RELICS FOUND NEAR NEWCASTLE

(Union Advocate)
Upper Nelson, May 17—An interesting order of the day. Quite an excitement was caused among the shanty boys at the head of the Boom, on the North side of the South West river, when Mr. Michael Walsh, who was roaming through the woods discovered a large cave by the side of a brook. The cave contained all kinds of old war materials, namely muskets, swords, tomahawks and a quantity of old skulls. It is supposed to have been a warriors' cave in olden times. Mr. Walsh being very much excited called to the rest of the crew and together they explored the cave. Alex. McKinlay and his sons, McGregor and old crook, Thomas Clark our shepherd and Wm. Clark our cook, those are the ones who explored the cave found on Haskell's Brook.

MELODRAMA AT OPERA HOUSE

"Human Hearts" an idyll of the Arkansas Hills was presented to a crowded house on Monday evening. The drama was well received, the sallies of Jim Mason especially tickling the "gods". The acting of the Governor was very good indeed while the same may be said of Jeannette Logan. Baby Violet Radcliff was cute. The comedy of Lippy Morgan in the Governor's office notably the importation of a local steed tickled the risibility of those in front who enjoyed the joke immensely. For a travelling company hampered as they were the show was passably fair, but we could have had much better from them had they had greater stage room.

The Colonial Stock will open a three nights engagement at the Opera House on Monday 29th inst. Seats may be booked now.

MINARD'S LINIMENT CO., LIMITED.

Yarmouth, N. S.
GENTLEMEN,—In January last, Francis Leclerc, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on his freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

**DEATH AND DISASTER
FROM AN AIRSHIP**

France's Minister of War Killed and Premier Monis Badly Injured on Sunday

Paris, May 21.—Aviator Train, one of those about to start to-day in the Airship race from Paris to Madrid, lost control of his machine while taking a preliminary flight over the starting place in a wind blowing thirty miles an hour, and dashed into a group of members of the cabinet who were present to witness the start of the race. Neither Mr. Train nor his passenger was hurt.

Henri Maurice Bertheaux, Minister of War, was hurled ten feet and killed.

The injured are: Antoine Emmanuel Ernest Monis, premier and minister of interior; Antoine Murphy, son of the premier; and Henri Deutchi de la Meurthe, the aged patron of aeronautic, automobilism and other sports.

A large number of persons of note had narrow escapes from injury. The accident occurred on the aviation field at Issy Les Moline, and was witnessed by 200,000 persons.

The Premier was very badly hurt; the others but slightly.

ANOTHER TRANSCONTINENTAL

The Canadian Northern Railway Co. (whose stock is largely owned by MacKenzie and Mann) have let contracts for their line from Ottawa to Toronto. Their line already extends from Port Arthur to the Rocky Mountains and is being fast built through British Columbia between the Grand Trunk Pacific and the Canadian Pacific railways. Another link connects Ottawa and Quebec. And the Dominion Parliament has agreed to guarantee the bonds required to build the missing link from Port Arthur to Ottawa. Then with the Intercolonial, there will be a third Transcontinental. Truly Canada is growing with marvellous rapidity.

PARLIAMENT ADJOURNED

Parliament adjourned on the 20th instant, and will take a recess of about two months. The Reciprocity agreement is held over till July. But if it is not killed in the United States Senate by the efforts of United States farmers (who seem to think that Canada is getting the better of the bargain) it will most probably go into effect before the end of this year, as the majority of Canadians both inside and outside of parliament appear to be in favor of it.

That woman suffrage was gaining ground in Great Britain is shown by the fact that in the House of Commons on Friday a bill for woman's enfranchisement received 255 votes out of 343. The bill, which was introduced by a Liberal member, would enfranchise a million women.

Miss Annie Stewart went to Campbellton on Tuesday to spend a short vacation.—Advocate

**AFTER
SUFFERING
YEARS**

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, my digestion is better, and I can walk with ambition. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM BOURQUE, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

**BANNER PRESENTED
TO ACADEMY**

Handsome Gift of Newcastle-on-Tyne, Handed Over to Pupils of Newcastle-on-Miramichi.

(Union Advocate)

At a mass meeting of Town pupils and parents in the Opera House, Thursday afternoon, the banner sent by the schools of Newcastle-on-Tyne was presented to Harkins Academy by Lieut. Gov. Tweedie.

The Hall was patriotically and handsomely decorated.

With Miss Quinn as accompanist an excellent musical program was carried out, including "O Canada," "The Maple Leaf Forever," etc.

