Germans Near To Petrograd

Occupation of Russian Capital Merely Matter Of Hours, Say Reports To London Newspapers

London, Mar. 20.—Occupation of Petrograd by the Germans is only a matter of hours, according to despatches from Petrograd to several of the morning newspapers. The Russian capital is said to be assuming a waiting attitude and is not displaying the slightest sign of organized resistance.

London, Mar. 20.—The Germans are reported in a Reuter despatch from Petrograd to have reached the vicinity of the station about 100 miles south of Petrograd. The Austro-German advance in southern Russia continues. The enemy has occupied Soumy, the hours from Kharlov, the despatch says.

American Mission. Petrograd, Mar. 19.—An American mission will visit Siberia to investigate reports of the arming of prisoners of war.

London, Mar. 20.—The Ukrainian national council has declared martial law

Germans Again Are Advertising Offensive

Meanwhile Allies Continue to Get Better Of Fighting in West

Zurich, Mar. 20.—Another of the reports of an impending German blow in the west appears in the Koenigsberg Zeitung. It says the German headquarters staff is organizing a series of conferences, to be held in Cologne, Berlin, Karlsruhe, Hanover and Leipzig with representatives of the chief newspapers, for the purpose of preparing the German press for operations on a grand scale on the western front.

Paris, Mar. 20.—The official Belgian communication issued last night says: "All the advanced elements of our trenches where the Germans gained a footing yesterday in the region of Neuport have been reconquered by the enemy is now without any part of the positions which he penetrated."

London, Mar. 20.—German artillery is still very active in the Ypres sector, southwest of Cambrai and in the region about Arras, according to the

RELATIONS OF HUNGARY WITH GERMAN NATION

Creation of Middle Europe on Economic Basis, Of Central Powers Finds Opposition

New York, Mar. 20.—Creation of a middle Europe on the economic basis aimed at by the Central Powers was characterized as not "satisfactory" by Count Michael Karolyi, president of the Hungarian Independent party, in the Hungarian chamber of deputies, according to a Wolff Bureau despatch from Budapest, February 7, and published in German newspapers recently received here. Count Karolyi said that such a middle Europe would be the main obstacle to the final realization of peace negotiations.

Dr. Wekerle, Hungarian prime minister, replied. He said that there was a difference of opinion between the government and the Karolyi party as to the character of Hungarian relations with Germany. The premier added: "This alliance is exclusively aimed at the preservation of peace and mutual defense and has no aggressive tendency. From this point of view it is impossible to object in any way to the intention of deepening the alliance economically, in which connection I explained the limit to which we may go, namely, that we maintain absolutely our economic interests and commercial independence as well as our freedom of determination."

Washington, Mar. 20.—Lawrence H. Parquhar, a mounted member of the Washington police force, last night shot and killed Mrs. Harry White, probably fatally wounded Mrs. Mary Parquhar, his wife, seriously wounded Harry White and Clarence W. Grippel, and then killed himself. The shooting took place at the residence of Harry White, where Mrs. Parquhar, who has been estranged from her husband for some time, and had sued him for divorce, was boarding.

BURIED TODAY. The funeral of Miss Emma McIntyre took place this morning from the residence of her brother-in-law, L. S. Dryden, 87 Waterloo street, to the Catholic cemetery, where high mass of requiem was celebrated by Rev. Francis Walker. Interment was made in the new Catholic cemetery.

MAKES ATTACK ON HON. MR. ROWELL

Speech of Hon. Charles Murphy in Commons in Debate on The Address

Ottawa, Mar. 20.—In his speech in the debate on the address from the throne in the House of Commons yesterday, Hon. Charles Murphy attacked Hon. W. Rowell, president of the privy council and M. P. for Durham. He said that the member for Durham, speaking at a political meeting at North Bay, had arranged the people of Quebec for their lack of war sacrifice. The Hon. Mr. Rowell also attacked Sir Wilfrid Laurier and the Catholic church.

Mr. Rowell's active support of the Rowell government, said Mr. Murphy, had netted him thousands of dollars. As a provincial leader of the opposition the member for Durham had placed his political services on the same basis as Sir Joseph Flavelle, who, while president of the Imperial munitions board, had sold bacon and eggs to the British government. He was guaranteed against loss of his seat. Mr. Murphy, it is wonderful how, in the case of the member for Durham, "commercialized Christianity" sharpened his sense of business.

The Austro-German advance north of the Black Sea recently has been in the provinces of Poltava, Tchernigov and Kharlov, according to a Reuter despatch from Petrograd.

Freight traffic has been resumed on portions of the railway lines near the battle held by the Germans.

The Russian Orthodox church has presented a demand that the Russo-German peace treaty prescribe its authority over the Orthodox populations in the territories lost through the peace treaty.

The Austro-German advance north of the Black Sea recently has been in the provinces of Poltava, Tchernigov and Kharlov.

Among the returned heroes who arrived home on Sunday was G. Geo. H. Hayter, who left here with No. 4 Siege Battery, under Major Barker in March, 1916. Mr. Hayter, soon after arriving in England, was transferred to No. 5 Siege Battery, Major Maxwell, and accompanied the latter to France, where he took part in the memorable battle of the Somme and later Vimour. During the latter campaign he was severely wounded, and was invalided to England where he has been under treatment.

Gunner Hayter joined the colors in August 1914, at the age of fifteen and served in the 1st and 2nd Canadian Trench Companies, and the 2nd C. G. A., and saw many of his comrades killed. He responded to the call for duty overseas and left with No. 4 Siege Battery. He spent nine months in France before being hit. He was wounded in the leg, hand and chest. Before cutting Gunner Hayter was employed with M. R. A. Ltd. A host of friends extend a hearty welcome to the gallant young soldier.

BIGAMY CHARGE AGAINST SOLDIER

Fredericton, N. B., Mar. 20.—Harold D. Nason, also known as David Nason, appeared in the police court here this afternoon on the charge of bigamy. He is a returned soldier. Although a native of New Brunswick, he was born in Maine, and there was married. At that time he made his home in Houlton, Me. It is understood that he left his wife, who instituted divorce proceedings in Maine. Nason was served with a notice to appear in court here on the charge of bigamy. He married again never having been divorced.

UNIVERSITY OF CHICAGO TAKES AWAY VON BERNSTORFF'S DEGREE Chicago, Mar. 20.—Count Von Bernstorff, former German ambassador to the United States, has been deprived of the honorary degree of doctor of laws conferred upon him in 1914 by the University of Chicago.

STANLEY CUP MATCH IN TORONTO TONIGHT Toronto, Mar. 20.—The first game in the Stanley Cup series will be played tonight under N. H. L. rules, and with two Toronto officials, Marsh and Vair. There is still a chance that Adams may be permitted to play for the Toronto team, which will give the N. H. L. champions nine players. There has been a shortening of the odds, 7 to 5 on Toronto being the prevailing quotation here today.

SON OF AMERICAN GENERAL TAKES PLACE IN RANKS Cambridge, Mass., Mar. 20.—Otis, I. Wood, son of Major General Leonard Wood, yesterday enlisted as a private in the regular army and will report for duty at Fort Slocum, N. Y., on Saturday morning. He is a sophomore at Harvard and captain in the Harvard regiment.

SAYS RUSSIA STILL IS WITH ALLIES Moscow, Tuesday, Mar. 19.—(By the Associated Press).—Russia's relations with the Entente are unchanged, said M. Tchitcherine, Bolshevik foreign minister, in an interview with the Associated Press today. More friendly relations were being established with the United States, he added, and he commented upon President Wilson's message to Russia as showing that America would not take aggressive action against her.

NOT SLIGHTEST INCLINATION OF ALLIES TO END WAR

Von Hertling Sees That Germans Must Fight On

Under Secretary For Foreign Affairs in Berlin Seeks to Justify "Sharper and Firmer Method in Second Phase of Negotiations"

Copenhagen, Mar. 19.—Germany should not indulge in delusions that world peace has been accomplished yet, Count Von Hertling, the imperial chancellor, declared in concluding his speech in the Reichstag today on the peace treaty with Russia. He added: "There is not the slightest indication yet perceptible among the Entente states to terminate this terrible war. We, however, shall not lose faith. We are prepared and everything is ready. Further heavy sacrifices may come, but I am confident in our just cause, our incomparable army, to heroic leaders and the steadfastness of the nation. Responsibility for further bloodshed will fall on the heads of those desiring its continuance."

