LOCAL PULPWOOD FIRM SIGNS HUGE CONTRACT WITH AMERICAN MILLS

G. J. Klein of the Klein Transportation Co. Secures Ten Year Contract Of 20,000 Corda Per Annum—Bulk of This Wood Will Be Cut in Northern N. B. and Along Coast Coast.

An announcement of considerable interest and one which comes indicative of a boom in the pulpwood industry in this part of the country came from the local office of the Klein Transportation Co. this morning. During an extended trip to New York and through the Eastern States, Mr. Klein, signed huge contracts with American Mills in the vicinity of Washington and Ontario for the supply of wood. These contracts are for a period of ten years and call for the shipment of 20,000 cords per annum. It is understood that this wood will be cut in the northern part of the province and also by purchase from settlers in that territory and along the Gaspe and northern New Brunswick. Mr. Klein is further announced that this wood will be moved by the G. J. Klein Transportation Co.'s boats and chartered vessels during the winter season of next spring and summer to Sorel P. Q. and to a terminal which is now under construction on Lake Ontario.

The shipment of these extensive operations will be good news not only to farmers and owners of marketable pulpwood, through the territories mentioned but also through a most appreciable increase in industry here during the next few years. For reason of this unemployment situation here will doubtless be considerably improved and a corresponding benefit experienced by farmers throughout this part of the country.

The Ocean-going tug "Gweneth" which has been engaged in pulpwood operations along the Gaspe Coast during the past few months, and the auxiliary Schooner "Leon L", both belonging to the Klein Transportation Co., have been laid up in Quebec Harbour for the winter and will go into dry dock early next spring.

CONSERVATIVE VICTORY

W. A. Black the Conservative Candidate in the Halifax by-election was elected Wednesday by a large majority.

CALEDONIAN SOCIETY CELEBRATE ST. ANDREW'S NIGHT AT BANQUET

Large Number Present—Gorgeous Spread—Bright Songs and Interesting and Humorous Speeches Combined to Make the Occasion a Most Enjoyable One.

The annual banquet of the Caledonian Society of Restigouche in connection of Scotland's patron saint was held on St. Andrew's night in the banquet hall of the Campbellton Curling Club. With some seventy members present and the evening brightened by songs and speeches, this year's celebration was one of the most pleasant and enjoyable of the local society. The banquet itself was a distinct feature of the evening. The Ladies Aid of the Soldiers Memorial Hospital catered to the banquet and the gorgeous spread which graced the long table won valuable approval from all. The spacious banquet chamber was decked with festive streamers and the tables were also tastefully decorated for the occasion.

When those present had done ample justice to the good things spread before them the toast list was proceeded with. Each speaker performed his duties with a spirit fitting the happy occasion and with frequent touches of humor which added much to the enjoyment of the evening. These were interspersed with fine musical selections which attracted guests from all sides. President D. A. Stewart occupied the chair.

Following the toast to the King the president proposed the toast to the society. He gave a brief review of the history, aims, etc. of the Caledonian Society and in touching terms reviewed the recent pasting of the society's constitution. Following these Mr. Stewart referred to the members of the late Messrs. Archibald Macdonald, Thomas Buxton and Albert D. Macdonald. He spoke of the particularly active part each had taken in the work of the society and voiced the feelings of his hearers when he declared that they were greatly missed by all. The president's speech was followed by a lively selection by the orchestra and a response made by Mr. J. McNeill.

One Town—Proposed by Mr. R. B. Stewart and responded to by Mr. J. McNeill.

RESCUED FROM DEATH BELOW THE WATER: CAMERA SNAPS RAISING OF SUNKEN O-5

Wrecking barges raising the nose of the O-5 from the water at the entrance of the Panama canal to release the imprisoned sailors.

Three sailors calmly awaiting the death they believed was theirs below the waters of the Panama Canal, were snatched from death when the submarine which was raised and sunk with them on board, was raised within a few hours by wrecking crews. Divers had thrown cables around the sub once before but the lines had slipped and allowed the undersea boat to slip into the muddy bottom of the canal. The sailors had given up hope when they felt the boat drop back into the six fathoms of water.

RISES TO ANSWER ANTI-UNION ORATOR

Newcastle Woman Reminds Dr. Duncan of Position Few Years Ago.

Newcastle, N. B., Nov. 27.—A largely attended meeting of Presbyterians was held in the Kirk Hall on Thursday evening, when Rev. Dr. G. Duncan of Montreal, and Judge G. M. Kennedy of Fredericton, were heard in opposition to Church Union. One of the most interesting features was the intervention of Mrs. (Rev.) L. H. MacLean, who in a speech which was quite unexpected, reminded Dr. Duncan that she and others had not forgotten that not long ago he had gone so far towards union with the Anglican Church, that with other reverend gentlemen, of Montreal, he had indicated his willingness for reordination at the hands of the Anglican Church. This was the church, she said, that had caused all the suffering, harrising and martyrdom of the conventurers, whose flag he had been so proudly displaying. Yet Dr. Duncan, she said, was fighting this gas with the Methodist Church. A sister denomination of like ideals and purpose.

FORMER CARLETON MAN LECTURES

Arthur Beauchamp, Native of Carleton, Que., Gives Fine Address in Moncton.

The remarks of Mr. Arthur Beauchamp, Assistant Clerk of House of Commons, at a meeting in the Academy Hall in Moncton on Monday evening are significant in themselves, yet but their interest to people in this part of the country is enhanced by the fact that Mr. Beauchamp is a native of Carleton, Bonaventure Co., Que., whose residents are gradually becoming more and more regarded as our neighbors.

The subject of his instructive address was the Academy Purson for Scholarship. A large and representative audience was in attendance. The speaker reviewed the history of the Purson and impressed on all their importance in educational activities. Some time was spent in reviewing a full report of Mr. Beauchamp's speech but below appear his closing remarks, which in a way might be taken as the theme of his address.

"We know," declared the speaker, "how to render homage to Great Britain for having given us a constitution which makes the use of the English language the basis of our national life."

WEDDINGS

DOW-STEEVES

A quiet wedding took place at the Baptist Parsonage, December 5th, when Mr. Leslie Dow, formerly of Port Daniel, Quebec now of Campbellton, was united in marriage to Miss Eva Elizabeth Steeves of Fredericton. The ceremony was performed by Rev. W. Camp in the presence of a number of friends and relatives. They were assisted by Rev. Harry Balaize, Mr. Bay, F. Q. and Miss Lena Connell of Campbellton. The many friends of the couple wish them a happy wedded life.

EIGHT YOUNG BOYS UP FOR THEFT

Special Agent Culligan Discloses Stealing From C. N. R. Freight Shed at Caracquet.

As a result of investigations by C. N. R. Special Agent Harry Culligan eight boys were brought before Magistrate Poirier of Caracquet Tuesday on charges of stealing from the C. N. R. freight shed there. Upon request of the Magistrate the parents of the eight young culprits appeared in the court where, upon that day, the charges were read. In reply to the suggestion, they agreed to re-emburse the railway in an amount equivalent to the value of the stolen goods.

OBITUARY

James R. Murdoch

Loggieville, Nov. 23.—The death of James R. Murdoch, which occurred at the Hotel Dieu Hospital on the morning of the 20th, removes from this town a highly esteemed citizen. Death was due to typhoid fever. Mr. Murdoch was in his 29th year, and to all appearance was strong, hearty man until a few weeks ago. His genial light hearted manner won for him the esteem of all his associates. He is survived by his wife and infant child. The heartfelt sympathy of the citizens goes out to the bereaved widow in her great sorrow. The funeral was held yesterday from the former home of the deceased at Napan. Interment was in Brookside cemetery here. Mass was celebrated at St. Andrew's Church by Fr. B. J. Murdoch, assisted by Rev. Saindon. Professor Coyne rendered very beautifully the solo "Jerusalem". The floral tributes were magnificent. The choir, under the direction of C. M. R. A. of which the deceased was a valued member, marched in a body to the cemetery. The pall bearers were Cecil Blake Wilbur Loggie, Herman Kelly, Raymond Murphy, John Patterson and Adam Symmes. Besides his widow and child Mr. Murdoch is survived by a number of sisters and brothers. Rev. Sister Murdoch of the Hotel Dieu Hospital, Chatham, is a sister. He was a son of the late John R. Murdoch of Lower Napan.

SEASON CLOSING DEC. 31st.

While the hunting season for big game, partridge and woodcock closed on Nov. 30th it is still lawful to shoot quail, hares and ducks. These birds are under the control of the federal authorities and the seasons does not close until December 31st.

SPECIAL MEETING OF COUNCIL

A special meeting of the town council will be held this evening in the Council Chamber. Business consideration of issue bonds for Water Extension and authorization of grants to Hospitals.

EXTENSIVE PREPARATION BEING MADE FOR CHRISTMAS TRADE HERE

Local Stores Assuming Their Xmas Dress And Also The Atmosphere Peculiar to Yuletide Season—Goods of Latest and Best Now On Display.

Despite the strange conduct of the weather-man to govern meteorological events in the accustomed order, local merchants have not been neglectful of the advent of the Christmas season, and much evidence of extensive preparations for the annual Yuletide trade is now apparent everywhere.

All the larger mercantile houses now assuming their Christmas dress are stores along the two main streets as well as others in various parts of the town are taking something of that undefinable, yet unmistakable atmosphere which is inseparable from the Xmas season. Express Company employees and truckmen are busy people these days for shipments of new Christmas stock are arriving or every train for stockpiling here. Owing to the continued mild weather of the entire fall the usual rush for water goods has so far apparently been postponed but local shop-keepers and assistants are as busy as the proverbial ant in unpadding and sorting out new goods and making the necessary preparations for the busy days that soon will follow. Judging from the visible preparations already made, the store windows, this year promise to eclipse in attractive decoration and harmony of color, those of any previous year. Many of them are a real achievement in artistic window-dressing.

MARY PICKFORD GIVES WARNING TO GIRLS

Los Angeles, Cal. Dec. 5.—Adding her voice to the warning of the Hollywood Chamber of Commerce to the movie-mad boys and girls who are swarming into the film studio city at the rate of 10,000 a month, Mary Pickford today addressed a crowd of 20,000 people who filled Pershing Square to her admonition.

She said she did not want to tell the young people to stay at home because the movies always need new blood, but she did think it advisable that movie aspirants be in a position to wait five years in Hollywood for movie honors and to be able to do some work while waiting and to the girls she added: "Take mother along; you'll need her."

SHORTY VENO SCORES IN OPENING GAME

Chatham Boy Scores Four Of New Haven's Goals Against Boston.

New Haven, Conn., Dec. 4.—Before a crowd of 2,500, New Haven defeated Boston hockey team, some of whose players will enter the Olympics, 7 to 4, in the opening contest of the season here. Boston used several substitutes.

