NEW YORK, June 3.—They had an almost hysterical time on the New York stock exchange to-day and there were periods when the market bordered on complete demoralization. With few exceptions, lowest prices of the year were recorded, and trading for the day was in excess of 1,500,000 shares, the largest day's business in months.

London was a heavy buyer here during the early session, but was reported to have reversed its position later, selling heavily of the Harriman issues and United States Steel.

TORONTO'S INTEREST

Not as Extensive as Once Was—Size Up of Situation. Toronto speculators, as usual, were interested in the New York market, as the attendance at the various brokerage offices would indicate.

A Local Financier's Gues. New York wire houses could give no information sufficient to account for the renewal of the break in stocks, and it was left for individuals themselves to size up just exactly what the disruption in the market meant.

Make M.L.A. Apologize

Press Gallery at Parliament Building Recent Statements of James McEwing, Hinting at Improper Behavior.

James McEwing, M.L.A. for East Wellington, made a speech at Ferguson on Thursday before the East Wellington Reform Association, in which he reported to have said: "The opposition is small in numbers in the legislature. Some of the men were new, but they are getting over their timidity and are attacking more vigorously."

No responsible member of the Liberal opposition ever before made such a statement as that. A meeting of the legislative press gallery was held yesterday afternoon, and it was decided to write the voluble member for East Wellington and ask the meaning of his words and demand a public withdrawal of the insinuation that the members of the press gallery were illicit hirelings.

PARKDALE AND HURON TIED

Cadets Scored Equally in Contest for Earl Roberts Trophy. Col. John Thompson, drill instructor in the public schools, announced last night that Parkdale and Huron schools were tied for first place honors in the cadets' competition at Jesse Ketchum Park yesterday.

Each of the eleven companies, namely: Dufferin, Jesse Ketchum, Ryan, Weston, Givens, Parkdale, Devon, Borden, Huron, Bolton and Ogden schools, was adjudged by Lieut.-Col. Galloway to have passed a satisfactory inspection, and each will receive \$50 provided by the board of education.

To awaken the public mind to the serious importance of national defence, and to aid in bringing about the adoption of the most effective and economical system to that end.

To carry on a non-political, educational campaign looking to the adoption of the principle of patriotic, unpaid, or universal naval or military training, in the belief that such training conduces to the industrial, physical and moral elevation of the whole people, and is essential to national safety.

To co-operate with the various provincial educational authorities, the department of militia and defence and the trustees of the Strathcona fund, in introducing physical and military training into all schools in Canada.

To aid in securing the systematic physical and military training of all youths between the ages of 14 and 18.

These are the objects of the Canadian Defence League, the Ontario branch of which was duly organized at a stately meeting in St. George's Hall last evening.

STRAWBERRY CROP IS BACKWARD TEN DAYS

Continued Cold Retards Ripening—Early Berries Next Week—Fair Crop, But No Glut.

How is the strawberry crop going to turn out? That question is agitating the minds of many people just now, most of all the fruit growers, who are anxiously looking for warmer weather in order that the berries may ripen.

On this side of the lake, at Oakville, Burlington and Clarkson's, the yield promises to be good—very large at Burlington, where the beds were none too prolific last year.

TERMS OF EXPORT OF FT. FRANCES POWER

Ontario Government Gives Minnesota and Ontario Power Co. Permission to Send 6000 H.P. Across Border, With Safeguards for Town.

The controversy over the export of electrical power at Fort Frances was settled at the parliament buildings yesterday, by the passage of an order-in-council permitting the Minnesota & Ontario Power Co. to export 6000 horse power generated on the Canadian side to the American side, safeguarding to the Town of Fort Frances, however, the right to use such power should the occasion arise at any time, also keeping 1000 horse power available at any time for the town's use.

Hon. Frank Cochrane, minister of lands, forests and mines, issued the following statement, which gives a review of the entire matter, last night: "The first step in this matter was an agreement between the late government of Ontario and Mr. Backus of Minneapolis, Minn., in February, 1904. Mr. Backus owned the water power and desired to obtain water power rights on the Canadian side, in order to develop the full capacity of the fall. The agreement provided for the sale of the water power to Mr. Backus, stipulating that one-half the power developed should be available for use on the Canadian side, and that the rates charged consumers in Ontario should be subject to the control of the Ontario government."

THE UNSEASONABLE SEASON

To-day is the Fourth of June—the Training Day of William the Fourth's reign. But it was cold almost to frost last night, and no sign yet of warm or warmer weather. The country looked green, the hay and clover crops promising, but the gardens all hungry and lean. It disheartens one to see the jaundiced look of the tomato plants, and the hard-frozen appearance of the potato stalks.

HAMILTON HAPPENINGS

CAROLINE SCHOOL CADETS WIN

Best of the Drill Companies - Sermons on Labor Subjects.

HAMILTON, June 3.—(Special)—The annual competition between the senior drill companies of the public schools was held this afternoon in the gymnasium. About 500 boys, comprising eight companies, were viewed by Col. Newburn and Majors Labbett and McLaren. The honors were awarded to Caroline-street school, which secured the silk banner.

The hooley pole of a street car jumped off the wire at James and Herkimer-streets at 6 o'clock to-night and tore down a network of wires. Traffic was tied up for several hours as a result.

At the semi-monthly meeting of the Trades and Labor Council to-night, a communication was received from the American Federation of Labor, requesting the local council to ask the ministers to preach on labor questions on the Sunday preceding Labor Day. The officers were instructed to sign the single tax petition, which is to be presented to the legislature next session.

The annual field sports of Highfield School were held at the cricket grounds this afternoon. Gordon Fraser won the championship for the best all round athlete, and C. Winch, a Vancouver boy, was awarded the junior championship. Fraser won the broad jump, 100 yard dash, 200 yard dash, and 440 yard run. He did the 100 yards in 17 sec. 1/2, and the 200 in 35 1/2 sec. There were 23 events, and the prizes were presented to the winners by Mrs. J. G. Gibson.

Permits to Boxing Contests. The board of control this morning put the ban on prize fighting in Hamilton. The controllers objected to men being pounded until they are covered with blood, and thought it funny that the police tolerated such a thing. In future no permits will be issued for bouts over four rounds.

The City of Hamilton will take action on the suggestion of Mayor Hopewell of Ottawa, that the heads of Canadian municipalities gather at Quebec on the eve of Earl Grey leaving for England, and present him with an address testifying to Canada's appreciation of the way he has filled the office of governor-general.

THEATRICAL AGENTS ALARMED

Claim Legislation Limiting Commissions Would Be Ruinous.