Dr. Nicholson presided, and on the platform were several aldermen and Newcastle and Chatham Trustees and their wives, Mrs. Tweedie and others.

His Honor first presented the 8th grade medal to Miss Maud Hill, and then the banner from England.

Miss Alice Muriel Winifred Bate replied on behalf of the Harkins Academy. Mrs. L. J. Tweedie was presented with a handsome bouquet of flowers by little Miss Marjorie Lindon, daughter of J. E. T. Lindon, secretary of the board, on behalf of the scholars.

A vote of thanks was extended the Governor-General, on motion of Dr. Nicholson, and T. W. Butler, and to the Lieut.-Governor.

Remarks were made by Hon. John P. Burchill, Ald. T. W. Butler, Collector of Customs Park, Hon. D. Morrison and others. Hon. John Morrissey was to have spoken but he was unfortunately unable to attend.

Mr. Butler strongly emphasized the importance of the presentation as a step in the further welding together of the different parts of the Empire—an Empire that, no matter what it may have stood for at different times in the past, now stands in the forefront of progress, civilization and enlightened and tolerant administration. The Empire needed to be still more closely united. There were insidious enemies plotting for its disruption, and everything possible to help along the cause of national unity should be welcomed and encouraged. The signs of the times were propitious. The masses of each part of the Empire were thoroughly loyal and the colonies were leaning closer and closer to the dear motherland beyond the seas.

The others spoke along the same lines, and the meeting closed about 4.15 with the singing of God Save the King.

Refreshments were served to the invited guests at the conclusion of the meeting.

The following comprises the Newcastle Board of School Trustees:—Dr. Nicholson, Chairman; Mrs. S. A. Demers, Messrs. A. A. Davidson, J. R. Lawlor, Michael Bannon, H. Willison, Dr. Sprout, Ex-Mayor S. W. Miller.

The news that Queen Alexandra will be absent from the coronation will give the United States scandal editors a chance to take up a domestic disagreement in the royal family.

The wonderful hand tailoring in Fit-Reform Suits

If you could be in the Fit-Reform workrooms and see a Fit-Reform Suit being made, you would be amazed at the amount of hand tailoring put into each garment.

What you see when you look at the completed suit, is only a small part of the workmanship.

It's the hidden part—the intricate stitching—the hand shaping—the patient moulding—that gives Fit-Reform garments so much style and grace.

It takes expert tailors to do the kind of work demanded by Fit-Reform. The specialists in the Fit-Reform workrooms are the best tailors in Canada today.

Compare these garments with the best custom work you know of, and you will find that the Fit-Reform standard of hand tailoring is the highest in the Dominion.

This does not mean that Fit-Reform garments are expensive. Prices for high class Suits are \$18, \$20, \$22, \$25 up.

CIVIC AFFAIRS

You may fool some of the people all the time, you may fool all the people part of the time, but you can't fool all the people all the time.

Many and varied are the problems which engross the attention of our civic rulers, for which we are all willing to make allowances, but the conditions which now obtain in Campbellton are most pernicious in their influence against the best interests of our growing town.

Another point is that with great acclamation the Council greeted an injunction clause to be tacked on to the By-Laws giving power to restrain any person from building in defiance of the By-Laws.

These things may be embarrassing in a slight degree but we have every confidence that the Council is quite able to remedy these matters once they are brought to their notice.

DRINK CURE A MIRACLE?

No. Just Sound Science.

Many drunkards are sent to jail when what they need is medicine. Drink has undermined their constitutions, inflamed their stomach and nerves, until the craving must be satisfied, if it is not removed by a scientific prescription like Samaria.

Samaria Prescription stops the craving, restores the shaking nerves, builds up the health and appetite and renders drink distasteful, even nauseous. It is odorless and tasteless, and dissolves instantly in tea, coffee or food.

Now, if you know of any unfortunate needing Samaria Treatment, tell him or his family or friends about it. If you have any friend or relative who is forming the drink habit, help him to release himself from its clutches.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper.

GREAT PAGEANT OF THE EMPIRE

The Most Wonderful Spectacle Ever Witnessed on the Streets of Old London.

An annex to the main entrance to Westminster Abbey is in course of erection. In the seating arrangements the plan is the same as that which was adopted at King Edward's Coronation in 1902.

The Earl Marshal's Office has been besieged with applications for permission to be present on all sorts and conditions of people. Peers and Peereses have a prescriptive right to attend, but even these will be excluded if they have not asked for and received permission to attend.

