**MINISTER BLAIR HAS A
HARD FIGHT IN SIGHT**

All the Parliamentary Pass-Holders Will Oppose The Amendments to the Railway Act Which He Proposes.

First Attack Was Made Yesterday and His Bill Goes to a Committee—Many Public Bills Discussed in the Commons.

Ottawa, May 4.—(Special).—The hustings of the House to-day was taken up with the discussion of bills. It was noticeable that the Speaker said prayers in a shorter time than usual.

Mr. Pelling introduced a bill respecting inscribed stock of Canada in the United Kingdom.

Cold Storage on Steamships.

Regarding the proposed resolution was read by Sir Wilfrid, and referred to committee:

"That it is expedient to authorize the Government-in-Council to enter into contracts

referred the whole matter, with a recommendation, to the Governor-General, the Dominion Government dealt only with criminal cases, and did not interfere with criminals sentenced under strictly Provincial statutes. So far, 292 applications for tickets of leave had been received, but only 291 granted, of which three had been revoked. None had been given to convicts previously convicted." The bill was read a first time.

Grants to Active Service Men.

The next item was Mr. Sutherland's bill respecting grants of land to members of the militia force in active service in the

Gen. R. & A. Allen and Robert Moffat, Esq. Co., to provide cold storage on steamships from Montreal to the United Kingdom during the seasons of 1900 and 1901; on such terms and conditions as the Governor-in-Council deems expedient, the sum to be paid for such cold storage not to exceed \$28,750 in one year."

Military Canteens.

Before the orders of the day, Mr. Foster asked that fuller returns be given to him regarding military canteens. The Minister promised to please him by bringing down such correspondence.

Dr. Borden read the following cablegrams from Sir Alfred Milner to the Militia Department to-day, announcing the deaths of three more Canadians, as follows:

Gunner E. Picot of D Battery, Ottawa, at De Aar yesterday, of enteric fever.

Pte. B. Lston, 90th Rifles, Winnipeg, at Bloemfontein, today, of cause not given.

Pte. Lston was in the first contingent.

Pte. H. Barr, 21st Essex Regiment, at Bloemfontein, of enteric fever, on April 30.

Ticket-of-Leave Plan.

The first item on the order bill was a bill to amend an act to provide for the conditional release of military prisoners convicted, Sir Wilfred, in outlining the procedure gone through in getting a ticket-of-leave, said that the petition for such a ticket was sent first to the warden of the penitentiary, and by him to the judge who tried the case. These two then reported to the Minister, who

Northwest. It provides for the extension of time during which the militiamen to which lands are due because of service in 1885 may take out warrants. Only a few warrants remain to be taken out. The bill was read a second time.

Other Bills.

An act to amend the Gas Inspection Act, and an act to amend the General Inspection Act, so as to provide for a grade of first-class, introduced by Mr. Hodge, were read a third time. The first grade of first-class, a certificate of quality of gas shall be posted up in the company's office. The second provides that first-quality first-class will be 53 lbs. to the bushel, and second-quality 50 lbs.

Size of Apple Barrels.

The next bill was another from Mr. Hearn. It related to the size of apple barrels. The chief clauses read: All apples packed in Canada for sale by the barrel shall be packed in good and strong barrels of seasoned wood, having dimensions not less than the following, namely: Twenty-six inches and one-fourth between the heads, inside measure, and a head diameter of 19 inches and a middle diameter of 18½ inches.

"When pears, quinces or potatoes are sold by the barrel, such barrels shall not be of lesser dimensions than those specified

**Preparing a Statement of the Case
in the Interest of the Aged
Ex-President.**

Montreal, May 4.—(Special.)—The case of Mr. William Weir, ex-president of the Ville Marie Bank, is, it appears, about to be reopened, and no doubt its outcome will excite a great deal of interest in legal and business circles. It appears that Messrs. Donald MacMaster, Q.C., J. N. Greenleields, Q.C., and Charles Archer have prepared a statement of the case, and it has been submitted to the Hon. Horace Archambault, Attorney-General of the Province of Quebec, applying to him for leave to appeal the case of the Crown against William Weir to the Court of Appeals. In this connection, Mr. Donald MacMaster has prepared a very elaborate opinion on the question of appeal, and this will accompany the application that will be argued before the Attorney-General, and it is understood that the opposing side will be represented by the Hon. Charles Fitzpatrick, Solicitor-General, consequently an interesting discussion may be looked for.

Famine Sufferers.
New York, May 4.—To-day the British steamer Quito arrived from Greenock, Scotland, and is to land a full cargo of food supplies to famine sufferers in India. A most of this cargo is now ready. The Quito is a new steamer, 3370 tons. She will sail about May 12.

**We Should Dress in Our Best on
the Sabbath.**
It's a very old precedent that men have followed by always making an effort to be stylishly dressed and becomingly Sunday. There was a time in the history of this new country when men considered themselves well garbed if they wore new coats and hats, and considered not how cheap and frail these were. The demand for the best was

COOKS IN THE FIELD
Mr. Thomas Lawless, Assistant S.C.R. of the I.O.F., Delivers a Most Interesting Lecture.

ILLUSTRATED BY LIME-LIGHT.
A Pleasant Evening With Court Sherwood and Temple Enchantment Last Night.

Before a large audience in the spacious assembly hall of the Temple Building last night, an instructive and interesting lecture, illustrated by lime-light views, was given by Thomas Lawless, Assistant Supreme Chief Ranger of the Independent Order of Foresters. The lecture was given under the auspices of the Executive Council of Court Sherwood Forest, No. 3105, and Temple Enchantment, No. 60, Royal Foresters.

History of the Order.
The lecturer, in opening, rapidly reviewed the history of the order from its organization in 1375 to the present time, showing the marvelous increase in its membership and the very excellent condition of its financial affairs. The order has a reserve fund of \$4,000,000, and a membership of 170,000.

Mr. Lawless, during his lecture, explained minutely the principal phases of interest in Canada, United States, England, Ireland, Scotland and Norway, views of which were thrown on a large canvas. To show the large territory embraced by the order, the lecturer named and exhibited pictures of the chief executives of the order in various countries. Frequent applause greeted the lecturer's remarks and the lecture was heartily enjoyed by all who were present.