ALBANY, N.Y., June 3.—The so-called "white rate" bill, making the law governing theatrical employment agencies more stringent, and limiting their commissions to five per cent., was opposed today at a hearing before Governor Hughes by Henry W. Telford, theatrical agent, and Charles F. Murphy, who appeared on behalf of the United Booking Office, Charles F. Murphy, who appeared on behalf of the dramatic agents at New York City, and W. E. Anglin, representing the Lyceum Bureau.

Mr. Telford contended that the bill was unconstitutional, and was class legislation. Mr. Anglin said such a measure would compel the Lyceum Bureau to give up their business, as a five per cent commission would not pay expenses.

A delegation of "white rate" appeared in favor of the bill, headed by Ambassador Green, its introducer, who explained its provisions.

High-class Organs at 50c a Week. The big removal piano sale at the warehouses of ye old firm of Heinzman & Co., Limited, 115-117 King-street west, Toronto, is bringing to them, in exchange, large numbers of organs made by Bell, Morris, Karn, Dominion, Goodrich and other manufacturers. These have been thoroughly overhauled by expert workmen, making them good as new, and to-day, prior to removal to the new Yonge-street warehouses, they are being sold at prices from \$15 to a mere fraction of regular price—and in payments of 50 cents a week.

RAILWAYS HARD HIT

200 Millions Intended for Improvements Needed in Treasury Now.

CHICAGO, June 3.—At least \$200,000,000 which American railroads had tentatively arranged to spend in replacement as a result of the increased revenue from the advance in freight rates they had expected, but which the government has prevented by an appeal to the courts, must now be used to stave off ruin, according to a statement made by Sisson Thomson of the Railroad News Bureau here to-day.

PETITION FEDERAL GOVT. FOR SERUM LABORATORY

Canadian Medical Association Desires That Ottawa Authorities Take Charge of Manufacture, Etc.

One of the most important resolutions approved of by the Canadian Medical Association at its closing session last night was that of the executive council to petition the Dominion Government for the establishment of a fully equipped laboratory for the manufacture of anti-toxin and other sera, so that they can be distributed thru Canada at the cost of production. The resolution explains that by the use of anti-toxin the death rate of diphtheria has been reduced from 35 to 10 per cent, and a still further reduction could be brought about if larger doses are used. At present the cost of large doses is almost prohibitive to the poorer people. The anti-toxin now used in Canada comes largely from foreign countries and is frequently shipped long distances under unknown circumstances. Although the stability of anti-toxin is easily interfered with, there is at present no Canadian supervision or examination as to purity or potency of sera sold and used in Canada.

The C.M.A. will hold their annual meeting next year in Montreal. To-day the members and their lady friends will visit Guelph, as the guests of the medical profession of that city and of the president and staff of the Agricultural College. A special C.P.R. train will leave the Union Station at 11.30 a.m.

Teach Methods and Principles. Interesting comparisons between the conditions of medical teaching 25 years ago and to-day were given by J. C. Connell of Kingston, who urged the formation of an educational committee that would aim to further action at medical education in Canada.

"Teach methods and principles rather than a mass of details," said the speaker. "The increase in the curriculum is due to the great growth of medical science. The lowest standard of any medical college in Canada to-day is higher than the requirements of the Ontario Medical Council 25 years ago."

Dr. Connell stated that no medical school supported by students' fees alone can hope to keep pace with the rapid strides of medical science. He urged state assistance to all schools of medicine, as the profession was a distinct value to the state.

Report on P. S. Inspection. Dr. John Stewart of Halifax yesterday submitted to the executive committee an exhaustive report dealing with public school inspection. The report recommended the appointment of a public instructor by the boards of education and that each province shall have an expert medical adviser, who will organize a complete system of medical inspection.

It was also recommended to co-ordinate the school medical service and the public health services as much as possible, and to form a section of public health as a permanent committee of the Canadian Medical Association. The system adopted in British Columbia this year for the medical inspection of schools was approved of.

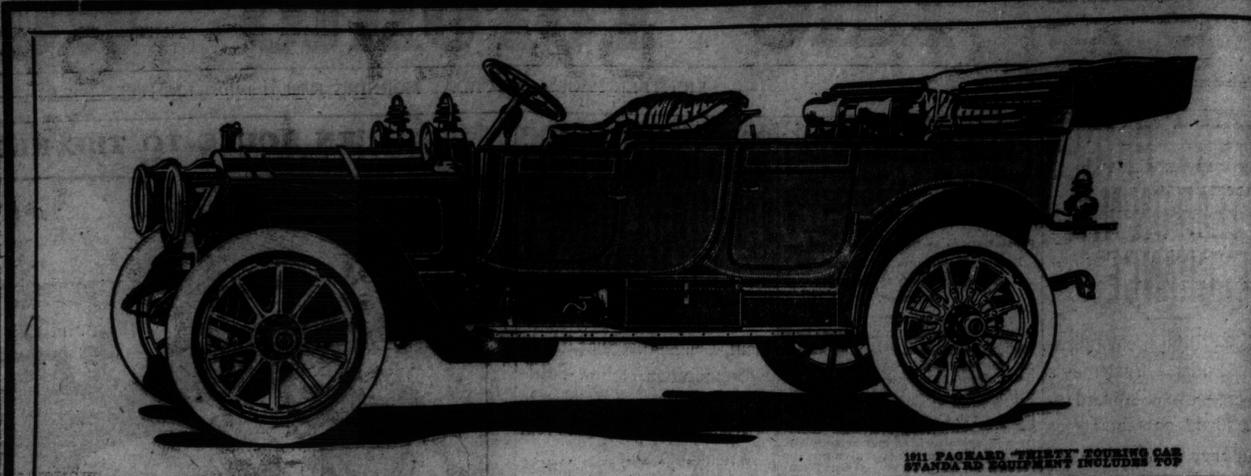

Officers Elected.

Officers elected for the executive council of the C.M.A. are: President, Dr. George E. Armstrong; vice-presidents are the presidents of affiliated societies, of provincial societies, ex-officio, general secretary, Dr. W. Robbald, Montreal; treasurer, H. B. Small, Ottawa; local secretaries of affiliated societies, the secretaries of provincial societies, ex-officio, vice-president of Quebec, Dr. Simard, Quebec; local secretary, Campbell Howard, Montreal. Finance committee, Dr. James Bell, Montreal, chairman, Dr. J. T. Fotheringham, Toronto; Dr. Murray MacLaren, St. John; Dr. S. G. Starr, Toronto; Dr. R. J. Blanchard, Winnipeg; Dr. F. G. CONDUCTOR BADLY HURT

Fractures Skull in Fall From His Car.

