Fables On Health

CHILDREN'S CONVULSIONS

ONE of Mrs. Mann's neighbors was telling her about a child that had convulsions. "The child became as rigid," she said, "and his eyes were fixed and hands clenched. Why, it just made me feel dreadfully to see it suffer." None of Mrs. Mann's youngsters had even had convulsions. Yet, one could never tell. It would be well to know what to do in case any of them should have. So she asked her doctor, and this is what she learned: The possible cause should be looked for and remedied, yet there is no cause for immediate alarm. The child should be placed in a hot bath as soon as possible, and cool cloths should be wrapped around the head. After the child has been immersed, he should be lifted out, wrapped in a warm blanket and left to sleep. Convulsions in children often result from a fit of indigestion, or the irritation from cutting teeth may produce them.

FLAPPER FANNY SAYS

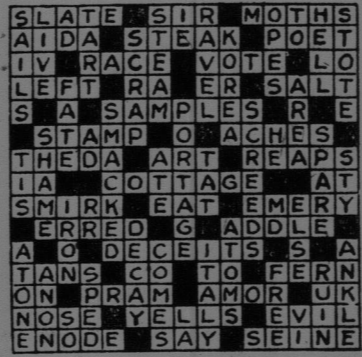

AFTER all, a boy who is raising a moustache may feel a little down in the mouth. USE SANDPAPER Rub the soles of a baby's shoes with sandpaper before they are worn. This prevents many a fall due to stiff soles. SILVER POLISH For a silver polish mix whitening with ammonia. This makes a very bright and very lasting polish. At 15 years of age, Eli Whitney had perfected a machine for making nails.

The Latest Scarf

HERE'S something new in neckwear, the net scarf embroidered in wool with wool fringe that ties closely about the throat in the manner of the old-fashioned stock. The wools are very bright and crude as to color and the net has a very wide mesh. This accessory is very much liked by the new plain topcoat or the tailored suit.

Yesterday's Puzzle.

Adventures of the Twins

By OLIVE ROBERTS BARTON. WHY RABBIT S CAN JUMP.

Mister Peg Leg and Nancy and Nick came to Doctor Snuffles' house and rang the bell. Doctor Snuffles himself answered it. "Ho, ho," said he, rubbing his hands and looking over his specs at his visitors. "I see you've come to see about getting a new leg, sir. Well, I'm afraid I—"

The fairy peddler laughed. "That's what I'm after, Doctor Snuffles, but not in the way you mean. I want to make enough money to buy a new leg, as this one is wearing out too short. Everybody who buys from me helps me to get a new leg. Can I sell you something, sir?" "You certainly can," said Doctor Snuffles. "I don't suppose many people refuse you."

"Yes they do," said Nancy, speaking up. "Mrs. Bunny wouldn't buy a thing. Just because Mister Peg Leg didn't have an Elbow Grease to help to clean her kitchen."

"Elbow Grease! Elbow Grease!" said Doctor Snuffles in a puzzled voice. "It does sound familiar. Yes, I am sure I have heard of it. It is supposed to be a very good cleaner, but I don't believe I ever really saw any."

"Oh, yes, and Mrs. Bunny said to tell you to please send her some salve to rub on her rheumatism," said Nick. "I almost forgot about it."

"Very well," said Doctor Snuffles. "I'll have some over at once. Poor Mrs. Bunny lives in such a damp place she gets very stiff. Sometimes she can scarcely move. I don't know how she gets her work done at all. If it wasn't for this good salve I send her I don't know what she would do. It limbers up all her joints and makes them work better."

Doctor Snuffles sat down and filled a little jar with salve out of a great jar. Then he screwed a little tin lid on top and pasted a label on the side, and started to write.

"Where does Mrs. Bunny have rheumatism?" asked Nancy. "In her elbow," said Doctor Snuffles. "If she didn't keep them greased up she—"

Suddenly he stopped and laughed and laughed. "Now I know what Elbow Grease is," he said merrily. "It's grease you put on your elbows to make them work better. No wonder they say that plenty of Elbow Grease makes things clean. The only difference is that you put this grease on yourself instead of on the thing you are cleaning."

"I'm going to label Mrs. Bunny's rheumatism salve 'Elbow Grease,' Mister Peg Leg," went on the doctor, "and you can take it over to her yourself. Tell her to be careful though and put it on her instead of the stove. And you may keep the money to help buy your new leg."

But I think Mrs. Bunny rubbed the whole family with it, particularly their legs. For ever since then the rabbit family have been wonderful jumpers. (To Be Continued.)

The Great Breatheable Remedy
Peps
FOR COUGHS, SORE THROAT, COLDS & BRONCHITIS.
As you dissolve a Peps tablet on your tongue, certain healing fumes are released which are immediately taken with the breath down into the furthest recess of the lungs where liquid medicines cannot penetrate. These Peps fumes on their way bathe the whole of the breathing passages with their healing potency, soothing the throat, allaying inflammation in the bronchi, and relieving the chest. Liquid medicines are simply swallowed into the stomach and cannot act in this direct Peps way. While Peps are an expensive remedy to produce, the demand has become so great that it has now been found possible to have the PRICE REDUCED to 25c. box

WHITE FOX USED. FOR NEW STOVES. White fox is very popular as a trimming for the new spring coats that come in black satin or crepe. When initiating a new stove, heat it very gradually in order to minimize the possibility of enamel cracking.

Food for Thought. Starting with the fair supposition that a remedy costing 25 or 50 cents a bottle frequently saves a \$3.00 fee, imagine if you can the total savings effected by the many millions of bottles of Johnson's Anodyne Liniment sold since 1810. There is nothing so positively good as this doctor's prescription for Grippy Colds, Bronchial Colds, Sore Throat, Cramps, Chills, etc. More than 100 years of splendid success has attended the internal and external use of this famous old family remedy. It is not unreasonable to assume that many a 25 or 50 cent bottle of Johnson's Anodyne Liniment has saved a 25 or 50 dollar total of expense.

DREAMS LEAD TO COURT CASE FOR GREAT FORTUNE

Mrs. Lilian Kirtlan Now Seeks Millions from British Treasury

GETS OLD BIBLE AND MISSING RECORDS

Tells Strange Tale of Dreams on Three Successive Nights.

