A GRAVE SITUATION

It will be a source of satisfaction to the friends of Mr. Stephens in both parties to read in to-day's issue his emphatic signed denial of the Dover bribery charges. No one wants to do the late member for Kent an injustice, but, if he be guilty of the serious moral misdemeanor charged against him, even his friends must admit that his usefulness as their parliamentary representative is definitely at an end.

Mr. Stephens' denial is satisfactory in so far as it goes,—but he must see, and his friends must see, that it cannot be allowed to rest at that. He must continue the preparation of the "absolute and conclusive proof," to which he alludes, to an immediate culmination—and it must be of that complete and unequivocal character which will thoroughly satisfy the good people of the constituency he seeks to represent. There must be no generality, no elasticity, no uncertainty, about this serious matter. A dozen "emphatic denials" are no good unless backed by the clearest and most thorough, definite and convincing proof. The charges are preferred by two representative and respected Kent county gentlemen—men whose word is valued, whose integrity has never been questioned; men, too, who are not in any sense strong party politicians—and unless the reply to them is adequate and convincing, Mr. Stephens had better relinquish the candidacy of his party at once and give them time to call another convention to nominate his successor.

Until the proof that he declares he is preparing is given to the people and until it is accepted by them, neither Mr. Stephens nor his party can be in a position to ask a single vote for him. The Liberal campaign in this constituency is necessarily at a standstill, as it is totally impossible for the honorable men of the party to speak or work to secure the suffrages of upright men for a candidate resting under so grave a charge preferred by reliable men.

Mr. Stephens in dictating his statement to The Planet for publication yesterday said he had no stock in the proposed railroad project that he desired Dover to bonus to the extent of \$75,000.00, nor had he any interest "other than that of any public-spirited citizen." It was an unwise assertion to make and is not likely to strengthen Mr. Stephens' position. The Dominion Statute granting the charter to this railroad (3 Edward VII., Chapter 105, section 1, assented to Aug. 13, 1903) shows that Mr. Stephens was the first-named of those to whom the charter was granted and is a director of the corporation.

Mr. Stephens must not be allowed to make such statements and general denials that the facts do not warrant. He must go about his vindication in a clear, straight-forward, above-board and definite manner. He must give his proof to the people and have it accepted by them, or promptly relinquish all claim to their support and suffrage.

SERIOUS THING

Tilbury Voters Profoundly Impressed with the Dover Charge of Bribery—Splendid Conservative Rally.

From The Planet Correspondent.
Tilbury, Oct. 11.—A splendid meeting was held here last night in the interests of H. S. Clements and Lewis Wigle.

Notwithstanding the wet weather, Anderson Hall was well filled to hear the public questions discussed. Reeve Crawford occupied the chair and called and called on Mr. Clements, Mr. Wigle, Sol. White, of Windsor, and Sidney Coatsworth, of Romney, all of whom were given an attentive and enthusiastic hearing. Mr. Clements' exposure of Mr. Stephens' attempt to bribe the members of Dover Council in the interests of \$75,000 bonus to an electric railway, in which he was interested, was the feature of the meeting, and made a most profound impression upon his hearers.

The Grand Trunk Pacific Railway bargain was ably discussed, as well as the violation of every promise that had been made by the Liberal party while in opposition.

Mrs. Deepdigger—You never said a word about our wedding anniversary last Tuesday—not a word.
Prof. Deepdigger—My dear, how can you expect me to take any interest in anything so ridiculously recent.

STEPHENS ISSUES DENIAL OF DOVER BRIBERY CHARGES

Says He is Preparing Proof of Their Falsity—President Stone of the Liberal Executive Declines to Make any Statement at Present—Stephens Has Not Yet Thrown Up the Candidacy—What Will Be the Outcome?

The serious bribery charges preferred against George Stephens by Reeve Purser and Councillor Boyer, of the Dover Council, at the Pain Court meeting on Saturday evening have created a profound impression throughout the entire community. The opinion is general among the best men of both parties that The Planet's position, as expressed yesterday, is the only possible one to take in so grave a matter, viz., that the charges must be completely and irrevocably refuted and Mr. Stephens vindicated, or that gentleman must forthwith withdraw from the candidacy for parliamentary representative for West Kent.

It is understood that the executive of the Liberal party held a long and anxious meeting with Mr. Stephens last night. The proceedings were of course, a strictly private character, but it is said that considerable plain speaking was indulged in and there were many heart-burnings and ruffled finer feelings.

This morning The Planet interviewed Captain Fred. Stone, president of the Liberal Association, and asked him if the party proposed taking any steps towards asking Mr. Stephens to relinquish the candidacy, or, otherwise, of probing the charges to the bottom and refuting them before

asking the men of Dover Township and the electors of West Kent to extend to him their franchise.

"I cannot answer that at present," replied Captain Stone, "for that would be simply disclosing our plans. But I may say that we expect to completely disprove the charges and will be pleased to give The Planet a statement then."

"When may we secure that statement for the people?" was asked.

"Just as soon as possible," replied Capt. Stone. "We will give you something concerning the matter, if possible, for to-day's paper."

Later in the morning President Stone sent the following type-written statement to The Planet:—

Through your columns I wish to state to the electors and to the public generally, in the most emphatic way, that I am absolutely free from any approach to wrongdoing in connection with the matters referred to in the charges made by Messrs. Purser and Bowyer at the Pain Court meeting Saturday night. I am preparing to absolutely and conclusively prove the falsehood of these charges, and will give this proof to the public at the earliest possible moment.

28 KILLED, 60 INJURED

Head-On Collision On Missouri Pacific Railway.

Passenger Train Hit By Freight Whose Conductor Dosed While Disaster Came—Forward Passenger Coach Was Tossed, and It Was Here That the Sacrifice of Life Occurred—Coroner's Jury Seeking to Fix Responsibility.

Warrensburg, Mo., Oct. 11.—Twenty-eight persons were killed and 60 injured by a head-on collision of Missouri Pacific trains, three miles east of Warrensburg, yesterday. The trains were the second section of a passenger train from Wichita for St. Louis, and an extra freight train.

Most of the dead were residents of Missouri and Kansas, as are the injured.

The passenger train, consisting of two day coaches, a Pullman and a caboose, was loaded with World's Fair excursionists from Southeastern Kansas and Southwestern Missouri. The Wichita passenger train had been cut in two at Pleasant Hill on account of the heavy load, and a locomotive attached to the front car, without a baggage car as a buffer.

Freight Met Second Section.
The extra freight had been sidetracked at Montserrat for the first section of the Wichita train, which carried signals that a second section was following. A local passenger train passed and the freight crew took the local for the second section of the Wichita train and pulled out of the side-track. Three miles west the freight met the second section.

The impact telescoped the tender of the passenger locomotive and the front car, which was full of passengers, and it was here that the sacrifice of life took place. The passenger conductor, E. L. Barnes, ran all the way to Warrensburg to report the wreck. Every physician in Warrensburg and hundreds of citizens hastened to the wreck to assist the wounded. Twenty persons were killed outright and seven died within a few hours. The dead were placed on flat cars and brought to Warrensburg.

