LAWS AND REGULATIONS  
OF THE  
UPPER CANADA BIBLE SOCIETY.

*As adopted at a General Meeting of the Society, held in the City of Toronto, on the third day of August, 1855; and amended at a General Meeting held on the 13th day of April, 1880.*

[UNDER THE ACT OF INCORPORATION.]

ARTICLE I. This Society shall be denominated the "UPPER CANADA BIBLE SOCIETY," having the same object in view as the British and Foreign Bible Society—that is, the circulation of the Bible, without note or comment.

II. This Society shall endeavour to unite all Bible Societies in the Province, and to concentrate their operations, in order to give more efficiency to the whole.

III. This Society shall maintain, in the City of Toronto, a general depot of Bibles and Testaments, from which all Societies in connection with it shall be supplied with the Scriptures at the lowest price at which they can be afforded.

IV. The business of the Society shall be carried on by a board of Directors, to consist of a President, Vice-Presidents, Treasurer, and Secretaries, and a representative from each Branch as provided in Article V., together with twenty clerical and twenty lay members, so selected as to give the Board always, as before, a representative character as regards the principal religious bodies interested in the work of the Society, five of whom shall form a quorum. The five clerical and five lay members who shall have attended the least number of meetings of the Board shall not be eligible for re-election, except in cases where the non-attendance has arisen from illness or absence from the country, in which cases the Board may nominate such member or members for re-election.

V. Each Branch Society shall be entitled to a representative on the General Board. The President of the Branch shall be *ex-officio* such representative, or any other resident member whom the Committee may appoint as a substitute, who shall be a member of such branch.

VI. At any meeting of the Directors, the President, or, in his absence, the Vice-President first upon the list then present, and in absence of such Vice-President, the Treasurer, and in his absence such member as shall be chosen for that purpose, shall preside.

VII. Each person paying annually one dollar shall be a member of this Society; and persons paying fifty dollars at any one time, either to this Society or to any of the Societies in connection therewith, or through them to the British and Foreign Bible Society, or who may have rendered important services, shall, at the discretion of the Directors, be declared Life Members.

VIII. Each Life Member of this Society shall be furnished with a certificate of membership, under the corporate seal of the Society, duly signed by the President and Secretaries.

IX. The Board of Directors for the time being shall have the appointment of the Permanent Secretary, Agents, Depositary, Colporteurs, Bookkeeper,

and Assistants of the Society, and the fixing of all salaries and allowances; and shall have the superintendence and management of all the property, real and personal, of the corporation, as well as the management and control of its general affairs and the appropriation of its funds, with full power to enact such rules as may be requisite to effect the objects contemplated by the Act of Incorporation.

X. The Board of Directors shall meet for the transaction of business on the third Tuesday of each month, at the hour of 7.30 p.m. Special meetings may be called by the Secretaries at any time, at the request of the President, or of any three Directors.

XI. The Annual General Meeting of the Society shall be held on the second Wednesday in the month of May in each and every year, or at such other time as the Directors, for the time being, may deem best for the interests of the Society; when the Officers and Directors for the ensuing year shall be chosen; a report of the operations of the Society during the foregoing year shall be presented, together with the Treasurer's and Depositary's accounts, duly audited. Special general meetings may be called at any time by the Board.

XII. In case of the death or removal of any Director during the year, the Board shall at the next ensuing meeting thereof fill such vacancy.

XIII. No alteration in these By-laws shall be made except at a General Meeting of the Society, and after one month's notice of the proposed alteration has been given to the Board.

---

RESOLUTION PASSED BY THE BOARD OF DIRECTORS RELATIVE TO GRANTS TO SUNDAY-SCHOOLS.

That in all applications for grants of Bibles to Sunday-schools, the applicant be requested to furnish the Secretaries with an account of the state of the School; the number of Scholars and Teachers; the amount of funds at the disposal of the managers; who are its officers; and why it is necessary to make such application: all which should in every case be certified by a Minister of the Gospel, or some person of known respectability. And further, this Board recommends that the Secretaries make grants in future only to destitute settlements; reporting the same to the next General Meeting of the Board of Directors.

## RULES

### RECOMMENDED TO BRANCH SOCIETIES.

I. That a Society be formed in connection with the British and Foreign Bible Society, through the medium of the Upper Canada Bible Society, for the purpose of contributing to the circulation of the Holy Scriptures without note or comment: the English copies being of the authorized version *only*.

II. That the Society be denominated "THE \_\_\_\_\_ BRANCH BIBLE SOCIETY."

III. That all persons subscribing one dollar annually, or five dollars at one time, shall be members of this Society.

IV. That the business of this Society shall be conducted by a President, Vice-President, Treasurer, Secretary, and a Committee consisting of not less than \_\_\_\_\_ other members; five to constitute a quorum.

V. That all Ministers of the Gospel who join the Society shall be reckoned members of the Committee.

VI. That the Committee shall meet quarterly or oftener; time and place of meeting to be fixed by themselves.

VII. That the Committee divide their sphere of operations into districts, and appoint visitors for each district, to solicit subscriptions and donations from the inhabitants, and also to ascertain the wants of the people regarding the Word of God.

VIII. That the whole of the subscriptions and donations received by this Society shall, after deducting incidental expenses, be remitted yearly to the Upper Canada Bible Society, for the purpose of translating the Word of God into the Indian languages, and for supplying other nations, through the Parent Institution, with the pure word of God: or for the purchase of Bibles and Testaments to supply the neighbourhood *at cost price*, or gratuitously to those who cannot purchase.

IX. That a General Meeting of the Subscribers be held on the \_\_\_\_\_ day of \_\_\_\_\_, in each year, at \_\_\_\_\_, when the accounts shall be presented; the proceedings of the past year stated; a new Committee appointed, and a Report agreed upon; the Report to be published under the direction of the Committee if required.

X. That on the formation of a new committee, the President, Vice-President, Treasurer, Secretary, and such three-fourths of the other members of the Committee as have most frequently attended, shall be eligible for re-election for the ensuing year.

# FORTY-FIFTH ANNUAL REPORT

OF THE

## UPPER CANADA BIBLE SOCIETY.

---

In the midst of great excitement among the nations, depression in commercial circles, low prices for agricultural products, and a winter of more than ordinary severity, it is matter for thanksgiving to God that the affairs of the Upper Canada Bible Society have gone steadily on, and that our report, at the close of another year, is, on the whole, satisfactory as well as progressive.

During the year the Society has been called to mourn the loss of two of its Vice-Presidents, Professor George Buckland, and the Rev. Dr. Fuller, Bishop of Niagara. Three of its Directors, Samuel Rogers, Esq., F. A. Ball, Esq., and Colonel Moffatt, have also been removed by death, all of them highly valued members of the Board, and active workers in the Bible cause to the very last. More extended notices of these lamented friends of the Society will be found in recent issues of our quarterly Bible Society Recorder.

We cannot omit reference in this place to the recent death of James Lesslie, Esq., who, although not of late years a Director, was a life-member, warm friend, and liberal supporter of the Upper Canada Bible Society. He was the last surviving member of the original Board of Directors of our Society, then called the York Auxiliary Bible Society, when it was originally formed in the town of York, now the city of Toronto, fifty-five years ago.

Reference should also be made to the sudden death, by accident, of the Rev. Charles E. B. Reed, Corresponding Secretary of the Parent Society, last summer, during a visit to Switzerland. All these warnings speak loudly to us, saying, "Therefore be ye also ready, for in such an hour as ye think not the Son of man cometh."

It is with special regret that the Board of Directors has to record the resignation, at its last meeting, of its Secretary, Robert Baldwin, Esq. Mr. Baldwin has long been a friend of the Society, was for many years a Director, and for more than ten years its permanent Secretary. Efficient, painstaking and conciliatory, with a wonderful faculty, especially in correspondence, for using the right word in the right place, his services so judiciously rendered will be greatly missed. Through failing health he has been constrained to tender his resignation, which the Board only accepted under the most urgent pressure, still hoping however, that he may be spared to give the benefit of his presence and counsel for a long time to come.

The income of the Society for the past year, though not equal to that of some previous years, is yet very satisfactory, seeing that any slight falling off

is due to decreased receipts from bequests ; ordinary receipts from sales and from subscriptions being really in advance of any recent year. So also with issues, which are considerably in advance of late years. Details both of finances and issues will be found in their proper places in this report.

During the year the larger donations have been as follows :—

From Charles Doan, Esq., Aurora.....	\$ 50
“ D. W. Doan, Esq., Aurora .....	50
“ C. H. Doan, Esq., Kansas City.....	50
“ Miss Helen Lesslie, Dundas.....	100

There was only one bequest paid during the year, on account of the late Miss Foote, Etobicoke, \$50.00 (in addition to previous payments on account of same bequest), but since our accounts were closed we have received \$200, the bequest of the late Mr. Donald McKenzie, formerly of East Williams, who recently died in the United States.

#### BRANCHES AND AGENCY.

During the past twelve months visitation has been carried on in accordance with the plan adopted by the Board for a number of years.

In the previous year the Committee endeavoured to have every Branch visited, but a circular was issued this last year asking a number of the stronger branches to do without an agent. Those who undertook to do so have made returns at least as good as usual, and at the same time agency expenses have been lessened. The visitation of the other branches has been done by the permanent agent, by twenty provisional agents, and by two local or provincial agents, the Rev. Mr. Fortin, for Manitoba, and the Rev. Mr. Jamieson, for British Columbia.

The permanent agent, and those provisional agents who did not finish their work in the autumn, all complain of their meetings having been very much interfered with by the unusually severe and continuous cold weather which has been experienced during the winter. Notwithstanding this, and the undoubted fact that business has been dull and money scarce, the returns from the branches have been almost equal to any former year. The Board regards this as a most hopeful sign, showing that the efforts of the agents in the past years to get the branches to canvass their respective fields more thoroughly, are beginning to bear fruit, and that the effect of this will be still greater in future years.

A very large majority of the depositories are reported as in a satisfactory state, but there are still too many places in which they are not sufficiently prominent and their existence thus not known to the neighbourhood. One agent reports, “Next day I drove to ———, 28 miles, and visited all the officers. The depository here is kept by ———, in a very proper place and manner, in view of all who enter the store, and a new sign has been put up to shew that the Bible Depository is there. This is not found at every depository, as it should be. In too many places a man can hunt quite a while to find the depository.”

As an example of the way in which the provisional agency system is doing good by getting the ministers more interested in the work of the Society, we may quote a passage from the report of a gentleman employed this year for the first time as an agent of the Society. It is as follows :—“I may, in closing my report, say that I began this work with no little timidity and anxiety. The work was so new to me that I feared I might not do for it what it needed and deserved. I may say, now, that the work has been a growing pleasure. At each branch visited my own interest increased, and I trust my

efforts may be owned and blessed by the Lord to the furtherance in some measure of this great and blessed work."

The Rev. Mr. Jamieson, and the Rev. Mr. Fortin, do not report anything special in their fields as to agency, but the branches in both Provinces are being maintained in a very fair state of efficiency, considering the dullness of business and other draw backs. What they say as to colportage in their fields will come in under that heading.

In connection with this department of our report, the most important event of the year was the accession of Kingston to the number of our branches. For many years the Kingston Bible Society was directly auxiliary to the British and Foreign Bible Society, but about twenty years ago it assumed the relation of auxiliary to the Upper Canada Bible Society. A few years later it withdrew from this connection, along with some of its branches, to resume direct connection with the Parent Society. During the past year, however, our friends in Kingston opened friendly communications with this Society with a view to assuming an even more intimate relationship than formerly, and at the annual meeting of that society held on the 9th of March last, it was unanimously agreed, with a view to the more efficient and economical working of its field, to assume the status of a branch of the Upper Canada Bible Society.

Besides the addition of Kingston to our list of Branches, new ones have been formed during the past year at Black Creek, Edgar, North Bruce, Singhampton, and Springford, and new depositories have been opened at Dominion City (Manitoba), and at Battleford (Saskatchewan Territory). On the other hand, three branches and seven depositories have been struck off the list, as non-efficient, and six branches have been reduced to the status of depositories.

These accessions and reductions will leave the total number of branches and depositories just about the same as last year, namely 401 Branches and 29 depositories, which, however, will be all the more efficient by reason of the pruning process thus resorted to.

#### COLPORTAGE.

The Colporteurs of the Society have again had a very trying winter; but they have done faithful and good work, and the total results are very satisfactory. The most marked feature in the history of the Society during the past year, in connection with its colportage, has been the erection of a kiosk in the Exhibition grounds, which, being a new enterprise, could not yield large results at the present, but there is every reason to believe that its erection will prove a permanent and considerable advantage to the Society in the coming years. Two hundred and twenty-five dollars of the cost has been paid by special subscriptions. In the meantime the balance has had to be drawn from the ordinary income of the Society. The Board hope that there may still be contributions received for the special fund, but in any case they feel confident that the future results will amply justify the expenditure.

There have been employed during the past year eight colporteurs, for longer or shorter periods: Messers. Taylor, Jackson, Dobson, Cromar, Aston, Pyke, McIntyre, and McBean. The last named was at work for about three months in Manitoba. The Board were much disappointed to find that the services of Mr. James Patterson, who had been so successful in the year before, could not be obtained. They are glad to state, however, that the Rev. Mr. Fortin, in his last letter, expresses the hope that they will be able to secure the services of Mr. Patterson for the coming summer.

Mr. Taylor was again sent to Algoma during the summer months; he attended the Toronto Industrial Exhibition, and a number of agricultural ex-

hibitions in the fall, and during the winter has been working in Lincoln and Welland counties. Mr. Aston, during the year, has worked in the East Riding of York, and in the Counties of Ontario and Victoria. Mr. Pyke laboured four months in the early part of the year, and on his retirement Mr. Dobson for seven months, chiefly in the County of Norfolk. Mr. Cromar worked five months, his field being the County of Simcoe. Mr. Jackson worked four months in Muskoka and Parry Sound districts, where he is still labouring; and Mr. McIntyre was employed for one month only in Northumberland, being recalled by family affliction.