LONDON, Feb. 24.—Claiming from the treasury an estate valued at from \$35,000,000 to \$50,000,000, Mrs. Lilian Kirtlan of Wetheral, a pretty Cumberland village on the outskirts of Carlisle, tells an extraordinary story of a series of vivid dreams, and speaks of some unseen driving force which has forced her to make researches into the family history, and finally claim an estate which has lain unsought for more than 50 years.

Mrs. Kirtlan, who is the wife of a railway fitter, is now in London instructing her solicitors, and the case is likely to come before the courts soon. She claims to be a direct descendant of Sir John Jerny, who was the Governor of Sierra Leone in 1840-41.

Story of Fortune.

The Jernys were descendants of an old Huguenot family who landed at Fishguard during the French wars. Some of these settled in Garraathenshire, and established themselves as millers at Langharne Mill.

The John from whom she claims descent was brother to Joshua, the miller at the place, and while Joshua stayed at the mill, John went abroad and amassed a considerable fortune. He was noted for his stubborn fight to abolish slavery.

In 1836 he was sent to Ceylon as a judge. In October, 1840, he was appointed Governor of Sierra Leone, and knighted the following November. He died in Sierra Leone in April, 1841, leaving a considerable fortune. These estates have been waiting the rightful claimant for upwards of 50 years.

Tells of Dreams.

Mrs. Kirtlan, the claimant, has often heard her mother and grandmother both speak of a large fortune which they said rightly belonged to them, but to which they could not prove their title owing to a gap of some considerable time in the family history. This could not be filled up without documentary evidence.

She, however, had never troubled herself about the matter. But a couple of years ago she had remarkable dreams and these set her on the trail of the fortune.

In her first dream Mrs. Kirtlan found herself in a country lane late at night. She did not know the place, but remembers there was an old castle nearby, and a gateway leading from the lane to what was apparently an old water mill.

As she stood contemplating this, an old man appeared and pointing to the gateway, said in a deep voice, "Seek at Langharne," the name being pronounced as Lame. The next night she had another dream. She was carried a bit further and found herself knocking at a door in a strange place. The door opened, and she was admitted to a room where there were several people apparently seeking for a book, as there were books littered all over the tables floor.

Directed to Book.

As she stood wondering what it was all about, Mrs. Kirtlan says she distinctly heard the same deep voice she had heard in her previous dream, say, "Here is the book." She woke in a cold perspiration.

The third night she dreamed she was seated in a room, and an old Bible was brought to her and placed in her lap by an old man with silvery white hair, who said, "Look, my child." The book was much the worse for wear. She saw some writing on the back pages. Very much startled she reached forward to read and—wakened.

Mrs. Kirtlan related her dreams to some relatives, one of whom said, "I wonder if it can have any bearing on the lost Bible grandmother used to talk about, and which she said would restore the family fortunes if it ever turned up."

She found her way to Carmarthen, and after some days' search discovered some distant relatives at Langharne. There was the Bible and, combined with other evidence, the entries in the old book have at last placed the missing links in the long chain of evidence required by Mrs. Kirtlan to substantiate her claim.

Pig Swallowed Her Diamond Bracelet

BUDAPEST, Feb. 24.—A diamond-studded bracelet which had been swallowed by a pig has been recovered by the wife of a wealthy landowner who lost it in the courtyard of an inn where the pig was being fattened.

It was not known at first that the pig had swallowed the bracelet, but after a vain search it was decided to slaughter the animal, and the bracelet was found in its stomach.

Children of Many Officers Elected

Officers for the ensuing year were elected at the meeting of the Children of Mary as follows: President, Miss Josephine McNamara; vice-president, Miss Katherine McCullough; secretary, Miss Mary McGrath; treasurer, Miss Ethel Callaghan; financial secretary, Miss Lottie Ainton; mistress of novices, Miss Agnes Donovan; executive, Miss Mary Callaghan; Miss Grace Holmes; Miss Mary Gairnes; Miss Carmel Higgins; Miss Edna McLellan and Miss Elizabeth McNamara.

LAST OF THE SEASON

Card Party in St. Patrick's Hall, West End, Much Enjoyed.

The card party in St. Patrick's Hall last night was the most largely attended of any in the much enjoyed series of card parties held under the auspices of the Women's Society of the Assumption church. Mrs. Thomas Morrissey was general convener and, assisted by members of the executive of the society. The young ladies served the refreshments. The card parties will be discontinued during Lent and will be resumed after Easter. The prize winners last night were as follows: Ladies' first, Miss Annie Ring; second, Miss Charlotte Hayre; consolation, Mrs. Charles Russell; men's first, Leonard Lynch; second, James Burns, and consolation, F. Garnett.

There were 24 members present and they accomplished much work. Mrs. Brown, president, was in the chair. Mrs. Edward Bridge and Mrs. Talbot H. Gildards assisted the hostess in serving.

Hon. Dr. J. E. Hetherington, Provincial Secretary-Treasurer and Acting Minister of Lands and Mines, was in the city yesterday.

A Milkman Who Takes Water Out! One of the favorite themes of the jokesmith is the milkman who waters his milk. Though the joke has little basis in fact, yet you have heard it many times. But have you ever thought of the milkman who does exactly the opposite—the milkman who takes water out? That's what the Carnation milkman does—and here's why he does it: Millions of people, all over the world, use Carnation Milk regularly; it comes to them from some of the finest dairying sections of Canada. It seems foolish to pay transportation on all the natural water in this milk, so most of the water is removed. Such removal serves to concentrate and enhance the food values in the milk, making it richer and smoother. It also explains the satisfaction with which so many people use Carnation Milk undiluted in place of costly cream, in coffee or on cereals and fruits. Remember, Carnation is simply pure milk, evaporated, sterilized; nothing is added, no sugar or preservative of any kind. You can restore it to its original strength and consistency merely by putting back the water that has been taken away. Order with the groceries—several tall (16 oz.) cans or by the case of 48 cans.

Carnation Milk. "From Contented Cows". The Label is Red and White. Carnation Milk Products Company, Limited, Aylmer, Ontario.

