BRITISH LABOR WILL RESIST TO LIMIT ANY MOVE THAT WILL BRING EMPIRE INTO WAR AGAIN

Special Conference Representative of All Branches of Labor Passes Resolutions Strongly Opposing Any Intervention Against Soviet Russia—Direct Action Would Be Final Resort If Necessary.

London, Aug. 13.—The opposition of British labor to assist in the war against Soviet Russia was voiced today with extraordinary vehemence at a special conference here representing all elements of the workers.

The resolutions adopted "hailed with satisfaction the Russian Government's declaration in favor of the complete independence of Poland," and pledged the British Labor party to resist any form of military intervention against Soviet Russia.

The meeting approved the action of the triple alliance of labor organizations in forming a council of action to deal with the situation arising from the Government's policy toward the war between Russia and Poland, and it recommended the levy of a half-penny upon ever member of the party to raise a fund for the requirements of the council.

Favors Direct Action.

The adoption of the resolutions viva voce vote was ratified by the delegates at the invitation of William C. Adamson, chairman of the Labor party in the House of Commons, who presided over today's meeting. He asked them to observe "the solemnity of standing" for a minute, and the delegates unanimously complied with his request, a complete silence being observed in the hall the while.

James H. Thomas, secretary of the National Union of Railwaymen, one of the principal speakers at the meeting, said that if circumstances demanded, it would be for the whole labor movement to decide upon direct action.

"Desperate and dangerous as is our method," he continued, "we believe that the disease is so dangerous and the situation so desperate that it is only desperate and dangerous methods that can prevent a calamity. The Russians do not mean that it is to be a mere strike or a simple 'down-tools' policy. If they are to be effective they mean to challenge the whole constitution of this country."

Asserting that the British Labor party members were the only people able to prevent an attack on Russia, he went on to say amid cheers:

Pleads for Unity.

"I want to thank our comrade, Winston Churchill, for uniting the British democracy. We couldn't. Other peoople have achieved unity. God send us the sense to preserve it."

The general secretary of the Transport Workers' Union asserted that labor was far more representative of the sentiment of the country than the House of Commons, and better qualified to pass on the "go to war or go to hell" policy.

The conference concluded by singing the "Internationale," and cheering enthusiastically. By its resolutions the council of action was instructed to remain in being until it secured guarantees that the British forces would not be used in support of Poland, Gen. Wrangel or any other military or national effort against Soviet Russia. Second, for the withdrawal of the British naval force blockading Russia, and third, the recognition of the soviet government and the establishment of unrestricted trading and commercial relations between Great Britain and Russia.

JUDGMENT RESERVED IN APPLICATION OF U. S. RAILWAY ASSC.

Toronto Corporation Counsel Argues Against 40 Per Cent Increase.

CHARGES INFLUENCE USED

Chief Commissioner Points Out Joint Rate Is Only Legal One.

Ottawa, Aug. 13.—(By the Canadian Press).—The railway commission of Canada this morning reserved judgment on the application of the American Railway Associationn for an increase of 40 per cent on the Canadian portion of the freight rate on through lines. Judgment will probably be given out this afternoon.

Mr. R. Geary, corporation counsel of the city of Toronto, had some comments to make on the application. Mr. Geary said that the application was approved by the Canadian roads because they feared that American roads might hold up coal supplies. There was even a veiled threat in the application, that the United States might take a hand in stopping the shipment of coal to Canada. The board, he urged, should not allow itself to be influenced by any threat of the United States Government.

Chief Commissioner Carvell, however, testified to the friendliness of the Interstate Commerce Commission of the United States. The utmost willingness had always been shown, he said, to give Canada all the coal possible. Mr. Carvell pointed out to counsel that if there were no joint rate there would be no legal rate, but the latter argued that it would be perfectly feasible for the American roads to make what rates they chose and the Canadian to do likewise. If the American roads got their 40 per cent increase they would be satisfied, and the Canadian roads would be able to make their rates, whereupon Mr. Carvell again stated that there could be no legal rate except a through rate.

Dr. Rutherford also pointed out that immediately the 40 per cent increase went into effect in the United States the legal through rate went out of existence.

When the Dominion Board of Railway Commissioners continued its sittings this morning, the application on behalf of the American Railway Association in regard to through rates on United States and Canadian roads was resumed. Opposition to the granting of the application was voiced by Mr. R. Henry, corporation counsel for the city of Toronto, who dealt specifically with the question of coal. Another counsel heard was Mr. Coyne, K.C., representing the Winnipeg Board of Trade, who vigorously pposed the granting of the application.

JEWELS TO BOLSHEVIK AMBASSADOR IN U. S. ARE INTERCEPTED

Washington, Aug. 13.—More than 100 diamonds, supposed to have been a part of the famous jewels of the Russian royal family and addressed to "Comrade Martens," have been intercepted by customs officials while en route from Soviet Russia to the United States, according to evidence introduced at the deportation proceeding against Ludwelg C. A. K. Martens, self-styled Soviet ambassador to the United States.

PASSENGER PLANE REACHES DETROIT

Detroit, Mich., Aug. 13.—(By the Canadian Press).—A big passenger-carrying seaplane arrived here this morning, completing a trip begun at Philadelphia July 31. The plane left Toronto yesterday evening. It carried seven passengers.

It is one of a fleet which its promoters intend to place in passenger and freight traffic between Lake Erie points.

WILL DEMAND WATER SUPPLY

London and Port Stanley Railway Board Appeals To Provincial Dept.

Accused of deliberately shutting off the Port Stanley water supply, so as to increase the sale of soft drinks, the London railway commission is taking steps to place the blame for the drinking water shortage at the lakeside on Thursday where, they claim, it really belongs, on the council of the village. With thousands of picnickers on the grounds for the Irish picnic, the drinking supply failed completely, and as a result, there was much severe criticism of the railway.

The commission will take the matter up at once with the provincial board of health, and ask that body to compel the village of Port Stanley to install an adequate water system. The present supply is obtained from the lake, the water being filtered into a small tank. When a sudden demand, such as Thursday's develops, this is soon exhausted, and the water from the lake does not filter in quickly enough to replace it.

In view of the fact that the assessment of the railway property was raised from $31,000 to $100,000 this year, and that the commission provides its own lighting and sewage system as well as its own police protection, the commission is taking the attitude that it is now up to the village to effect a few improvements in return for the benefits which the railway has brought to the village.

HEALTH COURSES WIDE IN SCOPE

Will Include All Students Who Are Interested in Special Branches.

Courses to be opened here for diplomas of public health will be wide enough in scope to include all students who are interested in any special branch of the work. Dr. H. W. Hill, head of the Institute of Public Health, announced today.

The principal feature will be a complete training course for those wishing to become public health officers. A second course will be arranged specially for medical men who already are enagged in public health work with a view to extending their training along special lines, and there will be a third course for students wishing to specialize in any particular line, such as laboratory work.

RULE OF BOLSHEVIKI IN RUSSIA ON WANE

Soviet Government Control Is Complete Only Around Moscow.

