Large Gain in Revenue Index to Prosperity
Dominion Figures for December Nearly Double Those of Year Ago.
OUTLAY ALSO EXPANDS

War Expenditure for Nine Months Nearly Eighty-Six Millions.
By Staff Reporter.
OTTAWA, Ont., Jan. 14.—The remarkable increase in revenue that has followed the financial statements for the past three months is again evident in the statistics for December, as reported by the finance department today. Dominion revenues for the month totaled \$17,471,516, as against \$10,104,491 for December, 1915. The percentage increase was from 47.76 to 100.13, or nearly one hundred per cent. Excise revenue was \$2,000,000, an increase of \$250,000. Postoffice revenue was \$1,846,560, a gain of \$498,340. Revenue from public works, including railways and canals, showed the notable increase of \$1,100,000.

Winnipeg, Jan. 14.—Premier Norris in the legislature today moved the second reading of a bill enfranchising the women of Manitoba, and the motion was unanimously adopted. Similar unanimity marked the second reading of the Manitoba Temperance Act, which will be submitted to the electors on March 15th.

War Outlay Exports.
The expenditure, however, also advanced to an equal rate. For the past month they were \$19,233,848, as compared with \$14,174,000 for December, 1915. For the same months of the fiscal year expenditures totaled \$35,748,898.

War Summary: Today's Events Reviewed
TURKISH regular forces are reported to have again entered Persia from Bagdad, and to have made for Kermanshah, the headquarters of the German intriguers and rebels in Persia, where the rebels who were defeated at Hamadan by the Russians sought refuge. Kermanshah is an important point to hold, because the roads from the Turkish frontier meet at this point.

The original object of the British expedition is to secure the Persian oil wells. It was thought that the safety of these could be insured by the holding of Amara, not Kut-el-Amara, but a point about 120 miles by river below that place, but the natural features of this country resemble those on the Mississippi River, and it was found that a new stream had been opened between the Tigris and the Euphrates. This necessitated the holding of Kut, which commands it.

The official announcement of the destruction of an Austrian scout cruiser of the Novara type by the French submarine Foucault, indicates that the allied fleets are devoting some attention to this Austrian naval base. If the Austrian high seas fleet has concentrated there, it will be a comparatively easy matter to keep watch of it by submarines. It may be presumed that the Italian and French squadrons of capital ships are not far away.

British Shelled Trenches Heavily

LONDON, Jan. 14.—(11.10 p.m.)—The British official communication made public tonight says: "The enemy's trenches about Givenchy were heavily bombed by us today. Considerable damage was done to the parapets. The artillery was active today on both sides about Kemmel and Hill 60."

OTTAWA, Ont., Jan. 14.—The following provincial analysis of the receipts and expenditure of the Canadian Patriotic Fund for the period ending Dec. 31 illustrates the advantage of resignating to a national fund the responsibility of maintaining the wives and children of the Canadian soldiers. In certain parts of the country a little hostility was shown during the early months of the war to the national undertaking, the desire for local autonomy leading citizens of certain towns to prefer to retain control of their own funds. This attitude is now practically non-existent. Had it been general, a glance at the attached list will show that while more than ample provision would have been made to soldiers' families in eastern Canada, they would have had a hard time in certain of the western provinces. The national patriotic fund, however, insures the soldiers' families against want, no matter what local conditions may be.

CRIMES OF JUVENILES INCREASE IN GERMANY
War Has Been Direct Cause, in Opinion of Teuton Professors.
BERLIN, Jan. 14, via London, 9 p.m.—That war has increased juvenile crime in Germany was pointed out by Prof. Franz von Lisser of Berlin University, one of the most distinguished criminologists and professors of law in Germany, in an address before the Society for the Reformation of Youth-Criminals. This opinion was substantiated by an enquiry recently instituted by the same society.

GERMAN BREAD SUPPLY SCARCE
Berlin Has Taken Lead in Reduction of Weekly Allowance.
PARIS, Jan. 14, 5.30 p.m.—A despatch to The Journal des Debats from Athens, dated today, says: "No one here believes that the Queen of Greece is thinking of going to see her brother Emperor William. It is pointed out that she has for a long time been at discord with the emperor, and that it is unlikely that she would expose herself to the perils of a perilous journey by visiting Berlin under the present circumstances."

ALLIES' CUSTOMS UNION IS GROWING IN FAVOR
Free Trade Papers of Britain Veer Around to Protectionist View.
LONDON, Jan. 14.—The question of Great Britain adopting tariff and other measures to protect agriculture after the war is finding many converts even among those newspapers which have devoted to free trade. As a high-class organ of the fight against Germany by economic pressure, The Morning Post in an editorial strongly supporting the protective idea, urges upon the House of Commons, secretary for the colonies, to take prompt steps immediately for forming a union with Russia and Italy with a view to supporting the protective idea, and then by approaching France, Russia and Italy with concrete proposals for a protective union. The Morning Post says it has been assured that France is anxious to join such a union.

LIEUT. COSGROVE EARNED HONOR BY FINE EXPLOIT

He Blew up House Used as Enemy Advance Post Three Hundred Yards in Advance of Canadian Trenches.
By Staff Representative.
OTTAWA, Jan. 14.—Lieut. John R. Cosgrove, 1st Field Company, Canadian Engineers, has been awarded the military cross for conspicuous gallantry and ability near the Wulverghem-Messines road on the night of Oct. 20. The official intimation says: "He prepared for demolition and completely destroyed a house about 300 yards in advance of our firing line. This house had been an enemy advance post."

GERMANY'S NAVAL WARFARE TO BE EVEN MORE RUTHLESS
"Baralong Incident" Seized Upon by Enemy as Excuse for "Suitable Measures of Reprisal."
BERLIN, Jan. 14, via Wireless to Savvile, N.Y.—The German Government has transmitted to Great Britain through the American embassy, a note which declares that as a result of the "Baralong incident" the German Government is in a position to demand for a denunciation of the circumstances surrounding the sinking of a German submarine by the British patrol boat Baralong, and that the German Government will adopt suitable measures of reprisal.

NEW VICEROY OF INDIA IS CHOSEN
Baron Chelmsford, Former Governor of Queensland, Appointed.
FAMILIAR WITH EAST
Successor to Lord Hardinge Had Extensive Experience in Egypt and Turkey.
LONDON, Jan. 14, 7.50 p.m.—It is officially announced tonight that Baron Chelmsford, former governor of Queensland and of New South Wales, has been appointed viceroy and governor-general of India in succession to Lord Hardinge.

THE ROYAL BANK OF CANADA

Sir Herbert S. Holt, President, Dwells on Wonderful Showing Canada Has Made During the Past Twelve Months—Strongly Advocates Policy of Preparedness for the Dominion.

Mr. Edson L. Pease, General Manager, Reviews Features of Bank's Expansion—Makes Touching Reference to Members of Staff at Front.

Mr. Edson L. Pease Assumes Position of Managing Director and Chief Executive Officer of the Bank—Mr. C. E. Neill Appointed General Manager.

The Forty-seventh Annual General Meeting of the Shareholders was held pursuant to notice at the Head Office of the Bank in Montreal on Thursday, January 13, 1916, at 11 o'clock a.m.

DIRECTORS' REPORT

The Directors have pleasure in submitting to the shareholders the Forty-sixth Annual Report for the year ending November 30, 1915, accompanied by the Statement of Assets and Liabilities.

Table with 2 columns: Description and Amount. Includes Profit and Loss Account, Balance of Profit and Loss, etc.

The assets of the Bank have recently been subjected to the usual careful revaluation.

Branches have been opened during the year as follows: Stewiacke, Nova Scotia; Galtier, St. Kitts, Nevis, Antigua, Barbuda, St. John's, Antigua, St. John's, Costa Rica.

The following branches have been closed: British Columbia—Fort Fraser, Fort George, Hazelton, Hope, Sault Ste. Marie, Vancouver, South Hill.

In Albert—Ground. In Ontario—Amos, Kenilworth, Wrentham.

In Quebec—L'Epiphanie, St. Laurent, Snowdon Junction, Ville Marier.

In Cuba—Havana, Luyanó street. Also the sub-branches at Marlbank, Ont., and St. Roch's Achigan, Que.

The head office of the bank has been in operation since the year 1867. Your Directors desire to express their appreciation to the officers and employees of the bank for their faithful and efficient services during the past year.

to war munition orders, and economies practiced since the war began. Under the stimulus of \$1.50 wheat, and the pressure from all sides to increase production, farmers of the northwest increased the acreage under wheat 25 per cent, which with favorable climatic conditions resulted in an increase of over 100 per cent in the yield of wheat, over 50 per cent in oats, and other grains in proportion.

The enormous demand for war materials, estimated at over five hundred million dollars, has given employment to every manufacturing plant which could adapt itself to requirements.

No less than 240 plants of large and small, are engaged today in the manufacture of shells. The industry has become an inestimable boon to this country, and the salvation of a number of companies which otherwise might not have survived the crisis.

At the same time, we must remember that these orders will cease with the war, and our manufacturers will be under the necessity of adjusting themselves to new conditions. It must be evident that violent dislocation, then take place. The prices of most commodities will probably recede rapidly from the present high level, and it is certain that the latter situation will present grave difficulties in view of the abnormal wages now being paid.

Therefore, while we profit by the present opportunity, this unparalleled situation should not be made the basis of any policy regarding the future. The proper course is to conserve the unusual profits and accumulate working capital, the lack of which is so often the cause of failure in the general interests of the manufacturer.

We believe that Canada, like her sister countries, is in the early stages of a period of prosperity. Certainly we doubt for some time afterwards, as we have seen in the case of the United States, a tremendous demand for raw materials and cereals during the physical reconstruction.

The Federal and Provincial Governments, banks and railways should do everything possible to foster and aid the industrial production of the country, forests, mines and fisheries, so as to turn the balance of trade to our advantage. There should be no expenditure of money for unproductive enterprises, which have become so prevalent during the past ten years.

You are aware of the failure of our negotiations regarding an amalgamation with the Bank of Hamilton, and the decision of the directors, unanimously approved the terms and conditions of the proposed amalgamation and were prepared to recommend to their shareholders, but the Minister of Finance, refused his consent on the ground that it was not in the public interest.

