## RUSSIA VERGES ON REVOLUTION.

**Expected There Will be a Great Upheaval in a Short Time—People Becoming Panicky and Are Crying For Instant Peace.**

St. Petersburg, April 5.—The prospects of a general upheaval of the city and country, with the advent of spring increases daily. Evidence accumulates that all the radical forces are acting in unison and awaiting a signal which it is generally believed will be given shortly after the Russian Easter.

The terrorists are showing great activity and reports from all over the country, prove that the workmen, who in many cases have been formulating petty demands, which are no sooner granted than they are succeeded by others, are acting under instructions from the revolution-ary leaders, who are only biding their time, while employers frankly admit that it is impossible to continue their business, and some of them have already shut down.

The people are plainly becoming panicky, and the authorities cannot conceal their alarm. The guard regiments, which usually go to camp in April, will be retained in St. Petersburg, it is announced, until June, ostensibly in order to allow the camps to be cleaned in view of the danger of cholera, which is regarded as being so serious that the sanitary authorities have ordered the immediate cleaning of the pits, sewers, cesspools, and canals of the capital, and have issued special instructions to householders, especially in the poorer districts, where the people live in cellars.

### Searched All Night.

Warsaw, April 5.—12.45 a. m.—A strong body of police, aided by two companies of infantry Monday night, made a thorough search of Wola, a suburb of this city, chiefly inhabited by criminals, revolutionaries and suspected persons. The police seized quantities of revolutionary pamphlets and manifestos, and revolvers and cartridges, and arrested 63 persons. The search occupied the whole of the night.

### The Trepoff Plot.

St. Petersburg, April 5.—1.15 a. m.—The police arrested yesterday in the Nevsky district a man disguised as a carriage driver, presumably belonging to the same organization as the twelve persons who were arrested last week for supposed connection with terrorist schemes. There is little doubt that there was a plot directed against the life of Governor General Trepoff, and the latest arrest indicates that the terrorists are acting on a concerted plan with auxiliary and lookouts to aid the actual perpetrators of the assassination.

### A Word From Harbin.

Harbin, April 4.—Affairs at the front generally, are quiet, except for skirmishing by General Mischenko's Cossacks. Reports are received of the movement of a Japanese flying column northward through Manchuria in the direction of Tientsin.

The loss and destruction of commissariat stores at Mukden, Russia, the loss of Kai Yuan and Chang-tu has been a heavy deprivation to the Russian army. As a result the price of forage and provisions has considerably increased.

### A Missing Count.

General Kuroki's Headquarters in the Field, April 4, via Fusan.—The Japanese army has been making a fruitless search for information as to the fate of Count Schepstski, an officer in the Austrian army, and military attaché of that country with the Russian army in Mukden. Count Schepstski is believed to have been

killed at Mukden. It is possible however, he may have escaped into Chinese territory. If killed he may have been buried among the Russian dead.

### Peace Expected.

Berlin, April 5.—1.40 p. m.—Peace at an early date, is regarded as probable by the German embassy at St. Petersburg, the Associated Press is informed, and in consequence of despatches received in Berlin by the government, during the last three days, the opinion circulates in official circles for the first time since the war began.

The Russian emperor, it is true, has not decided for peace, but the grand dukes and practically all the members of the court, who have access to the emperor, are for peace. His Majesty is shown in the gossip that goes about here, as standing alone irresolute.

Much good will and sympathy are felt for the Russian emperor in high official life here, but it is regarded as a calamity, that he must yield to his family, and ministers, and that the month will not end without peace in the mountains. The prospect of peace and the incentive of the emperor, weakens the military action, and delays the execution of plans for fresh armies, and the gathering of new supplies.

### More Villages Taken.

Tokio, April 5.—Imperial army headquarters reporting to-day says: A part of our Manchurian force drove the Russians out of Tsushu, two miles north of Changtu and also out of Sumenchen, nine miles west of Tsushu, and occupied both places on April 3. After driving the enemy from the neighborhood of Soumatsai, six miles southeast of Tsushu, our force reached the vicinity of Santa-kou, on April 4, at noon when they were fired upon fiercely by about five hundred cavalry retreating north along the railway.

### Celebrating Mukden.

Tokio, April 5.—The profits from the tobacco monopoly for the last year amounted to 27,000,000 yen about \$13,700,000. The celebration of the victory at Mukden has been postponed until next Monday, owing to the storm which occurred to-day. The business men and labor going to-day arranged an enormous procession, in which, picturesquely garbed, they formed a parade. The Japanese marched to Ueno Park. Passing the palace each unit halted and cheered the emperor, his cabinet and the commanders of the navy. Exercises were held in Ueno Park, where there was a large crowd. General Terashima, minister of war, responded on behalf of the army and Baron Yamamoto, minister of the navy, on behalf of the navy. Fireworks and sports concluded the exercises.

### Gorky Has Faith.

Rome, April 4.—Maxim Gorky has written from Riga, southern Russia, a letter to the Italian people which was published today by the Avanti.

In this letter Mr. Gorky thanks Italians for their sympathy and predicts that the movement is near, when attempts against freedom of thought will provoke a universal explosion of indignation in protest.

Cincinnati, April 5.—A stay of execution in the sentence in the case of Mrs. Chadwick has been authorized by the United States circuit court of appeals.

## FOUND A CHARRED BODY.

**Remains of a Still-Born Infant Thrown Into the Furnace of a Mill in Moncton Last Night.**

Moncton, N. B., April 5.—(Special) Clarence Woodworth, fireman in Tuttle's mill, made a gruesome discovery when he went to the mill this morning at six o'clock to start the fire in the furnace. When Woodworth opened the door of the furnace preparatory to putting in his kindling he detected an object which on investigation, he was horrified to find was the charred body of an infant child.

He notified Mr. Tuttle, who in turn notified Coroner Purdy, who investigated the matter. Coroner Purdy found the charred remains wrapped up in a cloth and from his examination was satisfied that the child had never lived. The cloth around the body was burned to a crisp and the flesh so charred that the outlines of the features could hardly be distinguished. The arms were burned off, but the lower limbs still adhered to the body while the head was burned to a crisp.

