# CONSECRATE YOUR CHRISTMAS TO THE CHILDREN.

In the Joy of Your Christmastide Remember the Poor Little Sick Children and Bring to them Joy and Gladness.

## PITY THEIR SUFFERING AND THEIR SORROW.

*Let Your Christmas Gift be the Furnishing of a Cot in the Hospital for Sick Children—Only \$50 is Needed for the Purpose and no other Payment is Involved.*

CHARITY

THE

GOLDEN

CHAIN

THAT

LINKS

EARTH

TO

HEAVEN.

The appeals made the Trustees of the Hospital have met with generous response on the part of some tender-hearted citizens. Their generosity is highly appreciated, and they will be held in grateful recollection. More than this, the good thus done to some poor little sufferer will surely revisit the heart of the giver and carry to him heaven's richest benediction.

More than one hundred cots are yet to be furnished. There will be a demand for these cots, and the Trustees do not desire to turn away a single applicant because there is no cot upon which to place the little sufferer. A further appeal is made to the public on behalf of this most worthy charity that comes so closely to the heart and home of every father and mother.

In the flush of joy which brings so much of pleasure to your own home-circle at this festal sea on of the year, think of the bed-bound sufferers who shall never know the joy and freedom of child-life, whose only hope in years to come is that the pain may not be quite so hard to bear, and that the grave may not open so perilously near the little feet. Think of your own happy little children, free from pain, with roses of health blooming in the cheeks and the laughing sparkle of joy in the eye, and then think of the wan faces and lustreless eyes of the pain-burdened little ones, the light of whose life has gone out in the darkness of suffering.

Only \$50 will secure a comfortable resting-place for these children. What greater charity can appeal to your heart, and what greater reward can you have than that spoken by One who touched humanity at its lowest sorrow and its keenest suffering, "Ye have done it unto Me?" By your charity you will not only bring relief and health to the ailing little ones, but you may be the saviour from death of some child who shall in the years to come bless your name and revere your memory.

This charity is within the reach of all. To furnish a cot you may pay \$50 or suit your own convenience, and pay it in weekly, monthly or quarterly instalments. In this year of grace, and at this happy Christmastide, let your gift be this coupon. Cut it out, fill it in and send it to J. Ross Robertson, Chairman Board of Trustees, Hospital for Sick Children.

# FURNISH A COT IN THE HOSPITAL FOR SICK CHILDREN.

The Best Gift that Benevolence, Prompted by Charity, Can Offer to Suffering Humanity.

\$50 WILL FURNISH A COT AND GIVE \$500 WORTH OF COMFORT TO THE COMFORTLESS.

*Finish the Old Year and Commence the New with a Much-Needed. Good and Generous Action—Furnish a Cot in the Sick Children's Hospital.*

READ  
WITH  
PITYING  
EYE  
AND THEN  
RESPOND  
WITH  
CHEERFUL  
HEART  
TO THIS  
APPEAL  
FOR HELP.

How many kind hearts there are in this great city who are willing to express their grateful recognition of the blessings received in this year that is fast fading away! And in what better manner can that gratitude be displayed than by alleviating the anguish of some little sick child in the years to come? \$50 will furnish a cot that may help to bring back the rosy hue of health to some little wan and pallid cheek that never knew of Christmas joys.

At this season of the year, when all seems bright and the hearts of men are disposed to works of charity, how gratifying it is to know that so much can be done for so little cost. Just to think: \$50 will furnish a cot that will be instrumental in soothing the suffering sorrows of some poor little sick child for many days or months.

As you mark the gladsome face, the quickened, healthy step, and hearken to the merry laughter of the many little ones who are busily engaged in the joyous occupation of selecting gifts for parents, brothers, sisters or friends, and in imagination can see the many happy households that the Christmas morning will dawn upon with all its gl esome wishes of "Merry Christmas" and "Happy New Year"—as you mark all this, pause for one moment and think of other dismal, cheerless, comfortless abodes, where in place of childish laughter will be heard sobbing moans of anguish and sorrow from some poor little pain-racked body, whose lustreless eye and attenuated arm are beseeching, entreating, and imploring sympathy from every benevolent heart and aid from some charitable hand. \$50 will furnish a cot that will be a source of ease and comfort to such as these for seven or eight years to come. Fill out this coupon and it will add more than double the amount to your own happiness.

It has been said that "the friends of the poor are the poor." So in like manner children can befriend the little sick children. Every school in the city could raise a sufficient sum to furnish a cot for some poor little stricken one who, mayhap, has never known what school days' pleasures were. \$50 would do it and give pleasure to every little subscriber.

If you wish to retire to-night in a happier frame of mind than you have ever experienced before, cut out and fill up this Christmas coupon, return it to J. Ross Robertson, Chairman Board of Trustees, and you will have accomplished the deed.

### TO THE PUBLIC :

As many enquiries are made as to the terms on which persons may leave money by will to the Hospital, it has been thought well to publish the following :—

Bequests should be made to "The Hospital for Sick Children," which is the corporate name of the institution.

The Hospital is authorized to take all gifts and bequests that may be made of money or other personalty.

The Hospital can also take, by gift, devise or bequest, any lands or enements, or any interest therein, the annual value of which does not exceed \$15,000.

The clause in the will may be in the following form :—

"I GIVE, DEVISE AND BEQUEATH TO THE HOSPITAL FOR SICK CHILDREN at Toronto the sum of \$—." And if any lands or interest therein are to be given the following words should be added : "and also the following" (describing them).

