TEN PAGES—ONE CENT

Kitchener Sees Front

Joint Inspection With French War Minister

MORE TROOPS AT GALLIOLI

Lloyd-George Has 190 More Munition Factories—No Canadians on Royal Edward

Paris, Aug. 19.—A joint inspection of parts of the western battle line was made Monday by Lord Kitchener, Great Britain's secretary of war, and Alexander Millerand, the French war minister. They were accompanied part of the time by General Joffre and Sir John French, commander-in-chief of the French and British armies. The military leaders paid particular attention to conditions in the Champagne and the Vosges. An official note which gives details of the trip, says Lord Kitchener and Mr. Millerand were greatly impressed by the splendid appearance of the troops and their high morale. Several conferences were held, but the nature of them is not disclosed.

Additional Troops. London, Aug. 19.—Additional troops have been landed by the British at St. Gallipoli peninsula. This announcement was made here officially this morning.

535 Plants. London, Aug. 19.—David Lloyd George, minister of munitions, announced today that his department had over 190 more establishments for production of war munitions. This number of these plants now under control of the ministry is 535.

to Canadiana. Ottawa, Ont., Aug. 19.—There were no Canadian doctors or nurses on the Royal Edward when she was torpedoed in the Aegean Sea. The department of militia and defense this morning received a cablegram from the British in which the minister of militia states that the Royal Edward had 100 Canadian doctors or nurses on the ship.

NOVA SCOTIA HAS 448 MEN FOR 64TH

Halifax, Aug. 19.—Less than two weeks ago recruiting started for the 64th Battalion and to date there are 448 men recruited for the regiment. At the following places men were ready to be sent toward Sussex yesterday: Bridgewater, 21; New Glasgow, 2; Annapolis Valley, 14; Sydney, 202; Yarmouth, 45; Amherst, 4; Antigonish, 18; Truro, 15; Halifax, 60; at the depot at Sussex 89; total, 448. There arrived in Halifax yesterday the St. John detachment of the heavy battery now established here. These complete the depot which is at a strength of six officers and 170 men.

PICNICS OFF AT LAST

The St. Peter's Sunday school picnic is being held today at Torriburn. About eight hundred went out on the first train at 10 o'clock this morning and the second special at 12:40 was also crowded. The grounds are in admirable condition and the weather and arrangements promise a good time. The procession of the Sunday school children from their hall to the station was the chief feature of the event. About 600 of them, accompanied by the teachers and the priests of the rectory, were in line. The children presented a splendid appearance and hundreds crowded the streets to see them. The picnic was to have been held on Tuesday but it was postponed yesterday and again until today on account of the weather. Those in charge were held in indecision for some time yesterday and it is said that one train was on its way to the grounds before it was definitely fixed to call off.

BELGIAN AND RED CROSS. The mayor today acknowledged the receipt of \$1 from a "Friend, S. T." for the Belgian Fund, and \$3 from Miss M. A. McLeod for the Red Cross fund.

WEATHER BULLETIN

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—A few scattered showers are reported from Alberta and Saskatchewan; otherwise fine weather now prevails over the Dominion. The West Indian hurricane is now centered in Northern Texas moving slowly northward towards the great lakes.

Fine and Cool. Maritime.—Fresh west to northwest winds, fine and comparatively cool today and on Friday. New England forecasts.—Fair tonight and Friday, moderate northwest winds.

ANOTHER CHANCE FOR RECRUITS

Volunteers Needed For Army Medical Corps

PUTTING IT UP TO SINGLE MEN

St. John Soldier Writes of Lack of Recruits, Meanwhile Those Who Have Gone Are Doing There Share, As Letters Tell

There is a possibility of more volunteers for medical units being called for from Canada, but whether St. John and New Brunswick will be asked to form a section is not yet known. Dr. E. Bishop said today that he had no request to organize further, nor any instructions, whatever in the matter. It is known, however, that a request has been made to the authorities at Valcartier for a draft of fifty more men for the Canadian Army Medical Corps now training at Valcartier.

The understanding is that these men will be forwarded without delay to the other side and some quick recruiting work is looked for to replace them. The belief among local military men is that much activity is to be reported soon from the Dardanelles where it has already been announced, some 15,000 Canadians are to be sent and that the hospital unit is to be forwarded there. The fact already word has been received from medical officers from the division who have gone to England, that they have orders for service in the straits.

To Establish Depots. Lt. Col. Armstrong left today on another visit to different parts of the province for the purpose of establishing military depots to stimulate recruiting. In those already opened there has been a ready response and good results are anticipated from the scheme which will make the recruiting depots permanent for the duration of the war. He has made recommendations to Halifax as to where these centers should be, and it is probable that the reports will be adopted, with the carrying out of the suggestions.

A Soldier's Appeal. H. B. Whitehead of the 26th Battalion writing from East Hamling Camp, England, where the unit is quartered, closes the year's men of St. John in a letter listing. He says he was surprised when he read that the 26th Battalion left here with undisturbed ranks. He says he is a single man in St. John now, I think you married men I am ashamed. If I were a young man I would like to see you. You men! Why should you expect your married brothers to leave their little families to do your work? And even if you don't do all you can, at home, you'll not let us down. We were sent away without enough men. Get in line quickly.

Indians to Enlist. Lieut.-Col. Gray goes to Oromocto today to enlist a number of the Indians on the reservation at that place. He has received a request to go to Oromocto, as there are a number of Indians desirous of enlisting.

Lieut.-Col. Gray has completed arrangements with the Fredericton Exhibition Association to have a recruiting station on the grounds during the exhibition week of September 30th to 20th. For Fairville Recruit. Among the most recent recruits from Fairville to the 2nd Battalion in defence of the right in Roland Green, son of John Green, Manawagonish Road. The young man is now in Sussex awaiting orders to proceed to Valcartier where the troops are being mobilized.

Prior to his enlistment Mr. Green had been a very active member of the "Climbers Class" of the Fairville Methodist Sunday school. As their classmate was obliged to leave the city very soon after enlisting, he was unable to bid good bye personally to all the members, but when the class convened Sunday afternoon the information was communicated, and as a mark of appreciation of the friendship and esteem in which they held Mr. Green and as appreciation for his gallant action, the class sent yesterday to Sussex, a solid silver military wrist watch with a note expressing their sentiments.

Wounded in Action. Supt. William R. Y. McLeod, of Fredericton, of the 8th Company Canadian Engineers, has been wounded in action. He was hit over the eye with a piece of shrapnel shell, which burst alongside of him while he was at work in one of the trenches. He was sent to one of the hospitals. This is the second narrow escape he has had since his arrival on the firing line some months ago. On one occasion a bullet pierced his cap.

Springill Volunteers. Norman Davies, Charles Kemp, Eli Arner and Edward Green, of Springhill, have volunteered for service overseas. They are Englishmen who have lived in Springhill for a number of years. The people of Nova Scotia have subscribed for 112 machine guns, Halifax heads the list with 27.

Newspaper Miss Enlists. William Collier, formerly of Quebec, and brother of Aid. Joseph Collier of Halifax, has enlisted for active service and will be given the rank of Lieutenant in the 6th Regiment under Lt.-Col. Danvers. Lieut. Collier, who is at McGill University, will continue his course at Kildrilly, but will continue his course for examination.

Danish Motorboat Held. London, Aug. 16.—(delayed by censor)—The Danish motorboat Jotlandia, from San Francisco for Copenhagen with a general cargo, has been detained at Kildrilly by the British authorities for examination.

RUSSAINS MAKE THE GERMANS PAY WELL FOR GROUND THEY GAIN

Thousands of Invaders Put Hors de Combat in Two Hours—Germans Make Heavy Sacrifices to Extricate Closely Pursued Divisions—Huns on Retreat in Courland

Zurich, Aug. 19.—Despatches from Instruk report that the Russians have made a vigorous counter attack north of Stulies in the wooded part of the Bug. In the course of the engagement, on the Bug, fought by the troops of Prince Leopold, the Russians attacked with such violence that thousands of Germans were put hors de combat in two hours.

The Russians, thanks to the great victory achieved at Vloera, are able to retreat in good order to the north of that locality. They continue, however, to inflict heavy losses on the enemy. During this battle the Germans on August 22 lost 12,000 men, and on the 13th, 4,000 and, on the 14th 4,000, not counting 5,000 missing.

RETIREAT OF GERMAN ARMY. In the Courland fighting between Schonenberg and Friedland, the Russians by their continual attacks, render the retreat of the German army more and more difficult. The Germans have been obliged to make heavy sacrifices to extricate two divisions closely pressed by Russians along the whole course of the Dvina, as well as at Gross Buschoff and Altalberg. They have brought two army corps from the south to continue the struggle.

On the Island, the German retreat is being carried on in good order. The Russians to the west of Korova have pushed forward 600 meters. The Germans have lost 6,000 men. The Russians are continuing their retreat at Novo Georgievsk. They have captured machine guns and taken a thousand prisoners.

SOCIALISTS TO VOTE WAR CREDITS. Amsterdam, Aug. 19 (via London).—The Socialist party in the German Reichstag, according to the Verwehrs, has decided to vote for the war credits bill. The proposed new law of \$2,500,000,000 is one of the principal matters before the session of the Reichstag, which opens today. Opposition to the loan, if any developed, was expected to come from the socialist members, but recent advices from Berlin have indicated that the government leaders expect little or no opposition to their proposals for carrying on the war.

TURKISH TAX ON FOREIGNERS. Rome, Aug. 19.—Despatches from Safouki received by the Giornale D'Italia and the Tribuna, declare that the Turkish authorities in addition to prohibiting the departure of Italians from Smyrna, have levied a heavy tax which the young men of St. John are being asked to pay, and which may Italian in Smyrna, being almost destitute, are quite unable to pay.

RUSSIAN SUCCESSION ON THE BUG. Petrograd, Aug. 19, via London.—Russian successes on the left bank of the three Bug, the Germans have been pushed back southwest of Volodars and in the region of Vladimir Melnyk have stayed near Koval (on the main railroad line between Brest Litovsk and Lusk) although government institutions already have been withdrawn from the city.

DEATH OF CARDINAL VANNUTELLI IN ROME. One of Most Distinguished Members of Rites of Roman Church—Had Long Diplomatic Career. Rome, Aug. 19.—Cardinal Serafino Vannutelli, dean of the sacred college is dead at the age of eighty-one. Cardinal Vannutelli was one of the most influential of those members of the sacred college eligible to the papacy. He was one of the six cardinal bishops, who take their title from the suburban seats of Rome. He was Bishop of Ugento, Santa Rufina and Oria. He was created and proclaimed cardinal by Pope Leo XIII, March 14, 1887.

The cardinal was born November 26, 1834, in Genassano in the diocese of Padua. His early education was obtained in the seminary of Genassano and he received degrees in philosophy and theology in the Capranica college at Rome. After teaching theology in the pontifical seminary, he embarked upon a diplomatic career to Ecuador and Peru, and finally to Brussels in 1881.

MUST SHOW THEIR LIGHTS. The police have received instruction that in future they are to report all drivers or owners of automobiles who violate the by-laws regarding the tail-lamp. The law states that from one hour after sunset to one hour before sunrise one or more lamps showing a white light, visible within a reasonable distance towards which the vehicle is proceeding must be displayed, and a suitable lamp, carried on the rear of the vehicle, throwing a white light towards the register number, and a red light directly back of the vehicle. Acting Chief Wicketman said this morning that a fair warning had been given to automobile owners that they must display the number on the rear of the car. As many are paying no attention to the warning, he said no leniency would be shown them, and all would be reported.

Thought Governor Dingley Had Struck a Submarine. Portland, Me., Aug. 19.—It was a distinct shock to the nerves of the passengers of the steamer Governor Dingley, when on the trip west from St. John the steamer struck solidly against a partly submerged object bearing all the earmarks at first glance of a German submarine. The steamer was proceeding at about 16 knots an hour and the collision rattled the dishes on the shelves and jangled the bells in the engine room. A hasty investigation on the part of the bow watchman showed that the steamer had struck a whale about amidships, and was of the opinion that considering the shock administered to him, there would be one less of the species left in the Bay of Fundy.

