WHITE ANNOUNCES DOMINION INCOME TAX—BALKAN CAMPAIGN CONFERENCE

FEDERAL INCOME TAX LEVY
TO RAISE REVENUE FOR WAR

Finance Minister Announces Im-
post on Sliding Scale Applicable
to Incomes in Excess of Two
Thousand Dollars—Expropriation
of Railway Lands Fore-
shadowed.

By a Staff Reporter.
Ottawa, July 25.—Canada is to have
a Dominion income tax. This was the
announcement made to the house by
Sir Thomas White, minister of fi-
nance. The resolutions providing
for the tax were promptly reported
from the committee of ways and
means and a bill bringing it into ef-
fect will be introduced tomorrow.

The finance minister in presenting
his resolutions admitted there were
many arguments against the Dominion
Government resorting to direct tax-
ation, but in his opinion they were all
swept away by the manifest necessity
for more revenue. The conscription
bill, he said, would shortly add 100,000
men to the Canadian expeditionary
force.

On Tax on Sliding Scale.
The income tax which has been per-
sistently demanded by the Liberals for
two years past met with little opposi-
tion when it came to be considered in
committee. The tax is fairly stiff and
applies to all incomes over \$2,000 in
the case of unmarried men or widows
without children and to all in-
comes over \$3,000 in the case of mar-
ried persons. The tax rises on a sliding
scale from 4 per cent. on incomes
between \$2,000 and \$5,000 to 25
per cent. on incomes exceeding \$100,000.
There is also a 4 per cent. tax upon
the net incomes of corporations and
joint stock companies. Opposition
members could find little to criticize,
but suggested that the exemption
should be lower and that the tax in
the case of large incomes should be
more severe, especially in the case of
unmarried men.

On Expropriation of Lands.
The balance of the sitting was oc-
cupied with the soldiers' settlement
bill. Many of the members doubted
if the returned soldiers would prove
to be successful pioneers, and ad-
vocated settling them upon the western
lands near railway lines. Some
extent in eastern Canada. Sir Thomas
White observed that the lands owned
by railway corporations and other
private corporations near the rail-
ways being in the main withheld from
settlement and cultivation, presented
a serious problem. Nor is it soon
or later be dealt with by the Do-
minion Government. To properly set-
tle the northwest, he believed it

LIBERAL CAUCUS AT
WINNIPEG YESTERDAY

Manitoba Attorney-General Pre-
sides—Sifton and Others Pres-
ent—No Announcement.
Winnipeg, July 25.—Preparatory
to the convention of Liberal members
in Winnipeg a caucus was held to-
day here, presided over by Hon. A. B.
Hudson, attorney-general of Mani-
toba. Present were Hon. G. R.
Mitchell from Alberta; Premier Mar-
shall and Hon. Geo. Bell of Saskatchewan,
and Hon. J. G. McCreary of Mani-
toba were present at this caucus. No
announcement has been made.

The Political Tornadoes at Ottawa

Ottawa, July 25.—(Special)—The politi-
cians at last see that Canada is in
the throes of political revolution. Sir
Wilfrid Laurier as leader, the Liberal party
as an organization, have been shattered
by the big wind that began to blow last
week. The Liberal papers have cut loose
from the party and gone to the tornado
cellars. More rumblings fill the air.

In the Conservative party the next to
be shocked? For six weeks Sir Robert
Borden has been calling for assistance and
he has offered to drop half of his cabinet
if he can get conservative Liberals to
take their places. That alone means disin-
tegration almost as far-reaching as the
events of the past week have been to the
Liberals. The political weather prophets
say that in less than a month both the
old parties will be dead and buried and
embalmed, and a new national party
called into being.

There are people here and elsewhere
who see the hand of Wallace Nesbitt in
the selection of some of the names that
are to play a part in the food control in-
vestigations. That will cause further
quakes.

As for the win-the-war convention in
Toronto and the convention of western
Liberals in Winnipeg, all the signs indi-
cate more disturbances for the two old
parties. The appointments to the senate
will be a further sign of squally weather.

Effect of Income Tax

Tax of four per cent. upon incomes in excess of \$2,000 per annum in
case of unmarried men or widowers without children.
Tax of four per cent. upon incomes in excess of \$3,000 in case of other
persons.
In addition the following super-tax will be imposed:
Where income exceeds \$6,000 and does not exceed \$10,000, two per
cent.
Where income exceeds \$10,000 and does not exceed \$20,000, five per
cent.
Where income exceeds \$20,000 and does not exceed \$30,000, eight per
cent.
Where income exceeds \$30,000 and does not exceed \$50,000, ten per
cent.
Where income exceeds \$50,000 and does not exceed \$100,000 fifteen
per cent.

A tax of 4 per cent. on incomes exceeding \$5,000 in the case of corpora-
tions or joint stock companies.
How the tax will work out is shown concretely by the following table:

Table with 3 columns: Income, Unmarried men and widowers without dependents or children exempt \$2,000., All other persons exempt \$3,000.

RAIDING NEAR YPRES

Berlin Reports Intensive In-
crease in Gunfire in
Flanders.

London, July 25.—The British official
report from headquarters in
France tonight reads:
"Following a heavy bombardment of
our trenches east of Monchy-le-Frenais
the enemy early this morning again
attacked our positions on Infantry Hill,
and with the assistance of flammen-
werfer succeeded in driving in a few
of our advanced posts on a front of
about 200 yards.

A German raiding party was driven
back by our rifle fire this afternoon
north of Bullecourt. Our troops raid-
ed the enemy's trenches north of Ypres
this morning at a number of points
and captured several prisoners.

"Yesterday a thick haze interfered
greatly with operations in the air.
Bombing raids, nevertheless, were car-
ried out by our airplanes during the
day, as well as the previous night.
Fighting took place in the evening.
Four German machines were driven
down out of control. Three of our
machines are missing.

The supplementary report issued
from German headquarters tonight
reads:
"The firing duel in Flanders has in-
creased to the most extreme intensity.

Copenhagen, July 25.—Germany again
is attempting to improve the low rate of
exchange on the mark in Scandinavia.
The newspapers report a shipment of 20,

penhagen, and say that a large amount of
securities for Sweden were received from
Germany yesterday.

Explosion is Worst in History
of Cape Breton Coal
Fields.

HEROIC RESCUE WORK

Several Volunteers Suffocated
in Effort to Reach En-
tombed Men.

Sydney, N.S. July 25.—The first
explosion in the history of the Cape
Breton coal fields occurred at 7.30
this morning in No. 2 colliery of the
New Waterford district.

An official estimate places the num-
ber of dead at 62, but it is believed
the death toll will approach 80. These
include 50 mine workers, 22 New-
foundlanders and 10 foreigners. About
270 men were in the mine at the
time, and colliery officials express sur-
prise that the loss was not greater.
Up to a late hour this afternoon,
only a small number of bodies had
been taken out. The greater number
will be where they are until tomor-
row. Great crowds of people, includ-
ing weeping women and children, still
surround the pit mouth.

No sign of fire.
General Superintendent Tonge and
a group of officials who were early on
the spot went thru the colliery this
afternoon.

The Bloor Street Viaduct

The city hall men are waking up to
quick action on the four pavements ad-
joining the four ends of the two bridges
of the Bloor street viaduct. But, so far,
the action is not so vigorous. Controller
Foster must press the accelerator harder
and get down to specific declarations
from the officials.

