Chatham Dockyard Hit And 107 of Naval Forces Killed

Eighty Six Wounded and One Civilian Loses Life; Material Damage Slight; Six Airplanes Took Part; Austrian Fleet at Pola Bombed

London, Sept. 4.—In last night's air raid 107 persons were killed and eighty-six wounded in Chatham. This is announced officially today. The victims were naval ratings. Six airplanes took part in the raid.

Chatham is on the east bank of the Medway, thirty miles southeast of London. It is the seat of immense military and naval establishments, including a vast dockyard, an arsenal and extensive barracks.

London, Sept. 4.—In addition to the naval casualties one civilian was killed and six were injured in last night's raid.

The announcement follows: "Lord French reports that last night's air raid was carried out by about six enemy airplanes, which proceeded up the south bank of the Thames estuary to Chatham. Bombs were dropped in the Isle of Thanet and in the Sheerness-Chatham area between 10.40 and 11.30 p. m. There were no army casualties. Civilian casualties reported at present are:

"Killed, one injured, six. The material damage was slight. Our machines went up and anti-aircraft guns came in to action, but without result. The secretary of the admiralty reports that in the course of the air raid last night the following casualties were caused to naval ratings: Killed, 107; wounded, eighty-six.

POLA HEAVILY BOMBED

Rome, Sept. 4.—(Via London)—Thirty Italian airplanes have dropped nine tons of bombs on the Austrian base at Pola, causing destruction and large conflagrations. It is announced officially.

Rome, Sept. 4.—Bombs were dropped on the Austrian fleet at anchor and also on military works at Pola.

GERMAN WORKS HIT

London, Sept. 4.—Continuing raids over Belgium, British aviators on Sunday night made attacks in the vicinity of Bruges. A British airplane fought six Germans and shot down one of them. At Bruges bombs were observed to explode over the objectives and fire was caused adjacent to the lock gates of the Ecluse Canal.

In a raid on the airfield at Varsenare, bombs were seen to explode among the sheds.

London, Sept. 4.—The raids over the southeast coast of England on Sunday and Monday nights seem to have been more for the purpose of testing the possibility of attacks by moonlight than in the hope of doing any considerable damage. Like the single aviator who dropped bombs on Dover on Sunday night, those who came last night kept at a very high altitude, and while their machines could be heard they could not be seen. Nevertheless, British airplanes went up in pursuit.

After dropping bombs over a wide area, many of them falling into fields or the sea, the raiders left as quickly as they came. Devastation thus far received was very little damage was done. No casualties have been reported.

COAL SITUATION SERIOUS NOW FOR GERMANY

London, Sept. 4.—(Montreal Gazette Cable)—The London Times says there is great anxiety in Germany about the coal supply. A census of coal was taken on Saturday. The coal controller admits an actual shortage. The army is unable to release enough miners and the miners who are working are suffering from lack of proper nutrition and continued overtime until their labor is inefficient.

LYNN SHOE FACTORIES RE-OPEN AFTER NEARLY FIVE MONTHS IDLENESS

Lynn, Mass., Sept. 4.—The twenty shoe factories here which were shut down on April 16, were re-opened today. The workers were invited to return under the wage and working conditions which obtained prior to their closing.

BUTTER FOR COLD STORAGE?

Hartland Observer:—During the last few days more than eight tons of butter was shipped from here to St. John, to be held in cold storage. It is said, until the consumer is forced to pay fifty cents or more a pound for it. The price paid here was thirty to thirty-five cents, and the immense shipment has left butter for local demand very scarce and high. The consumers wonder if the St. John food-hoarders are operating under protection of the government.

MISS ANNIE HARRIMAN OF NEWCASTLE DEAD

Newcastle, N. B., Sept. 4.—The death of Miss Annie Harriman, daughter of Mr. and Mrs. James Harriman, occurred yesterday morning after a long illness. She was thirty-six years of age and beside her parents leaves five brothers, including Privates Phillips and Williams of the wireless station here; Private J. Bond, overseas, and Parker of Chatham. The funeral will take place on Wednesday morning at 9.45 o'clock at St. Mary's cemetery.

British Casualties In Last Week 15,614

London, Sept. 4.—British casualties in the last week are 15,614, divided as follows: Killed or died of wounds—Officers, 864; men, 8,880. Wounded or missing—Officers, 846; men, 10,924.

NEWS OF MORE SOLDIERS IN CASUALTY LIST

To Several St. John Homes Comes News of Men Being Killed or Wounded

That Pte. John B. Dowling, nephew of W. J. Rose, 165 Winslow street, West St. John, has made the supreme sacrifice, was the information that Mr. Rose received this morning from Ottawa. Pte. Dowling was a native of Prince of Wales, St. John county, but for the last few years had made his home with his uncle, Mr. Rose. He was only twenty years old, and prior to going overseas worked with Mr. Rose, who conducts a grocery business on the west side of the harbor. A few months ago he was unofficially reported wounded by gunshot, and upon inquiries it was found that the young soldier was well and fighting in the trenches. He went overseas as a member of the 11th Battalion and was transferred to another infantry unit. Pte. Dowling was a young man highly thought of, and his death will be mourned with respect by a large circle of friends.

Mrs. Joseph Dwyer, of 14 Wall street, received a telegram from Ottawa on Saturday night informing her that her son, Pte. Frank W. Dwyer, had sustained a gunshot wound in the back of the head on August 27, and had been admitted to a war hospital. Private Dwyer crossed to England with the 140th Battalion, but was transferred into another Canadian unit and sent to France with reinforcements. Prior to enlisting he was employed with T. H. Estabrooks Co. Ltd. Private Dwyer endeavored to do his share in the war, but was eventually an operation before he was eventually a member of the ranks of the famous "New Brunswick Trenchers."

Mrs. Pearl McCann of 364 Union street, has received word from Ottawa that her husband, Sapper Thomas McCann, reported wounded on August 6, is at Berrington War Hospital, near Suresbury, suffering from a severe flesh wound in the left leg and slight flesh wound in the left arm, but is progressing favorably. Sapper McCann went across with the 267th Construction Corps but was transferred to another unit. A letter written on August 18 by his captain, J. A. Barry, counsel for the defense, moved to the English hospital said that he was looking well and would be returned to the front.

LOUIS B. MAYER OF ST. JOHN SIGNS ANITA STEWART AT REPORTED \$70,000 A WEEK

Papers were signed, sealed and delivered on Monday last week, whereby Louis B. Mayer, of Boston, formerly of this city, obtained control of Anita Stewart, signing a contract for her to appear in a series of feature pictures produced by him at a salary said to amount to \$100,000 a week.

It is the intention of Mr. Mayer to acquire a studio at once and start the production of big special attractions. It is planned to make these Anita Stewart productions of the highest artistic grade.

It has not been determined how these pictures will be distributed. Negotiations are on at the present time with several of the large distributing companies, but no definite arrangement has been made and there is a possibility that a special group of exchanges, known as the Anita Stewart Exchanges, may be organized to handle them.

AMERICANS GIVE HONOR TO SOLDIERS

Washington, Sept. 4.—The president, members of both houses of congress, high officials and diplomats participated today in a farewell tribute to the national capital today paid to her sons who soon will enter the national army for service overseas with the expeditionary forces.

The demonstration took the form of a parade. New York, Sept. 4.—For the second time within a week New York today honored her fighting men when several thousand future soldiers who were called to the colors under the selective draft law paraded up Fifth avenue preparatory to leaving for their training camps.

ROGERS' IDEAS IN THE FRANCHISE BILL AT OTTAWA?

Difficulty Whipping The Measure Into Shape

Borden's Plans Said to Have Been Considerably Action by Recent Conservative Caucus—No Votes for Those Who Refuse to Fight?

(Special to The Times.)

Ottawa, Sept. 4.—Parliament expects the long looked for franchise bill during this week. It is the one important piece of government legislation now left to complete the session's programme. The general expectation was that it would be introduced at Monday's sitting, for parliament labored on Labor Day. The indications are, however, that the government has not yet "made up its mind."

