

NEARLY A QUARTER MILLION CHILDREN DYING MONTHLY IN PETROGRAD, RUSSIA

THE EVENING JOURNAL

3 P. M. EDITION

ESTABLISHED 1859.

ST. CATHARINES, ONTARIO SATURDAY, APRIL 12, 1919

PRICE—TWO CENTS.

The Allies May Be Forced To Evacuate Sebastopol

CHILDREN ARE DYING FAST FROM HUNGER

Two Hundred Thousand is Monthly Death Rate of Infants in Petrograd.

Paris, April 12.—Hjalmar Branting, the Swedish Socialist leader, and Dr. Fridtjof Nansen, head of the Norwegian Food Mission to the United States and several other prominent Scandinavians and Swiss subjects, have been conferring with members of the Inter-Allied Relief Council in an effort to arrange for the feeding of the large cities of Russia, especially Petrograd.

A proposition by the Council of Four to send food to Soviet Russia if the Bolsheviks ceased hostilities was presented yesterday. This plan, however, met with serious opposition particularly from the French, on the ground that it would constitute recognition of the Bolshevik Government. The proposed plan would have placed the food entirely under the control of a neutral commission, and consequently the American position on the revictualing of Soviet Russia would not constitute recognition on the part of the Entente. However, the French hold it impossible to ask General Denikin and the Don Cossack Governments to cease fighting, even if the Bolsheviks are willing. Dr. Nansen is anxious that the revictualing plan be adopted speedily so that food ships can approach Petrograd as soon as the ice breaks up. Dr. Nansen estimates the death rate at 200,000 monthly, directly or indirectly due to starvation. He says the world cannot stand idly by and watch women and children starve. Virtually all children in Petrograd, according to Dr. Nansen, and conditions are terrible beyond description in the orphans' homes and hospitals.

LOCAL MAN INVENTS MILK BOTTLE RECEIVER

One of the most useful articles on the market for sale today is the new milk bottle receiver which has been invented by Mr. S. J. Pratt, 200 Welland Avenue, and patented by Featherstonhaugh and Company, of Toronto, on July 30th, 1918. The article is of two designs, one to hold from one to three bottles and the other to hold from one five bottles. It is attached to the house with an alarm running through to the kitchen, or any other part of the house as the house keeper desires, which notifies her that the milkman has arrived, or notifies her if any person is tampering with the bottle, stealing the money or destroying the milk tickets. It also keeps the bottle out of the way of dogs, cats or even children who might be playing about the different steps where the milk may be left by the milkman.

Inspected By Citizens. Mr. Pratt has been visited by many curious people who have heard of this invention which is not considered a luxury, but an absolute necessity. He has already engaged agents who have started out on routes with perfectly good results, and partiality will be shown to returned soldiers, some of which are already engaged. Letters and communications of all descriptions are being received daily by Mr. Pratt in connection with this wonderful invention, and no doubt, in a very short time, the milk bottle receiver will not only be in the hands of agents in St. Catharines, but in every village, town and city throughout the Dominion and United States. Two prices are connected with this article, one for the bottle receiver without the alarm, the other for the receiver with the alarm.

It is likely that this year several restatements will be applied for at the O. A. L. convention by lacrosse players who turned out last season with the Mailands and St. Catharines in their patriotic series. Some of these men helped to fill in early in the season before all the professionals got out and they retired without having received any remuneration.

EVACUATION OF SEBASTOPOL BY THE ENTENTE IMMINENT

Paris, April 12.—The advance of the Bolsheviks is likely to force the Allies to evacuate Sebastopol, on the Black Sea, near the southern extremity of the Crimea, according to Intransigent.

MERRITTON

The killing of dogs by cars on the local line of the N. S. & T. is becoming very prevalent in town, two more being put out of business on Friday afternoon.

Victor Railton, of the parsonage, elm Street, was at Thorold last night taking part in the High School program which was held at Grenville Hall.

The many friends of Miss Zella Thompson, of the public school teaching staff, who has been quite ill at the home of her brother, on Almond Street, will be pleased to hear she is recovering and was able to leave her room for a short time this morning. During her absence a substitute teacher was in charge of the third form room.

WAR CHEST HOLDS WIND-UP MEETING

The final meeting of the St. Catharines War Chest was held last night with His Honor Judge Campbell in the chair.

The report of the secretary showed that the balance on hand was \$10,219.37 which will be turned over to a Board of Trustees for the Comfort and relief of St. Catharines soldiers and their dependents. The War Chest has been carrying on operation since July 1st, 1918, during which time some \$70,000 was collected.

Several applications for grants from various organizations were received but were turned down in favor of the Board of Trustees plan.

The report of the secretary and treasurer were received and adopted and the former officers and executive committee were re-elected.

A motion was then passed authorizing the turning over of the funds on hand to a Board of Trustees.

DEER HUNTING SEASON HAS BEEN CHANGED

Royalties on Muskrats, Fishers, Martens and Other Fur-bearing Animals to be Extended

Several important changes in the game laws of the Province will be recommended to the Legislature this session by the Committee on Fish and Game. The committee yesterday decided to extend the royalties on muskrats, fishers, martens, and other fur-bearing animals, and also to recommend to the Provincial Treasurer that bounties on bush wolves be increased from \$5 to \$10, and on timber wolves from \$20 to \$40.

The season for hunting deer south of the main line of the C. P. R. will in future be Nov. 5 to 20, instead of Nov. 1 to 15, as at present. Hunters in future will only be allowed one deer each, instead of the two which were allowed them during the war period, when it was desired to conserve other meats.

Paid locals & classifieds. WANTED—To rent small modern house, about May 1st, must be in good location. Will have the best of care. Box 3860 Journal. a 12 14 15.

CANADIAN MINISTERS TO SIGN PEACE TREATY AT VERSAILLES

Ottawa, April 12.—An announcement by Hon. N. W. Rowell, President of the Privy Council, in the Commons yesterday afternoon that Sir Robert Borden, Sir George Foster, Hon. C. J. Doherty and Hon. Arthur Sifton have been appointed plenipotentiaries to sign the peace treaty on behalf of Canada at the conclusion of the Peace Conference marks a new step in the development of the status of Canada and the other overseas Dominions. The order in Council, which was tabled by the Minister, is the recognition of the status of the Dominions at the Peace Conference. It is couched in the usual terms of orders in Council naming plenipotentiaries on behalf of His Majesty and gives Ministers named, "in power and authority as from the first day of January, 1919, to conclude with such plenipotentiaries as may be vested with similar powers and authority on the part of any powers or states, any treaties, conventions or agreements in connection with the said conference, and to sign for and in the name of His Majesty the King in respect of the Dominion of Canada, everything so agreed upon, and

SIR ROBERT BORDEN, PRIME MINISTER

conclude and to transact all such other matters as many appertain thereto."

Second Change. The chief party to the signing of the peace agreement, it is explained in His Majesty the King, represent-

ing the United Kingdom, and Ireland, the Overseas Dominions and India. The order in Council is a request to His Majesty to issue a

commission to each of the four Canadians as representatives of Canada to sign the Peace Treaty. As the other overseas dominions are on the same footing as Canada this means that instead of the treaty being signed by one set of plenipotentiaries it will be signed by plenipotentiaries representing the United Kingdom, and each of the self-governing dominions of the Empire.

This is the second distinct change in the status of the self governing in respect to the signing of treaties. At first treaties were signed by the representatives of the Empire and were binding on the whole Empire. More recently as the status of the overseas dominions have become more fully recognized it has been proved that treaties should not apply to the dominions unless they indicated their assent thereto, and procedure was outlined whereby the dominions might indicate their assent. A comparatively recent instance was the assent given by Canada some years ago to the treaty between Great Britain and Japan.

HON. C. J. DOHERTY.

half of his Majesty and gives Ministers named, "in power and authority as from the first day of January, 1919, to conclude with such plenipotentiaries as may be vested with similar powers and authority on the part of any powers or states, any treaties, conventions or agreements in connection with the said conference, and to sign for and in the name of His Majesty the King in respect of the Dominion of Canada, everything so agreed upon, and

Emigration on the matter. Action Condemned. The question of the rejection of organized labor's nominee, Peter Grant for the position on the employment bureau was taken up and much indignation was expressed on all sides. It was felt that not only was the action a slight to the Trades Council and the Board of Trade but an insult to the City of St. Catharines. Various suggestions were made, from boycotting the Bureau to the organization of a public petition but after a lengthy discussion a committee was appointed to handle the matter and the Council delegates were instructed to bring the matter before the Board of Trade at their next meeting. All the delegates were asked to bring the question up before their locals and to send protests to the proper quarters.

The Returned Man. An interesting notice of motion was tabled for the next meeting which will open up the question of the returned soldiers and how best to work in harmony and co-operation with them.

To delegate Milne belongs the credit for introducing this timely discussion. The Council then adjourned.

WANTED—To rent 100 acres or more stock farm, some fruit, good buildings. Would purchase stock if suited. Apply J. A. Tembrock, P.O. Thorold. a 19

See the big British made picture "Canada at Mons" a real picture for Canadians at the King George Theatre, on Monday and Tuesday.