Starting with the Don span (the main
one), there has to be built 500 feet of
pavement and sidewalks to the west-
ward with the archway of Castle Street
erect on the bridge-head. There is no rea-
son why this work should not be under
way tomorrow. The question of tracks
can stand, if it must, and the centre sec-
tion thereof also left for a time. But
the roadway on either side, and the con-
crete sidewalks, can be completed. A
little piece of macadam filling may have
to remain in order to allow for settling
of the earth next the bridge foundation.
What is the policy of the board of con-
trol and the works department on this
part?

Next there is the wooden blocking of
the two roadways clear across the big
Don span. Have these blocks been order-
ed, and cannot work thereon begin the
day the contractors turn over the work?
The concrete sidewalks on either side
of this bridge will be ready for the public
on the day the bridge is finished. Will
the city's sidewalks connecting up there-
with be ready?

Next, is the roadway in Rosedale, at
the west end, into the east end of the
pavement and sidewalks to hit Parliament
square, 200 feet of roadway. It is
very much in the rough; has only been
grubbed of its tree roots. Why not grade
it at once for the pavement?

Two hundred feet of roadway and side-
walks will actually connect this bridge
with the archway of Castle Street. Will
this be ready? This 200 feet in Rosed-
ale and the 920 at Danforth end, and the
blocking paving of the roadways on the main
span, will let the public get across and
connect the centre of the city with the
portion across the river. Will Mayor
Church and Controller Foster and Com-
missioner Harris have this much ready?
That's the irreducible minimum.

Then there is the blocking of the
smaller or Rosedale bridge, and 90 feet of
pavement and sidewalks to hit Parliament
square. What about that? Will the mayor
and the controllers have a definite report
on these several works made by Colonel
Rolly Harris and presented to the people?
A world reporter sent a good deal of
time at the city hall yesterday, but could
get little exact information. He will see
the mayor again today. The 40,000 people
that Controller Foster spoke of yester-
day are entitled to know if the city's
part of the viaduct is to be ready and if
that part that can be started are to be
started forthwith.

Colonel Harris is at Ottawa looking
after the third reading of the clauses in
parliament protecting the rights of
Toronto and other municipalities. It has
yet to be put thru the senate, where
opposition is expected. Otherwise he'd
be here pushing on this important work.
The prospective viaducters are awaiting
his return.

The Up-Yonge Problem.

And will Mayor Church tell the public
what headway is being made to buy out
the Metropolitan on Yonge street within
the city limits? The summer is here and
there are over three miles of track-lay-
ing and paving to do. Are the officials
with the matter in hand still abiding?

Or must the citizens appeal to
King George, who built a mile of pave-
ment on Merton street and a mile into
Ridley aviation camp in ten days, to be
appealed to for the desired relief? Where
is Ald. Beaudin and Ald. Ramsden?
Where is Ald. Bell and Ald. Risk? Ald.
Maguire and Ald. Burgess? And good
old John O'Neill, who is willing to take
the royal honors at the sailing base
when Mayor Church is at the bank with
Finance Commissioner Bradshaw nego-
tiating an emergency loan, or Controller
Foster in helping Robert John Fleming
in the hayfields of delightful Pickering?
Get on the job, you Merry Gentlemen!

RUMANIAN OFFENSIVE BREAKS
WIDE SECTION OF FOE LINE

The Daily World Goes to Two Cents

The World, after thirty-seven years' service in supplying the
public with a one-cent morning newspaper, has been compelled,
owing to the abnormal increase in the cost of production, to make
the price two cents per copy. The new rate will be in effect on
and after Wednesday, August 1.

The added revenue will not remain in the coffers of The
World, for the papermakers are taking an additional sixty cents
per hundred pounds for the white stock. Wages in all four
mechanical departments have been increased from \$2 to \$4.50
per week under agreements recently made with the various unions.
Prices for stereotyping metal and inks and other supplies have
all been increased from 20 to 100 per cent. As the absolute
limit has been reached, the one cent paper cannot be stretched
further.

The special carrier delivery will still be maintained in To-
ronto, Hamilton and Brantford. The rate for this delivery will
be \$5.00 per year, \$2.50 for six months, and forty-five cents per
month.

Delivery by mail to any postoffice or rural route (except To-
ronto) in Canada, the United Kingdom and the United States, the
rate will be \$4.00 per year or forty cents per month. Single
copies two cents everywhere.

Price lists showing the new rates are being mailed to all
World newdealers and subscription agents.

The World is grateful for the generous patronage from both
readers and advertisers during its thirty-seven years' sojourn here,
and trusts to merit it for the future.

BRITISH DEFEAT ENEMY
IN AFRICAN CAMPAIGN

Germans Suffer Severe Reverse at Naroncombe—
Main Body Retreats Southward After Sus-
taining Quite Heavy Losses.
London, July 25.—British troops in German East Africa have won new
victories over the retreating German forces there and the main body of the
enemy is now in retreat toward the south, after having suffered heavy losses,
says an official announcement issued today. The text reads:
"An engagement on July 19 at Naroncombe resulted in the enemy
being driven from all his positions. The main body is retreating south-
ward. The enemy's losses were heavy.

"A small German column is at large on the north shore of Lake
Masarya.

"We are in touch at Libuka with the enemy retreating toward
Mahenge in the southeasterly section of the colony.

"In Portuguese East Africa we are pursuing the enemy from Mzimba
toward the Rovuma River.

BRITISH VESSELS SUNK
IN WEEK NUMBER 24

Twenty-One U-Boat Victims Were of More Than Six-
teen Hundred Tons—Losses Show Increase
Over Previous Week.
London, July 25.—Twenty-one British vessels of more than 1,400
tons each and three of less than 1,000 tons each were sunk last week by
mines or submarines, according to the weekly admiralty report on shipping
losses. One fishing vessel was also lost.

The admiralty's statement follows:
"Arrivals, 2,791; sailings, 2,791.

"British merchantmen sunk by mine or submarine, over 1,600 tons,
including two previously, 21; under 1,000 tons, three.

"British merchant vessels unsuccessfully attacked, including three
previously, fifteen.

"British fishing vessels sunk, one."

The announcement of the British Admiralty given above shows an
increase of seven vessels of more than 1,000 tons sent to the bottom, as
compared with the report of the previous week, when fourteen were sunk.
In the smaller category the loss is one less than that given in the report
of the previous week—three—while there was a falling off by seven in
the number of fishing vessels sunk.

PIRATES' LUCKY DAYS.

London, July 25.—The report of the
week's sinkings of British merchant-
men would have shown the low rec-
ord, except for a couple of days when
the Germans had unusual luck. Even
with these exceptional days, the total
is considered to have been about
normal." The U-boats for the pre-
vious fortnight had been kept down
to a minimum, but for the current
week an upward tendency in the
curve would not have been unexpected.
In view of the vigorous offensive ef-
forts which the Germans are now
putting forward on all fronts and
which, no doubt, are reflected in the
orders to the submarine commanders
to support the land offensive by stren-
uous efforts on "the submarine front."

On the whole, the navy may be
said to be fairly well satisfied with
the progress being made against the
underwater enemy, and the feeling is
that the time is all on the side of
the allies, as every week sees anti-
submarine methods developing and the
will be to conquer. France is happy
to welcome you."

Allies Win Notable Success in
South Carpathians—Capture
Nineteen Guns—Russian Re-
tirement in East Galicia Still
Continues, The Resistance
Stiffens.

