BAD FACE HUMOR.

Cuticura Remedies,

Ahout seven years ago I had a humor break out upon my face; it started in a small blotch and looked like as ting of a bee, then it spread and looked like a ringworm, and became very painful. I at once went to one of the best doctors in the city, and he could do me no good. No less than twelve of the best doctors have had a trial at my face, and all of them failed. I will not give you a list of their immes, but will say that they were from Soston, New York, and Maine, also from England, France, and Canada. I have been a botel cook and steward for years. In the ansumer I cook at watering places; that is why I have had an opportunity of being smore; good doctors. They could not cure my face, and I had you my all hopes of ever being any better. List June, I went to Moose-head Lake, Maine, to cook for the easen. My face was so bad I did not like to be seen. At the lake I me's a gentleman I rom England. CARD

To the Electors of the County of Northumberland :

GENTLEMEN: At the request of a large number of gentlemen who have presented me with a Nomination paper numerously signed by the electors of the different polling districts of the County, I have decided to allow myself to be put in nomination as the Candidate of the Liberal-Conservative Party at the ensuing election to be held on the 5th day of March next.

To my friends throughout the County who have thus promised me their support and influence, I return my sincere thanks for this expression of their confidence in me, and I beg to assure them and the whole of the electorate of the County that in accepting the nomination so kindly presented I shall use every endeavour to win for our party a grand victory and place our County in line with the government. For many years important interests touching our County's advancement and progress have been neglected, with the result that NORTH-

UMBERLAND TO-DAY REQUIRES, MORE THAN ANY OTHER COUNTY IN THE PROVINCE, a Representative in thorough accord with the Governmentand in touch with the important interests of the County. Our late Representative, being a Non-Resident, is not immediately interested in the further advancement of the County, and this, together with his open hostility to the administration, has left Northumberland

in the unfortunate position she occupies to-day. As your representative I will take every occasion to press upon the notice of the government the fact that our interests have not alone been neglected in the past, but they must be attended to in the future-I will demand from the Government that a fair share of the public moneys be expended on such important works as-

will be impossible for me to visit each one of you. I therefore request that the Electors of the County will give their earnest support and cooperation, and work earnestly for me from now until the close of the polls. In the meantime, I will address such public meetings throughout the different sections of the County as time and opportunity will I am yours most respectfully, pera.it.