It is an open secret that several drafts of prospective franchise bills have been prepared in turn under direction of the government. These bills have been understood to vary in rigor and scope. The initial plan of Hon. Arthur Meighen, the solicitor-general, is understood to have been to disfranchise all naturalized Canadians of foreign birth and to enfranchise all mothers, sisters, and wives of soldiers serving in the Canadian expeditionary forces. This proposal is understood to have had the support of Hon. Robert Rogers and his following in the house, but was regarded at the time as too ruthless by Premier Borden, who has been anxious for a franchise measure which would be practically non-contentious. The recent Conservative caucus which endorsed the continued leadership of Sir Robert Borden, is understood to have changed the premier's plans considerably. Those who say that the principal condition under which the premier's new line of life in leadership was granted was his agreement to provide a franchise bill along the lines demanded by Hon. Robert Rogers and followers of the Hon. Sir Robert Borden, who has not yet decided, and but slightly modified.

There is an unconfirmed rumor that one of the provisions of the bill may be to require the support of the Liberal opposition to the bill. It is also rumored that citizenship should be based on service to the state, though a movement is being made to provide for the disfranchisement for any who refuse to fight. The purpose is believed to be to reach the communities of German origin and reach the agitators in Quebec.

The general expectation is that the measure will be brought down to parliament on Tuesday or Wednesday.

Montreal, Sept. 4.—(Canadian Press)—As to the franchise bill, the Montreal Gazette says the new franchise bill will be introduced on Wednesday. It will receive the support of the Liberal opposition, but will be opposed by Sir Wilfrid Laurier's following, and closure will probably have to be used to break the deadlock.

Montreal, Sept. 4.—Rumors that the military service act would not be introduced in the house after the afternoon session in a letter to a correspondent here as baseless.

RALLIES MARK REOPENING OF THE EXCHANGE

New York, Sept. 4.—Resumption of operations on the stock exchange after the triple holiday was attended by a substantial rally from last week's final prices. United States Steel, the market leader, advanced 110 to 111, a maximum gain of one and a half points. Crucible Steel advanced as much, and other industrial stocks, while in equipment and copper, rose one to two points with shippings and prominent specialties.

Russia were irregular, material gains in New York Central and Reading being offset by the heaviness of Pacific and the southern division.

Riga Gone; Russians Continue To Give Way

Enemy Ships Are Shelling the Riga Coast — British Gain Announced—French Beat Off Attackers

(Special to The Times.)

Petrograd, Sept. 4.—The Russian retreat in the Riga region is being continued along the coast in a northeasterly direction, the war office announced today. In the Kull district the Russians are retiring northward, having been dislodged by the Germans in the great Jaget river region. Hostile ships are shelling the Riga coast.

In the region of Graiscam (twenty-two miles southeast of Riga), the Russian retreat is to the northward. Considerable artillery fire has developed in the neighborhood of Drinsk. Riga City Also

Petrograd, Sept. 4.—The war office informs the Associated Press that the evacuation of the Riga fortified district includes the city of Riga itself. A despatch received from the Norve Vremya correspondent in Riga, sent before the evacuation, said the Germans had begun to bombard the city with heavy artillery, causing losses. The correspondent of the same newspaper at Russian headquarters said that there was a panic in the city.

Big Gun Work Near Ypres

London, Sept. 4.—The enemy's artillery showed great activity during the night northeast of Ypres, says today's official statement. "We advanced our lines slightly northwest of St. Julien. We carried out a successful raid last night directly north of Lens. Our troops killed a number of Germans and captured several prisoners. A hostile raiding party was driven off south of La Bassée."

Austrian Report

Vienna, Sept. 4, via London.—The Austrian official communication of yesterday says: "Rumanian front: Northwest of Fokshani and south of Olena, the Austrians and Rumanians again have attacked in vain.

Italian theatre: Enterprises by our troops before daybreak on Sunday on Monte San Gabriele led to lively encounters, in which the results were favorable to us. The capture of the eastern slopes of Monte San Gabriele, east of Gorizia and northeast of Udine, was successful for the enemy.

"Italian aviators have dropped bombs on several towns on the west coast of Istria. An enemy aviation squadron making for Trieste was driven back by our naval planes before it reached its objective."

Aginc, The Kaiser

Berlin, Sept. 4, via London.—Emperor William has sent the following telegram to the Emperor: "Field Marshal Prince Leopold of Bavaria reports the capture of Riga by our troops, which is a new milestone of German strength and unerring will to victory. May God help us further."

The Emperor has telegraphed Prince Leopold as follows:—"On the occasion of the capture of Riga, I express to you and the eighth army and the Fatherland his congratulations and thanks. Farsighted leadership and steel-hard will to victory guaranteed this fine success. Onward with God."

Fresh Troops Beaten

Washington, Sept. 4.—(Montreal Gazette cable)—German reinforcements rushed to the aid of the Austrians on the Italian front are being pushed back, according to official despatches received here from Rome. Unofficial estimates place the Austrian losses during the present Italian offensive at 125,000.

From Russian Front

Geneva, Sept. 4.—A despatch from Innsbruck says that after several appeals Field Marshal von Hindenburg has consented to send two divisions of Bavarian troops from the Russian to the Isonzo front to strengthen the Austrian defenses.

Monte San Gabriele

Udine, Italy, Sept. 4.—Field Marshal von Arz, chief of staff of the Austrian army, is reported to be imposing the Italian front for the purpose of re-organizing his troops demoralized by many recent attacks. Monte San Gabriele is still making desperate efforts at resistance, but Italian pickets are gradually creeping up the slopes, making its fall only a matter of time when, as officers laughingly say here, "the Austrians execute another strategic retreat."

Turks Claim Success

Constantinople, via London, Sept. 4.—Russian troops in northwestern Persia have been pressed back by the Turks. The war office announces this. A Turkish detachment advancing in a southerly direction from Merivan is reported to have occupied Garatage.

Montreal Police Say This Was Plot

STATEMENT MADE TODAY

Announcement Follows Arrest of Meet of Men Who Were Suspected—Clues Said to Lead to French-Canadian With German Affiliations as the One Responsible

(Special to The Times.)

Montreal, Sept. 4.—During last night the police rounded up five men here in connection with recent attempts to murder Lord Atholstan, and other anti-conscription disturbances. The police now have eleven men in custody including participants in street parades, accused of carrying concealed weapons. The men placed under detention for examination are New Arsenault, laborer; Joseph Tremblay, laborer; Joe Paquette, steam fitter; Louis Bolduc, plumber, and Arthur Blackwell, tool maker.

The police yesterday and today as a result of confessions have now located all but fifty pounds of the dynamite stolen by the terrorists in connection with their anti-conscription campaign. In one instance a suspect drew a revolver but the officers disarmed him before he could use it.

LATER

Montreal, Sept. 4.—With most of the men suspected of complicity in the dynamiting outrages here under lock and key, the police today gave out details of anti-conscription plots that have been uncovered here and frustrated.

The anti-conscription dynamiters here had mapped out the following programme:—First, the murder of Lord Atholstan as he drove from his country house to Montreal; next to dynamite the Lordships home and office in the Montreal Star; then, Solicitor-General Arthur Meighen was to be assassinated in Ottawa; the prime minister, Sir Robert Borden, to be murdered, and the parliament buildings in Ottawa dynamited.

Police are now tracing clues that lead to a French-Canadian with strong German affiliations as responsible for the plots.

The police further announced that men in clerical garb had been shadowed after they had visited the home of one of the suspects and that information in reference to guns and ammunition said to be at an institution in the city, was being investigated.

SEE GOOD SIGN IN MEETING OF FIRSH CONVENTION IN BELFAST

Dublin, Sept. 4.—The assembly of the constitutional convention for Ireland today at Belfast, to which city the deliberations have been transferred for a time, opened in a most interesting and favorable conclusion were drawn from it.

It is felt to be a great gain that Belfast should abandon its rigid position of unwillingness to discuss home rule at all and should give a cordial reception to the convention.

LIVINGSTONE-JOHNSTON

A very pretty wedding was solemnized this morning at six o'clock in Kilmacdonnell street Methodist church, when Miss Nellie May, youngest daughter of Mr. and Mrs. Edward Johnston of this city, was united in marriage to George Livingstone by the Rev. Mr. Dawson. Miss Margaret Johnston acted as bridesmaid, and Edward B. Johnston supported the groom. The bride wore a pretty gown of Alice Blue chiffon tulle with white lace and carried a bouquet of cream roses. The bridesmaid wore a gown of navy silk and hat to correspond. Immediately following the ceremony, Mr. and Mrs. Livingstone left on a short trip. On their return they will reside in Fredericton. Many beautiful presents testified to the popularity of bride and groom.

WILL ACCEPT AND OBEY CONSCRIPTION LAW

Statement by P. M. Draper Relative to Labor and New Law

Toronto, Sept. 4.—"In so far as I represent the organized labor movement in Canada, I want to say that the organized workers, as represented by the Trades and Labor Congress of Canada, will accept and obey the law of conscription. The labor workers believe that with conscription the wealthy of this country should likewise be conscripted."

