## DIFFERENT TYPES OF SCHOOLS

Building Superintendent Fairn, Who Has Retired From Position, Because of Ill Health; Has Done Invaluable Work

(From the Calgary, Alta., Alberta)

With the school population of Calgary increasing at the rate of approximately 1,000 per annum, the question of increased accommodation is sure to be a live topic annually to the Calgary school board. During the past year the question of providing good accommodation for the rapidly increasing number has been made the subject of much earnest discussion by the board in its deliberations, and particularly so by the building committee. Confronted as it was by a budget pared to the limit, it found its task a difficult one. It had to provide a type of building that would be of a nature to meet the wants of the population, and at the same time to keep within its expenditure. In this work it found the guidance of Clifford W. Fairn, building superintendent and director of technology most invaluable, and the result has been that 28 new rooms have been opened this year. The schools are most handsome additions to the educational facilities of the city, and the pride of the districts where they are situated.

Four rooms have been opened each of the following bungalow schools: Bankview, Crescent Heights, Victoria, East Calgary. In the Central annex, Elbow Park extension and Upper Hillhurst, two rooms each have been opened and six will be ready in the Sunnyside school, it is hoped some time early in 1920.

### NEW ROOMS

In addition to the foregoing, a number of new rooms have been opened in existing school buildings in the outlying districts. There are at present 44 school buildings owned by the Calgary school board, and accommodation is being rented in three outside buildings. In spite of this the accommodation is far from being adequate, and from present indications it will be necessary to spend at least \$200,000 per annum in the erection of new buildings. The building committee, composed of Messrs A. Scott Dawson, F. S. Selwood and Lieut. L. L. Johnston, has given earnest consideration to the question of school accommodation and decided in favor of the type of buildings erected to supply the present needs, rather than build expensive additions to existing brick and stone schools.

It is interesting to look back over a period of 35 years, when in 1884 the first school was started in a cottage, formerly a dwelling house, and the first brick school was built in 1887, followed in 1888 by the first high school. The first high school was formerly the Calgary produce market and from that time on, more modern schools started to develop. One has only to look at the steady and enormous growth since 1906 to gain a little idea of the problem that has faced the school boards year by year. In the year mentioned there were 1,911 children to be accommodated and five years later there were 4,421. In 1915 the numbers had grown to 10,163 and last year 12,156 had to be provided with seats. The problem has appeared to be almost impossible of solution. First there has been a clamor from the east, then from the west, the north and the south; then from all quarters at once; but the board has turned to and found room for them all some how or other and with some adjustments here and there by Dr. Scott, the children of Calgary have received the education they desire.

### BUNGALOWS

In sharp contrast to the type of building used in the early days, let us look at what has been done to date during the present year. The Bankview bungalow was erected at a cost of \$21,000 and has basement walls of concrete and partition of hollow tile, with ceilings of metal lath and plaster. The exterior is stucco, with shingle roof, the whole being heated with hot air. The contractor for this building was George Simpson. Of similar design is the Victoria bungalow,

costing \$22,000 with the exception that it has a tile roof. The contractors for this building were Messrs Gauley and Vanderhoogan. The Crescent Heights bungalow is exactly the same as the Bankview building, and the same cost, the contractors being the F. W. McDougal Construction Co.

### CENTRAL ANNEX

The Central annex, a very handsome type of building of two rooms, was erected at a cost of \$11,500 the basement walls being of concrete and the partition of hollow tiles. Ceiling metal lath and plaster, the exterior stucco metal cornice and trim, with tar and gravel roof. Contractors, Bennett and White. The Crescent Heights manual training school is one that has been moved and remodelled. It is a frame building, but has a fireproof basement, and cost \$11,000 and is by the same contractors that built the Central annex. This building was formerly a public school building which has been remodelled and fitted up as a first class manual training school for high school pupils. Equipment and instructors have been provided to teach mechanical drawing, bench work, forging, wood turning and the use of machinery as found in the average wood working establishment. The building is already taxed to its full capacity, and it is only work will probably be incorporated into a matter of a short time when this larger high school plant.

