## GREAT VICTORY FOR ADAM BECK WHEN LONDON VOTERS DECIDED TO USE HYDRO ON L. & P. S. LINE

Electrification of Railway Carried by 746 After Bitter and Favored a Board of 1928. Control.

(By a Staff Reporter.) LONDON, Ont., Oct. 22 .- Hon. m Beck today won another fight gainst private monopoly.

mpaigns ever waged in London, the bylaw to raise \$700,000 in debentures to electrify the London and Port Stanley Railway was carried today by a majority of 746. The storm sewers, West London breakwater and the board of control bylaws all carried by large majorities.

The bylaw to spend \$40,000 for storm sewers carried by 1928 majorty: London west will have a \$25,000 breakwater, the majority for this being 2166; while the citizens decided in favor of a board of control by a ma-

ranging from 1 to 61. This was a remarkable showing, and demonstrated the faith of the residents of the eastern section of the city in the feasibility of the electrification of the London and Port Stanley Railway. East End Did Well.

was larger than some anticipated platform.

There were 8500 voters on the list, Among the allegations supported these practically 5000 were The organization on both ides was very good, the electrification advocates having the better.

However, the interests were well looked after and made a bold fight Every available vote was brought out, and nothing was left undone to prevent a full opposition vote being polled. The vote against the scheme represents the full strength of the opposition. While the day was not ideal for voting, it did not interfere much with the workers. The weather can- the same offences, but are differently not be blamed for the fact that a phrased to meet legal points. number failed to reach the pol's.

Money Bylaws. The other money bylaws carried by against them follow: a big majority. The friends of electrification voted strongly in their favor and the opponents did likewise As a result there; was little opposition and that the bylaws would carry was a foregone conclusion. The bylaw to institute a board of control conspired with other officials to describe the convenience of a soft hat is amply appreciated by particular men. Dineen's, 140 Younge street, have just opened a splendid conspired with other officials to describe the convenience of a soft hat is amply appreciated by particular men. Dineen's, 140 Younge street, have just opened a splendid shipment of stylish tweed and felt ound favor, few voting against it.

The West London breakwater carled handsomely. This was expected, sthere was a great deal to be said

(Centinued on Page 2, Column 1.)

U. S. Revenue Cutters Decline to Take Responsibility for Destruction of Derelict.

WASHINGTON, Oct. 22.—(Can. Press.)—Revenue cutter head-quarters was notified today that but he latered he will be left upon the high seas of the government's wishes, but the captain of the gunturon was inviting another disaster by floating as a derelled in the path of navigation.

The accident was caused by the class of the orders on the least temporarily. He is unwilling at the command at Vera Cruz, at least temporarily. He is unwilling to the orders on the command that he is not free to come and go and talks of a trip to the captain of the crew of the work train. They were given orders by the operator at Weyland to remain on the siding until the freight train had passed. The first section of the freight train had passed, the crew evidently was allowed to pass. The work train being that both sections of the freight had passed. When they reached the work train notice of the orders or thinking that both sections of the freight had passed. When they reached the work train notice of the orders or thinking that both sections of the freight had passed. When they reached the work train notice of the orders or thinking that both sections of the freight had passed. When they reached the work train had passed, the crew evidently taking no notice of the orders or thinking that both sections of the freight had passed. When they reached the work train had passed, the crew evidently taking no notice of the orders or thinking that both sections of the freight had passed. When they reached the subtint the mission of the crew of the work train noticed the approach of the minister of war, to whom the mission had passed. When they reached the subtint the mission of the crew of the war allowed to pass. The work train had passed. The interest of the minister of war, to whom the captain of the guntil the reig The accident was caused by the misby floating as a derellct in the path of navigation.

The warning came in a telegram from Charles S. Hurd of New York City, who urged immediate action, looking to the destruction of the destruction of the Assistant-Secretary Newton replied that the Volturno was abandoned at a place considerably east-

ward of the limits of the operations of the revenue cutter service.

"The service," Mr. Newton added, "does not undertake the destruction of derelicts eastward of the line drawn from Sable Island to the Bermuda Islands. It does not appear that any obligation rests unon the line drawn of the limits of the operations of the committee that any obligation rests unon the line drawn from the balcony of a few hundred workingmen who gathered to greet him, despite police orders against demonstrations, despite police orders against demonstrations, demonstrations entirely free of the wrecked engines and cars. All trains on the line were

### FRIEDMANN TO GIVE A DEMONSTRATION

by The Toronto World and N. Y. World. BERLIN, Oct. 22 .- According to The Tageblatt, a grand demonstration of patients treated by the of Tuft's School for Eugenics this afternoon.

Professor Dearborn emphatically condemned both the principle of eugenic marriages and the proposed introduction of sex hygiene into the curriculum of the public schools, declaring that the state has no right to interfere with the rights of individuals.

nadian tariff at the next session of parliament.

A cable from London quotes The Manchester Guardian as saying that Mr. White had made a definite statement regarding the tariff "I saw the cable" said Mr. White with the members of the Tuberculosis Congress are to be invited, as well as any other doctors desiring admission. Immediately after this demonstration Dr. Friedmann proposes the tariff or possible tariff changes one way or another." Friedmann method has been ar-

Rescuers Strive Heroically to Reach Entombed Miners, and Special Train is Hurried to Spot-Cause of Disaster Mystery as Mine Was Considered Safe One.

DAWSON, New Mexico, Oct. 22. (Can. Press.)-Two hundred and thirty the Stag Canon mines here, following an explosion at 3 o'clock this afternoon, according to an unofficial esti-

escuers were called from all parts of the southern Colorado coal fields. The Stag mine is owned by the Phelps-Dodge Co. of New York. The day shift working in shaft No. 2 numbered 230 persons.

The cause of the explosion is known. Fire had not broken out, the smoke was seen issuing from the second level of the shaft. It was believed by rescuers that this smoke came from the explosion and not from fire. Immediately after the explosion all shifts were called to the work of rescue, and those miners who were emproyed in other shafts were put to work drilling thru the debris which was said to have blocked the mine below the second level.

Rescuers Work Desperately. The U. S. rescue car stationed at Trinidad was summoned and every available man in Dawson tonight was aiding in the attempt to reach the entombed miners.

Rescuers worked heroically to supply air to the men.

Three Italian miners were recoue from the debris at the opening of the Stag Canon mine at 9.30 o'clock tonight. This makes five miners who have been rescued. The rescue party is making slow headway against the tons of coal and debris which is blockading the mine. The five men rescued were separated from the main

### **HOUSING PROBLEM** WAS EXPLAINED

By N. W. Rowell in Speech Project to Remove Harmless to Hamilton Board of Trade.

### ORGANIZATION STARTS BOLD JEWEL ROBBERY

Government Should Assist in All Rooms But One of Dwell-Work Says Opposition

HAMILTON, Oct. 21.—(Special.)—A proposal that the government of Ontario should make provision for work under me of the departments of the government imilar to that being done by the local covernment board of Great Britain to incure proper housing accommodation in the cities and towns was an important seature of the speech on the housing roblem given on Wednesday night to be Hamilton Board of Trade by N. W. towell, K.C., M.I.A.

"This question of poor housing," said

HAMILTON, Oct. 22.—(Special.)—of the most daring robberies reports the police in some months was coming some time between the hours of 8 loss tevening, at the home of The Hobson, barrister, 66 Herkimer is Jeweiry valued at \$1000 was stolen. Entrance was made thru a rear with on the ground floor, and during operations the thieves allowed only

he Hamilton Board of Trade by N. W. towell, K.C., M.L.A.

"This question of poor housing," said if. Rowell, "and the possibilities of emedy is not any fanciful or theoretical subject for us in Canada. There are dready disquieting conditions in many of our cities and towns. All who believe that one of the main functions of the state is to secure the health, happiness and social well-being of its citizens must be deeply interested in this problem, and aithowe have not yet developed the unfortunate housing conditions characteristic of older civilizations, the existing conditions demand immediate action. Our chief work, however, should be primarily one of prevention."

Healthy Housing.

chief work, however, should be primarily one of prevention."

Healthy Housing.

Mr. Rowell gave interesting examples and figures to show that healthy housing led to an intensive improvement of population, and that it reduces crime. He emphasized the fact that the ordinary law of supply and demand did not meet the situation in regard to good housing, and that to solve the problem there must be aroused a sense of communal responsibility followed up by organized effort towards reform. At the same time experience shows that such organized efforts at housing reform and the building of better houses in definite districts has not proved a discouragement to private builders or to private enterprises, but has, on the other hand, had a tendency of stimulating such independent activity. Mr. Rowell pointed out that at present Toronto is the only place in Ontario, or in Canada for that matter, which had a regularly organized housing company, but that a number of other cities, including Hamilton, Berlin, Windsor and Quebec, were commencing the establishment of similar bodies.

Mr. Rowell outlined the legislation

were commencing the establishment of similar bodies.

Mr. Rowell outlined the legislation passed unanimously at the legislature at the 1912 session, whereby city councils may guarantee the bonds of housing companies under certain conditions, and gave a detailed account of what the Toronto Housing Company had accomplished under the act.

er the act.
In spite," he said, "of the recent in spite," he said, "of the recent mising beginnings, Ontario and Canasa a whole are still ten years bed the rest of the civilized world, expt the United States."