I beg to announce on behalf of the Directors that the capital stock of the bank is now \$40,000,000, in order to round off the amount. I have pleasure in stating that the new issue is being placed at the disposal of shareholders at the close of business on yesterday's date. At the present market value of the stock this is equivalent to a bonus of over 4 1/2 per cent. The basis of issue will be approximately 1 share in 27. As the terms of the Bank Act prevent the allotment of fractional shares, the holders of less than 27 shares of old stock will receive no allotment, but the shares comprising unallotted fractions will be offered to the public for subscription, and the premium derived from the sale will be distributed ratably to the respective shareholders from whose shares the fractions arose.

Mr. E. L. Pease, Vice-President and General Manager, in seconding the adoption of the report, said:

GENERAL MANAGER'S REPORT. The increase of \$142,578,000 in the total deposits of the chartered banks, and the decrease of \$17,235,000 in current loans, have increased the liquid position of the banks by approximately these figures combined.

MR. C. E. NEILL, GENERAL MANAGER.

include any large amounts of a special nature, consisting chiefly of savings deposits, which are widely distributed and therefore, we trust, of a permanent character.

The decrease in loans in Canada is in line with the general contraction. The expansion elsewhere took place in the West Indies—principally in Cuba, where prosperous conditions prevailed owing to the abnormal demand for sugar caused by the war.

The increased profits are chiefly due to the fact that the contraction in Canada being more than offset by the increase elsewhere, and to economy in administration.

Our defect in the past has been the spending of borrowed capital too freely in unproductive works. It would be interesting to know how much of the country's loan is represented, and how much by capitalized interest.

The Government is to be congratulated on the success of its policy in relation to the success of the clients of the Royal Bank of Canada. The applications of the clients for loans, exceeded \$11,500,000, or over one-tenth of the total issue.

MR. JOHNSTON'S ADDRESS. In supporting the adoption of the Report for 1915, I am sure to expect that you will be interested in what I say that the present condition of the Royal Bank of Canada far exceeds our usual standards.

Table with 3 columns: Description, 1914, 1915. Includes Value of field crops, Railroad Earnings, Bank Clearings, etc.

The gross earnings of the railways, which for the twelve months ended June last, declined upwards of \$30,000,000, show for the five months ended November last an increase of \$22,000,000 as compared with the corresponding period in 1914.

The decrease in imports of merchandise, namely, \$60,683,000 and the increase in exports of \$15,315,000, for the year ended November 30th, have turned the balance of trade in our favor to the extent of \$45,368,000. These figures do not fully reflect the improvement, as it is estimated that there are 50,000,000 bushels of wheat stored in interior elevators and in transit, and an increase in percentage of 100 in the possession of the farmers, of which 21,000,000 are required for seed.

With a population about equal to ours and with a culture area under cultivation slightly greater (55,000,000 acres against our 50,000,000), the balance of trade for the nine months ended November last was \$24,096,000 in her favor. Her exports consist chiefly of wheat, corn and animal products. Her mineral and lumber products are of so little importance that no statistics are published. Canada's possible farm lands are vastly greater than Argentina's.

Having turned from a debtor to a creditor nation under the force of urgent necessity, we should strive to make the turning permanent. We now know that we possess the essentials for the production of the necessities of life, and we should strive to increase our exports by increasing production and curtailing imports by economy in consumption.

The Economic Commission, appointed to study these and kindred questions, should receive every possible assistance. Our defect in the past has been the spending of borrowed capital too freely in unproductive works.

It would be interesting to know how much of the country's loan is represented, and how much by capitalized interest. The Government is to be congratulated on the success of its policy in relation to the success of the clients of the Royal Bank of Canada.

MR. JOHNSTON'S ADDRESS. In supporting the adoption of the Report for 1915, I am sure to expect that you will be interested in what I say that the present condition of the Royal Bank of Canada far exceeds our usual standards.

The gross earnings of the railways, which for the twelve months ended June last, declined upwards of \$30,000,000, show for the five months ended November last an increase of \$22,000,000 as compared with the corresponding period in 1914.

Table with 3 columns: Description, 1914, 1915. Includes Value of field crops, Railroad Earnings, Bank Clearings, etc.

The decrease in imports of merchandise, namely, \$60,683,000 and the increase in exports of \$15,315,000, for the year ended November 30th, have turned the balance of trade in our favor to the extent of \$45,368,000. These figures do not fully reflect the improvement, as it is estimated that there are 50,000,000 bushels of wheat stored in interior elevators and in transit, and an increase in percentage of 100 in the possession of the farmers, of which 21,000,000 are required for seed.

A good example of the agricultural possibilities of this country is afforded by comparison with Argentina. With a population about equal to ours and with a culture area under cultivation slightly greater (55,000,000 acres against our 50,000,000), the balance of trade for the nine months ended November last was \$24,096,000 in her favor.

view, is singularly active just now. This is not due to the condition of general or continuous trade, but to an abnormal state of affairs caused by a special and abnormal condition. If we had no demand for clothing, boots, shoes, food and other war necessities, almost every business would be full and inactive. With the tremendous amount of money received in respect of such manufactures, it is no wonder that banks have moved or loan a spasmodic wave of prosperity, limited as it may be, is felt in many of our business centres.

After the war, what we expect to see at the question from a commensurate standpoint? We had a market in every country in Europe up to 1914. This market has been the market for the articles above mentioned, and some others. Take away these articles, and what market would we have for almost any war products, except perhaps grain? How long will it take to reconstruct and reorganize our former market? It will be five years after the war ceases before this reconstruction can be effected, and during that time we will feel the depression always to be expected from a producing country where the demand is more or less destroyed. The millions of the conquerors, and the conquered, will fall back on the land, and we can hope to recover. What new areas for our goods have we acquired? Some efforts have been made to increase these, so far as our efforts have been limited in practical results.

I refer to these matters not because I am a devotee of the faith in the great vital strength of Canada, but because I think we ought not to be lulled to sleep by the voice of the optimist. I am a realist, and a realist is a dreamer. Rather let us look our position in the face, and prepare against such realizations as may happen to us. We may be reasonably expected, well, this is the first thing we should consider, and very seriously. The Government should have a definite policy as to provide for such a contingency.

Another matter we must be prepared to face is the position of the hundreds of thousands of men of our own country, and the millions of Great Britain, who at the close of the war will be without an occupation. Their present life will more or less unfit them for the routine of daily labor. They will not be the same men who went to the plough, the factory or the shop. War and army life are very different from peace and the acquisition of a profession. What preparation is being made by way of preparation or otherwise for the soldier who leaves a life of excitement, and enters a life of drudgery, and is asked to take up the monotony of the hammer, or the plough, or to go back to the sale of goods over the counter? This is a question which the Government should consider, and it seems to me, will be immigration, based on a sane system and governed by practical methods.

So far as the immigration of men to this country, and planting them in the soil, and the knowledge of practical ways or conditions, poor, and with no means of getting help, has resulted in what we call the "hunger for knowledge." We have grown tired and almost desperate with the lonely life, and the lack of sympathy, and have drifted back to the old ways, and we have ceased to perform their functions, and have become consumers instead of producers, adding to the country's load, instead of to the National wealth, by means of industry and production from the land.

We should place the soldier without blocks, not composed of any particular nationality, and a practical farmer should be appointed by the Government to look after the soldier, to tell him what to do, and how to do it. The Government should help these people for a year or two, and make every man a farmer, and we should try to keep it so.

The Government is to be congratulated on the success of its policy in relation to the success of the clients of the Royal Bank of Canada. The applications of the clients for loans, exceeded \$11,500,000, or over one-tenth of the total issue.

MR. JOHNSTON'S ADDRESS. In supporting the adoption of the Report for 1915, I am sure to expect that you will be interested in what I say that the present condition of the Royal Bank of Canada far exceeds our usual standards.

How long will it take to reconstruct and reorganize our former market? It will be five years after the war ceases before this reconstruction can be effected, and during that time we will feel the depression always to be expected from a producing country where the demand is more or less destroyed.

WAR SUMMARY: Today's Events Reviewed

(Continued from Page 1)

man admissions that the totals as of the yield that were given out by the government were even 15 per cent. above the high prices of the German Government is complacent because the high prices of food benefit the Government of Prussia, landowners who are making huge profits. Talk of the army may live on a short allowance of food, the underfeeding will certainly finish their efficiency as workers. The army also requires a much greater supply of food than the same number of men would consume in normal peace time. Soldiers go home from the front and hear about the atrocious conditions at home. When they return to the front line, they are much dissatisfied and the number of desertions from the German army is said to be growing.

Givenchy, another tortuous point in the German lines in France, the British, was heavily bombed yesterday. The British, however, were not engaged in an artillery duel with the Germans at other points on the British front.

The allied warships continue operations against the Dardanelles, bombarding the positions of the Turks. This is revealed by an official report of the Turkish war office at Constantinople.

The Turks are also becoming engaged with the Russians who are advancing in the Caucasus and they report a big Russian attack on the lines south of the Aras River and also north of that stream. They say that the Russians failed in their objective. The Russians report that they captured in the Caucasus they captured over 300 men, four cannon, and a quantity of munitions. A Kurd detachment of the Russian army is reported to have occupied the region north of the Caucasus. It would not be surprising if the Russians so fully occupied the Turks in this region that they would be unable to attack Egypt.

son, A. J. Brown, K.C., W. J. Sheppard, C. S. Wilcox, A. E. Dymott, C. E. Neill. Upon receiving the scrutineers' report the Chairman declared that the Directors listed above had been elected for the ensuing year.

It was moved by Mr. Fayette Brown, seconded by Mr. Alex. Paterson, and resolved, that a vote of thanks be tendered to the scrutineers.

On motion the meeting adjourned.

At a subsequent meeting of the Board of Directors, Sir Herbert Holt was unanimously re-elected President, Mr. E. L. Pease Vice-President, and Mr. E. F. B. Johnston, K.C., and Vice-President for the ensuing year.