STROMBOLI VOLCANO AGAIN IN ERUPTION. Messina, Sicily, Aug. 18.—(via Paris).—The chief signal officer at the Island of Stromboli, reports the eruption of a large quantity of lava from Stromboli volcano. The lava is forming a lake of fire between the crater and the sea. The eruption of lava is accompanied by loud detonations and clouds of smoke.

THE RIGHT TO A GARDEN IN THE PUBLIC HIGHWAY MUST BE PROTECTED

Private Company Lays Sidewalk A Public Convenience—But Must Remove It—Encroaches on Lawn Which Citizens Has Established in The Roadway

Fairville, this morning, was again the scene of a little mix-up over property lines and sidewalks when the new wooden walk laid this week by the Fenton Land and Building Company, in Peters street, which runs from McClure's Hill in past the Presbyterian Church, was ordered taken up by the Lancaster highway board, supported by the city commissioner and the Recorder.

It appears that Mr. Fenton, whose company have acquired a considerable stretch of land in this particular section, asked permission of Commissioner Russell to lay a sidewalk along Peters street house, which is on the corner. Mr. McCormack had a nice garden plot in front of his dwelling which is actually on highway property, but he had secured permission of the Highway Board to use it should they require the strip for road purposes.

Without consulting the Highway Board in their decision, the Fenton concern entered McCormack's garden, dug at even a couple of feet below the sidewalk, and threw the earth up in front and laid their new sidewalk. Mr. McCormack protested. The Highway Board refused to remove the sidewalk, and the sidewalk now in use in front of Mr. McCormack's house is eight or ten feet in places further out than the new one, and the Highway Board resent the interference of any private company or individual creating new walks or roadways without their permission. This afternoon a representative of the Highway Board was on hand to see that the sidewalk was removed without a doubt. The excavation will be filled in and new street lines laid down in simple present needs.

Last year, it will be remembered, Pink's steps caused quite a furor and this episode also was the occasion of some excitement. The Highway Board is responsible solely in cases where roadways are constructed without their permission. It was said this morning at City Hall that even the city could not proceed with the sidewalk, but that it was tempted by the Fenton Company without the consent of the highway board. The sidewalk was laid on the board, and away with it, merely having erected it to temporarily identify his grounds.

The sidewalk was laid on the board, and away with it, merely having erected it to temporarily identify his grounds. The sidewalk was laid on the board, and away with it, merely having erected it to temporarily identify his grounds.

Canada had decided on a war vote of \$500,000,000 to be raised otherwise than by additional tariff. Opening of the federal parliament the day previous disclosed in supporting her pledged treaties with France and Belgium. It was full of life and vigor, and the speaker, Mr. Borden, declared that the Canadian troops would assemble at Valcartier.

Canada had decided on a war vote of \$500,000,000 to be raised otherwise than by additional tariff. Opening of the federal parliament the day previous disclosed in supporting her pledged treaties with France and Belgium. It was full of life and vigor, and the speaker, Mr. Borden, declared that the Canadian troops would assemble at Valcartier.

NEWCASTLE MAN IS NEW PRESIDENT. Although it will involve a heavy expenditure, it is expected at City Hall that a recommendation for the construction of a new retaining wall from Sheriff street to Harrison and also in Rockland road in the vicinity of Moore street will be immediately necessary. Reports have been made that the condition of the two retaining walls was unsatisfactory so Mayor Frank and Commissioner Potts this morning laid a personal visit to the two places, thoroughly inspecting each. They found that the walls were in a very unstable shape even threatening collapse in some sections. The question to be decided by the council will be as to whether it is advisable to order an entire replacement or to partially repair them and run the risk of a lawsuit should any damage result.

A report will be presented to the common council bearing upon the matter, and it is believed that it will be a recommendation of entire new walls.

PROCEEDS WITH WORK DESPITE THE BY-LAW. Although no permit has been given for the work, and although a city by-law enacted this week, ordains that no such building could be erected without consent of the church narrow, concrete has been poured into the foundation of the new garage proposed to be erected in Carleton street by F. E. Williams. A crew of men were engaged yesterday and today in the process.

Because of no permit having been granted, it was said today that a police report would be dealt with on Monday morning next, while there was talk at city hall today of an injunction being asked for to restrain further construction.

It has been reported that another garage was projected for erection near the Congregational church in Union street, but the city engineer has no knowledge of the site was understood to be the vacant lot at the corner of Chipman Hill and Union.

LEAVES FOR ENGLAND. Mrs. J. L. McAvilly will leave this evening for England via New York to join her husband, Lieut.-Col. J. L. McAvilly, commanding the 26th battalion.

Arabic is Sunk

White Star Liner Goes Down Off Fastnet

410 PERSONS ON BOARD

Believed All or Most of Lives Saved—Sailed Yesterday From Liverpool For New York

London, Aug. 19.—The press association makes the definite announcement that the steamer Arabic has been sunk. It also says her passengers and crew were saved by a steamship.

She is reported to have been sunk off Fastnet. She sailed yesterday from Liverpool for New York. The White Star Company announced that the Arabic had on board 170 second and third class passengers, and no first class passengers. There were 240 men in the crew, making a total of 410 persons on board. She sailed from Liverpool at three o'clock yesterday afternoon.

The Arabic is reported to have gone to the bottom in eleven minutes. On her last eastward trip the Arabic arrived in Liverpool on August 6 from New York. Following the receipt of a cablegram announcing her safe arrival, the bureau of combustibles of New York City allowed the fact to become known that two sticks of dynamite had been discovered on board the liner on July 27, the night before she sailed from New York for Liverpool.

The Arabic's tonnage is 15,201 gross and 10,062 net. She is 600 feet long, 65 feet beam, and 47 feet in depth. She was built at Belfast in 1903 by Harland & Wolff.

A message received by the White Star this afternoon, says it is hoped that many or most of the passengers and crew were saved. The message follows: "The Arabic was sunk this morning fifteen or sixteen boat loads are making for Queenstown."

The company has received no other direct word, but from this message and the number of boats making for Queenstown, they deduce that the greater part of the persons on board were rescued.

TALES OF DEATH AND DAMAGE

Fear More Than Hundred Have Perished in Texas

Dallas, Texas, Aug. 19.—Experiences of the survivors of the tropical storm, which swept the southeast coast of Texas, bringing death to scores of persons and doing damage of millions of dollars to property, continue to be unfolded today, as those persons reached cities to which communication had been re-established.

While reports did not agree as to the number of deaths in various localities and the total number of dead in the storm district remained unknown, it seemed probable that the complete lists would show considerably more than a hundred persons had perished.

An estimate of the deaths in the vicinity of Galveston and Houston was placed at 71 by a representative of the Associated Press from Galveston, who last night arrived at Houston after a thrilling trip. Reports from other places, however, told of deaths, reports of which had not reached him.

According to apparently reliable information available early today, the death estimates were as follows: Texas City, 22 (36 soldiers and 6 civilians); Galveston, 143; Virginia Point, 14; Morgan's Point, 7; Hitchcock, 7; LaPorte, 7; Port Arthur, 4; Houston, 3; Lynchburg, 3; Seabrook, 3; Silvan Beach, 3; Dickinson, 1. Estimates from some sources placed the number at Virginia Point at thirty and other reports said eleven were dead at Morgan's Point.

Property losses are known to run into millions of dollars, but only rough estimates were available. Galveston suffered a loss of \$18,000,000 or more, according to its estimates. Nearly half a million of the loss was due to fires which broke out in the height of the storm and burned unchecked because of the inability of the firemen to fight the flames in the terrific gale and because the water system was out of commission.

Houston's loss was estimated at \$2,000,000. Other cities where losses had been estimated were Texas City, \$400,000; Port Arthur, \$200,000; Sabrook, \$100,000; Sabine, \$100,000; Sabine Pass, \$100,000; Kansas, \$50,000. Enormous losses also were sustained in the farming regions, and oil fields, swept by the storm, and only the most meagre estimates of damage in these sections were obtainable.

May Total 400 Lost. San Antonio, Texas, Aug. 19.—The total of lives lost in Texas and at sea along the Texas coast as a result of the tropical storm, may reach 400, according to information received here today.

George Sylvester Viereck, editor of a paper in New York, who is charging with receiving pay from the German Government for his pro-German policy.

EVENTS IN THE WAR JUST ONE YEAR AGO TODAY

The Times of a year ago contains the stirring message which King George delivered to each regiment of the expeditionary force as it left England to do battle in France. The day previous disclosed in supporting her pledged treaties with France and Belgium. It was full of life and vigor, and the speaker, Mr. Borden, declared that the Canadian troops would assemble at Valcartier.

Canada had decided on a war vote of \$500,000,000 to be raised otherwise than by additional tariff. Opening of the federal parliament the day previous disclosed in supporting her pledged treaties with France and Belgium. It was full of life and vigor, and the speaker, Mr. Borden, declared that the Canadian troops would assemble at Valcartier.

NEWCASTLE MAN IS NEW PRESIDENT. ROLL OF HONOUR

DOING DUTY FROM HERE

FOR KING & COUNTRY

ARE YOU DOING YOURS?

GOD SAVE THE KING

This attractive snow card has been prepared by the Publicity Department of the British War Office to enable those families or firms having sons or fathers or employes on active service to tell the public about them. The space at the top of the diamond-shaped design (where the figure 1 appears) is used for proclaiming the number. The cards are to be sent in thousands of houses, shops, offices, etc., throughout the United Kingdom.

ALREADY SUFFERING FROM FROST BITES

Appeal For Warmer Clothing For Italian Troops Fighting in the Snow-clad Alps

Rome, Aug. 19.—Even at this season of the year there are many of the Italian soldiers suffering from frost bites, and the gangrene which follows. These cases are among the men serving as outposts on mountain summits, some of them 12,000 feet above sea level. Where they stand practically motionless for hours at a time. The danger of freezing will increase with the approaching winter, and appeals have been made to all classes besides factories to hasten the preparation of warmer garments of every description, for these exposed territories. By private initiative 5,000 warm garments are being made daily.

ANOTHER DEATH IN 26TH

W. F. Peacock, of the 26th battalion, gives an interesting account of camp life in a letter to his mother in Little River. He referred also to the inspection of the Canadians by Premier Borden and General Sam Hughes.

"There are many deaths in camp here," he said. "One was killed by lightning while on the march, another dropped out of the line for a rest, and fifteen minutes after he went back, he dropped dead."

Mr. and Mrs. S. J. Thorne wish to thank their many friends for all the kindly acts and expressions of sympathy extended to them in their recent sad bereavement.

New Allies For Enemy?

It is rumored in Montreal that Sweden and Switzerland may soon enter the war on the side of Germany and Austria.

AN ADDRESS TO THE HYPHENS

An American Protest Against German Threats

IS U. S. TO BE KISSER?

For Those Who Have Become American Citizens and yet Have Not Dropped Allegiance to Native Land

The following is a letter to the New York Sun printed from that paper of August 15th:

Sir—We are threatened with the "German vote." It is being thundered at us from the rostrum and from various German-American publications. From these sources Americans are deluged with adverse criticism and presumptuous advice.

If I were permitted to address a few remarks to the ardent advocates of German militarism who are conducting the anti-American movement they would be somewhat as follows:

To the anti-American German: Do you remember your first day in Germany? It was to escape a narrow, restricted existence under the domineering, swabbing rule of an oppressive military aristocracy.

You were tired of being clowned off the sidewalks by superior young beings in uniform and upturned matches. You were so unhappy that neither your position for German labor nor the tie of blood could keep you there.

You swore allegiance to our flag and institutions. You were warmly welcomed. You shared in our government. Your new freedom was glorious. You loved it, you lived in it, and you prospered in it.

And now you are preparing to smite the hand that succored you and free the land that you were starting for freedom and a fair chance in life. Now you have nothing but ridicule and contempt for Uncle Sam.

Your heart is no longer in America. It is over the sea in the land of blood and iron—especially blood.

The ladies and his military advisers declared that the blood of millions should be shed rather than that Austria should be allowed to remain an independent state. They wanted the Serbians and annex their little country. He tells us in a recent issue of a hollow in the German press that he has heard of his master's voice. You have not been American citizens long enough to breed out this spirit of revenge which is the curse of the rule of divine right.