If the bounty is intended for the branch of the Hospital called The Lakeside Home for Little Children, on Toronto Island, or for any special purpose as for endowing a cot, the purpose should be specified. In such cases the form may be to the following effect :—

"I GIVE AND BEQUEATH TO THE HOSPITAL FOR SICK CHILDREN, AT TORONTO, FOR THE USE OF THE LAKESIDE HOME FOR LITTLE CHILDREN (or for maintenance of a cot to be called — cot), the sum of, etc "

The Hospital is situated on College street, between Elizabeth street and Mission avenue. It may be reached by Yonge street car to College street and transfer to College street car.

All communications should be addressed "The Secretary" Hospital for Sick Children, College street, Toronto.

## RULES FOR ADMISSION OF PATIENTS.

### IN-PATIENTS.

1. Children who are not suffering from small pox or other infectious diseases shall be received as in-patients from two to fourteen years of age, and shall not be admitted unless brought by some grown person

2. The following classes of children shall be admitted to and treated at the Hospital: sick children, destitute and friendless, or whose parents through poverty are unable to take care of them, and who from various circumstances cannot receive care and attention at home, and who have friends who are willing to contribute towards the expense of maintenance. So that pauperism may not be fostered, the rule that remuneration to some extent shall be paid is strictly enforced whenever the relatives or applicants are in a position to afford it.

3. Accident and urgent cases are admitted at any hour during the day or night.

4. Parents and others from whom children are received into the Hospital shall be required to sign an application for admission, which shall state the terms on which the patient is received, and contain an agreement on the part of the applicant to be bound thereby.

5. Presents of toys or other things to any patient shall belong to the child only while in the Hospital, and for its use and amusement there; and shall not, unless when given by its parents or guardians, be given away or taken from the Hospital without the consent of the committee; when such consent is not given they shall be left as the property of the Hospital.

### OUT-PATIENTS.

1. Children shall be received as out-patients from birth until fourteen years of age, who are free from small-pox or other infectious diseases, and who are brought to the Hospital by one of their parents or by a grown person. Those patients who are not received into the Hospital will daily receive advice and medicine free, and have any ordinary operation performed at the dispensary by the visiting medical officer at the hour appointed. All out-patients must provide their own phials or vessels for medicine, and these must be kept clean.

2. Parents or others who bring patients shall attend promptly at the dispensary department on Elizabeth street at the hours appointed, and when advised and treated shall leave the Hospital premises, and if they wilfully disobey directions given, or violate the rules of the Hospital, they shall not be permitted again to enter the Hospital.

3. The attendants shall strictly enforce these regulations, which are intended to promote the general welfare. It is hoped that the friends of patients will feel it to be their duty to conform to these rules, and to behave with propriety to the attendants.

### VISITORS.

1. Visitors may be admitted to the Hospital daily between the hours of 2 and 5 p m. All visitors must enter at the main entrance on College street, and must see the nurse in charge before entering a ward.

2. Ladies and others who desire to visit and entertain the children by reading and singing may do so after having obtained permission from the Lady Superintendent.

3. Visitors are strictly forbidden from giving any article of food, fruit or luxuries to any of the children. Any luxuries intended for particular children can be left with the nurse of the ward, who will distribute them under the direction of the Lady Superintendent.

### PRIVILEGES OF SUBSCRIBERS.

1. Each donor of five thousand dollars shall be entitled to name a ward, and to recommend ten patients yearly.

2. Each donor of two thousand dollars to endow a cot shall be entitled to have it permanently inscribed in regulation form, and to recommend five patients yearly.

3. Annual subscribers of one hundred dollars for the purpose of maintaining a cot shall be entitled to have the cot named as long as the annual subscription is continued, and to recommend one patient yearly. This subscription may be paid monthly in payments of \$8 50 per month, which shall include the expense of inscription on the cot. This subscription will maintain a cot at The Lakeside Home for Little Children as well as one in the Mother Hospital.

4. The representatives of any church, Sabbath school, public work, lodge, society or benefit organization shall be entitled to the same privileges as an individual subscriber of the same amount.

All donations in kind can be left at the Hospital on College street, and all P. O. orders or cheques shall be made to the Treasurer, Hospital for Sick Children.

# YOU CAN HELP THE SUFFERING CHILDREN.

A Small Portion of Your Abundance Can be Used to Bring  
Cheer and Comfort to the Ailing Ones.

**LIGHTEN YOUR PURSE AND BRIGHTEN LITTLE LIVES.**

*Your \$50 will Furnish a Cot and the Restored Health of the Sick One may be the Interest  
that this Small Investment will Earn throughout the Coming Year of Grace.*

THE  
SWEETEST  
OF  
ALL  
CHARITIES,  
THE  
CARE  
OF  
LITTLE  
SICK  
CHILDREN.

Did the good folk of Toronto but know the need and fully understand the work of the Hospital for Sick Children the ready money would leap from a thousand pockets to aid the noble charity.

While the friends are not harassed with appeals for aid, the great Hospital has many needs and many of those are still unsatisfied. Room for a hundred and fifty cots. Yes, and children to fill them all will be suffering within the next year for the mercies with which under Providence, the Hospital is able to bless them.

Poverty puts its own cruel accent on the word "suffering" as it is applied to the children. Their pain-racked little bodies languish in narrow homes. Their lives go glimmering through days of weariness, and to these the Hospital is a very heaven, all warmth and brightness, into which God's suffering children go in ailing and ofttimes come out whole.

The Hospital either prolongs the life journey of the little ones or smooths the rough places out of their short pathway. The hand of its activity blesses all who are touched.

Money is needed to widen the circle of the Hospital's healing influence. Fill in the coupon attached and return it to the Trustees. Your money will be well invested. A child won from the grave back to home and health and happiness may be the rich dividend it earns. New interest will be paid on the amount each time that the smile of health chases the shadows of death off the face of the child in your cot.