#### OUR TROUBLES IN THE NORTH-WEST.

As soon as our volunteer battalions were called out to re-establish law and order in our North-West Territories, the Board felt that it would be a very becoming thing on their part to present every volunteer, who would accept it, with a pocket copy of the New Testament, which he might peruse when far from home and friends. Before arrangements for this purpose could be perfected our Toronto battalions were just on the point of embarking in the cars for Winnipeg, and could not be delayed for any purpose. The Testaments, 600 in number, were therefore forwarded by express to Winnipeg by the United States route, that they might be distributed when the volunteers arrived there, which distribution was entrusted to our friends of the Winnipeg Branch. As we afterwards learned this was done partly in Winnipeg, and partly by forwarding the Testaments after the troops to Qu'Appelle station; and we have within the past few days received a communication from Colonel Grasett, of the Royal Grenadiers, dated at Fish Creek, thankfully acknowledging their receipt and distribution. We have also learned indirectly, of their receipt in due course by the Queen's Own and "C" Company of Infantry. Mr. Mulock, President of the Winnipeg Branch, afterwards telegraphed to us to forward a thousand additional copies of the Testament to Winnipeg, for distribution among other troops passing through that city on their way to the front; and these were dispatched without delay. Meantime the York Rangers and Simcoe Foresters had also been called out, and while the former were lying at the Old Fort one of the Secretaries distributed Testaments to all who would receive them; nearly all doing so thankfully. The Simcoe Foresters received theirs at Winnipeg from a supply sent after them by express; and a small supply of both Bibles and Testaments were furnished by the Society for the use of the Red Cross Ambulance Corps. The Belleville Branch also ordered 100 Testaments for their volunteers, which were at once forwarded.

Acknowledging the hand of God in all events, we would humbly pray that He would soon cause the tumult of war to cease, and bring back our young men to their homes, and their usual peaceful avocations; while to the relatives and friends of those who have fallen on the field of battle we would tender our heart-felt sympathies.

#### FINANCES.

The receipts of the year have been as follows:—

Proceeds of sales .....	\$ 9,549.13
Free contributions, donations, &c. ....	20,201.39
Interest, ground rent, &c. ....	258.93
	<hr/>
	\$30,009.45

The free contributions were for the following objects :—

To the Upper Canada Bible Society .....	\$13,830.23
“ British and Foreign “ .....	6,147.37
“ Montreal Auxiliary “ .....	102.56
“ Quebec “ “ .....	111.23
“ National Bible Society of Scotland .....	10.00
	\$20,201.39

In addition to the free contributions from branches and individuals, the Board voted £200 from its funds as a grant to the British and Foreign Bible Society for its foreign work ; and also the usual annual grant of \$500 to the Quebec Bible Society for its work among the French Canadians.

## ISSUES.

The number of Bibles, Testaments and portions issued from the Depository in Toronto, during the year is 35,725, being 4,454 more than during the previous year. This increase is partly in colportage and partly otherwise. It is worthy of notice that it includes 1,000 Bibles supplied at the expense of the late Mr. James Lesslie, to a mission among the free black population of Jamaica.

Of these issues, 7,474 were sold, and 777 issued gratuitously, from the Toronto Depository; 20,749 supplied to Branch Depositories and to the trade ; and 6,725 were issued by colporteurs. Included in the above are 2,300 copies in foreign languages, and eight in raised characters for the blind.

The total issues of the Society since its commencement is 1,276,866.

## SISTER SOCIETIES.

The sixty-fourth annual report of the Montreal Bible Society is just to hand, this meeting having been held on the 12th of this month (May). We make the following interesting extract :—“ In the last annual report special mention was made of arrangements that were then in progress between the Montreal and Quebec Auxiliaries, by which the former was to assist the latter in French Colportage in certain parts of its field of operations *below* Quebec. This important question received long and careful consideration on the part of your committee, and the result was that the Province of Quebec lying east of the city of Quebec was assigned to this Auxiliary. For this special work seven French-speaking students were selected from the Theological and Missionary Institutes of the Presbyterian, Methodist, Anglican, and Baptist Churches, the authorities of the colleges kindly co-operating therein with your committee. \* \* \*

The aggregate of time spent in this special work, during the months of June, July, and August, by the the seven Colporteurs was 18 months and 17 days ; the number of families visited was 8,277 : the number of Bibles, Testaments and portions sold or otherwise disposed of was 1281 ; and the total cost of the work, including salaries and travelling expenses, was \$978.33.”

The forty-ninth annual meeting of the Quebec Auxiliary was held on the 4th of March, 1885, and copies of the printed report have been sent us. We extract the following paragraphs from it :—“ We have to report that Bible distribution among the French Canadian parishes is carried on faithfully and efficiently by our colporteurs, Messrs. Fresque and Seton. Those only who are engaged in the work can form an adequate idea of its discomforts and trials. True, there is very little violence or overt opposition at present, yet

the labour is severe, telling where it is discharged conscientiously, as we believe it is, by our colporteurs. While there is much to encourage, there is much to depress. A former French pastor here (Rev. Mr. Langel), who had been at one time employed as a missionary in the East, said that this was the hardest field he had ever laboured in, and that if he had his choice, he would return to India, where the opposition to truth is less trained and systematic. Yet it is not ours to choose. The command is to preach the Gospel to every creature, to sow the good seed of the Word, leaving the results with the great Disposer of events." The report then proceeds to accord thanks to the Upper Canada Bible Society and its Branches for their "large and generous contributions."

BRITISH AND FOREIGN BIBLE SOCIETY.

We have just received a letter from Mr. Charles Finch, corresponding secretary of the Parent Society, giving some interesting items regarding the past year's work of that Society. The income for the year has been £253,765 18 4, which is about £20,000 more than that of the previous year, which is chiefly owing however to an unexpected legacy of that amount. The expenditure was £231,006 9 7, or nearly the full amount of ordinary income. The table of issues was not quite completed, but might safely be said to reach 3¼ millions approximately. This includes nearly one million of penny Testaments, which are published at a loss of more than a penny on every copy, or over £4,000 on the number issued during the year. The Rev. Charles Jackson, late secretary of the Society, had died only ten days before the letter was written; and Mr. Franklin, who has been Depository of the Society for forty-four years, was about to resign.

The following is the Abstract of the Report of the Society, for the previous year, presented at the Annual Meeting held in Exeter Hall, London, May 7, 1884.

Thirty years have already gone by since the Society's Jubilee was kept, and the Report now to be presented is that for its eightieth year. But whether it be of the one year or of the eighty, that they speak, your Committee can find no fitter words in which to sum up the past experience of this Society than those of the Psalmist, "The Lord hath done great things for us; whereof we are glad."

It is with humble thankfulness to the Giver of all that they announce to their supporters that the income of the Society's eightieth year has been the largest it has ever received, the TOTAL RECEIPTS having reached the sum of £233,309 8s. 7d., and having exceeded those of the previous year by £22,708 15s. 6d. An advance of about £2,000 in Annual Subscriptions, Collections, and Free Contributions is more than counterbalanced by a decrease of about £3,000 in Donations. The substantial increase of income is therefore due to about £9,000 more received from the sale of Scriptures, and about £14,000 more received in legacies. The last-named source of income is necessarily of such a fluctuating character, that an unusually large sum accruing from it in one year may be followed by unusually small receipts from it soon after. Legacies have yielded £38,101 10s. 5d., or £16,000 *above* their average, in the year just closed; and half the whole sum came to hand in the last three months. Your Committee believe it to be generally the wish of those who leave their money to this Society that it should not be hoarded up, but laid out in meeting any urgent calls for the further spread of God's Holy Word. But, under the unusual circumstances described, your committee deem it only right, as a precaution against any corresponding fall *below* the average in Legacies during another year, to hold for a time in reserve a portion of the exceptionally large receipts from that source announced on the present occa-

sion. And they beg their friends in the country not to relax their efforts to maintain and extend the stable income to be relied upon from the Free Contributions of Auxiliary Societies.

The FREE INCOME of the Society from all sources has been £126,182 18s. 7d. Adding to this £107,021 12s. 3d. received from the sale of Scriptures, and £104 17s. 9d. from the Roxburgh Fund for Indian colportage, the total income of £233,309 8s. 7d., already mentioned, is obtained, as against the £210,600 13s. 1d. announced at the last anniversary.

Two years ago your Committee stated that they were ready to go forward provided their friends put it in their power, and kept it in their power, to do so without anxiety as to funds. This undertaking has not been forgotten, and as increased means were placed at their disposal, it has been your Committee's anxious prayer that God would guide them to such a wise expansion of their labours as would be commensurate with the enlarged responsibility which He was laying upon them. They trust that it will be satisfactory to their supporters when they say, that, with watchful care to avoid all wasteful outlay, and with due regard to the claims of different fields, they have expended in encouraging the wider circulation of the Holy Scripture no less than £222,431 15s. 9d. This expenditure exceeds that under the General Fund in the previous year by £14,614 10s. 7d. ; as that again outstripped its predecessor by £17,079 5s. 10d. While endeavouring thus, in obedience to the leadings of Divine Providence, to act up to their present responsibilities, your Committee must remind the Society at large that the extended operations upon which they have entered in the last two years can only be maintained by an outlay corresponding to that which they have just announced. Details of some extension will be found in many sections of the Report ; and reference can be made here only in the briefest manner to a few of the more salient features of the year.

Meaning by *copies*, not Bibles alone, but any integral part or portion of Holy Writ, the ISSUES from the Bible House in London to meet home and foreign demands have been 1,517,024 copies. Those from depôts abroad have been 1,601,280 copies, making a TOTAL of 3,118,304 copies, or 153,668 more than in the previous year. The issues of the Society for the eighty years since its commencement now reach a total of 100,035,933 copies. Your Committee would have little satisfaction even in these enormous figures, did they not know how much prayer for the Divine Spirit to speak through these Scriptures accompanies their circulation, and had they not daily proof that according to His promise God's Word does not return unto Him void.

The total for the year of above three million copies has only twice been surpassed before, and that was when the Franco-German war, in the one case, and when the Russo-Turkish war and the Paris Exhibition, in the other, caused an exceptionally large distribution. No extraordinary call on anything like the same scale has occurred during the past year. It has been one of quiet but growing work. War gifts have only been required from London for some English soldiers going to Egypt, and from Marseilles, Algiers, and Singapore for some French soldiers going to Tonquin. These have added little to the general circulation of the Scriptures, and the only exceptional items which have appreciably increased it somewhat have been those connected with great public Exhibitions.

In five of these, last year, the Society took part by providing Scriptures, and bearing some expense for their dissemination by sales and gifts. The great exertions and liberal aid of friends on the spot in Amsterdam, in Zurich, in Nice, and in Calcutta deserve special mention. Nor must the assistance of the Thames Church Mission, in effecting a large but discriminate free distribution at the Fisheries Exhibition in London, be forgotten. At the last-

named, permission having been kindly granted for the sale of Scriptures, 11,216 copies were sold from the Society's own stall. Of these, above 3,100 were Bibles, and nearly 5,400 were New Testaments. During the present year the Society will similarly take some part at International Exhibitions in Kensington, in the Crystal Palace, and in Turin.

One prominent feature of the year has been the extensive tours of inspection which have been made by the officers of the Society in many of its Foreign Agencies. Visits were paid within the year to almost every country in Europe; and, outside it, to the Caucasus, to Asia Minor, to Syria and Palestine, in Asia; and to Algiers and Morocco in Africa. In the long journeys taken by the two Secretaries in succession, they were privileged to enjoy the pleasant companionship and the invaluable aid of two eminent members of your Committee. F. J. Wood, Esq., LL.D., and J. Bevan Braithwaite, Esq., travelled six and nine thousand miles respectively, placing valuable time and experience and knowledge at the service of the Society, free of all cost to it, and entitling themselves to its warmest thanks. By these tours sympathy and encouragement have been given to some able and devoted servants of the Society who are so much cut off from the blessing of congenial Christian companionship, and who are as nobly trying to dispel the darkness around them by diffusing the light of the Bible, as Wycliff, and Tyndale, and Luther did aforesaid. By personal intercourse the tie connecting many a worker abroad with the Committee at home has been strengthened. Their paths have in some ways been smoothed; their burdens have in some degree been shared. They will henceforth feel that difficulties which they refer home will be better understood.

Moreover, on these journeys some matters of importance for the attainment of the Society's object have been advanced, or settled; and to some of these your Committee must refer. They announced last year that they felt they would be best discharging their duty in respect of such Protestant lands as Norway and Sweden by urging the Bible Societies of those countries to undertake the whole duty of supplying their own people with the Scriptures. Toward them, therefore, it was said, that, as this object came to be attained, a policy of withdrawal would gradually be pursued. Both the countries named have since been visited from the Bible House; and, in the case of Sweden, your Committee think that the Society will give a beneficial stimulus to the Christian life of its people if it leaves them from the close of the present year to do entirely for themselves what it has been so largely helping them to do since 1809. An intimation of this proposed withdrawal has been circulated in Sweden, and the desirability of forming a fresh Swedish Bible Society, on a basis similar to your own, to take your place in the country, has been urged. The late large-hearted Bishop Grafstrom gave this plan his approval, and might have been able to carry it out by his own personal influence, had he not been so soon and so suddenly taken away after its proposal. Your Committee still wish to see it accomplished; and in the meantime they have removed your highly esteemed Agent, the Rev. R. H. Weakley, to a new charge in Syria and Egypt, leaving the temporary conduct of your affairs in Stockholm in the hands of H. Tottie, Esq., and the local Committee. One special circumstance makes the present a favourable opportunity for this withdrawal. The Revised Swedish Version of the New Testament, which has been authorised for general use, is about to be issued, and it is well that its issue should be left from the first entirely in Swedish hands.

Among other results in the way of progress connected with the visit of the deputation to Russia, it may be mentioned that a son of the Governor of Wasa, in Finland, has been appointed to a sub-agency in Siberia. He has

reached Irkutsk, and has obtained the permission of the Governor to open a depot there.

Another step has been the issue of an edition of the New Testament in Russ, more portable in size than one, and larger in type than the other, of the two editions which the Society has hitherto circulated in Russia. The new volume will, it is hoped, prove a very serviceable and attractive one to the Russian people to whom it is inscribed. It has been printed for the Society by the Russian Holy Synod, and will be sold below cost price, at sixpence a copy.

The deputation which visited the Caucasus made a happy arrangement whereby the translation of the Bible into Transcaucasian Turkish, made by the Rev. Abraham Amirchianantz, of Tiflis, will obtain the benefit of such improvements as the scholarship of the American missionaries labouring in the north of Persia may suggest, upon its revision by them before it is put to press.

Success also attended the visit which was paid to the Turkish Minister of Public Instruction by the same deputation, accompanied by your Agent in Constantinople. A restriction which had rendered the reprinting of the Osmanli Turkish Bible in Turkey practically impossible was removed, and the work of the sister Bible Society of America was thus relieved of an embarrassment as well as your own. Robert Cust, Esq., a member of your Committee, who never forgets to do all he can to forward the interests of this Society when he travels abroad on other errands, joined the deputation in their preliminary call on Lord Dufferin.

