Englishman With Ponies and Motor Sledges Defeats Norwegian, Who Depended On Dogs and Skiis In Dash to the Ultimate South.

Wellington, N. Z., March 7.-Captain R. Amundsen, the Norwegian explorer, states that Captain Scott, the British explorer, reached the South Pole.

London, March 7.—The first message with the definite statement from Amundsen that Scott had reached the South Pole, was received from Wellington, New Zealand, by the Daily Express.

London, March 7 .- Mrs. Scott, the wife of the British explorer, has not received any direct news of her husband's reported success. She says this morning that she is unable to imagine how Captain Amundsen can know, morning that she is unable to imagine how captain Amindsen can know declaring: "I hope the news is true, but at present I do not dare to believe it."

Lieutenant Evans, the London secretary of the Scott expedition, authorizes the statement that no news whatever of Captain Scott's success had reached the local headquarters beyond the newspaper dispatches. reached the local headquarters PEARY PLEASED.

Washington, D. C., March 7.—Rear-Admiral Robert E. Peary, the Arctic explorer, and discoverer of the North Pole, who has followed with considerable interest the movements of the several expeditions now in the Antarctic, today said he was very glad to hear that Captain Scott, of the British expedition, was the first man to succeed in reaching the South Pole. Admiral Peary said he might say more when he heard the details of Captain Scott's

UPPER PLATEAU

SAPT BHACKLETON'S WARTHEST BOUTH

a Polar Hero

Capt. Robert F. Scott is an officer of the British navy, the scion of a famous English naval family. He commanded the "Discovery" expedition in the Antarctic regions, 1902-1904, planting the British flag at 82 degrees 17 minutes south.
Ernest Shackleton, who in
1908-09 reached the "farthest
south"—111 miles from the pole, was a member of Scott's first expedition.

Scott's latest polar expedition has cost over \$200,000 subscribed by British people, and

Government. He sailed from London on the Terra Nova June 1, 1910, stop-ping at New Zealand on his way to Ross Sea in the Antare-

The Terra Nova is the largest and strongest of the old Scottish whalers. She was built at Dundee in 1884; 187 feet long and 32 jr.

Since 1903 the Terra Nova has been engaged in polar trips, having been in both the Arctic and Antarctic regions.

GUILTY OF ATTEMPTED MURDER. [Canadian Press.]

Montreal, March 7.—An argument over a girl between two Italians, Francisco Mediati and Dave Gounatti, has resulted in the former being found guilty by an assize jury here of attempted murder. Mediati bought a revolver with the intention of killing his rival, but his afm was poor, none of the six shots fired at

CAPT. SCOTT, HIS BOAT AND SOUTH POLAR REGIONS

Facts About the South Pole

The South Pole is situated on an Antarctic continent larger than the United States and with an area of 5,000,000 miles.
The Pole is on a tableland about 10,000

feet above sea level. The great ice barrier is a glacier 700 mlles wide and hundreds of miles broad in places; it varies from 100 to 300 feet in

The breaking off of portions of this ice barrier each summer produces the greatest erop of icebergs in the world. Mount Erebus belches steam and lava within the circle of eternal ice.

It is probable that the South Pole it

self is buried under ice 5,000 feet thick Vegetation in the Antaretic contine consists entirely of moss; the land animal life is limited to a species of wingless insect very primitive in form. The only human beings in the Ant-

arctic continent are explorers; no traces of native inhabitants have ever been dis-Penguins, great, awkward birds, exist

along the coast in some parts. There is little snow on the lower plateau, necessitating carrying tents; the surface is smooth ice. Deep crevices in the Beardmore glacie

render travel up it perilous. Scientists claim that centuries ago the South Pole was a tropical region filled with plant and animal life.

They also maintain that the Pole is never at the same place for two concutive years, that the earth wobbles around considerable each twelve months

Growing Paralysis of Railways, Increasing Prices of Food and Thousands Thrown Out of Employment Causes Dailies to Appeal to Monarch to Bring Coal Struggle to an End.

London, March 7. — The morning mediate peace in the coal war, and papers print an appeal to King George rescue the state from its troubles, and The London Express says: "Only one that man is the King. Ministers have failed. Parliament is impotent, and the customary channels of industrial arbitration are blocked. But the King can save the situation.

"It may be objected that as the King is a constitutional monarch, he must act through his constitutional advisers, but that is not a valid objection in this great national crisis. The King is the father of his people, and as such stitution, through his advisers, offer

MUST "CUT OUT" THE "SIDE LINES"

Get Permission from the City Council.

It Is Said a Threat Was Made To Cut the Stipend of Dr. Hutchinson to \$900 a Year.

The salary increases voted at a secret session of the city council last night are attracting some notice to-Little information has leaked out regarding the discussion, but it is understood that some interesting

things were said, Ald. Richter was the master of the situation most of the time, and it was his ideas that prevailed largely.

Some criticism was made because of the fact that the committee did not consult the head of any department with regard to the men under them. The new members of the council had little opportunity to make inquiries. and their juagment was not of the

However, it may be said that Ald. Richter, who has been on the council for over two years, made a very close study of the duties of the various officials, the work they did, etc., and was thoroughly conversant with conditions prevailing at the city hal No Outside Work.

The most drastic change was that official shall do outside work without the consent of the council.

Some joint officials, such as City Treasurer Bell, City Architect Nutter, and their assistants, will be affected but an arrangemnt will be entered into whereby each of the civic bodies employing these men will pay a graded amount per year.

However, some of the other officials will have to cut out their side lines. Some of them make a little spending money auditing books, etc., but if the council amends the bylaw, as it is expected it will be, many of them will have to cut this out altogether.

Mr. Martin O'Sullivan, an assessor is also secretary-treasurer of the separate school boa.d. He will have to ask the council to grant him permission to accept the position.

None of the other officials, so far as is known, work for a civic body, but many of them have other sources of The new bylaw is consequently rather drastic, and there is some ill-feeling on the matter.

A Threatened Cut. There were few reductions in salary. Some of the aldermen threatened to reduce Dr. Hutchinson's pay one alderman making a motion that he be reduced from \$1,400 to \$900. However, this did not carry, and the medi-cal health officer will receive the same

City Treasurer Bell was cut down little, \$50 or thereabouts. Of course his salary is yet to be finally decided upon, but it was proposed to give him \$2,100. This is the amount he received last year as salary, but in addition he had certain fees, for certifying that the taxes were paid on certain properties, etc. These amounted

In the future, they must be turned

The salary of City Auditor Jewell was not touched at all, and there is some dissatisfaction expressed over this fact. He, too, does work for others than the city of London.

\$300 DAMAGE DONE BY FIRE TO HOUSE

Residence of Mr. Frank Augur Partially Destroyed During His Absence.

Fire caused \$300 damage to the residence of Mr. Frank Auger, Huron and Waterloo streets, about 10 C'clock last night.

Passersby noticed the flames pouring from the place, and immediately turned in an alarm. The brigade responded promptly, and soon had the fire under control. The family were out of the city at the time, attending a funeral. Fire Chief Aitken appraised the loss at \$300. It was caused by a defective flue in the furnace,

Shortly before this the brigade had a run to McCallum's blacksmith shop, on King street, east of Clarence. The reflection from a stove led some person to believe that the place was on fire and an alarm was turned in.

Spasms of Coughing

official to be employed by another civic body without the consent of the council, who will arrange for the proportion of the salary to be paid by each.

Those present at the meeting were Mayor Graham, Ald. Richter, Bennett, Johnston, Wright, Rose, Ashplant, Murphy, Moore, Coles, Blandford, Robinson and City Clerk Baker.

NO HYDRO FOR STREET RAILWAY

Company Going Ahead With Power House and Has Bought New Machinery.

CALLING FOR TENDERS

Work on the New Building Will Be Begun as Soon as Possible, Says Engineer Moore.

Plans for an addition to the London street railway powerhouse have been prepared by Mr. John M. Moore, and tenders will be called for as soo as the specifications are ready. The plans have been accepted by the board of directors of the company, and the onstruction work will be commenced at an early date.

In addition a portion of the ma-chinery for the power plant has been ordered, and the plans for the rest are being considered. Contracts for the remainder will be awarded in the near future.

This definite announcement finally isposes of all possibility that the Lonon street r: ilway will be a customer of the city for Niagara power. The nnouncement was made at the anual meeting in February that the ompany intended putting in a steam plant, but in some quarters it was thought that this was merely a bluff on the part of the company to obtain eter terms. However the company meant business and will at once in stall an up-to-date steam plant.

Calling for Tenders. "The plans are ready, and we wil all for tenders for the building of once," said Mr. John M. Moore, the architect. "We will get to work in early date."

"We have awarded contracts for a portion of the machinery," said Mr. W. M. Spencer, ore of the directors. 'We are considering plans for the rest of it, and will arrive at a decision in short time. It is our intention to put n an up-to-date steam plant, having ome to the conclusion that it is the etter for our business.'

The board are anxious to have the lant ready when the heavy excursion raffic in the summer commences.

NEW HOTEL MAY BE BUILT SHORTLY

It Is Said the Hiscox Plan Is Being Matured But, There's Nothing Official.

The proposition for a new hotel on the Hiscox property on Queen's avenue, is assuming definite shape, the

It is proposed to erect the building on the land occupied by the terrace on Queen's avenue. It will front on this thoroughfare, and an opening will be made on Dundas street by building an arcade. Along this thoroughfare a number of small shops will be pro-

As soon as the survey of the site is completed, the plans will be prepared and construction work begun. It is understood that the hotel will be of modern construction, six stories in height, and will be the finest west of

Mr. Geo. T. Hiscox, owner of the property, stated that he had nothing to say on the matter.