Place a standing order—with your baker, grocer or bread salesman for Raisin Bread on Wednesdays. He will then deliver or reserve for you a loaf fresh from the ovens every week. A special baking made with Sun-Maid Raisins. Your Baker. Endorsed by bakers everywhere, and by the Bread and Cake Bakers' Association of Canada. Wednesday is Raisin Bread Day.

Perhaps you are using good tea. We think "Red Rose" extra good. Won't you try it? RED ROSE TEA "is good tea" The same good tea for 30 years. THE EVENING TIMES-STAR, ST. JOHN, N. B., TUESDAY, FEBRUARY 24, 1925

ILLUSTRATED ANGLES ON PEOPLE AND EVENTS IN WORLD NEWS

THEY'RE BABY STARS OF 1925

They were only obscure movie "extras" a little while ago. But today they are the happiest girls in Hollywood. For they are started on the road to fame upon the silver screen. They are the "Baby Stars of 1925."

LUCKY

Little Nancy Caswell, 11, is a lucky girl. With her earnings as a screen actress, even though not in a stellar role, she managed to save enough to take a trip through Europe as a part of her education. She is shown on her return.

YOUNGEST

Here is the youngest candidate for Wellesley College, who was registered with the college when she was six hours old. She is Ellen Elaine Kayser, and her parents say she will have her trunk packed and ready to leave for college in the fall of 1942. Dad is now efficiency expert at Wellesley.

KNOW HER?

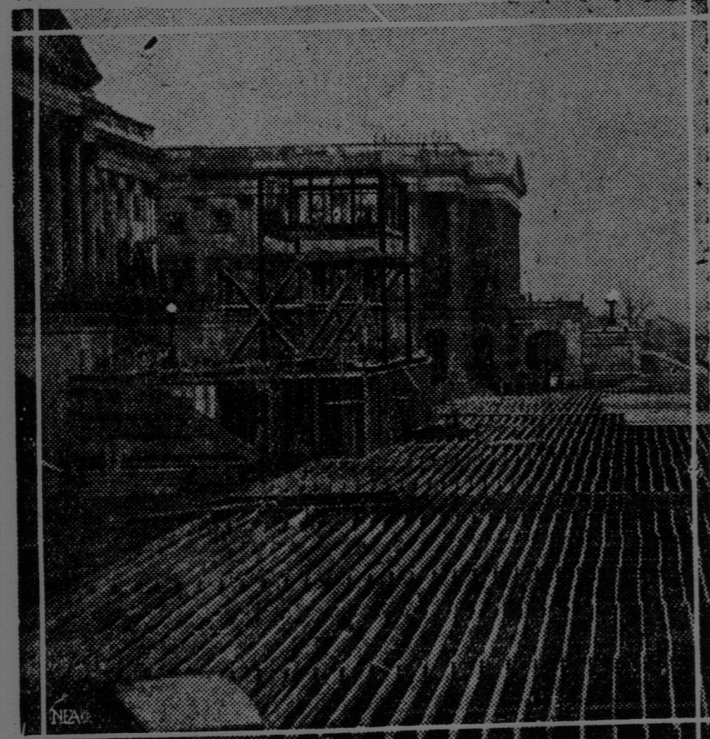

The girl pictured is one of America's favorites. The picture was made in Paris in the studio of Jean Patou, and shows the lady wearing one of his latest creations. But we won't keep you in suspense. The young lady's name is Norma Talmadge, with hair bobbed for the first time. Changes her appearance—but how?

SHE'S OUR CHOICE, TOO

Publicity men choose Olive Borden as 1925's most promising product of publicity. She's one of 14 choices. Never mind the rest. Yes, she's from Hollywood, too.

WHERE PRESIDENT WILL TAKE OATH

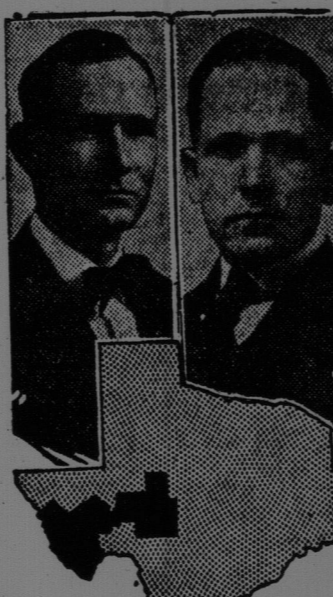

With economy the watchword, rapid progress is being made in the erection of the stand in front of the Capitol (shown above) from which President Coolidge will take his oath of office March 4, and address, not only the few thousands gathered about him, but the millions of the country via radio.

A PRODIGY

Elmyra Carlisle, 17, deaf, dumb and blind, an inmate of Clowbrook Home, near Cincinnati, O., is called a second Helen Keller. Super activity of the brain has endowed her with an intelligence which is said to be startling.

DISTINCTION

It isn't often that courts of half a state are dominated by jurists from one family. Yet west Texas has Judges J. F. Sutton, 34, and C. R. Sutton, 37, brothers, who will on Jan. 1 take jurisdiction over 28,864 miles, a territory as large as seven eastern states, with plenty to spare. And in addition to having jurisdiction of the largest territory, shown by black section of the map, the brothers are among the youngest jurists in the United States.

ALL WAS SERENE TILL THE MULE "MESSED UP THE DETAIL"

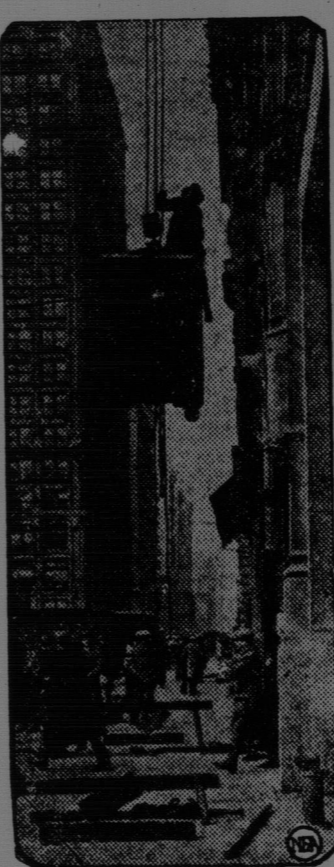

All was serene at Camp Devens, Mass. A regiment was on review. The general and his staff were dig f'ed and stately as became their rank. Companies marched past, perfectly aligned, with swinging stride and "eyes right." And then it happened. A mule with no thought of decorum or dignity, but solely governed by his own mullah ideas, broke loose. He passed in review all right, but not with "eyes right," nor at the sedate pace demanded by the regulations. In fact he went so fast and so close that the general, himself, did a quick "guide right." Wonder if the mule got "six months K. P.?"

