AMEEDIE HENRY KILLED IN MILL AT SOUTH NELSON

A sad fatality occurred at Sullivan's Mill, South Nelson, Saturday afternoon when Ameedie Henry of Chatham Head, was killed after being caught in a fly wheel. The mill had just commenced the season's operations on Saturday. Henry had been adjusting some machinery when his clothes became entangled in the wheel. The injuries that he received before he could be freed were so severe, that death ensued. The unfortunate man was 45 years of age and he was an industrious and well respected citizen. He is survived by his wife and a family of five; three boys and two girls; also by five brothers and two sisters. The funeral was held on Monday morning to St. Patrick's Church South Nelson and interment was made in the Catholic cemetery there.

Annual Meeting Fire Company

The general annual meeting of the Newcastle Fire Company was held last Thursday evening in the Town Hall. All members of the department were present and the report of last year's work was most satisfactory in every respect. A unanimous vote of thanks was given Fire Chief John Fallon for the deep interest he takes in all matters connected with the Fire Department. The officers for 1925 were elected as follows:—
Chief—John Fallon (re-elected).
Lieut.—Wm Ferguson (re-elected).
Secretary—A. M. McMurray (re-elected).
The other members of the Fire Department are:—Alex Haug, R. Cassloy, R. Dickson, Frank White; Frank Matchett, Leonard Hachfy, Harold Russell; Wm Matchett, Chester Whitney, Charles McCullam; Arthur Copp and James O'Brien.

Young Adams Company Big Show

The Young Adams, the best known and most popular of all companies touring the Provinces, will be at the Empress Theatre, four nights, starting Wednesday, May 13th, when the following play will be presented. Wednesday night, "The Road to Ruin". This is a thrill drama in four acts brimful of excitement and fun, no play in years has as much real excitement as this one, all the characters are true to life and well portrayed. Marjie Adams will be Florence and will wear several of the wonderful gowns for which she is noted. Mr. Young assures us of the best shows we have had for some time. All new vaudeville that is said to be worth the price alone will be given between the acts. Don't miss the opening night May 13th. Seats on sale at Theatre day of show. Prices 26c and 52 cts.

NEWCASTLE A. A. A. HELD MEETING

The adjourned meeting of the Newcastle Amateur Athletic Association was held in the Town Hall last Friday evening at 8 o'clock, with Mayor John Russell, President of the Association in the chair.

The meeting was largely attended and enthusiastic throughout. The minutes of the meeting of May 1st were read and confirmed. Wm Ferguson, manager of the Baseball Committee reported to the meeting the results of the meeting of the Miramichi Baseball League held in Chatham on May 5th and submitted the schedule for the season's play as drawn up at that meeting.

On behalf of the Finance Committee, Mr. G.G. Stohart, stated that arrangements had been made with the management of the Opera House to show the moving picture "Life's Greatest Game" on a 50-50 basis. Mr. Stohart said that the receipts from this would aid the finances of the association which at present were in a very depleted condition. He thought that the N.A.A. should interest itself not only in baseball but also in basket ball, football and hockey and hoped when the seasons arrived for the playing of these other sports that committees from the association would be formed to conduct these sports the same as had been done in the case of baseball. He thought it would be advisable for each committee appointed to conduct and manage their particular kind of sport and after the season, was over for each committee to submit a statement of the management and to pay over to the general treasurer of the association any funds that were left on hand.

Ald. W.F. Smallwood reported that the Field Com. had met and appointed him as Chairman. The Com. had placed a team at work on the diamond and with another day's work completed, the diamond would be in shape for practice. The Secretary, Major A.L. Barry reported that he had 500 membership cards printed which would be given to every member who paid his membership fee of \$1.00. The Secretary asked permission to purchase a Record Book for the keeping of minutes and he was authorized to procure same.

Mr. G.G. Stohart stated that it was the intention of the baseball committee to get as many players as possible to sign up and to form about three teams to be designated by the wearing of different colors viz:—brown, blue and grey and out of these three teams the regular lineup of the league team would be picked and the others could hold games among themselves. It was unanimously decided that the colors of the N.A.A.

DEATH OF PATRICK B. WHEELER

The death of Patrick B. Wheeler of Newcastle took place at the Hotel Dieu Hospital, Chatham, on Friday afternoon, May 8th, after one week's illness. The late Mr. Wheeler was 83 years of age and was one of Newcastle's oldest and most respected citizens and his many friends will regret to hear of his demise. Mr. Wheeler was a retired customs officer of Newcastle and made his home at the Hotel Dieu Hospital for the last year. His remains were brought to the home of the Misses Wheeler on Saturday morning. Mrs. D. P. Doyle and Misses Clare and Josephine Wheeler of this town are nieces of deceased.

The funeral which was largely attended was held from the home of the Misses Wheeler on Sunday afternoon at 3 o'clock to St. Mary's Church where solemn service was conducted by Rev. Father Dixon. The pallbearers were Messrs Wm M. Sinclair, Dr. F. C. McGrath, Osborne Nicholson, Chap. J. Morrissey, James Troy and Stewart Demers. Interment in St. Mary's Cemetery.

A.A.A. be given and white. An audit committee composed of Messrs. John Sargeant, S.V. Sisson and T. H. Whelan was appointed. The Secretary was authorized to notify the first gentleman on each committee to call their respective committees together and appoint their chairman and take up the duties attached to the several committees.