After ascertaining all the facts that

could be gleaned, and being satisfied that the body was that of a child given premature birth, Coroner Purdy decided that an inquest was unnecessary, and gave instructions for proper burial of the remains. The party guilty of the atrocious act got into the furnace room of the mill by crawling under the building. After depositing the body in the furnace a fire was made up. There is no clue to the perpetrator of the deed.

Mr. Joseph Ross of Summerside, who was one of the Island delegation to Ottawa to interview the government regarding the tunnel and better communication, is in town this morning. He says the delegation are well pleased with their interview. They met the premier and Hon. Mr. Fielding, and while no definite promise was given yet the delegation are encouraged and believe that the tunnel scheme will eventually be realized. The delegation got the impression that the government would at least build a large boat for winter service next year.

## THE PAPAL DELEGATE

**Severely Censured by the Press of Toronto, but the Globe Defends Laurier.**

Toronto, April 5.—(Special)—A Toronto paper deal with the "Shorretti" incident this morning. The Globe says: "It is a matter for profound regret that a gentleman in Mr. Sharretti's position should have been guilty of conduct that might tend to increase public excitement and intensify irritations and heartburnings, that are already altogether too much to be borne. Roman Catholics will make a great mistake if they impute the resentment, which will undoubtedly be exhibited over this incident to bigotry or any allied feeling. The spectacle of the representatives of a free province being threatened by one who is not even a citizen of Canada, and whose interference in matters of state is a violation of sound and established maxims of government, should be intolerable to every one who values the peace and liberty of his country."

There will be an entirely different feeling with regard to Mr. Rogers' very lame efforts to connect Sir Wilfrid Laurier with the conduct of the papal delegate. Whoever will look dispassionately at the thing, we care not what his holiness may say. He will say that if the Ottawa government had acted as Mr. Rogers desired it to act, it would have done an injustice to this province."

The world says that "Hon. Robert Rogers' statement confirms what has for some time been more than a suspicion, that church and state have been linked up at Ottawa, and that the rights of Canadian citizenship are being made to pay the penalty. 'It is idle' the world goes on 'for Mr. Tarte, or any one else, to attempt to dissociate Sir Wilfrid Laurier from the political activities of the papal delegate. The premier's treatment of the Manitoba ministers as related by Hon. Mr. Rogers' proof, bears out the cry that Mr. Sharretti spoke with the authority of the Dominion government when he handed the ultimatum to the official representatives of Manitoba.'"

The Mail and Empire says it is clear from the facts, as related, that the papal delegate has dominated the policy of the Laurier government on this question. His veto stops the extension of Manitoba, while his permission secures, through a radical

## SIR WILFRID REPUDIATES

**The Statement That the Government Authorized the Papal Delegate's Offer.**

Ottawa, April 5.—(Special)—Sir Wilfrid Laurier will make a full statement in the house of commons this afternoon, repudiating the statement of Hon. Robert Rogers of the Manitoba government, that the papal delegate had authority from the Dominion government to discuss the extension of the boundaries of Manitoba on behalf of the Dominion.

Mr. Rogers had absolutely no authority of any kind to discuss this matter on behalf of the Dominion. The people were also told that Sir Wilfrid Laurier would not discuss the matter on behalf of the Dominion. The premier will also state that he or any of his colleagues had never discussed the question with Mr. Sharretti, nor was there any correspondence between himself or his colleagues and the papal delegate in regard thereto.

It is also understood that Sir Wilfrid will state that at the interview which took place between his government and the Manitoba delegates, on February 17, regarding the boundary, the matter was there and then practically decided, and that there was no need for the Manitoba delegation waiting any longer on the city. He did not ask Mr. Rogers or Mr. Campbell, to wait two or three days. At that meeting, he told the delegation that it was impossible to get any extension of the boundaries. The people were all opposed to it. When the question of extending northward came up, Sir William Mulock said that the province of Ontario had a right to be heard in regard to this. Sir Wilfrid regarded this as a reasonable request, and agreed to it.

Mr. Rogers was present when the arrangement was reached, and thoroughly understood. That he did so was no reference to any delay for three or four days. The premier did not receive any letter from Mr. Rogers or any member of the Manitoba government dated February 23, and therefore he could not have answered it.

Miss Beatrice Simpson of Petticoat, arrived today on the Quebec express.

Mr. Geo. Davidson, of Annapolis, was in the city today.

Buddy—That accounts for it. He was telling my friend Jones that when his wife was talking he couldn't get a word in edgewise.

Mr. Binks. "It is even probable. But what can we do? We can only wait for a Providential dispensation. We will hope, of course, that the rascals will not pillage the town altogether, but we are really powerless till next year. We have served notice on them, and we will watch eagerly for a sign in the sky. When the psychological moment comes you will see the cheery instruments of reform rising up on every hand, eager for the battle."

"I am aware," continued Mr. Binks, "that in some cities good men can be found. In most cities of forty or fifty thousand people it is possible to find fifteen persons who would be a saving remnant. But St. John is given over to her idols and there are not fifteen of us left. Wait till you see next year. You will then behold a miracle. For let the eyes of the people will be opened and they will behold their deliverers."

ST. JOHN, N. B., APRIL 5, 1906.

## REFORM POSTPONED.

St. John is to have for another year a city council differing in no important particular from the present one. The Citizens' League has thrown up the sponge for a period of twelve months, or, if the present aldermen have their way, for two years.

Of course it is explained that the League will support certain of the present aldermen, and other candidates who approve of the League platform, but there will be no heart in the fight, and it is not very clear that aldermen whom the League executive was pleased to endorse are any better than those it did not endorse.

It is also true that the League will fight against a two-year term, and announces that it will continue its labors until next year when it has a strong ticket in the field. The latter assurance may be gratifying to those who desire a better administration of civic affairs, but matters of greater importance have to be dealt with this year than are likely to come up next year. Moreover, the League in effect gives the present aldermen every inducement to enjoy themselves this year, since it tells them that next year they may be kicked out. They are not good enough for next year, but they may be around during the present year, until the League brings up its heavy artillery.