BABY MANIAC

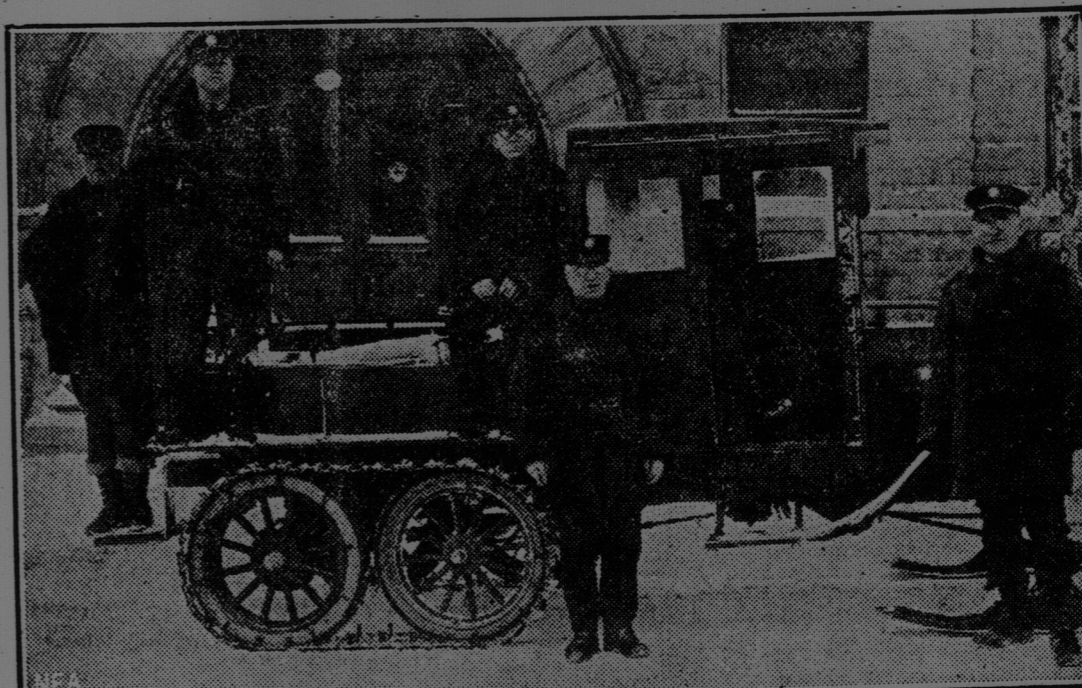

Alex Thompson, 7, has confessed to Los Angeles police that she killed her infant twin sisters by feeding them ground glass, killed a Los Angeles woman by feeding her rat poison, attacked two playmates with razors and tried to poison the family with which she lives. They say she has a "murder complex."

SOME RIDE

to their final destination. And it is a nice ride that the lad atop the safe has ahead of him, while he is fending off the safe from the walls. Raising safes to upper stories by means of a block and tackle is a common thing. But it is only in New York that it is a common sight to see them lifted 24 stories or more.