The following equipment was handed in by the players of last year: 1 breast protector, 1 mask, 1 ball; 2 mitts, 6 bats and 1 bag. At this stage of the meeting a number of new members joined the association. Mr. G.G. Stohart suggested that the Secretary prepare a check list of the equipment and a minute of same be made in the records. Wm. Ferguson stated that an initiation fee of \$5.00 had to be paid into the Miramichi Baseball League and also into the Maritime Province Amateur Athletic Association, the same to be paid at the next meeting of the Miramichi Baseball League to be held in Chatham on Friday, May 15th. The meeting authorized the payment of both fees. The Association assumed the 1924 unpaid accounts of The Stohart Mercantile Co. Ltd for \$58.00 and the Miramichi Publishing Co. for \$10.50. The playing list was signed by a further number of players and membership cards were distributed among the members of the Finance Committee, who are the policy members for the Association. The meeting adjourned to meet again in the same place on Wednesday evening, May 13th.

MIRAMICHI AMATEUR BASEBALL LEAGUE

A meeting of the Miramichi Amateur Baseball League was held last Tuesday evening in the town Hall Chatham.

The meeting was called by Mr. Hugh Holt, the Secretary, in the absence of the President, Mr. G. P. Burchill. The Chatham, Nelson, Loggieville and Newcastle teams were represented by two delegates. Mr. Wm. Ferguson of Newcastle was elected Chairman of the meeting and Mr. Hugh Holt, of Chatham, Secretary.

It was decided to conduct the league this year with four teams namely, Chatham, Loggieville; Nelson and Newcastle. The following schedule for this season's play was drawn up and adopted with the opening games on May 25th in Nelson and Loggieville.

The next meeting of the Miramichi Baseball Executive will be held in Chatham on Friday evening, May 15th when rosters of teams and names of umpires are to be submitted to the meeting. Several changes in last year's rules and by-laws are as follows:—

1 "Profane language shall be strictly prohibited on the playing field and any guilty player must be reported to the President of the league by the umpire in chief in which case the matter will be investigated by the executive and the player severely dealt with."

2 "The home team must advise visitors of the umpires one day before the game and if not satisfactory the President of the League is to be notified, who will have full power to decide the umpires for the game."

3 "Postponed games must be played within one week at the order of President of the League."

Dr. J. A. M Bell of Newcastle was elected President for 1925, Mr. W. Watling of Chatham, Vice-President and Mr. H. Holt, Secretary. The meeting adjourned to meet in Chatham on Friday evening May 15th.

Wembley Once More

Last year Moirs were the only Canadian Chocolate manufacturers represented at the great British Empire Exhibition, Wembley. This year, in response to official requests, they will exhibit again.

Each of the Acrostic Boxes contains, besides a full pound of Moirs Chocolates, a booklet giving four Cross Word Puzzles as well as the latest, twist, an Acrostic. For centuries sugar was so precious it was sold by apothecaries.

STUMPAGE RATES UNDER DISCUSSION

While the question of trade with the West Indies and Central and South America is a matter for the Federal Government, the Provincial Government will be prepared to help in any possible way in facilitating the opening of new traffic lanes and connections. Premier Veniot informed the Globe, last week when asked about the new trade routes referred to by the Maritime Manufacturers.

Questioned about the statements of lumbermen that the stumpage rates might be reduced in order that the lumbermen may meet outside competition, the Premier replied that the G. v. t. is prepared to consider such a request on the coming winter's cut. The Premier thought that if the market conditions continued unfavorable, as at present, the lumbermen would not be making an unfair proposition should they petition for a reduction in stumpage.

The matter of stumpage rates and the introduction of a new system of scaling was discussed by the government at a meeting of the Executive Council held during the last session of the Legislature but as the date for fixing the yearly stumpage rates under the regulations would not be reached until Aug. 1, no definite decision was taken at that meeting. He hoped that at the June or July meeting of the executive a definite decision would be arrived at. He felt that whatever the government could do within reason to enable the lumbermen to meet the keen competition in the markets of the world should be done to strengthen the lumbering industry of this province.

Manawagonish Road, from Moore's Hill to Manchester's Corner, will be surfaced in a standard gravel constructed this summer, the Premier stated, and a considerable section of Loch Lomond Road will be surfaced according to the type of construction begun on that road last year. The road programme will not be completed for announcement until May 20.

Investigation is being continued into the proposed short water route from Bayswater to the mainland. This would involve construction of a new road.

Tenders will be called this summer for a concrete bridge at Tyne Creek, St. Martins, and for a new bridge at Mace's Bay. From 50 to 60 permanent bridges are to be constructed under contract in various sections of the province this year, and twenty incomplete bridges, carried over from last year, will be finished this year.

On permanent and ordinary bridges, including bridges not completed last year, \$800,000 will be spent on main trunk roads, \$350,000 on secondary trunk roads, branch and by-roads, \$500,000 will be expended.

PAINS IN LEFT SIDE AND BACK

Other Troubles Women Often Have Relieved by Lydia E. Pinkham's Vegetable Compound

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back, and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. ROSE, 580 Notre Dame Street, Lachine, Quebec.

Doctor Said an Operation Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. ADAMS, Box 54, Provost, Alberta. C

Standard of Quality for over 50 Years

The number of automobiles in the province will be increased this year by 3,000 new cars, the Premier predicted, judging from reports being received. At least 12,000 foreign cars, from United States alone, will tour the province this summer, compared with 9,500 last year. That means 55,000 to 65,000 tourists, the Premier estimated, from United States autos alone. He was not counting in tourists from any part of Canada.

Good roads were advertising the province and attracting tourists. Automobileists were drawn by good roads, primarily, not by scenery. It was nonsense to suppose cars would come here if the roads were bad.

Only fifteen low and high water river harvest remain to be taken over by the Federal government, and those will be taken as soon as they require repairs.