Joseph Lynch, street railway conductor, living at 108 Shaftesbury-street, is in a serious condition at St. Michael's Hospital, where he was taken in the police ambulance from Spadina-avenue and King-street. He was jolted from the running board of his car at 6 o'clock last evening, falling upon his head, fracturing his skull. Lynch is a married man, 45 years of age. He is an Englishman and has been in the company's employ for two years.

Murdered Room Fired.

CHICAGO, June 3.—Directly across the street from the Chicago Board of Trade, John Larsen, janitor of the Kent Building on Sherman-street, was murdered early to-day in his sleeping apartment. His charred body was found following a fire which did considerable damage to the structure. Circumstances indicated that Larsen was beaten until he was helpless and then his assailant then set fire to the room. From an adjoining building a short time previous Larsen had been heard in an angry quarrel with an unknown man who had demanded money.

Caught by Cave-in. NEW YORK, June 3.—Three men were buried in a cave-in to-day under the sidewalk at Park Row and Chambers-street, where the new municipal building is under construction. Two were taken out very badly hurt.

BRUCE OLD BOYS AND GIRLS
Annual Excursion to Be Held July 8 to 11.

A meeting of the Bruce Old Boys and Girls Association was held at the Prince George Hotel last night. Arrangements were made for the annual excursion to Bruce County, which will be held from July 8 to 11, and a circular will be sent to all residents of the county in order that a complete directory of those in the city may be compiled.

First-Class Doesn't Pay.

"It is rumored that the railway companies of this country are shortly to take into consideration the question of revising their first-class fares," says The London Times. "Whether this be the case or not, there can be no doubt that all is not well with the first-class passenger traffic. Observation shows that one person per first-class compartment is not an unfair estimate of the average loading of express trains in this country, apart from exceptionally favored lines, such as that from London to Brighton. That is to say, about three-quarters of the accommodation provided is unoccupied, and the cost is incurred of hauling many tons of rolling stock without any return in the shape of revenue. The tendency indeed appears to be toward one class only, and possibly this will be the ultimate solution of the problem, perhaps with some system of reserving compartments, or limiting the number of occupants, on payment of an extra fee."

About Parasols

When the sun shines down with uncomfortable warmth, or the clouds pour forth rain, we raise our parasol or umbrella to protect ourselves with no particular sense of appreciation of anyone or anything except our forethought in having brought along the contrivance. Yet only in 1752 General Wolfe, writing from Paris, said:

"The people here use umbrellas in hot weather to defend them from the sun, and some things of the same kind to secure them from snow and rain. I wonder a practice so useful is not introduced into England, where they can be expanded without inconvenience."

The following extract from the laws of Cape Colony about the same date further adds to our realization that the privilege of thus shielding ourselves from shower and glare of the sun has not always been the free benefit it is to-day. "It is ordered," runs the article, "that no one less in rank than a junior merchant or those among the citizens of equal rank, and the wives and daughters of those only who are, or have been, members of any Council shall venture to use umbrellas."

And now the only difficulty connected with the matter, not only with umbrellas, but even more especially with sunshades, is to make a choice from the variety of designs and colors available.

The New Parasol

In the Parasol Section the new creations of Paris and other European centres have been installed within the last few days, and many distinct novelties claim the attention. Foremost among these is the "Aeroplane," oblong in structure and obviously suggestive of the aerial craft; the Japanese parasol, a square, four-rib sunshade, finished with silk fringe; and the "Chantecler," the chief rarity of which lies in the tall handle, topped with the highly-colored head of the redoubtable Chantecler himself.

Among the more conservative productions some charming effects are achieved in hand-embroidered silk, shot silk, hand-stenciled linings, and pretty scalloping of edges. Frills are conspicuous by their absence, fringe and ruchings taking their place. Handles exhibit a wide range of choice, running from the severe wooden stick to that covered with crocheted silk, and including the leather woven whip handles, and the daintiest of polished and enamel crooks and knobs, the long Directoire stick being prominently exploited. Canopy tops are a strong feature, while an odd upturning of the pearl or gilt tips of the ribs has also been accorded a generous patronage.

Sweater Coats for Tourists

The vogue for the smart looking sweater coat has grown to such an extent, especially for outing wear, that no tourist outfit is complete without one, and in purchasing such a garment of the season of vacations, outings, excursions and short journeys, an assortment such as we present is particularly satisfactory, both to those who desire the inexpensive, serviceable sweater coat, or those who seek that dainty, elegant quality that combines comfort, service and very smart style found in our more expensive grades. These few price hints suggest the splendid range that awaits your choosing.

Women's All Wool Sweater Coats, three-quarter length, with colored collar front, cuffs and pocket finished with pearl buttons, colors white with myrtle, white with champagne, champagne with fawn, grey, wistaria, maroon or white. Sizes 34 to 42. Price \$1.75

Ribbons for June Weddings and Graduations

We have prepared lavishly for June. From the Swiss and French looms have come elegant productions in richest tints and an inimitable beauty of weave. From the narrowest baby ribbon to the widest and most elegant satin, we are prepared to meet your every requirement for whitewear and dress trimming, sashes, table and bouquet decorations, hair ornaments, hat drapes, etc.

We especially emphasize our "Duchess" Satin; it has a rich, elegant finish, soft, yet with fulness of life, pure silk and of Swiss manufacture. This ribbon is particularly adapted for use in fine garments, and comes in white and colors.

The Chantecler Collar Everywhere With Fashion Folk

These prism pleated collars have become an absolute craze in all the leading fashion centres abroad, and particularly noted is the fact that they are shown with the very best garments, and worn by the very best classes, both for street and social functions.

Makers of the most fashionable and elaborate wear have caught up the Chantecler idea, with the result that the novel and bewitching little flat, "frilly" affairs adorn the necks of the loveliest gowns and waists.

Just now the tendency is to wear them very low in the front, although they can be adjusted to suit the neck.

Prominent features concerning these collars are their adaptability to suit any waist—instead of being gathered they are pleated in prism style—and fastened at the back or front.

Mulls, lawns, nets and laces are used in the making up of this charming neckwear, with trimmings of insertion and lace; the favorite trimmings are heavy laces and insertions and Paisley edgings. Big display Monday, varying in price from... 25c to 50c

Baseball Rain at Buffalo Athletics Eaton A.A. Lacrosse N.L.U. Program Meet To-day

Note and Comment

The veteran John P. Scholes was out yesterday for his first drive since his recent severe illness. He is recovering rapidly and has made arrangements to visit Los Angeles next week on an extended holiday.