Garden Cities.

Garden Cities.

Mr. Rowell, in proof of his assertion, gave a most interesting survey of the housing question in various parts of the world. He traced the English acts from 1851 to the present time, and told of the work of John Burns and the local government board, and of defaulte "garden cities" such as the one at Letchworth. He gave considerable attention to conditions in Germany, and outlined some of the particularly interesting features there, such as the custom of German municipalities in owning lands themselves, the use of workmen's insurance money as loans on workmen's homes, the extra tax on vacant lands, and the increment tax varying from 8 to 16 per cent. Other countries considered in the survey were France, Italy, Australasia, Brazil, Chill and the United States.

"This question of Responsibility for Obligations of Spanish Government Involved.

WASHINGTON, Oct. 22.—Can. Press.)—The supreme court was called upon today to interpret the Spanish-american treaty ending the war of 1898, and settle the question of 1898, and settle the Questions for the laboring classes, and" he added, "indications are not lacking that more and more as time goes by the problem will be one not only for workingmen, but for all classes of the people. The housing problem is one of that important series of questions relating to the general welfare of the people. We are now beginning, feebly enough to be sure, to think in terms of people and of human lives rather than in terms of vested interests and traditions."

CDEAT VICTORV

(Continued From Page 1).

in its favor. The eastern portions of its favor. The residents of West London themselves did not show the same faith in electrification that their friends in the east did in the breakwater. This fact was commented upon adversely by some residents of the other parts of the city. The necessity of storm sewers was impressed upon the ratepayers some time ago, and the handsome majority the bylaw received was anticipated.

Hon. Adam Beck went to The Free Press early and was soon joined by Mayor Graham, Philip Pocock, presi-dent of the London Liberal Association, and a number of the prominent supporters. The early returns showed how the campaign was going, and the enthusiasm was unbounded. In response to demands for speeches, all three addressed the electors.

Berlin's Borden Club

BERLIN, Oct. 22.—(Special.)

At an enthusiastic meeting of Conservative workers, held here tonight, it was unanimously decided to organize a "Borden Club." A nominating committee consisting of Messrs. F. Boehmer, M. Roos, A. Potter, G. Weber, O. Stouck, C. Bricker, E. Scully, G. Lacourse, D. Bowlby, F. Ackerknecht, W. V. Uttley, W. Bowden, were appointed to select two lists of officers, consisting of 18 members each, to be known as the Blues and Whites, who will report next Thursday, when a campaign will be opened to make a choice.

and expressed his entire confidence in the leadership of Mr. Beck in the pro-The application will go forward at

ELMIRA TO MARK A DOUBLE EVENT

BERLIN, Ont., Oct. 22.—(Special.)— Elmira has now a population of 2050. and its citizens have decided to signalize the event of becoming a town by a celebration, to take place on Oct. 29. A half holiday has been proclaimed, and apart from holding a Made-in-Elmira Exhibition, the town will receive for the first time hydro-electric power. Hon. Adam Beck and others will officiate at the double event.

LOSES FOUR FINGERS. GUELPH, Oct. 22.—(Special.)—This morning John Eby, foreman at the Kloepfer carriage factory, was working on a buzz planer, and while putting a board thru the machine he had the four fingers of his right hand completely torn off below the second joint.

BROCKVILLE, Oct. 22.—(Special.)—The town council has passed a bylaw empowering the light and water commission, subject to the approval of the Ontario Municipal Board, to issue debentures to the amount of \$69,000 for improving the plant of the department.

### DI. The Flain Story of the Semi-ready Sale.

II have had letters and calls and scolds of every kind about the Mid-Season Sale of Semi-ready Suits and Overcoats.

An avalanche of protests came from merchants who say that we are "violating the very thing that Semi-ready stands for"-standard prices and a dollar's worth for a dollar.

I'm going right on giving two dollars' worth for a dollar until I get rid of \$20,000 worth of over-stock. And it won't be long at this rate!

It is our pleasure to reverse the usual order and sell Bargains in Mid-Season because we must meet a condition with cheerful initiative.

An over-stock—caused by broken promises and builders' delays-caused us the cost of a season's business—so that we have just twice as much stock as we should have.

I Ordered it from the shops—had to take it, whether or no-and here it is at about half price all around about the cost of the cloth for finished Semi-ready tailoring.

Prices are cut plumb down the middle in some cases -600 Winter Suits and 400 Winter Overcoats, worth from \$15 to \$30 at from \$8 to \$20-with five prices between showing equally attractive reductions.

Nothing fictitious about the real price values you always know the fair figure values are on the label sewn in the pocket of the Semi-ready clothes.

Nothing fictitious about the clothes—Every Suit and Overcoat is a real Semi-ready garment; the kind that holds the highest prestige in the tailoring world of Canada.

I No need to thrust detail upon you. You have the assurance of wide variety as to size, fabric, colour and winter weight and not a whit of variation from the proper style. Come in and find out the rest for yourself.

## Housekeeping, Nursery, Gardening and News of Interest to Women

HOSPITAL CONFERENCE

Brought to Close by Election of Officers and

divorcing of the training school from the hospital with great satisfaction if

organized on the same basis as the organized on the same basis as the medical college for young men.

"The nursing element as well as the hospitals are embarassed by unnecessary legislation. Legislation cannot force hospitals to that which is impossible. It is said that it would lower the status of the profession to high lower the status of the profession to allow entrants who had not a high school certificate. The suggestion is too unworthy to be mentioned as well as insulting to a host of women now rendering efficient services as nurses and who never attended a high school Education is immensely desirable, but the nursing spirit and maturity, very

Some Real Dangers.

In discussing the paper, Dr. C. K. Clarke said, "I don't think we are as much disturbed over the nursing in Canada as they are in the question in Canada as they are has called attention to some real dangers, which perhaps the nurses do not appreciate themselves. Gradually some of the schools have been drifting

greatest mistake possible."

A paper on "Team Work in a Hospital," written by Dr. John A. Hornsby, editor of The Modern Hospital, Chicago, Ill., was read. The substance of the paper showed that each part of the hospital work was dependent upon the other, and if one was neglected all were neglected. The

Reception.

The seventh annual conference of the Canadian Hospital Association was brought to a close last evening when the visiting delegates were tendered a reception in the lecture hall at the Nurse's Home at the Toronto General Hospital, after one of the most successful conventions in the history of the association.

Yesterday afternoon's session was featured by the paper on "Two Indispensable combinations in Hospital Work," given by Rev. A. S. Kavanagh, D. D., superintendent of the Methodist Episcopal Hospital, of Brooklyn, N.Y.

"The first part of the amplication of officers took place at several members of the association and incurable patterns. A committee had been previously appointed to wait on the government and it will also see if something cannot be done to have this rectified.

The election of officers took place at several members, and it one team work in a hospital must involve the co-operation of all the elements in the hospital Returns—A Few Errors Which Might be Avoided."

Government did not give so much per day capita for the upkeep of infants under one year in the hospitals, and also the out-of-door and incurable patterns. A committee had been previously appointed to wait on the government and it will also see if sometime tunder of the co-operation of all the elements in the hospital must involve the co-operation of all the elements in the hospital Returns—A Few Errors Which Might be Avoided."

Several members of the association of the upkeep of infants under one year in the hospitals, and also the out-of-door and incurable patterns. A committee had been previously appointed to wait on the government and it will also the committee had been previously appointed to wait on the government and it will also the committee had been previously appointed to

"The first part of the combination is the reticent, clusive grace of patience, which is so necessary in hospital work, if we aim to make a success of it, but which many of us lack. The other two main parts in the combination of efficiency are exactness and perserverance. Laxity, unkept promises and procrastination, always spell failure in hospital work," said Dr. Kavanagh.

He then went on to describe in detail the component parts of the combination that would make the hospital successful to the highest degree. The chief part of the combination was proper bookkeeping, which is just as essential in a hospital as in a bank. Another part of this combination was the keeping of a correct history of each case, which must be placed in the office at the time of the discharge of the patient. Business methods in an institution had far-reaching effects. The organization of the professional work was another element in this combination. In this regard, Dr. Kavanagh said the idealists would appoint a physician-in-chief and have all others associates. As a rule, the surgeons are independent and want to remain so.

The Nursing Question.

nagh said the idealists would appoint a physician-in-chief and have all others associates. As a rule, the surgeons are independent and want to remain so.

The Nursing Question.

"The nursing element of the combination is a live wire, and anyone who ventures to deal with it is in danger of electrocution," said the speaker. "The nursing question is immensely embarrassed by the outspoken comments of the nurse leaders on the present method of the training school organization. The nurse leaders are committed to the policy that the training school in the following the training school of the Redeemer, corner of Bloor street and Avenue road. ### Health and Beauty Aids

Guinivere: Yes, you can overcome the results of the careless treatment of your hair which has commenced to destroy its natural beauty and cause it to grow dull, "stringy," brittle and fall out. I shampoo occasionally by using a teaspoonful canthrox dissolved in a cup hot water. This greatly invigorates the scalp tissues and hair roots and produces a healthy condition in both, insuring a beautiful growth of even-colored, lustrous, fluffy hair. I have found canthrox shampoo is extremely scothing to tender, itchy scalps, and allows the hair to dry very quickly.

