(Continued From Page 1). Grand Master W. E. Tummon stated that he would receive the position of police superintendent. Mr. Dewar: You have your mind made up but you don't propose to tell me. Mr. Raney: I have not my mind made up. Mr. MacBride (South Brant) thought the attorney-general was endeavoring to establish dictatorship.

Who is New Man?

Conservative Leader Ferguson said it was plain that the government had made up its mind not to appoint Rogers to the position. Mr. Curran and Sam Clark supported the attorney-general's position. Major Tomlin said the province had already lost the services of two good men, who resigned because they did not believe that there should be an unseparated system of law enforcement.

No More Spotters.

R. L. Brackin (West Kent) said he was not in favor of making whiskey detection out of members of the provincial police force. The attorney-general: There is no thought of asking the provincial police to become spotters.

Would Destroy Morale.

Charles McKee (Conservative, Sudbury) thought the new bill would destroy the morale of the present police force of the province. If it went into effect, it would result in some good men in the north country leaving the force.

Mr. MacBride (South Brant) thought it was time that the attorney-general should be asked to withdraw the bill. Mr. Raney: I have not my mind made up.

The proposed bill made the attorney-general an absolute dictator. Nobody in Russia could have greater powers or authority in the matter of enforcement and order.

Mr. Raney (Conservative, Kingston) thought the bill was a step in the direction of a dictatorship. He thought it was a step in the direction of a dictatorship. He thought it was a step in the direction of a dictatorship.

As a memento of the grand lodge's services in the past few years has always been a donation of merit, and promises this year to surpass all previous efforts. Big Crowds at Pantages. Big crowds are enjoying the sight of George Arbuckle in "Brewster's Millions" at the Pantages Theatre.

RESIDENTS STATEMENTS OF DEPUTATIONISTS

Tom Jones Indignant Over Class Distinction in Proposed Hill Park.

A deputation of land owners and residents of the Hill section of Wychwood appeared before the council of the city yesterday, protesting against having a park site on the hill. The deputationists asked one member of the deputation if he would like to see his children to play in the park, and the answer was that he would like to see the milk would mix with the water.

In discussing the matter with the World Tom Jones, J. P. Wychwood, Wychwood-Bracondale Ratepayers' Association secretary, said that one section of the hill was now a residential district when there were no improvements or conveniences, and now the deputationists J. H. MacIntyre and P. Neal, committee on laws, G. Cooney, W. Rogers and A. Secord; committee on finance, Capt. Russell, J. R. Fleury and J. F. Mellor.

The following district deputies were elected: Hamilton, Gordon Venator; St. Thomas, Chas. L. Genn; Galt, Fred Brewer; Toronto, John E. Knott; Montreal, Fred W. Shaw; Lindsay, Eph. Molton; Chatham, Reg. Arnold, and Belleville, Earl Bonter.

As a memento of the grand lodge's services in the past few years has always been a donation of merit, and promises this year to surpass all previous efforts. Its chief aim is to distinguish the order by its devotion from the beaten path of the old-time burlesque show, presenting an entertainment that is crowded with refreshing novelties, sparkling music, witty dialogue and clever comedians.

ANNUAL SPRING SALES

Note This! 100 Women's Dresses in a Great Easter Sale Today In the Regular Way Up to \$50, Today at \$25

Just in time for Easter gaieties comes this great Sale of Women's Street and Afternoon Dresses. One hundred in all, and only two or three of a kind among them.

The Dresses in a simple line, so it is quite unnecessary to emphasize their newness and smartness. They are of Taffeta, Serge, Crepe de Chine, Tulle or Satin and Georgette. With pleatings, stitching in color, embroidery, tinsel-trimming and beading. Colors, Brown, Grey, Dutch Blue, Navy, Black or Taupe. All sizes from 34 to 40 in the group, but being samples, the majority are in small sizes. Sale starts promptly at 8.30. See Window Display.

Massaging for Beauty and Care of the Skin

The all-important subject of the complexion will be taken up by Mrs. Margaret J. Blair in her Friday talk, and will be delivered in negligence costume. A beautiful skin is one of the qualities every woman owes to herself, her family and to the world. Mrs. Blair contends, and she will demonstrate how to cleanse the face, to massage it, how to get rid of wrinkles and extra china. Mrs. Blair is a living example of her theory that years should add to the complexion instead of subtracting from it. She contends (and rightly) judging from her own fresh, pink and white skin, that a woman may have beauty at a mature age—the only time in her life when it can be accompanied by real wisdom and wit.

