REDS PREPARE FOR WAVE OF RIOTS LIKE RUSSIAN ORGIES, SAYS ATTORNEY GEN. NEWTON

Lusk Committee Revelations Only "Starting" to Show Work of Bolsheviks, He Asserts—Mr. Undermyer Will Try to Force Rand School Hearing on Wednesday.

New York, July 30.—The Lusk committee, which is investigating seditious activities, has only pricked the surface of Bolshevism and anarchy here in its investigation so far, but is confident of running down individuals and exposing a dangerous and secret organization of Russian Soviet agents whose underground work in this country is done primarily through the radical labor group of the I. W. W., it was clearly indicated yesterday in a statement issued by Attorney General Charles D. Newton.

The evidence of Bolshevism in the U. S. W. W. which has been adduced so far by the committee is said to be only a forerunner of sensational disclosures to come. A thorough and far reaching inquiry into the activities of this organization and an exhaustive scrutiny of its members in this city and State probably will occupy several weeks of the committee's time upon the resumption of the hearings Wednesday.

Attorney General Newton said of some of the horrors of Bolshevism in Russia, as have been told privately to the committee by witnesses familiar with conditions in that country.

"This is the story of Bolshevism," said the Attorney General, "the ultimate outcome of the radical doctrines and preachings of the Reds in Russia. And this is what the I. W. W. is agitating for in America."

Akin to Ruin in Russia.

The Attorney General declared that the purpose of his statement was to indicate what Bolshevism has done in Russia and what the I. W. W. hopes to accomplish in the United States. He said that Bolshevism, which has been described as "organized anarchy" was simply the Russian counterpart of the ultimate aim of the I. W. W. in this country.

"Both doctrines call for the overturning of existing institutions for force, the murder of those who oppose these ideas and the establishment of a government of the proletariat," said Mr. Newton. "The proletariat doctrine defines as the propertyless class, but it includes all those who labor for fixed pay. This analogy between Russian violence and I. W. W. agitation in the United States was given the Legislative Committee to investigate Bolshevism by experts who have studied at close range the developments of the Bolshevik revolution and the attempts of the Reds in America to 'socialize' the country."

"The I. W. W. of the United States to which the advocates of anarchy have flocked in the last few years openly flaunted the seizure of all industry by the workers, the destruction of government, the murder of every one opposed to this doctrine of violence and the rule of the mob. They simply ornamented the rule of the mob into proletarian government. The expressions are identical in meaning.

The evidence included in the Attorney General's statement was not disclosed at public sessions of the Lusk Committee, but he declared it was given under oath. "The sworn testimony of a government official who witnessed the outrage of Russia by the Bolsheviks and much of it was substantiated by photographic evidence showing the rule of those murdered by the plundering mobs of Russia."

THIN PEOPLE SHOULD TAKE PHOSPHATE

Wearing Like Plain Bitro-Phosphate Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles of the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphates than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear. Full eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION: Although bitro-phosphate is unassailable for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

organized by Trotsky and Lenin, the Russian dictators."

Mr. Undermyer Charges Bad Faith.

While Mr. Newton was confining his attention to Bolshevism and the I. W. W. Samuel Undermyer, lawyer, who has interested himself as counsel for the Rand School of Social Science in the action begun by the Attorney General in an endeavor to revoke the charter of the school, sent a telegram to the Attorney General in which he declared he had been informed that the Attorney General intended to ask for a postponement of the trial until autumn. Mr. Undermyer charged the Attorney General with bad faith for "breach of the agreement" to bring the case to trial Wednesday, and declared it was evident the authorities had no case against the school and were unwilling to go to court.

"One might have guessed from your action in persisting in this baseless attempt to destroy the school at the time you did," said Mr. Undermyer, "and from the lawless and sensational way in which it was begun, by forcibly taking its books and papers, and from your unwise behavior through this scandalous proceeding, that when the time came for you to face the music you would, in your desperate effort to evade the trial, attempt to repudiate your solemn understanding with the court and with counsel on which they have relied."

Will Try to Force Trial.

"I assume the responsibility of hereby charging you and the committee and its counsel with prostituting your offices in the effort to destroy the good name of the school. In order that there may be no room for misunderstanding our attitude, I herewith formally advise you that every effort will be made to compel you to try this case on Wednesday next. As to your eleventh hour discovery that your complaint is built on sand, and that it cannot be amended, you should have thought of that before you began; before you tried to bluff the court and your adversary by accepting the challenge to go to trial immediately; before the Appellate Division, acting on your express agreement made in open court, convened an extraordinary term before the money of the estate was spent in advertising this term, as required by law; before my client paid you a witness fee of about \$30, and Senator Lusk a witness fee of about \$20; before we subpoenaed Messrs. Berger, Stevenson and Conover, and before we sent special messengers through Germany to the afflicted districts.

The Polish department of health, acting with its officials terms a crisis have appealed to the Allied Governments for aid in checking the spread of typhus. Allied staffs will be assigned to the Polish ministry of health.

"You and the Lusk Convention are furnishing the forces of violence and revolution with the strongest argument that they have had in support of their charge that the weak and defenceless have no redress in our courts as now constituted. The time is at least at hand when the right to be publicly heard, to which the school was in common decency entitled and which you have been persistently denying it whilst seeking to destroy the school before it could defend itself, is to be realized, and it does not propose to be cheated out of that opportunity."

Mr. Undermyer also sent a telegram to Justice McAvoy, of the Supreme Court, before whom the case was to have been tried, advising him that he and his clients would appear before the court on Wednesday prepared to try the case and vigorously oppose every attempt to postpone trial.

Imperial Russians Murdered.

Some of the testimony referred to by the Attorney General in his statement in regard to Bolshevism in Russia, was quoted from the witness stand in Western Siberia, practically every official associated with the former government, who was unable to make his escape was taken into the public squares and shot. The charge made against them was that of counter-revolution. Among the murdered were three judges of the district appellate court.

"Madame Andreyevna, who was a barrister at Duglinsky in Western Siberia, told me that large numbers of property owners were imprisoned within three days after the Bolsheviks seized the government. When the jail was filled—dozens were herded together in cells—the Bolshevik soldiers would seize certain ones from the crowd, take them out and shoot them without trial. Then women were taken in groups each night and forced to dig graves for the prisoners who were to be shot the next day. Often it happened that members of the grave digging squad dug their own graves. They were picked for execution the next day."

LIQUOR DEBATES GIVE WAY TO OIL IN U. S. SENATE

Alarmed Lest Great Britain Secure Monopoly of the Oil Fields and Action is Demanded.

Washington, D. C., July 29.—After brief debate the Senate today without a record vote, adopted a resolution by Senator Poincote, of Washington, authorizing the federal trade commission to investigate recent uprisings in the market fuel oil in the United States, especially on the Pacific coast.

Action by the Senate was taken after Senator Phelan, Democrat, California, had charged that the British interests were attempting to acquire vast oil interests in California, and that Great Britain was endeavoring to corner the world oil industry. He declared that, unless steps were taken to encourage American operation abroad, the world's supply will be in the hands of British nationals within a few years.