Potatoes Shipping At Cents A Barrel

Thirty cents a barrel is the price being paid by shippers for potatoes in Fredericton and there is little prospect of the price advancing as there is an over supply of potatoes in the country and the United States is in similar condition. The American price fixes the price here to a great extent as the Americans with a surplus of potatoes have the advantage of being nearer to Cuba and in order to get into the Cuban market the New Brunswick shipper has to quote under the American price.

A dealer a few days ago bought a carload of certified seedstock for thirty cents a barrel to ship as table stock so eager was the grower to sell before the potatoes sprouted so badly that the stock would have to be picked over. The fact that the stock is liable to sprout now makes the shippers shy of buying as they do not want the extra expense of removing the sprouts.

The condition of the potato market is caused by over production in all potato growing sections last year. Cuba is the only market

Teachers Tour To Pacific Coast

Thirty Day All Expense Tour to take in American National Parks.

A complete thirty-day all expense tour is being arranged to the North Pacific Coast, special train leaving Toronto July 9th, travelling on the trip to Prince Rupert, B. C., stopping over en route for a day Winnipeg, a few hours at Wainwright, Buffalo Park, three days at Jasper National Park, with short sojourns to View Mount Robson and the golden village of Kitwanga.

The party will then board Canadian National Pacific Coast steamer for Vancouver, spending a day at Vancouver, Victoria, Portland and Seattle, returning from Portland via Union Pacific with side-trip to Yellowstone Park, thence to Salt Lake City, Rocky Mountain Park, Denver, Chicago and back to Toronto; which point will be reached on August 7th. The tour will include four and one half days' tour in Rocky Mountain National Park.

The tour is being arranged under the direction of A. E. Bryson, principal of Silverton School, Toronto, and Martin Kerr, principal of the Earl Kitchener School, Hamilton. Full information may be secured from Mr. Bryson, 44 Silverton Ave., Toronto, also from Mr. Kerr, 4 Beulah avenue, Hamilton.

The rate of \$413.50 from Toronto includes transportation lower berth accommodation on trains, accommodation in hotels, hotel and bungalow camps, meals in diners, sight-seeing tours. For two persons occupying one lower berth, the cost will be \$374.55 each.

While primarily designed for the benefit of teachers of Ontario, the tour is now thrown open for the whole of eastern Canada and to the general public.

Home Science Put Ahead Of Degrees By School Head

Girls Who Cannot Cook, Sew, Iron and Wash are not Well Educated, She Says.

London, May 4.—Girls who cannot cook, sew, iron and wash clothing are not well educated even though they hold the degrees of all the universities under the sun, in the opinion of Miss C. J. H. Cowdroy, head mistress of Crouch End High School and College. Some educationalists want girls to be trained like boys with an eye to their future careers, but since ten out of every eleven women could marry, that fact ought surely to be considered when talking of careers. Miss Cowdroy contended in the course of a recent lecture.

"I deprecate the view some educationalists hold that a woman can possess far higher qualities than those which go to make a wise wife and mother," said the head mistress. "Some think the clever girls too good for that, the dullards being good enough to continue the race. I understand that in some British schools for girls the pupils are divided into two sections, the clever half studying sciences and the dead languages, while the duller girls give their time to cookery and house-wifery. I also understand the second set refer to the 'brains' as the 'brains' old maids,' so perhaps they are not so dull after all. A girl should be proud she can cook and sew, iron and wash and that she can save some money wisely and well. I hold that a girl who cannot do all these things is not well educated, although she may have been awarded the degrees of all the universities in the world."

It is announced that the Banff, Alberta, Pow-Wow and Indians Day celebration which takes place annually, will be held this year, July 23 and 24 in the Yoho Valley. On these days the Stoney tribe of Indians in full regalia, hold their Pow-Wow and compete in contests of every kind.

There are approximately 2,200,000 persons attending school in this country. Of this number, 1,600 are at institutions for the blind and mute; 81,000 at vocational schools or classes; 14,000 at Indian schools and the remainder attend colleges, universities, subsidized and private schools and institutions for training teachers.

With a view to arranging a new trade and transportation agreement between Canada and the British West Indies a conference is to be held at Ottawa in June which will be attended by representatives of the Governments of Canada, Bermuda, Leeward and Windward Islands, Barbados, Trinidad, British Guiana, Jamaica and British Honduras.

The gold mines of northern Ontario are said to have yielded a higher income during the first quarter of 1925 than in any similar period in their history. Estimates place the income of mining companies in the Porcupine district at nearly six million dollars and in the Kirkland District at one and a quarter millions.

CONDITIONS OF TRADE IN CANADA

Difficult to Forecast Immediate Future.

So conflicting is the evidence which may be gleaned from basic conditions in Canada that it is impossible to forecast the immediate future of Canadian business. It is possible that the recent decrease in car loadings and the slowing up of business which apparently took place in March and early in April were merely seasonal developments. The volume of spring building has not developed to a point warranting either optimism or pessimism. Reports of slight increases in the volume of manufacture do not conceal the fact that most factories are working on a part time basis which is not profitable. The eastern coal strike and the low price of coal are factors complicating the mining situation. Lumbering operations were generally satisfactory during the winter and there have been no lumber and prices are unsatisfactory.

Here and There

It is expected that the present year will break all records in the movement of Eastern trans-atlantic travellers. It is estimated that over a quarter of a million Americans and Canadians will travel to Europe during the season.

The supply of farm hands for Western farms is not equal to the demand and the shortage is becoming more pronounced as the season progresses, in spite of the large number of immigrants coming from Europe for this purpose.

During the eight months ending March 1925, 187,798 cars of grain were passed by the government inspectors for the western provinces. This number has only been exceeded four times in the past twenty-four years. Of the total for this year: 166,555 were on Canadian Pacific lines.