The Directors then adopted new By-Laws providing for the appointment of a Managing Director. Mr. E. L. Pease was appointed to the position of Managing Director, and Mr. C. E. Neill to succeed him as General Manager.

Compare and Contrast. The Hotel is self-constituted. So is the One Hundred. The Hotel furnishes a home for the stranger, a room for the weary traveler, a place for the hungry and drink for the thirsty. What does the One Hundred furnish except advertisements for contributions? What do you do for the necessities give to the war fund.

PROPOSE A BATTALION OF UNDERSIZED MEN. Bantam Regiments Would Result in Securing Many Recruits, Say Authorities.

NOT RECRUITING IN U. S. No "Major Greenshield" Advertising for Men for American Legion Across the Border.

Only One "BROMO QUININE." Ninety-four men passed their medical examinations at the recruitment depot last night and were taken on for active service. Of this number, 41 will go to the 124th Highland Battalion, being sent to the 124th Battalion up to 231. Twenty-eight will be transferred to the 166th Queen's Own.

LATE JOSEPH REESOR TO BE BURIED TODAY. The funeral of the late Joseph Reesor, whose death occurred at the residence of his wife, Mrs. J. Reesor, on Thursday, takes place this afternoon at Cedar Grove Cemetery. The late Reesor was 72 years of age, and was the oldest resident of the township, and practically the whole of his life had been spent in active work as a farmer. He was a most interesting conversationalist, and a most important business and social figure in the township.

BREAK IN SEWER CAUSED FLOOD IN STORE. Dundas street and Indian Grove line of ward sewer system was again the cause of complaint by Scarborough residents, as they were on all night long ago. A break in the sewer at some point near the intersection of Dundas street and Indian Grove line, morning and flooded the corner store, which is occupied by the late Mr. J. W. Magee, H. W. Smith, J. M. Sharp, T. R. Jarvis, E. C. Johnson, L. H. Widdowson and J. H. Knox of the 12th Regiment Rangers to the 12th Overseas Battalion.

EAST YORK FEDERAL LIBERAL CONSERVATIVE PARTY. The annual meeting of the above party will be held in St. John's Baptist Hall, corner Woodbine and Kingston roads, on Saturday, Jan. 15, at 8 p.m. An important business and election of officers. The executive committee will meet at 2:30 in the same building on Friday, Jan. 14, at 8 p.m. Dr. H. W. Magee, president, 2 Glen Manor drive.

BABY'S BATTLES AGAINST SICKNESS. Can best be fought with Baby's Own Tablets. The little pills are easy to take, and they are so effective that they are the only remedy for the ailments of infants. They are the only pills that are safe for the baby, and they are the only pills that are effective. They are the only pills that are easy to take, and they are so effective that they are the only remedy for the ailments of infants.

valour and heroic efforts in the present campaign. I beg you to pass on my warmest thanks to the men who have so bravely and so valiantly defended, which all Russia and I personally value.

On the 15th of the year 1915, Emperor Nicholas then gave his address, as quoted above, that he would not make separate peace, and afterwards again rode in front of his army. Addressing the troops, Gen. Kuropatkin for cheers for the emperor, saying:

"For the highest welfare of our national life, our dear beloved emperor."

During continued long after the emperor had dismounted and departed from the field in his motor-car. The following day Emperor Nicholas inspected the army corps commanded by Gen. Kuropatkin, the hero of the Japanese war.

The New Year's order Emperor Nicholas says:

"The year 1915 has passed and it was filled with memorable instances of sacrifice by my glorious forces. In a hard struggle with an enemy strong in numbers and rich in all resources they have harassed the enemy and checked his invasion, their breasts forming an invincible shield of protection for the fatherland."

"On the threshold of the year 1916 I send you my greetings, my brave warriors. In heart and thought I am with you while you battle in the trenches, exploring the aid of the emperor and your courage. Remember this: Our beloved Russia cannot be assured of her independence and her rights cannot enjoy the fruits of her labor or develop her resources unless a decisive victory is gained over the enemy."

Let it therefore be impressed on your minds and consciences that there can be no peace without victory.

Greetings to Russia. The various prominent men in other countries are published in Petrograd newspapers in observance of the Russian New Year. Among the messages of good wishes prominently is that sent by David Lloyd George, British minister of munitions, which contains the following:

"The time is soon coming when our nations will face the enemy in conditions of complete equality as regards munitions and with the numerical advantage on our side."

At the same time, the Russian people are also publishing in Petrograd newspapers in observance of the Russian New Year. Among the messages of good wishes prominently is that sent by David Lloyd George, British minister of munitions, which contains the following:

"The time is soon coming when our nations will face the enemy in conditions of complete equality as regards munitions and with the numerical advantage on our side."

CONSUMERS BENEFIT THRU HYDRO-ELECTRIC

Engineer Gaby Demonstrates That It Gives Lower Rate Than Competitor

FREE LAMP RENEWALS

Gift is Practically a Negligible Asset to Average User of Electricity.

Advertisements of the Hydro-Electric system's rival giving estimates supporting to prove that their rates are lower to the consumer than those of the hydro have caused Engineer Gaby to come forward with an official statement of actual facts and figures. The figures are given in the following table:

Great stress is placed by the Toronto Electric Light Co. on their distribution of free lamp renewals. According to the hydro officials the 40 cent cost estimated by the company is much too high. In any case it is pointed out that the gift of lamps is practically negligible to the average consumer because they do not renew lamps of under 60 cents and very few customers use lamps of that power.

As the hydro officials state that they offer free lamp renewals of all capacities at the rate of 25 cents per K.W.H. additional to their regular rate which would mean that the average life of lamps, a consumer would be paying from 70 to 80 cents for a lamp which can be bought in the open market for 25 cents.

As to the hydro officials the 40 cent cost estimated by the company is much too high. In any case it is pointed out that the gift of lamps is practically negligible to the average consumer because they do not renew lamps of under 60 cents and very few customers use lamps of that power.

and other citizens of Toronto. Also, the reduction in rates in one case is voluntary and made as the cost of operation warrants; in the company's case, as conditions require, to meet competition of the public system. The hydro's comparative estimate on a six-room house with average floor area of 1100 square feet and consumption of 19 K.W.H. shows a hydro bill of 64 cents and a T. E. L. bill of 66 cents.

Eight-room house with average floor area 1500 square feet and consumption 26 K.W.H. hydro bill 87 cents and T. E. L. 94 cents. Twelve-room house average floor area 2900 square feet and average consumption 59 K.W.H., hydro bill \$1.84, T. E. L. \$1.93. Ten-room house, floor area 2200 square feet, consumption of 60 K.W.H., hydro bill \$1.67, T. E. L. bill \$1.80. Fourteen-room house, average floor area 3000 square feet and consumption of 75 K.W.H., gives the hydro bill of \$2.16 and the T. E. L. \$2.36. The sixteen-room house calculation results in hydro \$2.16, T. E. L. \$2.50, and twenty-room house, hydro \$2.16, T. E. L. \$2.70.

MRS. R. R. HART WINS RIFLE CLUB TROPHY
Carries Off First Honors in Women's Rifle Club Rapid Firing Contest.
At the rapid firing contest of the Women's Rifle Club, the trophy which was given by a former instructor, Sergt. G. McCleary, now at the front, was won by Mrs. R. R. Hart, who fired 14 rounds with a score of 90. The following were the highest scorers: Mrs. A. Adams, 87; Mrs. J. Smith, 87; Miss Venn, 80; 91; Miss R. Smith, 87; Miss Venn, 80.

DEATH IS ANNOUNCED OF J. KERR OSBORNE
Former Well-Known Toronto Financial Man Passes Away in England.
One of Toronto's prominent financial men, J. Kerr Osborne, is reported to have died at Bournemouth, England. He was director of many companies and was for many years connected with the Massey-Harris Company. He was born of Scottish parentage in Beamsville, Ontario in 1842, and at the age of 15 he was sent to Scotland for his education but he finally returned to Toronto and graduated from the university. Mr. Osborne married twice and is survived by two sons by his first marriage, Lt.-Col. H. C. Osborne, D.A.A.G., and quarter-master-general of the second division, Highlanders, now a prisoner in Germany; and Major J. E. Osborne, of the 48th Highlanders, who lived with him at Bournemouth.

AMERICANS IN RANKS BREEDERS OF TROUBLE
Canadian Associated Press Cable. LONDON, Jan. 14.—Five United States citizens have been charged at Liverpool with offences as alleged by describing themselves as Canadians to the recruiting officers. They were remanded.
"Americans, apparently, are a great annoyance in the army," declared the magistrate. "When their regiments are ordered to the front, they make trouble and get kicked out."

PLANS OF THE WOMEN IN EMERGENCY CORPS

Purposes for Which It Was Brought Into Existence Outlined by Members.

RELEASE MEN FOR FRONT

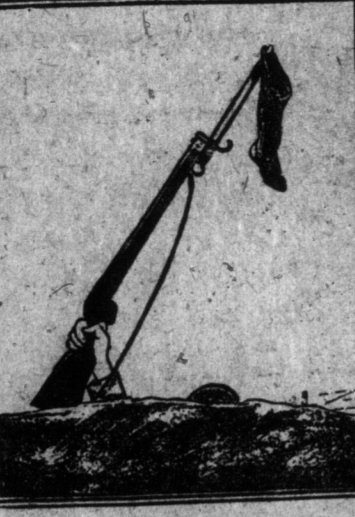

Fill Their Place With Returned Soldiers, Physically Unfit, or Women.

Plans and purposes for which the Women's Emergency Corps was brought into existence were made clear at a meeting held at the C. A. building, College street, yesterday afternoon, when those present, under the presidency of Mrs. W. H. Cummins, discussed and modified, and then ratified, an outline of work, which had previously been approved at a meeting of the committee.

Incidents cited by several of the speakers showed that many women of the city have not yet been awakened to the necessity and duty of using their influence in helping the men of their family enlist. To change this attitude, where possible, will be one of the objects of the new organization, which will also hold itself ready to give such other patriotic service as may be needed from women during the continuance of the war.