The East Calgary bungalow is of a different type from the other schools, and was erected by Thomas Jamieson and McKenzie at a cost of \$14,000. It has fireproof basement walls and partitions, with ceilings of metal lath and plaster. Exterior stucco, with shingle roof. The remodeling of the Elbow Park school is one of the many triumphs of Mr. Fairn. It was by no means a beautiful building when he started in at the work, but he has produced a building that Elbow Park residents may well be proud of. It was erected by the building department of the Calgary school board and cost \$12,000. It has fireproof basement walls and partitions ceilings of metal lath and plaster, with stucco exterior and tile roof.

The two room school moved from Mount Pleasant to Upper Hillhurst was placed on a new fireproof basement, new tiled walls, and repainted, the work being done by Charles Newcombe at a cost of \$4,139.

In course of erection now is the Sunnyside school, a modern fireproof building, which will cost somewhere in the neighborhood of between \$34,000 and \$35,000.

In addition to the building carried out this year, quite an extensive program of grading school grounds was carried on during the summer and the sum of \$10,000 was expended on this work. The major part of this amount was spent at King Edward, King George and Sunalta schools. With the money spent on grading work, the amount expended this year over \$152,000 and it is no doubt that a somewhat similar program will have to be faced next year, if the still rapidly increasing growth is any criterion.

### A FINE TYPE

"The schools erected this year I am well pleased with, and they are a fine type," said Dr. Scott, superintendent of education, when chatting the other day with the Albertan on the subject. "Mr. Fairn has given more building for the money than we expected to get. They are nice little schools, and we considered it better policy to erect that type than a temporary building that would not last. Mr. Fairn has done more for the schools than any man I know of could have done. Look at the school in Elbow Park. He has made a building out of that which is a credit to the city and neighborhood. He shows remarkably fine taste in all his work, especially in anything that has to be altered. Perhaps you

remember this department, when the school board first took it over. The city officials were ashamed to give it to us, it looked such barracks of a place. Mr. Fairn came along and looked it over, and you can see for yourself we have one of the handsomest rooms in the city hall.

"As well as that Mr. Fairn has always shown great resourcefulness in bringing up new ideas when fitting up new departments, and this has been especially noticeable in the departments of household science at Riverside and Crescent Heights. He has made departures from ordinary methods which have proved most successful. For instance he established the kitchenette plan at Riverside school, where six of them were installed instead of the round table method. In all that he has done, Mr. Fairn has been exceedingly good and throughout the whole of his work here with the Calgary school board his work has shown itself to be of a very high order, and he is worthy of the highest praise. I might say that all the buildings erected this summer, and all alterations made were designed by him, and he leaves behind him something we shall long remember him by."

Dr. Scott also referred to Mr. Fairn's marked ability in handling men. He always showed a firmness in executive work, and yet in such a way that obtained the best results, whether it was from a carpenter or a janitor.

Mr. A. Scott Dawson, chief engineer C. P. R. who is chairman of the building committee, speaks very highly of the work accomplished by C. W. Fairn during his employment by the Calgary school board. "He has always shown originality in all his work and we shall find it a hard matter to replace him when he is gone."

Mr. Fairn leaves today for Bridgetown, N. S., where he intends to open an office in the architectural business. His sole reason for leaving Calgary is because of his health, and he regrets very much that he has to go, a feeling that is shared by all whom he has come in contact with during his nine years' residence here.

## W. G. & R. CO'S INSURANCE POLICIES

\$500 is the Minimum and \$2,000 the Maximum for 15 Years of More Service

(Kitchener Daily Telegraph)

"It is nineteen years ago since the Williams, Greene & Rome Co. inaugurated the Welfare Department and since then many changes for betterment of the working conditions of the employes have taken place. During this time there has been close cooperation between the Company and its employes." President S. J. Williams said in his opening remarks at one of the most unique and delightful gatherings ever held during this period which was held on Wednesday before the factory closed for the Christmas holidays. Between 200 and 300 out of 450 employes met in the dining hall, many having gone to their homes for the holidays and several interesting and timely incidents took place during the hour. Mr. Geo. DeKleinhaus, who has had charge of the Welfare Department for many years, was the master of ceremonies. With him on the platform were President S. J. Williams, Messrs B. K. Robinson, Sales Manager, J. B. Kirby, Sec'y Treas. E. G. Smith and Geo. W. Stewart of the travelling staff. The chairman extended to the employes the compliments of the season, after which seasonal greetings were read from all of the members of the travelling staff covering the whole of Canada east and west by Messrs. Stewart and Smith.