All roads lead this afternoon to the island, where the powerful Eaton Athletic Association is holding the greatest of all athletic meets, to include the best field and track performers on the continent, not to mention the whippet race and a football incident.

William Mack has gone to Winnipeg to judge at the horse show there, and will remain in the west for some time. He is the right man for the position, having had much experience as a judge of horses, including five consecutive years at the Ontario show, also at Toronto, Hamilton, Ottawa and other important shows.

One of the most touching tributes on the line to the late Mr. E. C. Clayton, in the London Sporting News, in the midst of our national celebration and patriotic feelings for the time dead and inarticulate. No one who was fortunate enough to witness that unspeakable tragedy after the Derby victory of Minoru at Epsom last summer can doubt that the turf has received a crushing blow from which it will not easily recover.

Catcher Will Join Leafs To-day—Rochester and Providence League Winners.

Rain prevented the Leafs and Bisons from chasing yesterday, as it did Newark and Baltimore, thus Toronto is left in the lead for the pennant. Rochester and Providence were the league winners yesterday.

Providence 5, Jersey City 4. PROVIDENCE, R.I., June 3.—Jersey City blew up in the first inning today, and when the smoke had cleared away the locals had scored five runs, enough to win, but they got another lead.

Rochester 6, Montreal 2. ROCHESTER, June 3.—Rochester put the second game of the series over the Royals this afternoon by a score of 6 to 2. Albo Seville was found out by the Royals.

Providence 3, Jersey City 2. PROVIDENCE, R.I., June 3.—Providence's Hurst and Byers. Time—1:30. Attendance—100.

Rochester 6, Montreal 2. ROCHESTER, June 3.—Rochester put the second game of the series over the Royals this afternoon by a score of 6 to 2.

American League Scores. At Detroit—Detroit bunched hits with bases on balls in the first and fourth innings, defeating Philadelphia in the opening game of the series, 6 to 1.

National League Scores. At Boston—Chicago had no difficulty in shutting out Boston 9 to 0 today. Curtis Beckendorf hit the seventh, allowing four bases on balls, which left four hits, gave the visitors five runs.

Stoned a Prince.
 BERLIN, June 3.—Prince Julius of Lippe was stoned and seriously injured by a group of Italian anarchists while he was driving with his brother, Prince Leopold, near Detmold, the capital of Leopold's principality, to-day.

Thousand Men on Strike.
 MONTREAL, June 3.—A thousand machinists employed by the Canadian Car and Foundry Company in the Dominion plant, near Lachine, struck to-day. Wages regarded as a piece work is the cause of the trouble.

A rich, yet mild brew, like REGAL Lager, is good for the stomach. Your physician knows this. REGAL is a stimulant that cannot harm you. Try it.

Three Famous O'Keefe Brews

O'Keefe's "Pilsener" Lager—the real old German "Pilsener." Brewed as they brew it in Pilsen, of the finest hops and malt and pure filtered water. O'K "Pilsener" is the Beer with a Reputation—The Light Beer in the Light Bottle.

O'Keefe's Gold Label Ale is the connoisseurs' delight—a rich, creamy old ale—full bodied—and marvellously tasty. "Perfection in liquid form" as one enthusiast called it. "The Beer That is Always O.K." Sold Everywhere.

O'Keefe's Special Extra Mild Ale is for those who find ordinary ale too heavy, and too bitter. This special brew is fine and delicious in flavor, but being extra mild, never makes you bilious. Both "Special Extra Mild" and "Gold Label" Ales are in Crown Stopped Bottles.

Blue Bonnets Opens To-day

Card of Seven Races, With Hotel Handicap Features:
 MONTREAL, June 3.—The meeting at Blue Bonnets opens to-morrow. The track is laying out and should be fair by Saturday. Horses that raced at Delorimier Park were refused, although many of the trainers have secured their licenses. The reason given out is that they have not yet been reinstated by the Canadian Racing Association for taking part in the half mile track meetings last summer. It is expected, however, that all those without any other black marks against them will be taken back into the fold with the exception of Mike Daly and W. C. Cappel. To-morrow's entries are as follows:
 FIRST RACE—The Usual Handicap, \$500 added, 2-year-olds and up, 6 furlongs.
 1. Copper Princess, 91 (Detective), 10 to 1.
 2. John Griffin II., 112 (John Reardon), 10 to 1.

CATHOLICS IN QUEBEC
READY FOR A CHANGE

Statement is Made to Presbyterian Assembly—Appointment of Professor Causes a Flare Up.

HALIFAX, N.S., June 3.—(Special.)—At this afternoon's session of the Presbyterian Assembly, Dr. John McMillan of Halifax introduced the report of the Pine Hill College, Halifax. He said: "She is ninety years old, yet in no sense dying or decrepit. She is stronger than ever. During her history fifteen professors have served her. Eight are gone, seven still are with the institution. We have given away Principal Gaudier, and to Toronto University a president. We have 42 graduates, 200 now on the roll of our school, with eighteen in the foreign field. We have called back a new principal, Rev. Clarence McKinnin. We are now recommending the appointment of a new professor—Rev. H. A. Kent, M.A." It was sat \$2000 a year and free house.

The report was ready to be adopted, when Dr. Sedgwick said the nomination was not unanimous. No interest would suffer if the appointment was delayed.

The statistical tables and reports about in evidence of the divine favor, speaking in much faithful labor rewarded with bountiful harvests; but not less clearly do they speak of the loss of the harvesters, said the report. The question of transmitting control of the new Hebrides mission to the Australian Church is put before the assembly, with request that the synod be empowered to deal with it.

Aiding Home Missions. Dr. McKay, speaking from the pulpit, presented the report of the committee, western section. An interesting fact brought out was that the committee, although known as the foreign mission committee, is conducting large amounts of home mission work. Last year, \$37,000 was thus expended. The doctor made a plea for interest in the Chinese, as work which is worth while. The report notes a request from the North Pacific mission council for a new theological council at Taipei.

Dr. Buchanan of the mission field in India, is delegated by the fifth general assembly of the Church in India, and gave accounts of what is being accomplished there.

Mr. Gilbert of the Mission to the Indians, was the next speaker, describing what is being accomplished by the mission, especially thru its schools.

SALISBURY, THE LORDS AND FINANCE. (Canadian Associated Press Cable.) LONDON, June 3.—Speaking at London, Lord Salisbury endeavored to deal with the constitutional question in a "spirit of moderation." It was not proposed that the lords should invade the province of the commons. No one denied the ascendancy of the latter in regard to finance, but if a "will" proposal were made even in pure finance, it did not mean that the lords should not have something to say about it.

