JOHN T. G. CARR

Bloodshed at Bath.

The Poor Hoboes Have a Hard Time.

July 25 and 26 were very exciting days in this place, one man, a "hobo," nearly losing his life from a terrible gash through his ear and temporal artery and another "hobo" arrested and tried on a warrant for having committed the deed. The facts of the case are as follows:

Two tramps, Sam Thompson and Jack Travers by name, were stealing a ride on the train from Perth on their way to St. John where they claim to belong. At Bath they were put off the train three different times but before the train had gone very far they managed to get on again. Before the train had got far from the station, about half a mile, one of them, Sam Thompson, was seen by one of the trainmen sitting upon the steps of the baggage car and was ordered off. He jumped from the steps near Miss Giberson's dress making establishment, and falling struck his head on a piece of glass cutting his ear completely across and severing the temporal and other arteries in front of his ear. He stanchd the flow of blood as well as possible and proceeded up the track to Dr. Cummins' office, where from weakness he fell upon the floor before he could be placed upon a sofa. He was absolutely drenched with blood but Dr. Cummins assisted by Dr. Atkinson, who was in the neighborhood, succeeded in tying the arteries and re-suscitating the unfortunate victim.

His "pal" who had been riding under the cars came looking for him and was arrested by Constable Gray on a warrant sworn out by C. Milberry. The reason of this was that the doctors both declared that the wound was more probably done by a knife, and evidence of other parties in town which conflicted with that of the "hobo."

Consequently the same evening an examination was held by Justices Shaw and Corbett in Dr. Cummins' office but on motion of J. J. Gallagher, who was prosecuting for the crown, the trial was adjourned till nine o'clock Wednesday.

Constable Gray and Harry Smith took charge of the prisoner over night and the wounded man slept with the prisoner.

On the next morning the postponed examination was held at Pat Corbett's store before the same magistrates. There was some very damaging evidence given showing that it was impossible for the injured man to have fallen off the train where he said he did as he had been seen near the station after the train had gone to far for him to catch it. However, the victim swore that his pal and himself were always good friends and that he had not inflicted any injury on him, but that he had jumped from the train and falling cut his ear and face. They both ad-

mitted being drunk and after Justice Shaw had delivered to them a nice temperance lecture, he dismissed the case. After the trial Jack Travers scooted towards Woodstock, and left his chum at Bath where he is under Dr. Cummins care.

J. J. Gallagher made a good prosecution and John Farley, J. P. defended the prisoner with success.

Cash.

I do not advertise any particular day in which I give special bargains. I have made it a practice to give special bargains or discounts for cash at all times to all persons favouring me with a share of their patronage. When in town kindly call and inquire prices, and inspect one of the finest assorted stocks of general merchandise on the St. John river. No special day, come when most convenient.

Yours Resp.

C. HUMPHREY TAYLOR.

Prop. of Hartland Farmers' Exchange

A Correction.

Miss Edna White of the class of '96 a graduate of the University of New Brunswick, took a teachers license of the Grammar School Class when nineteen years of age. So without doubt, Miss White of Sussex, and not Mr. Hamilton (as the 'Sentinal' says) was the youngest person in this province who has ever taken that license. Besides Miss White, several young ladies and gentlemen have taken the Grammar School license when about twenty-one.

STUDENT.

Leg Broken.

On Monday last W. W. Melville, who drives a rather nervous horse, was getting into his buggy in front of Fred Phillips' store in Bristol, when his horse took fright and dragged him between the wheels for about a mile. Besides a general bruising it was found that he had broke the small bone in his left leg. He now goes around on crutches.

The Bridge.

The so called "lower site" selected by the Hartland Bridge Co., has been sanctioned by Governor-in-council and it is expected the company will proceed to buy the approaches and that tenders will be asked for in the near future.

MR. EDITOR—At this distance it looks to us as if those Sunday school managers expect people to leave their work this week and try to advance the interest in Sunday schools. The people of this county must be surfeited with public meetings, Sunday school picnics, teameetings, conventions, lectures, side shows, etc. Now we think a halt should be called, and have time to consider if money and time is well spent in this direction. Give us a rest, until the busy season is past, and then commence again by reforming the Sunday schools. Some of the most inconsistent men we ever knew are running Sunday schools.

After due consideration we have concluded to put in for the prize offered by the *TISER* to ambitious writers. We are glad it is offered to young people for that just suits our case. We are young and for a long time have had the disease called journalistic aspirations. We have had a business experience some ten years, and, in addition as a writer, have several other accomplishments, which would recommend us to be taken in the office to run the paper and then when work inside was all done up we would be willing to lend a hand to outside work, for instance, tend the market, shovel snow and look after subscribers who are more anxious to read the paper than they are to pay the printer, etc.]