There is not a Sunday School, a Bible Class, a public or private school, with the hundreds of attending pupils, a lodge of any of the fraternal societies with its long roll of members, a factory, foundry, workshop or printing office, where many hands are employed, a large mercantile warehouse, a building, loan, a financial corporation with scores of employes, in every one that with a slight effort could not in a few hours collect enough to furnish a cot. In a school of a hundred pupils, a cent a week from each will furnish a cot. In any of the lodges about four cents a month will do it, and in factories that average twenty men five cents a week from every employe will furnish the cot equipment. Just think this over. What a grand opportunity of helping the great charity that takes care of sick children.

Your \$50 can be a present that will not stale with the flight of the festive season. Each child may be blessed anew by the comfort your gift brings into its worn life. Throughout the year your money goes on doing good. Then cut out this coupon, fill it in, and return to J. ROSS ROBERTSON, Chairman Board of Trustees, Hospital for Sick Children.

**TRUSTEES:-**

ANNUAL REPORT

OF THE

HOSPITAL FOR SICK CHILDREN, TORONTO,

AND

THE LAKESIDE HOME FOR LITTLE CHILDREN, TORONTO ISLAND.

The Hospital for Sick Children was founded in 1875 by Mrs. S. F. McMaster and Miss Knapp.

Properly speaking this should be the seventeenth annual report of the Hospital, as it was first opened for the reception of patients in March 1875. On account, however, of the delay in the completion of the new building, College street, some material changes in the management which were pending, and the fact that a comprehensive and most interesting history of the Hospital and The Lakeside Home from establishment, with financial and medical statements, was issued, no report for the year ending Sept. 30th, 1891, was published.

1890-1891.

The three most important events associated with the work of these institutions during the period alluded to as unreported, were, the opening of the beautiful and spacious new Lakeside Home for Little Children, at Gibraltar Point, on the Toronto Island; the admission of patients to The Hospital, College street, some months previous to the formal opening, and the transference of all financial responsibility, both in connection with the building and the maintenance, from the Ladies' Committee, to the Board of Trustees.

The Lakeside Home was founded by Mr. Robertson in 1882; in 1886 it was enlarged by the addition of a wing, and again in 1891 it was remodelled, and the accommodation more than doubled, at a cost of over \$25,000, making in all, almost the sum of \$30,000 expended by this kind friend of little ailing children, in a sanatorium devoted to their use. The present building is an admirable and imposing structure, and is fitted up with every appliance requisite in a convalescent home for children. The formal opening of the Home, which was held in September, was an impressive and delightful service. The day was exceedingly stormy. Notwithstanding, the reception room and wards were crowded with many of Toronto's most influential citizens—ministers, visitors from a distance, and friends of the Home from all classes in society. A most interesting part of the proceedings was the handing of the deed of the Home, by Mr. Robertson, to Mr. A. M. Smith, as representing the Hospital Trust Board.

The children spent a pleasant, happy summer at the new Home, drinking in, with the fresh breezes from Ontario's broad expanse of water, health and strength. In October, 1891, The Lakeside Home was closed, and all the children requiring further treatment were admitted to the College st. Hospital, which, though incomplete in many respects, was partially finished and very comfortable. The very sick patients, who had been unable to go to The Lakeside, were placed in the College st. Hospital in June, and remained there all summer.

In the month of May, 1891, a united meeting of the Ladies' Committee and the Board of Trustees was held. The purpose of the meeting was to consider a resolution passed by the Trustees at a meeting of that body held some weeks previous, to the effect that they should relieve the Ladies' Committee of all financial control and responsibility and become the governing body. The following resolution was moved by Mrs. McMaster, seconded by Mrs. Howland, and unanimously adopted:—"That the Committee of Ladies, having considered the resolution of the Trustees of the Hospital for Sick Children, of the 27th day of April, 1891, approve of the mode of government suggested by the Trustees, and request them to take the necessary steps to legalize the proposed change."

The instructions in the resolution were carried out by Mr. Wm. Macdonald, solicitor of the Hospital, and the five Trustees, Messrs. J. Ross Robertson, E B Osler, Geo. A. Cox, S. Rogers and A. M. Smith, became the corporate or governing body. The change was effected with the understanding that the Ladies' Committee, twenty-five in number, should have charge of the household, and that they should have the privilege of conferring with and making recommendations to the Trustees. This happy arrangement, whereby a large part of the burden of care, which had previously weighed heavily, was transferred from the shoulders of a few weak women to those of strong and capable business men, is regarded as a most remarkable answer to prayer. The new Hospital, under the supervision of Messrs. Darling and Curry, was steadily progressing and as it advanced it was daily becoming more and more apparent that the amount necessary for its perfect completion would considerably exceed \$100,000; the furnishings of both the Hospital and The Lakeside Home at the lowest estimate would require \$15,000 additional, and the Ladies' Committee numbered nine, with an average attendance of four, at some seasons of the year five. The "two or three" met regularly for prayer, and one of their "large petitions," and the one most frequently and fervently presented, was for money for the building on College street, and for the furnishing of both it and the Island Home. It is not surprising therefore, that the above proposal, coming from the Trustees that they should assume control, and share the burden of these great undertakings, is regarded as an answer to the earnest prayers offered in this time of weakness and trial.

This work is conducted on the voluntary principle, and the usual methods are not followed. As a work of faith the Hospital for Sick Children, from its earliest beginnings, has surely had the kindly care of the Watcher over Israel, who neither slumbers nor sleeps.

It is difficult for us to give expression to the services rendered to the Hospital and The Lakeside Home during the past three years by the Trustees, who are most faithful, courteous, and generous, in the discharge of their manifold duties and responsibilities, but their efforts together with those of the Ladies' Committee, and the gifts of a large and ever-increasing circle of friends, in many parts of the Dominion, are all requisite to meet the heavy expenditure, necessary in the care, nursing, and treatment of our large household of sick children.