The Earl Marshal has received applications for permission to be present at the Coronation next June from over 200 Peers and Peereses who had no legal claim to be present at the ceremony in 1902.

It is the desire of His Majesty that the overseas dominions should take a prominent and distinguished part in the great State pageant, and at the present time the question is being considered whether some special act in the consistory ceremony cannot be entrusted to the representatives of Canada, Australia, South Africa and New Zealand.

QUEEN MARY As Princess Mary of Teck.

An unprecedented feature of the Coronation year will be the introduction of concert hall performances by Royal command. Male Royalties have visited London music halls privately, but the hall-mark of Royal patronage has never yet been bestowed upon the vaudeville stage.

In response to a petition signed by leading vaudeville managers the King and Queen will be invited to perform when they visit Edinburgh after the Coronation ceremonies. It is stated that other engagements preclude a similar act on their part so far as London is concerned.

A Coronation Outfit. Coronation year is to be made the occasion for a great effort on the part of the Incorporated Hairdressers' Guild of Great Britain to create a purely British fashion in costume.

The private residence of Prime Minister Asquith, at 29 Cavendish square, coveted by reason of its splendid reception rooms, old mahogany staircase and walls painted by Sir John Thornhill two centuries ago, has been secured for the Coronation by Lady Curzon.

ROYAL COURTS BEGIN IN MAY

King George Will Probably Beat the Record as the World's Champion Hunter

This will be a busy year for King George V. Indeed, so vast a programme has been arranged for him that he will easily beat the record as the world's champion hunter.

Even at present the King is, of course, extremely busy, but the most arduous programme of great State functions, which will mark Coronation year, does not open until one year and a day after the death of his late Majesty King Edward VII.

On May 10th the anniversary of King Edward's death, the Royal family and a large assemblage of royal relatives will meet at St. George's Chapel, Windsor, for a solemn memorial service. Then, honor to the great dead having been duly done, the curtains will roll back next day upon a season of pageantry unsurpassed in the country's history.

The first of the Majestic Courts will be held on May 17th. Between that date and June 22nd there will be four such opportunities for some thousands of the noblest and most distinguished men and women in the land to make their names before the King and Queen Mary.

To the first Court, on May 17th, between 10 and 11 a.m., will be invited, on carriage and electric broughams, a distinguished soldier, sailor, diplomatist or politician, clad in brilliant uniform and picturesque court dress. Punctually at the appointed hour, the King and Queen will occupy their twin thrones, as on a raised dais, behind their royal relatives and great

KING GEORGE At the age of three years.

Court functionaries will group themselves. Then the world-famous ceremony will begin. Each of the four Courts will be separately announced to the King and Queen, and that the strain of this is kept up hour after hour. Supper will be served in the same kindly way, and that the strain of this is kept up hour after hour.

However, the presentations may be expedited, it is hoped, for the ceremony to take less than a number of hours. But, however tired they grow, their Majesties must still continue to look as fresh and smile as serenely as possible, and to be distinguished by their distinguished of their guests.

Most people would want a day in bed to recover after the strain of such a reception, but the King has no time for that. He will be up as early as usual on the day following each of his Courts, and transact important State business.

MANUFACTURED IN ENGLAND Nearly Everything Worn at the Coronation Will be British-Made.

With the one exception of the Imperial mantle or pall, which the King assumes at his Coronation, the robes to be worn by the King and Queen are being made in London. Until lately it was understood that the King would wear the Imperial mantle made for King Edward VII, but it now seems to have been decided that his Majesty will wear the mantle of one of the Georges. The Queen will not wear the mantle or train worn by Queen Alexandra at her Coronation, as at one time there was reason to believe that it was her Majesty's intention to do, but one specially made for her in London. This is being made of purple velvet lined with ermine, and will be embroidered by members of the Ladies' Work Society, of which Princess Louise, Duchess of Argyll, is president. The movement for the promotion of everything British in the way of dress being worn this Coronation year, started by Queen Mary, enrols its recruits more rapidly every day.

A Lucky Debutante. Lucky indeed is the debutante of this Coronation year of 1911. For she will come in for much entertaining on a truly magnificent scale, and be permitted to see many interesting, and possible unique, sights.

Among the many girls who were to make their first bow to King George and his Consort this year, is the Hon. Hon. Mrs. Grenfell, Lord and Lady Deborough's eldest daughter.