According to a statement issued by the Bureau of Statistics, Canada's production of commercial fruits for the past year showed a decrease of \$8,902,912 in value as compared with 1923. The total value of fruits grown in 1923 was \$33,169,343 and in 1924, \$24,266,431.

There has been a decided increase in the first quarter of this year in the ordinary life insurance written in Canada as compared with that of the corresponding period in 1924. The increase in March over February was from twenty-eight to thirty-five million dollars.

According to the first weekly report issued by the Canadian Pacific Railway, the crop acreage this year will be slightly less than last. It is estimated that Manitoba will sow about 2,643,000 acres this year, Saskatchewan 8,555,183 and Alberta 2,721,689 making a total area of 13,919,872 as compared with 14,153,905 in 1923.

Very encouraging reports as to the general agricultural outlook in Southern Alberta have been received from Canadian Pacific Agents around Calgary. Much more progress has been made with seeding than was anticipated and conditions are described as either "splendid", "fine" or good and in every case plenty of moisture in the ground is reported.

The country is being besieged by moving-picture stars. Mary Pickford, Viola Dana, Tom Mix, Harold Lloyd and others have passed through within the last few weeks, and explored the Rocky Mountains and other Canadian attractions. BEST MEDICINE SHE EVER USED

Dr. Williams' Pink Pills Highly Praised by a Nova Scotia Lady.

Among the well known and esteemed residents of Hemford, N.S., is Mrs. Amanda Woodworth. Some four years ago Mrs Woodworth had the misfortune to lose her husband and as a result of caring for him during his illness, and attending to farm duties she became terribly run-down. Mrs. Woodworth says she felt as though her blood had turned to water. The least exertion would leave her tired and breathless. She was often attacked by spells of weakness that left her almost speechless, and frequently suffered from severe headaches. The medicines she took did not help her, and she almost despaired of gaining her health. In this condition she one day read in a newspaper of a case very similar to her own, in which health was restored through the use of Dr. Williams' Pink Pills. This made her decide to give these pills a trial. After using a few boxes she found the pills were helping her, and she continued their use until her old-time health and vitality were restored. Now Mrs. Woodworth looks after a small farm of 100 acres, besides doing all her housework, and says she never felt better or more energetic in her life. She gives credit for her present splendid health to Dr. Williams' Pink Pills, which she says are the best medicine she ever used and strongly commends the pills to all run-down people.

You can get these pills through any medicine dealer or by mail at \$1.00 a box from The Dr. Williams' Medicine Co. Brockville, Ont.

INCOME TAX RETURNS

Lt. Col. N.P. McLeod, Inspector of Taxation said the income tax returns for this year would amount to between \$280,000 and \$400,000. The amount will approximately equal that of last year and is considered gratifying and gives an encouraging aspect to the business conditions of the province. If the tax return figures are added to those which the Provincial Government has received from automobile owners and the large sums being expended in this year in the purchase of new cars, it can readily be seen that there is a large amount of ready money available in the province, despite the popular impression.

On the favorable side British Columbia reports the second best halibut catch in her history; in the Prairie Provinces the livestock have wintered well, and from the East comes the news of record-breaking woodpulp production. With the arrival of spring, business will become more active. It remains to be seen, however; whether the improvement this year will be only reasonable, or whether certain fundamental improvements in the business situation have really taken place. We are inclined to believe that the latter is the case.

The Busy Man

There is a difference between a busy man and a business man. They may be merged in the same individual, but there are very busy men who get little business done. They run about in circles; they talk with their mouths; there is a noble noise about them, and an atmosphere of tension in which the thermometer rises to fever-heat. In the meantime, some cool and quiet person away from the violent sound and vision scene may be getting the real work done. The apparently active one is the window-dresser, the show piece, the figure-head. There may be a certain decorative usefulness in having him about. But he should not be mistaken for the driving power of production.

The business man puts the vital energy at his command into the day's work, not into frantic and gyrations. When a plot to which much toil and thought was given expires in his hands he does not waste time in long and mournful funeral exercises. He never was much of a hand at applying the balm of a foolish and weakly sentimental optimism; but he never yet gave in to the quavering despair of the faint-hearted who said "No use." So he gathers what is left and builds thereon, though it be chaff and rubble till he can sink a firm and deep foundation.

The merely busy man has no plan, and goes from the sudden flash of impulse to the next with a headlong rush as aimless as the flight of insects. He, despite the careful, thoughtful methodism of the plodder. There is in that slow, cautious way no brilliancy, no inspiration. On the other hand, the business man possesses himself of the cloth before he cuts the coat, has the site and the building fund in hand ere he orders the concrete, and thinks through to the end of years instead of from hour to hour. The busy man has no time for anything; the business man gets things done because he is precise, punctual, faithful in his appointments as in his pledged word.

Fortunes Of Dead Levied On To Give Relief For Living

Chancellor of the Exchequer Winston Churchill's budget proposals Tuesday offer relief from taxation to every class of Briton. While imposing less obvious additional burdens where they will not chafe so much as the old ones.

The entire plan seems to follow closely the idea of returning the country to complete normality—that is, to restore the gold standard; pay debts, economize in expenditure; reduce the income tax and increase tariffs.

The budget seems to show plainly the Conservatives do not intend to be reactionary on the strength of their parliamentary majority and assured tenure of office for five years, but are looking ahead to the next election.

The Grand Falls Development

What are said to be the final surveys in connection with the project for the development of Grand Falls are now being made.

A survey party is making surveys of the St. John River which will be reflected by the back flowage caused by the construction of the dam at Grand Falls. They started from Edmuntston and have been working towards Grand Falls; they were between St. Leonard and Grand Falls to-day.

