HEAVY BOARD

If you are building a room, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.

We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.

THEY CONFESS THEIR WEAKNESS

Opponents of Prohibition Have No Reasonable Arguments to Offer.

No stronger argument for prohibition could be found than the advertisements issued by its opponents. There are only two real reasons for opposition to prohibition; one is the make money in the traffic and the other is the desire for self-indulgence. These reasons are not advanced by the "wet" forces; they are kept in the background, while wild and intemperate statements are made in an effort to discredit the prohibition act and to claim for liquor values and benefits which it does not possess.

The evidence of scientists is so conclusive that no one nowadays makes any serious claim that the use of alcohol in any form is beneficial to a healthy person, and medicine has provided other remedies for the ill. Business men and manufacturers are opposed to the use of alcohol because it destroys efficiency; the railroad will not tolerate it. Lives ruined by drink are its chief product. No thinking man or woman want to return to conditions as they were before prohibition was introduced and every parent realizes that the future welfare of his or her children would be imperiled by a backward step.

The present act may have its defects, but it is an honest effort to overcome much greater evils and it can and will be strengthened and improved if the people of the province show by their votes on July 10th that this is their desire. Every citizen who faces the issue honestly and conscientiously must vote for prohibition and against the sale of beer and wines.

DONALD FRASER ON PROHIBITION

Tells Why Every Workingman And His Wife Should Vote For Prohibition.

ONE of the reasons why I will vote for Prohibition is because fourteen years ago, I resolved that I would do what I could to help the working men to get home to their wives and children with their wages. Since the sale of liquor for beverage purposes has been prohibited, workmen can travel anywhere with the minimum of temptation and many illustrations could be given of how many benefits have accrued to the women and children.

The railway trains are orderly also, public gatherings have changed for the better. These changes were brought about by the people who want votes for prohibition and against beer and wine on July 10th. The same forces opposed in 1916 and previous years as are opposing prohibition today.

My slogan is VOTE EARLY for PROHIBITION and against beer and wine, and work all day bringing other voters to the poll, and you will never do a greater day for yourself and for future generations.

DONALD FRASER.

The Graduating Class, 1920 was as follows:
Ian McKenzie, Grace Calder, Laura Dickie, Susie Warman, Class Secretary Jean Fitzmaurice, George McDonald, Class President, Florence LeTemplier, James MacNichol, Alma Wetmore, Jean Currie, Richmond Laughlan, John MacPherson, Catherine Andrew, Christine MacBeath, Kathleen Acton, Lorena Adams, Helen Metzler.

The prize winners were:

IRISH LEADERS ARE QUARRELLING
De Valera Charged With Diverting Money from Irish Cause—A Counter Charge.

New York, June 19.—The break between Eamon De Valera, self-styled "president of the Irish republic," and Supreme Court Justice Daniel F. Cohalan, head of the Friends of Irish Freedom, reached formal status last night at an executive session at the National Council of the Friends. No conclusion was reached, but it was said that the bed-plates were laid of a final test of strength.

The charges made by John De Voyer that De Valera and his present advisers had used at Chicago \$500,000 of the money subscribed for Irish loan bonds, and intended for use in Ireland only, were counterbalanced yesterday by accusations that Justice Cohalan had attempted to drive De Valera from the United States. These accusations were made in the Monitor, official organ of the Roman Catholic church in New Jersey, by the Rev. W. P. Cantwell of Newark, its editor, in a leading editorial, captioned "Despicable Treachery in a Holy Cause."

Campbellton, N. B., July 1, 1920

A NECESSARY EXPLANATION.

The public mind appears to be somewhat confused in regard to the question of prohibition in New Brunswick. In the first place it must be noted that there is a difference between the plebiscite in this province and the referendum to be taken in Nova Scotia, Ontario and other provinces. In the other provinces prohibition has been voted on by the people, and is an accepted fact. The referendum in their case relates only to the question of importing liquor from other provinces. In New Brunswick the people have not yet voted on the question of prohibition, which was adopted by the legislature as a war measure. The Dominion government strengthened that measure by passing an order-in-council forbidding the importation of liquor from other provinces. Under the war-time prohibition act the Dominion order-in-council we were getting along very well; but after the war was over the Dominion government cancelled the order-in-council, and liquor has been pouring in freely from Quebec ever since. That is why conditions are worse now than when the Dominion order-in-council was in effect; and other provinces are taking a referendum in order to restore the conditions which existed before it was cancelled. After that referendum has been taken in Ontario, for example, the importation of liquor from Quebec will again be prohibited.

We in New Brunswick, however, are not so fortunate. A plebiscite must first be taken on July 10, to prove to the provincial government that this province wants prohibition; and then we must wait until the legislature meets and ask for a referendum to stop the importation from other provinces. But after the plebiscite and before the referendum one very important step may be taken. The provincial government, convinced by the vote that prohibition is wanted, will have no excuse for not taking over the liquor from other provinces, and putting an end to the indiscriminate sale that is now alleged. And if the province goes strongly for prohibition on July 10, the legislature will have no excuse for not asking a speedy referendum to prevent importation of liquor from other provinces.