Thanks Tendered.
At the close of the lecture a hearty vote of thanks was tendered, on motion of Mr. P. E. Ritchie of Court Sherwood Forest, to Mr. Lawless, for his lecture, and to the present and past officers of the order, for their work in the order since its inception. Court Sherwood Forest, No. 3105, and Temple Enchantment, No. 60, Royal Foresters, have a membership of nearly 500, or the largest of any court in Central Ontario.

Annual Meeting Held Last Night—President Robertson Re-elected.

A Banquet Followed.
At the annual meeting of the Canadian Temperance League held last night in the parlors of Elm-street Methodist Church, considerable interest was manifested in the election of officers, at which the principal officers being contested, Mr. J. S. Robertson, who has held the chief office for five years, was almost the unanimous choice for another term, and Mr. J. H. Condon, another five-year man in office was elected financial secretary. The following officers were elected: Past president, George B. Sweetman; vice-president, A. Dalrymple; secretary, C. A. Ross; treasurer, R. S. Shennett; chairman Platform Committee, J. H. Condon; chairman Missionary Committee, W. J. Armstrong; chairman Educational Committee, W. J. Armstrong; chairman Literary Committee, Raymond Patterson; guard, Miss McKendrick; auditors, A. J. Ferguson, A. E. Parker and W. J. Armstrong. The meeting allowed his name to go before the meeting for several officers, but every time he met with defeat.

President Robertson's Address.
President Robertson, in his annual address, reviewed the work of the past year, which was the most prosperous in the 11 years of its existence. The membership in the past year had increased 20 per cent. He suggested the establishment of a mission along distant roads, and the opening of lines, and intimated that steps would be taken to the building of one.

Reports Were Read.
Reports were read from the Educational, Platform and Missionary Committees, financial secretary, financial secretary and vice-president.

Will Use Massey Hall.
The president proposed to make application for the use of Massey Hall for the season commencing Nov. 1, 1900 to April 1, 1901.

By a unanimous vote \$10 was voted to the Ottawa-Hull fire sufferers. Mr. Warren's notice of motion to amend the constitution was laid over till the next meeting.

An Annual Banquet.
After the business of the meeting was over the 100 members present at the annual banquet. A generous and pleasing repast was prepared, and the tables were heavily laden with delicacies and plants. Following the feast short speeches were made by the president and other officers, giving in his own words the work of the year. Mr. Murdoch McDonald and others. About midnight the party dispersed.

FENIAN RAID SCARE A FAKE.

Minister of Militia Asks Col. Holmes of London for an Explanation of the Reports.
Ottawa, May 4.—(Special.)—Lieut.-Col. Holmes of London, Ont., has been asked by the Minister of Militia to give an explanation of the reports in the press to the effect that he has been asked to be ready at any hour's notice with a number of battalions in the west to repel a Fenian invasion. No such instructions have been forwarded him from Ottawa or anywhere else.

EMPLOYERS LOOK OUT.

A Change in Food Doubled the Wages.

The manager of a certain large publication, who deprecates the use of his name in public, has experienced a curious change in his general policy. He has changed in the cells of his brain, brought about by a change in food, and his experience is interesting, as given in his own words:

"Up to a short time ago, I was always known both to myself and friends, as a very mild sort of individual, obeying literally the Scripture injunction of 'turn the other cheek,' and let people run over me generally, with a spirit of thankfulness that I was permitted to be alive."

"Along last fall I changed my diet, leaving off coffee entirely and taking up Grape-Nuts breakfast food. I had learned that these articles both contained the same articles of phosphate of potash and albumen that nature uses to build the grey matter in the brain and nerve centres, and I determined to see what effect they would have on me."

"I had changed in a most remarkable manner. My old mother wrote me that there was a great deal of difference in me than she ever saw before. I began to vigorously 'kick' at any injustice. I am about instituting a criminal suit against a party who supposed I would stand anything. I send a letter to a first-class broker who had about three times a week. On the 31st of December last I demanded double wages for the coming year and found I had backed home to lay down if I didn't get it—and I got it. I get clean sheets twice a week now. They used to take the upper sheet and put it under once a week."

"I am able to do five times the brain work that I ever have before. In fact, I can get about anything I want nowadays, and to top it all, am perfectly well. A few words have been spoken to me and I know exactly where the change has come from. It has come because I have been using a food and drink that have changed my whole brain and body. You can see for yourself."

Grape-Nuts breakfast food and Postum Food Coffee are kept by first-class grocers and are used by nearly all first-class people.

"Always Trustworthy. Never Disappoints."
Packed to please and faithfully serves its mission.

RECEPTIONS WERE GLORIOUS.

Mr. Falconio, Papal Delegate to Canada, Royally Entertained at the Convent Academies.

BOTH HAD MUSICAL PROGRAMS.

Floral Decorations at Loretto and at St. Joseph's Academy were Simply Superb.

Yesterday was a busy day for His Excellency, the Papal Delegate, who celebrated his arrival in the morning by a grand mass in the chapel of Loretto Abbey, and at 11 o'clock a grand musical reception was given in his honor at the convent of the Sisters of the Holy Family.

At the close of the reception, the Papal Delegate, accompanied by a score or more of the clergy, was met at the entrance by Vice-General McMahon, and made welcome. An address was presented to him by Rev. Fr. J. H. McMahon, which was acknowledged in a brief speech.

In the Concert Hall.
Later on an adjournment was made to the concert hall, where an admirable musical program was given by the young ladies of the convent, who were seated in tiers at one end of the hall. A large audience was present, which entirely filled the room.

His Excellency was seated and before the concert began, Miss Cecil Oliver, Miss Gilbert Robinson, Miss Mary Sullivan presented him with a large bouquet of flowers and a tasteful arrangement of flowers.

Those Who Took Part.
Among those who took part in the concert, which was a most successful one, were: Miss Cecil Oliver, Miss Gilbert Robinson, Miss Mary Sullivan, Miss Edith Mason and Miss Cecil McKenna.