Baron Von Dem Basse-Hadden, under secretary for foreign affairs, said that Germany had adopted a sharper and firmer method in the second phase of the Russian negotiations, because it reads so that Trotsky, the Bolshevik foreign minister, desired not peace, but to instigate Germany to rebellion and counted on a revolution in Germany and Austria-Hungary to help him win the fact of Russian territory.

"Our negotiations," the under secretary said, "inspired the impression that the Russian expected far more severe terms than he was prepared to accept. We were forced to accept our terms with sufficient time for negotiations was a policy of the sinking of the Lusitania."

December and the only new demand of the United States was to war with Germany. The under secretary said that the United States was not to be misled by the propaganda of the press, which was carrying on a campaign to keep the United States out of the war.

Zurich, Mar. 19.—Contrasting the utterances of Field Marshal Von Hindenburg and General von Ludendorff with the speech made in the Reichstag late in February by Chancellor Von Hertling, the under secretary said that the latter was a weak peace and says the peace which the United States entered the war. He did not hesitate in admitting that before the United States went to war he carried on propaganda work and that he had himself personally opposed the United States becoming belligerent.

RECOGNIZED DAUGHTER IN PICTURE FROM FRONT PRINTED IN THE TIMES

The Times on March 18 printed a picture of a group of nurses and patients at a base hospital in France. When Mrs. M. R. A. of Mans, Maine, formerly of Kings county, N. B., got her copy of the Times and looked at the picture they were surprised and delighted to see their daughter, Miss Frances Morton, in the group. The men of the group were American engineers and the women were nurses. Mrs. Morton was a nurse. A letter dated from the base hospital to her mother, where she had been for some time, ordered from the base hospital to go to it. "She had been there nine months and was delighted to be going up to the front."

SENDS PROTEST TO PRESIDENT WILSON

New Phase of Matter of Alleged Conspiracy to Overthrow British Rule in India

San Francisco, Mar. 20.—A telegram of protest to President Wilson against the arrest, in New York, of Salsandra Nath Ghose, under indictment here in connection with an alleged conspiracy to overthrow British rule in India, was sent from San Francisco by Ram Nath Das, one of the principal Hindu defendants now on trial. The telegram requests immunity for Ghose, who, it was asserted by Das, was not within the jurisdiction of the United States courts when the indictments for conspiracy were returned. Das said in his message that Ghose was one of three members of a special commission of an Indian nationalist party representing several million persons. The commission has a special mission to the United States in the war effort to fulfill the aims and purposes of the United States in the war.

RECORDED DAUGHTER IN PICTURE FROM FRONT PRINTED IN THE TIMES

THE TIMES ON MARCH 18 PRINTED A PICTURE OF A GROUP OF NURSES AND PATIENTS AT A BASE HOSPITAL IN FRANCE. WHEN MRS. M. R. A. OF MANS, MAINE, FORMERLY OF KINGS COUNTY, N. B., GOT HER COPY OF THE TIMES AND LOOKED AT THE PICTURE THEY WERE SURPRISED AND DELIGHTED TO SEE THEIR DAUGHTER, MISS FRANCES MORTON, IN THE GROUP. THE MEN OF THE GROUP WERE AMERICAN ENGINEERS AND THE WOMEN WERE NURSES. MRS. MORTON WAS A NURSE. A LETTER DATED FROM THE BASE HOSPITAL TO HER MOTHER, WHERE SHE HAD BEEN FOR SOME TIME, ORDERED FROM THE BASE HOSPITAL TO GO TO IT. "SHE HAD BEEN THERE NINE MONTHS AND WAS DELIGHTED TO BE GOING UP TO THE FRONT."

WAS FOR KAISERISM UP TO THE ENTRY OF AMERICA INTO WAR

Lutheran Clergyman Astonishes Investigating Committee

Probe of Activities of German American Alliance Being Conducted in Washington—Believed Germany Waging War Of Defence

Washington, Mar. 20.—Rev. Dr. S. G. Von Bosse, president of the German American Alliance, a Lutheran clergyman in the early part of his profession, yesterday astonished the King sub-committee investigating the activities of the alliance by his complete adherence to the cause of Kaiserism from the outbreak of the European war up to the time of the entry into the conflict of the United States.

The committee has under consideration a bill by Senator King of Utah, which would revoke the federal charter of the organization, because of its alleged disloyal utterances and activities.

"The alliance has never entertained even the remotest official connection with the German government or the German people," Mr. Von Bosse said. "It is a simple pure American organization, existing only for those living in this country, having American patriotism, American loyalty and American love for liberty as its guiding principles."

He was interrupted several times in submitting his prepared statement by committee members for cross-examination.

"What have you said in condemnation of the sinking of the Lusitania?" asked Senator King.

The Lusitania was sunk before the United States went to war with Germany," the witness replied.

"Did you not, as a pastor, carry on propaganda work in the United States to keep the United States out of the war?" he asked.

Senator Wolcott of Delaware wanted to know about some articles by Mr. Von Bosse, referring to the work of "these grand buy old Bertha" which had dropped bombs on hospitals and cathedrals and defiled cemeteries, and suggested Senator King.

Mr. Von Bosse defended his articles, saying they were written before the United States entered the war. He did not hesitate in admitting that before the United States went to war he carried on propaganda work and that he had himself personally opposed the United States becoming belligerent.

"Our object is to keep the United States out of the war," he said, "was a call of the blood because we believed Germany to be waging a war of defence."

ANOTHER ST. JOHN AVIATOR MISSING

No Word Of Lieut. Gordon Winslow Taylor Since March 13

Word was received by Mrs. William H. Avery of 64 Garden street this morning to the effect that her son, Lieut. Gordon Winslow Taylor, Royal Flying Corps, has been reported missing since March 13.

Lieutenant Taylor enlisted with the 6th C. M. R.'s here and crossed with the first contingent. He saw service for a while with this unit and after a period of instruction at the cavalry depot, transferred to the flying corps last June. On his last leave to London in January he married Miss Celia Lillian Turner, daughter of the late Mr. Turner, C. E. of India. His many friends in the city join with his mother in hoping for speedy word of his whereabouts.

ENDORSE RESOLUTION OF THE WAR VETERANS

Montreal, Mar. 20.—Unanimous endorsement of a resolution passed by the War Veterans Association in Hamilton on March 3, asking the government to employ aliens of enemy origin in works of national importance or in industries essential to the winning of the war, at earnings equal to the pay and allowances of the Canadian soldiers, was given by the recently organized Imperial Order Sons of the Empire in the Windsor Hotel here last night.

THE DUTCH SHIP MATTER

Washington, Mar. 20.—Holland's reply in the shipping negotiations is on the cables, and is expected to arrive before night.

London, Mar. 20.—The conditions laid down by the Dutch foreign minister for the acceptance of the demands of the allied governments as regards the taking over of Dutch shipping are not likely to be acceptable to those governments, according to a Reuter despatch from The Hague, filed yesterday. It adds that the arming of the Dutch vessels may not be insisted upon.

British "Get" 28 Hun Airplanes in Fight

Twelve of Our Machines Missing--Nine Tons More of Bombs on German Works

London, Mar. 19.—Intense aerial fighting on the British front in France and Belgium continues. An official British statement reads: "Nine tons of bombs were dropped on a Monday on enemy rest billets and ammunition dumps and also on the Busigny railway station and two airfields, one of which was occupied by large bombing machines."

"Aerial fighting was exceptionally intense, encounters occurring between large formations. Nineteen German airplanes were destroyed and nine were driven down out of control. Twelve of our machines are missing."

"Six hundred bombs were dropped during the night on two of the airfields used by enemy night flying machines and on ammunition dumps and billets. All our machines returned."

PROTEST AGAINST INCREASE IN THE MARKET TOLLS

Merchants in the toll section of the city market, who are liable to be affected by the proposed change of rates are having a petition circulated asking Mayor Hayes and the city commissioners to consider the harm which they say such an increase would do. The petition is as follows:—

"Representing the Merchants of the Toll Section of the St. John City Market:—

40 Your Worship, and City Commissioners. Allow me to approach you on behalf of the members of the above mentioned section, in reference to the proposed extra toll bill to be introduced by Commissioner McCallan.