You cannot resist the call of military glory. You are a soldier, you are a soldier in Europe to the feet of the German Emperor. You demand that Americans applaud every barbarous, murderous act committed by Germany in this fight against her. Your Fatherland has violated our rights, destroyed our property, killed our innocent non-combatant citizens. It ignores our protests and denies our rights. You expect us to rejoice with you when they are committed.

You organize false peace societies to oppose American national defense that Germany may not be hampered "when the time comes." You propose to do to America what she is trying to do to Europe.

Our government is to be Kaiserized. Your success in intimidating a few big newspaper men and cities where the German element is large has befogged your judgment. Germany's entrance into the politics of this country is an example of the "German spirit" that is to dominate the world. It is the same domineering, brutal and barbaric spirit that prompted the rape of Belgium and that induced the leaders of your movement to enter the Peace pavilion at the Panama Pacific Exposition a few days ago with a companion of their friends and was German flag. Millions are millions of disenchanted in this country of Germany's enemies, the Allies. Are they demanding that America go to war to help them? Are they organizing to oppose our Germans who are undertaking to dictate the American foreign policy? Unlike you, they are going about their business as American citizens, and unlike you, they will vote as American citizens.

Your absurd propaganda is doing nothing more than to seriously offend loyal Americans. You represent but a small portion of the so-called German-American vote. Get the notion out of your head that American conscience and sense of justice is in your keeping; that you alone possess the wisdom to guide our country in this crisis. Resume your allegiance to the Stars and Stripes and be quiet, for you will not be permitted to influence in the slightest degree the foreign policy of the American government. Otherwise, vamoose.

Amni Wright.

New York, August 12.

Will Cost \$5,000,000 a Year

London, Aug. 19.—The award of a war bonus to British post office employees by the arbitrator appointed to consider the men's demand will cost the government not less than \$5,000,000 a year, according to post office officials.

CLEARINGS STILL GAINING

The bank clearings for the week ending August 19 amounted to \$1,460,815, and for the corresponding week last year \$1,402,087.

LOCAL NEWS

BURIED TODAY

The funeral of Annie F. Petrie took place this afternoon at 2.30 o'clock from her late residence, 6 Dalhousie street, to the Cathedral where burial services were conducted by Rev. Miles Howland. Interment took place in the new Catholic cemetery. A large number of beautiful floral tributes were received.

Do all your shopping at 14 Charlotte street and save money.

READY IN OCTOBER

The new tuberculosis hospital being erected at East St. John, according to present expectations of Architect F. Neil Brodie and the members of the board, will be ready for occupancy in the month of October. Work is being rushed upon its construction, and a contract was awarded this week for the kitchen. Robert Gurney Foundry Co., of Toronto, to include boilers, ranges, and all other equipment necessary.

DIED IN THE HOSPITAL

The death of Mrs. Francis A. Lynch of Upham, Kings county, took place in the hospital last night. She was a well-known and highly respected resident of that place and her death will be heard with regret by a wide circle of friends. She is survived by two brothers, Cornelius and Patrick. The body was sent to Upham on the noon train, and the funeral will be held tomorrow.

A New Discovery

Patent medicine for Rheumatism and all Kidney troubles, purely vegetable. No Cure—No Pay. All drug stores.

CONSTANT CHANGES OF MENU

Constant changes on the menu are made at the Grand Union Cafe, Mill street. A positive cure for that tired feeling that comes with the sameness of food day after day.

SEASIDE PARK FAIR

The management of the patriotic fair, which is to be held at Seaside Park August 26, state that the entrance tickets sold are souvenir tickets. In addition to giving the holder an opportunity of concert, the fair also entitles them to take a free swim at the total sum realized. The winner is to be given a ten dollar gold piece, which was donated by Attorney General Baxter, K. C. Commissioner Potts also donated a five dollar gold piece to be used as the management fee.

PIE SOCIAL UP RIVER

Misses Mildred Day and Ethel Armstrong, who held a pie social on Saturday evening, wish to thank Robert Crowley for the use of the Crystal Beach picnic grounds also Wm. Denning for his kind services as auctioneer. The sum of \$21 was received for the patriotic fund.

Prepare for the winter by buying at 14 Charlotte street, Entire stock being cleared out at bargain prices.

R. K. Y. C.

Members and their friends attending the dance at the club house, Millidgeville, this evening, are requested to have their tickets, as admission will be by ticket only.

Busses will leave Scott's Corner at 8 p. m. and after.

Nice weather we're having — now!

The opportunity of the People's Dry Goods Store, 264 Charlotte street, Good clearing out bargains now offering.

YOUNG WOMAN GOES TO JAIL

Mrs. F. Conway, the young woman who came here from the People's Dry Goods Store, 264 Charlotte street, Good clearing out bargains now offering.

THE LAST TIME FOR "DAVID HARUM" TONIGHT

The final presentation of "David Harum" with William H. Crane in his amazing role of David, will be held on the Imperial screen tonight and every body who has read the story or who likes good human-interest fiction should see it. Tomorrow and Saturday the Imperial is promising a strong melodrama in the anti-German story "By The Kaiser's Orders" or "The Splendid Follies." This subject will doubtless arouse considerable interest and no good British theatrum.

LIKES BARBADOS

Miss F. LeBain, a tourist who arrived here a few days ago, was very much impressed with the Barbados. She says it is a beautiful and healthy and the people are of a class, congenial, kind hearted and hospitable, which one seldom meets with.

SUNDAY CONCERT

The sacred concert to be given by the City Cornet Band in King Square in aid of the patriotic fund, will be conducted on August 29. The members of the band are now practicing hymns and other religious selections for the concert, which promises to be up to the excellent standard maintained by the band in this connection in previous efforts.

NEARLY 2,000 TONS IN FOR GIBBON & CO., LTD.

The schooner "Carrie Strong," with 800 tons of hard coal, and the "Charlotte T. Sibley" with 600 tons of hard coal, from New York, have arrived for J. S. Gibbon & Co., Ltd., in addition to the "Sarah and Lucy" with 500 tons, now discharging.

ANOTHER PROTEST

42 Paradise Row, St. John, N. B., Aug. 19, 1913.

To the Editor of the Times:

Sir—In reading your valuable paper this evening I had a protest against the insufferable noise of the cars of the St. John Street Railway.

Writing as a resident of Paradise row, where the "shrieks" from many curves make rest or study almost impossible, I heartily endorse every word of "I Kant Sleep."

I would add that I and other members of my family have made personal appeals to the management of the street railway which have been totally ineffective. Thanking you, I remain,

Very Sincerely Yours,
H. ARCHER COLLINS
Prest-in-Charge,
St. John Baptist Mission Church.

Unequaled Values Large Variety Reasonable Prices and Unexcelled Delivery

That is what is making our store so popular to the Furniture buyers of St. John and surroundings.

We make a special feature of furnishing homes for the newly-married people, with artistic, cosy and attractive furniture, so

Why Deny Yourself the Comforts of a Completely Furnished Home?

Order your Furniture now while the stock is complete and we will store you selection free of charge until required.

J. Marcus, 30 Dock Street

ANOTHER CHANGE FOR RECRUITS

(Continued from page 1.)

until September when he will take another course at Halifax previous to joining his regiment at Valcartier. For several years past Lieut. Collier was in newspaper work in Montreal, having been connected with the editorial staff of the Gazette and the Daily Mail.

Now Major Bruce.

Captain Bruce, who left Amherst several months ago to rejoin the Essex forces with which he had formerly been connected, has won promotion and is now a Major. Some time he was on duty in the Orneys and was attached to the Royal Marines. Presumably he is still connected with the same force.

DEAF MUTE WOMAN DRIVEN FROM ST. JOHN TRIES TO END LIFE

(Special to Times)

Moncton, N. B., Aug. 19.—A deaf-mute woman, who belongs to Albert county, attempted to commit suicide this morning by drowning in a brook west of the I. C. R. subway on the Salisbury road and was only prevented from doing so by a policeman, who had followed her to frigate any attempt. She is a deaf-mute. The woman came here a few days ago from St. John and admitted to the chief of police that she had failed in an attempt to jump out of the window of an I. C. R. train. Arriving in Moncton she sought the aid of the police giving the name of a person who she said lived near Hampton, and asked the authorities to compel him to make some provision for her welfare. She related on the steamer Metagama. Lieut. Truro, has also received an appointment and will accompany Dr. Macdonald with the new battery.

RECENT DEATHS

The death took place Tuesday of James M. Humphrey of Morrison's Mills near Fredericton. The deceased, who was 68 years of age is survived by a wife and mother, Mrs. Richard Ready and one sister, Mrs. James Boyce, all at home.

One of the oldest residents of the parish of Carleton, in the person of George Dunfield, died on Friday morning at his home at Springhill, aged 78 years. He leaves five married daughters and one son, John H. Dunfield.

SOMETHING WRONG

St. John, N. B., August 19, 1913.

Editor Times-Star:

Sir—In regard to item in yesterday's issue respecting enlistment, another alias in that of a young man who offered his services and was sent down to Partridge Island and, not being furnished with an outfit after three weeks of service, was obliged to borrow a khaki shirt from a friend in the city to drill in, his own civilian suit having been worn out in the King's service. Further, when the young man desired to come to the city it was necessary to borrow a suit from some of the permanent force for the time being.

These are matters that should be remedied. St. John is to be considered a regular recruiting station.

OLD SOLDIER.

LEUT. T. H. O'BRIEN

(Special to Times)

Moncton, Aug. 19.—Lieut. O'Brien received a cablegram last evening from his son, Lieut. T. H. O'Brien, stating he had arrived safely in Plymouth, England with the 6th Brigade Canadian Field Artillery, which crossed the Atlantic on the steamer Metagama. Lieut. O'Brien is a graduate of the St. John Law School and since the outbreak of the war took a course at the Kingston Military School. A few weeks ago he was appointed to C Battery of the Royal Canadian Home Artillery and was subsequently transferred to the 8th Brigade Manitoba Field Artillery.

A Diamond of Good Color May Have a "Fish Eye"

Why is it that a Diamond of good color and free from flaws may not be so brilliant as a stone with a flaw and not so white in color?

The stone is cut too shallow.

Proper cutting has much to do with Diamond brilliancy, which quality some judges place first in desirability. A "fish eye" results when the outlet is visible through the table.

The advantage of buying Diamonds at Sharpe's is that you are told the exact condition of each stone and have a large assortment to select from, our stock being known as one of the "cleanest" in Canada, "clean" meaning free from poor quality stones.

STILL AT SHORNICLIFFE

Ottawa, Aug. 19.—The second division is still at Shorncliffe. Official denial is given here to reports from New York that 45,000 Canadians left Shorncliffe for Flanders a few days ago.

AFTER TWENTY-THREE YEARS

After an absence of twenty-three years, Nicholas J. Hatchford is visiting in the city, as the guest of his brother, R. P. Hatchford, 48 Peters street. He is being warmly welcomed by old friends with whom he was popular years ago. Mr. Hatchford is accompanied by his daughter, Miss Marguerite. He is now comfortably located in Dorchester, Mass., where he is interested in the carriage making and automobile business, devoting more to the latter, because of the greater vogue. Naturally, after having been away from his home city so long, Mr. Hatchford sees many changes of interest, and has noted many improvements. He has been particularly happy in renewing old acquaintances about the city, by whom he has been well received, especially by former associates in St. Joseph's Y. M. S., of which he was an active member some twenty-five years ago.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it has a tendency to close, and when it is closed, deafness is the result, and it is entirely discurd, deafness is the result, and it is entirely discurd, deafness is the result, and it is entirely discurd.

ROYAL AND HAMILTON BANKS.
The proposal of the Royal Bank and the Bank of Hamilton for amalgamation was yesterday placed before the minister of finance, Hon. Mr. White in Ottawa for his approval.

Entire Family Stricken With Cholera.

YOUNGEST CHILD DIED.

Mrs. E. Slade, 376 Logan Ave.,
Toronto, Ont., writes: "When I first
arrived in Canada, nearly four years ago,
my entire family was stricken with
cholera from which the youngest child
died." Soon after a friend recommended
Dr. Fowler's Extract of Wild Straw-
berry, and acting on this advice I ad-
ministered it to each who were suffering
with the most gratifying results. Since
that first attack my children have been
subject to stomachic troubles, but on the
first symptoms I resort to "Dr. Fowler's,"
and it always brings relief. I have
summed up in this medicine and
always keep a bottle on hand, also I
never fail to recommend it to anyone who
is similarly troubled.

