THE
THIRTY-NINTH ANNUAL REPORT
OF THE
MONTREAL GENERAL HOSPITAL.

At the Annual meeting of the Corporation of the Society of the Montreal General Hospital, held in the Governors' Hall of the Institution, on the 21st May, 1861, the Governors presented the following Report, which was read and adopted.—

John Redpath, Esq., President in the Chair.

ANNUAL REPORT

Of the proceedings of the Board of Governors of the Society of the Montreal General Hospital, for the year ending 24th April, 1861.

The Board of Governors of the Montreal General Hospital present their annual Report to the Corporation of the Society of the Montreal General Hospital, with a condensed statement of the receipts and expenditure of the Society for the year ending the 24th April, 1861.

The total receipts during the year, amounting to \$12,735 80, have been derived from the following sources :—

Provincial Grant.....	\$5000 00
Interest on Permanent Fund.....	2748 16
Collections	2484 89
Donations	185 33
Pay Patients.....	1127 54
Rent.....	644 00
Students' Fees.....	323 00
Articles sold.....	136 87
Assessments repaid.....	55 80
Funeral Expenses repaid.....	4 87
Contents of Poor Box.....	25 34
	\$12735 80

The expenditure of the year has been as follows:—

Current Expenses	\$10708 54
New Furnaces, Water Closets..... }	
Alterations, Repairs, &c..... }	1692 05
Mr. Skakel's Annuity	560 00
Insurance	185 08
	\$13145 67
Expenditure	\$13145 67
Receipts.....	12735 80
	\$ 409 87

From this it appears that the expenses have exceeded the receipts by \$409 87, and this sum would have been largely increased, had the new instruments recently purchased of the value of \$840 been paid for.

It will be observed that a very considerable portion of the year's outlay, viz.: \$1692 05, has been devoted to improving and repairing the condition of the hospital building; and nearly as much more will be required for the completion of the improvements now in progress.

From the Medical Report it appears that 976 in-door and 6275 out-door patients, making a total of 7251 persons, have participated in the benefits conferred by this Institution during the past twelve months.

Of the in-door patients there have been—

Cured or relieved.....	863
Have died.....	39
Remain in Hospital.....	74
	976

Of the in-door patients 918 have been admitted since the last Annual Report, and were classed as follows:

In addition to the deaths above enumerated there were 18 that occurred within three days after admission, making the total number of deaths during the year to be 57, and the total admissions to be 994.

Some very important alterations and several improvements have been made in the hospital building during the year, all of which, although involving a considerable outlay, it is believed, are calculated to increase the efficiency of the institution, and render it a more suitable Asylum for the indigent sick than ever heretofore. Amongst these may be mentioned, the erection of a new kitchen furnace with pipes attached, by means of which each story is plentifully supplied with warm water; the introduction of a dumb-waiter for the conveying of the food from the kitchen to the several wards; the painting of all the ward-floors in the Richardson wing, &c., &c.—It will be in the recollection of some of the members of the Corporation, that last year new and improved Water closets and Bath-rooms were constructed in each story of the Richardson wing; they have proved as efficient as was expected, and it gives us pleasure to state that similar conveniences are now being erected for the patients occupying the Reid wing and the centre of the hospital. In the same wing the staircase has been moved back some feet to permit the opening of doors in the passage between the body of the building and its two wings, and the communications thus made are protected by fire-proof iron doors. Some other improvements of less magnitude but much needed are also in progress; and the Committee of management have, in their last quarterly report, suggested the great desirableness of changing the present mode of heating the hospital by stoves, and substituting for it the use of steam as a source of heat; a mode that will be greatly more convenient than that at present employed, as well as more conducive to the health and comfort of the patients; and, although requiring a considerable expenditure in the first erection, it is believed that it will in the end be more economical. They have strongly recommended its adoption.

The Medical Board of the Hospital having long felt the want of suitable instruments in the performance of their duties, the original supply having been entirely worn out, and having never comprised many of the most modern useful instruments, a new and

very complete set has just been imported, and will have to be paid for the present quarter.

The past year has witnessed the death of the late Hon. Peter McGill and the late Hon. John Molson, two of the original contributors to the "building fund" of the Society, as well as two of the Society's oldest and warmest friends. The latter gentleman, besides having sustained the relation of President of the Board of Governors for three years, manifested his sincere interest in the prosperity and perpetuity of the Institution by providing in his last will and testament for the enrolment of the names of four sons on the list of Life Governors of the Society, and that body has consequently received an accession of four new members:—viz., Capt. Joseph Dinham Molson, Alexander Molson, George E. Molson, and Samuel E. Molson, Esq's.

It is a matter of regret that more of our wealthy and philanthropic citizens do not take a personal interest in the supervision of this charity.

The following legacies to the Endowment fund of the Hospital have been appropriately made during the past year:—

From the late John Shuter.....	\$43 80
" " Mrs. Gabriel Roy.....	50 00
" " Dr. Anderson.....	38 00
	\$131 80

And the Directors of the City and District Savings Bank have again presented a donation of \$100 to the funds of the Society.

The friends of the institution and the Governors, are also indebted to the personal exertions of the following gentlemen who have kindly acted as collectors for the year.—

Henry Mussen, Esq., Robert Campbell, jr., Esq., G. F. Prowse, Esq., James Parkin, Esq., Hector Munroe, Esq., Alexander Walker, Esq., James Gaudie, Esq., T. P. Roe, Esq., James Dougall, Esq., Stanley C. Bagg, J. P., Esq., E. E. Shelton, Esq., Henry Phillips, Esq.

All of which is respectfully submitted,

JOHN REDPATH,
President.
R. P. HOWARD,
Secretary.

Montreal, May 21, 1861.

The Members of the Corporation then proceeded to the election by ballot of six "Elected Governors" to serve for two years, and an "Elected Oovernor" to serve for one year in the room of George E. Molson, Esq., who has become a "Life Governor,"—and Thomas Morland and Alexander Molson, Esq., were appointed scrutineers.

The result of the ballot was as follows. As "Elected Governors" for two years :

J. B. Greenshields, Esq.,	Walter Shanly, Esq.,
L. H. Holton "	James Logan "
George Matthews "	Theodore Hart "

As Elected Governor for one year :

The Hon. Mr. Justice Aylwin.

On the motion of William Molson Esq., seconded by W. H. A. Davies Esq., it was resolved,—

That the thanks of the Corporation be presented to the Governors and Officers of the Society for their able administration of the affairs of the Hospital during the past year.

At the Annual Meeting of the Governors of the Society held in the same place as the above, on Thursday the 23rd May 1861, for the election of Officers, the following gentlemen were elected officers for the year :

JOHN REDPATH, Esq.—*President*.
 The Very Rev. the DEAN of Montreal.—*Vice-President*.