"The following are the present and proposed new rates on some of the articles:—

Toll on butter to be \$1 per 100 pounds was 20c; advance 80c. Toll on eggs to be 80c. (30 dozen case) was 7c; advance 28c. Toll on smoked meats to be 1c a pound, was 1/2c a pound. Toll on berries to be 1/2c a box, was 1/4c per 54 box crate; advance 1/2c. Toll on cheese to be 1c a pound, was 1/2c per cheese; advance about 28c. Toll on potatoes to be 25c a barrel, was 15c; advance 10c. Toll on poultry to be advanced about 20 to 25 per cent. Toll on vegetables to be advanced from 10 to 15 per cent.

"These are the products most affected by the advanced tolls and many of them are vital to the homes of St. John today.

Your Worship, and City Commissioners—Consider with me what this advance will mean to the merchants, heretofore mentioned, with the high cost of everything in general at the present time. Being just able to make a comfortable living, this advance will mean that the people in general will be charged an advance to help this expense which cannot be done with a lower rate of other merchandise, both in the rental section of the city market and outside thereof.

"If the old rates cannot be restored, or a more moderate additional toll be placed, may I, on behalf of the merchants before mentioned, approach you on the proposition that rent paid the market and toll incur.

Two teams from McAvity's 9.2 plant battled for honors on these alleys last night. The league team composed of Tickner, Spier, McDonald, Woodhead and Miller won. Their opponents, who were known as the Colts, were Crosby, Chetty, Foshay, Tait and Fletcher.

I. O. G. T. MEETING. A meeting of St. John County Lodge, I. O. G. T., was held last evening. Seven candidates were given the district lodge degree. Reports received from various lodges were that they were flourishing. Refreshments were served by the members of the Clarendon Lodge. The next session will be held with the Dominion Lodge of St. John.

EARLY CLOSING IN EARNEST IN LONDON

Theatres to Shut Down at 9:30; Subways and Street Cars May End Service at Same Hour

London, Mar. 20.—It is now proposed to have the 9:30 o'clock closing of theatres and restaurants come into effect on April 1, and as summer time will then be in operation, the actual closing time will be 8:30 p. m. Most people believe that the curfew order now proposed will apply only to London and southern England, and will, when formally made, be seen to embody greater restrictions than were supposed at first.

One instance is that more trains are to be taken off and the suggestion even is made that London railways and street cars will discontinue operations at 9:30, while store keepers will be prohibited from lighting their windows.

Clubs and private hotels, also as well as charity entertainments are to be compelled to close earlier. Travellers will be unable to obtain refreshments, and will have to carry their rations with them as they did in the days before railways came into use.

TECHNICAL EDUCATION COMMITTEE MEETING

Expect Report Will Be Ready for Legislature at This Session

Fredericton, Mar. 20.—The provincial committee on technical education met this morning in the legislative building to hear reports on the progress of the work and to clear the way for the preparation of a report which they expect to submit to the legislature at this session.

Fred Magne, president and the other present were Fletcher Peacock, secretary; Dr. J. Roy Campbell and A. M. Bell, of St. John, Rev. Mr. Tasson, of Memramouc, J. H. King of Chatham and J. T. Jennings of Fredericton.

Mr. Peacock reported on the national conference on industrial education in Philadelphia, which he attended, and he said Dr. Campbell reported visits to various state and trade schools in Massachusetts. The balance of the morning was devoted to consideration of matters arising from these reports and to discussion of the business features adaptable to agricultural and trade schools in New Brunswick. The committee will resume this afternoon and the members will be the guests of the chairman at dinner in the Queen Hotel this evening.

A SPLENDID EXAMPLE

The municipal chapter of the I. O. D. E., Toronto, has made conservation of child life its all-important work for the coming months. As there are forty primary and four junior chapters, with a membership of 2415 persons, they will be able to accomplish a great deal of valuable work. The Toronto Star report of the annual meeting of the municipal chapter has this to say of the child-welfare work:

"The I. O. D. E. Preventorium report was submitted by Mrs. Dr. Elliott, who stated that 127 children had been cared for during the last year. Of this number 81 had been discharged. The average stay of each child was 125 days; every child gained from 15 to 25 pounds. In a report made on similar homes by a Boston doctor it was stated that this Preventorium was the most attractive and finest in America and Europe. The receipts for the year were \$25,124.76. Expenditures \$20,881.17. Col. Gooderham explained the financial position of the Preventorium. Out of the endowment fund of \$60,000 only \$46,000 had been paid in. In order to raise the proposed buildings, they would be required to raise \$60,000, and \$14,000 as balance on the present building. The land for the new building will be given the Order by Col. Gooderham. Col. Gooderham stated his efforts were a labor of love, as he believed the conservation of child life to be a most important factor. Mrs. Rutter asked the ladies to pledge themselves to this work, and said:

"We all know the boys and girls of today are the parents of tomorrow, and when the best of our country's blood is being killed off, it is most essential that the young lives be preserved. In the past we have been expending money unnecessarily, as, if we didn't supply it, the government would. This leaves us free to use our energy and money along this line."

"These women of Toronto are doing a noble work, the effect of which will be far-reaching and of the highest service to the state."

WHAT WILL ST. JOHN DO?

Every issue of the Toronto papers contains accounts of activity which extends all over the province in preparation for a greatly increased production. Vacant land gardening is to be carried on in every city and town, and there is general organization to make it effective. We read of one great meeting in a church, where the citizens got together to organize for action, and a wave of enthusiasm appears to be spreading over the province. We must wake up and take similar action in New Brunswick if we are not to fall behind in this patriotic effort. There can be no doubt of the need. Financiers in New York are said to be discussing the probability of two or three years more of war. There is no prospect of an early end to the colossal conflict, and the world's need of food will be greater year hence than it is today. What one town may do may seem a very small thing, but the aggregate vacant lot production all over this continent may be made to mean a great deal. The world is facing a food crisis. All that can be done to increase the supply must be done or intense suffering will be the lot of millions. The citizens of St. John have not yet been aroused to the seriousness of the situation. There is no time to lose, for the questions of getting seed and fertilizer and labor will become more and more pressing as the short period before planting time passes.

CHILD WELFARE

Seventy-two neglected and dependent children were committed to the care of Supt. E. H. Blois under the Children's Protection Act in Nova Scotia last year. Forty-two were placed by him in foster homes. This is exclusive of the work of the juvenile courts in Halifax and New Glasgow. No less than 229 persons, of whom fourteen were adults, were summoned before the Halifax juvenile court last year. The great majority were between ten and fifteen years of age. Some were discharged, some released conditionally, some on probation, some committed to institutions. There were also fifty-two neglected children before the juvenile court, and forty-three of them made wards of the superintendent. These are in addition to the seventy-two already referred to. Some of these children were placed in foster homes, some put in the temporary shelter, and some returned under satisfactory conditions to their parents. In the juvenile court for Pictou county, holding sessions in New Glasgow, forty-three males and fourteen females, ages seven to fifteen years, were dealt with and eleven committed to institutions. The majority were warned and discharged, but five were released on probation. This court also had before it ten neglected children, of whom four were made wards of the superintendent, three placed in institutions and others placed in foster homes.

HAD PROFIT FIVE TIMES CAPITAL

British Nation Fleeced by Profiteers — Shipbuilding Programme Falls Down — The Irish Problem.

Toronto, March 19.—A special cable to the Mail and Empire, says: "The exposure of enormous profits made by British munitions firms has created a deep impression. The evidence indicates the gross incompetence and inefficiency in awarding contracts and fixing prices. Canadian munition workers, in their most profitable contracts, never benefited by such generous assistance nor were rewarded by such enormous profits. The British press is unanimous in condemning such profiteering. One firm's profit was five times its capital and others almost as much."

The report of the committee on national expenditure is not pleasant reading. It is an appalling exposure of shabby profiteering on one hand and of absurdly incompetent red tape wielders on the other. Between the two the nation has been fleeced for vast sums. This is the press comment. Almost concurrent with the exposure of waste came another depressing announcement, that the shipbuilding effort had failed to produce the expected results. On the rapid production of ships depended victory and the empire's existence. Labor troubles, lack of discrimination in enlistment and again the failure to place direction of the policy under practical men, combined to lower the standard of production.

