THESE cruly valuable WATERS are distinguished for the large quantity of Bromine and Jodine they contour, and site acknowledged superior to all other Medicinal Waters. They are the most agreeable refreshment of the description that have yet appeared. They can be used cold of the greatest duree in the most oppositive heat of Summer, and that withous altering or affecting injuriously the health of the person using them; upon the contrary, they are found to improve and strengthen. The large number of cures effected by the new of the above Waters, challe us to becommend them to the public as an excellent remedy in a very great number of cares. The name of a lew only of the persons of celebrity, who have given their written recommendation of the Waters, are here given. The distance for conveying the Waters to the Depot is so trifing, that we are enabled to have a constant supply fresh, and are consequently in possession of a better market than any other person. Dr. Halest — Dr. 18 Stan — Having take it your

annuards. I have recovered my health, notwithstanding all
who knew me thought my case incurable. Previous to taking the Wine and Piles, I had recourse
to the best medical freatment, but continued to
grow wome to an alarming degree. Some of my
friends spoke despairingly of my case; and vised
to persuade me from making use of any advertised
remedies; and, I doubt not, but what there are
tundereds who are dissuaded from taking your exceillent Mediclane, in consequence of the deception
and inefficiency of many advertised remedies petforth by unprincipled men, in flaming advertusments. Sut, what a pity it is that the deception
used by others should be the means of dissuading
many laboring under disease, from making trial
and being cured by your excellent remedies.
Humanly speaking, they have abved my life;
when a commenced making use of them, I was in
a writehed condition, but began to experience this
good effects in less than three days; and, in six
weeks from the time I purchased the Medicines, to
the great surprise of all my friends, I was enthery
cured, and had increased fitteen pounds in weight,
having lake one box of the Pile and two bottles

Could the veil, which cause a the origin of domestic vertebrilers, be raised, and its true source mevery instance disclosed, in how many could it be traced to paysical disqualifications and their attendant disappointments.
