EVEN OPPOSITION WEARIES OF THREADBARE DEBATE ON NAVY HOUSE IS ADJOURNED EARLY

Discussion Into Early Hours of Morning Expected, But Midnight Sees Truce in Effect—North York Member Announces Opposition to Permanent Contribution.

OTTAWA, Feb. 19.—(Special).—The naval debate was resumed today, the contrary to general expectation, the house adjourned before midnight.

Mr. Armstrong, North York made a vigorous speech in support of the bill, but declared himself opposed to any permanent policy of contribution.

Mr. O. S. Crockett (York, N.B.), supported the government, while speeches in favor of the Turriff amendment were delivered by Mr. Carvell (Carleton, N.B.), Mr. Kyle (Richmond, N.S.), who presented a strong case in favor of a Canadian navy.

Anglo-Saxon Unity. The naval debate was resumed by Mr. Carvell (Carleton, N.B.), who had spoken at some length last evening.

Mr. Crockett declared the Liberals had based their argument on purely mercenary local and industrial grounds. The two arguments most used by them were that, if a local navy were constructed, the ship building consequent upon such a course would help the country.

NORTHERN ROUTE OUT OF QUESTION

President of Great Waterways Union Replies to Criticisms Made at North Bay.

BERLIN, Feb. 19.—(Special).—President D. B. Detweiler, of the great waterways union, interviewed today concerning the dissatisfaction of the North Bay town council, over the attitude of the union on the Georgian Bay Canal and French River improvement.

North Bay town council, says Mr. Detweiler, "speaks of a breach of faith by Southern Ontario, on the question of the French River improvement, which was thrashed out at the conference of the Ontario Associated Boards of Trade in Toronto, one year ago, and endorsed by resolution of that body."

The union's report, shows that Sudbury and its hinterland, comprising two-thirds of that part of Ontario, are already better served by the connection, recently completed, of the Eastern Algoma Railway from Sudbury to Little Current.

HUDSON CONEY COATS. A ladies' full-length Hudson Coney Coat for \$38.00, is a bargain among Dineen's list of bargains in furs that is especially attractive.

MILLER TO REAPPEAR BEFORE BAR PRISONER'S STAND STILL DEFIANT

OTTAWA, Feb. 19.—(Special).—R. C. Miller of Montreal, now in the custody of the sergeant-at-arms upon a charge of contempt, will be brought to the bar of the house tomorrow.

Mr. Middlebro (N. Grey), who, as chairman of the public accounts committee, is in charge of the case, stated this evening that Miller would be arraigned tomorrow for sentence.

Mr. Miller today remained in the office of Acting Sergeant-at-Arms Bowie, where his meals were brought to him from the parliamentary restaurant.

ENGLISH CAPITALISTS ARE NOW DOMINATING POWER IN R. AND O. FORGET ELECTED, REFUSES OFFICE

Lord Strathcona is Recovering

LONDON, Feb. 19.—(C.A.P.).—Lord Strathcona is confined to his house, having contracted a severe chill. The C.A.P. is informed that his condition is somewhat better tonight, and that his lordship hopes to be about in two or three days.

TORONTO LAWYER DIED IN SOUTH

F. C. Cooke Passed Away After an Illness Extending Over Eight Years—Very Popular Here.

Word was received in Toronto yesterday of the death at Alken, South Carolina, of F. C. Cooke, a prominent Toronto barrister, and former partner in the law firm of Pinkerton & Cooke.

MADERO LEAVES FOR VERA CRUZ WILL SAIL FOR EUROPEAN PORT FAMILY TO SHARE HIS EXILE

Deposed President Quietly Removed From Scene of Overthrow in Mexico City—Members of Cabinet Secure Their Release—Huerta and Diaz in Harmony.

MEXICO CITY, Feb. 19.—(Can. Press.).—General Victoriano Huerta was elected provisional president by congress at a special secret session tonight.

MEXICO CITY, Feb. 19.—(Canadian Press.).—Francisco I. Madero, deposed from the presidency yesterday, will be exiled: Arrangements have been made for his departure from the capital of Vera Cruz tonight.

At Chihuahua City, the state capital, and at Juarez, on the border, the situation was threatening. The volunteer troops appear displeased with Huerta as provisional president, and openly threaten to join the rebels.

No Friction. Gen. Huerta, who has assumed the post of governor-general, and Gen. Diaz had an extended conference, after which it was announced that they were in complete accord.

A group of senators discussed the question of the presidency with Gen. Huerta, who, it is understood will receive the appointment of provisional president at the hands of congress, a meeting of which body has been called.

MORE MEMBERS FOR MOTOR LEAGUE

Campaign to Add a Thousand or More Was Begun Last Night and Will Continue Till Close of Automobile Show, Which Will Be Opened Tonight.

"Why not join the motor league?" is the question some 2500 motor enthusiasts will be asked before 2 p.m. on Friday next by one hundred canvassers for new members of the Ontario Motor League.

Unbounded enthusiasm was evident at the inaugural supper of this, the league's biggest and best membership campaign, at the St. Charles last night.

An idea of the good which accrues thru the medium of this organization is gained by the fact that the league protects and furthers the interests of motorists in numerous ways.

It conducts a touring bureau and a chauffeurs' bureau is conducted for the benefit of members.

Members touring in Europe have the advantage of affiliation with the Royal Automobile Club.

Small Fees. For a membership fee of five dollars per annum an annual subscription to the Motorist, the official monthly magazine, and a handsome league badge are included.

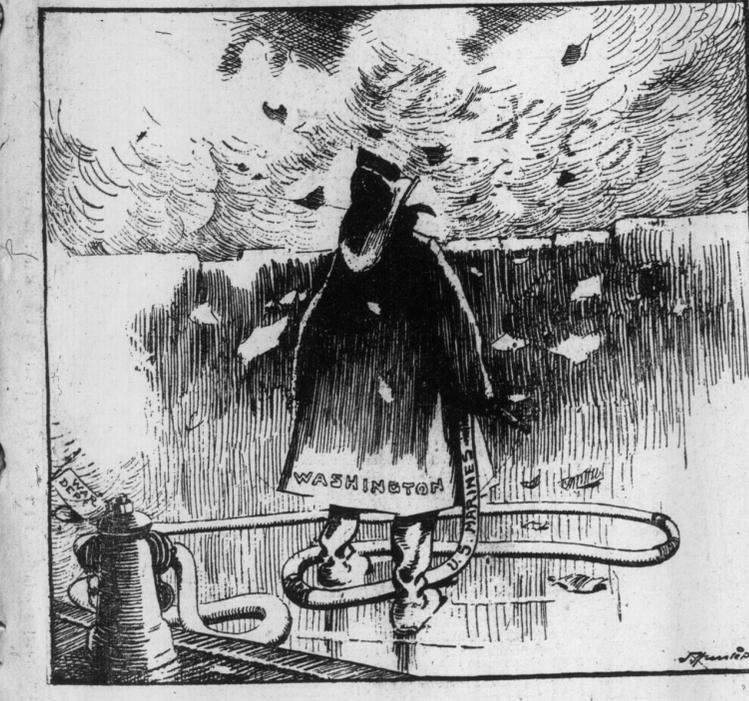

"I want you canvassers to inform prospective members that we seek no pecuniary gain from the motorists (that is, we are not in it for good legislation, and we are going to have it, the Motor League will never be satisfied until the motorist is emancipated.)"

The Ontario Motor League has fostered some useful legislation, but it was not taken seriously until the board of trade took up the cudgels and fought for what we want, in its own interests.

"We carry just as many votes in our pockets as any other organization, and when we look for good roads we are going to have them; but you must remember that it is only by persistent personal effort you will succeed above the expectation of the executive of this campaign."

Important Seat Sale Opening. This morning at 2 o'clock seats will go on sale at the Princess Theatre for the engagement of that charming little actress, Edith Tallaferro, who, supported by the original company, comes to the Princess next week in the delightful "Rebecca of Sunnybrook Farm."

KEEPING AN EYE ON IT.

NAVY DEBATE MAY CONTINUE WELL ON INTO NEXT WEEK

Opposition Members Believe That Any Attempt to Force Passage of Bill by Closure Route Would End in Embarrassment and Disaster For Government.

OTTAWA, Feb. 19.—(Special).—Political prophets are in a fog. This morning the rumor was current that the government intended to press for an early vote upon the second reading of the naval bill, and that an effort might be made to introduce closure, but in the debate today both sides participated and the house adjourned at a comparatively early hour.