Dreadful steps are being taken to remedy this condition. A new shipbuilding board of practical men has been appointed and the army is being combed for efficient artisans.

Canada and the United States are expected to force a greater production. The essential to victory is ships and more ships. These failures and the ever-present Irish problem accentuated by the death of John Redmond, is the dark side of the picture. Irish conditions show little improvement and John Dillon lacks the personality of his predecessor. It is feared he cannot hold in check his more aggressive followers with the success of the late leader.

Chancellor Von Hertling calls the Allies hypocrites, and bewails the inability of Germany to get the world to believe in her good faith. At the same time he explains that his country must have a large slice of Russia. He is a typical Hun.

The Royal Orange Association represents a large number of voters. Its determination to join in the fight against the power company is another evidence of the universal feeling aroused by the company's action.

If the Kaiser has really invited neutral newspaper men to the western front he must intend a display of fireworks. He is nothing if not spectacular. And he desires to impress the neutral nations.

Prohibition seems to have encountered a setback in the New York State Assembly. But the general sentiment of the day is against the liquor traffic and the New York condition may be regarded as only local and temporary.

And now, despatches tell us, the Hun is at the gate of Petrograd. Too late the Russians will learn how they have been betrayed, and utilized for furtherance of German aims.

Results in the daily air fighting over the western front must be causing the Kaiser some concern. The British yesterday accounted for twenty-eight more German airplanes.

Both at Ottawa and Fredericton the governments have done well in getting quickly down to the business.

A meeting of the executive of the New Brunswick Division of the Navy League was held yesterday afternoon, Colonel E. T. Sturdee, the president, was in the chair. The report of the annual meeting held in Montreal recently was read and the new constitution submitted.

Fills Stomach With New Energy

Weak, Worn Out, Gassy, Sour Stomach Revived and Made to Enjoy Food With Stuart's Dyspepsia Tablets.

Most of us eat three times a day and often forget that each meal should be disposed of in the stomach to make room for the next. The failure of the stomach to do this is called indigestion or dyspepsia, with its sour risings, gas, rumbling, pain, depression, and the feeling of stuffiness when breathing is difficult.

The most effective remedy, and the most reliable one, because you can get it at any drug store in the United States or Canada, is Stuart's Dyspepsia Tablets at 20 cents a box. Instead of depriving yourself of food or going on a starvation diet simply keep on as usual and let these tablets straighten out your stomach, digest the food and keep you in the fight.

Quebec, March 19.—News reached here today from St. Joseph Beauce, that some days ago, Thomas Goulet, twenty-eight years of age, married and father of three children, fell on a revolving circular saw and was almost severed in two. He died shortly after the accident.

Mrs. Louis Chamberland, of Loretteville, near this city, died as she was leaving church. She dropped on the sidewalk and was picked up dead.

Mrs. Ernest Trepanier, of Napoleon street, died while knitting with a neighbor for the soldiers.

John D. Breen

The death of John D. Breen of Long Island, Kings county, occurred on March 19. He was eighty years old and his wife, who was Miss Jane Hornbrook, survives him. Mr. Breen leaves also one sister, Mrs. Henry Redmond, of Whitehead; also the following sons and daughters: Frederick C. of Roxbury, J. SUFFERED TERRIBLY WITH HER HEART

Would Wake Up Smothering

The terrible smothering and choking up sensations and sinking spells, the feelings of dizziness and faintness that come over those whose heart and nerves are deranged causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills give prompt relief and effect a complete cure in cases of such severity.

Mrs. A. M. Powell, Norval Station, Ont., writes: "I cannot speak too highly of Milburn's Heart and Nerve Pills. I suffered five years with my heart and nerves, but the last two years I have been so well that I would not believe I did not get one night's sleep out of even for so long a time. The doctor was called in, and he said it was my heart, and that I must take great care of it. I saw your advertisement in your almanac for Milburn's Heart and Nerve Pills, and said I would try them. I have only taken two boxes of them and I feel a new woman. I will recommend them to anyone afflicted with heart trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The Quality Goes Clear Through

Building the GRAY-DORT— assembling the chassis.

If Money Matters

A FEW men can afford to buy a motor car for fancy's sake, no matter what the price. Such men are not interested in the Gray-Dort. But if money matters to you—if you seek good value in a motor car, consider carefully the claims of this car.

65 years ago Wm. Gray began building buggies for men who wanted heaping value, good workmanship, honest quality.

The Gray-Dort car is built for just such men as bought Gray buggies. Men who demand a good car, first—a car that will give them powerful, speedy service. Men who want a sturdy car—one that will stand hard driving for a long time. Men who want a comfortable car—roomy, easy-riding, smooth motored, well cushioned. Men who demand a handsome car—a car they will own with pride. And men who must have a car reasonably-priced. Such men are coming to Gray-Dort cars.

Proper balance, a refined motor, light weight—these combine to make Gray-Dort gasoline and oil consumption low. The mileage is unusually high. Repairs and replacements are almost unknown to careful drivers.

SOCIALIST PARTY
RENT BY THE WAR

Influence of Huns and the Bolsheviks

Some Loyal to Cause

Jewish Socialist League of United States Lines Up Against the Kaiser—First Duty is Downfall of Germany

(Toronto Mail.)
What is to be the effect of the war upon Socialism is a question that is being asked in various ways, and it is a question of tremendous importance. Either Socialism will be rent by the war or its theories will be the governing theories of mankind. The war has broken down class distinctions, it is being fought to vindicate the rights of the average man to live according to his own ideas of how he should live. It is demonstrating anew the truth so often forgotten that a man does not live to himself alone, but to his fellows. These are Socialist principles, and are being fought for by millions who do not consider themselves Socialists. The triumph of the Allies, therefore, will be a triumph for doctrines preached by Socialists. This does not mean necessarily that the Socialists as a political party will profit greatly by the struggle, for as it happens so many leaders of Socialism have been fighting against the very principles upon which their party is founded.

Enemies of Socialism.
The Bolsheviks have done much to discredit Socialism. The German Socialists, who spoke and sang of internationalism for years when they were being drilled to impose Prussianism on the world, have contributed to bring the doctrine into ill-repute. The pro-Germanism of some Socialists, and their fanaticism and theories of non-resistance last straw on the camel's back, and viewed with only the facts of the war, would seem absurd to suppose that Socialism would emerge from this war in any other light than that of a party of the Allies, and to the doctrines of the Socialists. It may be that this saving remnant will gain more for Socialism than the professional Socialists have lost, and may indeed lead to a new world far along those paths toward Utopia of which the great Socialists have dreamed.

A step in this direction was taken a few days ago, when the Jewish Socialist League of the United States lined up definitely against the Kaiser, and declared that the first duty of all Socialists was to bring about the downfall of Germany. It denounced not only the Kaiser and the Junkers, but the Socialists of Germany and Austria, who betrayed both liberty and Socialism. It mentioned Scheidemann, the Socialist leader in Germany, and Berger and Hillquit, American leaders of the party. In view of the fact that in the Socialist party Jews are extremely prominent and prevalent, it is significant that the Jewish Socialist League should have cleared itself of all sympathy with the famous St. Louis platform, which was adopted by the Socialists of the United States shortly after the country had declared war upon Germany. This platform, in brief, opposed the war and asserted that it was merely a ruse on the part of capitalism to tighten the fetters upon the working people. It was the invasion of Russia, after her armies had been demoralized, that drove these American Jewish Socialists, most of them of Russian birth or ancestry, to cut loose from their party and declare themselves enemies of Germany first, and friends of Socialism second.

Intellectuals Broke Away.
The defection of the Jews is in one sense the most severe blow that has struck at American Socialism since the

Try This If You
Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arrow, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be shiny, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arrow at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

ENGLISH VOTING
STRENGTH DOUBLED
UNDER NEW ACT

Men to Have More Privileges in Plural Voting—Proxies Accepted—Elections All on One Day.

London, Feb. 16.—(Correspondence of the Associated Press)—England's new Electoral Reform act not only gives the ballot to women, but also to a large number of additional male voters. It is the most sweeping measure of enfranchisement in British history. The number of voters will be at least doubled—increasing from 8,000,000 to 16,000,000, and the latter figure is probably an underestimate.
The men voters will still be in a substantial majority for several reasons. The first is that the qualifying age for men is 21, or if serving in the army or navy, 19; while no woman under thirty is admitted on any ground. In the second place, there will still be plural voting, and although both men and women are restricted to not more than two votes each, there will be far more male property owners in another district than his home.
As an illustration, take a family consisting of husband and wife and two sons, one aged 19 in the army, the other 23 and a university graduate. The family lives in a London suburb and the father is in business in London. He has a vote in his home district, and also one in the district where his business is located. The wife, not being a university graduate, has but one vote. The two sons will each have a vote as residents, and the elder will have an additional vote in the university constituency.