### BOXES FOR THE ORPHANS

It was announced that as a result of the generous contribution of the employes each of the twenty eight children at the Kitchener Orphanage would be presented by Santa Claus in the evening with boxes filled with candies, nuts, fruits, etc. In addition a number of the girls had found time to make up undergarments for the little orphans, which would also be presented. This intimation was received with hearty applause.

### LIBRARY FOR THE SOLDIERS

Chairman DeKleinhaus called Captain Proctor, of the Freeport Military Hospital to the platform, and in a few words stated that some years ago a library was commenced in the factory the employes buying the books and a total of 528 volumes had been gathered. It was decided by the employes unanimously to put the library to better service and they concluded to present the books and book cases to the soldiers of the Military Hospital at Freeport. He thereupon presented to Captain Proctor the complete catalogue of the library and informed him that the books would be sent down to the institution in the afternoon. Capt Proctor briefly expressed thanks and appreciation on behalf of himself and the boys for the liberality and thoughtfulness of the employes of the W. G. & R. Co., and assured them that the library would be much appreciated by the soldiers at the Hospital.

### INSURING THE EMPLOYEES

The all important feature of the evening came when President S. J. Williams was called upon to address the employes. He referred to the many pleasant Christmas gatherings that have been held but he doubted if any meeting was ever held under more auspicious circumstances, in view of the successful culmination of the war and the return of the men back to the family circle. He spoke of the Christmas spirit that was evident on every hand, and read a most timely article on "Keeping Christmas" by Dr. Henry Van Dyke, which conveyed the thoughts that he wished all would carry with them throughout the season. Mr. Williams announced to his hearers that after careful consideration of the question of how best the Directors of the W. G. & R. Co. could express their appreciation of the efficiency and loyalty of the employes and to encourage them to renewed efforts for and in behalf of the Company, it had been decided to provide life insurance for all employes of the Company, including the Galt and Preston branches, while

they shall remain in the employ of the Company, at no expense to them. It was pointed out that the success of the business is measured by individual efficiency and co operation with others.

The plan was outlined by President Williams who stated that the initial amount of insurance for each regular employe who has been in the continuous employ of the W. G. & R. Co., six months or more on December 24th 1919 at 12 o'clock noon would be \$500 and \$100 for each additional year of service until the maximum of \$2,000 is reached by those in the employ of the Company 15 years and over, of whom there are 37. Men who enlisted for overseas, of whom there were 32, all of whom returned with the exception of Capt Solon Albright and Lieut Robt Washburn, will have the time they were away added to the policy, and employes who have left the employ of the Company and have returned will be given credit for the first term of service. All new employes will benefit in the insurance plan after six months' service. Total amount of insurance will be \$350,000. It is provided that the entire cost is paid by the Company and the beneficiary may be changed from time to time as may be desired.

Mr. Williams also intimated that the plan carried with it a free visiting nursing service and also disability benefits to all in the Company's employ up to the age of 60. Every employe would be provided with the terms of the plan at an early date with the necessary blanks to be filled out.

### APPRECIATED BY EMPLOYEES

When Mr. Williams resumed his seat there was prolonged applause indicating the appreciation of the employes and the following resolution, moved by A. H. Morrison and Miss L. Grader was adopted with much enthusiasm. Whereas Mr. Williams and the Directors of the W. G. & R. Company having so generously taken into consideration the further welfare of the employes of the Company, as demonstrated today in the launching of the insurance scheme whereby every worker is so handsomely benefited;

Be it resolved that we the employes of the W. G. & R. Company assembled here, go on record as being desirous of expressing to our President, Mr. Williams, and through him to the Directors of the Company our grateful appreciation of this tangent mark of their deep interest in our welfare and further that we pledge ourselves to put forth every effort in our power to ensure the continued success of this Institution of which we all consider it a privilege to be counted members.

After a few brief addresses had been made by the movers and several employes three hearty cheers and a tiger were given and the happy gathering dispersed.