Guinivere: Yes, you can overcome the to a hair specialist. Just make up and use the quinzoin hair tonic I frequently advise and it, will put the scalp in a healthy condition and your hair will grow in thick and beautiful. Here is the recipe: Into one-half pint alcohol pour one ounce quinzoin, then to this add one-half pint water. This gives you a full pint of the finest hair tonic, and I know its use will insure a clean, healthy scalp and a wealth of brilliant, fluffy hair.

Dull Eyes: I had been told that so many soctors use a plain crystos solution for minor eye troubles that I tried it and

Lotta M.: Here is a simple, inexpensive treatment for hairy growths: Mix a thick paste with some powdered delatone and water. Apply to hairs not wanted and in two or three minutes rub off and the skin will be smooth and hairless. Then wash the skin to remove the remaining delatone.

destroys the beautiful lines of the figure, but if you do as I have before advised in but if you do as I have before advised in these columns, you can get rid of the fat and your form will be plump and beautifully proportioned. In one and one-half pints hot water dissolve four ounces parnotis. Let this cool. Then take one tablespoonful before each meal. This treatment produces no present or furture illeffects and gradually dissolves the unnecessary fatty tissues. Try this parnotis treatment and you will never have any reason to feel embarrassed because of your shape.

Pearl: You girls were right when you decided that face powder clogs the pores, even though much is blown off the skin and leaves a spotted effect. You can avoid this annoyance and enjoy a softer, healthier, finer complexion if you apply a spurmax lotion. This is quite inexpensive and is prepared by dissolving four ounces spurmax in one-half pint witch hazel or hot water, to which is added two teaspoondus glycerine. The spurmax lotion is invisible when on and requires no further attention. Tou will find it especially nice to banish summer freckles and tan and the sallow, unhealthy cast of powder-smothered skin and to give a delightful freshness and youth-tint to your skin.

Johanna: Yes, you have a good reason to feel alarmed about your hair. But you can remove the dandruff and overcome that dryness without paying a large sum

Soctors use a piain crystos solution for minor eye troubles that I tried it and found that for sore, tired, aching or blood-shot eyes this simple tonic works wonders. It is one of those inexpensive home remedies that should be convenient nome remedies that should be convenient to hand for use in removing foreign particles and to reduce inflammation. To prepare, dissolve one ounce crystos in one pint clear water, then put twe or three drops in the eye as required. This crystos eye tonic is fine for giving a sparkle and youthful expression to the eyes.

Mrs. L.: For years I have avoided wrinkles by protecting my skin against that too-ready tendency to sag which you describe. Besides, I stopped the flabbiness which would have gradually wrinkled my skin by using this wrinkle remover which a friend suggested. Get an ounce of almozoin, dissolve in one-haif pint water and add two teaspoonfuls glycerine. Stir and let stand one day. At low cost, this makes a perfect wrinkle remover in the form of a protecting and stimulating cream-jelly. It is a pleasant thing to use and most delightfully beautifying in results. I use it freely, both before and after exposure to fall winds. It will not grow hair, but will act as a preventive of the loose sagginess which makes wrinkles.

Dora: For your pimples and tiredness I am giving the formula for the best blood cleanser I know. It is the best because it acts on the liver and kidneys, and if, as acts on the liver and kidneys, and if, as you say, you are troubled with severe and constant headaches, it is an indication that your kidneys and blood need attention. To prepare, put one ounce kardene into one-half pint alcohol (whisky should not be used), then add one-half cupful sugar and hot water to make a full quart. A tablespoonful before meals is the dose. This kardene tonic gently expels poisonous waste from the body and tones up the internal organs so they can do their work well.

The date has been named desert bread, and justly, for multitudes in Arabia and Egypt live upon this fruit. Wherever a pring of water is found in the desert this magnificent palm is found growing to give food and shelter to the wearied traveler. The leaves and wood are used in every imagniable way and form the principal wealth of many tribes. Altho the trees do not begin to bear until eight years old, they continue until 200, and yield about 200 pounds of fruit each season. Wine is made from the sep, the roots are used for rude fences, the leaves and fibres are woven into mats, baskets, cords and sacks and the trunks of the useless trees are made into slatted boxes for shipping the fruit.

The manuar is which the dates are dried and packed has much to do

The manner in which the dates are dried and packed has much to do with their flavor and size when they reach us. They should be large and soft, not much wrinkled and a reddish yellow, or a very dark brown, on the

Especially good puddings are made with dates, and alone they make a satisfying lunch. Try plumping them in boiling water for just one moment and then cooling them in cold water, as they do in England. Now eat them with bread and butter. This is considered a good light supper, with a glass of milk, for children and quiet living persons abroad.

D. D., superintendent of the Methodist Episcopal Hospital, of Brooklyn, N.Y.

"The first part of the combination if the reticent, clusive grace of patience, which is so necessary in hospital work, if we aim to make a success of it, but which many of us lack. The other two main parts in the combination of efficiency are exactness and perserverance. Laxity, unkent presidents was a superintendent of the Methodist Episcopal Hospital, Kingston: Vice-president, Dr. E. H. Young, assistant superintendent of the Methodist and it will also see if something cannot be done to have this furnish a complete food. Dates stuffed with nuts are sold at a prohibitive this rectified.

The election of officers took place at the close of the meeting and resulted as follows: President, Dr. E. H. Young, assistant superintendent in a mixture of powdered sugar and white of egg if a confection is wanted. Date Pudding: Two cups of cold boiled rice and cover with the yolks of two or more eggs, a cup of milk and two fables of the price in delicatesses stores; they may be quickly prepared at home. Open the dates and remove the stone and Sugar is found in the date in an easily digested, concentrated for

STORK HOVERS OVER **BUCKINGHAM PALACE** 

Addition to Family of King George and Queen Mary Expected.

NEW YORK, Oct. 22.—(Can. Press) today says: There was a ripple of excitement in intimate circles of the royal family today, when it became known that the new year will bring with it an addition to the family of King George and Queen Mary. The correspondent learned on excellent authority that the interesting event is expected the latter part of February. This explains why Queen Mary has been keeping in the background during the recent social functions, notably, the Connaught-Fife wedding.

Royal doctors are now in constant attendance at Buckingham Palace. It was their frequent visits which gave the first inking of the anticipated event. Queen Mary has lately taken a great interest in eugenics. It is said the Queen is overjoyed at the prospects. A birth to the reigning sovereigns would be an occasion for great rejoicing thruout Great Britain.

milet."

As is generally known to all who low the drama in its highest aspect, r. Benson is the most distinguished takeperan authority on the stage at a present time. As a student he aged the Greek plays at Oxford and is induced by Sir Henry Irving to be up acting as a career. The annufestivals under his direction at the takepere Memorial Theatre of matord-upon-Avon attract thousands of tourists. They are "provingal" in the same sense that the annu-Wagner festivals at Beyreuth are rovingial." In one case they are not rovincial. In one case they are not id in London, and in the other they ont held in Berlin. Mr. Benson is, wever, no stranger to London manament, since as early as 1839 he project at the Globe Theatre in the orid's metropolis, what is supposed have been the most beautiful revival "Midsummer Night's Dream" that is been seen on the English stage.

"The Girls From the Follies."

The city walls have been plastered for some days past announcing the coming of Emeric. What "Emeric" is or is not—we shall soon find out as the advance billing does not state, for "it" is a special feature with "The Girls From the Follies." which commences an engagement at the Star Theatre with the Monday matinee. In the company are such well-khown tworites as the irresistible Harry Steppe, Margie Catlin, Marie Loveridge, Ruth Everett, George L. Wagner, William M. Harris, George (Red) lattin and S. Zitio. Matinees will be even daily.

Thomas E. Shea ComingThe coming of Thomas E. Shea to loronto is always a theatrical event importance. This splendid charger player may be depended on for omething worth while in the way of attimate drama, whether it be "The elle," "Dr. Jekyll and Mr. Hyde" or one other offering. To open his seeks engagement at the Grand player House next Monday night, Mr. has has chosen a comparatively new lar entitled. "The Whirlpool." writhin y Heary Irving Dodge. Mr. Shea the besen in the dual role of Judge but erford and Jim Robinson. As the olde he has an obsession, a mania or stealing diamonds. It is an excitage from a account of the many turns of on account of the many turns of on account of the many turns of on account of the many turns of users we interest. It is filled with yealent comedy, by the society entleman who never lost a diamond. It who finally is the ylettim of a coller supporter. Thomas E. Shea Comingwho finally is the victim of a en sunburst. The old German proor adds to the humor of the play between comedy and the exciting litteresting situations it makes an asual play of great merit. "The unusual play of great merit. "The Whitelpool" will be presented on Monday and Wednesday evenings and at the Wednesday and Saturday matiness while "The Bells" will be produced on Tuesday and Friday evenings and "Dr. Jekyn and Mr. Hyde" on Thursday and Saturday evenings.

The Girls of the Gay White Way."