THE HOME FIRES

(Montreal Herald.)
It is one of the minor tragedies of the war that the wife who writes that stirring war-song, "Keep the Home Fires Burning," should have given her own life during the last air raid in England. The Hun who dropped the bomb that killed Mrs. Lena Guilbert Ford should be decapitated. In short, the Socialist party in the United States has been diverted from its brain, and the result may be another Socialist party that will lack in patriotism and may play a big part in the remaking of the world.

A Cry of Distress

DESPONDENT WOMEN

Nature intends every woman to be cheerful, happy and contented, but when dragged down with pain and suffering from female ills, will power is lost, and the result is a nervous condition. Multitudes of American women, however, have found that there is one tried and true remedy to restore health under such circumstances, and that is Lydia E. Pinkham's Vegetable Compound. This old-fashioned medicine is now considered the standard American remedy for such conditions.
Why the unwrapped loaf?
(London Advertiser.)
The Food Control Board has issued an order prohibiting the wrapping of bread.
The bread consumer will hence have to take his bread unwrapped. He will have to take it from the hands of the baker's wagon driver—or leave it.
"Wrapped bread makes for freshness. Perhaps this was the Food Controller's idea. Stale bread, less bread consumed. But may not stale bread be thrown away, with resulting loss of foodstuffs? Has the Food Control Board made provision for the punishment of the crime of unused bread?
Years of agitation for improved sanitary methods of serving bread to the public produced the wrapped loaf. With a stroke of the pen the Food Control Board tears off the wrapper and takes a labor conservation, we will accept the questionable loaf without questioning. But we are impelled in the meantime to ask for a reason.
HALIFAX NOT YET SATISFIED
(Halifax Herald.)
The people of Halifax are not yet satisfied that the fullest measures have been taken for the safeguarding of the pilots in regard to a T. N. T. laden steamer being anchored in the fairway for seven hours, the greater part of the time in a driving snow storm and according to one pilot in an extremely dangerous position." It is calculated to restore confidence in the department at Ottawa, which has charge of our marine affairs. That confidence was badly shattered on December 6. The Drydock commission went thoroughly into the circumstances connected with the disaster and discovered some local officials directly connected with that awful event.

BETTER OUTLOOK FOR BELGIUM

(Boston Herald.)
With Bulgarian and Turkish troops joining the Prussians in Belgium, the prospect brightens a bit for less barbarous warfare there.
VANCOUVER REMOVES THE RUSSIAN FLAG FOR "IGNOBLE PEACE"
Vancouver, March 19.—On the ground that Russia had made "an ungrateful and ignoble peace," the national flag of Russia was ordered by a resolution of the city council last night, to be removed from among the flags of the Allies at the city hall.
Edgar Hartnett a Victim.
Moncton, March 19.—The name of Edgar Taggart, in the list of those burned to death at Rivendale near Truro, last Friday night, should read Edgar Hartnett. He belongs to Cape Sable, Westmorland county. He was unmarried, about thirty-five years of age and has a brother overseas with the Canadian troops.

PASS BILL ALLOWING WOMEN AS SOLICITORS

London, March 19.—The House of Lords today passed, on a third reading, the bill qualifying women to act as solicitors.

A Drop On a Touchy Corn

Instant relief! Then corn or callus lifts off with fingers.
Just think! You can lift off any corn or callus without one twinge of pain.
A Cincinnati man discovered this ether compound and named it Frezzone. You apply a few drops directly upon a tender corn or callus. Instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it right off.
Frezzone is wonderful! It dries instantly, it doesn't rot away the corn or callus, but shrinks it up without even irritating the skin.
Hard corns, soft corns, or corns between the toes, as well as painful calluses, lift right off. There is no pain before or afterwards. No soreness or smarting. Women should keep a tiny bottle on the dresser and never let a corn ache twice.

Voluntary Impostion. General Sherman once stopped at a country house where a tin basin and roller towel on the back had sufficed for the family ablutions. In the morning the small boy of the household watched in silence the visitor's efforts at making a toilet under the unfavorable conditions, but when the tooth brush, flannel, white broom, etc., had been duly used and returned to their places in the general's grip, he could hold in no longer. "Say, mister," he exclaimed, "air you always that much trouble to yourself?"

GROCERY MARKET. The following comment on the market situation as regards foodstuffs appeared in Canadian Grocer last week: Rumors of a tax on tea are going the rounds though no particular reason is assigned for the belief in some quarters that this will be put into effect. It is felt that the personnel of the present government would permit action of this kind being taken, though the revenue likely to be collected is not looked upon as great. The situation in molasses is very firm and higher prices are expected. Present stocks are light, but goods now in transit should relieve this condition on arrival. Dried fruits in many lines are reported very short, and the primary markets are pretty well depleted. Raisins have been received and a few odd shipments of prunes, but transportation is such an uncertainty just now that no plans can be laid for distribution of the goods on arrival. The primary market on all spices is very firm and an advance on cassis is reported locally. Cream of tartar is stiff and quotations as high as 96c a pound are being made. Heavy demands on nuts are reported during the week and wholesalers report stocks, which had been heavy, reduced to somewhat below normal. The demand has been created owing to the approach of the Jewish holidays. The higher grades of Japan rice show an advance of 1/2c and seconds 1/4c a pound. No change in other varieties is reported as yet but the freight situation will govern these as well and conditions seem to be urging prices upwards. Future supplies of oranges seem somewhat uncertain. Nova Scotia apples are threatened with absolute waste owing to lack of cars in which to ship. Detonates have registered a further decline. The milling situation shows some improvement and one mill reports running to full capacity for the first time in four months. Grain is moving more freely. Mill feeds are very scarce and not equal to the demand.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist.) We note with sympathy the passing of Mrs. Reed Slipp, of Central Hampstead, N. B., the loved mother of Miss Augusta Slipp. By her work as provident secretary of the U. B. W. M. U. Miss Slipp is widely known throughout the province, and will have the sympathy of all her sorrow and loss.

We understand that the late Premier Brewster, of British Columbia, was a Baptist. And of those who were prominently mentioned as his probable successor at least two were Baptists—Hon. J. H. King, son of Senator King, of Chipman, N. B., and Hon. J. W. deL. Farris, son of Hon. L. F. Farris, of White's Cove, N. B.

A news despatch from Ottawa announced the passing of William H. Harrington, son of the late C. H. Harrington, of Sydney, N. S. Only two weeks ago we published a notice of the death of his brother, Rev. F. G. Harrington. The member of the family best known to our readers is Rev. C. Harrington, of Tokio, Japan, now spending his furlough in Nova Scotia.

The work of the Moncton Suburban church is prospering greatly under the ministry of Rev. S. W. Stackhouse. Special meetings have been held for some weeks and great interest has been shown in the Sunday school work. The church has grown so that a larger building will soon be a necessity.

Evangelist Kenyon closed a successful campaign with the Highfield street church, Moncton, on March 11. On the preceding Sunday Pastor Cookhouse baptised twenty and more will be baptised later.

Rev. J. Landels Love has been transferred from Halifax to Toronto. There he will have charge of the public department of the Military Y. M. C. A. This city has enjoyed and profited by the presence and address of Prof. T. F. Best, of the Military Y. M. C. A. Capt. Best is a Baptist, a member of the James street church of Hamilton, Ont. The news has been received of the death of an infant son of Rev. C. Harrington, of Tokio, Japan, who was baptised in the church. A pathetic interest is attached to this news from the fact that Mr. Harrington was killed at the same time and place as the death of his wife.

Rev. F. P. Dennison closed his week with the Tabernacle church, St. John, on March 10. His official relation with the church terminates at the close of the week, but at the solicitation of the congregation he consented to return for the services of another Sunday. He was greeted by large audiences in spite of the unfavorable weather. He is followed to his new field in St. Thomas, Ont., by the hearty good wishes of all to whom he ministered during his pastorate in St. John.