URGE LEADERS TO CONTINUE WITH ATHLETIC MOVEMENT

Call To Citizens Meeting Last Night Drew A Mere Handful But Those Present Strongly Urged Renewed Efforts—Membership Campaign To Be Launched—Trustee Board Appointed.

If the opinions expressed by the men present at a meeting held last night in the Town Hall are indicative of the feeling of citizens generally, it would seem that the rate payers of Campbellton are behind the Athletic Club and its activities. Those present last night not only pledged their support and urged to continue but emphatically expressed the opinion that the club could depend upon the support of the whole town.

This however is a matter which only a complete canvass of the community for membership, can decide. The writer can see no reason why the sport project, eminently worthy of the citizens' support, should not be a great success but will not predict anything. It is a fact well known to the leaders of the movement that upward of two hundred of our best and brightest citizens have declared themselves heartily in favor of the undertaking to say nothing of the host of younger folk who are evidently eager to see the proposed club established but whether citizens as a body will get behind the movement still remains to be seen. The undertaking has been given wide and constant publicity throughout the summer and fall and so far the people at large have failed to respond as was expected.

Last night's meeting was called as a mass meeting of citizens but the crowd which appeared was far from dense. The members of the executive present were about to let the matter drop indefinitely deciding that further effort was useless but were urged by many of those present to at least ascertain the feeling of the meeting, small though it was. The secretary of the club then briefly explained the purpose of the meeting and Mr. Geo. T. Harding was appointed chairman. When a secretary had been installed those present were asked to state briefly their views on the matter and to say definitely whether or not they thought the sport movement should be gone on with or dropped.

Mr. D. A. Stewart was the first to speak. He declared that he was heartily in favor of the undertaking and stated that he had been approached by many of the young people of the town who were very anxious that the club renew its efforts and that all interested throw in their weight. He stated that if this was done there would be no doubt but what success would eventuate.

A standing vote was then taken to ascertain whether all those present (Continued on page 12)

"The Remedy You Breathe"

PEPS are the finest protection you can have for Throat, Chest and Lungs this winter. You simply divest a Peps of its silver-jacket then dissolve the tablet in your mouth. The powerful medicinal fumes given off are breathed through the throat and air-passages deep into the chest and lungs. In this way weak spots are soothed, strengthened and healed, coughs and colds quickly arrested.

Peps are powerfully germicidal and speedily effective. They exterminate the germs that bring bronchitis, throat troubles, influenza, pneumonia, etc. Free from all harmful drugs, especially for all weak-chested children. See how all ailments.

PREMIER VENIOT'S TRIBUTE TO SCOTS

Recalls Boyhood Days Spent Amongst Scottish People At Pictou, N. S.

St. John, N. B. Dec. 1.—St. Andrew's Society celebrated the feast day of the patron saint of Scotland at a banquet held at the Royal Hotel last evening. C. B. Allan, newly-elected president of the society, presided at the banquet. On his right was Hon. P. J. Veniot, Premier of the province, and upon his left, Dr. James Manning, president of St. George's Society, and Mr. Murdoch representing the Clan MacKenzie. High good humor and comradeship were the sentiments pervading the gathering of 75 or more of the members of the society. After a sumptuous bill of fare had been done justice the programme of song and speeches was launched out upon and lasted until well on into the morning.

In replying to the toast to the Governor-General and Lieutenant Governor, Premier Veniot said that the best days, and perhaps the most beautiful days of his life, had been spent among the Scots in Pictou and in these days he was a good Scot as anyone present. He attributed his success largely to his early upbringing among Scots. There had been a link of friendship between the Scots and the French for centuries, the Premier said. They had helped each other in their struggles through the ages.

He thanked the society for the invitation to be present and to meet so many leading men in the community and he referred to his attendance at two Scottish celebrations during the last summer, one at Kincardine, N. B., and the other, the Hector celebration, at Pictou, N. S.

He was educated in Pictou Academy which the Scotch people had founded, and so was indebted to these pioneers.

Replying to the toast the Premier expressed himself as in favor of the continuance of the institution of the Governor Generalship. He said that

LIQUOR WAREHOUSES HAVE BEEN CLOSED

Action Taken in Accordance With Federal Order-in-Council

St. John, N. B. Dec. 1.—From today and hereafter no shipments of liquor addressed to destination in New Brunswick, with the single exception of those consigned to the provincial board of liquor commissioners, will be passed through the local customs, according to announcement made today by C. B. Lockhart, collector of customs.

This followed the closing yesterday of the liquor warehouses of the province in accordance with an order in council passed by the federal government.

Mr. Lockhart added that any shipments addressed to other individuals, firms or companies would be asked, Asked what action he would take in connection with liquor which is said to be stored in three warehouses in St. John, one in St. Stephen and one in Woodstock, Mr. Lockhart said that he would await word from Ottawa. So far he had received no word of an extension of time to allow this liquor to be cleared out.

The Governor-General held together the different provinces in the Canadian Confederation. He remembered Bonar law very well when he lived at Rexton. He made an appeal for a general contribution to the Law Memorial Fund, in order that all might share in the glory which Bonar Law reflected upon the province of New Brunswick. He concluded with the promise to assert his best endeavor to give fair play to all races and creeds in the province.

Hon. Mr. Veniot was generously applauded as he resumed his seat.

Whooping Cough Stopped by Vicks

Toronto Mother Says New Vaporizing Sale "Worked Wonders."

The quick direct treatment for colds of children and grown-ups too, is an application of Vicks over throat and chest at bed time.

Not only is Vicks absorbed through the skin, but its healing vapors of Camphor, Menthol, Eucalyptus Turpentine, etc., are breathed all night directly into the affected air passages.

Relief usually comes by morning. Just as good, too, for cuts, bruises, burns and itching skin troubles.

Mrs. William Morrison of 114 Sheridan Avenue, Toronto, says: "Last fall our baby had whooping cough so bad that we were afraid of losing her. I heard about Vicks Vapoal from my neighbors and decided to try it. Every morning and night I applied it as directed, and it worked wonders. It seemed to break up the cough and ease her, especially through the night when it was most troublesome. I have also used Vicks for colds with good results and would not be without it."

At all drug stores, 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

A WONDERFUL OPPORTUNITY

The amazing story entitled, "The Wonderful Heroine" which appeared in the Family Herald and Weekly Star of Montreal, has captured wide-spread speculation as to the identity of this young and beautiful woman who by her heroism, self-sacrifice and abounding trust and faith in God, by her sweet purity and astounding courage in the face of unspeakable horrors, came to be regarded as a living saint and the wonder woman of a great Empire.

Readers of the Family Herald and Weekly Star are indeed fortunate, because it is now announced that the publishers have secured a beautiful painting of "The Wonderful Heroine" and a reproduction in the original colors, size 18 x 24 inches, will be sent free to all subscribers, new and renewal, who remit in time.

With this beautiful and inspiring picture added to the extraordinary value of this great national farm and home journal, it is a bargain of lifetime. The subscription of the Family Herald and Weekly Star of Montreal is only \$2.00 a year.

BUFFALO MEAT ON DAILY HOTEL MENU

buffalo have been sent to the various stockpiles in the West for slaughter and buffalo meat once more will appear on the menu cards.

The Canadian Pacific Railway will use the meat while it lasts on trains and in the hotels of the system from coast to coast, and around Christmas joint or chop of buffalo may be as popular as a slice of turkey.

The buffalo being killed are surplus stock bred by the Government in the railway parks. The heads have increased so rapidly that the probability is that buffalo may become a source of food in the future.

Fashion Parade at Opera House Was Very Successful Affair

Style Show and Fine Lecture by V. E. Taplin of Toronto Drew Great Crowd of Fair Women and Quite a Number of Brave Men.

The fashion parade held in the Opera House on Thursday evening last proved an affair of much interest and was voted a most gratifying success. Every seat in the building was occupied even before the opening hour. Members of the fair sex composed the large majority of the audience but a considerable number of brave men showed by their attendance that they are not opposed to the demands of Dame Fashion. This pleasing event was held under the joint auspices of F. E. Shephard and Co., Mrs. L. M. Barthe-Bust and McEwan's Shoe Store and they are to be congratulated on the result which passed the expectations of even those who were anticipating something good.

The opening feature on the evening's programme was a lecture on the care of the feet by V. E. Taplin, President and Manager of the Natural Tread Shoes of Belleville and Toronto. Mr. Taplin proved a most interesting speaker and his comprehensive address showed a complete knowledge of his subject. He spoke at some length on the different kinds of footwear, and the injurious effect of ill-fitting shoes on the feet of the wearer. He also showed special X-ray slides which clearly demonstrated the truth of his statements.

When the curtain was raised a very pretty display of especially suitable for such an occasion was revealed. Then came the charming gowns, the season's most fashionable in hats, the smart sporting costumes and the luxurious furs which the four young ladies, Miss Ashour of Toronto, who is an expert in this work, Miss Mercier of Mrs. L. M. Barthe-Bust, Miss Wyers and Miss Cooling also little Miss Loraine McNichol and Elsie Whetmor displayed so attractively while they walked about in Natural Tread Shoes. These young ladies were introduced by Mr. Taplin, who also gave a description of what each model would wear.

The great collection of new things exhibited constituted a wonderful range which included materials of every description and a variety of harmonizing colors which set the stage alive with pleasing brilliancy. The gowns and coats displayed were especially attractive and were showed off most gracefully and to good advantage. Style, comfort and quality seemed outstanding features of the exhibit and F. E. Shephard & Co., are to be congratulated on the splendid display of garments shown. Evidently this firm carries a line, which in quality and style is unsurpassed even in the larger centres. The splendid variety of hats also elicited much favorable comment and reflected much credit on the Barthe-Bust Millinery Parlors.

Some of the following garments and hats were displayed:
 Grey georgette with cut steel beading.
 Grey velvet and minkie picture hat with ostrich hand.
 Black velvet gown with an all black hat with ostrich mount and ermine neckpiece.
 Crushed strawberry cordon crepe afternoon dresses, accordeon-plated trimming, mauve velvet and minkie hat with ostrich pom pom.
 Azure blue panne velvet afternoon gown with fur trimming and rhinestones buckle.
 Brown panne velvet and sand georgette beaded combination dress oriental buckle and fish fur.
 Hudson seal coat.
 Black cordon and velvet gown with oriental buckle and sable fur bands.
 Persian Lamb coat with sable fur trimmings.
 Scarlet brush wool sporting costume with tam.
 Navy georgette dress with effective bead trimming.
 Stone Martin animal fur.
 Black picture hat with silver cloth facing and glazing feathers.
 The evening gowns were golden glow georgette, rose panne velvet, sky georgette and many more garments and hats were displayed.

Hudson seal, persian lamb, con and minkie coats were displayed with several small velvet toques, in the leading shapes, French grey, jade green, tomato gold. These toques promise to be the leading shapes for the coming winter, which are so much in vogue with fur coats.

One of the hats which was much admired was the "Mary Pickford" tam with white egrette.

