MEDICAL EXPERT GOES THROUGH A SEARCHING CROSS-EXAMINATION

Dr. H. H. Moshier Who Conducted Autopsy on Luther McCarty Stands by his Opinion of Cause of Death in Face of Many Authorities; Trial of Heavy-Weight is Opened Before Jury; Several Witnesses Give Testimony Anatomical.

FOR two hours and a half yesterday afternoon Dr. H. H. Moshier withstood the heavy fire of questioning to which he was subjected by the defender Arthur Pelkey. Nothing that could be asked or quoted could shake the faith of the expert in the opinion which he had formed at the time that he performed the autopsy on the body of Luther McCarty. He was persistent as could be in his statement that some external force had caused the subluxation of the fourth cervical vertebra, meaning the slight dislocation of the neck; and as a result there had been a hemorrhage which had filled the spinal canal with blood which pressed on the medulla and was the cause of death. It could not have been caused by a muscular movement, declared the doctor with repeated emphasis.

Many Authorities Cited.

Many mighty tomes of preponderant appearance, dingy as could be, the great German names that were as unusual as they were unpronounceable, were set forth, yet not one could persuade the doctor. One Mueller, it was said, had found nineteen cases where the vertebra had been dislocated by a voluntary movement; another German knew of yet another case, and yet another of a third. But all of these the doctor declared to be quite different from the case of McCarty. There must have been force, he said, and the only sign of force was a contusion on the tip of the right jaw.

Not yet could the counsel for Pelkey move the doctor as to the time it took for the arrival of death. It was but a few seconds, he declared, and, though authorities appeared to A. L. Smith, who deposed, to say otherwise, the doctor could not find it to be so.

Battle of Doctors.

It was evident at the afternoon session of the trial of Arthur Pelkey, charged with manslaughter in connection with the death of Luther McCarty, that the battle would be waged over the medical testimony, and when Dr. Moshier took the stand a score or more of doctors were present and listened attentively. That one or more of many names will be called by the counsel is expected, and it is expected that an examination of McCarty's body is expected to be placed in the hands of the jury.

The case was opened yesterday morning with Chief Justice Herzyng presiding. The bench and the jury being opposed to boxing and the challenge was allowed. J. J. Lawson was challenged without cause, and Charles Swallow provided the one piece of merit.

Request of Board of Trade for Grant Goes Back to Committee

Ald. Crichton Takes Board of Trade to Task for Assertion That City Administration is Extravagant; Would Reduce Grant to \$1,000

After considerable argument at the council yesterday, the matter of a \$200 grant to the board of trade was referred to the reception committee. Ald. Crichton's proposed grant is based on the publicity given for the grant in the past. He has urged the necessity of eliminating unnecessary expenditure. I have before me a statement showing that the board of trade has a cash balance on hand of \$1,467.70 and respectable assets of between \$200 and \$300. I consider this grant an unnecessary expenditure of \$1,000.

Bank of Montreal is Asked to Get Price on City Debentures

City has been endeavoring to secure definite information for several weeks, but fiscal agent is silent as the Sphinx

The city council is asking the bank of Montreal to secure a price on the city debentures immediately. The city has been endeavoring to secure definite information as to the possibilities of marketing the bonds, for several weeks, but so far the bank has maintained silence on the point. The city has only money enough on hand to continue the work for a few weeks, but \$1,000,000 worth of bonds have been ready for the market for some time. The city also has a number of 4 1/2% bonds unsold. The financial condition which has existed in the past, is still criticized and the attitude of the city's fiscal agent remains unsatisfactory.

TWO HOTEL GIRLS ARE DROWNED IN BOW NEAR BANFF

Report of Double Tragedy of Chambermaids From the C. P. R. Hotel Reached Calgary Late Last Evening, But Could Not Be Confirmed

RAFT WAS SWEEP AWAY IN SWOLLEN STREAM

Girls Were on Raft With Six Men, Who Succeeded in Getting Ashore; Vain Attempts Were Made to Save the Girls, But All to No Avail

TWO young women from the Canadian Pacific hotel at Banff are reported to have been drowned last evening in the Bow river, but owing to bad weather, both telegraph and telephone, through the storm, and the early closing of the offices at the mountain resort, no particulars could be secured of the sad tragedy.

It appears that the two girls, who worked as chambermaids at the hotel, were out with six men, and the whole party was standing on a raft at the point where the Spray and the Bow meet at the falls. They set the raft moving down stream, and it went off very fast, as the river was high and swollen. The men all succeeded in getting off and reaching the shore, but the girls were swept away down stream before anything could be done to take them ashore.

A hand car set out to follow them, but did not catch up, and messages telephoned to houses down stream, where the girls might have got off, it was thought, did not avail, for nothing could be done. The girls were carried on down the river, and from the tale of those who came in from Banff late last evening, attempts were being made to get them to the banks.