A coroner's jury is now seeking to fix the responsibility for the wreck. The conductor of the freight train says he was dozing while his train was at Montserrat, and when the local train passed Engineer Horton believed it was the second section of the Wichita train, and thinking the track clear, pulled out on the main line.

Stabbed in the Neck.
Peterboro, Oct. 11.—At the noted Italian house on Bethune street, Sunday afternoon, a number of Italians had congregated. A fight occurred, and as a result one of the inmates was stabbed in the neck. His wounds were dressed, but the police have not captured their man.

Morley Sails On Friday.
London, Oct. 11.—(C. A. P.)—Rt. Hon. John Morley, M.P., sails for New York per the SS: Celtic on Friday, and is expected to proceed at once to Canada.

If some people had their way everybody else would get out of it.

CHILDREN'S AID

The Advisory Board of the Children's Aid Society met in the offices of County Clerk Jonas Gosnell. Mrs. W. D. Sheldon, Mrs. Fred Goodland, Mrs. Frazer, Mrs. William Young, Mrs. Malcolmson, Mrs. Taff, Mrs. Brady, and Mrs. H. D. Smith and Messrs. J. W. Plewes, D. S. Patterson, Baxter and Dr. R. V. Bray.

The executive officer, Dr. R. V. Bray, presented his report for the month of September. It was as follows—visits 8, letters written 8, cases investigated 2, embracing 3, children interviewed 9, children changed in homes 1. The report was adopted.

It was reported concerning the boys with sore eyes that they were progressing favorably. The following committee was appointed to wait on the police commissioners, in reference to the appointment of a truant officer—Mrs. Fred Goodland, Mrs. Frazer, Mrs. Sheldon and D. S. Patterson, and J. W. Plewes.

Account amounting to \$4.75 were ordered paid.

Donations of \$1 from Mrs. Young and \$5 from the I. O. O. F., were acknowledged.

Delegates to the London convention, Mrs. Goodland, Mrs. Sheldon, and Dr. R. V. Bray, gave reports of the meeting in London.

THEY SQUABBLED

Neighbors on Pine Street Air Their Troubles in the Police Court—Some Results of a General Engagement.

"Do unto the other fellow what he's trying to do unto me and do it first," remarked Judge Houston this morning at the police court as he quoted from David Harnum. John Mowers was in the witness box in connection with the assault charge preferred by Mrs. Mowers against Frank Baxter. Mr. Mowers said that the defendant had remarked to witness son, "Tell your old father to come out on the street and I'll smash his face."

Mowers said he promptly went out on the street but never at all expected to fight. Such a thing was apparently very far from his mind. Judge Houston couldn't quite appreciate the witness' feelings. The Court rather thought that Mowers went out with the intention of doing unto the other fellow what he wanted to do to him and to do it first. Witness went out and got a smash in the eye. The evidence was pretty much contradictory but the facts of the case seemed to be that John Mowers and Frank Baxter are neighbors on Pine street. Blake Mowers, a lad of twelve, was kicking up a noise in their own yard and to this Mr. Baxter objected. He asked the boy to stop, and the lad's father interfered. Then Baxter and Mowers had a wordy difference which ended in a general invitation to settle the matter on the street. Both hastened out and then a general engagement ensued in which father and son were opposed to Frank Baxter. He was getting away pretty well with it when Mrs. Mowers came to the rescue. She received a nasty blow in the face and then Frank got away. After hearing all the evidence Judge Houston dismissed the charge, each party to pay their own costs. O. L. Lewis defended Frank Baxter.

Interest of the Country At Large Demands Such a Policy

Hence R. L. Borden Urged the Building of the Trent Valley Canal At Peterboro On Saturday—Rousing Meeting Held in the Interests of James Kendry, Who Declares Government Is Raising the Woollen Industry

Peterboro, Oct. 10.—The Conservatives of Peterboro and surrounding district were present in large numbers Saturday evening in the Brock street rink to welcome their political leader, R. L. Borden, who spoke in the interests of James Kendry. A most enthusiastic meeting was the result.

Mr. Kendry's Speech. Mr. Kendry was the first speaker. Regarding the woollen industry in Canada, he said that the policy of the Liberal Government was detrimental to its best interests and had the effect of driving away the best classes from Canada. He criticized the immigration policy of the Government, saying that it brought in an undesirable class of immigrants, and had a tendency to lower wages. He declared his support to the principles of the policy of the Liberal-Conservative leader.

Mr. Borden's Speech. Mr. Borden was enthusiastically received. In his address he criticized the Government's transportation policy. As the country paid nine-tenths of the cost of the Grand Trunk Railway they should also pay the other tenth and own the road instead of putting in capital in cash and credit of \$150,000,000, while the G.T.R. put up \$14,500,000. If the policy of the Government was not that of public ownership of railroads, what were they going to do with the Intercolonial, on which \$70,000,000 had been spent? It should be extended to Georgian Bay to make direct connection with the western traffic.

Mr. Borden criticized the fiscal policy of the Government, saying that the electors were deceived and that in parts of the country where free trade was popular the Government advocated free trade and in industrial centres protection was advocated. Sir Wilfrid himself did not know his own mind on the fiscal policy.

Trent Valley Canal. Referring to the Trent Valley Canal, Mr. Borden said that both parties favor its completion. It was started under the Conservatives, who had done much for its promotion; during the last eight years some work had also been done, and the speaker considered it of the utmost importance not only to this district but to the country at large that the canal be completed. The expansion of the west and increase in products made it necessary to develop all inland waterways.

Mr. Borden was a firm believer in the promotion of closer trade relations between the different parts of the British Empire, and if we are to have closer ties with the Mother Country some reciprocal trade arrangements must be made. It were better to accomplish this with our own kith and kin than with those of another country. The consummation of this policy would mean a great deal to Canada. The Conservatives stood for this policy and would support it if returned to power.

POLITICAL POINTERS.

The Conservatives nominated on Saturday Bruno Nantel in Terrebonne.

Saturday Hon. James Sutherland was again nominated in North Oxford.

At Valleyfield George H. Long was nominated to oppose Mr. Bergeron in Beauharnois.

Aldred Broder was again selected as the Conservative candidate for Dundas County on Saturday.

Wm. Ross of Port Perry has received and accepted the unanimous nomination of the Liberals of South Ontario.

Hon. Peter White will be the candidate of the Conservatives in North Renfrew. The convention was held on Saturday.

At Brandon Saturday, R. L. Richardson of The Tribune, Winnipeg, was unanimously selected to oppose the Hon. Clifford Sifton.

At the Liberal convention for the constituency of Brantford, Saturday, C. B. Heyd was selected to champion the Liberal cause.

Hon. William Paterson will be tendered a reception at Sarnia Tuesday evening, Oct. 11, when he goes to speak for Dr. Johnson.