AUCTION SALE. Tuesday, April 15th, at 1.30 corner of St. Paul and Lincoln Ave., Western Hill, horse, carriage, wagon, chickens, ducks, sideboard, carpets, beds, chairs, dressers, mangle, couch and a lot of other things. W. J. WESTWOOD, Auctioneer.

Man to work this city refinishing chandeliers, brass beds, automobiles, by new method. \$10 daily without capital or experience. Write Gunmetal Co., 315 Elm, Decatur, Ill. a 12

WANTED—6 roomed house, garage desired. Careful tenant. No children. Apply G. H. Moase, 5 Richmond Ave., phone 1992. a 15

Too Many Men on Finance Committee. Trade and Labor Council Endorsed Report of Municipal Committee Which Voiced Disapproval of Present Plan. Considerable important business was transacted at the regular meeting of the Trades and Labor Council last night and during the evening President Greenlaw was kept busy appointing committees.

The report of the municipal committee was received and approved. The committee stated that they did not approve of five members of the City Council being on the Finance Committee as it practically means that they control the voting power of the Council and are in a position to do as they please with any question.

A Special Committee was appointed to make arrangements for Labor Day and the secretary was instructed to write the City Council asking for the use of the lacrosse grounds for that day. Several delegates reported that their locals were enthusiastic on the question of the free hospital scheme.

Is Possible. Councillor Wedsworth of Merrifield in an effective speech packed with telling figures showed how the money could be raised and advised the members to get busy immediately as the time is going for action.

Councillor Wedsworth was heartily thanked by the President who asked his assistance to the committee appointed which he promised to give.

A delegation from the foreign born residents was introduced. They asked the assistance of the Council in advertising a meeting to be held on Sunday afternoon when speeches will be made in five or six languages calling upon the Dominion Government to relax the stringent measures withholding pass from people who are desirous of returning to their native land.

The delegation were assured of the sympathy of the Council and it was also decided to write the Minister of

PUBLIC MEETING.

All citizens interested in the holding of a monster banquet in the Armory at St. Catharines men who fought overseas with their wives and sweet hearts are asked to attend a public meeting to be held in the Council Chambers at the City Hall on Monday afternoon at four o'clock when plans will be discussed and final arrangements made. This meeting has been called by His Worship Mayor Elson and a large attendance is requested, the ladies of the city being asked to turn out in large numbers. The proposed date of the banquet is Tuesday evening, April 29th.

THOROLD

Another important business change has taken place on Claremont Street, when James Lynch and G. Haines took over the major part of the Warner Livery Stable and converted it into an up-to-date garage. Mr. Warner has partitioned off sufficient space to accommodate the horses and rigs he wishes to keep and will continue his teaming & delivery business, the livery business having become merged into jitneys instead of the old time horse rigs.

Mr. Joseph Savage has returned from a visit to Buffalo, where he visited his sister, Mrs. H. McBride, who is a patient in a hospital in that city.

Mrs. A. Wallace of Hamilton, is visiting her brother, E. Taylor, for the week, having come to attend the birthday party of his eldest daughter, Martha Jane, who entertained a number of friends it being the thirteenth anniversary of her birth.

The inspectoral work in the public school systems of the two counties has been again arranged in such a way that Thorold is once more under the supervision of Inspector Marchall, of Welland, and he paid an official visit to the town schools yesterday.

Mr. Thomas Dupont of the Donnee & Grassie music store, Front Street, is confined to his home through illness.

The programme of the annual commencement exercises and entertainment of the Thorold High School was held in Grenville Hall last night. Professor DeChamp, of Toronto, was present and gave a very interesting lecture on "France at War", which proved very instructive to the many who attended. The rest of the programme was rendered by the students of the school, and the diplomas and prizes were awarded by the Principal, Mr. Bonis. Special mention should be made of the Vaedictory "Vale at Eve," by Miss Ethel Warner, and also the chorus "My Native Land" which was sung by Miss Margaret McMananny assisted by the High School girls.

A very enjoyable time was held at the home of Mr. and Mrs. William Holland Carlton Street, on Thursday night they were at home to the Lady True Blues who attended in a large number. The evening was spent in various amusements including vocal and instrumental music, the latter being furnished by Mrs. Ernest Burly, of St. Catharines. A dainty repast was served and at the close of the evening every person present reported having had a very pleasant time.

MOVIES AND CHILDREN

Hamilton Spectator: Magistrate Jel's delivered himself of this dictum on Saturday: "I would impose no restriction or age limit on children seeing moving pictures—providing the pictures are of the right sort." That is the crux of the whole matter—"providing they are of the right sort," and, as the Magistrate remarked, "that is up to the censors." All sensible people will agree, we fancy, with this opinion. If the quality of the films were improved so that they would be fit for all to see, there would be no necessity to bar any section of the community, however young. What is not good for the unspoiled boy or girl is not good for the grown-ups.

QUEBEC VOTE PUZZLES THE LEGISLATORS

Ottawa, April 12.—Federal legislation on prohibition will be brought down in the House shortly after Easter. In the meantime, the Government is considering the situation which has arisen in view of the heavy majority given in Quebec Thursday in favor of light beer and wine.

How the legislation will meet the situation remains yet to be determined, but little doubt is generally felt that there will be some relaxation of the strict prohibition of manufacture and importation now in effect under Dominion order-in-Council. It is considered likely that the Federal will be made supplementary

THE DREAMS OF CHILDREN

A significant editorial appeared in The Toronto Globe very recently respecting children's dreams. It read: **CHILDREN'S DREAMS.**

Some interesting investigations have recently been carried out among school children in London, England. Little people of five years and upward were asked to write a true and full account of the last dream they could remember. As a result records of 5,000 dreams were received and the substance of these was given before a meeting of the Child's Study Society by Dr. Kimmins, Chief Inspector to the London Education Committee.

In the infant schools, apart from a few records, the dreams were told individually to the headmistress, and there were, of course, many difficulties to be faced in estimating the value of the results. It was found that young children had great difficulty in separating the dream from the waking element, and anything in the nature of a full analysis was impossible. In the case of children of five, six, and seven, dreams of Christmas and Santa Claus figured very largely, and with the very young children the "fear" dream was very prominent. No less than twenty-five per cent. were of this nature, consisting chiefly of the dread of objectionable men, largely of German nationality. At seven children dream more about burglars than at any other age. "Fear" dreams of animals are far more common among boys than girls. The fact that the essays were written seven months after the last air raid probably accounts for the circumstances that air-raid dreams occurred only to the extent of about four per cent. Moving pictures were of very little influence in the dreams of girls, but were a definite factor in those of boys. One important fact is that the ghost has been superseded by the fairy, and it is certainly a satisfaction to learn that the old terror of the dreaming child has disappeared. There was only one reference to a ghost in all the infant school dreams, and the fairy dream was generally one of pure enjoyment.

At the age of five the child is the centre of the dream, and is rarely a passive observer. One child said: "I dream that a tiger came to our house and ate Mummy and Daddy and my brother and me, and I woke up and cried and said, 'It isn't true.'" On another occasion, after the King and Queen had visited Peckham, a girl of five said of her dream: "A lady was sitting on my bed, and the King and Queen were under the bed eating bread and butter, with a lot of ladies with them." A tragedy was the subject of the dream of another child: "Someone came and took our white baby and left a black one."

It is recorded that children in poor districts dream far more about toys than those in the well-to-do places, while there is apparently no connection of dreaming with intelligence, for dull children dream quite as much as bright ones.

LORD, HAVE MERCY.
 "Lord, Have Mercy," is Caruso's newest Victor recording. It is on Record 88599 and in rendering it the great tenor surely surpassed himself. It is a wonderful piece of music, wonderfully sung. It can be had on request at Heintzman Hall, 68 St. Paul St.

A SPRING TONIC GREATLY INCREASES YOUR EFFICIENCY

Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves.

The good old fashion of taking a tonic in the springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. No matter how mild the winter it is a trying time, even in the most favored climates, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny, summer months, and grow increasingly pale as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands at this season of the year.

You can not be energetic if your nerves are frayed or shattered. You do not get refreshing sleep at night to get a tonic at this time to add to save you from suffering later on. And in all the realm of medicine there is no safer or better tonic than Dr. Williams' Pink Pills for Pale People. These pills make new rich, red blood of the body strengthening jade and bringing a feeling of new strength a spendent men, women and children.

CURED BILIOUS HEADACHES.
 Mr. D. C. McClure, Hefley Creek, B.C., says: "As a spring tonic I know of nothing else that can equal Dr. Williams' Pink Pills. Last spring I felt weak and run down, and suffered a great deal from bilious headaches. I got a half dozen boxes of Dr. Williams' Pink Pills, and after taking them I felt like a new man. The last headache from which I suffered had disappeared. I had a better appetite; and was in every way stronger and better than before I began the use of this medicine. Almost everyone needs a tonic in the spring, and for this purpose I can strongly advise Dr. Williams' Pink Pills."