The First Trans-Atlantic Ship to Sail Since the Strike of Dock Workers Has Over 11,000 Sacks of Mail Matter.

New York, July 30.—According to cable advices received here today, the steamship Adriatic, of the White Star Line, left Liverpool July 28 for New York, via Halifax, with 6,833 sacks of mail, said to be a record number for one ship. The Adriatic, which is the first trans-Atlantic passenger ship to leave Liverpool since the settlement of the strike of 30,000 dock workers there, will call at Halifax and leave 4,200 sacks of mail at that port before coming to New York.

SEVENTY THOUSAND CASES OF TYPHUS EXIST IN POLAND

Paris, Sunday, July 27.—(By The Associated Press).—One hundred and seventy thousand cases of typhus exist in Poland and the Baltic Russian States, according to reports received today by officials connected with the American Sanitary Expedition now hurrying by train and by automobile through Germany to the afflicted districts.

The Polish department of health, acting with its officials terms a crisis have appealed to the Allied Governments for aid in checking the spread of typhus. Allied staffs will be assigned to the Polish ministry of health.

LEADING ALLIES READY TO AGREE TO RESERVATIONS

Peace Delegates Prepared to See Wilson Abandon His Uncompromising Attitude.

WANT AMERICA AT ANY PRICE

Confident United States Can Be Safely Depended Upon Whenever Occasion Arises

Paris, July 27.—No surprise would be caused in peace conference circles here if President Wilson little by little abandoned his uncompromising stand on reservations to the peace treaty.

When Mr. Wilson left Paris his attitude was that any reservations whatsoever would annul the treaty in so far as the United States was concerned. At that time the other American delegates and those of the leading Allies held the same opinion. The last few days, however, seem to have brought a change in the sentiment, which appears to be growing more definite.

There is no evidence in the news printed here in French, English and American newspapers that the American people have risen in protest against the desire of the Senate to make certain reservations. This absence of popular disapproval, coupled with the latest news that William H. Taft, once a whole-hearted advocate of the treaty, had brought out his own reservations, has set the French and Italian to thinking. The result is that they are in private conversation discounting the importance of any reservations the United States may make.

My milk problem solved with powdered separated milk.

KLIM is a dry powder.
Change it into liquid by dissolving in water.

PURE—CONVENIENT—ECONOMICAL
Klim is all of these and solves your milk problem for this summer.

PURITY: New pasteurized separated milk received in the cool of each morning is used for producing Klim. The instantaneous change by the "spray process" from liquid to snow-white Klim makes it safe. It is packed in clean tins without being touched by human hands. Government bulletins prove our separated milk powder pure and genuine.

CONVENIENCE: Have a tin of Klim in the house and you can bake or cook anything requiring milk without thinking about your milk supply. Use it regularly. Have it handy to use just as you use sugar and flour. It is a staple food for every home.

ECONOMY: There is no waste when you use Klim for baking and cooking and other purposes. No sour milk accumulates to be thrown away. No ice is needed. Klim keeps indefinitely in the original tin until all used up.

Order a one pound tin from your grocer with your next order. You will then soon be using the ten pound tin.

ST. JOHN, N. B., THURSDAY, JULY 31, 1919.

HARBOR COMMISSION.

The Telegraph recalls statements made by Sir R. L. Borden with reference to the nationalization of Canadian ports, a policy which, however well intentioned the Government may have been, has evidently been impossible of application up to the present time. When the Federal Government is prepared to inaugurate such a policy and announces its intention of nationalizing St. John Harbor, The Standard will be more than pleased to hold up both hands in favor of such a scheme. But until we have from Ottawa some definite announcement by means of which the people of this city may be assured of the continued development of this port in accordance with the demands of increasing business, its operation on terms which will permit favorable competition with other Atlantic ports, and its administration in a way satisfactory to our people who have already given so generously of their means to provide a national harbor, we should hesitate about transferring control.

The Telegraph desires to know if there are now in authority at Ottawa any men whose attitude towards St. John is responsible for the present situation. The Telegraph may well inquire of Hon. Mr. Balfour and Hon. Mr. Carvell as to this, for they are heads of the Departments of Marine and Fisheries and Public Works, are the ministers directly concerned, and are the ones to whom St. John must of necessity appeal for the assurance which our people require. If these ministers, or others, on the authority of the Government, will state definitely that the transfer of St. John harbor now proposed is a preliminary to nationalization, that it is the intention of the Government to proceed with the necessary construction in this harbor, and that charges imposed on shipping will remain as low as those effective in any other Canadian port—losses in operation to be met from the Federal Treasury and not regarded as accumulated deficits to the discredit of St. John—then we are ready to sell out at a price of two and a half million. But there is no good reason why, even in view of the difficulties now confronting us, we, in this city, should surrender our greatest asset in the expectation that the Government may at some future time do those things which a few of our most optimistic citizens profess to believe.

THE LIBERAL LEADERSHIP.

In the interest of Hon. W. S. Fielding, the suggestion is put forward that Premier Martin will not permit his name to go before the Liberal Convention as prospective leader. Mr. Martin has not yet stated his own position in this regard, but it is rather strange if at this late hour, after his friends have for months been pulling all possible wires in his support, he should desire to withdraw. Naturally such an action is in accordance with the wishes of those who favor Hon. W. S. Fielding, in that it is considered that with the western premier out of the way the chances of the veteran Nova Scotian may be somewhat improved. Otherwise, despite Mr. Fielding's recognized ability and his long parliamentary experience, the vote of the convention would undoubtedly go to a younger man. Yet whether Mr. Martin has retired or not is not the long list of prospective candidates for Laurier's shoes seems to be dwindling down to a comparative few. During the past several weeks, names have been put forward of many hopeless impossibilities, back-bench politicians who had seldom been heard of outside their own constituencies, and because of this clouding of the issue by the active leaders in Upper Canada, the rank and file of the party have been unable to even hazard a guess as to the probable outcome of the election. Yet as the date of the meeting approaches, these suggestions are being dropped and unless sectionalism results in a deadlock leading to the selection of a compromise candidate, the choice may now be regarded as narrowed down to comparatively few names.

THE ST. STEPHEN ROADS.

And so the cat is out of the bag at last. The members of the Retail Merchants' Association, according to Mr. Veniot, The Telegraph and The Times, are a lot of ignorant jackasses. It is quite true that they denounced the do-nothing policy of the local government with respect to the St. Stephen highway, that they expressed their opinions of this road in no way complimentary terms. But in this they were all wrong. These men did not know what they were talking about. Of course many of them own automobiles and have made the trip to St. Stephen on numerous occasions, being bumped about for hours on that sadly neglected highway. But this doesn't alter the situation. They simply don't know the road. Instead of going to St. Stephen by the route now, which people have been accustomed to go to St. Stephen ever since automobiles and carriages were first invented, they should have appealed to Uncle Peter. He would have advised

them to disregard all the sign posts erected by the Government, the Automobile Association and other supposedly interested organizations, and to have gone around by Lepreau over what is known as the short road. Now Mr. Veniot tells us that the back road has been abandoned as a main highway, but strangely enough he has so carefully concealed that secret that few people beyond the circle of his own fireside have heard of it. However, since the announcement has now been made and The Telegraph and The Times have learned of it for the first time, we can readily appreciate the advantage the change will involve. The shore road to St. Stephen is only four or five miles longer than is the back road, and Mr. Veniot will have that much better chance to spend the people's money.