Preparedness in case of emergency will be made a part of the work, which women could undertake, the number of women who might be required, and similar details, in inaugurating this registration. The committee wish it to be understood that it is their desire that vacancies be filled, first, by returned men, second, by men who are not fit for military service, and lastly, by suitable women.

DON'T FORGET

Toronto World Sox Day, Feb. 15.

suggested that a committee be formed in each ward of the city which should consist of a chairman, who should ex-officio be a member of the executive committee of the Toronto Corps, and of a representative from every organization doing patriotic work in the district.

MISS H. M. DRUMMOND IS GOING TO CAIRO

Graduate of Children's Hospital Will Go to Egypt With Queen's University Unit.

Among the women preparing to do their "bit" is Miss Helen M. Drummond, second daughter of A. T. Drummond, a graduate of the Children's Hospital, who has gone to Kingston to form the nurses' section of Queen's University of the reinforcements which are to leave in a few days for Cairo, Egypt, to complete the Queen's University Hospital stationed at that point. Miss Drummond is a former student of Queen's.

ADDRESSES CULTURE CLUB

Mrs. Jean Blewett Gives Interesting Talk on Wives and Sweethearts. Mrs. Jean Blewett was the principal speaker at this week's meeting of the Culture Club, "Wives and Sweethearts," being the subject of her address. A paper on current events was read by Mrs. W. G. Simpson and Miss J. D. Smith supplied the musical part of the program.

CHARACTERISTIC NOTE FAITH AND OPTIMISM

Two Interesting Letters From Boys in Trenches Read at Emergency Corps Meeting.

Faith and optimism of the highest character are evidenced in two letters which were received from two of Canada's brave boys now at the front, and selections of which were read at the meeting of the Women's Emergency Corps yesterday. The first is from a son to his mother and in it he says: "I don't think mother there is much use in worrying about my safety. Just try to think my safety is in the hands of some high power and whatever happens to me will be for the best. I am not going to get killed if I can help it, and it is said that the machine gun gives men four chances in five. I am not feeling gloomy."

The second writer says: "You speak of the terrible dangers and awful horrors. Leave that to the letters of the newspapers. The danger is not terrible, nor are there any horrors—not in my personal experience." This last writer says he has been two months in the trenches, and that he likes it, and that any danger he writes which may seem to militate against enjoyment of the life is merely sent, "so that you can see the fun of it."

ASKS WINDING UP OF BRINTNELL COMPANY

Action Is Deferred by Mr. Justice Britton at Osgoode Hall.

At Osgoode Hall yesterday morning an application was made on behalf of William Brintnell before Mr. Justice Britton for an order winding up the Brintnell Motor Car Company of Toronto. The applicant is a creditor for \$200 and the matter was adjourned until a meeting of the creditors has been held. At the time of the incorporation of the company in 1908 the nominal capital was \$100,000, of which it is claimed, there are \$770 shares paid up.

HOW LONG WILL THE WAR LAST?

The War Against Health is Quickly Ended by "Fruit-a-tives."

MRS. DEWOLF, East Ship Harbor, N.S.

"It is with great pleasure that I write to tell you of the wonderful benefit I have received from taking 'Fruit-a-tives.' For years I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I finally tried 'Fruit-a-tives' and the effect was splendid. After taking one box, I feel like a new person and I am deeply thankful to have relief from those sickening headaches."

"Fruit-a-tives," the medicine made from fruit juices, has relieved more sufferers from Headaches, Constipation, Stomach, Liver, Kidney and Skin Troubles than any other medicine. 50c a box, 8 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

WILLS PROBATED

Fitzwilliam Stitt and his wife, Clara Belle Stitt, who were drowned in the Empress of Ireland wreck on May 28, 1914, left an estate valued at \$8100, which has been filed for probate in the surrogate court by John G. Oswald, a brother living at 18 Nairn avenue. Lt.-Col. William Boswell Ramsay of the British South African Company's forces in Rhodesia, who died of Coleridge, Melrose, Scotland, left an estate of \$120,000. The widow, Mrs. Agnes Boyd Owens Ramsay, being the sole heir and executrix. The will, which was made on June 22, 1906, has been filed here for ancillary probate. Horace D. Lundy, who died intestate on November 12, 1915, left an estate of \$322, which will be inherited by the widow, Catherine Ann Lundy, and three daughters, Margaret A. Clarke, Bette Kate White and Nellie Dymond Clarke.

SCORE'S CLOTHES

In these times when reliable goods are scarce, our ad on page eight will be welcome to those who appreciate guaranteed garments at a reasonable price.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, containing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

SOLDIER GETS HIS MONEY BACK

By the order of Chief Justice Falconbridge in the assize court yesterday Corporal John Reid will have to be refunded the \$210 he paid on deposit for four lots purchased at Trenton, Ont. The agreements of purchase will have to be cancelled. The action was brought against the Imperial Trusts Company and the Reliance Securities Company and the Reliance Securities Company.

GOVERNMENT REVENUE THRU ITS FARM CROPS

Ten Institutions Save Province Seventy Thousand Dollars in Twelve Months.

Crop raising at ten government institutions—Brockville, Kingston, Whitby, Guelph, Mimico, Woodstock, London, Hamilton, Orillia and Penetanguishene—has saved the province \$70,000, according to returns at present in the hands of Provincial Secretary Hanna. This does not include the dairy and gardening reports, and according to Mr. Hanna, \$70,000 represents practically only half of the value of the crops raised by the inmates.

Every crop with the exception of potatoes was a success at all the institutions. As was the case all over Ontario, the potatoes were somewhat of a failure. The returns of the department point out that in addition to crop raising some land reclamation work was done by the inmates at Whitby and Brockville. At the former place an eleven-acre field, heretofore marshy and useless, was drained last year and 120 tons of silage corn raised on it. At Brockville a 34-acre field was also drained and about 2000 bushels of oats and barley was the yield from it last year.

BELGIAN TRAITOR MURDERED

LONDON, Jan. 14.—The Amsterdam correspondent of The Daily Express reported today that the Belgian spy, Cels, who exposed Edith Cavell, the English nurse, and caused her execution by the Germans, was assassinated yesterday in a village near Brussels. Earlier dispatches have reported that a French spy denounced Ales Cavell and afterward committed suicide.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 65, Windsor, Ont., will send free to any mother her successful method. Send no money but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

LITTLE THINGS COUNT

Even in a match you should consider the "little things"—the wood, the composition, the strikeability, the flame.

EDDY'S MATCHES

are made of strong, dry pine stems, with a secret perfected composition that guarantees "every match a lighter." Sixty-five years of knowing how—that's the reason. All EDDY products are dependable—always.

DON'T LOOK OLD! LOCKYER'S SULPHUR HAIR RESTORER

But restore your gray and faded hairs to their natural color with Lockyer's Sulphur Hair Restorer. Its quality of deepening grayness to the former color in a few days, thus securing a preserved appearance, has enabled thousands to retain their position. SOLD EVERYWHERE. Lockyer's gives health to the hair and restores the natural color. It cleanses the scalp and makes the most perfect Hair Dressing.

WOMAN SUES BECAUSE SIGN HIT HUSBAND

Shock Sustained in Night Car Caused Her Serious Trouble

Mrs. Jesse McLaughlin of 742 Brook avenue brought action against the Toronto Street Railway Company yesterday before Chief Justice Falconbridge in the assize court for \$5000. She claims that a night car sign fell on her husband on the morning of May 23 while they were riding in a Belt Line car. Four months later, as the result of the shock, she experienced serious trouble. The railway denies liability.

METHODIST INSTITUTE STUDENTS ENLISTING

Twenty-Eight French-Canadian Go From Institution in Montreal to Active Service. Rev. Dr. Chown, general superintendent of the Methodist Church, received word from the "Free Methodist Institute at Montreal" that 28 French-Canadian young men, longing to classes at the institution, have joined overseas battalions. The report also states that the students have organized to contribute to the Red Cross and other comforts for the khaki volunteers.

QUEEN'S OWN RECRUITING NIGHT

Six monster recruiting meetings will be held in Toronto on Sunday, one in the afternoon and five in the evening. Every man who thinks he isn't needed is invited to attend the meetings and learn that.

Every Man is Needed!

Canada has to be saved for the Empire, and it is up to every man of military age and in good physical condition to HELP BEAT THE GERMANS.

This Means You!

Prominent speakers, both civil and military men, will address each meeting. Men who have returned from the front will tell of their experiences, and officers who are raising battalions to go to the front will have some straight-from-the-shoulder stuff to sink into the minds of young men of Toronto who are hesitating as to whether they should enlist.

The meetings scheduled for Sunday are:

- LOEW'S THEATRE AFTERNOON AT 2 AND EVENING AT 7
- PARK THEATRE BLOOR AND LANSDOWNE EVENING ONLY—7 O'CLOCK
- BEAVER THEATRE PACIFIC AND DUNDAS—8 O'CLOCK
- STAR THEATRE EVENING ONLY—7 O'CLOCK
- TEMPLARS' KHAKI CLUB QUEEN WEST AND DOVERCOURT EVENING ONLY—8.15 O'CLOCK

Moving Pictures at Every Meeting. Full regimental brass bands will play at all meetings. The 75th Regimental Band will play at Loew's; the Police Pipers will play at the Star; the G.G.B.G. Band will be at the Park Theatre; the 12th York Rangers, at the Beaver, and the Guards at the Templars' Khaki Club.

—Citizens' Recruiting League

The Lightning Cure for COUGHS, COLDS and all Bronchial Troubles.

No curative preparation can possibly be quicker in action than Veno's Lightning Cough Cure. You don't have to wait for the effect, relief comes with the first dose, and in ordinary cases cure follows with a rapidity which fully justifies the title "Lightning." Even in old deep-seated bronchitis and asthma Veno's can be relied upon when all the usual means fail.

Awarded Grand Prix and Gold Medal, International Health Exhibition, Paris, 1910.