SNOWDRIFTS NO BARRIER

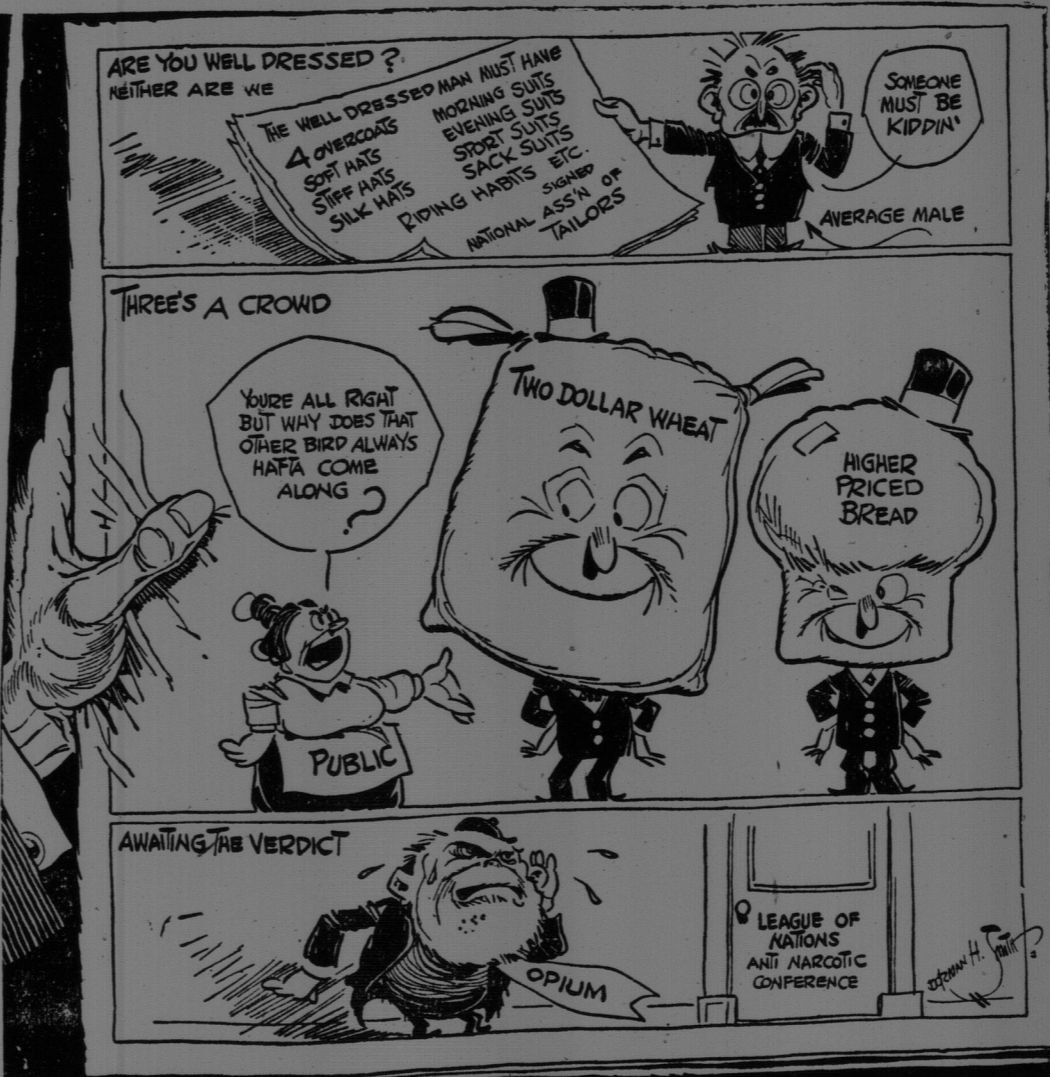

If your motor car has the habit of getting stuck in the snow, just add another pair of wheels, attach a caterpillar chain drive and scoot on! That's what the Cadillac (Mich.) tire department has done, and that's what motorists in France are doing.

IN THE PREHISTORIC ARENA

Bessie Love and Lewis Stone in the screen version of "The Lost World," by Conan Doyle. How the film revises the prehistoric monsters is also shown in the two pictures of battles between these giants of the past.

A STORY WITHOUT WORDS

ARE YOU WELL DRESSED? NEITHER ARE WE. THE WELL-DRESSED MAN MUST HAVE: 4 OVERCOATS, 2 SUITS, 2 HATS, 2 PAIRS OF SHOES, 2 PAIRS OF SOCKS, 2 PAIRS OF TIES, 2 PAIRS OF GLOVES, 2 PAIRS OF SLIPPERS, 2 PAIRS OF UNDERWEAR, 2 PAIRS OF HOSIERY, 2 PAIRS OF SHOES, 2 PAIRS OF SOCKS, 2 PAIRS OF TIES, 2 PAIRS OF GLOVES, 2 PAIRS OF SLIPPERS, 2 PAIRS OF UNDERWEAR, 2 PAIRS OF HOSIERY.

THREE'S A CROWD. YOU'RE ALL RIGHT BUT WHY DOES THAT OTHER BIRD ALWAYS HATE TO COME ALONG?

AWAITING THE VERDICT. LEAGUE OF NATIONS AND NARCOTIC CONFERENCE.

Premier Sees Good Results

By A. M. BELDING. Special Representative of The Telegraph-Journal and Times-Star now touring Western Canada in the interests of the Maritime Provinces.

EDMONTON, Feb. 23—"Such a mission as yours," said Premier Greenfield to me this afternoon, "bringing to one end of Canada a knowledge of conditions in another can only result in benefit to us and the Maritime Provinces."

Most of our differences are misunderstandings, and by such missions as yours they are cleared away, and the air clarified.

Your visit will be of benefit to the people of Alberta, and your experiences here, when you recount them in the Maritimes, will give your people a fuller knowledge of the aims, ambitions and ideals of the West.

Premier Greenfield added that he would like very much to visit the Maritime Provinces.

The Journal today says: "On Thursday of this week a delegation, the nucleus of which will be from the Maritime Provinces, but which will include representatives from other provinces also, will wait upon the Dominion Government to press the claims of Canadian ports and shipping routes. The incident will serve to recall the fact that history repeats itself. In 1862 a delegation of these Maritime Provinces to the Maritimes and the Canadian provinces that was urged upon the Government; this time it will be the important one of giving more weight to the transportation routes now built and ready to serve."

endorsed the platform laid down by the Maritime delegation to Ottawa and named as representatives to accompany the delegation Guy H. Porter, John W. Niles and Harry N. Blakelee.

MONTE CARLO

MONTRÉAL, Feb. 23—Pending information from the Maritime delegation regarding the date and time when the monster delegation which is proceeding to Ottawa to lay the case of the "national ports" before the Federal Government, the Montreal Board of Trade have not yet made specific arrangements for their part in the representation of Nova Scotia, and the secretary of the body, here tonight, said that the board would be ready to do so as soon as the Montreal board is informed of the programme of the Atlantic coast representatives they will be unable to proceed with their own arrangements, Mr. Cook intimated.

Halifax

HALIFAX, Feb. 23—Twenty-three delegates were ready to start for Montreal tomorrow to join the All-Canadian delegation to Ottawa when Secretary Saunders, of the Board of Trade, was last interviewed tonight. These men will represent Halifax in the delegation to be laid before Parliament in the interests of development of trade through Canadian ports.

Edmundston

EDMUNSTON, Feb. 19—In the matter of the efforts being made to bring Canada into a union of interest, which is stirring the whole country, Edmundston joins with the other Maritime cities, towns and districts. A special committee of the Town Council of Edmundston met at the Town Hall on Wednesday evening and decided to send a delegation to Ottawa. These delegates being His Worship the Mayor, Messrs. D. Cormier, and Thos. Guerrite, the town clerk of Edmundston. They will leave on Wednesday next and join the St. John Delegation at Medford Junction. Their slogan will be "Canada for all and all for Canada."

St. Stephen

ST. STEPHEN, Feb. 23—That St. Stephen and Milltown, the home of the manufacturing plants, will have a good representation on the Ottawa Wednesday is now assured. The people as a whole are very enthusiastic over this movement, and although it is not known at the present moment just what will leave, it can safely be said that no less than five will represent this section with the chances more than likely that seven or eight will be sent to Ottawa. The St. Stephen Town Council will send a delegate, and it is expected that other manufacturing firms will also send representatives. Quite a few citizens have also indicated their intention of going, while Milltown will probably send a delegation.

Hartland

HARTLAND, Feb. 23—Hartland at a public meeting on Thursday night decided that the cause of the Maritimes was a just one and that the town should send delegates to Ottawa with the Maritime delegation. Mayor Boyer, Ex-Mayor McFarland and Alderman Hatfield are the delegates, and all are confident that they will be others. Many fine speeches were made at the meeting and the whole assembly seemed very enthusiastic. Everyone was of the opinion that the delegation would do a great amount of good and that the Maritimes as a whole would be materially benefited. In conversation with Mayor Boyer this morning he said that it most assuredly was time that the towns and cities in the Maritimes had awakened to the fact that we down here by the sea were part of the great Dominion of Canada and that we had a perfect right to the demands that the delegation was going to place before the powers at Ottawa.

