> Uncorrected by glasses, imposes a severe tax on the eyes, which are needlessly weakened by the strain involved in trying to misuse them. Defects in vision grow, like weeds, without cultivation, and it's dangerous to overlook them. Whatever may be thought of a tax on income, a tax on the sight will never do, as it is apt to leave taxers out of sight. Should you need glasses, better have your eyes tested and fitted at once. You will find our prices quite reasonaple.
