WAR SUMMARY: Today's Events Reviewed

HON. WALTER RUNCIMAN, president of the British Board of Trade, outlined in the house of commons yesterday a program to prevent Germany from carrying on a trade war against the allies after the signing of peace. He spoke of the many signs of economic pressure manifested in Germany, of the coming development of the British Empire to stand the strain of war longer, of the coming development of the British Empire to be self-sustaining in war and peace.

The British Empire will recuperate from the war faster than the allies or Germany, he said, with the maxim of Raleigh in mind, that the nation which controls the seas controls trade, and the nation that controls trade controls the world.

A Zollverein for the allies is within the bounds of possibility, but free trade within the empire is not feasible. Britain will go on with the capturing of German trade, and she has already broken down several German monopolies in production.

As to the belief that economic pressure will induce Germany to yield to the terms of the allies, geologists say that three-quarters of the German iron supply on which Germany's industrial development depends, comes from Lorraine, which was torn from France in the Franco-Prussian war, and as the surrender of the lost provinces is a sine qua non of the French people, only a smashing military victory will win the war for the allies.

The German offensive on a five mile front in Champagne, Paris reported last night, has received an abrupt check. No less than four counter-offensive actions were brought on by the enemy and all that he had to show for it was a foothold in two places in the French first line. The French brought up reinforcements and by counter-attacks during the day, not only stopped the offensive of the enemy, but drove him out of the greater part of the trenches he had gained. The Germans brought a great force of men into the fight, one whole brigade being detailed to attack a single point in the opposing lines. The experience of this war teaches that an attack, to be successful, must break thru the whole of the opposing first line and get well on into the second, otherwise the attacking forces are caught in a death trap. The Germans aim at retaking the ground lost in September.

(Continued on Page 2, Columns 2 and 3.)

WILMINGTON, DEL., Jan. 10.—Following the explosion at the DuPont Powder plant, Carney's Point, N.J., early today, in which three workmen were killed, two men blew up at the upper Hagley yard near here, this afternoon. The three explosions within one day have had the effect of making the secret service and police departments of the DuPont Powder Co. unusually active in looking for possible clues indicating outside influences.

A press bullet blew up at 3 o'clock this afternoon. It was in this explosion that the workman was hurt. Ninety minutes later a mixing mill, near the press mill, also exploded. It contained 500 pounds of powder. No one was injured. Both mills were blown to atoms, the shucks being heard for at least 25 miles.

The disaster at Carney's Point was due to an explosion of smokeless powder while at the upper Hagley yard it was black powder that went off.

FIRE IN KRUPP WORKS DID MATERIAL DAMAGE

NEW YORK, Jan. 10.—A news agency despatch from Amsterdam today says: "Fire destroyed the wheel workshop of the Krupp gun plant at Essen according to advices received here today, and also damaged other buildings."

Essen is less than forty miles from the Holland border. It has been the objective of many air raids by the allies, as it is the location of the chief munition works of Germany.

CITY HALL NOTES

Dr. Hastings, medical officer of health, believes that a better enforcement of the anti-spitting bylaw would do much to prevent the spread of grip.

There is nothing in the report that the postal deliveries in the city have been delayed in the month of January.

In his report on Toronto's civic car lines for the year 1915, Works Commissioner Harris shows an all-over increase as compared with the year 1914.

Commenting on the reduction in rates being made by the Toronto Electric Light Co., Mayor Church stated yesterday that if the new rates were lower than those charged by the Hydro-Electric Commission, a conference would be held at an early date to discuss the question.

PENCILS CARRY MEASLES. In order to prevent, as far as possible, the spreading of the measles epidemic in the Toronto schools, Dr. McKay, chief medical officer, is issuing regulations warning principals against allowing pupils to exchange pencils.

TREND OF THEATRE TOPIC OF ADDRESS Frank Lascelles Was the Speaker Before Canadian Club at Luncheon Yesterday.

The modern theatre has degenerated somewhat in tone from the institution of a century ago, and has come to be lightly regarded as a tawdry place of amusement, Frank Lascelles, president of the Canadian Club, told the members of the Canadian Club yesterday.

NEWS OF SPECIAL INTEREST TO WOMEN

SMALL HATS LEADING FOR MIDWINTER WEAR

Two Pronounced Types Among Styles Which Are at Present in Vogue.

SOME TURBAN DESIGNS

Many Made Very Narrow, But Crown Portion is Cleverly Constructed.