Terijoki, Finland, Russian Frontier, Aug. 13.—Developments of the soviet government in Russia have been such that today the vast Russian territory from the Pacific to the Baltic is divided into three distinct sections in the attitude of the people toward Bolshevism.

In a recent 4,000-mile trip across the entire country, all the way from Vladivostok to the Finnish border, the Associated Press correspondent observed that soviet support diminished with increasing distance from the capital at Moscow, where the supreme flats for ironclad militarism are issued.

In the remote eastern section of Siberia, the Bolsheviki admit failure to establish their system, and are seeking to create a buffer state, known as "the far eastern republic." Siberia proper, from Irkutsk to the Urals, where eight months ago Bolshevism was welcomed as a relief from the Colchak regime, is ready for another change to anything which will bring economic betterment. Proceeding further westward, the traveler finds European Russia, like a great mobilized army, in starvation circumstances and cursing the Reds, yet executing their ordersmassively.

LABOR LEADERS COULD GET OUT ON PAROLE IF THEY ONLY ASKED

The Government Doctor Pronounces Health of All As Excellent.

[Special to The Advertiser.]

Winnipeg, Aug. 13.—With regard to labor leaders now at the Manitoba prison farm, the Government doctor who examined them Thursday said he had been given to understand that the strike leaders would be allowed out on parole if they asked for it, but that they were determined that they would accept no parole with present Government restrictions attached to it. They will demand unconditional release, they say. Their health is excellent.

TWO HURT WHEN AUTO OVERTURNS

Thomas Flynn Injured When Steering Gear Caused Accident.

When a car in which he was riding with six others turned over en route to Port Stanley, Thomas Flynn, a farmer residing on the Hamilton road east of this city, was seriously injured yesterday afternoon. Injuries about the chest were suffered by Mr. Flynn and the other occupants of the auto were badly shaken up. The former was brought to his home in this city, where his condition this afternoon was reported as improved.

The party left London early in the afternoon to attend the Irishman's picnic, and the accident occurred near St. Thomas. The cause of the accident is believed to be a defective steering gear, the front wheels refusing to respond to the turn of the steering wheel immediately prior to the car upsetting.

VENIZELOS SPENDS GOOD NIGHT AFTER ATTEMPT ON LIFE

Bullet Will Be Removed From Shoulder Today.

Paris, Aug. 13.—Premier Venizelos of Greece, who was wounded here yesterday when fired upon by two young Greeks, spent a good night in the hospital to which he was taken, and is in no danger, it was announced early today. The bullet was lodged in his left shoulder, and will be extracted this morning.

MOTIVES WERE PERSONAL.

Paris, Aug. 13.—Georges Thyriakis and Apostolos Iserppis, the assailants of Premier Venizelos of Greece, who was painfully wounded yesterday at the Lyons railway station here, acted through purely personal motives, according to a statement issued at the Greek legation. After the fall of former King Constantine, they were removed from the Greek army and navy by the Venizelos Government, because of their open pro-German sentiments, it is said.

MOTOR CAR BANDITS BUSY IN THE WEST

Tourists Robbed Near North Gate, Sask.

Regina, Sask., Aug. 13.—G. Miller and Ben Morris of Fargo, N. D., were engaged in a fight with automobile bandits, near North Gate, Sask., Thursday. Morris was badly wounded in the leg, and Miller was hit in the foot. The bandits, driving a large touring car, blocked the road and held up two cars, one driven by Morris, and Miller, and the other containing Mr. and Mrs. Holt of Fargo. They opened fire, without warning, until the travelers surrendered. After robbing their victims, with the exception of a roll containing $300, which Morris skillfully concealed in his car, the bandits made their escape, taking the Holt car in addition to their own.

STEAMER IN DISTRESS.

Halifax, N. S., Aug. 13.—The American steamer Montara is ashore five miles east of Louisburg, C. B., and is asking for immediate assistance. The crew has abandoned the ship and landed safely on the coast.

LONDON IS MADE CENTRE FOR DISTRICT PUBLIC HEALTH WORK

Dr. W. J. McNally Has Been Appointed Provincial District Health Officer, With Headquarters in London—Many Important Developments Are Planned.

London has been created the public health centre for Western Ontario, Dr. H. W. Hill, head of the Institute of Public Health, announced today on returning from a conference with Dr. J. W. S. McCullough, provincial health officer, in Toronto. A branch laboratory has been operated here for some years, but the work is to be extended so that this will be the centre for this district for all public health work. This will apply particularly to the supplying of biological products such as serums and vaccines for the use of the medical profession. Until now these had to be obtained from Toronto. The institute will also use all efforts to increase the practice of pasteurizing milk.

Dr. W. J. McNally, provincial district health officer, will make his headquarters at the institute as a still further step in making it the public health centre of the district. He has been in this vicinity for some time, coming here from Owen Sound. Dr. Mill offered to obtain quarters for him at the institute, and the provincial authorities gladly accepted.

Child Welfare Work.

The London Child Welfare Association also will have its headquarters in the public health building. The nurses and office staff will be stationed there instead of at the Red Cross rooms.

Already in the pursuit of its new duties, the institute has secured a supply of a special form of diphtheria antitoxin for intravenous injection. This is particularly applicable to advanced cases. The ordinary anti-toxin for this disease will be carried as well.

Greatly Interested.

While in Toronto, Dr. Hill was in communication with Dr. R. R. Clenahan, head of the venereal department. He is greatly interested in the clinic which is being established at Victoria Hospital, and will come to inspect it as soon as it is opened.

Dr. Hill also attended a meeting of the editorial board of the Canadian Medical Monthly, issued by the Ontario Medical Association. He is editor of the public health section. The board decided to devote the support of the paper chief to venereal, child welfare and public health work.

MANY VETERANS TO GET CLASPS

Details of Awards For Distinguished Service To Be Known Shortly.

J. W. Cunliffe, secretary of the local branch of the G. W. V. A. informed The Advertiser today that details of the award of clasps for war medals issued to Canadian soldiers are practically completed, and while no definite announcement has been officially made, in all probability those who participated in the following engagements will be entitled to a clasp for each, second battle of Ypres, Festubert, Givenchy, the Somme, Lens, Passchendaele and Amiens. In addition, it is probable those taking part in other outstanding battles wherein Canadians distinguished themselves will be eligible for clasps.

To the General Service Medal, which is for all troops of the British Empire who went overseas, the clasps will be attached. This medal is granted to members of the Canadian forces who went to England only, as well as those who served under fire. The allied medal is awarded only to those who saw active service on a fighting front. The 1914-15 medal was given to those who arrived in France prior to December 31, 1915, while the Mons Star of the imperial army was awarded only to officers and men who served in France during the autumn of 1914. Only one Canadian unit, No. 3 Stationary Hospital, commanded by Lieut.-Col. Casgrain of Ottawa reached France in time to become entitled to this award.

As the Canadian corps operated for the most part as a unit in the great war, it is probable that there will be many who will be entitled to all clasps authorized.

Boys Had Money And Guns Ready For "Wild West"

Chicago, Aug. 13.—Police had in custody, today Walter Etter and William Reichle, each 15 years old, of Pittsburg, Pa., who were found in a railroad station here with suitcases containing $2,215, taken from Etter's father, a hotelkeeper.

