURES

DANGEROUS TO CHILDREN

Mixtures sold under the name "soothing" are usually dangerous to the life of the little ones whom they are supposed to help. They contain opiates and narcotics and any sleep prompted through their use is false sleep—to be plainer the little one is drugged into insensibility. The only absolutely guaranteed remedy for little ones—the only remedy backed by the guarantee of a government analyst to contain no opiates, narcotics or other harmful drugs is Baby's Own Tablets. They cannot possibly do harm—they always do good. Thousands of mothers have learned their value. They help not only the new-born babe but also the growing child. Stomach and bowel troubles; worms; colds; simple fevers are all banished by them and they promote that refreshing sleep so helpful to little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NOTICE

Of Proposed Construction of Boom on the South West Branch of the Miramichi River, in the Province of New Brunswick.

NOTICE IS HEREBY GIVEN that the undersigned, Thomas W. Flett, of Nelsco, in the county of Northumberland, in the said Province of New Brunswick, Lumber Merchant, has deposited with the Honourable the Minister of Public Works for the Dominion of Canada at Ottawa, the Plan and Description of the Boom proposed to be constructed by him in front of the lot of land owned and occupied by him on the southerly side of the said River, in the Parish of Nelson aforesaid, and has deposited a duplicate of such in the Office of the Registrar of Deeds for the said County of Northumberland at Newcastle.

Dated this fifteenth day of February, A. D. 1912.
 THOMAS W. FLETT.

On Thursday Feb. 29th—Miss Constance Crawley the English Star will appear at Newcastle in a modern farce comedy "What Kitty Did." This is one of the best English farces of its kind and opens with a scene in a London law office showing an English young lady thrown on her own resources by her father's death seeking a means of livelihood in the great metropolis. She appeals to her cousin, the lawyer, for assistance in securing a position. Her cousin in conversation with a client, a polished English gentleman, learns that the latter has been left a fortune by his father on one condition—that by a certain date he shall have been married, but not to a certain Peruvian widow. The heir wants the lawyer to suggest how his uncle's fortune may be obtained, and yet he be allowed the right to marry the widow. The lawyer says there is no way except to meet the terms of the will, and suggests an ingenious scheme. The heir shall arrange with the widow's consent, a temporary marriage with some obscure girl, leave immediately for a tour of Europe with the widow and her chaperone, and after one year, application will be made for divorce, the fortune secured, and the heir after divorcing his legal wife, shall be free to wed his choice. The lawyer's cousin, who is seeking employment, consents to be his legal wife, temporarily, and pretends that she is a bashful country girl. All goes as planned, except the heir, an exceedingly vacillating gentleman, falls in love with his wife, decides to remain with her, and leave the mercenary widow to wed another who has less money.

All the members in the company carried out their parts last evening in a manner that greatly delighted the audience. Miss Crawley, proved herself an actress of rare qualities. She gave a true and delightful rendition of her part. Mr. Arthur Maude kept the audience in constant laughter by his superb acting. He is a fine performer, and gave a faultless interpretation of his part. Mr. Clinton Moore, as the lawyer, was excellent while Miss Rose Campbell, played a different role, she gives a strong rendition of her part—Moncton Transcript

Agricultural Meeting at Whitneyville

The annual meeting of Newcastle, Northesk and Southesk Agricultural Society No. 122 will be held next Tuesday evening March 5th in Whitneyville Hall. Several well known speakers will address the meeting which will open at 7 o'clock.