Foreign Missions.

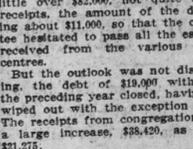

Dr. McKay then presented the report of the foreign mission committee (eastern section). The fields under the jurisdiction, said he, were not many nor large, but wide scattered.

The expenditure of the year was a little over \$22,000, not quite met by receipts, the amount of the debt being about \$11,000, so that the committee had to meet all the estimates received from the various mission centres.

But the outlook was not discouraging. The debt of \$19,000 with which the preceding year closed, having been wiped out with the exception of \$900. The receipts from contributions were a large increase, \$28,429, as against \$21,275.

The statistical tables and reports about in evidence of the divine favor, speaking in much faithful labor rewarded with bountiful harvests; but not less clearly do they speak of the loss of the harvesters, said the report. The question of transmitting control of the new Hebrides mission to the Australian Church is put before the assembly, with request that the synod be empowered to deal with it.

SPEND YOUR VACATION
IN NEW YORK TOWN

Toronto World Will Run Low Rate Excursion to Great Metropolitan in June.

A trip to New York in June! Eight days spent in one of the greatest cities of the world, and at a time of the year when everything is at its best—Wouldn't that be an ideal vacation?

Many people think so and for their benefit The World will run an excursion to New York this summer. A very low rate has been secured, \$14.25 for the round trip by rail and \$12.35 round trip, partially by boat. Tickets are good leaving Toronto on June 23 and leaving New York July 2.

If you have been in New York you will want to go there again. If you have never been there you owe it to yourself to go. There is no city in the world that offers greater opportunities for recreation and study, especially in the month of June.

The best accommodation on boats and trains will be provided. To those who desire a pleasure trip or to anyone wishing to go to New York on business this excursion offers an exceptional opportunity.

It will be the last chance for a low rate to New York until the latter part of August.

DECLARES THAT RAILWAYS
MUST RAISE THEIR RATES

At Least 200 Millions Now Planned for Improvements Must Otherwise Be Held in Treasuries

CHICAGO, June 3.—Simultaneous appeals to the people were made to-day by the western railroads and by the Illinois Manufacturers' Association.

The railroads submit their brief to "the man in the street and the farmer," hinting hard times if the railroads are not permitted to increase their freight rates.

The manufacturers tell the people not to be deceived, as there is no danger of panic, and land President Taft for his action in halting the proposed increase in rates.

On behalf of the railroads, Sisson Thompson, head of the railway publicity bureau, put forward "four reasons why railroad rates must be raised."

According to Mr. Thompson, the railroads in the last two years are \$220,000,000 behind on maintenance; they paid \$100,000,000 more annually for labor; they paid \$100,000,000 more annually for interest; they lost \$25,000,000 annually on passenger traffic, with the total result that they are \$70,000,000 to the bad in two years.

At least \$200,000,000 which the railroads had tentatively arranged to spend in replacements, must now be used to stave off ruin, according to Mr. Thompson.

"Railway rates must be advanced because many companies otherwise would face bankruptcy," said Mr. Thompson. "This is a result which the injunction granted at Hannibal on ex-parte representation, without notice and without proper weighing of the consequences, may expedite but is powerless to undo."

Mr. Thompson declares that the shippers have been grossly deceived. He had charged the Associated Shippers' Bureau of Cincinnati with practicing the deception.

APPOINTMENT HANGS FIRE

Alex. Johnston Not Yet Made Deputy Minister of Marine.

MONTREAL, June 3.—(Special.)—There is apparently a hitch over the appointment of Mr. Alex Johnston, ex-M.P. for South Cape Breton, as deputy minister of marine and fisheries in place of Mr. Desbarats, the former deputy, who is now deputy head of the naval department.

It was reported some weeks ago that Mr. Johnston had been appointed, but no order in council has yet been signed to that effect. Mr. Johnston said his appointment had not yet gone thru. He will see Mr. Brodeur here to-morrow.

KOHLER'S SECRET SERVICE

Had Policemen Give Him Reports on Prominent Persons.

CLEVELAND, O., June 3.—City detectives may be properly employed to watch and report to their chief all public officials and prominent men who enter saloons, cafes or disorderly houses. This ruling was made to-day by the chairman of the civil service commission in the course of the trial of Chief of Police Kohler, accused of immorality, intoxication and misfeasance in office.

The ruling was made in connection with a charge that Chief Kohler had instructed his detectives to make private reports to him of any "officials, prominent business men or anyone connected with the city, visiting disorderly houses, grill rooms, cafes or saloons."

These reports, it was alleged, were entered by the chief for improper use, and that no improper use had been shown. This objection was sustained by the commission, which ruled that the chief had acted in accordance with correct police usage.

Other testimony introduced was to the effect that Chief Kohler had visited a disorderly house and acted familiarly with the inmates. The witnesses were women of the red light district and testified that they had been abused and insulted by the chief's language. The hearing will be resumed Monday afternoon.

TRYING HARD TO PROVE POLITICS KILLED THE KING

The Bystander, Weekly, Declares That "Cocoa Combine" Papers Stirred Up Acute Situation.

LONDON, June 3.—Tory and radical are already, at each other's throats as a result of the direct charge made in this week's Bystander that the Liberal ministry killed the late King Edward. In every section of the country Liberal newspapers are denouncing the sensational accusation, while the Unionists are adding to make the circulation of the weekly periodical as widespread as possible in the various constituencies.

The Bystander articles have now made a tremendous sensation throughout the country. The charges in brief are that certain newspapers, classified as "Cocoa Combine" papers, because they are controlled by a prominent firm of cocoa dealers whose methods of gathering the fruit were recently challenged in a libel suit in the courts, assert that the Liberals and amalgamated Nationalists first introduced the crown into the lords versus commons controversy.

"The degree of culpability of the government in general and of Mr. Asquith in particular," says the Bystander, "is open opinion. Mr. Balfour called it a sacrifice of the dignity of the premier-ship. Mr. Asquith, during the few days he sat in the house of commons, refused to attend to the charges of affairs in the empire, caused by the demise of the sovereign, had opportunities of leaving the view of his policy taken by even more excited critics and more charitably disposed to look upon it rather in pity than in anger.