After the election a board meeting of the new directors was held, at which the following officers were elected: Sir Trevor Dawson, R.N., honorary president; James Carruthers, president; William Walwright, and James Playfair, vice-presidents.

MOVE TO SECURE CHEAPER LUMBER GRAVER ASPECT OF OLD DISPUTE

Western Grain Growers Acquire Big Timber Tract in British Columbia.

WINNIPEG, Feb. 19.—(Can. Press.).—A transaction which promises far-reaching effects has been consummated, whereby the Grain Growers' Grain Co. purchased timber limits near Fort George, B.C., comprising about 300,000,000 feet of lumber, at a price about \$150 per 1000 feet.

ROUMANIA HAS OPENLY THREATENED BULGARIA AND ASSEMBLED TROOPS ON ISLANDS IN THE DANUBE

LONDON, Feb. 20.—(Can. Press.).—A Sofia despatch to The Daily News says that the dispute between Bulgaria and Roumania has assumed a graver aspect.

It is said to be the intention of the grain growers to hold this as a reserve supply with the idea of establishing lumber yards at different points in the province, for the purpose of supplying farmers and settlers with lumber at reasonable prices.

TORONTO-PORT PERRY ELECTRIC RAILWAY TAKES DEFINITE SHAPE

Special Committee Drafts Basis on Which It Will Ask Federal and Provincial Support—New Road Will Cover a Large Area, Including Important Industrial Centres.

"That this joint committee of representatives from the Townships of Scarborough, Markham, Uxbridge, Pickering, Whitby, E. Whitby and Finch, the City of Toronto, the Town of Uxbridge, and the Villages of Markham, Unionville, Simonsville and Port Perry, prepared and present to the premier of Ontario a memorial, asking that the Hydro-Electric Power Commission of Ontario be given power to investigate and prepare estimates of a radial electric railway, as well as the cost of power for these municipalities, and that such municipalities, after receiving such estimates, may be given power and authority to proceed with the construction and operation of such railway, and that the Hydro-Electric Power Commission be empowered to act as trustee for the municipalities interested in connection with such railway upon the lines similar to those provided in the Hydro-Electric Power Act, relating to the sale and transmission of power, with such further provision as may be necessary, and the municipalities be authorized to issue joint bonds for such railway guaranteed by the Province of Ontario."

The special committee formed to evolve a scheme for financing, equipping and operating the proposed Hydro-Electric Radial Railway from Toronto to Port Perry, running thru the townships of York, Markham, Uxbridge, etc., met yesterday at the city hall, to report progress and decided to appear before the Ontario Legislature on Wednesday, February 26, to ask for legislation in this regard. Controller McCarthy stated that the federal government had requested the reputation to forward a memorandum to the minister of railways at Ottawa, which he had done, and that the committee be quite willing to leave it to the judgment of the power commission. Howard Annis of Whitby urged the claims of the county town of Ontario. Whitby had been the pioneer in this proposition to construct these radials, and he didn't see why the line should not within five miles of his home and not connect it with other districts. "Whitby will be one of the first

Radial Railways

Sir James Whitney denied in the legislature yesterday afternoon that the Hydro-Electric Commission was quietly preparing plans and specifications for the construction of radials along the right of way of the transmission lines. "I don't know what will happen in the future," said Sir James, "but I am requested by the Hon. Adam Beck to make the statement that such a report is incorrect. It is true that municipalities have applied for plans, etc., for the construction of radials, but no step has been taken."

COAL SITUATION WILL GET WORSE

City Inspector Says More Tracks and Locomotives Are Needed.

"With continued cold, the condition will be worse than ever," is the statement made by T. W. McClain, the coal inspector appointed by Commissioner Harris to report upon the coal situation locally and at the border. In making his report to the city yesterday he gave a number of evidences of congestion, and closed with the recommendation that the International Bridge should be extended to at least four tracks, and that the G. T. R. should be compelled to increase the number of their locomotives. The report was adopted, and a copy has been sent to Chairman Drayton of the Dominion Railway Board.

SENT FOR TRIAL

J. Langton Acquiesced of Ill-Treating His Baby. The case against J. Langton, the young man who is charged by his wife with doing grievous bodily harm to his five-months-old daughter in a fit of drunkenness, has been transferred by Commissioner Starr to the criminal court. Langton is alleged to have injured his baby daughter about the beginning of February, and it was at the time thought the child might die from the injuries. On this account Commissioner Starr has been adjourning the case from week to week, but the report received by him yesterday from the Hospital for Sick Children, where the child has been confined, stated that the danger was past, and he accordingly committed the man for trial.

MME. DE TREVILLE HEARD AS "LAKME"

Her Singing Is as Clear and Correct as a Flute.

YSAYE'S LAST CONCERT

Massey Hall Was Not Half Filled For Famous Violinist.

Toronto last night heard Mme. de Treville, the songstress who can sing chromatic scale with the clarity and correctness of the flute, who can soar like the nightingale, and just as sweetly, and who wins from her listeners unmitigated and repeated applause. As Lakme, daughter of Nilakantha, she sacrificed herself for love even unto death, until in her swan song she falls dead by her own hand at the feet of her father and lover. Very tenderly and with the highest musical art, Treville sang through, and at the close of each act was recalled again and again. Mr. Goddard was a magnificent presence in the role of the Brahmin priest, some of the strongest climaxes being achieved by his fine voice and dramatic action. Much of the beauty of the opera is gained from its original setting and the gorgeous colorings of the costumes worn. Mr. Strosser was an admirable Hadji, and Mr. Grand Courou, in the part of the Sultan, was markedly fine. The orchestra did exceptional work in introducing the acts, and the chorus did well in the parts allotted them.

BRUCE OLD BOYS.

Last Night's Meeting Best in History of the Association. Never in their history have the Bruce Old Boys held so successful a social function as the thirteenth annual at home of the Bruce Old Boys and Girls, held in the assembly hall of the Temple Building, last night. Nearly 300 couples danced in the ball room. Selections were rendered between dances by a number of talented artists. Among those in attendance were: Hon. Vice-Presidents W. J. Houston, W. S. Johnston, Col. A. Weir, J. Stuart Bruce, Dr. J. M. Johnston, D. M. Ross and Dr. McKenzie; president, Fred A. O. Johnston; first vice-president, W. J. Fulton; second vice-president, D. D. McLeod; treasurer, James Montgomery; and chaplain, Rev. D. T. J. McKee.

STYLES FOR MEN.

Annual Costume Show New Open at King Edward. The third annual Toronto costume show of men's styles opened in the banquet hall of the King Edward Hotel yesterday, with several hundred of the latest effects in men's garments on view. The show is to continue until Friday night. Lectures on style are to be given daily by leading experts of the United States and Canada.

POLE IS MURDERED IN HAMILTON HOME

Boarding House Keeper Arrested—Crime Was Committed With Ax.

HAMILTON, Ont., Feb. 19.—The body of Casimir Linkewitz, a Pole, 34 years of age, was found this morning shortly before seven o'clock, at the door of a woodshed in the rear of 396 Ferguson avenue north. A bloody ax was near-by. Boarders followed a trail of blood which led to the room of William Dojko, the boarding house keeper, who, when the police arrived, was sleeping in bed with his wife and ten-months old babe. He was arrested on an open charge. His wife is now in the City Hospital, suffering from a fractured forehead. It is alleged by the police that the man who killed Linkewitz also struck Mrs. Dojko with the ax. It is doubtful if she will recover.

Killed in Kitchen.

Coroner Hopkins said: "The fight between the two men evidently took place in the bedroom or the kitchen. From what I learned, Dojko, who is the keeper of the house, evidently made a discovery concerning his wife and Linkewitz. There was a quarrel, and Linkewitz, in my opinion, was killed in the kitchen. He was struck on the back of the head. The murderer then dragged the body from the kitchen, across the yard, and to the woodshed. Dojko has been drinking for several days, it is said."

TRANSFERRED TO TORONTO.

LONDON, Ont., Feb. 19.—(Can. Press.)—William Hood, until recently in charge of the Pere Marquette offices in this city, has been appointed traveling passenger agent for the C.N.R. with headquarters in Toronto. He left tonight for that city.

Bank Changes.

H. F. McNichol, accountant at the King and Bathurst streets branch, Toronto, of the Bank of Toronto, has been appointed manager of their branch at Havlock, Ont. P. J. Wright, the former manager at Havlock, has been transferred to the management of the Waterloo branch.