Just in line with this it should be added that yesterday afternoon Dr. Keith, of Lepreau, who has been a life-long supporter of the party now controlling the affairs of this province, told The Standard that between Lepreau and Musquash and for a distance of twelve miles or so from Lepreau towards St. George, the shore road, so called, is in a very unsatisfactory condition. He does not consider it fit for comfortable travel and the people of that community feel that a great deal more money should be spent on it. Dr. Keith had no hesitation about saying this and advised The Standard that it was the feeling of the majority of the people in that section.

PAPER COSTS.

Whatever measure of relief a few of the more optimistic newspaper publishers in the east permitted themselves to anticipate in respect to lower prices for white paper following the restoration of normal conditions, appears to be out of the question for the present at least. During the war, because of the restrictions imposed by various governments, the consumption of newsprint was reduced to a minimum, and by reason of increased costs, the demand for additional profits, and other causes more or less vague, the price of paper advanced at a really alarming rate. With the removal of former restrictions has come added business in the way of advertising and a natural desire on the part of publishers to present the news of the day in a more generous manner. The immediate consequence of this has been an increase of more than forty per cent. in the average daily consumption of newsprint for the month of June over that of June, 1918, and an increase of more than twenty per cent. over the consumption during January, 1919. As against this the total production for the six months ending June 30th, 1919, has been only two per cent. greater than for the previous six months' period, and in June, 1919, exceeded the corresponding month of the year previous by only seven per cent. Every mill in America has been working to capacity and though there have been slight difficulties in the way of labor troubles, etc., these have not been of sufficient importance to affect the total production to any noticeable extent. Thus with the rapidly increasing consumption, the stationary production and the constantly growing export demand, it is difficult to anticipate that when price regulations now existing become inoperative, as must be the case very shortly, there can be any reduction whatever. Indeed if the rule of supply and demand remains the sole governing influence, even higher costs may be looked for and further troubles pile on the shoulders of the already overburdened publishers.

MR. WILSON DID IT.

Under pressure from members of the Senate, President Wilson modestly admits that he settled the Shantung question over which China and the allied powers are now at loggerheads. Mr. Wilson reports that when the point came up for discussion neither the British nor French representatives felt themselves competent to act, in view of the fact that these powers had been responsible for the entry of Japan into the war and deemed themselves under certain obligations which might be regarded by the outside world as capable of influencing their decision in a matter in which the interests of Japan were concerned. So Mr. Wilson stepped into the breach, and brought to bear that broad statesmanship which had already accomplished so much. He gave Shantung to Japan, but coupled with his decision the condition that Japan should give it back. This Japan declined to formally do, though the Eastern Empire was not unwilling to consent to the return of this concession at some time in the unnamed future. Today Mr. Wilson, with a wider knowledge than he possessed when he undertook to act as umpire, is asking Japan to return Shantung to China. And Japan is naturally unwilling to consent. In fact the very suggestion on the part of Mr. Wilson is creating among the Japanese people a distrust of the United States, a thing easily enough

done in the light of relations of the past twenty years. And China on the other hand regards askance the present policy of the President, believing that if he is right now in asking Japan to surrender this territory he was knowingly in error only a few months ago when he declared against China's interests.

WHAT THEY SAY

Revising It. From the New York Evening Sun: These are the times that dry men's souls.

An Insult to the Hog. Providence Journal: In 1914 a hog could be bought for less than nine dollars a hundred pounds. A hog would laugh in your face if you offered double that today.

Nothing Settled. New Bedford Standard: There is rejoicing in Boston and its vicinity over the settlement of the carmen's strike, but in reality nothing has been settled. The performance just witnessed may be repeated at any time.

Mother Hubbard, 1919. Louisville-Courier Journal: Old Mother Hubbard went to the butcher to get the poor dog a bone, but when she got there she said: I declare at the price the poor dog can have none.

When Suicide Is Confessed. New York Herald: The local papers recently reported the suicide of a young married man "dependent because of illness and his inability to get work." In a great city, with its millions of inhabitants, such an incident is likely to be passed over as one of the minor events of the day. But back of that event, which readers of newspapers scarcely notice, and which the police merely record on a blotter with many others, there is the greatest tragedy of all—the failure to obtain work.

Our Policy Towards Russia. The New Republic: The restoration of Russia is impossible until there has been a restoration of common sense throughout the world. It really is not possible to have a policy, to act with any dignity and effectiveness so long as we continue to live in a manufactured panic. We have not acted in Russia. We have dabbled in Russia. We have made war—a little bit. We have helped Kojak—a little bit. We have negotiated with Lenin—a little bit. But what we have done all the time is to dance around the edges of this continent empire making perfectly terrible races at it.

Passing of the Delirium. New York Evening Sun: The proposed international strike, called throughout Europe in protest against the peace settlement, has proved a complete fizzle in France, Italy, Switzerland and Germany the workmen generally have refused to obey the strike order, while the predicted disorders everywhere proved to be sporadic. Only in Vienna could the much heralded "protest" be said to have had any measure of success. The failure of this movement augurs well for the early recovery of Europe from its post-war paralysis. The workman has refused to listen to the counsels of the radical leaders. They have shown that they will not let the disaster of the war be still greater disaster of revolution, with its attendant chaos, ruin and starvation. The delirium which the war has brought upon Europe is passing; recovery now will be but a matter of time.

THE EDITOR'S MAIL

WHY CHANGE NAME? Boston, Mass., July 28, '19. To the Editor of the St. John Standard, St. John, N. B. Sir:—I have just returned from a visit to the city of St. John and Beulah Camp Grounds on the St. John River.

I read with interest while there an article in the St. John Standard in regard to the identity of Brown's Flat having been tampered with. A wide discussion of the matter was indulged in by the people I met, while there, and a general air of dissatisfaction in regard to the change in name, as shown on the new station, seemed prevalent. For a great many years this place has ranked second to none in popularity on the St. John River, and it does seem a pity that its identity should be lost on the railroad sign post. Vacationists have always known this place as Beulah or Brown's Flat, while it is a "Grand View" (for what part of St. John River is not a grand view) still it is not the same. Why should a place of this size have three names to be designated by? It was stated in the article referred to above that the wishes of the majority of the residents had been consulted. On questioning some of them I found that a very small authority, instead of a majority had even been given a chance to express their views. The Camp Ground people, who have done so much to bring this place into its present prominence, have not as yet, even been given a chance of expressing a view on the subject, but I feel the unanimous vote would be to call the station "Beulah" or Brown's Flat, the same as the post office. Hoping you will publish this letter in your paper and that the Valley Railroad will take some action in this matter before the first train passes by the above mentioned station, so that the sign will be painted all over again, which will please all who love the place so well, I have the honor to be, A GREAT ADMIRER OF BROWN'S FLAT AND BEULAH.