This inspiring message was delivered by P. M. Draper, secretary treasurer of the Trades and Labor Congress of Canada, yesterday at the exhibition direct-ors' luncheon.

SOME CANADIAN PRISONERS REACHING LONDON IN EXCHANGE

London, Sept. 4.—(Montreal Gazette cable)—Canadian prisoners who have been held in Switzerland, are now filtering through in small groups to make room in the camps for further exchanges. All the men testify to the uniform kindness received from the Swiss people and say that the conditions made for the prisoners in Switzerland are as satisfactory as could be expected.

KILLED BY TRAIN; HEAD ARMS AND FEET OFF

Moncton, N. B., Sept. 4.—An inquest is being held into the death of Oliver Cassie, whose body was found mangled on Thursday near Bantolons, a small station west of Chipman on the Transcontinental. He belonged in Rogersville, Northumberland Co. He had been apparently run over by a train. There were rumors of foul play, but nothing reported here that would support this. The head, arms and feet had been cut off.

NOTED FRENCHMAN SERIOUSLY WOUNDED

Paris, Sept. 4.—Major Phillips Bunau-Varilla, former director general of the old French Panama Canal Company, and a retired captain of engineers, was seriously wounded yesterday morning while on duty. Several fragments from a shell struck him in the right leg. Amputation was necessary.

Allies' Fighting Plans For Fall And Winter to be Revised

Washington Has Word of Important Conference to be Held in Paris Because of Situation in Russia, Roumania and on Italian Front

Washington, Sept. 4.—(Montreal Gazette cable)—Word reached Washington from Paris through official channels yesterday that the Entente Allies will soon hold an important military conference in the French capital for the purpose of re-canvasing the situation along all the principal fighting fronts.

The Russian situation will be considered on account of the disorders that have befallen the Russian armies in the Riga and Galician areas, and in the drive of the Germans against the Rumanian front. These reverses and the subsequent success of the Italian offensive are expected to bring about a complete revision of the Entente military plans for the fall and winter months.

Good Things Coming

The Love Question, at the Gem. It made a hit on the holiday. Last chances to see it at 7.15 or 8.45 tonight, with good vaudeville, also. Tomorrow, "The Social Leper" will be the feature.

WOLCOTT COMES TO TOWN But it also stays in Union street, West End. Frank D. Brogan, proprietor of the popular Carleton restaurant, has taken over the Travelers' Lunch, 7 Mill street, has had the premises thoroughly renovated and refitted and at noon today opened the doors to the hungry. They will find extremely neat and clean surroundings, excellent cooking and everything of the best, with prices right. That is the Wolcott reputation. Mr. Brogan, who has had years of experience in the business in Boston, will operate both the Carleton and Mill street restaurants, serving lunches in full course dinners.

CAN GET SUPPLY OF MILK FROM OTHER SOURCES

Local Dealers Say They Are Not Dependent on Kings County Producers—Will Take Radical Steps if Demands Are Not Dropped

That an adequate supply of milk from other sources than Kings county can and will be secured if the present demands for fifty-six cents a can are continued, was the statement made today by one of the prominent milk dealers. So far there has been no change in the local situation. The producers are standing firm in their demand for the increased price, and the dealers are just as firmly refusing to pay. This morning the quantity of milk which arrived from Kings county was only about one-quarter of the usual supply. The consumers have been accepting the reduction with very little complaint. Asked this morning what the outcome of the situation is liable to be, a dealer said that they had been making inquiries and that they had learned that it would be quite possible to secure an adequate supply of milk from other sources and that they would proceed to do so from their position. A few days might be required to make the necessary arrangements, but if the producers continue to hold out, the dealers certainly will take this step in the interests of their customers.

PAINFULLY INJURED

Friends of Mrs. Clement L. Murphy will regret to hear that she was quite painfully injured last evening. She had been spending the week end at Mrs. P. Edwards', Chagrel Grove, and while walking in the yard tripped over an iron hoop and was thrown forcibly to the ground injuring her knee. As she was unable to walk she was carried to the river and placed on board the auxiliary yacht Wingone and brought to the city. Dr. J. M. Barry, who was called upon her arrival was attended to by Dr. J. M. Barry. He decided the X-ray would have to be used. Today her condition was unchanged and she was suffering great pain.

POLICE COURT.

Three fines were struck in the police court this afternoon in cases of intoxication. The case of Charles Livingstone and William McAuliffe, charged with assault on Norman McLeod, was not finished at the time of going to press. Livingstone said he had nothing to do with the case. Norman McLeod pleaded guilty to being drunk. McAuliffe admitted being drunk and said he did not remember what he did that night. The testimony showed that a soldier was seen kicking a man who was lying in a gutter near the old grave yard.

Sturmer Dead

One of Russians Responsible For Revolution Had Been In Prison Indicted Last June—Internal Situation in Russia Regarded as Gloomy by London Times' Correspondent

Petrograd, Sept. 4.—Former Premier and Foreign Minister Sturmer died yesterday.

M. Sturmer, with the late Monk Rasputin, and former Minister of the Interior Protoproff, formed the trio known as "The Dark Forces," which aroused the Russians to revolt against the regime of Emperor Nicholas. In last June Sturmer was indicted under a law which provided severe punishment for the arbitrary transgression by a Russian official, of the limits of his rightful power. Recently he had been incarcerated in the fortress of St. Paul and St. Peter, and late in August was reported to be imprisoned as the result of his illness, with little hope for his recovery.

London, Sept. 4.—The Petrograd correspondent of The Times, in a despatch dated Sunday, views the internal situation pessimistically. "The government," he says, "is still dominated by irresponsible forces. General Korniloff has been obliged to take personal measures to retake the army and has ordered the seizure of cereals from the peasants within the war zone, and is negotiating with the railway men with a view to satisfying their just grievances. His programme of army reforms is still in progress."

SCHOOLS RE-OPEN

Several Changes in Teaching Staffs Are Announced

With the opening of the public schools this morning, thousands of St. John's school children trooped back to their daily tasks. The following changes in the teaching staffs are announced—

In the Alexandria school Miss Greta J. Grey will return to her work after extended sick leave. Miss Jessie Jamieson will take the place of Miss Agnes Macdonald and her place will be filled by Miss Etta V. Law.

In Newman street school, Miss Miriam Mahoney will take the place of Miss Mary G. Shea, who was in Miss Keegan's place last year. Miss Cora Bennett will fill the position left by the retirement of Miss Audrey G. Mann.

In the Dufferin school, Mrs. Edna Mack takes the place of Miss Roberta V. Holder and Miss Vera Webb will fill her place in the Dufferin. Miss Beattie McAfee will be the new reserve teacher taking the place of Miss Muriel Seely.

In St. Peter's boys', Miss Ida Keegan will return to her position, and Miss Mary G. Shea, who was in Miss Keegan's place will now be reserve teacher.

In St. Peter's girls', Sister M. Thekla resumes her old place as principal of the school.

In Winter street school, Miss Nora S. Fairweather will take the place of Miss Emma L. Cole, who resigned in September and October. Miss Maud Gibson returns to her old school, and Miss Rhoda J. Will will take the place of Miss Beattie B. Bolton, resigned, and Miss Mary J. W. Steeves will be the assistant.

In Centennial school, H. R. Ricker, formerly principal of the Kingston and Beacombfield schools, becomes principal and teacher of Grade VII. Miss E. Ira Yerxa returns to her former place as teacher of Grade II boys. Miss Helen Bolton takes the place of Miss Beattie B. Bolton, resigned, and Miss Mary J. W. Steeves will be the assistant.

In St. Malachi's, Joseph Harrington will be principal and teacher of Grade VII, while Miss Carlyn, acting principal, will resume her place as teacher of Grade VII. Miss Frances Traynor will take the place of Miss Beattie B. Bolton, resigned, and Miss Mary J. W. Steeves will be the assistant.

In Victoria, Miss Maud L. Cumling will take the place of Miss Fowler, resigned. Miss M. Gladys Dowling will take the place of Miss Kennedy, who resigned. Miss George Seeds will be the reserve teacher.

In Victoria Annex, Miss Alma K. Gale will take Miss Cumling's place in Grade V, and Miss Roberta V. Holder will take the place of Miss Beattie B. McElveny, who resigned.