Small hats continue in the lead for midwinter and early spring wear. There are two pronounced types—the close cap-like model which when developed in fur is the youthful devotee's prime favorite, and the smartly tailored velvet or silk toque which comes in a variety of small and very French designs.

FOR DRESS WEAR.

For dress wear the large picture hat of velvet trimmed with feathers is often chosen, but more often rejected for the darling rose model with high circle of gold lace, a narrow trimming band of fur and a pretty velvet peaked nose. Many of the season's smartest turbans are made very narrow, but this trying feature is softened by the clever construction of the crown portion, and other ornamentation. When a close band of dark fur or velvet is the only semblance of a brim, the crown often grows into rather extravagant proportions in the shape of soft tams, flares of lace or silk and gathered irregular crowns, pulled deftly into most becoming shapes. Altho the black velvet model is so generally popular the newer shades of red and blue, with a few purples and greens, are made up to match street costumes of the same color. The fur toques are made from seal, ermine and fox, and topped with a large round button of the same or a contrasting fur.

SWEEPING THE STREETS EASIER THAN SCRUBBING

Mrs. A. M. Huestis Explains That She Did Not Suggest Women to Clean Streets.

In reply to the criticism called forth by Mrs. A. M. Huestis' suggestion relating to women cleaning the streets, Mrs. Huestis explains: "It should be noticed that the suggestion I made was street sweeping, not street cleaning. This suggestion came to me from my experience in other work. I am of the opinion that sweeping the streets in summer in white duck is much less difficult for older women than scrubbing floors at the city hall for instance. A woman with a broom and push-cart, such as they have here, would be much better and less arduously employed than scrubbing floors for five hours at a stretch."

L. O. B. A. OFFICERS.

The following were elected to office at the annual election of the Ladies' League, L. O. B. A.: Mrs. William Dawe, W.M.; Mrs. A. Posbury, D.M.; Mrs. Wilson, chaplain; Mrs. F. Collins, recording secretary; Mrs. William Courtney, treasurer; Miss J. Wilson, D. of C.; Mrs. H. Thistle, first lecturer; Mrs. Pritchard, second lecturer; Mrs. Holmes, inside guard; Miss Ferris, outside guard; Mrs. Chapman, Mrs. Rodway, Mrs. J. Bolton and Mrs. Gordon, committee; Miss Lillian Collins, pianist; Mr. W. Kennedy, guardian.

FOR SERBIAN RELIEF.

An entertainment given by children at the home of Mrs. L. A. Hamilton, netted \$20 for the Serbian Relief Committee of the Suffragists' War Auxiliary.

Convenient Service from North Toronto Station to Ottawa and Montreal.

This service from the heart of the residential district should appeal strongly to the traveling public. Leave North Toronto 10 a.m. daily, arrive Ottawa (Central Station) 7 a.m. and Montreal 7:30 a.m. Equally good service returning. Electric-lighted standard sleepers. Particulars from Canadian Pacific ticket agents, Toronto city office, Phone Main 6580.

WOMEN'S EMERGENCY CORPS IS DEFENDED

Dr. Abbott Says It is Not Formed to Meet Any Imaginary Situation.

In a lengthy interview Dr. Abbott, secretary of the Speakers' Patriotic League, comes to the defence of the newly organized Women's Emergency Corps. He first points out that 50,000 men cannot be withdrawn from industry. "The Women's Emergency Corps is not formed to meet some wholly imaginary situation. Women are now, largely as individuals, aiding recruiting in various parts of this division, and while the need for a greatly extended activity on the part of women may not as yet exist, one must be extremely optimistic. Who can believe that 50,000 men can be raised within a few months without extraordinary effort? One of the methods which will have to be used, and which cannot be enough for our women to give consent when a son or husband wants to enlist. They may actually have to urge upon men the duty of enlistment," he said. In conclusion the doctor states: "It may safely be assumed that the present organization has no intention of becoming radical. The women at its head are too serious and too sane to lead to understand that the success of the movement depends in the first instance upon the sympathetic cooperation of the women of the community, as well as the men."

SIR JAMES AIKINS HERE.

Sir James Aikins of Winnipeg, president of the Dominion Bar Association, is in Toronto to attend the meeting of the Ontario Bar Association and while here he is a guest of his brother, Dr. W. H. B. Aikins.

CUSTODY OF DAUGHTER ALLOWED J. F. SCARTH

Port Arthur Banker Wins in Decision of Mr. Justice Lennox.

SHAREHOLDER TO PAY Philip I. Price Stays on List of Contributors of Wagon Company.