Willing To Spend His Last Dollar
Halifax War Veteran Says Tanlac Has Done So Much for Him He Would Not Do Without It—Wife is Also Helped.

"I just think so much of Tanlac that I have done for me that I would actually spend my last dollar for it if I ever needed medicine again," said Michael Conners, of 15B Rhode Island avenue, Halifax, N. S., a Tanlac representative, recently. Mr. Conners is a veteran of the world war, having been for three years overseas attached to the Fifth Canadian Siege Battery, and at present is working for the National Railways.

"For something over a year now I have been in a badly run down condition," continued Mr. Conners. "I didn't have any appetite to speak of and didn't sleep well at night, either, and when I got up in the morning I had that tired feeling, and when I went to work I would feel all played out in about an hour after I had started to do anything. I just didn't seem to have a bit of energy or strength about me, and some days I felt like I would rather take a good beating than to go to work. I seemed to be drowsy and tired all the time, and, try as I would, I just didn't seem able to get rid of that worn out feeling, and some days I was in such bad shape that I felt like quitting my work altogether.

"I knew that what I needed was something that would just build me up, but I never had been much of a hand for medicines and yet, when I saw how highly Tanlac was being recommended, I decided that I would give it a trial, too, so I got a bottle and before I had finished it I would notice a big improvement in my condition and from then on I kept getting in better shape. I have a splendid appetite now and relish everything I eat and I can sleep like a log all night long and get up in the morning feeling fine and ready for my work. I work eight hours every day without a bit of trouble and I am never bothered with that drowsy, worn out feeling. I am picking up in weight right along and Tanlac has certainly built me up in every way and put me back in good condition. My wife is taking it now and with excellent results, too, and I have recommended it to all my friends, because I just think it is the greatest medicine in the world and simply can't recommend it too highly."

Tanlac is sold in St. John by Ross Drug Co., and F. W. Munro under the direction of a special Tanlac representative.—Advt.

Strong Support To Salvation Army
In Red Shield Drive Adjt. Hurd Has Announced That the N. B. District Was Carried \$30,000 Over Its Objective.

The Maritime Provinces gave strong support to the Salvation Army in their recent Red Shield drive. Adjt. H. H. Hurd has announced that in the New Brunswick district the drive was carried \$30,000 over its objective, a notable achievement considering the demands for other purposes.

IS SUFFERING FROM SMALLPOX
Thomas Hayes Who Arrived from Sydney Was Placed in Isolation Hospital—A Companion Also in Quarantine.

One patient, suffering from smallpox, is at the Isolation Hospital. He arrived in the city Monday from Sydney, N. S., and is said to have come originally from Newfoundland.

The smallpox patient is Thomas Hayes and he came to St. John from Sydney on Monday night. He proceeded to Vancouver, where he was held up by the immigration officials and was returned to St. John. Dr. W. L. Ellis made an examination and Hayes was removed to the Isolation Hospital, and his companion, Dr. L. P. Poye, was placed under observation.

On account of the case the small baggage room in the Union Station was placed under quarantine until the hand baggage could be fumigated. As a result passengers who had articles there could not secure them, but they have been fumigated and will be forwarded to the owners.

The railway authorities both on the C. N. R. and C. P. R. were communicated with and steps at once taken for the fumigation of the cars in which the men had ridden.

Dr. Ellis said last night that there was no chance of the disease spreading, as all the necessary precautions had been taken.

Save the Babies.
INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupify, retard circulation and lead to congestions, sickness, death. To avoid any possibility of giving your child opiates, or narcotics of any kind, keep Fletcher's Castoria in the house, and Save the Babies.

Children Cry For Fletcher's CASTORIA

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good."

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late? MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GRAND LODGE OF ODD FELLOWS
The 62nd Session Will Be Held in Moncton August 13-14—Rebekah Assembly and Grand Encampment on August 12.

The 62nd session of the Grand Lodge of Oddfellows of the Maritime Provinces will be held in Moncton on August 12th and 13th; in addition to the Grand Lodge the Rebekah Assembly and the Grand Encampment will hold their sessions on Tuesday, August 12th.

It is expected between 600 and 700 delegates will be present and the local Oddfellows and Rebekahs have been busy during the last three months making arrangements for the entertainment of the visitors. This marks the centennial of the founding of Oddfellowship in America, and in consequence special significance is attached to the present session. The Grand Sire, Judge H. I. Borel, of Amsterdam, N. Y., will be present and deliver addresses. This is the first visit of the executive head of this institution to the Maritime Provinces, and therefore marks a re-entree day in the order.

Special features are being arranged, among them a meeting to be held in the auditorium of the First Baptist church on Wednesday evening, to be addressed by the Grand Sire. Past Grand Master Lieut.-Col. Dr. S. L. Walker, of Truro, and Past Grand Master C. B. Allan, of St. John. Also an excursion to Point du Chene on Wednesday afternoon, August 12th. The sessions of the Grand Encampment will be held in the Oddfellows' Hall, Y. M. C. A. building; that of the Grand Lodge in the school room of the First Baptist Church, and of the Rebekah Assembly in the school room of the Methodist church.

OBITUARY
Mrs. Robt. Ross.
St. Stephen, July 29—The community learned with deep regret on Monday last of the death of Mrs. Robert K. Ross, which occurred at the home of her daughter, Mrs. Wm. H. T. Spinney in Yarmouth, N. S., on Sunday last. Mrs. Ross had been ill for some time, and while her death was not unexpected, it nevertheless, came as a shock to her family and friends. The remains were brought to St. Stephen on Tuesday night and buried from Trinity Church on Wednesday afternoon at 2 o'clock. Rev. Percy Cotton conducted the service, and Mrs. W. F. Todd presided at the organ. Mrs. Ross was the daughter of the late Mr. and Mrs. Wm. T. Ross and was for many years a leader in social circles in her home town. She was united in marriage, nearly fifty years ago, with Dr. Robt. K. Ross who survives her. Two daughters, Mrs. Thos. Byrne of Dartmouth, N. S., and Mrs. Wm. H. T. Spinney of Yarmouth, N. S., are also living to mourn the loss of a devoted mother, and many St. Stephen friends express sincere sympathy for them all in their bereavement.

Special to The Standard.
William W. Goodall.
Moncton, July 30—The death of William W. Goodall, a well known citizen, occurred this morning after an illness lasting about a year. Deceased was fifty-two years of age and is survived by his wife. He was a member of the Local Orange Association and prior to his illness, was a stationary engineer in the C. N. R. shops.