Petrograd, July 25.—A report of the
general staff of the Rumanian army
received here today says:
In the south Carpathians troops
under Gen. Roforsko assumed the
offensive and occupied the Villages
of Meresti and Volochany and captured
several hundred prisoners and 10 guns,
including some heavy ones. We owe
this success to the skilful manoeuvring
and co-operation of the Rumanian and
Russian forces and also to the vigor-
ous activity of our allied artillery.

The powerfully organized enemy
line has been broken on an extensive
front. The bravery and devotion of
the troops was incomparable. Among
other incidents, one battery lost its
entire personnel except seven men,
who continued firing without cessation
and finally succeeded in silencing the
enemy's fire. Lieut.-Gen. Stcherbachev
(commander of the Russian forces in
Rumania) decorated all these men with
the St. George's Cross.

Corps Withdrawn.
The Russian Guards corps defending
Tarnopol retreated, unpressed by the
enemy, says the official statement is-
sued by general headquarters tonight.
But the Frobenyevsk and Semosky
regiments remained faithful to duty
and are fighting southeast of Tarnopol.

In the streets of Stanislaw there were
stirring scenes beyond engagements. The
population threw grenades on the re-
tiring Russian troops.

The Associated Press says: Even
the actual entry of women soldiers
into battle on the eastern front has
been insufficient to imbue the ranks of
the recalcitrant Rumanians with patri-
otism. They are still deserting in
large numbers in Galicia, leaving a
virtually free road open for fresh ad-
vances by the Germans and Austro-
Hungarians.

Captured Villages.
From the Baltic to the Black Sea,
only at one point along the lone line—
in the southern Carpathians—have the

ALLIES WILL STUDY
BALKAN WAR AIMS

Premier Ribot Opens Import-
ant Military Conference
at Paris.

GREEKS ALTER PLANS
Composition of Army Will Be
Affected by New
Ally.

Paris, July 25.—A conference of
representatives of the allied
who are concerned in the military and
political situation in the Balkans be-
gan here today. It has been decided
that the utmost secrecy shall be main-
tained with regard to the delibera-
tions.

The conference opened at 10 o'clock
this morning, and Alexandre Ribot,
French premier and minister of foreign
affairs, addressed the gathering, say-
ing:

"At the conference in London, April
23-25, France and England decided
to confer anew in July with the pow-
ers, to examine into and determine
upon the future military action in the
Balkans. Owing to this resolution we
have asked you to meet us today.

"An event has arisen within the two
months. Greece, whose sympathy
was attached to the allies, being
prevented by the unconstitutional ac-
tion of a personal power from taking
the direction in which her interests
as well as her traditions inclined her,
the guaranteeing powers resolved to
re-establish, if necessary forcibly,
the authority of the Hellenic consti-
tution.

"Greece today is ranged on our side.
Her coming to our cause modifies con-
ditions in the Balkans, and we shall
have to examine into this new state
of affairs and study together how the
composition of the army of the orient
and its future operations will be af-
fected. All the nations will be af-
fected. The Balkans are represented here.

"We can, with the deepest satisfac-
tion, state that the three years of war
have weakened neither our union nor
our will to conquer. France is happy
to welcome you."

FEDERAL INCOME TAX ANNOUNCED

to make our law approximate to the United States statute. He, therefore, announced that incomes of married men under \$3,000 would be exempt, and a similar exemption would apply to incomes of unmarried men or widowers without children whose incomes fell below \$2,000. The normal tax would, therefore, be four per cent, subject to the exemptions above noted, so long as the income did not exceed \$6,000. Upon incomes between \$6,000 and \$10,000 there would be a super-tax of an additional two per cent, and on incomes between \$10,000 and \$20,000 a super-tax of five per cent. On incomes of over \$20,000 and less than \$30,000 the super-tax is ten per cent, on incomes between \$30,000 and \$50,000 the super-tax is 15 per cent, and a final super-tax of 25 per cent, is imposed on all incomes in excess of \$100,000.

far with his speech, he was interrupted by the gentleman usher of the Black Rod, who announced the arrival of the deputy governor-general, and the commons went up to the senate chamber to witness the royal assent being given to a number of bills passed at the present session. When they returned to the chamber Mr. Maclean (Halifax) resumed his speech. He approved the principle of the measure and recalled the many strong arguments made by the finance minister in the past against the income tax. One of these he recalled was Sir Thomas' assertion that it would not yield much net income. He now asked how much the minister hoped to raise by the income tax. Sir Thomas White said it would only be a guess, but the tax might yield from \$15,000,000 to \$20,000,000. Mr. Carvell (Carleton, N.B.) congratulated the minister and prophesied that with the income tax once firmly established we could radically reduce the tariff. He thought the exemptions should be one and two and three hundred dollars respectively. Would Tax Indemnities. Hon. George P. Graham thought M.P.'s should be required to include their indemnities in income returns, and cabinet ministers their salaries. He thought it was a mistake to let the war tax on business profits go by the board. He said that for the finance minister to say that the income tax was made necessary by the conscription bill was to give an excuse instead of a reason. The conscripts would all be unmarried men and would cost the country much less than the same number of men recruited under the voluntary system. Replying to a question, Sir Thomas White said that the taxpayer would be allowed to deduct from his income return the amount he had given during the year to the patriotic fund and Red Cross. He would not deduct the amount from the tax, but from the income on which the tax was due. Big War Outlay. Replying to other questions, Sir Thomas said he would make a financial statement to the house within a few days. For the present he would content himself with saying that our