MRS. JAMES HENDERSON

The death of Mrs. James Henderson of Douglastown occurred on Saturday afternoon at the residence of her daughter, Mrs. Robert Simpson. Deceased was 85 years and nine months old. She had been in failing health ever since being hurt by a fall about six years ago but was able to be around the house up to about a week before her death. Deceased was formerly Miss Mary Ingram and was born in Newcastle in May, 1825. She was a lady of sterling character, much loved and honored by the community among whom she lived so many years. In religion she was a Presbyterian and was one of the pillars of that demonstration. She will be sincerely mourned by many besides those connected with her by blood. Her surviving children are:—Wm. Henderson, San Francisco; George Henderson, Douglastown; Joseph Henderson, Bathurst; Albert E. Henderson, Whitehouse; Yukon; and Mrs. Robert Simpson, Douglastown. Mrs. Matthew Russell of Victoria, B. C., and Mrs. John Fleiger of Chatham are the only surviving sisters of the deceased. Her husband predeceased her about 16 years. Albert E. Henderson left Victoria, B. C., on Wednesday for home and arrived yesterday. Interment will be in St. James' cemetery, Newcastle. The funeral leaves the late residence of the deceased tomorrow afternoon at two o'clock. Rev. F. C. Simpson will conduct the services.

MEMORIAL SERVICE

NEXT SUNDAY

The services in St. Mark's church Douglastown next Sabbath evening will take the character of a Memorial Service for the late Mrs. Jas. Henderson. Special and appropriate music will be given by the choir.

OPERATIONS AVOIDED

By Lydia E. Pinkham's Vegetable Compound

Belleriver, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. EMMA CHATEL, Valleyfield, Belleriver, Quebec.

Another Operation Avoided. Poughkeepsie, N.Y.—I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for womb trouble but Lydia E. Pinkham's Vegetable Compound did more for me than the doctors did. I have gained five pounds. I hope that everyone who is suffering from female trouble, nervousness and backache will take the Compound. I owe my thanks to Mrs. Pinkham. She is the working girl's friend for health, and all women who suffer should write to her and take her advice.—Miss TILLIE PLENZIG, 3 Jay St., Poughkeepsie, N.Y. Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

WEDDING BELLS

An interesting event was celebrated at Colina, Kings Co., Feb. 15, when Miss Dorothy Hetherington Chamberlain was given in marriage to Ralph St. John Freeze of Sussex. The wedding took place at the home of the bride's parents, Mr. and Mrs. C. Chamberlain at 4 p. m. The ceremony was performed by Rev. T. Beecher Wetmore in the presence of immediate friends and relatives. The out of town guests were: Mrs. Abner Campbell and Mrs. G. A. Chamberlain, both of St. John. At the close of the ceremony, a wedding supper was served. The bride who was a favorite amid a wide acquaintance, was becomingly attired in a travelling suit of blue and a large picture hat with plumes, and carried a bouquet of white roses and lilies of the valley. She was the recipient of many handsome gifts including cut glass, silver and several amounts in cheques and gold. Mr. and Mrs. Freeze will reside in Sussex where Mr. Freeze is practising his profession as barrister in the firm of Fowler & Freeze.

Do you know that more real danger lurks in a common cold than in any other of the minor ailments? The safe way is to take Chamberlain's Cough Remedy, a thoroughly reliable preparation, and rid yourself of the cold as quickly as possible. This remedy is for sale by all dealers.

RESOLUTION OF GONDOLANCE

To Brother Wm C. Hitchon, Campbellton, N. B. Dear Sir and Brother:

Whereas it has pleased God in His All-wise Providence to call to himself your beloved wife and help-met, we, your brothers of North Star Lodge, I. O. O. F., desire to express to you our deepest sympathy with you in your hour of bereavement. We realize the inadequacy of mere words to express to you anything that would be of comfort at this time, but we assure you that our hearts go out to you in that sympathy that so closely links us as Oddfellows at all times, and especially at a time like this.

We earnestly pray that through all the mystery, heartache and loneliness that must be yours at this time, there may come to you the knowledge that your Heavenly Father careth for you and that some day all will be made plain, and that underneath and around you are His everlasting arms. Signed on behalf of this Lodge, this 19th day of February, 1912.

W. F. GRAHAM, J. T. REID, E. BLACK

FARM AND FIELD

STOCK RAISING IN SIBERIA.