Coerced the Crown. "It is these evil geniuses of the Liberal party, who manipulated affairs as to force him into a course spurned by his better judgment, that should be brought to book, men who further their own aims and ambitions and deliberately set to work to manufacture public sentiment, a force which became so powerful as to compel the prime minister to abandon the King's speech in the House of Commons and embark on a line of policy which could have only one ultimate end—corruption of the crown."

SAVED FROM THE KNIFE

Appendicitis Cured By "Fruit-a-tives"

Newburgh, Ont., Feb. 12th, 1910. "Just about a year ago, our daughter Ella (fourteen years) was taken with terrible pains in the right side. The pain was so severe that we had to carry her to bed. We at once put her under the care of a first-class doctor, who pronounced it a case of Appendicitis and advised an operation.

"We took her to a hospital in Kingston, where she was again examined by an eminent specialist. He said she had Appendicitis and must be operated on at once if we wanted to save her life. As we had taken her to Kingston to have this done, we were ready, but our daughter was afraid and begged so piteously, that we postponed it for that day. Lucky for us and for her an uncle came in with some 'Fruit-a-tives' and insisted on Ella taking them. Good results were apparent almost from the first dose, and the continuous treatment cured her.

"Fruit-a-tives saved our daughter from the surgeon's knife, and to-day she is enjoying the best of health."

YORK COUNTY

NOTES ON WATER BY-LAW

Indications Point to Rejection of Measure—General News in York County.

NORTH TORONTO, June 3.—(Special.)—It is questionable if any project ever submitted to the property owners of North Toronto has evoked less sympathy and less favorable comment than that of the Suburban and Inland Water by-law, which judgment will tomorrow be passed by the duly qualified electorate.

Through the town little interest has as a matter of fact been aroused and there has been a singular lack of information from first to last on which the ratepayers could base an intelligent opinion. If the council wanted to kill the project in its initial stages they could not have adopted a more successful mode of procedure. The people are entitled to all the information available, and what The World has all along maintained is that the services of an expert should have been secured and every phase of the matter explained to the very bottom. If the scheme is a good one there is no reason why everybody should not be acquainted with it. As a matter of fact the town council have evolved the idea in question, and wedded as they are to it, are evidently determined to carry it through. It is their judgment that a rejection of the measure, if it is a large section of the representative business men of the town are any criterion, greatly misjudges the temper of the people.

It is a matter of fact that the feature of the present campaign is the long and labored efforts of the so-called local, subsidized, official organ to explain away the opposition, and to bring the project to the fore. In this week's issue appears a presumably authentic interview with Chairman Peers of the board of works, in which he explains the latter's views at great length, the in and out of the by-law. In this interview Chairman Peers is quoted as saying: "For the land required to enlarge our present plant, control over two-thirds of the water in the stream and protection of the springs, we are asked to pay \$2000 per acre, or at the rate of \$10 per foot. Most people know that for similar land about as far from the line as the proprietors of Alexander's Gardens are asking \$50 per foot."

Assuming the chairman to have been correctly quoted, he does not seem to be making a fair estimate of \$10 a foot for land more than half a mile away from the water in a ravine, and to be assessed at the rate of \$10 a foot on Kensington-avenue, an open thoroughfare, at \$1 a foot? And not alone Chairman Peers but others in the same position are assessed at a comparatively low rate. The chairman's comparison between the Suburban and Alexander's Gardens is too far from the truth to admit of serious consideration.

As against the reckless statements of Chairman Peers, the veteran ex-mayor, John Fisher, is given. The latter says: "The reservoirs constructed by the town to collect the water supply for pumping to the city are only shallow rectangular holes, the sides of which are composed of planks cut in

FORCING YOURSELF TO TAKE FOOD

The Tortures of Indigestion Banished by the Tonic Powers of Dr. Williams' Pink Pills.

"Victims of indigestion" have small choice between two evils, one of which is a starvation diet which means great weakness and depression of spirits, and on the other hand forcing themselves to take nourishment, the sides of the acute suffering inflicted by each meal.

In the search for a cure they find common medicines upset the stomach and render the food more difficult to digest. Laxatives are violent and weakening, and so-called "pre-digested" foods merely evade the cause of the trouble and the stomach steadily grows weaker.

The common sense way of curing indigestion is the Dr. Williams' Pink Pills, which give tone to the weakened system and invigorate the distressed digestive organs. Dr. Williams' Pink Pills have cured thousands of the worst cases of indigestion through their simple tonic treatment and one excellent example of these cures is the case of Miss M. E. C. Rogers, of Sorel, Quebec, who writes: "For upwards of nine years I have suffered almost continuously the tortures of indigestion. At times I had no appetite; at others there was a craving for food, but whatever I took caused me the greatest pain. As the result of the trouble I suffered from violent headaches, and I grew pale and weak. I tried many different medicines; some gave me a little relief, but none gave any permanent benefit until I began using Dr. Williams' Pink Pills. I had only taken these a few weeks when I found such help as I had not found before. The pains after each meal gradually disappeared, my appetite grew better, and after using the Pills for a couple of months I found myself completely cured, and have not since had a twinge of the trouble. I gratefully recommend Dr. Williams' Pink Pills to all who suffer from any form of indigestion."

Through their action on the blood, Dr. Williams' Pink Pills cure such troubles as anaemia, indigestion, sick headaches, rheumatism and all forms of nervous troubles, neuritis, neuralgia, and other ailments, and partial paralysis. These Pills are especially valuable to growing girls and women and cure the headaches, aches, and other pains known only to them. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

West Toronto North Toronto East Toronto

four-foot lengths. The bottom is composed of quicksand, which prevented at the time of construction the making of the reservoirs deeper, the reservoirs not being down from the surface deeper than about 3 feet. This construction is certainly not calculated to retain and collect all water that flows in during the night when the pumps are not working. It is only fair to assume that a liberal supply of wastage would be flowing out from the quicksand bottom while the supply is going in at the top, and naturally there would be about nine feet of saturated sand and gravel being drained continually by the creek below the dam.

It must appear clear to everyone that the wise thing now to do would be to deepen the town's reservoirs down to the clay and keep them well pumped up by running our pumps 24 hours in the day.

Land Not Necessary. There is no disposition on the part of the ratepayers in general to criticize adversely the work of the council along ordinary lines, but with respect to the present by-law they have not put the people into their confidence, and the sum proposed while it is a large amount would if the measure were necessary or adequate be cheerfully accepted. What assurance is there that the present by-law, even if adopted by the people would not be second thought be rejected by the advocates of the measure?

Signs of the purchase of the \$5000 property last summer, and which the ratepayers endorsed, little or nothing has been heard as to the purposes to which it was to be devoted. It was said at the time that the purchase of the property would be a great asset to the town. Is it?