Gagetown

GAGETOWN, Feb. 23—G. W. Dineen, of the Gagetown Agricultural Society, will represent that body on the All-Canadian delegation to Ottawa.

Newcastle

NEWCASTLE, Feb. 23—At a special joint meeting of the Board of Trade and Town Council in the Town Hall the aims and objects of the delegation to be sent to Ottawa from the Maritimes were fully discussed and explained by W. E. Anderson representing the Progressive Board of Trade who addressed the meeting. Two representatives to go to Ottawa were appointed by the Board of Trade: G. E. Fish and David Ritchie, with G. G. Stohart, G. P. Burdell and J. F. Kingston, alternates. Two representatives were chosen by the Town Council: Mayor D. S. Crahan and Town Treasurer J. E. T. Lindon. Other members of the delegation are John Russe, Edward McEvoy, W. P. Smartwood, Fred V. Dalton. The delegation is leaving Tuesday afternoon on the Limited.

Andover

ANDOVER, Feb. 23—The Victoria County Board of Trade convened at Andover tonight with Dr. R. W. Earle presiding. About 45 members were present and the meeting enthusiastically

SENATE REFORM GOES OVER TO LATER SITTING

Federal and Provincial Governments Will Consider Matter After Session

ELECTION POSSIBLE IN DECEMBER NEXT

Lapointe Makes Appeal for Open-mindedness in Discussing Changes.

OTTAWA, Feb. 23—It is now absolutely certain that the present session of the Dominion Parliament will not be called upon to deal with the proposed Government measure for Senate reform.

Previous to the opening of this Parliament it was generally assumed that a measure would be submitted in this fourth session, but the Speech from the Throne referred only to the calling of a conference between the Federal and Provincial Governments to consider the question of amending the British North America Act to permit of some reform of the upper chamber.

Conference After Session.

That conference, as was intimated last week in the debate on W. F. Maclean's resolution regarding Federal power to amend the British North America Act, will be held very shortly after the close of the present session and this session, from present indications, will be much more brief than was at first anticipated, for there is little of a highly contentious nature likely to be submitted to Parliament.

Again it now appears that much less than six months will elapse before the fifth and last session of this Parliament will be called. That session will, it is believed, shortly precede the general election. So it is just possible that the next appeal to the people may be held in the same month in which the King-George came into power, December.

Lapointe's Appeal.

As to the inter-governmental conference to deal with amendment to the B. N. A. Act and Senate reform, Hon. Ernest Lapointe, Minister of Justice, in the debate last week on Mr. Maclean's resolution, His actual words have not yet been printed.

"I appeal to all those who will have to speak in any authoritative way on this question not to put difficulties in the way by untimely and immature statements in regard to this conference. It ought to be a momentous gathering. Everybody should go there with a free open mind and convinced that he should listen to all the arguments and try if possible to come to an agreement and meet the wishes of the majority of the people of Canada."

Says Maritimes Will Win If They Keep Together

(Financial Post).

OTTAWA—The notion that this would be pretty much a Western session dealing chiefly with matters relating to the Crow's Nest Pass rates is being dispelled by the billows of representation that are rolling in from the Maritime Provinces. As is generally known, almost every year the provinces won by the Atlantic make some kind of representations, but this year they will outdo anything of the kind that has yet been done.

The capital hears that a deputation of about 1,000 is being organized to wait upon the Government. Possibly by the time it arrives it will have swelled to a few hundreds, but even that would be impressive. Remembering how the farmers' deputation from the West influenced the Government's policy fifteen years ago, possibly the wig-wags of the Maritime provinces will be equally effective. There is no doubt that the people of the Maritime Provinces are in earnest and that the agitation for more commercial treatment. What is more, their agitation appears to have gathered much strength, because those behind it have apparently been able to subordinate political differences and to stand united.

As far as the Progressives are concerned, there has always been a strong feeling in the Maritime Provinces to credit the Progressives and to credit the Progressives together. Evidence of this is to be seen in a new paper advocating Maritime rights, which is being circulated among the M. P.'s and which declares that the example of the Progressives must be followed.

Results Inevitable.

If the Maritimes do get together and keep together on business matters they will undoubtedly get somewhere. There will be differences of opinion as to what to do in the next Parliament, and in such a confused political situation as exists today these are sure to be quite a factor. Just now there appears to be somewhat of a disposition to get out of the old parties to pay more attention to the interests of the people, and for neither of them are quite sure that they will get much support from the country. There is no doubt that Parliament no matter what they do.

It is no doubt that Parliament no matter what they do. There is no doubt that Parliament no matter what they do. There is no doubt that Parliament no matter what they do.

EDMONTON BACKS OTTAWA SESSION

Board of Trade Will Send Resolution Supporting Delegation's Demands.

By A. M. BELDING.

Special Representative of The Telegraph-Journal and Times-Star, now touring Western Canada in the interests of the Maritime Provinces.

EDMONTON, Alta., Feb. 23—As a guest at the Kiwanis Club today, I was given a brief time to present the case of the Maritimes, and the chairman remarked that mine was a worthy mission. A resolution from the Edmonton Board of Trade, backed by a strong editorial from the Journal, will greet our delegates at Ottawa on Thursday.

Satisfaction is expressed here at what seems a real assurance from Ottawa that the test of hauling Alberta coal in trainloads to Ontario next summer when the railways will have abundance of idle cars will be made.

TO TAKE 300,000 TONS.

Howard Stutchbury, trade commissioner for the province, who is about to go east, informs me that one Toronto company has offered to take 300,000 tons of Alberta coal at the price that has been quoted.

A carload of New Brunswick potatoes received here is of good size and quality, but at Calgary a third complaint came to me, and this time from a former New Brunswick man, that New Brunswick potatoes he bought there were a disgrace to the province.

MYSTERIOUS DEATH.