L. De L. B. Tache, the Conservative who opposed the late Mr. Blanchet, is again in the field in the County of St. Hyacinthe.

Hon. T. Hackett, ex-M.P.P., received the unanimous nomination of the Conservative party in the County of Stanstead on Saturday.

Quebec Liberals have nominated George Parent, son of Premier Parent, as the opponent of Hon. Thomas Chase Casgrain in Montmorency.

The Conservative convention of East Simcoe was held at Midland Saturday and resulted in the nomination of W. H. Bennett, M.P., for reelection.

E. F. Clarke was on Saturday night unanimously chosen by the Conservatives of the riding of Centre Toronto as their candidate in the coming election.

A. J. Ludlow was nominated at Paris on Saturday as the Conservative candidate for the riding of Brant. Mr. Ludlow opposes Hon. William Paterson.

North Essex Conservatives met in convention in Windsor Saturday afternoon and nominated John Wesley Hanna, well known criminal lawyer, for the Federal Parliament.

At the Conservative convention for the next riding of Lambton, held at Watford Saturday, J. E. Arn-

MAKES MEN SOUND AND STRONG

Detroit Specialist Making Men's Diseases a Specialty for Years, Will Accept Your Case, Giving Individual Treatment. You may Use it in the Privacy of Your Own Home.

You May Pay When You are Cured. A Detroit Specialist who has 14 diplomas and certificates from medical colleges and state boards of medical examiners, and who has a vast experience in doctoring diseases of men, is positive he can cure a great many so called incurable cases.

DR. S. GOLDBERG.

The possessor of 14 diplomas and certificates, who wants no money that he does not earn. In order to convince patients that he has the ability to do so, he says, Dr. Goldberg will accept your case for treatment, and you need not pay one penny until a complete cure has been made; he wants to hear from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and skin diseases, such as rheumatism, bladder or kidney troubles, heart disease, physical and nervous debility, lack of vitality, etc.

The doctor realizes that it is one thing to make claims and another thing to back them up; so he has made it a rule not to ask for money unless he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. It seems, therefore, that it is to the best interests of everyone who suffers to write the doctor confidentially and lay your case before him, which will receive careful attention, and a correct diagnosis of your case will be made free of charge; if you have lost faith write him, as you have everything to gain and nothing to lose; you must remember that no one need be paid until you are cured. All medicines for patients are prepared in his own laboratory to meet the requirements of each individual case. He will send a booklet on the subject, which contains the details of his treatment, entirely free. Address him simply Dr. S. Goldberg, 308 Woodward Ave., Room 617, Detroit, Michigan. Money sent from Windsor, Ont., consequently there is no duty to be paid.

strong, ex-M. P., of Petrolia, was nominated for the Commons, and Hugh Montgomery, reeve of Plympton, for the Legislature.

Mr. R. L. Borden will reach Montreal on Thursday next, after his tour of Eastern and Western Ontario. On Friday he will be the principal speaker at a mass meeting at the Windsor Hall. On Saturday another meeting will be held at the Monument National. On the following Monday Mr. Borden will address a mass meeting at Quebec, and on Tuesday he is due at Sherbrooke. He will then proceed to the Maritime Provinces.

ELECTRIC WIRES SAVE BUILDING.

Asked As Lightning Conductor When Bolt Struck Factory.

Listowel, Oct. 10.—During a heavy electrical storm which passed over here Saturday afternoon, the factory of the Morris Piano Company was struck by lightning, a hole about 3 feet square being torn in the roof.

The electric wires are said to have been a great help in saving the building from destruction. The lightning, however, running along the wires, burned the dynamo badly. A flame which made its appearance was quickly extinguished by the men. Mr. Robert Wakeford, an employe, was thrown a distance of about 10 feet. No one was badly injured.

OPERATIONS NOT ALWAYS NECESSARY

DOCTORS FREQUENTLY MISTAKEN.

"I suffered untold agony with piles for over three years. Two doctors told me nothing but an operation would cure me. I tried different remedies but nothing did me any good until I used Pyramid Pile Cure. I bought six fifty-cent boxes at the drug store, and now I can do my work and go out where before I was most of my time lying down. I thank God for giving the discoverer the knowledge to make such a cure. I recommend it to all my friends, and if I ever have piles again will certainly use this remarkable remedy. You can use this in any way you wish to make known the wonderful merit of Pyramid Pile Cure." Mrs. Wm. Mucky, 81 Marshall Street, Ellerslie, N. J.

The experience of this lady is that of thousands of others who have been assured that nothing short of an operation would rid them of this distressing complaint. On the face of it, it appears as if too many surgeons operate in order that they may keep their hand in, and lose no portion of their skill; then, again, too many surgeons are anxious to experiment (like the scientific man in Mark Twain's pathetic story of the dog and her little puppy), and do not have proper regard for a patient's physical welfare or condition.

We advise every sufferer to think twice before submitting to an operation for piles, and suggest that those interested write to the Pyramid Drug Co., Marshall, Mich., for their little book on the causes and cure of piles, which is sent free for the asking.

Arrested in Brockville.

Brockville, Oct. 10.—Albert McNab was placed behind the bars, charged with committing theft in Montreal. McNab's home is in Brockville, but he has been dodging back and forth between here and Montreal for some time past. A secondhand store in the latter place missed a number of watches, rings, etc., on Monday, the 8th inst. He turned out to be the right man, for a portion of the missing goods was found on him. He told where the remainder had been pawned. In Cornwall and Montreal other charges will be placed against him.

Warns Australians.

London, Oct. 10.—(C. A. F.)—The Sydney Daily Telegraph, the Ministerial organ, warns Australians against Premier Balfour's conference. Even if it is the limited question of closer union the pooling of colonial policies with British is objectionable from every point of view. Australia cannot allow any entanglement with the Imperial Foreign Office. It concludes that it is extremely doubtful if any of the colonies desire a closer union.

Clarksburg Bank Burglarized.

Clarksburg, Oct. 10.—A daring burglary took place here at two o'clock yesterday morning. The vault and safe in C. W. Hartman's Bank and office was blown open by professional thieves who obtained less than \$100 in money. A box containing some notes and drafts were taken, but as they are of no value to the burglars, and the firm have a complete list they will not be seriously inconvenienced. Nearly all are stamped and numbered.

Against a Conference.

London, Oct. 10.—(C. A. F.)—The Right Hon. H. Asquith, M. P., addressing his constituents on Saturday, said, regarding the proposed conference, that the summoning of such "seems to me to possess no advantage, but to be perfectly futile for its own immediate purpose and to be fraught with danger to our Imperial unity."

The Seal Catch.

Victoria, B.C., Oct. 10.—A special to The Colonist says: The Charlotte L. Cox is here with 884 skins. The City of San Diego with 620 skins on Aug. 10; the Yora with 700, on Aug. 14; the Carrie C. W. with 260, on Sept. 13; the Jessie with 250, on Aug. 3, and the Fawn with 260, on Aug. 5. Cox. Cook of Casco was drowned.