Thus three steps are necessary if

X-RAY MACHINE.

An up-to-date hospital size X-ray machine arrived here last week. It is the property of Dr. Pinault and is going to be placed in the new Hotel Dieu within a couple of weeks.

BAZAAR JULY 21-24.

Preparations for the Great Bazaar in aid of the Hotel Dieu are progressing most favorably. The organizers promise four evenings of amusement greatly superior to those seen and given in the past July 21st to 24th.

PERSONAL.

Misses Alma Douglas, Flora Brown, and Marion Gibson left on Saturday for Fredericton where they will attend the Teachers' Institute which is being held there this week.

Mrs. D. A. Harquail of Campbellton is visiting her parents, Mr. and Mrs. John M. Cripps—Chatham Gazette.

Miss Laura McIntyre returned this morning from visiting relatives in Boston. She was accompanied by her two nieces, Marion and Eleanor Barry who will spend the summer here.

Mrs. Clay White and daughter, Miss Miriam, leave on tonight's limited for the West.

Miss Hilda Brown of Toronto is spending a few days in town, the guest of Mr. and Mrs. John McLean, enroute to her home in Newcastle.

Miss Frances McPherson has returned from spending her vacation with her parents in Charlottetown.

Miss Kathleen Rand left this morning to spend the summer vacation at her home in Canning, N. S.

Mrs. C. K. Harquail and daughter, Marjory of Albany, N. Y., are guests in town.

MALCOLM—EMERSON.

The marriage of Lucie Constance, daughter of Mrs. Charles Francis Emerson of the City of Titusville, Pennsylvania, to Mr. Edward Boswell Malcolm of Montreal, formerly of this town, was solemnized in the First Presbyterian Church, Titusville, on Saturday, the 26th of June, at twelve o'clock.

MASONS ATTEND

DIVINE SERVICE. Members of Campbell Lodge, F. & A. M., met at their lodge rooms on Sunday evening at 6:30 and marched to St. Andrew's Presbyterian Church where they attended service in commemoration of St. John's Day. The attendance was large and an admirable address was delivered by Rev. Hugh Miller, M. A.

TRANSFERRED.

Ensign and Mrs. Davis who have been in charge of the Salvation Army here for the past sixteen months have received official notice of their transfer to Woodstock, N. B. They leave July 9th for their new field of labor.

Since coming to Campbellton Ensign and Mrs. Davis have made many friends here, and their departure will be regretted by a large circle of friends.

TOWN TEAM WINS.

On Monday night the Town team defeated the K. of C. by a score of 10 to 6. The game which was an excellent one had to be called off at the end of the fourth inning owing to darkness, much to the regret of the usually large number present.

The K. of C. found it necessary to put three pitchers in the box. These games as the season advances are becoming more exciting and considerable interest is being manifested in them.

OBITUARY.

Thomas D. LeBlanc. The news of the death of Mr. Thos. D. LeBlanc which occurred at the Provincial Hospital, St. John, Sunday afternoon, was heard here with feelings of deep regret.

The late Mr. LeBlanc who was in his 37th year, for years conducted a barber shop in Campbellton and was held in the highest esteem by all. The remains arriving here on Monday night's local.

Deceased leaves to mourn the loss of a kind and devoted husband and father a bereaved wife, three daughters, Annie, Florida, Marguerite and three sons, Leo, Francis and Garmon, to whom the heartfelt sympathy of the community is extended in their sore bereavement.

The funeral services which were held Wednesday morning from the residence of Mr. Anselme LeBlanc, O'Leary Street, brother-in-law of the deceased were largely attended. Rev. Father Melanson officiated.

DALHOUSIE.

Dalhousie, June 29.—At the convention held here recently it was unanimously decided to merge all the tourist associations of the province into one, to be known in future as "The New Brunswick Tourist and Game Resources Association."

It was also decided that the annual meeting of 1921 be held in the Town of Sackville.

A committee was appointed for the County of Restigouche, to enlist members at \$1.00. Twenty five members from Dalhousie joined the Association this year. The committee consists of Harry Smith, Secretary Board of Trade, Campbellton, P. M. Shannon, Harry McEvoy, Dalhousie; Ex-Councillor Louis Giroux, Charlottetown and Daniel McAllister, Jacques River.

Councillor Alex. Levesque of Grimmer, in a letter written to Ex-Sheriff Timothy Robinson, expresses his deep gratitude to his friends, who contributed to the purchase of money that was presented to him recently by the Ex-Sheriff. It was greatly appreciated by him and his good wife, in the hour of great misfortune.

