**BRITISH PERIODICALS,**  
—VIZ—  
The London Quarterly Review, (Conservative.)  
The Edinburgh Review, (Whig.)  
The Westminster Review, (Radical.)  
The North British Review, (Free Church.)  
AND  
Blackwood's Edinburgh Magazine, (Tory.)

THE American Publishers continue to reprint the above-named periodicals, but as the cost of printing has advanced, the price of paper nearly doubled, and the duties, licenses, etc., largely increased, they are compelled to advance their terms as follows:—  
**TERMS FOR 1865:**  
For any one of the Reviews, per annum, \$1.00  
For any two of the Reviews, " " " 1.50  
For any three of the Reviews, " " " 2.00  
For all four of the Reviews, " " " 2.50  
For Blackwood's Magazine, " " " 4.00  
For Blackwood and one Review, " " " 5.00  
For Blackwood and two of the Reviews, " " " 6.00  
For Blackwood and three of the Reviews, " " " 7.00  
For Blackwood and the four Reviews, " " " 8.00  
Subscribers in the British Provinces will remit, in addition to these prices, TWENTY-FIVE CENTS a YEAR for Blackwood, and FIFTY CENTS a YEAR for each Review, to cover the United States Postage.  
The works will be printed on a greatly improved quality of paper, and while nearly all American Periodicals are either advanced in price or reduced in size of type, generally both—we shall continue to give faithful copies of all the matter contained in the original editions. Hence, our present prices will be found as cheap, for the amount of matter furnished, as those of any of the competing periodicals in this country.  
Compared with the cost of the original editions, which at the present premium on gold would be about \$100 a year, our prices (\$15) are exceedingly low. Add to this the fact that we make our annual payments to the British Publishers for early sheets and copyright in Gold—\$1 costing us at this time (Jan. 1865) nearly \$1.50 in currency—and we trust that in the scale we have adopted we are entirely justified by our subscribers and the reading public.  
The interest of these Periodicals to American readers is much increased than diminished by the articles they contain on the Civil War, and, though sometimes tinged with prejudice, they may still, considering their great ability and the different stand-points from which they are written, be read and studied with advantage by the people of this country, of every creed and color.

**THE FOUR REVIEWS FOR 1865.**  
A few copies of the above remain on hand, and will be sold at \$6 for the whole lot, or \$2 for any one.  
We also publish the **FARMER'S GUIDE,** By HENRY STARR, of Edinburgh, and the late J. P. Norton, of Yale College. 2 vols. Royal Octavo, 1600 pages and numerous Engravings. Price \$1 for the two volumes—by mail, post-paid, \$1.50.

The New York Tribune says, "the reason why Dr. Sutherland's Bitters are so universally used and have such an immense sale, is that they are always made up to the original recipe, and of pure quality and of pure quality, although the prices have been largely advanced." The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Bitter is published around each Bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up, and impose upon the people and do them harm. The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.  
"I owe much to you, for I verily believe the Plantation Bitters have saved my life."  
REV. W. H. WAGGONER, Madrid, N. Y.  
"These will send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use."  
Thy Friend, ASA CURRIE, Philadelphia, Pa.  
"I have been a great sufferer from Dyspepsia, and had to abandon preaching." The Plantation Bitters have cured me."  
REV. J. S. CATHORN, Rochester, N. Y.  
"Send us twenty-four down more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house."

"I have given the Plantation Bitters to hundreds of our disabled soldiers, and they all feel the benefit."

"The Plantation Bitters have cured me of liver complaint, with which I was laid up prostrate and had to abandon my business."  
H. B. KINGSLEY, Cleveland, O.  
"The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm."  
C. C. MOORE, 254 Broadway, N. Y.  
New-Berford, Mass., Nov. 24, 1863.  
DEAR SIR—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general derangement of system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small size-glassful after dinner. Feeling better by degrees, in a few days I was enabled to get up, and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.  
Respectfully, JUDITH RUSSELL.

If the ladies had knew what thousands of them are constantly relating to us, we candidly believe one-half of the weakness, prostration and distress expressed by them, would vanish. James Marsh, Esq., of 159 West 14th St., N. Y., says, "he has three children, the first two are weak and puffy, his wife having been unable to nurse or stand them through the winter. The Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are healthy, strong and well. The article is available to mothers." Any such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, headache, palpitation of the heart, lack of appetite, distress after eating, neuralgia, liver, constipation, diabetes, &c., will find speedy relief through these Bitters. Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck. Beware of refilled bottles. See that the cap has not been tampered with. Any person pretending to sell Plantation Bitters, in bulk or by the gallon, is an impostor. We sell only in bottles, sold by principal dealers throughout the habitable globe.