In the King Edward school, Miss Dorothy S. Perley takes the place of Miss Elizabeth Adams who is going overseas as a member of the V. A. D. Miss Evelyn Nicholson takes the place of Miss E. W. Welch, and the new reserve teacher will be Miss Esther J. Welton.

In the LaTour school, Miss Florence G. Perry is reserve teacher in the place of Miss Webb.

In the St. John High School, Wilfrid Tait has been appointed to Grade IX, boys in place of Miss Barbara K. Dobson, who is on leave of absence.

NEWS OF MORE SOLDIERS IN CASUALTY LIST

(Continued from page 1.)

Sergt. Harry McCrory

Mrs. Margaret McCrory, 68 Hawthorne avenue was advised this morning that her husband Sergt. Harry McCrory, a member of an Irish infantry battalion, had died of wounds on August 8. Sergt. McCrory was twenty-four years old and prior to enlistment was employed in the shipbuilding yards in Belfast.

That Sergt. McCrory was a very efficient soldier is evinced by the fact that he joined the army as a private and won his stripes on the field. Upon his joining the forces and going to France his wife came to this country and is now residing in the city. Besides his wife, he leaves one small child.

Private James H. Brown

The news that her son, Private James Henry Brown, aged thirty years, was officially reported wounded on August 24, was received this morning by Mrs. Robert Brown of 107 Newman street.

Private Brown was one of the original members of a N. B. battalion. He was wounded twice before, at the Ypres salient and at Courcellette. When his family last heard from him he was with a working battalion back of the lines but the fact that he is wounded is taken to indicate that he has been transferred to the infantry. Before enlisting he was employed with James Lewis & Co.

Gunner H. W. Seely

Mrs. Lillian Seely has been advised that her husband, Gunner Harry Walton Seely, has been admitted to No. 22 Casualty Clearing Station suffering from gunshot wounds in the face. Gunner Seely was a member of the staff of the James Fleming foundry before enlisting, went overseas with a draft from the 65th battery and was transferred to another unit. He crossed last summer and has been at the front since last December. There was a little delay in the receipt of the telegram owing to the fact that he had been transferred to the 11th battery where he has been in the line since he has been transferred to St. John.

Private T. Kelcher

Mrs. Margaret Kelcher of North street, Fairville, was advised on Saturday that her second son, Private Timothy, had been admitted to hospital in France. Private Kelcher is about twenty-three years old and prior to going overseas was in the employ of the West St. John Water Works Department. Mr. Kelcher has another son, Private William, who is fighting in the same unit. A few months ago he was wounded but has recovered and is back in the trenches.

Private R. Girard

Mrs. Frank Doucet of West St. John, learned today that her brother, private Philip Girard of Campbellton, has been officially reported wounded in the face. He had just returned from the front and was transferred to another Canadian unit in France. Mr. Doucet, whose husband also is serving in France, received the news from her mother, Mrs. William Girard of Campbellton who was advised by Ottawa.

Private J. M. Fowler

Private James M. Fowler of Fredericton has been admitted to hospital in Caen, France, gunshot wound in left leg. The leg has been amputated. Ottawa List.

Ottawa, Sept. 4.—Casualties.

JURY PLAMES ONE OF FOUR FOR KILLING

Hamilton, Ont., Sept. 4.—The jury enquiring into the death of Dr. MacRobbie on the night of August 19, has returned a verdict that the fracture of the skull was caused by blows by some Smith, McLaughlin, Scott and Asseltine. All are now charged with causing the death of the doctor.

THE BEST QUALITY AT A REASONABLE PRICE

The Danger of "Far Sight"

This defect is called Hypermetropia, and means not that one can see farther, but that the eye is adjusted to a point beyond the common one for close work. Instead of seeing best when a book is 12 or 13 inches from the eye, it must be farther away.

"Far Sight" is especially common among school children and is dangerous because of the severe eye-strain it causes. Proper glasses will correct "far sight."

Have us examine your child's eyes now, before he settles down to the hard work of the new term.

REPLICA OF COLUMBUS' FLAGSHIP FIGURES IN P. E. ISLAND CASE

Charlottetown, P. E. Island, Sept. 4.—An interesting case comes up before the Admiralty Court here today, the first to be brought before Justice Stewart, the newly appointed assistant judge. It is the Neville's Canneries Company of Charlottetown, vs. the Santa Maria. The latter is a replica of the flagship of Christopher Columbus. The model was built by the Spanish government and sent to the World's Fair in Chicago in 1893. She is now owned by the Park Commissioners of Chicago, was chartered by Captain Charles Stevenson and left Chicago for Panama to take part in the opening of the canal. She never reached that destination, but called at many ports, where she was on exhibition. On arriving at Cape Cod she turned back, bound for Quebec, but, owing to bad weather and the ship leaking, she put into Charlottetown last fall. She was laid up here all winter and was arrested by a warrant issued by the Admiralty Court, on a claim for towage for \$4,250, the claimants being the Neville's Canneries Company, whose tug had been hired for \$75 a day.

The ship is still at the wharf in this city. She contains Columbian relics, including the original anchor of the old flagship.

WAR NOTES

Switzerland will not be officially represented at the proposed conference of neutral nations in Stockholm.

Twenty-one Norwegian ships, with an aggregate tonnage of more than 41,000 tons were lost in August. Twenty-three seamen were killed and five are missing.

Swiss newspapers complain that the recent arrival of Prince Von Buelow at Bern, pro-German propaganda in Switzerland has been greatly intensified.

Brazil will not send troops to Europe nor lease requisitioned German ships to the Entente Allies.

Attacks on American sailors on Sunday night are reported in a despatch from Cork to the Chronicle. It is said gangs of young men set upon the Americans who were accompanied by their sweethearts.

New World's Swimming Record

Alameda, Cal., Sept. 4.—A new world's record of ten and three-fifths seconds for the twenty-five yard swimming dash was made in a tank here yesterday by George Cunha of San Francisco at a meet authorized by the Pacific A. Club.

Loyalty Resolutions.

Saratoga Springs, N. Y., Sept. 4.—Resolutions pledging the loyalty of the American Bar Association to the government, were presented at the opening of the annual meeting today by Elms Root, on behalf of the executive committee.

PROBATE COURT.

Probate has been granted in the estate of George F. Barlow. The widow, Mrs. Julia A. Barlow, and E. R. W. Ingram, the executors named in the will, have been sworn in as such. The estate, with the exception of several small bequests to other members of the family, goes to the widow, J. MacMillan Trueman was the proctor.

Earthquake in Minnesota.

St. Paul, Minn., Sept. 4.—Earthquake shocks lasting as long as twenty seconds, were reported last night at St. Cloud, Brainerd and St. Aples, and other towns in north central Minnesota. In places the shock was heavy enough to break windows.

PROCEEDINGS OF
MONDAY IN
THE COMMONS

Ottawa, Sept. 3.—The house spent
practically the whole of Monday in
supply. Topics varied from a loan of \$7-
500,000 to the Grand Trunk Pacific to
some homely remarks on Canadian art.
Beyond a sharp argument between the
minister of finance and Hon. Frank
Oliver over the removal of G. T. P.
rails in the west for use in France, the
house passed with little discussion the
bill for public works in the supplement-
ary estimates brought the opposition
criticism that the items had been
inserted in view of a pending general
election.

Mr. Morphy gave some stimulus to the
debate with his views on art. It was
over a proposed vote of \$10,000 to the
national gallery of Canada. He was
against the vote, he said, it was to en-
courage artists to paint flower beds and
orchards, and Hon. Frank Oliver amused
the house with the suggestion that arti-
sts should be given a pension on the
basis of total disablement—"providing
they paint no more pictures during the
war." Mr. Oliver was specifically critical
of an artist whose paintings of war
scenes were on view—"Is he still at large?" Mr. Oliver asked.

The house again takes up supply on
Tuesday. It is expected that the fran-
chise bill will be brought down Wed-
nesday.

At question time Mr. Lanctot asked
how many employees of the Imperial
Munitions Board were of military age
who among them if any, had military
badges and on what grounds such badges
had been granted.

Sir Robert Borden replied that the in-
formation was not available. The Im-
perial Munitions Board, he said, was
under the control of the government of
the United Kingdom and the Canadian
government exercised no control over it.

Mr. Kyte asked if it was the intention
of the government to amend the
military service act so as to provide for
the exemption of those engaged in agri-
culture or other work in providing mat-
erial for the war.