Members of both Hospitals Aids were present at the door to take charge of the collection, which is to be devoted to the both hospitals. Over \$80.00 was realized.

FIRST PROVINCIAL CONFERENCE ENDS

Successful Gathering of C. G. I. T. Held At St John Last Week End.

The first provincial conference of C. G. I. T. was held at St. John over the week-end and a most profitable time was spent by all those taking part. The conference was held in St. Andrew's Church School room, the opening session taking place on Friday evening.

Miss Grace Marshall, President of the St. John Girls' Work Council, welcomed the delegates.

Miss M. Trotter, Maritime Girls' Work Secretary, gave an address. She dealt with the objects of the conference and took as her subject "To Be a Girl, and Set, and Know, in which one girl held the Christian flag and another the Union Jack."

The winner of the song contest was the Kanata group of the Zion Presbyterian Church, Charlottetown, P. E. I. A telegram of greeting from the

former girls' work secretary, Miss Mary E. Allison, from Toronto, was read and received with applause. The conference was continued on Saturday morning in St. Andrew's church, Miss Ruth Barnes, President of the Moncton Girls' Council, in the chair. The session was opened with a ceremonial from the Girls' own Book, which included a flag salute in which one girl held the Christian flag and another the Union Jack. Miss Dorothy Handran led the morning devotional period. At ten o'clock the girls divided into groups for the discussion of such

questions as the right attitude towards sport, standards of personal honor, group standards and the service that groups could render. At noon the finding committee met under Miss Georgette Gouff of Charlottetown and drew up a report on the discussions. While the discussion was going on Miss D. L. Gass of Quebec, led a round table conference for the leaders. On Saturday afternoon the girls were taken to places of interest about the city and vicinity. At 5:30 supper was served in the conference hall. Mayor Fisher spoke briefly, welcoming the delegates to St. John.

A charming pageant, "The Gate Which Leads to Womanhood," was given. Lantern slides were shown of C.G.I.T. Maritime Camps and Miss D. L. Gass gave a splendid address. On Sunday morning a brief prayer service was held before church, Miss Ruth Barnes, of Moncton, presiding. In the afternoon there was a large and impressive gathering in the auditorium of St. Andrew's church, Mrs. Jamieson and Principal McKinnon being the speakers.

Principal McKinnon, of Pine Hill College, Halifax, congratulated the C.G.I.T. organization in the two provinces on the splendid conference which had been conducted and declared that the sight of so large a gathering was most heartening and at the same time prophetic of a better life to come in the Maritime Provinces.

The Campbellton girls who attended the C.G.I.T. Conference in St. John were the Misses Margaret McDavid, Joyce Calder, Jessie Allanac, Rae Fraser, Laura Steeves, Helen MacMillan, Clara Anderson, Pearl MacKinnon, and Mrs. Donald S. MacLean.

Moncton delegates are also returning today.

Maple Green

Mr. Peter McRae of Niagara, N. Y. is the guest of Mr. Wm. Traverso for a few days.

Mr. Edward Traverso has returned home from Niagara, N. Y. after spending the past year there.

Miss May Murphy spent the week-end in Richardsville the guest of Mrs. Marley.

The young people of Maple Green Richardsville, Campbellton and Dalhousie are enjoying skating on Travers' Lake, the ice is in perfect condition.

William Jennings Bryan will no longer be mentioned as a "presidential possibility."

And so we could continue. But why go on? By 2023 we'll either be shoveling coal or flapping a pair of wings.

BODIES OF SEVEN WASHED UP BY SEA

Hamburg, Dec. 4—Six bodies from the United States schooner Grace N. Pendleton, which stranded two weeks ago near Orkney, were washed ashore yesterday on the Island of Pellaarna. Another body was found on the shore of Hooge Island.

Two of the bodies have been buried, and the others are waiting identification. The Grace N. Pendleton, owned by F. S. Pendleton, of New York, carried a crew of more than ten men, only two of whom were saved.

Home Comfort

demands even heat evenly distributed — which means clean, temperate air properly humidified and circulating in any and all rooms you desire.

This is what the Findlay guarantee means to home owners.

When you buy a Findlay Furnace, you get not only a Furnace of proven heating capacity and efficiency, but also an entire heating system designed by heating engineers and installed to suit the requirements of your individual home.

Findlay's FURNACES

burn hard or soft coal, or wood

are built to give you real heating with the minimum fuel consumption.

Take the "600" Series All-Cast Findlay for instance. This is a furnace made of solid cast iron — heavy — substantial — and proof against leakage of any kind. The throat is made of a life-time. The grates are of the most improved roller-bearing duplex type.

Then there is the AIR-BLAST ATTACHMENT for burning soft coal — a special feature of the All-Cast Findlay.

Call and see us or write for free booklets and Service Sheets.

Bradley & Walsh

Rearing Rabbits

In France, Belgium and other European countries, rabbit breeding is an important industry, the meat being used for food and the pelts in the manufacture of furs. England imports over twenty-five million pounds of rabbit meat annually, while in one year a Canadian firm of furriers imported no fewer than six hundred thousand rabbit skins. These statistics are taken from a bulletin entitled "Rabbits," issued by the Dominion Department of Agriculture. The industry has of late years developed rapidly in the United States, and in Canada interest is growing, we are told. The climate of this country, by reason of its dryness, is well adapted for rabbit raising, which, as a side-line activity, with proper care and management, may be made an appreciable source of revenue. Not only is a rabbit most highly palatable, but the skins are extensively used for making linings for fur, such as Seal, Mink, and Fox. French ermine and many others. By various processes of tanning, dyeing and clipping, the skins are prepared to undergo remarkable transformations. In France, the Angora rabbit is cultivated for its wool. The bulletin, which is well illustrated, furnishes information regarding housing, breeding, feeding, marketing, and choice of breeds and treatment of diseases. Copies may be obtained free from the Publications Branch of the Department of Agriculture, Ottawa.

The Brood Sow

The well-bred sow is an asset on any farm. She will turn the by-products of the farm into ready cash products quickly and profitably. At the Experimental Farm, Napton, for eleven years the best kept breeding sow has produced 124 dropped piglets, with an average of 11.7 piglets per litter and raised an average of 8.8 per litter. The eleven sows produced 20,070 piglets at a cost of \$42.80 per ton, 20,770 pounds of skin-milk at \$4.40 per ton, 20,770 pounds of roots at \$3.27 per ton and were on pasture three months each during the season of a charge of 50 cents per sow per month, making a total cost for feed of \$307.97 or an average cost of \$33.37 per sow per year. Those sows raised 160 young pigs to six weeks of age at a feed cost of \$2.31 per pig. The average market value per pig at six weeks was \$4.25 (selling them as feeders) or for the eleven sows \$625.94. If one wishes to gain profitable results, the first consideration must be the selection of the brood sow; she should be of correct bacon type, having also along with deep straight sides, a well-arched back, good full quarters well carried down, strong heart girth, no undue flatness about the jaw and from a sow that has produced large litters. After having made a careful selection, breed to a good boar of the bacon type—provide comfortable quarters, well-lighted and ventilated, also free from dampness and draught. Yards should be provided for all growing stock as exercise is necessary for them as well as for the mature sow.

At this farm, our brood sows are kept in hog-cabins for at least three-quarters of the year and have yards to run in at all times, as well as small paddocks with green food such as clover for the early spring, oats, peas and vetch and rape for the mid-season and autumn feeding. The sows are turned into these fields for

POULTRY

Some Points to Consider in Selecting Good Layers

The truest words in the vocabulary of the modern poultryman today are: "lay to sell." No poultryman can afford to keep in his flock non-productive birds or "sitters." It means also that culling and selection, if continuously practiced, will keep the flock up to a high state of productivity, and if practiced in the latter part of the year with the idea of eliminating the inferior birds for meat, and retaining only the best as breeders, the poultryman so doing will continuously be improving the quality of his birds year by year.

Probably the most complete and concise information which has yet been compiled regarding the culling practice, is that which has been developed at the Cornell Judging School. The instructors at this school have compiled and brought up to date the latest information regarding characteristics, evidencing high and low production in males and females. The following points taken from these methods formulated at the Judging School will help you impress in your mind the special characteristics which we must have in our birds and the relative significance of each.

The type and shape of bird indicate the degree of intensity or number of eggs produced per month. Type can be applied to any breed of any age, sex or condition at any time of year.

In order to make a high record a hen must not only lay a long time, but lay heavily. In order to lay heavily she must have sufficient body capacity to digest large amounts of feed rapidly. Large capacity in a laying hen is shown by a body that is relatively deep. The underlines of the body must be fairly straight and the back should be comparatively horizontal.

The back should be flat, and its width should be carried well back to the tail. The back that is deep and wide at the head and narrow at the tail indicates poor capacity.

The breast should be full, deep and prominent. The neck should be fairly short, bending well with the head and body. The legs should be moderately long. The long-legged, round-shanked, long-necked, bony or crowd-headed individual is not a good layer.

The keel bone should be long and generally curved. This frequently means that the abdomen of a good bird will be smaller than large.

The head should be moderately fine, with large, bold, prominent eyes. The head should be wide and wider on top than below the jaws. A fat-

Free The Layers From Lice and Mites

When pullets or other hens which have been allowed free range all summer are placed in their winter quarters one of the next steps toward winter egg production should be the freeing of the birds from lice and mites. Chickens which were hatched in an incubator and placed in clean houses, and which are kept away from other birds during the summer, will probably be fairly free from all vermin, and if their winter quarters have been white washed or sprayed with coal-oil or some disinfectant strong enough to kill lice and mites they will probably keep free from such pests throughout the winter. But on the majority of farms the hens and chickens are allowed to run more or less together, especially after the chickens have attained considerable size, and it is more than likely that vermin will be present in greater or less numbers. Maximum results from feed consumed cannot be expected when the birds are preyed upon by these parasites.

The laying house should be thoroughly cleaned before the birds are put into it. Lice live continually upon the bodies of the birds, but mites harbor during the daytime in cracks and crevices, under the ends of the roosts, etc., so they must be cleaned out by spraying. Probably one of the best materials to use for this purpose is ordinary white wash, but it is better applied with a small hand spray-pump than with a brush, in order that it may penetrate into all crevices. White wash is also a good disinfectant for the control of the disease.

For the eradication of lice each bird must be treated separately. There are a number of good insect powders on the market, or an excellent home-

slightly apart and a considerable quantity of powder dusted into the fluff.

One application of any kind of louse destroyer is not sufficient, as it will not destroy the eggs. A second application should be given in about ten days to make a thorough job.

NEW LAMP BURNS 94 P. C. AIR

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Where these sections are heavily pigmented, it is evidenced that the pigment bird has been resting for some time lying on its back and is probably not laying at that time.