A third measure due to the tour of Mr. Reed and Mr. Braithwaite arose out of their conference with missionaries in Palestine. To meet some of the special difficulties which beset both Bible work and missions in the villages of that land, arrangements have been made with the Church Missionary Society for employing certain evangelist-colporteurs there upon the same system as has already been found advantageous elsewhere in co-operation with some other Societies. This plan has the cordial support of your Agent, Mr. Weakley, who has himself had large experience of Mission work in the East. It is hoped that it will, under the Divine blessing, open a new era of enlarged spiritual blessing in the Holy Land.

Among the measures of progress more or less due to the visit paid by the Assistant Foreign and Financial Secretary to North Africa may be mentioned the formation of a local committee to assist your Agent in Algiers, and the definite establishment of an Agency in Morocco. Few parts of the world have been left so much outside Christian effort as Morocco. Two preliminary residences, to try what opportunities it afforded for Bible work, have issued in the appointment to this Agency of Mr. William Mackintosh, an experienced Missionary to Muhammadans, and well acquainted with Arabic. He is giving special attention to the preparation of a version for the Rifian Arabs, and is assisted in his endeavours to circulate existing translations of the Scriptures by a Syrian colporteur, who was one of the interpreters to the British Generals at Tel-el-Kebir and the surrender of Arabi in Cairo.

Some other important tours of visitation have been planned, or are in progress. One of these is also in Africa, and is to extend to all parts of its southern extremity. Through the kind concurrence of the Colonial and Continental Church Society and that of the Bishop, it has been undertaken by the Rev. Dr. Hole, Incumbent of Trinity Church, Cape Town, to whose able assistance this Society has often already been put under obligation. He is to be joined and aided at different centres by leading ministers of the Dutch Reformed Church, and the tour is expected to occupy nine months. By the accompanying presence of the Divine Spirit, much quickening of zeal

for the distribution of the Bible, and much friendly co-operation between English and Dutch fellow Christians may be looked for as an immediate outcome of this undertaking.

In another part of the world a similar effort to give new life to the blessed work of circulating God's Holy Word, and to promote Christian fellowship in this object between brethren of different Churches and nationalities, is in course of arrangement by your Committee in connection with the approaching Jubilee of the Emancipation of the slaves in the West Indies.

A third measure, with Switzerland for its field of effort, is being planned. It is hoped that, with some assistance, the Bible Societies of that country may be led to take common action for spreading the Holy Scriptures in those cantons in which at present the Bible is little known.

While dwelling for a moment on matters in which the retrospect of the past glides into anticipations of the future, some reference is due to three approaching commemorations by which it is sought to keep alive a thankful remembrance of what later generations owe, under God, to noble pioneers in Bible translation. England celebrates this year the five hundredth anniversary of the death of Wyclif, who gave her from the *Latin Vulgate* her first translation of the Bible into English.

And on this seventh day of May is to be unveiled upon the Thames Embankment the statue of the martyred William Tyndale, born four hundred years ago, to whom England owes her "primary version" of the *New Testament* translated from the Greek, and the forerunner of every printed copy of the Scriptures in the English tongue. Through the kind gifts of friends in its behalf, below Tyndale's figure the name of this Society has found a place as a contributor to the erection of his statue.

And, once more, on the sixth of June this year, Iceland will keep the three hundredth anniversary of the translating and printing of the Bible in Icelandic, the work of Bishop Thorlaksson. To mark the event your Committee have presented twenty memorial Bibles in Icelandic, that one may be preserved in the principal church of each of the deaneries which are under that most cordial friend of this Society, Bishop Pjetursson.

Reverting from things in progress to things which have been completed during the year, some other marks of growing work in far-off lands must be recorded.

The promised subdivision of the vast Australian Agency has been carried out by the appointment of the Rev. H. T. Robjohns, B.A., as your Agent for New South Wales and Queensland, and the Rev. E. Wilfred Robinson as your Agent for Western and South Australia and Tasmania. These appointments have, at present, been made for only a limited period, so as to admit of such readjustment as circumstances may require. The Colony of Victoria has appointed a local Agent of its own.

In promoting the wider circulation of the Bible abroad, it is, as a rule, your Committee itself which has to lead the way in stimulating the action of others. But in one case a zealous friend has been for some years applying to the Committee the welcome incentive of princely donations for colportage in China, to promote extended operations in that open field. Another gift of £2,000 was last year placed unsolicited at the Committee's disposal, under the suggestive signature, "Man's best gift to Chinamen." During the year five more young men have been sent out to China in the capacity of European Head Colporteurs, to travel with, and superintend the work of, native colporteurs. To promote the extension of the Society's Bible work in China, your Committee resolved some time ago to raise the number of its Agents there from one to three, as early as suitable men could be found. The sub-division has been carried out to the extent of appointing the Rev. Evan Bryant to be

the Society's Agent for its Bible work in the six northern provinces of China, together with Mongolia, Manchuria, and Corea, as far as practicable. Mr. Bryant was formerly for many years a valued Missionary of the London Missionary Society in China. For the Agency in South China no appointment has yet been made; and that in Japan has lately become vacant.

At the cost of much personal hardship by the way, two colporteurs from the Caucasus have crossed the Khivan desert, and have practically tested the opportunities for Bible work in the territories of Khiva and Bokhara. They sold 319 copies for about £10. In an encampment of wild Tekké nomads, sixpence could not be raised to purchase a book, and it was in part paid for in eggs. As has so often been the Society's pleasant experience, its colporteurs received the greatest courtesy and assistance from Russian governors and generals. When one of the men was ill of fever in Askhabat, a Russian doctor attended him without charge, wishing, as he said, to befriend a colporteur of the Bible Society. The report of these experienced men is that both in the Khanate of Khiva, and in the Amirlik of Bokhara, a very large proportion of both sexes and of all ages can read, and that there is nothing to hinder immediate colportage among them but the want of three devoted men to work from Khiva, Tcharjui, and Bokhara as their centres. Your Committee will endeavour, by God's guidance, to obtain such men, and to enter these open doors. From Tashkent Bible work is extending in Russian Turkestan.

The needs of India have filled an important place in your Committee's measures for extended work. One who has from year to year taken extensive Bible tours for the Society, will speak to us to-day fresh from his mission post at Bellary, in South India, and will tell us how things stand. The sum of about £10,000 has been placed at the disposal of the Indian Auxiliaries within the year for the revising and printing of the Scriptures in several tongues, and for colportage. These Auxiliaries have been encouraged by promises of aid to be prepared to offer the Word of God to any increased number of native readers which the spread of primary education may produce among the masses.

And a fresh step of a most extensive and important kind has been taken by your Committee to extend, under God's blessing, the knowledge and circulation of His Holy Word among the girls and women of the East, and more especially among those who through Hindu caste or Muhammadan custom are rendered inaccessible to any Christian agency, except such as can be carried on by female workers. After careful consideration of the matter your Committee has decided to adapt to this case, as far as possible, the successful plan upon which they have so long had the satisfaction of aiding the invaluable work done by Bible-women in London, through grants to the London Bible and Domestic Female Mission, founded by the late Mrs. Ranyard. They have accordingly made to each of the special Societies engaged in zenana work and the evangelization of females in Eastern lands, and to each of the chief European Protestant Missionary Societies which embrace the same department of work, the offer to contribute to them, for an experimental period of two years, the sum of £12 a year for every Bible-woman for whom they might accept the grant, up to the limit of twelve women for each Society. Before the year closed, eight Societies had claimed the full grant of £144 each for twelve Bible-women to labour under their direction. Several others have since preferred similar claims; and this new department of the Society's work bids fair to be both costly and far-reaching. But if, through it, efforts can be multiplied to bring the poor secluded, untaught women of the East nearer to the light and freedom of the Gospel, your Com-

mittee feel that the course they have taken will have the hearty approval and support of all their friends.

To other points in their foreign work it would be most pleasant to refer, for colportage upon the Continent and in other parts of the world has been as extensive and as interesting as ever. But your Committee must hasten to conclude with a brief mention of matters at home.

Through its President, the respectful and loyal sympathy of the Society has been conveyed to Her Majesty and H.R.H. the Duchess of Albany in the sad bereavement which has recently befallen the Royal Family.

Three Vice-Presidents have been removed by death since the last anniversary. His Grace the Duke of Marlborough, K.G.; the Right Reverend Dr. Robert Bickersteth, Lord Bishop of Ripon, who often spoke for the Society here and elsewhere with warm-hearted sympathy and power; and that venerable and beloved patriarch of missionaries, who was present on this occasion a year ago, the Rev. Dr. Robert Moffat.

The Committee record with much affectionate regret the death of Dr. Maurice Schulhof, for twenty-three years a member of their body, an Honorary Life Governor of the Society, and one of its most unwearied friends and benefactors.

Three other Honorary Governors for Life have been removed during the year at advanced ages, each having rendered essential services to the Society. The Rev. Henry Albert Browne, M.A., Rector of Toft Newton, was for thirty-five years one of the ablest of the Society's deputational helpers, and for a time one of its District Secretaries. W. C. Gellibrand, Esq., of Albyns, Romford, for many years assisted the Society's work in Russia, and after his return to England, rendered valuable service on its Committee as long as health would permit. Mr. William Hitchin was in the Society's service for forty-three years, from 1835 to 1878, and as its Accountant and Assistant-Secretary was widely known and much esteemed. The Very Rev. John Mee, M.A., who was formerly a Secretary of the Society, and retained a warm interest in its welfare, has also died.

Grants of Scriptures, free, or below cost price, have, as usual, been made in aid of many varied forms of Christian work in this country. And in their care for distant fields your Committee have not been unmindful of special measures for enlarging the benevolent and missionary services which this Society already renders so extensively at home. They have added the Gospel of St. Matthew to their list of Scriptures in raised type for the Welsh Blind, and they have taken in hand another Gospel for the same sufferers by the loss of sight. They have revised the whole list of prices of their Scriptures, both in English and in Welsh, and have made considerable reductions in very many of them. They granted £10 worth of large print Scriptures to each of the six Halls recently opened by the London Congregational Union in the poorer districts of the Metropolis.

And they have decided upon one step which will, they trust, so commend itself to their friends throughout the country, that contributions will flow in to meet the heavy charitable outlay which its success will unavoidably involve. Your Committee have often been anxious to issue a New Testament which could be sold at one penny per copy. They have hesitated to do so hitherto, because the loss would be considerable, and they were already providing an attractive Testament in good type, and selling it below cost price, for the small sum of two pence. Your Committee would have little satisfaction in issuing a book too small in type to be of service to the poor, and too frail in its materials and construction to stand some wear and tear. Without much legibility, and without any durability, a Testament, however cheap, would be but a poor thing after all as a means for promoting those high aims

which your Committee wish ever to keep most in view. The unfounded and cruel charge is still sometimes brought against them, that, to reduce their prices to the lowest point, those by whose toil the work is done are under-paid, and driven to starve or worse. The Committee have carefully investigated these charges and know that they are not true. They are now preparing to issue a New Testament in good type and form to be sold for a penny, but no portion of the loss involved will be met by under-payment on their part to those who make the book. The more widely this book finds favour, and is put into circulation, the greater the call will be upon the Society's funds. But your Committee believe that they will not ask in vain for sufficient funds to meet this loss, and that their course will have God's blessing and your support. In a word, they feel that there is no nobler, grander enterprise of mission labour and Christian charity, to which they could ask you to devote redoubled zeal, and prayer, and gifts, and toil than that which this Society has now been favoured to conduct for eighty years.

---

In concluding this report the Directors would desire to acknowledge the hand of God in every blessing conferred in the past, would humbly and devoutly ask His guidance and blessing in the future; and would commend most heartily the interests of the Upper Canada Bible Society to the prayerful consideration and self-sacrificing benevolence of all who desire "that the word of the Lord may have free course and be glorified."

## EXTRACTS FROM AGENTS' REPORTS.

---

Rev. J. W. ANNIS.—I endeavoured to carry out fully the spirit of your instructions to Agents, and to do my utmost to secure large meetings, to stimulate the zeal of the officers, and to further the interests of the Society. With very few exceptions, I found the Branch officers manifesting a very warm interest in the welfare of the Society. Though the attendance at the annual meetings of the Branch Societies is too generally somewhat meagre, yet the reasons are not difficult to find. That the Society has a strong hold on the hearts of the people, my experience this year has made clear to me. I am quite convinced that if the right measures be taken, these annual meetings will be largely attended.

*Painswick.*—The meeting was somewhat larger than in previous years, and gave promise of going considerably ahead in contributions.

*Churchill, Craigdale and Stroud, Lefroy and Bell Ewart*—Were all large and enthusiastic meetings. The attendance was reported to be larger than that of any previous year. The whole management showed life, interest and energy on the part of the officers. The other meetings all suffered severely from the bitterly cold and stormy weather.

Rev. J. BECKET—*East Westminster.*—Was the first place visited by me, and here we had a splendid meeting. The Rev. J. Ballantyne rendered valuable assistance by his presence and counsel. The officers are veterans

in the good work, and order and system characterize their operations. The lady collectors canvass for subscriptions every six months, and this year there is a slight increase in the contributions. Many others take example from this model Branch.

*Fingal.*—Everything here is in first-class order. The Presbyterian and Methodist Ministers work hand in hand in this as well as in other spheres of christian effort: the one presided at the meeting, and the other read the Secretary's report, which was full of interest, and contained some valuable suggestions.

Rev. R. CAMERON—*Garafraza.*—I found the books well kept, meeting well advertised, the interest on the part of the friends of the Society, good.

*Hollin.*—As there was a funeral that afternoon, I was able to make my own announcements, and the result was a packed house and a good collection. The old officers were re-elected, the depository is well kept, and I expect you will have a good return from that locality.

*Palmerston.*—New officers were appointed, and they agreed to meet at once and arrange for public meetings in school houses and churches all around that neighbourhood. I was very kindly helped by the Presbyterian and Episcopalian clergymen, both old friends, in this place.

*Moorefield.*—I found the best kept stock which I had seen. Mr. Jamieson's heart is in the work of spreading the Word of God. We had a fair meeting, good interest, old officers re-elected and good collection.

*Rothsay.*—It was extremely cold and stormy, yet we had a fair attendance at the meeting.

Rev. J. CARMICHAEL—*Beeton.*—Had an excellent meeting. Four years ago your agent organized this Branch, and after an absence of three years, he was delighted to find it full of life and vigour.