MANY POSSIBLE SITES FOR NEW CITY HALL

But Nothing Has as Yet Been Decided, Says Ald. Coles.

Ald, Coles announced today that he will call a meeting of the city hall committee on Monday or Tuesday of next week, when the question of sites.

etc., will be considered.

In the meantime a great deal of information is being obtained from various sources as to the styles of city buildings in other cities, photo-graphs and cuts of the halls in nearly every large city in the United States and Canada having been forwarded to City Clerk Baker and Ald. Coles. The members of the committee are very reticent as to the possible site of of Dexter.

the structure, declaring that the mat-ter has not been decided, and that it would not be for some time. "We have in mind many proposi-tions," said Ald. Coles. "It is a big

problem, and we are going to take a Kenzie, at Dexter. little time in arriving at some decision. We have not yet decided where the aware, is spending the week with relahall will be built. The whole thing tives here. has dwindled down largely to a question of money, and that viewpoint will Leslie, of Winnipeg, are visiting Mrs. determine to a great extent where the John R. Whose SILK GOODS

GREAT ARRAY OF SPRING AND SUMMER SILKS FOR SEASON 1912, which promises to be the greatest silk season in many years. In this day of imitations, let us caution you when you go to buy anything called "silk." Much which goes to make up these so-called silk fabrics comes from the cotton patch, which, by a process of mercerizing, is made to look like silk, such fabrics at this store are carried in the muslin or cotton department where they rightly belong.

Our silk department has always been a pride with us and this week we especially call your attention to the early display of fashion's newest productions which comprise a splendid variety of novelty dress silks from France, Italy, Switzerland and England. A feature this season is the wide widths, almost every line is shown in double fold.

French Charmeuse, 42 Inches Wide

This is the finest and highest-grade, imported from Paris, for pretty afternoon dresses and suits. An exceptionally beautiful fabric of superior wearing quality. Shown in saxe blue, bronze, king's blue, reseda green, pearl gray, slate gray, ivory and black. Price, yard\$2.50

Swiss Satin de Chine, 39-40 Inches Wide

A new satin-like dress fabric of medium bright finish, firm, heavy weave, highly recommended for wear. Shown in three shades of saxe and delph blue, apple and reseda green; two shades in navy; brown, gold, brass, ivory, cream and black. Price, a yard \$1.00

Italian Parma Silk, 381/2 Inches Wide

A beautiful heavy bright-finished all-silk, absolutely the best value imported at this price. Shown in colors of saxe blue, reseda, champagne, pink, sky, brown, navy, old rose, cream and black. Price, yard\$1.00

Some New Blacks, Messaline **Duchesse Satin**

36-inch Satin Duchesse, extra heavy quality, rich black dye.

39-40 inch Black Messaline Satin Duchesse, extra fine soft finish dress satin, firm, heavy quality. Price, yard..... \$1.50 39-40 inch Black Messaline Satin Duchesse; one of the highest grades imported for fine dresses, French dye and rich finish. Price, yard\$2.00

36-Inch Black Paillette, 89c and \$1

TWO SPECIALS-If you are looking for an extra quality dress silk at a popular price, these two numbers should interest you, as the quality and weight is superior to any previously shown; full 36 inches wide; two qualities. Prices, yard......

269 of the bilingual schools which Sir monly revealing the potential trag-James Whitney said had no existence. edies and humors of the commonplace. In these schools there were 18,833 His humor is of the most delicate pupils whose mother tongue was French, and 2,812 whose mother tongue overconscious, ultra-technical, a hotwas English. In approximately 80 per house flower, of the quill quilly. cent. of the separate schools in the counties of Russell, Prescott, Stormont and Glengarry, and the city of Ottawa, French is employed in teaching all loud report. subjects except English, which is regarded simply as one subject among others in the course of study. About 90 per cent. of the public schools and districts of Muskoka, Parry Sound, hilt. Hallburton, Nipissing, Sudbury, Algoma, Temiskaming, Thunder Bay and Rainy River, are of this type. In Essex and Kent the conditions are different in this respect, though in these localities the English-French schools suffer like the others from the incompetence of teachers. Dr. Merchant found twenty-two teachers in various bilingual schools in various parts of Ontario who could not even speak English with any degree of freedom.

the communities concerned leave school to meet the demands of life with an inadequate equipment in education. This statement applies the beginning of the report are, as known since the days of Langevin. compared with other schools in the province, inefficient."

The efficiency of the schools is serlously lowered by the employment of until action was forced on him. Not Liberal banquet. such a large proportion of teachers one of the Seven Sleepers at Queen's holding certificates of the lower grades. Park will voluntarily wake up. To add to the difficulty 60 per cent. of the teachers had been in their posttions less than one year. Those in control of Roman Catholic separate schools were working under freer conditions respecting the course of study, the language of instruction, and the use of text-books, than those in charge of public schools prevails. To quote from Dr. Merchant's report:

"Indirectly, this impression has been one of the chief factors in limiting the use of English in English-French Roman Catholic separate schools in Eastern Ontario and the districts, Lecause the teachers in these schools have not been made to feel that they were under obligations

fers a clear-cut opinion. He is opposed to the retention of French as the language of instruction throughout the whole course, though some teachers argued strongly for it. He thinks the best method is to require a French child to remain three years in Form L. and two years in Form II., during which time English is made gradually to replace French as the medium instruction. After the second form English alone should be the language of communication. Greater facilities are needed for the training of bilingual teachers, and Dr. Merchant implies that a higher scale of salaries is needed to attract to the teaching profession more young men and women adequately equipped with French and English. They are in great demand in the civil service, where the remuner ation is larger.

The Ontario Government is now in possession of the facts. The disease has been skillfully diagnosed, and the renedy indicated. The Government Dispatches today proclaim the has no excuse for further delay or evasion.

(Continued From Page One.) explorers of different nationalities have been making to reach this last extremity of the undiscovered portion of the globe.

Captain Robert Falcon Scott started on his expedition from Port Chalmers, New Zealand, on Nov. 29, 1910. He was well equipped for the dash for the farthest south, having made a previous expedition under the direction of the Royal Geographical Society. At that time he attained a record of 82 degrees 30 minutes, which remained the record up to the time of Lieutenant Shackleton's notable exploit. Shackleton pushed further south, and in 1907 reached 88 degrees 23 minutes. 00 miles from the South Pole.

SCOTT'S ROUTE. This remained the record, and inspired the hardy navigators of many nations to attempt the culminating feat of reaching the pole itself. Captain Scott took the route by way of Australia and New Zealand. He sailed due Quite a good way of proving it's spring. south into Ross Sea, a great stretch of water reaching toward the South Pole. His chief competitor in this dash was Captain Roald Amundsen, who is com-And Shuster is someone—and we're missioned by the King of Norway and the Norwegian Government. AMUNDSEN'S ROUTE.

Amundsen chose the route by way of South America, as against Scott and three others who went by the Australian route. Amundsen left Buenos Ayres on board the steamer Fram towards the close of 1910. He passed through the Straits of Magellan and then steered for Ross Sea, the same sheet of water which Scott had gained by way of the New Zealand and Australian route.

ON SHACKLETON'S TRAIL.

Captain Scott planned to follow the same land trail that Shackleton had and also quoted with splendld effect aken. This is along a mountain range, thought to be an extension of the Andes range, running southward through South America. At the further-most point of Ross Sea, Captain Scott debarked his party from his ship, the Terra Nova. Immediately at the point of debarkation stands out the great volcano. Mount Erebus, from which rises constantly a great column of steam, it is one of the dreaded localities of the Antarctic, to which navigators given the name of Terror Bay, for here was crushed in the ice Nordenskjolds' ship, the Antarctic. Back of this bay the steam-wrapped volcano stands out like a sentinel against the ice-covered mountain range stretching southward.

Scott's Dash.

Captain Scott made his first winter quarters on the slope of the mountains and there remained until November, 1911. It was then that his dash began. His plan was to cover the remaining distance by the end of December, and then immediately about face and make the dash back again. Besides his equipment of food, e had placed reliance on a score of ponies, with 29 dogs and one motor ing accompanied Shackleton sledge. It was designed to use this previous trip to the Antarctic. ledge in making rapid progress over the comparatively level stretches of the foothills. Due allowance was made for the death of ponies and dogs, east of Ross Sea. the steady depletion of stores and the oss of vitality of the party making up bave now been out of sight of the expedition Relied on Dogs.

to motor sledges, as his experience Amundsen had returned, and has had led him to place all his reliance brought word of his leading opponent The teams have been going a merry on Siberian dogs. He had with him a reaching the coveted goal. pack of 110 of these animals. They were trained not only to the labor of drawing the sledges with supplies, but Pole, while a momentous event, has last night, the Wizards demonstrated were available as food by a steady not the same features of importance their superiority over the Swastikas ratio of reduction as progress to the and danger as relate to the North pole and back was made. Capt. Pole. The quest for the North Pole was the stiffest kind of an argument Amundsen's men also counted on the has been through great fields of open from bell to bell. The winners will use of skiis, the Norwegians being capable of rapid travel over snow and ice by this device. Going with the wind. Amundsen counted that greater progress could be made on skils than atively few in that for the South Pole. Scott could make in his motor sledge. Thus these two parties have taken the lead in this notable contest.

Germans and Japs. The other competitors in the race re Lieut, William Filchner, of the general staff of the German army; ieut. N. Shirase, of the Japanese navy, and Dr. Douglas Mawson, representing Australia. Lieut. Filchner followed largely the plans of Dr. Nan-

Clent water supply,

The fire is believed to have started penetrated the cells.