NEVER FELT SO WELL.
 Miss Beatrice Bishop, Fendale, N. B., says: "I have never felt so well as I do since taking Dr. Williams' Pink Pills. When I began their use I was very much run down. I had no color, no appetite, could not go up stairs without stopping to rest on the way. I had frequent headaches and a feeling of despondency. I took Pink Pills regularly for about eight weeks and while I felt a benefit from them almost from the first, at the end of that time I was in better health than I had ever enjoyed before. I freely give you permission to publish this letter as my experience may be the means of pointing the way to new health to some other weak and run down girl."

GAINED WONDERFULLY.
 Mrs. Herbert Hanson, Lower Hainseville, N. B., says: "I have the very highest regard for Dr. Williams' Pink Pills. Before I began their use I suffered greatly with sick headache, dizziness and a feeling of depression and tiredness. A short treatment with the pills fully restored my health. My daughter Blanche was suffering from anaemia, and through the use of six boxes of Dr. Williams' Pink Pills gained wonderfully in weight, strength and general health."

CORONERS INQUEST

Coroner (Dr) Jory and a jury composed of P. Wilson, N. H. Dyer, G. A. Jones, J. W. Johnston, W. H. Drysdale, T. Dow, R. Foster, A. N. Lindsay and A. E. Durham, opened an inquest this morning at McIntyre & Sons Undertaking Establishment, into the death of the young Greek Sarafin Steffo, who lately attempted suicide by taking a dose of Phosphorus. After the usual custom of viewing the body, an adjournment was made until Monday at 8 p. m., at the Police Station. The Coroner gave permission to inter the body which will be done by a number of his fellow countrymen in Victoria Lawn on Sunday.

CONDITIONING HORSES

Must Start Four to Six Weeks Before Spring Work Begins.

Time Now to Build Horses—How to Construct It, Ventilation and Watering Most Difficult Problems. Injure Early Vegetables.
 (Contributed by Ontario Department of Agriculture, Toronto.)
 THE experienced farmer knows the importance of having his horses in the best possible condition to stand the strenuous work of spring. Upon his horse power depends, in no small degree, his success in getting his seed sown early in a well-prepared seed bed in the proper time to bring best possible returns, for early seeding and a deep, seed-bed mean more bushels in the granary in the fall.

The actual practice of conditioning for spring work should commence from four to six weeks before the land is likely to be ready for the plough or cultivator. All changes in feeding should be made gradually. Straw in the roughage ration should gradually be replaced by portion of roughage and hay. A full feed of concentrates is being fed. Careful feeders generally save their best hay for the spring work. The horse that has been getting little or no grain for the winter immediately put on a full ration. Commence with a small feed, say half a gallon of rolled oats or, at most, twice per day and gradually increase this as spring draws near until the horse is approaching full feed. While the horse is still idle the percentage of roughage fed to the whole ration may be continued large. That is, a full feed of concentrates is not necessary until work begins but something approaching a full feed should be reached just before seeding opens. Once hard work begins the grain or concentrate ration must be gradually increased and the roughage proportionately decreased. The more severe the labor the smaller the proportion of roughage and the larger the proportion of concentrates should be fed. From eight to fourteen pounds of oats per day, according to weight of animal, should be enough for the average farm horse just before seeding starts and something in the neighborhood of one pound to one and one-half pounds of roughage per 100 pounds of the animal's weight should be fed. Regular cleaning is important as it aids shedding and improves the coat of the animal. As the feed is increased so should the exercise be increased. Farm teams should be hitched daily during the "conditioning" period that their muscles become hardened and that their shoulders gain the power of resistance to prevent galls and sore later on. Preparation for the spring work should be a fleshing and hardening process, and it cannot be accomplished without good exercise and regular light work in harness. When heavy work begins, gradually increase the grain feed up to from ten to eighteen pounds daily according to the weight of the horse and the hay to such an extent that the animal is getting a total ration of grain and roughage of from two to three pounds per hundred pounds of the animal's weight, depending on condition and amount of work done. Always give plenty of pure water, mostly before feeding grain if possible.—Prof. Wade Toole, O. A. College, Guelph, Ont.

HAS A BETTER APPETITE.

Mrs. M. D. MacLeod, Caledonia, P.E.I., says: "I have used Dr. Williams' Pink Pills as a spring medicine with satisfactory results. Before I began their use I was subject to weak spells, but those have now disappeared. I find that my appetite is better, and I have very confidence in your pills as a blood builder."

STRONG AND WELL AGAIN.

Mr. H. H. McKeelvey, Orono, Ont., says: "My experience with Dr. Williams' Pink Pills has been of the most favorable kind. At the time I began their use I was so weak and run down that I could hardly go about. My stomach was also out of order and the food I took did not seem to do me a bit of good. Then Dr. Williams' Pink Pills came to my rescue, and under their use my stomach grew better, my general health improved, and I was soon as healthy and vigorous a man as I had ever been. Dr. Williams' Pink Pills, with the use of Pinklets as a laxative when needed, is now our family medicine, and we would not be without them."

BUILD UP YOUR BLOOD.

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are, for this reason, an invaluable remedy in diseases arising from bad or deficient blood, such as anaemia, rheumatism, neuralgia, pains in the back or side and the after-effects of influenza or fevers. If you are suffering from any troubles due to weak, watery blood, or shaky nerves, a fair use of these pills will restore you to full health and strength. Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

POLICE COURT

Roman Babyan charged by License Inspector King with selling and having contraband liquor in his possession, was sent to jail for six months.

 An encounter between two Chinamen which almost led to a stabbing affair was dismissed because the complainant failed to appear and prosecute.

Knighthood Not in Flower
 By H. F. GADSBY

Knighthood—for Canadians—is not in flower these days. There is reason to believe that Mr. Nickle's anti-knighthood resolution, when it comes up—if it ever does—cannot be headed off as it was last time, by a peevish part-of-confidence bluff on the part of Premier Borden. As a matter of fact want of confidence in Union Government is not an unknown quantity throughout the country and therefore Union Government would be ill advised to take chances with want-of-confidence motions. It is just conceivable that Parliament might take Premier Borden at this word and job him and his associates off the job. Above all Union Government should avoid risks with the knighthoods. The world has just been made safe for democracy and this country is more than ever confirmed in its opinion that the tin pot stuff is no good. Rumor has it that there are still some snobs in Canada who would like to be knights some day, but considering that there are about eight million other people who are opposed to

RADIAL TO BE BUILT AT ONCE THROUGH HERE

The Ontario Hydro Commission has made formal request to the Government for an order-in-Council authorizing immediate beginning of construction work on two Hydro Radials—one from Toronto to Bridgeburg, the other from Toronto to London.

In connection with the construction of Hydro Radials, a bill is to be submitted to the Legislature to amend the Radial Railway Act of 1916, which prohibited the construction of radials during the war.

The two radials which are to be built will have a total mileage of 215 miles. It will cost \$26,000,000 to construct the two lines, the road to London costing \$15,000,000. The line to Bridgeburg will run via Hamilton and St. Catharines, and the road to London will be run via Guelph and Stratford.

This country does not like the Knights. It likes the nights so little that many of us seek to add to the days by stealing an hour for the summer months. Even at that, Canada has more knights than days in the year. The average Knight is as puffed up as a bar-room fly. He is egotistical. As the poet says, the Knight has a thousand 'S—Sir Thomas White for example—the day but one. The Knight does not fit into our democracy. He is indeed a serious menace to our life as a nation. He has only one eye in Canada—the other is on the title givers in England.

I am instructed that the Mother Country has run out of K.C.M.G.'s, K.C.P.'s, K.B.'s and other big potatoes for the colonials, and all that she has on hand now is O.B.E.'s which is the mere spinach of aristocracy and not worth having. That being the case we can very well cut the Knights out of it. It will be for the good of our national health to say good-bye to titles which are a disease of democracy—the symptoms pride, conceit, and vanity, the three grand divisions of the social L. The rich men want to pose as gentlemen, while the officially great want to pose as persons of imperial significance. The rich man wants the stamp on his dollars, while the bigwig wants the same stamp on his mediocre talents. It is the weak spot of democracy that we are all so fond of equality that everybody wants to be an inch higher than everybody else. We have proclaimed equality and have thereby declared the rights of the envious. This country has many second-rate ambitions that would fain be esteemed first. Such is the philosophy of this curse of Knighthood.