They are checking up the high water marks and measuring the land which will be affected by the back flowage caused by the development of Grand Falls. The object of

this is to have everything in readiness for closing the claims for land damages with the riparian owners. So far no steps have been taken towards settlement of land damages on the Canadian side but were settlement cannot be effected expropriation proceedings can and will be undertaken.

Within a short time similar work will be undertaken on the United States side of the river and it is expected to have the Maine work completed before the International Joint Waterways Commission meet at Montreal on May 15th.

GUIDES AND SCOUTS ATTEND SERVICE

Mother's Day was fittingly observed on Sunday here when seventy Girl Guides and Boy Scouts paraded in St. James' Church and attended divine service there in the morning.

The whole turn-out was smart in appearance and the troop flags with the Union Jack carried proudly by each unit added to the picturesqueness of the procession from the Hall to the church. The Scouts were in full uniform while the Guides were smartly dressed in white middie blouses, blue skirts, brown stockings and shoes and Guide hats, with the Leader and Asst. Leader dressed in full uniform. Large crowds of people lined the streets to watch the parade and many favorable comments were heard on the fine discipline of both organizations. The Guides and Scouts were given much credit for their conduct and smartness on the march and at service and to the leaders for their interest and success in securing so fine a showing for both groups.

Rev. L.H. MacLean, pastor of St. James Church conducted the service and spoke to both organizations in a most fitting address. The Church was beautifully decorated with flowers and a large congregation was present.

The Boy Scouts in Newcastle has been organized for several years while the Girl Guides have only been re-organized for about two months and in this organization there has been a remarkable development within this short period. Both these organizations are of so much value in building character along lines of discipline and a clean life, that the recent growth is a source of great satisfaction. Teaching boys and girls to take care of their bodies, to live clean lives, to respond to discipline and to do a good turn every day is the beginning of a promising manhood and womanhood. The movement should spread throughout the provinces and much is owing to those who give their time and their influence to this task.

Mothers Praise Baby's Own Tablets

Mrs. L. M. Brown, Walton, N. S. says:—"I cannot recommend Baby's Own Tablets too highly. I have found them invaluable for the ailments of little ones." Mrs. Brown's testimony is the same as thousands of other mothers who have used the Tablets. To use them once is a sure guarantee that they will always be kept in the home as long as there are babies or young children to be cared for. The Tablets are a laxative—mild but thorough in action—which never fail to regulate the stomach and bowels; relieve constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. In fact they banish all the minor ills from which little ones suffer. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Newcastle Hears R. M. A. Secretary

The Newcastle branch of the Real Merchants' Association met in the town hall Thursday evening with James Stables in the chair. N. B. Douglas, of Ottawa, acting secretary and general manager of the association from three standpoints, how the association was formed, what it had done and why it should be continued. The hearty vote of thanks tendered to Mr. Douglas was moved by His Worship Mayor John Russell and seconded by Gilmur Stothart. Mr. Douglas left Friday morning for Ottawa.

WHAT IS A MUSICAL PERSON? Many people say they are not musical, but that they know what they like, or that they know a good tune when they hear it. Well, if they like the music they know they are quite entitled to regard themselves as musical. And if in addition to knowing a good tune when they hear one, they also know a bad tune when they hear one, there can be no doubt that they are musical. Anybody who can whistle a tune, or hum a song join in a hymn, or listen with interest to a musical instrument, is musical and could develop his or her standard of musical appreciation by singing more and listening more.

WEDDING ANNIVERSARY

Mr. and Mrs. John Brooks, 2330 Cornwall avenue greeted a gathering of family members and friends, who remembered their silver wedding anniversary, Saturday evening. With congratulations extended to the couple were handsome silver gifts and after a pleasant time of visitation, refreshments were served to the following: Mr and Mrs. H. J. Brooks and son, Clyde of Vancouver B.C.; Mr and Mrs. J. T. Brooks and sons, Orville and Fred; Mr and Mrs. Robt. Van Wingerden and sons, Robert and Stuart; Mr John Robertson of New Brunswick, Mr. and Mrs. C.S. Whitcomb; Mr and Mrs. John Brooks

CIVIC PRIDE

Our attention has been called to the disgraceful appearance of several lots on our main business and residential streets. In some cases it is the filthy condition of the grounds, while in others it is the buildings. Surely the owners have enough civic pride about them to gather up the rubbish and dirt and put their grounds into a respectable condition, and as far as the tumble-down shacks which are complained about, the only correct thing to do with them is to destroy them and by so doing, greatly eliminate the danger of fire from buildings of such a type. It might be advisable for the town authorities to approach the owners of such property and endeavor to induce them to hide from view these tin can cemeteries and tumble-down bass shanties. If a promise fails it might be in order to submit to these persons a definition of "Civic Pride."