We notice whenever a public exam. of schools are reported great praise is always given to the teacher. It is said there is always an exception to every rule, but, if none in this, where does the many failures come in among the teaching profession?

Miss Ruth Ried, Miss Pauline Balloch and Linney Scholey have received their license. The two former get first class.

Thomas Lawson, M. P. P. for Victoria, with Mr. Cameron, made a call on our town last Saturday.

Mrs. Carrie Humble and daughter of Stanley, York Co., are visiting at G. W. White's.

In some inaccountable manner, Rev. Mr. Cahill lost a fine jersy cow last week. It was well in the morning and found dead at noon the same day.

We have five probable candidates for municipal honors, viz.: Carvell, Cheney, Stokoe, West and White. The unsuccessful three will have to wait and try again.

AMICUS.

Home Made Insect Powder

A good, cheap and effective insect powder can be made as follows: Two pounds of tobacco dust, two pounds of sulphur, one ounce of carbolic acid. Mix and allow to stand twenty-four hours, when it can be pulverized and be ready for use. This proportion could be mixed with an equal quantity of fine road dust and still be strong enough for the purpose.

The Farm Journal is choke full of gump-tion and has the largest circulation of any farm paper in the world. It is good every-where. We offer it for a short time as a prize to advance-paying subscribers to the *ADVERTISER* a year ahead and the Farm Journal for balance of 1900, and all of 1901, 1902 and 1903, nearly five years, all for the price of our paper alone.

HARTLAND -- N. B. JULY 29, 1899.

Robert Ingersoll Dead.

A Brief Summary of His Life and Death.

Colonel Ingersoll died suddenly of apoplexy at his home, Dobbs Ferry, N. Y., on Friday, July 21st. He had had heart trouble for a year or two. The funeral took place on Tuesday, the 25th inst. There was no clergyman present, no music—no pallbearers. The body lay in the room in which he died enshrouded in white with a single red rose on his breast, and friend's floral tributes surrounded his cot. The funeral oration which was delivered by Ingersoll over his brother's dead body, a poem and an extract from a writing entitled "My Religion," all being the writing of the dead man, were read by friends. The body, of which his wife said "I cannot bear to put him in the ground" will probably be cremated. Thus ends the life of, in spite of his peculiar religious belief (he believed in a God although he is not credited with doing so by many,) of a very kind and charitable man. He left no estate, all his earnings were spent on his beloved family and given to the poor. Following is a brief outline of his life taken from the Montreal Witness: "Robert Green Ingersoll was born at Dresden, N. Y., on August 11th, 1833. Taking up law as his profession, he settled as a legal practitioner at Peoria, Illinois, in 1857. He served through the war of the rebellion becoming colonel of the 11th Illinois Cavalry, in 1862. In 1866, having returned to civil life, he was appointed attorney-general for the State of Illinois. His published works which are illustrative of his own peculiar school of thought, include "The Gods and Other Lectures," "Some Mistakes of Moses" and "Great Speeches."

An Act in Amendment of Chapter 100 of the Consolidated Statutes of "Rates and Taxes." Passed 28th of April, 1899.

(Ordered published by County Council)
BE IT ENACTED BY THE LIEUTENANT GOVERNOR AND LEGISLATIVE ASSEMBLY AS FOLLOWS:

1. From and after the passing of this Act, every collector of rates appointed, or hereafter to be appointed, shall be ex officio a constable of and for the parish for which he is appointed such collector, and shall be duly sworn as such constable, and it shall be the duty of every such collector to apply for, take out, and execute all executions against the delinquent ratepayers on his list resident in the parish for which he is collector, except in any case where he is related to any such delinquent ratepayer, in which case he shall have the execution addressed to and delivered to some constable in the parish, and when the amount is collected by such constable, he shall pay the same over, together with the justice's fees, to the collector or his successor in office, handing him the execution, and the collector and his bondsman shall be responsible for all moneys collected by such constable. Nothing in this Section shall interfere with the duties or powers of sheriffs as prescribed by law.

2. The collector shall, when he applies to a justice for an execution pay to him his fee for issuing the same provided that no such execution shall be applied for by any such collector prior to the fifteenth day of July in any year, unless by the express direction of the assessors first given or obtained.

3. An assessment list when delivered to any collector shall be collected by him while in office, or by his successor in office. When the delinquent ratepayer resides without the parish, execution may be obtained and executed as provided by Section 72 of said Chapter 100 of the Consolidated Statutes, as amended by Chapter 35 of the Acts of Assembly, 60 Victoria.

4. Every collector shall on the first Monday of each month, pay over to the secretary treasurer all moneys collected by him during the month previous, with a list of the persons from whom he has received the same.