In reply Sir Robert Borden said that
it was believed that the military ser-
vice act made adequate arrangements
for the retention of all persons neces-
sarily required for agriculture and other
essential industries.

On the orders of the day, Hon. Frank
Oliver referred to a report in the Min-
neapolis Modern Miller, that Canadian
and United States soldiers were endeavor-
ing to secure prohibition of the sale of
four between the two countries and
that, according to the report, Hon. W. J.
Hanna, the food controller, was in sym-
pathy with the idea.

Sir Robert Borden responded that no
such proposal had been made to the gov-
ernment and that it was the first time
he had heard of it.

Mr. Carvell's Suggestion.
Frank Carvell suggested that potatoes
should be treated in the same way as
wheat in regard to being placed on the
free list. The idea, he said, was to give
the Canadian farmer a chance of selling
his potatoes in the United States mar-
ket.

Sir Robert Borden promised consider-
ation and an early announcement.

Third reading was then given to the
supply bill introduced on Friday, cover-
ing additional estimates voted by the
house to an amount exceeding fifty-two
million dollars.

The house then went into supply.
There was some discussion on a vote of
\$91,000 for the bureau of industrial and
scientific research. Sir George Foster,
in explaining the proposed expenditures
for studentships, said it was proposed to
pick up students in various universities
who are particularly adapted to investi-
gation along certain lines. They would
be allowed \$800 for the first year and
\$750 for the second year.

The minister stated that Dr. McCallum,
of Toronto University, who receives
\$10,000 per annum, is the only salaried
member of the council. Mr. Chalmers,
of the water-power branch of the inter-
ior department, had, he said, offered to
give his services free for one year as a
personal contribution to the war.

The Vote Criticized.
Mr. Knowles, of Moose Jaw, said the

Just One Application
and the Hairs Vanish
(Toilet Talks.)
Any woman can keep her skin free
from unsightly hair or freckles if she
follows these simple instructions: When
hairly growths appear, apply a simple
paste, made by mixing some water with
powdered delatone. Apply this to hairy
surface and after 2 or 3 minutes rub off,
wash the skin and the hairs are gone.
This is a harmless treatment, but be
sure you get the real delatone.

After Vacation Peel
Your Discolored Skin
Women returning from the seaside
with browned, reddened or freckled
complexion will be wise in immediately tak-
ing up the mercurized wax treatment.
Weather-beaten skin had best come off,
for no amount of "beautifying" will ever
make such skin pretty to look at. The
surest, safest, easiest way to shed the
discolored cuticle is with the treatment
suggested. Put the wax on before re-
turning, as you would cold cream, and
raise it off next morning with warm wa-
ter. Minute particles of scarf skin will
peel off day by day, gradually showing
the healthy, youthful skin beneath.
One ounce of mercurized wax, obtain-
able at any drug store, is enough to make
any discolored or spotted complexion
clear, white and satiny soft. Its action
is so gentle no harm is caused and the
face shows no trace of its use.

The G. T. P. Loan.

a loan of \$7,500,000 to the Grand Trunk

BELLS OF MOSCOW'S 1,600
CHURCHES RING FOR FESTIVAL

The bells of Moscow's 1,600 churches
have been rang for hours on the festival
of the Assumption, in honor of the open-
ing of the Ecumenical congress of the Or-
thodox church—the first congress held
for more than two centuries of ecclesi-
astical officialism, imposed for political
motives by Peter the Great.
Ever since the revolution of 1905 all

ardent believers of the church have been
desiring a revival of the medieval prac-
tice of holding these periodical con-
gresses, which they consider the only sure
means of rescuing the church from its
earthly servility to the state, of clean-
ing its dogma's ritual and inspiring its
formalism with living faith and zeal
for social, patriotic service. In this fer-
vent spirit all of Moscow and thousands
of pious pilgrims from elsewhere, con-
gregated in the city, chiefly on and
around the historic Kremlin, to witness
the imposing inaugural ceremonies.

Are you blaming your tires for faults
that lie other-where? Have they
done those things which they ought
not to have done, and left undone
those those things which they ought
to have done, in your opinion?
Look to your tubes!
Too many motorists think "a tube
is a tube. It is only to hold air."

Be Fair to Your Tires
That has been an expensive
thought for thousands.
A tube's single duty is to
hold air, but it must
perform that duty honest-
ly, loyally, or the casing
suffers.

For a poor tube causes
slow leaks. Slow leaks
cause under-inflation. Under-infla-
tion ruins tires.

That is why Goodyear Tubes are laminated—
a quality giving Goodyear process.

By rolling the pure gum out into transparently
thin sheets we are able to detect sand or other
foreign matter. Then the perfected sheets are
built up, layer on layer, into an extra thick,
extra good tube that holds air longer and better,
saving trouble and tire expense.

For added protection we vulcanize the valve
patch in instead of sticking it on.

So Goodyear Laminated Tubes give longer,
more satisfactory tube service.
—and save tires.
—and it is easy to say "Goodyears" when you
buy tubes.

THE WAR SITUATION

The only bit of consolation the correspondents can discover in connection with the loss of Riga by the Russians is that it is a long way over a rough road to Petrograd, and the Russian winter is at hand.

It is useless to attempt to minimize the effect of the voluntary withdrawal of the Russian army from Riga. It reveals a state of demoralization much more serious than had been realized. Riga held the road to Petrograd, and its possession by Germany gives her another naval base for operations in the Baltic.

Perhaps in the end, as one correspondent suggests it would be a good thing if Germany seized Petrograd as well as Riga, for surely that would wake up the Russian people to a sense of the suicidal folly of their course in refusing to fight an invader of their territory.

The outlook on the eastern front is certainly dispiriting, and it is well that winter weather will soon hamper the operations of the Germans.

On the other hand, the approach of winter on the western front finds the Germans holding their lines with great obstinacy. Though their man power has been much reduced, they are still pretty close to the lines they held many months ago, and there is no prospect of forcing them back very far this year.

MENDING THE ROADS

Critics of the provincial government, especially those who discuss repair of the roads, will perhaps bear in mind the fact that the government has been in office only five months, which at least there were quite unfit for roadwork.

And what memories, along with stored up health and vigor for the winter's tasks, the fortunate young people who spent their holidays in the country have brought home with them. The fishing, the swimming, the boating, the rambles through fields and woods, the wonderful sunsets, the glory of the stars on quiet nights, the splendor of the moon-lit river, the bonfires on the beach, the patter of the rain upon the roof, the lifting of the mists at morn, the sparkle of the sunlight on the waters, the whisper of the leaves, the search for ferns and flowers and ripening fruit, the lessons learned in the little garden, the knowledge gained of birds and other animals—all these are part of the heritage of the golden days, woven into the fabric of young lives, to relieve in pleasing reverie the drab monotony of working days at school.

Mr. F. B. Carvell's announcement that he proposed to review the record of Hon. Robert Rogers, has caused the Conservative members of the house of commons to jeer and hoot. The same tactics have been pursued at various times in the past when Mr. Carvell went gunning for big tory game, but he never failed to bring it down. None know it better than the people of New Brunswick.

LALUMIERE'S RECORD

Mr. Elie Lalumiere, arrested in connection with the dynamiting of Lord Atholstan's summer residence, and who has also been the most violent anti-conscriptionist, is a political product of the Borden-Nationalist alliance. An Ottawa despatch to the Telegraph says:—"The trail leads as far back as the Borden government and the National alliance. Lalumiere was before this in the public eye. The last time he figured as an election worker for the Rogers political machine at the time of the Hochelaga by-election in November of 1912 when Hon. Louis Coderre was selected by Robert Borden to be a trusted colleague and secretary of state in charge of confidential communications between Canada and Great Britain. In March of 1913, L. J. Gauthier of St. Hyacinthe started the common one night by reading a series of sensational and circumstantial affidavits detailing the conspiracy to win the by-election for Coderre through an organized group of persons. One of this group was Elie Lalumiere."

What Sir Robert Borden's Nationalist colleague, Hon. Mr. Coderre, thought of Lalumiere is set forth in the following letter, written after the by-election:—"Respecting the position about which you spoke to me, I expect to be able to comply with your wishes in the near future. I attach especial importance to

the excellent recommendation of you from my cousin, Emile Bourassa."