**SCHOOL EXAMINATIONS.**  
PRINCE OF WALES COLLEGE.

The Annual Examination of this Institution, and the Grammar School in connection therewith, took place yesterday as advertised. The whole affair was highly creditable to Professors and Students. The classes of the Grammar School, under the superintendence of Mr. Leander G. McNeill, were first examined, and most of the youths present acquitted themselves in a very satisfactory manner. The examiners, which most attracted attention was English Grammar. It was exceedingly gratifying to find the pupils so thoroughly grounded in this most important part of a good education. The dictation also, as a general rule, was very creditable. Those pupils studying Latin and French for junior classes, likewise acquitted themselves satisfactorily. The visitors present were next conducted to Professor Anderson's room. The students here were first examined in Arithmetic, and soon their great proficiency in this branch became apparent. The examination in Algebra also displayed how thoroughly they were in the matter contained in the original editions. Nothing, however, could be more gratifying than the manner in which some of the students demonstrated a few of the most difficult problems in Geometry. In short, for the department under his charge, Professor Anderson is unquestionably the right man in the right place. The examination in the classical department commenced about 10 o'clock. For fully two hours, Dr. Inglis, the truly efficient Professor of Languages for the Institution, kept up the interest of the visitors by the searching examination through which he passed his several classes. The senior students in Greek and Latin not only translated with the utmost readiness such portions of those books read by them, as were named by some of the visitors, but seemed perfectly at home in the construction of those languages. The junior classes also acquitted themselves very creditably. The examination in History showed that two or three of the students were thoroughly posted in the great events of the past. As those who attended the Institution this year, however, were all very young, no very great attainments in this branch could be expected. After the examination, His Excellency the Lt. Governor distributed the prizes as follows:

The prizes distributed, His Excellency, addressing the students, expressed his high satisfaction at the proficiency which they exhibited in their several branches of study, encouraged them to persevere in obtaining a thorough knowledge of the classics, as it was an efficient training of the mind for their after duties in the world—and exhorted them above all, to remember that this life was only a preparation for that better and unending life which is to come. His Honor the Chief Justice also addressed the students in a few words, highly complimenting them for the manner in which they had conducted themselves during the examination, and trusting that they would not forget His Excellency's concluding advice.  
We think it proper to mention here the very great interest which His Excellency has ever manifested in the success of Prince of Wales College. Its establishment on its present footing has all taken place since he came amongst us. Besides His Excellency, Mrs. Dundas, and the Chief Justice, we observed among the visitors present, Admiral and Mrs. Bayfield, and the Misses Bayfield, Mrs. and Miss Peters, the Hon. Attorney General and Mrs. Palmer, the Hon. Solicitor General, Hon. Hall's Treat, C. R. Langworth, Professors Hensley and Hodgson of Windsor College, Nova Scotia. Professor Reid of Newfoundland, Rev. Mr. Sprague, Henry Hazard, Esq., and Mrs. Hazard, Capt. Langworth, Esq., and a number of other ladies and gentlemen. **ST. DUNSTAN'S COLLEGE.**  
The Annual Examination and distribution of prizes to pupils of this Institution came off on Wednesday, the 13th inst. The College grounds have been tastefully laid off since last year, and offered a pleasing view to the visitors on the 12th. On the occasion of the Examination, the spacious reception hall of the College was fitted up with a large stage, and the walls beautifully decorated with flowers and evergreens. Among the visitors, we noticed the Right Rev. Dr. Sweeney, of St. John's, His Lordship Bishop McIntyre, a large number of the Catholic clergymen of this Island, and some from the

neighboring Provinces, together with a goodly assembly of ladies and gentlemen from Charlottetown. The pupils manifested great proficiency in French, the Greek and Latin classics, Mathematics, as well as in the ordinary branches of an English education,—thus testifying at once to their own diligence and the seal and efficiency of the Institution and its Professors. The examination terminated with a side-splitting comedy, called "The Poese Comitatus," which convulsed the audience with laughter during its performance. The Right Rev. Dr. Sweeney and His Lordship the Bishop of Charlottetown then addressed the pupils in language of deserved compliment, after which prizes were awarded in the following order:

**CONVENT OF THE CONGREGATION DE NOTRE DAME.**  
The yearly examination and distribution of Prizes to the pupils of this Institution took place in St. Andrew's Hall, on Thursday, the 13th inst. We have attended these examinations ever since the Convent has been established in Charlottetown, and each year with increased satisfaction and pleasure, as we witnessed the progress of the pupils in their comprehensive course of studies as also at the marked and unprecedented prosperity of the Institution. On this occasion, we speak the sentiments of the visitors who were present, when we say that the career of the pupils and the Convent has been upward and onward. The rigid examination through which the pupils passed—which was interspersed with music, vocal and instrumental, and dramatic—reflected much credit both upon themselves and their zealous and accomplished teachers—the Ladies of the Convent. The list we give below will best convey an adequate idea of the accomplished education which is to be obtained at the Convent of the Congregation de Notre Dame, Charlottetown; and in each branch of this extensive course, the pupils gave evident proof of efficiency. Their Lordships the Bishops of St. John and Charlottetown were in attendance, besides several Catholic clergymen from various parts. There was also a large concourse of Protestants and Catholic ladies and gentlemen, who were evidently well pleased at the examination, at the conclusion of which their Lordships Bishops Sweeney and McIntyre delivered short and appropriate addresses, in which the Ladies of the Convent and their pupils received just praise—the former for their labors in the cause of education and the latter for their application and proficiency.