OBITUARY

MRS LAWRENCE COUGHLAN
Deep regret was expressed when news of the death of Mrs. Lawrence Coughlan of Chatham Head became general. Mrs. Coughlan died at the Hotel Dieu Hospital, Chatham at one o'clock on Wednesday morning, following a ten day's illness, aged 48 years. Mrs. Coughlan was formerly Miss Sadie Dunn of Newcastle and she will be greatly missed by a wide circle of friends as well as by her family, she being a devoted wife and mother.
Deceased is survived by her husband, three sons, Michael of Newcastle; Charles and Clifford at home and two daughters, Margaret of Roxbury, Mass. who arrived home Thursday, and May at home. Also surviving are one brother, James Dunn of Newcastle, and four sisters Mrs. James Bernard, Mrs. Thos Mullally of Newcastle, Mrs. Patrick Mullally of Boston and Mrs. Maurice Whelan of Newcastle.
The funeral was held Friday morning and was one of the most largely attended ever seen in Nelson. The cortege left her late home in Chatham Head at 8 o'clock for St. Patrick's church, Nelson where at 8:30 requiem mass was celebrated by Rev. Fr. Wallace with interment in St. Patrick's cemetery.
The pallbearers were Charles Sargeant, Robert McCombs, Michael Lynch, Jas Morrison, David Sullivan and John Gould.
Among the beautiful floral offerings that were sent by sorrowing friends were the following:
Wreath—Staff of Union Advocate.
Wreath—Mr and Mrs. George Mason, Moncton.
Spray—Mr. and Mrs. Ben DeRoche
Spray—Miss Louise Atchison.
Spray—Miss Maudie Keating
Mass Card—Mike Mitchell and Mark Murphy.
Mass Card—Billy Ronan and Wilfrid Ronan.
Spiritual Bouquet—Miss Ella Bernard
The "Advocate" extends its deepest sympathy to the family in their sad bereavement.
FRED CLUSTON
On Monday, May 4th the death took place at the Miramichi Hospital Newcastle of Fred, only son of Mr. Richard Cluston of Lower Derby aged 21 years and 9 months. Deceased left his home three weeks ago in the best of health and spirits for the drive with the Fraser Lumber Co. at Deersdale. After being here a few days he took a cold, and started for his home. But as the journey was long and he suffered many hardships, pneumonia developed on Tuesday, April 28th and passed away on the following Monday. Just three weeks from the day he left his home his remains were taken back. He was a general favorite with all who knew him and his pleasant appearance and genial smile is much missed in the community. Besides his father, he leaves two sisters, Blanche and Margaret. His mother predeceased him five years ago. The funeral held from his late home in Lower Derby was one of the largest ever seen there. Services at the house and grave were conducted by Rev. J.S. MacKai, (Presbyterian) taking as his text "Prepare to Meet Thy God." He was assisted by Rev. Mr. Broole, (Methodist). Many beautiful floral tributes were sent, among them being a handsome wreath from the Oddfellows Lodge, of which he was a member having joined them before leaving for the drive.
WILLIAM J MCLAGGAN
The death of William J. McLaggan occurred at his home in Blackville N.H. on Wednesday. Deceased was 59 years of age and for a great number of years had been a sufferer from asthma. He is survived by his widow, two daughters Miss Helen at home, and Miss Grace, Campbell

CHATHAM HIGH SCHOOL DEFEATS GIRL GUIDES

In an interesting game of basket ball held in the Temperance Hall last Friday evening, the Chatham High School team defeated the basket ball team of No. 2, Company Girl Guides by a score of 30 to 16. The game was enjoyably witnessed by a large attendance and in consideration of the small amount of practice done by the local team, they are to be congratulated on the fine showing they made. During the game candy was sold by the members of the Girl Guides and after the game the visitors were entertained in St James Hall, where games were played and refreshments served. It was the unanimous decision of the visitors that they had been royally entertained by the Girl Guides of Newcastle and one and all had thoroughly enjoyed the game and the delightful evening. In all probability a return game will be arranged in the near future.
The following is the line up of the teams:—

MAUDE MCKINLEY

The death of Miss Maude McKinley took place at her home in McKinleyville on Tuesday, May 5th after an illness of nearly three months. She was twenty years of age and a friend of all who knew her. She is survived by her mother and one sister and one brother, her father having predeceased her about two months ago. The sympathy of the community is extended to her mother and also to her sister who was unable to see her or to attend the funeral.
The funeral was held from her home where a short prayer was read and the service was held in the Presbyterian church. Her pastor assisted by the Methodist pastor conducted the funeral service.
The True Blue Association marched to the church and to the grave where they held their service. The floral tributes were as follows:—
Wreath—True Blue Lodge
Wreath—Miss Velma Clark.
Spray—Miss Susie and Arthur McKinley.
Spray—Mr and Mrs. H. McKinley.
Spray—Mr and Mrs. Geo. Bell
The hymns sung were "Forever with the Lord," "Blest Be the Tie that Binds," "Jesus is our Shepherd" The pallbearers were: Howard McKinley, Elijah Shaw, Will McKinley, Douglas McKinley, Ear McGregor and Miles McGregor.
Very much sympathy is felt for Mrs. Victor McKinley, the mother of the deceased.

FACTS ABOUT TEA SERIES—No. 7

The Advent of Tea to England

Tea was not used to any extent in England till about the middle of the seventeenth century, although knowledge of the wonderful qualities of the beverage had reached Europe as early as 1517. During the seventeenth century, all tea was imported from China and cost from \$25.00 to \$50.00 per pound. Not until 1836 did any tea reach England from India. In that year the first shipment was made from the now famous tea growing district of Assam. India today supplies fully half the world's tea requirements and provides some of the finest teas grown. The rich body of "SALADA" is due to the select India teas used in the blend.

Assuring Your Business

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to do some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

Your competitor's advertising is an influence which must be offset if you are to maintain your trade.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

A WORD TO THE PUBLIC

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

Good Driving On Southwest Miramichi

G. F. Burden of the Chief Scaleer's Office, Department of Lands and Mines, has returned from the Southwest Miramichi, having spent some time in Doaktown Blackville and vicinity. He reports that driving conditions are good in that country. In the Southwest Miramichi the water is at good pitch and logs are running.

At Doaktown the Doaktown Lumber Company is operating its mill and is getting logs from up the river. In the Bartholemew the drive for Fraser Companies Ltd. is not yet in.

At Blackville fifteen thousand ties have been boomed and pulpwood is being edged in large quantities. A mill there is being used to load the pulpwood the latter coming up the slip, and passing through the mill directly into the cars. W. S. Scott is interested in these lines. In general there is activity in that section.