*Aliston.*—Here the meeting was small, but the officers were all resolved that this year's work would show larger contributions to the Bible Society than any year in the past.

*Bradford.*—Evening very favourable, meeting very good, in Episcopal Church, with the Rev. Mr. Bryan, the President of the Branch, in the chair. Branch full of life; all the office bearers alive to the great need of increased efforts in the noble work of Bible circulation.

Rev. CHAS. A. COOK—*Mono Mills.*—Your agent visited this Branch on the 23rd of October, and found the community in a state of excitement over the Scott Act voting in the county. This, together with the fact that it snowed heavily all the afternoon, prevented the meeting, which was held in the Presbyterian Church, being well attended. Those who were present, however, showed good interest. Officers were elected, and some ten collectors appointed. Only three collectors made the canvass last year, so that larger results may be expected this year. The secretary, Mr John Richardson, has faithfully filled the office for over 25 years, and still takes a deep practical interest in the work. . . . The *Recorders* are faithfully distributed by Mr. Richardson, who will likely ask for a larger number this year. The fact that several young men were present at the meeting, and showed the liveliest interest in the work, is worthy of special mention.

*Woodbridge.*—At this Branch matters were managed in a thoroughly businesslike manner, and good reports will no doubt come in from the collectors, fourteen of whom were appointed. With such men as Dr. Grant and Rev. W. H. Way and Rev. G. N. Rutledge to co-operate in the work there cannot but be success.

*Caledon East and Mono Road.*—Arrived here on Friday, October 31st. Raining all the afternoon and evening. Was told by the Secretary previous

to my coming that little could be done, and that it was scarcely worth while for me to go. . . . Rev. John Goodman proved to be a *good man* in more than name. I was most hospitably entertained at his house; and in the afternoon, through the drizzling rain, this brother went about with me and introduced me to a number of men, all of whom were earnestly invited to attend the meeting in the evening. The result was, notwithstanding the rain, a good lively meeting, with Rev. Mr. Goodman in the chair, who was also elected President of the Branch for this year, and a right good chief officer he will make.

*Lloydtown.*—Visited this branch on Monday, 17th November, was greatly chilled by the cold dreary drive from Aurora, a distance of 14 miles, by one of the slowest stages that ever travelled; but before the meeting was over every kind of chill had completely gone. We had the largest meeting of any since I began work, and in every respect the meeting was most lively and enthusiastic. It was an old time Bible Society meeting. The Rev. George Walker (Methodist) was the only minister present, but the members of the committee showed great interest in the work, and did much to make the meeting a great success. Mr John Brown, one of the Vice-Presidents, occupied the chair, and after the usual devotional exercises, and some excellent music by the choir, your agent had a delightful time in speaking to the people for nearly an hour, during which they listened with really inspiring attention. . . . At the meeting a new departure was entered upon in the appointment of a small committee to arrange as soon as possible for meetings in several of the surrounding villages. This plan will, I believe, be carried out, and the results will be highly beneficial, both to the Lloydtown Branch and to the general work.

I may say, in closing my report, that I began this work with a little timidity and anxiety. The work was so new to me that I feared I might not do for it what it needed and deserved. I may say now that the work has been a growing pleasure, at each branch visited my own interest increased, and I trust my efforts may be owned and blessed by the master to the furtherance in some measure of this great and blessed work.

Rev. H. DIERLAMM—*Kirkton.*—On the way up I called at Fullarton, had a conversation with the secretary, Mr. Harding, and looked in at the depository there, which is kept in a very proper place, but the books not so well exposed to view as might be. At Kirkton I first made a visit to Mr. Doupe's store to see the depository, which I found in a very proper place, in front of the store, in full view of all. Called on the very excellent secretary, Mr. T. Somerville, who is a man of the right stamp in his place. The Rev. Mr. Harris, was not at home, but he was at his place in the meeting, which was held on the 4th line in Blanchard township, 3 miles away from town. The meeting was a success, fair attendance and good collection. The business was very well managed by the very earnest President, the Rev. Mr. Harris.

*Zurich.*—I called on all the officers. The depository is kept by Mr. D. S. Faust in a very proper manner and place, in view of all who will enter the store. A signboard is put up, which is not found at the other depositories, as it should. In a great many places one may search quite a while to find the depository. A good sign ought to be hung out at all of them.

Rev. A. A. DRUMMOND.—I have much pleasure in forwarding my report of work done in behalf of the Upper Canada Bible Society. My visit to the Branches entrusted to me has been pleasant to myself and I think appreciated by them.

. . . . In all the meetings I have endeavoured to interest them in the grand work the society has been doing this last year in all parts of the world, weaving in facts and incidents taken from the report of the Parent Society, which I have gathered in my readings throughout the year, so that all present might know how their contributions were being spent and what fruits were reaped from year to year, from the seed sown beside all waters. And if I may judge from the vote of thanks, and the expressions of individuals, I have succeeded in some measure in interesting them in the work, but the best proof will be the increased contributions of the branches, which, I trust, will be forwarded in due time. All the arrangements made beforehand were carried out, and every meeting was well announced, and your agent was kindly received and entertained.

*Dunbarton.*—A fine night and a good meeting. This Branch is always up to the mark. It is a pleasure to address a people who delight to help on the Bible circulation. I found Mr. Craig, the young minister of the place all a-glow with devotion, and anxious to take the place so ably filled by his predecessor, Mr. Kennedy.

*Port Perry.*—I left Dunbarton, on Saturday morning, about seven o'clock, but when I reached Whitby, there was no train connecting with the Port Perry line till the afternoon. It was five o'clock ere I reached that place, however, I found that all the arrangements had been completed for my work. On the Sabbath I preached twice here, and once in Prince Albert, commending the Bible work at each diet of worship. I made this arrangement, because of the little interest taken in the meeting the previous years, and the consequence was, that on Monday evening we had a good meeting in the Presbyterian church. The Rev. Dr. Carry in the chair. The Rev. Mr. Ockley, Methodist, gave a short but stirring address. The interest was sustained to the close, and they gave us a good collection. Collectors were to be appointed by a small committee appointed for that purpose, and I trust the outcome will far surpass anything this Branch has yet done. Port Perry is rising from its ashes Phoenix-like, more beautiful and attractive than before, able and willing to excel in good work.

*Pickering and Claremont.*—I returned to Pickering, and attended the union meeting referred to in the opening of this report. Mr. Wright, a warm friend of the Society, kindly drove me to Claremont, ten miles to the North, where I arrived in time for the service, which was held in the Baptist Church. It was the largest meeting I have had in this town. The church was full, all the ministers of the village were present, and gave their valuable assistance in making the meeting a success.

*Greenwood.*—This little village lies about two and a-half miles east of Brougham. I was kindly entertained by Mr. Keene, the pastor of the Methodist Church, and his hospitable lady. In the evening we had a small meeting. For this Branch I have a word of commendation; last year a hail storm swept over this tract of country and destroyed their crops, so that many of the farmers had not even their own bread. They could do nothing for the Bible society in consequence of this, but they have lately canvassed their field, and they gave me over \$18 as a subscription for last year, and they have promised to take up their subscriptions this year also. From the interest they showed at the meeting, I have no doubt they will perform their vows, and they will feel all the better because of their efforts in behalf of the Bible Society.

. . . . As in former years I have to record my thanks to the many warm friends of the Bible, for their many acts of kindness to me as your Agent, and I will add that the time spent in this work is truly a holiday, and I return to my own special charge greatly refreshed and encouraged.

Rev. CHAS. DUFF—*Orono*.—I found the Depository in good condition, books kept in a neat case, in a convenient store in town, and kept well in view.

*Garden Hill*.—I preached in the evening from John III. 16, on the *Divine Giving*, and the Scriptures as the most prominent record of the Divine example in this regard. Though our Methodist friends had announced a special collection, the Rev. Mr. Orton asked his people to come forward and give liberally and present this collection to the Bible Society, and it was accordingly handed over to the Treasurer of the Branch.

*Tyrone*.—The Depository is well kept in the Post Office, and its business well managed.

*Hampton*.—Capt. R. H. Bunt, now the secretary, was in the chair, and made a good speech in behalf of the Society. The choir rendered good service, and two efficient young men have been appointed collectors, who assured me they would enter on their work forthwith. I think you may look for substantial results before the end of the month.

At all the meetings I endeavoured to show that this is an important aid to church work, and that to neglect the work of the British and Foreign Bible Society, or our own, in Canada is only to weaken ourselves for and in the work of our own churches. . . . Men must feel that God lays upon them a duty in regard to the work of these Branches, even as they feel it in regard to church work, spiritual and secular; and that one man or woman, youth or maiden who should by the divine blessing make this a special work for God might start into a flame a whole community to work for God and the Bible. This I did, besides dealing as largely as I could with the work and finances of the Upper Canada Bible Society, and the British and Foreign Bible Society.

Rev. O. FORTIN—*Winnipeg*.—I enclose a copy of the printed report of this Branch, which I need not here transcribe. As you will observe, the old vexed question of combining the work of the Bible and Tract Societies in this country is not yet forgotten. The Rev. Mr. Silcox feels strongly on the subject, and has resigned his position as a Director; but the general feeling is that we should respect the rules of the Society, and not embarrass our kind friends in Toronto by asking what they cannot grant.

*Brandon*.—This Branch was visited on the 26th January, 1885, and a very satisfactory annual meeting held on the evening of the same day. The President, the Hon. J. W. Sifton, occupied the chair, and all the clergymen of the city were on the platform showing a deep interest in the work. The collection amounted to \$20. . . . A vigorous effort will be made this winter to canvass the town more thoroughly. There is a very healthy feeling among the Directors, and I have good hope that in spite of the financial crisis which is still hanging over us, there will be a larger return for this year than for last. It would be well, if we could, to meet the wishes of the Brandon people by sending into the neighbouring country, which is well settled, a colporteur with a horse and conveyance, and instruct him to work for a month or two in these settlements which are not accessible by rail. But for this purpose we need a young man, or, at least, one in the full vigour of manhood. Swamps and bad places are sometimes encountered on the way, and an old man is quite unable to cope with such difficulties. I stated at the public meeting that the only reason of our not working in that field last summer was that we could not secure the services of a suitable colporteur.

*Portage la Prairie*.—The annual meeting in this place was held on the 27th of January, and was fairly attended. The President, Rev. Alex. Bell, occupied the chair, and here, as in Brandon, every clergyman in the place was present, and evinced much interest in the work of the Society. I

inspected the Depository, which I found in perfect order, and the stock not the least depreciated through dust or rough usage. . . . As I stated in my Winnipeg report, I have not thought it well to establish new branches for the present. In fact, the reasons which dissuaded me from doing so last year operate quite as strongly this year, if not more so. As long as the financial crisis lasts immigration will be small, and the centres of population throughout the country (except where we already have branches) will be too insignificant to warrant an organization. We are hopeful that the tide may soon turn. In the meanwhile we shall endeavour, with God's grace, to administer our few "talents" as becometh faithful stewards.

Rev. R. D. FRASER—*Tiverton*.—With the Rev. Mr. McFadyen, the Baptist minister of the place, in the chair, addresses by Rev. Messrs Anderson (Pres.) and Cameron (Bapt.) and the Secretary, and a number of excellently rendered anthems from the Presbyterian choir, the meeting—a three hours' one—was interesting to the very end. The collectors have already begun their work. The late lamented President, F. C. Lesbirel, though in very moderate circumstances, has left the sum of \$50 to be divided equally between the Bible and Tract Societies.

*Bervie and Ripley*.—Large Sabbath congregations and fine public meetings, enlivened in each case by admirable music from the choir. The Bervie Committee is a model. It had the business so thoroughly arranged that only fifteen minutes of the public meeting were occupied by it. At Ripley, Rev. Messrs Sutherland and McQueen gave valuable assistance.

*Port Albert*.—The President and Secretary are to be specially mentioned as active.

Rev. JOHN GEMLEY.—*Port Rowan*.—Meeting in the Church of England, Captain, now Rev. F. W. Bayley Jones, the President, in the chair. We had also a telling address from the Rev. C. Deacon, Methodist Church. The anniversary service here was lively, bright and hopeful, the beautiful church and the excellent singing contributed fully to the interest of the occasion. . . . One incident of the meeting is worthy of special notice. The Rev. Mr. — in his address stated that it was a recognized obligation with him to give yearly one tenth of his income. The Bible Society was invariably among his creditors. He was debtor to it for three years (\$3), and he paid the amount before the meeting closed. It was not negligence on his part, no collector had called upon him. I have only space here to say that the income of our noble auxiliary would be largely augmented, had we more kind and faithful collectors, together with effective Branch Secretaries.

*Port Dover*.—The officers and committee always attentive to the interests of the Bible Society. We had a very good meeting, which was held in the Presbyterian Church. The President in the chair, an impromptu choir sang very well. We require good singing, as well as good speaking at our anniversary services. If committees would only and always think of this, they would increase both income and interest as it regards the Society. Valuable assistance was rendered by the Rev. Mr. Thynne, pastor of the church, and other local clergymen.

*Norwich*.—Other meetings interfered with the attendance, yet the Anniversary held in the Methodist Church, was satisfactory as to numbers, and gratifying as to results, the collection on the occasion was nearly \$10. This with the subscriptions have been forwarded to you. I was indebted to the Revd. Messrs. Myers and Kennedy of the Presbyterian and Methodist churches for their cordial support, and hearty advocacy of the Bible Society. We have sincere friends, and intelligent supporters of the cause, in this growing town.

*Springford*—No arrangements had been made for a meeting at Newark. I returned to Springford, which is only some three miles from Otterville, and completed arrangements which I had partially made when on my way to Newark. The number of inhabitants in the latter place is 25 and no resident ministers. In Springford there are two resident ministers and a population of 300. I was favoured with the privilege of delivering an address on behalf of the Society, in the Baptist Church, at the close of one of their public meetings. Elder the Rev. D. B. Cohoe, of that Church, is President of the new Branch, and two of the leading inhabitants fill the two other offices. S. L. Scriven, Treasurer and Depository; Geo. McGuire, Secretary.

Rev. Dr. HODGKIN—*Deseronto*.—Here is a most enterprising and flourishing village, large enough to be incorporated as a town, with perhaps more business and manufacturing skill and energy than in any other place of its size in the province; and it is gratifying to witness the interest taken by the principal men of the place in the intellectual, moral, and religious welfare of the inhabitants; more especially of those under their immediate influence. I hope that they will all follow the example of the President and remember the needs of the Bible Society, although I am constrained to add that the meeting was by no means enthusiastic.