A big attractive bill will be given next week at the Gayety Theatre by Gordon and North's "Girls of the Gay White Way." with Harry "Dutch" Ward, Sum Hearn and Helen N. Eley. There is a cast of fifty-five people among whom in addition to the featured ones, are Dan Healy. Ed Jerome. Billy Evans: Harriet Raymond, Estelle Barry and an ensemble of forty shapely girls. The costuming of the production has been given more than ordinary attention, and there is no doubt but that it is the lost hands mally gowned show playing the following buries que circuit.

### **AUSTRIA IN NEED** OF A BIG LOAN

Thirty Million Dollars Required to Cover Up Year's Deficit.

VIENNA. Oct. 22.—(Can. Press.)—
Loans amounting to nearly \$30.000.000
will be necessary to meet the deficit in
the Austrian budget for the first half of
1914. This so-called transition budget intended to pave the way for transferring
the date of the beginning of the fiscal
year from January to July, estimates the
expenditure for the six months at \$312,891,776, and the proceeds of the loans required to balance the deficit between the
revenue and expenditure will be applied
to the army, the navy and the railroads.
Baron Engel Von Mainfelden, in introducing the budget today in the lower
house of the Austrian Parliament, explained that this "unfavorable budget"
was due to recent events in the Balkans,
but that the economic organism of the
country was sound.

The model hospital ward that will be one of the features of the Electri-cal Show at the Arena, Nov. 10 to 15,

cal Show at the Arena, Nov. 10 to 15, will contain several pieces of apparatus that have just been put on the market and which are expected to arouse great interest among medical men. They will be interesting to the general public as well, as they will show how electrical science is being adapted to the service of humanity. A wireless installation, with sufficient range to communicate with New York and Washington, will also be installed in the building by a Toronto amateur

British Press Deems Misunderstanding Serious One That Should Be Removed.

LONDON, Oct. 22.—(Can. Press)—"It cannot be denied that President Wilson had some grounds for complaint against the British policy in Mexico," says The Globe, in commenting today on the Mexican situation. The newspaper considers that a grave mistake was made by the British foreign office in its overhasty recognition of Provisional President Huerta, which was in such marked contrast with its dignified delay in recognizing King Peter of Servia.

The Globe advances the view that the foreign office attitude lends color to the suspicion that its policy is dictated rather by political considerations than by regard for the real interests of the nation.

crisis, which should speedily be removed. There are elements of danger in the situation which may easily arouse strong feelings on both sides of the Atlantic."

THURSDAY MORNING, OCT. 28.

THE GLOBE'S RANSOM.

The Globe appears to be determined not to consider the fact that what it calls a "ransom" is an estimate of profits entirely clear of the cost of obsolete cars and overcrowding and lengthened journeys. All these have been allowed for in the Arnold-Moyes report. The net earnings are not, as The Globe seems to think, \$12,000,000, for the next eight years, but \$20,454,-937, and this is after the city's regular percentages have been deducted from the \$32,606,887. Awhich is the balance between gross earnings and operating expenses at \$5 per cent. . It is well to note here that practically every penny of the city's percentages is paid Fort William to Liverpool, or whether the real operating expenses of the railway are over 70 per cent. This elevators, but whether the rates simplifies the consideration of the problem, because it shows that in the matter of operating expenses the Toronto Railway is on a level with street railways elsewhere.

Taking the present value of the net earnings of \$20,454,937, we get \$15,-701.106. From this has to be deducted what The Globe charges up to the final residue, a sum of \$7.100,000 allowed by the experts for new cars, additional cars, 22 miles of track extension and the like. The present value of this \$7,100,000 is \$4,987,558, which, deducted from the \$15,701,106, leaves the sum of \$10,713,553, which the city is to get in probing the question of controlling out of its \$22,000,000, but which The and regulating ocean freight rates." Globe alleges must be paid out for the and is busying itself "in promoting improvements already allowed for.

People are wondering why this violent and unreasoning antipathy to If the answer be that a certain street railway purchase on the part of amount of grain must be ground in The Telegram. A few are enlightened this country on account of the byand the news is going round. There products, and for the encouragement is a reason for taking up old and de- of milling, then we can only suggest, spised plans in order to maintain if without committing ourselves to the possible double and treble fares for proposition, that it might be better the next eight years, and we know not to bonus flour exported via the Canahow much longer, and so prevent the dian route, than to leave the farmer

conducting The Telegram.

### RATES, NOT ROUTES, THE QUES.

We rejoice with The Toronto Mail that the earlier harvest this year has terday with the metropolitan area resulted in a greater quantity of grain plan. As soon as the municipalities than usual getting to the seaboard. realize that it is not an annexation, No doubt the government and the rail- but a co-operation scheme, and that ways are to be commended. The all will be benefited, with an equitable blockade of 1911, to which The Mail apportionment of cost, there will be refers, bowever, occurred after the nothing but satisfaction, and the declose of navigation. Our railways, no- logates gave voice to this feeling yesbably the Canadian Pacific, fell down, terday. There was a hearty and and we had to appeal to the United unanimous acceptance of the princi-

sion and the United States railways to

But The Mail goes on to say that the railways are now in better shape, that the canals are being deepened and that therefore no Canadian grain hould go to or thru the United States. But what has The Mail to say about the rates charged the western farmer for the carriage of his wheat by the all-Canadian route from his railway station to Liverpool? Are these rates not higher than they were when the present government came into power? Are they not extortionate? Does it not cost the Canadian farmer more to get his grain to England than it does the American farmer living within a stone's throw of him? VIs it not true that during the past two years all inland shipping has passed into the control of one big merger, which, in turn, is dominated by the North Atlantic combine of which the Canadian Pacific Railway Co. is a member? And s not the all-water rate from Fort William to Montreal precisely the same as the rate part water and part rail? Is there not a transportation trust, headed by the Canadian Pacific Railway Co., which fixes the rate on

Canadian grain from the western wheat field to the British port? son for not answering? Our neighbor above any Ontario minister or member of parliament, has weight and in-

enough water to float a boat from out for paving and trackages, so that there are box cars enough to carry the wheat from line elevators to terminal panies upon Canadian wheat are higher than the rates charged by American transportation companies for similar service. The Mail senses something of this and we read:

In the meantime the govern-ment has been engaged in prob-ing the question of controlling, or regulating, Atlantic freight rates on grain, and in promoting measures to develop the efficience of the Canadian grain routes.

measures to develop the efficiency of If The Globe is still pessimistic, and the Canadian grain routes." But why inclined to view the \$10,713,553 as a should this probe into rates be condisappearing quantity, we can only fined to the high seas? Why does not say that, if we continue for eight years the government probe the inland naas we are, it will never have the chance vigation merger, and its agreement of appearing, nor will the improved with the Canadian Pacific Railway service. We will continue to struggle with the Canadian Pacific Rallway with double and triple fares, overcrowding, antiquated cars and all the told the inland marine association the other day that the inland navigation Fort William to Montreal by water man McIntyre and the other one. Will The Globe bring its business are unduly high. You get no cheaper rate by shipping all water than by shipping part water and part rail. The obvious reason is that the rail-Controller Church has discovered ways and the inland navigation merthat he has taken his organ. The ger are in the same trust and affiliat-Telegram, into a tight place, and he is ed with the North Atlantic shipping now making heroic efforts to extricate combine. The Canadian Pacific Railit. We call the attention of our es- way Co. operates on land, on inland waters, on the ocean, and is the directing genius of the three-ringed

transportation trust. Surely The Mail will admit that Mr. Drayton's mission to England about be done, and The Telegram swallowed the ocean rates resulted in nothing. that we can't decide, tho we've tried the pill and itself also. The pill is And our neighbor will also admit that pursue but and tried, what's the right course to the ontario Government the tube scheme proposed by Mayor no effort has been made to prevent, Hocken and bitterly opposed by The probe or regulate the inland naviga-Telegram some years ago. Controller tion merger. Nor have railway rates Church says it has to be done, even been reduced. As to them we will be if it is Mayor Hocken's idea, in order told with some humor that they are if it is Mayor Hocken's idea in order told with some to defeat Mayor Hocken's other idea under consideration by the railway his massive brains he is toiling 'midst the defeat Mayor Hocken's other idea under consideration by the railway his massive brains he is toiling 'midst commission in the western freight But Controller Church is not going rates enquiry. This retort will raise to be satisfied with keeping The a hearty laugh among the railway Telegram busy on tubes. Tommy is supporters, and cause another groan

In short, the contention of the western farmer is that the same wheat brings a better price on the American side than on the Canadian side, altho it sells for the same price will now become sympathetic since at Liverpool. Why this difference? Tommy is willing to stepfather the It can only mean that the Canadian idea in order to exhibit a larger fam- is taxed more heavily for transportaily of projects than he could come by tion. Then why not give him the American market and the benefit of the American railway competition? development of certain portions of the of Western Canada at the mercy of the land and water transportation But it's great fun watching Tommy trust, whose directing genius is the Canadian Pacific Railway Company.