LONDON, Feb. 24—"I know I will die, but I am satisfied that I have shown people I can fight." Russell Joseph Winter, aged 15, the son of a telephone supervisor, of Kettleborough, Leyton, told his mother when he went home with a cut lip. A doctor was sent for, but the bleeding continued and the boy died.

JAP CONDUCTORRETTES.

TOKYO, Feb. 24.—The Tokio Electric Bureau has decided to employ 800 girl conductors on its lines, as a means of reducing expenses. The girls will be paid from \$25 to \$35 a month. Special uniforms will be given them, and they will work eight hours a day, or two hours less than men conductors.

Town Topics Tid-bits on the Tip of Everybody's Tongue. Vol. 1, No. 50 ST. JOHN, FEBRUARY 24, 1925 Fair. Duty or No Duty. Which recalls what the girl from Los Angeles said—there they paid \$2 a pound for poorer chocolates. Which shows that Canada has its advantages.

At least one other member of the Municipal Council will go as Councillor E. H. Allen, of Marysville, intends to be a member of the delegation apart from the county representation. In fact, he is only one of a large number of people representing various activities, professional, commercial and industrial, who will leave Wednesday evening to join the C. P. R. special train with the New Brunswick contingent board.

CAMPBELLTON, Feb. 23—Campbellton intends to join the line with projects of sending a delegation to Ottawa on Wednesday. At a meeting of the Board of Trade on Saturday afternoon, the delegates were appointed to join the crusade to the Federal capital, and at a meeting of the Town Council this afternoon Mayor N. C. McKay and Councillor H. V. Ramsay were elected. This night, with the two delegates from Dalhousie, A. J. LeBlanc and Warden A. S. Arsenault, make a total of 10 from Resignouche county, the only county outside of St. John to send such a large delegation, which shows how enthusiastic and how much we are in accord with the idea of giving the Maritimes and their ports their long past dues. This delegation will leave on the Ocean Limited Tuesday evening. The names of the delegates are Mayor N. C. McKay, Councillor H. V. Ramsay, D. A. Stewart, M. L. A. Warden A. S. Arsenault, (Charlo), J. B. Legere, W. H. Wallace, C. A. Goss.

BEACONSFIELD BOUNDS WOULD BE RESTORED

County Council Rescinds Fire District Order of January

COUNTY SECRETARY RAISES QUESTION

Matter of Legality of Motion Is Presented at Municipal Session.

The resolution passed at the January meeting of the Municipal Council by which it was proposed to make Beaconsfield part of the fire district to be served by the Fairville fire department, was rescinded at a special meeting of the council yesterday afternoon and a resolution was adopted by which the former bounds of the two districts were restored. After the meeting had adjourned the county secretary said that he believed the city members of the council had no right to vote on the question and that both resolutions adopted were out of order.

A motion to appoint a committee to meet with a committee from Beaconsfield and discuss the whole matter of fire protection was made and seconded but when Councillor O'Brien said the Lancaster councillors would refuse to act on such a committee unless the consolidation of fire districts was restored it was withdrawn. Councillor Campbell said that as the council had usurped the powers of the Lancaster councillors the only thing left for them to do was to resign.

On motion of Councillor Potts, the warden, chairman of the finance committee and county secretary were named a committee to make arrangements for the sale of bonds. Councillor O'Brien suggested that some one should move for the re-establishing of the two fire districts in Lancaster, 25c. and 50c. a box - at dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

Not Satisfied. Councillor O'Brien asked if the county secretary, as the legal adviser of the council, was satisfied with the motion and that official replied that he was not. He thought there should be a bill prepared recalling the warrant for fire purposes and the issuing of a new one and said there was also in his mind a question as to the right of Councillor Potts to move the resolution he had.

Councillor O'Brien said that all he could see that remained was for the Lancaster councillors to take a private bill to the Legislature to have the boundaries in the January resolution restored.

It was then moved by Councillor Potts and seconded by Councillor Simpson that the resolution of January 20, 1925, consolidating the two fire districts in the parish of Lancaster be rescinded. Councillor O'Brien asked if the city members had a right to vote on this matter. The county secretary said if this motion passed the fire district was abolished and nothing was left in its place. If it passed there would be needed a second resolution re-establishing fire districts one and two.

ENDED YEARS OF BAD HEADACHES

"Fruit-a-tives" Completely Relieves all forms of Headache

MRS. HONORE VALQUETTE
"For over three years, I was troubled with very bad Headaches, Nervous Dyspepsia and Liver Troubles. Then, I began taking 'Fruit-a-tives'. Very soon my condition improved, and thanks to these wonderful fruit tablets I am once more entirely well."

The wonders of the famous Fruit Treatment are only revealed when you read a letter like this, which comes from Madame Valquette, 1133 Notre Dame St. W., Montreal.

"Fruit-a-tives" is the juices of apples, oranges, figs and prunes, intensified and combined with tonics—and forms a complete fruit treatment for Stomach, Liver, Kidney and Skin Troubles. 25c. and 50c. a box—at dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

to rescind was carried by a vote of 13 to 7. On motion of Councillor Potts, the warden, chairman of the finance committee and county secretary were named a committee to make arrangements for the sale of bonds. Councillor O'Brien suggested that some one should move for the re-establishing of the two fire districts in Lancaster, 25c. and 50c. a box - at dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

Not Satisfied. Councillor O'Brien asked if the county secretary, as the legal adviser of the council, was satisfied with the motion and that official replied that he was not. He thought there should be a bill prepared recalling the warrant for fire purposes and the issuing of a new one and said there was also in his mind a question as to the right of Councillor Potts to move the resolution he had.

Councillor O'Brien said that all he could see that remained was for the Lancaster councillors to take a private bill to the Legislature to have the boundaries in the January resolution restored.

It was then moved by Councillor Potts and seconded by Councillor Simpson that the resolution of January 20, 1925, consolidating the two fire districts in the parish of Lancaster be rescinded. Councillor O'Brien asked if the city members had a right to vote on this matter. The county secretary said if this motion passed the fire district was abolished and nothing was left in its place. If it passed there would be needed a second resolution re-establishing fire districts one and two.

REBUILDING HER HEALTH FROM A SHADOW OF HER FORMER SELF

Montreal Woman Tells How She Overcame Nervous Dyspepsia and Bodily Exhaustion

From a shadow of her former self, Mrs. Eva Roy, 902 Laurier avenue, Montreal, is completely re-establishing her health, and how she is doing it she has just told for the benefit of countless men and women here who are suffering as she did.