war expenditure to date was \$623,000,000. He had borrowed from Great Britain \$217,000,000, but had advanced her \$825,000,000, in addition to this we had issued bonds which the British Government hypothecated for their own account in the New York market to the amount of \$197,000,000, so that the account was in our favor to the extent of about \$92,000,000. Between April 1 and July 9, 1917, the revenue of the Dominion Government amounted to \$78,000,000, for the same period capital and current expenditures totaled \$40,000,000. This left a balance of about \$38,000,000, Canada's war expenses in Canada during that time. Further Criticism. E. M. Macdonald (Pictou) and Hon. Rodolphe Lemieux criticized the proposed legislation on two grounds. They thought the tax did not sufficiently discriminate between married and unmarried men, especially in the case of large incomes. A married man with a large family having an income of \$10,000 a year, paid only \$40 a year less income tax than the bachelor having also an income of \$10,000, but no dependents. They also complained that while the tax bore with some severity upon the wealthy, thus a man with an income of \$20,000 a year would keep \$18,740 for his own use and give up only way of income tax to the winning of the war only \$1,260. The resolutions were then accepted by the committee and reported back to the house, and a bill founded upon them will be introduced tomorrow. Soldiers on Land. At the evening sitting the house gave second reading to and passed through committee stage the government's bill to assist returned soldiers to settle upon the land. Mr. Turiff (Assiniboia) thought the government's scheme a visionary one. Settle a lot of returned soldiers upon the land, lend them \$2,500, and within five years they will be without other land or money. Men who had not been raised on a farm could not successfully pioneer in the west. It was an old story, getting up settlements and lending money, and the result was always the same. The Crozier settlement, he said, proved this conclusively. In Alberta, he said, the government was establishing schools where soldiers who had some education could be trained for school teachers or given a technical education. Hon. W. J. Roche, minister of the interior, said Canada was merely doing what Australia and New Zealand had already arranged to do. No money would be loaned to inexperienced agriculturists, and in every case there would be supervision of the expenditure of the money loaned by the government. Includes Allied Soldiers. Upon motion of Hon. Charles Macell, the minister consented to an amendment making the act apply to British subjects resident in Canada before the war who fought in the armies of the allies. This would specially benefit French, Belgian and Italian reservists. The act will also apply to all soldiers who enlisted in the Canadian expeditionary force and were honorably discharged, even though they never went overseas. Mr. Turiff thought we waited long enough to do to take care of our own soldiers. The act, he pointed out, applied not only to the Canadian expeditionary force, but to all soldiers who served in the army or navy of the United Kingdom or in the expeditionary forces contributed by any self-governing British colony or Dominion. He had no doubt that many Australians and New Zealanders, instead of going home, would come straight to Canada to get their 160 acres of land and the cash loan of \$2,500. There would also, no doubt, be a great number of British soldiers emigrate. Would we not have our hands full looking after the Canadians, without undertaking to provide for all the soldiers of the British empire? Plea for the East. Mr. Jameson (Digby) did not see why all the soldiers should go to the prairie provinces. Why not settle them in eastern Canada and appropriate land for that purpose? Dr. Roche replied that the Dominion Government owned no crown lands except in the prairie provinces. It was up to Ontario, Quebec and the maritime provinces to give grants of free land to these returned soldiers, and appropriate land for that purpose. Then the Dominion Government would lend the soldier settlement money up to \$2500, or, he suggested, the returned soldier could buy a \$2500 farm in eastern Ontario and the Dominion Government could advance the purchase money and take a first mortgage on the security of the farm. Mr. Sutherland (South Oxford) pointed out that the returned soldier had little real advantage over the ordinary homesteader. He thought the government should be more generous. Few of the soldiers, he thought, would make pioneers, but many of them if properly assisted could and would take up lands in the older and well settled portions of Canada. Hon. Frank Oliver, Mr. Turiff and Mr. Sutherland all urged upon the government to appropriate lands of the railways and settle the soldiers upon them instead of attempting to turn them into pioneers. Railway Lands Problem. Sir Thomas White said the propriety of the government expropriating railway lands and other lands in the west privately owned but withheld from cultivation had long engaged the attention of the government and the country. No doubt something of that kind would have to be done in the future as part of a wider scheme of settlement, but it was hardly worth the present bill to discuss it at this time. The government was not in a financial position at present to embark upon railway lands of land adjacent to the vast tracts of land which had been speculation and withheld from cultivation. STEPHEN LEVAN DEAD. Kitchener, July 25.—Stephen Levan, aged 35 years, died in Brantford, where he had gone about a month ago to take medical treatment. Mr. Levan was a native of this city and was prominent in the city. He was survived by his wife and four small children.

CHIPPAWA CASE TO PRIVY COUNCIL

Report That Electrical Development Company's Appeal Will Be Heard.

NO FEAR OF RESULT

Hon. I. B. Lucas Confident Privy Council Will Back Ontario.

According to a report which reached the city yesterday, the privy council has decided to hear the application of the Electrical Development Company for special leave to appeal against the decisions of the courts of Ontario and the court of appeal, which refused to grant the Hydro-Electric Commission power to stop work on the Chippawa Creek development scheme.

Hon. I. B. Lucas, the attorney-general, said that the official decision of the privy council had not been received, but he believed the despatch was correct in substance. As a result, he said, the Hydro-Electric Commission would now argue the case before the privy council at the next meeting as to whether the Electrical Development Company had a right to bring suit against the commission or not and the finding of the council in this matter would decide whether the Chippawa development scheme should be subject to delay or not. The hydro commission, he added, had been represented in the past by Mr. Hollmuth and would continue to be so represented before the privy council, in company with the commission's English counsel.

"We have no fear of the ultimate result," he said. "Our own courts have dismissed the Electrical Development Company's appeal for an injunction and have ruled that there is no ground for such interference with the plans to extend the power resources of the province. The company has carried the case before the privy council and the despatches of the privy council simply indicate that the privy council will hear the argument on both sides at the next sitting.

Public Library Extending; Patrons Steadily Increase

During the month of June the total number of books taken from the various public libraries of the city was 107,147, according to a statistical report just issued by George H. Locke, chief librarian. The above total represents an increase over June a year ago of 18,600, with an increase in circulation among boys and girls of 6,500.

DUFFERIN PARK ASSESSMENT.

Appeal for Reduction Because Racing Has Been Prohibited.

Before the court of revision yesterday morning George A. Hill of A. G. Strathy, Limited, asked the court to reduce the business assessment of the Dufferin Park which is leased by Abram Orsen of the Metropolitan Racing Association. The land occupied by the racing track is valued at \$111,325 and the business assessment is \$27,891.

HAD NO QUORUM.

The heat of yesterday afternoon evidently proved too much for some members of the board of education. A special meeting of the property committee, called to consider the appointment of a teacher for Parkdale Collegiate, had to be adjourned until Friday for lack of a quorum. Courageous members who turned out despite the heat were Trustees Hunter, Hopkins, Noble and Miles Vokes, chairman of the board.

SEES CANADA AS SECONDARY BASE

M. J. Haney Prophecies New National Status in Reconstructed Empire.

Mr. J. Haney, C.E., the president of the Home Bank of Canada, who is at present on a trip to the Pacific coast, gave an interview to The Calgary News-Telegram on July 11 which was singularly prophetic of the message from Lord Rhonda, the British food controller, communicated at the meeting held in Convocation Hall, Monday evening, under the auspices of the organizations of resources committee.

"The time is coming," Mr. Haney stated, "and is not far distant when the British Empire will require an alternative base, a secondary seat of resources and wealth and power. That base will be Canada. The submarines have proved already, and will prove with greater emphasis as they develop after this war is over, that the very security of the empire will be threatened if there is no such secondary base on the western hemisphere."

WON A COOL THOUSAND BUT WILL HE COLLECT?

Bet That Amount He Could Dine in a Restaurant Without a Coat, and He Did.

There are places in Toronto where you can make more money than in the stock market in the same length of time. Here is how one enterprising Torontoite made \$1000 in less than an hour. The scene is laid in a restaurant on Yonge street, which yesterday had a temperature which fell as low as thirty degrees below zero.

FEELS FINE IN MORNINGS NOW

Millgate Eats Better, Sleeps Better and Works Better After Taking Tanlac.

Added to the many endorsements of Tanlac, the medicine that is being so widely discussed and distributed throughout Canada, and which is accomplishing such surprising and gratifying results among all classes, is that of Henry G. Millgate, a well-known employee of the Zeitman Manufacturing Company, 184 Mavety street. Mr. Millgate has been connected with his company for seventeen years, is a member of the Canadian Order of Foresters, and is highly respected by all who know him.

"For months before I began taking Tanlac I felt languid, tired and all run-down, and had very little get up and get about me. My appetite was so poor that I hardly ever felt like eating anything, and couldn't sleep or rest well. Some nights it would be two o'clock before I could go to sleep, and I would be up in the mornings simply fed up in mind and body. I couldn't get myself together somehow, and my mind didn't clear. I simply felt as if I was in a fog, and I didn't know what I was doing. After seeing the good Tanlac did my friend, Frank Connell, I decided to try a bottle of Tanlac, and while I have just started on my second bottle, I can certainly see a big improvement in my condition already. I am eating and sleeping better, and I feel like I can't wait till I get to the table, and I certainly am glad to get up in the morning with nervousness like I was, and sleep as sound as a log every night. I get up in the mornings feeling an glad to get up, and I don't feel any more of that heavy-headed feeling I used to have. I am doing my work with pleasure, I simply feel stronger and better in every way, and those aggravating headaches have disappeared entirely. The good results I have gotten, and am still getting, from Tanlac, has made me a regular Tanlac booster, and I am glad to recommend it to my friends and the public in general. Tanlac is sold in Toronto by Tamblin's Drug Stores, and by one regular published agency in every town.—(Advertisement.)"