Mrs. R. S. Cassels gave the first of her two teas yesterday to introduce her second daughter, Miss Esther Cassels, who looked pretty and graceful in a gown of pink crepe de sole, and carried a charming bouquet of mixed flowers, one among many, as the drawing room was fragrant with her numerous bouquets, which were chiefly of pink roses and violets. Mrs. Cassels looked very handsome in violet crepe de chene and lace, with amethyst and diamond ornaments and a corsage bouquet of lilies. Miss Cassels wore a very pretty and graceful gown of tango satin. The teatable was artistically arranged with yellow chrysanthemums in antique Bohemian glassbowis and vases, the silver cadlesticks being shaded to match the flowers. The girls assisting were: Miss Isabel Burton, Miss Dorothy Strathy, Miss Grace Saunders, Miss Isabel Cassels, Miss Grace Gentollen, Miss Hazel Dudley Smith (Hamilton, who is a guest of Mrs. Cassels), Miss Trina Keefer, Miss Sophie Hughes (Georgia). Mrs. Cassels gave an impromptu dance in the evening for the girls.

Mr. and Mrs. Entest H. Watt and Mr. Brrel Arnold spent the week-end at Niagars-on-the-Lake.

### **WARD SEVEN TAX ROLLS NOT BEHIND**

ment in Evening Paper-All Rubbish.

### DEATH CAME SUDDENLY

His Room-Was in Good Health.

Considerable indignation has been considerable indignation has been caused among the revenue collectors for ward seven over an article which recently appeared in an evening newspaper stating that this ward had a greater amount of uncollected taxes outstanding than the other city wards. As a matter of fact exactly the reverse is true. The West Toronto tax rolls for 1911 have long been cleared and returned, and at the present time but one other ward (ward four) can show a clean sheet for 1911.

show a clean sheet for 1911.

Speaking to The World last night,
J. T. Jackson, the ward seven collec-J. T. Jackson, the ward seven collector, stated that while the 1912 rolls are still being prepared, the total amount of arrears is only about \$15,000, a large majority of which, consisting of exemptions and other uncollectable revenue, will have to be written off, so that the books will be closed for last year early in the spring

Mr. Jackson emphatically contradicted the statement that ward seven arrears are greater than the other wards. "In proportion to the population we are really further ahead than any other ward, except perhaps ward four," said the collector.

Westerdale Club.

At the annual meeting of the members of the Westerdale Club the following officers were elected for the coming season: President, Cyril S. Newton; vice-president, W. Ingham; secretary, Miss J. Clendenan; treasurer, B. Harrington, The first assembly is to be held in the Masonic Temple on Nov. 3.

Sudden Death.

The death occurred yesterday after-

Sudden Death.

The death occurred yesterday afterneon with startling suddenness of Joseph Horwood, son of the late Henry Horwood of Stockport, England, in his 19th year. The young man had been in excellent health lately and took part in the harvest Thanksgiving services at St. John's Church on Sunday. He came home to his boarding house on Tuesday evening apparently feeling in good spirits, but a few minutes later a sound was heard below his room as of somewas heard below his room as of some-one falling and when his room was entered the young man was found dead on the floor. The late Mr. Hor-wood came to Canada a year ago and The Todmorden Conservative Association met in St. Andrew's Hall last night. There was a fair attendance, John's, where he made many friends

### Collegiate Teams Play Rugby

## Getting Ready . Baseball Chicago 7 For the Winter . Baseball New York 3

## **JARVIS CONTINUE**

Defeat Commerce and Still McGill's Coach Likes It Better Lead High School League -Saturday's Officials.

Hamilton cannot afford to lose to Ottaws, and from this distance we cannot see how they will. Iney have been taught the lesson of getting off in front, and if they play football from gong to gong on Saturday, they will surely be returned winners. There is considerable Hamilton money awaiting takers already.—Hamilton Herald.

There is still talk of getting Marty Walsh and Albert Kerr back into hockey. They might secure leave of absence and come east for the winter if the clubs desired to put up the necessary coin. The Ontarios would like to get both men, if the Ottawas would surrender their releases. Kerr says he would not play in Ottawa, but Walsh is on the best of terms with the Capital City magnates.

Association will start its season earlier. It is prepared to send all the teams to train on the Toronto ice for a week or so until the weather turns cold in the east. train on the Toronto ice for a week or so until the weather turns cold in the east. The idea is a good one, as spectators would be treated to fast hockey right off the reel. There is no reason why hockey lovers should have to wait until January for their favorite game. An early start would be appreciated.

Ross Craig and Elliott should have a nice little argument when they meet. It is soup to doughnuts they will watch most of the game from the side lines.

Hazlett and MacKenzie will have a good punting duel when Queens come

There will be few, if any, changes on the western teams. The Royals have dropped Jimmie Gardner and Hugh Lehman succeeds him. Gardner's return to the N.H.A.—he will manage the Canadiens—is part of the Lalonde deal. Newsy still says that he will play in the N. H. A., but it is doubtful if Canadiens went him. Tommie Smith was anxious to play for the Patricks, but Quebec would not hear of his transfer.

How things have changed in the pro-fessional hockey arena! This time last year the western and National clubs wer about to launch their war, which resulted so disastrously to the easterners. Then the players were saying where they would play, how much they would receive, and when they would turn out. Now it is exactly the reverse.

An Ottawa despatch says: A hockey trade of considerable local interest may be put thru shortly between the Patrick and the Ottawa Hockey Association. It involves the exchange of Skene Ronan of the Ottawas for Carl Kendall, the Ottawa boy, who played for the Vancouver teamin the Western series last winter. It appears that the Patricks are sweet on Ronan, who, tho a wonderful player in 1912, fell away below expectations last winter. Ronan's friends say that his surroundings were not congenial last winter, and the Patricks think they could make a star out of him. On the other hand, the Ottawa officers are anxious to set Kendall, who learned the game with the New Edinburghs, Kendall was recently married to an Ottawa girl, and it appears that he is anxious to remain in the city. Joe Gorman, who is doing some missionary work for the Patricks, conferred vesterday with 1. N. Pate D. M. missionary work for the Patricks, conferred yesterday with L. N. Bate. P. M. Butler and other members of the Ottawa directorate. Ronan states that he is willing to go to the coast.

### **CANADIAN GAME** BY FAR THE BEST

Than the American Brand -Rugby Gossip.

Will Queens win a game on Saturday? is what the Kingstonites are trying to guess. If Varsity is to be believed, the Presbyterians will not even see the touchline. The blue and white have fallen down twice before, and at the present time our bank-roll is slim.

Parkdale may take a fall out of T. R. & A. A Saturday and tie the league up. The paddlers have strengthened up a lot since their last clash with the leaders, and Hughie Gall will not be a cripple when he tries conclusions this time with DeGruchy.

Argonauts were out in the rain again last night, and a snappy signal practice was held. No vigorous work was gone thru, as the team are taking no chances of being injured. They will go to Montreal determined to win and keep well up in the race.

Bryan will most likely be used as a spare on Saturday, as Gall will be back in the game. Tom Meeghan is rapidly getting into shape, and may start at flying wing against Montreal Saturday.

Tigers will entertain Ottawa in their little back yard under the mountain Saturday, and when they get thru their scrap they should prove an easy mark for the double blue.

Kew Beach's game little junior City League team, the playing against teams greatly outweighing them, are still going strong and expect to get into the win column before the end of the season. They meet Capitals at Jesse Ketchum Park on Saturday.

Balmy Beach intermediates play Kew Beach on Saturday at Kew Gardens, and every player must be out to practice to-night at Scarboro Beach. Rusty Bell will coach the boys.

All O. R. F. U. players of the Balmy Beach club are requested to be out to practice tonight, at 6 o'clock, at Scarboro Beach. They play the Don Rowing Club on Saturday and have arranged an out of town game for the following Saturday.

Central Y will practice at Broadview field this evening at 6.30.

Says an Ottawa Exchange:Next Saturday Ottawa goes to Hamilton with even chances. The team being without the services of Silver Quilty and Jack Ryan, both of whom have badly sprained ankies, the blue ruin cry seems imminent. Quilty will be missed beyond a doubt, as he is the team's best line plunger and one of the real good tacklers. If Ryan is unable to play, Father Stanton still has four remarkably fine running wings, all fast and good tackles, viz.: McCann, Fisher, Tubman and Gilligan.

WAS WONDERFUL ATHLETE.

Ralph Rose, the noted athlete, who met death by typhoid fever at Sran Francisco last weew, was a wonderful athlete. For eight years Rose had been a champion-ship figure in amateur athletics. His prowess won him a place on the first American Olympic team, that went to Athens in 1906, and he was successively a member of the American teams at London in 1908 and Stockholm in 1912, always bringing home first place, until last year, when he was beaten by McDonald, an American, with a putt eight inches short of Rose's own world's record of 51 feet flat for the 16-pound shot, made at Travers Island, New York, in 1909.

In addition to his records with the 16-pound shot, right-hand puttings, Rose also held all. American records with the 16-pound weights and the world's record with the 16-pound shot for right and left-hand combined, made last year or the Stanford University field in the Olympic try outs. His total for both hands was 99, feet 6% Inches; right, 49 feet 2% inches; left, 39 feet 11% inches.