The Mongols Make the Best of Land Horse in Siberia.

The most important occupation in the Province of Transbaikal is stock-raising. Cattle, horses and sheep predominate, altho a limited number of camels, deer, goats and swine are raised. The horses average between twelve and thirteen hands high, and can draw a load of over one thousand pounds, and if driven in a troick (three horses harnessed abreast) they can cover thirty to forty miles a day. Journeys of thousands of miles at an average rate of forty miles a day, have been made by riding these animals. The horses are kept in the open throughout the year, and in winter find their food under the snow. Some improvement has been made in breeding these horses, and only recently Arab blood was introduced.

The cattle are of Mongolian origin and are inferior and very small. They live in the same manner as the horses, and it is remarkable how they can withstand the severe climate and lack of food. Experiments have been made to improve the stock, but the results are noticed only in the first and second generation, the probable reason being that they are given so little care. These cattle produce little milk or beef. The camel is also of Mongolian origin, and the sheep are a little over two feet in height, the tail varying in weight from two to ten pounds. The wool is coarse, thick and of medium length.

BEE HIVES.

Successful Farmers Have Their Section Boxes Ready for Swarming.

The wide-awake farmer does not wait until his bees have swarmed and are clustered on a treetop before he thinks of preparing a hive for them. All preparatory work, such as making and painting hives, wiring brood frames and getting the section boxes ready for the anticipated honey crop should be done at leisure times during winter and early spring, before the

rush of other work takes place. How easy it will be to manage a dozen or more colonies of bees next summer if everything is set in readiness now. For instance, if a swarm issues it will only be the work of a few minutes to take a hive from the barn and give the swarm into it. If a honey flow bursts forth suddenly, what satisfaction it will give you to know that you have on hand a few hundred section boxes ready to set on the hives at once. If this work is put off until summer time, it is more than probable it will not be done at all. When feeding the bees be careful and not spill any of the sweets about the apiary, for robbing is often started in this way.

HOW SWINE CAN PAY.

Raising of Pigs Neglected in Canada.

First choose your breed. When your choice is made, purchase pure-bred brood sows. If you cannot afford to buy many, buy one good one, and by saving all the sow carrying females you will, in the course of a few years, have a good-sized herd. Do not spare a few dollars or a long drive to get a good boar.

The vigor of the constitution of the offspring depends on the dam, but the outward form and limbs depend more on the boar. The boar should be wide between the fore legs, with large girth behind them, that denotes active heart and limbs. Straight, strong limbs and erect hoofs indicate solidity of animal framework. Smooth skin and soft hair denote active liver and general health. Do not trade a long boar for a short nose. These same qualities should be found in the female.

During the pregnancy of the sow, she should be allowed plenty of exercise and proper food, and there will be little trouble in giving birth to her offspring. A sow carrying pigs is engaged in a work which demands a full supply of tissue-making foods. Clover, wheat, bran and linseed meal and such foods, rich in protein, should be furnished her. There is a great mistake made by many hog raisers who give their brood sows corn and water for a diet; they think because they look well that such foods are all right, but they wonder why their sows have trouble giving birth to their offspring and many times eat them.

When the pigs are a few weeks old they should be given a creep where they can help themselves to grain. The males should be castrated when about two months old and while they are still with their mothers.

MANITOBA FOR GOOD ROADS.

Representatives of Manitoba Good Roads Association and Manitoba Union of Municipalities met last week in Winnipeg, and after considerable discussion on the financing of road work throughout the province, passed a resolution to the effect that the government be asked to guarantee the bonds of the municipalities. It was proposed that the redemption of bonds be extended over a period of twenty to thirty years and further that the amount of money to be raised be not over four per cent of the total assessed value of the municipality.

NAVAL BATTLE WITH HORSES.

How 3000 Cowboys Captured the Spanish Fleet.