The boys said they intended to go to the "wild west," and in their baggage were two rifles and two large knives.

PONZI RELEASED ON $35,000 BAIL

Public Awaiting With Interest For Further Developments.

Boston, Aug. 13.—Other arrests are expected within 24 hours as the further result of the investigation of spectacular financing which began when Charles Ponzi's Securities Exchange Company fell under suspicion.

With the matter of Ponzi's affairs pretty well in hand, Attorney General J. W. Weston Allen has turned his attention to the other money-making enterprises, which it is claimed, have been conducted in violation of the law, and to the loss of too credulous investors.

Boston, Aug. 13.—The public awaited with keenest interest today for further developments in connection with the crash of Charles Ponzi's dream castle of finance, to the building of which 40,000 investors are alleged to have contributed from $15,000,000 to $20,000,000, and federal and state officials continued with renewed vigor their investigations with a view to disclosing every ramification of the affair.

The financial district of the city was especially concerned lest the probe under way discloses operations that would involve institutions other than the Hanover Trust Company, which was Ponzi's largest depository. The Hanover has been closed by State Bank Commissioner Allen, who announced that its capital was seriously impaired and probably wiped out.

Ponzi was today free under bail of $35,000.

LLOYD GEORGE AND MILLERAND LIKELY TO HOLD CONFERENCE

Paris, Aug. 13.—Plans are under consideration for a renewal of the conference recently held between Premier Lloyd George and Premier Millerand of Great Britain and France, respectively, it was learned today. It was said that others might also attend the conference.

BUBONIC PLAGUE VICTIM.

Beaumont, Texas, Aug. 13.—City health authorities stopped a negro funeral here today, and after an examination of the corpse of a 7-year-old negro announced the child had died of bubonic plague. There was consternation among the mourners. This is the fifth death from plague here.

FAILURE OF THE U. S. TO BACK LEAGUE CAUSE OF WAR TODAY

Franklin Roosevelt Blames Poland's Plight On U. S. Senate.

DEFENDS COVENANT

Describes Men Who Have Opposed League As "Handful of Crooks."

Milwaukee, Wis., Aug. 13.—Denouncing the opponents of the league of nations as "a handful of crooks," who seek to "befuddle" the campaign with a "lot of lies," Franklin Roosevelt, Democratic nominee for vice-president, came to the defence of the league covenant last night in the closing speech of a busy first day on his western speaking trip.

He laid the blame for Poland's plight on "those little narrow men in the United States senate," and declared the Bolsheviki would never have dared attack the Poles if the United States had indorsed the league and thrown her moral support behind the Polish people.

"I hate fighting crooks," Mr. Roosevelt declared, "and we are being fed up in this country today by a handful of crooks with a lot of lies. Let's call them by their right name. A little handful of men are trying to force us to fight this campaign on little, narrow issues.

"There are many sincere people who are honest in their beliefs. My quarrel is with the men who oppose the league of nations' dishonestly, who try to befuddle this country by dragging in technicalities. They talk about 'America first.' Is that proper campaign argument to flout in the face of one-half, yes, three-fourths of the people of this nation, who want the United States to enter the league of nations?"

FRENCH GOVERNMENT APPROVES ATTITUDE OF U. S. AUTHORITIES

Pari, Aug. 13.—The French Government is sending a note to the United States expressing pleasure that the French and United States views on the Russo-Polish situation are "in complete accord," it was learned here today.

The note, which is eight hundred words in length, and is signed by Premier Millerand, recapitulates the conclusions in the United States note to Italy, saying that France "reaches an identical conclusion." It adds that France "never varied in its determination to support the principles so clearly formulated by the Government of the United States.

PAVING PLANT EFFECTS SAVING

City Engineer Brazier Is Well Pleased With Results.

In spite of the fact that the price of asphalt has increased from $25 a ton to $33, the paving program this year will be carried out at the same price as last year, as far as this material is concerned. City Engineer Brazier said today that a net saving of $2,000 had been effected by the purchase of large quantities of asphalt last year.

One hundred and twenty-five tons were available at $25 for use on this year's program, when work commenced in the spring, in spite of repeated reports that the paving program was being held up for lack of this material. The paving was delayed, but it was because of a breakdown at the paving plant and not a shortage of asphalt.

At the present time a shortage of cement has brought operations practically to a standstill. The base for the pavements is made from concrete and no matter how much asphalt is available it cannot be used until the concrete has been laid. The shortage of this latter material is also delaying the work on curbs and gutters.

Supplies of oil are coming a little more freely, and the city engineer is confident that he can complete the program within a reasonable time.

MANITOBA FARMERS HESITATE TO JOIN WITH LABOR PARTY

Coalition Is Discussed But No Action Taken.

Winnipeg, Aug. 13.—Conferences between Farmer, Independent, Conservative and Labor members of the Legislature took place yesterday with a view to the formation of a coalition opposition against the Norris Government, but after prolonged discussion nothing definite was decided, according to the announcement of A. R. Boivin, who is the secretary of the Farmer-Independent group. It is intended to have another meeting some time in October.

Nothing further than this was officially announced, but it was gathered that there is a decided indisposition on the part of the bulk of the Farmer Independents to have any alliance with the Labor party in view of the first plank in the platform of the Dominion Labor Party, declaring that it stood for "the transformation of capitalistic property into social property with production for use instead of for profit."

WALKERVILLE FIRM DENIES REPORT.

Winnipeg, Aug. 13.—Hiram Walker & Sons of Walkerville, Ont., through their Winnipeg representatives, have denied the suggestion that they were implicated in whiskey running reported from Butte, Montana. It is stated that Hiram Walker & Sons sell no liquor in Alberta and British Columbia except through Government agencies, and the company has no accounts west of Winnipeg.

STATE OF SIEGE IS DECLARED IN WARSAW, BOLSHEVIKI ARE WITHIN 25 MILES OF CAPITAL

Civilians Not Permitted On Streets After 10 o'Clock At Night—Town of Pullusk Reported To Have Changed Hands Several Times—Polish Successes Are Reported On Southern Front.

Warsaw, Aug. 13.—Russian Soviet forces, which are attacking the Polish lines northeast and east of this city have reached a point 25 miles from Warsaw. A state of siege has been declared here by the military governor. Civilians are not permitted on the streets after 10 o'clock at night, and cafes must close at 9 o'clock. Fighting was reported today within 30 miles of the capital. It was said Pullusk changed hands several times, and last accounts were that fighting was going on in the streets. The Poles were holding the west bank of the Narew River at this point, beating off the Bolsheviki from the north and hurling back other enemy forces which were trying to cross the river.

POLES SUCCESSFUL IN SOUTH.

Warsaw, Aug. 12.—Polish successes on the southern front, where the Russians have been pushing for Lemberg, are reported in tonight's official communique. The Polish cavalry and infantry have ousted the Bolsheviki from Radziechoff, Lopazyr Stanystavezyk and Toporoff. These towns are in the district northwest of Lemberg, and to the west and northwest of Brody on the old Galician border.

Fighting is continuing still further south along the Stripa, in the Buczacz area.