Mary Florence McGill.
The death of Mary Florence McGill took place at her father's residence, 327 Charlotte street yesterday. She had been in poor health for some time. She is survived by her parents and by her sisters, the Misses Rose and Alice. The funeral will take place Friday morning at 8.45 o'clock (old time) from her parents' residence to St. John's Baptist church for requiem high mass.

WEDDINGS.
Lottie-irvine.
A wedding of much interest was solemnized at the Methodist Church, Fairville, on Wednesday morning, July 30th at six o'clock, when Ruby Kirk Irvine, eldest daughter of the late Robert and Mrs. Leslie of River Hebert, N. S., who has recently returned to Canada after more than four years of army service, the great part of which was spent in the Desert and other places on the Eastern Front. The ceremony was of a quiet nature, was performed by the Rev. W. J. Kirby of Dorchester, N. B., the former pastor of the bride.

The bride was given in marriage by her uncle, Mr. James Irvine of Milford. She wore a becoming creak dress suit of sand gabardine with hat to match and carried a bouquet of cream roses. The happy couple entered the church Mendelssohn's wedding march was beautifully rendered by

Political Notes
Of Much Interest
Dr. Pugsley and Premiership—Mr. Carvell Was Not at Andover Convention—Little Success for New Liberal Leader in Ontario.

Among the politicians there is a great deal of activity these days, but nobody in St. John seems to believe that Hon. Mr. Pugsley will be next premier of Canada. Of this rumor the Montreal Gazette says:

"Interesting even if it is not authorized to report given currency in New Brunswick that Dr. Pugsley, the lieutenant-governor of the province, is being pressed by friends to re-entire from his present office and re-enter the political field, believing that his chances for the leadership of the Liberal party of Canada are good, and in any event that he is a man around whom the party in the province could rally. Mr. Pugsley has had a long and somewhat stormy career in public life, provincial and federal, through all of which he has managed to make many personal friends as well as many political enemies. He may hardly be drawn into the battle again by the prospect of a fight for the premiership of Canada as a reward for more opposition to the cabinet."

Hon. Mr. Carvell did not attend the Andover convention, where the delegates re-affirmed their adherence to old-time Liberal principles, and did not suggest trimming the light in the window. The Gleaner says:

"Mr. Carvell's return to Ottawa in response to a telegram from the capital has renewed interest in the rumor that the public are likely soon to hear something officially as to his position in the cabinet. Mr. Carvell intended to remain at Woodstock until Monday and possibly Tuesday; he was much interested in the convention to be held at Andover today. The word in Ottawa, however, must have been important, as Mr. Carvell hastened by motor to Mattawamkeag in Maine, there to catch the Sunday train for Montreal and Ottawa. It is possible that Sir Robert Borden's apparently unexpected return to the capital on Monday not previously arranged or looked for, and which would require the attendance of Mr. Carvell and others. But, whatever the reason for Mr. Carvell's speedy move on Sunday or whatever the cause, the politicians are much interested."

Little Success.
In Ontario the New Liberal leaders seem to be having little success in uniting the party, and does not have the support of some prominent Liberal papers. The Toronto Mail and Empire says:

"Can Mr. Hartley Dewar get back into the fellowship of the Liberal Party? We should say that a camel might as easily get through the eye of a needle, that Mr. Dewar is trying to get back? We see no reason for believing that he is. True, he is sporting the title of leader of the Liberal party in Ontario, but the improvised convention he got it from might with as much authority have made him Poet Laureate of Ontario. "Alas! whom is his swartling tongue most turned in the speeches he is making these days?" Is it not against former chiefs of the Ontario Liberal party, men of whom he claims to be the successor? Mr. Rowell and Mr. Proudfoot were both honored leaders of the Liberal party in this province, and against both Mr. Dewar's intemperance of speech is directed. If grades, mare's nests, and rancorous language were of much service in a political drive then Mr. Dewar might be said to have the necessary munitions. But it is against Liberals, and not Conservatives, that his bombs are principally hurled. His onslaughts on the political foe in whose face he shies the crook of leadership. Though it has joined him in casting stones at Mr. Rowell, the Globe has not yet turned the eye of favor on the yearning Mr. Dewar. If such language could allowably be used about so paraisical an organ, the Globe may be said to have gone the length of damning Mr. Dewar with faint praise though grudgingly. As for the Toronto Star, it brandishes the tomahawk and shows Mr. Dewar the length of the party wigwag. It does not recognize him as one of the braves of the Liberal tribe, much less as the big chief."

VULCANS DEFEATED.
 A fine game of ball was played on the Exhibition grounds last evening when the McAvity (King street) team defeated the Vulcans by a score of 12 to 7. There were some fine plays during the game of six innings. Kelly made a home run, while Marshall, who is the star fielder of the Carleton team, made three 3-baggers. Henderson's fine fielding was also a feature. The batteries were Vulcans, Sailer and Board; McAvity's Pooley and Burns.

LONG WHARF STARS WON.
 The Long Wharf Stars defeated the North End Cubs last evening by a score of 5 to 3. The game was played on the Long Wharf diamond, and went seven innings. The batteries were, for the winners, Jacobson and Corrigan; for the losers, Ramsay and Hickey.

THE STARS WISH A GAME WITH THE EAST END CLIPPERS ANY NIGHT NEXT WEEK ON THE LONG WHARF DIAMOND.

Y. M. C. I. Sports Next Saturday

Fine List of Entries and Everything Points to a Banner Afternoon of Sport.

Arrangements have been completed for the field events at Moosepath on Saturday afternoon under the auspices of the Y. M. C. I. Entries have been received for every event and the success of the meet is assured. Ten of the best sprinters of the Maritime provinces have entered for the hundred.

Ernie Sterling will compete in the distance events. He has been in training for some months and will go to the mark in first class condition. J. Giggley will be one of his competitors, and he is expected to push Sterling to the limit. Several outside runners will also appear in the half and mile.

A. J. Brooks, a former U. N. B. athlete, will compete in the hundred and twenty, twenty, as well as the high and broad jumps. Brooks has been over seas and while across took part in athletics. Other returned men have entered and everything points to a banner afternoon of sport.

The entries are as follows:
 100 Yards Dash—J. P. Moran, A. J. Brooks, H. A. Bridges, J. B. Cudlip, G. A. Margetta, Frank Garnett, H. S. Murray, Roy McCarthy, E. J. Dougal and O. McDonald.
 220 Yards Dash—J. B. Cudlip, A. J. Brooks, G. A. Margetta, O. McDonald, F. Garnett, H. S. Murray, Roy McCarthy and E. J. Dougal.
 440 Yards Dash—G. A. Margetta, Charles Hall, J. B. Cudlip, Frank Garnett, E. J. Dougal.
 880 Yards Run—W. E. Sterling, J. Giggley, Charles Hall, M. Sterling, W. E. Sterling, J. Giggley, Charles Hall, E. J. Dougal, Murray, Sterling, One Mile Walk—J. D. Collins, James Barrett, H. Cunningham.