The McNeish property, situated near the store of Ex-Alderman D. McDonald, was sold last week to Ed. and Lawrence Splude. Ed. Splude, who has been residing in the Western States for nearly twenty years, and who came to visit his old mother a few weeks ago did a noble act in purchasing a splendid residence so that she might spend the rest of her days in comfort. It is the intention of the Splude boys to improve the house by adding a veranda, and giving their new home a thorough painting.

Miss Myrtle Miller, who taught during the last term in the 6th grade of the Dalhousie Superior School, having announced that she had decided to teach in Sackville next term, was nicely remembered by her pupils on Friday last, when she was presented with an address, accompanied by a very handsome fountain pen. The address was read by Almira Wallace and the pen was presented by Caldwell Stewart on behalf of the scholars of her department. Miss Miller did splendid work here as a teacher and she made many friends during her stay in Dalhousie.

Mr. and Mrs. Joseph Thivierge, Adelaide St., have the sympathy of their many friends in the loss of their infant daughter, Marie Theresa. The little one, who gave great promise, died on Friday morning. The funeral, which was held on Saturday evening, was largely attended. Four little girls dressed in white acted as pall bearers. After a short service in the R. C. Church, conducted by Rev. J. A. Hart, interment was made in the parish cemetery.

Mr. and Mrs. Fred Rivard, Mr. and Mrs. L. A. Parn of St. Leonard's, N.B. arrived here on Monday morning, having motored from Madawaska, Co. to River du Loup, and from there through the Matapedia Valley to Campbellton, where they arrived on Sunday evening. After a short stay at Dalhousie, and at the Inch Arran House, they left for south via the Carleton Place. They expect to reach home on Saturday, going via the River St. John route. They were delighted with their trip. On the way down they toog in Matane. They were more than surprised at the beautiful churches they saw in eastern Quebec. The church in Trois-Rivières, P. Q., is a gem they said.

In view of the intended departure of the Geo. McGrath and family from Dalhousie, the young friends of Miss Ethel McGrath, gave her a surprise on Thursday evening, June 24th when they met at her home and presented her with a handsome pocket book and some money. An address was read by Alice McNeill, daughter of Alderman Caleb MacNeill. A bouquet of flowers was presented by Dorothy Tomlinson and the party was presented by Mildred Dwyer.

Those present were Misses Elma Pritchard, Jean Howatson, Jean Conacher, Mildred Dwyer, Dorothy Tomlinson, Muriel Sullivan, Alice MacNeill, Margaret Elsie, Tena Rinkler, Rebecca Grosier, Bernice Pallen, May McNeill, Helena Monzello, Etta Pritchard, Margaret Sullivan, Bessie McNeill, Irene Cannon, Irene Dwyer, and Robert Elsie, Harold Dwyer, Lawrence Harquail, Lynes Dishrow, Will Dehrow, Leo Cannon, John Cannon, Percy Dwyer, Wilfred Harquail, Barnard McGrath, Ralph McNeill, Garnet Baristo, Richard Barbour, Willie Williams, Ralph Bay.

A large steamer the "Lake Gunnie of Superior" arrived in the harbour in Sunday afternoon, and was watched by a large crowd of people as the vessel approached the Dalhousie Lumber Co. wharf, to land with pulp wood.

Hon. C. H. Do You Buy At Home?

WHEN YOU require Printed Stationery or Printing of any kind it is not necessary to send your order to a distant city. Your local printing offices can attend to all YOUR needs.

Buying at home; trading one with another so far as is possible, is the fundamental principle underlying the growth and trade expansion of every community. A dollar spent with your own merchant, manufacturer or printer may again come into your hands, but a dollar sent to a distant mail order house or print shop or factor is gone from your community forever.

CATERPILLAR PEST.
IN ALBERT COUNTY
The caterpillar pest, which recently appeared in Albert county, holding up trains and injuring the foliage, is causing damage in Cumberland, Colchester and Pictou counties. Between Wallace and Hanford, a district of 160 square miles is affected. Trains have been delayed by slippery rails, and poplars, birch and other hardwood trees have been stripped. Many fruit trees have been denuded of foliage. The pest years ago hampered railroad traffic in York and Sunbury counties, but this year little damage is reported in that section of the province. The railroad officials used a steam pipe to clear the rails of the slippery insects.

VACCINATION OF EMPLOYEES

THE FOLLOWING IS PUBLISHED FOR THE INFORMATION OF THE PUBLIC, GENERALLY, AND ESPECIALLY OF THOSE DIRECTLY CONCERNED.