LIBERAL LEADER AT PAISLEY PICNIC THURSDAY AFTERNOON

HON W. L. MACKENZIE KING (shown at the left of picture) answers Premier Meighen's recent address, made at Stirling. The Liberal leader characterized the new "camouflaged" party as merely the same old bunch of Tories. Thousands of Bruce Liberals heard the brilliant young leader at the Paisley gathering on Thursday. Report of speech appears on page four.

TORONTO OFFICIALS COMING TOMORROW

Will Make an Inspection of L. and P. S. Railway.

Thirty representatives of the city of Toronto, including the city council, public utilities commission, city officials and press representatives, will arrive in the city at 11:35 a.m. Saturday at the invitation of Sir Adam Beck. They will be tendered an official welcome by the city, and will be taken on an inspection of the London and Port Stanley Railway. Grand Trunk officials announced the coming of the party today, but previously to this no intimation of their visit had been given.

General Manager J. E. Richards of the L. and P. S. R. stated that he knew the party was coming, but had received no details. It is likely that the city council, which meets tonight, will be invited to co-operate with the railway commission in tendering a welcome to the visitors. They will be taken on a tour of inspection of the company's property at Port Stanley and will be entertained there.

POLICE SEARCHING MOUNTAIN PASS FOR OTHER BANDIT

Bassoff Says Arloff Chose Crow's Nest Pass As Means of Escape.

Fernie, B. C., Aug. 13.—(By the Canadian Press).—Following disclosures made by Tom Bassoff, the bandit captured at Pincher Creek, Alta., Wednesday night, that Alexander Arloff, alleged leader of the trio, who held up C. P. R. train No. 63, had chosen the Crow's Nest Pass westerly route as a means of escape, the man hunt is being vigorously conducted from this centre by civic, provincial, royal Canadian mounted and railway police, forces. An armed man, closely tallying with the description given by Bassoff, has been seen near Crow's Nest.

Systematic searches of residences in the foreign quarter of Fernie and Mitchel has proved unavailing. Arloff is known to have many friends in this vicinity.

PHYSICIAN IS FINED.

Calgary, Aug. 13.—For prescribing cocaine contrary to the opium and drug act of Canada, Dr. D. Albert Rose, of this city, was fined $600 by Magistrate Davidson, and warned that imprisonment will be the penalty for any further offence.

POLISH FORCES ARE PUTTING UP STUBBORN DEFENCE OF WARSAW

Warsaw, Aug. 13.—Polish commissioners with authority to negotiate a preliminary treaty of peace expect to leave this city early Saturday morning to meet Russian Soviet delegates somewhere on the road between Warsaw and Brest-Litovsk, the foreign office announced today. The meeting, it was said, will take place between 5 and 7 o'clock Saturday evening.

British and American newspaper correspondents will be permitted to accompany the Polish delegates, the Bolshevik authorities having expressed a desire that they be present.

After meeting the Soviet delegates on the road, the Polish commissioners will probably be taken to Minsk, where the formal peace conference is expected to take place.

The Polish mark took a decided turn for the better today. Every possible effort is being made by the Polish Government to support the army against the Bolsheviki at the gate of the capital. Women are playing a prominent part in all activities, many society leaders supervising sidewalk lunch stands at busy corners, where soldiers are given food and drink.

Air raids over the Soviet lines along the Warsaw front are now a daily part of the city's defence, aviators flying from the Warsaw aerodrome every 20 or 30 minutes for the front. One aeroplane caught fire when it was starting on a raid, the pilot and observer being killed and four civilians were killed and six injured by the explosion of bombs when the plane struck the earth.

REDS ARE BLAMED FOR CONTINUANCE OF HOSTILITIES

Warsaw, Aug. 13.—Responsibility for continuance of the fighting in Poland was today placed upon the Russian Soviet Government by Prince Eugene Sapieha, Polish foreign minister, in a telegram sent to Sir Eric Drummond, general secretary of the league of nations.

PREMIER MEIGHEN TAKING IN SIGHTS IN THE QUEEN CITY

Inspection of Harbor Improvements Is Made This Forenoon.

Toronto, Aug. 13.—(Canadian Press).—Hon. Arthur Meighen today paid his first visit as premier to this city. The new Government leader received a warm welcome, although no public demonstrations had been arranged. Mayor Church, Dr. Sheard, M.P., and others, greeted him at the station.

Mr. Meighen breakfasted at the National Club, where he met a few friends. The morning was spent in an inspection of the new harbor improvements, following which there was a private non-political luncheon at the King Edward. This afternoon there will be a public reception in honor of the premier at the home of Edmund Bristol, M.P.

Mrs. Meighen is accompanying the prime minister, also Mr. and Mrs. Meighen Sen.

Mrs. Meighen Sen. did most of the chatting with the reporters. When the train pulled into the Union station shortly before 8 o'clock, they were in the living-room of their private car. The premier was shaving.

"He'll cut himself and spoil his good looks," remarked the premier's mother, good-naturedly. She did not quite approve of her son shaving on the train but under the circumstances he would just have to be careful.

A member of the party was curious to know who the premier followed in his habits and nature. "Well, if he has brains," declared Mrs. Meighen, "he gets them from his father, but if he has grit and determination he gets that from me."

SPLIT OCCURS IN RANKS OF TYPOGRAPHICAL MEN AT ALBANY CONVENTION

Certain Section Objects to What They Term "Steam Roller" Tactics.

Albany, N. Y., Aug. 13.—Delegates, dissatisfied with the proceedings of the annual convention of the International Typographical Union here, led by President Ell John P. McParland of New York, met in a separate hall last night and laid the groundwork for what was termed a "progressive organization." They charged that a certain few men were "railroading" the convention, and that the "steam roller" had flattened reasonable opposition to reports of commissions.

NEW JAM PRICES WILL BE HIGHER

Recent Advances in Sugar Are Blamed For Increases.

The following comment on the market situation as regards foodstuffs appears in Canadian Grocer:

Changes in the grocery markets are not numerous this week, although the announcement of prices on new peas and new jams is made at Toronto. Buying is not heavy, due of course to the holiday season. Quotations remain strong, and for the most part unchanged.

Toronto.—The feature of the grocery markets as far as Toronto is concerned is the announcement of the opening prices on canned peas, and also on new jams. In the case of the former, prices are lower than a year ago, but in the case of jams, the cost of sugar and containers has so affected values that opening quotations are considerably in advance of 1919. Quotations on cornflakes have been withdrawn temporarily. Corn syrups and starch are steady at the decline of last week. Canned goods, with the exception of canned salmon, are a bit quiet, but for salmon there is an active inquiry. The sugar market is firm, and the situation generally is much the same as a week ago. Dried fruits are practically unchanged. Citron peel is again offered, the market having been practically bare of the same for some time past. New prices are also named on lemon and orange peel. Teas are very strong and coffees are unchanged.

In the produce market, prices are for the most part steady. Fresh meats and hams and bacon are all holding firm. Cheese is inclined to be easier. Eggs are slightly in advance of a week ago, and the butter market continues steady.