Dr. Fowler's Extract of Wild Straw-
berry has been on the market for the
past 70 years, and has become so uni-
versally used, that many firms have gone
so far as to try and produce a substitute
for it, and even claiming similar names,
and saying it is "The Same" or "Just As
Good."

Do not accept their word for this as
these no-name, no-reputation, worthless
imitations may be dangerous to your
health.

The genuine "Dr. Fowler's" is man-
ufactured only by The T. Milburn Co.,
Limited, Toronto, Ont.
Price, 35c.

SUMMER REVIEW SCHOOLS

PROVE PROFITABLE

Saved Boston \$100,000 and 325
Pupils a Whole Year in Their
Educational Careers

Boston, Aug. 18—Besides saving the
city \$100,000, conservatively estimated,
the Boston Summer Review Schools, re-
cently closed, after a session of forty
consecutive days, made a remarkable
showing along academic lines, and fully
demonstrated the value of the idea.

In the High School branch, 828 boys and
girls who failed in two studies dur-
ing the winter term of the public schools
made up those studies this summer, and
as a result, will go on in the fall with
their regular classes. A few of them
who were in the graduating class this
spring, but were not eligible for diplo-
mas, will be given their diplomas
when the schools reopen.

Also, sixty-four pupils made up a de-
ficiency in one study this summer, and
will have this handicap removed when
they return to the regular sessions.

Similarly, in the elementary review
schools of the city, 877 boys and girls
have been given certificates for prom-
otion, when they return to the regular
schools this fall, while 164, who were
members of the eighth grade, will go on
to the High School with their own
class.

BROCKTON MAKING SHOES FOR THE ITALIAN ARMY

Brockton, Mass., Aug. 18—To accom-
modate an increased output of army
shoes for the Italian government, from
which a fourth order has been received,
the P. F. Field Company will have
created at once a four-story addition to
its big plant at 1871 The wing is to
be 100 by 85 feet and of four floors.
The work is to begin Monday. The
wing is to be completed in four weeks.
The Field Company in its latest army
shoe order, contemplates the production
of from 15,000 to 20,000 pairs daily. Fur-
ther orders are said to be assured as
long as the war lasts.

CORPORAL KANE KILLED.
Corporal George W. Kane, who was killed in action April 22, was a Halifax boy and not from Amherst. The news of Corporal Kane's death was the greatest shock to his family because they had been notified in April that he had been wounded only. Corporal Kane belonged to the 68th Rifles before he left for the front. He was twenty-four years of age. Two brothers are now overseas, one with the 16th Battalion and the other with the 28th. Harry, who was twenty-two years of age, joined the Nova Scotia Battalion, the 17th, with his brother, George. Harry was wounded for a time but transferred to the 1st.

LIEUT. McNALLY ILL.
Word has been received that Lieut. Theodore R. McNally, of the 71st York Regt., who has been in the trenches in France with the 1st Battalion, Canadian Expeditionary Force is in hospital in France, ill with stomach trouble. Mr. McNally left Fredericton about a year ago, with the first draft from the 71st Regt. He was with the 12th Battalion for a time but transferred to the 1st.

Children Love It— Don't Deny Them

Dentists affirm its helpfulness to teeth and gums. Doctors attest its aid to appetite and digestion.

Give your kiddies all the "Wrigley's" they want. Use it yourself—regularly. Keep it always on hand.

A boon to smokers—it cools the mouth and throat. It makes the next pipe or cigar taste better.

Every package sealed in wax. All the goodness and taste kept in till you get it.

Two delicious flavors.

There was an old Spear-woman lived in a shoe—
For her many young hopefuls she knew what to do!
She made them most happy with WRIGLEY'S for all—
It kept them in trim at a cost very small!

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Campbell Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Limited, incorporated under the Joint Stock Companies Act, 1887.

THE WAR NEWS

The Russians have lost Kovno, but still hold forts to the south, and today's cables tell of very heavy losses inflicted on the Germans in another part of the fighting front. It is by no means a one-sided affair, even if the Russians are losing ground. There is still anxiety, however, concerning the safety of some of their armies.

TREATMENT OF SOLDIERS

If the story of the enlistment, equipment and treatment as to pay of the Canadian soldiers is ever written in full, it will reveal evidence of stupidity, incompetence and worse. Why should a young man's father have to buy boots for him weeks after he had enlisted, why should he go for weeks without a uniform? Why should any portion of a soldier's pay be held back? Who gets the benefit? Why should a man accepted by one medical officer and put in uniform be rejected by another doctor and sent home? Many more questions which reflect upon the conduct of military affairs are being asked, because the men who do not receive proper treatment have a right to ask them, although apparently they have no redress.

WHERE WILL IT END?

Evidence submitted before Commissioner Chandler at Fredericton yesterday was to the effect that men operating for Mr. A. J. H. Stewart, M. P., cut railway ties on crown lands in Gloucester both before and after Mr. Stewart secured the lease of these lands, and that no stumpage was paid to the province. The cutting began in the fall of 1913, and it was not until Dec. 28 of that year a lease was issued to W. G. White, who four months later transferred it to Mr. Stewart. No report was made by the government sealer concerning the cutting of lumber throughout the fall and winter, and the following winter, and Col. Leggie testified yesterday that no stumpage was received by the government. It was also stated in evidence that some of the trees cut were very much under the regulation size. The testimony of Col. Leggie also brought out the fact that the first cutting, before a lease was secured, was clearly a trespass on government lands.

Only Three Disposal Irish

London Aug. 18.—A French doctor who has just returned from a German prison declared that when the Germans attempted to form an Irish brigade to fight against England from two thousand prisoners at Lemberg only three were disposed of. The other 1,997 were guarded who made the proposition.

THE CHILDREN'S AID

Having been provided with some funds the Children's Aid Society is losing no time in taking up its important work. Necessarily there is much to be done to get the machinery in full working order, and indeed that cannot be done until funds to provide a shelter are made available, but urgent cases can be dealt with and much good accomplished by merely having an active agent with the power of the law behind him. It will be necessary to get a list of desirable homes for children in the province, and this will take some time. In the meantime the society should have the co-operation of the citizens, so that within a year or two the approach that St. John has no proper means of caring for its neglected and dependent children may be at least partially removed. No less than five cases were before the advisory board yesterday. Delinquent parents must be made to understand their responsibility, and the penalty for their failure to accept it; but, more important still, the helpless little ones must be given a fair start in life. For this, and this only, the Children's Aid Society exists.

THE REVELATIONS MADE AT THE ENQUIRY

The revelations made at the enquiry by Commissioner Chandler cannot be over-estimated. Doubtless he will await the commissioner's report before taking action, but there is no objection to his telling the St. John Standard and Fredericton Gleaner what he thinks about it, even now.

SOMEbody

Somebody should be held to strict account if the street cars are not soon running over the new bridge to West St. John.

MAGIC BAKING POWDER. IS USED BY THE BEST BAKERS AND CATERERS EVERYWHERE, ALSO BY CHEFS IN THE LARGE HOTELS, AND ON DINING CARS, STEAMSHIPS, ETC. E.W. GILLET COMPANY LIMITED TORONTO, CAN. (Incorporated)

RECRUITS AND HORSES

A Western Paper Makes Some Caustic References to one Brand of Maritime Province Patriotism (Saskatoon Press).

There were two interesting items in the news from the maritime provinces in the dispatches this week. One related to recruiting statistics, and the other to the buying of horses for war purposes. The recruiting statistics showed that the maritime provinces recruited three-fourths of one per cent. of their population, as compared with three and three-fourths per cent. from Alberta, and two and three-fourths per cent. from Saskatchewan. The maritime provinces were a fraction above Quebec, which was the lowest on the list. The news concerning the buying of war-horses was in the form of evidence given before the War Contract Commission, which is trying to clear out the Angus horse stables in the maritime provinces. The evidence showed that the government purchasing agent was looking for veterans. The majority of the horses acquired were between the ages of ten and twenty years, sprung in the knees, touched in the wind, and otherwise afflicted. Witness after witness testified that the animals they sold were aged and infirm, but the price received for all horses bought for the government in Nova Scotia has been \$172.50. The purchasing agent, a well-known public broker, stated that old animals were good enough to shoot up. So every honest farmer who had an old steed (and had the reputation of willing right) brought it along and showed his patriotism by cheating the country at the great hour of her need.

AN APPRECIATED and APPRECIATIVE LETTER

From an Out-of-Town Customer. Dear Gundry: The \$12 Bracket Watch received some time ago has turned out so entirely satisfactorily that I am writing to ask you to send me an 18 Kt. Wedding Ring, size 9 1/2, best style, and to pick me out a nice single stone diamond ring, about \$50; size 9 1/2.

BUTTERNUT BREAD always comes Wax-Paper Wrapped At Grocery Stores.

BIG LUMBER COMPANY FOR NEW BRUNSWICK

Bangor Men Interested in Formation of Marton Lumber Company—Have Large Holdings (Bangor Commercial)

Several Bangor men are the incorporators of a new lumber concern recently formed in New Brunswick for the purpose of engaging in the general timberland business which is known as the Marton Lumber Co. of New Brunswick.

The officers of the company are Hon. J. K. Stinson, president; Frank C. Hinchley, vice-president; Irving G. Stinson, treasurer; and Waldo F. Lowell, general manager.

The company has acquired large timberland holdings in New Brunswick and will carry on an extensive business in timber and the manufacture of lumber.

Mr. Hinchley has been interested in timberland in New Brunswick for some time, making frequent trips there.

Mr. Lowell, formerly of the Lowell & Engel Co. in Bangor, has resided recently in Fredericton, N. B., since becoming connected with a lumber concern in that province, and has had long experience in the business, both in this country and elsewhere.

The head of the new company is the president of the First National bank of Bangor and the treasurer and vice president of the same institution.

EXAMPLE TO YOUNGER MEN. Amherst News—Joseph Crawshaw passed through Amherst yesterday with the 40th Battalion for Valcartier. A wife and five children were given secondary consideration to his country, but he need not worry—Amherst will look after them. Thomas Crawshaw, an uncle of "Joe," is also a recruit with the 40th.

McROBBIE Footliners KING STREET

D'ARCY McGRATH PROMOTED. Word has been received that D'Arcy McGrath, son of H. J. McGrath, formerly of Dorchester, but now residing in Fredericton, had been promoted to the rank of sergeant with the 46th Battalion. Sergt. McGrath enlisted as a private probably go to the training school in England to qualify for a commission. Sergt. McGrath's brother, Lieut. Justin McGrath, is at Kingston, Ont., taking a course at the artillery school to qualify for promotion to the rank of captain. He hopes to get a position with one of the batteries to be mobilized in the maritime provinces this fall for overseas service.

Just One Application and the Hairs Vanish

(Modes of Today.) A harmless, yet very effective, treatment is here given for the quick removal of hairy growths. Mix enough powdered detestable and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the detestable in an original package.

OVERSEAS NEWS OF CANADIANS

Ottawa, Aug. 18.—It is officially announced that the steamship Metagama, from Canada, arrived in England on Wednesday, the 18th instant. She had on board the following troops:

Fifth Field Artillery Brigade and Seventh Field Artillery Brigade. Also Army Medical Corps, a detail of six officers and 104 non-commissioned officers and men; a detail of Winnipeg Highlanders, two officers and 100 men; eleven officers and ten non-commissioned officers and men of various units.

London, Aug. 18.—(Montreal Gazette Cable)—Pending re-organization amongst the chaplains corps, Major Steacy and Major Almond are both in London on leave. Rev. Mr. Steacy will be made colonel, as director of the chaplains of the First Division, while Major Beattie will have the same position for the Second Division. After a year's arduous work, covering Valcartier Camp, Salisbury Plain and at the front, Major Almond has been granted two months leave of absence, one in England and one in Canada, and sails for Montreal on the Etanacabou on Friday.