Campbellton, N. B., Dec. 6, 1923

NEIGHBORS

The Vancouver Sun says: "Vancouver and Victoria are four hours apart. As time goes on they will be drawn nearer by faster ships and more frequent services."
 This is a good thought for citizens in our own wonderful country. Residents of Bonaventure County (Gaspé) and the whole Gaspé Peninsula are only a few minutes apart at this point. Doubtless as time goes on, and progress effects certain hoped-for changes and developments, these two sections of country will be drawn nearer together. Real progress is therefore under the auspices of these two sections should regard each other as rivals. Although the territorial divisions in such an enterprise can be made in many ways, the most practical and the most profitable is in the various provinces. The sooner that these sections of country are brought into closer contact, the sooner it is expressed in co-operation and mutual helpfulness, the sooner will both Bonaventure and the famous Gaspé coast realize their highest destinies. With the certain growth of Campbellton, the further development of Restigouche County and the general advancement of the province as a whole, the closer will be the ties between these two districts will, in all probability, become a wonderful reality. This will be a great step in the realization of the best wishes and the best interests of the people of these two

IDEALS AND ACTION

The Rotary and Kiwanis Clubs have done incalculable good in their communities, not only by the practical realization of definite objectives that called for co-operative effort, but by promoting social intercourse and exalting utilitarian ideals. Ideals in themselves are admittedly of little value, but the persistent hammering of ideas creates an irresistible force. The Rotary and Kiwanis Clubs possess a powerful influence and are doing good, because they are composed of the best type of citizens, men that translate their ideals into action.
 From the record of the activities of these two clubs just mentioned, a lesson might be learned by other similar associations through the country. Campbellton has many organizations whose members give liberally of their time and effort to other throughout the community. Each association has its ideals and it is well that it has. But all too often, as is the case everywhere, these ideals are little more than traditions handed down from an earlier day or vague ambitions which may have their fulfillment at a later time. Therein lies the danger of a very limited sphere of usefulness. Each member should not only cherish these ideals but contribute generously to a sustained endeavor to bring them to a practical application in our community life. Only by the liberal co-operation of every individual in such an enterprise can these various societies approximate their real objectives and become an influence for good and for growth in the various localities in which they are founded.

EVENING FROCK FOR HOLIDAY DANCING PARTY

The holiday season will be with us shortly and the debutante or college girl home for the vacation will need a becoming new frock for the many festivities that are planned at that time. Nothing is more important than her first dance frock, and who knows but that the Thanksgiving or Christmas dance may be the most important of her life?

STOLE A HORSE

A deaf mute from the lower end of the county broke into J. McPherson's barn at Charlo Saturday night and then proceeded to Seven Mile Ridge via Balmoral. He drove into a yard at the latter place, proceeded to help himself to harness and a pair of horses. The man was seen by a constable and was arrested. However he told a good story and was allowed to proceed. Two constables from Campbellton arrested him Sunday between those two districts will, in all probability, become a wonderful reality. This will be a great step in the realization of the best wishes and the best interests of the people of these two

Chiffon, while it may not be considered the smartest of the season's fabrics for evening wear is surely one of the most becoming to the youthful wearer. This little bouffant model in peach or flesh tint chiffon has unusual touches that are both artistic and smart. The very deep shadow lace deep flounce of ecru shadow lace which is headed by a narrow and irregular banding of dark fur. The bodies is tight fitting with tiny caps of the lace for sleeves. A narrow girde of silk French flowers encircles a normal waistline.

OBITUARY

Mrs. J. A. Roy
 It was with feelings of deep regret that citizens learned on Friday last week of the death of Mrs. J. A. Roy of this town. Deceased was formerly Miss Maud Lacasse of this town. The funeral of the late Mrs. J. A. Roy, which was held Sunday afternoon from 12 o'clock to 2 o'clock, was very largely attended by friends and acquaintances to pay a last tribute to one who was greatly esteemed. The service was conducted by Rev. H. D. Cormier, pastor of the church, and special music and hymns were rendered by the full choir. Following the service, interment was made in the R. G. cemetery on the Shediac Road. The pall-bearers were, Ald. C. E. Belliveau, Dr. A. J. Cormier, A. J. Laporte, B. A. Bourgeois, J. Walter Howard (Campbellton), and R. A. Frechet. Among those from outside the city attending the funeral were, Mr. and Mrs. A. D. LeBlanc, Memegamooch, Mr. and Mrs. J. A. Roy, Campbellton, and Mrs. Bertha Desrochers, Richibouctou. There were numerous spiritual offerings and prayers, testifying to the esteem in which the deceased lady was held.

Flash Lights all shapes, \$1.00 and up at Bennett's.

MR. NEIL MARTIN
 The death of Mr. Neil Martin occurred at his home on Nov. 28th, the seventh after a long illness.

 As the last Official Business advertisement last of the White Star liner Halifax, Saturday was a party of business men. Some of them were announced were to be Mr. J. H. N. B. to be in the woods. The men in all all unannounced visitors.

C. N. P. PULLMAN CO.
 The sleeping car "Unit" on the nightbound of Friday, caught fire while attached to this train. A man who discovered the fire, called the attention of the conductor, who was then and after the train was stopped and the sleeping car was set on fire to prevent the fire from spreading.

CARD OF THANKS
 We and Mrs. Allan to thank their many friends and sympathizers for the beautiful floral tributes during their bereavement. They also wish to take this opportunity of acknowledging the kind and helpful assistance of the Nursing Home and the Nurses' Guild. Many kindnesses, loving attention bestowed upon our dear one during his illness.

Growing Old
 "I regret that I am growing old," commented a man, "since I am not they'd rather hear the glad than my talk."

SHOP EARLY

Only 15 more shopping days before Christmas—Do your shopping now while stocks are complete.

A RECORD

The street department was very busy yesterday sweeping and cleaning the pavement on Water Street, while the street commissioner had the day out on Rossberry Street.

SUCCESSFUL EMAS FAIR

The Ladies Aid of the Hotel Dieu Hospital held a very successful Christmas Fair and children supper in the new Knights of Columbus Hall Tuesday and Wednesday.

POSTPONED

The Monday Dinner and Oyster Supper advertised last week, to be held in the Hotel Dieu Hall, Macapedia, on December 9th, will be postponed until after Christmas, on further announcement for the right date.

BUSMEN ARRIVE

Among the third class passengers on the White Star liner Doris due at Halifax, Saturday was a large party of busmen. Some of these men it was announced were to be despatched to Durham, N. B., to work in the woods. The men it is believed are all experienced woodsmen.

HAS ACCEPTED CALL

At the last Official Board meeting of Wesley Methodist Church a unanimous call was extended to Rev. W. E. Godfrey of Alberton, P. E. I. to become its pastor after the next meeting of the Methodist Conference in June. Rev. Mr. Godfrey has accepted the call, subject to the approval of Conference.

C. N. R. PULLMAN CAR

ON FIRE IN QUEBEC
The sleeping car "Unavara" attached to the northbound Ocean Limited of Friday, caught fire near St. Qu. while attached to this train. A brakeman who discovered the blaze saved the situation before much damage was done and after the passengers were transferred to another car, the damaged car was set off and returned to the main shops for repairs.

CARD OF THANKS

Mr. and Mrs. Allan Currie wish to thank their many friends for their kindness and sympathy and for the beautiful floral tributes received during their recent bereavement. They also wish to take this opportunity of acknowledging and publicly thanking Dr. Egan and Mr. Thomson and the Nursing Staff of the Soldiers Memorial Hospital for their kindness, loving care and attention bestowed upon their little son Gordon during his illness.

Growing Cold

"I understand that they applauded you for half an hour."
"Yes," commented Senator Ferguson, "these things are so appreciated that they'll hear them as loud as a plaud than me talk."—Washington Star.

FEVER SITUATION BITTER

The typhoid situation at Newcastle is under control, so new cases have decreased and the original cause are progressing satisfactorily to recovery, according to Dr. G. G. Melvin, chief medical officer of the department of public works.

EDITOR'S MAIL

The Editor of the Graphic.

In the last issue of the Graphic I noticed a letter from Rev. W. W. McNeil of Campbellton referring to a statement recently made by the Presbyterian Church Association regarding the calling of ministers in Church Union congregations and quoting the rule laid down in the Basis of Union in regard to such matters. If Mr. McNeil intended his letter as an indication of the subject in hand, it is hard to see where the explanation comes in. I have always heard that Mr. McNeil is an ardent supporter of Church Union, otherwise I should be tempted to believe that he had recently joined the ranks of the "Anti's" for the paragraph quoted from the Basis of Union regarding "order." His own condemnation on its face. The clause has already appeared in your columns, but will bear repetition. It runs as follows: "Any pastoral change in view of a vacancy may extend a call or invitation by any properly qualified minister or ministers, but the rights of appointment shall rest with the Settlement Committee, which shall report to the Conference for information only." Stated in simple terms, the meaning of this— if the will of the congregation in regard to the calling of a minister coincides with the will of the Settlement Committee, well and good, if not, the Committee has the right of appointment over the head of the congregation, and in spite of any protests that may be made. And what is the Settlement Committee? Its function and character are clearly set forth in the basis of union, slightly glossed over in the article defined as an "autocratic" body, from whose decision there is no appeal and which reports to the Conference for information only. Under Presbyterian procedure, a committee composed of elders, and prominent laymen is generally appointed by the "vacant congregation" to have the minister present and judge of his ability to assume the charge. The final decision with regard to the call rests with the congregation. The Settlement Committee is composed of men who may know little or nothing of the requirements of the congregation with regard to a minister, and who verily are not empowered with any sense of deference in the matter, either toward the vacant congregation, or toward their governing body the conference. Yet the right of appointment definitely rests with the Settlement Committee, that is clear as noonday. Mr. McNeil might well remark "Comment is unnecessary."

Yours

Presbyterian.

Guaranteed Electric Irons \$20.00-45.00 at Renault's.

A Pioneer Pension System

The Canadian Pacific Railway in this year celebrates the twenty-fifth anniversary of the formation of the Company's system of pensions for its employees.

It was in 1898 that the Board of Directors, under the Presidency of Lord Dufferin, looked into the future of the staff of those who were leaving the service of the railway in large numbers in the expectation of 1900. In December, 1900, the directors passed a resolution stating that a fund should be set up for the purpose of making for the old and for the further advancement of their old and retired employees, and that a plan of pension should be made for the purpose of providing for the old and for the further advancement of their old and retired employees.

The plan was a generous one. The Company provided all the money for the pension fund, and the employees were not called on to contribute in any way whatever. In 1900 when the fund was first set up, it contained \$40,000. To-day it contains approximately \$4,000,000, and every one of them, from the boy or "road walker" or even the station employee at some far-off station, has a share in it. Long as he or she stays with the Company.

Some Statistics

The Company's first contribution to the pension fund was \$200,000 which was paid in 1900. The total amount of contributions since that time has been \$3,800,000, and of 1922 the Company had contributed a total of \$4,715,000 to the fund while payments of pensions had amounted to \$2,877,000, leaving a balance to the credit of the fund of \$1,838,000. In 1922 the total number of the Company's pensioners was 1,125, and the Company was drawing an average of \$65.92 per month. It is of interest to note that since the pension fund became operative, 877 pensions have become inoperative through the death of the beneficiaries.