On March 5 the pastors of the Yarmouth United Baptist churches, with a number of their church members, made a surprise visit to the home of Rev. Dr. Burdock Blood-Bitteris in the highest well-filled parlour on behalf of the United Baptist churches and other friends in the vicinity. Rev. Dr. Blood-Bitteris explained that their gift was in recognition of Dr. Crowell's free and frequent services at the quarterly meetings of the denomination. Replies were made by Dr. and Mrs. Crowell.

Try Making Your Own Cough Remedy

You can save about 25c and have a better remedy than the ready-made kind. Ready done.

If you combined the curative properties of every known remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2 1/2 ounces of Honey (50 cents worth), pour it into a glass bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 50 cents and gives you 10 ounces of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never fails.

This Honey and sugar syrup preparation gets right at the cause of the cough and has been used successfully for years. It loosens the phlegm, stops the cough, soothes the throat, and breaks the fever. It is a sure cure for all coughs, whether they be due to cold, influenza, whooping cough, and bronchitis. It is a most valuable, concentrated compound of genuine honey and sugar syrup and has been used successfully for years to break up severe coughs.

To get the full benefit, take your dose of "2 1/2 ounces of Honey" with your meals and after each meal. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Price Co., Toronto, Ont.

Red Sox Trim Dodgers. Hot Springs, Ark., Mar. 15.—By making timely use of the bats the Boston Red Sox won an easy victory from the Brooklyn Dodgers today in the first of the series of exhibition games. The score was 11 to 1.

The Red Sox batted three young Brooklyn pitchers hard, getting sixteen hits, against four for Brooklyn. Among these three home runs, two by "Babe" Ruth and one by Amos Strunk. The Dodgers did not make a hit until the fourth and did not score until the seventh. Grimes doubled in this inning and scored on a single.

AN INDICATION OF SOMETHING WRONG

High Percentage of Rejections of Young Men for Army

POLICY OF RECLAMATION

Cleveland Doctor Says This Could be Done in 90 Cases Out of 100—An Argument for Health Legislation

(Toronto Star). The high percentage of rejections of young men for military service in Canada and the United States has caused a great deal of surprise. It is evident that there is something seriously wrong with average health on this continent, or with military requirements in accepting recruits. Perhaps there is something wrong with both.

There was a rash of volunteering in the United States just previous to the declaration of war in April of last year—young men in all the colleges and similar youths everywhere—and yet 68 per cent. were rejected and only 32 per cent. accepted. In the area of Greater New York the rejections were 72 per cent. and the acceptances 28 per cent. The figures in Canada have run to similar percentages. In speaking at a public dinner recently in Toronto, Judge Denton quoted some figures concerning the Military Service Act and placed the number of rejections, under medical inspection at 70 per cent.

What is the matter? Is the population of North America as inferior physically to these percentages indicate, or is the way of raising them unskillful? Dr. John H. Quayle, of Cleveland, delivered an address before the Association of Life Insurance Presidents in New York, which has now been issued in pamphlet form, in which he cited the causes of rejections, and advocated a policy of reclamation. The nation, he argues, should not rest content with declining the military service of men who are found to be unfit, but should call them out, as well as the fit, and repair their deficiencies. It is an alarming thing that but one man in five can pass the army examinations, and under the existing system a premium is put upon being physically unfit. Those who are in any way unfit are made to seem more unfortunate than those in every way sound.

Dr. Quayle, after examining all the grounds of rejection, declares it to be his opinion that at least 90 per cent of the men could be reclaimed for efficient army or civil life. He says: "Nearly all the cases of venereal disease, the cases of flat foot, the cases of alcoholism, all the cases of hernia, all the cases of diseases of the skin, underweight, defective teeth, varicose veins, varicose, insufficient chest development, hemorrhoids, and obesity should respond to treatment very quickly, and a great percentage of the other causes of rejection would be more or less a question of time."

"Can you imagine what a welfare work this would be even in times of peace? Can you imagine how many men would be made efficient? Can you imagine how many more men would be made healthy fathers to our coming generations? And can you imagine how far-reaching would be the knowledge imparted to these men on medical and surgical subjects, reaching and touching every hamlet in the United States?"

Senator Pomeroy has a bill before Congress at Washington providing for the establishment of Reclamation Camps to carry on this work at a cost of from fifty to one hundred dollars per man. It is proposed, also, that soldiers as they emerge from the war shall be required to be in good physical condition before they are returned to civil life. In this connection we desire to emphasize the statement of opinion by Dr. Quayle, which is too little known, that venereal disease is the scourge of syphilis eradicable, but of all the acquired cases in the world today about 90 per cent of the cases are extra-genital, and contracted by contact with a syphilitic. They are in no way culpable, but are the victims of the universal ignorance of the fact that the disease may be innocently contracted from one who has it.

The expert estimate is that 90 per cent of the young men rejected as medically unfit for the army could be made fit. Not all made fit for the arduous work of the army, but if not made fit for that in all cases, at least given increasing fitness for civil life. But it is claimed that, at a cost per man of less than one hundred dollars, most of them could be made fit for the army. And there is a growing opinion that for every reason, military and civil, this work of physical reclamation should be carried on.

If, under the Military Service Act here in Canada, over 70 per cent of our young men are rejected as medically un-

SENATE DEBATE ON THE ADDRESS

Ottawa, Mar. 20.—The debate on the address was commenced in the senate yesterday after Senator W. H. Bennett and Senator Robert Mulholland had been introduced.

Senator Lesperance, in moving the address, said that after four years of effort, Canada was determined to continue in the war struggle to the end. He knew that there had been a certain press that had raised prejudices against the Province of Quebec, and that the epithet of "traitor" had been applied to the generous, loyal and law-abiding people of Quebec. He declared that the charge was false.

Senator Michener, in seconding the address, declared that he was confident that the people of Canada would never waver in their determination to support the expeditious force, which was still maintaining its record of glory, unmarred by a single defeat.

Senator Bostock, opposition leader, congratulated Sir James Loughheed upon his decision to accept the portfolio of soldiers' civil re-establishment. He congratulated the finance minister upon the success of the victory loan. He noted that a portion of the money subscribed was being applied to the shipbuilding programme of the imperial munitions board. For that reason, he asked the government to intervene and either directly or by representations to the British government end a condition that was being greatly criticized on the Pacific coast. He declared that in the plan of paying cost and percentage there was the greatest extravagance shown, and that some building firms instead of buying their timber direct, were getting it through one set, some times, two middle men, each of whom charged a profit that the imperial munitions board would have to pay.

Sir James Loughheed expressed regret that Sir Wilfrid Laurier had not, last session, found himself able to accept proposals for the formation of a union government. He desired to emphasize the fact that now was the time when there was need for all parties to be united in the interest of the state.

Senator Dandridge asserted that every class in Canada desired the participation of Canada in the war. There had been lack of unity, and that was due to Sir Robert Borden not having formed the union government with Sir Wilfrid Laurier in 1914. The war times elections, he said, had been an iniquitous and abominable piece of legislation and had been declared so by two members of the present government.

Thousands of wonderful cures are reported every year. Catarhoxone does all that is claimed for it, and is certainly most efficient for colds, bronchitis, two months' treatment (large size) \$1.00, is guaranteed, smaller size 50c, sample size 25c, at all storekeepers and druggists, or The Catarhoxone Co., Buffalo, N. Y., and Kingston, Canada.

fit for army service, one can readily see the odds in favor of the enemy which such percentages reveal. The enemy has insisted on the physical fitness of the male for army service from the cradle. We did not mean to make war. We took no foothold for war. But we could have used some forethought for physical health and soundness. We have had to go to war, and only 30 per cent of our men of draft age are eligible—and after all fitness is fitness, whether for army life or civil life. A young man is either fit or defective, and the army standard is not a fanciful thing, but an exact test which sound men meet and which they should meet whether they ever handle a gun or not in all the days of their lives. Ordinary life requires no less a standard than that.