Rose was a member of the San Francisco Olympic Club, He was born in Healdsburg, Cal. 29 years ago; graduated from the Healdsburg High School, and for a time attended the University of Michigan, but did not graduate. He returned to California, studied law, was admitted to the bar, and had been a practising attorney since. George Kennedy says that none of the clubs will have trouble with hold-outs. the the salaries are reduced. All his Canadiens, he says, are willing to sign

## TORONTO R. C. TEAM NO MORE HOME RUNS. PHILADELPHIA, Oct. 22.—Baseball fans in this city were startled this afternoon when a report became current that John Franklin Baker, third-baseman of the Athletics, might quit the game to enter upon a business carser. It was said that, while Baker has not yet decided upon his future plans, he is seriously considering such a step. Connie Mack, when asked about the report, said he had heard nothing from Baker regarding the matter. "I am inclined to believe," said Mack, "that Baker will be seen with the Athletics next season. If he does quit the game, there is nothing for us to do but to till started." FOR SENIOR O.H.A.

### **SPLIT HEATS AT** HILLCREST PARK

Lady Abbotsford Lands the Slow Pace After Dropping the First Heat.

ew a fair crowd, despite threatening

The second day's racing given by the coronto Driving Club at Hillcrest Park

drew a fair crowd, despite threatening weather. The racing was good, and produced split heats in both classes, with the 2.17 pace still unfinished.

The unfinished 2.30 trot was won by the Hamilton mare, Bedellia B., she being sway the best in the last heat.

In the 2.30 pacs another one from Hamilton brought home the coin, and the bunch from the Ambitious City profited pretty well on her. They took any price offered, and after the first heat she was always in front and never gave her backers any worry. The Eel Jr. looked dangerous at times, but she could always shake him off.

The 2.17 pace proved to be a corker. Brown Hal, the Weston horse, drew outside position. When the word "Go" was given, he salled scross his field to the pole, and it looked like a bad drive, but it turned out all right, as he did not interfere with anybody. Smith, the driver, was called to the stand by the judges to explain his drive. He won the heat handlily from Berlin Belle. The favorite, Direct Wilkes, made a break and finished away back. The scoond heat was taken by Direct Wilkes. He stayed on a pace all the way, collared his field at the seven-eighths pole, and outgamed them to the wire. In the third heat he looked to be a winner, when he left his stride and finished away back. This heat saw another fresh heat winner in Berlin and is driven by her owner, Jack Davey, who never lets-up till the wire is reached. The third heat saw her in front again by a wide margin, so wide that the crowd told Jack to pull up in the stretch, but he said: "Nothing doing: the money is at the wire."

The starter, Ald. S. McBride, had his hands full with the large fields, but he did excellent work, and sent them away in good order in each heat.

The two races on the card for today will be hummers, along with the unfinished 2.17 pace.

The Summary.

2.30 pace, half-mile heats, purse \$300—Lady Abbotsford (Stroud). 2 1 1 1 Mike McKerron (Knowles). 1 2 3 4 Maggie B. (Scott). 6 4 6 6 8 Susie Oro (Lawrason). 8 5 8 5 Nancy Gordon (AloClarty. 7 9 7 7 Tredell (Jo

This ball is the best on the markel, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy, is absolutely guaranteed, is cheaper than any other reputable patent ball, and complies with the rules and regulations of the A.B. C.

All first-class alleys are putting these balls on. Try one on the alley where you roll and you will never roll any other ball.

BASEBALL GOSSIP

NEW YORK, Oct. 22.—Following the plan of the Yankees, who shared their training camp in Bermuda last spring with the Jersey City Skeeters, John J. McGraw, has found company for the Giants when they go to Mariin, Texas, next spring.

Joe Kelley, manager of the Toronto Club of the International Teague, and a close friend of the manager of the Giants, has accepted an invitation to take the Maple Leafs to Mariin Springs next March. The plan undoubtedly will prove beneficial to both teams. It will out down the training expenses somewhat, and besides, will give McGraw an opportunity to look over the promising players of the Toronto team, of whom he probably will get first choice.

It is expected also that McGraw will

OTTUMWA. lowa, Oct. 22.—President Hempstead and Scout Kinsella of the New York Nationals, who arrived with the Giants and White Sox on their world tour, said today there was no truth in the report that First-Baseman Konetchy of St. Louis would become the property of the Giants in exchange for any New York player. A letter was produced to show that New York was not ready to make a trade.

### MOTORCYCLE MEET TO BE HELD SATURDAY

If it doesn't rain next Saturday afternoon, the thousand of speed fant of Toronto will see one of the biggest "combination" race meets ever staged by the
Toronto Motorcycle Club (inc.). Officials
of titls club are preparing to put on a
twelve event facelest at the Exhibition
half-mile speedway-next Saturday, under
the auspices of the Canada Motorists' Association (inc.).

Included in the twelve events will be
the ten-mile automobile challenge race,
in which Herb Morrison will attempt to
break the mile record for the Exhibition
course of 1.02. Other races comprise a
25-mile professional motorcycle champlonship for the Commetord Trophy; motorcycle races for the Goodrich and Milen
Cups; two bieyele contests, a five-mile
side-car handicap, and a cyclecar trial.
A cyclecar is the latest thing on four
wheels, and, as for speed—Bingo!

The club is preparing to accommodate
a trowd of 10,000 persons. Special arrangements are being made for the parking of automobiles in the infield. It is
expected that many automobilists will
turn out to witness the motor-car events.

It will be in the nature of a miracle

It will be in the nature of a miracle if the Montreal team manages to win a game this season. The M. A. A. A. are making an affort now to develop the union for private spasons. A number of the intermediates have refused to play with the soulor learn.

# CO-OPERATION, NOT ANNEXATION IS METROPOLITAN AREA IDEAL

Mayor Hocken, who presided at the onference and the luncheon, recogcentre of business in Toronto to radial lines as an essential accompaniment to the development of the metropolitan area policy. He declared that radial lines would be admitted to the heart of the city in the very near future, either by the clean-up of the franchises within the city's limits or by a system of tubes.

Not Annexation.

Ald. Wickett, who is the leader in the metropolitan area policy, made the opening address to the conference. He

"The formation of a metropolitan

"The formation of a metropolitan area is not a policy of annexation: it is simply a policy of co-operation. Existing municipalities would continue as at present, just as they do under the county council. It is a question of just how we can best get together to work to our own common advantage, without any single municipality—Torento, for example—being able to dictate policy.

"The world over, the advent of rapid transportation and communication by electric lines is increasing in a marvelous way the common interests of adjacent municipalities. Particularly during the past twenty years, municipal valons of various kinds for specific purposes have accordingly been formed in England, France and Germany, etc. One or two typical illustrations may be sufficient at the lustrations may be sufficient at the

present moment.

Circles Within Circles.

"The old Toronto as in 1891 forms boday a kind of separate municipality—an inner circle within the city. As against this inner circle the outlying sections of the city form a species of separate municipality cut off more or less by inadequate street car service. In the same way, by reason of inade-quate radial lines and connections, To-rento is cut off from its surrounding country, and it again from Toronto "As regards the York Highways

Representatives From Municipalities Within the Twenty-Mile Radius Approve—All Roads Lead to Toronto, Says Ald. Wickett.—Radial Terminal Necessary to Success.

Toronto's metropolitan area is now something more than a ham. Representative of the district of

present county powers. It might be well to point out that if York County were extended to embrace Oakville. Brampton. Kleinburg, Claremont and Whitby its area would still be no larger than the area of the water commissioners of London. England, and it would be smaller than many other Ontario counties, such as Grey, Huron. Middlesex. Lanark, Hastings, Peterboro, Frontenac, Renfrew, etc.

"I do not know what sentiment attaches to county boundaries; I incline to think county boundaries can be looked upon more as a matter of convenience. The contour of the county, the water basins and drainage

Liquor Craving by Gatlin Treatment

A man who in imagination was instantly seeing snakes, rats, etc., on the curtains and in his room, took he Gatlin 3-Day Cure for the Liquor Habit.

This wonderful treatment not only took away all craving for Drink, removing all poisonous alcohol from the system, but freed his mind of all strong imaginings, which was accomplished in three days.

Written guarantee is given each Patient to effect positive cure in three days, or money is refunded. Write, call or telephone today for Booklet and full particulars. The Gatlin Institute Company, Limited, 428 Jarvis Street, Toronto, Ont. Cut out this coupon and send by mail today.

The Gatlin Institute Co., Ltd., 428 Jarvis Street, Toronto, Ont. Please send me booklet and infor-mation regarding your Three-Day Cure for the Liquor Habit.

arrange for the financing. For a successful metropolitan area it is not a question of one or two lines, but we trust of many, and unified machinery should be provided, we venture to think, by the one proposition. The difficulties being met with today in the negotiations leading up to the proposed Markham-Toronto line are an illustration

ed Markham-Toronto line are an illustration.

"This is equally true when other
problems, such as water supply, telephones, schools, etc., are taken up."

Depends Upon Radials.

"I congratulate the city council upon
the breadth of thought shown in this
matter." said George S. Henry, M.L.A.

"The radials must get into the heart
of Toronto before a metropolitan area
is practicable, and I am hopeful that
Toronto will give a favorable vote upon
purchasing the street railway system
and radial franchises. If we have development of the radials in the metropolitan area, and normal progress with

velopment of the radials in the metropolitan area, and normal progress with
other public utilities, Ald. Wicket's
plan should be adopted."
"We must realize" said Mayor Duggan of Brampton, "that the territory
within a radius of 20 or 25 miles of
Toronto is bound to be thickly populated, and that the extension of radials,
electric light and power, water and cured in Three Days of State a body as a county council would be."