The loss is placed at about \$50,000, and is well covered by insurance, first noticed, the flames were shooting the windows instrable that there is a devil, because there cannot be two omnipotents. The statement, said Dr. Yeuell, is based on a wrong conception through the windows instrable that there is a devil, because there cannot be two omnipotents. The statement, said Dr. Yeuell, is based on a wrong conception. While the devil is a person, he is not omnipotent; but even if he were omnipotent he could be resisted, for men and women resist the omnipotent God every day. The devil is neither all wise, all powerful, all victorious

nor eternal. This is God's universe.

and the devil is only the chief dis-

turber in it, and he is finally to be lestroyed with all his works and folowers. The devil can be resisted, but only by those who first submit themselves to God. Jesus successfully encounterd and resisted the devil in the wilderness temptation because He had first submitted himself to God, and the man who is exposed to the devil in absence of God's help will go down every time. Dr. Livingstone told of a certain kind of tiger in Africa that fixes his attention on a certain individual in a

crowd of men and waits his opportunty. So Satan fixes on his man. Dr. Yeuell drew a graphic picture of the venom and downward career of Richard Third, Duke of Gloster, because he could not tring under his control all England. When he gave up hope he made all evil his aim. Dr. Yeuell referred to the play of Faust,

from Shakespeare and Milton. As a prelude to his sermon Dr Yeaell in answer to a line in the question box, gave a lucid exposition of "Spiritual gifts," from a Biblical standpoint, and bearing on some thing being said and done in the city as reported in the papers. He will have more to say on this line.

Miss Roth continues her sweet ergs, and the noon-shop meetings are continued. Dr. Yeuell addressed the employees

at McClary's Wednesday, and congratulated the firm on the excellent accommodation for their men. It was the finest he had seen during all his

On Saturday night Dr. Yeuell will give his best illustrated lecture, and men in the Auditorium.

ONE MORE GAME

Unless a Tie Develops, Ingersoll's Hockey Season Will Be Ended. [Special to The Advertiser.]

Ingersoll, March 7 .- Only one game emains to be played in the town lockey league unless a tie develops which is considered hardly probable pace since the opening of the league and some really brilliant games have by a score of 4 to 1, in a game that now hook up with the Beavers for the championship, and a battle roval is predicted by those who have been keeping an eye on all the teams.

The prestige of west side curlers was successfully championed last night when knights of the stone from the direction of the setting sun decated those of the east side of Thames street. The game was played with five rinks representing each side, and a great deal of interest was aroused. The game was concluded with the westerners 22 shots up, an outstanding feature being that each

"I s'pose you mean a motor car, sir? said the boy.

Vanrenen, a tall man, thin, close-lipped,

"Are you sure about the car?" he said

aining to figures.
"What was the sum?" he said.

(To Be Continued.)

'Oh, but this is too ridiculous!" and

From the Cathedral they wandered into the beautiful grounds of the Bishop's Paldefeat of his troops at the battle of Rowton Moor," was Medenham's savage ace, where a brass plate, set in a bound- growl. ary wall, states in equivocal phrase that "Nell Gwynne, Founder of Chelsea Hos- thia murmured: pital, and Mother of the First Duke of St. Albans," was born near the spot thus St. Albans," was born near the spot thus marked. Each remembered the irresponsible chatter of Saturday, but neither alluded to it, nor did Medenham offer to lead Cynthia to Garrick's birthplace. Not forty-eight hours, but long years, as measured by the seeming trivialities that go to make or mar existence, spanned the interval between Bristol and Hereford. They chafed against the bonds of steel that yet sundered them; they resented the silent edicts that aimed at parting them; by a hundred little artifices each made clear to the other that the coming separation was distasteful, while an eager interest in the commonplace supplied sure

Once, while she was making a note, Medenham sheld the camera, and happened to watch her as she wrote. At the top of the page he saw "Film 6, No. 5: Fitzroy poses as the First Earl of Chepstow." Cynthia's left hand hid the entry "I couldn't help seeing that," he said mocently. "If you will give me a print,

Wye Bridge, were duly snapshotted and

I shall have it framed and place it among the other family portraits." "I really meant to present you with an album containing all the pictures which turn out well," she said.

You have not changed your mind, I

hope?"
"N-no, but there will be so few. I was rather lazy during the first two days."
"You can trust me to fill in the gaps th exceeding accuracy."
"Oh, don't let us talk as if we would never meet again. The world is small-

to motorists."
"I had the exact contrary in mind," he "I had the exact contrary in mind, ne said quickly. "If we parted today, and fild not meet for twenty years, each of us might well be doubtful as to what did not happen last Friday or Saturand at 9:30 a.m. Perhaps he had just heard of Mr. Vanrenen's departure," the said. or did not happen last Friday or Saturday. But association strengthens and confirms such recollections. I often think that memories held in common are the most solid foundation of friendship."
"You don't believe, then, in love at first

she ventured. "Let me be dumb rather than so mis-understood!" he cried. Cynthia breathed deeply. She was pro-

foundly conscious of an escape wholly due to his forbearance, but she was terrified at finding that her thankfulness was of a very doubtful quality. She knew now that this man loved her, and the knowledge was at once an ecstasy and a torture. And how wise he was, how considerate, how worthy of the treasure that her overflowing heart would heap on him! But it could not be. She dared not face her father, her relatives, her host of friends, and confess with proud humility that he had found how more in some unfriends, and confess with proud numbers that she had found her mate in some unthat wide-open, all-seeing eyes, smiled at the maive correction; with that smile the naive correction; with the naive correction of the naive correction; with the naive correction of th what she might dare when put to the in her father's face.

what she might dare when put to the test. Her lips parted, her eyes glistened, and she turned aside to gaze blindly at the distant Welsh hills.

"If we don't hurry," she said with the blowness of desperation, "we shall never complete our programme by nightfall. And we must not forget that Mrs. Leland awaits us at Chester."

"Tonight I shall realize the feelings of "Yes, sir, rather," continued the boy, brimming over with enthusiasm. "The gentleman went along the Hereford road, too, wiv a shuffer, an' he's stayin' at the Symon's Yat Hotel."

Peter Vanrenen frowned, and Cynthia vanished, to be replaced by the Wall

DELICIOUS APPLE TAPIOCA

"It will be so good that there will not be a pearl left," was the description given by a certain cook of her apple tapioca, and she was right. There wasn't a pearl left. But very likely if you had asked her to give you her recipe for this good pudding you might have got into an argument or two with her as to how to make it.

The ingredients are smple: Some tapioca, some water, some apples, and some sugar, with a pinch of salt and possibly a bit of cinnamon or lemon or

Will you use the pearl topicca or the minute? If you use the minute there will be one point settled over which you and the cook might disagree. You would not need to soak it. But if you used the other kind she might maintain that you must soak it in plenty of cold water for at least eight hours, but never more than twelve, while you might maintain that four hours in four times its bulk in water, or even one hour.

Mrs. Farmer, magnificent cook and cook book maker, gives the direction, "three-fourths cup pearl or minute tapioca," then says to soak the tapioca one hour in cold water, to cover, drain, add two and one-half cups of boiling water before cooking in a double boiler until transparent. Mrs. Janet McKenze Hill uses one quart of boiling water to a cup of tapioca, sprinkling the latter with a half a teaspoonful of salt into the boiling water, stirring occasionally while it cooks till transparent. And now about the apples, over which we will pour one cup or less

cooked taploca. How many shall we have, and shall we merely pare and core them, or shall we cut them up into quarters or smaller? Of course the more apples we use the larger our pudding, and, according to most At any rate, there ought not to be so little apple that it must be hunted for, as one must hunt for the oyster in a poor oyster stew. From two to eight apples are the numbers given but a more definite direction is to fill your well-buttered baking dish two-thirds full with apples. If the apple

ples can be cooked whole, after being pared and cored, so as not to break, the pudding may be served very attractively.

The amount of sugar to be used should vary according to taste and the acidity of the apples, although at this time of year all cooking apples have

about the same degree of sourness. If cooked whole enough sugar to fill the cavities of the apples may be used. This is Mrs. Hill's way, and she mixes the apples mith the sugar so that the apples may be used. the apples with the sugar, so that the apple is beautifull Mrs. Farmer uses the same amount for seven apples, and some peo-

ple use this much for four, or even less. Less exact, but equally good cooks, as far as effects are concerned sprinkle their apples well before pouring over them the tapioca. Of course, one may always add sugar with the cream when ready to eat this pudding. unmasking.

But Mrs. Devar's main business in life erate oven until apples are soft." This is from three-fourths of an hour to an hour, there being considerable difference in a contract to the cooking of the cooking

an hour, there being considerable difference in apples, some cooking much more quickly than others.

Some cooks prepare their tapioca with milk instead of water, and add

one or two eggs, making a tapioca custard, and then pour this over one or Apple tapioca is commonly eaten with milk or cream, but a simple cus-

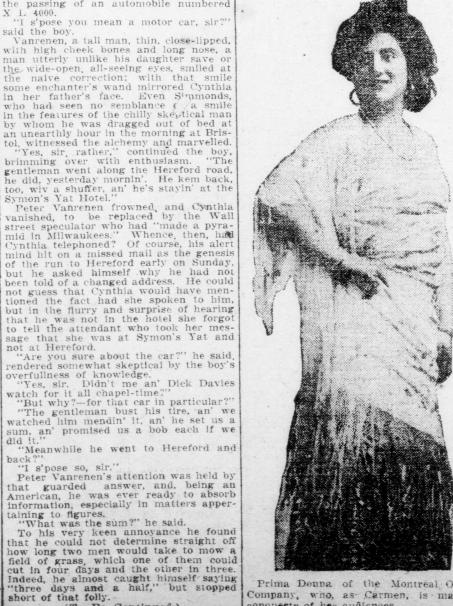

tard sauce — one egg, one cup of milk sugar to sweeten, and a pinch of salt, the whole cooked in double boiler—may be used.