High Jump—P. Moran, H. A. Bridges, H. W. Flood, A. J. Brooks, G. A. Margetta, Fred S. Locke, Roy McCarthy, P. Ididescombe, 120 Yards Hurdles—G. A. Margetta, B. Mooney, William Donnelly.
 Shot Put (16 lbs.)—J. B. Moran, H. A. Bridges, G. A. Margetta, Allan McGinnis.
 Pole Vault—Fred Locke, H. W. Flood, J. Gilbert, Fred Lawry, Boys' Race (18 years and under).

SHARKEY PLAYS PONIES.
 Tom Sharkey, once a Queensberry warrior of note, is one of the most successful players at the track these days. The one time sailor pugilist beat the entire card on Tuesday, increasing his wagers as he went along. Tom was all smiles as he rushed for a train after he saw his sixth straight winner get down in front. "Say, if I'd known that this game was going on in the old days, I'd never have been a fighter," he said. Although Sharkey is getting along in years, his spread of shoulder is as great as ever and his neck as sturdy. He still punches the bag every morning and takes long walks and runs just for the pleasure of keeping in condition. Sharkey boasts that he can run 100 yards in 14 seconds, a feat that many a lighter and younger man could not accomplish.

A TENNIS VICTORY.
 Newton, Mass., July 30.—Norris Williams, 2nd won from R. C. Harte today in the final match of the annual single tennis tournament of the courts of the Longwood Cricket Club. It was a straight set victory, 6-2, 6-4, 6-4. Williams will meet William Johnson, of San Francisco, winner of the 1916 tournament, in the challenge round for the Longwood cup tomorrow.

Harte was far below the form he showed in winning from the young Yale star, Charles S. Garland, in the semi-finals yesterday, and Williams did not have to exert himself. Harte made twenty double faults in the three sets.

JESS WILLARD SUE.
 Cleveland, O., July 30.—Suit was brought in common pleas court here today, against Jess Willard, former heavyweight champion of the world, Tex Rickard, fight promoter, and Frank G. Hall, moving picture promoter, by the Standard Film Service Company for \$5,000.

It is charged in the suit that a theatre was sub-leased to the defendants for the exhibition of moving pictures of the Dempsey-Willard fight at a cost of \$9,000 for two weeks. Because of the ban put upon the pictures in Ohio they were withdrawn after a day and a half with receipts of \$4,000.

LITTLE BITS OF SPORT CHATTER

Hamilton Tigers, Montreal A. A. A., Ottawa and Argonauts have decided to resume football on a pre-war basis. All the clubs will get started early and it is expected that the game will have its old time popularity.

The entries for the sports at Moosepath next Saturday have been closed. Those who have signified their intention of competing will do their best to make all the contests interesting. Some of the best athletes in the Maritime provinces will be present. Citizens should reserve Saturday afternoon and be in attendance at Moosepath.

Tom Sharkey, once a ring expert, is having great success betting on the horse races. He backed six straight winners in one day recently. He says that had he known about this game he would never have been a fighter.

That clever little Tacoma, Wash. bantamweight, George Thompson, who was in New York and Philadelphia a few years ago, intends to challenge Pete Herman for the bantamweight title. He scored wins over the most of the boxers he met while he was in the East.

Loaves of good sport should patronize the Y. M. C. I. effort to revive track athletics here. A fine list of entries has been received and the competitions should be keen. The best runners and jumpers will be there.

While on the matter of sport, what is the matter with the owner of the site of the proposed athletic field at Chevreton to Rockwood Park in Gilbert's Lane. It was supposed that this plot of ground would be made into an athletic field, but so far very little has been done in fitting up the place. This city needs a good field if it is ever expected to get on the map as a sport centre.

About nine hundred people turned out last evening to see the Custom House trim the Times baseball team. Baseball is certainly booming here just now. The Custom House has many players who have seen service overseas. Some of them can play baseball, too.

Custom House On Fred Belyea Saw Top In Baseball Embryo Oarsmen

Times' Team Were Clearly Out of Practice and Went Down to Defeat.

The ball players who have jobs in the Custom House defeated the players of the Times in a nine inning contest on Queen square last night. The final score was eight to three. There were many interesting plays and the eight hundred spectators greatly enjoyed the different stages of the game. Ramsay and Garnett were the umpires and they had their work cut out. Many of the fine points of the game were staged and players were in doubt as to some of the rules but the umpires finally triumphed.

Yeomans, for the Custom House, pitched a good game and from the first it was seen that he had the newspaper men thoroughly under control. McEachern for the losers was good but he lacked the necessary support. The Times has the makings of a good team and if they can get together these two teams meet again, although the Custom House players claim that it was not necessary for them to play up to their highest standard in last night's contest.

Notes of the Game.
 Too bad, "Hen" old man, better luck next time. He says, however, that he is able to be back to work this morning.
 Keith Barbour didn't have to run the bases he chanced. Half the time he didn't have a chance but maybe he and Billy Brown are already forming partnership.
 Never mind O'Neil, though you certainly missed out in the centre you certainly broke the pitcher's heart alright. Maybe Eddie Ramsay will consider giving you a try-out.
 Sage, Bartlett and Smith were certainly on the job for the Times men, and as for Max well he is still "working."

FUR FROM FEATHERS.
 Much attention has been given recently to the problem of spinning feathers into thread. The difficulty has been to spin the feathers so that the down would be held in place during the drying and finishing process and not come out while in service. This particular problem now seems to have been solved, and one of the methods for spinning a suitable thread consists in blowing the down upon a centre, or core, thread, while the latter is being twisted. The result is that the down is caught up as the thread is being twisted and is held very firmly in place. This thread is not very handsome in itself, but when woven into cloth and the cloth scoured, dyed, and finished by chemical methods peculiarly suited to the material in hand, the result is a fabric which resembles fur, and which may appear one of these days under an assumed name.

A World's Record By Wilkes Brewer

The Fastest Sixth Heat Ever Trotted—Former Record Made by Esperanza at Toledo.

"Columbus, O., July 30.—Wilkes Brewer, winner of the untitled 2,000 foot of yesterday, took a new world record today in winning the sixth heat of this event in 2:05 1/2.

It was the fastest sixth heat ever trotted, lowering the record of 2:06 1/2, made at Toledo last year by Esperanza. Royal Mac was no match for his rival, being badly the last 100 feet of the race.

Ante Guy, making her first start of the year, won the 2:04 trot in straight heat from Bismark, who was driven by Geers in the absence of Frank Hendrick, who is still suffering from serious injuries at Toledo.

The geese Symbol Baron, 2:04 1/2, owned by Chauncy Sears of Fall River, Mass., dropped dead this morning while Dick McMahon was working him on the track.

TOBACCO PROVED THE LARGEST SOURCE OF GOVT REVENUE

Ottawa, July 30.—During July war taxes collected by the Department of Inland Revenue totalled \$1,378,025. The total revenue of the department from all sources for the month was \$4,585,058, a large increase over the month of June, 1918, when the revenue amounted to \$2,869,530. The largest source of revenue for the month was tobacco, the excise taxes on which brought \$1,426,950 to the Dominion treasury.

ter in charge at the present time intends to secure the right of way of a lot to erect a simple monument and to swell the employment to maintain the lot forever. To do this \$3,000 is required. Already a number of subscriptions in addition to those of Mr. Byrne end the Hon. Mr. Howel have been secured.