Held a Reception.
At the conclusion of the concert, the Papal Delegate held a reception, at which the sisters and students were introduced to him. He was seated in the large hall, which had been made particularly comfortable by means of flowers and the usual comforts.

At St. Joseph's Academy.
At 3 o'clock His Excellency, the Papal Delegate, visited the young ladies of St. Joseph's Academy, who were seated in the hall, where he was introduced to the distinguished visitor. He was seated in the hall, where he was introduced to the distinguished visitor.

A Veritable Flower Garden.
The main corridor where His Excellency was received was a veritable flower garden, with plants and foliage plants forming a beautiful display. The Papal Delegate was introduced to the young ladies of the convent, who were seated in the hall, where he was introduced to the distinguished visitor.

The Junior League goes to-day.
The Junior League of the St. Michael's Church, which was organized for the purpose of promoting the education of the young ladies of the convent, will hold a meeting to-day at 8 o'clock in the evening.

Entertained by Music.

TONIC MONARCHS MET.

Francis Joseph of Austria-Hungary
and William of Germany
Kiss Each Other.

IT WAS A GREAT DAY IN BERLIN.

All the Demonstration Was Over
German Crown Prince Com-
ing of Age.

Berlin, May 4.—The standard of the Em-
peror of Austria waves from the Royal
Palace in Berlin this afternoon, signifying
that the ruler of the dual monarchy has
taken up his residence there.
Emperor Francis Joseph reached Pots-
dam Station at 10 a.m. His Majesty's re-
ception was strictly according to program.
The weather was ideally springlike, the
whole city was in festive garb, the verdure
of the trees and shrubs contrasting grate-
fully with the vivid colors of the flags,
bunting and garlands strung from pillar to
pillar.

A Great Triumphant Arch.
Just behind the Pariser Platz, on the
route from the depot, stood a triumphal
arch, 75 feet in height, and with a green
background, culminated with gilt laurel
leaves and heavy gold cords and tassels.
On both sides were tiers of bearing large
statues of the great emperors, the centre of
the arch was surrounded by a handsome
draped pavilion, in which was a band in
military costume, which sounded inspiring
fanfares on long silver trumpets as the
emperors approached and played the Aus-
trian National Hymn as they proceeded on-
wards.

Gaily-Dressed Women.
The square fronting the arch where the
welcoming ceremony took place, was
filled with women in the latest spring costumes,
the most brilliant of the grand stands being
occupied by the municipal authorities and
other officials. Behind the stands were
rows of obelisks crowned with masses
of choice flowers, the obelisks being con-
nected by garlands on masts bearing Aus-
trian and Hungarian streamers.

Crowds of Spectators.
The houses fronting the Platz, were
thronged with spectators, many of them
armed with kodaks. The route, especially
the Lindenberg crowd from the dark
break with eager sightseers. The route
from the Brandenburg gate to the castle
was lined with troops.

The Kaiser Gorgeously Arrayed.
Emperor William was clad in a gorgeous
Austrian field marshal's uniform of cream-
colored coat, scarlet trousers, with broad
black and black chevrons with green feath-
ers, and wore his Austrian decorations.
He drove to the Potsdam Station in an
open carriage, accompanied by his brother,
Prince Henry, who wore the uniform of an
Austrian admiral. His Majesty was cheer-
ed by the crowds all the way.

The Usual Osculatory Greeting.
The train bearing Emperor Francis Jo-
seph arrived promptly on time. The greet-
ing between the two emperors was of the
most cordial character, the monarchs em-
bracing and kissing each other on both
cheeks. The Austrian Emperor wore the
uniform of the Prussian Foot Guards, and
across his breast was a broad orange rib-
bon, with the Prussian Order of the Black
Eagle.

The Real Hero of the Day.
The real hero of the day was the youth-
ful Crown Prince, who followed his
father's carriage. The youthfulness of the
Prince was advantageously set off by the
dark uniform of the Guards, which he
wore. He was escorted all along the route
as much as the two emperors, and the
Berlinese were all delighted at the
handsome, modest appearance of their
future King.

**Emperor Francis Joseph has appointed
Emperor William Field Marshal General of
the Austrian Army.**
A Great Procession.
The procession passed thru the Branden-
burg gate in the following order: A
squadron of the garde du corps, in light
carriages and helmets tipped with silver
eagles, preceded an open carriage, with
magnificently attired outriders, in which
sat the two emperors, flanked by aides-de-
camp.

FOUGHT WITH W. LYON MCKENZIE.

Edward Evans, a Haldimand Man,
Has Just Died in North
Tonawanda, N.Y.
North Tonawanda, N.Y., May 4.—Edward
Evans, who was one of North Tonawanda's
most enterprising citizens, died at his home
in this city early this morning, at the age
of 70 years, death resulting from uremic
poisoning. He is survived by a widow, four
sons and two daughters.
Mr. Evans was born in Haldimand County,
Ont., and in the early '50's he emigrated
to the cause of William Lyon McKenzie. Mr.
Evans did a great deal to develop and build
up North Tonawanda and was a large
owner of real estate here.

THE GOLD COAST TROUBLE.

Mr. F. Mitchell Hodgson is Not in
Personal Danger, But There is
Still Some Uncertainty.
Accra, British Gold Coast Colony, May 4.
—Sir Frederic Mitchell Hodgson, the Gov-
ernor of the Colony, is still at Comassie,
and his stay will probably be prolonged
until September on account of the state of
the roads. His personal danger has prob-
ably been minimized by diplomatic means.
The telegraphic superintendent was wound-
ed after repairing the line to a point with-
in a few miles of Comassie, and communi-
cation is again stopped.
More raiding in various parts of the
colony is reported.

CANNERS WANT LOWER RATES.

The Executive of the Ontario Canners'
Association met at the Walker House yester-
day morning and discussed freight rates.
They will ask the railway companies for
a reduction. Prices to consumers will prob-
ably be higher this season than ever, on ac-
count of an increased duty of 20 per cent.
on tin and 100 per cent. on boxes and an
advance of 50 per cent. on freight rates.
There were present at the meeting: W.
Dunn, Simon, W. Bolter, Victor, P. R.
Laird, Dunnville, Leitch, Nisbit, Braham,
W. Ferguson, Delhi, Mr. Matthews, Lake-
port, and George Lightbourn, Port Hope.