A smooth, lovely skin has never been known to detract from a brilliantly developed mind, but it does add glamor to those who possess both. It does not need hours from regular duties to acquire a skin as youthful and free from wrinkles as the lecturer's. Five minutes, night and morning, following the simple directions given by Mrs. Blair and using the cream and lotion advocated by her, will work wonders. In all her talks on Health and Beauty the lecturer emphasizes the value of exercises, correct diet and sleep—all simple rules.

Certainly a healthier-looking person could not be found than Mrs. Blair. Her eyes are bright, her skin clear, soft and wrinkleless, her step light, and she brims with vitality. The various beautifiers for preserving and cleansing the skin, creams for preventing roughness from sun and wind, and the skin foods recommended by Mrs. Blair are on sale at our Toilet Goods Section.

Tomorrow Mrs. Blair will conduct a "Question Box." The lectures are held in the T. Room, Fifth Floor, daily at 8 o'clock.

Easter Gloves

Today a Special Showing of the New and Smart in Gloves

At no time throughout the Four Seasons does the matter of Gloves assume such importance as at Easter time. The accessories, quite as much as the frock or suit itself, make or mar one's toilette and, incidentally, nothing is quite so pat as it were for the Easter Gift as a pair of Gloves. For this special showing are all the new styles and colors in Chamoi sette, Silk, Suede or Kid. Interest is at fever heat where the gauntlet style is concerned, without, however, prejudicing in the least the popularity of the wrist length or the long ripple glove.

Chamoisette, for instance, in novelty gauntlet style, with one-dome strap at the wrist, as well as the two-dome short glove, with embroidered back, in all the smart light shades is priced \$1.50 to \$2.95.

Heavy Milanese Silk Gloves also find great favor this season. They are in novelty styles, with rows of tiny tucks on the cuff; gauntlet styles, with gusset in contrasting shades and stitching on the back to match. Others with cuff finished with tiny frill, as well as long gloves in mousquetaire style. In all the wanted light shades, as well as Navy and Black. The silk gloves are priced, the pair, from \$2.50 to \$3.50.

Suede Gloves also have a little court all their own. To be had either in "Perrin" or "Trefousse" make, in two-dome style, with embroidered back in gauntlet style, with elastic at the wrist or with novelty Black and White checked cuff. In beautiful soft shades, including Pearl Grey, and also in White. Priced from the pair, \$3.50 to \$7.50.

Kid Gloves, smarter than ever. There is the two-dome style, with two-tone stitched back and contrasting band around the wrist; also the gauntlet styles, with two pearl domes and turnback cuff, faced with kid in contrasting shades, such as White with Mauve, or Champagne with Brown. Then the short, two-dome gloves, with heavily embroidered back, and smartest of all White kid gauntlets, with gusset kid and elastic wrist. Prices in this group range from \$3.75 to \$7.50.

She was alone all day, her aged mother being away visiting. The Toronto World

FOUNDED 1890. A morning newspaper published every day in the year by The World Newspaper Company, of Toronto, Limited.

Building Mechanics.

A shortage of building mechanics has forced itself for attention on the builders and the unions of the city. The condition has arisen because of the fact that during the years of the war immigration practically ceased, and as Toronto for years depended upon the old country building mechanics the usual supply was not forthcoming.

As The World pointed out a short time ago, the building trades have not offered sufficient inducements to boys to take up this occupation. Inside trades and other means of employment have offered better inducements and more continuous occupation with less exposure to the rigors of the Canadian winters.

Pruning the Estimates.

In pruning down the estimates of the commissioner of works the committee of the council has taken the natural course for the present year, but the effort to reduce expenditures should not be carried to a limit which will jeopardize any of the city's big undertakings.

The Rosedale bridges are an entirely different matter. This can be left until the transportation commission has made a definite decision as to what is to be done in the matter of transportation for the present isolated section of North Bayview and Moore Park.

Residential Protection.

The most talkative member of the city council is not usually the best representative of the people in that body. Alderman Gowan takes less time, perhaps, than almost any other member in the discussions of that body, but instead of talking, Alderman Gowan thinks. A suggestion of his at the property committee on Monday deserves a good deal of consideration.

The question of location of industries and businesses in residential sections of the city is continually arising for settlement at the hands of the council, and often because of the present system these are placed in districts before the people are apprised of the fact, much to their disgust, and the council is unable to take back the privilege after it has once been given.

Alderman Cowan, to avoid this in future, has forwarded for the consideration of the council the idea of having applications for such privileges advertise the same before making the application. If this is done there can be no objectionable businesses established without the knowledge of the people in the district.