Career of the Hymn Writer.
 Joseph Scriven was born in Dublin in 1820, a graduate of Trinity College of that city with a degree of M. A. For four years he was a student at Addiscombe Military College, near London, England. He ultimately abandoned the army to come to Canada teaching school for a time until he became a private tutor to Mr. P. R. Fongally. For a long time he resided in the vicinity of Port Hope, Ont., where he spent several thousand dollars in assisting the sick, poor and needy and preached in the streets and at public gatherings. He died on August 19th, 1858, at the residence of the late Mr. and Mrs. James Sackville, Sr., near Bewdly, Ont. He is buried beside his intended wife, Miss Catherine Roach in the family burying ground of Capt. Fongally. He sleeps in a neglected grave with no monument of any kind marking his last resting place. His great hymn which is known in all Christian churches, his friends declare, to assure him of a fitting and permanent memorial. The committee which has the mat-

THE VICTORY LOAN ISSUES ON MARKET AT LOW PRICE

Montreal July 30.—Victory Loan issues were again in supply, and most of them closed at the lowest price they have sold at for some time. We get reports that the next Canadian loan will be a taxable issue. Any person would naturally presume that these should be stronger, but we firmly believe that a large Dominion of Canada loan, if it is issued, that is taxable, will not meet with the success it should. We believe that people know this, and are selling these bonds with the idea that they will have to issue a non-taxable bond to get the money.

The market as a whole was steady. There was some selling of iron, on the President's statement that they will close down for a time.

There was a good demand for Smelters. Montreal Power is still being picked up by investors. Spaulding River common was in fair demand at 45. There seems to be a good many bank stocks for sale. Our market will likely mark time until we see what the Wall Street trend is going to be. The market in New York acted disappointingly today. U. S. Steel opened up strong on its good report, but sold off at the close.

ELECTION OF PORTUGAL PRESIDENT AUG. 5TH

Lisbon, July 30.—The election of a President of Portugal Republic will take place on August 5, was announced today.

President Castro resigned his office on June 4, but agreed to continue in the Presidency after the Portuguese Congress had voted to ask him to reconsider his action.

WOMEN ATTACKED IN BATHS.

Information has been received by the London office of the Zionist organization of the pogrom in Czestochowa, where Polish troops attacked the Jewish women's baths.

Though the women plunged into the water, the soldiers, aiming their rifles at them, compelled them to come out again.

Shooting and laughing, they attempted to drive the women into the streets. Those who resisted were badly beaten with whips and rifle butts.

Rules, Regulations and Conditions

CONTEST STARTS JULY 5, 1919 AND CLOSSES AT 10 P. M.
SEPTEMBER 13, 1919.

RULE NO. 1.—Any person of good repute, male or female, married or single, residing in any of the contest districts may enter the contest by sending in one of the application blanks below properly filled out.

RULE NO. 2.—There are four separate districts from which to enter, described on this page. No votes will be paid for money or other consideration, but can be obtained only by being clipped from The Standard, daily and semi-weekly or secured through the regular subscription channels.

No votes will be issued on subscriptions to this paper during the life of the contest unless for paid subscriptions and for no shorter period than for six months on the daily, and one year on the semi-weekly.

RULE NO. 3.—The first publication of names and vote standings of candidates will be made at an early date. The voting will commence at once. All newspaper coupon votes will be void unless received at The Standard office, Contest Department within the time marked thereon.

Each issue of The Standard daily and Semi-Weekly Standard will contain a ballot good for one vote which will be published during the contest except the last two weeks.

RULE NO. 4.—Any district that shows little or no activity will be declared off and said district will be merged with the district closest to it in voting strength, and the contestants from said district added to the one with which it is merged. Merging of districts to be at the discretion of the Contest Manager.

RULE NO. 5.—All votes which have been voted will be filed in the Contest Department subject to the inspection and verification of a contestant's own votes at any time during business hours of the contest.

RULE NO. 6.—A board of responsible business men will have exclusive control of the ballot box the last night of the contest, and after a canvass of the vote declare the winners. The decision of the Board of Judges will be final and admit of no appeal.

RULE NO. 7.—No salaried employee or close relative of a salaried employee of The Standard who is actively employed in the plant of this paper, is eligible to enter the contest.

RULE NO. 8.—Candidates must enter from the district in which they live. The Contest Manager to decide any question regarding the proper districting of candidates. Candidates moving from one district to another after being nominated, will be retained in the district in which they were first nominated.

RULE NO. 9.—Votes cannot be transferred from one contestant to another nor can one candidate's name be substituted for another. Should a candidate withdraw from the contest his or her votes will be withdrawn. Votes once withdrawn cannot be recovered.

RULE NO. 10.—In cases of a tie between two or more candidates, identical prizes will be given those tying.

RULE NO. 11.—Nominations of candidates may be made by anyone at anytime; except the last two weeks, during the contest without cost. The management of The Standard reserves the right to reject any nominations or applications at its discretion. Any contestant wishing to have his or her name withdrawn from the list of contestants must write or call personally as positively no telephone withdrawals will be considered. There will be no change in the vote schedule during the entire contest and it will remain permanent as herein announced.

RULE NO. 12.—Contestants will compete only against the contestants in the same district for the regular district prizes and against other districts as explained for the grand prizes. The winners of the grand prizes cannot win district prizes too.

RULE NO. 13.—This contest will close at 10 p. m. Saturday, September 13, 1919.

RULE NO. 14.—A candidate who makes any disposition of subscriptions secured in this contest other than reporting them to the Contest Department will be declared disqualified, and the name peremptorily removed from the list of candidates.

RULE NO. 15.—No statement or promise made by any solicitor, canvasser or agent varying from the above rules as set forth will be recognized by The Standard.

DISTRICTS

The contest territory has been divided into four districts and there will be one Grand Prize and a second and third prize awarded in each district as follows:

DISTRICT 1—City of St. John.

DISTRICT 2—Includes Kings, Albert, Westmorland and St. John counties (City of St. John not included) and Nova Scotia.

DISTRICT 3—Includes Charlotte, Queens, Sunbury, Kent, Northumberland and Gloucester counties.

DISTRICT 4—Includes York, Carleton, Victoria, Madawaska and Restigouche counties.

HOW PRIZES WILL BE AWARDED

To the candidate in each district securing the greatest number of votes, the automobiles will be awarded, the candidate getting the greatest number of votes in the entire contest territory will have first choice of the four automobiles, the next highest candidate in another district will have second choice, the next highest in still another district will have third choice and the remaining automobile after three districts have been eliminated, will go to the highest candidate in the remaining fourth district. The four pianos will be awarded to the second highest vote-getter in each district and the phonographs will be awarded to the third highest vote-getter in each district. The ten per cent. commission will go to those not winning one of the above prizes.