Mr. Justice Lennox's decision allowing James F. Scarth, a banker of Port Arthur, the custody of his 10-year-old daughter, was upheld by the first appellate court at Osgoode Hall in a judgment handed down yesterday. An appeal was made against the trial judge's decision by Mrs. Amy R. Scarth, the mother of the child. In July, 1913, Mr. Scarth was removed to Port Arthur to take up a position as bank manager, leaving his wife and child in Toronto. Returning to her father, Dr. W. H. Howitt of Toronto, without any consultation with him, she had sold their residence. Heated altercations resulted, and finally Mrs. Scarth refused to accompany her husband to Port Arthur.

It was stated in evidence that Mrs. Scarth suffered from poor health and desired to live near her father, who is also her doctor, but the court held the opinion that altho Port Arthur was not Toronto, yet it was quite a civilized place, and not without a good number of competent physicians. In another section of the judgment, referring to the qualities of Mr. Scarth, the court says: "He has been, it is the opinion of the court, a bank clerk on \$1300 a year, or even on twice that sum with a house in Toronto, and a wife and child to support, and he has been able to do so creditably, and is a man of ability, trusted by his employers, and likely, with a fair chance, to still further advance."

The court order is not to issue until Mr. Scarth has satisfied the court that he has made due provision to receive and properly care for his daughter.

Appeal Dismissed. The first appellate court dismissed the appeal of Philip I. Price from an order of Mr. Justice Sutherland dismissing his appeal from the decision of the master-in-ordinary, by which he was placed upon the list of preferred shareholders in respect of ten preferred shares of the capital stock of the Port Arthur Wagon Company.

The appellant, who resides at St. Catharines, in November, 1910, bought ten shares at a par value of \$100 per share, and at a subsequent date repudiated his subscription on the ground that the common stock was to which he was entitled had not been allotted to him, but were subject to the pooling agreement. The court held that the right of the appellant to be removed from the list of contributors depended upon his having established that his subscription for the shares in question was conditional upon the condition that the condition upon which the subscription was made was not complied with.

Among other things which proved fatal to his case, the court maintained, in agreement with the master-in-ordinary, that at the time Mr. Price made his subscription for the shares he was informed that the common shares were subject to a pooling agreement.

Conviction Quashed. Bessie Gougeon, to quash a conviction of Scarborough, to quash a conviction for using postage stamps that had previously been canceled, was granted. In quashing the conviction the court held that it was an offence against the Postoffice Act and punishable upon summary conviction. The offence was committed upon Feb. 24, 1915, but prosecution did not take place until October of last year. Under the criminal code prosecution ought to have been commenced within six months after the offence and the conviction was therefore bad and should be quashed. The order was made without costs, as proof had been submitted that the offence had been committed.

Stated Case Refused. Refusal to grant a stated case on the application of Eslof Esnil, who was found guilty of wounding with intent to maim Charles Lambro, was made by the first appellate court. As a result of the assault, which took place near the St. Clair avenue school, Lambro spent six weeks in the hospital. Esnil was charged with wounding with intent to kill, and Mr. J. M. Godfrey, acting on his behalf, thought that the jury should have been informed that they could have brought in a verdict of "wound-

ing." The prisoner is serving a 10-year sentence. The first appellate court list for today is: Gramm v. Windsor, Payne v. C.P.R., Pearson v. Trebilcock, Cook v. Koldofsky, McKenzie v. Morris Motor Company, White v. Greer.

GERMAN SUB. STRANDED CREW ALL ASPHYXIATED

Big Craft Reported to Have Met Fate Near Gibraltar.

HAVANA, Jan. 10.—A large German submarine, evidently bound for the Mediterranean, stranded 30 miles southeast of Cadiz, and all members of her crew were asphyxiated, according to officers of the Spanish steamer Valbarranca, arriving here from Cadiz. Thirty miles southeast of Cadiz would be in the Atlantic within a few miles of Gibraltar.

CYCLIST PIONEER DEAD.

MONTREAL, Jan. 10.—Albert T. Lane, pioneer of bicycling on this continent, died this morning at Outremont. It was Mr. Lane who, in 1872, brought the first bicycle to America from England. Mr. Lane was a past-

Britains Greatest Remedy

The Proved Cure for Nerve, Stomach, and Kidney Disorders in Young or Old.

The effect of the Famous British Remedy, Dr. Cassell's Tablets, on the human system is to increase that vital energy upon which health and fitness depend. The stomach and other organs gain new power from Dr. Cassell's Tablets, and thus nourishment is supplied to the entire system. The muscles recover strength, and the body is built up anew.