The Time is Ripe.

"The time is most ripe now for a metropolitan area," said F. Howard Annes, chairman of the finance committee of Whitby, "and Whitby is very anxious to be a part of that area."

"I am very much in favor of a metropolitan area," said Clerk Macpherson of Etobicoke, "and I would like to see the area of York County enlarged so that the county council, would govern all of the area."

Hon: Thomas Crawford discussed the matter from the standpoint of the difference between enlarging Toronto by annexations and eliminating annexations thru a metropolitan area policy. "City taxes are so high that outside municipalities hesitate to annex to Toronto." he said. "There should be no hardship on any one in the proposed area in paying for the extension of public utilities through the area."

"A metropolitan area has been needed for a long time," said Reeve Pugsley of Richmond Hill. "There must be a radial service, tho, to assure success."

a radial service, tho, to assure suc-

"Because the radial line from Port Credit does not get into the business centre of Toronto, the shippers of our section are at the mercy of the Grand Trunk," said R. J. Walker of Port Credit

Credit.

"We certainly should go ahead," said Reeve Syme of York.

A Boon to the Poor.

"The idea of a metropolitan area is spreading all over the world," Controller McCarthy said. "It is easy for the rich man to live outside the city, where there is purer air and more room for

## Two Six-Cylinder Cars FOR SALE

These cars are both in good running condition and are fully equipped with lamps, headlights, tubes, spare tires, tire-carriers and cases. Both have light four-passenger bodies.

The 75 h.p. car is one of the fastest and most powerful machines in Toronto; the small car is also speedy and powerful.

The reason for selling is that the owner has purchased a seven-passenger car. These machines will be sold very cheap for cash.

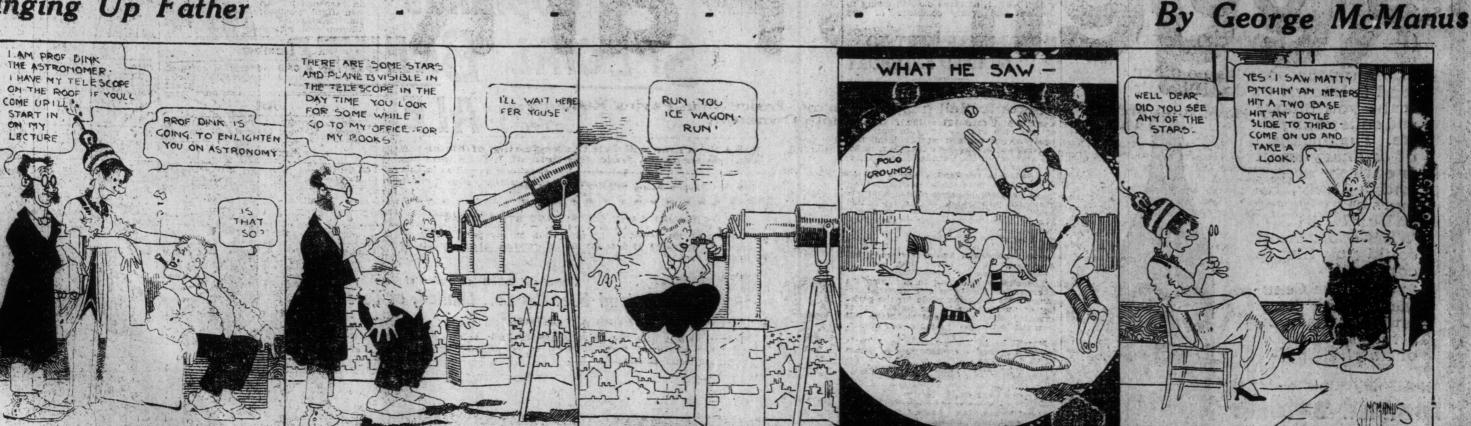

Apply by letter, Box 86, World Office, Toronto.

The city charged that John Kippen was employed at the Union Station to solicit passengers for the Verral livery, but the defendant showed, thru his counsel, that an agreement had been entered into by him with the Canadian Transfer Company by which he was permitted to solicit passengers on the trains and steamboats entering the city. The transfer company issued tickets to the passengers who wanted carriages, and the man at the Union Station, to whom the city authorities objected was not, in the opinion of the magistrate, soliciting passengers, but merely looking after those to whom cab tickets had been issued. Water Revenue Increases.

Nearly a million dollars have been received by the city for water rates ed before the end of the month from meter rates. The receipts are between \$200,000 and \$300,000 more than last year, owing to the lessening of the

npression That Steel Company May Have to Recast Its Dividend Payments.

With less buoyancy on Wall street sterday, the Toronto stock market wed no special bullish disposition. ading was dull and even Brazilian iled to contribute its usual quota to

The one incident of the day of any morning, but recovered to 209%. Brazilian again rallied to 87, and this time held the recovery better, closing at 86%, of 9 up. Other issues moved erratically, Laurentide was strong at 167. Packers tividend is in jeopardy.

Brazilians were raised one-half a point to 86 3-4, but the rallies in the stock are recognized as wanting in the old-time snap. Domestic liquidation is not heavy, but the foreign relizing thru Montreal is thought to be having its effect on the support.

C.P.R. was not a factor nor feature on this exchange, but in New York the price hovered around Tuesday's rice, but with an inclination to heavingsss, and finally closed with a case from the previous day of 1 5-8 points.

Dealings were in odd lots with most

Dealings were in odd lots with most f the list and represented investment purchases. The market has gone thru severe strain and the effects on sentiment are still visible around the inancial district.

### STOCK MARKET CLOSED

BOMBAY, British India, Oct. 22 .-The Bombay share market closed yesterday in consequence of a panic following a tremendous fall in Bombay mill shares and the failure of a broker for approximately \$800,000, in addition to fourteen other recent failures.

The price of goods on the market at Kurrachee as well as the Bombay share market had been depressed for some days owing to fears of fallures.

The trouble is traceable chiefly to the default during the past month of several banks owned and managed by natives.

## **MONTREAL STOCKS**

Marked Heaviness in C. P. R. and Power.

MONTREAL, Oct. 22,-Tuesday's rise attened out today, and the local stock

market was for the most part a dull and sagging affair. The strength of C.P.R. and Power on Tuesday was replaced by the weakness of Dominion Steel Corporation, issues as a market feature, and attention was diverted from an upward to a downward movement in prices. The general market, which had shared to but a slight extent in the rise of the leaders on Tuesday, was conversely little affected by the declining tendency, and prices fluctuated as indefinitely and irregularly as they did last week.

C.P.R. fell back from 229% at the close Tuesday to 228, and finished only % above the low. There was a net loss in this market, therefore, of 1%, against the big gain of 5% the previous day. Power weakened 2½, to 209%, in the morning, but recovered to 209%. Brazilian again rallied to 87, and this time held the recovery better, closing at 86%, or % up. Other issues moved erratically. Laurentide was strong at 167, Packers heavy at 140, closing offered, at 141, against 142 bid on Tuesday; Toronto Railway, 140 offered, and Shawingan, at 130, Total business, 3900 shares, 500 mining shares, 1193 rights and \$15,000 bonds.

vance is Not Held-Peter-

son Lake Firm.

With confirmation that the Goul d come into contact with Senec Superior vein the market for Gould ran up to 5% early yesterday. Traders who bought on advance information were busy taking profits on yesterday's rise and the buying was not keen enough to hold the price at its best. Heavy capitalization of Gould. \$3,000,000, is a handicap and likewise the obligation of the company to the Porcupine syndicate, to say nothing of the royalty that will have to go to Peterson Lake. Free realizing brought the shares back to 4% at the close. Peterson Lake showed further firmness and made a new high at 28%, but with the general list the quotations sagged towards the close. In most of the issues dealt in the prices were practically unchanged, but the buying demand is still good, tho in many instances these orders are slightly below present market levels.

In the selection of Mr. McMaster, the board secures a captain of industry who is in close touch with the steel trade, which is now one of the country's most important industries, and seems destined to occupy a much larger place industrially as the country.

As vice-president of the Dominio Steel Corporation and for many years at the head of the Montreal Rolling Mills, he is especially well equipped a a steel master to fill a seat on the bank's board.

he is also president of the Canadian Explosives, Limited; president of the Montreal Telegraph Company; vice-president of the Jacques-Cartier Pulp and Paper Company, and a director of the Sherwin-Williams Company of Canada. pany of Canada.

The report of the La Rose Consolidated Mines Company for the first nine months of 1913 showed a production of high grade ore to the value of \$905,039 and mill rock \$80,546. As ore reserves on January 1 lats were estimated in the annual report at \$741,968, high grade ore, and \$342,087 mill rock, it will be seen that more high grade ore has been taken out than was estimated in the reserves at

the beginning of the year. WINNIPEG GRAIN MARKET.