The duty of rejecting or accepting the by-law, however, in the least always rests with the property owners of the town and as has been already stated, the whole matter may safely be left in their hands for democratic settlement. In any event a full expression of opinion is desirable.

Magistrate Hamden this afternoon dealt with a number of minor offences and took up several a number of alleged violations of the board of health regulations. Judgment was, however, reserved in the latter.

TERMS OF EXPORT OF FORT FRANCES POWER

Continued From Page 1. Parliament passed an act purporting to empower the company to construct the necessary works, and providing that in the event of dispute as to the prices of power on the Canadian side, the Dominion Board of Railway Commissioners should have authority to regulate them. The act also required the company to provide on the Canadian side an amount of power equal to that provided on the American side, but if there should not be a demand for power on the Ontario shore, the board was authorized to permit the company to divert the whole or any part of such unemployed energy to the United States.

At the session of 1908, the Ontario Legislature passed an act on all fours with that of the Dominion Parliament, except that the Lieutenant-Governor of Ontario in Council was to be the authority instead of the Dominion Board of Railway Commissioners.

Lack of Demand. The company, having completed the works and installed the plant for power, the developments in general were a little or no demand for power on the Canadian side. They accordingly asked at Ottawa for permission to export 6000 horse-power to the American side. After hearing the parties the railway board made an order permitting the company to export this quantity, subject to the consent of the Lieutenant-Governor of Ontario in Council. The company applied to the Ontario Government for permission, and all parties were heard.

Executive Council. The executive council, and the only objection coming from the Town of Fort Frances, which was apprehensive that the company might use the power to build works authorizing the diversion of power to the United States, contemplated that a situation might arise in which power developed by the company was not required in Ontario, and would remain idle and unused unless they were permitted to export it.

That situation has, in fact, arisen, and after careful consideration an order-in-council has been passed by the Government of Ontario permitting the company to export not more than 6000 horse-power to the United States. The order, however, obliges the company to keep constantly available on the Canadian side at least 1000 horse-power, and if at any time the Canadian side requiring the whole or any part of the 6000 horse-power, then on the demand for such power the quantity so required shall be restored for use on the Canadian side.

A Bond for \$50,000. The company gives a guarantee bond for \$50,000, as liquidated damages, if any such order is not complied with, and in addition incurs a penalty of \$100 for every day's delay in returning the power to the Canadian side. Further, and as an absolute remedy, in the event of the company not complying promptly, the government has the right to place the sheriff or other officer in charge of the company's premises and cut the connection of the lines and stop the exportation of power.

To sum up—one-half the full power developed in the falls is to be available on the Canadian side if required, but there is always to be, whether required or not, at least 1000 horse-power retained and available, and in the event of a demand arising for more than 1000 horse-power, it is to be immediately provided up to the full quantity, viz. one-half the full power developed at the falls, and at a price to the Canadian consumer to be in every case fixed by the hydro-electric commission.

No Seizure. Hon. Mr. Cochrane added that any or all the documents relating to this matter were available for inspection at any time.

7 p.m. Rev. A. P. Brace of Richmond Hill will occupy the pulpit.

VEGETABLE GROWERS' ASSOCIATION. The regular meeting of the Toronto branch of the Ontario Vegetable Growers' Association will be held at the Albion Hotel to-morrow (Saturday) evening at 8 o'clock sharp. Sore, Chafed, Aching Feet. Made Well and Comfortable by the Soothing Effects of DR. CHASE'S OINTMENT.

What misery many endure from sore, chafed and aching feet! Tightly imprisoned in the modern shoe the feet perspire and the skin is chafed and irritated until it is in anything but a healthful condition. Possibly you never thought of Dr. Chase's Ointment in this connection, but it brings wonderful relief and comfort almost instantly.

Powders are often worse than useless, because they clog the pores of the skin and prevent healthful skin action. Dr. Chase's Ointment is so soothing and soothing that it takes out the itching, burning, stinging sensations and makes walking a pleasure.

It keeps the skin soft and pliable and prevents the formation of corns and bunions. The better you become acquainted with Dr. Chase's Ointment the more you will marvel at the scores of ways in which it can be used wherever there is itching of the skin or a sore or chafed spot refuses to heal.

For chafing, skin irritation, itchy sores, stings of insects, barbers' itch, chilblains, eczema, and itching piles, Dr. Chase's Ointment is the standard cure. Try it when occasion arises and you will wonder how you ever got along without it. This great skin treatment is clean, pure and pleasant to use. It brings relief quickly and is almost magical as a healer of raw, inflamed skin.

Do not be satisfied with a substitute. If your dealer does not keep Dr. Chase's Ointment, write for a free sample box to Edmondson, Bates & Co., Toronto.

SAYS CANADA LAGS IN DEFENSIVE MEASURES

Continued From Page 1. out every time with the best material in full strength, instead of if not the worst, at least a very poor class of men.

Quoting a noted military expert, Col. Merritt said Canada was worse off than other lots extending nearly to Sherbrooke-street, and that the site would be reached by a tunnel under Mount Royal.

The president of the railway laughed when the despatch was quoted.

Independent of Politics. The constitution states that the league shall be absolutely independent of party politics. In each province of the Dominion a provincial division may be established and on requisition to the provincial executive committee, if twenty-five persons. The first general meeting shall be held in Ottawa, and thereafter at least once a year at such place as the general council shall determine.

The membership is to be composed of persons who subscribe annually as follows: A yearly subscription of two dollars shall entitle a subscriber to be an associate member and to receive a copy of the official journal. A person subscribing one dollar will be deemed an associate. Life membership may be obtained by a payment of \$25. In all cases the subscriptions for ladies shall be at half rate, except in the case of active members. Any person who proves of the object of the league who contributes not less than \$50 may be appointed hon. vice-president of the league for life.

Praise for James L. Chief School Inspector James L. Hughes was named an honorary vice-president at the suggestion of Magistrate Kingsford, who paid high tribute to the school inspector as a great national aspiration. He had done wonderful things to foster patriotism in Toronto youth, and as Toronto moved on Ontario moved, and Ontario moved, so moved the world, declared the magistrate, so James L. Hughes was a man whom they would do well to honor.

The officers are: president, Hon. Featherston Osler; vice-presidents, Rev. Dr. Carman, Maj. Wm. Hendrie, Hamilton; R. E. Kingsford, secretary, W. G. T. Blackstock, treasurer, Wm. H. Merritt; executive, Mrs. Wm. Mackenzie, Mrs. E. K. Keating, Miss Constance, Commander F. C. Law; Dr. Chas. Hastings, Prof. Alfred Baker, H. Enoch Thompson, Col. Jas. Ryerson, J. P. Murray, A. H. Lee, P. Sewell.