The Times must confess a feeling of keen disappointment at the present failure of a movement which apparently had behind it the hearty support of the majority of the citizens. This paper may perhaps extract some comfort from the fact that the League executive have, even at the eleventh hour, come around to its way of thinking, and declared for a district system of elections. The Times observed some time ago that it would be one of the frontiers of fate if the League, because it would not adopt the district system, should fail to secure desirable candidates. That is what has happened.

But if the League confess itself unable to accomplish reform this year, there is the more reason for continued agitation. The names of a great many leading citizens are on its roll, and their pledge binds them to continue to work for the city's welfare. If they continue to exist as an aggressive organization, and have a watchful eye on the doings of the council, their influence will unquestionably affect civic legislation, even if they should have no members at the council board to enforce their views. It would be simply farcical if the League should only exist, and its efforts for the benefit of the city, its work has only begun.

## A CASE IN POINT.

In view of the city's effort to get a reasonable arrangement with regard to the street railway, the following from the Toronto Globe is of special interest, and is commended to the attention of the legislators at Fredericton.

The earnings of the Toronto Street Railway continue to grow with considerable rapidity. The earnings for March this year totalled \$207,013.72 against \$188,648.18 last year. The return to the city will show a slight decrease over these figures, because the company only reckon the fare box tickets sold during the month as well as the cash fares. The city's percentage will be \$32,000 or a little over.

The Toronto street railway last month paid the city over \$1000 per day.

Gov. Folk of Missouri makes these striking remarks about the necessity of law enforcement:

"There is entirely too little respect for law in America. In every state we find laws a nullity for policy's sake. Such a thing is unknown in any other land. Disregard of one law breeds disrespect of all law. In allowing some laws to go unenforced, we reap a harvest in having all laws broken. The law may not be to one's liking, but the answer, it is the law, should be sufficient for the law-abiding. Good men will observe even bad laws. It should be that all men, good and bad, be compelled to keep all law, good and bad, because it is the law."

The public will await with intense interest further information relative to the alleged action of the papal legate in connection with the province of Manitoba. The statement of Hon. Mr. Rogers is very explicit, but it is stated on the other hand that Sir Wilfrid Laurier had no part in the affair. As it now appears, the recall of the papal legate may be expected.

Speaking of the wretchedness of life in London, H. Rider Haggard says: "Unless the evils brought

about by this congestion of the masses in cities is stopped, western civilization is in danger of being swept away by a conquering Eastern people, who have the virtues of their country, and are not afflicted with the western evils."

A pleasing illustration of the kindlier side of political relations is shown in connection with the death of E. F. Clarke, M. P. He was a generous man, and died poor. A testimonial for the benefit of his family was started, and now totals about \$18,500.

In the first three months of this year permits representing a value of \$1,186,768 for new buildings in Toronto were issued, compared with \$477,075 in the like period of 1904. The number of buildings was 275, compared with 150. This is a very notable increase.

Judge Dunne was elected mayor of Chicago yesterday on a radical municipal ownership platform. His republican opponent also favored the principle of municipal ownership, but wanted a referendum before action was taken. The action of Chicago yesterday is a sign of the times.

The St. John board of trade has endorsed the appeal of the P. E. Island people for a tunnel to the mainland, and for immediate service a powerful ice-breaker. All the members of parliament from the maritime provinces should unite in support of this appeal.

The provincial factory act as adopted will not inflict hardship on any manufacturer, nor materially change present conditions. It is well, however, to have such an act on the statute book, to which appeal may be made if serious occasion should arise.

If the government should take over the Canadian and N. B. Southern railways, there are several others also, ready to be absorbed.

## OBITUARY.

**Capt. J. D. Chartrand.**  
Capt. J. D. Chartrand, professor of French at the Royal Military College, at Kingston, Ont., died there on April 3rd. He was born at St. Vincent de Paul in 1853.

**A LONGFELLOW EVENING.**  
The St. Andrew's church guild will present a very pleasing entertainment next Monday evening in the vestry hall of the church. Selections from Longfellow will be read by Mrs. E. A. Smith, and will be interspersed with musical numbers taken from the same author. Among those who will contribute to the evening's enjoyment, will be Mrs. S. Kent, Mrs. J. M. Barnes, Mrs. F. C. McNeil, Miss Beatrice Sutherland, Miss Munroe, Miss Elsie McLean, Miss Ritchie, and others.

Mr. Smith's ability as a reader is well known, and with the excellent musical numbers which have been arranged for, an evening of exceptional enjoyment may be expected. The proceeds are in aid of the piano fund.

## HARCOURT NEWS.

Harcourt, April 4.—Lennox P. MacMichael, for the last few months stationed at Campbellton, returned yesterday to resume his position as night agent on the I. C. B. station here. Lennox Morton, who has been supplying for Mr. MacMichael, will take a similar position at Kent Junction.

Fred Pearson of Bass River, went to Winnipeg yesterday. Miss M. Ruth Thurber, has engaged to teach the Kent Junction school, the balance of the term.

Bass River school, which has been closed since New Year for lack of teachers, re-opened yesterday, under the principalship of A. E. Pearson.

## POLICE REPORTS.

A child's glove found on Union street has been left at the central police station.

A team owned by R. T. Worden broke down on Union street yesterday. One of the wheels was broken and the load which consisted of hay was removed.

A piece of skipping rope found outside a King street store, has been left at the central police station. Dr. Barryman was called into British street lockup yesterday to put some stitches in a cut in John Duke's arm.

The police were called into George Adams' house, on Sheffield street yesterday to suppress a disturbance.

The water hydrant at the corner of Waterloo and Peter's streets is broken and requires attention.

The police were called into Gilbert Worden's house on Brook street, yesterday to quell a disturbance.

## ANNUAL REUNION.

Tomorrow night Waterloo street Free Baptist church will hold its annual reunion and roll-call meeting. The pastor has written every member of the church, both resident and non-resident. In the view of receiving responses from each of them. The resident members will be expected to report themselves personally, and the non-residents will report by letter. The clerk will call the roll of members. A large attendance is expected.