Having in view conditions of increased living costs which then prevailed the world over, the Company in 1915 allowed the pensioners an additional bonus of twenty-five per cent of their regular allowance. This was paid in May of that year, and continued until the end of 1922. In view of the modification of the condition that made it necessary, that bonus is this year at twenty per cent.

By far the greater part of this money is of course distributed in Canada, just as is the case with the Company's total payroll of over \$30,000,000 annually, and the many millions it yearly spends on the release of the pensioners from the burden of distributing as much of its "surplus" as is possible in the country it serves.

The system is a simple one, and is strictly fair. Upon reaching the age of 65 every employee who has been in the Company's service for ten years is entitled to retirement if the Company so desires and can afford to pay one per cent of the average monthly pay received for the ten years preceding retirement for every year in which he has been in the Company's service. This is as the system was first devised twenty years ago, and there has been but one addition to its provisions. In 1908 it was found that in some cases the amount of the pension so calculated was insufficient to protect the recipient against what was intended, and it was provided that from thenceforth the minimum amount of pension paid would be \$20 per month.

Fosters Efficiency
That this system has been a big factor in fostering the efficiency of the railway is largely identified with Canadian history. It is undeniable that Mr. W. W. Healey, President of the Company, speaks of it not only as a prime necessity in these days of sociological progress, and as an inherent right of those who give lives of faithful work to Canadian Pacific service, but also as one of the things that has helped to bring into existence the high standard of co-operation that exists between all branches of the Company's service. "It is helping to make contented employees," says Mr. Healey, "and that is the first requisite of faithful, efficient work."

Have You Tried?
A shy young couple was laughing and talking with the great lady in his pocket.
"Will you have peace or love?" he was asked, and responded: "Peace, please."—London Times.

Of Interest to Women

Some Popular New Recipes

Wells Mock Mince Pie Filler
1 peck green tomatoes, 1 lemon, 1 tablespoon allspice, 5 pounds sugar, 1 tablespoon cloves, 1 tablespoon cinnamon, 1 tablespoon nutmeg, 1/2 cup vinegar, 1 teaspoon salt, 1/2 teaspoon black pepper, 2 pounds seedless raisins.
Chop tomatoes fine and cook 1 1/2 hours, then add sugar, spices, juice of lemon, vinegar and chopped raisins. Cook 1/2 hour. Will keep in glass jars the entire winter and is delicious.

Fig Raisin Cookies
1 1/2 cups brown sugar, 3 eggs, 1 cup butter, 1 cup white figs, 1 teaspoon soda, 1/2 teaspoon nutmeg, 1/2 teaspoon cinnamon, 2 cups English walnuts, 1 cup seeded raisins, 1 cup seedless raisins, 2 1/2 cups flour.
Cream sugar and butter, add beaten eggs, beat light; add soda dissolved in hot water, spices and fruit. Drop from spoon on greased pan; bake slowly.

Bailey Hermits
1 cup brown sugar, 3 cups flour, 1/2 cup shortening, 1/4 teaspoon nutmeg, 2 well beaten eggs, 1/2 teaspoon cinnamon, 1-3 teaspoon salt, 1/2 cup chopped raisins, 1/2 cup chopped nuts, 1/2 cup baking soda, 1 1/2 tablespoons milk or water, 1/2 teaspoon ground cloves.
Cream shortening, gradually working in sugar, raisins and eggs, then stir in the soda which has been dissolved in the milk. Mix and sift together the salt, flour and spices, stir into the first mixture, cover and let stand for an hour or more, then roll to 1/4 inch thickness and cut with round cutter. Bake in rather quick oven, (375 degrees F.) for about 20 minutes.

Penouche
3 cups brown sugar, 1 cup milk, 1/2 cup butter, 1 teaspoon vanilla, 1/2 cup raisins, 1/2 cup broken walnut meats.
Cook sugar, milk and butter together until it forms a hard ball when tested in cold water. Remove from fire. Add nuts, raisins and vanilla. Beat until creamy. Put in buttered tins and when "nearly" cold cut in squares.

Converting the Porch Into a Sun Parlor For Winter

The porch has ceased to be merely a summer institution. Nowadays the wise householder in building prepares the railings to receive glass sashes for enclosure during the winter months.

The porch can also be adapted to winter use by having steam pipes or coils run back of grill-work fitted under the porch wall. This wall is, of course, but wide enough to accommodate pipes, which are protected by asbestos coverings or asbestos. The top shelf of the wall allows space for the sash, which fits perfectly. Some of the sashes are permanent and others work like window-sashes. They may open out in casement fashion or lift, provided there is sufficient head room to permit them to do so.

The porch for year-round use has a double floor with packing between or, in some instances, it is made of cement. If the floor is cement, then a heavy rug should run up as close as possible to the walls. If the floor is of polished wood, smaller rugs may be used. If the wood of the floor is unpainted, it may be attractively painted a warm tan color, old blue or willow green and the rugs should tone in with the color used.

Willow porch furniture may be used but it should be painted black and gold or in color to match the floor. Then come the coverings of ruffled slips, part slips of just quantities of gay cushions. A sun parlor must be gay in coloring to perform its real mission in life—that of retaining all of the summer sunshine possible.

Window boxes that have been fitted inside the sashes add a decorative touch when planted with hardy, colorful plants. Pretty effects may be achieved with nasturtiums, which grow and blossom if given half a chance with sunlight and a fair protection against frost. Other plants that do not need great protection are also decorative.

Grass curtains are of course a necessity. They may draw at top and bottom on rods or close to the sash. Over these straight curtains may be hung, to fall almost to the floor, those made of cretonne to match the cushions and screens. These should work with double cords, so they may be drawn back tightly to allow every ray of sunlight to enter during the middle of the day, and then they may be drawn across the sashes at night. If the cretonne seems too light to hang well, the curtains should be lined and the hems weighted.

Many who own sun parlors created out of porches use them for breakfast rooms. This means having electric plugs placed so that the kettle, grills and boilers may be attached. The tea-wagon carries all needed foods back and forth. In some places temporary outside cupboards are built against the house for porches, dishes and table appointments. These are of course convenient and make the work easier.

they will suffer the consequences." Mr. Paulding did not agree with the critics that it was illogical for all three of Rosalie's children to go to the bad, as Hutchinson shows them. He thought the book logical throughout. People said the modern child was the effect of the war. The lecturer held the trouble was due to lack of mother influence and spiritual training.

Mr. Paulding gave dramatic readings from the book, stressing the main points of the argument. Thanks were expressed to the lecturer by Rev. Father Drummond and Monseigneur Donnelly.

PROBLEMS OF HOME LIFE AND "CAREER"

"Home life as our parents and grandparents understood it is fast-disappearing. The substitution of apartment houses for homes may have something to do with it. But still more it is due to the modern system of education without spirituality and the trend towards a false philosophy of life."

These expressions of opinion were used by Frederick Paulding, of New York, to introduce a lecture on A. S. M. Hutchinson's novel, "This Freedom," before a good-sized audience under the auspices of the Business Women's Unit of the Catholic Women's League in the ball-room of the Ritz-Carlton Hotel recently. Mr. Paulding first dealt with the literary style of the novel in which he found many defects. In other respects he considered "This Freedom" a great book.

The lecturer took up some of the criticisms which had been made. Women had protested that the author had taken an exceptional case in the heroine, who organizes her home on scientific lines, and follows her business career, to the neglect of her children. Mr. Paulding claimed to have found many such cases in the last few years.

The heroine of the novel, Rosalie, Mr. Paulding considered "the victim of the fallacy of her time and generation, making mistakes for which she has to pay dearly." Hutchinson, in Mr. Paulding's view, did not make the statement that a woman cannot follow a career and raise a family at the same time. Many women had been left a widow, and had made a success of her husband's business and the upbringing of her children. What the author had said was that no woman had a right to neglect her home for her career.

The Victorian atmosphere of Rosalie's girlhood home, set forth in the early chapters, the lecturer said, was the other extreme, "the cause which made the effects of today possible. Those were days of male supremacy, when we hear a lot of equality, which was not there."

The old conditions, the lecturer thought, were as great a variation from the present as the present is from the past. But, he said, the Victorian women, who were independent, because there was an ethical, spiritual value in the home, which is lacking now.

Rosalie, who early recognized her ability to do a man's work, had been quite right to use her abilities in that direction. Her mistake was in yielding to the ambitions of her career, and leaving her children to the care of governesses. The fact that these were trained specialists seemed, in Mr. Paulding's view, to make it worse rather than better; method taking the place of love.

"The woman who will," said the lecturer, "take the responsibility of looking after her children, if she does

SMART HATS FOR ALL KINDS OF FACES, LAUGHING, DASHING OR PENSIVE.

STYLE magazines insist that the woman with the small face and pointed chin must be careful that the hats she chooses have crowns no wider than the widest point of the face—namely, the cheek bones. If the crown is wider it is out of proportion and makes the face seem smaller and the chin more pointed.

For the dark and aquant type of face especially, the close fitting turban at the upper left would be most alluring. It is, strictly speaking, a dress hat and is built of silver cloth and trimmed with iridescent beads. The piquant brushes are topped with flecks of silver.

On the right is a hat of orchid colored velvet of the dretroire period.

For the girls whose allowance for clothes is limited an embroidered hat is the thing. Workmanship rather than expensive material is what counts and the girl who can embellish her hats with hand embroidery not only gives charm and individuality to her chapeaux, but saves a goodly sum of money on same. This smart turban in the lower center is such a hat. It is made of green velvet and embroidered in a somewhat odd combination of gray wool and gold thread. It is a type of hat that would not be becoming to all women, with its tam shaped crown, but it is extremely pretty and is very becoming to the sweet young face of the pictured model.

It has a dashing aspect reminding one of gallant cavaliers and fair ladies. An ostrich feather enriches the crown and falls in a long, graceful shower down the right side. This style would be ideal for the stately type of woman.

"Every Sack is the Same"

Quaker Flour
Always the Same—Always the Best

Quaker Flour is rigidly tested once every hour during the milling process. A sample of each day's milling is baked in our bakepan before the flour can leave the mill. That is why in using Quaker Flour, you are always sure of getting the finest loaves of bread—the flakiest pastry—the lightest cakes—EVERY TIME.

Every sack of Quaker Flour is sold under our unqualified guarantee of absolute satisfaction or your dealer will give you your money back without question. The next time you buy flour, get Quaker. A single trial will convince you that it is the flour you will like to use.

Our expert baker has collected a number of original recipes for home-made bread which we will gladly send you, free on request.

DISTRIBUTORS: Campbellton Baird & Peters and all the best dealers.