*Tamworth*.—I asked the privilege of saying a few words. Stated that there was a misapprehension about the objects of the Bible Society, as it was remarked in more than one place that there was no need for it, as there were plenty of Bibles in Canada. After looking at this a little, I said that I would not ask them to do anything for Canada, and spoke of the British and Foreign Bible Society work, referred to India, China, and Japan, and told them that they could vote all that they raised for these fields, or for any of them, and appealed to them as Christians professing to love the Bible to help those who were striving that all should have a Bible to use.

*Moira*.—Is a small village with a small Bible Society, but it is a place I always like to visit. The meeting was better attended than formerly. There is reason to hope for a little advance in contributions. I had, as before, great occasion, but this time somewhat greater than before, to be thankful for the kind and assiduous attention of Mr John McTaggart, as I found that the trains on the North Hastings Railway were not arranged just as the Bible Society agent could wish, which caused extra trouble to the kind friends at Moira.

*Madoc*.—Meeting not as large as last year, but then a special lecture on the former occasion brought out many who would not otherwise have heard what was afterwards said of the Bible Society work. I found the same kind friends as before, and even added to their number. Madoc is decidedly a pleasant place for the agent to visit. The attention and hospitality of the Secretary, E. D. O'Flynn, Esq., and the genial kindness of the Rev. Mr. Wishart, cannot be forgotten when once experienced.

*Picton*.—At the county town of Prince Edward I am always sure of a kind reception and hospitable treatment, and also of meeting with some good friends to the work; noticeably the excellent secretary, J. Twigg, Esq. It is always pleasant to visit the Depository, the stock is good, the books are well kept, and the gentleman in charge obliging and attentive; but Picton wants some who so love the cause of Christ, and who take such an interest in the special department of Christian work, which your agent annually brings before them, as to be willing to collect for its advancement.

*Stirling*.—The efficient President, Treasurer, and Depository, all united in the person of Dr Boulter, is sure to present everything in good order. But the meeting was not as large as it might have been had there not happened to have been two other attractions in the village at the same hour.

Rev. S. WESTON JONES—*Warsaw*.—I was warmly welcomed and kindly cared for by the venerable Secretary, Mr Choate, who has been so long actively interested in the affairs of your Society. I found in him one of the pioneers of our part of Ontario, and therefore a fitting person to be engaged in promoting a work which is ever pioneering in new lands for God and His word. We anticipated a very small meeting, owing to the unfavourable state of the weather. At the hour announced, repairing to the Methodist Church, we were encouraged to find a larger meeting than for some years before. The Rev. Mr. Lloyd, pastor of the Church, led in the opening services. The President, Mr Rennie, took the chair. My address was most kindly and attentively listened to, and very warm loving words were afterwards spoken, showing that the Society has the affections of the people still. The Rev. Mr. Fleming, Presbyterian minister of the place, sent his regrets for his unavoidable absence, enclosing his contribution to encourage the meeting. The collection was a large one. After the close I was introduced to the collectors, to whom I spoke a few encouraging words.

*Hastings*.—The meeting was held in the Methodist Church, the pastor, Rev. Mr. Lewis, being present, also the Revds. Messrs. McCleary, Church of England, and Thompson, Presbyterian, all of whom took some part in the proceedings. Kindly words were spoken by the Revds. Messrs McCleary and Thompson, and one cannot help hoping that your Society will flourish in a place where the resident ministers are such cordial friends. Mr McCleary spoke of the necessity of having a Depository too, stating that he had had to write to Toronto for Bibles from time to time. After my address, listened to by a very attentive audience, the various appointments were made, and a gentleman present consented to take the appointment of Depository. The collection was by no means, I hope, an index of the feelings of the people. I am disposed to think that much more good is accomplished by the Agent's visit than the mere collections would testify, and in many cases I am convinced that the Branch would collapse were it not for this annual visitation.

*Bethany*.—The meeting was held in the Episcopal Church. Here we had a fair attendance. The Rev. Mr. McCamus, the Methodist minister and President of the Branch, taking the chair, and presiding with much ease and efficiency. A satisfactory report was presented, and the good attention and manifest interest shewn in your Agent's address augurs well for the rest of the year.

*South Monaghan*.—A meeting was arranged for this Branch for Monday, the 24th. I repaired to the Railway Station, at the proper hour, to find the train had been that day cancelled, and all the other trains changed. There was no possibility of my getting to Baillieboro that night, so I had to telegraph the Secretary to that effect. I have since heard that Rural Dean Allen of Millbrook, the Church of England minister of that township, drove 7½ miles to the meeting, on a very stormy night, to give them an address, for which I am extremely grateful. He informs me they intend to have another meeting in January, at which I am to be present. The Society ought to be well worked up therefore this year.

*Cavanville*.—I was informed in the house of Mr. McGill, the Depository, before the meeting, that two of the collectors declined to act any more. I told them, however, that I could not accept their resignation there, but only at the close of the meeting. Having it all in my hands, after reading, singing, and prayer, I gave my address, speaking specially of collectors and their work at the close. Then, after taking the collection, the business of the appointment of officers was proceeded with. I heard no signs of resigning on the part of the collectors; but, on the contrary, they both spoke to me afterwards promising to continue, and actually commencing their work by

soliciting members present. I encouraged them by a few words in private, and took it as a good omen that better work will be done this year than ever.

*Mount Pleasant.*—This being the day settled by themselves, I had a right to expect a good meeting, and was not disappointed. I was driven over from Cavanville by Mr McLean, the Secretary, Treasurer and Depositary of Mount Pleasant Branch, to whom I am also indebted for very comfortable quarters, and much pleasant and useful Christian intercourse. This, one is not astonished at, when it is known that Mr. McLean has been an officer of this Branch since its formation 27 years ago, nor has he been absent from one of its annual meetings.

*South Monaghan.*—I was set down amongst a nest of active workers, warm hearted well-wishers, and contributors. It is always very pleasant to record sympathy and love for our Society on the part of Branch officers and friends. The worthy President, a God-fearing faithful member of the Methodist communion, the oldest native-born citizen of his township, drove no less than 20 miles to meet me, escort me to the meeting place, and get home at night. Mr. Kerr is a most entertaining, because intelligent and pious, farmer, who has made it his rule for many years to fear God and obey the commandments. On our way to Baillieboro we stopped at the house of Mr. Waddell, the Treasurer, whose good lady was instrumental, years ago, in getting up their Branch. She is now well up in years, and but just recovering from a severe illness, nevertheless, she managed to drive to the meeting, some 2 or 3 miles, out of zeal for the cause. Here I was most hospitably entertained for the night, and driven at an early hour the next morning to catch my train. Our meeting was good, the worthy Secretary, another zealous officer, the Reeve of the township, Mr Riddell, having driven 15 miles, after an 18 miles' drive in the morning, in order to attend our meeting, and get back home again. The reports were very favourable, and put many more wealthy places to the blush.

In arranging my plans special care was taken to visit the Branches as near the time desired by them as possible, taking, at considerable disadvantage to myself, places often remote from each other on consecutive nights in order to fall in with such wishes, visiting as best I could those others who had made no particular selection of days. I believe attention to this small point will bring its reward. . . . There is no doubt much apathy on the part of our people as to the needs and claims of this noble Society. But it seems to me lack of information is at the bottom of it. People have not attended the meetings for years. They seldom read any reports, and thus are not well informed upon the subject. The annual meeting would remedy this if they came to it. But come they will not. If every minister would preach a sermon, say the Sabbath before their Branch annual meeting, many more would be better informed, and might be led to see the necessity for their presence and co-operation at the Society's business meeting. This plan I adopted this year in my own parish with great success. Our annual meeting in this town was better attended, collections half as much again as any former one, and a large proportion of the meeting was from my own church. I need not say Lindsay is not in my agency district, and I resorted to this plan after due consideration.

In concluding my report, I cannot refrain from adding how gratified I have been with my reception everywhere. Wherever I have gone I have been met with open-armed hospitality as the Agent of your Society. My tour has afforded me very great pleasure, if only on account of having made the acquaintance of so many noble Christian people of all denominations. But I have also been pleased to see how zealously the very foundation of Christian privileges, blessings, and religion itself is guarded by stout and true hearts

all over our Dominion. So long as this is so, one cannot but feel that Canada is safe, and sure to enjoy a continuance of the favour of Almighty God.

REV. J. G. MANLY.—The year 1884-5 opened with a capital meeting at *Palmerston*. Five choirs united in it, and four ministers of the various churches took part in it. Unusually good attendance, a good report of sale and circulation, a good resolution to extend the operations of the Branch, and a good collection, yielded no small encouragement on behalf of the truth.

*Thornhill* gave a good meeting, a good report of sales, and a good contribution for the general work. *Richmond Hill* about financially equal.

*West Flamboro'* is a young and fruitful branch.

Sunday services at *Welland*, with some reorganization, afford better hope of progress.

The old society of *North Pelham* desires and deserves a double amount of visitation this year, in order to develop its resources more fully.

A special gathering at *Chippewa* afforded a fine opportunity of explaining the work and urging the claims of the Bible Society.

*Niagara*, so fraught with interesting associations and sympathies, gave a good meeting.

Good Sunday audiences and collections at *Smithville*.

*Caistor* had a good report, good speeches, a good secretary and a good collection.

Good Sunday audience and brightening prospects at *Stoney Creek*, after double Sunday services in the *Winona* field.

The third attempt (occasioned chiefly by adverse weather) to get a good meeting at *Beamsville* was the nearest to success.

Scarcely any branch in a restricted field excels *Grimsby*.

*Rainham Centre* takes a new departure and promises well.

*South Cayuga* maintains its good name, by a good congregation, a good public collection, and a good subscription-list. *Dunnville*, too, on Sunday, turned out well in a union meeting, and promised well.

*Cayuga* never did so well before, and never promised so well, evincing a cordial combination of all Christians and Christian teachers for the world's evangelization by means of the Bible.

Good meeting with bad roads at *Mono Centre*.

Our recollection of an interesting meeting at *Shelburne* is deeply shaded by the subsequent death of the excellent president, the Rev. J. Straith.

*St. Catharines* has evidently grown since our previous visitation.

Both *Little Britain* and *Manilla* have made cheering progress.

*Beaverton* meeting largely in advance.

*Cannington* holds on right well in Bible work.

The *Lucknow* meeting evinced life in a snowstorm. Better attendance in better weather at *Kinlough* and at *Langside*. Good meeting at *St. Helen's*. Good Sunday morning audience at *Belgrave*; crowded at *Bluevale*; and capital meeting at *Brussels*. *Atwood* is a good branch. *Trowbridge* revives old friendships and has room for new zeal. *Listowel* admits of much development.

*New Durham*, in good hands, gives good meetings and good help.

*Chesterfield* maintains its high efficiency.

Large Sunday audience at *Washington*, and still larger at *Plattsville*.

*Lynedoch* better than ever.

*Brampton* gives good help, and is capable of much more in the good cause. Who shall stir it up?

*Hillsburg* helpful; *Erin* a fruitful branch.

A good *Temperanceville* meeting in the stone church.

*Minesing* holds on its faithful way.

*Rockwood* meeting, like many others, was thinned by severity of weather. *Eramosa* does right well.

Good earnest meeting in *Nassagaweya* town hall.

The *Beverley* society really belongs to the Kirkwall congregation, from which it should be named, and is truly a model.

The meeting at *Streetsville* was one of much interest and excellence.

*Oakville* also good.

*Jarvis* more encouraging.

*Cheltenham* no less faithful; *Orillia* advancing.

Good meeting in *Paisley* town hall, and also at *Port Elgin, Tara* and *Parkdale*.

*Malton* especially good, and also *Burlington*.

*Norval* meeting hindered by a fierce storm, but to be visited at a better season.

*Ducham, Walkerton, Arkwright* and *Warton* utterly inaccessible in a time of driving storms and thorough snow-block, when neither trains nor sleighs could travel. "A night and a day in the deep" of a snow-bank; and three nights at *Burgoyne* in a storm, without any possibility of a meeting there or of going elsewhere.

Many other branches and branch-meetings might be noted, if the Annual Report afforded room.

I am very thankful that indisposition has not once detained or hindered me through many months of continuous toil, and particularly in a winter of special severity; and that amid complaints of diminished business and dull times, I have found no failure of sympathy with the Bible Society, and no decline to help it. Ministers and people, throughout the wide field of the work, shew a deepening sense of the supremacy of THE BOOK, and the imperativeness of its unrestricted diffusion.

Rev. J. H. MOOREHOUSE.—*Wroxeter*.—Rev. Mr. Brown, Presbyterian Minister, presided. The interest manifested in the work by this venerable and respected servant of the Lord cannot fail to do good. Rev. Mr. Edwards, Methodist Minister, was also present, and spoke in favour of the work in a pleasant and genial way. A good spirit apparently prevailed among those present, and I do not think there is any falling off of interest in the work.

*Lakelet and McIntosh*.—As at *Wroxeter* and *Gorrie*, so here I visited the school, announced the meeting and spoke a word to the children about the work of the Bible Society. We were favoured with a fine evening and we had a fair attendance—much better than last meeting when the roads were almost blocked with snow. Here I was the guest of Mr. Halladay, the Secretary, whose kind hospitality deserves mention. Was thankful to find Mr. Harkness spared another year as President. There are no ministers residing at *Lakelet*, and none being present at the meeting your agent was left to occupy the whole time with his address and no speaker need ask better attention than he received. Found the Depository well stocked and the prices of the books correctly marked. Had an opportunity to speak to three or four of the collectors and asked them to try to bring the contributions up. Said one of them, "we'll do the best we can." The question of territory was carefully discussed, the boundary between neighbouring Branches defined as clearly as possible, and two additional collectors appointed.

*Clifford*.—Arrived here in time on Friday to announce meeting at the school. Meeting in Methodist Church. About one hundred present. The officers here are efficient and the people interested in the Bible Society work. I believe this Branch is doing solid work. Called on all the collectors in the village. Both last year and this year I was the guest of Rev. Mr. Young, whose kind hospitality is gratefully remembered.

*Teeswater.*—It is a pleasure to visit a Branch where the work is so satisfactory as it is here—life, organization, work. At some branches the agent finds the burden heavy, but at others like this there is comparative freedom and rest. Progress is being made.