JUDGES TO INVESTIGATE WATER-POWER USED

Commission Appointed Under Water-Power Regulation Act Passed Last Session.

Hon. I. B. Lucas, attorney-general, announced yesterday that three high court judges, Chief Justice Sir William Meredith, Mr. Justice Sutherland and Mr. Justice Kelly, had been appointed by the government as a commission to investigate the amount of water used for power by the different electrical developing companies in the province. Under the Water Power Regulation Act passed at the last session of parliament authority was given to the government to name such a commission, whose duty it would be to investigate the amount of water used in the generation of power, the amount of power developed or generated and the works or equipment installed by the various companies, in order that they might not exceed the limits to which they were entitled. The commission will begin operations within a few weeks, and will report as to the price that should be charged the companies for the excess power developed.

ORPHANS' HOME WAR WORK.

An enjoyable supper was given to the children of the Protestant Orphan Home, Dovercourt road, by the Queen Esther Chapter, Order of the Eastern Star, of which Mrs. R. G. Furness is the worthy matron. In the course of an address given by the superintendent, Mr. Pollett, it was stated that the boys and girls had done an outstanding amount of war work. One little fellow of eleven years of age has knitted sixty-three pairs of socks. Hundreds of pairs had been made principally by the boys.

MENTIONED IN DESPATCHES.

Nurse A. M. Christie, formerly of St. Michael's Hospital, has been officially mentioned in despatches for her success at Salonica.

Do You Put Winning The War Ahead of Everything Else?

Are you willing to have party politics dropped until after the war has been won? Do you believe that Canada must "carry on" to the end, and support civilization with men, money, munitions and food? Ought every ability and activity of Canada to be devoted to winning the war? Are you determined that honor, duty and patriotism shall prevail over selfishness and indifference? Shall we support those sons, those brothers, those husbands, those fathers who are fighting for us at the front, and shall we send them the aid needed to save them from being killed alone and unaided? Of course you answer YES. Then fill out and mail this coupon and get your friends to do the same.

WANT PROVINCIAL ROAD BUILT

Port Credit to Owen Sound

W. A. McLean, deputy minister of highways, received a deputation of representative citizens of the Towns of Owen Sound, Markdale, Collingwood, Township of Notawassa and the Counties of Grey, Simcoe and Dufferin at the parliament buildings yesterday. Heading the deputation was Charles E. McKewen, M.L.A., of Orangeville, and member for Dufferin County, and with him was C. E. Cameron of Owen Sound, member for North Grey. A request was made that the government take over and establish as part of the provincial highway the road from Port Credit, running north, through the street thru Brampton to Orangeville, thence from Orangeville thru the County of Dufferin to Shelburne, and from Shelburne by way of the Toronto and Sydenham road to Owen Sound with a branch leading from Shelburne to Collingwood. If taken over these roads will form one of the north and south main arteries of the province. The members of the deputation will begin operations within a few weeks, and will report as to the price that should be charged the companies for the excess power developed.

YORK COUNTY AND SUBURBS

U.S. CADETS START AVIATION COURSE

Major J. Rubie in Command of Cadet Wing at Long Branch.

With the arrival yesterday of the new commanding officer, Major J. Rubie, formerly O.C. of the Armour Heights and Leaside Aviation Camps, the new Long Branch cadet wing is now in full operation, and by the end of this week it is expected the entire complement of almost 700 United States troops will have arrived. Up to last night some 300 embryo flying officers were in training. They will receive a preliminary three-weeks' course to prepare them for the school of aeronautics at the University of Toronto which will include, besides the ordinary drill, a course in disciplinary and machine gun drill and wireless telegraphy. Under Major Rubie, who is British officer of the 4th Dragoon Guards, is Lieut. C. L. Stewart, a Toronto boy, who saw active service in France with the 20th Battalion. At the present time the only officers in charge of the training are numerous British R.F.C. non-coms, including Sgt.-Major Lacy. The camp is now entirely completed, with the mess buildings, showers and water tank all in use. For drinking water, arrangements have been made with the city whereby two large tanks are daily brought in.

SURVEYORS ARE WORKING ON LOCUST HILL BRIDGE

With Approaches, New Structure Will Cost About Twelve Thousand Dollars.

The Toronto and York Highway Commission have a party of men laying out the new bridge at Locust Hill. The bridge will be about 1,200 feet long, and when it is completed will eliminate two twelve per cent grades as well as two very bad curves, thus improving the roads from Markham Township, Hill Brookline. It will be of reinforced concrete and will be about 800 feet long with approaches about 300 feet. There will be three spans, and it is stipulated that the work will be completed about the beginning of the year.

PLAN PUBLIC SQUARE FOR NEW TORONTO

Land Owners and Tenants of Property Are Notified to Vacate.

By notifying all land owners and tenants this week that they must vacate all the property facing the Lake Shore road, between 5th and 6th streets, New Toronto has completed the expropriation of the above land for the construction of a public square in which the town proposes to erect its town hall, court house, customs building and fire hall. The land is approximately worth about \$25,000, but a court of arbitration will fix the price of each parcel of property. The block is 250 feet by 240 feet in dimension.

Reeve Lovejoy, when interviewed by a reporter for The World yesterday, stated that it was hardly probable any move in the construction of the square will be made this year in view of the money stringency. New Block of Stores. In the course of next month building operations will be commenced on a block of four two-story solid brick stores, costing upwards of \$25,000, which, when completed, will add much to the appearance of New Toronto's main street. Facing the Lake Shore road they will be situated between 9th and 10th streets, and will have a pressed brick and plate glass front. The plans and specifications, which are now in the contractors' hands, show the buildings of a fine style, which will be a credit to the town.

INSPECT HARBOR

Delegates From Fourteen Ratepayers' Associations Enjoyed Trip.

In ideal weather yesterday afternoon, the ratepayers' association of the Toronto Harbor Commission, embarked on the steam tug Geary from Yonge Street Wharf for a tour of inspection of the harbor works. The party was accompanied by Controller R. H. Cameron, through whose kindness the trip was arranged, and the following officials of the harbor board: A. C. Mitchell, superintendent of construction; J. R. Walworth, assistant engineer; Norman D. Wilson, survey engineer; and Z. C. Margerson, marine superintendent. The tug, in command of Capt. F. Cook, left the slip at 2:30 p.m., and first proceeded to Anchor Bay, where the party disembarked and were shown the future factory district of Toronto, and the enormous work in progress. The party expressed amazement at the great amount of work completed and the large amount of land reclaimed within the past two years. A pleasant trip thru the lagoons was made from the tug. The party inspected the old filtration beds, where it was pointed out that thirty million gallons of water were treated daily and the new plant, where thirty-five million gallons are filtered each day.

WOMAN HIT BY AUTO.

Miss Lucy O'Brien Knocked Down While Crossing Street.

As a woman named Miss Lucy O'Brien crossed the road from her home last evening about 8 o'clock she was struck and knocked down by an automobile driven by Earl Powell of 28 Bayview avenue. She was carried into her home by the driver of the car, and Dr. Mowatt McCormack of 246 Yonge street, who was called, found that her injuries consisted of a badly bruised head and arm, and she was also badly shaken up.

LAKE SHORE RADIAL SERVICE.

Passengers Complain of Breakdowns and Poor Accommodation.