That award is the hall-mark of international scientific approval. The approval of the public is expressed in a reputation which is wide as the British Empire. Veno's has the largest sale of any cough preparation in the whole world. It is made in Great Britain by British pharmacists, financed by British capital, and sold wherever the British flag flies. Old and young take Veno's for—

- Coughs and Colds
- Bronchial Troubles
- Nasal Catarrh
- Hoarseness
- Difficult Breathing
- Whooping Cough
- Blood Spitting
- Asthma

Price 30 cents. Sold by Druggists and Dealers everywhere, or direct, on receipt of price, from the sole agents for Canada, **W. H. Veno & Co., Ltd., 10, McCord Street, Toronto.** Proprietors—The Veno Drug Co., Ltd., Manchester, Eng.

NEWS FROM THE CITY HALL

WORKS COMMITTEE OFF TO A GOOD START NOW

Conservatism and Economy With Prudence is Program for This Year.

HEARD A DEPUTATION

Fees Charged Against All Signs is the Bone of Contention.

Conservatism and economy with prudence is the program of the 1916 committee on works suggested by the chairman elect at the first meeting of the year, which was held yesterday. In his opening remarks Ald. Ramsden stated that it was his belief the war would end during the year and that the city council should reserve its resources to meet conditions as they present themselves in the year to come. A deputation objecting to the one great sign was heard and the point taken was that small signs should not be charged. Commissioner Harris explained that the present regulation is a good one for permanent signs, but did not think it necessary in the case of temporary signs of cotton or other fabric. It was decided to have the commissioner and city architect confer with members of the deputation with a view to arriving at an agreement satisfactory to all concerned. The much discussed question of filling the Clafish Pond came up yesterday when Ald. MacGregor moved that it be filled in at once. Ald. Robbins suggested the use of ashes for this purpose, but Commissioner Harris, answering a question, stated that it would require many years to accomplish the task in this way. After considerable discussion the committee sent the

recommendation on to the property committee, with the endorsement that the fund be filled.

Sewage Disposal. Commissioner Harris was asked to report on the cost of pumping sewage from the Morley Avenue plant to a point outside the city limits, after Ald. Robbins had explained that conditions at the plant are steadily growing worse. He said the plant was built with the idea of disposing of 1,000,000 gallons a day, but instead, 47,000,000 were being sent there.

Describing the grade of Woodbine avenue between Kingston road and Gerrard street as dangerous, Ald. Robbins asked for some relief. Commissioner Harris said the cost of the improvement suggested was too high to make the change practicable. A suggestion of Ald. McBride was acted upon, that the commissioner determine the cost and the ratepayers be advised and asked if they wanted the improvement made at that figure. Ald. Ball stated that he had been advised that the Mount Pleasant cemetery officials were contemplating the erection of a \$200,000 building on the cemetery, and wanted to have the street level determined in order that work may proceed. In this connection the works commissioner pointed out that the wisdom of holding the matter over from last year was now seen, and said that had the level been determined earlier the city would now be liable for heavy land damages. The question was settled for the time being by asking the commissioner to confer with the cemetery officials.

High Rate Complaint. A. W. Ballantyne appeared before the committee on behalf of W. H. M. G. Marlett, the retiring chairman, and G. Marlett, the retiring chairman, and P. rector of Newman Hall, gave a scholarly address on "The Light of the World." Miss Clapp gave a delightful piano selection and Miss M. L. Hart spoke on the "International Federation of Catholic Alumnae" which recently met in Chicago, and to which she had been the delegate from St. Joseph's. A vote of thanks was tendered the reverend lecturer by Mrs. J. A. Thompson, seconded by Mrs. J. E. Day.

few days and report back to the committee. A street-naming committee, consisting of Ald. McBride, MacGregor, Robbins, Singer, Bull and Christmas Ramsden, ex-officio, was appointed.

CITY HALL NOTES

No more than its present share now will Toronto pay towards the Toronto-Hamilton highway. A conference with George Gooderham, M.L.A., is to be held as to when the work can be done on the Toronto end.

An allowance of \$1000 has been sanctioned for the works committee for the widow of Thomas J. Walsh, who was chief engineer at the high level pumping station at the time of his death, December 12.

Application has been made for a permit to repair the Union Station, the estimate of cost of which will be \$10,000. This is a result of the recent fire. Twelve applications for permits within the last two days have totaled \$83,000.

Mayor Church left yesterday morning for Kingston, Montreal and Ottawa and will be joined in Montreal today by Works Commissioner Harris. The purpose of the visit is to interview railway officials in regard to an eastern entrance to the Exhibition grounds.

ST. JOSEPH'S ALUMNAE LISTEN TO LECTURE

Rev. J. E. Burke, C. S. P., Gives Interesting Talk to Former Students.

St. Joseph's College auditorium was filled with members and friends of its alumnae, when Rev. J. E. Burke, C.S.P., rector of Newman Hall, gave a scholarly address on "The Light of the World." Miss Clapp gave a delightful piano selection and Miss M. L. Hart spoke on the "International Federation of Catholic Alumnae" which recently met in Chicago, and to which she had been the delegate from St. Joseph's. A vote of thanks was tendered the reverend lecturer by Mrs. J. A. Thompson, seconded by Mrs. J. E. Day.

MANY SOX RECEIVED. The sock committee of the Women's Historical Society report a splendid response in sox and wool.

TANNERS SECTION ELECT OFFICERS FOR YEAR

This Department of Board of Trade Holds Annual Meeting at National Club.

At the annual meeting of the tanners section of the Toronto Board of Trade, held in the National Club yesterday, C. G. Marlett, the retiring chairman, read the report of that section for 1915. A luncheon was tendered by Mr. Marlett to members preceding the meeting. The report showed that during the year four members had died—Morley Wickert, Walter Beardmore, A. R. Clarke and Chas. King.

Owing to the influence of several members who went to Ottawa just after the war commenced, the embargo that may have been placed upon hides and leather was not placed by the government. The executive advised that all tanning plants in the Dominion get together to discuss the advisability of establishing plants in Canada for making extracts and dyestuffs for tanning purposes, as the war had seriously affected exports. The report closed in a very optimistic tone, showing that owing to the extensive munition work going on, and the bumper crop of the past year, the financial outlook was very encouraging.

The following officers were elected for the ensuing year: Chairman, Chas. Robson; vice-chairman, G. B. Clarke; secretary-treasurer, F. G. Morley; executive committee, G. F. Beal, W. J. Heaven, A. C. Beardmore, H. B. Johnston, J. C. Brethaupt, G. C. H. Lang, F. G. Clarke, C. G. Marlett, Hon. E. J. Davis, J. Sinclair, H. B. Johnston, R. M. Beal, Theo. King, A. O. Beardmore, G. H. C. Theo. King, L. J. Brethaupt, John Sinclair, W. J. Heaven, S. R. Wickert.

CROWN LIFE'S CLAIM DENIED BY COURT.

Judge Denton in the county court yesterday dismissed the case brought by the Crown Life Insurance Company against Thomas McMahon for failure to pay due on a premium of a \$5000 life insurance policy. The defence was that the policy given was not what he required.

LET SOLDIERS USE SCHOOL.

At a private meeting of the board of education yesterday afternoon it was decided to adopt the recommendation of the advisory commercial committee of the new High School of Commerce building be given over to soldiers, subject to the execution of proper guarantees that the building would be returned to the board in proper condition.

Increases Weight 25 Pounds

And Would Not Take One Hundred Dollars for His New-Found Flesh—Interesting Statement of Ohio Man.

"When I started taking Sargol," writes H. B. Henniger of Ohio, "my weight was only 135 pounds. Now I weigh 160 and am the picture of health. I would not take a hundred dollars for what it has done. I am stronger than I ever was before."

"I never felt better in my life since I have been taking Sargol. The first two weeks I gained 10 lbs. and am gaining every day. Sargol makes me eat and sleep and I don't get up with a tired feeling any more."

Address the Sargol Co., 424N Herald Bldg., Binghamton, N.Y. Take Sargol with your meals and watch it work. This will tell the story.

SOLDIERS ARE IN NEED OF MILLIONS OF SOX

Rooms for Knitters to Supply Them Opens in World Building Today.

WOOL YARN IS NEEDED

Knitting Needles Will Be Supplied to the Knitters Who Come to the Workrooms.

This afternoon the fourth floor of the World building, 40 West Richmond street, will be opened for the convenience of knitters, when Mrs. J. W. Magwood will be in charge, assisted by expert knitters, who will gladly give instruction to all who wish it. Because Saturday is the "school girls" holiday, the "Sox Day" fund convener is making a special plea to all patriotic Toronto girls to lend a helping hand. They have wool on hand now, and can supply knitting needles, so all are requested to come along and give an hour or two of their time towards making warm sox for the boys in the trenches.

No Restrictions. The sox which are being collected thru the Toronto Women's Patriotic League direct to the front, and will be distributed among men of all regiments. There will be no restrictions—the big and essential idea is "sox"; the boys need sox, millions of pairs, and it is the intention of the World, with assistance of Toronto women, to make the figures mount.

Wool Yarn is Needed. The "Sox Day" fund committee has been successful in securing a knitting machine, which will prove most helpful in hastening the work to a successful climax. In order to keep the knitters, who have already eagerly volunteered their services, employed, wool is needed. Just as fast as the sox are turned out, we want more wool, for no time must be spent in waiting for wool.

The response from individual knitters and various organizations has been very gratifying since the first notice of the "Sox Day" campaign in Wednesday morning's issue, and, judging from the numbers of volunteers for the various days next week, the first big step towards success has been taken. Don't fail to do your part in showing your sympathy with the cause. Send in your pair of sox, and if you can't knit, send the equivalent in money. Other information will be given thru the "Sox Day" fund department, phone Main 5398. Knitting hours, 12 to 5 p.m.

GREECE MADE FIERY PROTEST, SAYS BERLIN

Statement Made in Reichstag Regarding Arrest of Consul at Saloniki.

BERLIN, Jan. 14.—(Via Sayville). In an interpellation in the Reichstag, Dr. William Von Stumm, director of the political department of the foreign office, stated that the German Government protested to the Greek Government "against the violation of neutrality involved in the arrest of the German and other consuls in Saloniki" and holding the Greek Government responsible for the safety of the arrested men according to the Overseas News Agency's account of the Reichstag proceeding. The Greek Government added Dr. Von Stumm, protested sharply to the British and French Governments, asking the extradition of the consuls.