But if 90 per cent of our population is forced into war with 90 per cent of another population, the odds are too heavy. What we have been doing in Canada to a very large extent is this: We stand aside, we exempt entirely from war service all who are in any way unfit. Then we exempt another considerable percentage for domestic or industrial reasons. Of the fine and fit who are chosen for the army, men in the pink of condition, ready for front line work, we subtract a large proportion after they get overseas to do all kinds of work behind the lines—often a long way behind—which need not be done by men of the highest quality of fitness, and much of which need not be done by soldiers at all or by men at all, but could be done by battalions of women. From a population unit of one million, by a process of elimination and subtraction as we go along, we

In Opening Exposition Charming Modes For Spring and Easter

Presenting In Delightful Profusion The Lovely New Styles And Bewitching Novelties For The Coming Season

The Fashion Salon will be ready Thursday to pull back the curtains and reveal secrets of La Mode for Spring. To women this will prove one of the most interesting events of the season, for a more authoritative exhibition of clever wearing apparel for women and misses will not be shown within many miles of here this season. This event will present a most elaborate showing of beautiful styles and novelties in Suits, Coats, Dresses, Skirts, Blouses and exquisite accessories of dress.

Undoubtedly it will prove to be the most extensive and the most charming display of lovely fashions yet seen in this vicinity—a delightful unfolding of the charming modes of Spring and Easter. You'll attend, of course. In conjunction with this event, the window display will present a magnificent spectacle. With its lovely fashions relieved by magnificent settings and artistic decorations, it is presenting a marvellously interesting picture.

NECKWEAR SUITS BLOUSES

For Every Changing Mood of Fashion Its versatility sets aside all hand-and-fast rules as to the "style" of a frock or suit. Individuality is the reigning factor. There are Gypsy Tie-end Collars that have such a winsome way of softening tailored severity. Gloriate Collars destined to elevate neck lines, are in contrast to graceful Tuxedos that enhance open-neck styles. In neckwear lies the power to change the whole face of fashion.

COATS DRESSES

WOMEN'S COATS That Reach the Very Apex of Chic and Charm Included in this magnificent array of separate Coats are New York models exploiting with all the authenticity of famous designers. The narrower lines, lighter sleeves and smaller collars that characterize the newer wraps. The Separate Coat looms larger than ever on the fashionable horizon, and woe it is so distinct with grace and charm, so practical withal, that its importance is readily accounted for. The introduction of pleats, sleeves that—lighter than of yore—are slashed or finished with small cuffs—by the use of side panels, of buttons and braids, and by the position of the pockets, which are frequently slashed. Materials are soft and supple. Serges, Covert Cloths, Velours, Gabardines, Homespuns and Irish Frieze. Shades most favored are Monaco Blue, Caster, Cork, Dull Cactus Green, Condrillon, Brownish Ash, Seagull Grey and various other shades.

GLOVES

A CREAMY LOTION MADE WITH LEMONS

Prepare a quart jar at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion daily and attractive. What girl or woman hasn't heard of lemon juice to remove complexion blemishes, to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Squeeze through a fine cloth the juice of fresh lemons into a bottle containing about three ounces of orchard white. Shake well and you have a whole quart pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.

JERICHO (New York Post)

Whether the capture of Jericho suggests the city that lost its nerve and toppled down before the uncanny blowing of rams' horns day after day, or the place to which, fourteen centuries later, a certain man was going when he fell among thieves, there is no denying its

BIG-E-NUFF

unfortunate associations. Who ever heard anybody saying anything nice about Jericho? Something always happens to any one who gets in the neighborhood of it. When Moses climber to the top of Pisgah to see the land that he was to enter, there was Jericho "over against" him. When Elijah was to have his adventure with the chariot of fire, he and the apprehensive Elisha "came to Jericho." It was his last visit. When Hannu, the son of Nabash, had shaved David's servants and put other indig-

CRIMINALLY CARELESS SHOULD BE PUNISHED Heavy Losses in Life and Property From Fire Continue (Conservation.) Canada is careless, criminally careless, in the matter of fire waste. The Monetary Times reports the fire losses for January as \$2,088,550, an increase of \$77,500 over January of last year. Twenty-eight lives were also sacrificed. It might have been expected that, with the rash of war work, the larger portion of this loss would have been in factories. This was not the case. By far the greater portion was in apartment houses and business blocks, hotels, and in residences. It is plain, therefore, that carelessness was the main cause. What this carelessness means may be illustrated by the conditions found by a fire inspector in one Canadian city. He found sixty-eight defective furnaces or pipes too close to woodwork, 187 stove not protected from woodwork, 140

cases where combustible material should be removed, 122 dangerous and ineffective chimneys, forty-six ash piles too close to buildings, 127 electric wires in contact with walls, eighty defective boiler rooms, and forty cases where gasolene was improperly stored. In addition to the above, conditions such as endangered life were: 133 obstructed fire escapes, 887 alarm gongs, and 188 red exit lights out of order. Ninety fire escapes without direction pointers indicating where they were situated and seventeen defective operating rooms in theatres. All of the fire hazards above mentioned are contrary to law and it is time that the responsibility of maintaining such dangerous conditions should be brought home to those who are guilty of maintaining them. Section 247 of the Criminal Code of Canada makes it a criminal offence to omit taking reasonable precautions and using reasonable care to avoid danger to life. The necessary legislation is provided; it only requires enforcement. In altogether too many cases fire destroys the evidence pointing to its cause; otherwise, many coroners' inquests would show more effective results than at present. As it is, these inquests are very meagre recompense for the many lives which are sacrificed through lack of care.

CAUSING GRAVE ANXIETY.

Official Communication Regarding Food Supply Received from French Officials The food controller has arranged for fortnightly cables from the British Ministry of Food, dealing with the food situation in England and France. In the first of these, the British Food Controller transmitted the following report from French officials with regard to conditions in France for communication to Canada: "The supply of breadstuffs is causing grave anxiety. Imports are very short.

PAINFUL AND IRRITABLE ECZEMA FOR EIGHT YEARS

Don't despair because you have had skin disease in one form or another for a long time. Read this letter:— For six years I have been troubled with eczema on my forehead and face, which was very painful and irritable, and which at times made me very sensitive about appearing in public. Was advised by a friend to try Swastika, after taking one bottle was entirely cured. This is about a year ago, and the disease has never returned, proving to me that your cure is permanent. I cannot too highly recommend Swastika to any sufferer of eczema. Guaranteed and sold by The Ross Drug Co., Limited, St. John, N. B.; Olive's Medical Hall, West St. John, N. B. Millions Saved—Get Your Share

Improved methods of building cars, that build them better and save millions of dollars to the public, is one of the substantial advantages you get in this Overland Model 90.

It has a powerful, fuel-saving motor; narrow turning radius; rear cantilever springs; 106-inch wheelbase; 31 x 4 tires, non-skid rear. Auto-Lite starting and lighting and vacuum fuel system.

The time to save money is when you select your car, because afterwards you cannot make it any more economical than it is built to be.

It is as desirable as it is adequate, comfortable and easy-to-handle.

With it a salesman can double his value; a housewife gains time for Charitable work, and business and professional men save time and multiply their activities.

It coins time and money for more than 80,000 others. Why not for you?

And you cannot get as much value in any other car for the low price of this Model 90.

Appearance, Performance, Comfort, Service and Price

You are cordially invited to attend the exhibition of all the latest models of the Overland Car, which opens this evening at our Showrooms, and which will continue every day and evening until Saturday, March 23rd.

Pratt Among Those to Arrive at New York Club's Training Camp

on yesterday's practice, George Mogridge, Allan Russell and Bob Shawkey, the pitchers; Zinn Beck and Dell Pratt, the infielders, and Hugh High, the outfielder, have arrived. They were all practicing this afternoon except Pratt and Mogridge, both of whom looked on.

Pratt, Mogridge and High have salary differences to settle before they will be fully in the fold. Each came to Macon at Huggins' behest to discuss the matter and they are thrashing out the differences tonight. Pratt ran up from Jacksonville. He did not talk as if the case were hopeless or as if there would be any receding on his part.

"I shall see Huggins tonight," he said. "There never has been any discussion of salary between the club and me. My contract offered less money than I think I am worth and I returned it. There was no cut in salary. It was the same as I received last year, but I think I am entitled to more. If there is nothing doing here, then I am on my way to Tuscaloosa, Ala., where the old college wants to talk business with me on the subject of becoming its baseball and football coach."

The New York players who have not arrived are Peckinpough, Walters, Baker, Plank, Marsans, Bodie and Fester. Lamar has been called away by the illness of a brother who is in an army camp at Chattanooga. Sam Vick's ankle is still lame and he sat in the grandstand.