"1. Section 30 of The Public Health Act, 1918", being 8 George V. Chapter 36, is hereby amended by adding after the last paragraph thereof the following paragraph:

No person shall be employed in any camp, ship, factory or other place wherein the employees come at frequent intervals into close and prolonged contact one with another, unless until such person produces to the employer or the employer's representative a certificate, signed by a regularly qualified medical practitioner, of successful vaccination, or a like signed certificate that he is immune to vaccination as proven by three consecutive non-successful vaccinations, or that he is immune to small-pox by reason of having had the disease, and no employer shall employ any person in employment as set forth above, without such certificate being produced. When any person contracts small-pox, charges and expense may be used for his sickness employed as set out in this section, or who was so employed within fourteen days prior to the inception of his sickness and who has not complied or been required to comply by said employer or employer's representative with the foregoing provisions prior to his employment, then in such case the employer shall be prima facie liable to pay all such costs, charges and expenses as the sub-district Board of Health concerned may have incurred in necessarily protecting the public health; provided such charges, costs and expenses were incurred, in or about the necessary precautions relative to, or immediately appertaining to, any such case of small-pox and such costs, charges and expense may be used for and recovered with costs, in the name of the Chairman of the sub-district Board of Health, in any case, in any court of competent jurisdiction, within six months of the recovery or death of any such person. Such liabilities shall be in addition and without prejudice to any liability for any penalty provided for any violation of the provisions of this Act.

The terms and conditions of this section shall not become operative until the first day of July A. D. 1920."

Vote FOR Prohibition
Saturday, July 10th

ELECTION INFORMATION

The Act in Brief

The present Prohibition Act legislates against the sale of intoxicating liquors for beverage purposes, and only allows it for manufacturing, sacramental and medicinal purposes.

The Act also provides for enforcement of the law and penalties for violation.

This Act was a war-time measure and the Government now wish to know from the electors whether they want Prohibition continued or not.

We Know Its Faults

The Act is weak in that it allows too much latitude in the case of doctors, druggists and vendors who have practically the dispensing of liquors within their own hands.

Further Legislation Depends on You.

Application has already been made by the Temperance people to have the Act amended in regard to the recognized weaknesses and the Government is sympathetic—BUT NOTE THIS—the Government put off the granting of these improvements to make the Act more effective.

until the result of this election PROVES that the people want Prohibition, and by the majority of the vote the Government will know just how badly the Electors do want it.

You Vote

at this Election may have very important influence on the future action of the Government.

WHAT YOUR BALLOT CAN DO JULY 10th

FIRST—Provide the way for necessary Amendments to the Act that will make it really effective.

SECOND—Show the Government that the people demand Prohibition, and want the laws enforced.

Are You Aware of This?

In 1919 an Act Passed the House, providing that the Government shall take over the entire liquor business within the Province, for the three purposes contained in the Act, and also giving them more stringent control over the sale of extracts, tonics and tinctures—BUT MARK YOU, the Government has refused to take action on this amendment, until the vote of the people has been heard at the coming election.

Stop Importation Our Next Move.

Authority to Prevent the Importation of Liquor into the Province does not rest with the Provincial, but with our Dominion Government, which has already stated that a vote may be taken on the question in New Brunswick, on the recommendation of the Legislature. If the result at the coming election satisfies them that the people actually want Prohibition—we are sure to get it.

REMEMBER You are Voting for Prohibition as
Against a Return to the Bars.
Don't Fail to Do a Man or Woman's Part July 10th.

TYPHOID FEVER
AT BATHURST

Serious Outbreak at West Bathurst—Several Deaths Reported.

St. John, June 21.—The provincial department of health is giving much attention to a serious outbreak of typhoid fever in West Bathurst and vicinity. Nearly half a hundred cases of the disease have appeared, and several deaths have occurred, including that of John P. Robichaud, a student at the Euclid Fathers' seminary. He was studying for the priesthood. A young man also died of fever at Petit Rocher. He was Wilfred Doucet.

West Bathurst has many sources of water supply and it has been difficult to tell which sources had become contaminated. Fourteen samples of water have been taken by the provincial authorities. Not a single case of fever has occurred at houses which use the town water supply. Many old wells have been closed as dangerous. The town water supply, which has been tested, has been found pure.

Three nurses have gone from St. John and the staff of the J. H. Dunn hospital is doing excellent work in caring for the fever patients. Dr. G. G. Melvin, chief medical officer of the province, and Dr. Desmond, medical health officer in charge of the district, are giving much attention and care to the fever outbreak and an early improvement in the situation is looked for.

Local Cases.

Three suspected cases of typhoid fever have been reported to the board of health and are under examination by private physicians as well as the board officials. Several tests have failed to prove the cases to be typhoid but all precautions are being taken.

About the Life of Gauss.

The life of a gun depends upon the progress of erosion, which sooner or later is certain to impair the accuracy of fire. Erosion is caused by the action of the explosive gases at high temperature and pressure. The hot gases cause a thin film of steel to absorb heat. The film expands and becomes set. Upon the release of the pressure it contracts, which action causes minute cracks that grow larger with every discharge. As they increase in size they form passageways for more hot gas and that tends to enlarge them still further. The inner surface thus becomes roughened and the barrel begins to corrode.