Champagne Prospects.

Paris, Oct. 10.—The grape harvest, which is now in full swing in the champagne country, is both abundant and of excellent quality. Wine of 1904 is likely to be classed among the best vintages. The price of a cask containing 250 bottles varies this year between 500fr. to 600fr. \$100 to \$120.

Big Fire At Winnipeg.

Winnipeg, Man., Oct. 10.—A large bakery building, owned by W. J. Boyd, was burned yesterday afternoon. The building was most complete and up-to-date, and the loss will be over \$30,000; partially insured.

THE BLUE GNU IS AN UGLY ANIMAL.

The blue gnu is a grotesque animal recently added to the collection of the New York Zoological park. It has been said to have the tail and hind quarters of a horse, the legs of a deer, the neck and horns of a buffalo, and a nondescript head, which gives it a most fantastic look. The oddity of its appearance is increased by the extraordinary postures it assumes when disturbed. It comes from South Africa.

THE FLY DETECTIVE.

Richard Watson Gilder, the editor and poet was at a dinner party the other night, and as he dropped a lump of sugar in his coffee, he said:

"This sugar reminds me of a mean old man—a miser, in fact, who used to live in Bordentown."

"I was born in Bordentown, and I remember a lawyer's story of how he called on the miser one morning about a mortgage, and found him alone at breakfast—for he was a bachelor."

"The two discussed their business till the meal's end, and then the miser leaped up and began to caper about the room with considerable agility. He skipped here and there. He brandished his arms above his head. He was endeavoring, the lawyer perceived, to catch a fly."

"And at last he caught one."

"Good, good," he muttered, in a satisfied tone and he dropped the fly in the sugar bowl and clapped down the lid upon it.

"Then—At ten per cent. interest," he began, and the discussion of the mortgage was resumed as though nothing had happened whatever.

"The lawyer, while he talked, thought and thought about the fly. He tried to fathom the miser's motive in putting it in the sugar bowl. He knew the man too well to believe that he had dropped it amid such sweet surroundings merely in order to give it a pleasant meal. And finally, curiosity getting the better of him, he said:

"Pardon me, my dear sir, but do you object to telling me why you have imprisoned a fly in that sugar bowl there?"

"Not at all," replied the miser. "I simply want to find out if the servants are stealing the sugar."

THE LOCAL BUDGET

J. E. Brown, Kingsville, spent yesterday with his Chatham friends.

If you want a good cow, go to McMullen's sale to-morrow afternoon.

A. E. Wilson, of Wallaceburg, is spending the day in the city on business.

Mr. and Mrs. J. W. Smith, of Stewart, are guests at the Garner House to-day.

The Bugle Band of the 24th Regiment will hold a practice in the band room to-night at eight o'clock. A full attendance is especially requested by Bugle-Major Plummeridge.

If you want a good cow, go to McMullen's sale to-morrow afternoon.

A quiet wedding was solemnized this morning at 8 o'clock when Henry Rivard and Miss Stella Primeau were united in marriage. Miss Annie Rivard and Edward Duckett assisted the bride party. The happy couple left on the noon G. T. R. express for a honeymoon trip.

The Bugle Band lacrosse team goes to Wallaceburg next Thursday afternoon to play the deciding game for the Gray cup. The boys will take a good gang of rooters with them and it is fully expected that they will bring back the trophy.

The Canada Business College and the C. C. I. football teams played a very interesting game of football on Tecumseh Park yesterday afternoon. The game was won by the C. C. I. with a score of 3-0. The score was no indication of the game as the play was very close throughout.

GOING UP

Joseph Bartlett, son of Mrs. J. L. Bartlett, Colborne street, has been appointed master mechanic in the Santa Fe Railway shops at Los Angeles, Cal. Mr. Bartlett had occupied a similar position in the Pere Marquette shops at Walkerville. He will take Will Griffith, another old Chatham boy, with him.

LAURIER AT HAMILTON

Comes Out For Private As Opposed to Public Ownership.

Ex-Judge Choquette Raises the Race Cry in Sir Wilfrid Laurier's Behalf in the Province of Quebec—E. B. Oiler Nominates For West Toronto—Premier Haultain Says Sir Wilfrid's Letter Multiplies Northwest Liberals.

Hamilton, Oct. 11.—Sir Wilfrid Laurier honored this city by opening his Ontario campaign here last night. There were 5,000 people in the drill shed, half of whom stood around the hall.

A roar of cheering greeted Sir Wilfrid Laurier and his party, among whom were Hon. William Paterson, Minister of Customs; Hon. J. M. Gibson, Attorney-General; John Dickenson, M.P.P.; Ald. J. M. Eastwood and Adam Zimmerman, the local candidates; J. S. Deacon, candidate for Halton; W. F. Montague, James Dixon, Ald. Wright, W. T. Evans, secretary Reform Association. James Chisholm, president of the Liberal Association, presided.

After Adam Zimmerman and J. M. Eastwood, Liberal candidates for West and East Hamilton respectively, had spoken, Sir Wilfrid, as he came forward to speak, received a tremendous ovation.

In the course of his speech he justified going to the country before the expiry of the ninth Parliament, eulogized the local candidates of his party, asked again what Mr. Borden meant by "adequate protection," although the Conservative leader has defined his policy time and time again on this question; then he came to the C.T.R. bargain and announced that he stood by it. He satirized Mr. Borden's public ownership of railways platform, and said that he was sure they wanted the railway managed as they managed their affairs in the good old city of Hamilton, by private enterprise and according to their motto, which was "Forward forever and forever forward."

After he expressed confidence that they would elect Messrs. Zimmerman and Eastwood on Nov. 3, he lay back in his chair, having spoken an hour and a quarter.

Hon. Wm. Paterson closed the speaking, and the meeting ended with the usual cheers.

Raises Race Cry.
Montreal, Oct. 11.—Senator Choquette soon got to work after leaving the bench. In his remarks at Chateau Richer, the new Senator asked the electors: "Are our religious interests not more assured in the hands of one of our own like Sir Wilfrid than in the hands of an English Protestant like Mr. Borden?" Another was: "I despise race prejudices, but blood is thicker than water. Let us support our blood in preference to Mr. Borden."

MULTIFIES THE LIBERALS.

Premier Haultain On the Letter of Sir Wilfrid Laurier.

Regina, Oct. 11.—Premier Haultain made the following statement yesterday regarding autonomy and the reference to the same made in the speech from the throne:

"The speech closing the House says that the assurances that have been given upon the subject lead to the belief that an early settlement of the autonomy question will be made. We have doubtless assurance that the policy of the Conservative party, indicated by Mr. Borden's resolution on autonomy in 1903; secondly, the avowedly accidental and indefinite statement of Sir Wilfrid Laurier, made on the eve of a general election, Sir Wilfrid's letter completely nullifies his Government and his western supporters, all of whom for the past year and a half and to the last moment have been practically arguing against the immediate necessity for autonomy, and declaring that so far as the autonomy question is concerned it is a dead issue. Sir Wilfrid's letter intimates that he expects 10 territorial members of Parliament to go to Ottawa, fully informed of the views of their constituents upon this question. As negotiations were stopped three years ago, there is no indication on the part of the Government as to its attitude on any of the details of our proposition, and as the question has been studiously avoided by the Liberals in the west, there is no chance of a fair expression of opinion being obtained, except upon the bare necessity for autonomy, which has already been decisively answered by the people at the general local election and by a unanimous declaration of the Legislative Assembly. The terms upon which autonomy will be granted should be the issue, but the electors are being asked to vote in the dark, so far as the main points involved are concerned."