BETTER NEWS SERVICE

The click of a telegraph instrument in the editorial rooms of the Evening Times today marks a notable development in the news service of the Canadian press. It is nothing less than the inauguration of a national news service by the Canadian Press, Limited. The morning papers have had a leased wire from Montreal for some time past, but now there is to be a day and night service from coast to coast, the evening papers sharing in the benefits. This means that there will be more direct live news from all parts of Canada and from the world at large. Canada has for the first time a complete news-gathering organization, managed by Canadians, and bringing all parts of the Dominion into closer touch than ever before. Canadian Press, Limited, is also linked up with the Associated Press, which leads the world, and will thus be in touch with every important news centre. The inauguration of the service is an event of very great importance in the history and development of Canada.

THE END OF A HOLIDAY.

Incoming trains and river steamers yesterday brought back to the city great numbers of people who have spent happy holiday weeks in the country. They turned city-ward with reluctant feet, for the whole summer had seen no finer days than the first three days of September, and there was still no hint of autumn in the air, other than the greater coolness in the nights, while the woods and fields are still without those golden tints that are the heralds of the passing of the summer. True, the oats are fast ripening, the golden rod and wild asters make the waysides beautiful, and the rich color of the rowan berries and the bush-cranberries tell of the coming fall, while the great pumpkins in the gardens are growing mellow in the sunshine; but farmers are still cutting hay, and were it not for certain unfading signs and the calendar one who looks out from an eminence upon the river and the landscape might well refuse to believe that it is time to go back to the school-desk and say good-bye to all this glory and splendor of the outgoing world.

And what memories, along with stored up health and vigor for the winter's tasks, the fortunate young people who spent their holidays in the country have brought home with them. The fishing, the swimming, the boating, the rambles through fields and woods, the wonderful sunsets, the glory of the stars on quiet nights, the splendor of the moon-lit river, the bonfires on the beach, the patter of the rain upon the roof, the lifting of the mists at morn, the sparkle of the sunlight on the waters, the whisper of the leaves, the search for ferns and flowers and ripening fruit, the lessons learned in the little garden, the knowledge gained of birds and other animals—all these are part of the heritage of the golden days, woven into the fabric of young lives, to relieve in pleasing reverie the drab monotony of working days at school.

ABOUT BOB ROGERS AND THE ANGEL

(Manitoba Free Press.) About Bob Rogers (he may soon have a case) From cares of state with sudden, startled wheeze. Awoke one night from dreams that he was great, And saw an Angel, who above his pale A halo of bright tungston bubbles wore And his white nightie trailed upon the floor. The Angel was typewriting—sometimes quick, And sometimes slow—click-clickity-ding-click-click.

Whereat the Visitant at first looked vexed. But soon he smiled. "I've other lists to write." "I'll come again." And vanished.

The next night. The Angel came again, and took his stand By Abou's bed, and thrust in Abou's hand A carbon copy. Roll of Destiny. REGISTER I, Sub-schedule 2, List B—Would-be Prime Ministers. Who All in Yawl Will Scheme and Plot. But Never Will Attain To Be Prime Minister. Abou in bed.

Again sat up. "Read it!" the Angel said. Whereat Abou Bob Rogers, sore distressed Groaned loud. For lo, his name led all the rest!

LIGHTER VEIN.

"Superstitious! I see crumbs. You've been at those cookies!" "Well, ma, I was counting 'em and I found there were thirteen, so I just ate one to change the luck."

An enterprising Yankee went over to England and decided to open a shop in Birmingham. He obtained premises next door to a man who kept a shop of the same description, but was not very pushing in his business methods, preferring to jog along in the old conservative way. The methods of the Yankee, however, caused the older trader to wake up, and with the spirit of originality strong upon him, he affixed a notice over his shop with the words, "Established fifty years."

Next day the Yankee replied to this with a notice over his store to the following effect: "Established yesterday. No old stock"—Exchange.

RECENT DEATHS Frederick Arthur Flood, youngest son of John Flood, contractor, who was accidentally shot in the mouth early today evening at McNamara's Beach, Red Head, when he playfully blew down the barrel of a 22 calibre rifle, causing it to go off, died in the St. John Infirmary last night soon after 9 o'clock. The X-ray was applied on Saturday and the bullet located but not removed. Yesterday afternoon he grew worse and gradually sank through the early part of the evening. Death came at 9:15 o'clock. Besides his parents the boy leaves four brothers—George M., John, Harry and Charles; and two sisters, Elizabeth and Helen. He was fourteen years of age. There will be deep sympathy for the family in their great loss.

Mrs. George White. The death of Charlotte Emma, wife of the late George White, occurred in this city on September 1. Mrs. White had only been ill for a short time. She is survived by four sons, Herbert and Wilder, of Dedham (Mass.); Tilley Harrison, of Providence, and George, of this city; and by one daughter, Mrs. Ernest Wills, of West Side.

Mrs. Harry C. Coggins. Mrs. Harry C. Coggins died yesterday morning at the home of Mrs. H. W. Smith, Glenn Falls. Besides her husband, who went overseas with the 140th and Mrs. Marshall Millard, three sisters, Misses Alice and Elizabeth, of Tetamouche, and Mrs. Smith, of Glenn Falls, and one brother, Leslie in the west. The body will be taken to Tetamouche for burial.

Mrs. Catherine McKinney. A large number of citizens were shocked on Sunday morning when it became generally known that Mrs. Catherine McKinney had passed away very suddenly at her home, 350 Haymarket square. She was in the best of health and spirits up to Saturday at noon when she complained of a slight illness. Her sudden death was a severe shock to her family and the people of the cathedral parish where she was best known.

Mrs. William Hamilton of Belleisle Creek occurred on August 24. She was twenty-seven years old. The death of Richard Flowers of Fredericton occurred in the Victoria Hospital on Sunday evening. He was sixty years old. Frank E. Grant of Douglas, died early yesterday afternoon. He had been ill for some time. Yesterday he was found with a revolver in his hand and a bullet wound in his head just below the ear. An inquest will be held.

Canadian National News Service Begins

DAY AND NIGHT BY LEASED WIRES

From Atlantic to Pacific News of Canadian Happenings Will Flow in Uninterrupted Stream — An Undertaking of National Importance

Yesterday marked the formal opening of the Canadian National News Service operating under the name and charter of the Canadian Press, Limited. It was fitting that it should be made the occasion of the interchange of congratulatory messages by the premiers of the provinces of the dominion furthest east and west, for hitherto these have been severed, in a news sense, thus limiting the reaction one on the other, to their mutual advantage, of their respective public opinion. Between the maritime provinces and British Columbia nature has set formidable barriers, preventing the free interchange of news by leased wire. Even between Ontario and Quebec, on the one hand, and the Pacific provinces on the other, no free flow of news, day and night, has been possible, because of the thousand miles of wilderness along the north shore. The "three great gaps," as they have been termed, comprise the belts of unproductive territory between St. John and Montreal, between Ottawa and Winnipeg, and between Calgary and Vancouver.

The united effort of the Canadian daily press to establish a truly Canadian National News Service, which would be to naught when confronted by the grave financial problem of carrying day and night leased wires over these wide stretches of mileage. Parliament provided a sum to assist the Canadian publishers in carrying out this great step in national unification. The prime minister has honored the new service by a message over his own signature. Other messages of congratulations, including one for E. F. Slack, of the Montreal Gazette, president of the Canadian Press, Limited, and one from Premier Murray, of Nova Scotia, to Premier Brewster, of British Columbia, which are printed below, were exchanged over a great stretch of wire, nearly five thousand miles, physically uniting Sydney and Vancouver, including in the one circuit Halifax, Moncton, St. John, Montreal, Ottawa, Toronto, Hamilton, London, and the Great Lakes, Winnipeg, the cities of the Pacific, Nelson, in the Kootenays, and Vancouver.

Including both day and night wires, the new association will operate nearly twelve thousand miles of leased wire mileage and employ and actually do ninety expert telegraphers in the interchange of news between all parts of the dominion.

Messages Exchanged.

The messages exchanged were as follows:

Ottawa, September 2.

To E. F. Slack, president Canadian Press, Limited.

The inauguration today of a national press service by the Canadian Press, Limited, marks a notable epoch in Canadian newspaper achievement, and the service itself cannot fail to have a vital influence on the nation as a whole. It should be the means of bringing into closer touch widely separated communities; make their people more familiar with the ideals and aims of other provinces or districts; assist in bringing mutual understanding to all, and thus aid in the growth of a national consciousness and a truly national spirit. The press of Canada could have no higher purpose and could engage in no nobler work.

I extend my congratulations to the men who made possible the Canadian Press, Limited. They have my sincerest good wishes for the success and extension of the National Press Service.

R. L. BORDEN.

A Great Work.