At the weekly prayer meeting the debt on the building (as well as the "daily bread") is always remembered, and, believing that God answers prayer, we are ever expecting to hear that our Hospital, one of the finest and most thoroughly equipped in the world, is set free of debt through the liberality of the friends of little sick children in our land.

In September, 1891, Mrs. McMaster, who had taken a two years' course at the Illinois Training School, Chicago, returned to Toronto, resigned the Presidency of the Ladies' Committee, and was appointed Lady Superintendent. During Mrs. McMaster's absence Mrs. John Harvie had acted as President and with the Trustees supervised the Hospital plans and conducted the business. The Ladies' Committee, in harmony with the rules framed by the Board of Trustees and approved by the old committee, was enlarged to twenty-five, and Mrs. W. H. Howland, who had long been associated with the work, was unanimously chosen as President.

The bequests and special contributions for 1890-91 were:—

Mr. T. M. Thomson.....	\$ 500
One-half bequest of Mr. W. Gooderham.....	1,000
Miss Ross .....	500
Annie Adams (Cherry Valley).....	5
Total.....	<u>\$2,005</u>

The City Council very kindly contributed a special grant of \$1,700 for furnishing The Lakeside Home, and \$2,000 for furnishing the Hospital for Sick Children. The first amount contributed for furnishing was the sum of \$200 from Miss Hillary's Ladies' Choral Club. The Little Reapers contributed \$140, the proceeds of a sale of work, for the maintenance and furnishing of a cot.

Eighty-seven dollars and forty cents, the amount realized from the Mikado performance, was contributed to The Lakeside Home, and \$213 81, the proceeds of a bazaar held at the house of Mrs. Casimir Gzowski, on Centre Island. "The Richard Dunbar Cot" was also endowed, Mrs. Richard Dunbar paying into the treasury the sum of \$1,700 for this purpose, and the receipted account for \$76 83, sum due for gasoline used at The Lakeside Home for the season, was sent by Mr. S. Rogers.

There were also many bazaars and sales of work held by young girls and children, which it is impossible to mention separately in a general report, but we can give expression to our

gratitude for the amounts that came into our treasury from these sources, which were very considerable. Possibly it may be some satisfaction to many of those who contribute so lovingly, so freely, and often as the result of great self-denial, to the support of our little sick ones to know that they are frequently remembered in prayer on Friday morning, and that blessings are asked of the Heavenly Father for them and for their loved ones.

1891-92.

Nothing of importance occurred during the winter. The staff of nurses and helpers was enlarged, the number of sick children rapidly increased, and the work of furnishing steadily progressed. Many were the gifts sent in for this purpose, each one with a little history of its own.

The Queen street Methodist Sunday school, through Mr. C. T. Paull, the superintendent, donated the sum of \$400 to furnish a ward containing six beds, \$100 of which was expended in wheeled chairs. The Yonge street Methodist Sunday School sacrificed their Christmas treat, \$50, to furnish a cot, and the Hebrew ladies of Toronto sent \$50 to furnish a cot. Dr. and Mrs. Ryerson kindly furnished the nurses' sitting room at an expenditure of \$20. Other additional gifts for furnishing were sent in, amounting in all to \$6,614 96. These contributions for the furnishing came through *The Evening Telegram*, and general appeals for aid. The voluntary contributions for maintenance are also greatly in excess of any previous year. (See Treasurer's statement). In the autumn and early winter the Hospital was threatened with an epidemic of diphtheria but through the blessing of God the disease was stayed. The facilities for isolation in the new Hospital are only complete and this doubtless materially assisted the physicians in dealing with the difficulty. Two cases proved fatal, and in a short time the usual work was resumed.

THE COLLEGE STREET HOSPITAL

was opened on the 6th May, 1892. The day was stormy, but this did not deter hundreds of visitors from attending. Among the gentlemen present were Mr. J. Ross Robertson, Revs. Dr. Potts, Arthur Baldwin, D. J. Macdonnell, W. F. Wilson, J. A. Turnbull, James Grant, Dr. Parsons, Dr. McTavish, Prof. Goldwin Smith, W. H. Howland, Dr. Chamberlain, Rev. W. Brookman, Mr. S. Rogers, Mr. A. M. Smith, Col. J. I. Davidson, Mr. John Harvie and many others. Mr. Geo. A. Cox and Mr. E. B. Osler were absent through important business engagements outside the city. Mr. Robertson presided, and after devotional exercises and numerous congratulatory addresses Mrs. McMaster declared the Hospital formally opened in the following words: "It has devolved upon me to pronounce the Hospital for Sick Children formally opened. May God, our stay in the past, continue with you and provide for the future. May the doors of the new building swing widely open at the cry of any suffering child, and the same spirit of love and sympathy rest within for Christ's sake, amen." At the close of this impressive prayer, Mrs. McMaster, who owing to circumstances which necessitated her removal to Chicago, was presented with an engrossed address, a purse of gold and an album of Hospital photographs. Miss Underhill, who had for some years been connected with the Hospital staff, was appointed Superintendent.

In June the children, all those who were sufficiently convalescent for the trip, made their usual "fitting" to The Lakeside Home where they revelled in fresh air, bright sunshine, nourishing food, and sand, (not mud) pies. A new feature this year has been the opening of a school in the Hospital, for convalescent children, or surgical cases, the treatment of which does not prevent them from walking or playing about. Under the able management of Miss Sams as teacher, the school has become an important part of the regime of the institution. Thanks are due to Dr. McKenzie for the suggestion which led to the establishment of the school. Most of the work is done on the kindergarten plan, and is not tiresome but light and pleasant. Miss Sams continued the sessions during part of the summer at The Lakeside.