Is This Bernier?

St. John's, Nfld., Oct. 11.—Fishing vessels returning from Labrador report having sighted a strange steamer, which resembled a sealer, off Davis Inlet on Tuesday last. The steamer was apparently disabled. It is believed that she is the Canadian cruiser Arctic (formerly the Gauss), bound for Hudson Bay, and that her engines are out of order.

Archbishop's Farewell.

Boston, Oct. 11.—The Archbishop of Canterbury and bishops representing various parts of the world, addressed a great missionary mass meeting in Tremont Temple last night. The address of the Archbishop was probably the last that he will make in public during his stay in America.

MISSION BAND

The Oliver Mission Band of the First Presbyterian Church held their first meeting of the year yesterday afternoon, in the lecture room of the church. There was an excellent attendance and a good number of the ladies of the church were present to encourage the children in their commendable work. A thank offering was given and a good sum realized.

Rev. Mr. MacGillivray was present and delivered an excellent address. Miss May Barnes also gave a reading, and Miss Flora McGee and Miss Marion McColl sang solos.

Miss M. L. Gordon is president of this society, and they are doing a good work in the mission fields as assistants to the Woman's Foreign Missionary Society. Their meetings are always well attended and much interest is being taken in the work.

THE BIG TREES

WONDERFUL AND AWE-INSPIRING PRODUCT OF NATURE, FOUND ONLY IN CALIFORNIA.

California's attractions are mostly of its own kind, peculiar to the state, and of this is this so emphatically true as that unique product the Big Trees. The age of these colossal is from 1,500 to 2,000 years. The Mariposa Grove, which can be visited while en route to the Yosemite, contains some of the largest. In the Calaveras Grove are from ninety to one hundred of huge size. Near Santa Cruz is a beautiful grove of redwood Big Trees which will employ a day's visit. These can be best reached by the Union Pacific whose fast trains from Missouri river reach California 16 hours ahead of all competitors.

Pamphlets and maps describing the wonders of California, and full information about the most comfortable and direct route to the Pacific Coast, can be obtained of H. F. Carter, T. P. A., 14 James Building, Toronto, Canada; or F. B. Choate, B. A., 124 Woodward Ave., Detroit, Mich.

THE TUNNEL DISASTER.

Use of Electricity Urged For the St. Clair Tunnel.

Sarnia, Oct. 11.—Feeling here is at a high pitch as it is felt that some measures must be taken immediately to change the condition of operation at the tunnel, so as to eliminate the terrible danger to employees from coal gas. The tunnel was in full operation yesterday, and there is nothing to prevent a recurrence of Sunday's horror at any moment.

The tunnel is a mile in length, and is entirely without ventilation according to the railway men.

At one time it is stated that a system of forced draughts was tried, but it was found that the results were unsatisfactory, and for several years past the suction caused by the moving trains has been relied upon to clear the air of the big tube.

When a train goes through the tunnel the current of air follows it, and in ten minutes the air is comparatively pure. When a train is frequently stopped, the situation of the crew becomes precarious, as the air is blocked and the coal gas has no outlet. In such cases it is common

Electricity a Complete Remedy.

Four deaths have occurred in this way in the past six years, and from time to time announcements have been made that the tunnel would be operated by electricity, which would be a complete remedy for the present condition. In 1893 Conductor George Hawthorne was overcome by the gas and was taken out dead. In November, 1897, a freight in charge of Conductor Ed. Dunn of Sarnia, Engineer Pat Courtney of Port Huron, Brakeman Joe Dalton and William Potter and Fireman William Duncan was stalled in the tunnel, and the men were overcome by gas. Potter was demented for some time as a result, Duncan was also incapacitated. Dunn, Dalton and Courtney were corpses before they were carried to the portal. Suits were commenced against the railway at that time on the ground of negligence in not ventilating the tunnel, but were settled out of court by the company.

Other Tragedies.

In December of last year a track walker named Joseph Boyd became violently insane, murdered his wife and committed suicide. At the coroner's inquest medical evidence showed that before his death his health had failed, and that he was subject to periods of eccentricity, which he had attributed to the length of time he was compelled to spend in the tunnel. The coroner's jury found that the double tragedy was due to the indirect effect of the noxious gases.

In addition to this record there have been other cases of men rescued in an unconscious condition. Recently three section men were carried out stupefied, but ultimately recovered.

Use Electricity.

Detroit, Oct. 11.—The Evening News of this city last night, in commenting on the disaster, says in part: "Two Governments and a wealthy railroad corporation are responsible in a measure for a disregard of physical conditions. A locomotive which consumes carbon has no business in an underground tunnel. Those who take the responsibility are excusable on the ground of ignorance, until the dangerous conditions are discovered, and after that they take the risk of manslaughter if they continue the practice beyond the shortest possible time when a substitute power can be applied. It is a reflection on the Governments of Michigan and Ontario that they have permitted such a death-trap to continue in daily use for many years without forcing the substitution of some safe method of handling trains through the tunnel."

The Detroit Journal said last night: "Superintendent Beggs for years insisted that only electricity should be used as motive power in the big subaqueous passageway. For nearly fifteen years now, the tunnel has been in operation, certainly

ample time in which to make changes demanded in the interest of the public safety and the safety of employees. Probably Superintendent Beggs' death will accomplish more for the project of substituting electricity for steam locomotives than his arguments were ever able to accomplish during his lifetime."

Rib Pierced His Heart.

Toronto, Oct. 11.—Murdoch Cameron, an employee of the Consumers' Gas Co., was instantly killed yesterday afternoon. He was digging a drain at the foot of Berkeley street when the earth caved in on top of him, breaking a rib, which pierced his heart. He had worked for the Gas Company for 20 years, was 50 years of age and leaves a grown up family.

Killed By a Train.

Tweed, Oct. 11.—George Freeman, a young man about 22 years of age, in the employ of John Comer, harnessmaker here, was killed while trying to board a C.P.R. freight yesterday morning. He tried to catch a car while in motion, but the train was going too fast and swung him back against the car, breaking his back. He was killed instantly. His parents reside near Norwood.

Killed By a Horse.

Lariviere, Man., Oct. 11.—Raymond Jubinville, a 5-year-old boy, was kicked on the head by a horse shortly before noon yesterday, and is not expected to live. The boy was leading the horse from his father's stable when it became frisky and galloped away, hurled the boy to the ground, kicking him as he fell.

