The nut took root, sprouted and perfect order reigning throughout the colony they had formed, the respect for the clergy, the cheerful obedience to laws, the industry and obedience to laws, the industry and seep, made an impression on me that they never forgotten; and when I have never forgotten; and when I compare it with the discord, the

signal which announced that these grand figures as they grew under the hand of the master. The situation of the monastery rendered it liable to frequent inundations, and the dampness of the walls cau-ed the picture to mildew. The free coes of much earlier dates are still in a good state of preservation, but the use of oil in the paint rendered this less durable. The work was still further defaced by the artists who further defaced b further defaced by the artists who tried to restore it in 1700. Latter their work was removed, and what now remains is the original work of Da Vinei. The use of the room for a stable by the soldiers at the time of the French invasion, and the cutting of a door through the lower and, with the same tone which had used towards his men and which suffered no answer, demanded to same times to go at mother across the stream, and made a most galiant resistance.

Was present. The world a way of communication up the river by force if necessary. The Paraguayans refused to accept the proposition made by the English, and prepared to fight for their so-called rights. They threw a formidable barrier across the stream, and made a most galiant resistance. It was on this occasion that Contains.

The Church of St. Martin, at Wijck A necture of St. Martin, at Wijek (a suburb of Maestricht, capital of the Duch portion of the province of Limberg, to which it is united by a bridge of nine arches) possesses a remarkable crucifix, which legend

tells us had the following origin:
"In the thirteenth century a
gentleman of Maestricht made a pilhis natural gifts that men knew not where to place him. Providence seemed to centre in him the intuitions of all departments of knowledge, not that he accomplished more or better than his contemporaries, but his piercing mind seemed to grasp and hold all that was then known of science and its applications. Not only did he comprehend all that had been done in the past; he easily followed the lead of principles which had been but partially tested. Many investigations of our own day are the results of the applications of principles known. The didense of the dreadful words they have just heard, and the outstretched arms of the outstretched ar plans for the adorning of the city, as engineer, astronomer, anatomist and architect. Various were the fortunes which attended the life of Leonardo. In his old age he was called to France by Francis I., who loved and honored him to the last; Almost every one has seen a copy of his famous picture, "The Last Supper," but not everyone is a quainted with its history and present condition. The Duke of Milan (Ludovice Storaza), wishing to possess some permanent work from the hand of the reger of the Communities were bothed of conspiracy and hiding places of arms and treasures, and order that prevailed among the natives. It was most interesting to visit the schools, where only so much learning was introduced as was considered necessary for the minds of the individual time the crucifix was ever the object with the schools, where only so much learning was introduced as was considered necessary for the minds of the individual time the crucifix was ever the object wist that the religious communities were bothed of conspiracy and hiding places of arms and treasures, and order that prevailed among the natives. It was most interesting to visit the schools, where only so much learning was introduced as was considered necessary for the minds of the individual time the crucifix was ever the object wist the schools, where only so much learning was introduced as was considered necessary for the minds of the individual time the crucifix was ever the object wist the schools, where only so much learning was introduced as was considered necessary for the minds of the individual time the crucifix was considered necessary for the minds of the individual time the crucifix was considered necessary for the colony of the individual time the cucifix was considered necessary for the minds of the individual time the religious devolutions. ST. JOHN, N. B., May 2—On yesterday the remains of an unknown man were discovered in the Catholic burying ground, at Lancaster, in a greatly decomposed condition. Speculation is rife as to who the unfortunate man may have been, and many theories are advanced as to how the body came there. The keeper of the cemetry says he had opened a grave a day or two previous to the discovery of the body, but had closed it later on, and he is of opinion that those who brought the body there though this grave was still open; but fluding it closed, fied, and left the corpse exposed in the manner already described.

MARRIED.

In St. Psul's Catholic Church, Sauk Centre, Minnesota, on the 19th day of April, 1987, by the Rev. D. J. Cogan, nucle of the bride, assisted by the Fev. J. B. Bover, Mr. Michael Rogan, formerly of Morell, P. E. Island, new of Sauk Centre, Mins. to Miss Mary A. Don abue, of Sauk Centre,

Youth,
In the radiant beauty lies far beyond,
And this is the land of shadows: They rise before us so fair and bright, And they seem to us so real, That we follow them on, and forget the

light Flows from the realms ideal. Flows from the reaims ideal.
They come and they pass away.
Like the cloudy of a summer day
and other phantoms of hope are nigh,
Whose firefly lamp
Through the earthly damp
sems hung in a cloudless sky!

Oh, fondly we cherish our dream's ideal, at the land of the living, the only real fadeless beauty lies far beyond, And this is the land of shadows! First pleasure comes with her siren spells

And striking her harp of gladness, We list till we learn from the answerin That its ryinthic song is sadness, Alas! what fears arise As the cheating phanton flies!

And oh! how the heart with its solemn rning the earth With its hollow mirth, Yearns for the Better Shore. But oh! not yet do we leave our toys,

Or feel in our inmost being That the land of fiving, immortal joys, n its radiant giory lies far beyond, And this is the land of shadow For wealth and fame with their showy train

plendid crown may weave us: caught by the glare, we are charme Till we find they, too, deceive us:

And then as we see them pass
We murmur, Alas! alas!
voice that wakes in our mournfu
Breast Sings, White fame

But manhood, flushed by the wine of health Still turns from the needed lesson;
Nor learns that the land of unfading wealth.
In its radiant glory lies far beyond.
And this is the land of shadows.

Next love with her wooing and winsome And shapes of ravishing beauty, With glorious visions our heart be Till we shrink from the path of duty; And led by her radiant star.

That glows in the zenith afar, We follow the phantom that flits before, Till down the stream Of our golden dream She glides, and is seen no more. But oh; not yet do we look above, Or learn life's beautiful lesson, That the land of the living, the Land of Love

Not till our eyes grow dim with years And we stand at the gloomy portal, Where the soul is free from its earthly And the human becomes immortal not till we hear the roar Of the waves upon the shore,

Oh. not till then will our souls be blest, That the land of the living, the land of res its tireless giory lies far beyond, And this is the Land of Shadows.