Paez, who was the first President of the Republic of Venezuela, was perhaps the only man who ever fought a naval battle on horseback. It is a matter of history that he, to whom more than any other man, apart from Simon Bolivar, Venezuela owes her independence, actually attacked and captured with his cavalry a fleet of ships.

Bolivar was endeavouring to cross the Apure River in the struggle for independence, but was prevented from doing so by some eight Spanish gunboats, which moved up and down the stream as he did. Bolivar was in despair for a while. To Paez, who was second in command, he appealed for counsel, saying that he could never cross the river so long as the Spanish gunboats were there. "If only we could capture them," the revolutionary leader observed, "the rest would be easy."

Paez decided that he would have those ships or die, and he accordingly told his regiment of cowboys to follow him. Paez himself had been a cowboy on the plains of the Orinoco and was the idol of his men. So when he spurred his horse into the stream, calling on his men to follow, of the 3,000 cowboys and their mounts, which are taught to swim as well as to gallop, there was not a single man to hold out in this unique assault upon the gunboats. It being night, the Spanish fleet were taken quite unawares. The cowboys waded from their saddles to the decks of the vessels, letting their mounts swim back to shore. Having thus cut off their own retreat, it was a question of win or die. They fought well, and every gunboat was captured.

THE EDIBLE CRAB

Something of the Curious Life of This Half Fish Half Animal.

The edible crab is obliged to moult or cast off its shell many times during its life. This moulting appears to be an unpleasant ordeal to pass, for the crabs often die during the act. When we see that they are not only obliged to escape from the carapax or shell, but also from the hard covering of their legs, delicate mouth-parts, and even their antennae, turning them inside out, as it were—it is not surprising that they perish during the ordeal. The crab crawls up into some secluded nook or cove in shallow water to moulting, out of the way of its hard-shelled relatives, for the helpless, newly-moulted, or soft-shell crab, if found, is devoured by them, as well as by several species of fishes. Fortunately for the crab, the soft covering he sheds rapidly, and in a few hours it has a new and strong armour, and it then goes fearlessly out into deep water.

Boosting.

Things may be coming your way but be careful that they do not come with such force as to carry you away with them. There are rides and tides. Some are natural, some are supernatural and some are dangerous, because they move with a force which is too strong for our character and will. "Beware of uncontrollable circumstances." This was an expression which first fell from the lips of Wellington. The editor of a periodical remarks:—

"Old salts, who are forever yarning about wrecks and their causes, have a theory that what is called 'boosting' sea accounts for more than one of the disasters that have occurred in the long history of shipping. A 'boosting' sea is a sea that runs heavily after a steamer, and, if it does not actually 'pop' the vessel, yet, by the roll of billow after billow, accelerates its speed to a degree unguessed by the navigator, until finally the ship, having unconsciously over-run its course, springs up upon a rock or hidden reef, and is reported as 'lost'."

A Grand Story.

A Georgia woman who moved to Philadelphia found she could not be contented without the cooed mammy who had been her servant for many years. She went for old mammy, and the servant arrived in due season. It so happened that the Georgia woman had to leave town the very day mammy arrived. Before departing she had just time to explain to mammy the modern conveniences which her apartment was furnished. The gas stove was the contrivance which interested the colored woman most. After the mistress of the household had lit the ever-ready burner and the other burners and got certain the old servant understood its operations, the mistress hurried for her train. She was absent two weeks and one of her first questions to mammy was how she had worried along.

"De fire's ever," was the reply. "And dat air gas stove—oh my! Why, do you know, Miss F'ceace, dat fire ain't gon' out."

A REVIVAL.

William A. Sunday, quondam professional revivalist, closed the evangelistic season of 1910-11 the other day with \$70,507.77 to the good as a result of his year's work "winning souls to Christ."

This return for about ten months' work, more than the president of the United States has drawn for the same time, is evidence that from a monetary standpoint evangelistic work is more profitable than playing professional baseball. The Rev. Mr. Sunday recently refused an offer to go back to the "majors" once more. This inducement was but \$500 a month.