ROYAL ARCADEAN GRAND COUNCIL.

The Grand Council of Ontario of the Royal
Arcadean will meet in St. George's Hall,
Elm-street, at 10 a.m. Wednesday, May 9.
This being the biennial session, there will
be quite a large attendance of
delegates.
On the Tuesday evening previous, in the
same hall, the Toronto Council of the or-
der entertained the delegates by holding a
smoker concert, to which all members and
their friends have been invited.

SURVEYS FOR A RAILWAY.

W. J. Sheppard of the Spanish River
Pulp and Paper Co., was at the Parliam-
ent Buildings yesterday, and states that
the company has been making surveys for
a railway between the two branches of the
C.P.R. to the proposed site of the works.

How to Quit Tobacco.

A TRIAL PACKAGE FREE.

A new remedy has been discovered that is
odorless and tasteless, can be mixed with
coffee or food and when taken into the sys-
tem a man cannot use tobacco in any form.
It will cure even the confirmed cigarette
fiend, and is a god-send to mothers who
have growing boys addicted to the smoking
of cigarettes. A free trial package of the
remedy will be mailed prepaid upon appli-
cation to Rogers Drug & Chemical Co., 372
Fifth and Bloor-sts., (Chinatown), Ont.
This will enable any woman to drive foul
tobacco smoke and dirty spittoons from the
home.

Four Point Head

The H. & D. four-point bearings in the head are so made
that the strain from the fork is distributed over double the
number of balls, insuring bicycle heads.
By this even distribution of the load, the wearing qualities
of the head parts are greatly increased.
When the H. & D. reinforcement of the crown is consid-
ered in connection with the four-point bearings in the head, it
will be seen that the H. & D. construction is nearly per-
fection.
H. & D. National locally-guaranteed bicycles, with four-
point bearings in all parts, cost \$20 for road models and \$30
for special models, with gear-case.

The Sterling

The Sterling—built like a watch—has all
the high finish and delicacy of the best
American design.
You can get no design like it in Canada.
And yet it is a real Canadian bicycle,
owned by a Canadian company, with Cana-
dian capital.
It has the local guarantee.
Call on us and let us show it to you.

Fine Finish.

Featherstone bicycles are National wheels,
locally-guaranteed everywhere in Canada.
Everybody who rides the Featherstone
recommends it.
In a very short time it has built up a
large sale in the Northwest.
In Ontario it will build up a large and
popular sale as it has there.
The cost of Featherstone locally-guar-
anteed models are \$35, \$45 and \$50. Get

Worth While

The XX. Century Bicycle contains the
best possible construction, obtainable in a
wheel.
The price of \$45 is the lowest possible
price at which such a wheel as the XX.
Century may be sold.
The frame construction consists of rein-
forced flush joints, finished in maroon,
with all parts nickel-plated.
The local guarantee goes with the wheel.
No better proof of its high-grade con-
struction. Look at it. It is "worth while".

84 King Street West.

When a wheelman runs up against an ordi-
nary guarantee, he tries to kick himself.
An "ordinary guarantee" on a bicycle
means express charges, correspondence, lost
time, trouble, annoyance.

All these things together cost the "ordi-
nary guarantee" bicycle rider MORE than the
actual cost of the "free" repair done at home,
instead of miles away.

But there is the "local guarantee" on Na-
tionals. It means guarantee repairs done at
home at once, without waiting, or corres-
pondence, or red tape, or trouble.

And only National bicycles have it.
National wheels cost the same as other
wheels—the local guarantee costs nothing
extra.

Ride a National. Buy only a National. Get
a real guarantee on your bicycle—not a sham.

A. C.

The two Stearns Roadster models have the narrowest
treads of the standard road wheels found on the market.
A greater pedal pressure may be exerted, because of the
directness of the action which results from narrow tread con-
structions.
Besides, Stearns models are locally-guaranteed National
wheels, and the local guarantee is often of even more impor-
tance in case of accident than the narrow tread.
Price of Stearns Roadsters, \$50.

With Few Options

The Scotsman is a good, thoroughly-tested, fine-looking,
well-finished, high-grade bicycle.
But the price is \$40 only.
The desire is to sell a good wheel at the lowest possible
price at which a good wheel may be sold.
Therefore, all costly options are avoided in the Scotsman,
and everything about them is designed with a view to utility.
A rider can get everything he really needs among the
Scotsman options—and the local guarantee.
All for \$40. Only \$40.

Even Tempering

When tempering gears, it warms out of
shape. The bevel gears of the Columbia
Chainless are made so that the shrinkage
in tempering is evenly distributed over the
gear. The result is that the tempered
Columbia Chainless gear is even and per-
fect in outline.
This gives the Columbia Chainless a su-
perlative goodness among all chainless
wheels.
And you get with it the National local
guarantee.

191 Yonge Street.

The Swift Tribune

The Tribune Bicycles, with two-point
bearings, hold the world's record, over a
mile a minute.
The complete line covers the Tribune
Roadsters at \$50, the Blue Streak Roadsters
at \$50, the 30-inch Light Roadster at \$40,
the Racer at \$70, the Bevel Gear Chainless
at \$55.
Every Tribune has the inestimable valu-
able local guarantee, which means "local
repairs".

"Pennants"

The Pennant wheels are sold at \$35 and
\$40.
They are locally guaranteed. They have
ball-retainers in all parts, flush joints, one-
piece cranks, detachable sprockets, and the
high-grade construction found in good
wheels.
The highest satisfaction may be obtained
from Pennant models. We would like to
show them to you.

BRAVE RAYMOND WEBB

Lost His Own Life by Fire in Sav-
ing His Brothers and Sisters
From the Flames.