The present status of the title problem in Canada is this: No more hereditary titles are to be granted. Hereditary titles now held in Canada are to expire with their present wearers—so far as Canada is concerned. Of course if Sir Joseph Flavelle wants to take his baronetcy to England and live in a part of the world where baronets have long been a feature of the social scenery there is no reason why that baronet dynasty shouldn't go on forever like a string of sausages. But if he stays here the son and heir will be plain Mr. with no trimmings. Even in England titles will not be safe very long, because there is a sort of Bolshevik reaction against this arrogant feudal anachronism in a world which has fought a great war and upset two dozen kings. It is a safe bet that twenty-five years from now—the Labor party making head—the man who calls himself a Lord in England will look foolish and the one who calls

himself a knight in Canada a dismaying sight more so. At all events we have seen the barons and the baronets. We were never in great danger from them because the titles usually cancelled themselves—the Downing Street policy being to put the barons in as far as possible. Now that our barons has stamped them out also we can be pretty sure that we shall no longer be troubled with the nuisance. Of course we have only three in captivity at present—one, Lord Aylmer on a fruit ranch in British Columbia, and two, Lord Shaughnessy and Lord Atholstan in Montreal, and Lord Atholstan has in time past a profane wish to be a golden eagle in the C.P.R. division and Lord Atholstan is as good as the absent being Graham bred. We can't forgive them.

The baronets we do not forgive so readily because—well because as a class they are responsible for Sir Joseph Flavelle who has so annoyed his bacon profits with prayer that we are a little sick at the stomach. Sir Joseph's special brand of prayer gets all other baronets in wrong. As consumers we don't mind being annoyed—we're used to that—but we hate to be gassed at the same time.

However, as I said before, barons and baronets are stretched from one hundred and fifty actual titles to many more yearning. Parliament ought to do something about it. The session—something to scotch the good Knighthood has been a thing to escape in Canada. What will New Year's honor lists, King's Birthday honor lists and Dominion Day lists, the calendar is more crowded with winter Knights, Spring Knights, and midsummer Knights. The only nights we can call our own are spangled with stars. Even the jewelled firmament had got the habit—and gone in for decorations.

The Who's Who, and What For of Canadian Knighthood would be a jest book to make a dog laugh. One old boy, as I remember, got it by playing a royal flush. His specialty was consumptive sanitariums. The first one he called, the King Edward Sanitarium, the second the Queen Alexandra Sanitarium, the third the Queen Mary Sanitarium, and he was just about to fill his hand with a King George Sanitarium when Knighthood trumped in and stopped the game.

CRITICISMS ON FINANCING ARE ANSWERED

Manager Yates of Public Utilities Presented Statement Regarding Financial Post Editorials to Commissioners on Wednesday.

The following statement regarding the criticisms of Hydro Electric Financing and of the Clarkson report on the accounting of the Hydro Electric Power Commission of Ontario was presented to the Public Utilities Commissioners by Manager Yates at the meetings of the Commission on Wednesday evening and was approved by the board:

The March issues of the Financial Post contain several severe criticisms of Hydro Electric financing and of the Clarkson Report on the accounting of the Hydro Electric Power Commission of Ontario. This is of special interest to the citizens of St. Catharines, as the report made in 1917 by the City Auditor, Mr. Jamieson, is used as the terrible example of the Accounting System. Apparently the Financial Post has not observed that the criticism given by Mr. Jamieson is not a criticism of the accounting system used by the Hydro Commission of Ontario in its own book-keeping covering the entire Provincial System, but is rather a criticism of the Municipal Accounting System drawn up by the auditors of various Hydro Electric Municipalities and enforced as a standard by the Hydro Electric Power Commission of Ontario. It would appear that the Post either is not acquainted with this fact, or else they are trying to make a presentable article out of several unrelated items.

THREE PREMISES.
The Post judges that the report is made for public consumption and not for comparison by an auditor, and then satisfies itself that the Hydro system of accounting is "damnable" and that power is sold at less than cost, making its conclusion from three premises.

Its first point is that the report is only to the end of the fiscal year of the Commission, that is October 31, 1917, and leads one to believe that any further investigation might be dangerous to the Commission. Of course, if the Auditor had waited until the report, up to October 31, 1918, had been completed and printed, the Post would have blamed the Hydro again with withholding the report for another session. In this connection I know that the report is completed for 1918, but I cannot say whether it is in the printer's hands or not.

The first point is that no sinking fund has been charged against the Municipalities during the first five years of operations. This is in accordance with the agreement with the Municipalities, and in accordance with the Act, but the Post interprets the Act as meaning that this Sinking Fund is to be charged to the Municipalities during the first five years, but the Municipalities are not required to pay the same until five years have expired. The Commission's interpretation of the Act, and the one which is accepted by the Provincial Government, is that the Sinking Fund is to be completed during the last 25 years of the 30-year debentures, meaning merely a higher rate of Sinking Fund over 25 years rather than 30.

REPORTS COSTS.
The second big point is that the Province has expended, through the Commission, over \$1,100,000 during the years of operation of the Commission, practically all for engineering information of some character. This is no mystery as it was reported in each Annual Report by the Commission, and includes expenditures on the part of the Commission covered by an annual grant of the Provincial Government to make water or power reports for the Province, such as stream flow data, reports on power developments, power supplied to different Municipalities, Hydro Radial investigations, and various other reports in accordance with the Government Acts and instructions. These activities of the Commission are similar to the activities of the Agricultural Department or some other Department of the Government as an aid to the industrial life of the Province. The Clarkson Report does not uncover this; the Clarkson Report merely tabulates these expenditures during all of the years of operation of the Commission, while the Annual Reports of the Commission merely give this expenditure from year to year.

It may be stated, in this connection, that where these investigations of the Commission result in construction of water power development or a dis-

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again. "FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.
"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.
The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.
I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".
LORENZO LEDUC.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

tribution system for a municipality or a district, these costs are then transferred from the Provincial Account to the cost of development, being then paid by the municipality or the district served.

MUNICIPAL SYSTEMS.
The third large point made is that there is no report made on the Municipal accounting systems, brought to the front by the Auditor's Reports in Hamilton and St. Catharines. Naturally, nothing is being said about this feature as the report, which has been tabled in the Legislature, merely covers Clarkson's Report on the financial operations of the Provincial Commission, and would not include the investigations on the Municipal accounting system independent from the main investigation. This Report, I know, has been completed because I have read it, and being made, I understand, at the request of the Provincial Commission, is now probably in the Provincial Commission's hands, possibly to come out in their 1918 Year Book.

From the issue of March 22nd I will quote as follows:
"Common business sense demands that sinking fund charges should be set aside every year. If the Hydro has not made proper allowances, and the investigations at Hamilton and St. Catharines have indicated that it has not—eventually and inevitably the bill must be paid by someone, and that someone is the general taxpayer of the Province."

Anyone reading this would assume that St. Catharines has not been paying Sinking Fund charges. As a matter of fact, St. Catharines has paid to the Provincial Commission all charges for Sinking Fund from the date the Provincial Commission made its expenditure for St. Catharines. The success of the local System permitted payment of all charges for St. Catharines Debentures which were issued for the construction of the local System. St. Catharines is not in arrears one dollar for Sinking Fund or interest either to the Provincial Commission or to the City Treasurer.

The criticism of the Financial Post, when analysed, appears to be an effort to support their own case with very little material.

NEW ZEALAND SOLDIERS VOTE "WET"
London, April 12.—The New Zealand soldiers in Great Britain have voted on the question of prohibition in New Zealand, as follows: For prohibition 3,950, against prohibition 15,880.

LOYD GEORGE TO SPEAK
Part. April 12.—Premier Lloyd George will end the uncertainty of his position Tuesday with an important speech, in which he will reveal his alignment with President Wilson.

POULTRY IN DEMAND.
Just now there is a strong demand for live poultry. Next week the Jewish holiday commences, and during the eight days Jews live exceptionally well. Poultry constitutes a large portion of their diet, and as they are obliged to have the chicken, rooster, or duck killed by a rabbi, the demand for live poultry just now is far above ordinary requirements.

They Lie in France where Lilies Bloom

By Percival Allen.

They lie in France
Where lilies bloom;
Those flowers pale
That guard each tomb
Are saintly souls
That smiling stand
Close by them in
That martyred land.
And mutely there the long night shadows creep
From quiet hills to mourn for them who sleep,
While o'er them through the dusk go silently
The grieving clouds that slowly drift to sea,
And lately round them moaned the Winter wind
Whose voice, lamenting, sounds so coldly kind,
Yet in their faith those waiting hearts abide
The time when turns forever that false tide.

In France they lie
Where lilies bloom
Those flowers fair
For them made room
Not vainly placed
The crosses stand
Within that brave
And stricken land;
Their honor lives,
Their love endures,
Their noble death
The right assures.
For they shall have their hearts' desire.
They who, unflinching, braved the fire,
Across the fields their eyes at last shall see
Through clouds and mist the hosts of victory.

—New York Times.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!
A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.
Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

mandment.
Sabbath School, 3 p.m.

NATURAL GAS APPRECIATED MOST WHEN GONE

WEATHER
Fresh southwest winds with local showers Saturday fair and mild.

The demands for natural gas are now greater than the available supply. Food and trees can be grown. Water supplies are constantly replenished by nature, but there is no regeneration in natural gas, and when the gas is exhausted it is gone forever.

We know that nature's process was a very slow one. It has taken millions of years to make the present concentrated supplies, and even though gas should be formed in some parts of the earth's crust, the rate of formation will be so slow as to make such new gas pools of no interest or economic value for centuries.