Major Almond spent three days and three nights at the Suicide Corner, and has ministered to the men under extraordinary conditions, holding services under heavy fire, and celebrations in communications with the dugouts while under a momentary call to action. One platoon, he said today, was told to charge at Ghenvichy. They hurriedly repeated the Lord's prayer together, and the fire which returned repeated the prayer for the comrades left behind.

Lieutenant-Colonel V. O. Odium, Seventh Battalion, Vancouver, is in Sussex Lodge Hospital for officers in Regents Park, having been wounded in the right arm, ribs and right side on August 8. This was in the night attack at Ghenvichy. The Canadians were not engaged, but Odium was making a reconnaissance. His wounds are not serious, and he hopes to get back shortly. Major Odium is second in command of his battalion, having succeeded Mart McHark when the latter fell at Ypres. Odium was formerly proprietor of the Vancouver World, and about to launch another paper when the war started. He is the last of the original officers of the Seventh, and probably the youngest colonel in the division.

Odium has shown remarkable devotion to duty, going out after dark to the front trenches, with the result that he was sniped.

Lieutenant-Colonel Almond, referred to above as chief chaplain of the first contingent, is a cousin of Mrs. E. Atherton Smith, regent of Royal Standard Chapter, I.O.D.E.

OLD CAMPOBELLO HOTEL IS BEING DEMOLISHED

Eastport, Aug. 18.—The work of tearing down the Tyn-y-mass Hotel at Campobello is underway and the lumber which is well preserved, is to be used to erect several cottages to be used by summer visitors to the island. This hotel was for many years very popular with the tourists but has been abandoned for many years. The building, which was the largest of the group of buildings, has been torn down, and the lumber sold.

CLERGYMAN CONTRIBUTES

A well known clergyman of Boston, Mass., a Hartland boy, has sent home a cash contribution to help the purchase of a machine gun. He wrote that preachers are supposed to advocate peace under all circumstances and he was for helping as much as he could afford in supplying means to bring the war to a speedy close.

West End Band Concert

A good programme of music was given last night in Tilly Square, Carleton, by the Temple Band, under the direction of Bandmaster McNeil.

AGED OAK BAY MAN COMMITS SUICIDE

Mrs. Silas Smith of Chester, Me., was startled Tuesday afternoon at the report of a rifle in the next room. She rushed through the door toward the sound and found her husband, who was eighty-one years old, upon the floor in a pool of blood, dead. He had blown off the side of his head with a rifle. Mr. Smith has been mentally unbalanced, for some time. He was born in Oak Bay, N. B., but has lived on his present farm in Chester for the past fifty-three years. He was a professional and hard working. His widow is seventy-one years old. He also leaves two sons, Martin of Chester and Charles A. of South Windham, a brother, William Smith of Chester, and a sister, Hannah Fog of Berling. There are three grandchildren.

Capt. Clark's Illness

Capt. Ernest Clark of the steamer Governor Cobb, who suffered a stroke of paralysis several weeks ago and who was receiving treatment at a hospital in Boston, arrived in Eastport on Tuesday morning in a serious condition. He was conveyed to his home, where it is hoped he may regain his health. He was accompanied by Mrs. Clark.

MASTER WORKMAN SMOKING TOBACCO. It is a continuous strain for a builder to watch his buildings go up. A pipe-full of MASTER WORKMAN tobacco is a great soother when some deep thinking has to be done. This world-famous brand may now be had at all tobacconists for 15c. per cut.

Morning War News by Cable

Rome, Aug. 18, via Paris, 4:10 p. m.—The relations between Italy and Turkey are becoming more strained, and there are indications that a rupture is approaching. The foreign minister, Baron Sonnino, has made the most vigorous representations to the Turkish ambassador concerning the matters in dispute, particularly Turkey's detention of Italian subjects.

It is understood that an appeal has been made to Washington, through the American embassy, to induce Turkey to carry out her promise to United States Ambassador Morgenthau, of Constantinople, that Italians be permitted to depart from Turkey. In this connection great interest has been aroused by the report that Mr. Morgenthau has dispatched American ships to Beirut and Smyrna to facilitate the departure of Italians.

Instructions have been sent to the Italian ambassador at Constantinople to obtain immediate satisfaction. Preparations for the evacuation of Italian aeroplanes are persistently being made by the officers and headquarters of the Italian air force in the vicinity of the city of Vilna, about fifty miles east of Kovno. The position preliminary to their evacuation are in progress.

The governor-general of Vilna has ordered the removal of the equipments of factories and of banks, together with supplies of metals, including church bells, leather and everything else which might be useful to the invaders. Horses and live stock are being taken away. Reports reaching here from Poland are that Russians who remained in Warsaw after its capture have been removed to the interior of Germany.

London, Aug. 19.—Under government instructions the police yesterday made raids in London and Southford of the offices and headquarters of the Independent Labor party, the Labor Leader, and the Socialist Review.

Every copy of these publications, and in addition hundreds of pamphlets issued by the Independent Labor party, dealing with the labor problems arising from the war, were seized. No arrests were made.

Kitchener's Great Surprise

New York, Aug. 19.—Today's New York Tribune prints the following: "Recent arrivals from England are able to afford some explanation of the delayed British advance, which, as much in England as throughout the rest of the world, has caused considerable bewilderment. It is stated that Lord Kitchener has been waiting to launch 'his great surprise.' And this surprise lies in the completion of new guns and a new type of shell, which, it is believed will revolutionize artillery operations and make the path of the Allies to Berlin more possible than hitherto.

Soon after the beginning of the war, when it became patent that high explosives were to be the dominating factor in the struggle for victory, the combined efforts of British chemist and ordnance experts invented a shell unquestionably more powerful than any previously used. In destructive power it was without doubt superior to any previously known.

As far back as last November, government experts were at work on this problem. They experimented with various alloys of steel, trying to find one which would stand the strain of such a shell. Finally they succeeded. They produced a 17-inch gun that would suit this purpose. Various experiments have been made, and are believed to have been entirely successful. It is stated that the shell will be carried 25 miles, and will work havoc on a scale entirely unprecedented.

WANT PRACTICAL SCHOOL WORK

Maritime Board of Trade Favors Technical and Agricultural Training—Universal Military Service

Summerside, P. E. I., Aug. 18.—The Maritime Board of Trade disposed of the bulk of their business this afternoon and will close tomorrow morning. There was a long and interesting discussion on resolution on the practical school work of the Maritime Board of Trade, and the desirability of introducing more agricultural and technical education into the common schools to the exclusion, if necessary, of classical and higher mathematical subjects. It was moved by Father Murdoch, of the Newcastle board, and discussed by T. Williams, E. A. Rully, H. G. Hood, Moncton; Judge Stewart, ex-governor MacKinnon, Professor Theodore Ross, W. P. Tidmarsh, N. Rattenbury, Charlottetown; R. H. MacDonald, Neil McLeod, Summerside; Jas. Birch, Alberton; A. A. McNeil, O'Leary.

An amendment was moved by ex-governor MacKinnon that the references to the exclusion of classics and mathematics be eliminated. This was defeated, twelve to eight, the original resolution being carried.

Training for Home Defence, introduced by Charlottetown board, was supported by every individual, was the subject of a resolution which passed unanimously. It was moved by ex-governor MacKinnon, seconded by N. Rattenbury and supported in vigorous speeches by Judge Stewart, Captain Jones, a member of the Canadian Defence League, and others.

Confederation With Newfoundland. By unanimous resolution the board favored memorializing the dominion government to make such overtures to Newfoundland as would lead to confederation. It was moved by Captain Joseph Read, Summerside, and seconded by J. A. Messervy, of Charlottetown. This caused a lively discussion, the ground being taken by several that the time is not opportune for union. Several speeches, however, favored the resolution as being dictatorial. All agreed that confederation would greatly benefit the maritime provinces, as well as Newfoundland. Mainland speakers were T. Williams, of Moncton, and E. A. McCurdy, of Newcastle.

A. C. Chapman, of Moncton, moved, and E. A. Rully, of the juvenile work committee seconded, that the government should secure by preferential treatment the shipment of goods during the winter season of Canadian northwest ports through maritime province ports.

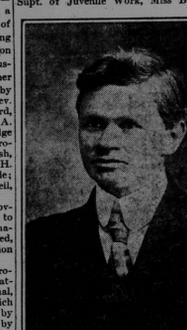

A resolution introduced by the Newcastle board asking the dominion government to subsidize a line of steamships between Miramichi and the island, passed unanimously. The Newcastle board also introduced a resolution moved by R. G. Hood, of Quarryville (N. B.), asking the dominion government to encourage the stone-quarrying industry of the maritime provinces. It passed unanimously.

SUCCESSFUL FURNITURE SALE The past two weeks were busy ones indeed at Amland Bros., Waterloo street, because a large number of shoppers took advantage of their August furniture sale, when every piece of fashionable furniture was marked down at greatly reduced prices. This sale is now drawing to a close and the Messrs. Amland Bros. are going to make the next few days of this event lively by offering many rare bargains and those who wish to save money should do their shopping at the above store.

E. N. STOCKFORD AGAIN HEADS GRAND LODGE

St. John Man Grand Chief Templar, I. O. G. T.—Lodge Will Work For Prohibition

Fredericton, N.B., Aug. 18.—The Grand Lodge of New Brunswick, I. O. G. T., elected officers this afternoon as follows: G. C. T. E. N. Stockford, St. John; G. Conn, Rev. W. G. Lane; G. Electoral Supt., A. C. M. Lawson, Fredericton; G. Supt. of Juvenile Work, Miss Beatrice

E. N. Stockford of St. John, re-elected Grand Chief I.O.G.T., Grand Lodge of New Brunswick.

Campbell, St. John; G. Vice Templar, Miss Newton Jarvis, Fredericton; G. Secretary, J. V. Jackson, Moncton; G. Treasurer, J. Barry Allen, Fredericton; G. Marshal, D. C. Fisher, St. John; G. Chaplain, Rev. J. E. A. Belyea, Fredericton Junction; G. Deputy Marshal, Mrs. G. Bishop, Moncton; G. Guard, Seymour Sharp; P. G. C. T. L. R. Hetherington, Cady; I. C. P. A. C. M. Lawson, Fredericton.

An expression of loyalty was ordered to be wired the settlement board and he did so. Secretary Gilchrist also swore that Stewart did so.

Reference was made to that he wanted \$2,000 for his farm and told the bank that, but Stewart informed him he could not do so.

The salary of the grand secretary was increased to \$150 per annum. The report of the juvenile work committee was read and it was noted that the work had been hindered owing to the fact that the superintendent, J. D. Scammell, was on military duty. Mr. Scammell is with the artillery at Partridge Island.

The report of the committee upon political action contained some pointed reference to political conditions in New Brunswick. It stated that the time had come to crystallize the temperance sentiment in the province, the use of money by the liquor interests giving the latter a political influence out of all proportion to numerical strength. Local efforts towards prohibition were advised as a step toward provincial prohibition.

Reference was made to the "courteous reception" given by the government to a delegation which asked for provincial prohibition, and also to the fact that the "favorable consideration" promised had failed to secure any satisfactory result. The report states that the committee is not in a position to express an opinion as to the truth or falsity of the charges that the government's decision was influenced by monetary considerations.

The placing of prohibition candidates in the field before the next provincial election was advised, and it was suggested that a committee be appointed to cooperate with other temperance workers in securing such candidates.

Corns Are Out-of-Date They Indicate Methods Which Are Obsolete Now

Folks who have corns are folks who pore them, or use liquids, or some other old-time remedy—ways not up-to-date.

Most folks don't keep corns now. When one appears they apply a Blue-jay plaster. The pain stops instantly. In 48 hours the corn disappears forever.

A famous chemist found this way to end corns without pain or soreness. Now millions use it. Fully half the corns that grow are ended as soon as they appear.

There is no excuse for corns. You can't prevent them, maybe, but you can remove them quickly. There will be no lessening corns on your feet when all folks know of Blue-jay.

Blue-jay Plasters

15 and 25 cents—at Druggists Samples Mailed Free Bauer & Black, Chicago and New York Makers of Physicians' Supplies

Friends:—"You poor fish, apply a Blue-jay plaster. The pain stops instantly. In 48 hours the corn disappears forever."

"Don't you know they have the new stuff coming in right along?"

"This week they're selling new stuff from \$1 up."