Rochester, N.Y., May 4.—A special to
The Post Express from Holcomb, N.Y.,
says:
Raymond, aged 14, and Wesley, aged 9
years, the children of Mr. and Mrs. William
Webb, were burned to death in a fire which
destroyed their home last night, together
with contents. Raymond and his three
other brothers and two sisters were sleep-
ing up stairs, and when he was awakened
by the smoke he rushed thru the rooms
rousing the other inmates. In his en-
deavor to save other lives, he lost his own.
The remains of the two brothers were re-
covered this afternoon. The origin of the
fire is a mystery, and must have been un-
der way on the outside for some time.
Financial loss about \$2000, but insured.

SWEDISH ROYALTY AT WINDSOR.

Scandinavian King and Queen Pay
a Visit to Great Britain's
Honored Sovereign.

London, May 4.—The King and Queen of
Sweden went to Windsor to-day, accom-
panied by their suites, and were met by
the West, the hereditary and most up-to-
date Christian of Schleswig-Holstein and
Princess Henry of Battenberg, who greeted
them affectionately. Queen Victoria re-
ceived them in the morning, and the royal
grand quadrants. After luncheon their
Swedish Majesties returned to their country
residence.

The Demon Dyspepsia—in olden times it

was a popular belief that demons moved
invisibly through the ambient air seeking
to enter into men and trouble them. At
the present day the demon, dyspepsia, is
at large in the same way, seeking habita-
tion in those who by careless or unwise
living invite him. And once he enters a
man it is difficult to dislodge him. He
that finds himself so disposed should
know that a valiant friend to do battle
for him with the unseen foe is Farmacia's
Vegetable Pills, which are every ready for
the trial.

UNFORTUNATE FRENCH COUNT.

He Was Consul in New York.
Went Crazy Over the Death of
His Wife, and Died in Asylum.

New York, May 4.—Count d'Elpeux,
French Vice-Consul in this city, is dead in
der most distressing circumstances. He
was the husband of Mme. Murio-Celli, the
famous teacher of singing and former prima
donna, who died April 10. At her death the
Count locked himself in the room with his
dead wife and refused to allow the body
to be removed. At length his lunatic
friends had to use force.
Later he was removed to the Insane Asy-
lum on Ward's Island, where he made sev-
eral attempts to take his own life. He re-
fused food and last night his dead body was
brought back to the city for burial.

A TORONTO DRUGGIST

Cured of Catarrh by Japanese Ca-
tarth Cure After Scores of Rem-
edies and Physicians Failed. Says
Japanese Catarrh Cure is the
Only True Specific.

Mr. John Wylie, who has been for a num-
ber of years the well-known senior clerk
for Mr. George Munro, the leading East
End druggist, corner Queen and Berkeley
streets, Toronto, writes: "When I say I be-
lieve in the Japanese Catarrh Cure, the only cure
for catarrh on the market, I believe I know
just what I am talking about. I have been
very badly troubled with nasal catarrh for
a number of years. I have tried every rem-
edy which I thought would be of any good
and also several doctors, but only received
a little temporary relief. After hearing
several of my customers who had used
Japanese Catarrh Cure speak so highly of it,
I tried it. From the very first it gave me
much relief, soon the dripping in my
throat ceased, and now, after using in all
four boxes of Japanese Catarrh Cure, I find
myself completely cured of this most dis-
agreeable disease after suffering for years.
Since being cured by Japanese Catarrh
Cure, I have recommended it to some of
my customers, and know of several of
them whom it has cured."

If you have catarrh don't go on expect-
ing until the disease has reached the
lungs, get a box of Japanese Catarrh Cure
and cure it now. Your druggist sells it,
price 50 cents.

Want proof of their strength? Want them compared with other makes? Here's
evidence from the Government "Blue Books": The Victorian Government of Aus-
tralia recently purchased a number of Massey-Harris Bicycles for use in its cycle
postal department. At about the same time the New South Wales Government
purchased a number of American and other makes of wheels for similar service, and
from statistics printed it is shown that it cost twenty times more for repairs on the
American collection than for the Massey-Harris Bicycles.

Improvements and features on the 1900 models are not made for the sake

Woman's World...

Devoted Speciality to the Interests of our Women Readers.
Conducted by Katharine Leslie.

In nearly every town or city of moderate size there are always a certain few women who stand out conspicuous from other women, not because of any special virtue or beauty, but because of their dress. So conventional are they in their ideas of life that the thought of appearing even in the early morning not dressed as they for a social function is fraught with horror to their limited souls. They always appear with an elaborate costume, which gives them the appearance of having stepped out of a hair dresser's window, a resemblance which any woman of taste will be very careful to avoid. Their garments are fitted to bodies lined out of all resemblance to the beautiful human form given to women by the Creator, and their feet are encased in the most elaborate of tight shoes and high heels. Jewels and jewelry always flash from fingers and throat, and there is altogether an appearance of slavish attention to the slightest mandate of fashion that is nothing short of pitiful. But the they are always dressed "to the nines," these women never appear to wear their things with that ease and grace with which some women wear a shirt waist and a sailor hat—stiffness, conventionality and the immobility of the dressmaker's dummy are always suggested by their appearance. At whatever function they appear they are known for this "smart" appearance, and the knowledge of this must be dear to their souls, for no circumstance in life seems to turn them a hair from their ideas of dress. Their things always look as if worn for the first time; never by any means do they suggest the easy grace of long acquaintance with the figure, and never by any possible chance could one imagine any sentiment in connection with such clothing. Rather they suggest much study of French fashion plates, endless interviews and time spent with the tailor, the dressmaker, the milliner, and critical inspection long and minute before the mirror. Neither do such clothes suggest any sense of what they mean. They have their reward and are evidently happy; their mission in life is to keep trade humming, and to swell the coffers of the tailor, the milliner, the bootmaker, and the hair dresser. And if the glove and the high heel, and the corset cannot imagine such women engaged in the homely occupations of the household, such as washing dishes, broiling a steak or tubbing the babies, occupations which require freedom of movement, and which induce a certain dishevelled appearance, one would miss them at the social function, the daily promenade, the theatre

On Easter Day, with salubrious face, she kneels beside the altar rail, And as she kneels with gentle grace I see a tear-drop thru her veil.

Dear girl! How earnest! How sincere! How pure and sweet how free from pride! I'll ask the cause of that one tear As soon as we are safe outside.