A message came through late that both the girls were drowned, but the mounted police, who had a report of the matter, refused to give any information.

PAID FOR HUNDRED ACRES, BUT ONLY GOT FIFTY

Vancouver, June 19.—The U. S. Court of Appeals has decided that if a man buys a farm, supposed to contain 100 acres and finds, on surveying it after paying for it, that only fifty acres remain because of erosion by a river he cannot recover the value of the lost property from the owner, an allegation of fraudulent selling having been made.

PUBLIC MARKET WILL BE WIDE OPEN TO THE CALGARY PUBLIC

Not Necessary to Have Consumers' League Cards, As Was First Arranged; But All Who Come Are Welcome to Make Purchases

The city council gave formal assent yesterday to the request of the Consumers' League, for the use of the market building for a sale of produce on Saturday morning. Mr. Wells was appointed market commissioner for one day to organize the market which will be open to the public without restriction of any kind.

IMPERIAL HOUSE OF COMMONS ACQUITS MINISTERS ON STRAIGHT PARTY VOTE

Debate Was Dignified, Orderly and Even Solemn; Resolution Says Lloyd George and Isaacs Acted in Good Faith, and Charges of Corruption Made Against Them Were False

LONDON, June 19.—"That this house, after hearing the statements of the attorney-general and the chancellor of the exchequer in reference to their purchase of shares in the Marconi company of America, accepts their expressions of regret that such purchases were made, and that the were not mentioned in the debate of October 11 last, and acquits them of acting otherwise than in good faith, and rebukes the charges of corruption against the ministers, which have been proved to be absolutely false."

With this substitute motion proposed by Sir W. Ryveland Dent Adkins, adopted by a vote of 346 to 268, the house of commons tonight officially closed the Marconi affair. The heavy guns of both parties—the Prime Minister, Asquith, and the Secretary of Foreign Affairs, Sir Edward Grey, on behalf of their colleagues under inquiry, and A. J. Balfour and Andrew Bonar Law, for the Conservatives, led the defence and attack.

Proceedings Were Judicial.

The proceedings were judicial and solemn; the assembly might have been mistaken for a church congregation, so profound was the decorum throughout the greater part of the debate. The subdued light through the stained windows descended upon solid walls of silk-hatted, blanket-coated gentlemen, evidently upon their best behavior, and determined to live up to the highest traditions of the house. There were other speakers, and some skirmishes occurred, but none of the pyrotechnics which Chancellor Lloyd-George and Lord Robert Cecil furnished yesterday. Even the members of the Irish benches, who usually can be depended upon to produce excitement, seemed strangely dispassionate. None of the old party skeletons were dragged from the closets, as had been threatened. Both sides hesitated to begin the mud-throwing, partly, perhaps, because the newspapers had warned them that the country did not want such a spectacle; partly because they were uncertain which side would emerge from the affair most spattered.

Straight Party Vote.

The speeches of the prime minister and the secretary for foreign affairs gave the impression that the advocates were not enthusiastic over their clients. Mr. Balfour and Mr. Law had the appearance of performing a disagreeable duty. The vote on Sir William Adkins' amendment was strictly on party lines, the Laborites and Nationalists supporting the government, although a few Liberals and Laborites abstained from voting. Afterward the house adopted it as a substitute for the resolution introduced yesterday by George Cape, in behalf of the opposition without division. The committee majority report, which was generally called a "whitewash," had not a friend from the beginning, except the authors.

The Independent Liberal members and a number of Liberals, expressed their regret at the decision of the Tories. He said he had hoped after the speeches of the ministers concerned some general agreement would have been reached by the house, but that hope was now shattered.

Eighty Women are Burned by Enraged Russians

St. Petersburg, June 19.—Eighty women were burned today by villagers enraged at the importation of cheap girl laborers to work on a sugar estate in the district of Prihatin, in the province of Poltava, Southern Russia, according to the Kiev newspaper Liainin.

Gale Rips Roofs Off Houses of Lethbridge; City is in Darkness

Lethbridge, June 19.—A combined hurricane and cloudburst struck Lethbridge at six o'clock tonight, and considerable damage is reported. The city spent the night in darkness, owing to the disabling of the power plant, and in loneliness, as telephone communication with the city and on the rural lines was partially destroyed.

Man Back of Show Have Sent Several of Best Companies to Calgary Since Opening of Sherman Grand; Show Costs Nearly \$1,000 Per Day

HAS LOST \$10,000 SINCE LEAVING MIDDLE WEST

ASCO T. ENG., June 19.—The race for the Ascot Gold Cup, one of the most coveted prizes of the English turf, was marred today by an incident similar to that which brought the king's horse Anmer, down in the Derby, when Emily Wilding Davison sought and found death in the cause of the militant suffragettes. In this case it was a man, Harold Hewitt, who emulated Miss Davison's feat.