Killed Near Huntsville.

Huntsville, Oct. 11.—On Saturday, on Malcolm McMillan's farm, in the Township of Brunel, a Barnardo boy named Joseph Hazel was killed. He was moving a stumping machine, when one of the braces hit him on the neck and killed him instantly. He was 14 years of age.

Woman's Narrow Escape.

Lucan, Oct. 11.—The brick dwelling and two barns belonging to Henry C. Hodgins, on the fourth concession of Biddulph, two miles from this place, were completely demolished by a wind storm at 6 o'clock last evening. Mrs. Hodgins, who was in the front part of the house, was buried under four feet of debris, but escaped with slight injuries.

The hours we pass with happiness in view are more pleasing than those crowded with fruition.

MORPETH.

Miss Sara Smith, who was seriously
ill last week, is now recovering.

Miss Louise Stewart has returned
from Detroit, where she has been for
the past two months.

Miss Clara Coll is recovering from
a severe attack of appendicitis but
is still confined to her room.

We understand that Mr. Oscar
Shaw, of Kent Bridge, has purchased
the residence of Mrs. G. Higgins and
will become a resident of our vil-
lage.

Mrs. Smith and son, of Chicago,
have been the guests of Mrs. D. E.
Desmond, Talbot street.

Miss Aylesworth, of Toronto, has
returned home after spending several
weeks with the Misses Smith.

Miss Mary Johnson will arrive this
week to attend her mother, who has
been ill for so many weeks.

Harvest home services will be held
in Trinity church, Talbot street, on
next Sabbath.

A very pretty wedding was solemn-
ized at Trinity church on Tuesday,
27th ult., when Miss Dora, only
daughter of Mr. and Mrs. W. A.
Walters, Talbot street, was united to
Mr. J. W. Mason, one of Talbot
street's most prosperous young farm-
ers. The bride was gownned in white
silk and was assisted by the Misses
Mary Sifton, Ethel Spencer and Daisy
Desmond, who were gownned in pink
and white. Little May Walters, cou-
sin of the bride, made a very pretty
flower girl. The groom was assisted
by Mr. James Serson. After the cere-
mony, which was performed by Rev.
Ed. Softley, the guests were served
with a sumptuous supper at the resi-
dence of the bride's parents, after
which the happy couple left for De-
troit and other points. The presents
were many and costly.

An old and well known resident
of Howard passed away on the 29th
ult. in the person of James Hurst.
The deceased was 73 years and nine
months of age, and had been in fail-
ing health during the past year. He
was born and grew to manhood in
Niagara. When still a young man
he came to this county, where for
some years he taught school, but for
many years has resided on the farm
where he died. A widow, several
daughters and one son, Mr. A. S.
Hurst, M. A., of Bridgeport, Conn.,
survive him. The remains were in-
terred in Greenwood cemetery on
Saturday afternoon. Rev. Ed. Soft-
ley conducted the services.

WHAT ONE MAN HAS DONE.

The Remarkable Achievement of a
Remarkable Man—A splendid Ex-
ample of what Untiring Devotion
can do.

For years Dr. J. S. Leonhardt, of
Lincoln, Neb., studied the problem of
how best to prevent and cure disease.
He was not satisfied with the
methods and treatments in general
use and after long study and much
experiment he had declared that—

"The poisonous products of the fer-
mentation and decomposition of un-
digested food absorbed by the system
are the first cause of almost any
disease."

He knew that all the medicines pre-
scribed for the stomach and bowels
contained resinous properties which
left behind them a dried up condition
of the mucous membrane lining of the
stomach and bowels—this after effect
invariably resulting in Chronic Com-
plaints.

Dr. Leonhardt therefore determined
that to correct disorders of the
stomach and bowels he must produce
an effective medicine containing abso-
lutely no resinous substances such as
are found in the ordinary pill.

He succeeded and the result he
called Anti-Pill.

Dr. Leonhardt's Anti-Pill will cure
permanently any case of Dyspepsia
or other Stomach Trouble, Biliousness
or Constipation.

SAVED TWO LIVES.

I hear you were out fishing yester-
day. I'll bet you didn't get any-
thing.

May be not, but I saved the lives
of two other fishermen.

Really?

Well, that's what they told me. It
seems they had forgotten their flasks
and I shared mine with them.

Mrs. Hughson, of Chicago,
whose letter follows, is another
woman in high position who owes
her health to the use of Lydia E.
Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered
for several years with general weakness
and bearing-down pains, caused by
womb trouble. My appetite was poor,
and I would lie awake for hours, and
could not sleep, until I seemed more
weary in the morning than when I re-
tired. After reading one of your adver-
tisements I decided to try the merits
of Lydia E. Pinkham's Vegetable
Compound, and I am so glad I did.
No one can describe the good it did me.
I took three bottles faithfully, and be-
sides building up my general health,
it drove all disease and poison out of
my body, and made me feel as spry and
active as a young girl. Mrs. Pinkham's
medicines are certainly all they are
claimed to be."—Mrs. M. E. HUGHSON,
447 E. 1st St., Chicago, Ill.—\$5000
worth of relief of those letter proving genui-
ness cannot be produced.

More than a million women have re-
gained health by the use of Lydia E.
Pinkham's Vegetable Compound.
If the slightest trouble appears,
which you do not understand,
write to Mrs. Pinkham, at Lynn,
Mass., for her advice, and a few
timely words from her will show you
the right thing to do. This
may mean life or happiness or
both.

NORTHWOOD.

About twenty young people from
here drove over to Louisville last
Friday night to see the finishing up
of a Bible contest started eigh-
ty days ago in their Epworth League.
Clint Clark, of Ridgeway, is spend-
ing a few days with friends and re-
latives here.

Rod Nottingham has just returned
from a month's visit in Buffalo
with his aunt.

Mr. Knight writes home that he
is delighted with his trip up West.

Everybody is expected out to Ep-
worth League next Wednesday night
to take part in the Bible contest
which is on now. The church was
nearly full last week.

Miss Wilber, of Detroit, is the guest
of Miss Essa Hales.

Early frosts have damaged the
corn and beans considerably.

KENT BRIDGE.

The great Chatham Fair has come
and is being quite a number from here
attended both days.

Miss Bucke, of London, is spend-
ing a few days with her brother,
Dr. E. P. Bucke.

The farmers of our vicinity are busy
with their apples. They report a
good yield this season.

Mrs. N. W. Coburn, of Brownsville,
Ont., is visiting her sister, Mrs. J.
S. Langford.

DARRELL.

Mr. and Mrs. L. Holmes, of Chat-
ham, spent Sunday at Mr. B. French's.
Frank French visited friends here
last week.

The church was overcrowded last
Tuesday, it being the final night of
the Bible contest. The winning side
will be treated to a program and
supper in the near future.

Anniversary services will be con-
ducted by Rev. Mr. Buckborough on
Sunday morning and evening, Oct. 9.
A treat will be offered in aid of the
minister's salary.