A. C. porcelains, reg. 40c, Friday

Tire chains, and many other lines at greatly reduced prices. Call and see them at the Garage.

Garage, T. Eaton Co., Limited.

Quebec Wins from Canucks

Quebec, Feb. 19.—By defeating the Canadians here tonight by a score of 4 to 2 the Quebec hockey team has just one more match to win to give them the championship for another year.

The match tonight was a good one, both teams putting up a very fine class of hockey, and using considerable combination play.

The game opened fast, with an attack on Canada's goal, with Vesina stopping a number of shots. Leland succeeded in capturing the rubber and carried it to the Quebec end, Moran turning the puck aside. Malone scored the first goal for Quebec.

The second period was more evenly fought out, play being well contested at both ends. Fife scored Canada's second goal after a brief effort. During the third period Canada put up a gallant defence, but they could not hold the champions.

Summary: Quebec, 4; Canada, 2. Goals: Quebec—Malone, 19:35; Vesina, 23:15; Fife, 28:45; Canada—Leland, 11:15; Vesina, 18:45. Referee: J. B. Boyle. Judge of play, D. Power.

The line-up: Quebec—Goal, Vesina; point, Dumbeau; cover, Lavoie; centre, Leland; right, Pites; left, D. Smith. Canada—Goal, Vesina; point, Dumbeau; cover, Lavoie; centre, Leland; right, Pites; left, D. Smith.

Harvard Are Champions. NEW YORK, Feb. 19.—Harvard won the eastern collegiate hockey championship here tonight by defeating Yale by 3 goals to 2. It was Harvard's second victory over the New Haven team. The first half ended with the three goals for Harvard and two for Yale. The second half ended with a goal for Harvard and one for Yale. The game was a close one, with Harvard leading 2-0 at the end of the first period and 3-1 at the end of the second. The game was decided in the third period, when Harvard scored two goals and Yale scored one.

The Markham Tourney. MARKHAM, Feb. 19.—The hockey tournament continued tonight with two games. Standard Bank easily defeated the fine points of T. B. C. Davisville had all the fun in the second game, but Standard Bank played a good hand and hockey and look to be an important role in the race. In the second game, the first half ended with the three goals for Harvard and two for Yale. The second half ended with a goal for Harvard and one for Yale. The game was a close one, with Harvard leading 2-0 at the end of the first period and 3-1 at the end of the second. The game was decided in the third period, when Harvard scored two goals and Yale scored one.

Kelbane Showed His Class. NEW YORK, Feb. 19.—John Kelbane, the featherweight champion, practically knocked out George Kirkwood of St. Louis in the sixth round of a scheduled ten-round bout here tonight. The referee stopped the contest to save Kirkwood from further punishment.

The Toronto World

FOUNDED 1880. A Morning Newspaper Published Every Day in the Year by The World Newspaper Company of Toronto, Limited, I. J. Maclean, Managing Director.

will pay for The Sunday World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

will pay for The Sunday World for one year, by mail to any address in Canada, or for sale by all newsdealers and newsboys at five cents per copy.

Postage extra to United States and all other foreign countries.

Subscribers are requested to advise us promptly of any irregularity or delay in delivery of The World.

THURSDAY MORNING, FEB. 20, 1913

BOARD OF TRADE'S PROGRESSIVE PROGRAM.

At the annual conference of the Ontario Associated Boards of Trade, to be held in London on February 27 and 28, four resolutions, approved by the Toronto Board, will be presented and considered.

As given in the current issue of The Toronto Board of Trade News, these resolutions are thoroughly progressive in character, and it is hoped will be accepted by the conference.

The first, based on the importance of certain localities and at certain periods in the value of land, affirms the expediency of allowing municipalities some measure of latitude in the levying of taxes upon the land rather than on improvements.

Public sentiment throughout the province is undoubtedly favorable to this reform. The local option it desires is already sanctioned in the case of licenses.

Another two of the resolutions urge the Dominion Government to proceed at once to develop the parcel post system of Canada at rates that will promote the best interests of the country, and ask that appeals under the Railway Act to the governor-general in council be abolished.

There should be general agreement that both of these are desirable. Parcel post in the United States has been highly successful, to an extent, indeed, beyond the anticipations of its promoters.

As it stands, the situation is intolerable, since the Canadian postal service is offering facilities to the peoples of the United States and other countries in the Postal Union that are meantime denied to Canadians themselves.

Opposition to the extension of the internal system has been largely engineered by the express companies, who are naturally opposed to any interference with their profitable monopoly.

Touching railway board appeals, these are unnecessary, and contrary to the whole intent of the act. Perhaps the most important of the resolutions is the last, which urges upon the provincial government consideration of three suggestions:

(1) The extension of the provincial railway to James Bay, and the construction of branch lines in Northern Ontario. (2) The extension of the provincial railway southerly to the City of Toronto, or to such further point as may be considered a suitable southern terminus. (3) The construction of a complete system of radial electric lines thru Southern Ontario, controlled and operated by the government and the local municipalities.

These lines to act as feeders of the main line to be constructed from a southern terminus to North Bay. With these recommendations the World is in complete accord, and in accepting them the provincial government will simply be following forth the policies upon which it has already entered.

Nothing will more effectually secure reasonable rates for freight and passenger service than a competitive road, under government auspices, whose rates are conditioned only by Ontario conditions. A main trunk system fed by radial lines in Southern Ontario would be of immense value in assisting the development of both sections of the province.

Ontario is preparing for an expansion exceeding that of the past, and a public undertaking will secure that it will not be exploited for the benefit of outside shareholders, whose interests lie contrary to that of the citizens who are building up Ontario.

IMPAIRED MEMORY. The Telegram's memory is becoming impaired. In process of long assertion regarding The World and the Cherry street deal with the National Foundry Company, The Telegram has now got to the pitch of declaring that The World "insisted that the city was fortunate in finding a purchaser for its waterfront property at \$18 per foot."

The Telegram cannot produce one line or one word The World ever said in favor of the Cherry street deal, for the excellent reason that no such word ever was said. The Telegram had bragged for months that The World was only a lumberer of the earth, and that there was only one defender of the faith and the people's rights in Toronto. When The Cherry street deal came up The Telegram made the fight its own. Whether right or wrong, The World stood aside and never said one word in dismanagement nor encouragement of The Telegram's campaign. If The Telegram could be consistent this should have been conclusive. Very soon The Telegram was abusing The World for not helping, and now it is actually accusing The World, with-

out the slightest foundation, of hindering. If The Telegram needs the help of The World in public affairs it should at least give over abusing its allies. If it does not want help it should not censure those who do not give it.

The World believes that the people need all the help the press of the city can extend, but it seems unfortunate that The Telegram cannot recognize the usefulness of its contemporaries without a grudge. It does not usually, as in the present case, make a false accusation to support its contention.

ELECTRIC LIGHT CHARGES.

St. Mary's was the only place under the Hydro-Electric Commission which did not charge for its electric light on the floor space system. As a result it was the only place in the Power Union that did not show a profit this year.

The floor space basis of charges will now be adopted, and it is expected that a profit of \$3000 will emerge.

In Toronto there has been a good deal of criticism of the floor space system, especially in certain cases where the unusual construction of a house or some other cause has put the charges above what the rate levied by the Toronto Electric Company would have made it. There is one conclusive reply to all such complaints. But for the hydro charge results on the whole, and there will be reductions of the rate in future.

The real problem before the Hydro-Electric Commission is electric light bulbs.

ASSESSMENT INSTRUCTION.

We confess to some disappointment over the circular, or the draft of the circular, that is to be issued to the assessment commissioners of the province. There is not a word in it about that phase of the question upon which Sir James Whitney has laid stress, the necessity of taxing real estate up to its market value.

The act requires that the assessors strike a value at their own discretion, perhaps 50 or 60 or 75 per cent of actual values. The result is the exemption of enormous blocks of value, in the case of wealthy owners with large possessions, while the small men have very small exemptions.

The big exemptions affect the tax rate profoundly, raising it higher by twenty per cent, or more above what it should be, the burden falling most heavily on the small owners. This is the chief difficulty, we believe, in Toronto, a more urgent matter even than the exemption of buildings, but it is not alluded to in the draft circular.