I did, I asked her, and she said, With something like a smothered groan, "I weep because that girl in red Had on a hat just like my own!"

A new sort of golf glove is of English make. It is a smart affair of white or tan doekskin, the stichings so arranged as to simulate miniature golf sticks, while, in order to leave the palm of the glove perfectly smooth for the better holding of the golf club, the necessary gathered fulness is on the outside of the wrist, this arrangement doing away with the need for any buttons and enabling the glove to be slipped on and off in a second.

I see that the Goldsmiths and Silversmiths' Company of London have sent to the Paris Exposition what is claimed to be the finest pearl necklace in the world; it must be superb, for its 40 pearls are valued at \$200,000. The five central pearls are said to be immense spheres of milky splendor. What a thing of beauty it must be! And would not you love to have a peep at such a treasure?

Says a Paris correspondent: Now that Paris is in the throes of the woman question, women who write are under the ban. La Fronde, the newspaper edited, written and owned entirely by women, has been fairly successful hitherto, but the other day the law stepped in and announced that it was illegal for women to be employed at night. Women are creatures of resource, but it would tax even a woman's ingenuity to bring out a morning paper in the daytime. It is kind of the French law to protect women from night work, but La Fronde may complain of being killed by kindness.

Mrs. Burton-Harrison gives some valuable hints to the girl who is going abroad. I reproduce, because of their common sense. Some people, she says, consider it important to change hats, pockets, and blouses repeatedly at sea. This may be all very well for a lady possessed of a maid and a large wardrobe, but for the woman who has to make do with what she has, which to many is the case, it is a waste of money to buy new hats, blouses, and gloves, and to change them frequently. It is better to have a few good things that will last, and to wear them with a good grace.

No Longer Any Fear of Bright's Disease Since Dodd's Kidney Pills Came Into Use.

All Kidney Diseases Have Been Rendered Harmless—Marin Guimond's Case of Rheumatism—Her Gratitude for Dodd's Kidney Pills.

Montreal May 4.—Another cure by Dodd's Kidney Pills is reported in this city. This time it is Rheumatism which that excellent remedy has conquered. There have been scores of similar cases this winter, few of which have reached the press. Rheumatism is so common in this city as it is indeed throughout the province that every day Dodd's Kidney Pills are coming more and more into general use. In Montreal alone there have been dozens of cures of Rheumatism by Dodd's Kidney Pills reported since last fall.

Rheumatism is seldom curable as treated by the majority of physicians and at hospitals. But more than one doctor has confessed of recent years that he has cured Rheumatism by the use of Dodd's Kidney Pills, and he has known for either Bright's Disease or Diabetes.

That this latter claim is true has been proved over and over again in Montreal. In fact, I have been suffering for six years, but I got no relief from it. I have taken seven boxes of Dodd's Kidney Pills, and I am completely cured. I am telling all my friends of the excellence of this remedy and I think it a thousand times a day.

Yours truly, MARIA GUIMOND, St. Flavie.

PROSPECTUS.

The Canada Foundry Company has been formed for the purpose of meeting the increasing demand for all classes of Iron products called for by the rapid development of the general business of the country, and, as a basis, they have acquired the plant, goodwill, stock in trade and business of the St. Lawrence Foundry Company, which has been established for many years, and is well known as one of the oldest iron industries in Canada.

THE IRON TRADE.

While the Iron Trade in all commercial countries is recognized as the great staple, and while in Great Britain, Germany, and the United States, in particular, large profits have been derived from it, it must be admitted that in Canada this industry has not kept pace with the demand.

PLANT.

In acquiring the business of the St. Lawrence Foundry Company, the Canada Foundry Company have the nucleus of a plant which they propose to enlarge and equip so as to enable them to turn out all classes of iron work of superior workmanship, and at a very much lower cost than with the present inadequate facilities.

CANADIAN MARKET.

In the department of Architectural Iron, Waterworks Supplies, Railway Supplies, Ornamental Iron and general jobbing, the demand in Canada has, to a large extent, been supplied by importations, notwithstanding the high tariff and freight charges on this class of material. In this connection it may be said that contingent arrangements have already been made with Canadian consumers that will ensure contracts for a large output as soon as the existing facilities have been increased sufficiently to enable the Company to handle to advantage such additional contracts for castings and supplies.

RAILWAY SUPPLIES.

In the Department of Railway Supplies alone there is practically an unlimited market for Foundry products, and it is the intention of the Canada Foundry Company to develop this large and constantly increasing trade. The Company have already made considerable progress in this direction, having acquired rights for the manufacture of certain patented railway appliances, which its plant, when fully equipped, will afford all necessary facilities for manufacturing to advantage.

PROFITS.

Even with its imperfect equipment, the St. Lawrence Foundry in 1899 showed a net profit of \$39,000, being largely in excess of the amount required for the payment of the dividend on the entire issue of Preference Stock, of the new Company, viz.: \$250,000, and when it is pointed out that, after paying for the machinery, plant, etc., of the St. Lawrence Foundry Company, there will remain in the hands of the Company, from the sale of Preference Stock, about \$200,000 for the extension of the Company's plant and business, and for working capital, it will be readily seen that the new business which the Company will be able to undertake must be such as to place the payment of dividends on the Preference Stock beyond any reasonable doubt.

DIVIDEND ON PREFERENCE STOCK.

The Preference Stock ranks for seven per cent. Cumulative dividend, before any dividend is paid on the Common.

STOCK SUBSCRIPTIONS.

MESSRS. OSLER & HAMMOND are authorized to receive subscriptions ON AND AFTER THIS DATE at their offices, No. 18 King St. West, Toronto, for the issue of the \$250,000 of 7 per cent. Cumulative Preference Stock of the above Company at PAR, the Directors reserving the right to allot only such subscriptions, and for such amounts as they may approve, and to close the subscription books at any time NOT LATER THAN 12th MAY, 1900.

A deposit of 10 per cent is payable on application, 20 per cent on allotment, and the balance in three instalments—20 per cent on 1st July, 25 per cent on 1st September, and 25 per cent on 1st November, 1900. Subscribers may make payments in advance of due dates and will be entitled to dividend from the dates of such payments.

