The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy. Scrofula, which produced a painful in-Scrofula, which produced a painful in-fammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely

Sore Eyes

Cured My eyes are now in a splendid condition, and I am as well and strong as ever.—
Mrs. William Gage, Concord, N. H. For a number of years I was troubled

with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.— C. E. Upton, Nashua, N. H.

From childhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier. — Mrs. C. Phillips, Glover, Vt. I suffered for a year with inflamma-tion in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and, By Taking

three bottles of this medicine, have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye.—Kendal T. Bowen, Sugar Tree Ridge, Ohio. My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored, and she can now look steadily at a brilliant light without pain. Her gure is complete. W. F. Sutherland, Evangelist, Shelby City, Ky.

A RUN-AWAY TRAIN.

There is a story in the June Wide Awake of a boy, the fifteen-year-old son of a locomotive engineer, who had often ridden with his father and "knew the engine pooty well." Indeed the engineer had frequently let the boy " drive " on a long stretch of straight track.

One night he left "Dave" in charge of the engine on the siding, while he went to supper as usual. There came up a furious wind; and, after a little, some cars shot by without any engine. The wind had started them. Boy, think quick ! Down grade ! The Lightning Express is to come that way!

Nobody near. No telegraph wire The trains are beaded together. There is less than an hour to catch those runaway cars and pull them out of the way. No time for hesitation! He springs to the lever, picks up speed and tears away with grade and wind and steam like a whizzing arrow.

They are miles ahead. The rushing minutes are full of sudden comprehension. He almost sees through the dark, tempestuous night. What set him flying toward this plunger was thought of the Lighthim. What if he is just too late! The run-away train is in sight! Off steam!

The Price of Potatoes.

We stated not long ago that potatoes were punchased from settlers along the Caraquet Rain; and at prices ranging from \$1.00 to 1.30. A writer in the Advance contradicts this and *ays "no such prices have been or are being poid for potatoes. We are paying a long way below the figures quoted." Another writer however states: "There is a regular famine for potatoes around here, and what are to be got are selling at a very high price." He doesn't state the price, but if the Advance writer can make the selection of the bear and what are to be got are selling at a very high price." A ROMANCE OF REAL LIFE.

THAT WAS ONLY DISCLOSED BY THE DEATH OF DRIVER MCLELLAN OF THE I. C. R.

HALIFAX, June 1 .- The recent death of man engine driver on the Intercolonial railway known as Joseph McLellan, has led
to the discovery of a romance connected
with his life. He came to Halifax from
Edinburgh thirty-five years ago and his
real name was Jos. McGill. He deserted
his wife and seven children there and on
his arrival here he assumed the name of
Jos. H. McLellan, shortly afterwards obtained a position on the I. C. R. as driver
and was engaged on the road for a third
of a century. His deserted wife and
family never heard any trace of him.
Twenty five years ago he married a Halifax girl named Sarah Tobin, by whom he
had four children whosurvive. Last year
the aged bigamist, apparently struck by
remose in his old age, revisited Edmburgh
and sought out his first wife and children.
They were all dead, except two, a daughter
now Mrs. Jane Fraserand hersister Sarah.
To those he told the story of his shame an engine driver on the Intercolonial rail-way known as Joseph McLellan, has led now Mrs. Jane Fraser and hersister Sarah. To those he told the story of his shame and crime and promised to make provision for them out of the property he had accumulated. He returned again to Halifax, but never revealed his romance to ms second wife and family. A few months ago while oiling his engine he fell off the step of the locomotive and struck the sharp point of the oil can, which entered bis head above one of his ears and killed bis head above one of his ears and ki him instantly. A few days ago his daughter, Mrs. Jane Fraser, arrived here from Scotland, made affidavits of the facts of the case to Judge Shannon and has obtained administration of the estate of her late father. Thus she and her sister will secure his life insurance and all his pro perty, and the second wife and her family are left in the cold .- Sun.

A REMARKABLE CURE OF DEAF-NESS.

PARKHAM, Me. Messrs. I. S. Johnson & Co.-Gentlemen,-I am going to tell you about my case in part. Some thirty years ago I used to be troubled with cough, and threw up mucus, junks of hard matter. People said it was catarrh. I took Dr. Marshall's Snuff. It would make me sneeze, and give relief for a short time; but the trouble grew worse. Some fifteen years ago it got so bad that I had to breathe out of my mouth. Ten years ago it caused partial deafness, which increased, and for the last six or eight years I have been stone deaf in my right ear, and very hard of hearing in my left

in my right ear got loosed from its fas-tening, and would move round as my head was in different positions. It con-tinued to grow smaller; and about forty days since it was all dissolved and gone, and I can hear as well as ever I could.— Your liniment was the cause of my re-covering and hearing; and it has done more for me than anything else. I will make oath to the truth of these statements ary time, Dr. Stevens of this place advised me to write and tell you

what the liniment had done for me; and I concluded to write, for it might do somebody some good. Yours gratefully, E. M. HANES. Has I ffected an Entire Cure. BROOKLYN, N. Y.