"For many years I was a sufferer from nervous dyspepsia," Mrs. Roy explained in describing her condition. "This was followed by constipation, which further disturbed my system, and eventually I became so weakened and my nervous system became so affected that I fell a prey to insomnia. 'Suffering as I did and with energy exhausted, I became pale, weak and only a shadow of my former self. I was in this deplorable condition when men and women who had rebuilt their health with Wincarnis declared that I owed it to myself to try the safe Wincarnis treatment."

"How I regret that I did not heed their sooner. A change began to take place in my health almost as soon as I began to take Wincarnis. Oh, how encouraged I felt.

one. His biggest sister in the quadruplets, Christine, has been something of a puzzle because she has refused to take pedestrian exercise. A kind friend recently presented Christine a baby walker and whether she will or no she is to learn the art of standing on her own feet. Mrs. Lancaester councillors would not have anything to do with any committee. The motion of Councillor Bullock was then withdrawn.

John Mahaney Walks. Little John Mahaney, the only boy of the famous quadruplets, is now walking "on his own." He can get very nicely on his own sturdy legs without the help of any

one. His biggest sister in the quadruplets, Christine, has been something of a puzzle because she has refused to take pedestrian exercise. LICENSES GIVEN TO 238 PLUMBERS

Board Well Satisfied With Way Law Has Been Compiled With

The examining board for New Brunswick plumbers announced last evening that 238 plumbers had satisfied the board that they were qualified for registration under the regulations of the Health Act and would be granted certificates. Final decision on applications for registration for those practicing the art of plumbing in New Brunswick was made last evening when the committee disposed of several cases held in abeyance.

Liability for Fines. It was pointed out by members of the board last evening that those who did not comply with the regulations under the Health Act would be liable to a fine not exceeding \$200. The applications of 178 plumbers were approved at the former meeting of the board and yesterday 60 more were passed for certificates.

Those Approved. The names of those who were approved at the last meeting have already been published. Those who were recommended for certificates last evening were as follows: Edward Shortis, C. H. Dunbrack, James T. Henderson, William Crosby, Percy Harrahan, B. C. Quinlan, Joseph O'Brien, John Leek, C. H. Oatey, L. K. Farze, Arthur Doyle, Frank Cuthbertson, George McAuley, H. B. Fairweather, H. J. Glow, A. Hinds, G. Penny, L. H. Hatfield, Frederick Farris, Joseph Duddy, F. C. Frankland, F. J. Legere, C. R. Murray, Andrew A. Green, W. McKenzie, A. S. Cameron, J. M. Bard, S. and these will come up for examination after they have had five years' experience. PATIENT TURNED AWAY. One patient had to be refused admission at the General Public Hospital yesterday because the hospital accommodation was so fully taken up. It is necessary at all times to have provision for emergency cases and this precaution is always taken, but during January and February the hospital accommodation has been so much in demand that there has been a waiting list for patients at times and several patients have been refused admission on the day on which it was hoped they would be received. A fly itself is harmless but as a germ carrier, extremely dangerous.

Ten Million Bottles

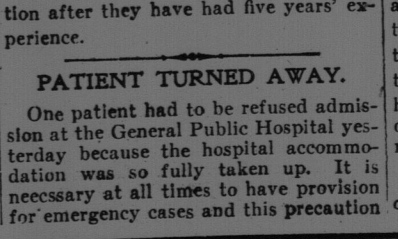

EVERY year ten million bottles of Dr. Caldwell's Laxative Syrup Pepsin are bought by people who recognize the value of this great laxative as a builder of healthy bodies through the relief of constipation.

This tremendous popularity has been built on confidence. The formula originated and used so successfully by Dr. Caldwell in his own practice has never been changed.

Unlike so many laxatives it has no bitter or nauseous taste. It is a compound of plant drugs proven to be beneficial to the human system without creating habits or injuring the system with mercurials or narcotics. Dr. Caldwell's Laxative Syrup Pepsin is particularly recommended to mothers as a pleasant-tasting and effective laxative for children. You can safeguard their health by checking colds and fevers through the use of this great family medicine.

For sale in all good Drug Stores

ENO'S for Constipation, Indigestion, Heartburn, Nervousness, Impure Blood, Depression, Failing appetite, Liver Disorders, Sleeplessness, Rheumatic Conditions.

MARKED TRIBUTE TO ENGLISH BOXING IDOL WITH RELATIVES HERE

GARDIFF THURIS OUT EN MASSE TO FUNERAL OF JIM DRISCOLL

Fully 100,000 Men, Women and Children Mourn His Passing—Sportsmen From All Parts of England Present

An account of the funeral of Jim Driscoll, an idol of English boxing fans, which was published in the "News of the World," should be read with interest by local citizens. It was estimated that approximately 100,000 people turned out to pay tribute to his memory.

Jack Dunn, owner and manager of the Baltimore International League club. Besides winning six pennants in a row, Dunn has also sent many good ball players to the majors, the latest being "Lefty" Groves, who was sold to the Athletics for the reported sum of \$100,000.

With much regret, which will be shared by the boxing world generally, and by News of the World readers in particular, we have to announce the death of Jim Driscoll, who was on all hands regarded as the most polished boxer the world has ever seen.

Wreaths had arrived at the house by the lorry load until, no more room being available, they were taken to the funeral parlour. Several took the form of a boxing ring, and a notable one, which was placed at the back of the hearse, showed a boxing glove on a background of white and purple flowers.

Friends of the dead boxer insisted on acting as bearers and carried the coffin through the streets. When the cortege reached the Western Mall office in St. Mary street there was a touching incident. It was in the printing office of that newspaper that Driscoll started life and developed his love of the sport.

The Vassie & Co. team took four points from the C. P. R. King Street team in the Commercial League game on Black's alleys last night. Tonight the McAvity and N. B. Power Co. teams will roll.

Nothing in the history of boxing—or any other sport—could compare with the amazing tribute paid to the memory of Driscoll. The people of St. Mary's looked upon Driscoll as something more than the greatest boxer the world had ever seen.