If no allotment is made deposit will be returned without deduction, and if a partial allotment is made the surplus deposit will be applied towards the amount payable on allotment.

Application will be made in due course to have the Preference Stock listed on the Toronto Stock Exchange.

Forms of application for Stock, together with copies of Prospectus and any further information, may be obtained from

THE LAW ON A MONTREAL MAN

A. W. Blouin Charged by the U. S. Government With Fraud in a Lottery Game

Buffalo, N.Y., May 4.—A special to The Express from Washington says: The Postoffice Department issued a fraud order on Dec. 26 last against the National Society of Sculpture, and Timothy Archambault of Quebec, Canada, for using the United States mails in conducting an alleged lottery. The order, which was issued, is said, then took up their scheme where the others left off, using their letter heads and literature. A fraud order was issued against him under date of April 17, 1900. It now appears that A. W. Blouin of Montreal, Canada, is continuing the fraud, claiming to have been elected recently a director of the National Society of Sculpture, which has its head office in Quebec. This is the third shift of base and the department has kept pace with it by issuing a fraud order against Blouin. The likelihood is that Archambault, Longtin and Blouin are the same persons. In each case all exchange offices with Canada were notified and worst sent to each of the 75,000 offices in this country. The department is determined to prevent introduction of lotteries from other countries and will continue operating against the "National Society" as long as the fraud is perpetrated.

THE BRICKMAKERS' DEMANDS.

Carlton, Braceland and Bloor. Street Men Will Ask an Increase

Toronto Junction, May 4.—The Carlton, Braceland and Bloor-street brickmakers held a meeting at the Heydon House, Toronto Junction, last night, to discuss among themselves what they consider is a fair wage for the season of 1900. At present the most of the day diggers are already at work. They get 15 cents per hour last year, and are quite satisfied to work at that rate for the present year. The feeling of the meeting was in favor of the day diggers doing all the work they can at any rate, until May 30, by which time the brickmakers will have received from the manufacturers an answer to their request for increased wages.

The meeting last night resolved upon a slight increase, which, as the men all work by the piece, would mean an increase of 10 cents per 1000 more than last year. In view of the fact that brick is selling from \$1.40 to \$1.50 per 1000 more than last year, the increase is considered trifling. Some of the brick manufacturers have already consented to an increase in some departments, and a meeting of the principal manufacturers will be held at an early date to consider the proposition made by the men. The Braceland manufacturers have offered 25 cents increase in all departments, without it being asked; but they decided to wait until the men make the demand upon the manufacturers as the men at Carlton or Bloor street are quite ready to demand for brick this year. Most of that which is in the yards is already contracted for. Some of the yards are quite empty, and orders are fast coming in for more brick. This hopeful outlook makes both manufacturers and men anxious to start the machines, and it is quite likely that only a little further delay will exist, will right themselves in a few days. The amounts asked for and the subject of the meeting will be found in the subjoined schedule:

Tempers, per 1000	Year.	For.
Shifting, per 1000	1900	25c
Setting off and wheeling out	40c	62c
Backings	10c	20c
Sanding moulds	10c	20c
Spreading paties	10c	20c
Wheeling in and setting	10c	20c
Day work, per hour	15c	10c

Gendron.
Seven years of success is only one of the unique things about the Gendron bicycles. The beautiful aluminum finish of the Gendron bicycles is admired by all who know of its cleanly and indestructible qualities. The Gendron bicycle is unique for many other admirable features: graceful, beautiful aluminum finish—Water's brake, new hand lever adjustment, improved bottom bracket. The Water's brake is a simple and efficient feature of the Gendron bicycles for 1900. The Gendron ladies' chainless has a specially constructed frame—graceful in form and handsome in its appearance. The Gendron bicycles are unique in possessing all the points of the best machines in the world.

Wheat Winter-Killed in Essex.
Windsor, Ont., May 4.—Fall wheat in the County of Essex is dead, and farmers, with few exceptions, are plowing the ground in which the seed was sown last autumn. Lack of protection from the winter frost is given as the cause of the great ruin. In former years a sufficient amount of snow fell to protect the growth, but last winter covering was not heavy enough to cover the projecting stalks. In some parts of the county farmers are securing their wheat fields with corn.

YORK COUNTY AND SUBURBS

The Parents of Willie Kyle Give Notice of Action Against the Suburban Company.

CLAIM \$600 FOR THE BOY'S DEATH

Bell Telephones for Balm Beach and Patrons of Munro Park During the Summer.

Toronto Junction, May 4.—Harry Harwood, for many years in the service of the C.P.R., has been transferred to Windsor. His fellow employees presented him with a pipe prior to his departure. The parents of Willie Kyle, who was killed by a Suburban electric car, have given notice of action against the company, claiming \$600 damages.

A boy named Willie Kyle was killed by a Suburban electric car on Monday morning last. The car was driven by a man named John Addie, who was a Queen and Dundas car near Peacock Hotel in Toronto. John Addie fell off a Queen and Dundas car near Peacock Hotel in Toronto. He was rendered unconscious for some time. A medical examination revealed no serious injury beyond a few bruises and cuts.

East Toronto.

East Toronto, May 4.—On account of changes and promotions among the men on the G.T.R., many engineers are obliged to leave the village. Among them are: William Simons, Mr. Morris, G. Tassie, Mr. William Walker, Mr. Kerr, Mr. Mackie and Mr. Welsh.

The Bell Telephone Company is placing poles along the Kingston-road and Beech-avenue for the purpose of providing the residents of Balm Beach and visitors to Munro Park with telephone communication with the city. Bell telephones and pay stations will be put up at the park and the Balm Beach drug store. At present the residents of Balm Beach are obliged to go to the city for telephone communication.

A quiet wedding, in the presence of a few friends of the contracting parties, took place Saturday night at the home of the bride, Mrs. J. W. Stevenson, in the home of Mr. J. W. Stevenson, when the bride, Miss Elizabeth J. Stevenson, was united in marriage to Mr. Frederick W. Hiltchick of the firm of Hiltchick, silver gliders, Temperance-street, Toronto. After the ceremony, which was performed by the Rev. G. W. Stevenson, Newtonbrook, the company sat down to a sumptuous repast, after which the happy couple left the 7 o'clock train. Their future residence will be Pape-avenue, Toronto.