Dr. Chas. W. Botwood, D.Sc., Ph.D., &c., the well-known scientist, says, "Having had my attention called to many remarkable cures effected by Dr. Cassell's Tablets, and having personally investigated the same, I am now in a position to state that, as a safe and reliable remedy for loss of flesh and vigour, nerve affections and bodily weakness induced by deficient assimilation of beneficial food products, Dr. Cassell's Tablets appear to be unique, and I have no hesitation in recommending the same as a really trustworthy household remedy for young or old."

Throughout the world Dr. Cassell's Tablets are recognised as the great strengthening medicine, are Nutritive, Restorative, Alterative, and Anti-spasmodic, and of proved Therapeutic value in all derangements of the Nerve and Functional Systems in old or young. Unexampled success has established them as the modern remedy for Nervous Breakdown, Nerve and Spinal Paralysis, Insatiable Paralysis, St. Vitus' Dance, Anæmia, Sleeplessness, Kidney Disease, Dyspepsia, Stomach Catarrh, Brain Fag, Headache, Palpitation, Wasting Diseases, Vital Exhaustion, Loss of Flesh, and Premature Decay. Specially valuable for Nursing Mothers and for all women during the Critical Periods of Life.

Druggists and Dealers throughout Canada sell Dr. Cassell's Tablets. If not procurable in your city send to the sole agents, Harold F. Ritchie & Co., Ltd., 10, McCaul Street, Toronto; one tube, 50 cents, 6 tubes for the price of five. Sole Proprietors:—Dr. Cassell's Co., Ltd., Manchester, Eng.

TUESDAY MORNING

UNION STATION SCENE OF SPECTACULAR BLAZE

Fire Breaking Out on Sixth Floor Causes Fifty Thousand Dollars' Damage.

DIFFICULT TO COMBAT

Height at Which It Was Located Made Hard Work for the Firemen.

Fire, which threatened for a time to completely destroy the Union Station, was checked yesterday afternoon after had inflicted damage to the extent of about \$50,000 in offices and store-rooms high up under the roof and close to the tower on front street.

The elevated position of the blaze made the work of the firemen difficult, the more so because heavy banks of overhead wires prevented the use of the aerial trucks and the men had to stumble up the five flights of smoke-filled stairways, dragging lines of hose after them. The downtown sections responded to the first alarm, turned in by A. P. Walker, engineer of surveys for the C. P. R., at 2.33. At 3.05 the flame broke thru the roof in several places and a general alarm brought all the fire-fighting apparatus in the city to the scene.

Council on the Scene.

A large crowd had gathered, including the city council and many of the chief officials, who had just finished their annual inaugural dinner at the Carle-Rite Hotel across the street. The fire had apparently originated in the fire-room used by the C. P. R., and the papers with which it was filled made the densest of smoke, further hindering the firemen.

Among those on the street there was some comment on the fact that it took the high-pressure system a long time to get going, but Works Commissioner Harris, who was among the spectators, said the hydrant pressure on Front and Station streets was 98 pounds and that the high pressure when it did get working showed 150 pounds. Acting Chief Sinclair, who was in charge in the absence of Chief Smith, put in a call for more pressure at 2.15 and it was raised to 225 pounds.

Confined to Sixth Floor. The fire itself was confined to the sixth floor of the station and the attic, while a great deal of damage from smoke and water was done on the fourth and fifth floors below. Several of the firemen had narrow escapes from being hit by falling slate and tiles, and a fireman on the roof narrowly avoided a fall of 60 feet into the burning building when his foot made a hole in the skylight.

By 4 o'clock there was no more danger and the fire was declared officially "out." The train service was not interfered with, as Superintendent Beck immediately arranged to transfer the ticket selling party to the train-shed. The elevator never stopped running while the fire was on. A large force of men swept the water from the flooded floors thru skylights and out into the street.

"BELMONT" EXCHANGE NOW ADDED TO LIST

North Toronto Receives Telephone Service They Have Been Agitating For.

After considerable delay North Toronto ratepayers received last night the telephone accommodation which they have been agitating for ever since the old town of North Toronto was annexed to the city. With the opening of the "Belmont" exchange on Eglington avenue, the old call of "north" will not serve for the district north of Rosellth avenue any longer. The opening of the exchange means the transferring of 1500 subscribers from the north office on Bismarck avenue, which was considerably overtaxed, but which has been installed in a switchboard which has been installed in a building after 10,000 subscribers. Between thirty and forty operators are employed in the new exchange and in addition there are overhead men, instrument men, etc. In order to prevent confusion a new directory will be issued today and it is the desire of the company that the old books be destroyed.