Ottawa, September 2.

E. F. Slack, president Canadian Press, Limited.

Great national good should arise from the operation of the dominion-wide news service which the Canadian Press, Limited, is opening today. Not only will the papers throughout Canada be in a position to give their readers a more complete budget of news, by the publication in their columns, in reports of happenings in the maritime provinces, in Ontario and Quebec, in the great prairie provinces and British Columbia, but in so doing they will be performing the great work of familiarizing the citizens of provinces widely separated, with currents of opinion peculiar to each section, thus leading to better understanding and united effort. The beginning of the gulf which now separates the east and west should be rendered easier, by the dissemination of Canadian news throughout the land. The west will know the east better, and the east will understand the hopes and ambitions of the great provinces west of the lakes.

I consider the Canadian Press, Limited, has undertaken a work of the greatest national importance, and a work from which the greatest benefits should accrue, and in which they have my best wishes for the success to which such a national effort is entitled.

J. A. LOUGHEED.

To Premier Brewster.

Halifax, September 2.

Hon. H. C. Brewster, premier of British Columbia, Victoria.

On behalf of the people of Nova Scotia I gladly avail myself of the courtesy of the Canadian Press, on the occasion of the inauguration of its own national coast to coast telegraphic service, to send our warmest greetings to you and the people of British Columbia.

The Canadian Press is to be congratulated upon establishing this great national news service. I believe that it promises far-reaching benefits to all of

PRESIDENT WILSON'S RIGHT-HAND MAN

(By Elisha Hanson in Cartoons Magazine)

One of the greatest handicaps under which President Wilson labors is a lack of capable advisers. His friends have compared him to Abraham Lincoln. But Lincoln had a Seward where Wilson has a Lansing; a Chase where Wilson has a McAdoo. Lincoln, when he chose his cabinet, selected the greatest figures in American public life. Wilson has selected only mediocre men; so with due regard to their limitations, he consults them but little.

Lincoln during the civil war was always accessible to his advisers and to congress, and for that matter, to the general public. Wilson is growing more and more inaccessible every day, whom he depends heavily for advice or

ASHAMED OF THE PIMPLES

PIMPLES and skin eruptions always seem to come where they are the most noticeable, and consequently the most embarrassing to the person so unfortunate as to have them.

The most satisfactory treatment for pimples and skin eruptions is Dr. Chase's Ointment, applied at night after bathing the skin in warm water. Instead of clogging the pores, as do powders, Dr. Chase's Ointment cleanses them and promotes the healthy action of the pores of the skin.

By its antiseptic action this ointment destroys poisonous germs, and thereby prevents the development of eczema. There are scores of ways in which Dr. Chase's Ointment is useful in every home.

PIMPLES AND BLACKHEADS.

Miss Carrie Altwater, Bittern Lake, Alta., writes—"I was entirely cured of pimples and blackheads some months ago by using Dr. Chase's Ointment. As I have also found this ointment a splendid treatment for sunburn and chapped hands, I would not be without it in the house. It is the best I ever used."

Canada. This national wire will be a new link between east and west, and a potent agency in bringing into closer touch and warmer sympathy all sections of our vast dominion. I am sure that it will be largely influential in stimulating national co-operation, creating a better understanding of each other's problems, and fostering that spirit of unity which was never so essential to the progress and welfare of our common country as at the present moment.

WOMAN LETTER CARRIERS

Ten thousand women have been taken into the postal service of London since August, 1914, when the war began. They are taking the places of men who have gone into the army. It is probable that the women are taking the places of fewer than 10,000 men, as it has been found that in some respects a woman is not of as much service as a man. A writer in the London Chronicle says that the average man can carry a weight of thirty-five pounds in his postal rounds, while the average woman can carry a weight of only twenty pounds. In this respect alone, he says, are the new women employees inferior to the men whom they have replaced.—Hartford Courant.

THE FLY IN THE OINTMENT

Every time we see that a prominent Prussian militarist has risen to his feet in Berlin and declared in his impassioned way that a policy based on might alone and not on right is doomed to lose this war, leading us to think it's about over and maybe we can loosen up a little and buy something we need now, we discover in the second paragraph that he thinks his side's policy is based on right.

Riga In Hands Of The Germans

Some of Russians Show White Feather — Italians Advance — Matters on West Front

Riga, Russia's big port on the Gulf of Riga, is in the hands of the Germans and its garrison and the civilian population are in retreat eastward.

Following up rapidly the advantage they gained in driving the Russians across the Drina River, on both sides of the Drina toward Riga—fifteen miles distant.

On none of the other fronts have there been operations of great moment, except in the Austro-Italian theatre, where the Italians have made further progress on the Bainsizza Plateau and in the Brestovizza Valley and at various points along the line have repulsed fresh counter-attacks launched by the Austrians.

ROBT WARWICK AT IMPERIAL IN A VERY FINE PICTURE

Eminent English Star Seen in "The Silent Master" With Strong Support

The Imperial Theatre presented a very interesting holiday programme yesterday and the natural result was capacity business.

Robert Warwick, Olive Tell, Donald Galtner, Juliette Moore, Henri Valbel and Anna Little are the stars of the play, with Mr. Warwick, of course, the chief actor.

ITS A GOOD NEW PROGRAMME AT THE OPERA HOUSE

Singing of John O'Malley, Noted Irish Tenor, Much Enjoyed

The offering at the Opera House this week is well up to the standard of vaudeville which has been given to the public since this line of entertainment has been inaugurated by the management of the local Opera House.

The Giffain Trio, international singers, handled equally well songs of Bonnie Scotland, the Emerald Isle, La Belle France and Sunny Italy.

The Bordini Brothers have a novel singing and instrumental offering all their own and offer it in the same manner.

Billie Burke, in Gloria's Romance, is as coy and winsome as ever. This week's serial closes with Gloria in the hands of

He won seven games, losing the same number, allowing almost four runs a game.

This year he has allowed only a trifle over two earned runs a game, and his performances during the last three years have been equal to his best season.

"My wife got a cold the other day and she is suffering terribly," said the fat man. "That so?" inquired the thin man. "What is it—pneumonia?"

DEATH OF VERNON THORNE
Many friends will regret to hear of the death of Vernon Thorne, son of Isabelle and the late J. Fred Thorne. Mr. Thorne was engineer on the Standard Oil tanker S. S. Motana, which sailed from New York and was torpedoed on July 31, while on the voyage from Plymouth, N. S., to France. The Motana carried a crew of about fifty, of which number half perished. Mr. Thorne was about twenty-eight years of age. He moved to Boston several years ago. The news of his death will be read with sorrow by many friends. He leaves a wife and young child, as well as his mother, four sisters and three brothers.

Amherst milk dealers announce that after October 1, they will charge ten cents a quart for milk.

POTATOES HARD HIT.
A gentleman who was in Carleton county last week saw in one section hundreds of acres of potatoes smitten with rust, and the growth stopped. It is feared the crop will be greatly damaged before digging time.

DEATH OF CHILD
Mr. and Mrs. Howard L. Carpenter, of 88 St. Patrick street, have the sympathy of friends in the death of their ten months old daughter, Audrey Henning, who died here yesterday in Gondola Point cemetery.

NEW SCHOONER
A tern schooner recently completed in the yards of the Annapolis Shipbuilding Company was launched at high water on Saturday afternoon at the wharf of the Bechland. Her dimensions are keel 145 feet, beam thirty-five feet, depth 12.9 feet, gross tonnage 500, and net 400.

SEPTEMBER STRAWBERRIES
John Wilkes, at Public Landing, is still picking strawberries of a late bearing variety and of large size, of which the plants were imported from Michigan. Mr. Wilkes has had several bushels of black raspberries which yielded well this season.

AN APPLE-TREE PEST.
Apple-trees in parts of Queens county are being ravaged by caterpillars, which hang in clusters and devour the leaves, the apples being left hanging from the bare branches. The pest is also attacking the hick trees and devouring their leaves. It is feared the orchards will be seriously injured.

MADE PERFECT MARKS
Among those who successfully passed the nursing examinations of the State of New York is Miss Helen Dougherty, who has the distinction of having made perfect marks on all her papers. Miss Dougherty is a graduate of St. Vincent's Hospital, New York, of the class of 1916, and is a daughter of Mr. and Mrs. J. A. Dougherty, Cliff street, of this city.

ON THE RIVER
Some gay young blades at Sand Point yesterday afternoon set up a box of chocolates to the girls of the Natural History canoeing party who were on the May Queen. When opened the box was found to contain a nice assortment of pebbles from the beach. They rocked the boats, pensively observed one of the girls, to which her companions responded with a stony stare.