The use of natural gas is not an inalienable right but a privilege enjoyed by about 15 per cent. of our entire population in Ontario, used in a most extravagant and wasteful manner with no regard for the future and not appreciated until it is gone.

Although Natural Gas is Cheap, do not waste it—the Supply is not Everlasting.

THE UNITED GAS COMPANIES, Limited.

LOCAL ITEMS

We buy everything you want to sell. McGuire & Co.

The following soldiers of this city and Niagara District have arrived at Hall's by the troopship Lapland and are now proceeding to their homes by special train:

Lieut. C. B. Dawson, Spr. R. R. Hewson, Spr. S. T. Jeffries, L.C. W. Johnstone, Spr. Kyle Corp. A. H. Lowther, S. MacBeth, J. W. McLean, and T. J. Ryburne, all of this city; Lieut. D. A. R. Rogers, Niagara-on-the-Lake; H. M. Drummond, Beamsville; B. Birbeck, Thorold; Corp. D. Jeffrey, Merriton; A. Cornfield and R. E. Potter, Niagara Falls.

We buy and sell everything. Bowen's, 31 Niagara St., corner Church and Niagara St. Phone 1088. a 17

Before leaving for St. Catharines, Miss Ethel Newhouse paid a farewell visit to all her friends in Wellandport.

Choice cut flowers, potted plants and floral designs, at all times, at Walker's, Florist, 104 St. Paul street Phone 763. a 17

Mr. and Mrs. W. Sutherland of St. Catharines were visiting friends, Wellandport, last week.

Kindly remember the Easter offering for Orphans Home which will be taken up at all Public Schools, Tuesday afternoon, April 15th. All articles of food acceptable. a 12-14.

Mr. Stewart Steele of the Sterling Bank, Fort Erie has been transferred to the branch office in Port Dalhousie.

Mr. Stanley Adams of this city has lately been visiting friends at Fort Erie.

A young man named Fraser Scullen lately lost two fingers off his right hand while working in a varnish factory, at Fort Erie.

The choir of Knox Church, from this city will give a service of praise in Welland on Monday evening, April 14. Gounod's Messe Solennelle will be the work of the evening. Soloists assisting the choir will be Mrs. Harold Hamilton (soprano) of Hamilton; Mr. Ridley Hallman, (tenor) and Arthur Blight of Toronto, Canada's leading baritone.

Mr. George Boneberg of Humberstone, was in the city lately visiting Mrs. A. Knoll who is convalescing in the Hospital here.

Mrs. Arthur O. Haist, of Ridgeville, has been in the Hospital here, has returned to her home in good health.

A census shows about 417 Catholic children of school age in Welland, of whom about 300 attend school. A new separate school will be ready for occupancy about Sept. 1st.

George Boeckler, a resident of Welland with mysterious surroundings and Hun sympathies, who is reputed not to have worked for over a year has been arrested and will be sent to Ottawa for an inquiry into his doings.

A Government Labor Bureau is to be opened in Welland at an early date.

It is stated that definite information from New York has reached this city, that at dawn on next Monday morning, one, or perhaps two of the ocean Aeronauts, will leave Cape Race Newfoundland, to fly across the Atlantic to the west coast of Ireland.

By order of the County Judge who has the reputation of being very punctual, the clocks in the County Buildings were moved on to daylight saving time at noon today.

Passion Week services in Welland will be held next week in connection with the Presbyterian, Baptist and Methodist congregations. On Monday night in the Baptist church, Rev. Dr. A. Martin, of St. Paul's Methodist church St. Catharines, will preach Wednesday, Presbyterian church, Rev. F. W. Stewart, Baptist Church, St. Catharines, Good Friday morning at 11 a. m. in the Methodist Church, Rev. J. D. Cunningham.

The funeral of the late John McMahon took place yesterday afternoon from the family residence, 8 Wellington Street to St. Catharines R. C. Church where Rev. Father Mogan chanted requiem mass. The remains were interred in Victoria Lawn Cemetery, the pall bearers being: James Howe, Chas. Chapman, D. E. Leo, W. Bradley, P. Flynn and T. Phelan.

The following St. Catharines men have reached the Atlantic seaboard on the S. S. Saturnia: J. Wicket, A. L. Upper, R. L. Loosemore and D. Radford.

Mr. Lamson, the newly appointed Assistant City Engineer, will assume his new duties on Monday morning. He succeeds Mr. Fleming who has gone to Owen Sound as Engineer of that place.

A GOOD MEDICINE FOR THE BABY

Nothing can equal Baby's Own Tablets as a medicine for little ones. They are a laxative, mild but thorough in action, colic, colds and simple fevers. Once a mother has used them she will use nothing else. Concerning them Mrs. Saluste Pelletier, St. Damas des Aulnaies, Que., writes: "I always keep a box of Baby's Own Tablets in the house. They are the best medicine I know of for little ones and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BUFFALO FANS ANXIOUS TO SEE FLEMING

Buffalo, N. Y., April 12.—In casting about for a suitable opponent for Elmer Doane, the Buffalo featherweight who has graduated into a light weight of pretension, the Queensberry Athletic Club is inclining towards Frankie Fleming, the Canadian champion. And if a match can be made bringing the Dominion star together with the local favorite, it will mean a bout worth while. Fleming has never tried his luck in a Buffalo ring, but more than one of the local camp during the last few years has crossed into the Dominion to meet him and returned a sadder

A FRIGHTFUL DEATH SUFFOCATED BY ASTHMA

The Dread of Such an Unhappy End Oppresses Every Sufferer Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhzone, which cures Asthma after hope is abandoned. It's because Catarrhzone kills the asthma germ that it cures. Choking spells and labored breathing are relieved, suffocating sensations and loss of breath are cured. Every trace of asthma is driven from the system, and even old chronic experience immediate relief and lasting cure. Equally good for bronchitis, throat trouble and Catarrh. The large one dollar outfit includes the inhaler and lasts two months; sold by all dealers or from the Catarrhzone Co., Kingston, Canada.

SPEECHES WILL BE DELIVERED IN VARIOUS LANGUAGES
COMMITTEE

enthusiasts have asked for a local appearance of their greatest glove champion. Aside from local victories Fleming has proved himself against the best which the United States has sent against him, both in Canada and in the American boxing centers and a meeting with him would be a terrific test for the east sider.

Knocked Leonard Out Twice. Fleming has always been a great boxer, even from the days when he was just entering the featherweight ranks, several years ago, and before he had taken on the poundage that is sending him against the lightweights these days. No other than Benny Leonard, the present lightweight champion, would probably be just as well pleased if Fleming had never entered pugilism. Two bad blotches on the Leonard record were put there by Fleming, who, in 1912, knocked out Freddy Welsh's conqueror in seven rounds and two years after, 1914, when the Harlemitte was getting dangerous, Frankie repeated the trick in five rounds. Thereafter Leonard permitted Fleming to roam in peace.

Strong as Doane is going today it may be that he can do better against the Canadian star than his predecessors from this city, but no matter which scored the victory it would be a sizzling glove contest.

Come Mother, This Castor Oil Is What You Need---Don't Cry!

If you, mother, had to swallow the awful dose--- Think back to your childhood days---Ugh! Give your children Cascarets instead. Cascarets taste like candy. Every child loves to take a Cascaret. Besides Cascarets act better on the little liver and bowels when the child is bilious, constipated, feverish and sick. Cascarets are delightful---harmless---cheap!

Each 10 cent box of Cascarets, the pleasant candy cathartic, contains directions and dosage for children aged one year old and upwards. When the little one's tongue turns white, breath feverish, stomach sour, there is nothing better to "work" the nasty bile, souring food and constipation poison from the child's system. Give Cascarets, then never worry.

CLEVELAND TRACTOR

The Cleveland emphatically made good under the strain of wartime conditions. The ever increasing use of the Cleveland Tractor is proof of this. And that it is being more and more widely recognized as a labor saver and a money saver is evidenced by the increased demand for Cleveland Tractor representation from implement dealers, motor car dealers and dealers in allied lines from all parts of the country.

St. Catharines, Ont., March 1, 1919.
International Garage, City.

Gentlemen:
In reply to your inquiry regarding my Tractor would say that since purchasing same, last Summer, I have had it in almost continuous use since that time. Before buying a Tractor I attended a number of demonstrations and investigated to my own satisfaction the merits of the various Tractors that are on the market, finally purchasing the "Cleveland" in preference to any other make, and I am pleased to say that I am entirely satisfied with the results I have obtained.

In writing this letter it is only fair to state that I have no axe to grind. I am simply a farmer, who, having a good thing, am willing to pass the word along, and I am certain that it will only be a short time before you will have a number of customers who will be just as well satisfied with their "Cleveland" Tractors as I am with mine.

Wishing you every success, I remain
Yours very truly,
Geo. Goffin,
Manager of Martindale Farm

International Garage,
St. Catharines, Ont.

Gentlemen:
After seeing the Cleveland Tractor pulling 3, 10 inch Plows on my Farm, upon which a horse could not work on account of the wet condition of the soil, I came to the conclusion that beyond a doubt, the Cleveland was the best all-year-round Tractor on the market. I have absolutely no trouble whatever.