The number of cots sustained by friends, Sunday schools, etc., has increased in a marked degree during the past few months. The cost of maintaining a cot per year is \$100; of furnishing \$50. A complete list of the maintained cots is given below:—

LIST OF CASES MAINTAINED IN HOSPITAL FOR SICK CHILDREN FOR 1892.

Es'd.	By Whom Maintained.
1 Rolleston Cot.....	1875 Mrs. Neville's School.
2 Violet Cot.....	1878 His Honour Judge Ardagh, Barrie.

Many are the touching letters sent with the gifts. For example, \$5 "from some children who are thankful for health and strength;" \$5, "a working man's mite;" \$2, "a boy's first week's earnings," and so on, to an unlimited extent. Mrs. Heron, one of the members of the committee, visits the Hospital almost daily, and we are indebted to her for a number of interesting incidents connected with life in our Hospital Wards.

#### INCIDENTS IN HOSPITAL LIFE.

When the children arrive at the institution and are bathed and clad in fresh garments, tucked into lovely little white cots ready to receive them, then to all outward appearance there is no distinction. They are all God's loved ones. The only difference consists in the homes from which they come. Many of these little sufferers come from very bad homes, neglected from their infancy, where the only treatment they know is, alas, too often, cruelty and blows, their very deformities being the sad results of such treatment. God help those poor babes, whose very afflictions seem almost a blessing as being the means of bringing them where they can be under the care of loving hands, of gentle nurses and kind friends to wait upon them, read to them, and by every loving device soothe their pains and try to brighten their sad lot. Kindness! How much that word implies, Nowhere is its charm and influence more felt and appreciated than amongst the lonely and sick of our homes and hospitals.

People who have not visited the Hospital for Sick Children can form very little idea of the sufferings many of these little ones endure nor can they know what beautiful lessons of patience could be learned from them. Few are conscious how each individual has it in his or her power to help to alleviate these little sufferers.

#### ONLY A FACE AT THE WINDOW.

The following little incident illustrates this point. After the children had been taken over to The Lakeside Home for the summer, one boy about 10 years of age had to remain in the children's city hospital to have a difficult operation performed—the removal of a diseased bone from his shoulder. As he was kept there for five or six weeks it was very lonely for this lad, who was brave and uncomplaining through it all. His cot was drawn up beside the window on College street where the street cars passed very often. One of the drivers of these noticed the lonely looking lad with his pale face, sitting there from day to day, and evidently being of a kind, sympathetic nature he used to smile and nod as he passed. The lad began to watch for that car, and we could see his face brighten when it was approaching. This good man never neglected to look up at the face at the window, and that kindly act brightened that lad's life while he was there. Nothing would take his attention away when the car was due, and then an almost incredible cry of pleasure would escape from his lips, "Here he comes."

The lad became convalescent, and his first day out he went to the door to wait for the car to come. Then we watched the meeting. The car stopped. The man's face lit up with surprise, he held his hand out and the boy ran and took it, then stepped on the platform by his friend who took him for a drive on his way home. No doubt they had much to say to each other, and the lad will never forget that act of kindness nor the welcome smile which came into the sick room.

In the surgical wards the children know that they will have to undergo some operation, yet they very seldom have any dread of it. On the contrary, they seem to feel of great importance as their turn approaches, and speak quite proudly of the coming event. Thanks to that wonderful soother chloroform, the patient is quite unconscious of any pain during the operation, but it is afterwards that the suffering comes. Nearly always it produces nausea lasting for a day and even longer in some cases.

#### HE HELD HER TO HER PROMISE.

One fine bright little fellow, Mrs. Heron says, whom I often visited, asked me, just before undergoing an operation, which consisted of the removal of a bone from his leg, to promise to sit by him in his cot after the operation. I said "Why, you will be unconscious for some time." He said, "I know that, but when I come to, you must be sitting beside me." I promised and walked beside him on the way to the operating room. The little lad smiled and talked to me all the way. Then as I turned to go back he threw his arms around my neck and kissed me several times. My heart ached and the tears would come, for I feared this loving parting was perhaps a presentiment of a good-bye forever. But not so. An hour later I met the stretcher with the unconscious form lying upon it. Oh! so white looking. I kept my promise, and when he came to and saw I was there, he seemed content. He soon recovered from the effects

of the operation and is now a well boy, going to school again with other lads, bright and happy.

#### HE WANTED HIS MOTHER.

Someone once remarked that the comforts, the cleanliness and even the luxuries of our Hospital were unsuitable to some of the children who are brought in from homes of poverty, as they would be apt to feel more keenly the contrast when they had to return to their wretched homes. But here is an answer which will serve for many of them:

A child who had been in only for a day or two was crying very bitterly to go home. Some visitor hearing him, said, "Why I should think you would love to stay here where everything is so sweet and clean, lots of books and toys and kind nurses about you."

"Oh yes," said the child, "but I have not got mother here and that is more than all, I want my mother."

Oh mothers, some of you careless, indifferent ones, if you could only think what you are, what you could be or perhaps more truly what you should be, to those little ones whom God has given you, you might well tremble at the awful responsibility resting upon you. God grant this little incident may open your eyes before it is too late and your children have grown up men and women out of your reach, but where?

#### A BOY'S SUGGESTION TO THE POLICE.

There was a dear little boy in the Hospital whom we called Johnnie Greenlaw, about five years of age, whose life was wonderful in its gentleness of character and his patience marvellous through intense suffering. His trouble was a very bad case of hip disease, the bone decayed, caused by some rough schoolboy kicking him, with a school-boy's thoughtlessness. Being a very delicate child at best, all his sisters and brothers having died of consumption, he had no constitution to fight the disease. When he was brought in his parting with his mother was very affecting, but by the constant care and kindness of his nurses and friends he soon became reconciled to his new home, and though he loved to have his mother come and see him he never fretted when she left him again. He would lie with one hand under the painful hip, with his little face drawn when the pain became very severe, but he made no complaint, and always in answer to enquiring friends "How are you, Johnnie?" came the same sweet reply, "I am better, thank you." Yet we could see the little form grow more emaciated every day. He was the little peace-maker of the ward. Every one loved him. If any little boy near by would say a bad word he would check him at once with "That is very naughty." One boy shocked him very much by saying "Holy Mseses." He afterwards told us about it and said, "I think the police ought to have him."