Assessment Commissioner Forman has already testified that the circular would make no difference in the Toronto practice. Sir James Whitney has stated that if assessors cannot be induced to conform to the act, steps would be taken to see that they do. And the more especially because Mr. Forman perpetrates what seems rather a foolish idea, that if the buildings are exempted the tax rate would be doubled. He evidently allows nothing for the immense increase in the assessment that would follow by placing the rating on actual values instead of on the arbitrary ratings now followed allowing from twenty to fifty per cent exemptions.

A word from the government, pointing out that the act requires the assessment of land on actual values, would be of more service than anything contained in the present circular.

It is not like the house of parliament, the great talking shop, to put a man in prison because he won't talk? They don't want to establish a precedent. Men who don't talk might become popular.

The great crime of Sir James Whitney is having done what he said in his Elk Lake telegram. He built the railroad. The Globe says no premier in a British parliament or legislature ever stood in such an indefensible position. How different it would have been had the Yonge street bridge been built!

If there be any fear remaining in the minds of the minority in council that the 250 foot limit when adopted should not be permanent, let the city go to the legislature and get the bylaw embodied in a local act. Perhaps it would be a good plan to make it a general regulation for the province. No one can object to 250 feet as a limit.

STANDARD'S SPLENDID YEAR.

Financial circles always look forward to the annual report of the Standard Bank of Canada. This progressive institution, which in many ways is quite standard, always sets a mark among the banking corporations for its steady advances and gains. Its report for the year till Jan. 31 is replete with the figures as they are, save that the figures are much larger.

The bank has now deposits bearing interest of \$5,116,000. The reserve fund has been increased to \$1,293,000, or which \$523,000 was the year's enrichment. The year just ended saw \$108,000 carried to profit and loss account. These figures indicate that the bank has been very successful in employing its funds during the year, as well as in reaching out after new business.

The net profits of the year amounted to \$452,000, being at the rate of 21.08 per cent. Altogether the directors had \$952,738.37 to appropriate in dividends and to strengthen the reserves of the institution. Thirteen per cent in dividends was paid out, and over a half-

million went to reserve. Premiums on new stock contributed \$429,000. The bank opened nine branches during the year, four of which were in Toronto, and located its offices in Winnipeg and Vancouver. It is now a desirably located premises. Bank premises in the yearly report have been placed in assets at \$998,025, a most conservative estimate.

Further figures showing the splendid work of the directors, management and staff will be found contained in the annual report published elsewhere.

PROFITS IN LOANING.

Few people realize the extent and the importance of the business done by the loan companies in Canada. As the banks are precluded from loaning on real estate, upon these companies falls the whole burden of financing the farms of the country. In the western provinces, where farms of the people have bought their farms outright, the loan companies have done exceptionally good work, and the fact is not generally known, that they must be given much of the credit for the rapid and substantial upbuilding of the agricultural west.

But while the loan companies have been an important factor in the growth of the west, they, like the railroads, have found their endeavors profitable. The Standard Loan Co., which held its yearly meeting yesterday, Gross profits for the year were \$28,426, and this on a paid-up capital of \$1,112,962. Of these profits \$63,793 was paid in a 25 per cent dividend, and the very gratifying sum of \$24,000 was carried to the reserve fund, which now totals \$250,000. The company had a most successful year, due mostly to the cautious yet energetic policy of the vice-president and managing director, W. S. Dinnick. Both interest and instalments on the loans of the company were kept with regularity during the year, proving the soundness of this company's investment.

E. F. B. Johnston, a lawyer well-known for his keen perception and business powers, was added to the directorate yesterday, adding strength to a very progressive board.

GAVE MORE LIGHT ON POLICE GRAFT.

Saloon Keepers Shown to Have Been Bled Freely For "Protection."

NEW YORK, Feb. 19.—(Can. Press).—Additional figures show the enormous proportions of alleged graft payments to the police were obtained by District Attorney Whitman today. Twenty saloonkeepers and saloonkeepers were questioned by Mr. Whitman's assistants in his graft investigation, and one, a negro, Leroy Wilkins, later appeared before the grand jury, to which he reported his statement that he was assessed \$60 to \$100 a month by the police for protection. Wilkins appeared before the grand jury, to which he reported his statement that he was assessed \$60 to \$100 a month by the police for protection. Wilkins appeared before the grand jury, to which he reported his statement that he was assessed \$60 to \$100 a month by the police for protection.

WOMEN PERPETRATORS?

Police Are Working on Theory, But Lack Definite Clues.

LONDON, Feb. 19.—(Can. Press).—The country residence of the chancellor of the exchequer, David Lloyd George, at Walton Heath, was practically destroyed this morning by a bomb, believed by the police headquarters at Scotland Yard to have been placed there either by militant infernal machines or by some sympathizers with the woman suffrage movement. Mr. Lloyd George himself is on a motor trip, and nobody was injured, as the residence has not yet been occupied.

A bomb had been placed in one of the rooms of the residence, which is a modest one, containing half a dozen bedrooms, adjoining the golf links on which Mr. Lloyd George plays. The explosion found the thick walls of the house split in all directions and the furniture wrecked.

Two seven-pound tin cans of black powder also had been placed in two separate rooms among heaps of wood shavings, which had been saturated with oil, and in the centre of which burning candles were fixed.

The candles were supposed to burn down until the flame touched the shavings, while flaming up, would reach the powder, the candles were evidently blown out by the explosion.

Remnants of the exploded bomb consisted of it was of similar amateur construction.

The only clues obtained by the police are two broken hats which were found in the wreckage. It was declared by the neighbors that an automobile containing several people passed thru a nearby village in the early hours.

An official of the Women's Social and Political Union declared that the society had no knowledge of the perpetrators, adding that plenty of people besides ourselves have been against the chancellor of the exchequer.

General Mrs. Flora Drummond, however, evidently believed the explosion was the work of women. She exclaimed enthusiastically: "I think it is grand! It is a fine and successful carried out, so shows the determination of the women. I say, all power to all kinds of militancy in the direction of harassment cabinet ministers short of taking human life."

This is the second time within a year that violent methods have been used against the residences of cabinet ministers. The first being an attempt to burn the house of Lewis Harcourt, secretary for the colonies, at Nuneham.

BUFFALO AND RETURN, \$2.70.

Canadian Pacific Railway, Saturday, Feb. 22, 1913.

Gladstone Bowling Club excursion, Toronto to Buffalo and return, via Canadian Pacific Railway. Tickets good day, Feb. 22, 1913. Good returning any train Sunday or Monday following. Parlor cars and first-class coaches. Tickets at all Canadian Pacific offices. City Ticket Office, No. 16 East King street.

KILLED BY FALL OF TREE.

GUELPH, Feb. 19.—(Special).—Jacob Preis, who lives near Elzira, while out cutting wood with his brother Albert, met almost instantaneous death by the fall of a tree. He leaves a wife and family of five children. The accident happened near Heidelberg.

Canadian Institute.

J. E. Tyrrell, who located the "temple" site of the mouth of the Nelson River for the Ontario Government, and returned thru the District of Parliament, will give an illustrated lecture on that country. He will speak at 8 o'clock, at the Institute, 193 College street. All interested are welcome.

At Osgoode Hall

ANNOUNCEMENTS. Feb. 19, 1913. Motions set down for single court for Thursday, 20th inst., at 10 a.m.:

- 1. Re Wilson Estate. Applicant, 2. Re Adams Estate. 3. Olsen v. C. N. R. lands. 4. Re McNeill Estate.

Peremptory list for appellate division for Thursday, 20th inst., at 11 a.m.:

- 1. Montreuil v. Asphalt Block. 2. Pallandt v. Flynn. 3. Barlow v. Brethour. 4. Ramsay v. Toronto Ry. Co. 5. Splink v. Vonguenten. 6. Morrison v. Pere Marquette R.

Master's Chambers. Before J. S. Cartwright, K.C. Master. Lewis Bros. v. Brooks—H. Ferguson, for plaintiff, obtained an attaching order, returnable 22nd inst. Costs reserved.

Seaton v. Anderson—Wright (Mill & Co.), for defendant Collard, obtained order vacating lien and its pendens.

Re Russell (applicant) and Clark and Transfer and R. C. (claimant) v. W. Wright, for applicant, moved for interlocutor order; W. D. McPherson, K.C., for Transfer and Registrar; A. H. Britton, for Clark. Order made for payment in full of \$280.76, less costs fixed at \$20. Issue to be tried at Toronto non-jury. To be delivered in ten days. Discovery to be given and defendant to plead in eight days. Action of Clark v. Transfer stayed.