Mr. and Mrs. Chas. Agar were
Ridgeway visitors Friday and Sat-
urday.

Quite a number of prizes were won
by the farmers of this part of Kent
at the county fair, Sept. 28 and 29.

The Darrell football team also won
a prize.

We sincerely regret the sad demise
of the six months' old child of Mr.
W. Holmes. She passed away on Wed-
nesday morning, having been seized
with scarlet fever and whooping
cough. Funeral services were con-
ducted by Rev. Mr. Buckborough on
Thursday and the remains were taken
to Louisville cemetery for interment.

On Thursday afternoon at 5:30
o'clock Chatham and Darrell foot-
ball teams contested for the prize
of \$30 given by the Agricultural So-
ciety. Although the Langford bro-
thers of the Bridge, failed to appear
for an unknown reason, Darrell
gathered themselves together and
carried off the honors, indicated by
the score of one to nil. Peck for
Darrell played a star game and was
entirely broken up by E. Jinks on the
half. French in goal easily repulsed
anything that came. The game was
free from roughness. Referee, Feterly.
This was two years in succession
that Darrell has taken the prize at
the Fair.

Mr. H. Williams, Financial Secre-
tary of I. O. F. Court here, visited
his friends on Friday and Saturday.
Mr. Williams now operates a poultry
farm east of Sarnia.

Russel Arnold gave a crowd of
Louisville folk an excursion to
French's church on Tuesday even-
ing.

Magnanimity is sufficiently defined
by its name: yet we may say of it
that it is the good sense of pride,
and the noblest way of acquiring ap-
plause.

A WOMAN WITH
EIGHTEEN NAMES

The ingenuity of a London firm of
solicitors is now being exercised in
unravelling the mystery surrounding
an elderly lady, who travelled about
England and the Continent under no
fewer than eighteen names, and who
has died leaving a considerable
amount of property.

Some years ago Messrs. Leggett,
Rubinstein & Company, of Gray's
Inn, were consulted by a stranger,
an elderly lady, about some bonds,
the coupons of which she alleged had
been cut away and stolen. They
went into the matter, but when it
became necessary to communicate
with their client they found that she
had disappeared, leaving the bonds
in their possession. As the securities
were French, the solicitors communi-
cated with the proper authorities, and
had them stopped. Then they forgot
all about the matter.

The second part of the story began
on June 11, 1902, when there died at
the National Hotel, Avenue de la
Mare, Nice, an old lady named Mme.
Scott. Having behind apparently no
one but an illiterate housekeeper as
infirm as herself, and a number of
securities and coupons, which were
sent to Paris for negotiation. It was
then found that the coupons present-
ed were those already reported miss-
ing, and the matter again came into
the hands of Messrs. Leggett, Ru-
binstein & Company.

All the papers found at Nice were
handed to them when they discovered
that their former client was known
under no fewer than eighteen names,
having lived in various places, as:
Mrs. H. F. McKenna (widow), Mad-
ame Scott, Mrs. H. F. Scott, Miss F.
C. Scott, Miss F. C. Cavendish, Fran-
ces Scott Cavendish, Miss Frances Ca-
vendish Scott, Miss F. C. C. Scott,
Miss F. C. Scott-Cavendish, Mrs. F. C.
Cavendish, Mrs. F. C. de Belmont,
Frances Cavendish Villiers, Mrs. Con-
stance Villiers, Madame de Ersey,
Madame F. de Ersey Villiers, G. F.
C. de Ersey Villiers, Mrs. Scott Vil-
liers, Madame Villiers.

She seems to have had a number of
addresses. Once she lived at Berkeley
street, London, but as a rule she moved
about from one hotel to another,
both in England and on the Conti-
nent.

Some years ago she occupied
rooms at the Golden Cross Hotel, in
the Strand. But wherever she lived,
she was always liberally provided
with funds. She kept her carriage,
and lived and dressed as a rich wo-
man. But who she was no one ever
seems to have known.

On taking charge of her affairs,
the solicitors at once set about to
trace her next of kin, and after much
trouble a niece has been found in
Melbourne, who will probably be en-
titled to the lady's fortune. It is be-
lieved she held shares and property
still untraced. It was discovered that
the lady's real name was Ellen Fran-
ces Kieran, and she was the second
daughter of a Mr. Kieran, of Man-
chester and Dundalk. In 1844 she
married Colonel Hugh Francis Mc-
Kenna, who died twenty years after-
wards.

Exactly why she chose to live under
so many names was best known to
herself. The housekeeper cannot now
be found, but at the time of her
mistress' death she refused to give
any information.

Only a glimpse has yet been ob-
tained of what appears to be a
strange life's history, but that part
which has been disclosed is certainly
curious and perplexing, and gives rise
to the belief that she was an agent
of one of the great Powers of Europe,
whose secret service busily employ
many strange characters.

BIG AND LITTLE MEN IN TIME
OF WAR.

The war in the East is a war be-
tween big and little men. And the
little men are reaping the advantage.
Big men for soldiering is an error
that has come down to us from early
times when men wore armour and
fought with battle-axes. In the pre-
sent war the little brown men of
Japan are outfighting the big soldiers
of the Czar.

To-day he is the best soldier who
can most quickly arrive at the criti-
cal point, and use a repeating
rifle—and the small, wiry, alert man
usually gets there first.

What the soldier of the twentieth
century needs most is endurance and
activity as well as courage, qualities
in which little men are the equal of
their big brothers.

England learned the lesson during
the Boer war. As that conflict pro-
gressed the British army regulations
were changed to permit the enlist-
ment of men of smaller stature than
formerly. Some of the best soldiers
in South Africa were short men,
light of weight, alert and extremely
handy with their guns. British of-
ficers found the diminutive Tommy
Atkins to be the fighting flower of
the army.

A very large proportion of the Jap-
anese soldiers and sailors are under
five feet, four inches, yet they are
crowding Kuropatkin's bearded
giants, straining Port Arthur and
smashing Russia's warships on the
seas.

For show purposes the big man in
uniform may be all right, but when
trouble begins, it is the little man
behind the big gun that does the
most effective work.

Indigestion

It isn't always the stomach's fault that food is
not digested. Torpid liver brings Constipation. Bile
gets in the stomach. The kidneys become affected.
The whole process of digestion is weakened. No
wonder you feel so uncomfortable after eating.

Fruit-a-tives

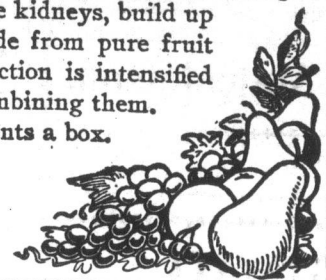

or Fruit Liver Tablets

make digestion complete by making the liver strong
and active. They cause more bile to be excreted,
thus effectively curing Constipation. They tone up
the stomach, regulate the kidneys, build up
the whole system. Made from pure fruit
juices, their medicinal action is intensified
by a secret process of combining them.

In tablet form, 50 cents a box.