#### HE WANTS IT MORE THAN I DO.

His fevered condition made him very thirsty. One morning he was unusually so, and the nurses being very busy he waited a long time for a chance to get a drink. Just as one was brought to him and the nurse called away again, a child in a cot near by began to cry for a drink also. Little Johnnie had just placed the long wished for drink to his parched lips when he stopped, and calling a little cripple who was wheeling himself about in a chair said, handing the cup to him: "Please give this drink to that boy who is crying; he may want it more than I do." Just think of it. This child of self-denial was only five years old.

One of his strange little ways was when he wanted to be quiet and rest he would cover up his head for hours together and only remove it when he had to take his meals or medicine. You would hardly know there was anybody in the cot, he would lie so motionless. A lady used to go very often to read to him and he would watch for her coming each day, but as he grew weaker he would often be asleep. She said one day in answer to his "Why didn't you come yesterday?" "Why you are always asleep, what is the use of my coming?" "I will keep awake next time," he said. Next day when she came she found him asleep as usual and was fixing his pillow more comfortably for him when he awoke, and seeing her there said, "Please I will keep awake now." She said, "Why sleep if you can." "No," he said, "I promised to keep awake." And though his heavy eyes would hardly open the little brave soldier fixed his eyes on her face and she could see the struggle that went on to conquer the drowsiness. He listened attentively to her stories and then when she had finished he said—

"Now please cover my head again, I don't hear the boys' noise so much then."

Very often he would beg the nurses to wheel his cot into the Dressers' Room at night and let him sleep there alone in the dark, so that no sound would disturb him at rest.

## SOLICITUDE FOR HIS MOTHER.

Added to the rest of his afflictions, in some unaccountable way, he contracted diphtheria, and he never even said his throat was sore; it was by his voice that they knew something was wrong. When removed to the infectious ward his sufferings were very great, but no murmur escaped him, and when the nurses would come and sit by him he would say: "Now, nurse, you had better go to the other sick boys; they need you more than I do."

The last night of his life the nurse said: "Johnnie, you are a very sick boy. Do you think you will die?" He said "Yes."

"Would you like your mother to come and see you to-night?" His answer in a low whisper was: "No, she might get this sore throat from me."

When he died we all felt like saying thank God he is taken from all his sufferings. But many eyes in that large Hospital were dim with tears when they heard that our sweet, patient, gentle child had breathed his last on earth.

"Suffer the little children to come unto Me, for of such is the Kingdom of Heaven." Yes, of such.

It is a thousand pities that there is not a law which could prevent inhuman parents from claiming their children who are driven away from home by brutal treatment, on account of which many sad cases come under our notice.

## HE DIDN'T WANT TO LEAVE.

A clever little boy about two years of age, called Addie, was brought in in a nervous condition, having even lost the use of his limbs from the shock of being thrown into a cistern by a dissolute father. The child was nursed back to health, so that in a year he could walk again. He was so bright and interesting that he became the Hospital pet. He always gave his name to strangers as "Doctor Stuart." He would take any visitor by the hand and say:

"Shall I show you through the Hospital?" suiting the action to the words.

A rich American lady visitor became so attached to him that she wished very much to adopt him and bring him up as her own in a happy, bright luxurious home, but although the parents neither visited nor wrote to their child during the time he remained with us they decidedly refused to allow any one to have him. When he became convalescent and had to leave the Hospital, at the very mention of going home the poor child became so ill and feverish that the doctors were afraid he would not recover. But he did, and when Addie discovered he really had to go the parting was very sad. The Superintendent cried as bitterly as if she were parting from her own child. He wanted to go back to his "own ward," and the little fellow's sobs were the last we heard of him as he was taken from the loving arms of the kind friends he had formed in the Hospital and the only real home he knew of, to return, perhaps, to the brutal treatment he had received in his babyhood. We have heard nothing of him since, as he was taken from the city.

One child who had been nursed through a very serious illness, when convalescent, word was sent home that she was ready to leave the Hospital. The mother came for the child, but she was drunk. No entreaties could prevail upon her to come back some other day. No, she would take her child then, And she did, the little one crying bitterly and struggling not to go.

## A VISIT FROM SANTA CLAUS.

Owing to pressing business and the number of visits he had to make Santa Claus was unable to reach the Hospital till Saturday afternoon, instead of on Christmas day. So that the children would not be expecting him till then, he sent the following letter to one of the head nurses of the Boys' Ward:—

HEADQUARTERS, SANTA CLAUS,

Manufacturer of Toys, Picture Books, etc., etc.

DEAR NURSE,—I thought when I was walking around the Hospital the other night counting the number of boys and girls, so that in manufacturing my gifts I might know exactly how many to make, that I would have had a chance of speaking to you, but the night was rather cold and you were sitting in the ward pantry, with a shawl around you, and I just had time to tell the engineer to turn on more steam, for the nurses were freezing, and so I did not see you. I want you to tell the boys in your ward not to hang up their stockings on Christmas eve., because I cannot get around to the Hospital till about 3 o'clock on Saturday afternoon. The fact is, I have so many chimneys to go down and so many little boys and girls to give presents to that I don't see how I can manage to get any where near the Hospital till Saturday afternoon. I sent a letter to Mr. Robertson and

told him that I hoped he would be on hand to help me, but he tells me he is going out of town and that I must rely on the nurses for help in giving the presents. Well, I will do my best. My ponies have had so much travelling to do that I am afraid they will go lame by the time I get around to the Hospital, but I will have my baskets filled and all ready for Saturday afternoon. If there are any boys in your ward who have been naughty I wish you would tie a red ribbon on the ends of their cots so that I may know them.