## ANOTHER CRANK

"WITH A MISSION."  
He Was Sent by "Pyrrus, God of Fire" to Kill a Governor.

Topeka, Kas April 4.—An insane man who gives his name as J. Everett Worthington, whose former place of residence, the police have been unable to learn, has been captured within a block of the state house, where he said he was going to kill Governor Hoch. The man was unarmed, but he is of a powerful build, and undoubtedly would have handled the Chief Executive roughly, had he not been intercepted.

Communication with the man is held by means of written questions and answers, as he pretends to be deaf and dumb. In answer to a question as to what his purpose was with the Governor, Worthington said: "I was inspired by Pyrrus, the God of fire, to come here and kill Governor Hoch. I have sworn eternal vengeance against all statesmen who pretend that they are self-made men. If it had not been for this officer who captured me, Governor Hoch would have been no more, for when I was arrested, I was on my way to the capital to kill him. One who had risen from obscurity to a high place, is the worst enemy of the impetuous gentle. Therefore, I hate Hoch."

Worthington dresses well, and has the appearance of a man of intelligence. He is tall and strong.

## KILLED BY EARTHQUAKE.

No Food Procurable and Great Distress Prevails at Dharmasala.

Lahore, Punjab, India, April 5.—The hill station of Dharmasala, was practically razed to the ground by the earthquake. The entire population is entirely obliterated, many of the inhabitants were buried in the ruins, most of the houses in the European quarter were wrecked and nine persons were killed.

The people are sleeping in the open air, food is not procurable, and the great distress prevailing is accentuated by keen frost. The entire population is camped on the adjoining hillside without protection and without medical aid. A relief party was despatched from here to Dharmasala today.

The Europeans killed at Dharmasala were Mrs. Robinson, wife of the commanding officer, and her two daughters, Mrs. Holderness, Captain Mulcroft and three members of the Indian civil service.

## A DIVORCE BILL.

Montreal Couple Find Difficulty in Severing Marital Knot.

Ottawa, April 5.—(Special)—An act for the divorce of Edward Albert Murphy of Montreal, from his wife, Margaret Dillon, also of Montreal, was up before the private bills committee today. Mr. Lavergne, of Drummond and Arthabaska, pointed out that the parties were Roman Catholics and consequently not entitled to divorce. Selections from Longfellow will be read by Mrs. E. A. Smith, and will be interspersed with musical numbers taken from the same author. Among those who will contribute to the evening's enjoyment, will be Mrs. S. Kent, Mrs. J. M. Barnes, Mrs. F. C. ## ENJOYABLE CONCERT AT

THE OLD LADIES' HOME.  
About thirty or forty ladies and gentlemen friends of the inmates of the Old Ladies' Home, went down to the institution last evening, and presented a most enjoyable concert, which was very much appreciated by all who live in the building. In addition to the programme as listed below, there were a number of old fashioned choruses sung, which were heartily applauded. Among the numbers on the programme was a solo by Mrs. S. B. Blizard, who, although she is past the four-score mark, has not forgotten how to sing and who was listened to with great pleasure. That the efforts of the party who carried out the programme, were appreciated, was evidenced by the fact that they were urged by the ladies to come again. The programme was as follows:—

Solo—Fred McKean  
Reading—John Salmon.  
Solo—Win. H. Burdin.  
Violin solo—Miss Nellie Thompson.  
Solo—Mrs. Tufts.  
Duet—Mrs. Tufts and Mrs. Dean.  
Solo—Mrs. S. B. Blizard.  
Chorus—  
Gus Rustin, pianist.  
At the close of the entertainment, refreshments were served.

## FINED FOR DOG FIGHTING.

The case against Albert Holmes for fighting dogs on Germain street, was resumed before Judge Ritchie yesterday afternoon. Holmes was found guilty and fined \$8.

When the magistrate announced his decision, H. H. Pickett who appeared for Holmes, said he would appeal the case and the fine was paid under protest.

J. King Kelley appeared on behalf of Secretary Wetmore of the S. P. C. A., who prosecuted.  
One of the witnesses examined was a boy fourteen years of age, who did not know the nature of an oath. The boy also showed ignorance of the ten commandments and was advised to go home and learn them.

When the name of Margaret McNamee was called by the magistrate the sergeant announced that she was troubled with palpitation of the heart and weak spells, but the pills have fully restored me and I am now enjoying better health than I ever expected to have again.

If you want to be healthy in spring take Dr. Williams' Pink Pills for Pale People. They will banish all spring ailments, and make you active and strong. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

## AFTER AMERICANS.

St. Johns, N. T., April 5.—Premier Bond introduced in the legislature last night, a bill to increase the stringency of the bait act. The government also has suspended the revenue cruiser Forana with Inspector O'Reilly and Magistrate Avery, and a force of regular police preventative officers to begin a campaign against American fishing vessels which may attempt to secure bait in these waters.

## A BRIGHT OUTLOOK.

Prospects for a Good Year in the Lumber Business.

If the weather conditions are favorable, it is probable that the lumber mills of this vicinity, will start operations in a few days. It is expected that the coming season will be a very profitable one for St. John lumbermen. The American market has never been in better condition than at present, and the prospects are that prices will advance. A recent letter from a New York firm states that the market for laths is very firm, and prospects of prices advancing. There is a strong demand for timber and piling is also quoted as very strong with upward tendencies. There is little or no change in the English market, at present.

With good prices prevailing, and the mills all running, it would appear that St. John would enjoy a summer of prosperity, and it only remains for the weather-man to furnish the proper atmospheric conditions, for the work to commence.

## GAVE HIS LIFE FOR OTHERS.

Devoted Priest at Molokai Has Contracted Leprosy.

Honolulu, April 5.—The Star says that Brother, Surapion, Von Koop, of the leper settlement at Molokai, is the victim of leprosy. His case is similar to that of Father, a native of Holland, went to the settlement in 1895. Eighteen months ago he detected signs of the disease in his system and came to Honolulu, where an examination confirmed his fears. He returned to the settlement where he is now living as a ward instead of a helper.