THINK

In the early days of New Brunswick, or of any other province of Canada for that matter, the hoe was the chief tool of the farmer, when about all a farmer needed was the strength of an ox and the endurance of a Job. But nowadays the man with a twisted back and a keen mind may beat out the fellow who is a demon for physical labor, and mainly because he relies on his wits rather than on brute strength. Working our bodies to the exhaustion point prevents our brains from functioning clearly. Farming effectively is impossible without an active mind. No two humans are alike. Standards for one man will not fit all others, each of us must adjust our working, resting, eating, sleeping and playing to the needs of our own bodies. A hard days work for one farmer may be child's play for another a vacation needed by a tired man might be time wasted for one in his prime. Farm work provides infinite variety. Farm tasks done in the open air are wholesome and interesting. The monotony of factory work does not exist on the farm. Farming is creative; it requires a scientist's knowledge, a mechanic's skill and an artist's inspiration. Dull routine jobs there are of course, as in every vocation. There is joy in getting even a mean job done.

Wise and clever indeed is he who knows how to balance his life; who can work hard and still manage to devote a good share of his time to the job of living, to enjoying his family and friends, travel, sports, books, music, flowers. Few in a comparatively new country known the art of living. We are mostly too busy working hurrying and worrying even to think about it. The older nations are different, perhaps better. The average man does not have so much, nor want so much. The French, particularly, know how to make their simple means go far. They do not strive so hard, they are not so ambitious; but they are happier, they really live. Give a Frenchman an income barely large enough to buy the necessities for himself and family and to buy an occasional opera ticket or a short trip, and he will be quite contented. He will probably save money too. Here even those who have money and leisure too often waste them because they have never learned how to use them. What can we do about it? Nothing perhaps unless it is occasionally to stop and take stock and ask:—

"How am I spending my time? Am I having as much fun as I might? Is hurrying and worrying worth while? Should I work less at this and more at that? Am I seeing enough of my family? My friends? Am I doing anything for my community? Am I in a rut? Am I getting old and crabbed? Do my children and my neighbors love and respect me?"

THE BUDGET

The Budget debate came to an end after an all night sitting on the morning of May 1st and the Government secured what was an unexpectedly large majority of 37 on the main division. For this majority they were indebted to the support of 18 Progressives and independents who came, as so often before, to the rescue of the Ministry. It is understood that at least some of these Progressive votes were secured by a definite pledge of support by either a Liberal nomination at the general election or immunity from Liberal opposition. Other votes were won by the Premier's threat made in the closing day of the debate that, unless the government was accorded the support sufficient to justify the completion of the session's programme, he would dissolve Parliament.

The Premier showed great frontistry in making charges that the progress of the debate and the general business of the House had been wilfully obstructed by the Opposition. At least a week before the debate actually closed, formal offers had been made by the Conservatives to terminate it at once, but they were rejected because the Government wanted to spin out the discussion and gain time to evolve a decision about certain important issues on which they must immediately produce a policy. Mr. Boys, the Conservative whip, clearly demonstrated that the Liberals had the chief share in the responsibility for the protraction of the Budget from up to April 29th. Liberal speeches had occupied 843 columns of Hansard as against 634 utilized by Conservatives and 558 by Independent and Progressive speakers. Clearly the claim that the discussion was stretched in order to embarrass the Government was a piece of brazen audacity.

The terms of the Budget effectually registered the incompetence of the King Government and, to lessen the shock which it undoubtedly gave to all intelligent people very strange tactics were employed. It was originally produced some days before the end of the financial year and thereby Mr. Robb was given the excuse of offering what was largely a speculative balance sheet. Even a month after the fiscal year had ended in the first day of the debate, the Premier produced a revised balance sheet in which he claimed as the result of an increase in revenues over the original estimate and a decrease in expenditure, a much larger surplus than Mr. Robb had professed. This manoeuvre gave evidence that the acting Finance Minister is not an accurate compiler of Budgets, but the suspicion cannot be avoided that for the artificial enhancement of the surplus certain monies reaching the Finance Department in April may have scant justification for being credited to the previous year, and that certain bills which

should have been allocated to 1924-1925 have had their payment judiciously postponed. But even if these suspicions are incorrect, the financial situation as disclosed by the Budget, must create grave apprehension in the minds of the community. Insinuations that the Liberal Government, as fervent disciples of economy had been responsible for a greater reduction of the national debt than their Conservative predecessors completely neglected the fact that the Borden and Meighen Governments were faced with the burden of very heavy postwar expenditures, which ceased about the time the King Government took office in 1921.

Mr. Meighen and other critics subjected the Budget and the general financial policy of the Ministry to a devastating analysis and no really effective answer was offered on the Government side. On the last day the Premier made the Progressives the sort of logrolling appeal which demoralizes public life when he besought them by way of recompense for support given by Maritime members to last year's tariff reductions, to back a Budget which contained some concessions for the Maritime provinces. Although many of the Progressives simply could not support such a deceitful Budget, the whole party neglected the elementary duty of supporting the Drayton amendment which condemned the extravagance and incompetence revealed by it.

Never Met Its Equal For Healing!

Writing from Saultville, Digby Co., N.S., Mr. John M. Theriault says:—"We find Zam-Buk a splendid household healer for cuts, burns and other accidents and skin ailments of common occurrence. "One of my sons tried Zam-Buk for his boils and it did him such a lot of good, that I decided to give the balm a trial for piles, from which I had been troubled for over two years. "Before one box of Zam-Buk was finished, I had derived such ease and comfort that I continued with the treatment. In a comparatively short time I had gained permanent relief from the piles. Zam-Buk proved equally good for chapped hands, cracked lips, etc. "I've never met its equal for healing."

Forke Remains Leader Of The Progressive Party

Ottawa, May 6-- Robert Forke, remained as leader of the Progressive party, J. Fred Johnston, has resigned as chief whip and is replaced by C. W. Stewart, Humboldt.