ANOTHER ADVANCE IN PRICE OF CUT NAILS

Higher Quotations Are Named On Many Lines of Hardware.

Discussing the market situation Hardware and Metal says:

Higher prices are noted on many lines of hardware commodities this week. Galvanized conductor pipe and elbows have higher quotations, together with eavetroughing and metallic shingles. Other lines that show an advance in price are farriers' hammers and horse rasps, wheelbarrows, wrapping paper, brass and steel jack chain and cut nails. Sash weights, car movers, hay wire and fibre chair seats are also marked up.

Certain lines of builders' hardware comprising lock-sets, locks and door knobs are advanced in price.

Snowshoes for fall booking bear a higher price, and a considerable increase in the new prices just issued for lawn mowers for next season is noticed.

While business has fallen off a little, it is greater than usual at this time of the year, in most lines, and jobbers state they could do more if they could get larger supplies.

Shortage of supplies is reported in many quarters, and this is especially noticeable in the heavy lines of hardware, such as galvanized and black sheets, boiler plates and tubes, stoves and ranges, Canada plate and nails. Wrought iron pipe, both black and galvanized, is also very short.

Further increases in the price of heavy goods in iron and steel is expected as a result of the higher freight rates, which take effect in the United States about the end of this month.

Collections are said to be coming in satisfactorily.

IF THERE WERE ONLY A TAX ON TALK

Everything is taxed these days except talk, and no tax could be more popular from the standpoint of the consumers.

At public meetings speakers limited for 20 minutes will speak for 50. In the movies behind you girls will hold a pink tea talk. The preacher on a hot Sunday keeps you one hour and a half, and so we could go on. Only once in a blue moon does a man arise and without palaver drive right to the point with a few crisp words. Here they are right to the point. Buy perfect diamonds from John A. Nash, My Jeweler. His store is at 206 Dundas street. "Where you will eventually buy." 8cu-xv

FORD REUNION IS HELD AT DUTTON

[Special to The Advertiser.]

Dutton, Aug. 13.—Sixty members of the Ford family were here for the first reunion held in E. P. Ford's grove. The event was such a splendid success that it was unanimously decided to make it an annual effair. A feature of the sports program was a ball game between teams captained by F. E. Ford and J. R. Ford. The latter won by a score of 9 to 5.

A very hearty vote of thanks was passed to Mr. and Mrs. E. P. Ford and the following committee was appointed to arrange for the next gathering: Chairman, Alex. D. McKillop; secretary, R. E. Ford; Floyd Ford, Fred Ford, Arthur Ford, Mrs. Ernest Ford and E. P. Ford.

The results of the races were:

Married women's race—Mrs. J. Gilbert, Mrs. E. Ford, Mrs. J. A. Ford.

Married men's race—John Gilbert, Arthur Ford, A. R. Ford.

Three-legged race—J. Ford and G. Ford, F. E. Ford and J. Gilbert, R. Ford and G. Ford.

Girls' race, under 10—Gertrude Erb, Christine Ford, Minnie Ford.

Boys' race, under 6—Russell Ford, Mack Ford, Robbie Ford.

Boys' race, 6 to 16—Lovis Ford, George Ford, James Ford.

Girls' race, 10 and over—Ruth Ford, G. Erb, Pearl Ford.

Young men's race—J. R. Ford, J. McKillop, F. E. Ford.

Peanut race—Mrs. E. P. Ford, Mrs. E. Ford, Mrs. J. A. Ford.

Pie race—J. Ford, L. Ford, G. Ford.

Backward dash—J. R. Ford, J. McKillop, G. Ford.

Tug-of-war, married vs. single men—Tie.

TO CONSIDER PLANS FOR FREE COURSES

University Training Is To Be Considered by No. 1 Committee.

Plans for providing free university training for London students in accordance with the suggestions made by Mayor Little at the beginning of the year, likely will be submitted to No. 1 committee of the city council tonight by the governing body of Western University. While details have not been announced it is understood that the scheme will follow closely the one outlined by the mayor, although it likely will apply only to the arts courses and not to the medical.

It is understood that the university will offer to remit the fees of all city students whose parents reside in homes assessed for less than $3,000 or some other specific amount. The plan first considered was the payment of the fees by the city, but it is thought the other method will be the better.

The double advantage of the plan where by both the students and the university are benefitted will be pointed out.

TO ESTABLISH CLASS FOR BACKWARD PUPILS

Meeting To Discuss Matter Will Be Held On Tuesday.

Preliminary steps to establish a class for backward pupils will be taken at a meeting of a special committee of the board of education next Tuesday, Trustee Mrs. C. E. Tanner is head of the committee, and will lay a number of suggestions before the members. One of the first operations in connection with the plan will be the arrangement of a survey of all public school classes to determine the number of children who would be benefitted by the establishment of such a class.

It is not expected that the work will be undertaken this year, but with all the necessary data on hand, Mrs. Tanner hopes to see it under way next year.

To further the plan she will ask the committee to recommend to the board that Dr. C. K. Clark of Toronto, head of the national committee dealing with backward children, be invited to the city to give a public illustrated lecture on the subject.

SIX HOUSES ADJOINING SCHOOL TO BE SOLD

School Board To Meet To Ratify Debenture Allotment Tuesday.

Six houses adjoining the Simcoe street school will be sold at auction by the board of education next Wednesday. The buildings are on land which has been purchased for extension of the school grounds.

A special meeting of the board has been called for Tuesday to ratify the debenture allotment for the Knollwood and Ealing schools. The Knollwood school is being built for less than the estimate, while the Ealing school exceeds its estimate. The council has authorized a transfer from the Knollwood allotment to meet this deficit, but now wants a definite statement as to the amount which the board wishes to transfer.

A meeting of the special committee to consider the establishment of classes for sub-normal children has been called for Tuesday at 4 o'clock. Trustee Mrs. C. E. Tanner is chairman of the committee.

COMMITTEE DECIDES TO MAKE CHANGES IN SCHOOL ADDITION PLAN

Revised plans for an addition to the Wortley road school were considered by No. 2 committee of the board of education Thursday afternoon. It was decided to make a number of other minor changes in the hope that the work could be accomplished with the amount of money estimated as necessary at the beginning of the year. Accordingly the plans were referred to Chairman Hayman, Trustee Edwin Smith and Architect L. E. Carrothers. A special meeting of the committee likely will be called next week to indorse them.

W. Scott was awarded a contract for roofing the Alexandra school at a cost of $1,225. The present roof was put on twelve years ago and the guarantee on it has expired.

MORE BUILDINGS FOR THE GRAND TRUNK

Several minor operations have been commenced by the Grand Trunk Railway in London, building permits for which were obtained today. The principal permits are for the building of a one-story shed over a platform on York street at a cost of $2,800, and another frame and stucco structure on Bridges street costing $3,800. A small shed, costing $200, will be built on Campbell street at the rear of the fair grounds.

This makes a total of 41 permits issued to date for expenditures which aggregate $127,360.

BUMPER CROPS IN PARKHILL DISTRICT

Parkhill, Aug. 13.—Splendid progress is being made with the harvesting all through this district and farmers are more than satisfied with the outlook. Many of them expect the present season will be the most prosperous they have ever had.