## A SPRING NEED.

The Indoor Life of Winter is Hard on the Health.

Not exactly sick—but not feeling quite well. That's the spring feeling. The reason—close confinement indoors during the winter months, breathing the impure air of badly ventilated houses, offices and workshops. The trouble will pass away—but it won't unless you drive it out of the system by putting the blood right with a health-giving tonic. And there is only one absolutely certain, blood-renewing, nerve-restoring tonic—Dr. Williams' Pink Pills for Pale People. Thousands of grateful people have testified that these pills are the best of all spring medicines. They act by making new blood; they brace the nerves and strengthen every organ of the body. They make tired, depressed ailing men, women and children bright, active and strong. Mrs. N. Ferguson, Ashfield, N. S., says: "For the benefit it may be to others I take much pleasure in saying that I have found wonderful benefit from the use of Dr. Williams' Pink Pills. When I began taking them I was so badly run down that I could scarcely go about the house. I was also troubled with palpitation of the heart and weak spells, but the pills have fully restored me and I am now enjoying better health than I ever expected to have again."

## AT THE OPERA HOUSE.

The Harkins company gave an excellent performance of The Marriage of Kitty at the Opera House last evening. Miss Van Duser and Mr. Jones were loudly applauded for their singing. There will be a matinee this afternoon, when the great melodrama, Lost in New York will be presented with singing and dancing specialties by Miss Leslie and Mr. Poland.

Tonight, by request, will be repeated the thrilling detective play, The Sign of the Four, by Sir A. Conan Doyle, dramatized from the Sherlock Holmes stories. It is one of the most intense and interesting plays presented in years. It is in four acts, divided as follows: Act 1, Sherlock Holmes lodgings; act 2, the murder, The Sign of the Four; act 3, the old boat house on the Thames, the convict's last stand; act 4, Pondicherry lodge, the treasure of Agra.

Thursday evening will be presented the dramatic sensation of the year, and pronounced by critics to be the greatest play ever written, Merely Mary Ann.

ALL THE NEWS OF THE SEASON'S SPORTS.

RACE FOR THE KAISER'S CUP.

Trans-Atlantic Yachting Contest Will Start Soon.

It Will Be the Greatest Event of the Kind Ever Held—Representative Entries.

(Boston Transcript.) As the day set for the start of the great ocean yacht race draws near, interest in this unusual event is growing, both among yachtsmen and the general public. Eleven yachts will cross the starting line at the Sandy Hook light ship at two o'clock on the afternoon of May 16, eight being American, two English and one German. Just at present there is a good deal of speculation among deep sea yachtsmen as to the probable course that will be steered by the competing yachts and the time that will be consumed in making the passage. A good many sailing yachts have made the passage, and in 1895, the "Thetis" crossed in 18 days 21 hours 55 minutes and 30 seconds, taking 13 days 9 hours 30 minutes, and in 1900, taking 19 days 20 hours 36 minutes, deviating to the southward of a great circle course, as commanded, for three-fourths of her passage. The average of yachts, compiled by Robert E. Tod of the Atlantic Yacht Club, who has entered the Thetis, in crossing the Atlantic Ocean has been as follows:

Yacht.	Date.	Knots.	Average Days Run.
Thetis	1895	9.38	280
Thetis	1896	9.16	280
Thetis	1896	9.14	277
Thetis	1899	9.66	218
Thetis	1897	8.08	291
Thetis	1897	7.17	328
Thetis	1894	8.52	369
Thetis	1897	8.00	295
Thetis	1900	9.05	291
Thetis	1899	8.00	295

Captain Howard Patterson of the New York Nautical College is quoted as giving his opinion that the great circle route is likely to prove the vital factor of the race. The course should be a little to the northward of east from New York for about 1,000 miles, until the latitude of 42 degrees north and longitude of 40 degrees west is reached, whence the great circle track will sweep across to the Scilly Islands. This route is 2,908 miles. The distance, Captain Patterson points out, could be cut down to 2,864 miles by making an easterly course to and across the Grand Banks of Newfoundland, and sweeping the great circle from about the latitude and longitude of the Flemish Cap, 37 degrees north, 45 degrees west, to the Scilly Islands. The latter course, however, would not be suitable for sailing yachts, owing to the probability of fog and calms, and also on account of the counter current of the Gulf stream.

Clever navigation will, no doubt, play an important part in the race. Great circle sailing and what is known as the "wooden shell" of judgment, in order to use the wind and the gull to the best advantage, and, although it may sometimes appear a matter of no importance, by the straight line course on a chart of ordinary Mercator's projection, whether the vessel is put upon the port or the starboard tack so long as she is close-hauled, it may actually make a very considerable difference, because that which lays you nearest to the great circle will be the gaining tack, even although on the chart the contrary may appear the case.

MILLIONAIRE BASEBALLIST.

Andy Freedman Figures in Romantic Engagement.

Wooded His Bride in an Automobile—Was in St. John a Few Years Ago.