Finally the bore becomes so enlarged that it allows the gases to escape. The shell does not then acquire its proper rotation, and its flight becomes erratic. All guns except small ones are now constructed with linings in the tube, which, when the bore is worn out, are removed and replaced by new ones. The cost of relining a gun is approximately 20 per cent. of the cost of the gun. There appears to be no limit to the number of times that a gun can be relined.

Small naval guns can be fired about 1,000 times before they are regarded as worn out. Large twelve-inch and fourteen-inch naval guns are considered to have a life, on one lining, of from 150 to 200 rounds. Low velocity guns, such as howitzers and mortars, have correspondingly longer lives than high velocity guns of the same calibre, because of the pressures they develop, and hence the lower temperatures.

And a Dangerous Operation, by Taking "FRUIT-A-TIVES"

MRS. M. J. GORSE
8228 Union St., Vancouver, B.C.
"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.

Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and this medicine has completely relieved me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. I am free of pain and headaches and the terrible Constipation and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

But remember that Paint
Quality varies

YOU cannot save the surface with a poor paint—unless you re-paint frequently. That is extravagant—so you naturally seek the paint of utmost durability. Your search for such a paint will lead you ultimately to the pure and permanent

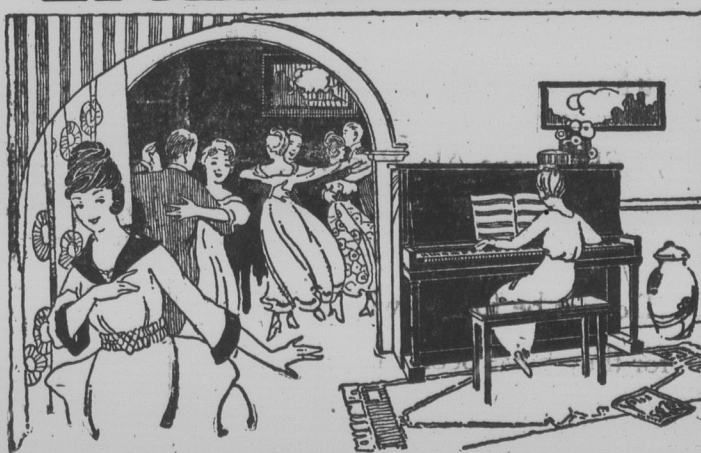

B-H "ENGLISH" 70% Pure White Lead
(Standard Genuine B.H.)
30% Pure White Zinc
100% Pure Paint

Its outstanding merit is primarily due to its white base: zinc white and Brandram's Genuine B.B. White Lead, which for two centuries has been the standard white lead of the world. The purest linseed oil (from our own mills) with best turpentine, aids in giving a tough air-tight coat. You cannot prove these high claims until you've used the paint—but you can meanwhile accept as your guide the experience of your neighbors. Ask any man who ever used B-H if it is not true that it goes farthest—and lasts longest. You will find unvarying conviction among experienced paint-users that the quality and durability of this brand are such as to make it the supreme surface-saver. You will probably find in your neighborhood houses painted with B-H long ago that look as if they were painted but recently.

HARD TO REALIZE SHE'S SAME WOMAN

Mrs. McClanahan, Brimful of New Life and Energy Since Taking Tanlac.

"I have not only gotten rid of a severe stomach trouble of nine years standing since I started taking Tanlac, but have gained ten pounds in weight and am still gaining," said Mrs. D. McClanahan, Green Bay, B. C., recently.

"Before I started taking Tanlac," Mrs. McClanahan continued, "I was so weak I could hardly get about and my appetite was so poor I had no rest for any kind of food and just had to force down every mouthful. When I did manage to eat a little something it began to ferment almost at once, I would have intense cramping pains in the pit of my stomach and gas would form and press against my heart until it pained dreadfully. I suffered with such severe headaches nearly all the time they almost made me desperate, and at times I became so dizzy it was all I could do to stand on my feet. Then, too, I was extremely nervous so the least little noise would completely upset me. Why, I could not even stand the rattling of a newspaper and it was just impossible for me to get a good night's sleep, as I would toss about all night long, and I always felt worse on getting up than when I went to bed. I was also troubled a great deal with constipation and had to always be taking some sort of laxative.

"But things are altogether different now, for since taking Tanlac I am completely rid of all my troubles. My appetite is simply wonderful and I can hardly eat enough to satisfy myself. I eat just anything I want without suffering any bad after effects whatever. I am never troubled with pain, gas or palpitation of the heart and have not had a headache or dizzy spell since I began taking Tanlac. My nerves are in such good condition I can sleep all night long as peacefully as a child and always get up feeling greatly refreshed. I am not troubled with constipation any more and have regained my strength to such an extent, and feel so good and am so full of life I can hardly realize I am the same woman. My husband, whose stomach was in every bit as bad condition as mine was, has gotten the same results from Tanlac that I have, and we both recommend it every chance we have." Tanlac is sold in Campbellton by THOMAS WRANN, Druggist; in Jacquet River, by D. McALLISTER; in Archibald Settlement, by M. SMITH, and in Chasler, by ARTHUR NADEAU.