According to the Ascot police, Hewitt was not connected with the suffragettes, and was of unsound mind, of a type peculiarly liable to be carried away with the imitative impulse. He received the same penalty for his temerity as did Miss Davison—a fracture at the base of the skull.

BAPTISTS WILL ERECT MAGNIFICENT COLLEGE ON CRESCENT HEIGHTS

Permanent Structure Costing \$1,000,000 to be Completed within Four Years; Temporary Structure will be Erected in Summer to Open in October with Courses in Theology, High School Work, Fine Art and Music. D. R. Sharpe has been Appointed Principal.

THE Baptists of Alberta already have their plans matured for the fine Baptist college to be erected on the site which they hold on Crescent Heights. A temporary building will be erected immediately to carry on the work, which will be started in October. Permanent buildings to cost in the neighborhood of a million dollars will be started within two years, and will be completed before four years are out. This means that Crescent Heights above the city will be adorned at the end of that time with a magnificent building which will rival any similar institution in the west.

Principal Appointed.

Already a principal has been appointed in the person of Rev. D. R. Sharpe, who is in town making arrangements for the work to start in the fall, and he has been in Calgary for a month meeting with the board of directors and the others who are behind the scheme.

Principal Sharpe comes here with an exceptionally fine record. He is a graduate in arts from the University of New Brunswick, where he took his master's degree in 1908. He then studied theology at the Rochester seminary, in New York, from which school he graduated in 1911. The year following he spent in the University of Chicago in a post-graduate course, having a fellowship. He then came out to Edmonton, where he was pastor of the First Baptist church for a year, and came to Calgary a month ago for the work in which he is at present engaged.

More Professors Coming.

There will be a meeting of the board of directors today to consider a number of other appointments for the college. The courses to be provided will be preparatory courses in addition to the courses which qualify the students for the ministry of the church. The work in these preparatory courses will be in the nature of high school work. There will also be numerous other courses in art and music which will form a special feature in the school, and which is expected will be attended by large numbers of young ladies.

The program of the buildings for the college, both temporary and permanent, will be considered at a meeting of the board to be held on Tuesday next. The members of the board include Thomas Underwood, A. W. Ward, Fred McAlley, H. C. Newcombe, and H. T. Sheffield.

The buildings which are to be erected will include a number of dormitories which will be for the use of out-of-town pupils who will be in attendance at the college. A number of appointments of lecturers and professors will be made immediately, and there will be a full staff in attendance in the fall when the college is opened in its temporary quarters.

MANAGER SHERMAN IS NEGOTIATING WITH FOY COMPANY

The local theatrical magnate is negotiating to take the company out at his own expense, or on a guarantee basis. The details of which were progressing satisfactorily late last night, but were not concluded. In the event of the failure of the management of the company and Mr. Sherman to arrive at an understanding it is stated that the members of the company will be taken back to New York at the expense of the theatrical promoters who are responsible for their being, for the time, theatrical orphans in a foreign land.

EIGHTY WOMEN ARE BURNED BY ENRAGED RUSSIANS

St. Petersburg, June 19.—Eighty women were burned today by villagers enraged at the importation of cheap girl laborers to work on a sugar estate in the district of Prihatin, in the province of Poltava, Southern Russia, according to the Kiev newspaper Liainin.

GALE RIPS ROOFS OFF HOUSES OF LETHBRIDGE; CITY IS IN DARKNESS

Lethbridge, June 19.—A combined hurricane and cloudburst struck Lethbridge at six o'clock tonight, and considerable damage is reported. The city spent the night in darkness, owing to the disabling of the power plant, and in loneliness, as telephone communication with the city and on the rural lines was partially destroyed.

A terrific gale ripped the roofs off several houses, blowing heavy damage by water. Several barns, outhouses and fences were blown down, and many valuable trees destroyed.

ACTION OF PRESIDENT GRAY NOT POPULAR ONE SAY THE SPORT SCRIBES OF CIRCUIT

PRESIDENT GRAY is only one man. His ideas are only those of one individual, and while he may think that he is doing right, if he is to be a successful president he must submit to the ruling of the majority. The newspapers of the country are in a better position to feel the public pulse than any other medium, and careful inquiry from reliable newspaper men from every town on the circuit reveals the fact that in Edmonton alone has Mr. Gray the public support. In Calgary the feeling is a little divided, but the majority of the fans, players and backers of the game appear to think that Mr. Gray has overstepped himself.