Rev. J. L. MURRAY.—In reporting my labours as provisional agent of the Upper Canada Bible Society, for this year, I am happy to state that there is general progress in the division committed to my oversight. Nearly all the Branches visited by me manifest an increasing interest in the operations of the Society. In no place did I meet with opposition or actual indifference, and in general I received a cordial welcome on account of the Society I claimed to represent. Not indeed that any Branch or any individual member of any Branch has fully realized the importance of the Bible Society, or has given a tithe of what the relative claims of the Society demand. Still it is encouraging to find the interest deepening, the attendance at annual meetings increasing, and the contributions becoming more liberal.

*Embryo.*—This branch sustained a serious loss since my last visit. The veteran Bible Society worker, Donald Matheson, Esq., J.P., ex M.P., who had been the honoured President of the Branch for many years, and a prominent worker in the good cause for nearly half a century, was called away by death a few months ago. No other man's removal would have been so seriously felt. The Branch, however, is strong, and the interest taken in the Society's operations is not on the wane. Elder Hugh S. Mackay, who succeeds Squire Matheson in the Presidency, is a foremost man in every good work. The other officers are live intelligent men, and the cause will not flag. There was a good attendance at the meeting and good speeches were given by Rev. Messrs. Scratch, Munro and Silcox.

*Ingersoll.*—To have an agent visit Ingersoll is like carrying coals to Newcastle. Mr. R. Kneeshaw, who is Secretary-Treasurer and Depositary, is one of the most devoted Bible Society workers in all the land. Then the esteemed President of the Branch, the Rev. E. M. Bland, Rector of the English Church there, and all the other clergymen of the place, seem to emulate Mr. Kneeshaw's zeal in the cause of the Bible Society. It warmed my heart to join in a brief private prayer meeting of the clergy and officers of the Branch in the Lecture Room of the church before the public meeting in the auditorium. It was led by the President in a loving, evangelical Christian spirit. The annual meeting of the Branch is always held during the week of prayer, consequently there were no annual reports read at our meeting in November. Subscriptions for the Bible Society are taken up in Ingersoll four times in the year, and as a result a free contribution of \$200 is made year by year to the Society.

*Innerkip.*—February 9th.—I visited the Innerkip Branch. The morning of that day was promising, the weather being fine, ominously so, remarkable for the month of February. The afternoon had a different tale to tell. Rain fell fast and froze as it fell. Towards evening it became doubtful whether the announced meeting could be held, yet to my astonishment the Lecture Room of the Church was nearly full. "Divers of them came from far." The venerable President of the Branch, Mr. McBeath, though enfeebled by age and by a recent accident, drove four miles through the rain-storm to perform the duties of his office at the meeting. Mr. Hill and the other officers are also earnest and efficient men. Rev. Mr. McKinlay (mine host), gave a good address, and the choir furnished inspiring music. All things considered I regard this as the very best Bible Society meeting I have yet attended. The interest shown and the sacrifice of comfort implied in coming to a meeting in the face of such difficulties at least made a decent approach to what might be expected from Christians for the Bible Society.

. . . .—So closed my work for the season, which, on the whole, I have enjoyed unusually well; almost everywhere the symptoms of vitality are stronger than they were last year. I feel confident, that as a practical evidence of it, there will be increased liberality in the free contributions remitted to the central fund. Of course the cry of hard times greeted me everywhere. The financial stringency is sorely felt throughout all our land. Perhaps the main cause of the crisis, through which we are now passing, is the meanness of our contributions as a Christian public to charitable and religious objects. Even Christians forget the claims of Him who says, "There is that scattereth and yet increaseth, and there is that withholdeth more than is meet, but it tendeth to poverty." "The silver is mine, and the gold is mine." "Freely ye have received, freely give." "Prove me now herewith, said the Lord of Hosts, if I will not open you the windows of Heaven, and pour you out a blessing that there shall not be room enough to receive it;" and, again, "Honour the Lord with thy substance, and with the first fruits of all thine increase, so shall thy barns be filled with plenty, and thy presses shall burst out with new wine." Even Christians do not take God at his word in these wonderful promises, and they are poorer in purse and in soul as a necessary consequence. Where can Christian liberality find a more legitimate outlet than in spreading the Word of Life among those who are perishing for the want of it? Verily the Lord hath a controversy with His church for her unfaithfulness in this department of the work assigned her. If the whole church should be roused from her torpor, and spiritually quickened and energized, the outflow of her liberality towards the spread of God's gospel would double in one year. A revived church means a replenished treasury. "Oh! Lord, revive thy work in the midst of the years."

Rev. R. McCOSH—*Blyth*.—The night was intensely cold, but this did not appear to interfere with the success of the meeting. There were about 200 present, who listened attentively to the addresses delivered. This branch is well organized, and the officers deserve credit for the efficient way in which they discharge their duties. The meeting was addressed by Rev. Mr. McLean and Rev. Mr. Fisher.

*Clinton*.—Meeting was held in Methodist Church, and notwithstanding the cold, was very well attended, although the attendance was considerably smaller than last year. The resident clergymen were present, and spoke briefly. Mr. J. C. Stevenson, the energetic Secretary and Treasurer, is a zealous and excellent officer, and the success of this Branch is largely due to his untiring devotion.

*Goderich*.—Splendid meeting in the Church of England Sunday School Hall. I am glad to say that everything is now working smoothly. Capt. Gibson, the excellent President, occupied the chair, and spoke with vigour and earnestness. He deserves great credit for his self-denying labours. I have good reason for believing that this Branch will do well in the future.

*Varna*.—Good meeting in the Methodist Church. Resident ministers were present, and delivered excellent addresses. This Branch is fortunate in possessing excellent officers, who are certainly devoted to the work.

*Brucefield*.—Meeting was held in Methodist Church. George Walker, Esq., the able Secretary and Treasurer, read a very able report. He is a splendid officer; would there were more like him. Rev. John Ross, President, delivered an excellent address. He is a warm supporter of the Society, and renders valuable help.

Rev. H. D. POWIS—*Unionville*.—Held a good meeting. Rural Dean Fletcher presiding. Mr. Fletcher has rendered valuable service to the Bible

cause here. Several ministers took part in the proceedings. The Depository is in good order. The subscriptions promise well.

*Stouffville.*—Held a meeting here. Through the great zeal and wisdom of Mr. Stouffer, everything here is in good shape. The Presbyterian Church was well filled by a very intelligent audience. The chair was taken by the President, Rev. Mr. Unsworth, and six or ministers took part in the proceedings. The Depository, which I inspected, is in good order.

*Markham.*—The meeting was held in the Presbyterian Church, and presided over by the President, James Speight, Esq. The officers of the Society were mostly re-elected, and the active Secretary, Dr. Crowle, at the urgent request of the agent, consented to re-election. The Rev. F. Smith is a good friend of the Bible.

Rev. J. V. SMITH.—I have once more paid a visit to all the Branches in this section of your Society's work. In some localities I found the friends of the Society doing a noble work; but in others there was far from a general interest in the operations of the Society.

I am persuaded if the churches would only take hold of this glorious work, with that energy and enthusiasm, which it justly claims, you would have a vastly more encouraging report to present at the end of the year, than the Society has hitherto done. I believe, however, there is a marked improvement in this direction, and I have often been pleased to see the various churches in different places so well represented by both the laity and the clergy.

*Forest.*—This Branch seems to be doing very well. Dr. Hutton, the President, appears deeply interested in the welfare of the Branch.

*Camlachie.*—This Branch has largely increased in interest and attendance at the annual meetings during the past three years, which is no doubt largely to be attributed to the vigorous policy of its President, Rev. J. Wilson. The Episcopal Church, in which the meeting was held, was well filled with a congregation who seemed to manifest a deep interest in the operations of the Society.

*East Williams.*—The record of this Branch is characteristically good. . . . I have every confidence that its future history will be as onward and praiseworthy as its past has been.

*Sarnia.*—This Branch made a large advance last year over the previous year. Though business is dull, and times are hard, I believe it will do as well if not better this year. The public meeting was large and enthusiastic. . . . Sarnia is a warmhearted well-wisher of this good work.

Rev. S. L. UMBACH.—*Waterloo.*—The sheriff of Waterloo County is the President of this Branch, and fills this office well. Reverend Messrs. Dierlamm and Bowers were present, and gave able addresses in the German and English languages. The meeting was good. The Depository is well kept by Mr. C. Kumpf. The Waterloo Branch will prosper. Over Sabbath I remained in Waterloo attending to my own work, but I put in a word wherever opportunity offered for Bible work.

*Mildmay.*—Reached here just in time to have the meeting announced in the public schools. The day was favourable until near the hour of meeting, when a heavy thunderstorm came up, yet the spacious Evangelical church (German) was nicely filled with people anxious to hear on this important subject. All the resident ministers were present, and the Reverends S. Weber and D. Rich came from a distance to attend the meeting. The addresses by these clergymen were good, and the singing by the two choirs in the German and English languages alternately, was most inspiring, and contributed much to the success of the meeting. The officers take a great interest in the work.

*Hespeler.*—The attendance was good, and the meeting profitable to all present. With a staff of officers such as are now managing the branch success will not fail. This is one of the best branches in my field. The choir gave us excellent music.

*New Hamburg.*—The attendance was good, F. Merner, Esq., the efficient President in the chair. The Revs. G. F. Schwarz, Jno. Umbach and Robertson were present and took part in the exercises. The Depository is doing good work in selling Bibles. The Branch is in good condition.

. . . . . On the whole I had no failures in my meetings, the smallest audience being in *Ayton*, and yet the meeting was good and profitable. One good feature in the meetings was that they were well attended by the young people. The rising generation must carry on the work, and the earlier we can enlist them the better.

Rev. Jos. YOUNG.—*Grafton.*—I was very much pleased with the spirit manifested and the interest taken at this point.

*Coldsprings.*—This branch embraces three points, namely, Cambourne, Coldsprings and Plainville. The meeting was held at Plainville. The night proved to be very cold and unfavourable, but quite a large congregation assembled, the meeting was held in the Methodist Church, and the choir kindly came and gave us their services. The Rev. Hugh Pedley, B.A., President of the Branch, occupied the chair, and briefly and appropriately addressed the congregation, also Rev. H. E. Bailey, the junior minister of the circuit. As the agent of the Society I spoke, and placed before those present, the work and claims of the organization.

*Colborne.*—Meeting held in the Methodist Church. The president, J. M. Grover, Esq., has just passed through a very severe illness, but his love for the Bible Society has not declined, and he was re-elected to his former position as well as the other officers.

. . . . . In all cases I urged the necessity of an immediate and vigorous canvass.

*Warkworth.*—By previous correspondence, and an interest on the part of the officers and resident ministers, everything was in proper order and the attendance good. The meeting was held in the Presbyterian Church. The Pastor, the Rev. Mr. Sutherland, and Rev. Mr. Buchanan, Methodist, were present, and gave us hearty co-operation.

## EXTRACTS FROM COLPORTEURS' REPORTS.

J. E. TAYLOR.—May, 1884—*Algoma.*—The people were very glad to see me and to get cheap Bibles for their children, but on account of the early frosts last year their crop of wheat has been lost, so that the people had to buy their flour all the winter and have no money to spare. This is a very hard summer for the poor settlers in this part. Had the people money I should have sold a great many Bibles this summer. After I got to the north shore I had to lay off my way at Basswood Lake, where I found a number of settlers, but very much scattered. The next was Desert Lake, where I found some settlers. This is a very fitting name for this part of Algoma—a wilderness. I then turned to the east, to Day Mills. This is about twelve miles from the North

Shore. There are quite a number of settlers in this place, but very poor and not able to buy much ; I then continued on to the east to the Mississauga River. This part is very swampy ; there are no roads as yet. There are a few settlers in this way. They were very glad to see me with the word of God for them. This is a great wilderness through this back country, but the day may come when it will be a fruitful plain. Next month is the fly season, so that I must look out for flies. I trust that I shall do more next month.

June.—I am still travelling back of the North Shore of the Georgian Bay ; I find the settlers very much scattered in this part of Algoma. The people were very glad to see me with cheap Bibles, their crops having failed them last year, so that they have very little money to spare, as you will see I have had to give away a number of copies this month. I found them very short of Bibles, and very glad to see me ; this was back on the east shore of Lake Superior. My next place was at Blind River, where I found a number of lumbermen. There are not many settlers in this part and very little good land. My next place was at the Serpent River ; not many settlers there, although I found a number of lumbermen. A good many were Frenchmen ; I sold one French Bible and a number of English. As for the railway men at Algoma Mills they have all left for the main line, so that the way to reach them will be by Lake Nipissing. The main line is about 100 miles from Algoma Mills up to Sudbury Junction, and no trains running so that I cannot get back on the main line at present, but we must try and reach them by some way this year.

November.—*Thorold*.—I find there are a great many poor people in this part of Ontario, and a great number of men out of work, so that I find it very hard to get money ; but the people are very much in need of God's word and very thankful for the Bible Society circulating it in so cheap a form. As you will see I have sold a large number of Bibles this month. If I had not had the cheaper ones with me, I am sure they would have been unable to buy, so that this has been a God-sent blessing to many a family. I have sold 279 copies of Scriptures. A disadvantage I am labouring under is that I have to contend with so many Roman Catholics. I am thankful, however, to report that I have been able to sell a number of Testaments to them. It is a masterpiece of the Devil's invention to keep the people in darkness. I have visited a great many Roman Catholic families this month, and I am convinced of this that if we could get them to read God's Word it would give light in their darkness. Consequently, having extreme poverty on the one hand and Roman Catholicism on the other, I have had a hard month's work of it. The prayer of my heart, however, is that God may bless his own Word and save the people. I am trying in every way to make our Society more widely known in this part of our field.

FRANK ASTON.—June.—*Port Perry and Cannington*.—The people are everywhere pleased, and many of them much surprised, at the cheapness of the Bibles and Testaments.

July.—*Brock and Uxbridge*.—This district has been somewhat discouraging in some respects, but on account of finding more than the average number without Bibles or Testaments, I have thought it well to go steadily on. I do trust that those who received Bibles and Testaments through the Society may be led to study them until by the blessing of God they discover an unknown treasure. In a quiet way I generally get them to promise to frequently read a portion.

August.—During this month I have found less want for cheap Bibles, on account of the Depositories being well worked and well stocked in this neighbourhood, but I have found more families without a Bible at all than in many other districts ; among the latter well-to-do farmers with 100 or 200 acres,

who were willing to buy several when brought to their doors. The small landholders are extremely short of money until the markets open for grain.