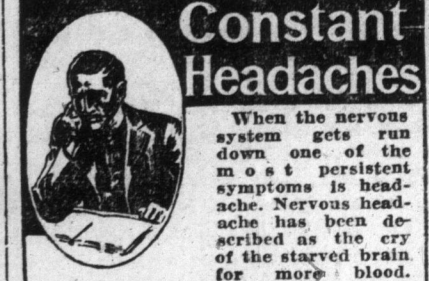

TURKS ENTER KERMANSHAH.

CONSTANTINOPLE, Jan. 14.—Turkish troops have entered the important Persian City of Kermanshah, according to unofficial reports received here today.

Kermanshah is a Persian trading centre of about 30,000, situated 70 miles west of Hamadan, where a Russian force is operating.

CAMPBELLFORD RECRUITING.

COBURG, Jan. 14.—Ten men enlisted at Campbellford the past week in the 130th Northumberland Battalion. Brisk recruiting is going on in the northern part of the county.

When the nervous system gets run down one of the most persistent symptoms is headache. Nervous headache has been described as the cry of the starved brain for more blood. Because of its remarkable blood-forming and blood-circulating qualities, Dr. Chase's Nerve Food ranks first as a means of overcoming nervous exhaustion, nervous prostration, headache, indigestion, sleeplessness, irritability and all the annoying symptoms of nervous breakdown. It is not a mere relief, but thursts the wasted and depleted nervous cells.

—\$2.00—
In advance will pay for The Sunday World for one year, by mail to any address in Canada or Great Britain. Delivered in Toronto and Hamilton by all Newsdealers and Newsboys at five cents per copy. Postage extra to all foreign countries.

UNITED STATES.
Daily World \$4.00 per year; Daily World 5c per month; Sunday World 10c per month; Sunday World 25c per month, including postage.

It will prevent delay if letters containing "complaints, etc." are addressed to the Circulation Department.

The West promises a before 7 min. delivery in any part of the city of Toronto. World subscribers are invited to advise the circulation department in case of late or irregular delivery.

SATURDAY MORNING, JAN. 15.
Another Stimulus for President Wilson's Pride

Probably there will not be much complaint from the United States Government over the censoring of the response since Captain von Papen's conduct has been turned over to the American ambassador in London. It is known that the German officials were concerned personally and officially with the plotting and conspiring which has been going on in the United States against friendly nations.

The blowing up of a C. P. R. bridge is a matter which concerns Canada only a little more nearly than the other affairs in which these nefarious conspirators were active. In the C. P. R. bridge matter Capt. von Papen gave his cheque for \$700 to Ehm, who attempted the crime, and the day previously the German embassy paid \$200 into von Papen's account. Germany has flouted the United States beyond all ordinary endurance.

Well Merited Honors
His fellow citizens will be pleased and proud to hear of the well-deserved honor conferred on Lieut.-Col. George Namith, whose work in connection with the medical health department became the basis for his splendid services in England and at the front for the troops. His work in the day in which the Germans turned on their poison gas for the first time was of the promptest and most timely nature. He had the fortune to be present, and at once diagnosed the case, and provided an antidote with all possible speed. His work in other ways, and particularly in providing water for the troops, has made a record. There has been less disease of a preventable kind than in any previous war, and Dr. Namith has had much credit for bringing about the result.

Col. Nelles is another local man whose distinction will be appreciated in the city, and there are others in the list of honors whose recognition will gratify their many local friends.

In the long list of the unhonored there are few who do not bear the best honor of all, the consciousness of having done all that was possible for them to do in the position in which they have been placed. Opportunity has often a great deal to do with distinction, as nearly all who have won recognition will admit. In the conferring of honors this fact is not forgotten, and the honors are usually taken in the spirit in which they are bestowed, as representatives of the general regard in which all the forces are held for their arduous work and their unflinching loyalty.

The Growth of a Labor Party
A sketch of the origin and growth of the labor movement in New South Wales has been published by George Black at Sydney. It is sponsored by the executive of the Political Labor League in celebration of the 25th anniversary of the founding of the labor party. Mr. Black finds the Chartist movement to be the first inspiration of the labor element in Australian politics, and he cites the six cardinal points of the "People's Charter"—annual parliaments, universal suffrage, equal voting districts, no property qualifications, vote by ballot and payment of members. Half of this program has been achieved since 1837, so that it cannot be said that the movement had been revolutionary.

When the Chartist movement was suppressed many of its followers went to Australia, where their influence from 1848 was notable. The miners' rising in 1852 and the affair of the Eureka Stockade in 1854 led to the promulgation of a labor platform for Australia, in which the abolition of the Goldfields Commission and of diggers' and storekeepers' licenses was the only plank which differed from the Chartist demands.

The Eureka massacre, as it was regarded, was followed by other troubles, and the men concerned in these disturbances carried on the agitation until 1854, when George Black, then a struggling journalist, inspired by the work being done on progressive lines in Great Britain, advocated the formation of a workmen's political party.

Then there came the blunder of

Lord Carnarvon, who refused to annex New Guinea, altho advised to do so by Admiral Moreby and Sir Arthur Palmer, premier of Queensland, while Sir Thomas McIlwraith, who had "big eyes," and knew what the Germans were after, sent and had the Union Jack hoisted on portions of the island not held by the Netherlands. Lord Derby also disowned this action, and Germany gobbled up the territory.

This was a disastrous error and the Australians resented it. The Bulletin went in for red-hot republicanism, and McIlwraith called a convention of Australian politicians to consider the situation. Nothing very much came of the indignation, as the British governments of the day did not inspire confidence in an imperial reformation sentiment, and Mr. Black set himself, inspired, he says, by the Farnell example, to create an independent labor party in New South Wales.

Presently the trades unions took hold, and at the congress in Melbourne in 1884 a motion was adopted urging the necessity of direct labor representation. The Hobart conference of 1889 endorsed this, and meanwhile seven members, approximately laborers, were returned to the South Australian legislature. In 1890 the number of these partially pledged men was increased to 14. The London dockers' strike at this time encouraged the maritime strike, which ended in defeat, but while it failed in its aims the defeat was regarded as a victory by those behind the labor movement.

The strike was scarcely declared off before a constitution was drawn up for a new Labor Electoral League. The result of this effort surprised everyone, for next year 36 members out of 45 who ran were returned on the labor ticket. The members were pledged to vote with the party as the majority in caucus might determine, and all but one adhered to this resolution.

Instead of electing a leader, a managerial committee of five was given charge of the leadership, it being resolved to wait until the right man showed himself. Sir George Grey, who was leaving New Zealand, left a last message which should be remembered elsewhere.

"Do everything by gentleness and perseverance with true Christian dignity and true manly courage, and in the end you will prevail. Assert your rights with dignity and power and you must triumph. Return kindness for wrong, whatever is done. You have the power in your hands by the ballot box. By that you can settle everything."

In 1894 only 27 members were elected by the labor party, the decline being due, says Mr. Black, to the difference in opinion, and in non-essentialities between certain leagues and the labor party, which occurred in 1893. The abolition of plural voting was also held responsible to some extent for the change. In 1895 there was a general slump in the vote due to electoral regulations, and 12 independent laborers deserted the labor ranks. Only 18 laborites were returned. In 1898 the vote was split by differences of opinion regarding federation, and only 34 candidates were run, 19 being returned. In 1902 the Boer war caused further disension, and only 24 candidates were returned out of 53 who stood. In 1904 labor ran 50 candidates, the largest poll yet obtained. Split voting injured the labor cause in 1907, various cliques robbing the party proper of its strength. There were 31 returned, however, out of 72 candidates, and in 1910 a selected and endorsed laborite was run in every seat and 45 members were elected, giving the party a majority of one.

In 1913 laborites contested 86 seats and elected 60 members, the votes cast amounting to 329,410. A labor ministry rules in the commonwealth parliament, and in every state assembly except Victoria's. Mr. Black's summing up should have considerable encouragement for the labor men who look forward somewhat nebulously to a similar state of affairs in Canada, the labor men in Canada still have more confidence in the old line parties than the Australian labor people ever appear to have had. Mr. Black says:

"The reforms wrought during the intervening years have practically changed the trend of political action, and have given to public opinion a wider range and a kinder view. The ground thus won will be held; not even a cataclysm could secure a reversion to those dark ages of social, political, and of economic life when Money and Monopoly ruled, and when Men and Human Lives were only pawns in the game."

Perhaps it is easier to understand why Australia has sent more men to the front in proportion to her population. Labor does not lack loyalty.

GET YOUR MEN LINED UP AS ADVICE OF GEN. LOGIE

Division Commander Puts Issue Squarely Up to Board of Trade Members.

SINGLE MEN ARE SLOW

Major Boehm, Lt.-Col. Wright and Lt.-Col. Donald Add Their Voice to His Appeal.

Brig.-Gen. Logie and five of his brother officers put the recruiting issue before the board of trade members of Toronto at a meeting yesterday and practically urged them to discharge the men who it was evident could enlist, but refused to get into khaki. The labor employers were told that to a great extent they had the situation in their hands and were urged to co-operate with the militia in bringing Canada's forces up to the total strength of 500,000. Starting statements of unvarnished facts were made by the officers; Major Boehm said the single men of Toronto had very little to do with the recruiting situation. Only 30,000 men were returned in Toronto less than 5,000 were single.

"I ask you to look upon this thing as if a catastrophe had occurred," General Logie told them. "I recognize that it is a sacrifice for banks or manufacturers to let this or that trained man go, but we are all alike, and must be prepared to make the sacrifice." Unless they realized this, the general said, they were going to be much wanted in the end than they had been. He said that he was absolutely essential to your business, but we do want you to make an inventory of the men you can spare and then assist us in getting them lined up in khaki. You must realize that this act on your part is necessary if we want to win this war."

Plans Suggested.
The general laid before the members some of the plans for stimulating recruiting, pointing out that the increased efforts by recruiting efforts henceforth must be much more direct and energetic than ever before. Business men were asked to assist in granting recruiting sergeants an opportunity during working hours of addressing their employees for a period of say ten minutes. But when this the labor employers were asked to lend their voice to the appeal and promise their employees to hold their positions for them until they returned from the front. Several speakers, according to General Logie, were being trained to deliver stirring appeals which must make every man with red blood in his veins feel the need of offering himself for overseas service.