I think courage, first, which is an attribute that makes for manliness, love of adventure, which follows courage, and a strong sense of duty, which every true seaman must possess. To the sailors past and present, we are indebted for most of the progress of the world today, and I would like to touch briefly on that progress as it concerns us.

On looking at the map of Canada, we are struck by the size of our country, which covers over 3,500,000 square miles and is almost as large as that of the whole of Europe, when the first explorer landed it was peopled by the Indians to the number of 200,000, and we may well be proud that the first white man, to touch our shores belonged to the splendid Vikings of the North.

In May 1487, John Cabot sailed from Bristol in a little vessel manned by eighteen men. On the 24th of June he landed on the western extremity of Cape Breton Island, and set up the Royal Standard of England which was the first flag planted on our soil.

It was who gave the beautiful name of Canada to our country.

Through Canada fear of being great. Today, Canada has a population of nearly 9,000,000, and exports great quantities of wheat, lumber, and other products, mostly to the British Isles and South America. Great Britain does not produce sufficient foodstuffs and raw materials, consequently has always been compelled to maintain a large navy to protect this trade and for defence, and because of this, she has always laid down the principle that in foreign affairs she should be guided by the maxim, "the might makes right."

What followed was the battle of the Marston, which was a bloody affair. They sleep as well beneath that purple life.

As of here under hurt.

Queen Victoria ordered a monument to be raised in commemoration of the memory of the men of this ship, and when I might say that these monuments have been erected throughout the world, to the memory of the bravery of sailors, naval and mercantile marine, than to men of other callings. "Honor" can only be paid to all who have served the country of the Titanic off Newfoundland. The vessel on that time the ship's passenger boat, on her first voyage struck an iceberg and nearly all on board were lost. When it was called that she was sinking the ship had 2,200 men, women and children on board. On the Titanic vessels this is the only disaster that they did not contend with lack of medical aid.

The discovery of white gold, the precious metal, was one of the greatest events of the past century. In no other profession have men proved themselves such heroes, and in no other has the world, in its individual capacity, been so much benefited.

Who have fought mighty battles and who have made great discoveries, such men as Drake, who made the first voyage round the world, and whose name was immortalized by the Spaniard, Miguel, who won the battle of Trafalgar making British mistress of the seas, and whose famous message exhorted his men, "Stand land expands every man to do his duty has been an inspiration to all since

Hors

Around Our Town

LATE GARDENING

Mr. Harry Smith on Monday, Dec. 3, was working in his garden. He planted some seeds as an experiment, and the outcome will be watched with interest.

A XMAS DELICACY

Nothing is more suitable as a dessert during the festive season, than Grog's Turkey Ice cream. It is available in bulk. Delivered in any part of town. Grog's Warehouse, Water St.

CHRISTMAS GRAPHIC

The annual Christmas Edition of The Graphic, with colored cover, will be issued next week. This will contain a large quantity of interesting reading matter as well as an attractive advertisement of our merchants. Will those requiring space make their reservations early.

FOR XMAS FUNCTIONS

The committee on Xmas functions will see many heavy loads of Christmas. Daily lunches are always a feature of these and to reach at least 10 complete without Grog's Turkey cream. Its exquisite texture and pleasing and lasting flavor make it the choice of those who want the best and we all want the best at Christmas. You can get it in bulk or in tins, delivered to any part of town. Grog's Warehouse, Water St.

FORECAST GOOD SHEET EAT

Sales are reported to have made their appearance in the river of the town. They are a great nuisance to the fishermen and cause an immense loss to the business. But in this case they are because of a beautiful small crop. For the fishermen know that they would not come so far from their annual catches if there was not an abundant supply of food for them—Chatham World.

MORE LATE BLOOMS

Mrs. John Bailey on Dec. 2nd picked a pair in her garden here. A number of blossoms are ready to break out if the weather continues mild.

SEASON OPENS

Saturday was the opening day for the fishing season for muskies along the coast of Northumberland, and many fishermen have just cut in to work, as they have formed in the rivers.

BEAUTIFUL PANNIES

We have received a bunch of panies, about a dozen, which were picked in Mrs. Joseph McKeown's garden at Chatham, on Tuesday, December 4th. Every bloom is as beautiful as the spring grown ones. This has certainly been an "open fall."

CHRISTMAS GIFTS

What would make a more appreciated Christmas gift than a year's subscription to The Graphic, \$2.00 in any form in Canada or the British Dominion, and \$3.00 to the United States. We send a Christmas greeting letter with each such subscription.

OPEN EVERY EVENING

Beginning next week and continuing until January 1st, the Campbellton Cash and Carry Store will be open Wednesday afternoon and every evening.

OPEN EVERY EVENING

From January 1st until further notice they will be closed at 6 p.m. every evening except Tuesday and Saturday.

EXPLODES MYTH OF TO PAY WIDOWS PENSIONS NOW

Says It Silly To Think Old Men Revived By Glial Operations.

Chicago, Dec. 4.—The glial "fontaine of youth" is a myth, Dr. Max Sherrin, glial expert of International Locomotive Association, asserts.

"Rejuvenation by transplanting glial cells is an impossibility to medical science," Dr. Sherrin stated.

"It is silly to think that old men may be converted to vigorous young men simply by placing glial cells of young men in their bodies."

Dr. Sherrin's statement followed removal of "glial bands" sections from Charles Homan, former University of Chicago student, was the most recent visit. He was asked by a half-dozen men, all prominent and after the operation was performed, was shown into a room.

When police announced they were investigating the death of Freeman Homan, University of Chicago student, students' immediate file records show a theory that he might have been the intended victim of "glial bands" general alarm spread over the campus.

Twelve students called police for assistance to carry Homan to order to protect themselves.

"The brain will never be its former condition," Dr. Sherrin said. "Both it will be generally known that youth cannot be restored by transplanting glial cells and then the evil practices will be ended."

Wyers Brook

Snow would be very welcome now, as the roads are in a bad condition. The work visited Mr. and Mrs. Walter Boghart on Friday and left them a nice baby girl. Congratulations!

Friends of Mrs. D. J. Wyers are glad to hear she is recovering rapidly at the Soldiers Memorial Hospital.

The "Ladies Aid" met at the home of Mrs. Harvey Myles last week. Those present were: Annie Eddy, Myrtle Boghart, Sue Myles, Bertie Wyers, Dorothy Myles, Mary Colborn, Mrs. Mann, Mollie MacDonald, Mrs. Sanford Myles and Hilda Mann. A delicious luncheon was served.

Miss Bertie Wyers of Lowell, Mass. is home for several months owing to her mother's illness.

Miss Susie MacDonald of Campbellton High School spent the week-end at her home here.

Mr. Everett and Miss Sue Myles visited Campbellton last week.

Miss Mary Gilbert left on Tuesday night to visit friends in Westport, Rhode Island.

REMINISCENCES OF A CHALK-TALKER

W. Bengough, Well-known to Many Here, Writes Sketch of Life.

It is somewhat curious that though Sir John A. Macdonald was for years my chief stock in trade in the cartoon line, I met him personally only on one occasion. This was a brief interview in the Parliament Building at Ottawa brought about through the kindness of Senator J. B. Plumb.

The quality in the great leader which impressed me most during those few minutes was his air of shrinking bashfulness.

It has been my good fortune to meet many of the outstanding masters of cartooning in the course of my travels. In America they are to be found denuded chiefly in New York. There, on the occasion of an engagement with the Canadian Club, Mr. Ernest Wiman the president, provided a pleasant opportunity by bringing together a company of notable artists at a dinner in the Brunswick Hotel. At the great round table in a special dining-room were seated Thomas Nast (who had come from his home in New Jersey for the occasion)—a dapper little man with a hooked nose, bright eyes, a curled mustache and a beard trimmed to a fine point at the chin; Joseph Keppler, the originator of Puck, still more picturesque in appearance, Bernard Gillam, the chief cartoonist of Judge, Grant Hamilton, his colleague (who is still working on the Judge staff), McDougall of the New York Mirror, whose dainty society sketches were a great feature in life at that time, and Baron the Grimm, a Russian artist, who contributed to the papers in general work which was greatly admired—and other whose names were less widely known.

Visits to Chicago have given me the privilege of meeting the late Luther Bradley of the News, who passed away in January, 1917. He was a very fine and forcible draughtsman, and a man whose work was done earnestly in the cause of democracy. John T. McCutcheon, of The Tribune, is no doubt still more widely known. Mr. McCutcheon's strength in his humor, and his fertility in ideas. Personally he is a quiet, gentlemanly fellow, and in appearance and deportment always reminds me of Sol Smith Russell, the actor. He is personally very popular, and is credited with drawing an excellent salary as well as excellent cartoons.

The political cartoonist who is best known in the old country outside the pages of Punch is undoubtedly "F.C.G." the initials of Sir Francis Carruthers Gould—on whom a grateful Liberal Government bestowed knighthood within recent years. F. C. G.'s medium is the Westminster Gazette, an evening newspaper (recently changed to a morning issue, and with a new editor in succession to Mr. J. A. Spender) printed on a sea-green paper with attractively wide columns and large type. The cartoon is a pretty regular feature, and no doubt one of the chief assets of the journal, though it also has in Mr. Spender one of the ablest of London editors. F.C.G. is evidently allowed a free hand, and accordingly works under the most favorable conditions.

One of his most memorable hits was apropos of Chamberlain's variability in politics. The cartoon represented the Premier (the Marquis of Salisbury) as a railway porter in charge of a head-strong pointer dog wearing Chamberlain's face. "Where is he going?" inquired John Bull. "I don't know, sir," replied the portly porter. "E's et up all 'is labels, sir."

Though I was not in England in a professional capacity, Mr. Preston, who was directing Canadian emigration affairs, arranged some appearances for me. Amongst them was an evening at the Imperial Institute, Kensington. This is a staid and dignified establishment, where representatives of the overseas Dominions and colonies, chiefly visiting government officials and parliamentarians, are in the habit of delivering instructive lectures on colonial resources, etc., with the inevitable businesslike touch of a rubber venture.

Something to break the traditions of this venerable British temple with something in the semi-humorous line, but the result proved that British Audiences are capable of adopting themselves. When on the appointed evening the scholarly and polite secretary—enquired whether I had my lantern and other fixtures in readiness, I gave him a perceptible shock in replying that I intended to improvise my illustrations as I went along. The subject duly announced by the chairman, Sir Rivers Wilson, was "Facts and Fancies about Canada," and I opened by remarking

Personals

Mr. and Mrs. E. A. Frowling of Hampton are in town for the next few weeks as the guest of Mr. and G. S. Gilmann.

F. G. McFarlane, school-inspector for the county of Restigouche paid an official visit to the superior school Thursday.

Friends of Miss Joan Jamieson regret to hear of her illness. She is in the Royal Victoria Hospital, Montreal, suffering from typhoid fever.

A letter received from Toronto, states that Mrs. George Haddow celebrated her 88th birthday on Nov. 14th. Many flowers were presented to her.