Shirts, Neckwear, Collars.

A GOOD PLACE TO BUY GOOD CLOTHES

Gilmour's 68 King Street

IN YOUR EYES What is it that is causing all that trouble with your eyes?

Are the eye muscles following those laws laid down for them by nature? Are they working in harmony and without strain?

Are your eye nerves being exhausted and irritated by the unnatural demands made upon them by some form of eye-strain that you have? I am pleased to set your mind at rest on these points.

WAS NOT WORKING FOR HIS HEALTH

Cyclical Reply of A. J. H. Stewart, M. P. P., to Farmer From Whom He Took \$300 As Rake-Off on \$1,500 Sale to Settlement Board

Fredericton, Aug. 18.—Instead of crying: "Save me from my friends," the province of New Brunswick might well say: "Save me from the members of my legislature."

Two prominent and important witnesses in Royal Commissioner Chandler's court of inquiry, showed how the province in its department of crown lands and in the farm settlement board had been defrauded of considerable sums of money.

Colonel Loggie, deputy minister of crown lands, giving evidence, swore that nothing had been received by the province for railway ties and lumber cut upon the lands under lease to A. J. H. Stewart, manager of Gloucester. In addition to his evidence proved that the government scaler, William Hayden, had not done his duty in reporting the operation upon these lands.

Again, Colonel Loggie swore that the lumber referred to was not under lease to anyone in the fall of 1912, when the operators of A. J. H. Stewart, M.P.P., were cutting railway sleepers. The application for the crown land was not made until December 9, 1912, and the lease was not made until December 26 of the same year. The lessee's name was William G. White who transferred it four months later to A. J. H. Stewart. In the meantime Stewart's operators were hard at work cutting thousands of sleepers for which the province did not get one cent of stumpage. Stewart continued the cutting in the following winter of both years by William H. O'Brien and Freeman Goodwin, and of railway sleepers by many operators, and again the scaler, Hayden, made no report and the province got no stumpage.

A \$300 Rake-off. James Gilchrist, the secretary of the farm settlement board, swore that the province paid \$1,200 to the Royal Bank at Bathurst for the Knowles farm of 200 acres, which it sold afterward to the four Knowles boys for the same amount, dividing it into farms of fifty acres each.

Knowles senior, the father of the boys, swore that the bank which held the farm on account of a debt due by the Knowles Co. Ltd., only credited the account with \$1,200 and he produced the bank statement of his account in support of his testimony. But he also swore that Manager Eaton of the bank told him, when he asked for an explanation why he was credited with \$1,200 instead of \$1,500, that he had sold the farm to Stewart for \$1,200. Stewart had sold it to the farm settlement board for \$1,500. Knowles said he was ignorant of any such arrangement, that he asked Stewart, as the county representative, to recommend his farm to the settlement board and he did so. Secretary Gilchrist also swore that Stewart did so.

There is some more evidence to be heard in both cases and Doctie F. Chasid is wanted to tell his story of the money spent by him on the Lanouque roads. This is the same foreman who swore his time books were lost in the lobster pot. He has been summoned twice to this latter investigation but has not appeared.

Both Stewart and Robbhead, members for Gloucester, sat through the investigation today and Stewart insisted that he did not have the lease in 1912-13 which only brought out the fact that his operators were trespassing on the crown lands.

Five Urgent Cases The formal closing of the supervised playgrounds will take place on Friday afternoon. The conditions under which the school board granted the use of the various grounds obliges the Playgrounds Association to vacate a week before the opening of the public schools. It has been decided that no general demonstration will attend the closing, but in each of the grounds an extensive and interesting programme will be carried out, including an exhibition of the work done by the children.

BISURATED MAGNESIA

Nearly every stomach disorder begins with excess acidity and may be instantly relieved by a teaspoonful of Bisurated Magnesia after eating. Neutralizes the excess acid; quickly relieves dyspepsia, heartburn, indigestion, belching, etc. Inexpensive; at all druggists everywhere, in either powder or tablet form.

Bisurated Magnesia, No. 23 E. 96th St., N. Y. C.

TELLS OF HER SOUL'S FLIGHT

Looked Down on Very Own Body—Invalid, Bedridden Half a Century, Puzzles Experts by Psychic Powers

New York, Aug. 19.—"I had the curious sensation of seeing my body, a still, inanimate thing, lying on the bed I had just left, while I, the real person, who inhabited that bodily frame, hovered above, suspended as it were in space, in a different plane of existence."

This is the weirdest sentence in the remarkable story, by Mollie Fancher, the invalid, who has been bedridden for the last fifty years. It is a story of astonishing psychic powers vouchsafed to a bright mind imprisoned in a crippled body, that puzzled world-renowned scientists for two generations.

"Marvelous psychic powers came to me during the last twenty-five years," she said yesterday, in a low but clear and vibrant voice that betrayed the wonder she herself felt. It was the occasion of her sixty-sixth birthday, which she celebrated by giving out the first interview she has granted in the tedious years of her affliction.

"During those twenty-five years," she continued, "I frequently lapsed into a state of detachment that lasted for long periods. "While in this state my soul seemed to leave my body. I seemed to hover over the apparently lifeless flesh with all the sense of sight and feeling still in my possession. I could feel the earth around me, vibrating with the vigor of life, yet I realized I was not a part of it."

"For a few brief seconds each time I viewed, without feeling, my body as it lay beneath me, and then I started over on one of the little journeys that allowed me the joys and griefs of those I loved. I can remember distinctly each journey that I took with my friends, who were unaware of the proximity of my soul to them."

"I knew what each of my loved ones was doing, while I was on my astral travels, though I was seemingly unconscious to those watching around my body, and my friends were separated from me by thousands of miles of distance. "When I returned from each of these strange spirit journeys my doctor would tell me how rigid and cold my body had been. I could relate things about my friends that never had been told me."

"Some, of course, were just the trivial things of life. But there were also things of a more intimate nature that always later developed to be uncannily true. "For the last quarter of a century Mollie Fancher has shown a wonderful and accurate knowledge of the world she has never seen from her room at No. 160 Gates avenue, Brooklyn. Many demonstrations of her mysterious powers have been made before noted men of science, among whom Dr. S. Fleet Spier, Judge A. H. Daly and Professor Charles E. West figure prominently. These men have repeatedly admitted that the exhibitions made of mind reading and ability to forecast have befitted their understanding."

It was just fifty years ago that Mollie Fancher, then a girl of sixteen, fell from a horse and seriously injured herself. Before she had quite recovered from this accident she slipped from the step of a street car catching her crinoline in the doorway and fell to the ground, a cripple for the rest of her life. "Though her psychic powers seem to have passed as mysteriously as they came, Mollie today is a natural and mentally active woman. Help on Modern Conditions A few of her views on general topics clearly show that, despite her age and crippled condition, she has a strong grip upon modern conditions."

"I think President Wilson does not want another term, but he will have to take it," she declared. "The women of today do not dress, they undress. I hate to think of the making little steps their narrow skirts make necessary. But even so, I guess they are stronger than in the days of tight lacing and hoop skirts. The days of the crinoline—those were days of men."

TORTURED BY RHEUMATISM

Sunday School Supt. Tells How "Fruit-a-tives" Believed

Toronto, Ont., Oct. 1st, 1915. "I have lived in this city for more than 12 years and am well known. I suffered from Rheumatism, especially in my hands. I spent a lot of money without any good results. I have taken 'Fruit-a-tives' for 18 months now and am pleased to tell you that I am well. All the enlargement has not left my hands, and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 33 pounds in eighteen months."

"R. A. WAUGH." 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or direct from Fruit-a-tives Limited, Ottawa. fashion's freaks, just as white fur in summer typifies the ultra freak styles of the present day. "I am not a suffragist. Let the men vote. I agree with the woman who thought if there was one thing a man could do in this world without a woman's help for goodness sake let him do it. Let the women stay home with their babies. If the women ever do get the vote, it's going to bore them to death."

War Views of Great Interest—Ade's Fables and Exploits of Elaine Make up Strong Bill. Pictures of popular interest to loyal Canadians were shown at the Gem Theatre yesterday in the Pathe News Gasette, scenes from the zone of war, and not only pertaining to England, but extending to other countries in Europe. Especial interest centered in Connaught's farewell to the Canadian troops, and in the views of Roumania and her King, because of the present attitude of that country. The Gem orchestra gave a pleasing programme of musical numbers. Chapter 9 in "The Exploits of Elaine," entitled "The Death Ray" in which there were many sensational and thrilling scenes, aroused keen interest. The further adventures of the popular heroine were followed with close attention, and there were many breathless seconds as scene followed scene, with realistic enactment. The fables of George Ade, as presented by the Essanay players, are affording delight to motion picture followers, and the showing of another "Rivalry and War" yesterday at the Gem created hearty laughter. This bill will be repeated for the last time tonight.

"PEARL KING" LEARNS OF FAIR PLOT TO ROB Paris, Aug. 19.—A plot to burn the French pavilion at the San Francisco Exposition and an exhibit of pearls and other jewels owned by Leonard Rosenthal, known as the "Pearl King," has been discovered, according to reports. Rosenthal is one of the richest men in France and the jewels exhibited by him at San Francisco are valued at more than \$2,500,000.

Woodstock, Ont., Aug. 18.—N. W. Rowell, K. C. Ontario Liberal leader, in a patriotic address at the laying of the corner stone of a new Methodist church at Lakeside, north of here, this afternoon, declared that there was no blacksmith shop were saved. Luckily there was only a small quantity of lumber on hand and the mill was slightly scorched. The mill has been working all summer. It was formerly owned by the late Warren Coy, but is now the property of Fred Crosby, St. John. Mr. Crosby said the mill was only insured for about one-third of its value.

A MILL BURNED Fire completely destroyed the fine rotary lath and saw mill at Upper Gagetown on Sunday morning about 6.30 o'clock. The neighboring house and blacksmith shop were saved. Luckily there was only a small quantity of lumber on hand and the mill was slightly scorched. The mill has been working all summer. It was formerly owned by the late Warren Coy, but is now the property of Fred Crosby, St. John. Mr. Crosby said the mill was only insured for about one-third of its value.

KNIFED. Old Soldier's Story of Coffee An old soldier, released from coffee at 72, recovered his health and tells about it as follows: "I stuck to coffee for years although it knifed me again and again." (Tea is just as harmful as coffee because it contains caffeine—the same drug found in coffee). "About eight years ago I was taken with a very severe attack of malarial fever. I would apparently recover and start about my usual work only to suffer a relapse. After this had been repeated several times during the year I was again violently ill. "The Doctor said he had carefully studied my case and it was either 'quit coffee or die,' advising me to take Postum in its place. "I had always thought coffee one of my dearest friends, and especially when sick, and I was very much taken back by the doctor's decision for I hadn't suspected the coffee I drank could possibly cause my troubles. "I thought it over a few minutes and finally told the Doctor I would make the change. Postum was procured for me the same day and made according to directions. Well, I liked it and stuck to it and since then I have been a new man. "The change in health began in a few days and surprised me, and now, although I am seventy-two years of age, I do lots of hard work and for the past month have been teaming, driving sixteen miles a day besides loading and unloading the wagon. That's what Postum in place of coffee has done for me. I now like the Postum as well as I did coffee."

OTTAWA MAY OPEN A CIVIC SHELL FACTORY Ottawa, Aug. 19.—The Ottawa Board of Control at its recent meeting will consider the advisability of assisting the Empire in this war by making a grant towards the establishment of a factory to sell to the government at cost, and will later take the matter up with the shell committee. Such is the project of Mayor Porter, who states that not only would the project be a patriotic address at the laying of the corner stone of a new Methodist church at Lakeside, north of here, this afternoon, declared that there was no blacksmith shop were saved. Luckily there was only a small quantity of lumber on hand and the mill was slightly scorched. The mill has been working all summer. It was formerly owned by the late Warren Coy, but is now the property of Fred Crosby, St. John. Mr. Crosby said the mill was only insured for about one-third of its value.