Several protests have reached the World office lately regarding the service on the Lake Shore branch of the Toronto and York Radial Railway. Passengers complain of frequent breakdowns and of the poor condition of the cars. It is also claimed that, no matter how many people are waiting to board the last car at midnight, for points such as Mimico, New Toronto and Port Credit, the company does not put on an extra car, and intending passengers are frequently compelled to spend the night in the city or hire an auto.

CAR HIT WAGON.

Yesterday morning about half-past seven as one of the branch of the Toronto and York Radial Railway was crossing over Yonge street at De Lisle street it was hit by a northbound Metropolitan car. The wagon was upset and badly damaged, while the driver got a severe shaking up. After being attended to, however, he was able to proceed to his home.

MERCHANTS PICNIC AT THE ISLAND

North Toronto Storekeepers Enjoy Annual Outing and Sports.

The North End Merchants' Association yesterday held its seventh annual picnic and games at the Centre Island Park, when about 1000 were present. There was a fine program of sports events run off for the merchants and their wives and children. There were all forms of amusements, including a wheel of fortune, a raffle for a ton of coal, and many other attractions. The proceeds, which were in aid of the soldiers' comforts, reached about \$500. During the day 1500 ice cream cones and 50 gallons of buttermilk were given away.

Following the sports the party sat down to a spread in the pavilion. The association, aided by the ladies' patriotic committee of the association, are doing exceedingly good work for the boys of the north end of the city who are overseas and are sending every month about 40 parcels overseas. The chairman of the ladies' committee is Mrs. F. Stevenson, and the secretary is Mrs. Ruthen. The officers of the association were the president, C. E. Ruden; Vice-President G. H. Moore; Secretary W. J. Barber, Chairman of the games committee, J. Lee; and the chairman of the refreshment committee, W. Bourne. Judges, Messrs. Walsh, Sharpe, Tierney, Gibb, Coombs, Ketchel, Barker and C. Gibbs.

NEWMARKET R.C. CHURCH HOLDS GARDEN PARTY

Proceeds, About Six Hundred, to Be Divided Between Church and Red Cross.

Over 1200 people attended the patriotic garden party that was given in the front garden of the Newmarket R.C. Church yesterday. The proceedings were presided over by the Rev. Father Wedlock, and the affair was really the most successful of its kind that has ever been held in Newmarket. The net proceeds reached about \$600, and are to be divided between church funds and the Red Cross, 25 per cent to be given to the latter.

HUGE CROWD ATTENDS CIVIC EMPLOYEES' PICNIC

Workers in the Street Cleaning Department Enjoyed Day at Long Branch Park.

Yesterday's excessive heat compelled almost 3,000 friends and relatives of the civic employees in the Toronto street cleaning department to journey to Long Branch park for their annual picnic, in the most successful manner yet. The picnic was held in the most successful manner yet held by the department.

ELMIRA ORGANIZES.

Special to The Toronto World. Elmira, July 25.—A strong resources committee was organized here today as a result of a rousing meeting, at which Dr. T. A. Walker of Toronto University was the principal speaker. The meeting was held last night. Dr. Walker making an urgent appeal for conservation of food and increased efforts in recruiting harvest help for the farmers. J. S. Sherman was elected secretary of the new organization.

DOUBLE BEATING IS LEAF'S HARD LOT

Enzmann Outpitches Hearne, and Bears Pound Two Pitchers in Second.

After a visit to the Island yesterday it is easy to see why the Newark Bears are leading the league. Anybody who viewed our double defeat yesterday will tell you that Tom Neesham has a smart club. They are treated to excellent pitching, have the hitters and are smart in every department of the game. Our end of the pole got a rude shock when we were beaten 5 to 1 in the first game and the Bears worked up something awful in the second game; to 2 was the count and it saw two Leaf pitchers handled in successful fashion. The pleasant little bout netted the visitors 16 hits.

To add to our cup of sorrow it was Bunny Hearne that fell in the contest. It was only Bunny's fifth defeat in twenty starts. John Enzmann outpitched Hearne and should have scored a shutout. Each club got seven hits, but Newark pitcher kept the bingles widely scattered.

It was a nice pitching duel for five innings. The Bears broke in with one in the sixth and the other two came in the seventh. We were helped to our one in the eighth. Hearne singled and Fruesdale flew out to centre. Callahan threw into the stand in an endeavor to get Hearne going back to first and he moved up to third. Jacobson's sacrifice fly scored him.

Two-base hit—Hase. Sacrifice hits—Russell, Eldred, Jacobson. Bases on balls—Hearne 3, Strussler 2, Thompson 4, by Enzmann 1. Left on bases—Freeman 2, Thompson 7. Umpires—Freeman and Hart.

Tommy Thompson tried his hand in the second game, but he got an unmerciful lacing, and two and one-half innings were enough for him. Newark got ten runs and our boys three. Sixteen hits for the visitors and fourteen for us. Justin, late of Buffalo, took up the work after Thompson retired and he was hit freely. The Leafs bounced away at Wilkinson, but the Bears had such a safe lead that it was useless.

The Bears bunched five hits with a wild pitch and a stolen base for four runs in the opening innings. The game was over right here as far as the fans were concerned. Thompson got thru the second, but they went at him in the third again. He retired after two runs were in. A sacrifice fly let another over before the visitors were retired. One in the fourth and two in the fifth made the Bears' total ten.

Kelly went out when Thompson failed. It looked as if he walked off the field of his own accord.

Altenberg and Blackburne did some grand hitting. The first mentioned gathered four smashes in four efforts and Lajoie collected three in four tries. Altenberg's double and Blackburne's single counted our first in the second.

Schultz studied in the fourth and Altenberg beat out a pretty swinging bunt. Blackburne again came thru with a timely single to score a run. A wild pitch moved up the bases unrun, and then Lalonde lifted a long fly to let the other over.

PLEASE TO REMEMBER THAT THIS IS OUR REGULAR SEMI-ANNUAL CLEARANCE—NOT A SALE FOR SALE PURPOSES, BUT A LEGITIMATE MERCHANDISING EVENT COMPRISING HIGH-GRADE GARMENTS FROM OUR REGULAR STOCK.

THE PRESIDENT'S AFFIDAVIT

There has been such a storm of so-called clearance sales, reduction sales, special sales on every conceivable excuse that we feel that public confidence is being wantonly abused.

Do Solemnly Declare that the above lines of Merchandise was bought for our regular business and is the surplus of legitimate Stock and not purchased for sale purposes.

And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "THE CANADA EVIDENCE ACT"

Subscribed before me at the City of Toronto in the County of York this twenty-third day of July A.D. 1917.

TORONTO BRANCH TEXTILE INSTITUTE

Will Co-operate With Technical School in Forming Elementary Textile Classes.

At a meeting of textile men, which was held yesterday afternoon in the board of trade rooms, a Toronto branch of the Canadian Textile Institute was formed with the following executive: Chairman, Hugh Clayton, graduate of Philadelphia Textile School, now connected with the Toronto Carpet Company; first vice-chairman, A. Doherty, of the York Knitting Mills, Limited; secretary-treasurer, A. Burton, secretary Toronto branch Society Chemical Institute; executive, W. W. Thomson, of the Thomson Knitting Co. Limited; H. C. Secord, F. T. Fitch, of the Toronto Textile Co.; T. D. Ward-

law, of the T. D. Wardlaw Co. Limited; C. B. Peterkin, of the Dominion Wool Stock Co. Limited; John M. Lalor, of John M. Lalor Co.