A family party was held at her daughter's home, Mrs. Kath. A. lovely birthday cake placed in the centre of the table, was cut by Mrs. Haddow. The inscription on the cake was, "My age 88".

Many friends in Restigouche Co. will join with the Toronto friends in extending hearty congratulations to Mrs. Haddow.

Miss Annie C. Carlisle, who was one of New Brunswick's most successful nurses, died in Boston a few weeks ago, much to the regret of many friends. Miss Carlisle, celebrated Dalhousie a few years ago and her friends were shocked when they learned of her death. She left an estate worth \$25,000 to be divided among her brothers and sisters. Mrs. A. E. Hanson, wife of Crown Land Surveyor Mr. A. E. Hanson, who is well known in Restigouche Co., is a visitor on the visit here with her late sister. The Carlisle family belong to Douglas, York Co., N. B.

Mr. Frank McEvoy, Inspector for the Sydney Lumber Co. spent Sunday in Dalhousie.

Mr. McFarlane, School Inspector, was in the shiretown last week making a brief visit of the Town Superior School. Speaking to your correspondent Mr. McFarlane is satisfied with the good work of the new school staff in charge of our public school.

The many friends of Mr. E. J. Melanson, the regular Manager of the Dalhousie Branch of the Provincial Bank, will regret to learn that he is forced to take a couple of months' rest, having undergone an operation. He is at his home in Shediac, N. B.

Happenings of The Week

Mr. Walter Cabot, mate on board the Patrol Boat No. 1, is at home after a busy summer of navigation in the Bay of Chaleur. Captain E. Miller was the captain. He belongs to Gaspe, where the boat is now placed in winter quarters. Mr. Cabot is a successful navigator. For many years he was on the Campbellton, Dalhousie and Gaspe Steamship route and gave entire satisfaction. Mr. Cabot intends spending the winter months with his family in Dalhousie and hopes to return to the Patrol Boat No. 1 next spring.

Mrs. Dennis Aronson presented your correspondent with a bouquet of most beautiful panes, this morning which she picked from her garden. Black-currant bushes and lilacs are budding. 'Tis strange but true.

The P. Q. Lumber Company's large mill closed for the season on Saturday. All the mill employees are heading. 'Tis strange but true.

Lumber operations in the woods are somewhat impeded for lack of snow.

Various blossoms continue to be plucked from the garden here. Today, marigolds and bachelor-buttons are in full bloom in Mrs. Elziger's garden on Adelaide Street. The change in driving to their various appointments on Sunday last, used buggies, as there was no snow on the ground—a most unusual thing during the first week of December. Game are still to be found around the shore, and salmon are yet in the river. Surely, the times are out of joint.

RETIREMENT OF COL. LOGGIE

Deputy Minister of Lands and Mines May Leave Government Service.

Fredericton, Dec. 1.—Retirement from the provincial civil service after more than fifty years in the Department of Lands and Mines may follow the return of Lieut. Col. T. G. Loggie, I. S. O., Deputy Minister, from an extended holiday trip to California upon which he and Mrs. Loggie will start this evening.

This information comes from Lieut. Col. Loggie himself, who intimated fellow-members of the Fredericton Society of Saint Andrew last night that he was expecting to be retired in the not distant future. Next May Colonel Loggie will have completed fifty-three years in the provincial service and since 1908 he has been Deputy Minister of Lands and Mines. For more than forty years he was connected with the York Regiment of the Canadian militia.

Another Bay Chaleur Boy In The Public Eye In Quebec

Dalhousie, N. B. Dec 4.—Dr. V. Martin, who was born in Carleton, Nova Scotia Co. P. Q., Chairman of the Public Works Committee in the City Council of Quebec, officially accepted, on Nov. 27th, to be a candidate for the office of Mayor of Quebec, bringing the number now to three aspirants for the election of Mayor in February next.

At St. Sauveur, on the portico of St. Peter's Hall, and in the presence of hundreds of people, Mr. LaVallee, Commercial Agent, presented to Alderman Martin petitions which he had contained 3450 signatures of laborers and of 700 professionals in support of his candidature. Mr. LaVallee eulogized Alderman Martin, whom he said was the great friend of the laboring classes, etc.

Dr. Martin said that he was glad to know that his work in the City Council during the last twelve years was so much appreciated by the working men of the City. He promised that if elected he would act without prejudice towards any section of the City. He spoke at length and asked the electors to turn out for the City Council the clique who were elected for selfish motives.

Mr. Albert Shields, a mechanic and Mr. Peter Audet, Barrister made speeches in favor of Dr. Martin.

MEETING OF THE C. W. LEAGUE

Arrangements Made For Winter Activities of The Association

A special meeting of the members of the C. W. L. was held on Sunday evening with the president Miss Farrell in the chair. Several resolutions were passed and bills ordered paid.

During the winter months it will be impossible for Miss Farrell, the principal at the Atholville school, to return to her duties for Monday morning, consequently the Christmas meeting of the C. W. L. will be held at the home of Mrs. Ed. Canon, Adalgis St.

What parties to be held during the winter, to secure funds to aid the destitute people of the town, will take place in private homes.

A sale of fancy articles, with a supper will be held in Dalhousie on Tuesday evening, Dec. 11th inst., in the Trudelle Rink Ice Cream Parlour, by a committee of the members of the C. W. L. All are cordially invited.

Are Making Good Progress In Their Studies Abroad

Miss Laura Gaudet, Miss Jeanne Legere and Miss Malmont, Acadian young ladies of New Brunswick who went to Paris to perfect themselves as artists, are rendering a good account of the progress they are making. The general opinion in Paris is that Miss Malmont has a rare and remarkable voice. Miss Malmont is in charge of the Lesclapier, celebrated singer at the National Opera in Paris. Miss Gaudet is taking lessons from Mr. Philipp, first professor of piano at the Conservatory of Paris. Miss Legere is taking lessons from an excellent landscape painter professor.

The three young ladies are expected to return to New Brunswick in July 1924.

A Sticker

"De fact dat I los' my money one day," said Uncle Eben, "keeps me from goin' to de track de nex'." Hoss radin' is one o' de de-fovin'eat games dar is.—Washington Star.

That the facts I had brought with me, and the Fancies I had found flourishing in the homeland. The main substance of the chalk-talk was a satirical treatment of the erroneous impressions which prevail in Britain about Canada and its affairs, mixed with a certain amount of correct and useful information.

I have gone through the operation of being interviewed by newspaper men on a number of occasions—sometimes also by newspaper women. If the opportunity is given I must prefer to write down my views and hand the copy to the reporter; there is less danger in that case of finding one's expressions turned upside down. Sometimes the ordeal is made more severe by taking of a snap-shot portrait which is to appear with the interview, and which is likely to prove something of a terror when printed. At Seattle the young man of the Post-Intelligencer requested me to make a cartoon of myself at work instead of using the camera. The picture appeared upon the caption, "Canadian Cartoonist in Action."

More than forty years of platform activity argues an exceptional measure of good health. I wish in closing these reminiscences gratefully to acknowledge the kind Providence which has thus favored me, and also to record, as the result of my observation and experience, that if, as Stevenson asserts, the world is full of a number of things, it also contains a vast number of very good and agreeable people.

(The End.)

LIFE BURDENED BY DYSPEPSIA

Health and Happiness Come With Fruit-Lives

Made From Fruit Juices and Tonic "Fruit-Lives"

The wonderful medicine made from the juices of apples, oranges, figs and prunes is one of the greatest means of doing good that this country of ours has ever known.

"Fruit-Lives" is bringing health to hundreds and hundreds of people who are suffering from indigestion, biliousness and dyspepsia.

Mr. Frank Hall of Wyerette, Ontario, says, "I purchased a box of 'Fruit-Lives' and began the treatment. My condition improved immediately. The dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation."

See how it has helped you. At dealers or sent by Fruit-Lives Limited, Ottawa, Ont.

Neighborhood NEWS

Port Daniel Centre

Weather conditions during the fall have been ideal, but for the past few days very heavy rains are the order of the day, which is to be hoped will result in a plentiful supply of water in the wells during the winter. Last year winter shut down before rain and as a consequence most of the wells in our locality were dry.

Lumbering operations here are in full swing a new company is operating on the St. Milenz lots cutting mine props they have installed a roasting outfit on one of the beach fields and are also using same field as a piling ground, this work is in charge of a Montreal man.

A great deal of pulp wood is being bought on the coast, several buyers are in the field, competition if the life of the trade so it is to be hoped are in the field, competition is the price will be good.

Dr. O. Brunet has purchased "The Cottage" formerly owned by A. D. LeGrand and is putting on extensive repair work, installing electric light, water and the modern improvements though our doctor is going to stay among us.

The Rev. Albert Jones former Rector of this place has been removed to Quebec and is succeeded by his father, Captain Jones, a returned Captain and licensed lay reader and is very popular among the people, his congregation as well as other denominations.

Rev. Fred LeGallais, late of Labrador, has been inducted into the charge of Shigawake and Hopetown replacing the Rev. Eardley-Wilmut who has been removed elsewhere.

We notice J. A. McPherson and bride (Miss E. Fraser, Matapedia) have returned from their honeymoon trip to New York.

Mr. H. B. LeGrand of the Bank of Nova Scotia staff is home spending his holiday with his parents Mr. and Mrs. A. D. LeGrand.

Mr. Garnet LeChasseur of the Robin, Jones & Whitman here has severed his connections with above named firm and left for the west during last week.

Some more of our local boys have deserted the single ranks. Andrew McPherson (late of 26th N. B. Battalion) was married in Littleton, Sask on Nov. 16th to Miss Gertrude Brenne, of that place, we wish them all good wishes.

We regret to report the illness of Miss Marguerite Lawrence of this place she was unfortunate in stepping on a nail which pierced the foot causing a very sore foot and although she is under Doctors care her foot does not show much improvement, we are hoping for a change very soon.

Escumac

Rev. George Gough held a prayer meeting on Wednesday evening last. The many friends of Mr. Fred Gaudin of Escumac flats regret to hear of his lingering illness and wish him a speedy recovery.

Mrs. William Keays of Nouvelle spent a few days here last week with her daughter Mrs. L. Court.

Miss Olive Brown of Escumac flats visited relatives here recently.

Mr. William Gaudin was in Campbellton on Monday and Tuesday of last week for medical treatment.

Mr. Isaac Little's Mill is closed down for the season.

Mr. William Harper of Oak Bay is visiting his daughter Mrs. Angus Campbell.

Mr. and Mrs. Carr of Oregon arrived here last week and are the guests of Mrs. H. McDonald.

Mr. John Elliott was ploughing here on the 27th of November.

Belledune

Mrs. Allo Devereau and son Osborne spent the week-end with friends in Jacquet River.

Mr. Leo Fournier has returned home from Michigan last week.

We are glad to learn that Mary Fournier is recovering from a severe attack of La Grippe.