Walker v. Smith—M. J. Pollock, for plaintiff, obtained an order for issue of concurrent writ of summons for service on defendant at Kamloops, B.C. Time for appearance 21 days. Cook v. Cook—J. W. McCullough, for defendant, moved for particulars of statement of claim before pleading; W. C. Davidson for plaintiff. At plaintiff's request motion enlarged one week. Stay meantime.

McKay v. Timmins—J. G. Smith, for defendant, moved for order setting aside statement of claim and dismissing action for want of prosecution; R. McKay, K.C., for plaintiff. At plaintiff's request motion enlarged until 22nd inst.

Armour v. Armour—J. G. Smith, for plaintiff, obtained, on consent, order of judgment in favour of Peterborough. Judge's Chambers. Before J. S. Cartwright, K.C. J. Harris (Port Perry), moved for an order suspending order of June 14, 1912, declaring defendant bankrupt, and discharging committee. Order made.

Buse v. Chosen Friends—F. W. Harcourt, K.C., for infant, moved for an order of distribution of moneys in court. Order made.

Re Alexander Ritchie—F. W. Harcourt, K.C., for infant, moved for order allowing payment into court of \$175, and for payment out. Order made.

McKay v. Wabash Railway Co.—F. W. Harcourt, K.C., for infant, moved for order allowing infants' shares to be paid over from time to time, with the interest thereon, the official guardian. Order made.

Rochoon v. Rochoon—Macdonald (Rochoon & Co.), for purchaser, moved for order of sale of real estate. Order made. Dillon and Maddon—Armstrong (Aylesworth & Co.), for mortgagee, moved for order allowing advertisement during time given by notice of exercising power of sale. Costs to mortgagee in any event.

Single Court. Before Falconbridge, C.J. Olen v. C. N. R. Lands—E. C. Ironside, for plaintiff, moved for order of judgment. Motion for injunction enlarged at defendant's request, until time. Injunction continued meantime.

Collis v. Rothin—W. J. McLarty, for plaintiff, moved for a vesting order, vesting lot 65 range one, on south side of Kensington avenue, for the purpose of a cemetery only in the Ebel Abraham congregation. Defendant, Philip Rosenber in person. At defendant's request, enlarged one week to allow a lawyer.

Martin v. Martin—F. W. Harcourt, K.C., representing all parties, obtained order declaring John A. Moran a trustee of Daniel Martin of the lands in question, and vesting the lands in Daniel Martin. Plaintiff to pay costs.

Re Garton and Ellis—H. S. Murton for purchaser, G. P. Deacon for vendor. Motion by purchaser under v. P. A. Act, an order declaring objection to title valid. Order made. Purchaser's objection not valid, that it has been satisfactorily answered, and over-riding same. Each party to pay their own costs.

Trial. Before Britton, J. Fitchett v. Fitchett—C. M. Garvey for plaintiff, J. A. Henderson for defendant. Action for alimony judgment. Let judgment be entered for the plaintiff for alimony of \$5 a week, from the 21st day of June 1912. Defendant must pay the costs fixed at \$30. Plaintiff \$5 each week to plaintiff's solicitor, commencing on Saturday, 8th of March, and on each Saturday thereafter until full payment has been made. Plaintiff will commence and continue until otherwise ordered, so long as plaintiff has custody of and is maintaining children. Defendant will be released from payment of alimony, even if payments are arrears, on order of payment of children and care of plaintiff, to be maintained by her until further order, free from any interference, attempted control by defendant. Defendant will be allowed to see the children, or either of them on any afternoon, at a time to be named between 2 and 5 p.m., but not more frequently than once in two weeks. Lippin v. Lippin—J. E. Riddell, for plaintiff, moved for an order in duration. No attempt is to be made to influence them against plaintiff, or their home, which he is not to visit.

Appellate Division. Before Mulock, C.J. Clute, J. Riddell, J. Sutherland, J. Lettich, J. J. C. Makins (Laird), presented for judgment of Britton, J. of King's Counsel, and was called within the bar.

Slaght (Hallebury)—A. G. (Special). Abraham v. Bloom, 48 Niagara of Toronto, was fined \$100 and costs by Magistrate Fraser, upon being convicted of attempting to smuggle Philip Dinovsky, a Russian, into Canada. Dinovsky was ordered deported by the immigration officials.

Makins, K.C., for defendant G. Oser for plaintiff. Appeal by defendant and from judgment of Barron, J., of County Perth, of 18th December, 1912. Action by defendant against plaintiff, to recover \$300, alleged to have been placed in defendant's hands by her for keeping, and to be repaid to her as she should require. At trial, judgment was awarded plaintiff for \$325 and costs. Appeal argued. Judgment reserved.

The Philosopher of Folly

IN 1823.

Lily and Adolphus in their daily parlor chatted; the lady read the paper while her husband sat and tatted. As Lily told the latest news by carogram and cable, Adolphus tapped his fingers on their pretty parlor table; his lively features clouded with a trace of irritation as the lady who had won him passed on scraps of information, with evident enjoyment from her extra she kept reading; till suddenly he whispered to interrupt you, and his lips

less very silly but I cannot understand it—not at all, my dearest Lily; I do not know a thing about the topics you are quoting. The place for man is in the home—let women do the voting. You know I've tried my best to be most provident and frugal since first I proudly answered to your honored name Macdougall; I've swept and dusted carefully and daily washed the dishes, I've tried to soothe your worries and to meet your slightest wishes; but on certain topics, sweetheart, I feel very busy, and the talk of all this voting drives me absolutely crazy; they're voting when I'm sleeping and every other day you say some plebeian chatter when upon me they are calling of the parties that are rising and the parties that are falling. To understand this subject I have studiously striven, but to this abject confession is your little hubby driven."

NIAGARA FALLS, Ont., Feb. 19.—(Special). Abraham v. Bloom, 48 Niagara of Toronto, was fined \$100 and costs by Magistrate Fraser, upon being convicted of attempting to smuggle Philip Dinovsky, a Russian, into Canada. Dinovsky was ordered deported by the immigration officials.

It Builds Up The System

It is not only disagreeable but positively alarming to be getting thinner and weaker from day to day. This indicates that the digestive system is failing to supply the nourishment required to maintain health and strength.

You must resort to other means of restoring strength, and in this connection there is nothing like Dr. Chase's Nerve Food to form new, rich blood, revitalize the wasted nerves and restore to the digestive system its natural functions.

Auto Show Opening

Hon. W. J. Hanna, at 8 o'clock this evening, will open the word that formally opens the eighth automobile show.

The ceremony at the Exhibition buildings will be brief and of unusual interest, and will be watched by several thousands of enthusiastic motorists and society visitors.

Every arrangement of the show has been completed by this morning and the usual signs of haste at the last minute are noticeably absent.

Mr. Armstrong (New York) requested that Sir Wilfrid Laurier had not joined hands with the prime minister and made the gift of Canada to the Empire.

Speeches in support of the Turriff amendment were delivered by Mr. C. E. R. Borden, for the Richmond, N.S., and Mr. Hughes, the Liberal member for King's, P.E.I.

Mr. Armstrong criticized the Liberal policy as outlined by the amendment, recently voted down by the house, upon the ground that Canada could not possibly man one dreadnought.

Mr. Armstrong criticized the Liberal policy as outlined by the amendment, recently voted down by the house, upon the ground that Canada could not possibly man one dreadnought.

Come in and See the New Line of "Cutler" Desks

There hasn't been a nicer display of Office Furniture in the city than the one we are making of the famous "Cutler" Desks and Chairs.

In design, workmanship and finish, this line stands supreme.

Always devoted exclusively to the manufacture of Office Furniture, the Cutler Company have made the closest study of details in convenient appointments and the general uses which Office Furniture is called upon to meet.

The result of their efforts is shown in the elegant Desks and Chairs displayed at such moderate prices in our store today. You'll be glad if you spare the time to look.

Furniture Company, Limited CITY HALL SQUARE

WEST YORK CONSERVATIVES HELD THEIR ANNUAL MEETING

Resolutions Expressing Confidence in Premiers and Parliamentary Representatives Were Carried Unanimously—Hon. Adam Beck Spoke on the Advantages of Hydro Power.

The West York Liberal-Conservative Association held their annual meeting and banquet yesterday at Weston.

The banquet was held in the town hall, when the officers of the last year were re-elected: President, Dr. E. W. Bull; vice-president, George Syme, Jr.; secretary, F. C. Rowntree; treasurer, Thomas Griffith.