"Toronto and district must raise 50,000 more men," he said, and to do this there must be individual sacrifices. It is up to the employers of labor just as much as to the employees and there must be no tendency to regard inconveniences as sacrifices. Toronto, he said, while it was above the average city as a recruiting centre, must do still better. He compared Birmingham's recruiting figures of

A Line o' Cheer Each Day of the Year

SEASONABLE.
(Copyright, 1914.)
F REEZING cold and bitter Dark and bleak confront Well, what of it? Why complain? Did you look for summer rain, July heavens, breeze of June, And a soft midsummer moon, Or the blossoms of the May On a January day? If you did—well, I'll be bound There's a brain-storm somewhere round.

Belgian King's Niece IS WEDDED IN FRANCE

Princess Marie Louise of Orleans Bride of Prince Philippe de Bourbon.

PARIS, Jan. 14.—Prince Philippe Marie Alphonse de Bourbon of the two Sicilies, son of Count de Caserta, was married today to Princess Marie Louise of Orleans, daughter of the Duke de Vendôme, at the home of the Duke de Neully. The ceremony was strictly private.

The witnesses for the bride were her uncle, the Duke de Guise, and her uncle, King Albert of the Belgians, represented by Baron Guillaume, the Belgian minister to France. For the bridegroom the witnesses were King Alfonso of Spain, represented by the Infante Don Carlos de Bourbon, and Prince Janvier de Bourbon of the Two Tour en Vovier. The prince was born at Cannes on December 10, 1885, and the princess at Neuilly-sur-Seine on December 21, 1896. Her mother is a sister of King Albert of Belgium.

Winter Tourist Trips to Southern States
Are becoming more popular every year, largely owing to the increased transportation facilities and modern luxuries of equipment, making the journey to California, Florida and other resorts a pleasure instead of a hardship. With almost any point on the main line of the Grand Trunk Railway to your destination in the Sunny South, where the flowers bloom, and warm, balmy breezes blow, meals served in dining cars make it unnecessary to leave the train en route. Round trip tickets are issued by the Grand Trunk Railway at very low fares, giving choice of all the best routes via Chicago, Detroit or Toronto, etc., carrying electric-lighted Pullman sleeping cars, dining and parlor-library cars, and first-class coaches, making connections with through trains for the south, etc.

Before deciding on your trip, ask the Grand Trunk ticket agents for full particulars. Toronto city ticket office, northwest corner King and Yonge streets, phone Main 4209.

ALLEGED GAMING HOUSE.
Police Constables Massey and Kerr of the morality department yesterday afternoon raided a book store at 17 1/2 East King street and arrested Arthur S. Polly on a charge of keeping a common betting house. Frank Ward, a well-known gambler, was also arrested on a charge of frequenting a quantity of papers relating to betting were seized. When searched Polly had \$35 in his possession. The two men will appear in the police court today.

TWO MINISTERS' SONS.
Major G. L. Cameron and Lieut. Charles W. Bayne Are Serving Empire in Army.

Rev. Dr. Haddow has received the names of two more Presbyterian ministers' sons who have joined the aviators' force. They are Major G. L. Cameron, son of Rev. D. G. Cameron, and Lieut. Charles M. Bayne, son of Rev. G. T. Bayne.

PELLED LIQUOR.
On a charge of selling liquor without a license, W. J. Bryant and E. E. Eason in the police court yesterday. When he was apprehended by a policeman, Bryant offered to sell him a bottle of whiskey.

BIG EATERS GET KIDNEY TROUBLE
Take Salts at First Sign of Bladder Irritation or Back-ache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is full with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the elimination issues slow and the result is kidney trouble, bladder weakness, and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad; get from your pharmacist about four spoonfuls in a glass of water before breakfast for a few days and your kidneys will then set fine. This mixture neutralizes the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Kid Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

BERNSTORFF FINANCED BOMB OUTRAGES IN U.S.

Papers Seized From Von Papen Betray Paying of Money to German Plotters.

WASHINGTON NOTIFIED
Attache Gave Seven Hundred Dollars to Horne to Destroy Bridge.

LONDON, Jan. 14.—Copies of correspondence seized from Capt. Franz Von Papen, the recalled German military attache at Washington, when he reached Falmouth on his way to Germany, have been turned over to the American embassy for transmission to the state department. They show that Capt. Von Papen made frequent payments to persons charged by Count Von Bernstorff with blowing up the United States works and bridges in the United States.

One entry shows that Capt. Von Papen gave \$700 to Werner Horn, who was charged with blowing up the Canadian Pacific Railway bridge at St. Croix, Me. The day after the German embassy cheque was issued, the German attache sent \$2000 into Capt. Von Papen's account.

Capt. Von Papen's cheque stubs, the Right National Bank of Washington, show about 500 items, many of which had to do with routine expenses of the attache. Others showed prominently in the activity of German agents in America, and at least one spy who committed suicide in a cell in an English prison.

Several large payments were made to Capt. Von Papen by the German embassy in Washington. Most of these were for salaries or bonuses. A number of entries showed payments made by the German attache to the military attache for intelligence office. One of the payments on this account, made in October of 1914, was for \$2800.

Another cheque stub shows that about two weeks before the explosion in Seattle, on May 30, 1915, Capt. Von Papen sent \$500 to the German consulate in Seattle. In February of 1915 he sent \$1500 to the German consulate in that city.

Among the letters taken from Capt. Von Papen there is one of interest, with the exception of a letter from the German consul at New Orleans, containing with him on his recall from Washington and criticizing severely the attitude of the American Government.

In January, 1915, Capt. Von Papen gave a cheque payable to Amelsk & Kuepeneke in brackets on the stub. This is believed to have reference to the man named Kuepeneke who, after being arrested in England on a charge of espionage, confessed in his cell, leaving a written confession in his cell.

As an example of the extent of the German financial operations, a bank book shows that in January of 1915 he received approximately \$4500, and paid out \$5000.

Buffalo \$270 Return, Saturday, Jan. 15, 1916—Canadian Pacific Railway.
The "Toronto Bowling Club" excursion to Buffalo, via Canadian Pacific, fast 9:30 a.m. train, Saturday, Jan. 15, offers an excellent opportunity for a week-end outing. Tickets are valid for Monday, Jan. 17. Pull particulars from Canadian Pacific Railway ticket agents, Toronto city office, southeast corner King and Yonge streets. Phone Main 4580.

GERMAN FLEET SOON TO ACCEPT CHALLENGE

British Admiralty Official Says Enemy's Food Scarcity is Forcing Issue.

UNCEASING VIGILANCE
Admiral Jellicoe Believes Great Action May Come at Any Hour.

NEW YORK, Jan. 14.—An official of the British admiralty, who has arrived with despatches from London, brought the news that the German battleship fleet left its anchorage in the Kiel Canal when it had been since the beginning of the war, and made three sorties on Dec. 15, 16 and 17. The fleet did not succeed in finding the British North Sea fleet, but grew so strong over the British blockade that the naval vessels were forced to leave the Kiel Canal and make a pretence of searching for British warships.

"The blockade is going to be drawn tighter than ever now in an endeavor to cut off the enemy's food supply, and we expect the Kaiser's fleet will be compelled to steam out past Heligoland into the North Sea.

"Then the biggest naval battle in the world's history will take place. Our North Sea fleet is keeping a bright lookout day and night for the Germans to come out. It is equipped with the latest hydro-aeroplanes on board, which are continuously making ascents to take observations of the enemy's fleet.

In explanation of the German blockade the official said: "The real power riots at Berlin and other cities in Germany early in December, and the feeling among the people grew so strong over the British blockade that the naval vessels were forced to leave the Kiel Canal and make a pretence of searching for British warships.

A COMPLETE BREAKDOWN
AFTER LA GRIPPE
It Leaves the Sufferer a Victim of
Many Forms of Weakness.

Ask those who have had the grippe
regarding the present condition of
their health and most of them will an-
swer, "Being out of the grip I have
never been well." There is a per-
sistent weakness of the limbs, bad
digestion, shortness of breath and
irritation of the heart caused by the
thin-blooded condition in which grip
almost always leaves its victims after
the fever and influenza have subsided.

They are at the mercy of relapses and
complications often very serious. This
condition will continue until the blood
is built up again and for this purpose
nothing can equal a fair treatment
with Dr. Williams' Pink Pills, which
quickly make the blood rich and red,
drive the lingering germs from the
system and transform despondent grip
victims into cheerful, healthy, happy
men and women. Mr. John Battersby,
London, Ont., says: "Just before
Christmas, 1914, I was taken down
with an attack of la grippe, and the
trouble left me in a deplorable con-
dition. I was almost too weak to
walk about. I was then working on
a farm in Western Ontario. I was quite
unable to follow my usual work. I
tried several kinds of medicine, but
it did not help me. As a matter of fact
I felt steadily growing weaker, and in
this condition, when reading a paper
I saw Dr. Williams' Pink Pills adver-
tised and decided to try them. I got
a supply and by the time the second
box was finished I felt considerably
better, and after continuing the pills
for some time longer I felt better than
I had been for months. This was my
first experience with Dr. Williams'
Pink Pills, but you may depend upon
it that I will know just what to take."
You can get these pills from any
dealer in medicine or by mail, post
paid at 50 cents a box or six boxes
for \$2.50 from The Dr. Williams Medi-
cine Co., Brockville, Ont.

THE WEATHER

OBSERVATORY, Toronto, Jan. 14.—(5
p.m.)—The weather has been quite cold
today from Ontario eastward, and con-
siderably cold in the western
provinces.

Minimum and maximum temperatures:
Dawson, 20 below-14 below; Victoria, 18-
22; Vancouver, 18-26; Kamloops, 20 be-
low-6 below; Calgary, 18 below-12 below;

GIRLS SEND COMFORTS
TO MEN IN TRENCHES

Canadian Soldiers' Comforts
Club is Doing a Splendid
Service.