The sailing vessel "Woodburn" is in port. It might interest our readers to know that the first ship "Woodburn" was dismantled in a gale in the Indian Ocean and towed to Bombay. The new masts were made and ready to be shipped when word was received that the hull had been condemned. The masts were therefore placed in the hull of a vessel then building on the Clyde and the ship named the Woodburn.

Ward III certainly gets all that is coming to it. In the height of the storm on Sunday a building was struck by lightning, doing considerable damage to the chimney and walls and destroying an iron bedstead. One of the children in the house had been removed from the bed very shortly before it was struck.

The shooting season opened on the 24th at the Rifle Range with a good attendance. Some very good scores were made, Mr. A. H. English winning the spoon with a score of 95. The mere announcement that the Colonial Stock Co. is returning to Campbellton on May 29th for its annual spring engagement should arouse exceptional interest in the hearts of its many friends and patrons, in fact all lovers of high class dramas and comedies should welcome the return of this estimable company with enthusiasm. Its repertoire will consist of three new plays never before seen on the stage in Campbellton, they will be of the same high calibre as the plays always produced by this company. The opening play, "The Marriage of Kitty," is a high class farce comedy with a good consistent story full of excellent situations. The part of Sir Reginald Belsize which is played by Mr. Frank Oliver is the best comedy part he has had since first coming to this country six years ago to join Miss Mary Fealy's company in touring the States. The Colonials have met with big success in playing "The Marriage of Kitty." They played it for the Odd Fellows of Charlottetown on April 26th to a packed house and it was considered by all who saw it the best play they have ever produced.

"Emeralda," the third play they will put on is a rural play of the Old Homestead type. It is as well-known and as popular as Denmar Thompson's great play. The people of Campbellton attending these performances will be more than paid for the prices charged, considering the acting ability of the company and the scenic productions of these standard plays.

SHANLY, ONT., Sept. 23rd, 1910.
"You certainly have the Greatest discovered Headache Cure in the world. Before 'Fruit-a-lives' came before the public, I suffered tortures from headaches caused by Stomach Disorders."
"One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications."
"I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying 'Fruit-a-lives'."

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years."

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

FOREST FIRES
Forest fires the last few days did great damage in various parts of the province. On Friday night the Presbyterian church at Nerepis was burned to the ground, the only thing saved being the organ. The building, which is near the settlement, caught from sparks flying from the burning woods. Capt. Anderson's house was burned at M-Kiel's Lake, Kings Co. Fire approached within three miles of Westfield. Mechanic's Settlement, Kings Co., was saved with difficulty. Fires have been raging at Goshen, Mechanic's Settlement, Portage River and Millstream, in Kings county, and at Baltimore along the line of the branch railway in Albert county. The fires in the vicinity of Moncton were got under control as the result of the strenuous fight made on Friday and Saturday. Fire, which is supposed to have caught from an engine on the north-bound Maritime express, destroyed two houses at Red Pine, thirty miles from Newcastle, on the Intercolonial, Thursday morning. A house belonging to F. W. Sumner, Moncton, vacated only a few days ago, was burned to the ground, while Peter Young lost his house, but saved most of his furniture. A large force of men gathered, and only their vigorous efforts prevented further destruction. Chief Warden Doyle of the North Shore has had his hands full fighting fires in his districts. The fires of Sunday and Monday, however stamped out many of the fires in all directions.

WHEN GOODS ARE SOLD ON CREDIT a receipt is issued showing the amount of the charge, satisfying the customer that it is correctly entered. The amount is automatically added to the charge-adding wheels inside the Register, preventing any mistake or neglect to charge it.

This prevents the losses which otherwise so often occur through failure to charge goods delivered.

WHEN MONEY IS PAID OUT for any purpose the printed receipt shows the amount paid, and is signed by the party who received the money. The amount is also recorded inside the Register.

This protects the merchant and greatly simplifies bookkeeping.

\$3,600 in Cash Prizes for Farmers

Tell Us How You Did It

You may win a prize by doing so

SUPPOSE your friend Bob Wilson, on the next occasion, "pulled up" at your front gate on the way back from market and asked about that silo or barn foundation you built, you would be glad to tell him, wouldn't you? And it wouldn't take you long, either, would it? And, as a matter of fact, you'd find as much pleasure telling him as he would in listening—ain't that right?

First you would take him over to view the silo or barn foundation. Then you would start to describe it—its dimensions—the kind of aggregate used—the proportions of cement used—number of men employed—number of hours working time required—method of mixing—kind of forms used—method of reinforcing, if any—and finally, what the job cost. So that by the time you finished, neighbor Wilson would have a pretty accurate idea of how to go about building the particular piece of work which you described.