The district officers are: Woodbridge, Sam McClure; York Township, William Carter; Weston, T. G. McGuire; Etobicoke, R. Reines; Mimico, J. Harrison; ward three and four, William Edwards; ward five, E. Jones; ward six, W. Robinson; ward seven, W. A. McMaster; ward eight, W. C. Millard.

The first moved by George Syme, Jr., and seconded by Thomas Griffith, that the members of the West York Liberal-Conservative Association should again place on record our complete confidence in our distinguished premier, R. L. Borden, who, by his firm and manly attitude on the naval policy has proved himself the greatest statesman in Canada today, and we hereby pledge ourselves to support him and his government to the utmost of our power, in giving to the people of Canada clean and progressive government.

The second, moved by W. H. Edwards, and seconded by H. Rowntree, that the members of the West York Liberal-Conservative Association, in annual convention assembled, desire to express our continued confidence in our provincial premier, Sir James Whitney, and his careful and statesmanlike attitude in providing for the permanent improvement of the public highways throughout the province, as well as his distinguished colleague, Hon. Adam Beck, for the extension of the hydro-electric system.

Other speakers were Dr. Forbes Godfrey, M.L.A., J. A. Macdonald of Toronto, F. J. McGuire and George Syme.

Among those present were: Warden McMurchie of King, W. H. Pugsley, Richmond Hill; Jacob Bull, Weston; Thomas Dolworth, Etobicoke; George Holdenby, Mimico; Len Wallace, Woodbridge; Dr. Rowntree, Weston; Rev. T. Campbell, Weston; Rev. J. McNeill, J. Raybold, Mr. McQueen, J. Irwin, H. H. Ramsay and Percy Taylor, Weston; F. Rowntree, St. Rowntree and R. Taylor of Weston.

The new congregation of Presbyterians which was recently formed in the Davisville section has purchased a lot on the Gleda Major estate with a view to erecting a church.

Rev. T. Campbell, Messrs. Dunny, Syme and Peters closed the deal on behalf of the congregation. A building committee is to be formed and operations will start as soon as the weather will permit.

The Richmond Hill Agricultural Society held a seed fair in the Lorne Hall yesterday, at which the following were the prize-winners: Spring wheat—Thos. Stephens, Chas. Clark; White oats—Fred Clark, W. Thompson.

Black oats—W. Thompson, 1 and 2. Large peas—Thos. Stephens, Chas. Jones.

Small peas—W. H. Wellman, W. Thompson.

Timothy seed—Chas. Clark.

Early potatoes—Thos. Stephens, Chas. Jones.

Late potatoes—A. H. Jones, 1 and 2. The judges were Geo. Keith of Toronto and J. C. Steckley, B.S.A., district representative of the Ontario Department of Agriculture, who also delivered a scientific address on pure seeds, rotation of crops, the treating of grain to avoid rust and smut, also to avoid potato rot. Messrs. Geo. Keith, Chubbie, Robt. Thompson, J. McLean and H. A. Nicholls delivered short addresses. J. J. Lunan, vice-president of the association, acted as chairman.

DEATH OF YORK PIONEER

VANDORE, Feb. 20.—The recent death of Hugh Lash Miller marks the passing of another of the pioneer residents of York County. He was born Aug. 5, 1825, at Yeovil, Somersetshire, Eng., and came to Canada in 1849. He was married in 1853 to Ann Gordon and had five children, but only one survived him, John Albert of Concordia. They celebrated their golden wedding in 1903, his wife dying four years later. Many friends from Toronto and the surrounding district attended the funeral.

The Daily Hint From Paris

The Girl at Home

Some generations ago it was the established custom that the boys in a family went forth to college and the girls stayed home to cook and wait for suitors.

A COMBINATION OF WHITE MATERIALS

White crepe-de-chine forms the greater part of the blouse, and in contrast with it the satin used for the collar and shaped trimming bands seems to have high lustre.

The tucked net chemise and the pleated lace frill are also white, and ivory buttons are used on the satin band.

Mrs. George MacBeth has left the hospital and is back in her flat at the Alexandra. Miss Meta MacBeth is in town from London, Ont., with her mother.

Mrs. Flora Macdonald has returned from Ottawa.

Mrs. G. T. Somers is in Savannah, Georgia.

Mrs. A. E. Kemp is in Ottawa.

Miss Katherine Griggs, Roxton rd., has left for a three months' visit to Pasadena, Cal.

Mr. and Mrs. Fred Nicholls, jr., have returned from Atlantic City.

The Women's Guild of Grace Church will give a luncheon after Easter in one of the principal downtown shops.

Mr. R. L. Patterson and J. P. Langley sailed yesterday from Philadelphia for a trip to the West Indies, Panama and Venezuela.

Messrs. H. Powell and G. W. Hamby of Toronto have gone to Battle Creek, Michigan, where they are the guests of the Battle Creek Sanitarium.

The members of the Null Secundus Club are holding their monthly dance this evening in the Balmey Beach clubhouse.

NUDGEY

Chemistry of Cleaning

THE question of cleaning stands next to that of food and clothing in the mind of the average housekeeper.

As cleanliness results in beauty, health and comfort, these claims are granted; but the one may have the best of cleaning agents and the finest soaps and good intentions galore, it does not follow that best results are always obtained.

Every soap maker claims his product is perfect, so it is housewives do not know which "oil" soap is excellent for some uses and resin, or alkali, soap preferable for others, much of their work is only misdirected energy.

An excellent article, economical and lasting, is made by dissolving several bars of ordinary kitchen soap in hot water.

If soap is desired for washing fine linens and white fabrics, cut two bars of white soap fine and dissolve in warm water.

In the lump its cost is usually in the neighborhood of thirty cents a pound, but this has twice the strength of the liquid.

A small lump of dry ammonia or a tablespoon of the liquid will precipitate the lime in a tub of water, just as washing soda does, without injuring the flesh or the clothing.

Soda-ash is the cheapest form of alkali, and women would do well to remember this when buying cleaning powders in boxes.

A carefully laundered article is worthless to a refined, particular woman, so use first-class laundry aids that will remove stains and germs without the necessity of rubbing.

There are three acids that should be on every laundry shelf: they are oxalic acid for iron rust and fruit stains; acetic acid for stains on lace and fine articles; muriatic acid for removing ink stains and restoring colors.

Efficient Housekeeping

By HENRIETTA D. GRAUEL (Domestic Science Lecturer)

Chemistry of Cleaning

THE question of cleaning stands next to that of food and clothing in the mind of the average housekeeper.

As cleanliness results in beauty, health and comfort, these claims are granted; but the one may have the best of cleaning agents and the finest soaps and good intentions galore, it does not follow that best results are always obtained.

Every soap maker claims his product is perfect, so it is housewives do not know which "oil" soap is excellent for some uses and resin, or alkali, soap preferable for others, much of their work is only misdirected energy.

An excellent article, economical and lasting, is made by dissolving several bars of ordinary kitchen soap in hot water.

If soap is desired for washing fine linens and white fabrics, cut two bars of white soap fine and dissolve in warm water.

In the lump its cost is usually in the neighborhood of thirty cents a pound, but this has twice the strength of the liquid.

A small lump of dry ammonia or a tablespoon of the liquid will precipitate the lime in a tub of water, just as washing soda does, without injuring the flesh or the clothing.

Soda-ash is the cheapest form of alkali, and women would do well to remember this when buying cleaning powders in boxes.

A carefully laundered article is worthless to a refined, particular woman, so use first-class laundry aids that will remove stains and germs without the necessity of rubbing.

There are three acids that should be on every laundry shelf: they are oxalic acid for iron rust and fruit stains; acetic acid for stains on lace and fine articles; muriatic acid for removing ink stains and restoring colors.

NEED 500 WOMEN TO FORM GUILD

In Connection With British and Foreign Sailors' Society.

Considerable progress has been made with the proposed memorial to Capt. Scott and companions, as mentioned in the mercantile and navy service, this guild to be connected with the world-wide organization of ladies' guilds under the banner of the British and Foreign Sailors' Society.

As Jan. 17 was the date when Capt. Scott and his party reached the pole, the annual meeting of this guild will probably be called together on that date for all time to come.

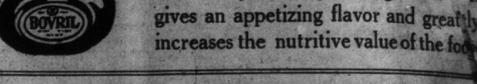

It is hoped to constitute a foundation membership of at least 500. This would make the Toronto Guild one of the largest in the Empire.

Among the ladies of the city who have already given their adhesion to the movement are: Mrs. Alfred Wright of Rosedale and Miss Oates, both of whom are closely related to members of the British Antarctic expedition.