A Dainty Frill

Cynthia's foot stamped. "I have never before known my father behave in this Jack-in-the-Box fashion." ure with work for her summer wardrobe can make herself some frills, down with a band of inch-wide colorwhose popularity still continues in a modified form.

One new frill that can be buttoned o any plain blouse is made of white dotted net, plaited to a half-inch central band of white wash silk emproidered with coin dots. The frill sociates, Medenham fancied it was much more likely that the American railway ed frill three inches wide at the bottom and narrowed to a point on the left of the band. This wide frill has set in it, three-quarters of an inch set lin it, three-quarters of an inch stelling themselves in the Mercury before taking the road to Leominster, Mr. Vanrenen, driven by a perturbed but silent Simmonds, stopped the car on the outskirts of Whitchurch and asked an intelligent-looking boy if he had noticed the passing of an automobile numbered X L 4000.

"It s'nose you mean a motor car sing"

Prima Donna of the Montreal Opera Company, who, as Carmen, is making Never use sponges, because they are conquests of her audiences.

ered wash silk to match the central

Another frill easily made is of heavy fish net trimmed on the edge, but not across the lop, with an inch and a half strip of shadow lace insertion. The frill is then bound across the top and

to a collar that combines stock and frill. This can be made of white or black Chantilly lace attached to the collar in two deep overlapping ruffles that reach almost to the waist line. Over the standing collar of white net falls a three-inch ruffle of lace, held in place at the top with a narrow velvet ribbon with a narrower ruffle falling over it. This shape, which is only becoming

to the long-necked, sleader girl, can be varied by making the ruffles of entbroidered batiste cut into deep scallops, which are outlined on both the deep ruffles with fine white fringe. If the ruffles at the threat are unbecoming the upper one may be ommit ted and the lower edge of the other can be caught loosely to the foundation of net to form a sort of a soft

BABY'S BATH

Nature is a beneficent godmother, otherwise we would have an extinct tion of the human race.

How many times one hears the ex cuse made for a young mother: "She does not know." Not to know is unpardonable. It is quite as much her business to know how to take care of her child and her house as it is for the husband to know the trade or profession by which he earns the money to support her and her child. For the first few months of baby's life its phy sical care should e gross the mother As is well known there are four channels by which impurities can be removed from the body! the skin, the kidneys, the lungs and the intestines. To remove the impurities through the skin, the pores must be kept open. This can only be done by bathing. The baby's first bath should be of oil. Now, of course, your nurse has told that your baby's daily bath must be given at the same time and with the same particular care with which she inaugurated the ceremony.

The oil bath serves the double purpose of cleansing the skin and lubricating the body. This can be given each day with warm vaseline or olive The temperature of the room should

be 72 degrees and the bath tub a small one, on a low stool placed where there is no possibility of a draught. Never place the tub on the floor. For a very young baby the temperature of the bath should be 98 degrees. Two soft wash cloths are necessary.

It's Coming Soon

Watch for the Free Taylor's Soap Coupon

It will appear in this paper on Saturday. The wonderful offer which we are making on Saturday is going to cost us thousands of dollars, but we know once you try Taylor's Borax Soap, the famous Laundry Soap and Infants' Delight, all other soap will be discarded from your home. Taylor's Infants' Delight is the most perfect Toilet Soap in the world whether you use it for the bath, shampoo, for babies' skin, or for any other Toilet purpose. We are going to buy you a 10c cake to show what a rich foamy lather it makes, how it wears as thin as a wafer, how perfectly it cleanses and how soft and smooth it leaves the skin.

Watch for the Free Coupon

that is coming, take it to your grocer and buy 25c worth of Taylor's Borax Soap and he will hand you a full size cake of Infants' Delight Absolutely Free.

the contrary the wash cloths can aundered, dried in the open air au made perfectly fresh and sweet. bath thermometer is an absolute ne essity, unless the mother is like the old negro mammy, who, when asked now she regulated the temperature of 's too cold, and if she turns red, it

Two large soft towels, a cake of ure soap, a powder shaker contain talcum rowder, a soft brush and ne comb, and a large flannel bath ing apron, must be at your hand, and the fresh cothing for baby after she

After undressing cover all but her sead with the flannel apron, and bath her face with fresh water, soaping the cloth and carefully washing the head and scalp Rinse with clear water and ary thoroughly. Now carefully let her down into the water of the tub. This must be done with much delicacy, so as not to give the baby a shock of any kind. Many childre who have such a repugnance to the bath have become frightened during their first tubbings, and have never

recovered. Use a wash cloth and thoroughly soap and rinse the body; then lift her out and carefully place her on the warm towels which have been pre pared on the bed. Wrap the towel around her and; utly pat dry, using the second folds to dry all the little folds in her neck and arms. Dust a little talcum powder on her neck b hind her ears, under the arms and knees, in the groin and on the buttocks. Wire off all superfluous powder, especially where it is liable to

get wet and cake. Now I am sure you will have to rest a few minutes while you contem-plate your happy lot for certainly there is no created thing that is 5 xquisitively beautiful to its mothe as a healthy, well-formed baby fres! rom its bath.

Furniture Brocade For Milady's Costume

At the present time the majority of women are concentrating their ctforts on renovations, pending a leap into genuine modes. In this connection some smart banded coats, somewhat reminiscent of the Russian tunie, are noticeable.

They are fashioned, of furniture procade, are mediaeval in design and coloring and tempered to day exigencies by a veiling of black chiffon, a further attraction being added by a touch of dark fur.

For enhancing the, longevity of a black velvet or satin charmeuse skirt. but a few wardrobes nowadays lacking such possessions, these coats are ideal. One was worn the other day by a very greatly gowned woman. It was relieved by a touch of pale blue, introduced in a narrow fold at the summit of a black velvet belt, the edge of bisque, sleeves and throat being defined by a band of skunk. And with this there was worn a huge black velvet hat, pressed well over the eyes and ornamented with one glorious pale blue Lancer feather. The price of furniture brocade is a

mere bagatelle, its possible roughness of texture being entirely dispelled by the black chiffon veiling, the only

CAP'N JONAH ... HIS FISH

Here's Our Jolly Sailor Friend With a Star Fish in His Hand-Now Listen, Boys and Girls, While the Star Fish Tells His Story.

By the Star Fish,

Do you know why I am called a "Star Fish?" It is because I am shaped like a star. I am the star of the sea.

My five large, thick arms point in different directions. On the end of each My five large, thick arms point in different directions. On the end of each one is a red spot. Those are my eyes. My body is covered with little spine-like prickles. On the under side of my body, near the centre, is my mouth. My favorite foods are oysters and clams. When I want my dinner I bend my arms, or rays, to form a cup. I catch food with the hundreds of little suckers that are on the under side of my body. I hold the creature tight and drag it to my mouth. Then I turn my stomach out of my mouth over the food to be declared last night that he could name again.

eaten.

I live in the sea near the rocky coasts. I travel over all kinds of rough and rugged surfaces. I cling so tightly to the rocks that even you, little friend, couldn't unfasten my hold.

If you come to the seashore next summer, be sure to look for a star fish.

BOARD OF HEALTH TO ABOLISH DUMPS

West London Committee Well St. John's Lodge Held Emer-Satisfied With Result of Interview.

At the meeting of the West London Improvement Society held Wednesday night in Collins' Hall, it was decided to hold a smoker on Tuesday evening next, for the purpose of increasing the membership of the organization. Mayor Graham, a representative from the East End Progressive Association, and others will be present and deliver addresses. A pleasant time

President Nichols reported that a committee had interviewed the board of health relative to the dumps in West London, and he was happy to announce that the board had decided to abolish the dumps in that section altogether. W. Mason, D. W. Sloane, Lobo; S. Mr. Nichols thought the society had alexander, Toronto; W. J. H. Wilaccomplished a great deal in doing loughby, Alvinston; V. E. Wickerson, away with the dumps.

Mr. W. Pudney thought that the Geo. McGregor, Lambeth, and many practice of dumping papers, etc., on local Masons. vacant premises should be stopped. Many fires had been caused by loose paper, and the stuff flying around the treets occasioned many runaways. "I think this is a serious matter oaid Mr. Pudney. "The fire depart ment have a very large number of unnecessary runs, and these all cost the city much money. It does not come under the health act, but I think No 3 committee of the council should look into the matter.'

"I think your suggestion a good one," said Mr. J. J. Clark. "I wish the committee would prohibit the throwing of circulars, etc., on citizens' door-The mails should be used for distributing such matter."

The resolution as amended carried nanimously, and Secretary T. Dexter was instructed to forward it to

After the general meeting, a session of the committee for the social evening was held, and arrangements made.

RESIDED IN LONDON FOR THIRTY YEARS

Mrs. James Tune, of 128 York Street, Died on Wednesday.

Mrs. Sarah Tune, wife of Mr. James Tune, of 128 York street, died Wednesday at her late residence in her Mrs. Tune, who formerly resided with her husband in Simcoe, Ont., came to London 30 years ago, and had resided here since that time. On March 13 she would have attained ner 70th anniversary.

Besides her husband, she is survived by four sons, W. A., C. H., and J. A. Tune, of this city, and George E. Tune, of Stratford. The funeral will held tomorrow afternoon to Woodland Cemetery, when Rev. H. H. Bingham, pastor of Talbot Street Baptist Church, of which the deceased was a nember, will conduct the services.