The "Canadian Soldiers' Comforts
Club," an organization formed by sev-
eral business girls, has done good
work for the soldiers since its forma-
tion last September.

A large number of socks, caps and
four boxes were shipped in November
direct to Moore barracks for distribu-
tion. These contained, in addition to
socks, scarfs, etc., tobacco, cigarettes,
candy and many other good things.

Extra funds were then raised by a
musical in November and many more
boxes have been knitted. The mem-
bers are now planning to send parcels
of soap and comforts to the heads of
the various batteries at the front for
distribution.

This week a successful euchre and
dance party was given by the club, all
proceeds going to the purchase of fur-
ther materials.

SOCIETY

Conducted by Mrs. Edmund Phillips.

The Royal Highnesses the Duchess of
Connaught and the Princess Patricia will
be at the Military Institute during the
review of the troops by H. H. on Mon-
day morning.

His Honor the Lieutenant-Governor
and Lady Hendrie will give small dinners
on Monday and Tuesday to have the
honour of meeting Their Royal Highnesses
the Duke and Duchess of Connaught and
the Princess Patricia. A few people will
be asked to lunch on each day also. The
royal party arrives on Sunday afternoon
at 5 o'clock.

Lord Shaughnessy was a member of
Their Royal Highnesses' entourage at
the opening of parliament.

Sir Adam and Lady Beck were at the
Queen's for the Crown-Crest wedding,
and returned to London, Ont., last night.

His Worship the Mayor went to Mont-
real on Monday morning, and will not re-
turn until Monday.

Brigadier Gen. Logie and Mrs. Logie
were in Ottawa for the state dinner and
the opening of parliament this week.

Mrs. Arthur Meredith, Miss Meredith
and Miss Wanda Gzowski are leaving for
England on Feb. 1.

Colonel G. G. Nesmith, C.M.G., will re-
turn to the front on the 21st inst. to re-
sume his work. His engagement is an-
nounced to Mrs. Scott Kerr. The mar-
riage will take place in the spring.

Mrs. Walter Henderson of Qu'Appelle,
Sask., is visiting her parents, Hon. W. H.
Hoyle and Mrs. Hoyle, 53 Concord ave-
nue. Mrs. Emerson is also with her
two little daughters, and having with her
parents, Capt. McNeill having come over-
seas.

Mr. and Mrs. D'Arcy Martin were in
town from Hamilton for the Crear-
Cronyn wedding.

Receptions.
Mrs. T. W. Amerson, with her mother,
Mrs. Bethune, 166 St. George street, on
Tuesday, for the first time since her
marriage, and not since.

The honorary governors who will
visit the Toronto General Hospital
during the week commencing on
Friday, Jan. 18 are Sir William Mordimer
Clark and Col. Sir Henry M. Fellat.

Announcements

Notice of any character relat-
ing to future events, the purpose
of which is the raising of money, or
which is inserted in the advertising
columns at fifteen cents a line.

Announcements of other organiza-
tions, clubs or other organiza-
tions of future events, where the
purpose is to raise money, will be
inserted at two cents a word, with
a minimum of fifty cents for each
insertion.

real.

No. 6 Canadian Field Ambulance.
Dangerously wounded—Nicholas G.
Kinsman, Merrimac, Mass.

To Stop Coughs
Use Sugar and Tar

A Specialist's Suggestion.
Obstinate, tickling coughs, the kind
that rattle you to pieces and keep you
awake at night, can be instantly relieved
by putting ten or fifteen drops of the
cough syrup in a glass of water and
slowly dissolve in the mouth. The spe-
cialist who recommends this plan says it
is superior to anything he has ever tried
and may be used with perfect safety and
success on children of any age. It is
made up of a pound of granulated sugar,
cough syrup, which children like, he
says there is nothing better at any price
than half a pound of granulated sugar
dissolved in half a pint of hot water, and
then add a few drops of the cough syrup.
When cool, pour into a pint bottle, and
it is ready for use. From half a tea-
spoonful to a teaspoonful every hour or
so will quickly relieve coughs and colds.
and if regularly used for a few days will
give remarkable benefit in cases of cat-
arrh and bronchial affections.

TWO GOAL WIN FOR RIVERSIDE SENIORS

Defeat T. R. and A.A. in Listless Fixture - Team Play Won for Riversides.

Riversides won a listless Senior O. H. A. game from T.R. & A.A. last night, 6 to 4. Both teams had several new players, and if the black and white squads had paid any attention to team play they could have beaten the east-enders. T.R. got the only counter in the last round. Riversides checked well, but T.R. just didn't know what to do with the puck. The teams: Riversides (6) - Goal, Collett; defence, Smith, Crane; rover, Noble; centre, Hill; right, Appleby; left, Dopp. T.R. & A.A. (4) - Goal, Mitchell; defence, MacLean, MacEwen; rover, Hey; centre, Smith; left, Trapp; right, Sullivan.

THE RUMP LANDS LAST AT HAVANA

HAVANA, Jan. 14. - The races today resulted as follows: FIRST RACE - Two furlongs: 1. Little Ford, 109 (Lapalme), 10 to 1, 3 to 1 and 2 to 1. 2. Dental, 103 (Turner), 2 to 5, out and in. 3. TWO GOAL WIN FOR RIVERSIDE SENIORS

Defeat T. R. and A.A. in Listless Fixture—Team Play Won for Riversides.

Riversides won a listless Senior O. H. game from T. R. & A.A. last night, 6 to 4.

Both teams had several new players, and if the back and white squads had paid any attention to team play they could have beaten the east-enders.

T. R. got the only counter in the last round. Riversides checked well, but T. R. just didn't know what to do with the puck.

The team summary: Riversides (G)—Goal Collett; defence, Smith, Crane; rover, Noble; centre, Hill; right, Appleby; (A)—Goal, Mitchell; defence, MacLean, McEwen; rover, Reynolds; centre, Smith; left, Trapp; out, Sullivan.

Referee—Jack Moxon.

THE RUMP LANDS LAST AT HAVANA

HAVANA, Jan. 14.—The races today resulted as follows:

FIRST RACE—Two furlongs: 1. Little Ford, 109 (Lapalme), 10 to 1, 3 to 1 and 9 to 5.

WHOLESALE MARKET RECEIPTS ARE LIGHT

Business in Fruit and Vegetables is in Consequence Somewhat Inactive.

HAY PRICE ADVANCES

Seven Loads on St. Lawrence Market Sell Up to Twenty-Three Dollars.

Receipts were very light, and business rather dull on the wholesale fruit and vegetable market yesterday, with prices remaining about stationary.

Household market of splendid quality continues to be shipped in daily, and is now selling at 85c to \$1.25 per dozen bunches.

Household tomatoes are still very scarce, and few are in the market, selling at 25c to 30c per lb.

Potatoes keep up in price, and are expected to again advance the beginning of the week.

H. Peters had another car of British Columbia potatoes arrive yesterday, which he is selling at \$1.75 per bag.

CHISHOLM, LOGIE & McQUESTEN HAMILTON. 6239

ADVANCES SCORED AT MONTREAL STOCK MART

Canada Cement Led, Setting New High Record Price.

MONTREAL, Jan. 14.—Buying, encouraged by the strong upturn in the New York list, found stocks in scant supply in the local market today and sharp advances were scored, practically all thru the active list. The market closed strong and fairly active, with net gains of 1 to 2 1/2 points in stocks of the munition groups.

Canada Cement continued to lead the market and its sustained strength in the face of recent heaviness elsewhere, combined with the New York influence of rising prices to impart a generally improved tone to the whole market. In the morning Cement rose 1 1/4 above its previous high record price, selling at 49 1/2. In the afternoon its advance continued nearly a point higher to 50 3/8, and the close was at the best price. Dealings in the stock were on a considerably larger scale than on Thursday, coming within a few shares of 6000.

The principal activity elsewhere was in the steel stocks, which were all strong. Steel of Canada rose 3 1/2 to 29, Iron 1-2 to 47 1/2 and Scotia 2 1/2 to 99 1/2, all three finishing at the highest. Scotia at the close was quoted 99 7/8 bid. The sharp upturn, therefore, emphasized the condition previously noted, that while buying was timed there was not great quantity of stock for sale. Bridge was quiet, 230 bid. Locomotive rose 1/2 to 61 1/2. Canada Forgings improved to 212. Car was the reactionary feature of the market, falling two points to 70 1/2, but later went to 72 1/2 bid.

ARGENTINE SHIPMENTS. This wk. Last wk. Last yr. Wheat 276,000 26,000 72,000 Corn 2,212,000 2,122,000 3,555,000 Oats 700,000 210,000 1,140,000

FARMER WEATHER PUTS WHEAT PRICES DOWN

Fears of Damage by Cold Dissipated, Causing Sharp Losses.

RUMORS AID BEARS

Various Reports Circulated Had Effect of Accelerating Decline.

CHICAGO, Jan. 14.—Rising temperatures that tended to dissipate fears of cold weather damage to the winter crop had much to do today with bringing about a setback in the price of wheat.

The outcome was a nervous close at 3-4 to 10 net decline, with May 1-2 1-2 and July 1-2 3-4. Corn fell 3-4 to 1-8. Oats 3-8 to 5-35 and barley 1-1-8 to 1-1-4.

After the predicted ascension of the mercury had taken place to a noticeable extent, declines were further accelerated by reports that a bill to remove the Canadian duty on wheat had been introduced at Ottawa.

Further news current that a fresh advance in freight rates to Europe was likely and that foreign buyers were holding off in the hope that the British Government might assume direct control of the charges by all vessel owners who are subject to London authority.

Assertions that the railroad embargo east might not be ended for several months formed an additional handicap for the wheat bulls. On the extreme downturn, however, sellers appeared to have overreached themselves.

Attempts to cover led to a substantial reaction, which was aided more or less by Winnipeg opinions that a free wheat bill in the Canadian Parliament had but little chance of passage.

Better weather eased corn as well as wheat. Reports that corn was being held off in the hope that the city would tender to put the bears at a disadvantage.

Oats gave way in sympathy with other cereals. Eastern demand was only moderate.

Free realising by holders pulled down quotations. The chief incentive to selling was the lowering of prices on grain and hogs.