Two favored it: Allan Studholme, Labor member for East Hamilton, had a supporter when he tried to induce the house to strike off a clause in the act to effect that the property qualifications for all

is concentrated beef. Use it in your soups and gravies. It gives an appetizing flavor and greatly increases the nutritive value of the food.

AUTO SHOW

OFFICIAL OPENING This Evening, by Hon. W. J. Hanna, at 8

BOSTON LADIES' IMPERIAL ORCHESTRA and Festival (Toronto Symphony) Orchestra.

Elaborate Decorations and Illuminations. Car Service to Grounds EXHIBITION PARK. Admission 50c

Georgina Lodge, A. F. & A. M. No. 343, G. R. C.

An Emergent Meeting of this Lodge will be held in the Masonic Hall, Temple Building, on Friday, the 21st inst., at 7:30 p.m., for the purpose of celebrating the funeral of our late Bro. Dr. James A. Mills from his residence, 44 Rowland avenue, by order of the W. M. H. C. Tagwell, George Thompson, Worshipful Master, Secretary.

candidates in cities must be freehold property amounting to \$1000 or leasehold property \$2000. W. S. Brewster, Conservative for South Brant, suggested that this restriction might very well be eliminated.

When the year and days were called for Mr. Studholme was swamped. He yelled "yes" as loud as he could, but he seemed to be alone.

Delight was expressed by the guests and members of the Toronto Suffrage Association at the brilliant success of their first supper party.

During the consideration of the re-constructed Ontario Municipal Act in the legislature yesterday, Hon. W. J. Hanna made a statement that a law would likely be enacted this session providing for the extension of the municipal franchise to married women who own property.

Bright, Ruddy Cheeks For Pale Girls

No Longer Any Need to Be Pale Weak or Anaemic.

By Following the Advice of Miss McEwen You Can Quickly Become Strong Again.

The pallid girl always lacks appetite. What little she eats is badly digested. At night she is restless, she dozes, but doesn't sleep soundly.

Vital force must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton has invaluable experience in these cases, and found nothing so prompt in building up young women as his vegetable pills of Mandrake and Butternut.

Dr. Hamilton's Pills begin by cleaning the system and purifying the blood; they also improve digestion and render food ready for absorption.

MADERO'S BROTHER KILLED BY GUARDS

Ordered to "Run Gauntlet," He Fell Under Rain of Bullets.

MEXICO CITY, Feb. 19.—(Canadian Press.)—The execution of Gustavo Madero, known as the "power behind the throne" in Mexico, formed today a tragic sequel to the upheaval in Mexico City yesterday.

Soon after their arrival there Gustavo Madero was subjected to the same "run" as his brother, who was shot in the back of the head by the guards. He fell dead under the rain of bullets.

The Standard Bank of Canada

THIRTY-EIGHTH ANNUAL MEETING

The thirty-eighth annual meeting of the Standard Bank of Canada was held at the Head Office, 15 King Street West, at twelve o'clock noon on the Nineteenth of February, 1913.

The President took the chair and the following report was presented: The report of the affairs of the Bank at the close of its Thirty-Eighth year ending the 31st January, 1913, reflects a substantial growth in all branches and indicates that its funds have been employed at remunerative rates during the year.

The net profits, after making provision for Bad and Doubtful Debts, Rebate of Interest on unmatured Bills under discount, Exchange, Cost of Management, etc., amount to \$462,079.79, being at the rate of 21.08 per cent per annum on the average paid-up Capital for the year. This amount added to the balance brought forward from last year, together with Premium on New Stock, makes the sum of \$952,738.37 which has been appropriated as follows:

Table showing financial breakdown: Four quarterly dividends at the rate of 13 p.c. per annum \$282,052.17; Transferred to Officers' Pension Fund 12,500.00; Written off Bank Premises 25,000.00; Transferred to Reserve Fund from Profits 100,000.00; Transferred to Reserve Fund from Premium on new stock 429,275.00; Balance of Profit and Loss Account carried forward 103,911.20.

You will be asked to approve of Bylaws increasing the amount set apart for the remuneration of Directors and the annual contribution to the Officers' Pension Fund.

It is with the deepest regret that your Directors have to report the death during the year of Mr. Frederick Wild, for thirty years a Director and occupying the position of Vice-President since 1902.

Branches and sub-branches of the Bank were opened during the year at Shannonville, Arthur and Udora in Ontario; City branches at West Toronto, Bloor St. and Ossington Ave., and Broadview Ave., Franks, Bank, and Vancouver, B.C. A branch will also be opened about the first of March next at Edmonton, Alberta.

Adequate and most desirably located new premises have been secured recently at Winnipeg and Vancouver. The usual thorough inspection of the Head Office and Branches has been made during the year and the staff have discharged their duties faithfully and efficiently.

W. F. COWAN, President.

RATIFY TREATY WITH FRANCE

WASHINGTON, Feb. 19.—(Can. Press.)—The senate today ratified a supplementary treaty with France, extending to 1913 the operation of the present arbitration treaty between that nation and the United States.

WOMEN'S ART ASSOCIATION

Fine Program Given at Studio Yesterday Afternoon.

A very pretty program of music and readings was given at the studio of the Women's Art Association on Jarvis street yesterday afternoon.

Sunday World Features

On account of the Automobile Show, The Sunday World this week will consist of six big sections. A special section of eighteen pages will be devoted to motoring and will contain, in addition to the announcements of the automobile dealers, a great deal of news and many pictures of special interest.

The front page of the Illustrated Section has fine pictures of many familiar figures in the automobile trade. These men were photographed in their own cars specially for The Sunday World. Other pictures are the Students of St. Andrew's College; Women's Art Association Exhibition; the Suffragette Hike to Washington; Mexican Revolution; Wives of Toronto's Civic Cabinet; the Duke of Connaught's visit to the Six Nations Reserve at Brantford; London-derry election and many other up-to-date pictures.

Lady Duff Gordon illustrates the new spring tendency for fashions and introduces the band box dress. This is a particularly attractive page, shown in four colors.

Other special features are: Fox ranching in Prince Edward Island; an intimate sketch of Mrs. J. B. Leathes.

Recovery in All Stock Markets--Clouds Are Disappearing C.P.

TORONTO MARKET REGAINS ITS POISE

Portion of Recent Losses Made Up—More Confident Feeling Inspired.

WINNIPEG RY. IN LEAD

Stock Jumps Seven Points in Short Order—Specialties Find Poor Market.

The Toronto stock market developed a much sturdier tone yesterday, the calmer feeling in Wall street and the rally in London doing much to inspire a saner consideration of conditions here. The turn for the better in the Mexican situation and the better news from Europe concerning the Balkan affair proved the reassuring factors, the belief that the selling had been overdone probably played a larger part in inducing the recovery. Sentiment was by no means relieved of its apprehension, tho at the close conservative brokers were able to regard the future with a greater degree of confidence than for some days.

A sharp recovery in London carried such stocks as Brazilian and C.P.R. up sharply, and this had an effect all its own on our market. Brazilian opened here at an advance of 1-2 points over night, but the opening quotation of 96 proved the top for the day. Later on the shares sagged gradually and the close at 95 3/4—the low record of the session—left a net gain of just a shade less than one point. In New York C.P.R. changed hands at 231 at the close, an improvement of 2-3 points from the previous close. The new stock was dealt in here for the first time, a sale being made at 220.

Raised bids on Winnipeg. A sharp recovery in Winnipeg rails proved the leading feature of the Toronto market. The stock had apparently been overdone on Monday and Tuesday, and when supporting orders came into the market, the price rallied rapidly. Bids were raised a full six points before selling was attracted, and at the close a sale was made at 109 1/4, up 7 1/2 for the day. The shares carry 12 per cent. dividends, so that the security was, to say the least, on a bargain day basis.

U. S. STEEL DOWN TO LOWEST IN YEARS

In the early dealings in the New York Exchange yesterday many of the prominent issues dropped below the low records of Tuesday, and consequently made new low levels since 1911. In fact the average of the whole list in the initial decline of the day got down pretty close to the bottom prices of Sept. 25, 1911, just prior to the institution of the suit against the U. S. Steel Corporation. Steel yesterday stood at 60 1/8, its lowest in two years. It is interesting to note that last fall it sold at 60 3/4. The decline since that time is 20 points, and in the same interval average prices have fallen from 14 to 15 points.