New York, April 1.—After a romantic courtship hardly to be expected of a practical politician, Andrew Freedman and Miss Elsie Rothchild, the handsome daughter of Mr. and Mrs. Jacob Rothchild, of 31 W. 57th street, have become engaged. Although Miss Rothchild and Mr. Freedman have been friends only four or five weeks, his intentions to her were pronounced, and no surprise was expressed when the engagement was announced on Sunday. The wooing of Miss Rothchild by Mr. Freedman had for a background a large gray Mercedes automobile, and last Saturday the proposal was made while the young girl and Mr. Freedman were sitting in the car on the Long Island City road. The party left the Rothchild home in W. 57th street for a motor trip to Tower Hill, the summer home of Mr. Freedman in Red Bank, N. J. Luncheon was served there and the day was ideal for a visit to the country. Mr. Freedman was sitting at the steering gear with Miss Rothchild by his side. By the time the machine had whirled past the gateway of Tower Hill Mr. Freedman had proposed and had been accepted. Unable to keep the secret, the others were told and then there was a quick rush to the long-distance telephone and Miss Rothchild informed her parents in this way. In the afternoon the party returned to the city, and on Sunday Mr. and Mrs. Rothchild made public the news. Miss Rothchild's engagement had been rumored for the last two weeks, but it was denied Miss Rothchild is the youngest child of Mr. Rothchild, himself many times a millionaire. One daughter is Mrs. Daly Bernheimer, the unmarried child of Mr. Rothchild. The future Mrs. Freedman is of the athletic type, and is usually handsome. She is musical and this season at the opera she has appeared in the grand tier boxes as the guest of Mrs. Sembrich, and again as the guest of Mrs. Andrews Dippel. Mr. Freedman is 40 years old and his friends in Tammany Hall and in ball circles were prepared to see him and his days as a bachelor. Owing to his swift advance in prosperity Mr. Freedman has been a picturesque figure to New York life. In the last 10 years Andrew Freedman has built up a fortune of several millions, for which, they say, he is indebted to the friendship and help of Richard Croker, also August Belmont. Freedman has long been an ally and confidant of the former Tammany leader. For years he has been a stockholder in the city and chief stockholder of the New York Base Ball Club and his financial interests are many.

WITH THE FAST ONES.

Increase of Trotters and Pacers in Last Few Years.

Some of the Old Favorites and Their Records—Comparisons of Trotters and Pacers.

The Year Book for 1904 lists 222 trotters that have taken records of 2:10 or better and 611 pacers with marks of 2:10 or better. In other words, the side-wheelers outnumbered the fast performers at the diagonal gait nearly three to one. Nothing more clearly sets forth the marvelous increase in the number of performers at the lateral gait, and while the 2:10 trotters seem to come along in goodly numbers the figures can be taken as excellent support for the belief of a great many people that eventually the trotter will be supplanted by the pacer. Whether that contingency, if it ever arises, can be attributed to the greater potency of the pacer gait or to the mere fact that it is easier to make a fast pacer out of a harness horse than it is to make him trot, trot fast need not be discussed here. Further figures from the Year Book show that the total number of standard pacers and trotters to the close of 1904 is 20,282, of standard pacers 11,748, whereas 10 years ago the figures were 10,589 for trotters, 2,508 for pacers. In the decade the trotters gained 9,743, the pacers 9,142. But the per cent of gain, while less than 100 for the trotters, was almost 400 for the pacers. The 2:10 trotters there were 31 at the close of the racing season of 1904 of 2:10 pacers, 57. In the intervening 10 years the trotters gained 191, the pacers 554, which is over 600 per cent for the trotters and over 1,000 per cent for the pacers. That certainly makes it look as if the pacers were pushing the trotters into the background. More interesting still, as a side light on the subject, is the relative strength of the trotters and pacers at the close of 1891, the last full year of the highwheel sulky. The 2:10 list then contained the following:

TROTTERS.	PACERS.
Sunol	2:08
Maud S.	2:08
Malto Alto	2:08
Nancy Hank	2:09
Ambition	2:09
Jay-Eye-See	2:10

He was stricken while voting and was removed to his home in a carriage.

CURLING.

Carleton Club Smoker. The Carleton Curling Club held a very pleasant smoker in their rink last night to wind up the season. During the evening E. S. Brodie, the retiring president, presented the trophies to the winners, who made appropriate speeches in acknowledgment.

During the evening the following toasts were honored: The King, Canada, the Country, replied to by C. W. O. Brown, the President of the United States, A. H. Murphie, of California, and the American League. The toast of the evening was "Long live the Carleton Curling Club." The following officers were elected for the ensuing year: C. R. Clark, president; William Riddick, vice-president; Roy F. Scott, chairman; F. W. Welton, secretary; J. R. O. Wilson, treasurer.

CHIESS.

Pittsburg Tries Suicide. Philadelphia, April 3.—While temporarily insane, as a result of a delicate operation, Henry Nelson Pittsburg, the American champion chess player, tried to jump from a fourth story window, of the Presbyterian Hospital. He was only prevented by Mrs. Pittsburg, who calmed him after several physicians and nurses had been struggling with him for ten minutes.

Pittsburg had been in ill-health for two three years. Years of excessive smoking had shattered his nervous system and made it impossible for him to participate in chess tournaments. When he was winning fame as a brilliant chess player, it was his custom to smoke one strong black cigar after another. Two years ago, at Monte Carlo, Pittsburg collapsed after competing successfully with the best chess players of Europe for two weeks. During the past winter, he was unable to play at all, and he and his wife, Pittsburg, who was a Miss Bush, of Brooklyn, had to move into rooms on the fourth floor of a boarding house.

Pittsburg's circumstances have been such that he has to depend upon friends for aid, and it is believed that his inability to earn a livelihood any longer by chess playing, has also preyed on his mind.

NOTES OF SPORT.

It is expected that a Quilts League will be formed in Carleton during the coming summer to be composed of three or four teams. There are a number of good Quilt players in the west end and a series of matches would create much interest. Expert exponents of Jiu-Jitsu and wrestling, the occidental and oriental styles of self-defence, will meet on the mat April 6. George Bothner, the American lightweight catch-catch-can champion and Professor Katsuga Higashi are the principals. The Ball's Lake Club has elected Geo. McAvity, president; Frank Rankine, vice; D. C. Dawson, treasurer; W. A. Ewing, secretary. These with Thomas McAvity, W. R. Avery, J. V. Russell, H. H. Harvey and H. F. Rankine constitute the managing committee.

Windsor, April 5.—James Gilroy, of this city, has gone to the stock farm of Mr. Stow, near Springfield (N. S.), where he will train horses. Mr. Cowan will campaign in the maritime provinces and New England the coming season.

Ottawa, April 5.—H. B. McGivern has been elected president of the Ottawa Cricket Club.

## A LIQUOR CASE.

**Charge of Selling to a Man Who Was Already Intoxicated.**

James A. Lane was brought before Judge Ritchie this morning on a charge of selling liquor to Thomas Dunlop while in an intoxicated condition.

Mr. Lane's answer to the charge was that he was in the store when Dunlop came in, but did not serve him, nor did he think Dunlop was drunk.