CALDER-ARCHIBALD.
An interesting event took place at the home of Mr. and Mrs. Donald Archibald, Jacquet River on Friday evening, June 28th, when Rev. F. Jobb rendered Mendelssohn's wedding march. The bride wore a pretty gown of white crepe de chene and satin with a train of white tulle and carried a bouquet of white roses. Just the immediate families were present. After an enjoyable evening, Mr. and Mrs. Calder left on the Maritime for Campbellton. The bride's travelling suit was navy blue gabardine with tulle hat.

The groom's present to the bride was a gold wrist watch. They received many lovely presents. The out of town guests were Mr. and Mrs. J. D. Fraser of Tide Head, Mr. and Mrs. R. B. McBeath, Mr. and Mrs. Jack Calder, Mr. and Mrs. H. A. Calder, Mrs. Stanley Calder and Misses Vera McBeath and Grace Calder of Campbellton.

ASHDOWN-SMITH.
St. Margaret's Church, Winnipeg was the scene of a pretty wedding on June the 28th, at 8:30 P. M., when Amy Beattie, daughter of Mr. and Mrs. J. L. Smith, 78 Ethelbert St. (formerly of New Carlisle, Que.) was united in marriage to W. Gordon Ashdown of Toronto, Lieut-Col. A. W. Woods officiated. The bride who entered the church on the arm of her father to the strain of the Lehengrin wedding march looked charming in a gown of white crepe de chene and georgette embroidered in silver thread, her tulle veil which was arranged in a Dutch effect was held in place by a spray of orange blossoms. Her shower bouquet was of Ophelia bridal roses.

Miss Eileen Smith attended her sister as bridesmaid. She wore a frock of pale blue nylon with overdress of ruffled tulle and touches of silver lace. Her hat was of pink and blue organza, and she carried a bouquet of pink and white carnations. Mr. Gordon Smith supported the groom, and the ushers were Arnold Bryan and Charlie Spencer. Following the ceremony a reception was held at the home of the bride's parents, Ethelbert Street. The house

MINISTERIAL ASSOCIATION MEETS

Resolutions in Reference to Prohibition Law Passed and Other Business Transacted.

The Ministerial Association met in the Baptist Parsonage on Monday evening at 8 o'clock, President H. Miller, M. A., in the chair. Members present Rev. W. Camp, B.D., Rev. Mr. Harrington and Rev. J. F. Rowley. Rev. Mr. Camp led in prayer.

The President, on behalf of the Association, expressed regret at the departure of Rev. J. F. Rowley and wished him God speed in his new field of labor.

On motion it was resolved that the Association express its appreciative endorsement of the firm stand taken by the Police Department in relation to the enforcement of the law as regards gambling practiced by travelling shows.

On motion it was resolved that the Association request that the press publish the names of parties convicted for violation of the Prohibition law.

On motion it was resolved that the members of the Ministerial Association of Campbellton heartily recommend to the people the work of the Temperance Executive and that strong sermons be preached on the coming Sabbath evening in all the churches in connection with the plebiscite to be taken on July 10th. Rev. Mr. Harrington was elected Secretary in place of Rev. Mr. Rowley who resigned. The meeting closed with the benediction.

was attractively decorated with peonies, ferns and clusters of wild roses. The table was covered with the wedding cake, surrounded by white satin streamers, miniature brides and roses.

Going away the bride wore a smart navy blue suit of tulle, a Gage model hat of the same shade faced with sand colored silk, her coat opening over a dainty figured blue and tan georgette blouse and the bridegroom's gift a beaded hand bag completed her costume.

Later Mr. and Mrs. Ashdown left on the Vancouver Express for the west and will return to the city August 18th to reside.

Mrs. Smith, mother of the bride wore a costume of brown chambray satin with a georgette tunic embroidered with gold thread, and her hat was of black Milan finished with the georgette and also wore a corsage bouquet of pink roses.

FAICHNEY-MONTGOMERY.
A very pretty church wedding was celebrated in St. Andrew's Church, New Richmond, on the 24th inst., at 11 A. M., by Rev. Mr. McKay. The contracting parties were Mr. Thomas Taylor Faichney of Perthshire, Scotland, Presbyterian Missionary in charge of a church in Toronto, and Miss Elsie Adair, daughter of Mr. and Mrs. James Montgomery of New Richmond Centre. Miss Winifred, the bride's sister was bridesmaid and Rev. Mr. Pearson of Lockport, N. S., supported the groom. The bride went up the aisle on her father's arm to the strains of Lohengrin's Bridal Chorus, played by Miss Maude Harvey. Rev. Mr. Pearson sang the solo "Because", very acceptably and Mendelssohn's wedding march was also played.