The Star livery has been torn down, and a new brick garage will be erected by Messrs. Foster & Leary. The livery formerly belonged to the estate of the late Simon McLeod and was one of the old landmarks here.

The Farmers' Co-operative Society has purchased some property on Station street, and will fit it up for a warehouse.

SERIOUS CHARGE AGAINST FERNS IS DISMISSED

No Evidence of Intention To Do Bodily Harm, Says Magistrate.

A charge of wilfully driving a motor car with intention to do bodily harm against Oliver Ferns, a Glanworth youth, was dropped by the crown today, Magistrate A. H. M. Graydon holding that there was not sufficient evidence to commit accused for trial. Ferns was driving a motor car along Wharncliffe road on the night of July 1, when he struck Samuel Kescue, seriously injuring him. The victim was unconscious for ten days, and his recovery was doubtful for some time. However, although very weak he appeared in court today to give evidence.

Kescue, a local Rumanian, also known as San Fesen, stated that he stepped out from the curb at Wharncliffe road and Euclid avenue to board an approaching Ridout street car. He saw no auto and was waiting for the car door to be opened when something happened, and he remembered no more for ten days. He swore that the street car had stopped. Owing to his weak condition the victim was allowed to give evidence seated on a chair, and at the conclusion of the hearing returned to Victoria Hospital, where he is a patient.

Motorman's Evidence.

J. B. Beattie, a motorman on the Ridout car, which Kescue was about to board, was the next witness. He saw the man a car length away and stopped for him. Before the car stopped, however, Kescue was hit by an auto proceeding in the same direction, which carried him two car lengths along the road. He heard no warning sounded by the motorist.

Harry Howall, conductor on the same car, corroborated the previous witness in part. He informed the court that he saw Ferns pass the back door of the car as it slowed down, and heard the impact of Kescue against the auto.

During the testimony Magistrate A. H. M. Graydon objected to the manner in which J. M. McEvoy, counsel for accused, conducted the cross-examination.

"Do you mean to insinuate that I am abusing the witness?" asked prisoner's counsel. "I did not know you were so tender-hearted. However, I must submit to your ruling, but no more than I have to."

Was in the Gutter.

Constable Middaugh, the last witness, testified that he was in his house when he heard the crash, and running to the street saw Kescue lying in the gutter. The car was over 200 feet away, where Ferns had stopped it.

"What evidence is there of wilful neglect?" asked counsel.

"Why, didn't he see the man on the road?" queried the court.

"Why didn't Kescue see the auto?" was counsel's comeback.

"There may have been neglect on both sides," commented his worship, "but it is such a serious charge. There is no evidence to show that Ferns was traveling at an excessive rate of speed. I do not think that any jury would convict this man, who acted well since the accident. It is a calamity that the man was injured. It would not serve the ends of justice to commit Ferns for trial."

Speeding cost H. W. Gibson and M. Davis $5 and costs, while Stanley Pearson had his funds reduced $3 for a similar offence. George Corie, M. Rourke and James Dodd learned today that it costs $2 each for breaking city bylaws.

GORDON ANGUS IS AGAIN REMANDED

Evidence of a Witness for the Defence Is Taken.

Charged with the theft of an auto valued at $1,000 from Dr Angus Graham on January 5, 1919, Gordon Angus, a local youth, was again remanded in police court today, owing to the fact that the complainant is out of town on a holiday. However, by special permission, a deposition of the evidence of J. P. Myers of Detroit, a witness for the defence, was taken owing to the fact that it would be otherwise necessary for him to return to London.

Myers swore that Angus came to Detroit on January 3, 1919, and was there for a week. The witness lived in Detroit nine years, and was sure of the date because his wife returned from a visit in London on that day. He fixed the date as two days after New Year's. W. R. Meredith opposed a remand, but the court ordered it for next Wednesday, Angus being allowed out on bail of $2,000, provided by his father. C. F. Clark, proprietor of a local ice cream and candy store, was charged with a breach of the health act. He blamed George Hiscox, his landlord, and the case was adjourned one week in order that the latter may be summoned.

DRIVING WHILE DRUNK COST JOHNSTON $200

Woodstock Man Blamed His Condition on Beef, Iron and Wine.

Arrested in an intoxicated condition in an auto here last night, with a bottle of whiskey as an extra passenger, Fred Johnston of Woodstock was fined $200 and costs in police court today, because he carried the extra passenger. Accused swore that he was taking a certain party to Ingersoll, and the latter brought along the bottle. He blamed his own condition on beef, iron and wine, which he had taken as a tonic.

"You were found at 12:40 a.m. sleeping in your car," said the magistrate, "and the onus is on you. The whole trouble is that the bottle was in your car."

Two drunks paid the customary $10 and costs necessary for having their names entered on the police court blotter.

LOCAL NEWS

CARS DAMAGED.—Three freight cars were badly damaged today when they left the rails and piled up near the icehouse in the C. P. R. east end yards. No one was injured.

GOING TO FOREST.—Col. J. Rawling, commander of the local branch of the Salvation Army, will go to Forest on Saturday to conduct special services on Sunday and an inspection of the branch on Monday.

SUES FOR $298.—Jarvis & Vining of this city have issued a writ in the county court here for James Cowan & Co., against Robert W. Seed for $298.39, as the acceptor of a bill of sale, for the price of goods sold, and for rent.

BACK FROM OTTAWA.—W. W. Nobbs, chairman of the shippers' committee of the chamber of commerce, has returned from Ottawa, where he attended the sessions of the board of railway commissioners regarding the application of the railways for an increase in freight rates.

PICNIC TOMORROW.—Under the auspices of the International Order of Good Templars of Middlesex County, a picnic has been arranged at Springbank tomorrow. The party will include the members of the Chippewa Lodge, Muncey and the Bear Creek Lodge on the Caradoc reserve. These two lodges are comprised of Indians. They will be joined by those of Hope of the West Lodge. The grand chief templar, Tom Macnaughton of Hamilton, has been invited, and will represent the grand lodge of Canada.

ENJOYED TREAT—A party comprising 235 returned soldiers from the various hospitals were taken to the ball game between Hamilton and London on Wednesday afternoon by a committee consisting of E. V. Hesian, secretary of the K. of C. Catholic Army Huts, Col. W. G. Coles, Roy Kennedy, Robert Burns, Joseph F. Noland, Richard Forristal, William Fox and Ed. Ryan. The soldiers enjoyed the game thoroughly and turned out to be real good rooters for the London team. They expressed their warmest thanks to the committee for the outing.

TRADE ACTIVE.—London reports to Bradstreet's say that there is little that is new in the local business situation. There is a better tone apparent, however, in most circles and trade is showing a little more activity in some of the rural centres round about. Crops are generally showing good returns. New oats are now coming on the market. The general situation is satisfactory as usual owing to the varied resources of Western Ontario. Wholesale dry goods are firm in price. Boots and shoes are moving rather slowly, while groceries and hardware is fairly active at firm prices. A good fall trade is looked for generally. Industry is operating on a satisfactory scale. Collections are good.