BANKERS' BOND CO. FORMED IN TORONTO

Well-Known Brokers Expand to Take Care of Investment Business.

In order to take care of their growing investment business, Messrs. E. W. Wood and Croft, stock brokers of Toronto, have incorporated the Bankers' Bond Co., Ltd. with a capital of \$100,000. In addition to conducting the usual bond and preferred stock business, this company will also be prepared to finance business enterprises which are in shape to undergo expansion. Offices have been secured at No. 20 Victoria street, in the basement of the Imperial Hotel, and a Mr. F. W. Ballie has accepted the presidency and Mr. F. P. Wood the vice-presidency of the Bankers' Bond Co., Ltd. Several prominent Canadian bankers have also associated themselves with the new enterprise and will give it the benefit of their experience and knowledge of Canadian affairs.

NEW BOND CORPORATION.

The Saskatchewan Bond Corporation, Ltd., has been incorporated with a Dominion charter to deal in stocks, industrial and municipal bonds and debentures. The head office of the company will be in Moose Jaw. Richard Loney, president of the Moose Jaw Board of Trade, is the president.

DID YOU OWN ANY STANDARD OIL?

How the Holder Doubled His Money Since Dissolution—A Stock Market Idol.

NEW YORK STOCKS HAVE FAIR RALLY

Improvement in European and Mexican Outlook Reflected in Market.

SHORTS TAKE PROFITS

Buying to Cover Contracts Contributed Materially to Strength Shown.

Shareholders of the Standard Oil Co. who have held all their fractional shares in the 34 separated companies since the dissolution, in September, 1911, and who have participated in all stock offerings since that time, now have a paper profit of almost 100 per cent. on their original investment. The purchase of 100 shares of old Standard Oil stock in August, 1911, at \$25 a share, would involve an investment of \$2,500. The purchaser who took advantage of stock subscription rights of three of the former subsidiaries, which meant an additional investment of \$3845, could dispose of all his stock at current prices for \$116,786, making a profit of \$114,286, without including cash dividends. Meanwhile the holder of 100 shares of old Standard Oil stock, who has not parted with any of his holdings, has received \$1,935 in cash dividends. The combined dividends and paper profits from enhanced stock values to the holder of 100 old shares amount to \$118,221 on the total investment of \$6,435.

LONDON MARKET IN CHEERFUL MOOD

Nervousness Over Political Crisis Is on the Wane—Public Still Holding Aloof.

LONDON, Feb. 19.—Money was dearer and discount rates were firmer today. The authorized capital of the American securities opened a fraction higher. The list was supported during the early trading, and the Pacific stocks led an advance which ranged from 1-4 to 2-4 points. Later the improvement was maintained by Wall Street buying. The closing was steady.

BANK SASKATCHEWAN OPENS IN TWO MONTHS

New Bank in West Is Getting Ready to Commence Business.

Western Canada will have another bank in about two months' time, according to R. H. Fulton, general manager of the Bank of Saskatchewan, who states that his institution will be ready to commence business in that time. A temporary office has already been established at Moose Jaw, where the head office is to be located. Branches will be opened in other cities of Saskatchewan in the near future. The authorized capital of the new bank is \$1,000,000, and 10,000 shares of \$100 par value are now being issued at a premium of 15 per cent. The shares are being allotted as follows: 425 per share on application (inclusive of the \$15 premium), \$25 of allotment and the balance as called for. The shareholders will be asked to elect 15 directors. The necessary deposit has been made with the government, and the certificate has already been issued by the treasury board.

RHODE ISLAND MAY BACK G. T. R. BONDS

PROVIDENCE, R. I., Feb. 19.—(Can. Press.)—Gov. Pothier proposes that the State of Rhode Island guarantee the bonds of the Southern New England Railway, that the road may be completed.

The suggestion followed the receipt of a letter from President E. J. Chamberlin of the Grand Trunk Railway suggesting that the money for the completion of the line be raised in New England. The governor will ask the general assembly to submit the question to the electors in a referendum. It is estimated that bonds of \$6,000,000 will be required.

SIX NEW DIRECTORS FOR CROWN TRUST CO.

MONTREAL, Feb. 19.—Six new directors were added to the board of the Crown Trust Company at the afternoon meeting at four o'clock this afternoon. They are: John McKerrrow, H. B. Henwood, Alex. McLaurin, E. B. Stevenson, F. N. Southern, and Mr. Board was re-elected. Mr. Robert Reardon was elected president. The financial report showed that the company had enjoyed the best year in its history.

FIRMER TONE AT MONTREAL

Market Opened With General Advances—Irregular Movements Shown Later.

SUSTAINED DEMAND FOR MINING STOCKS

Market Evidences the Fact That Good Absorption is Going on Steadily.

SOME IRREGULARITY

But on the Whole the Tone is Firm—Favorites at Higher Prices.

MONTREAL, Feb. 19.—Strength of C.P.R. in London this morning again furnished an incentive to buying of stocks in the local market, and most of the leading issues opened with overnight gains ranging from 2 1/4 in Montreal Power and 2 points in C.P.R. down to small fractions. With the early demand satisfied the market became calmer, and price movements irregular, the uncertain action of C.P.R. contributing to the late hesitation in the undertone of the market, as a whole, however, continued firm. Montreal Power touched its highest level of the day, 227, in the final transaction, and fell back to 225 1/2. The net change in power was a gain of 2-4.

ROOM FOR REBOUND IN NEW YORK MARKET

Erickson Perkins and Co. (J. G. Bealy) wired: With prices of active railroad shares down to the level of September, 1911. In most cases, and with some industrial 20 to 25 points lower than last autumn, there was room for a good rebound. From the train over the political situation, we will get more drives on the way up. The mixed political situation does not warrant a bear market, but only slow improvement.

MONTREAL GRAIN AND PRODUCE.

MONTREAL, Feb. 19.—Business over the cable in Manitoba spring wheat was quiet owing to the falling price bid demand and the fact that prices had been very quiet in the market. The export trade in Manitoba wheat was very quiet and the local demand is limited. Flour steady with a fair business doing over the cable. Eggs fairly active for new season. Dressed hog, 250 to 300 lower.

NO WONDER LONDON MARKET WAS GLUTTED

New Issues Last Month Many Millions Ahead of Previous High Record.

No year has made such an imposing start in the matter of new issues of capital in London, says the Dominion Bond Company in its monthly review. The offerings of the past month are more than double those for the corresponding period of 1912, and some ten million sterling greater than the previous highest total. Considering that the market has not been as steady as in 1912, it says much for the courage of promoters that they should be willing to tempt their luck. The total issues of all kinds for January amount in number to 68, and capital involved to \$2,475,000,000.

STRICT RULE NEEDED FOR MARGIN TRADES

New York Brokers Would Have Big Margins on High-Priced Stocks.

NEW YORK, Feb. 19.—While members of the Stock Exchange generally commend the changes in the rules recently made by the governing committee, some of the new regulations regarding margins do not seem so far enough. They contend that houses making an honest effort to do a safe business are being driven out of the market by "liberal" trading terms by firms which are willing to take risks for the sake of securing a profit. It is contended that there should be a strict rule regarding the amount of margin, based on percentage of the market price. If this were done a 7 per cent margin would be required to carry United States Steel, while a margin of 24 per cent would be needed in Canadian Pacific.

CATTLE STEADY IN MONTREAL MARKET

Tone Was Strong Owing to Scarce Offerings, But No Actual Change Was Made.

MONTREAL, Feb. 19.—At the C.P.R. Live Stock Market the receipts of live stock for the week ended Feb. 15 were 1070 cattle, 110 sheep and lambs, 1300 hogs and 500 calves, while the offerings on the market this morning were 700 cattle, 100 sheep and lambs, 800 hogs and 500 calves.

NEW MAP OF COBALT

About February 15th we shall begin the distribution of a new (non-promotion) map of the producing area in the Cobalt district, handsomely printed in three colors, mounted on tin, and presenting in addition to properties and their acreage, all available data regarding ore production, earnings, capitalization, dividend payments, price range on stock, etc., of the various companies of the Cobalt district. Requests for free copies of this map, to be mailed when ready, should be filed with us immediately.

PREFER BUYING SIDE

Reactions occur in mining securities as in other stocks; but the action of the two since the first of the year is quite distinct. Mining shares have a tendency not shown in other issues, as is now shown in the fact that during periods of realizing profits will enable realizing of other profits later. We are in business to either sell or buy for our clients, but we prefer the buying side at present.