I have been looking up my book and I find that one small boy in your ward has been breaking something in the lavatory, and when I was round the building the other night I noticed that he was surrounded by screens because he had been breaking one of the rules. Now my rules this year are very strict and I must stick to them, so I will take that boy's case into consideration and if between now and Saturday he is well-behaved I will try to do something for him. I wish you would tell the little girls up in the infectious ward that I cannot go up there for fear of making other children that I am sure to see sick too, but I will send my gifts for them down the chimney and Mrs. McMaster will take charge of them. I will send her a message the next time I am on the roof

Yours very truly,

SANTA CLAUS.

At Xmas time we had a delightful visit from Santa Claus. The whole building was in a glow of expectation for this very welcome visitor. All the children were in their cots by 3 p. m., their faces bright, their eyes shining with excitement and expectation. At last, after long waiting the sounds of a real pony's feet were heard clattering along the corridor, drawing a sleigh laden with toys and gifts of every description, and driven by a very genial, jovial-looking Santa Claus. As the little pony approached the door of each ward the children screamed aloud with delight. For the time being we forgot it was a building full of suffering children. Every pain was forgotten, nothing but the lovely healthy laugh of the happy childhood seemed to echo around the halls. The world of pain was forgotten for the moment. Nothing but a world of joy and happiness was present. Here was the very Santa Claus of their baby dreams standing before them in tangible flesh and blood, laughing a jolly laugh of pleasure to see the little ones all around him, those he had for all the year past been thinking of, working for and planning what he knew was the very best for their comfort and relief. Surely those happy, grateful faces looking up into his were a reward in themselves for the pleasures he had bestowed upon them so lavishly. Before delivering the gifts he addressed a few words to them all, looking first around to see if there were any red ribbons tied on the cots. He knew there should be some. It was understood that, owing to his having to look after so many children, he might forget which were the ones who had given trouble during the year. So he wished the nurses to mark the cot of any such by tying on a red ribbon.

One little boy had been very disobedient during the week. The nurse had threatened to put one on his cot; at last she was compelled to do so. On the morning of Santa Claus' visit every inmate of the other cots looked upon him as though he had the mark of Cain upon him. He then began to realize what he had brought upon himself. He looked sad and sorry, the tears quietly running down his face, but he uttered no complaint. A lady present went and begged the nurse to let her remove the ribbon, which she did, on the condition that he would promise to do what he was told afterwards. He promised earnestly and he really did his very best afterwards. The mark of guilt was removed and Santa Claus was surprised that he could find no bad children in the hospital.

All got just the very thing they longed for, and a great many more besides. One lad, 10 years old, never had a pair of skates in his life, but had so often longed for them. Imagine his joy at receiving a beautiful pair of Acmes, his very size. Others had pen-knives, the very best Rodgers could make. The girls had pretty work-baskets, furnished with everything necessary, writing desks, dolls, etc., everything the heart could wish for. Oh such a day as it was, never to be forgotten by any of those little ones then present.

Listen! He is coming again very soon and so far; I think he will find very few, if any, red ribbons again.

The gifts and donations that poured in that season were marvellous. After all, this is a very charitable world. Beneath every breast beats a warm and loving heart whose sympathies kindle as the Christmas season advances, when they think of the little ones who are so differently placed from their own loved ones gathered about them. So they generously and lovingly send some contribution as a silent acknowledgment of their own blessings, and a cry of pity goes up from many a heart when they think of those little afflicted ones during the world's season of gladness and festivity.

We had a delightful letter sent from a boy, enclosing his first earnings, hoping he would soon be able to send more for the benefit of the sick children.

Truly that boy will succeed in life, his first fruits being brought as a thank-offering to God, and beginning life with noble aspirations, remembering that even a cup of water to one of the least of these will be blessed by God.

#### A SAD CASE.

A very sad case occurred some time ago, where a drunken couple with a young son occupied a room, from which the landlord had tried every means to get rid of them. At last he was compelled to turn them out by force. The weather was very cold, and they remained in the yard. Some neighbour, seeing their miserable condition, threw some wood over the fence, with which they lighted a bonfire. Unfortunately the man had money enough in his pocket with which to buy whiskey. They sat around the fire and drank until they were drunk. They had given it to the child also, who was so stupified with it that he fell asleep with his feet towards the fire. They were burned almost to a crisp. The parents were taken to gaol and the boy was brought to the Hospital. He proved to be a very wicked, profane child. He could hardly speak a sentence without using oaths. Every one around tried to civilize him, even the clergyman who visited said it seemed an almost hopeless case. When asked if he had ever heard of God, he said no. Do you know Jesus? No, but my father knew him very well. He had evidently heard the name of Jesus used daily in profanity. When the boy was able to be removed from the Hospital the parents came for him and no entreaties could prevail upon them to let the boy be put in some home where he could be cared for and perhaps redeemed. Everything was done to carry this into effect, but there was no law to compel them, so he had to go back to the old life, and we do not know what has become of him.

#### A TOKEN OF GRATITUDE.

Sometimes these little sufferers express their gratitude for the care and kindness they receive here, by doing generous acts, worthy of little heroes. One boy named Dick, whose hips were badly diseased, had a present of half a sovereign sent him from his aunt to spend as he wished. He immediately requested that it should be placed in the money box in the office for the benefit of the Hospital where he himself had received so much kindness and relief. This was his thankoffering. Very few boys, even in far better circumstances, would be willing to make such a sacrifice or show such self-denial as to give his all.