Officer Marshall was then placed on the stand and gave evidence that he had seen Dunlop shortly before seven o'clock Saturday evening. He was drunk and staggering at the time.

Witness saw him go into Lane's saloon and followed him. He saw him drinking whiskey, and he arrested him.

About half an hour prior to this he saw Dunlop in his mother's house lying drunk on the floor.

Mr. Lane was next sworn, and testified that he had seen Dunlop come into his tavern Saturday evening, and asked him if he was an interloper.

When Dunlop replied that he was not, but that policeman Marshall had been following him around all day.

When asked what Dunlop drank he replied that he thought it was whiskey.

Thomas Dunlop was next examined and stated that he lived on Castle St., was in Lane's bar-room Saturday evening and was arrested on coming out, by officer Marshall.

In reply to a question, Dunlop admitted that he drank Scotch whiskey.

Further evidence showed that Dunlop had for some weeks been drinking to excess, and that his mother had admitted he was drunk on Saturday night, when in her house. He had been warned, too, that if he went out he would be arrested.

He had not refused to pay for supplies for his family, but did not take care of himself.

Mr. Lane expressed it as his opinion that Dunlop was capable of taking care of himself. He desired to produce witnesses to support his statement, and the case was set aside till Friday morning at ten o'clock.

## WINTER PORT NOTES.

Mr. Skinner was replying to Mr. McQuinn when the committee was.

## NEWS FROM NORTH END

### Runaway at Millidgeville.

A runaway occurred at Millidgeville last evening. A horse attached to a buggy and driven by a young man, whose name is not known, ran away on the Millidgeville road, about a mile from the city.

Duncan Hanfield, a carpenter was standing at the junction of the Adelaide and Millidgeville roads about 9.30 o'clock. He heard a horse approaching him, but did not take special notice until the animal had passed him.

A young man in the buggy shouted to him to stop the horse, but as the team had passed, Mr. Hanfield could not catch it again. When the horse reached the Newmarket bridge, it stopped and the young man was helped out of the buggy. When he was asked what he was doing out there that late, he replied, "Just waitin' for the doc."

Mr. Hanfield thinks the horse and buggy belonged to one of the city doctors.

### Ice Rotting at Millish.

Archibald Belyea of Upper Millish, was in the city today. He reports the river to be in a very bad condition for driving. He thinks that the ice on the Kennebecasis will not hold together for another week.

Mr. Belyea left his home at seven o'clock this morning and started to drive down Millish Creek, but found that the ice was not solid enough, so he drove through Chapel Grove and came out on the river at Somerville.

From there to Millidgeville, the ice is very soft, and is apt to hold for some time. From Somerville to Newmarket, and from there to Millish, however, the ice is rotting fast, and it is not safe to drive upon it.

### Minor Notes.

John Taylor, well known in the theatrical circles in this city, was to have presented "The Little Girl" in Union Hall last evening, but owing to one of his company being unable to perform, Mr. Taylor had to postpone his entertainment.

Lane's Colored Jubilee Singers will perform at Union hall north end this evening. Special care has been taken in preparing the programme, and the concert promises to be one of the best given this season.

The jubilee singers will be assisted by the Hector sisters, and the group colored mandolin and guitar club.

The case against Harry Begg, was again taken up. Begg was charged with encumbering the sidewalk on Bond street, with junk. He pleaded not guilty, and the matter was allowed to stand.

Officer McNamee stated that complaints had been made to him by persons who were obliged to pass along Bond street. He had noticed the pile of junk at the corner of Bond and Sewall streets, on Sunday.

It extended half way across the sidewalk and he saw a lady tear her skirt on a piece of iron roofing.

Begg stated that he had been out of the city from Friday until Monday. He thought that the junk had been placed on the street by some boys belonging to the locality. He promised to have the vacant lot fenced in.

Charles Jackson, was arrested this morning on suspicion of stealing a coat, fur collar and fur cuffs, belonging to Charles S. S. Goggin. The property was recovered by the police.

James McBride, given in charge by James Smith, for assaulting him on Union street, also for using obscene language, was found guilty and fined \$20 or two months.

John Dukeshire, given in charge by John Bailey for kicking him and threatening to take his life, in a house on Sheriff street, also charged by Kate Lambert with breaking windows in her house, pleaded not guilty and was remanded.

Margaret McNamee, drunk on Sheffield street, pleaded guilty and was fined \$8 or two months.

James Almond was fined \$4 or ten days, for drunkenness.

Phoebe Dukeshire, drunk on Sheriff street, was fined \$8 or two months.

## THE ST. JOHN DRIVER LOG DRIVING CO.

**Annual Meeting Held at Fredericton this Morning—Directors Elected.**

Fredericton, April 5.—(Special).—The annual meeting of the St. John Driver Log Driving Co. was held here this morning. John E. Moore was in the chair. Others present were Messrs. W. H. Murray, J. F. Hilyard, Charles Miller, F. Daniels, E. F. Randolph, Donald Fraser, Jr., Donald Fraser, Jr., Robert Aiken, and John A. Morrison of Fredericton, and A. J. Beaton, of Annapolis.

The secretary submitted an estimate of the winter's cut, showing that about one hundred million feet of logs had been cut through the woods this season.

Tenders for the corporation drive were received from George Moore of Woodstock and Robert Aiken of Woodstock.

Mr. Moore offered to do the work at a rate of twenty cents per thousand, from Grand Falls, and Mr. Aiken's price was twenty-one cents. John A. Morrison, who has had the contract for the past three years at fourteen cents made a verbal offer to continue the work at 24 cents, providing the company would let the rate to apply to the thirty million feet already in the woods.

The tender of Mr. Moore was accepted.

Mr. Moore's bondsmen are his brother, Miles Moore, J. T. Allan Dillies and W. F. Giddon, all of Woodstock.

The following were elected directors, John E. Moore, Henry Hilyard, Donald Fraser, Jr., N. H. Murchie and A. H. F. Randolph.

At a subsequent meeting of the directors, John E. Moore was re-elected president and J. Fraser Gregory, secretary-treasurer.