The practice was along conventional lines and not of an unusual variety. It was mostly batting and fielding and for the batting Calwell, Love, Monroe and Thormahlen pitched. Shawkey unlearned a little while, but made an easy start. He has been selling insurance all winter and isn't in trim to jump right into things. Zinn Beck was spy for a man having his first day's practice.

Truck Hannah keeps on hitting the ball hard and far.

CREW TO SUBSTITUTE RUSSIAN MUTINEERS.

Norfolk, Va., March 15.—Arrangements for obtaining a new crew for the Russian steamer Omak, whose present crew is in jail, charged with mutiny, were rushed here today and the vessel will clear soon for Europe, with her cargo of cotton. Officials, who examined papers found in the effects of the crew, said today that much of it was of German origin.

PROPOSED EARLY CLOSING MEETS WITH OBJECTION

London, March 15.—The proposal for the closing of eating and amusement places at 9.30 p.m. has not yet been definitely adopted. The coal controller was in conference today with committees from the restaurant and amusement organizations on the subject. All the industries affected declare the plan would be ruinous to them, the music hall and restaurant proprietors especially expressed their objection.

MEETING OF PRESBYTERY

The St. John Presbytery met yesterday. The transfer of Rev. F. W. Thompson of Calvin church to Knox church at Loggieville, was agreed to. An outcome of this may be the amalgamation of Calvin and Congregational churches. It was decided to hold four meetings of the presbytery each year instead of three. The following were elected con-

venors of the respective standing committees: Convenor of home missions, Rev. James Ross; convenor of foreign missions, Rev. J. A. MacKeigan; convenor of Sabbath schools and young people's societies, Rev. H. C. Fraser; convenor of social service and evangelism, Rev. T. P. Drum.

A call from Blackville to Rev. McPherson of Stanley and Nashwalk was set aside. A call to Rev. R. H. Staver of Norton from Brookfield, P. E. I., was ratified. An application by Rev. Mr. Elnor, St. Matthew's, for admission to the Presbytery of Canada was

next taken up, and it was decided the application be accepted a licentiate be approved and transmitted to the assembly. If application and credentials submitted are satisfactory to the presbytery.

A report on home missions, submitted by Rev. James Ross, was adopted in part and other sections set over for discussion.

A motion of condolence to Rev. James Ross on the death of his brother, John T. Ross, K. C., was passed.

A meeting of the commissioners of the Indian town ferry was to have been held this morning. Commissioner Russell did not reach the city till noon, so business was transacted. Tenders for a new service will be opened soon.

DEATH OF JOHN BOYLE
The death of John Boyle of Philadelphia, formerly of St. John, occurred recently. He was a brother of the late James Boyle of Ennisville. Besides his wife he leaves one son, James at home and four daughters, Mrs. Joseph Smith, Mrs. William Duggan, Miss Mary and Miss Margaret, all of Philadelphia.

CHAPPELL-DUFFY
The wedding of Dr. P. F. Chappell and Miss Elizabeth Duffy, of this city, was solemnized on Monday evening at the residence of the officiating clergyman, Rev. G. Trahan, 229 City road. Dr. and Mrs. Chappell will make their future home in St. John.

STAYED OUT LATE
Two boys were brought before Magistrate Ritchie in the police court this morning charged with breaking their parole. They had been let go on a previous charge on condition that they be home by 9 o'clock every night. They were arrested at 10.30 p. m. Honore sent them below and afterwards allowed them to go again.

SOLDIER HONORED
Friends of Sergeant M. A. Campbell, a returned member of the 28th Battalion, and Mrs. Campbell, called at their home, 254 Prince street, W. E., to celebrate his 24th birthday. The evening was spent in the dining and parlors, refreshments were served. Mr. Joyce, a member of the orchestra, presented to Sergeant Campbell a collection of money. The party broke up in the early hours of the morning.

SOMEWHAT UNUSUAL
A night worker on his way home about a quarter after three o'clock this morning encountered a strange sight in Waterloo street. Coming towards him in the direction of Waterloo street was a bare-footed citizen, clad only in a night garment and carrying a lighted lantern. The first named citizen, in response to questions but promptly moved to the other side of the street and let the wanderer proceed.

A representative of Canadian Baptists will be sent overseas this summer to visit the camps in England and France. The full board has agreed upon a suitable man, but since his decision has not been received his name is not announced. Rev. Frank E. Bishop will look after the soldiers arriving in Halifax for the present. The raising of \$1,200 for overseas use by the Baptist chaplains, and \$300 in Halifax and St. John was undertaken.

ST. JOHN BILLS ARE AGREED TO

Municipalities Committee at Fredericton Accepts Them Without Amendment

Fredericton, N. B., March 20.—The legislature will assume at three o'clock this afternoon. It is expected that a large part of the session will be devoted to continued discussion on the highways act. Owing to the time required for consideration of this and other important measures, it is possible that evening sessions will be the rule for the balance of the week.

Three St. John bills were approved by the municipalities committee at the first meeting of that body this session, which was held this morning with A. F. LeBlanc in the chair.

The bill to amend the laws relating to side wharves and top wharves in the city of St. John, introduced by Mr. Potts, was taken up. It provides that the common council may increase the rates now fixed by statute, provided that the top wharfage rate on general cargo shall not exceed twenty cents a ton nor the rate on grain three cents per 100 bushels. Section two extends the same rates to private wharves. The bill was approved.

A bill to amend the St. John City Assessment Act, 1909, by adding to Section 10, the words "(c) bonds or debentures issued by the government of Canada for purposes, the purpose being to provide exemption from taxation for liberty bonds," etc., was approved.

Mr. Potts gave the city of St. John, when issuing debentures, to fix such rates of interest as may be deemed desirable, not exceeding six per cent per annum, in a bill to amend the act relating to short term debentures, which was approved by the committee.

A fixed valuation of \$10,000 for Fraser Co., Ltd., in the city of Fredericton for twenty years, was approved and the committee also consented to an agreement between the town of Edmundston and Fraser Co., Ltd., to extend to the latter tax exemption concessions enjoyed by their predecessors, Fraser, Ltd.

A bill which caused most discussion was that to grant free water and an exemption of taxation exemption to the Hart Boot and Shoe Co., Ltd., in Fredericton. Aldermen Walker and Williams appeared for the city, and J. D. Palmer and J. Reid for the company. Mr. Palmer said the concessions asked were small compared with those offered them by Three Rivers and Malsonville. The general principle of tax exemption for industries was questioned by Messrs. Sweeney and Potts, and the latter suggested that it might be well to appoint a commission to report on the earnings of companies asking exemptions. The bill was agreed to.

A session was fixed for next Wednesday evening at the request of J. King Kelley to hear St. John County bills.

EVIDENCE HEARD IN THE FOLLINGS CASE

Charge of Theft From F. W. Daniel & Co., Ltd.—The Prosecution's Case

Carl Follings was in the police court again this morning charged with theft from F. W. Daniel & Co., Ltd. George H. V. Belyea is conducting the prosecution on behalf of Mr. Daniel and K. J. MacRae is appearing for the defense.

Mr. Daniel was called to the stand and gave testimony as to the manner in which work was done and cash dealt with in his business.

Mr. Belyea said that his intention was to prove the following: That certain checks which came in in the mail had been taken by Follings and that he had taken some of the cash out of the daily bank deposits and putting in the checks to bring the cash total to the right amount. A stub of a deposit slip for Jan. 12 was shown and the corresponding slip differed to the extent of several hundred dollars as to the proportion of cash and checks. The original deposit slip was missing and another one signed by Follings was the only one which corresponded. On Dec. 22 evidence was given of a similar transaction. Several checks were referred to which were supposed to come in the mail and were afterwards found at the bank, although he said never credited in the books.

Kenneth Cromwell, clerk in the Bank of British North America, identified the checks and deposit slips. The assistant cashier in Messrs. Daniel's corroborated Mr. Daniel's testimony to a great extent. She informed the court that she had on two occasions given checks for Follings. These, she said, he told her to place to the office fund in the cash book. Afterwards these checks, she said, had been placed in the deposit slips to go to the bank. She did not know the amount or the date.

Application for bail for Follings was made by Mr. MacRae and the case postponed until tomorrow afternoon, when discussion on the point will be heard.