Fire in Markham Township.

The fourth fire within a week, all tending to the inference that they are of incendiary origin, occurred on Thursday morning, May 4, at the residence of Mrs. Hamilton in the beautiful brick residence of Mrs. Hamilton. The fire broke out in the kitchen, and spread rapidly to the main floor. The fire was extinguished by the fire department, and the damage was estimated at \$1000. The cause of the fire is still unknown.

Newmarket.

The Citizens' Band promise great things at their annual concert in the Town Hall, Newmarket, on Saturday evening, May 5. The concert will be given by the Newmarket Citizens' Band, under the direction of Mr. J. W. Stevenson. The program includes a variety of musical selections, and the concert is expected to be a great success.

Aurora.

Dr. Coulter, deputy coroner, has disposed of a residence here to Mr. J. Knowles for \$300. Magistrate Love, after hearing evidence against Albert Kevill for theft of a gold watch from Mr. M. McCallum of King Township, committed the case to the court. An agent of the Toronto Cattle Company was here during the week, and was involved in getting 12 men to go to take the cattle vacated by strikers. Two of these, however, returned on learning particulars of the trouble. The total assessment of the town this year is \$44,874, an increase of \$24,000 over last year. The local lodge of Oddfellows will celebrate the 25th anniversary of the order on this continent by attending divine worship at the Methodist Church, to be controlled by Rev. George Lewey, the pastor, will conduct the services.

North Toronto.

Moore Park residents, with many of their Park, are up in arms over the Consumptive Hospital, now definitely established near the entrance to Moore Park. The institution is characterized as an outrage, and the law will be followed to the last ditch if necessary to prevent the construction of the so-called hospital. A note objecting to the location could hardly have been selected in the suburbs. The dwelling in which the patients are housed is a row of some six two-story dwellings within a stone's throw of the would-be hospital. Deer Park is in the immediate vicinity, and is also the largely-patronized grounds of Reservoir Park. York Township Board of Health has already taken steps to prevent a portion of its most valuable territory being irrevocably injured by such an establishment, and at the meeting on Monday next definite and prompt action has been proposed to see if such an institution can be foisted on the municipality, and that in its best and most important residential quarter.

York County News.

Aurora's assessment this year amounts to \$411,874, an increase of \$24,000 over last year. The local lodge of Oddfellows will celebrate the 25th anniversary of the order on this continent by attending divine worship at the Methodist Church, to be controlled by Rev. George Lewey, the pastor, will conduct the services.

THOSE INDEMNITY CLAIMS.

Situation Unchanged as Yet—Armenians Allowed to Leave at Mr. Grison's Request. Constantinople, Thursday, May 3.—The situation regarding the American indemnity claims is unchanged. As a result of representations by Mr. Lloyd C. Grison, the American Charge d'Affaires, two Armenians who had been prevented from embarking by the authorities at Alexandria as suspects, have been allowed to leave, and the incident is closed. The statement that the United States vice-consul at Alexandria was maltreated by the police there is untrue.

JOHN MURRAY IN BUFFALO.

Supposed to Be Strengthening His Chain of Evidence in the Dynamite Cases. Buffalo, May 4.—Inspector John W. Murray, the well-known detective of the Ontario, James-Glen's Department of Ontario, was in Buffalo yesterday on business connected with the case against Karl Dillman, John Walsh and John Nolin, the three men under arrest at Welland for attempting to blow up canal lock 24, at Thorold, Ont. The inspector is concentrating all his energies and remarkable ability to discover a lot of evidence against the three prisoners, and although he had little to say, it is believed he has finished all that he came to accomplish. He left last night for Toronto.

WHERE IS FRANK McGEARY?

Secretary of Cigar-makers' Union in London, Ont., Has Been Missing Some Days. London, Ont., May 4.—Mr. Frank McGeary, the financial secretary of the Cigar-makers' Union, left his home last Saturday evening, and has not been heard of since. It is rumored that he took a large amount of the union's funds with him. An audit of the association's books is now being made. McGeary had not made any report to the treasurer for 14 weeks, and it may be shown that the supposed shortage was paid out in sick and out-of-work benefits. Joseph Kelly, refuses to express any opinion in the matter. If the accounts are found to be short, the case against him will be hunted up and brought back to stand trial.

Shopping at Simpson's

Our aim is to make it the most comfortably easy and pleasantly profitable store in Canada at which to make your purchases.

We place at the service of residents of Toronto and visitors in the city our well lighted, spacious, modern building, in which stocks are attractively and consecutively displayed, always with a view to the convenience of customers.

In every detail of structure and finish this big store is strictly up-to-date—progress is our watchword—and nothing is too good for our patrons. Our building is favorably known as the newest, most complete and superb of its class in Canada, and when present additions are completed we will have still greater space and attractions to offer as a store.

We are not satisfied unless you are satisfied—that is our business policy in a nutshell. We do not desire any mushroom growth, but aim at building a Canadian people's store that will stand alone—a synonym for liberal dealing, reliable merchandise, and good faith in every detail—known from ocean to ocean.

We've made a good start—already our mail order friends from every settled part of Canada express their delight and satisfaction at our prompt attention to their wishes, and each new customer, in or out of town, becomes a permanent patron.

In all cases goods bought here are exchangeable, or money refunded if for any reason you desire it so—it is easily and cheerfully attended to without any more red tape or enquiry than is necessary to keep track of the exchange.

Our delivery system includes three daily deliveries in all parts of the city—and once daily as far north as Richmond Hill, as far west as Lorne Park and, Cooksville, as far east as Little York, East Toronto and vicinity, and to the Island.

A large staff of employees are here to attend to your wants, and there is every known facility for making your shopping as pleasant as can be.

Your interests are our interests—we rely on you entirely, therefore we place everything else in subservience to your comfort, convenience and perfect satisfaction. Policy, if you will, but a policy all in your favor, and one we're not ashamed of.

Test our ability to serve you.

In these columns there are two examples of the benefit to our customers from our building sale.