September.—*Pickering*.—Many have expressed pleasure when they have been told the wonderfully low rate of charges for the Bible Society's Bibles, but cheap as they are I find several unable to buy. This, however, may be but a temporary scarcity of money, on account of the farmers refusing to sell their grain at such a very low rate. I expect in two days' time to be labouring among the lumbermen and others at Kinmount and neighbourhood. Have heard there are many there who unhappily do not feel their need of the Bible.

October.—*Fenelon*.—In the district surrounding Kinmount, I am convinced that Colporteur work is of the greatest importance. The ground is poor for agricultural purposes, and far, far too much of the people's small earnings goes in whiskey. Many were very glad to get the cheap Bibles of the Society. Some cannot read, and so to read a chapter or two from the New Testament, and give a short explanation of it, is appreciated. Many are quite removed from Christian influence, never go to any religious service, and often ministers are under the impression they belong to some other denomination, and so do not call upon them. Speaking of the Bible often opens the way for many to confess how much they have neglected reading it, and gives us an opportunity to point out the responsibility of those who have this revelation of the will of God and yet neglect to study it. May the Lord bless the short but sincere exhortations given from time to time.

December.—*Verulam*.—The above township includes Bobcaygeon. I have found it a very suitable place for a Colporteur, I found many only poorly supplied with Bibles. With talking so much about Bibles, and their neglect, as well as selling and giving them away, the ministers in this neighbourhood have been talking to their congregations and asking them to bring their Bibles when they come for worship. Many were much surprised at the smallness of the prices. A minister, now in the United States, writes to a friend near here, and states that he has to pay about double the price for the cheap Testaments and Bibles wanted for the Sunday-schools, to what he used to pay the Upper Canada Bible Society. My prayer is that everywhere the people may be led to search the Scriptures.

January.—*Emily*.—It has given me great joy to hear numbers, whose eyesight has become defective, say that since they have got the cheap large print Bibles they have read the Scriptures at least five or six times as much as they did previously.

H. DOBSON.—August.—*Walsingham*.—The front part of the township where I have been working is very good, and as you will see by the statement very few calls were made for reductions in price or free distribution. I find great ignorance in regard to the Bible Society and its mission, and cannot but think that the work of the Colporteur must greatly benefit the Society in the future. Never a day passes but I meet cases where the introduction of the Scriptures in this way just seems to be the very thing needed, and I leave the home with a thankful heart that the Bible Society doing good work for the Master. I have sold nearly all classes of books, but at the same time no books I sell, in my opinion, are so suitable and meet such a want as the smallpica Bible and the pica 4to. Testament. The introduction of these large print and well bound cheap Bibles will create a greater interest in reading the Scriptures. As I get back from the lake the country gets poorer, and there is a large portion of this township and that of Charlotteville that is almost a sandy desert, and I will require a good deal of patience and hard work to canvass it. As far as my own personal experience is concerned, I may say I enjoy the work very much, although the weather

has been so extremely hot and the loads of books very heavy. I found the trouble of getting books moved from place to place quite an item, as well as expensive, as we are so far from railways.

September.—*Walsingham and Charlotteville.*— . . . . . Began to be a little discouraged, but before long I would meet a case or two that repaid me for all the toil and rebuffs I had experienced, and caused me to praise God for the privilege of bringing the Word of Life, and being able to direct a soul to some precious truth therein. The portion of the township I am working now is very broken and hilly, the houses in some parts miles apart, and the people not in good circumstances. The work is much harder, and nothing but a love for the work of the Master would induce me to continue. As I said in my last report, the Pica Bibles and Testaments meet the want of the people better than any other, and will increase the reading of the Scriptures very much.

November.—*Walsingham.*—Through the loving kindness of my Heavenly Father, I am permitted to present to you my report for the month of November. It is not all I would desire, but I have the satisfaction to say it is the best I could make it, considering all the circumstances. Every day brings its trials and discouragements, and sometimes I think I cannot endure it much longer, but the blessed promise of the Master, that, "He will not allow us to be tempted above what we are able to bear," is fulfilled every day. As an example, take the work on Friday. I called at twenty houses and sold nothing, two more I sold three books, and in one I gave one for my dinner. It was nearly dark, I was  $4\frac{1}{2}$  miles from my boarding-house, I saw two houses further on, and was very much tempted to leave them, but duty forbade. I went and found them both without a Bible, gave each of them one. Thanking God and the Bible Society, I came back with a glad heart.

December.—One grand feature of the work is, in showing to the world that there is in existence a Society that is undenominational, imbued with Christian charity sufficient to send the Gospel to the homes of the people at a price that practically amounts to a gift. The most careless and profligate have not a word of fault to find. A few incidents of Saturday's work may not be out of place. I found an old couple aged 87 and 78, without a book that they could read comfortably, very poor, and Christians, and gave them a large print Testament; another poor family, pictures of wretchedness, with only a small torn Bible, gave them a ten cent large print Testament, for which they were very thankful. Also had the satisfaction of selling a small-pica Bible in a Catholic family.

January.—*Houghton.*—By the sustaining grace and upholding of my Heavenly Father, I am (if not able to mount up on wings as eagles, or run and not grow weary), able to walk and not faint, which, in Colporteur work at least, is the higher grace of the three. Although laid aside for a week from having a very sore foot, I was enabled to continue without the loss of an hour during all the cold and storm of the month. I found very few without the Scriptures in some form, but a great many wanting books such as I have often spoken of in my former reports, but the unusual pressure of the times prevented very many from getting these.

P. CROMAR.—January.—*Oro.*—Around Craighurst, quite a new life among the people, a great many eager to possess a copy of the Scriptures; meetings every night in the English Church, people here are in earnest. . . . . Came to Edgar, like meetings going on in the Congregational, Baptist and Methodist Churches.

JOHN JACKSON.—December.—*Macanlay.*—On coming to Bracebridge, I called at the Roman Catholic priest's house; the housekeeper, a woman about 35 years of age, could not read a letter, and did not know what a Bible was

for. Thus, we find ignorance and popery go hand-in-hand. The last three days we have had a very heavy rain, and nearly all the sleighing is gone. I have given a Bible to a poor man that had lost all he had through a fire.

January.—*Strong*.—This has been a very severe month. I have suffered more from cold this month than I have ever done before. I have had my ears frozen for three or four days together, and since I came to these back townships, I often travel miles without seeing a house, nothing but bush. I have given away two Bibles, both to persons who had the misfortune to be burnt out.

## ANNIVERSARY MEETING.

---

The forty-fifth Annual Meeting of the Society was held in the Metropolitan Methodist Church, on the evening of Wednesday, May 20th, beginning at half-past seven o'clock.

The chair was occupied by the Hon. G. W. Allan, President of the Society. After singing, the Rev. Hugh Johnston, B.D., pastor of the church, read a portion of Scripture, and led in prayer. The President then delivered the following address :—

MY CHRISTIAN FRIENDS :—

It is my pleasant duty to bid you welcome to this, the 45th annual meeting of the Upper Canada Bible Society, to receive a report of what has been done for the Bible cause during the past year, and to have our hearts, I trust, stirred within us, and we ourselves incited to greater and more persistent efforts in the good work, by the eloquent words, which I know will be addressed to us by the speakers, whom it is our good fortune to have present with us on the platform this evening.

The Society's year, which has just closed, is spoken of in the report as being upon the whole "satisfactory and progressive;" and that, notwithstanding "depression in commercial circles, low prices for agricultural products, and a winter of more than ordinary severity."

Under these circumstances, we may perhaps be satisfied to find, that the Society's income from all sources, is but a trifle below that of 1884; while the number of Bibles and Testaments issued from the Depository in Toronto, during the year, is between 4 and 5,000 more than during the last year. But, my friends, I put it to you whether \$30,000 or \$31,000 is such an income, as this great, wealthy, prosperous Province of Ontario, should be satisfied with contributing, to a Society, which should unite in its support, every Christian man among us, who loves his Bible, and who believes that that blessed book contains the precious message of God's love and mercy, which it is our bounden duty, to send far and wide, wherever there are souls to be saved.

Now, take the city of Toronto subscription list alone. It certainly seems to me, that barely 400 names can scarcely represent the sum total of those, out of the whole population of this city, who are willing to contribute out of their abundance to the dissemination of God's Holy Word.

My friends, this list ought to be doubled, trebled, and I do earnestly trust that one effect of this gathering here to-night may be that God's blessing may so rest upon the words, which shall be spoken by those on this platform, that each one in this large assembly, shall not only be stirred up to give more liberally themselves, but to use their influence with their friends, their neighbours, and acquaintances, to induce them also to help in the same blessed work.

Allusion is made in the report to a very timely and fitting gift of Bibles and Testaments to our volunteers, who have been so nobly doing their duty in putting down rebellion, and restoring law and order in the North-West.

Deeply as we must deplore the loss of valuable lives, and the sorrow and mourning brought into many a household, aye, and the suffering and death

which these misguided men, who have taken up arms against their Sovereign have entailed upon themselves ; yet, may we not thank God for the unselfish, unflinching devotion to duty, which our brave volunteers have displayed from the day they were called forth from their homes to this present hour.

Yes, my friends, and much more may we thank God for this also, that not only will these copies of His word, which this Society has furnished to our volunteers, be valued and appreciated by those to whom they have been sent ; but we know that the blessed teaching of that Holy Book has filled the heart and guided the life of many a brave young fellow now at the front ; and that in the case of those who have fallen, there are parents and friends, who have the best, the highest consolation that can be afforded to them in their deep sorrow ; that the son or brother taken from them, was not only loyal to his earthly Sovereign, but a faithful soldier of Jesus Christ, and was as ready to meet the last great summons, as he was the call of duty which led him to a soldier's grave.

There is a further duty though, which it seems to me devolves upon us in Ontario, arising out of these unfortunate events, and that is, to redouble our efforts to send forth the Gospel of Peace into these North-West Territories, so soon as the course of events shall afford an opening for doing so to good purpose.

How know we into how many hearts, now dull and hardened by ignorance and superstition, it may not, by God's blessing, find an entrance, or what may not be done by little and little, to send the bright rays of Gospel light into quarters where now darkness and error have sole sway.

In regard to the share which our Society is taking in sending forth the Bible into other lands, the report informs us, that we have sent nearly the same amount as last year, viz., a little over \$7,000 in free contributions to the British and Foreign Bible Society.

I shall not trespass upon your time in alluding to the work of the Parent Society during the past year—for doubtless this subject will be taken up by some of the speakers this evening—further than to mention this one fact, that their issues of God's word for the past year amounted to something like 3,118,000, of which nearly 1,000,000 are penny Testaments.

It may be in the recollection of some who were present at our last annual meeting, that I ventured to express the earnest hope on that occasion, that we, the members and friends of the Bible Society, if we really loved our Bible, and believed that to its teachings we owed all that was pure, and upright, and good in our social system, would not rest contented with anything less than that the teachings of God's Holy Book should form part and parcel of the education of the children of this country, and that in every public school and collegiate institute in Ontario, some portions of the Bible should be daily read by teachers and scholars.

I am most glad and thankful therefore that this most important subject of the study of the Scriptures and religious teaching in our public schools attracted, as you are all aware, the earnest attention last year of the Synod of the Church of England in this Diocese, of the Conference of the United Methodist Church of Canada, and of the Assembly of the Presbyterian Church in Canada, and resolutions were passed in all these bodies agreeing to co-operate with each other in pressing the subject on the attention of the Government.

The result of all this was the formation of a Committee from these various bodies at the instance and under the direction of the Minister of Education, to consider and prepare a selection of Scripture Readings for the use of the Public and High Schools ; and now under the authority of the Department of Education, a very excellent selection has been drawn up and published,

and by an Order in Council, passed on the 16th of December last, it is declared that these Scripture Readings are to be used daily in every public and high school. True it is that these portions of Scripture are to be read without comment or explanation, and I could heartily wish that this were otherwise—but nevertheless, may we not humbly trust that the Spirit of God speaking through His Word, will so impress that Word upon the hearts of the little ones, that the good seed may bring forth abundant fruit hereafter.

Certainly, if these regulations are faithfully carried out, we shall lay a surer and more solid foundation for the future happiness and prosperity of this community than by the most perfect system in other respects of secular education, but in which the Bible is ignored and its teachings neglected.

I cannot close my remarks without alluding for a moment to those members of the Society whose names are mentioned in the Report as having been taken from us by the hand of death since our last annual meeting. Among our Vice-Presidents, Professor Buckland and the Rev. Dr. Fuller, the late Bishop of Niagara; and of our Directors, Mr. Samuel Rogers, Mr. F. A. Ball, and Colonel Moffatt. All of them, as the Report very truly states, highly valued members of the Board, and active workers in the Bible cause.

Nor can I omit another name, that of the late Mr. James Lesslie, who, though not latterly a director, was always a warm friend and liberal supporter of the Upper Canada Bible Society.

With all these gentlemen I had been on terms of friendly intimacy, but with the late Colonel Moffatt more especially I had been very closely associated for many years, and had, therefore, special opportunities of learning and appreciating his thoroughly christian character—unselfish to a degree—humble minded and unobtrusive, yet firm and manly in his support of what he believed to be the truth. The Bible cause had no more zealous supporter, nor every benevolent Christian work a readier helper, than Colonel Kenneth Moffatt.

There is one other subject which is alluded to in the Report, and which I cannot pass over. It is the loss which the Society has suffered in the resignation, in consequence of ill health, of the gentleman who for the last 10 years has filled the important office of Permanent Secretary, our friend Mr. Robert Baldwin. Mr Baldwin's appointment in 1875 gave great satisfaction to the members of the Society, because they believed him to possess special qualifications for the work, a belief which has been in every respect most fully and amply justified. I think too that there was a strong feeling of pleasure in the minds of many at seeing Mr. Baldwin more closely connected with the Society, bearing, as he does, the honoured name, and being the son of one who for so many years filled the President's Chair, and who to the end of a long life had ever evinced a deep interest in all the objects of the Bible Society.

It would be difficult to find any one whose heart was more thoroughly in his work than Mr. Baldwin. I need scarcely say that his resignation was accepted by the Board with extreme reluctance, and I am sure we all heartily re-echo the wish expressed in the report, that though no longer our Secretary, he may be spared to give us the benefit of his presence and counsel for many years to come.

I shall not detain the meeting any longer, but call upon the Secretary to read the Report.

The Rev. J. M. Cameron, seconded by Warring Kennedy, Esq., then moved the adoption of the Annual Report, which had been printed, and distributed in the pews; which was carried.