Seven thousand a month looks better to Billy. Besides he thinks he can do more good in the world preaching than playing ball.

During the past season Billy Sunday broke all evangelistic records for money earned.

NOW I CAN SAY I AM CURED

AFTER TAKING GIN PILLS

BRIDGEVILLE, N.S.

"For twenty years, I have been troubled with Kidney and Bladder Trouble, and have been treated by many doctors but found little relief. I had given up all hope of getting cured when I tried Gin Pills. Now, I can say with a happy heart, that I am cured after using four boxes of GIN PILLS."

DANIEL P. FRASER.

Just think of it! Four boxes of Gin Pills cured Mr. Fraser—and he had suffered for twenty years and he had been treated by doctors, too. It is just such cases as his, which prove the power of Gin Pills to cure Kidney and Bladder Trouble, Burning Urine, Suppression or Incontinence of the Urine, Backache, Rheumatism, Sciatica and Lumbago. Try Gin Pills on your positive guarantee of a cure or your money back, 50c. a box, 6 for \$2.50. Sample free if you write National Drug & Chemical Co. of Canada, Limited, Dept. N B Toronto.

HOCKEY AT CAMPBELLTON

On Wednesday evening, teams representing the I. C. R. and Campbellton Firemen met in combat at the Skating Rink. Several of the players showed decided speed on the ice, but there was a decided want of combination on both sides and the type of hockey displayed was of a poor brand.

The line up of the teams was:—

I. C. R.	Goal	Moore
Mathews	Point	Ryan
Sherley	cover	Sullivan
Lavie	R. Wing	O. Mowat
Mersereau	L. Wing	R. O'Brien
Boudreau	centre	Ferguson
Martin	Rover	Smith
Damboise		

The I. C. R's were the visitors, the score being 4 to 1.

Damboise scored 3 times for the I. C. R. and Sherley over, and the scorer for the Firemen was Ferguson.

Referee, Geo. Myles.
Time Keeper, Geo. Wallace, and Chas. Smith.
Goal Judges, Healey Pond, and Alf. Gillies.

CATARRH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

St John Curlers At Campbellton

On Thursday the Campbellton curlers were honored with a visit of 4 rinks from the St. Andrews' Club, St. John. The following is the score:—

St. Andrews' 32 Campbellton 50

Majority for Campbellton 21 shots.

After the game the visitors were entertained to supper in the Local Club Rooms and a pleasant evening was spent till train time.

THE OPTIMISM OF THE CONSUMPTIVE

Perhaps there is no disease, whilst often fatal in its outcome, is yet viewed with so much optimism by the patients themselves. It is well that it is so, for all know to what extent one's own feelings, whether cheery or the opposite, influence both mental and physical conditions. "I was certainly impressed with this thought," remarked a newspaper reporter, "in interviewing a patient of the Muskoka Free Hospital for Consumptives. She was a pretty girl of 24, brown hair and dark gray eyes, who had come all the way from Saskatchewan. She said she felt pretty sick when she first arrived at the Hospital, and for two days the nurses had to personally feed her. 'I have been in bed all the time,' she said. 'I have been well cared for while I have been here. I am sure I am going to get well, and feel better now than before I look sick. Everybody seems so happy and bright, and tell me when I get up I am sure to like it. Everything is so to please me and make me happy. One may well wish that so bright a patient should soon be restored to health.'

Fragrance

WHEN you open a tin of Red Rose Coffee, you will surely be pleased with its unusual fragrance, and you will note particularly the small, even grains, free of the yellow flake or chaff which you have always been accustomed to see in the ground coffee you have used. This is the result of our new crushing process. The small grains settle quickly, so the coffee is never muddy, but always bright and clear. You will be convinced before you taste it, that it is a coffee of unusual quality.