How to Save Your Eyes

Try This Free Prescription

Do your eyes give you trouble? Do you already wear eyeglasses or spectacles? Thousands of people wear these "white slaves" who might easily dispense with them. You may be one of these, and it is your duty to save your eyes before it is too late. The eyes are neglected more than any other organ of the entire body. After you finish your day's work you sit down and rest your muscles, but how about your eyes? Do you rest them? You know you do not. You read or do something that keeps your eyes busy. You work your eyes until you go to bed. That is why so many have strained eyes and finally other eye troubles that threaten mental or total blindness. Eyeglasses are merely crutches; they never cure. This free prescription, which has benefited the eyes of two to four times daily, is absolutely harmless. Many who are now blind might have saved their eyes had they started to care for them in time. This is a simple treatment, but it is remarkably effective in hundreds of cases. Now that you have been warned, don't delay a day, but do what you can to save your eyes, and you are likely to thank us as long as you live for publishing this prescription. The Valmas Drug Company of Toronto will fill the above prescription by mail, if your druggist cannot.

BIG INCREASE SHOWN IN RETAIL DEALINGS

Sales in This Line of Business Show Advance of Seventeen Per Cent.

CONDITIONS LOOK BRIGHT

According to Associated Advertising Clubs, Department Stores Enjoying Great Prosperity.

Retail sales by leading merchants of Toronto in six representative lines of business, have shown an average increase of 17 per cent. in November, 1915, over November, 1914. This improvement in local business conditions is revealed by the second annual merchandising research report of the Associated Advertising Clubs of the World, which has just been received here.

Department stores enjoyed an increase of 30 per cent. in retail sales over 1914; clothing, 20 per cent.; grocers, 14 per cent.; hardware dealers, 14 per cent.; druggists, 16 per cent., and jewelers, 9 per cent. The increase in jewelry sales is regarded as indicative of sound business conditions, as people generally buy luxuries when they are somewhat prosperous.

Toronto was selected by the research committee as one of the marketing centres of Canada and the United States, and information obtained from local merchants is included in this comprehensive report.

Increase Sixteen Per Cent. Consumer demand in 1915, as indicated by retail sales throughout the United States, increased approximately 16 per cent. over 1914, and collections improved materially according to the second annual report of the merchandising research committee of the Associated Advertising Clubs of the World, which has just been received here.

The investigation touched nearly 200 leading market centres in every part of the United States, and in a number of Canadian cities, covering stores selling groceries, department store owners, hardware dealers, clothing and druggists. Representing the six lines of business investigated, willingly opened their books to the hundreds of investigators who interviewed them.

Encouraging increases in sales in all lines investigated were reported in practically everywhere in the United States, and the average increase over 1914 in business in all the thousands of stores that participated was shown to have been 16.38 per cent. Business conditions in 1915, as compared with those in 1914, following the outbreak of the European war, were decidedly improved.

No less than 1000 investigators called upon and interviewed merchants in each of the six lines investigated were interviewed. Assurance was given that names of individuals or firms would not appear in the report, the object being to present only figures showing percentages of increase or decrease.

The investigations were made by commercial club secretaries and members of local advertising clubs, under the general direction of Mac Martin of Minneapolis.

Sales, local advertising, collections and the amount of stocks carried by merchants in November, 1915, were compared with those of November, 1914, and the results are given in the report. Business experts conclude that "as in November, so in the year as a whole, the retailing" and November is recognized as an index month in the business world.

The frequency with which the investigation showed that sales rise as advertising is increased in a community—that increased sales and increased advertising go hand in hand—is an interesting feature of the report. An average increase of 2.5 per cent. in local advertising throughout the country is disclosed. Retailers increased the stocks they are carrying 4.81 per cent.

Satisfactory increases in jewelry sales were reported in practically every city, the average jewelry sales for the country being 18.3 per cent. higher than those in 1914. This shows that people everywhere are buying luxuries, which is taken as a certain indication of good business, for necessities naturally come first and luxuries afterward.

An interesting fact which the report discloses is that while the jeweler's sales increased more, proportionately, than those of the grocer, the grocer, in turn, collects what is due him with much greater ease than any other kind of merchant.