The work of this organization lies along the line of encouraging the establishment of technical schools for textile workers in the mills and others who are contemplating making the textile industry their life work to take advantage of these facilities. In Great Britain and in the United States, as well as in other countries, this educational work has been going on for many years, but in Canada little or nothing has been done either in the elementary or higher forms with the result that the Canadian industry is compelled to look to the graduates of the textile schools of other countries for their technically trained men.

It is the purpose of the Canadian Textile Institute to organize in conjunction with the technical schools special elementary classes for textiles operatives. It is also hoped that in the very near future schools for the higher work, such as that now being done by the schools at Philadelphia, Lowell, New Bedford, in the United States, and Leeds and Manchester, in Great Britain, will be established in the largest Canadian textile centres, such as Toronto and Montreal. The Institute also hopes

that the government, which has done good work for the pulp and paper industry along the lines of research and standardization by the establishment of the forest products laboratory, will also do something for the textile industry in the way of establishing and equipping laboratories for research and standardization, similar to that now established at Washington by the United States Government in conjunction with their bureau of standards.

Must Be United. We have no time nor inclination for racial strife or partisan interests. One thing we want, and that is a united Dominion, consecrated to the great purpose of bringing this glorious triumph for liberty and that, in our judgment, will not be achieved

ROYAL YEAST
Has been Canada's favorite yeast for over a quarter of a century. Brought back by Royal Yeast will keep fresh and moist longer than that made with any other, so that a full week's supply can easily be made at one baking, and the last loaf will be just as good as the first.

WINNIPEG TORONTO, ONT. MONTREAL

Society --- Conducted by Mrs. Edmund Phillips

A horse show under the auspices of the Toronto Hunt Club will take place at the Woodbine on Saturday, the 29th September, for the Red Cross Society. Mr. George Beardmore is the honorary president, and Miss Delia Davies, who is organizing the show, is the president. Mr. W. P. Fraser, secretary of the Ontario Jockey Club, has given permission to use the Woodbine.

Mr. and Mrs. E. F. B. Johnston and Mrs. Scandrett left yesterday for a fortnight's stay at Swamscott. Mr. Harold Scandrett will join them at the end of the week.

Hon. Frank Cochrane spent a day at Niagara Falls, the guest of Col. Raymond.

His worship the mayor spent the week-end at the Queen's Royal, Niagara-on-the-Lake.

That popular, clever and dependable woman, Mrs. L. A. Gurnett, was the recipient of numberless congratulations yesterday on the news becoming public that her only son, Mr. Norman Gurnett, 1st Battalion, C.E.F. (which is in itself a distinction), had won the military cross.

The Longwood Home for Aviators, the generous gift of Mrs. C. W. Beatty, will be formally opened on Monday, the 30th inst., at 3.30 p.m. Twenty-one convalescent men of the I. R. F. C. from the Gerrard Street Base Hospital are being moved to the home, followed by ten more in a few days.

All interested are cordially invited to attend. Stop 26, Metropolitan.

A wonderfully good drink for hot weather is made as follows: Boil for 20 minutes 2 quarts cut-up rhubarb (not peeled) in 4 quarts of water, strain it, when quite soft, onto 10 oz. of sugar and the rind, cut very thin, of one lemon and the juice. Drink when very cold.

Mrs. Aros Loudon Maclean, New York, is at the King Edward for a few days. Mrs. Maclean is the wife of Mr. Aros Maclean, formerly of 62 St. Mary street.

Dr. E. R. Bier, one of the cleverest of the young dental surgeons in Toronto, has just left for Montreal where he will take a post-graduate course in radiography, oral surgery and extraction.

WOMEN SPEAK OUT AGAINST ELECTION

National Equal Franchise Union Makes Demand for National Government.

NO TIME FOR STRIFE

"Political Contest Now, Fatal to Unity and Economy."

At an emergency meeting of the National Equal Franchise Union, held on Wednesday, July 24th, at the home of the president, Mrs. L. A. Hamilton, the following resolution was unanimously carried:

"Resolved: That the National Equal Franchise Union desire to urge upon Sir Robert Borden the urgent necessity of making one further effort to form a national government, as a general election at this moment would be fatal to the unity and economy so necessary to win the war. Further, it is urged that an election should not be held when the foreign and slacker element can vote and the men at the front cannot do so."

In moving this resolution, Mrs. Read-Johnston said there seemed to be no adequate words in which to express the hot emotions which surged in the hearts of the women as they contemplated the waste of time, energy and money as would be involved in a general election at this juncture.

The diverting of the attention of the women from definite war work and the dividing of their services was a serious matter indeed. The political situation was so problematic and intricate that to intelligently understand it and their franchise properly much time and thought must be devoted to its study. Our boys are stretching eager hands from overseas. We are pledged to support them. Any interference in these efforts will materially lessen the efficiency of:

1. Our fighting forces.
2. Our reserves.
3. The recuperation of our sons who are already suffering the results of their noble efforts at St. Julien, Vimy Ridge, Ypres and the various fields where they have so bravely distinguished themselves.

Must Be United. We have no time nor inclination for racial strife or partisan interests. One thing we want, and that is a united Dominion, consecrated to the great purpose of bringing this glorious triumph for liberty and that, in our judgment, will not be achieved

thru a general election at this crisis.

The following telegram received from the Montreal Suffrage Association, an affiliated body which represents the number of women thru-out the Province of Quebec, speaks for itself:

"Being unable to send a delegate, the following message of the Montreal Suffrage Association: We heartily support the policy of Sir Robert Borden for a union government to enforce conscription and insure vigorous prosecution of the war; and we regret a general election during the war. In Canada, going to the polls, cannot fail to carry on and so keep her word to our brave fighting men and to our glorious dead."

CUPS FOR PRIZE BABIES, INSTEAD OF MERE MONEY

The following letter to Mr. John G. Kent is now receiving his serious consideration, and he wonders if the majority agree with the writer or prefer the other.

"Dear Mr. Kent: I am only 14 months old, but I have rather strong views on the subject of baby shows and to protest against the action of the Canadian National Exhibition in offering money prizes for babies and thus putting us in the same category as livestock, or other agricultural products. One of your directors, a very wealthy man, has in his possession a little tin cup that he won at a baby show at Okaville many years ago. It is one of his most prized possessions. If I could win a cup or other trophy at the Exhibition I would think just as much of it as your director, but if I only get a money prize it is not given to me. A cup would help me to cut my teeth and do many other things that my babies have a weakness for, and besides I can keep it and proudly display it to my own children in coming years. Mother is writing this for me because the pen does not fit my hand very well, but I have asked babies prefer trophies rather than money. I for one will go on strike if you are going to put me in the livestock class."

HANLAN'S POINT.

Two years ago when Lawrence L. Solman tried to have the Sousa band appear at Hanlan's Point, he was informed that Mr. Sousa's bookings were already contracted for two years. At the end of that time he wanted this popular band he would have to contract for it then. This he did, and that contract will be fulfilled this coming week, starting Monday afternoon, July 30, when Sousa and his band will open a week's engagement at Toronto's popular lakeside resort, playing two concerts daily in the baseball stadium, rain or shine. Owing to the enormous cost of bringing this band to Toronto, a small admission fee of 25c will be charged in the evening, but no charge will be made in the afternoon.

DURBANO AT SCARBORO.