Wishing you success, I am,
Very truly yours,
Norman Counsell.

March 26, 1919

The Cleveland Tractor

International Garage,
St. Catharines, Ont.

Gentlemen:
Having operated a number of Caterpillar Tractors in the West, prior to the War and having seen the work of the Whippet Tanks in different places, I decided that when I went back to farming I would buy a Tractor. Upon investigation I found that the Cleveland Tractor "filled the bill" thoroughly; I purchased one, and believe that it is the easiest Tractor to learn to operate, on the market.

Very respectfully yours,
Capt. R. Ansley.

April 10, 1919

International Garage,
City.

Gentlemen:
During the past season I have operated one of your Cleveland Tractors, satisfactorily. One of my "small" jobs was pulling out 1080 Peach Trees. I also ran a Road Scraper which would under ordinary conditions, have taken 6 horses. I have filled Silos and found the Tractor exceptionally good on Belt work.

I am so well pleased with the Cleveland Tractor that I purchased one for my Farm.

I can recommend the Cleveland to any prospective buyer.

Very truly yours,
W. L. Furlinger.

April 11, 1919

Mr. Rolin H. White, the well-known automotive engineer, designed the Cleveland Tractor. It is built under his supervision. It does the things a farmer expects of a tractor—plowing, harrowing, sowing, reaping, hauling, stationary engine work and all the hundred and one other things formerly done by horses and stationary power. By travelling on its own endless tracks the Cleveland goes practically anywhere—over practically any kind of ground—without slipping, miring or packing the soil.

The Cleveland Tractor has demonstrated its ability to do successfully any work expected of a tractor. Its special ability to work over the soft plowed ground in the preparation of the seed-bed gives it an added advantage—and an added selling value. This advantage is due solely to the distinctive track laying construction of the Cleveland.

There are three principal features about the Cleveland Tractor.

First—The construction will permit the Tractor to work through the soft

spots found in almost every field in the spring of the year.

Second—It will allow the turning of the Tractor in the smallest possible space.

Third—It has economy of operation.

Fourth—Owing to its low construction it is especially adapted for work-

ing under small fruit trees found in the Niagara Peninsula.

It is an all-purpose machine that does a wider range of work than is possible with other types. It plows, harrows, sows, reaps, does hauling of all kinds and in addition does a vast amount of stationary engine work.

The Cleveland Tractor

It carries, lays down and picks up its own endless tracks like the giant "tanks" on the European battlefields.

It can travel almost anywhere. There is practically no limit to the variety of work it does.

The Cleveland is only 96 inches long, 52 inches high and 50 inches wide. It weighs less than 3200 pounds. With a traction surface of about 600 square inches there is a pressure of only five pounds to the square inch. It goes over plowed ground without packing the soil.

In spite of its small size it develops 12 horsepower at the draw-bar and 20 at the pulley. One man operates it. It steers by the power of its own engine and will turn in a twelve foot circle. It can be housed in less space than is required for a single horse.

TELEPHONE MERGER HELD UP BY HOLDERS

Chippawa Subscribers Insist That They be Brought in With Welland County Company.

Bridgeburg, Ont., April 11.—The fact that Chippawa subscribers of the Welland County Telephone company insist that they be brought in with that company when the proposed merger of the Bell and Welland County lines takes place, is holding up permission from the Ontario municipal and railway board.

H. C. Small, secretary of the Board wired the officials of both companies here today that unless some arrangement is reached whereby the application of the Chippawa subscribers is met, the merger will be held up for the time being. Chippawa was to have been included in the Bell system, but wants to come in under the merged system here to be operated by the county telephone company.

G. A. C. ORGANIZE BRANCH AT FALLS

The Grand Army of Canada held an organization meeting at Niagara Falls last night, and the meeting was well attended, about 50 being present. President Sibley and Vice President Stinn from Lincoln Post No. 2 were present, and the following officers

were elected. President: Comrade W. Wright, Vice President: Comrade J. Hiscocks. Secretary: H. Elliott. Treasurer: G. Hiscocks. The Executive Committee elected were: Comrades Holmes, Bastaboi, Bucker, Guys, Cheshire, Beatty, Patterson, Shanton and Walsh.

Thirty five members were initiated and a large number of applications were sent in, and it was decided to name this Branch Frontier Post No. 6.

ENJOYER TORONTO BANQUET Ald. Riffie and Ald. Dakers returned this morning from Toronto delighted with the entertainment at the Army in that city, last night, to the returned men and their wives. Seen by The Journal this morning they stated that 3000 persons were present. The two St. Catharines Aldermen were placed with the Toronto City Council and Controllers at the banquet. Mrs. McGhie and Mrs. Vandusen also went over and enjoyed the hospitality extended. They learned a good deal that will be helpful to them in their forthcoming dinner to be given here.

"Four Chinese were gambling on Sunday"—newspaper heading. But no hint is given if the number of white men who were at the same work.

The Welland people are complaining because their city is not included in the latest cut rates announced by the Hydro-Electric. The five cities which will come under the preferred rate are St. Catharines, London, Woodstock, Hamilton and St. Thomas.

The city officials and many others in Hamilton are busy guessing what the C.N.R. intends doing about building their line of railway through that city to the Niagara river.

The captured U-Boats in possession of the U. S. will be allowed for exhibition purposes, to visit all harbors on the sea coast and on the Great Lakes which are accessible.

QUEBEC GOES WET BY OVER 100,000 MAJ.

Beer and Wine Referendum Showed Some Startling Turn-overs in Many Cities and Towns—Some Old Election Crises Raised.

Montreal, April 11.—(By C. P.)—The referendum taken in the Province of Quebec yesterday on the question of wine and beer licenses showed, according to early returns, that an enormous majority voted "wet".

The referendum was decided on by the Provincial Legislature to settle the future of the liquor question. In 1918 the Legislature passed a total prohibition measure to come into effect on May 1, 1919, for "the duration of the war". The war ended before the act could be applied, the Government compromised on the demands made from the liquor faction, who demanded a continuance of complete "wet" privileges, and those calling for the enforcement of the act by submitting the question of the sale of beer and wine alone to the electors. Some Old Crises Raised

Both liquor and temperance factions in the Province waged an energetic campaign, the former securing powerful support from a number of the most prominent men in Montreal. The Protestant ministers were unanimously in favor of complete prohibition, but the Roman Catholic priests did not support the "dry" proposals as a body. The strongest temperance organization in the Province, the Anti-Alcoholic League was split. A number of speakers in favor of wine and beer introduced the race and religious cry into their campaign, arguing that English-speaking people, Orangemen and Methodists of Ontario were anxious to see prohibition introduced as a blow to the French-speaking Roman Catholics, who needed wine for the sacrament.

No woman voted on the referendum. THE VOTE IN QUEBEC At 2:30 o'clock this (Friday) morning all estimates computed on returns so far received indicated that the Province as a whole polled over 100,000 majority for beer and wine.

The cities all went on record by large vote: Montreal (complete) by 57,147 majority; Westmount (complete) 1,342; Quebec (incomplete), 9,892; Three Rivers (incomplete), 2,751; Sherbrooke (incomplete), 1,576; Riviere du Loup (incomplete), 2,751; Sherbrooke 246; Hull City (complete), 1,485; St. John's (complete), 389.

The counties and rural parishes reported, with the exception of Lennoxville, Huntingdon and Richmond, all go heavily "wet". In eleven parishes reported, the "dry" did not score one vote, while in four others they secured only one vote. At least fifty per cent. of the voters went to the polls out of the 400,000 registered, and though all results are not yet in, the outcome of the voting is not in doubt.

How they voted: Riviere du Loup (incomplete) Wet Dry 63,654 6,507 2,172 Westmount (complete) 3,732 891 3,732 Three Rivers (incomplete) 2,259 680 2,259 Quebec City (incomplete) 11,530 1,638 1,638 Sherbrooke (incomplete) 1,553 940 1,553 Levis (incomplete) 1,130 184 1,130 Hull City (complete) 1,478 193 1,478 St. John's (complete) 1,342 351 1,342

The best rural spot reported last night for the "drys" was Huntingdon, and recorded 51 dry and 6 wet, while for the "wets" one reported from St. Piers Champlain is recorded as going 483 wet and none dry.

THE CANADIAN EXPRESS MEN ARE ON STRIKE

Unanimous Decision of Employees Was for Walk Out. St. Catharines Men as a Whole are Well Satisfied.

Toronto, April 11.—Acting upon the strike order of their national President, Mr. A. R. Mosher, local employees of the Canadian Express Company, embraced in the Canadian Brotherhood of Station Employees, went on strike last night. A meeting was held in Victoria Hall, where the local organizer, Mr. McPherson, presided, and discussed the issue with the three hundred-odd men who attended the meeting. Many of those present only became members of the union last night.