In addition to the fact that consumer demand—retail sales—showed a healthy increase, collections also were better. The average for the whole country being 5.5 points above normal as compared with 1914. The point system of scoring collections, as used in the report, consists of assigning 40 points for a report of good collections, 60 points for a report of normal collections and 80 points for a report of poor collections. The reports of the retailers are thus given numerical value for the purpose of tabulation and averages.

Figures Show Actual Gains. The following table shows average percentages of increase in sales and advertising in the United States in the six lines of business investigated; the figures under collections indicate the number of points collections are above normal as reported by the merchants:

Dept.	Sales	Adv'g.	Coll.
Stores	19.	1.4	8.1
Grocery Stores	8.8	3.1	4.5
Clothing Stores	17.9	1.6	6.1
Hardware Stores	13.3	1.	4.7
Drug Stores	11.6	4.3	4.4
Jewelry Stores	18.9	2.9	2.7

How Purchases Increased. The following table shows to what extent the average customer increased his purchases in the different sections of the United States in the several lines of business investigated; the figures show percentages of increase over 1914:

New England States	15.68
Middle Atlantic States	15.44
East-South Central States	15.12
West-South Central States	14.48
West-North Central States	15.45
North Atlantic States	15.48
Pacific States	11.23

A United People Bending Every Effort To the Successful Prosecution of THE GREAT WAR

This is the Resolve of Canada

The Determination of Ontario

This is the end to which Political Leaders have made every effort and continued to wield their great influence.

No question of a local, contentious or political nature can be allowed to divert our minds or our energies from the one duty. Win the War. The best minds in Ontario and, in fact, throughout Canada believe that, although there may be questions political and otherwise that might well be determined by the electorate, yet these must wait.

No Election Until After The War Is Over

No General Election This Year

The House of Commons opens shortly and it is expected the first bill to be introduced will be one extending the Life of Parliament for a year—What for? In order that the Government may devote its whole thought and energies in directing Canada's great efforts to do its full part within the Empire in winning the war and thus bring about an honorable peace.

And now at this critical time comes the Citizens' Committee of One Hundred with its campaign for Total Prohibition to divide us, to throw us into opposing camps, and if possible force their will on this province when many of the electors are fighting for the Empire in Europe.

The Electors of the Province of Ontario Spoke With No Uncertain Sound June, 1914

to retain The License System under sane Government supervision and control. The question was settled, then why does the Citizens' Committee of One Hundred raise it now?

The Question Was Settled by The Electors in 1914

The Men at the Front and the Thousands to Follow

Thousands of our fellow-citizens have heard the call and have gladly responded, sacrificing the comforts of home, their loved ones, their friends, their business, at the call of Duty and Liberty. Many more will go before the vote proposed by the Citizens' Committee of One Hundred could be taken. These men voted in 1914. Is it fair to force the question of Total Prohibition on Ontario when they have become disfranchised by reason of their absence—fighting for you—fighting for Liberty?

Parliament of Canada Gave Vote to Men in the Trenches

In the last session of the House of Commons a bill amending the Franchise Act was introduced, approved and made law, under which, in the event of a General Election in Canada, our soldiers in England or on any field of action will be able to cast their votes. The Citizens' Committee of One Hundred is trying to get a verdict in the absence of our fighting men.

The Citizens' Committee of One Hundred realizes that the men who are fighting for the World's liberty on the battlefield of Europe would be fighting for the liberty of the individual if they were home.

Wait, and give them an opportunity to vote.

THE PERSONAL LIBERTY LEAGUE OF ONTARIO.

MONRO'S GREAT FEAT IS LAUDED BY ASQUITH

Withdrawals From Gallipoli Without Parallel in Fine Generalship Shown.

HONORS WILL FOLLOW

Monro, Roebuck, Wemyss, Birdwood, David and Others to Receive Recognition.

LONDON, Jan. 10.—The British Government from the Dardanelles was referred to by Premier Asquith in addressing the house of commons this afternoon.

"The house will learn with extreme gratification of the retirement of the forces at Cape Helles (at the tip of the Gallipoli Peninsula), without the loss of a single life," the premier said. "Of 11 guns left behind, 10 were worn-out 11-pounders which were rendered unfit for further service before they were abandoned. All stores of reserve ammunition which could not be removed were set aside before the retirement."

Brilliant Achievement. "The whole retirement was conducted with minimum loss. These operations, taken in conjunction with the earlier ones from Suvla Bay and Anzac are, I believe, without parallel in military or naval history. That they should have been carried out without any loss, considering the vast amount of personnel and material involved, is an achievement whereof all concerned—the commanding officers, officers and men of both services—may well be proud. It deserves, and I am sure will receive, the profound gratitude of King and country, and takes an honorable place in our national history. His majesty will be advised that Monro, Roebuck, Wemyss, Birdwood, David and other officers should receive special recognition."