5. No collector shall be at liberty to pay out of the moneys collected by him any accounts, claims, drafts, or other liabilities of such Counties, but shall make full and complete payment and satisfaction of all moneys received by him to the secretary-treasurer of the County.

6. On the first day of November in each and every year, or within ten days thereafter, it shall be the duty of the assessors of each parish to appoint a time, not later than the twentieth day of November, and a place within the parish, to meet the collector, and on receiving notice from the assessors, it shall be the duty of the collector to attend at such time and place, and then and there submit to such assessors any and every assessment list then in his hands for collection, and the assessors shall then determine and direct the collector as to what persons or ratepayers on any such list shall be proceeded against, according to law, by such collector, and what persons or ratepayers shall not be proceeded against, on account of death, removal, indigence or other cause.

7. The collector shall thereupon take proceedings against the persons thus indicated by the assessors to be proceeded against and no others, but nothing in this Act shall be construed to prevent the collector taking proceedings against any persons on his list, as directed by law previous to the date appointed by the assessors to meet with them, as in the last preceding Section mentioned. The collector in addition to his usual fees or commissions as such, shall in all cases in which he shall act as constable be entitled to receive and recover the fees to which any constable would in like case, be entitled.

8. On or before the last day of December in every year the collector shall return and

file in the office of the secretary treasurer any list or lists placed in his hands for collection, with a full and true account of his proceedings thereunder that year showing all moneys collected by him, and whose rates are unpaid and in default, and the reasons for such default, as far as he knows, or has been able to ascertain the same, and a list of all executions issued to him or at his instance and executed, or in course of execution, stating by what justice issued and in whose hands the same then are, and such return shall be submitted to the County Auditor and reported upon by him.

9. Upon return being made by the collector, it shall, except in the case provided for by the next following Section, be the duty of the secretary treasurer, after the same has been reported upon by the auditor, to hand the list so returned to the collector then in office, whose duty it shall be to proceed and collect all sums remaining unpaid by the delinquent ratepayers named in said list, save and except those exempted by the assessors, as hereinbefore mentioned; provided however, that nothing in this Act contained shall prevent the County Council from directing that the persons so exempted by the assessors as aforesaid shall be proceeded against in the same manner as if such exemption had not been so made by the assessors.

10. If the County Council by resolution so order, it shall be the duty of the secretary treasurer, instead of handing the list returned by the collector to his successor in office, as in the last preceding Section provided, to prepare from such return as aforesaid a true copy of the list returned, and of the precept endorsed thereon, omitting however, from such true copy the names of all ratepayers who appear, in such return, to have paid the rates assessed against them, and such copy shall set forth and contain a copy of the reasons, if any, given in such return for such default, and a list of all the executions issued and unexecuted, or in course of execution, showing by what justice issued and in whose hands the same then are, as shown by said return filed as aforesaid, and the secretary treasurer shall endorse on such copy a certificate in the following form:

"I, A B, secretary treasurer of the County of _____ hereby certify that the foregoing is a true copy of the list and return made by J K, the collector for the parish of _____ under the provisions of Section 8 of the Acts of Assembly, 62nd Victoria, intitled "An Act in amendment of Chapter 100 of the Consolidated Statutes of 'Rates and Taxes,' " save and except that such copy does not contain the name of any ratepayer who appears by such return to have paid his rates therein mentioned.

Dated this _____ day of _____ A. D., 1 _____ A. B."

And the secretary treasurer shall deliver such certified copy to the collector then in office, whose duty it shall be to proceed and collect all the sums remaining unpaid by the delinquent ratepayers named in such certified list, in all respects as if the secretary treasurer had delivered to him the original list returned as herein above provided, and for the purposes of collecting the rates therein specified, such certified copy and precept shall be of like force and effect as in case of the original list with the precept of the assessors endorsed thereon, and execution may be issued thereon by any justice and all proceedings be had and taken thereon in all respects as in case of the original list with the precept of the assessors endorsed thereon, on file in the office of the secretary treasurer or treasurer.

11. All executions taken out by the collector and remaining in his hands unexecuted at the time he makes the return required by Section 8 of this Act, shall be executed by his successor in office, and all moneys remaining uncollected or unpaid, on account of rates payable to or collectible by the collector, at the time he shall make his return as provided for by Section 8 of this Act, shall be payable to and collectible by his

Part of "An Act Relating to Peddlers."

Every person who shall hawk or peddle, or attempt to hawk or peddle, goods or merchandise within any County, without, at the time, having in his actual possession the licence by this Act required, or who, though he has such licence, has obtained the same without being in fact qualified under this Act to receive such licence, shall be liable to a penalty for each offence of a sum not less than ten dollars or more than forty dollars, to be recovered with costs before any justice of the Peace, under the provisions of Chapter 62 of the Consolidated Statutes.