(W. G. R. goods are sold by Mr. W. E. Gesner, corner of Queen and Granville Streets.)

### NOVA SCOTIA FARMERS' ASSOCIATION

The Nova Scotia Farmers Association, the Farmers' Parliament of the Province, will meet this year at Kentville, Jan 27-29th. This promises to be an unusually interesting session, occurring as it does at a time when farmers are taking a very prominent place in other Provinces, not only in their own lines of work but also in matters of Government administration.

HEALTH FOR THE BABY

The baby of today is the man or woman of tomorrow. Thus the health of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill nourished it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus make baby healthy and strong. Concerning them Mrs. W. Orser, Elginburg, Ont. writes: "I have a fine healthy boy three years and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

A POPULAR TRAIN

(Digby Courier) The fast night train over the D. A. R. from Halifax proved its great convenience and popularity last week especially on Wednesday morning when it passed through Digby with the largest train, so far, as accommodations are concerned that has pulled into this station since the inception of the service. It consisted of two sleepers Yarmouth and Steviacke one day coach and the regular accommodation which it has always had. All of these coaches were filled to their utmost capacity and when the train left Halifax another sleeper, had it been obtained would have been quickly filled up.

GOOD NEWS, IF TRUE

An American Weather Prophet Predicts an Open Winter

Prof. Andrew J. DeVoe, the Hackensack, N. J., weather prophet, predicts a short winter with only occasional spells of really cold weather. His forecast is said to be more nearly correct than those given out by the Weather Bureau. He said coldest weather of the winter would prevail between Dec. 15th, and December 25th, with Christmas Day cloudy. "This cold spell will be followed by rain, clearing off cold again about December 28th. "January, 1920 will come in very cold and continue up to January 2, when winter practically will break up. Of course, I expect cold weather up until March 1st, but it will be in short spells with rain prevailing most of the time. "Those who have ice to cut had better plan to get it in between January 3rd and 5th, for the rain will make the work disagreeable after that date. "Last September, in a letter to Prof. Burdock, replying to an invitation to speak before the Polytechnic institute in New York, December 8th, I told him that great snow storms would prevail in Europe during Dec and I see that the Mayor of Berlin is advertising to clear the streets of snow. "My calendar shows these forecasts: December 1st and 2nd cloudy and cold; December 3rd, storms from over South Atlantic State; December 14th and 15th, rain or snow; December 16th, cold wave forms over Ohio Valley; December 17th to 25th, longest spell of cold weather of winter."

A POPULAR HOTEL

(Kentville Advertiser) The popularity of the "Cornwallis Inn" is already in evidence. A number of private dinner parties have been participated in. The Christmas dinner put on was very excellent. Three private dinners were given at New Year's, one on New Year's Eve and two New Year's Day, the menus being the latest word in culinary art. It is a self-evident fact that the new Cornwallis Inn will equal the other splendid D. A. R. Hotels in popularity and up to the minute service.

TOO MUCH RISK

It was the first vaudeville performance the old colored lady had seen, and she was particularly excited over the marvellous feats of the magician. But when he covered a newspaper with a heavy flannel cloth and read the print thru it she grew a little nervous. He then doubled the cloth and again read the letter accurately. This was more than she could stand and rising in her seat, she said: "Ise goin' home. This aint de place for a lady in a thin calico dress."

WHERE TO CUT OFF THE PAPER

(From the Concord Monitor) We can't help feeling that the paper shortage might better be overcome by cutting off the supply from printers of worthless governmental and other propaganda than by inconveniencing the newspaper publishers who have given the nation such loyal service for years.

RESEMBLED HER MOTHER

"I think the baby has your hair, ma'am," said the new nurse, looking pleasantly at her mistress. "Gracious!" exclaimed the lady gazing up from the novel. "Run into the nursery and take it away from her. She will ruin it."