HOLDS GOSPEL SERVICE FOR ALL EMPLOYEES

Although rather unique in their action, the management of the London Soap Company daily, except Sunday, holds a short gospel service for all employees, numbering about 30, from 9 to 9:30 a.m. The employees are paid for time utilized during the service the same as while at work, and, according to A. E. Phillips, the manager, the firm is well repaid for this innovation.

He stated to The Advertiser this afternoon that the employees enter into the spirit of the meetings, where a hymn is sung, scripture read, and an address given by some speaker obtained for the occasion.

"There is a general atmosphere among the employees which indicates that the meetings are a success, and the venture is a paying one for both employees and employer. If other firms would only try it there would be a surprise in results, although I am sorry to say pressure is generally brought to bear against such a movement. We are the only firm in London conducting such meetings, although a firm employing 250 people in Toronto has acted similarly with success. The gong rings at 9 o'clock and the employees quit work to file into a special room, just as if going to church. They enter into the thing willingly, irrespective of creed or caste, and we have conducted such meetings for the past eight years."

DELEGATION REQUESTS BURNABY TO SEEK ELECTION IN S. YORK

Head of Agriculture Council Insists On Opposing Mackenzie King.

TORONTO, Aug. 12.—A delegation waited upon E. W. E. Burnaby, president of the Canadian Council of Agriculture and U. F. O. candidate for North York, to request that instead of opposing Hon. W. D. Mackenzie King, he should seek election in South York. This Mr. Burnaby absolutely refused to do. The president of the U. F. O. declared that if he could not seek election in his own riding, he would seek election in no other place. The farmers of North York had chosen him as their candidate, and he would not go back on them. They would not hear of him retiring from the running, he said.

MRS. FRED McDERMID DIES IN N. OXFORD

INGERSOLL, Aug. 12.—Mrs. McDermid, wife of Fred McDermid, a young North Oxford farmer, died today. Her maiden name was Grace Pullin, and she was widely known here. She was in her 25th year and besides the husband she is survived by four small children.

Word has been received here that Dr. R. J. Treleaven of Ryerson Church, Hamilton, to whom a call was recently extended by the congregation of the Methodist Church, has accepted the invitation to assume the pastorate here in July, 1921.

Injured in Wreck.

That the injuries of Engineer Robert Heard and Fireman J. Eagan of London, who jumped last night just before the wreck on the Grand Trunk occurred, are not as serious as at first supposed, was learned today. Heard sustained a wound on his forehead, had his nose and his lips cut and a thumb dislocated. It is thought he will be able to leave the hospital in a short time. Fireman Eagan received a bad scalp wound and was seriously shaken up. Alexander McKenzie, Union street, one of the men on the train that was standing, had three ribs fractured. Roy Cook, a local young man, who had been hurt a short time before the wreck by a rail falling on his foot, was in the coach ahead of the caboose which was demolished and had a narrow escape.

BOYS ARRESTED FOR STEALING HANDCAR

GUELPH, Aug. 12.—Detective Dordon of the C. P. R. arrested six boys this afternoon for the theft of a handcar. The gang originally consisted of eight, but two who were fast sprinters, escaped. The hand car was stolen at Arris, and after making a run through to Guelph the boys had to stop at the outskirts of the city and remove the car from the tracks to make way for a passenger train. Two are over sixteen years of age, and according to statements made by them they have all appeared in court on previous occasions. They claim that they live in Toronto and gave their names as Joseph Coulter, Joseph Rice, William Jenkins, Beauford Hay, William Curtis and Robert Perris. They will appear in court tomorrow.

GRAND TRUNK TEAMS MADE FINE SHOWING IN FIRE COMPETITION

Fast Time Was Recorded At Official Tests in Queen's Park.

The three fire reel teams of the Grand Trunk carshops and roundhouse competed today in the 32nd annual fire brigade competition of the Grand Trunk Railroad System. The competitions were held in the fair grounds under the management of H. Call, of Montreal, general organizer of first aid for the G. T. R.

Among those present from the local division were: J. R. Leckie, assistant superintendent of motive power; H. Poole and I. N. Clark of the carshops. Fire Chief John Aitken was also one of the scorers.

There are about thirty different points in Canada, where these tests are annual events. A complete official list is kept of the time in which each event is made, and when all has competed and the figures compared, the team making the best showing is awarded the prize donated by the Grand Trunk.

Were Disqualified.

The London teams last year were disqualified because the hose couplings were not made tight enough. This year, however, Mr. Call, the official timekeeper, stated that as far as he can remember the time made today gives the London teams a good chance of at least taking one of the prizes.

The annual competitions, it was stated, keep the men more interested in the fire brigade work. A number of the men have been on the team for a number of years. If fire broke out in any part of the building the men are well enough trained and equipped to either extinguish a blaze or keep it under control until the city fire department arrived on the scene.

The time in which each department made each event is as follows:

Dry event—Carshop team No. 1.—34 2-5, 33 3-5, 11—Total 55 seconds.

Dry event—Carshop Team No. 2.—29 1-5, 9 4-5, 11—Total 50 seconds.

Wet event—Carshop team No. 1—34 3-5, 12, 13—Total 59 3-5 seconds.

Wet event—Carshop team No. 2.—36, 10 2-5, 14—Total 60 2-5 seconds.

Dry event—Roundhouse team—31 2-5 11, 12 4-5—Total 55 1-5 seconds.

Wet event—Roundhouse team—36 1-5, 9, 14 3-5—Total 59 3-5 seconds.

The Teams.

The teams were composed of the following men:

No. 2 Carshops—E. Rodgers, captain; H. Huddart, lieutenant; A. Green, L. Matthews, D. Livingstone, W. J. Clarke, Frank Smither, W. Sproule, G. Garrow, C. Thompson, R. Hammond, W. Halpin.

No. 1 carshops—C. Quirie, captain; W. Rawlings, R. Skeggs, W. Lightfoot, L. Reid, W. Doerr, C. Christensen, C. Goddard, A. Vaude-Laude, W. Wilson, W. Baldwick, M. Allen.

Roundhouse team—M. Crooks, F. Shaw, G. Murphy, B. Riddell, A. Lucas, C. Gleason, A. Burroughs, L. Birmingham, H. Potter, F. Bryan, Fred Johnston. C. Warren, captain.

C. Skeggs was in charge of the refreshment canteen.

MAY EXTEND ROAD AT PORT STANLEY

Special Meeting Called Monday Night to Consider the Matter.

To consider extending a road at Port Stanley across the property of the London and Port Stanley Railway a special meeting of the Port Stanley council has been called for Monday night. Mayor Little and members of the London railway commission have been invited to attend.

The proposed extension would be at the west end of the commission's property. The proposal is a new one, and the members of the commission are not yet conversant with the details. It is expected that it would mean an annual cost of $800 or $900 to the commission, and it is not thought that any great benefit will be derived from it. For that reason the commission will not indorse the plan.

ALL COMPLAINTS TO BE INVESTIGATED

Several complaints in regard to the judiciary system of the province have been forwarded by Londoners to the commission which has been appointed to investigate. Dr. H. A. Stevenson, member for London, said today that future complaints of this kind should be forwarded to W. G. Tite, secretary of the labor representation committee, and that they would be taken up by the commission.