The meeting was a closed meeting and when it adjourned Mr. McPherson called the newspaper reporters in, and in the presence of the men gave a statement of the dispute and the attitude of the strikers. Many of

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Men feel all over...feels weak...feels nervous, irritable, gloomy...gets angry at little things that ordinarily would not be noticed...You feel tired mornings...Your sleep does not rest you...You feel nervous...You dream at night...Your memory is poor...You can't concentrate your mind...No appetite...You lose flesh...all run down...You can't understand why.

Men! Are You In Doubt

DR. WARD, SPECIALIST

As to your trouble? Have you some skin eruption that is "itchy", has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down hill steadily?

SYMPTOMS OF VARIOUS AILMENTS Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unrefreshing sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbar, dyspepsia, constipation, headache, loss of weight, anorexia. Dr. Ward gives you the benefit of 28 years' continuous practice in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.

NERVE EXHAUSTION. The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance for work...everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable...they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

OF INTEREST TO THE AILING MAN

28 years' experience and learning...28 years doing one thing and doing it well. Experimenting 15 years long past. I know! My success is due to system and direct methods. No delays...no waiting...no wondering. No weary months and years dragging along waiting for expected results. I make a fee for treating the patient as long as treatment is necessary. If I make you a fee of \$100 or \$250, it means that I will treat your case until you are dismissed. Consultation and examination free.

LATE SPORT NEWS

FULTZ LEAGUE NOW HAS EIGHT CLUBS IN LINE

Syracuse-Hamilton Franchise Awarded to Reading, Pa., and Season Will Open on Tuesday, April 30th.

Buffalo at Jersey City.
Toronto at Newark.
Rochester at Baltimore.
Binghamton at Reading.

Newark, N. J. April 12.—The International baseball league completed its eight-club playing circuit here today by awarding the Syracuse-Hamilton franchise to Reading, Pa.

Mayor Edward H. Filbert of Reading and a syndicate of business men secured the franchise by purchase, but President Fultz did not name the purchase price.

The Newark franchise was awarded to Pat Donovan, former manager of the Syracuse, Buffalo and Providence teams. It was stated authoritatively that Donovan had obtained strong support from both local and non-resident capitalists. No names were mentioned, but Donovan said he would manage the team himself and the officials of the club would be announced after a meeting to be held here next week.

Old Federal League Park

The local club has leased the Old Federal League grounds at Harrison and will play the opening game of the season there against the Toronto team on Tuesday, April 30th. On the same day the other six clubs will begin the season as follows: Buffalo at Jersey City, Rochester at Baltimore and Binghamton at Reading.

The season's playing schedule, after some necessary changes had been made to suit the Reading Club, was adopted and will be published on April 21st.

St. Catharines soldiers who reached Halifax by the S. S. Megantic are Pte. A. Bush, W. W. England, C. W. Smith and Gnr. H. A. McIntyre.

BASEBALL GOSSIP

A wire from John McGraw yesterday said that outfielder Bill Holden was going to Baltimore with the Giants and that he would leave there on Saturday for Toronto. Holden did not play last year being in the U. S. army, but is in good shape this spring and Manager Gibson expects a lot from him.

Presid. McCaffery left for New York last night to attend a meeting of the International League.

Governor Berkman of Rhode Island has signed the bill legalizing Sunday baseball. It became operative at once.

Ed. Rousche, outfielder of the Cincinnati National, has given out a statement declaring he would remain on his farm unless he gets what he asks.

Hamilton Spectator: Shaughnessy has signed an outfielder named Hay, who is over six feet tall and hits 'em a mile. With six feet of Hay in the outfield, there is going to be many a lost ball. Hay's name is Timothy and the directors are going to reject the first roster who pulls the time-worn joke about his mother being a grass widow.

President B. F. Moulton of the Providence club went to the Eastern League meeting at Springfield, Mass., yesterday prepared to buy a release of that club as a certain group of men wished the Greys to enter the International League. The directors made it known that no such proposition would be considered, and if the present controllers in the Rhode Island franchise did not wish to go on, others interested in the merger would take over the affairs. Moulton decided to allow things to go on as last season. The directors formed an eight-club circuit: Worcester, Providence, Bridgeport, N. H., Haven, Hartford, Springfield, Waterbury and Pittsfield. It was voted to open the season May 14, and close Labor Day. Pittsfield, the newcomer to the circuit, was granted the franchise last season by the New London team.

ANAEMIC PALENESS QUICKLY CHANGED TO ROSY CHEEKS

Chlorosis or anaemia is simply thinness of blood.

If confined too much indoors, anaemia develops, because the lungs are insufficiently supplied with oxygen, and the blood is consequently ill-nourished and half-starved.

But there is a cure!

Dr. Hamilton has solved the problem in his famous pills of Mandrake and Butternut; as a blood enricher their equal is not known.

All the functions upon which life depends are helped by Dr. Hamilton's Pills.

Richness and purity are instilled with wonderful promptness into the vital fluid.

Healthy color supplants the pallid, ashen face.

Better appetite, strong digestion and dreamless sleep, are sure to follow, because of the increased blood supply furnished by Dr. Hamilton's Pills.

Think it over.

Will it pay you to look and feel half-dead, to lack color and spirit, when all can be changed by Dr. Hamilton's Pills?

Better act at once.

Your case is a curable now than later on.

Dr. Hamilton personally guarantees his pills of Mandrake and Butternut.

Their merit is unquestioned.

Thousands of anaemics they have cured and kept well.

They will do just the same for you. Try Dr. Hamilton's Pills, 25c per box.

Incorporated 1855
PRODUCTION

Increased effort and efficiency in labor, more economy and less waste in living, building up capital by harder work and greater savings, will enrich you and your country. The men and women at home must produce more to cover war's waste.

It is easier to make money than to save it. A Savings Account at the Bank of Toronto will help save what your increased effort provides.

THE POSSIBILITIES OF IRRIGATION

Wheat on one of the Veterans' Farms, near Tilley, Alberta.

Wheat, of course, is the dominant crop there as it is in those areas of Western Canada where irrigation is not practised. Oats, barley and flax are also grown extensively. The yields of all these grains compare very favorably with those in any other part of the west. Crops of wheat this season that have been properly irrigated are averaging thirty-five bushels to the acre. Some crops will thrash as high as forty bushels for more to the acre. The yields of other grains are equally as good. Grain growing under irrigation brings ample returns to the farmer, especially when it is considered that uniform results may be looked for every year.

But, yielding such good returns as the growing of grain does, other crops that may be grown under irrigation are possibly still more profitable, and it seems reasonable to suppose that in years to come the growing of grain in districts where water is available will be to some extent superseded to enable larger areas to be put into other crops. Land that will produce up to seven hundred bushels of potatoes, of a quality that brings the best prices, on which peas, of the most desirable kinds, yielding forty to sixty bushels to the acre are being grown, where sugar beets of high sugar content thrive, where pumpkins of enormous size

plowed up gives considerably larger yields. It makes possible the development to the highest degree of the live stock industry. Horses, cattle, sheep and pigs all like it. Combined with oats, barley, the clovers and grasses which grow abundantly in Southern Alberta, alfalfa enables the irrigation-farmer to give his stock the best balanced food possible. He is thus able to get the most milk from his cows, the most wool from his sheep, and to have his cattle, pigs and lambs ready for market in the earliest possible time. No wonder there is prosperity wherever alfalfa grows.

The advantage to the farmer of a great diversity of crops cannot be too greatly emphasized. He is able to make his plans for the future with greater certitude. He can devote his chief attention to crops that remunerate him best. He is not greatly influenced by the fluctuations of the markets, and when any of his products are down others are likely to be up. It thus makes for greater stabilization of his efforts, and assures him of a regular and steady income year after year.

J. C.

wrestling match between Wladick Zbyszko and Dr. Roller ended twenty-five minutes of fast wrestling here last night, when Zbyszko, getting a headlock on Roller, lifted him high in the air and dropped him: Roller falling on his head and severely injuring himself. The referee refused to let the bout continue.

On the Screen

AT THE GRAND

"PARLOR, BEDROOM AND BATH"

That famous festival of fun, "Parlor, Bedroom and Bath," one of the most successful A. H. Woods' farces in years will be presented at the Grand Opera House on Saturday, April 19th, for an engagement of matinee and night, direct from a year's run in Chicago and New York. It comes to the Grand direct from its overwhelmingly successful engagement of seven months at the Republic Theatre, New York, where it proved one of the most popular farces in recent years. The play is in three acts and is the work of C. W. Bell and Mark Swan. It contains what Mr. Woods believes to be one of the most novel plots ever embodied in a comedy.

The play has been staged with Mr. Woods' usual elaborate care and good taste. A splendid company of faces has been chosen to interpret the play.

AT HIPPODROME

FROM THE NOVEL "K"

Why should a famous physician suddenly sacrifice friends, fame and fortune... disappear to hide his head in shame from his fellow practitioners? What reasons are powerful enough to cause him to thus give up the benefits that came as the result of a lifetime's endeavor?

"The Doctor and the Woman," the jewel adaption of Mary Roberts Rinehart's powerful novel "K" tells the story of the physician's predicament. Photoplay patrons who attend the Hipp. Theatre, will have the opportunity of seeing it when the management of that Theatre present it on Wednesday and Thursday.