Let your summer be free from anxiety about baby. The use of the 'Allenburys' Foods protects Baby from the dangers of cow's milk and summer colic. Take your holidays and pay your visits—baby can go with you. Wherever you may be the 'Allenburys' Foods are readily prepared—ideal when travelling—and with their aid you will be able to look back on a successful holiday. Remember—that as well as providing for the youngest baby, or the most delicate digestion, the 'Allenburys' Foods Nos. 1, 2 and 3—the only progressive dietary for infants—provide all the essential elements in right proportions to ensure healthy growth and development, as baby's digestive capabilities increase. Milk Foods Nos. 1 & 2 need only the addition of boiling water. Trouble is thereby saved and harmful germs avoided. No. 3 Food is a Malted Food that is easily digested, and exceptionally nutritious for children over 6 months who have been weaned. The nearest approach to healthy mother's milk.

Are Tea and Coffee Against You? They contain caffeine—a subtle, habit-forming drug which sooner or later shows in weak heart, short breath, stomach trouble, headache, sleeplessness, rheumatic pains, etc. Why trifle with such beverages when there's health and comfort in well-made POSTUM (MADE IN CANADA) —a palatable, nourishing food-drink, made of wheat, which rebuilds in Nature's own way. The morning cup will be hot, snappy and just as satisfying with no hurt following if you have Postum in place of tea or coffee. Postum comes in two forms: Postum Cereal—the original form—requires thorough boiling to bring out its flavor and food value. 15c. and 25c. packages. Instant Postum—the soluble form—is prepared in the cup instantly with hot water. 30c. and 50c. tins. Both kinds are equally delicious—cost per cup about the same—sold by grocers everywhere.

"There's a Reason" for POSTUM Canadian Postum Cereal Co., Ltd., Windsor, Ont.

CANADIAN CASUALTIES

Ottawa, Aug. 19.—The midnight list of casualties follows:

FIRST BATTALION. Seriously Wounded. Sergt. James McBeth, New York City; Bugler Sidney G. Gilbert, St. Thomas (Ont.); Charles K. Morse, Toronto.

SECOND BATTALION. Wounded. Fred C. Durberry (formerly 9th Battalion), England. Died of Wounds. Lance Corporal J. Crouch, Collingwood (Ont.).

FOURTH BATTALION. Killed in Action. Harold Whybra, Niagara Falls (Ont.); John Conder, England; John Leviston, England.

Slightly Wounded. Corporal Alfred Large, England. THIRTEENTH BATTALION. Slightly Wounded. Corporal Thomas G. Pratt (formerly 12th Battalion), England.

FIFTEENTH BATTALION. Death. Alfred Barker (formerly 12th Battalion), England.

PRINCESS PATS. Killed in Action Between 18th and 22nd of May. Corporal Frank Townsend Gallier, Victoria (B. C.).

FIRST FIELD ARTILLERY BRIGADE. Death. Gunner Arthur Harold MacKay (spinal meningitis), Port Arthur (Ont.).

GERMAN ENLISTED AS SWISS RESERVIST Vernon, B. C., Aug. 17.—A German who entered into the ranks of the 54th Regiment at Vancouver, by representing himself to be a Swiss reservist, anxious to fight on the side of the allies, has been arrested and will be made the subject of a court martial. It is said that the authorities have evidence of the most incriminating nature to submit against the man which will show not merely that he is a German under an assumed name and nationality, but that since his arrival at Vernon he has been collecting military information and offering it for sale to Germany through the medium of a neutral mail.

OTTAWA MAY OPEN A CIVIC SHELL FACTORY Ottawa, Aug. 19.—The Ottawa Board of Control at its recent meeting will consider the advisability of assisting the Empire in this war by making a grant towards the establishment of a factory to sell to the government at cost, and will later take the matter up with the shell committee. Aug. 24-Victorias vs. A. S. R. Notes of Interest. Pasadena, Cal., Aug. 16-Warren H. Carter, trustee of South Pasadena, announced today that he would not exercise the option he holds to purchase the Cincinnati National League baseball club. The option expired today. Clinton, Iowa, Aug. 16-Shortstop Bert Ellison of the Clinton Central Association team today was sold to the Detroit American League club to be delivered at the end of the season. Pittsburgh, Aug. 16-Manager Clarke of the Pirates, this afternoon sold Pitcher Conzelman to the Indianapolis club of the American Association. Pitched No Hit Game. Buffalo, N. Y., Aug. 18-Miles Mains, of Kansas City, was given credit for a no hit, no run game over Buffalo today. The visitors scored five runs off Ford, who was hit freely in the first and last innings. The only semblance of a hit off Mains was in the third inning, when Blair sent a grounder to short. Rawlings knocked it down with his gloved hand, but made no effort to throw out Blair at first. The official scorer recorded the play as a hit, but, after talking to the umpires and players tonight changed his decision, giving Rawlings an error on the play. No Pop to Bleachers. St. Louis, Aug. 18-To prevent the recurrence of pop bottle attacks on spectators at the local National League ball park, President Schuyler P. Britton, of the local Nationals, announced today that henceforth no soda water will be sold in the bleachers. The order resulted from action of Celtic Club, who won the Scottish League

Feds. fans in throwing bottles and vegetables at Umpire Byron in yesterday's game with Chicago. The sale of soda will continue in the grandstand as the fans there did not participate in the attack on Byron. Baseball Notes. Fitcher James, of the St. Louis Browns has been sold to Detroit. The price paid for him is said to have been \$15,000. President Navin is certainly out to win the American League, if possible. Fred Snodgrass, of the New York Giants, has been unconditionally released. John H. Gansel is said to be in line for the berth of manager of the Brooklyn GOLF. Chicago, Aug. 18-Tom McNamara, of Boston, with a good score of 138 for the first 36 holes today, led the 110 golfers playing in the western open golf tournament at the Glen Oak Club today. The Boston professional scored a par 76 for the 6369 yard links in the morning and was only three strokes worse in the afternoon round in which he ran a 48 and a 26, his score for the second half being the best turned in, Wilfred Reid, of England scored 143. BOWLING. Rolling at Black's. Some interesting games were played last night on Black's alley. The first of these, between Watson and Healy vs. Bailey and Burke was very closely fought out, only one point separating the totals. The score: First Game. Watson 111 86 116 89 90 90-582 Healy 93 90 97 115 94 78-543 Total 1125 Bailey 88 92 92 102 91 85-530 Burke 100 108 85 94 94 100-574 Total 1124 Second Game. Coghovoe 85 89 77 101 83 84-539 Belyea 82 92 91 91 107 68-532 Total 1171 Dunham 87 88 85 101 74 86-531 Welsh 82 91 76 89 90 102-530 Total 1061 THE WHEEL. Bicycle Race Sept. 20. Arrangements are being made to hold the twenty mile race here, which was awarded the Victoria Cross. The hero was terribly wounded, which will prevent him from playing football again. He has lost the sight of his left eye and his right foot is badly injured, but the doctors say he will come through all right. RECENT WEDDINGS. Two pretty weddings were solemnized by Rev. Fred T. Denison at his home, 127 Wright street, yesterday. The first was that of Harry Darrell Street, of Bristol (N. B.), to Miss Annie E. Pierce, of St. John. The groom is a son of Stanley Street, of Bristol, and the bride a daughter of the late James Turner Pierce, formerly well known in the city. She is a prominent member of Tabernacle Baptist church. The second wedding was that of William Eugene Howard, a member of the police force of the city, to Miss Margaret A. Crawford, of St. John. At Lincoln on Thursday, Aug. 12, Miss Wilma Blanche Nevers was united in marriage to Wilford Almon Hildout of Peel, N.B. Tennyson A. Macdonald, law student of Sackville, and Miss Mabel Crandall, telegrapher at Sackville, daughter of Mrs. Belle Crandall, and the late Jonathan Crandall, of Hampton, N.B., were united in marriage on Saturday afternoon, Aug. 14, at the home of Dr. and Mrs. Charles A. King, at Petfordale. Miss Vivian A. Roberts of Parrsboro, N. S., was united in marriage to Freeman D. Smith, of Moose River, N. S., last evening at the home of the bride's sister, Mrs. A. H. Bird, Moncton, N. B. Rev. H. A. Goodwin officiated. They will reside in Moose River. Playgrounds Closing. The advisory board of the Children's Aid Society held a meeting yesterday afternoon and five cases of neglected children were reported to the chairman and discussed. Agent Howard was instructed to investigate the matters and report back to the board at the next meeting. This demonstrates the need of such an organization. The formation has hardly been completed when a variety of urgent cases has been thrust upon it at present. Bryan's Son-in-Law. Washington, Aug. 18-Information reached Washington today that Captain H. R. Owen, British Royal Engineers, son-in-law of William Jennings Bryan, has been "mentioned in orders" by Sir Ian Hamilton, British commander at the Dardanelles, for distinguished gallantry in action.

Thursday, August 19, 1915 To move these 65 Pairs of Low Shoes Sizes 1, 2 and 3 out of our store at once we have placed the price -AT- 45c. a Pair It is a ridiculous price. The styles are not good but the children would get a lot of wear out of them. P.S.-This notice will not appear again. Percy J. Steel Better Footwear 519-521 Main Street

PRISONERS NEED EXTRA SUPPLIES OBSERVATIONS OF A NEUTRAL

Canadians Have Serious Cause For Complaint Norwegian Lecturer Tells of Conditions in Prisoners' Camps in Germany T. E. Steen, a Norwegian, is lecturing in England, under the auspices of the Red Cross, upon the treatment of prisoners of war in Germany. The Red Cross is the "recognized" international guardian of all prisoners of war and is at present actively engaged in supplementing the meagre German rations. Mr. Steen's statements show the need of public support in this matter. He said that after many difficulties he was allowed in the company of German officials to visit several prison camps. The first visit was to the camp at Sassen, 22 miles from Berlin. Here 1000 prisoners were interned in huts. They then slept on mattresses, with two or three blankets each but plank beds were being made. There was a hut used as a theatre and gymnasther some sculptures of the dead. A small number of prisoners were carving monuments for dead comrades. The bread was made of rye with twenty-five per cent of potato flour. When well made it was nourishing and not bad, but the quality was not uniform, and when not kneaded properly the bread soon became mouldy. Each prisoner received three one-pound loaves every five days. The dinner was a kind of porridge made of salt cod and barley meal, insipid and not appealing. Solid food was eaten, powdered stewed so that it could be eaten with a spoon, and for a long time being allowed. Arrangements left nothing to be desired. At Blankenburg, six miles from Berlin, where some 140 officers were confined in a building well adapted for the purpose, he saw General Lemann, the late defender of Leipzig, who was in bed, health, and spoke of himself as being "condemned to death." He also saw General von Bismarck, who had been in the last few months, and that the German authorities paid great attention to hygiene. One officer who had just returned from a German camp said that though conditions were much improved, the favorable reports given and the pictures shown by the lecturer did not apply to all the camps. Hygienic precautions had not been taken in the case of contagious diseases, and there were 3,000 deaths in one camp from typhus. The food was sometimes insipid, and presents biscuits and such things were useful. But present conditions were not those of one or two months ago. Epidemics of disease due to neglect were things of the past, and relatives of prisoners need not have any anxiety. SIR GEO. E. FOSTER URGES PEOPLE TO ECONOMIZE. Summerside, P.E.I., Aug. 18-Sir George Foster in his address under the auspices of the Maritime Board of Trade at a well attended public meeting tonight said that the lesson we all should learn is that we are an utter defendant community and an utter defendant nation. The concluding portion of Sir George's speech dealt with Canada's duty in the war. "We have already received \$400,000,000 in war contracts, but this trade is only temporary. We should give preference to what is made and grown in Canada. Imported luxuries should be tabooed. Economy must be rigidly practiced. Keeping in mind Canada's expenditures on the war we should forego a present advantage for a future and greater gain. Drop drink and tobacco. Save money for the day of rehabilitation." Concert at Brown's Flats. The sum of \$88 was secured in a concert at Brown's Flats on Friday night last organized by Miss M. G. Cowan of this city, in aid of Red Cross funds. It was held at the Rockside Hotel. Among those participating was Professor W. C. Lockhart, well known musician of Boston, who is spending a vacation there and gave several pleasing piano selections. Appreciation to the performers was expressed by Dr. C. Day of Boston and Rev. Mr. Wilson of Fredericton. The other performers who contributed to the evening's programme were Mrs. Frank Lord, of Boston; Miss Lettie McKay, John Pauley, Edwin Davis and Mrs. Woods, of St. John. A novel feature which gave much pleasure was the rendering of a chant in the Millicent language by Chiefs Noel Bacon and John Solomon who were introduced by Frank Lord in a short conversation in the Indian vernacular. "It is my belief that they who critic