#### HIS MOTHER HIS CONSOLATION.

A boy, eight years of age, when brought to the Island Home, cried bitterly all day; he would eat nothing nor would he be consoled because his mother was in the city. She had removed to a boarding-house there, her home being in some neighbouring town, so as to be near her boy until he was reconciled to the Hospital. The day the children were removed to the Island he was heart-broken. In answer to those who would try to comfort him he would say:—

“It is no use, I can never be well if my mother is not near me. If I knew she was somewhere on the Island I would feel content. I cannot even sleep at night thinking of her so far away from me.”

The mother came over every day for a short time. Now she has gone back to her own home her boy is perfectly happy and content with the companionship of the other boys and the kind care of the nurses.

A book might be filled with these pathetic stories, but those already related by Mrs. Heron will illustrate to some extent, at least, the work accomplished in our beautiful Hospital.

The Annual Business Meeting was held on the first Friday in October, when the officers for the past year were unanimously re-elected. Special thanksgiving was offered to God for His goodness in giving the Committee a staff of faithful officers, particular mention being made of the devotion of the Treasurer.

“But whosoever shall receive one such little child in My name receiveth Me.”

“Take heed that ye despise not one of these little ones; for I say unto you, that in Heaven their angels do always behold the face of My Father which is in Heaven.”

JEAN HARVIE DONALD,

*Corresponding Secretary.*

## ENDOWMENT OF CANADIAN CHILDREN'S COT.

We have pleasure in informing the friends who have so kindly contributed towards the endowment of the Canadian Children's Cot, that the fund is now completed, and any further money sent in on cards still outstanding, will be used to purchase a rolling chair and other comforts for the little occupant of the cot.

By far the greater part of the money has come from the children of the cities and towns in Canada, telling many a story of self-denial and sympathy for the helpless little ones in the Hospital. Some children saved their candy money, others did without butter, etc., others again, with willing little feet, ran errands and shovelled snow—each one ready to offer "a real sacrifice," as one dear little girl expressed it. And so the squares in the contribution cards were gradually filled up and joyfully sent in.

We have to thank Messrs. Buntin, Reid & Co., Copp, Clark & Co., G. M. Rose & Co. and Messrs. Hill & Weir, for saving us the expense of cards and printing.

The money received since the last statement is as follows :—

Mrs. Crooks, Toronto.....	2 00

# SOWING THE PRECIOUS SEEDS OF CHARITY.

Like an Angel of Mercy Carry the Good News of Life and Health to the Poor Little Pain-Bearers,

## CONSECRATE YOUR BOUNTY TO THE CHILDREN.

*The Hospital for Sick Children has a Claim Upon Every one who Pities their Suffering and is Willing to Relieve it—\$50 Will Furnish a Cot—This Does Not Involve a Further Payment.*

CHARITY  
FOR  
SUFFERING  
OPENS  
IN  
EACH  
HEART  
A  
LITTLE  
HEAVEN.

The Hospital with all its splendid appointments and its conveniences has room for one hundred and fifty cots. With the growth of our city and the spread of the reputation of this sanitarium the number of sick children applying for admission will largely increase.

These cots must be furnished. Only \$50 is required to give a resting-place for some little sufferer where gentle and patient ministrations and skilful treatment will chase away the pain and, perhaps, woo back from the portals of the grave little feet tripping into its dark and gloomy chamber.

Can there be a more touching appeal to the charity of all than that coming from wan faces whence cruel disease has driven the bright smile? Pity the poor little sick children and do what you can to bring the joy of life and health back to their pain-tossed bodies.

The Hospital has already been the salvation of many a life, and the number of children cured and relieved is so great that if its work is to be estimated from a mere mercenary standpoint, it has already paid for itself. More remains to be done. It must be put into a condition such that not one sick child need ever be turned from its doors. The trustees have arranged so that everyone, man, woman, and child no matter what the circumstances, may contribute to the furnishing of a cot.

If you cannot see your way clear to pay the \$50 at once you have the privilege of paying as you can, so much a week, a month, or a quarter.

As the joy of this season enwraps your own home, where your loved ones gather to celebrate the nativity of Him who was such an ardent lover of little children and whose great human heart beat so tenderly and pityingly for His blessed "little ones," think kindly of the children of want and sickness whose pain you may alleviate, whose life, even you may spare if, by your charity, you place them within the sheltering care of Toronto's magnificent Hospital for Sick Children. It will be a perennial blessing to you, and the good angel will bear record that you have done what you could to bless and save the sorrowing and suffering children. Let your gift for 1891 be this coupon. Cut it out, fill it in and send to J. Ross Robertson, Chairman Board of Trustee, Hospital for Sick Children.

### TRUSTEES.

J. ROSS ROBERTSON, E. B. OSLER, GEO. A. COX,  
A. M. SMITH, SAMUEL ROGERS.

## THE HOSPITAL FOR SICK CHILDREN

COLLEGE STREET, TORONTO, CANADA.

at th

# AN INVALID CHAIR.

THIS IS THE CUT OF A  
**WHEEL CHAIR FOR INVALID CHILDREN**

SAME AS USED IN THE HOSPITAL FOR SICK CHILDREN, TORONTO.

THESE CHAIRS COST \$25 EACH,

And any one desiring to contribute to the Hospital funds could not do better than

*SEND A CHEQUE TO THE TREASURER FOR \$25*

for the purchase of a chair. Many of the children are unable to walk, and the privilege of moving about the Hospital by the aid of these chairs is inestimable.

Just think of it: \$25 will enable a crippled child to move about the ward, look out at the sunshine, and have a small share in the enjoyment of life.

Cheques payable to

THE TREASURER  
 THE HOSPITAL FOR SICK CHILDREN, TORONTO.

THE HOSPITAL FOR SICK CHILDREN, COLLEGE STREET.