The bride was beautifully dressed in white silk and tulle, another bridesmaid also looked charming in white.

After a sumptuous luncheon the happy couple left by train for Campbellton, Bathurst, Magog enroute for Toronto, whither the best wishes of many friends accompany them.

Mrs. Faichney is a graduate of Moncton City Hospital and a Deaconess.

The invited guests were: Rev. Mr. and Mrs. McKay, Mr. and Mrs. John Cail, Mr. and Mrs. Robert Hardy, Mr. and Mrs. Arthur Barter, Mr. and Mrs. Wm. MacWhirter, Mr. and Mrs. Alex. Fairbrother, Mr. and Mrs. Percy Montgomery, Mr. and Mrs. Everett Fairbrother, Mr. and Mrs. Ormea Fallow, Mr. and Mrs. Charles Fallow, Mrs. Henry, Mrs. Wm. Budd and Mrs. Wm. Hardy, Misses M. Harvey, Ida McColm, Ida Budd, Bessie Smith, (Campbellton), Sarah MacWhirter and Messrs. Welden Doddridge, Earl Budd, and Otis MacWhirter.

OBITUARY.

Robert Dickie.
At Vancouver, June 18, Robt. Dickie, aged 82 years. The deceased who was a building contractor, went to Vancouver in 1898, and at once became prominent in his business. Among the buildings which he had a hand in erecting were the Van Horne block and the old Sir Donald A. Smith block, which formerly occupied the site of the present magnificent Birks building. He also added a wing to the old Hotel Vancouver, which was later demolished to make way for the present structure. His activities in the building line indeed covered a long

BOLSHEVIK WAR PRISONERS PERISH

Two Thousand British, German and Finnish Captives Drowned.

London, June 28.—Two thousand British, Austrian, German and Finnish prisoners of war were drowned when a Bolshevik steamer was sunk recently in the Neva River, according to a Helsinki dispatch to the Central News. A Russian report from Stockholm would seem to confirm this dispatch saying that a ship was sunk on the sixth of June with 2,000 repatriated prisoners on board. It, however, does not mention any loss of life.

period of years, and evidence of his work may be found all over the business portion of that city. He was born at Cape Travis, Prince Edward Island, and four children, George A., master mechanic for the B. C. Electric Railway; R. A., cannery superintendent for the Canadian Fishing Company; E. A. barrister, and Mrs. A. H. Thatcher, Vancouver survive.

HOSPITAL AID MEETING.
The regular monthly meeting of the Soldiers' Memorial Hospital Aid will be held in the Oddfellows Hall on Tuesday evening, July 6th at 8 o'clock.

BOARD OF HEALTH MATTERS

One Prosecution and Fine imposed—Other Matters Attended to.

One of the most flagrant offenders against the Board of Health regulations appeared in court last Saturday and was fined \$25.00 and costs. One of the lawyers in addressing the court made the statement that the accused was the dirtiest man he had ever seen or heard tell of. Policeman Adams who inspected the premises complained of, stated that in this man's hen house there was hung a quarter of beef in such a state that he had to hold his nose to get near it, yet the hens were picking thereat, and eggs from the flock sold as "fresh eggs." "Pretty fresh I call it."

The Board has also ordered the removal of a quantity of hides which were stored near residences and were a very strong nuisance.

The Inspector informed the Graphic that there are other cases to come up if immediate steps are not taken to clean up.

MAKING BUTTONS.

Potato Combined With Acids Makes Hard Buttons.

Few persons know that buttons are made from such queer things as roots, potatoes, hoots, horns, blood, persimmon, skin mill, shell, glass and seaweed, as well as various kinds of metals.

Buttons are children of civilization. Savages use string to fasten their clothes together. The Greeks and Romans got along with merely a sash, the flowing, sheet-like masses of their garments not requiring anything more certain in the nature of fastenings.

Buttons were first used on clothing for ornamental purposes. They were soon followed by loops and buttons. The evolution of the button-hole came last of all. Buttons were first used in southern Europe in the thirteenth or fourteenth century.

Vegetable ivory is one of the most popular materials for the making of buttons. It is made from the fruit of a South American palm called the corozo nut, and really resembles pure ivory. They are easy to manufacture on account of their susceptibility to dye and the ease with which they can be turned in a lathe. These nuts are shaded in a rotary iron drum, arranged in three rows, sharp, sharp, sharp in the interior. The nuts are then cut in halves, out of which the buttons are made.

The dyeing is done by expert chemists who guard their processes carefully so that competitors may not learn their methods. The buttons are dried in wire trays and are subjected to considerable heat. They are polished by means of felt-lined barrels, by polishing stones and by hand.

The taking of a bath in the Mississippi river in Illinois by J. F. Roop in July, 1887, was the beginning of the pearl button industry in the United States. Roopie and his friend while plunging around in the river and, being of curious temperament, he sought to ascertain the cause and, to his amazement, found the bottom of the river covered with mussel shells. They were exactly what he had been looking for since coming to America.