The annual meeting of the Tobique Log Driving Co., is being held here this afternoon.

## THE ST. JOHN BILLS.

**Legislative Committee Hears Arguments on Street Railway Assessment.**

Fredericton, April 5.—(Special).—The bill relating to the assessment of the property of the St. John Street Railway Company occupied the whole time of the committee on municipalities this forenoon, and will not be disposed of until their meeting this evening.

Recorder Skinner and Alderman Macrae were heard on behalf of the city, and H. H. McLean and Messrs. L. H. and Emerson, on the other side. The argument for the city was that the assessment for the city was granted to the company by legislation, while Mr. McLean argued that the assumption had always been admitted and acted on.

Mr. Skinner was replying to Mr. McLean when the committee was.

## POLICE COURT.

**His Honor Makes Some Remarks on Sabbath Desecration—A Busy Morning.**

Business was brisk at the police court this morning. Besides the usual cases of drunkenness, several matters of interest were taken up.

Four Hebrews, charged with openly desecrating the Sabbath by manufacturing women's clothing, pleaded guilty, and were fined \$2 each.

His honor remarked that Jews were not the only ones who desecrated the Sabbath, but Christians had also broken the law in this respect.

In concluding his remarks Judge Ritchie observed that Christians might possibly be before him for the same offense, before very long. If they were, they would be obliged to pay the full penalty, which was eight dollars.

The case against Harry Begg, was again taken up. Begg was charged with encumbering the sidewalk on Bond street, with junk. He pleaded not guilty, and the matter was allowed to stand.

Officer McNamee stated that complaints had been made to him by persons who were obliged to pass along Bond street. He had noticed the pile of junk at the corner of Bond and Sewall streets, on Sunday.

James Almond was fined \$4 or ten days, for drunkenness.

Phoebe Dukeshire, drunk on Sheriff street, was fined \$8 or two months.

## THE POPE AND MR. MALONEY.

**Philadelphia Man Has An Audience With His Holiness.**

Rome, April 5.—The Pope today received in private audience Martin Maloney of Philadelphia and his daughter, Helen. The pontiff was most interested in Mr. Maloney's conversation about Catholic affairs in America and the efforts being made for the welfare of immigrants, and expressed a desire shortly to have another and longer interview with Mr. Maloney.

The Pope presented the latter with a large gold medal bearing his effigy, and also presented Miss Maloney with a beautiful cameo with the pope's head in relief surrounded with rubies.

## PERSONAL INTELLIGENCE.

Miss Thompson returned this morning from a trip to Boston and New York.

Miss Ella Hallett, passed through the city today from Boston to Moncton, where she will be the guest of Mr. and Mrs. A. E. Millan. A. E. Millan, who is inspector of buildings and bridges for the I. C. R., met Miss Hallett, and accompanied her to Moncton.

Mr. and Mrs. F. B. Black, of Seckville, are at the Royal.

Mrs. Marjorie and daughter of St. Stephen, arrived in the city today.

The Atlantic express was three hours late this afternoon. The train was held at Montreal, for western accommodations.

## FREDERICTON

**IS CROWDED With Politicians, Lobbyists and Lumbermen—Today's News.**

Fredericton, N. B., April 5.—(Special).—Atherton Coburn, who has been in the employ of the Bank of Nova Scotia several years, and has lately been on the staff of the St. John agency, has resigned to accept a position with the Scott Lumber Company of this city. He will enter upon his duties on Monday.

At a special meeting of the local board of health this morning Health Inspector Phillips reported on the sanitary condition of houses where cases of fever have existed during the past winter. He found most of them quite up to the standard. As a result of the investigation made by the inspector the board arrived at the conclusion that the milk supply of the city is not the source of the contagion.

James F. Vanbuskirk is quite ill from an attack of la grippe.

No less than one hundred and twenty-five strangers, including politicians, lobbyists, and lumbermen, were cared for by Landlord McCaffrey of the Queen Hotel last night.

## CHARGED WITH INTIMIDATION.

**Evidence Taken in the Strike Case This Morning.**

The case against the strikers at the Provincial Chemical Fertilizer Co.'s work, came up before Judge Ritchie today, and several witnesses were examined.

Justice Williams was first placed on the stand; and his evidence was given through interpreter Jacobson. He had been working with them for the past three months. He met the strikers on several occasions on Monday.

Scott asked him if he would strike for \$8 a week, and a nine hour day. Witness said he did not feel disposed to do it, and would rather continue working. Scott slapped his face, and Duke told him he would give him some bread and a couple of dollars if he would not go back to work.

He told him that he would kill him and throw him into the creek. Another threatened to use a knife.

Mr. Kellin was also sworn, and stated that he had worked but one half day at the fertilizer factory. That was Monday. On that day he saw a group of about half a dozen men talking, among whom was Dunlop. He told him that if he would promise not to resume work on the following day, he would give him a dollar. If, on the other hand, he went back to work, that he would get up at five o'clock in the morning and watch for him. Later on, Scott treated him to a drink and asked him a second time if he was going to work, and again threatened to lay for him if he did.

The case was resumed this afternoon.

## SPRING MILLINERY.

Macauley Bros. & Co. Held Their Annual Opening Today.

Messrs. Macauley Bros. & Co., are holding their spring millinery opening today. Commencing at 8 o'clock this morning the store has been thronged with buyers, and when a Times representative visited the store nearly all the high class creations had been picked up. The display consisted of the very latest Paris models in all shapes. The Napoleon and Polo-turban shapes are among those shown. The collection is composed of hats and bonnets in all colors, shapes and sizes, and anyone who could not make a selection from them would indeed be hard to please. There is also a goodly array of Misses' and children's hats in great variety. There is quite a marked change in the styles of this season and last year, the models this year being of a smaller or medium size. Unlike the hats of last season which were of the flaring off-the-face style, the shapes this season have a decided tendency to slant from the back. In addition to the hats, there are trimmings of all kinds on view, including horse-hair braid, tulle, net and lace braids, ribbons, plumes, feathers, flowers etc., in a great variety of colorings.