A Fireman's Peril

How Zam-Buk Delivered Him

At 215 Fraser Avenue, Edmonton, Alta., lives W. P. Mahy, a former member of the local fire brigade, who has wonderful cause to be thankful for the curative powers of Zam-Buk. He says: "A serious skin disease broke out on my face, and spread until I was in a terrible state. The spots and little ulcers were frightfully irritating, and yet when scratched cr rubbed they bled and smarted. Shaving caused me agony, and sometimes I would have to go two weeks without shave. I tried home-made remedies. herb salves, and various other preparations, but the sores got no better. When Zam-Buk was mentioned I had little faith that it would be able to do me any good. My case seemed such an obstinate one. I gave it a fair trial, however, and the first box made such a wonderful change for the better that it gave me encouragement to continue. I did so, and to cut a long story short, Zam-Buk, in the end, quite cured me. My face is now clear of all traces of the terrible disease, which troubled me for so long. Thousands of sufferers from eezema.

Ernest C. Miller, of the Northern SECRETARY KNOX CLOSELY GUARDED

Nicaragua Imprisons Fifty Agitators During His Visit in Managua,

Managua, Nicaragua, March 6 .-Secretary Knox and his party spent the day here. They travelled from Corinto in a special train and were C. J. Wilson, of Tc.onto, has bought guarded by two trainloads of soldiers residential property from Randall and also several machine guns, Kenny, of this city, and will make his precaution was taken owing to the elief that an attack might be made Robert J. Law, of Port Hood, Cape on the train. Anti-American litera-Breton Island, spent a few days with ture has been circulated among the population and the authorities thought it best to be on the safe side.

During the trip of 100 miles the

trains were stopped several times, and the troops inspected the tracks. Secretary Knox was closely guard ed in this city, owing to an outbreak of anti-Americanism. Fifty of the leaders of the movement have been arrested and will be kept in prison until Mr. Knox leaves.

PREACHER LASHING

First Minister to Attend Delaware Public Whipping.

Wilmington, Del., March 7 .- For the rst time in the history of the Delavare whipping post a clergyman witessed the lashing of prisoners. Rev Charles Candee, pastor of the West minster Presbyterian Church, of Wilmington, the largest and wealthiest of the denomination in Delaware, saw five convicts whipped, with a total o

120 lashes on their bare backs. They were lashed in the open air with freezing weather. The preacher's purpose was to get practical ideas on the law, in view of the recent sensa-

tional reports on the matter of pun-

THE SUFFRAGETTES A Woman's Way

Tyneside P. O., Ont.
"I received your sample of Gin Pills, and after using them, I felt so much better that I got a box at my druggist's and now I am taking the third box. The pain across my back and kidneys has almost entirely gone, and I am better than I have been for years. I strongly advise all women who suffer from Pain in the Back and Weak Kidneys to try Gin Pills." MRS. T. HARRIS.

Gin Pills contain the well-known me licinal properties of Gin as well as other curative agents alcohol. Gin Pills are guaranteed by the largest wholesale drug house in the British Empire to give complete satis-There was a great crowd at the faction or money refunded. 50c box, 6 gow street police court to witness for \$2 50c—sample free if you write National Drug and Chemical Company of Canada, Limited, Dept. WINS AT LAKESIDE

SENATORS LOSE TO WANDERERS

Ottawa's Defeat Gives N. H. A. Race and Stanley Cup to Quebec.

A VERY EXCITING GAME

Great Credit Is Due to Wanderers for Victory-Was Best Played Game of the Season.

Montreal, March 6.-The Quebec hockey club are the new champions of the National Hockey Association, and they have to thank the Wanderers for the honor thus won without any further playhonor thus won without any further playing. By defeating Ottawa tonight at the Arena in one of the most exciting, if not the best played, games of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 5 goals to 2, the local club eliminated the Control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the local club eliminated the control of the season by 6 goals to 2, the season by 6 goals to 2, the season by 6 goals to 2, the season by 6 goals Senators from the race, dethroned them, and crowned the Ancient Capital club.

Wanderers deserve greater credit for their victory over the Ottawa sextette tonight than for any exhibition they have given this season. In spite of official rulings, which were without doubt deserved, but necessitated the playing of two substitutes, they held their heads, and worked just as smoothly, and more effectively at the close of the game than they did in the opening period, when the regular line-up was on the ice. lar line-up was on the ice.

NOT A ROUGH GAME.

The contest was not a remarkably rough one, although there were three men sent from the ice for committing major fouls. The checking was close, as would goals to 7, taking the round by fouls. The checking was close, as would naturally be expected in a game between two teams so well balanced, but there was practically no deliberate foul work. In the second period Rose and Darragh came together. The Ottawa man hooked Ross, who retaliated with his stick. Darragh got the worst of the collision, and had to be carried from the ice, but even had he would have had to retire, as Bowie ruled to the come out of the mix-up unscathed he would have had to retire, as Bowie ruled to the come out of the mix-up unscathed he would have had to retire, as Bowie ruled to the come out of the mix-up unscathed he would have had to retire, as Bowie ruled to the come out of the mix-up unscathed he would have had to retire, as Bowie ruled to the come of the collegiate might win out, as the score was to 5 to 3 in favor of K. C. I. Varsity proved their superiority in the second half, and shot seven goals to Collegiate's two. The teams were:

Varsity III. — Goal, Armstrong; point, Clarkson; cover, Reynolds; rower, Hutchins; centre. would have had to retire, as Bowie ruled that both were guilty of a major. Bernier replaced Ross, but he had not been on long when Bowie caught him picking up the puck in his hands, and throwing it to one side. This brought down the penalty limit on his head, and Jack Marshall was one side. This brought down the penalty iimit on his head, and Jack Marshall was called to fill the vacancy. With this line-up the locals finished the game. There was one other casualty, Lesuer figuring as the victim. This was in the third period and followed a collision between Russell and the Ottawa goal-keeper. Lesueur had to be carried from the Ice, but resumed play after a short delay.

GOAL DID NOT COUNT.

Ottawa claimed to have scored a goal in the third period, which would have tied the score, but the umpire refused to allow it. This may have had some bearing on the ultimate result, but as matters stand Wanderers could have allowed it and still have won out. Strangely enough, Wanderers had exactly the same enough, wanteers has game in Ottawa, so that the two clubs can fairly call quits

on this question.

Wanderers—Goal, Boyes; point, Ross; cover, S. Cleghorn; centre, Russell; right, O. Cleghorn; left, Roberts.

Ottawa—Goal, Lesueur; point, Lake; cover, Shore; centre, Ronan, right, Darragh; left, Kerr.

Bernier replaced Ross, Marshall replaced Bernier, Walsh replaced Darragh,

King replaced Lake. Referee, Bowie; judge of play, Camp-

"GOLDIE" PRODGERS A REAL FIND

The Ottawa Citizen, commenting on the recent game, in which the Quebec hockey team defeated Ottawa, after twenty minutes' overtime, says the fol-

"This boy Goldie Prodgers has really developed one of the best defence players in the N. H. A. He isn't spectacular, and he doesn't 'play to the grandstand'; but he checks hard and surely, and is always in his position. Looked like a lemon at the beginning of the season.'

If London has a pro. hockey team next winter, and the outlook for one is exceedingly bright, "Goldie" Prodgers will captain it, if it is at all possible to meet the salary that the N. H. A. pays its players.

McFARLAND AND DURNS ARE MATCHED. [Canadian Press.]

Chicago, Ill, March 6.-Packey Mc-Farland and "Kid" Burns were matend last night to fight ten rounds at Kenosha, Wis., on March 15. The ac ceptance of McFarland was received wire from New York, where last night he defeated "One-Round" Hogan. This makes two bouts in four days at Kenosha, Hugo Kelly and Eddie McGoorty having been matched to box there on March 18.

Hurrah, No More Lame Backs! This Case Proves That the Best and Strongest Liniment Ever New York, March 7.—Bidding among the local boxing clubs for the proposed ten-round match between Albert Palzer and Carl Morris is very spirited. The highest bid thus far made, \$13,000, comes from the National Sporting Club, but Morris said that he will not meet Palzer in this arena under any circumstances. The next best bid is from the Madison Athletic Club, \$12,500. The Empire Athletic Club is willing to give \$11,000, and the Fairmont Athletic Club \$8,000.

ORILLIA JUNIORS WIN FROM ALL-STARS

All-Stars Faded Away in the Last Half and Could Not Reach the Nets.

Orillia, March 6.—The Orillia Yonkers once more carried off the honors by defeating the All-Stars of the Norhern District tonight by 6 to 3. Half time score, 4 to 3. The game was fast right from the drop of the puck, and after ten minutes of hard playing and ciever stick-handling, Mohan placed the first counter for Orillia. The home team kept adding to the score till they had four. Then the Stars did some fast playing, and by half time had the score 4 to 3. In the second half Orillia had all the game, and placed two more to their credit. Mohan in centre played a great game for Orillia, and Graham, of Gravenhurst, was the best of the All-Star team. The teams:

All-Stars—Dwyer, Peterboro, goal; Dennison, Peterboro, point; Lawrence, Collingwood, cover; Shields, Collingwood, rover; Longman, Barrie, centre; Graham, Gravenhurst, left wing; Semple, Midland, right wing.

CURLING

LONDON CLUB WINS AT EMBRO. went to Embro on Wednesday, for morning and afternoon games. In the morning the London club rinks were up 10 shorts, McKay being up 10, while Allan's rink tied with an Embro rink. In the afternoon McKay's rink was up 10 shots, while Skip Richardson, who was playing lead for Allan in the morning was up 9 shots. Skip Allan played lead for Skip Richardson in the afternoon, a new departure for the crack London club skip. The curlers are loud in their praise of the treatment received at Embro, and a they also got extra measure. It was thought by the playmeasure. It was thought be nothing down to an early break.