WINNIPEG, Oct. 22 .- The local grain WINNIPEG, Oct. 22.—The local grain market opened with a gain of ½c to ½c, which was maintained at the close. Oats and flax were practically unchanged. May flax showed a gain of ½c.

# PROPER BALANCI

Of Ontario Highways Commission-To Obviate Friction Between Sections.

The provincial government are planning to make the administration end of their new highways movement one of the most efficient features of the entire system. In doing this a great weakness of the general road scheme of many of the American states will be eliminated.
Chief Engineer McLean, who returned last evening with his fellow commissioners from a tour of Con-

Jersey, brought out this point in his observations. In several places they found lack of co-operation between municipality and rural district, which militated aginst the efficiency of the system. This was traceable, in part, to weak municipal organization.

Tax Distribution.

Tax Distribution.

One of the points demanding considerable thought is that of taxation and all the available authorities in the field as it relates to roadwork are consulted on the investigation The commission is now preparing material for the first of the public meetings, which is to be held in Ot-

tawa next Tuesday. BROOMHALL CABLES LIVERPOOL, Oct. 22.—The wheat market was influenced at the opening by the steady American cables and was 1/2 high-

We allow four per (compounded half-yearly) on deposits of \$10 (or more) per month until \$100 is reached, when the amount is invested in Bonds of your own choosing to yield 6%. Deposits may be dis-

continued at any time. Such, in outline, is our solution of the Savings Problem. Our plan is fully described in an attractive booklet entitled

### COBALTS STILL GOOD

Don't run away with the idea that the Cobalt Camp has exhausted its possibilities. Cobalt properties will likely be working half a century hence. Development is continuously bringing out important finds, as instance the strike on the GOULD of the PETERSON LAKE. PETERSON LAKE will ultimately make one of the big Cobalt producers, and buying at present prices will never have cause to regret except perhaps that they did not buy enough. Another property in which we have implicit confidence at the present low price is Timiskaming. The company has considerably over \$100,000 in its treasury, and besides is now working in good ore. Timiskaming is a bargain around 15c. Your orders for PETE LAKE or TIMISKAMING are requested. H. B. SMITH & CO. 56 KING STREET WEST. Phone Adelaide 9521

o 11½ Attorneys Make Application in Court—No Stay in

ALBANY. N. Y.. Oct. 22.—(Can. Press).—Attorneys for the four "gunmen." who are under sentence of death for the murder of Herman Rosenthal the New York gambler, today requested the court of appeals to

Munitions.

PHOENIX, Ariz., Oct. 22,—(Can. Press).—The Phelps-Dodge Mercantile Co. and the Douglas Hardware Co. of Douglas, with their managers. W. H. Brophy and W. F. Fisher, were named today in indictments returned by the federal grand jury charging considerate to the present to send arms and munitions.

today in indictments returned by the federal grand jury charging conspiracy to send arms and munitions of war to the Mexican revolutionists Pedro Bracamente, M. M. Martinez and R. P. Dezogri. alleged agents of the Mexican constitutionalists, also were indicted.

Similar charges were already pending against Brophy and Fisher. Dr. James Douglas, president of the Phelps-Dodge Co. is a native of Quebec and a trustee of McGill University. He is at present on a tour of the company's property in Mexico.

The tone of the hog market is strong and prices 25c per 100 pounds higher, with sales of selected lots at \$9.25 to \$9.75 per 100 pounds, weighed off cars.

BUYS A LONSDALE

AVENUE RESIDENCE

The house at 25 Lonsdale avenue has been purchased by Mathida Jane Rogers. The property has a frontage of 35 feet 11 inches and a depth of 107 feet 7½ inches. John R. Holdge was the owner, and sold for \$12,600.00

and 573 calves. Again the best quality butchers were scarce, and the common to medium grades plentiful. There was a large number of common and medium cows, which were reported to be selling at 20c to 30c per cwt. lower than at the beginning of the week. Good to choice butchers' cattle sold at steady prices. Sheep, lambs, calves, as well as hogs, sold at about the same prices as were quoted for Tuesday.

Choice butchers, \$7; good butchers, \$6.75; medium, \$6.25 to \$6.50; common, \$4.50 to \$5; canners and cutters, \$3 to \$4; butchers' bulls, \$5 to \$5.50; bologna bulls, \$4 to \$4.75.

WALL OF THE PLANT CASE OF THE

see the first market election and histher. Baseless, at \$60 to \$1.00 to \$1.

Presence Felt at Montreal Market.

Rosenthal, the New York gambler, to-day requested the court of appeals to postpone the hearing of their appeal until after Nov. 17. The appeals of the "gunmen" and former Police Lieutenant Charles Becker, convicted for instigating the murder, were to have been argued on Oct. 18. but the court of appeals was prevented from convening on that date because of the sessions of the high court of impeachment. No application for a stay in the Becker appeal was made today.

The "gunmen's" attorneys asked for postponement on the ground that they had but recently been retained in the case. The court took the matter under advisement.

CONSPIRED TO SEND

ARMS TO MEXICO

R. live stock market this morning the offerings of live stock were 3200 cat the, 500 sheep and lambs, 1500 hogs and 500 caives. The trade in cattle continues very active, there being save the intention of building homes for themselves on their lots, while one building homes for postponement on the ground that they had but recently been retained in the case. The court took the matter under advisement.

CONSPIRED TO SEND

ARMS TO MEXICO

R. live stock market this morning the offerings of live stock were 3200 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat the, 500 sheep and lambs, 1500 hogs and 500 cat t per 100 pounds.

The market for sheep and lambs is

firm, sales of lambs being made at \$6 to \$7, and sheep at \$4 to \$4.25 per 100 pounds. The demand for grass fed calves was good for shipment to the U. S., a large number going to Watertown, N.Y., at 3 3-4c to 4%c per pound. Local dealers are buying milk fed town, N.Y., at 3 3-4c to 4%c per pound. Local dealers are buying milk fed stock at 6%s to 7%c per pound.

The tone of the hog market is strong and prices 25c per 100 pounds higher, with sales of selected lots at \$9.25 to \$9.75 per 100 pounds, weighed off cars.

Stock Tards were 160 cars, comprising 2966 cattle, 626 hogs, 2072 sheep and lambs ind 573 calves. Again the best quality

TRADE IN CATTLE

Of which 1600 miles are in the west. Twelve hundred miles of the total will be completed this fall.

Speaking briefly of the difficulties being met with by the company's officials in Austria, Sir Thomas expressed the opinion that all these would be straightened one way or another.

Sir Thomas expects to leave for the east Thursday evening.

General Dry Geods
Ge

dersigned up to and including Wednesday, the 31st of December next, for the right to cut pulpwood on a certain area situated on the Metagami River in the District of Temiskaming.

Tenderers shall state the amount they are prepared to pay as bonus in addition to the Crown dues of 40c per cord for spruce, and 20c per cord for other pulpwoods, or such other rates as may from time to time be fixed by the Lieutenant-Governor in Council, for the right to operate a pulp mill and a paper mill on or near the area referred to.

Such tenderers shall be required to erect a mill r mills on or near the territory and to manufacture the wood into pulp and paper in the Province of Ontario—the paper mill to be erected when directed by the Minister of Lands, Forests and Mines.

Parties making tender will be required to deposit with their tender a marked cheque payable to the Honorable the Treasurer of the Province of Ontario, for ten per cent, of the amount of their tender, to be forfeited in the event of their not entering into an agreement to carry out the conditions, etc.

The highest or any tender not necessarily accepted.

For particulars as to description of

MAIL CONTRACT

leating, Plumbing and Electric Wiring at Parkdale, Shirley and Kimberley Schools.

lastering at Kimberley Schools.

lastering at Kimberley School and Black Loam at Sundry

Sealed Tenders, addressed to the Postmaster-General, will be received at Ottawa until noon on Eriday, the first November, 1913, for the conveyance of His Majesty's Mails, on a proposed contract for four years, six times per week each way over Inglewood (via Caldwell) Rural Mail Route, from the Postmaster-General's pleasure.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of tender may be obtained at the post-office of the Postoffice Inspector, Toronto.

Postoffice Inspector Postoffice Inspector Office, Toronto, Oct. 14th, 1913.

GENERAL BOOTH'S

PLAN FOR VISIT Will Reach Toronto on First of November for Five Days'

Stay. LONDON, Oct. 22.—(C.A.P.)—General Bramwell Booth has changed his plans, and instead of sailing on the Imperator tomorrow will sail on the Lusitania on Saturday. Saturday.

Commissioner Lawley sailed on the Baltic last week to make final preparations. Col. Kitchener, private secretary, is the only officer accompanying the general, who reaches Toronto on Nov. 1, and remains till Nov. 6, and then goes to Winnipeg till the 11th, afterwards proceeding to the United States. Several officers councils will be held both in Toronto and Winnipeg.

CONSERVATORY LECTURE.

19-year-old boys of North Burke, near Fort Covington, N.Y.. went out hunting yesterday, and when about a mile from town they treed a coon. Short shot at the coon and brought it to the ground, but the other boys fearing it was still very much alive, Short crept up on the prostrate animal and dealt it a blow with the butt end of the gun, which was a double-barrelled one. As he landed on the coon the gun discharged, and the whole contents entered his right thigh. Short lived but a short time after the accident,