Dr. Blackstock was not present to give his promised address.

Mrs. Dorey Acquitted. ST. LOUIS, June 3.—Mrs. Dora Eliza Beth Dorey was found not guilty tonight by the jury which heard the evidence against her on a charge of murdering William J. Erder with arsenic.

REMOVAL SALE OF PIANOS

in the warerooms of Ye Olde Firme of HEINTZMAN & CO.

MAKERS OF CANADA'S FOREMOST PIANOS (Limited)

We are nearing the day of removal to our new premises, 193-197 Yonge Street, where contractors are hard at work, and we simply must free our warerooms of the large stock of new and slightly used pianos on hand.

There has never been a piano sale where the reasons for reducing prices are so imperative.

A Gerhard Heintzman Upright, nearly new, manufacturer's price \$450.00. Removal Sale Price \$295.00, on easy payments.

Take time by the forelock and do not miss these wonderful bargains in new and slightly used Pianos, Player-pianos and Organs. The opportunity once lost is gone forever. If you cannot visit the warerooms fill out and mail us attached coupon.

NEWS TO WILLIAM MACKENZIE

President of C. N. R. Knows Nothing of Terminal Plans for Montreal. "I don't know anything about it." This is what William Mackenzie had to say last night concerning the despatch from Montreal that the Canadian Northern was spending millions in the acquisition of a large site for a central terminal, including the land occupied by the St. James' Methodist Church on St. Catherine-street and other lots extending nearly to Sherbrooke-street, and that the site would be reached by a tunnel under Mount Royal.

The president of the railway laughed when the despatch was quoted.

LIBERALS NOT STAMPEIN'

Believe Citizens Will Not Endorse Politics in Civic Affairs. The Liberal organization of Toronto's... AD. McGuire, who is a well-known Liberal, says that no provision of the party to whom he has spoken have advocated taking any restitutory step, and that there has been no official declaration.

They have too much confidence in the citizens, said the spokesman. NEWFOUNDLAND'S WEAKNESS SHOWN. LONDON, June 3.—(C. A. P.)—In reference to the fisheries dispute, The Morning Post says the inability of Newfoundland to protect her interests single-handedly, and the necessity of having been weakened by her failure to cooperate with Canada.

A Message To Weak Men

To those whose vitality is exhausted, and who find themselves, young in years, broken-down wrecks of what they ought to be, the Dr. McLaughlin Electric Belt is full of encouragement. It is the success of the age in elevating the condition of those suffering from a loss of vitality. Are you a weak person? Are you nervous, fretful and gloomy? Is your sleep broken? Have you pains and twinges in different parts of your body? Is your back weak and painful? Have you lost the vigor of youth? Are you round-shouldered? Have you varicose veins? Does your back ache? These are the results of the waste of vital forces. The gentle strain of Electricity from

Dr. McLaughlin's Electric Belt

going into the nerves and weak parts for hours every night soon replaces all energy and makes every organ perfect. It causes permanently in every case. It is worn while you sleep, and pours a steady stream of electricity into the nerve centers, saturating the weakened tissues and organs with its life. This is strength. From it come the vim, the energy, the fire of perfect physical and mental action. It renews health and happiness. My Belt, with special Electrical attachment, will restore your vigor. It will check all loss of vitality, and every organ of the body. It cures Nervous Debility, Vertigo, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Stomach Trouble, Constipation. If you have a confidence in electricity, let me treat you at my risk. I will send you the Belt on trial, without one cent of risk to yourself. Give me reasonable security and I will take your case, and you can

PAY WHEN CURED FREE TO YOU. Get my 50-page book describing my Electric Belt, with illustrations of fully developed man and woman, showing how it is applied. If you can't call, I'll send this book prepaid, free. If you will enclose this coupon, I will very gladly mail you my book. Friends whom I know it would help. Consultation free. Office hours 9 a.m. to 5 p.m. Wednesday and Saturday till 8.30 p.m.

STRIKERS

Take Advantage of Spare Time. Look for a Suitable Home Site

The laboring man seldom has time to look around at Real Estate, and this period of laying off for strikers is a providential opportunity for them to look up a good location for a home. We have an easy plan whereby a man can pay for a home—and own it—as easily as he can pay rent, and own nothing. If you want value for your money—a home for yourself and family on such easy terms you will never feel paying for it—communicate with us. We are offering lots in the

PARSONS ESTATE

at \$4 to \$12 per foot, and accept such easy terms as \$10 down and \$5 monthly in payment. Anyone can build his house in spare time and with spare money, saved from what was formerly expended in rent. To see the property take Lansdowne Avenue car to Davenport Rd. go east to Dufferin Street, and up Dufferin to our office—you will see the sign—Parsons Estate.

Housekeepers Will Take a Particular Interest in This Advertisement for Monday

MONDAY'S BILL OF SALE \$20 Tapestry Rugs, \$14.95. A Sale of Wall Papers. An unusually good Basement Sale. A Sale of 1,000 Wash Waists. Summer Sale of Whitewear. Five Items from the Staple Department. A Sale of Summer Silks. Underpriced Summer Muslins. \$10.50 Mirrors, \$5.95. A Sale of Fire Place Fittings.

SUMMER is at hand. The long siege of cold wet weather is coming to an end. All living things will soon be rejoicing in the hot sunshine. The leaves will be out full on the trees. The lawns will be thick and green, the lake will be warm enough for bathing. This store advocates preparation—making ready beforehand. We would prefer to sell the bulk of our Summer stocks in the month of June—now—without waiting for warmer weather. We know warm weather will come. So why wait? All the store unites this month in a programme of attraction to Summer shoppers. Monday, always a day particularly for housekeepers, will certainly prove no exception on this occasion.

The Sale of Summer Waists We put on sale Monday 1,000 Wash Waists of fine lawn, cambric, mull, vesting and linen at \$1.50 each. These are all part of our regular stock. Any range of sizes that has been broken we have cleared from the counters where they belonged and grouped on four special tables, price tickets formerly ready \$1.95, \$2.25, \$2.50, \$2.75 and \$2.95. Amongst this gathering of fashionable waists you can choose any size from 32-inch to 44-inch, and the variety is so great that our customers will have rich choice for the greater part of all days. Points to remember— One Price, \$1.50. Four Tables. Fashionable Styles. One-third to One-half Value.