Sox were deprived of their merning by cold, disagreeable weather. The boys were glad to go. They are more boys were deprived of their measure. It was thought be nothing doing in ball togs sox were depriv the treatment received at Embro, and a return game will likely be played shortly. The rinks were as follows: Messrs. Lashbrook, Shaw, Dr. Wright and Skip McKay; Skip Richardson, Skip Allan and Drs. Bentley and Wyckoff.

BONSPIEL TONIGHT. The weekly bonspiel of the London club vill be played this afternoon and even-ng. Messrs. Richardson and Thrower, of the Asylum club, have donated prizes for the event, and it is likely that some interesting games will be played.

FINAL POSTPONED. Skips Tillson and Riddle of the Thistle judging by the way the Thistle club bonspiel, were to have played off last evening, but the game has been postponed indefinitely now. It will likely be played off either tonight or tomorrow night, if convenient to both rinks.

LONDON'S OFFER WAS REFUSED

Donated Land for Waterworks at the Lakeside.

at the Beach Will Have a Chance To Vote For the improvement.

A dispatch from Port Stanley says: The members of the village council net and discussed matters of vital imcontemplated village improvements. hoof & Co., manufacturers of "Stand-Word was received from the members ard of the London and Port Stanley which, his lordship says, was translat-Beard that after due deliberation, n the form of a 25-year lease and streets passing through their properties, such as Smith street, be

turned over to the board. Needless to say the proposition was not viewed favorably and was ignored. A Generous Offer. "Fortunately, in this matter the vil-

age and village council is not dependent upon the London and Port climbed out over the back, and, much Stanley Railway Board; otherwise it seems as if the village would be held up and their progress retarded. oon as the above fact became known H. F. Jelly, manager of the Amuse- come suddenly on an announcement ment Company, interviewed J. R. Green and a number of the stockholders in the amusement company. They voluntarily consented to eliminate all difficulties by giving a free and grievance. bsolute deed of any property, either upon the hill or beach, for the pursose of erecting a standpipe or other things necessary to promote the waterworks. The Amusement Company are asking no favors in return for this liberal offer. They will become heavy users of the water, and will be one of Port Stanley's best customers, not only for hydro power, but for water that will be supplied by waterworks. The villagers appreciate the splendid offer of free land from the friends in St. Thomas.

"Of course, it is pointed out, the resolution passed by the members of the London and Port Stanley Board is not to be taken as an honest expression of the people of London. The stalled here, and it is believed that next Monday will see a very large detachment of London people here to Monday evening to the home of Mr. help carry the bylaw. The average resident of London, as well as the general population of St. Thomas, wants to see Port Stanley summer resort placed at the highest point of efficiency attracting the tourist from all parts, and it is the aim of the present council backed by the progressive spirit of the village, that this place shall be the finest between Buffalo and

Detroit. Voting on Monday. Londoners who own cottages at the Port will have a vote there when the bylaw to raise the money for the waterworks comes up on Monday next, There will be special rates on the

The pipes of the proposed waterworks system will run all the way from Mr. Charles Keene's cottage on Erie Rest to Mrs. Harrison's on East Orchard Beach, so that all parts of the village will be accommodated. A few years ago a bylaw to provide

a waterworks was defeated, but it is felt that after the experiences of the past five years there will be no opposition to the present scheme. WANT THE DUKE. [Special to The Advertiser.] St. Thomas, March 6.- The city of St

Port Stanley Amusement Co. McConnell-Fergusson Co. Given Judgment for Damages and Costs.

VOTE ON MONDAY A TALK ON ADVERTISING

Many Londoners Who Have Cottages Justice Falconbridge Gave His Opinion When Action Against Vanderhoof & Co. Was Heard.

> Advice to advertisers is contained in the judgment of Chief Justice Falcon bridge in a suit brought by the Mc Connell-Fergusson Company, advertising agents, of London, Ont., for damages and commission, against Vander-Pharmaceutical Preparations, ed by a witness as meaning patent med

endants broke an agreement to do all the plaintiffs' agency. Instead, A. Mc- W. B. Smith's, on the town line. His Kim & Co. were given the work. cause of complaint was that the defendants wanted their advertisements to appear as reading matter, whereas upon condition that deeds of certain the plaintiffs inserted them among reading matter, with display headings.

To the Point. "If it is at all material," says the udgment, "there is no evidence to show me which form of advertisement is more likely to attract purchasers or customers. Personally I should rather buy from the man who frankly heads his advertisement with the display than from the one who under false pretences induces the unwary to peruse half a column of more interesting matter only to of the merits of a patent medicine. Against this person one feels a certan amount of resentment. I find that the defendants had no real Judgment is therefore given for \$343, commission on advertising placed, and \$250 damages for

breach of contract.

The Case. At Osgoode Hall, in trial court, Falconbridge, C. J., K. B.: McConnell-Fergusson Company vs. Vanderhoof.— Judgment: Action brought by the plaintiffs, who are advertising agents, carrying on business at London, Ont., against defendants, who are manufacturers of druggists' special preparations, to recover \$2,000 for breach of contract in respect to certain advertising, and for \$348 31, moneys expended. Case was tried at London, Feb. 29, 1912. Held, that judgment should be for \$250 plus the amount paid into court, with costs all through on the high court scale; 20 days' stay. Defendants' appli-Londoners want the waterworks in- cation to plead the statute of frauds

THOUGHT COLD WOULD TURN INTO CONSUMPTION

LEFT LUNG GOT VERY SORE, HEART DID NOT FEEL ANY TOO GOOD.

Mr. Robert McLarnon, Shawville, Que., writes:-"I am writing to tell you an experience I had with a bad cold and a bottle of your valuable medicine. I I thought it was going to turn into consumption, for my left lung got very sore and my heart did not feel any too good. I came home and tried some different remedies but they did me no good. A friend told me about Dr. Wood's Norway Pine Syrup, so I tried it, and when I had taken two bottles my cold was gone. I think it is a great remedy, and will advise any one with a cold to use it. I can't praise it enough.

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the Norway pine tree, which combined with Wild Cherry bark and other pectoral remedies, makes it one of the greatest known preparations for Coughs, Colds, Bronchitis, and all Throat and Lung Troubles.

Put up in a yellow wrapper; three pine trees the trade mark; price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

LEMIEUX FLAYS POSTMASTER-GEN.

Hon. Mr. Pelletier Is Given a Bad Half Hour By His Predecessor.

BOUNDARIES BILL DEBATE

Becond Reading of the Measure Carried Into Commons Fololwing a Lively Afternoon.

Ottawa, March 7 .- The boundaries its second reading on a dithe amendment, 38. The same five members, Paquet, Lamarche, Sevigny, Bellemare and Guilbault, voted with the Opposition. Hon Pelletier, Monk and Nantel French Conservative members voted for the bill

1ster of the crown to get such a public gruelling as Hon. Mr. Lemieux was the funeral sermon on Laurier had been lofty. His watchdie word had been "No coercion." Provincial rights had always been the polinsidious methods utilized by Mr. Pelletier during the 'election campaign to inflame passion and prejudice, and the opinion is prevalent among the Quebec members tonight obsequies will likewise embrace the political corpse of the Postmaster-General. The debate of the view the history of Liberalism in the two days has been the culminating Province of Quebec, and declared that exposure of the Government's insincerity in appealing to racial and religious prejudices both in Ontario and

Quebec for years past. After the vote the House went into British subjects, we should have the committee upon the boundaries bill. Notice of three amendments was given: By Hon, Dr. Pugsley, providing that the financial terms shall not come into operation till they have been approved by a conference of the provin- no vested rights in the district of Keeclal premiers; by Mr. Guthrie, striking watin, and Senator Landry, speaker out the retroactive payments and providing for their commencement this opposite. He quoted extracts from Deyear, and by Mr. Mondou, adding as a puty Speaker Blondin's speeches durnew clause that "nothing in this act shall prejudice or affect rights actual—which he stated that the rights of the ly enjoyed by the people of the terminority in Keewatin must be respectritory to be added to Manitoba."

Lemieux Resumes Debate. The debate on the second reading of the Manitoba boundaries act was resumed on behalf of the Opposition by Hon, Rodolphe Lemieux. He approved of the extension of the Ontario and boundaries to Hudson Bay. He noted that some stress had been laid on the announcement that Ungava is to be added to Quebec. The idea no doubt, was to soothe the feelings of the Government's Quebec supporters. He would remind the House, however that this territory had been offered t Quebec three or four years age b Sir Wilfrid Laurier and the offer ha been accepted by Sir Lomer Gouin Mr. Lemieux approved of the Ontario-Manitoba boundary as fixed by the

Arch Traitors. Mr. Lemieux said Messrs, Monk, Pelletier and Nantel had been arch-traitors to their own friends and own promises. The Liberals were mere onlookers, and they were enjoying the situation. The speech made last night Mr. Lamarche was the best proof that the Liberals did not raise this issue. He had said that he had been compelled to separate himself from illustrated here today when the Philadelthe ministers because they had led him | phia Vessel Owners' and Captains' Assoastray, and because he had made a promise that, if the Conservatives were returned to power the rights of the returned to power, the rights of the minority would be restored. By whom, asked Mr. Lemieux, was Mr. Lamarche nearly all been lost in the last few years, induced to make that foolish promise, if not by the minister of public works (Monk), the postmaster-general (Pelletier), the minister of justice (Doherty), or perhaps by the minister of inty), or perhaps by the minister of in-

gales in the stretch of the Atlantic coas from Cape Hatteras to Cape Cod. They said that the property destroyed in this short stretch alone in the last three Blamed Ministers. ministers were responsible for months amounted to \$6,000,000.