Half of such fines when collected, shall be paid to the informant, and the other half shall be paid to the Treasurer of the County in which the offence occurred, and shall form part of the contingent fund of such County.

Every person hawking or peddling, or attempting to hawk or peddle, shall at all times, upon request of any constable, exhibit to him his licence therefor, and if he refuses or neglects so to do, may thereupon and without warrant be arrested by such constable and taken before a Justice of the Peace, and all proceedings shall thereupon be had in all respects as though an information had been made against the person so arrested for hawking or peddling without licence, and a warrant had upon such information been issued by such Justice and he had been arrested thereunder; and if upon the hearing such person shall prove that he at the time of his arrest had such licence duly issued to him as by this Act provided, such Justice shall, notwithstanding, make a conviction against him, and thereby impose a fine not exceeding five dollars for refusing to exhibit such licence to the constable, in case it shall be proved to the satisfaction of the Justice, that the person so arrested, had neglected or refused upon request to exhibit such licence, such fine, when recovered, shall be paid to the constable who made the arrest.

Upon the trial of any person for any offence under this Chapter, in case it be proved that such person was hawking or peddling or attempting to hawk or peddle, goods or merchandise within the County, the cause shall be upon the defendant to prove that he had a licence authorizing him so to do, and that he was in fact duly qualified to receive such licence at the time he obtained the same.

Nothing in this Act shall prevent any person from hawking or peddling fruits, vegetables, meat, fish, oysters, or any products of the garden, farm, or sea.

That Wicked Whistle.

The Caribou Republican's funny man writes as follows:

A party of young people from Caribou recently visited a town in New Brunswick.

They were having a jolly time as young people are privileged to do, when one of the young ladies espied a tin flute in the pocket of a young man.

The young lady, after several efforts persuaded the young man to let her "make a little music mit der flute," and so the instrument of melody was handed to her with the instructions that it required a strong vigorous blow, to produce the best sounds. Instantly the flute went to the young ladies lips, there was a determined, strong blow, and a stream of buckwheat flour suddenly shot all over the girl's face.

It is alleged that the shout raised by those who witnessed the funny incident at Andover could be heard all along the line of the C. P. railway, as an astonished and somewhat indignant young lady brushed away the flour in order to see where she was at.

I am told that the proprietor of the hotel who thoroughly enjoys a joke, is the owner of the make-believe flute, and he loaned it to one of the young men with the result as above stated.

CENTRAL SOUTHAMPTON, York, Co. 17, Dec. 1899

CONNELL BROS. Woodstock, N. B.,
DEAR SIRS.—As we are about through with this season's threshing and as I am aware you feel interested in the machinery you manufacture, no doubt it will be pleasing to you good reports of same. The TORNADO Threshing Machine manufactured by you that we bought from you in August last has proved to be the best Threshing Machine that has been in this section of the county. That is the unanimous verdict of every man that the machine has done work for. She has threshed for thirty men in this section, and men that never were satisfied before were more than pleased with the work the machine did they were satisfied they got all their grain and well cleaned, even the women were pleased because they did not have a crew of men around several days threshing a small quantity of grain.

The Machine has threshed this season about ten thousand bushels of all kinds of grain and I am happy to inform you that there was not one thing broken about the machine, not as much as a tooth. She has threshed over a bushel a minute, and with a suitable team, she will thresh 300 to 400 bushels a day. It is gratifying to me to congratulate you or perfecting and manufacturing the best two horse power Threshing Machine in the Dominion of Canada and also in the world.

Wishing you a Merry Christmas and a happy New year, I remain,
Yours truly, (Signed) H. C. GRANT.

Vanburen, Me.

The Grand Falls Base Ball Team played a return game here with the Vanburen College boys last Saturday afternoon. A good crowd witnessed the struggle with interest, and in spite of the large score the issue was anxiously expected. This was the second game between these two clubs, the first having been played at Grand Falls on July 1st, and both games were won by the Vanburen boys, the former by a score of 13 to 17, and the latter by a score of 24 to 5.

The visiting team's pitchers, Badley and Watson pitched a good ball, but were freely batted. Tardy, the left fielder of the same team started the run and in the sixth inning landed a long fly in centre field and taking three bases on same. For the next two innings they made one score in each, but they were finally shut out in the ninth.

On the contrary the home team made runs from the first and kept it up till the last. Their batting was especially good, Duclas the catcher, and Pelletier, the first base man making each a home run. Joe Petit the College Twirler, struck out 13 men and his opponent only 12 hits and shut them out for the first five innings.

The errors of the game were as follows:
 Grand Falls 5.
 Vanburen 3.
 Umpires were: Demers of Grand Falls, and Colter of Vanburen.

The game was remarkable for the gentlemanly playing on both sides.