This was officially announced following a further caucus of the progressive party tonight. It was further understood, although not officially announced that the caucus left with the Ontario members the nomination of a chairman of caucus to replace Wilfred Kennedy, of Gengarry.

The official statement reads as follows:
Following the division on the budget a caucus of the Progressive group was called by Robert Forke, M. P. the leader, to consider the situation created there-by and its bearing on the future of the Progressive movement. As a result of a statement presented by Mr. Forke and after lengthy discussion, the resignation of the officers and executive of the group were voluntarily handed in in order that the members might perfectly free to take whatever steps might be considered necessary.

Tonight's caucus ends the long series of progressive deliberations which have been under way, in one form or another, since the vote on the budget. The first formal caucus was held yesterday when Robert Forke submitted a virtual ultimatum-insisting on changes in the parliamentary organization of the party as conditional on his retention of the party leadership. Caucus adjourned till this morning and although there was then nearly four and a half hours of discussion the party was unable to reach a final decision and tonight met again.

It was only after further long discussion tonight that Mr. Forke was reaffirmed as leader and a new chief whip elected. J. Fred Johnston of Last Mountain who is succeeded as Chief Whip by Mr. Stewart of Humboldt, was one of the seventeen Progressives who voted with the government on the main budget motion.

Suggest Radio Association Name Local Committee

According to replies received by the Moncton Radio Association to the messages forwarded to Ottawa in connection with the proposal to levy a royalty on the copyrighted music broadcast from Canadian radio stations, a parliamentary committee has been appointed to deal with the proposal and the local Association is asked to appoint a committee to confer with the legislators to whom the matter has been referred.

The proposed tax was discussed at a recent meeting of the local radio association and in was decided to take up the matter with Hon. A. B. Copp, Secretary of State, and urge him to do all he could to annul the proposal as it was felt that the matter is of vital importance to all radio fans. Telegrams were forwarded to Premier King and Hon. A. B. Copp, opposing the proposed bill.

In radio circles it is stated that if the bill goes through it will mean the closing of Canadian broadcasting stations as they will be unable to pay the enormous sums which would be royalties on the music which they supply to the unseen audiences from whom they receive no remuneration.

Mr. F. Gordon Wright, B. Sc., President of the local radio association, said the matter should receive the earnest attention of the public. "I have heard considerable opposition to the proposal expressed by radio people," said Mr. Wright. "It is suggested that all who are opposed to the proposed legislation should write to their representatives at Ottawa."

Golf in the Heart of the Rockies

Five views of the new Jasper Park Lodge Golf Course in Jasper National Park, Alberta. This course will rank among the best playing courses on the continent and it has the added feature of an incomparable scenic setting.

WHEN it was decided to add golf to the pleasures of Jasper National Park the policy adopted from the outset was that the golf should be good enough to be appreciated for itself, the beauty of the scenery being merely an added attraction. Since the course has been cleared and is revealed to the visitor he concludes that the Canadian National Railways were fortunate to have such a great extent of golfing terrain so immediately available to the Lodge. A year ago, when most of it was Rocky Mountain forest, the golfing possibilities were not so apparent. Work was commenced early in the summer of 1924 and was pushed forward with such success that nine holes will be available for play during the summer of 1925.

Fortunately there is no clay at Jasper. This should delight the golfer's heart. The underlying strata is generally gravel like all the Athabaska River basin in which Jasper is situated, so that the fairways have under them that gravelly subsoil essential to the production of good golfing turf. Sand was also found on the property in sufficient quantity and quality to fill all requirements. The fairways are clear of actual outcroppings of rock, but these show up around trees

and greens, giving a pleasing rugged setting but never interfering with the play.

The route selected encloses a great heart shaped area with the first hole starting, and the last hole finishing, at the lower point of the heart. At the top there is a double bunk and further along a loop of three holes which are on a peninsula running out into Lac Beauvert. This route is quite an exceptional one and there is a complete absence of paralleling in the ordinary sense of the term, although the 10th has the 6th immediately to the right of it.

The ups and downs of holes and the undulations of fairways are only those to be desired on a first class course located in a good golfing country, although on every side of the course great snow capped peaks rise to a height of from eight to eleven thousand feet. With such magnificent surroundings it naturally added much to the scenic attractions of the course to have such a route selected that gives different views at almost every hole.

None of the holes, as can be seen from the score card, take their names from the mountains and the lakes which provide for the course one of the finest settings of any golf course in the world.

A resolution of the Lumbermen's Safety Association was held over for discussion at next Monday night's meeting, when all members of the Board and all lumbermen, whether members of the Board or not are particularly requested to be present.

Mr. George S. Piers, representing the St. John Telegraph-Journal addressed the Board re the Tourist Trade and asked the support of the Board in having the Town of Newcastle take a half page of advertising in his paper. It is intended to have about 20,000 copies of the Telegraph-Journal distributed among the Tourist Agencies in U. S. A. free showing the attractions of the North Shore of New Brunswick and will be issued on the date of the opening of the "Admiral Beatty" hotel in St. John some time in June. The matter was spoken on by Messrs D. P. Doyle G. G. Stothart, Mayor Russell, W. J. Sutherland and Wm Ferguson, each member laying stress on the local hotel accommodation for tourists.

Finally the Board of Trade recommended to the Town Council the advisability of taking a half page of advertising in the St. John Telegraph Journal. On motion the meeting adjourned to meet next Monday evening, May 18th in the Town Hall and all members are requested to be present, as a matter of especial importance to this community is to be discussed. The lumbermen, whether members of the Board of Trade or not are requested to be present to discuss a vital matter in connection with their particular line of business.