The opening of the Panama Canal will be another deathblow to sailing vessels which have been rounding Cape Horn. When the canal is opened merchandise will be carried from the Pacific to the this agitation in Quebec, and they would reap their reward if they dared to open a constituency in that province. Mr. Lemieux then said that when he heard Mr. Monk declare that the school question was settled, he had found it necessary to pinch himself. What would his Nationalist friends have said had he made such a statement before Sept. 21 last? Apparently, however, this double game had been a little more free, Mr. Monk had an-

GERMANY PLANNING ANOTHER SQUADRON

Reported That Naval Bill Will Provide for Construction of Eight Ships.

Berlin, March 7. - The new naval and military bills which are to be discussed by the Reichstag this session, have now been completely drafted and submitted to the federal council.

The naval bill, according to an article in the Local Anzeiger today, provides for the construction of three additional battleships, and two small cruisers during the next six years. The building of five further reserve battleships, in order to form a new active squadron of eight battleships, also to be accelerated.

The annual cost of the navy would be increased by \$3,750,000 in the first year and by \$10,750,000 in the fifth year, but it has not yet been deter-mined by the Government how this extra expenditure is to be covered.

The statement of the Local Anzeiger which is apparently correct ,indicates that the German Government has de-termined again to alter the naval law

OBJECT TO OPENING WEST INDIAN MARKET

Americans Claim Preference Would Seriously Affect Their Business

[Canadian Press.]

New York, March 7.- The New York Produce Exchange has launched a ampaign through which it hopes to stir the state department into immediate action to prevent the enactmen of the proposed reciprocal rade agreement between Canada and the Britis? West Indies.

Flour is the chief commodity in hich the produce exchange is intersted, and the proposed agreement, i s said, provides for admitting Canadian flour into the West Indies at a preference of 24 cents a barrel. Such step, it is declared, would raise a bar ier which the American miller could ot surmount. The loss of business would be sev

ral million dollars a year.

A statement issued by the producxchange's special committee The flour trade to the West Indies is very important to this market, and it would be foolish to stand by idle and see it taken away if we have at hand some weapon to prevent it. The United States offers an immense mar ket for West Indian products, a mar ket more important to them than tha mered by Canada, and it ought to b possible to make an effective protest

The Bank of 1912 THE ENGLISH-FRENCH SCHOOLS

Dr. Merchant's Report on Bilingual Schools Finds Conditions Not the Best-Found Many Teachers Unable to Speak the English Language With Ease.

SOME STARTLING CONDITIONS ARE REVEALED BY REPORT

French Is the Language of Instruction in 80 to 90 Per Cent of the Bilingual Schools of Eastern Ontario-Incompetence Is the Rule.

Toronto, March 7.—The long-awaited report of Dr. F. W. Merchant on the French-English schools of the province, was tabled in the Legislature yesterday by Hon. Dr. Pyne. The report is a comprehensive one, covering French-English schools in the 14 which departed from Vancouver Counties of Essex, Kent, Russell, Prescott, Stormont and Glengarry, the unorganized districts, and the city of Ottawa.

Two hundred and sixty-nine schools, with a total of 538 teachers, were visited by Dr. Merchant. Only 76 schools were not visited, three-quarters of them being in the unorganized districts and difficult to reach.

In the Counties of Essex and Kent 33 separate schools and 20 public schools were visited. In the County of Pussell and the city ray was driving the passenger engine of Ottawa, 66 Roman Catholic separate schools; in Prescott and Russell, 34 public schools, and in the districts 30 separate schools bruised and shaken up. and 30 public schools. In Stormont and Glengarry four public schools were visited.

FRENCH PREDOMINATE.

The districts visited were almost altogether French. The aggregate enrollment of pupils shows that of a total of 20,645, the number of French-speaking pupils was 18,833, and of English-speaking children 1,812.

If a summary of the report could be given, it would be that the "English-French schools are, on the whole, lacking in efficiency," and a large proportion of the children in the schools concerned have to meet the "demands of life with an inadequate equipment in education." Many of the teachers have not a sufficient command of English to speak the language with any degree of Along with other schools, Dr. Merchant notes a tendency to pro mote children too rapidly. In many schools English was regarded simply as one subject among many others. The bilingual situation presented a problem of special difficulty, the report says, and the inspectors had too many school to look after. There was also the difficulty of obtaining an adequate supply of teachers, but given a competent force of well-trained teachers, the schools might in time, "be made quite as efficient as the schools in English-speaking

TORONTO, March 6.—Baled Hay and Straw—Baled Hay—The market is unchanged, with offerings moderate. No. 1 is quoted at \$15 50 to \$16 50, on track, and No. 2 at \$12 50 to \$14. Baled Straw—The market is quiet, with prices of good straw quoted at \$10 on track, Toronto.

Not Efficient.

expression."

"It is evident," says Dr. Merchant, from an examination of the results of all the tests applied that the English-French schools are on the whole lacking in efficency. The tests combine to show that a large proportion of the children in the communities concerned leave school to meet the ment applies to the general situation and should not be interpreted to mean that all the schools included in the list at the beginning of the report are, as compared with other schools

that the teachers in the English-French schools were showing conscientious zeal in their work, but is many were handicapped through lack of professional or academic training. Where well-trained teachers were employed continuously, the results were be no doubt whatever but that the efficiency of the English-French schools is seriously lowered by the employment of such a large proportion of teachers holding certificates of the lower grades." The depressing of fects were intensified by constant changes. Sixty per cent. of the total number of teachers had been in their positions less than one year

The uncertainty regarding the application of the regulations of the department of education to Roman Catholic separate schools has had an effect upon the character of the schools in Eastern Ontario. It was assumed that the provisions of the public schools act and the regulations did not apply to separate schools

It was common for teachers. "Nevertheless, the impression that those in control of Roman Catholic separate schools are working under freer conditions respecting the course of study, the language of instruction and the use of text-books, than those in charge of public schools prevails Indirectly, this impression has been one of the chief factors in limiting the use of English in English-French Roman Catholic separate schools in Eastern Ontario and the districts, beause the teachers in these schools have not been made to feel that they were under obligations or bound regulations to endeavor to make it the language of instruction." Mixed Schools.

"Some of the teachers I met argued somewhat strongly for the retention of French as the language of instruction throughout the course contending that since the child thinks most naturally in the mother tongue he is greatly handicapped in pursuing a course of study when there is placed upon him the added difficulty of acoviring and using a strange language.

These teachers would continue Eng-

lish as a subject of study to the end

cerned condemn the plan." The organization which gives on the whole the most satisfactory results requires the putil to remain three years in Form I. and two years in Form 11., during which time English is made gradually to replace French as the medium of instruction. The mixed school offers the French-

speaking children the best opportunity of learning English.

Through a lack of the knowledge of English many teachers are unable to continue a good beginning which may be made in teaching conversational English, and it is quite generdemands of life with an inadequate ally conceded that the Englishequipment in education. This state- French readers do not meet the requirements as either French or English readers. The syst m of teaching which they are intending to serve has

been discontinued The report concludes with a referin the province, inefficient."

"The bilingual situation presents in itself a problem of special difficul-

ance of the English-French schools slightly injured, but not badly enough is the difficulty of securing an adequate supply of competent teachers Given a sufficient force of well-selected and well-trained teachers who have a clear and sympathetic grasp of the needs of the English-French schools and of the means of supplying them the schools might in a reasonable time be made quite as of federal as the schools. The restriction of the schools of the schoo ficient as the schools in English-speaking localities."

EDMUND SHEPPARD, President Montreal Arena Co.
T. W. HORN, Manufacturer
A. G. BROOKE CLAXTON, K. C., Director Montreal Arena Co.

SECRETARY: WM. NORTHEY, Secretary Montreal Arena Co...... TRUSTEES-TORONTO GENERAL TRUSTS CORPORATION.

BIG FIELD FOR PROJECT.—Most of the cities of the United States, including Boston, Pittsburg, Cleveland, Detroit and Chicago, have properly-equipped Arena Buildings, wherein there can be accommodated hockey, skating and other indoor winter sports, as well as the Horse Show, cattle shows, and all kinds of conventions, band concerts and other summer exhibitions. Yet Toronto has presented the anomaly of a big city with a population of over 350,000 within the limits and as a second of the content of t within its limits, and as many more in its near vicinity, with no institution of the kind. Such an enterprise will be

accepted with favor and supported with enthusiasm. MANAGEMENT .- Mr. Lawrence Solman, who is well-known throughout Canada for his successful management of theatrical and summer amusements, has kindly consented to act as managing director.

HOCKEY AND SKATING.—Here in Canada, besides the ventures in Ottawa, Quebec, Vancouver and Winnipeg, in Montreal the Arena has, since its inception in 1898, proved to be a magnificent success. Never has hockey been more popular and never have the attendances been so large. Not only has professional hockey flourished, but the College and Ontario Hockey Association games have been better patronized than ever.

Besides provision for public skating, it is proposed during certain hours, to run a skating club, on exclusive lines, similar to that of the Earl Grey Club, Montreal.