Prevented Turk Activity. In reply to a question Lord Robert Cecil, parliamentary under-secretary for foreign affairs, confirmed the fact that early in 1915 the Turkish military authorities had sent to Gallipoli 50 British and French non-combatants for the purpose of exposing them to the fire of the allies, and that the British foreign secretary had notified Turkish minister of war, and his highness Salim Pasha and the Ottoman authorities would be held personally responsible for the lives of these persons and that, as a consequence the latter had been released.

Lord Robert Cecil declined to comment himself "to make analogous announcement regarding all future enemy atrocities."

INDIA GIVES FUNDS FOR MESOPOTAMIA HOSPITAL

Strenuous Efforts Also Put Forth to Assist Campaign for Munitions.

LONDON, Jan. 10.—(Thru Reuter's Ottawa Agency).—A special despatch from Delhi says: "The princes and people throughout India continue to shower their gifts to carry on the war to a successful issue. The Punjab aeroplane fund now exceeds £25,000. Ambulance carts, ponies and motor cars have been given while recently there came a request for a general hospital of 2000 beds for Mesopotamia and the greater portion of the material for it has already been collected. A special gift of two lakhs of rupees (about \$50,000), for the Nepal Durbar and one lakh (\$40,000), from the prime minister of Nepal, have been made to the viceroys as a donation towards the expenses of the war. Strenuous efforts to assist in the manufacture of munitions continue to be put forth; and indeed, India's endeavor to assist the allies to victory grows daily."

I. O. D. E. OFFICERS.

At a meeting of the Sir William Oser Chapter of the I. O. D. E. last evening in St. James' parish school house the following officers were elected by acclamation: Regent, Dr. Armstrong, north Forest Hill road; second vice-regent, Mrs. (Dr.) McGee Vale; secretary, Mrs. (Dr.) Nicholl, Parliament street; treasurer, Miss Noble, 219 Clifton street; financial secretary, Miss D. Phipps, Shaw street; standard bearer, Mrs. D. J. Nasmith, 5 Withrow avenue.

It will prevent delay if letters containing subscription orders for papers, "Complaints, etc.," are addressed to the Circulation Department.

TUESDAY MORNING, JAN. 11.

The Mayor's Message

Apart from the exception elsewhere noted and his views about the Mund Wall, the mayor's inaugural will commend itself to the business community.

The old slogan of business as usual has not made itself heard of late, but there will be no quarrel with the desire of his worship to continue the practice of economy which must distinguish every public body while the war goes on.

Nothing is more important in the mayor's address than his reference to financial and treasury matters.

There will be a difference of opinion among citizens as to the subject of creating a monopoly for the hydro-electric system in supplying power and light.

There is a good deal to be said for the view that if a corporation pays its taxes in the city it should be allowed to compete freely for the business in sight.

There will be a difference of opinion among citizens as to the subject of creating a monopoly for the hydro-electric system in supplying power and light.

A traffic commission has already been mooted in the transportation report, and the mayor mentions the persons he wishes to place upon it.

Another point of importance is the building of high level roadways by means of underdecks on the steam railway bridges crossing the ravines.

building of high level roadways by means of underdecks on the steam railway bridges crossing the ravines.

Revision of the council manual is intended to cut short the flow of oratory which all past councils have had at their unlimited disposal.

There is only one point entangled in the mayor's message with which we have any disagreement.

None of these men would desire to work injustice to his fellows by crippling the fund upon which the whole department depends.

If the present acting chief is to get a permanent position, it means that he is given an unexpected bonus in the increased pension to which the promotion will entitle him under the present arrangements.

Mr. Frank Lascelles, famous in connection with the splendid Quebec pageant of 1908, and many other world-renowned spectacles, addressed the Canadian Club yesterday on the approaching production of "The Dynasts."

The spectacle is of the most patriotic character, and covers the ten years of the Napoleonic wars from Trafalgar to Waterloo.

The spectacle is of the most patriotic character, and covers the ten years of the Napoleonic wars from Trafalgar to Waterloo.

Mr. Lascelles is giving his services freely for the purposes of the production, and the proceeds are to be devoted to the war funds.

The production will be on February 14 and during the week of the 7th it has been suggested that the school children of the city be given an opportunity to see the preliminary performances.