Now couldn't you do the same for us, with this difference—that you stand a good chance of getting well paid for your time? In Prize "D" of our contest, open to the farmers of Canada, we offer \$100.00 to the farmer in each Province who will furnish us with the best and most complete description of how any particular piece of concrete work shown by photograph sent in was done. The size of the work described makes no difference. The only important thing to remember is that the work must be done in 1911 and "CANADA" Cement used.

In writing your description, don't be too particular about grammar or spelling or punctuation. Leave that to literary folk. Tell it to us as you would tell it to your neighbor. What we want are the facts, plainly and clearly told.

Sounds simple, doesn't it? And it is simple. And surely it is well worth your while when you think of the reward in view.

Now sit right-down, take your pen or pencil—all out the at-

tached coupon—or a post-card if it's handier—and write for the circular which fully describes the conditions of this, the first contest of the kind ever held in Canada.

Every dealer who handles "CANADA" Cement will also be given a supply of these circulars—and you can get one from the dealer in your town, if that seems more convenient than writing for it.

Contest will close on November 15th, 1911—all photos and descriptions must be sent in by that date, to be eligible for one of these prizes. Awards will be made as soon as possible thereafter. The decisions will be made by a disinterested committee, the following gentlemen having consented to act for us, as the jury of award: Prof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; Prof. W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Having decided to compete for one of the prizes, your first step should be to get all the information you can on the subject of Concrete Construction on the Farm. Fortunately, most of the pointers that anyone can possibly need, are contained in our wonderfully complete book, entitled "What the Farmer Can Do With Concrete." A large number of Canadian farmers have already sent for and obtained copies of this free book. Have you got your copy yet? If not, you'd better send for one to-day. Whether you are a contestant for one of our prizes or not, you're really ought to have this book in your library. For it contains a vast amount of information and hints that are invaluable to the farmer.

Please send full particulars and book.

WHY MEXICO REBELLED

Dark, indeed, is the social condition of Mexico if there is any substance behind the indictment brought by John Kenneth Turner against President Diaz and his system of government. In his recently issued book "Barbarous Mexico," he asserts that tens of thousands of working people of all ages, colors and degrees of intelligence have been and are being habitually sold into bondage worse than that attending negro slavery. In order to get at the facts from the inside, Mr. Turner posed as a man of wealth, desirous of acquiring a plantation, and in that capacity managers and officials revealed to him the profitable side of the transaction. He quotes the general manager of one-third of the tobacco lands of Valle Nacional as saying, "By the sixth or seventh month they begin to die off like flies at the first winter frost, and after that they're not worth keeping. The cheapest thing to do is to let them die; there are plenty more where they came from." Many other equally startling assertions are made by Mr. Turner involving governors of states, mayors of cities and the central government itself.

Mexican slavery has developed from the contract labor system. Its victims are held under pretence of debt, and once in debt the balance in the company's books is always against the slave. While the poverty of the common people is great and growing, the wealth of the favored few is increasing. Blame for this, Mr. Turner lays on President Diaz, whose policy it has been to hand out vast concessions to capitalists and political friends. The cabinet, the state governors and administrators of counties have all taken advantage of the land registration law fathered by Diaz, to oust the common people from the land that had been in the possession of their forebears for generations. "That law," he says, "permitted any person to go out and claim any lands to which the possessor could not prove a recorded title. Since up to time the land law was enacted it was not the custom to record titles, this meant all the lands of Mexico." Many of the officials who have profited by this unrighteous law, have assembled estates with acreages running into millions. If these things are true the wonder is not that there should be an insurrection, but that it is not more general and active. Nor is there reason for surprise at the favorable opinion of Mexico expressed by Canadian capitalists, who have secured public franchise concessions, and have not hesitated to draw unfavorable comparisons between President Diaz and the premier of Ontario. Had the president given more concern to the rights and well-being of the common people his long ascendancy would not have been closing in the gloom of civil war.—Toronto World.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all dealers.

LET THE GOVERNMENT RUN IT

While the Provincial government (Hon. Mr. Morrissey excepted) appear strongly in favor of having the St. John Valley Railway when built kept out of the Intercolonial System, possibly with a view to have the new line annexed later on by the Canadian Pacific, the Government is willing to lease and operate the road as soon as built, as a part of the Government system, which would be much better for the public interest.

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.