WHEN I GO HOME.

It comes to me often in silence, When the firelight sputters low, When the black, uncertain shadows See wraiths of the long ago;

Always with a throb of heartache That thrills each pulsing vein, Comes the old, quiet longing For the peace of home again.

I'm sick of the roar of cities, And of faces cold and strange; I know there's warmth of welcome, Back to the dear old homestead.

With an aching sense of pain; But there'll be joy in the coming When I go home again.

When I go home again! There's music That may never die away, And it seems that the band of angels On mystic harps at play, Have touched with a yearning sadness

On a beautiful, broken strain, To which is my fond heart working: When I go home again.

Outside of my darkening window Is the great world's crash and din, And slowly the autumn's shadows Come drifting, drifting in. Sobbing, the night wind murmurs To the plash of the autumn's rain; But I dream of the glorious greeting When I go home again.

A BRIDE AND YET NOT A BRIDE

It is recognized as a woman's privilege to change her mind, and perhaps the most remarkable instance on record comes from a village in County Derry, Ireland, where a girl has gone through the marriage ceremony and then refused to sign the register or to consider herself bound in any way to the disconsolate bridegroom.

The couple became engaged some time ago, and apparently were perfectly happy. When, however, the engagement was announced and preparations were made for the wedding the young woman began to show signs of fickleness. Difficulties were placed in the way of fixing a day, and the utmost endeavors of parents and friends had to be added to the persuasions of her lover to induce her to consent to be married. But eventually the marriage morning arrived, and the wedding party, with a large number of friends, went to the church.

The ceremony proceeded without a hitch until the bride was asked in the usual form if she would take "this man" for her husband. The clergyman's question elicited no response. Instead, the woman digested and looked confused, while a buzz of excitement ran through the congregation.

SEPARATED IN THE CHURCH. In the Irish Presbyterian Church there is no set form of reply to this question. Any method of signifying assent is accepted, and the Minister, who thought the bride was merely nervous, repeated his question gently. This time there was an inclination of the head, which he took for an affirmative. Others present, however, subsequently declared that it was immediately followed by a negative shake.

Be this as it may, the clergyman saw only the affirmative nod and the ceremony proceeded. The ring was placed upon the bride's finger, and everything proceeded without unusual incident to the end.

But when the register had to be signed the bride absolutely refused. She declared that she was not married, that she had never promised to take the man for her husband, and that she could not and would not sign the register. Husbands, relatives and clergymen, failed to induce her to relent, and eventually, after some hours of fruitless attempts at persuasion, the party broke up, the bride's section going in one direction and the groom and his friends in another.

A NICE LEGAL DILEMMA.

The clergyman then found himself in a peculiar position. In the eyes of the church the marriage ceremony had been completed, and the couple were man and wife. Legally, however, the contract was incomplete. He could not decide whether the woman was married or wife, and accordingly sought the aid of the Registrar-General to decide the point.

He suggested that the marriage certificate might be made out with the endorsement, Mrs.—refused to sign the register. The Dublin officials, however, gave the minister to do as he suggested, substituting the word "female" for "Mrs.—."

Thus the highest officials are unable to decide whether the young woman is married or single. She herself, however, has no doubt upon the question, and persists that she was never married.

WHAT'S IN THE GLASS?

It was John G. Saxe, who fifty years ago, was America's leading humorist, who wrote this startling warning—

"You have heard of the snake in the grass, My boy, Of the terrible snake in the grass; But now you must know, Man's deadliest foe Is the venomous snake in the glass."

Alas! The venomous snake in the glass."

And it was Henry W. Longfellow, whose "Psalm of Life" every American boy knows by heart, that wrote—

"Touch the goblet no more! It will make thy heart sore, To its very core. Its perfume is the breath Of the angel of death; And the light that within it lies Is the flash of his evil eyes. Beware! Oh, beware! For sickness, sorrow and care, All are there!"

When I go home again! There's music That may never die away, And it seems that the band of angels On mystic harps at play, Have touched with a yearning sadness

On a beautiful, broken strain, To which is my fond heart working: When I go home again.

Outside of my darkening window Is the great world's crash and din, And slowly the autumn's shadows Come drifting, drifting in. Sobbing, the night wind murmurs To the plash of the autumn's rain; But I dream of the glorious greeting When I go home again.

TO BREAK UP A COLD

Right quickly nothing works so nicely as Nerviline taken real hot. It sends a glowing warmth all through the body, and when rubbed on the throat and chest loosens up the cough and relieves tightness and soreness in the chest. Nerviline is used as a preventive and cure for colds, coughs and winter ills in thousands of homes because it goes right to work and brings relief quickly. There is no remedy in the world with half the power and merit of Nerviline; it's invaluable in every house. In large bottles, price 25c.

Lawyers and Newspapers.

It has been the joke of ages, and is the joke today, that lawyers and the newspaper men of the day are doing as much, at least, as people in other professions or trades in searching for facts and in making them public, and in so doing they are doing their part toward uprooting error and toward purifying the moral atmosphere.

A REMARKABLE RECORD.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as a child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance, and may be given as confidently to a baby as to an adult. For sale by All Druggists.

Cynical.

"Why," said the sweet girl, "do they say that love is the heart?"

"To show," said the old bachelor—"to show that the brains have nothing to do with it."

Every one has to clap his hands in applause when he doesn't mean it, but he is a pleasing sort of hypocrite.—Aitchison Globe.

OWES HIS LIFE TO A NEIGHBOR'S KINDNESS.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor 'learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by All Druggists.

Probably It Would.

In a Sunday school the class was under a question on the sacraments. The sacrament of matrimony was taken up, and a seven-year-old started her teacher when replying to a question as to the necessity for this sacrament by answering: "No. Matrimony is not necessary to salvation, but should a favorable opportunity afford it would be sinful to neglect it."

IF YOU ARE LOSING WEIGHT

Your system out of order and Ferrozone is needed to start a rebuilding process. Ferrozone makes new tissue, forms wholesome blood, strengthens your nerves and keeps your physical condition up to the proper standard. GOOD REASONS FOR ALL HE SAYS

Dodd's Kidney Pills Cured W. N. Baskin's Pains.

Well-known Norwood Contractor Always Has a Good Word for Dodd's Kidney Pills.

Norwood, Ont., Oct. 10.—(Special).—Mr. W. N. Baskin, the well-known lumberman and railroad contractor, here, is one of those who never fail to say a good word for Dodd's Kidney Pills. Mr. Baskin gives the reason why as follows:

"For two years I was laid up with Lumbago and Kidney Disease. At times I would become very weak and would have to give up work. I did work on the C. P. R. and the Parry Sound R. R., and people all know how sick I was."

"Reading of wonderful cures by Dodd's Kidney Pills led me to try them, and I can say I have not had any pains since I used them. It just took three boxes to cure me completely."

Lumbago is one of the results of Kidney Disease. Cure your Kidneys with Dodd's Kidney Pills and you will cure your Lumbago.