Russians' Offensive to Relieve Balkans

Germans Got Wind of Preparations and Withdrew Troops From Bulgaria.

Czar's Men in Form

Remarkable Recuperative Ability Displayed in Raising Magnificent Forces.

LONDON, Jan. 10.—The Times' Petrograd correspondent, who is visiting Russian headquarters, says he learns that the Russian blow in Galicia and Bessarabia was planned with great secrecy as a strategic means for helping the entente allies in the Balkans.

The correspondent pays tribute to the remarkable recuperative power the Russians have displayed "in the formation of the magnificent forces now assembled along the Austro-German front."

It would be premature, the correspondent adds, to draw any definite and fast conclusions on the result of the present movement, and many a faint and parry is likely to be witnessed before the Fifth and Sixth Howitzer Brigades recently completed their trials at Salisbury Plain.

News came today from Shorncliffe about the continued excellent impression made by the troops in the district.

The town council of Hythe passed a resolution recording keen appreciation of the way all the troops of the district behaved during Christmas.

Made Two New World's Records

FASTEST & HIGHEST EVER PACE OVER ICE

By Yedno and Fay Richmond in Free-for-All—Record Also by Paddy R.

A good crowd was on hand yesterday afternoon to see the fourth day's racing at Dufferin Park. The track, although soft, was in very fast condition. Two world's records were broken and many close finishes provided the excitement for the day. The first race called was the unfinished pace from Saturday. Paddy went out for the start, and, setting a fast pace all the way, led to the wire in only two seconds from Saturday. Paddy closed very fast in the stretch and just failed to get up.

Chillicothe had things his own way in the 2 1/4 mile, with the exception of the stretch, in which he was very unsteady. He was beaten by Widower Peter, who went an excellent race, in the second heat of this race. Chillicothe closed very fast in the stretch and just failed to get up.

The free-for-all was productive of another world's record for the fastest four heat ever run on ice. Yedno won the first two heats quite easily; in the next, and second heat, he made a creditable showing and finished third. Fay Richmond won a nose from Texas Jim right at the wire in the fourth heat. Fay Richmond, Texas Jim and Yedno raced together till the stretch, where Fay went on to win by a length from Texas Jim. In the fifth heat, Grand Opera came to life all the way, but he was not good enough to win. Texas Jim lasting the longest, and winning by a nose from Fay Richmond. This race will be finished this morning at 10.30. The summary follows:

Chillicothe, ch.h., by San Francisco	1 1 5 1
Toronto (Ray), by Peter Widower	2 2 4 4
Montavo, b.h., by T. Hodgins	3 2 3 3
Orilla (Powell)	4 3 2 6
Philly (H. B. W. By)	5 3 2 6
Chillicothe (McPhie)	6 4 4 4
Chillicothe (McPhie)	7 5 6 6
Chillicothe (McPhie)	8 6 6 6
Chillicothe (McPhie)	9 7 7 7
Chillicothe (McPhie)	10 8 8 8

ENGLISH ATHLETIC BOOM WILL BURY HATCHET

IS EXPECTED THIS YEAR WITH THE A. A. U. OF C.

Track and Field Championships Are Likely to Be Resumed—W. G. George's Views.

NEW YORK, Jan. 10.—That the English track and field championships will be resumed this year and that other sports will be patronized to the extent of the winter season just now. What has partly encouraged the belief that athletics will come in for some of the former attention sprang from the fact that the recent cross-country race for the Aldershot Command attracted the enormous string of 640 starters.

CENTRAL ONTARIO CURLING.

Special to The Toronto World. BROCKVILLE, Jan. 10.—By a majority of 9 shots the rink of the Eastern Hospital, Brockville, skipped by H. T. Stratton, and George Cookson, won the final game of the eastern schedule of the Central Ontario Curling Association. Their opponents were the Prescott Club, whose rinks were skipped by P. K. Halpin and F. Elliott.

FIFTH CANADIAN BRIGADE MADE MONTREAL UNIT

Reorganization of Part of Second Division Completed With Four Battalions.

Special to The Toronto World. OTTAWA, Jan. 10.—The 5th Brigade of the second Canadian division now in France has been reorganized. The 5th becomes a purely Montreal brigade, under the command of Brigadier-General David Watson of Quebec. It is composed of the 14th, 22nd, 24th and 60th Battalions, all from the Montreal district. The 25th and 26th Battalions from the Maritime Provinces, which belonged to the 6th Brigade of the 3rd division, are being organized.