The Rev. W. L. Blackstock, seconded by James Brown, Esq., moved the first resolution:—"That thanks be given to the Officers, Committees, and

Collectors of the various Branches throughout the country, to whose zeal and energy the Society is so much indebted; and that the following gentlemen be Officers and Directors of the Society for the ensuing year:—(See list of Office-bearers at beginning of this Report). This motion was also carried.

The Rev. H. B. Ridgeway, D.D., of Evanston, Illinois, moved the second resolution, as follows:—"That the Bible being its own best witness, needs only to be freely circulated as the true Conservator of the highest welfare of mankind."

In supporting this resolution the speaker proceeded to say in substance:

1. We see the capacity of all truth, even what is called physical and intellectual truth, for progress. That which in statement corresponds to reality in the nature of things has a vitality—which sooner or later asserts itself and becomes recognized. A theory may be advanced in natural science which at first is rejected, yet, because true, it steadily advances until its claims are approved. The same law is illustrated in the domains of taste, and in social and political conflicts. Turner's painting was at first decried; Ruskin vindicated his method and now all England crowns him. When Mr. Seward arose in his place in the United States Senate, and uttered with calmness the sentence, "Sir, there is going forward in this land an irrepressible conflict between free and slave labor," he was almost universally condemned; but the truth has worked until slavery has been eliminated from the social and political body of the American nation.

2. If the law of an inherent progress holds good for what we term natural truth, how much more must it stand fast for God's highest moral truth, which is embodied in His word. God has magnified His Word above all His name. High as His name stands written upon all the works of Creation, in the Holy Scriptures it stands higher. His revealed word is the final and completed expression of His power, wisdom and goodness. The Gospel of Jesus Christ is the utmost reach of the Divine thought. It is fair to suppose, therefore, that all the lower works of Creation would be made subordinate—as is seen in the analogies of life—to this Word, and would be rendered tributary to its maintenance and spread. Consequently, far from any contradiction existing between Nature and Revelation, as the teachings of both are more perfectly ascertained there is found to be the closest harmony, and the facts of science are constantly shedding new light on the facts of the Scriptures. The discoveries of Natural Sciences, of Archæology, of Comparative Religion, &c., are more and more illuminating the Sacred page. Then, too, these discoveries as applied in what is called the practical arts, are converted into vehicles for the spread of the Bible. Mr. Lecky said the Reformation of Germany would have been impossible without the printing press. Martin Luther's appeal was from the traditions and corruptions of Romanism to the Word of God. Hence it was indispensable that the people should have the Word in their own tongue, that they might see in it the great doctrine of Justification by Faith. Undoubtedly the movable types gave wings to the doctrines of the Reformation. So steam and electricity have become effective agents in this work. Let a man consider how the steam-press has not only multiplied but cheapened the Bible! Now the Bible is readily placed into all hands, especially in civilized nations, and through the active religious, scientific and political spirit of the age its study and proclamation were never so general as now. And what hidden agencies for its vindication and diffusion may yet be brought out it is impossible to conjecture.

3. Men cannot consent to dispense with the Word of God because of its adaptation to meet their deepest wants. God who knows what is in man, has so suited His revealed Truth to his necessities, that men cannot consent in their hearts finally to reject it. They find here what they do not and can-

not find elsewhere. It appeals by its self-evident truthfulness to the moral nature. When the woman of Samaria conversed with Jesus at the well, His words so penetrated her, that in her eager haste to speak of Him to her countrymen, she bounded away, forgetting her watering pot at the mouth of the well, exclaiming, "Come, see the man which told me all things that ever I did; is not this the Christ?" Mark the transition from He told me all things that ever I did, to—Is not this the Christ? The fact that He had read her life, had held up to her her own heart, proved to her His Divinity. And so it is, the best proof at last of the divine origin of the Bible is that it reveals every man to himself. It not only makes known to the heart what it is, but satisfies all its yearnings. As long as men are groaning under the weight of sin and guilt, they will welcome the glad evangel of pardon; so long as they are burdened and baffled with corruption, they will welcome the doctrine of freedom and purity; while they continue in a world of light and darkness, surrounded by the painful and inscrutable occurrences of the present life, the teaching of a divine overruling Providence will be sweet to them; and most of all, so long as the earth is filled with the dead and dying, and our homes and hearts are made desolate by the great Destroyer, men will hail the wondrous declaration of the Cross, "I am the resurrection and the life, he that liveth and believeth in Me, though he were dead, yet shall he live." On all these points, vital to human happiness, all other systems except revealed religion are either vague, uncertain or silent; it alone gives forth a certain sound. And I cannot think while human nature is what it is, that it will finally and universally turn away from such positive truth in its direst need.

4. The Bible has additional guarantee for its preservation and spread, in the constitution of that special organ for its teaching, found in the Christian Church. Particularly is this seen in the organization and perpetuation of the order of the Christian Ministry. Here is a class of men called and qualified by God, for the simple work of explaining and enforcing the truths of Holy Scripture. Provision is made that this class, not by the transmission of birth-right, or arbitrary rule, but by the free movement of the Holy Ghost, shall exist through all time, and disciple to Jesus all nations.

And mark the providence which has been over the preachers of God's word! When one great and effective preacher has been set aside by sickness, imprisonment or death, a successor has been quickly raised up to carry forward the work. Herod beheaded John the Baptist, but soon Jesus was abroad, preaching, "the Kingdom of Heaven is at hand." The Jews crucified Jesus, but ere His death, He had called disciples and sent them forth—and from His open sepulchre they went everywhere heralding His death and resurrection; the Sanhedrim condemned Stephen, and as he died, with uplifted eyes looking into Heaven, lo! among the mob which stoned him, was a young man whom the spirit of God had already selected to utter a grander testimony to the Gospel than ever he had done; and now Saul of Tarsus, armed with letters from the Chief Priests, was on his way to Damascus to drag to prison and death the fugitive disciples of the Nazarene, and as he neared the city and was about, as a vulture, to swoop upon his victims, lo! a light above the brightness of the sun, flashed about him, and a voice came from the brightness, "Why persecutest thou me?" He fell to the ground the fierce persecutor, and arose Paul the Apostle of Christ to the Gentiles. Thus commissioned of Jesus, he began to preach at Damascus, and ceased not until he had declared the Gospel throughout the whole world. He was seized and beheaded near Rome. On the traditional site where he was martyred, stands the Church of the Three Fountains. Each fountain, you will be told, marks the spot where his head struck, bounded and rebounded—as though

prophetic of the agencies and influences which would spring up after his death. The evangelists and elders whom he had ordained in every city were all abroad, carrying forward the work which he had so nobly begun. In an orchard back of Constance is a huge boulder with the simple inscription, "John Huss, of Bohemia." There Huss was burned. As the fagots were lighted, he is said to have exclaimed, "To day you roast the goose"—Huss being the name for goose in Slavonic—"but from the ashes of the goose will arise a swan which you cannot burn." Martin Luther, seeing this legend, said, "I am that swan," and adopted the saying for his heraldic motto. When John and Charles Wesley stood over the open grave of John Fletcher, Charles Wesley sang, "God buries his workmen, but carries on his work." Thus it is in all generations—The fathers die, but the sons arise in their places to perpetuate their fame, and to reproduce their deeds.

The providence of God is also seen in that the propagation of the Word is carried forward, not only by a constant and truly apostolic succession, but also despite the infirmities and mistakes of these agents while they live and work. Preachers are but men, with all the limitations of human nature, and they are liable to error. Peter and Paul differed in opinion, so much so that Paul felt obliged to rebuke Peter; Barnabas and Paul separated because of a dispute about John Mark; Luther and Zwingli could not agree touching the Sacraments, and this at a time when their agreement seemed vital to the Reformation; Wesley and Whitfield, early in the Methodist movement, could not act together because of a divergence of doctrine; and yet in all these instances the Word of God, mightier than man or any combination of men, grew and multiplied. In your own and our country, nearly all the great protestant denominations from one cause or another, chiefly through misguided leadership, have divided asunder, but religion has spread, and in no land to-day is the Bible so much respected and so influential. Thanks to God, its spirit of love is bringing in healing and peace, and the denominations where breaches have existed, are coming together in unity!

In this connection another thought must be suggested: This Word has continued not only despite the errors of ministers, but also, notwithstanding the faults and sins of the whole body of believers, the Church itself. It is a common objection to the Divine origin of the gospel, that the Church is so far from being holy. On the human side, this objection is forcible, but on the Divine side it is an argument both for the gospel and the Church. Christ came to save sinners; and the Church, if it exist at all, must be composed of saved sinners, men in whom the taint of sin must ever remain while they are on earth; it was, therefore, unavoidable that a church constituted of such sinful and imperfect beings should be liable to defects, lapses and corruptions. And the fact that the Church, notwithstanding all its faults and sins, has been preserved is the marvel of history. The Christian Church and the Roman Empire were born about the same period. At that time what was the Roman Empire and what was the Church? The Empire inheriting all the resources of the Roman Republic was mistress of the world, its name the synonym of power; into its treasury rolled the wealth of all lands; its edicts were enforced by irresistible legions among all known people; Rome itself, was the concentration of learning, art and luxury. There she stood, pride of the nations. And what the Church? A few despised and persecuted people scattered here and there through the Empire, without sword, money, prestige or power. At Rome all there was of it was in the person of Paul the prisoner, and a few timid disciples. The contrast could not possibly be greater. Eighteen centuries have passed. To-day, what is Rome, and what is the Church? Rome has gone, its capitol in ruins, its palaces heaps of rubbish; its forum a cattlé-

pen until a few years ago, the existence and meaning of which the common people understood no better than the cattle which they herded ; and all the far-reaching provinces with their capitals, monuments and viaducts and roadways fallen into decay. Naught exists of great Rome, only as her ideas and laws have passed into modern civilization. But the Church is as fresh and powerful as the day it was born ; its triumphs and its institutions are filling many lands ; its missionary forces are marching into all countries ; its presence is marked everywhere by the fruits of peace and plenty ; where it goes there the sciences and the arts flourish ; under its influence the nations are rising and mankind are putting on the righteousness of God, and the rights of man ; so that in the words of Renan, Christianity has become another name for civilization. How can this difference in history and destiny be accounted for except on the principle that the Church is divine in its origin and is divinely preserved ? The seed abideth in her. And what is this seed but the Word of God, that liveth and abideth forever ?

The resolution was seconded by the Rev. John Burton, B. D., and was adopted.

After singing a hymn, the 3rd Resolution was moved by the Rev. Professor Clark, M.A., of Trinity College ; and seconded by the Rev. S. J. Hunter,

“That the constantly increasing demand for the Bible, both at home and abroad, constrains to thankfulness, and inspires with hope ; and this Society resolves, with divine aid to continue its work of promoting Bible circulation with renewed energy.”

Prof. Clark began by saying how thankful he was to be permitted to speak to a resolution conceived in so hopeful a spirit. Doubtless there were many anxieties in reference to the Bible and the Gospel, but he could not doubt that, at the present time, the encouragements preponderated. Only an hour or two ago he had seen by the evening papers that the Revised Version of the whole Bible was to arrive in Toronto that night. Such a work had never before been accomplished in the history of the world. If we considered the amount of money expended upon it, the immense labour devoted to it by men of the highest attainments, we should find, in these circumstances alone, an evidence of the esteem in which the Bible was held in these days. He did not forget that many persons would be distressed by changes made in passages that had become endeared to them by association ; but perhaps they would find in time that they gained far more than they lost, if they were compelled to think more of the meaning than of the words, more of the Spirit than of the letter.

As regards the influence which the Bible exercised in our own days, it could hardly be doubted by those who looked below the surface, that its power on human thought and action was greater than ever it had been. It was quite true that, in some respects, they had had to re-consider their theories about the Bible. Alarm had been caused more than once by the notion that the Scriptures were at variance with the discoveries of modern science. These alarms had, for the most part, been dissipated. Men had discovered that the scientific teachings, which they supposed to be deduced from the Bible, were simply the teachings of a past science which had accidentally been grafted on the Bible. The views, which are found to be conflicting, were not those of the Bible with those of science, but the science of yesterday with the science of to-day. The Bible was not written to teach us science. If it had been so, it could hardly have adapted itself, as it had done, to the successive ages of human civilization. The Bible bore witness to a God, Creator, Ruler, Redeemer, to a God of love, of wisdom, and of

power ; and in this sense its testimony had never lost, and never would lose its value.

There had been times when the Bible was regarded as the teacher of anarchy, and there had been times when it had been supposed to favour absolutism. There was no doubt that passages might be found that could be twisted to the support of either of these extremes. When kings ruled tyrannically, having no care for the interests of those whom they governed, they would find terrible words in the Bible, which would teach them that their thrones were insecure. When men refused to submit to any kind of control, they would find denunciations of lawlessness in the Scriptures as strong as any which condemned tyranny and oppression. When we penetrated to the principles from which these varied warnings proceeded, when we studied these principles in the light of experience and history, we discovered not only that there was no contradiction between them, but that they were mutually supporting. Law and liberty were the great elements of civilization, and these were bound together in the teaching of the Gospel and of the Bible. As this truth became, year by year, more evident, men were learning to prize more highly the sacred records in which the principle was enshrined.

If he might venture on one other illustration of the power of the Scriptures, and one that was peculiarly suitable to a meeting of the Bible Society in which many different communions took part, he would remark that the more deeply we studied the Scriptures the less important would appear the points of difference by which they were separated, the more momentous those in which they were agreed. They were often troubled by the changes which were passing in religious opinion—by those scientific difficulties of which he had spoken—by changing theories on the subject of inspiration and the like—by the differences which prevailed between different branches of the Christian Society. When they really penetrated to the foundations of the teaching of the Bible, they learnt how slight and unimportant in comparison were these external things which were continually in danger of being shaken—how great and deep and eternal were those truths in which they were agreed.

The collection was then taken up, and after an anthem by the choir the 4th resolution was moved by the Rev. Septimus Jones, seconded by Mr. Sheriff Jarvis.

“That the hearty thanks of this meeting be presented to the Rev. Dr. Ridgeway, for the instructive sermon which he preached on behalf of this Society last evening, and to the Pastor and Trustees of Knox Church for kindly granting to the Society the use of their Church for the occasion.”

The 5th resolution was moved by the Rev. T. C. Desbarres, seconded by Geo. E. Gillespie, Esq.,

“That the hearty thanks of this meeting be presented to the Pastor and Trustees of this Church for its use on the present occasion, and to the Organist and Choir for their valuable services in connection with this Annual Meeting.”

The proceedings were then closed by singing the Doxology and pronouncing the Benediction.