No announcement made by the management of Scarboro Beach Park in years has attracted more interest than that concerning the return of Signor Durban and his Royal Italian Concert Band of thirty-five pieces. This is the famous band that played at the Beach in 1914, and has not since that time it has been playing in the larger parks in American cities. The music this week is being supplied by the local military bands, while Mang and Snyder, the acrobats, are the vaudeville feature.

PLAYS, PICTURES AND MUSIC

THE ROBINS PLAYERS.

"The Dummy" is the play that Edward H. Robins will produce for the first time in Canada at the Alexandra next week, commencing Monday night, July 30. A detective comedy, Harvey J. O'Higgins and Harriet Ford, the authors, call it, probably with the idea of disarming the reviewer who would dare to take it seriously. The leading "detective" is an east side lad of fifteen or sixteen. He has read a lot of dime novels, and "shadders" the head of a detective agency until he gets a job. Thus he breaks into a kidnapping case, is made up to represent the son of wealthy parents, pretends to be deaf and dumb, is duly kidnapped himself, strikes the trail of the missing girl, is deserted with her when the gang makes its getaway, picks her up in his arms, trudges back to New York with her—a very tired, but very proud boy. It may sound trashy, but it isn't. It is good clean humor that never offends.

"THE WHIP" STILL ATTRACTS.

Despite the weather, "The Whip" is drawing splendid audiences to the Grand Opera House, and this record run for a photo-drama is the talk of the town in Toronto. The picture, a wonderfully distinct picture which has attended its production here. It tells an interesting story, has plenty of action, and is screened with telling effect, and a pleasing orchestration. "The Whip" will be presented for the balance of the week, with a matinee every day.

HIPPODROME NEXT WEEK.

The mighty struggle in Russia which resulted in the abdication of Czar Nicholas and the establishment of a republic will be shown for the first time in pictures as a special feature of an all-star bill at the Hippodrome next week. The Universal Film Company are producing the first authentic pictures taken by their special representatives at Petrograd, Moscow and other centres. The various activities of the people seeking to shake off the chains of oppression and their ultimate success are graphically shown in wonderfully distinct pictures. "The Hunting of the Hawk," a crook-detective five-part Pathe feature, stars William Courtenay as the headline attraction. Mr. Courtenay is supported by Marguerite Snow. The pictures of the Russian revolution will be shown at 1.40, 4.15 and 7.45 p.m., while "The Hunting of the Hawk" will be shown at 1.15, 4.30 and 8.15 p.m. An all-star vaudeville bill with bright singing and dancing offerings, musical revues and daring acrobatic feats complete an all-star bill. The new, scientific cooling plant installed at the Hippodrome ensures an even, delightful temperature.

"THE MIRACLE" AT LOEW'S.

Maurice Samuels and his players in "The Miracle," his latest and best comedy drama, telling the dangers encountered by a young Italian immigrant girl in arriving in New York, will be the feature attraction of a top-notch vaudeville bill next week at Loew's Yonge Street Theatre and Winter Garden. Another headliner on the bill is Bob Hall, offering a melange of extemporaneous songs and fun. Hall will present an absolutely new act in Toronto next week, a shipwreck of the extra added attraction, Valadya, the Brazilian beauty, and her "nuts," two clever men, will appear in an entirely new burlesque of songs, chatter and dances. The bill will include the Vespo Duo, "The Accordionist," and the Singer," and other oddities.

FAIRBANKS AT THE REGENT.

"Wild and Woolly," the feature attraction at the Regent this week, starring irrepressible Douglas Fairbanks, is an excellent feature.

The abundant, creamy lather of Lifebuoy Soap is laden with great cleansing power, and antiseptic properties as well.

LIFEBUOY HEALTH SOAP

So, when you have used LIFE-BUOY on skin, garment or anywhere in the home you can be sure of cleanliness and SAFETY.

The mild antiseptic odor vanishes quickly after use.

Announcements

Notices of any character relating to future events, the purpose of which is the raising of money, are inserted in the advertising columns at 25 cents an agate line. Announcements for churches, societies, clubs or other organizations of future events, where the purpose is not the raising of money, may be inserted in this column at two cents a word, with a minimum of fifty cents for each insertion.

which contains more mad riding than a dozen horse races. The entire drama is carried out with that display of high spirits that always makes a Fairbanks film such a splendid entertainment. A special feature shows the Highlanders leaving Toronto on their way to New York, and also marching up Fifth avenue to let New Yorkers see what the Klitties look like. Having both the Canadian and American end of this trip, the Regent news features are particularly interesting and timely. For next week's attraction the Regent will offer Toronto's favorite screen actress, Clara Kimball Young, starring in the famous Dumas play "Camille."

AT THE STRAND.

"The Social Leper," the fine World production which headlines the bill at the Strand Theatre for yesterday and today, is attracting much favorable comment. The way June Edwidge plays the part of a "vampire woman" who makes a shipwreck of the hearts and havoc of the fortunes of men, is little less than a revelation.

AT THE MADISON.

House Peters, in the fine Pallas production, "The Heat of the Ages," should draw big houses at the Madison Theatre today, tomorrow and Saturday. The photo-play has a splendid story, is beautifully produced, and gives House Peters capital opportunities for his remarkable versatility.

"The Time of Times" for Buying Furniture and Other Home Furnishings

The big Furniture Sale is here again--it begins this morning--and in spite of the difficult manufacturing and transportation conditions we are ready with a programme that should prove irresistible to those who require home-furnishings.

Special Purchases Will Constitute an Important Feature at This Sale

In addition to the substantial reductions that will be in effect on goods out of regular stock, we were fortunate in procuring many special lots of first-class merchandise at prices that will allow us to sell them to you at the usual wholesale prices or less, and still make our regular margin of profit.

manufacturers from whom we buy large quantities the year round co-operated with us to make this a big event.

The manufacturers sacrificed a portion of their usual profit; we are giving up some of our usual profit--and so by working together we are able to make this sale a mighty big event.

The Home-lovers' Club is the key that will unlock the doors of opportunity to thousands during this sale. Let it unlock the door for you, too.

The Home-lovers' Club Again Opens Its Register to Help Home Owners who wish to share in the advantages of this sale, but who do not wish to pay all cash for their purchases.

The policy of this store has always been, and now is, to buy and sell for cash. We have only one price, and that the lowest cash price to everybody.

We have found, for the past three years especially--that is, during the period of the war--an increasing thrift and conservation, which avoids debt and prefers to pay as you go.

To many perfectly responsible customers of moderate income this would involve the postponement of home furnishing or the doing of it piecemeal.

For these customers we started the Home-lovers' Club, which has now on its register about six thousand names. These customers have availed themselves of the plan of extended payments.

Simultaneously with our August Furniture offerings we re-open the Club to old members and for a limited list of new applicants.

The Club Office is on the Fourth Floor, where the Secretary will receive your application for membership. He will explain to you the plan for extending payments and the amount it is necessary to pay in cash.

You buy at our close cash prices, or, in the case of Furniture and similar goods, at our August Sale prices. There is no extra charge of any kind. The Club is just a convenience to those who wish to avail themselves of it.

Here is the List From Which You May Choose Today for Your Dining-room

- Sets of Dining-room Chairs, in genuine oak; golden or fumed finish; mission design; pad seats upholstered in genuine leather; five small and one arm chair. Regular price \$20.50. August Sale price \$16.75.

The Drapery Department's Contributions to the August Sale

- Months of preparation has resulted in our complete readiness with many splendid special groups that are offered in this sale for less than regular prices. This sale is also the occasion of our announcing lines of goods, not reduced in price, but which will be advanced very substantially at the close of this sale.