WHITE-CUNNINGHAM
The wedding of John White to Miss Mary Cunningham—both of this city—was solemnized this morning at six o'clock in St. Peter's church, by Rev. F. Coughlan. Leo McCarthy was the groomsmen, and Miss Veronica Floyd acted as bridesmaid. After the ceremony a wedding breakfast was served at the home of the bride's sister, Miss Margaret Cunningham, Star street. Mr. and Mrs. White will reside in Spar Cove road.

A MEMORABLE-HOLIDAY.
There has been no finer day than yesterday on the river throughout the whole summer, and perhaps never has the first week in September seen as much life on the water and along the shores as was witnessed yesterday. Motor boats were everywhere, besides a number of sailing yachts; and the river steamers were crowded. Motor boats were everywhere, and the river steamers were crowded. Motor boats were everywhere, and the river steamers were crowded.

HOME AFTER RIVER TRIP.
Mr. and Mrs. William McIntosh, accompanied by ten girls, returned on Saturday afternoon after a ten day canoe trip on the St. John river. Mr. McIntosh reports that they found several carcasses of moose that had been shot out of season. The trip was primarily undertaken to finish a course of study of the archeology of Central New Brunswick. The girls who went on the trip are Gerda Holman, Ethelyn Armstrong, Edith Patterson, Ada Colwell, Lucy Smith, Marion Bustin, Constance Coster, Helen Simms, Elizabeth McKinnon and Gretchen Betts.

WITH THE POLICE
There was no session in the police court this morning, but one held this afternoon and nine prisoners were awaiting trial. Two are charged with breaking the prohibition act, two for assault and the rest on minor charges. The two arrests for assault were made after an alleged attack on Norman McLeod, who recently was arrested on charge of assaulting Charles Cheery in the presence of the police. The prisoners are Cecil Livingstone and William McNully.

HAMM-LEWIS
A very pretty wedding was solemnized this morning in Germain street Baptist church, when Miss Hazel E. Lewis, daughter of Mr. and Mrs. James Lewis, 156 Britain street, became the bride of Joseph Barnes Hamm, of this city. The ceremony was performed by Rev. S. S. Poole. They were unattended. The bride was very becomingly gowned in a tailored navy blue suit with purple hat and carried a bridal bouquet of cream roses. Ralph H. Fales and Fred Smythe acted as ushers. Following the ceremony Mr. and Mrs. Hamm left on a wedding trip through Nova Scotia and on their return will reside at 76 Dorchester street. They were the recipients of many beautiful wedding presents, included in which was a chest of silver from the firm of P. McAvity & Sons, with which firm Mr. Hamm is employed. In honor of the event the foundry whistles of the firm were sounded during the ceremony and others along the water front joined in the demonstration.

GOING HOME FOR WAR WORK
Mr. and Mrs. P. R. Warren have sailed from New York yesterday for England, where Mr. Warren has accepted a commission in the British army, and Mrs. Warren will return to her nursing in France. She has been a very energetic worker on behalf of the Blinded Soldiers at St. Dunster's, and her efforts have been crowned with very great success, as she collected, in all, the sum of \$7,000, and should any of the collecting cards still be out, they may be sent to Mrs. Warren, No. 1 Tilney street, Park Lane, London, making the money orders payable at South Audley street post office. Mrs. Warren will be glad to acknowledge receipt of same.

During their residence in St. John, both Mr. and Mrs. Warren have made many friends and they both hope and expect to return and make their home here after the close of the war.

VALLEY RAILWAY INQUIRY POSTPONED

The Valley Railway inquiry, which was to have been resumed today, has been postponed until Tuesday of next week, September 11. Whether a session will be held on that date or a further postponement made will depend upon the condition of affairs at the dominion capital. If parliament has not adjourned by then, F. B. Carvell, K.C., M.P., counsel for the provincial government in the inquiry, may not be able to leave Ottawa. In that event, another postponement will be arranged.

The next session promises to be an interesting one, as Thomas Bell is expected to take the stand to tell what he knows of the disposal of the \$20,000 which W. B. Tennant testified was paid to Mr. Bell as treasurer of the central financial committee of the Conservative party.

It was expected also that Mr. Deeks of the Dominion Construction Company, Toronto, might be on hand to give evidence regarding a tender submitted by his company when bids were asked for the construction of the railway on the mileage basis.

ARE RUSHING WORK ON THE NEW WAREHOUSE

Work on the reconstruction of the warehouse at No. 5 pier, West St. John, is being rushed by the contractors, and immediately after the contract was awarded, last week, they set to work and have been at it ever since, although the formal signing of the contract was accomplished only this morning.

Owing to the necessity of taking advantage of the exceptionally low tides in order to complete the cribwork at tide level, the work was continued night and day during the week-end and the holiday. This portion of the work has been completed, and if it had not been accomplished on these tides, a delay of a month might have resulted.

Bracing up the slanting timbers in the sub-structure, which still remains standing, is now engaging the attention of the contractors. By the method arranged by the city engineer, it is expected that these timbers can be restored to an upright position without much difficulty.

FAIR VALE GARDEN PARTY FOR RED CROSS

A very successful garden party in aid of Red Cross funds was held yesterday upon the spacious grounds of E. S. Carter Fair Vale when nearly \$200 was realized from the supper, candy and other tables and several lotteries. The work of organization was supervised by the committee, which was headed by Mr. Wilson, was ably assisted by Mrs. W. H. McQuade whose residence and spacious veranda were placed at the disposal of the committee. Many of the Fair Vale ladies lent active assistance. They included Mrs. and Miss Carter and their guests Misses Millidge and Jenkins, Miss Catheline, the Misses Henderson, Doherty, Campbell, McQuade, Mooney, Mrs. J. E. Wilson, Mrs. Harper and Miss Alice Wilson, Mrs. Will Clarke, Mrs. R. D. Clarke, Mrs. George Bishop, Mrs. Malcolm, Mrs. Seaton, the Misses Emery and several active little girls and boys who lent valuable assistance. There were many in attendance and everybody enjoyed the afternoon. The drawings awarded a handsome umbrella to Mrs. Thomson, who presented it to a committee and upon being auctioned some amusement was afforded by the actual bidding of the committee members, general J. E. Wilson, and Commissioner Russell. The D. R. G. secured the prize for a ten spot.

LIEUT. ROLAND SMITH WOUNDED IN ABDOMEN

R. Morton Smith has received a cable announcing that his son Lieut. Roland Smith, lately wounded, has been removed to the 3rd London General Hospital. He is suffering from gunshot wound in the abdomen. The fact that he was fit for removal to England encourages the hope that he will soon recover. Having been wounded three times, it is fair to assume that this gallant young soldier, who enlisted as a private and won his promotion to a Lieutenancy, will be given a long furlough so soon as he is able to move about again.

AT PUBLIC LANDING

The pic social and dance at Public Landing on Saturday evening was the most successful affair of the short season since the pavilion was made available for use. Pending the arrival of Robert Carr from the city, Miss Moore kindly volunteered to provide music for the dancers, some of whom motored from the city and points this side of the Landing.

The Woodman's Point party, who were the first to appreciate the pleasure of these week end affairs, were early on hand, and the last to say a reluctant good-night. After paying expenses the committee had about thirty dollars to go toward the expenses of fitting up the pavilion, which was a little over \$120, and to which must be added the further expense of closing the four sides with shutters for the winter. Another dance will be held at this week-end, and perhaps for all the week-ends during September. Yesterday afternoon there was an impromptu dance for an hour or two. A party from Woodman's Point arrived in sailing yacht to share in the enjoyment. All the Landing needs to make it one of the most popular river resorts is a hotel for transient visitors.

FOR CHILDREN'S SUCCESS

Solemn high mass was celebrated in St. Peter's church this morning to invoke the blessing of God on the children of the parish during the new scholastic year. Rev. Francis Healy, C.S.S.R., officiated and was assisted by Rev. P. C. O'Hare, C.S.S.R., as deacon, and Rev. F. J. Coughlan, C.S.S.R., as sub-deacon.

COMPLAINT ABOUT SPEEDERS

That automobile owners and drivers are not exercising sufficient care for the safety of the public is the statement of people residing along the highway near Acadia station. They say that many do not sound their horns, and drive at a terrific speed. It is said that a horse and carriage were struck by a seasonable last night and considerable damage was done.