Toronto's Volunteer Corps. Fine it is to see Toronto's reorganized volunteer regiments again fighting their peace-time usefulness. The deathly glory that men from their ranks have won in France stand to the credit of Toronto's citizen volunteer soldiery and should be handed on from generation to generation by the regimental organizations that have come to be a great part of Toronto's military history.

"What's the matter with you, Syc?" he complained. "What's come over you now? You ain't goin' to quit me, are you?" "That's what!" answered Sycamore, smiling. "I'm a horse and a sitchin' his pistol to the front. He turned Round Valley towards the west, but Martin left him in the lurch."

TYRREL AVENUE PEOPLE PROTEST AGAINST PARK

Large Deputation Waits on Board of Control in Opposition to Proposal—Would Depreciate Property, Is Claim—Some Favor Scheme—Works Department Underbids Many Contractors—Civic Grant Towards the Building of Nurses' Home.

Parks Commissioner Chambers proposed to present a 2 1/2-acre park to the people on the hill in the vicinity of Tyrrel avenue has called forth anything but gratitude from them; in fact, they appeared at the meeting of the board of control yesterday in numbers and protested against the proposal. At the last meeting of the council, the commissioner succeeded in having a resolution passed authorizing the purchase of the 2 1/2 acres of land at the edge of the hill in the vicinity of Tyrrel avenue, from the Turner estate at a cost of \$75,000 to \$100,000. Residents declared to the board yesterday that this was all highly restricted property, and it opened up as a park the best of their properties would be depreciated.

Stuart A. Combs said: "We do not want a community park there, as it would be a detriment to our properties."

"I have a letter from Mr. Combs in my office offering, on behalf of the Turner estate, to sell the piece of land adjoining this park purpose," replied the commissioner.

W. Wallbridge declared that if the city put the deal thru without the consent of the residents it might have a damage suit on its hands.

The commissioner said he believed the deputation was under a misapprehension, but he had no desire to force a park on them if they did not want it. The controllers took a similar view, but announced that decision would be reserved.

Appears For Other Side. Tom Jones appeared for the other side. He said the people on the hill wanted the park and he would bring a deputation to council next week to demand the purchase of the land for a park.

Alfred Glanelli asked the board to consent to a deviation of the water-front boulevard and the right-of-way for radials in order to save his house, which is in the line of the driveway, near the Humber. E. L. Cousins of the harbor commission said it would cost half a million to extend the boulevard and move the boulevard and radial strip farther out. The board decided that it could do nothing.

A motion by Controller Gibbons that a 60-cent minimum wage clause be put in all city contracts was not voted on, the matter being left over for a decision by the full board.

Underbid Contractors. The city works department underbid contractors on 19 out of 27 paving jobs, for which tenders were opened yesterday, although the city engineer's tenders were based on a 60 cents an hour minimum wage rate.

Representatives of St. Michael's Hospital handed to the board an affidavit certifying to the correctness of bills incurred in the building of their nurses' home. Council last year voted a grant of \$100,000 for the nurses' home and the money will now be paid.

Tenders were received for the wrecking of Grosvenor Street Presbyterian Church, recently acquired by the city to make way for the extension of Terauley street, but the board decided to confer with the assessment commissioner on the question of doing the work by day labor to help out the unemployed. Tenders submitted were around \$2,500.

The board was asked by the amputation association to reconsider the rule providing that civic positions should be open to only those soldiers who were residents of Toronto for six months prior to enlistment. The board felt obliged to Toronto citizens first and declined to reconsider the rule.

MAYOR BENEFITS BY HOLIDAY IN SOUTH

Toronto Chief Magistrate Receives Hearty Welcome on Return Home.

Mayor Church appeared considerably improved in health on his arrival home yesterday at noon from a month's holiday spent in the south.

At the station to greet him when the train pulled in at 12:15 p.m. were acting Mayor Maguire and the other members of the board of control. He stepped briskly down from the car and shook hands with the members of the reception committee and the press representatives.

The mayor brought back from Atlantic City a decided quota of tan and told friends who met him that he was feeling fine. It was evident that he had been receiving the Toronto newspapers and keeping thoroughly in touch with the trend of events here.

Miss Church, who accompanied the mayor on his holiday, also returned yesterday. Another Torontoonian of the same train from Atlantic City was Mr. Carroll, proprietor of the Carleton Hotel.

His worship did not get down to the city hall yesterday afternoon, preferring to rest after his long train journey.