REVENGE AND JEALOUSY, SAY SASKATOON MEN

Perhaps the Saskatoon players made a grave error by going out on strike and demanding that Hurley and Cairns be reinstated—but when it is taken into consideration that the day Hurley was expelled, they were under the management of the league president and owner of his pen, the Gray Circle, who he demanded the Quakers play, Hurley's loyal boys cannot be censured. There is every reason to believe that Gray's days at the "Big Six" helm are few, and that the league, with the exception of Edmonton, disapproves of his drastic and apparently malicious action and there will probably be a meeting of controllers within 48 hours, when the league will be re-organized.

REGINA SEVERELY CRITICISES GRAY

By Wm. Ryan, Regina Leader—The Western Canada league is in a bad way today and there is no question about it being that way, nobody else but President Gray is responsible.

PRINCE PALATINE WINS THE GOLD CUP STAKES

T. Pilkington's Five-Year-Old Wins Famous Race; Male Suffragist Kills Himself

London, June 19.—The Gold Cup, 2,300 two miles and a half, the greatest weight-for-age steeplechase of the year, was won today by T. Pilkington's five-year-old horse, Prince Palatine, by Sir James Watson, the trainer, who started an odds on favorite of 7 to 4. Lord Derby's Steadfast, 16 to 5, was second, and Mr. Pitt's Alpo, 18 to 1, third. The race was marred by the suicidal attempt of a male suffragist, who brought to the ground last year's St. Leger winner, Tracey, an English bred horse, owned by August Belmont. The field numbered eight, including Tracey, Fitz Richard, Gorgonio, Jasadaw and Prefecture.

THE Rous MEMORIAL STAKES, 1,000 seven furlongs, resolved itself into a match in which the odds on favorite, Spanish Prince, defeated Lord Cadogan's Sander.

St. James Palace Stakes
St. James palace stakes, \$2,500 for three-year-olds, one mile, was won by A. F. Blasett's Roseworthy, by William The Third-Electric Rose, 8 to 4. Lord Wolveston's King, 10 to 1, was second, and W. Asor's Scallie, 5 to 2, third.

THE NEW STAKES FOR TWO-YEAR-OLDS, five furlongs, was won by Sir E. Cassel's Hapsburg, by Desmond-Alexander, 10 to 3. J. E. H. H. P. Fancy, 10 to 1, was second, and C. Cover Island's Elton, 3 to 1, third.

Would Cut Off His Own Head.

A somewhat ridiculous phase of the controversy, which proves that Mr. Gray means to be fair at least, is his action in suspending Ray Whisman, manager of the Edmonton team. The Edmonton team is owned by Frank Gray, and it would not be at all surprising if he declared himself out of organized baseball because his manager has continued to exceed the salary limit. In the mood that Mr. Gray is in at the present time, he apparently would cut off his own head. If he thought it would touch the others a lesson, Mr. Gray is a desperate man. However, Mr. Gray took one action yesterday which will not popularize him with the Western Canada moguls.

The Markets

WINNIPEG MARKET IS WEAK; INDIFFERENT REPORTS; RAINS Scared Holders Are Keen to Liquidate; Oats Firmer and Flax Lower

Good Crop in Kansas... Montreal, June 19—Butter is quiet with an easy under-tone. Cheese is strong at an advance of 1-8 to 1-4.

Table listing market prices for various commodities: Spring wheat, No. 1 Northern, No. 2 Northern, No. 3 Northern, No. 4 Northern, No. 5 Northern, No. 6 Northern, No. 7 Northern, No. 8 Northern, No. 9 Northern, No. 10 Northern, No. 11 Northern, No. 12 Northern.

Chicago, June 19—Liverpool cables were indifferent; crop conditions in Europe and the Argentine were more favorable, and with rains across the line and over the Canadian West wheat markets were decidedly weak.

Winnipeg Live Stock... Cash sales closed unchanged to 1 higher. Cash sales closed to 10 lower.

TORONTO MARKET DULL... Toronto, June 19—There is a lack of interest in the local stock market. Speculation is a standard thing.

LONDON QUIET AND STEADY... London, June 19—The stock market was quiet and steady. Speculative issues declined in the forenoon.

MONTREAL PRODUCE... Montreal, June 19—Butter is quiet with an easy under-tone. Cheese is strong at an advance of 1-8 to 1-4.

The "Paving Determinator's" Verdict.

THE "Paving Determinator" is an ingenious machine that was built by the department of Public Works of Detroit—to subject sample stretches of various street pavements to severe, actual-severe tests.

When the test had been made under the direction of Mr. McCabe and officials of the department, on eight sections of pavement laid in a circular track, the concrete section, laid under the specifications of the Board of County Road Commissioners of Wayne County, Michigan, showed by far the best resistance to the severe test to which the pavements were put.