THE LAW FOR CROSS DOGS

Sections 2 and 3 of the County Bye-Laws relating to Dogs reads as follows:—

"Section 2—That any person who shall be convicted before a Justice of the Peace of keeping any dog which may have injured any person or animal by biting, shall be subject to a penalty of not exceeding \$10; and such Justice of the Peace may order any Constable to kill such dog."

"Section 3—That any person who owns, keeps or harbours a dog which is in the habit of running after, barking at or in any way molesting any foot passenger, horse, cow or any vehicle on the public highway, road or street, shall, on complaint of any person (so molested, or whose cattle have been molested) before a Justice of the Peace, forfeit a sum of one dollar for each and every offence."

I. C. R. Calendars Tasteful and Artistic.

The Intercolonial Railway calendar for 1912 is as usual tasteful and artistic. On a background which is a capital representation of walrus hide, there is a finely toned picture of the famous Maritime Express, speeding through a scene that is typical of the summer loveliness of the Intercolonial Route. The emblematic moose-head appears at the top enclosed in a circle of sycamore. The lettering below is plain and neat, the words "Intercolonial" standing out prominently in snowy whiteness, while the balance of the descriptive wording is tastefully shaded to harmonize with the background of light brown leather. The tab is of a chocolate color, with plain figures in white that can be easily read. Thus the calendar is highly useful as well as distinctly ornamental, and should be eagerly sought for as a souvenir. As usual they will have a wide distribution all over Canada and the United States. A large quantity has also been sent to England for circulation through the British Isles by means of the various agencies. Individual requests for these calendars come from almost every quarter of the civilized world.

Much Cheaper Rubber

Moscow, Feb. 24—Doctor Ostromislensky, a young professor in the technical school of chemistry, has discovered a process for making a substitute for rubber. The electricity and resilience of the substance are described as being equal to that of rubber. It is selling at thirty-one cents a pound. The price of rubber in the English market ranges from \$1.10 to \$1.30 a pound.

YOUNG WOMAN BADLY BURNED

A daughter of Jas. Kennedy, of Jardineville, (near Richibucto), was very badly burned Saturday afternoon as a result of her clothing catching fire while working about the kitchen stove. The unfortunate young woman was about eighteen years of age and it is feared her injuries may prove fatal.

OBITUARY

WILLIAM W. PRIDE

Wm. W. Pride, a well-known merchant of Harcourt, died in Moncton Hospital on the 24th, following an operation a week before. He was 67 years of age, and is survived by a widow, four daughters and two sons. The body was interred in Beersville cemetery, on the 26th.

HOME RULE BILL ON MARCH 20

London, Feb. 22—It has practically been arranged that Premier Asquith will introduce the Home Rule Bill in the House of Commons on March 20.

EMERSON, KENT CO.
Feb. 16th—Born to Mr. and Mrs. Perley Beers on the 11th daughter. Mrs. Robert Lynds and Mrs. M. Allanach visited friends in Beersville this week.

Mrs. J. Morton and Mrs. Alex. Morton were the guests of Mrs. Herbert Beers on the 16th. Mrs. John Dunn of Beersville is very ill and Dr. Mercereau is in attendance.

Mr. Herbert Beers of Emerson, who has been sick for the past few months, went to Moncton Hospital recently for treatment. Mr. and Mrs. John Ogden and children Fred and Wilfrid were the guests of W. W. Pide, Harcourt on the 15th.

Chamberlain's Cough Remedy

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

Government to Operate Mines

London, Feb. 26—It is reported in radical circles today that Premier Asquith has determined in the event of a national coal strike the government will take over and work temporarily all the coal mines and thus prevent a panic in prices. 800,000 miners intend to stop work on Feb. 29, unless the operators come to terms.

CONSTITUTION WRECKED!

Doctor Failed to Help—But Morriscy's No. 14 Blood Remedy Restored Health.