The demand for shells for button making has brought into existence the mussel fishery industry. The men engaged in mussel fishing gather from 40,000 to 60,000 tons of shells annually, worth from \$400,000 to \$1,000,000. In addition to this they find from \$300,000 to \$400,000 worth of pearls every year.

The approximately 500 species of fresh-water mussels in America. The commercial species are practically restricted to seven waters derived from the drainage of limestone regions. Here the mollusk finds an abundance of food, and with the depth of water, currents and other conditions favorable to its reproduction and growth. Many species of mussels occur in the streams of the Atlantic coast, but their shells are either shabby and eroded or else too small and too thin for commercial use. Fresh water mussels of commercial value are not so yet known from streams on the Pacific slope.

Each year Americans use \$25,000,000 worth of buttons. In addition to fresh water pearl, ocean pearl, metal, vegetable, ivory, cloth, bone, composite and other materials are used in the bulk of them being made from mussel shells.

Arabic Dictionary Is Heavy.
Arabic dictionaries of 500 pages ago, which are still the great authority for students in that language, more than surpass the ponderous dictionaries of Europe, even the famous many-volume etymological index of Larousse, the monumental work of all modern tongues.

The Arabic dictionary most used by scholars familiar with no other language, which was made in the time of the great Caliph Haroun al Rashid, is 24 quarto volumes and weighs close to 100 pounds. There is a 60-pound, 16-volume abridgement of it, presumably for use at home.

Arabic dictionaries are of so large a size because each of the words that have been familiar to the daily life of the nomad Arabs for centuries has an enormous number of synonyms. The camel, for example, has no less than 133 different ways, all the horse and the sword were the two great standards of the Arab, and more than 300 different words convey ideas of the two Arab essentials. All other familiar words are interchangeable and in constant use.

Making Pearls to Order.
Some years ago considerable interest was taken in the discovery of a method of making real diamonds. There was no mistake about the genuineness of the gems produced. The drawback lay in the fact that they were exceedingly small.

Fourteen years ago a French scientist confirmed, by careful investigation, the accuracy of this idea. One a pearl is the result of a disease which attacks the pearl oyster, says answers.

Having established this fact, his next step was to procure a number of pearl oysters and plant them in his own pearl fishery in French waters, after first inoculating them with the disease which induces them to produce pearls.

At first the pearls he had been able to produce by this means were small and of little worth; but, as he himself remarked, they were real pearls, not mere globules of mother-of-pearl.

LLOYD GEORGE STIML. THREATENS EX-KAISER.

"Your Friend is Not Safe Yet," Premier Tells an M. P.

LONDON, June 24.—In reply to various questions in the House of Commons to-day, Premier Lloyd George said that Germany would be invited to join the League of Nations when that country showed a desire to fulfill the obligations of the Peace Treaty.

To one member who propounded a question respecting the fate of the former German Emperor, Mr. Lloyd George retorted:

"Your friend is not safe yet."

ACTOR IS SHOT ON STAGE IN CHICAGO

Jos. A. Hack, of Milwaukee, Wounded in Accident.

CHICAGO, June 25.—Joseph A. Hack, of Milwaukee, a vaudeville actor, appearing at a Chicago theatre, was accidentally shot to-day by Miss Kitty Gordon, actress.

The shooting occurred while Hack was "off stage," awaiting his turn. The revolver was supposed to be not loaded. The bullet entered Hack's right arm and passed out of his right chest. At the hospital it was said that the wound was serious.

Hack was appearing in an acrobatic act with two other men. Associated with Miss Gordon and her husband, Jack Wilson, are the former's daughter, Vera Beresford and Frank Griffith. It is at the latter that the revolver is discharged in the scene in which they are appearing.

TEACHERS' ASSOCIATION TO OPEN MEMBERSHIP TO ALL TEACHERS HOLDING LICENSES

Fredericton, June 29.—The New Brunswick Teachers' Association at their meeting here last night in connection with the biennial session of the Educational Institute of New Brunswick decided to open the membership to all teachers holding licenses. Membership had previously been restricted to the holders of the higher classes of licenses and practically every teacher in the province eligible has held membership in the association, which has been active in bringing about increased salaries of the teachers. No action was taken on the proposal to have the organization become associated with the American Federation of Teachers whose president, Charles B. Stillman, of Chicago, was present and advocated such action, which would mean affiliation with the American Federation of Labor.

DOGS ARE THE BEST JUDGES OF HUMAN NATURE!

A ferocious, outlaw dog that had torn and bitten a score of men had been brutally beaten and injured to subdue his viciousness. The animal was chained to a tree. David Raine, who loved all dumb creatures, ventured close to this savage beast and to the horror of its owner reached down and patted Barea, the outlaw. It was an unheard of thing! The animal cowered and made friends with this fearless youth. They understood each other and in