Of special interest is the fact that "The Doctor and the Woman" was directed by Lois Weber, whose recent

LEAH TEMPLE

In Booth Tarkington's comedy "Seventeen" which comes to the Grand Opera House, Thursday, April 17.

production "The Price of a good Time," created such a sensation in this community.

True Boardman appears as co-star with Miss Harris, enacting the role of "K LeMoine," the physician who seeks to hide himself from his fellowmen.

JAPAN MAN IS INTERESTED IN CANADIAN SOLDIERS

CURIOUS TO KNOW WHAT ACCOUTREMENTS ARE AND HOW THEY ARE MADE—NOTES FROM ST. KITTS MAN.

The following are a few extracts from a letter, sent by Rifleman Syd. Cheese, Somewhere in Siberia, to his parents, North Street, this city.

Dear Folks:—

Many thanks for your kind and welcome letter, which I received yesterday, Feb. 28th. I also received one from the Blighty folks same mail, yours having been post marked at St. Kitts, Feb. 5th and they, January 17th at London, England. Pleased to hear you are all O. K. Our platoon are at present guarding the British Consulate in the City of — but for a time we were guarding supply ships in the harbor of — stok, being assisted by marines from H. M. S. — and our platoon have the honor of being the first Canadians to undertake those duties. We are 12 miles from our barracks, and march both ways, not daily of course, but at intervals of two or three weeks. There are all kinds of buzzes flying around, one has it that we are going up the line, another that we are going home, but whatever happens we are fit and ready for any emergency. In fact our ideas are that we are the best equipped bunch in the universe, so with a will, "Let 'em all come", we should worry, and I must say this, that I feel proud of the fact that I am a member of such a good bunch. The Japs appear to be greatly interested in us Canadians, and our equipment. One of them came over to me one day, and asked, "Amelien? No, I say, Canadian? Oh! he says, "Pleety good fiends, fight like helly, England, Canada, Nippon, good fiends. Then he grabbed my hand and nearly wrung it off, invited me over to his Y. M. C. A. where a nice cup of Japan tea was made for me. They are very obliging to us, Their Y. M. C. A. can- teen is in a railway coach on a siding. Some of the Japs are very eager after our buttons, badges, etc., for souvenirs, to take back to Nippon. I gave one "clow a badge and button I had by me. In exchange he gave me, after having kissed them, a watch chain made by himself from horse hair, also a 1 yen note (50c) and a 10 and 20 sen note (5 and 10 cents) and I had a few Canadian articles and coins, I could have filled my kit bag with souvenirs in exchange. But what their interest seemed most centered on, was our trenching tool handles, which are worn in a strap fixture, attached to our bayonet, scabbards, and I believe quite a new invention. When I showed some of them the pick and shovel attachment, and demonstrated its utilities, they were indeed ardent in their exclamations. All shouted in a chorus, "Good velly good!" and then asked, "England? meaning was it an English invention. I said it was. I guess we are the only bunch here, that carry them, so their wonder at it is excusable, for the handle next our scabbard, looks like a knock out drop or a bobby's baton, so they were curious as to what use it was applied. There is no doubt about their

agacity and curiosity, nor as to their adaptability to anything beneficial to them.

The barracks in the city are known as the west barracks, and are almost 14 miles from our Brigade Headquarters. We have a fine restaurant at one end of it, run by Chinks, and we can get ham and eggs for 3 roubles (30c). Some of the boys from H. M. C. Kant come over every night for a feed. I paid her a visit yesterday and was shown around her magazine, spoke-holds, engine rooms, etc., also one of her shrapnel scarred funnels, received during her engagement with the Dresden, before she eventually sunk her in 1914. I was doing sorry to go this forenoon outside the British Consulate, when a party from H. M. S. Kent came past on a route march. I came to the present, the leading officer shouts an order, the bugler sounds two notes, and the party, who consisted of marines, seamen, and stokers and were marching at ease, came to the slope like clock-work. There were four companies, and as each reached the spot abreast of me the order was given. First No. 1 Coy., eyes left! eyes front! then came the order, No. 2 Coy., eyes left! eyes front! and so on, till the 4th Coy. had passed. There were about three hundred of them, and they struck me as the smartest bunch I'd ever seen, every arm and leg swinging at the same time to the notes of their band, who were playing a lively march, every rifle at the same angle, it certainly was a treat to feast the eyes upon, and it was the proudest moment of my life to receive the salute from such a body of men. I often get in company with some of the fellows from the Kent. I was telling some of them that Dad served on the Niobe during the first 15 months of the war, and they one and all were appreciative of the good work she carried out, and the capture of over seventy prize ships. I told them about the guy in St. Kitts who told Dad that he once saw the Niobe in dry dock at Port Dalhousie, and they were laughing their heads off for about half an hour, especially one fellow who has sailed on the lakes. Last night was the second anniversary of Bolshevism, but as the "Allies Patrol" were out, they kept their heads low. Our patrols are very interesting, every ally nation being represented and go about in squads of 20 or 30 men, in double file. Perhaps the two men leading will be one American, the other Canadian, the next two an Imperial Tommy and a marine, chatting away as though they had known each other all their lives, but the next are more unfortunate for one is a Jap and the other a Czecho-Slovak, and not being able to converse with each other, are gesticulating, bowing and cutting all kinds of antics to try and make each other understand. Get it comical. Next two maybe are Russian and Italian, next French and Serbian and so on down the line, and

their duties are to arrest any allied soldiers who frequent places "out of bounds" or "forbidden" parts of the city, where lurk every possible infectious disease and danger. The navy of course send ashore their own patrol and look after their own men. Speaking for myself, I shun those places as I would a Bolsheviki leper. The majority of the Russians here strike me as being a very ignorant class, and are not to be trusted. Treat one well, stand him a good feed, and as soon as the wrinkles were out of his belly, he would knife you in the back. I suppose ignorance and Bolsheviki propaganda is the cause.

We are kept well supplied with socks by the Red Cross, D. O. T. E., and the army issue, not forgetting yourselves. God bless 'ya all. I am still in the pink and trust you are all likewise.

With fondest love
Syd.

A TRIBUTE

This rhyme was received by the "Seventeen" company which Samuel Wallack will present at the Grand Opera House on Wednesday evening, April 16th.

RHYME OF A ROUNDER

To a certain little play-house not far from old Broadway,
Feeling blue and greatly bored I chanced one night to stray.

The day had been a hard one, things had just gone wrong,
I cursed a chap who crossed my path, upon his lips a song.

The theatre was crowded, the overture was in —
Then silence fell upon the crowd, the play was to begin.

I didn't have a program, so didn't know just who —
Was in the cast, and didn't care, I've told you I was blue.

The first scene was a half-way of a simple little home,
That took me back to years ago, ere I began to roam.

So I paid close attention, tho' 'twas against my will,
For I've seen every kind of show and feel I've had my fill.

But this was something different, yes, go ahead and smile,
Something different, I repeat, and perfectly worth while!

'Twas a tale of youth, that brings back youth, no matter who you are
Or what your age, or where you live, 'tho time has left its scar.

'Tho' you may try to stay blase, I'll bet you any odds,
You'll have to laugh the same as I, when the hero says "Ya Gads!"

And when the final curtain fell, all eyes with tears were wet —
Tears intermingled with a smile, a sight I won't forget.

For old and young, and rich and poor, had witnessed there that night,
A tale of human nature and youth portrayed just right.

I entered sad and weary, but when the play I'd seen
And left, a smile was in my heart — the play was "SEVENTEEN".

KING GEORGE

A big double attraction is in store for the patrons of the King George Theatre on Monday and Tuesday when in addition to the regular feature the famous British made picture "Canada at Mons" will be shown. This feature has been selected from a large number of British made productions because it is of exceptional interest to all citizens of Canada and as the capture of Mons was the last battle of the world war before the armistice was signed and the heroic victors makes this picture of intense interest to all. Canada at Mons is a picture that every Canadian must see and will be shown before the regular feature at 7:30 show on Monday and Tuesday. The regular attraction for these days is a very special offering in itself, the very popular and beautiful young screen star May Allison will be seen in an appealing story of a fascinating and irresistible mad cap "Papa Does Her Darndest," adopted from Royce Browns' Red Book Magazine story.

STRAFORD CAN.

Stratford Herald: If the town of Petrolia, with a population of 3,000, can organize a Chamber of Commerce of 378 members, Stratford with a population more than three times as great should find no difficulty in attaining its objective of 400 members. Stratford can do it. Stratford will do it. Stratford cannot afford to fall. Stratford has never yet failed in anything worth while she set herself to do, and a Chamber of Commerce at least 400 strong is certainly a worthy while ambition.

INDIGESTION

When the food does not digest—it sours in the stomach and ferments causing burning in the stomach, bloating of gas, headache and other things well known to the sufferer. Avoid charcoal, soda, etc., and anchor your faith to Walker's Indigestion Remedy and you will be cured—Your money back if it fails—We make it—We know the conditions—We guarantee it.