IT IS SO EASY

Boston is famous for its beans, but those who "know beans" will tell you that none are so delicious as those baked in the ground, according to the manner of the guides and lumbermen of the Maine woods. Not long ago a man from the Middle West took a hunting trip through the Pine Tree State. He hired a camp and his cook was a Frenchman long experienced in the art of cooking. The man was delighted with the beans, and ate them three times a day. When he went out, he asked the Frenchman if he would give him his formula for cooking beans. "Sure," said Joe. "She's jes' so easy as 'ac' in'. If you lak for cook de bean in bean hole, so de whole bean I goin' been whole wen you tak them cut de bean hole, you firs' make de bean hole, and wen you ge. make de bean hole, you tak de whole bean, and put de whole in de bean hole and cover 'up de whole of de bean hole and in de morning' wen you tak de whole out de bean hole, what you cook in de bean hole, is goin' been whole."

NOT A YOUNG BRIDE

"My only worry is about mother. She's bound to miss me terribly." Friend: "Ah, well, she can't complain. After all, she's had you longer than most mothers keep their daughters."

Cause of Early Old Age The celebrated Dr. Michenhoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound. 10

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio. Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did. Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.

Have you heard about Peps? Peps is a scientific preparation put up in capsule form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Peps contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps capsules get there direct, and at once commence healing.

IMPORTANT EVENT IN PARADISE

Memorial Tablet Unveiled Sunday Afternoon

On Sunday afternoon Jan. 11th, a very impressive service was held in the Paradise Baptist Church when the Memorial Tablet, which is to be erected in honor of those who died in military service during the war, was unveiled.

The tablet, which is of white marble with an outer border of darker marble has been procured by the efforts of the ladies of the Red Cross and will shortly be placed in a permanent position in the church.

THE MEMORIAL HOSPITAL

Col. Borden and Maj. Clarke Addressed An Enthusiastic Audience

The Primrose Theatre was fairly well filled Wednesday afternoon, the majority of the audience being ladies, to listen to addresses by Col. A. H. Borden and Maj. H. B. Clark on the necessity and advisability of building a memorial hospital in Annapolis county.

Dr. M. E. Armstrong, chairman of the Hospital committee, appointed by the Board of Trade, presided at the meeting and introduced the speakers.

Both have seen service in France and their addresses were highly interesting and impressive. They emphasized the sacrifice the men who went Overseas had made and the suitability of a hospital as a memorial to those who had made the "supreme sacrifice."

A resolution was passed favoring the building of a memorial hospital in the County of Annapolis and another pledging this town's share of the financial support of the same.

A vote of thanks appreciative of the splendid addresses was also passed.

Mr. L. R. Fairn, of Aylesford, the well known architect, was called on and responded with appropriate remarks and was pleased to answer any questions, concerning the cost of a suitable building, equipment, etc.

Several of our citizens spoke in favor of the project and with the singing of the National Anthem. Similar meetings were held in Annapolis and Middleton.

The Richmond Paper Co's plant at Halifax was destroyed by fire Sunday afternoon.

Local Death Roll

Many Prominent Residents are Passing Away

THE LATE JAMES DURLING A correspondent requests us to publish the following:

James O. Durling passed peacefully to his heavenly home on Tuesday evening, Dec. 16, 1919, at the age of 75 years. When only but a small boy he united with the Lawrencetown Methodist Church and was a faithful and consistent Member, also a brother in the church board for a great many years. After his health prevented him from attending the public means of Grace, his pastor held cottage meetings at his home, which he, with great interest did enjoy, and always looked forward for the next meeting, until the Master called him higher, where he laid down his burdens to dwell with them who had gone before.

Wherefore comfort one another with these words. The pall bearers were Isaac Durling, Sr., Milledge Beals, Milledge Daniels and Wilbur Banks. The choir so tenderly rendered: Abide With Me. Safe in the Arms of Jesus, Jesus Lover of My Soul and at the close the male quartette sweetly sang, We Are Going Down The Valley One by One, after which the remains were laid to rest in the Fairview Cemetery.

ELIZA A. HEALY

The people of Outram and friends and relatives throughout the whole province and elsewhere were saddened to hear of the death of Mrs. Eliza A. Healy who passed peacefully away at her home in Outram on Monday Dec 29th at 4.30 a. m., at the advanced age of 89 years and one month.