Miss Agatha Legassy has gone to Bathurst to spend a few weeks with her sister Mrs. A. Roy.

Miss Doris Devereau is visiting her aunt, Mrs. Jack McGarven.

Mr. Lyle Devereau has returned home from Lawson Brook with a cut hand.

Miss Irene Grant of Petit Rocher is visiting Mrs. Donat Melanson.

Mrs. John Doucette of Bathurst is visiting her mother Mrs. G. Fournier.

Mr. Phillip Young and Eddy Legassy were visiting at Mr. Paul Legassy's.

Mr. Lyle Devereau was to Bathurst Saturday last.

Mr. Orin Devereau has gone to the woods for J. and A. Culligan Co. to spend the winter.

Mr. Ernest Legassy and sister Agatha and Cecelia spent the evening at Mr. A. Devereau's. An enjoyable time was spent playing cards.

Miss Dorothy Devereau was visiting Miss Betty McKenna of Bathurst last Tuesday.

Mr. A. Devereau was visiting Mr. M. A. Levesque last Sunday.

Mr. Stella and Lizzie Legassy was visiting their aunt Mrs. J. Thibodeau.

Mr. Lyle Devereau spent Sunday evening at Mr. John Legassy's.

Mr. Marcel Auger spent Saturday in Bathurst.

SUNNYSIDE

A quiet wedding took place in St. Gabriel Church, Jacquet River, Nov. 26th, when Miss Stella Gallant, daughter of Mr. and Mrs. John P. Gallant became the bride of Mr. Howard Firlotte, son of Mr. and Mrs. Frank Firlotte.

The marriage ceremony was performed by the Rev. Father Trudell. They will reside at the groom's home in Sunnyside.

Master Leonard Musharolle was pleasantly surprised on the evening of his eighteenth birthday when his many friends gathered there for the occasion. The lad received numerous gifts. A delectable lunch was served at midnight. Among those present were Mrs. E. Johnson, Mrs. Maisie Bernard, Miss Muriel Duplay, Miss Mary Murphy, Messrs. Paul Bernard, Peter Firlotte, Gordon Musharolle, Joseph Murphy, Charlie Firlotte, Willie A. Bernard, Abraham Driskell, Wilfrid Driskell, John Duplay, Edward Casais and many others.

The death of the infant son of Mr. and Mrs. Austin Callahan, took place on Friday evening, Nov. 30th. Mr. and Mrs. Callahan have the sympathy of all their neighboring friends. Mr. Percy Brimacombe, who had gone out west with the first Harvest Excursion Train, returned home Wednesday morning.

Those General Days Observances of absent inhabitants: I can remember when they'd put a line around the bars of the baby's water mattress so when they got behind the steering wheel of a motor-car, Cincinnati Enquirer.

NOTICE OF SALE

TO PERCY MYERS, of Ottawa, in the County of Madoc, one of the United States of America, Labourer, and to all persons whom it may concern:

NOTICE IS HEREBY GIVEN that the undersigned, Percy Myers of Ottawa, Ontario, in and to the County of Westmorland, in the Province of New Brunswick, do hereby certify that the following is a true and correct copy of the first part and Bill of Sale contained in a certain Indenture of Mortgage bearing date of the twenty seventh day of September, A. D. 1921, and made between the said Percy Myers of the one part, and Hail Daymond, of Campbellton, in the County of Westmorland, and Province of New Brunswick, Labourer, of the second part, and registered in the Registry Office for the County of Westmorland, on the thirtieth day of July, A. D. 1921, as number 814 entered in Book number "B" page 711 to 714, there will, for the purpose of satisfying the monies secured thereby and interest thereon, default having been made in the payment thereof, to be sold at Public Auction in front of the Post Office at Saint Quentin, in the County of Westmorland, and Province of New Brunswick, on Friday the fourth day of January, A. D. 1924, at eleven o'clock in the forenoon, the freehold lands and premises described in the said Indenture of Mortgage as follows:

ALL AND SINGULAR, that certain piece, parcel and tract of land and premises, situate lying and being in the Parish of Saint Quentin, in the County of Westmorland, and Province aforesaid, bounded and described as follows:

Beginning at a post standing in the north western side of a reserved road and in the south western side of another reserved road lying between number five and six, in Range seven, Evers settlement, thence running by the Meridian of the year 1812 along said north western side of reserved road south twenty three degrees and twenty minutes west twenty seven chains to a corner post standing on the Westmore-Victoria County line, thence along the same north forty five degrees and fifteen minutes west sixty six chains and thirty links to another post standing on the south western side of reserved road aforesaid, thence along the same south sixty six degrees and forty minutes east fifty nine chains and eighty links to the place of beginning. Containing eighty two acres more or less and distinguished as lot number five, in Range seven, Evers Settlement.

TOGETHER WITH THE APPURTENANCES DATED HIS TWENTY SIXTH DAY OF OCTOBER, A. D. 1921, in and to the County of Westmorland, in the Province of New Brunswick.

HAIL DAYMOND,
Mortgagee.

"I Had General Debility," Writes Mrs. Pelletier.

General Debility or a run-down condition of the system may be due to overwork, going out too soon after an illness, worry, neglecting to take proper care of one's health, sleeplessness, etc. Its symptoms are weakness, lack of energy. The person so afflicted is easily fatigued, nervous, depressed. Headaches, nervous dyspepsia are other symptoms of nervous debility. Building up the system with Carnel is the way Mrs. Pelletier was benefited. Her letter follows:

"I had general debility. I was all run down. I hadn't any appetite and could only digest liquids. I was nervous. I couldn't sleep. I was losing weight. The least exertion tired me. I consulted my doctor. He told me to take several bottles of Carnel because I needed building up. When I told Mr. H. H. Page, the druggist, my trouble he said he knew of no finer tonic. He said he always recommended it when a good, reliable tonic was needed. After taking three bottles I got relief, but I am still taking it. My appetite has come back. I can sleep. I have no more headaches and have already gained ten pounds. I am well satisfied with Carnel and always recommend it to my friends."—Mrs. M. Pelletier, Riviere du Loup.

Carnel is sold by all good druggists everywhere.

Bad Breath Overcome

"Bad breath is a sign of decayed teeth, foul stomach or unclear bowels." If your teeth are good, look to your digestive organs as the cause. Get Seigel's Carative Syrup at druggists. 15 to 30 drops after meals, clean up your food passage, and stop the bad breath odor. 50c and \$1.00 Bottles. Do not buy substitutes. Get the genuine.

FLOOR SCRAPING MACHINE

I have purchased a "Universal Floor Scraping Machine" (one of the best on the market) and am now prepared to scrape hardwood floors of every description in a thoroughly first-class manner at most moderate prices.

Nervous Feeling Due to Gas on Stomach

Pressure of gas on heart and other organs often causes a restless, nervous feeling. Simple buchu bark, glycerine, etc., as mixed in Adierka, espels gas and relieves pressure and nervousness almost INSTANTLY. Acts on BOTH upper and lower bowel. Adierka removes matter you never thought was in your system and cleans poisoned stomach, causing gas and nervousness. EXCELLENT to guard against appendicitis. A. McE. McDonald, Druggist.

NOTICE OF SALE

TO Joseph Alms LeBlanc of the Town of Campbellton in the County of Westmorland and Province of New Brunswick, Merchant, and all others whom it may concern:

NOTICE IS HEREBY GIVEN that the undersigned, Joseph Alms LeBlanc of the Town of Campbellton, in the County of Westmorland, and Province of New Brunswick, Merchant, do hereby certify that the following is a true and correct copy of the first part and Bill of Sale contained in a certain Indenture of Mortgage bearing date the fifth day of May, A. D. 1921, and made between Joseph Alms LeBlanc of the Town of Campbellton, County of Westmorland, and Province of New Brunswick, Merchant, of the one part, mortgagee; and The Royal Bank of Canada, of the Town of Campbellton, County of Westmorland, and Province of New Brunswick, of the other part, mortgagee, recorded in the Records of the County of Westmorland at No. 18, 180 on page 491 to 493 in Book "Q" of the said Records.

There will, for the purpose of satisfying the monies secured by the said Indenture of Mortgage, default having been made in payment of principal and interest thereof, be sold in front of the Post Office in the Town of Campbellton, in the County of Westmorland, and Province of New Brunswick, on MONDAY, the SEVENTH DAY OF DECEMBER, A. D. 1923, at the hour of twelve o'clock at noon, all the lands and premises described in the said Indenture of Mortgage, beginning at the southwestern corner of a lot of land sold by the said William West to one Gustavus E. Ather, thence running Northerly along the western boundary of said lot of land, to a corner post with water surface thirty feet thereon, thence with westerly boundary line of said lot of land, one hundred feet to a corner post, thence Easterly along the northern side of said Street fifty feet to the place of beginning.

Together with all buildings and improvements thereon, and the rents, royalties and appurtenances to the said lands and premises belonging or in any manner appertaining.

DATED at Campbellton in the County of Westmorland, this Seventh day of October, 1923.

Regd. ROYAL BANK OF CANADA Mortgagee.

(Sgd.) KELLY & GILBERT,
Collectors for Mortgagee.

Mrs. McKay of Dalhousie is visiting Mrs. Peter McLean.

Mr. Lindsay Mann of Oak Bay Mills was a visitor to town on Sunday.

Mr. G. C. Hayward of the Lonsberry Co., Ltd., Moncton is in town to-day.

URGENT LEARNERS TO CONTINUE WITH ATHLETIC CLUB

Continued from page one

were of the same opinion that the movement should be continued. On the motion being put every man and boy present rose to his feet.

The matter of a board of trustees to supervise the monetary matters of the club was then discussed. It was pointed out that with such a board of responsible business men the immediate necessity of incorporation would be done away with. On motion the following board of trustees was appointed, pro tem, subject to the approval of the association as a whole, the mayor of the town always to act as chairman of the board: Judge McLatchey for a period of one year; David Champoux, for a period of two years; B. A. Stewart for a period of three years and A. T. LeBlanc for a period of four years. As each trustee's term expires he may be re-elected by the club or the vacancy filled by another according to the vote of the members.

On motion it was decided that the executive be authorized to appoint the necessary number of solicitors to canvass the town thoroughly in a campaign for members. The meeting also formally authorized the secretary to call a meeting of the club's executive for Friday evening and in the event of a quorum of the committee not being present further empowered him to a general meeting of the association for Monday evening next when new officers could be elected if this procedure was deemed necessary.

There is no doubt but what the outlook for the sport projected now looks much more promising. The membership campaign will no-doubt be launched very shortly and with the club's undertakings in regard to the raising of funds, made legally safe by the appointment of a reliable board of trustees no one can have any fear of losing a membership fee, or, in fact, any contribution they desire to make.

MORE RAIN

Warm easterly storm has prevailed all to-day.

W. R. McMillan HEADS BLACK KNIGHTS