HORSE SHOW, ETC.—It is needless to remark how cramped the Canadian National Horse Show has been, the accommodation being totally inadequate to meet the demand in every direction. Stables for eighty horses have been included in the plans. Then again, there is the Auto Show, Pure Food Shows, Vaudeville Shows, endless conventions, band concerts and industrial exhibitions, for none of which Toronto has a properly-equipped building. ICE PLANT .- A new venture in connection with these undertakings is that a hundred-ton artificial ice plant is

being installed, under contract with the De La Vergne Company, dated June 23, 1911. This plant will not only maintain the skating ice during winter, but will also manufacture fifty tons of ice per day for family consumption during the summer months. This ice plant will make it possible to always have, regardless of weather conditions, a cool building in summer and a reliable, clean ice surface for all winter sports and an absolutely safe place for skating without exposure to severe cold. The profit on the sale of ice during the summer season will, it is expected, not only pay for the cost of running the ice plant during the winter, but furnish a very considerable revenue.

THE SITE.—The Arena Gardens Building has been erected on that block of land situate on Mutual, Shuter and Dalhousie streets, and is accessible by the street cars from every point in Toronto. It is about seven minutes' walk from the King Edward Hotel and the General Postoffice. THE BUILDING.—The building, from plans prepared by Ross & McFarlane, of Montreal, is being solidly built in brick, steel and cement by Peter Lyall & Sons, Limited, under contract dated Aug. 29, 1911, and covers a ground space of 334x190 feet. It has an ice or skating surface of 200x85 feet, with a ten-foot promenade all round.

SEATING CAPACITY.—The seating capacity will include two tiers of boxes of about fifty on each side, and seats for over 6,000 spectators in pit form all around the arena. In this connection it should be pointed out that the seating capacity of the Montreal Arena is about 4,000, and that on many, many occasions each season the demand for tickets has far exceeded the supply. Every possible convenience is being prepared in the way of club rooms, tea, waiting and smoking rooms, lavatories and dressing rooms.

PROSPECTS.-With the undoubted steady growth of population in Toronto, and the unflagging interest in hockey, skating, and all kinds of summer entertainments, to say nothing about the other sources of income which will be the natural outcome of having an establishment of the kind in the city, there is offered in this undertaking an avenue of investment which should increase in volume with the growth of the city.

Additional application forms will be supplied on request by the undersigned:

COBALT STOCKS.

[By Special Wire to Thomas Ray.

craft. Broker.]

NEW YORK, March 7—Wall street, noon.—The early session was barren of developments, prices of the active shares fluctuating within the narrowest limits. One of the causes advanced for the duffness was the renewal of trust prosecutions, as evidenced in the proposed proceeding against the Standard Oll Company. Reading's relative heaviness was noteworthy, and selling was credited to Philadelphia, but more likely it represented bear operations in mild form. Of the obscure stocks, a decline of 2 points in National Railways of Mexico, second preferred, was the one noteworthy feature. Wall Street. ferred, was the one noteworthy feature. Bonds were steady. London Board of Trade.

London Board of Trade.

LONDON, March 7.—The February statement of the board of trade shows in creases of \$18,242,000 in imports and \$9,186,000 in exports The imports of foodstuffs and manufactured goods increased \$17,500,000, but cotton decreased \$5,000,000.

The principal increase in the exports was in manufactured goods.

Source West Thomas Tozer, a city fireman. It is claimed that Fields threw a glass at Tozer's head while the men were in the bar of the London House, and the fight resulted. Tozer paid a fine of \$2 for his share of the trouble. Robert for his share of the trouble.

Bourse Weak. BERLIN, March 7.—Fears of a coal strike in Germany caused very weak prices on the bourse today. American securities were lower in sympathy with the reaction in New York yesterday. Exchange on London, 20 marks 46½ prennigs for checks; money, 4½ per cent; private rate of discount, 4½ per cent.

LONDON, March 7.—Money was in good demand and discount rates were firm today. Pending more definite news of the coal trade conferences, professional traders on the exchange indulged in profit-taking and home rails generally declined, but closed above the lowest. Consols and some of the recent new issues were steadily supported, but Mexican rails ginished week. BERLIN, March 7 .- Fears of a coal

sols and some of the recent new issues were steadily supported, but Mexican rails finished weak. American securities opened quiet and prices were within a small fraction of parity. Trading was light during the forenoon, but Berlin sold Canadian Pacific, and light realizing in Southern Pacific and Union Pacific caused the list to sag. Later Berlin repurchased Canadian Pacific, and fair buying orders from New York advanced prices moderately and made the close steady. LONDON, March 7.—Stocks closed today: Consols, for money, 77 13-16; do, for day: Consols, for money, 77 13-16; do, for account, 78; Amalgamated Copper, 70%; three months' bills, 3 7-16 to 3½ per cent; three months' bills, 3 7-16 to 3½ per cent. PARIS, March 7.—Closing: Three per cent rentes, 94 francs 57½ centimes for the account; exhange on London, 25 francs 25 centimes for checks; private discount; rate, 2½ per cent.

TORONTO, March 6.—Porcupine stocks maintained their activity falrly well today and there is a better inquiry just at count rate, 31/8 per cent. Bank of England.

LONDON, March 7.—The weekly statement of the Bank of England shows the following changes: Total reserve, decrease £1,258,000; circulation, increase £264,000; bullion, decrease £993,567; other securities, increase £1,117,000; other deposits decreased £2,374,000; public deposits, increase £2,098,000; notes, reserve, decrease more years since. £1,351,000; Government securities unchanged. The proportion of the bank's reserve to liability this week is 44.26 per cent; last week it was 45.97 per cent.

INSURANCE AGENT SENT FOR TRIAL

Charged With Obtaining Money by Fraudulent Means.

A young insurance agent charged ov Enoch Foster of Lambeth, with fraudulently obtaining money from him by means of notes, was sent for trial by a jury by Police Magistrate Judd this morning, after the evidence had been taken.

It was claimed that the defendant had caused Mr. Foster to back notes for him, and had also borrowed amounts ranging from \$20 to \$100. Mr. E. W. M. Flock offered a vigorous defence, the result being that the nagistrate decided to leave the matter with a judge and jury after he had taken the evidence in the case.

WORK IS RESUMED ON COURT HOUSE

Extreme Weather Stopped the Improvements That Were Being Made.

Work at the court house is being reumed after the delay caused by the feeble fellow Christians.' extreme winter weather, and the first changes in the offices are being made High Constable Hughes re moved this afternoon from his old location on the east of the south cor ridor, and will henceforth be located diagonally opposite at the intersection of the two main corridors. This was formerly a portion of the offices of Mr. Edmund Weld, and Mr. J. H. Flock, of the surrogate court, who after a time, will go into the quarters at present occupied by the county crown attorney and the high constable It is thought that work on the alter-ations at the court house will not be completed before midsummer.

We Have the Goods and We Want It Known

To the Editor of The Advertiser:

Permit me to congratulate and thank you on The Advertiser's write-up of Feb. 27 on Lambton County. The subject is an important one for this western peninsula. We have the goods and want it known. We have expended much energy in booming the West and the northern clay belt. Old Ontario is being depleted. The slogan, "Stay in Ontario," is a good one.

If you have any copies left of the 27th, kindly send them to me. Yours very truly,

C. O. FAIRBANK. Petrolea, March 6.

NO HOME RULE BILL UNTIL AFTER EASTER

Postponement Held by Unionists A LARGE MAJORITY as Due to Manchester

Defeat.

[Canadian Press.] London, March 7.-The home rule bill is not to be introduced into the House of Commons before Easter. Premier Asquith today, in announcing its oronto, has purchased the Kent Block postponement, said that exigencies of parliamentary business were such that it would be impossible to introduce the

> The Premier's statement was greeted with ironic cheers by the Opposition, and loud shouts of "Manchester," the reference being to the recent byelection in that city, when Sir Arthur Haworth, who was seeking re-election after his appointment as junior lord of the treasury, was defeated by P. K. Glazebrook, the Unionist candidate.

REPORT THE BILL WITH TRIMMINGS

The Georgian Bay Canal Company's Charter Considerably Modified. [Special to The Advertiser.]

Ottawa, March 7.-After giving it some trimming the rallway committee of the Commons this morning decided to report the bill, renewing the charlic generally. He would have the bill ter of the Georgian Bay Canal Comlation and over, and to any other city pany. One of the amendments requires the company to submit its rate. to the railway commission if it ever builds the canal. Another forbids it The widest definition of apartment or to take lands of Quebec or Ontario without the permission of those provinces unless strictly for canal purposes. The object of the amendment is to protect water powers.

A Cocoa That's Good for Everybody

For some time this paper has been ublishing the illustrated advertising of Fry's Cocoa. The handsome and artistic arrangement of the advertising appeals to readers, and they are impressed with the terse facts contained in the reading matter. For many years Fry's Cocoa has enormous sales being made throughout the Dominion. The J. J. Gibbons Advertising Agency, of Toronto, has had the advertising in charge since the entry into Canadian papers, and it speaks well for the enterprise displayed by this agency in making Fry's Cocoa one of the best sellers in the Dominion. Western Ontario, and particularly the city of London, have done well by Fry's Cocoa, and storekeepers say it is one of the best sellers that they now handle.

CITY COUNCIL WILL NOT HAND OVER STREETS

Clause Relating to Parks Likely to be Objected to in City's Bill

The recommendation of the city council that the parks of the city be turned over to the water commissioners will cause a debate in the private ills committee of the Legislaure, when the city of London bill comes

up for consideration. The powers given the commissioners are rather larger than was thought at first sight, the council handing over he control of boulevards and trees as

There will be no objection to the commissioners having control of Victoria Park, Queen's Park, Springbank Park, the Parke Flats, and a number smaller breathing spots.

But as regards the boulevards, t is considered more than probable that the bill will be modified to meet the demands of the opposition.

The change will be entirely satisfactory to the water commissioners, it