TORONTO, ONT., June 3, 1911. "For the past two years I had been suffering from nervousness and a run-down condition, caused from worry and overwork. I tried several remedies to build up my nervous system, and also had my physician prescribe for me, but I seemed to get no better until I tried your No. 14 Blood Remedy. I used one box, and began to brace up, and by the time I had finished the fifth box was feeling fine. They seemed to quiet my nerves and revive me generally, and my complexion is lots better. My appetite is fine—I feel keen and fresh, and am better able to do my work than I have been for over a year. I suppose there are a lot of people troubled as I was, and if this letter will help any of them to find the right remedy, you may publish it for their benefit. I cannot refrain from giving this expression about your No. 14 Blood Tonic, as I consider it without an equal."

Wm. Stowers.

The above prescription is not a "Charlatan" or so-called patent medicine. Dr. Morriscy prescribed it for 44 years, and it cured thousands after other doctors failed.

Send for free literature at your dealer's, or direct to Morriscy Medicine Co., 24-26 Chestnut St., Boston, U.S.A.

PERSONALS

Miss Florence Russell spent the week end in Moncton.

Miss Jane Wood of Douglastown returned on Friday from Boston.

Ex-Alderman Thomas A. Clarke, now of Jacquet River, spent Saturday and Sunday here.

Miss Lou Hailey left for a holiday trip to Cape Breton last week.

James Young of Douglastown spent the 20th with his sisters Mrs. Thos. Lee and Mrs. David Vautour of Bathurst Mines.

Mrs. David Petrie of Protectionville is visiting her son Arthur E. Petrie here.

J. P. Whalen spent Saturday in Moncton.

Mr. and Mrs. E. A. McCurdy spent the last few days in Ottawa.

Mrs. Timothy W. Crocker left on Thursday to visit her daughter Mrs. Henry T. Ball, of Stanstead (P. Q.).

Mrs. Edward Wyseman, of Millstone (Sask.) who with her little son has been visiting her parents, Mr. and Mrs. Henry MacLean, left for home on the 23rd inst. On the 19th a surprise party in her honor was carried out by a large number of her friends here.

L. Doyle Jr., returned to Junction City Kansas last Saturday after an extended visit to friends in Douglastown.

Mrs. James Keane of Douglastown went to Boston Saturday to visit her brother Michael Gallagher and other relatives there.

Mrs. B. C. Mulline of Bathurst visited her brother Howard and sisters Misses Adelaide and Daisy McKendry of Douglastown last week. Miss Daisy McKendry has since returned to finish her course in Rhode Island Hospital.

A party was given by Mrs. William Kelly and Miss Nellie Barnett of Douglastown, Tuesday night, last week, in honor of Lawrence Doyle, jr., of Kansas who is visiting his Uncle Councillor and Mrs. Doyle and who is soon to return to the States. Some thirty-five couples took supper at Mrs. Kelly's and afterwards repaired to Miss Barnett's for dancing, separating a little before midnight.

Misard's Liniment Cures Gargat in Cows.

It has been my pleasure to know and hear Lottie L. Tillotson at two or three different times, and I am so pleased with her as an elocutionist and lecturer that I feel constrained to say I have heard but few that can equal her, and her ability to teach the art equals that which she possesses as an artist. Her services ought to be in ready demand.—JOHN OGDEN, Ex-Supt. Superintendent of Public Instruction of New York, and author of Patagonia, etc.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of eighteen children. Mrs. Martin was cured of stomach trouble and constipation by Chamberlain's Tablets after five years of suffering, and now recommends these tablets to the public. Sold by all dealers.

Assessors' Notice

The undersigned having been appointed and sworn as Assessors of Rates for the Town of Newcastle, in the County of Northumberland, hereby give notice to every person and body corporate liable to be assessed in the said Town, to furnish the Assessors WITHIN THIRTY DAYS from the date hereof, with a written detailed statement of Real and Personal Estate and Income for which they are liable to be assessed within the said Town.

Blank forms for statements may be had from any of the Assessors on application.

After thirty days the valuation list will be posted in the Post Office.