MAINE SUMMER COLONY SHOCKED Nude Models Have Been Posing For Artists IN MODEST OQUQUIT Artist Field Admits Women Have Posed Twice in the Allegorther When He Was Not With His Classes

York Beach, Aug. 18-The Maine summer colony at Oquonquit, which is just along the shore from here, is inexpressibly shocked. Women have been posing nude for the art classes of E. H. Field on the Perkins' Cove rocks. Mr. Field admits that a model has twice posed nude for the art classes, which are held on Perkins' Cove rocks, and now permits the resort is laid at Old Pathway Neptune's door. Artist Field explains that the art classes, which are held on Perkins' Cove rocks, were forced, together with the model, to move to a high point on the rocks by the encroachment of the tide. From the higher point, the model and the students could see from some of the neighboring cottages and nimble tongues soon spread the story broadcast. It has caused untold chattering on verandas all along the shore. Also Oquonquit lobstermen, plying their humble craft on the nearby waters, have been distracted by view of the posing model. Wives of the lobstermen think that model posing is no part of respectable lobsterman's business, and they don't hesitate to say so. There was so much talk in Oquonquit last year that it is said that the 1914 model never left with the declaration she wouldn't ever come back to such a town. A Titled Model. A 1915 model was Baroness von Freytag-Germany. Her husband, Lieut. von Freytag, has been reported a French captive. The baroness, who has recently returned from Europe, is a beauty of splendid form and carriage, who wore staid clothing as smart as her posing dress was scant. Another model has succeeded the baroness. On these sides of Perkins' Cove are cottages of summer residents, many of national fame. Other notable occupy cottages in the community are such as President DeWitt Hyde, of Bowdoin College; President William F. Slocum, of the College of Colorado; President E. T. Ware, of Atlanta University; John Kendrick Bangs, the humorist; Victor D. Brenner, the artist; Joseph B. Davol, artist; Judge Fred C. Maynard, of Michigan; J. Moses Perkins, E. R. Hoyt and P. M. Jacobs. An artist, who is a Brooklyn man, said in defence of his model: "My orders are always to have the model draped, but twice this season she has posed without drapery, and that was when I was called away from the class, which is not as strict as I am. It is quite possible that when the model wears orange, to those seeing her from a distance, she appears to have nothing on. I should perhaps be more careful to use other colors, such as blue and green. Must Be Out Doors. "It is absolutely essential for the artist who is to paint figures out in the open to have his model out of doors. Only those who can understand the effects of color on the human flesh can appreciate this. The arm reflects the blue of the sky, the green of the water and the red from the rocks. "For these reasons we have our model on the rocks, safeguarded, however, from the curious. If the ladies were higher the model would always be out of sight of surrounding cottages, but unfortunately when the tide rises, the students and model are forced higher up. I make it a point to place signs about my place warning people that a model is being painted. "Of course, I know there has been some talk, but no one has ever come to me with complaints, and I think all artists understand my position as a teacher of art. "If too much should be said and I should find that the community would not stand for my being here I should take my whole plant and move to another location which I have already selected. It would mean a great loss to the town, for at least fifty people come here on my account. We mean something to the tradespeople which they could not well afford to miss. "It is my belief that they who critic

On the petition of the Eastern Trust Company, administrator of the estate of Michael Carter, deceased, citation was issued in the probate court for passing of the accounts of the administrator, returnable on September 20, proctor, Dr. J. B. M. Baxter, K.C.

LOCAL NEWS

NOVELTY SHOWER.
A pleasant time was enjoyed by about twenty couples last evening at the home of Miss Blanche E. Bensen, Fairville, when they tendered her a novelty shower in honor of her approaching marriage. She was the recipient of many handsome remembrances. Music, games and dancing gave pleasure, refreshments were served, and the gathering dispersed after extending best wishes to the bride-to-be.

NOVELTY SHOWER.
A party of young ladies left on the steamer Ocoee last evening to be present at a novelty shower at the home of Mr. and Mrs. C. B. White, Long Reach, in honor of a coming nuptial event in which their daughter, Zeida, will be principal. There were about eighty young people present and all had a delightful time. Miss White received many presents which will prove useful in the near future.

Bayne, 19 Portland street, 25c.; George Porter, 77 St. James street, 25c.; total \$197.00.

NEW BUILDING FOR THORNE LODGE

Members Active in Work on New Hall—Will be Finished This Month—Valuable Addition to I. O. G. T. Here

Good progress is being made upon the new hall being erected in Thorne Avenue by Thorne Lodge, I. O. G. T., and when completed by the last of the present month, as is confidently expected, it will be an excellent addition to the locality, besides being a valuable feature in the work of the association in these parts. The contract has been awarded to C. E. Staires and under his direction a crew of men are now engaged in the construction. In the evenings members of the lodge are lending assistance in the building and the work is being pushed as rapidly as possible. The intention is to hold the first lodge meeting in the new hall about the first week of September. The new building will mean an increased interest in the I. O. G. T. activities in St. John, particularly with Thorne Lodge, who are to be congratulated upon their first efforts to have a permanent home, which can be later enlarged as financial and membership conditions improve. The hall will be available for other organizations for meeting purposes at a moderate rental. The committee in charge of the project are Messrs. Joseph McKeane, Henry McEachern, Arthur Cooke, and Alex. Brown, who form building committees, while the other members are all taking an active part in the erection of the hall.

ENJOYED CAMP LIFE

Fairville Girls Last Week and Boys This Week at Camp Camelot—Want Longer Stay Next Year

"Camp Camelot" for the young people of the Fairville Baptist church, which began last week, closed on Wednesday of this week. Mr. and Mrs. R. H. Hayward were in charge and tents were pitched on the river beach at Morna. Scouting games, swimming, boating, bonfires and camp-fire yarns provided outdoor sport and for rainy periods indoor games, books and story-telling provided amusement.

The young ladies in attendance last week were Misses Helen and Laura Sims, Gladys Ross, Eileen Carr, Edna Miller, Vera Howard, Eileen McCormick, Inez Boyd, Edith and Mabel Beardsley and Marion Corkum. Gladys Ross was the best at the oars and Edith Beardsley the most accomplished swimmer. The boys in attendance this week, with the games in which they were winners: Fred Chisham, Percy Kerrigan, Indian clubs; Wallace Forzye, best endurance swimmer and single oarsman; Willie Harris, best distance swimmer and camp assistant; Gordon and Stanley Ross, most quiet sleepers; Jack Sims and Allie Reed, best two-oared crew; Percy Sherwood and Jimmie Ferris, greatest boat fiends. In both groups it was impossible to decide who was the loudest snorer.

GOOD WORDS FOR THE 26TH

The reputation which the 26th battalion is winning in England is shown by an extract from a letter from Lieut. Harold Wood, to his home here, in which he says: "The divisional musketry officer said we were the best battalion that has fired at the range and a staff officer, who watched us from an adjoining hill with field glasses, said we had the best range discipline."

FOR SOLDIERS' COMFORTS

A garden party and sale of home made candy will be held on the attractive grounds surrounding the residence of J. W. Hornbrook at Renforth, on Saturday afternoon from four to six o'clock. Several ladies of Renforth and Riversdale are working energetically to make the entertainment enjoyable and as the proceeds are to be handed over to the Soldiers' Comforts Association, there should be a large number present from both the city and suburbs.

ST. JOHN MEN AT DEBATE CAMP

Col. Ryan's 6th C.M.R. Asked To go as Infantry

REVIEWED BY DONALD LAW

A Talk With Louis Gorman—Capt. Kuhring Gladly Missed—Fred. Pearson's Gift—Chat About Men We Know—B Squadron Got Cholera Belts

Writing from Dibatge Camp, Shorncliffe, Aug. 2, Signaller E. A. Belding tells of the surprise and regret of the men of the 9th Mounted Rifles when Capt. (Chaplain) Kuhring, left on short notice the day before for the Dardanelles. Capt. Kuhring had made himself very popular with the men, and they were extremely sorry to lose one so sympathetic and helpful. Signaller Belding writes further: "This country is full of separate camps. The A. S. C. from West St. John, the 1st Battalion of the 1st Canadian Division, and the artillery from Fredericton are going to London, and the 1st Battalion of the 1st Canadian Division is now on a short visit to London. Major McLean was in London but arrived in camp last night. Talked With Louis Gorman. Last night I talked with Louis Gorman of British street, who was covered by a duck Johnson at Ypres. He is three weeks out of hospital. He was in the 14th Batt., which has been cut to pieces by now. He went over in February, and was not hurt till May. He was in hospital in Canada, and was operated on there and was very well treated. He is ready again now, but does not know whether he will return to France or be sent to the Dardanelles. The fighting in France is fierce, but he says the artillery of the Germans is all that saves them."

"Aug. 8th—We have a permanent signalling station right behind the colonel's tent. It is for the whole brigade, but our men are the only ones who handle it. I met private Roghman of the 26th, today, and am going over to their camp after supper. On the way from Quebec we were treated to 10,000 cartridges, given by G. Fred Pearson of the Halifax Chronicle. The boys appreciate them very much. It happened once and we are to have bologna, orange marmalade, bread, butter and tea."

"I have seen Major McGowan, Lieut. McAvity, Woods and Johnston of the 26th, also Colin Chimo, John Triffa, George Dupliss and William Kenner, of German street. Reddy Furlong leaves for the front tonight. This place is full of St. John boys. Philip Simons and Leslie Creighton were back from the front on a week's leave. They are in great health and eager to go back. They are signallers, and have been through everything thus far. "I have seen hundreds of wounded, also many Belgian soldiers returning to the front. We are about twenty miles from Dover Law."

Reviewed by Donald Law.

"Aug. 4—This has been a hard day. We were reviewed by Maj. Gen. Hughes, Gen. Shick and Bonar Law. We had to march six miles altogether in a steady down-pour for two hours. We left camp at 1:30 and arrived on the 26th's plain at 4:30 and from then until 4:15 we stood waiting. Talk about rain—we were all very anxious to have us go as a mounted regiment. When we marched past the hospital, we often went in puddles to our boot tops. But the crowd gave us a great hand as we marched by. The 26th Battalion was also present. We marched past the hospital and I saw over a thousand wounded men. Our boys sang songs as we stood in the rain. We got back to camp at 6 p. m. and had bread, tea and prunes for supper. We are fed much better over here."

May Go As Infantry?

"B" Squadron was served with cholera belts yesterday. They are a gift from the St. John Red-Cross or some other society. Only B Squadron got them. "I—Today we are to have a long route march and take our dinner with us. We are an uncertain regiment. They are now trying to send us as infantry. Col. Ryan suggested artillery or a mounted machine gun brigade. He is very anxious to have us go as a mounted regiment."

Major Long, the adjutant, is in fine condition, and has leave to visit Gorman. I have seen Dr. Miller of Amherst. "There appears to be something wrong with the mail system. Signaller Belding wrote on Aug. 5 that he had not received a letter or paper from home, although many letters and daily papers should have reached him before that date."

CANADIAN PRISONERS' FUND

Mrs. Richard O'Brien, in charge of the Woman's Canadian Club committee for taking donations for the fund for Canadian prisoners of war in Germany, today acknowledged further subscriptions as follows: Previously acknowledged, \$108. Mrs. Gabriel DeVeber, Gagetown, 8. M. B. Peters, Gagetown, 2. Mrs. R. C. Elkin, 2. Mrs. M. G. Richey, 2. Mrs. W. B. Edwards, 2. Mrs. A. R. Melrose, 2.

The Port of Profit

Lincoln used to tell a story of a Mississippi river steambot that had a four-foot boiler and a seven-foot whistle. Every time the boat blew its whistle it stopped. His steambot was great on "attention getting" but poor on progress. The advertising steambot has lost interest in the mere noise of whistles. Its owners have ceased to measure results by sound. They are insisting that quick transit to the Port of Profit is to be their test of efficiency. And so advertisers are turning to newspapers for their voyage to the desired harbor.