The conditions are simple—you have only two things to do—first send in your application, using an application blank, or write a letter to the Contest Manager. Second, let your friends know you are entered in the contest and want to win one of the prizes.

ARCHES IN ROTHEASY.

The provincial department of public works has decided to have arches to be erected along Rothesay Avenue on the occasion of the Prince's visit. Meetings of residents of Renfrew, Rothesay and other centers will be called to learn where it is desired the arches should be put up and if the residents will provide the trimming.

MRS. CAMPBELL IMPROVING.

Mrs. John Campbell, Roxbury, Mass., who was recently injured at Dudley street, Boston, in being struck on the head by a piece of cornice which fell from a building, was reported this week to be improving slightly, according to a note received by her brother, J. A. Brooks, City Hall.

RECEIVING REQUESTS.

Commissioner Bullock reported yesterday that he has on hand a great many applications for loans, but that the majority of the requests are for money to build tenements laid off in flats. This is contrary to the requirements of the housing act. Some of the requests are for money to build semi-detached houses, as the act provides.

TO BUILD THEATRE.

It was reported yesterday that a local theatre owner was negotiating for the purchase of the site and foundation of the Gem Theatre, which was destroyed by fire some months ago. It is stated that it is the intention to erect a modern theatre on this site, and if arrangements are completed the work will start immediately and it will not be long before the new amusement house will be in full running order.

FORMERLY OF ST. JOHN.

Robert W. Hannington, son of the late Judge Hannington, Dorchester, has resigned his position as City Solicitor of Victoria, B. C., to become chief counsel for the Canadian National Railway for British Columbia. The Victoria press is warm in appreciation of the good service Mr. Hannington rendered the city as solicitor. Mr. Hannington was for a time in practice in St. John before coming west. His wife is a St. John lady, a daughter of the late Mr. and Mrs. R. C. Skinner.

THE CIRCUIT COURT.

Circuit Court was resumed yesterday morning at 10 o'clock, with His Honor Judge Crockett presiding. The case of The King vs. John Hayes was immediately taken up. Dr. Wallace stated that he had endeavored to obtain a coroner to summon a grand and petit jury, but that he had been unable to do so. Dr. Emery had been asked, but he had not been sworn in. His Honor then made an order authorizing the Hon. Dr. Roberts to summon a grand and petit jury to attend at the court on Tuesday of next week at the hour of 10 o'clock. The petit jury was excused from further attendance until Wednesday, August 6, at 10 a. m. The court was adjourned until Tuesday, August 5, at 10 a. m.

Hannah, of St. John, all but Mr. Hannah being returned men; and S. G. Smith of Moncton, 4 returned men.

SERIES OF ARTICLES.

"Canadian Courier" is publishing a series of articles on the Church and its Work in the World. A recent issue contained an article by Rev. A. H. Cobbe, D. D., now pastor of the First Church of Providence, R. I. It is entitled, "After All It's the Parson's Business," and is in Dr. Cobbe's usual incisive and thought-provoking style. Dr. Cobbe speaks a true and useful word in behalf of the men who are devoting their lives to the ministry of the Word. Such criticism of the church as he has to offer is directed against the indifference and standstill attitude of many who are members of the church.

FOUND BY POLICE.

CAR FELL INTO AN EXCAVATION

Left Rails on Corner of City Road and Maymarket Square - Broke Through Covering Over Hole in Street.

CAR FELL INTO— Yesterday afternoon about 4.30 o'clock a street car on the belt route jumped the rails on a curve at the corner of City Road and Maymarket Square. Although the car only proceeded a couple of yards the rear wheels crashed through some deal covering over a street excavation and the body of the car was left resting on the rails. There were only a few passengers in the car at the time of the accident, but as the car was going slowly and though they were somewhat frightened by the sudden jolt, no person was injured and in a short time were transferred to another car to continue their journey. The street car track was blocked for some time until the disabled car was jacked up and placed on the rails again.

PRESENTATION OF THE 26TH COLORS

Colors Prepared by Daughters of the Empire Will be Presented to Famous Unit by Prince.

When the Prince of Wales visits St. John he will present the regimental colors to the 26th New Brunswick Battalion, the presentation taking place at the Armory on the morning when His Royal Highness inspects the veterans. These colors were prepared quite a while ago by the Daughters of the Empire, but through some misunderstanding did not reach the unit as intended.

HAPPY DAYS AT CAMP GALAHAD

The Pleasant Outing of St. David's Church Boys at Holder's Point Are Nearly Over - Are Spending an Enjoyable Time.

The "Happy Days" of St. David's Church boys at Camp Galahad, on Holder's Point, are nearly over, and very happy days they are. The weather has not been altogether favorable but they have a good equipment, and it is always fair weather when good fellows get together.

RATE OF EXCHANGE.

Calais business men are very much concerned over the high rate of exchange on Canadian currency, silver which was raised from 3 to 4 1/4 cents on the dollar, effective Monday. There is an oversupply of Canadian funds in circulation in Calais on account of the city being just across the border from St. Stephen, N. B., where the majority of the factories are and where a good many people are employed, hence the Calais storekeepers are obliged to accept Canadian funds at face value or perhaps suffer the trade in Calais.

RED CROSS BULLETIN.

The Canadian Red Cross Bulletin for June, July is a very interesting number. The cover page has a reproduction from a photograph of the beautiful statue erected in the Italian Garden at Cliveden to commemorate especially the forty men who died at the Duchess of Connaught Hospital and are buried in the garden. This memorial, which was unveiled in April by Sir Robert Borden, and which in the figure of the statue recalls the gracious presence of Lady Astor, will also serve to keep always before the people the wonderful work accomplished by this hospital for the Canadian men overseas. Other illustrations in the Bulletin include portraits of Lady Tilley of New Brunswick; Mrs. Wm. Dennis, of Nova Scotia, and the Hon. Mr. Justice P. L. Hazzard of Prince Edward Island, all three being closely identified with Cross work, while Lady Tilley and Mrs. Dennis are entitled to wear the insignia of a Lady of Grace. Copies of the Bulletin which should be carefully read on account of the articles on the future of the Red Cross in Canada, may be obtained by applying to the W. C. A. on King street, where while the supply lasts, they will be freely distributed.

Revolver Shots And Broken Glass

Men in Queen Hotel Room Had Lively Time Late Last Night—Two of Party Arrested in Police Raid.

Two liquor bottles, one broken, one corked, one revolver and a box of cartridges adorned the desk at police headquarters early this morning, while in the cells below rested H. York and Thomas Whittle. At one o'clock a formal charge had not been made against the prisoners, but the story as told by the police is that while Policeman Jack Linton was going serenely along his beat in the vicinity of Charlotte and Princes streets about 11.30 last night he was rudely spurred to greater activity by the noise of five revolver shots and falling glass. He immediately directed his steps towards the Queen Hotel in Princes street, and was told by inmates that three men were crazy in one of the rooms in the rear and that they had a revolver.