The deceased had been an invalid for over three years from a shock which left her helpless and had to be lifted from her bed to her chair each morning where she would sit and read throughout the day but during all the years was never known to murmur or complain always a cheering word and sweet smile for every one. She was converted at an early age and united with the Baptist church and was always interested in the work that pertained to the Master's Kingdom and was a constant reader of God's word His will was her delight. Her life for years past has been one of patient endurance, made perfect through suffering and she has now entered into that rest that remains for the people of God. Her husband predeceased her by 12 years. She leaves to mourn their loss three daughters, Mrs. E. W. Risteen, of Hampton; Mrs. C. W. Hall, of St Croix Cove; Mrs. James W. Bragg, North Range. (One daughter Mrs. C. L. Brown died 5 years ago) at Lynn, Mass. Also four sons Alfred Healy, of Outram, with whom she lived, H. G. of Halifax and Charles E., of Western Ohio; 21 grand children and 8 great grand children besides a host of friends.

The funeral was held Wednesday afternoon from her late home. The services were conducted by the Rev. Mr. Salsman, the address being given by the Rev. Minard Brown. The kindness of the people of Mt. Hanley, Mt. Rose and others, who sang her favorite hymns, was much appreciated by the family.

having been born in Upper Clements, a daughter of James Delancey Harris and Mary Woodbury, being thus an aunt of the present Delancey Harris, of New York. Her husband died in 1887 and she leaves one son, Carmon the well known Game Commissioner, besides seven grand children and one great grandchild. The funeral on Saturday was conducted by Rev. T. C. Mellor with interment in Woodlawn where the family lot was begun in 1882 at the death of her daughter. A half sister, Mrs. Charles Goucher, had resided with Mrs. O'Dell for a long time.

MRS. LAURA G. DARGIE (From the Athol, Mass., Transcript) Mrs. Laura G. Dargie died at the Winchendon hospital Dec 24, after an operation for a tumor. She was a member of the Methodist church in Upper Granville, N. S., and the organist there for 12 years. Although she had lived here but a short time she had made many friends by her cheerful disposition, and was always ready and willing to help with the church work. She leaves her mother, Mrs. W. Roger Ray, two sisters, Mrs. H. J. Greenhall and Mrs. L. E. Hills, three brothers, A. A. Ray, of Northboro, G. T. Ray, Passaic, N. J., and Frank H. Ray, of Alberta, Canada. The funeral was held from the home Sunday afternoon, Dec 28. Mr. White of Winchendon conducted the service. Rev. A. A. Bronson was the officiating clergyman. A soloist from Winchendon rendered two selections, "I Sing of the Homeland" and "Sometime We'll Understand." The floral tributes were many and beautiful.

How to Sell Your Place A wide awake Real Estate Agent gets in touch with practically all the available buyers. So to have your property put before the largest possible number of intending buyers get the liveliest Real Estate Agency you can find to handle your place. We have a list in our office of over 400 intending buyers. A successful Real Estate Man is a good salesman. Now selling any article, as every one knows, calls for a specialized knowledge of the line sold, and of how to handle the class of buyers encountered. Our manager has a first hand knowledge of farms, himself being a farmer—and we evidently know how to suit men who want farms, as our books show that we have sold 47 places for over a quarter of a million dollars since April 1st this year. An honest Real Estate Man will list your property with an agreement that protects you as well as himself. We beg to call your attention to our new listing form which protects the seller against unearned charges by the Agency. The Valley Real Estate Agency, Wolfville, N. S.

## A SUCCESSFUL DONATION PARTY

A Port Lorne correspondent writes: MONITOR ads. bring great results as was demonstrated at our old-fashioned Donation on the 7th inst. A good representation of the people from St. Croix, Arlington, Outram and Port Lorne met at the Parsonage and after partaking of a bountiful supper, such as our ladies always produce, Deacon Adelbert Johnson presented the proceeds of the evening, which amounted to \$90.00, to our pastor, Rev. A. W. Salsman, after which speeches were made by Deacons Hiram Johnson and Wm. Hall.

The remainder of the evening was spent in social talk and singing of some of the old songs which bring back memories of the days of yore. All pronounced it the best evening that they had enjoyed for some time and all went home feeling it was more blessed to give than receive.

## NORTH RANGE

## Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine."

When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound, so