SOLDIERS TO AID VETERAN OF CRIMEA

A veteran of the Crimean war, aged 87 years, informed J. W. Cunliffe today that he is in very poor financial circumstances. His wife, who is 85 years old, is a cripple, and at present they have no money to buy food or clothing. When he returned from the Crimea he was left without a pension, and lately what little money he had has been spent in doctor bills, mostly.

Mr. Cunliffe informed The Advertiser that the G. W. V. A. is going to take up a subscription for the man, and if it was necessary they would put a band concert on in Queen's Park.

IRON GRATE FALLS; BOY'S ARM BROKEN

GALT, Aug. 12.—Traffic on the main line of the C. P. R. was held up this morning about an hour due to derailment of several cars of freight trains east of Ayr. Passenger trains were held in the local yard until the line was opened.

Francis Gooding, ten-year-old Cooper street lad, playing about an iron grating on Main street this morning, had his arm broken when the grate fell on him.

The tomato crop in these parts is an exceptionally heavy one. C. Pickard of 14 Davidson street has one plant bearing no less than 79 tomatoes.

FOUGHT OFFICERS WHO SEIZED SICK WIFE'S WHISKEY

WINDSOR, Aug. 12.—That they had fought liquor law enforcement officers who attempted a search of their home, only to prevent seizure of a small quantity of whiskey in the house for the use of Mrs. Menard under doctor's orders, was the claim of Emil Menard and his son, when they appeared in Windsor police court today, charged with obstructing police in the performance of their duty. Two local physicians testified they had treated Mrs. Menard for heart trouble, and had prescribed liquor as imperative to her continued health. The assault upon the officers, special inspectors sent here from Toronto, occurred when, with the Rev. J. O. L. Spracklin, Sandwich Methodist pastor, and foe of rum runners, attempted to enter a bathroom in their home, where a bottle of liquor was later found.

REDS CAPTURE TOWNS.

London, Aug. 13.—The capture of Mlawa and Pultusk and the occupation of Siedlce are announced by the Russian soviet military headquarters in today's official statement.

NO WAR UNLESS HONOR MENACED, SAYS PREMIER

Lloyd George States Danger To Freedom Only Justification.

RUSSIA BLAMES POLES

Foreign Minister Says Poles To Blame For Delay in Armistice Parley.

LONDON, Aug. 12.—A significant reference to the present crisis was made by Premier Lloyd George in addressing a meeting of Coalition-Liberals today. After expressing fervent hope for co-operation between Great Britain and France, which, he said, had been "sanctified by the common sacrifice," the premier continued, apparently alluding to the possibility of war with Russia:

"When the terrible question of peace or war has to be decided our first duty as a government is the people, who trust us not to commit their treasure to any unjustifiable adventure. Nothing but the most imperative call of national honor, national safety and national freedom can justify war. Before this country is committed to it, even in the most limited form, we must be satisfied these are in peril."

No Cabinet Council.

There was no formal cabinet council tonight, but a number of prolonged ministerial conferences were held at Downing street, after which Mr. Lloyd George received a deputation of the "council of action" of the Labor party.

According to the latest news nothing has yet been definitely settled about the proposed meeting between Mr. Lloyd George and Premier Millerand to discuss the situation brought about by France of General Wrangel, but it is understood to be the British Government's intention to proceed as though the Wrangel incident has not arisen and adhere strictly to the policy of taking action against the Soviet pending the disclosure of Moscow's attitude toward Poland and an armistice.

Accusing Poles.

The Russian Bolshevik mission in London today made public another dispatch signed by M. Tchitcherin, the Soviet foreign minister, accusing the Poles of continually delaying a meeting at Minsk to discuss an armistice and peace in the hope that if Warsaw was taken the Allies will be forced to intervene. It says the Poles have now proposed to cross the Russian line August 14.

M. Tchitcherin's dispatch adds:

"Behind the Poles is France, which deliberately hinders peace and kindles war. It knows that 4,000,000,000 francs granted for the restoration of the nation by the French Government was used for intervention in Russia."

The Bolshevik foreign minister then tells of a French order for the dispatch of contraband of war to General Wrangel, and says that when the Russian authorities, exercising their right, refused to allow the contraband to leave Odessa, a French squadron appeared before the harbor, and the French admiral threatened to shell the town.

SEEK WATER ON CARLING HEIGHTS

Utilities Commissioners To Sink Test Wells On Govt. Property.

Well drilling operations at the Coves were abandoned by the public utilities commission today. The search for water will be removed to Carling Heights, where it is thought possible that a valuable addition to the city's drinking supply may be obtained. The new operations will be carried out on government property in that vicinity.

E. V. Buchanan, general manager for the commission, said today that it was quite possible water would be struck in that locality. He pointed out that the wells at Crystal Park are at a considerably higher level, and that excellent spring water can be obtained on the hill at Port Stanley.

Some water was found at the Coves but not sufficient to justify the building of wells.

SPECIAL COMMITTEE IS MAKING REPORT

Data Regarding Collegiate Is in Hands of Chairman Rowe.

Trustee Thomas Rowe, chairman of the high school committee of the board of education, has received the report of the special committee which investigated conditions in American cities as the first step in building a new collegiate here. He would not make it public, however, pending a meeting of the committee, which he has called for Monday. The report will embody the investigations of the special committee in a number of New England cities.

Meanwhile the wrecking of the old collegiate is proceeding rapidly, Mr. Rowe stated. It will be completely razed within a few months.

GLADIOLI EXHIBIT WILL BE HELD NEXT WEEK

W. E. Saunders and Ed. Wyatt of the Horticultural Society are busy this week making preparations for one of the largest gladioli exhibits ever held in London. It is planned to hold the exhibit some day next week either in Hyman Hall, the London public library or in a down-town store. It is, however, most likely to be held in Hyman Hall, as the exhibit is to be a large one. The blooms shown last year were beautiful and the variety was large. That Londoners are flower-lovers is evidenced by the large increase in the membership of the London Horticultural Society. Visitors to London have expressed their admiration for many of the beautiful gardens to be found surrounding London homes.

VETERANS OF WAR TAKE CHARGE OF 200 SCHOOLS IN ONTARIO

TORONTO, Aug. 12. — Some two hundred ex-soldiers of Ontario will enter upon their new duties when the public schools of Ontario open on September 1. The entry of the war veterans into the teaching profession is regarded with great favor by the education department authorities, because the male school teacher has been lately fast disappearing from public school life.

It was one of the last acts of Hon. H. J. Cody, when minister of education under the Hearst Government, to provide for the training at public expense of returned men for the teaching profession. To his call there was a splendid response, the students including ex-officers, men with business experience, men with university training, ex-M. C. O.'s, young men and married men of mature age and experience.

These were classified according to qualifications and assigned to courses at the faculties of education and Normal schools. Every man passed his examinations successfully at the faculties of education and at the Normal Schools. Only a dozen failed, chiefly through ill-health.

COUNCIL TO DISCUSS DEBENTURES TONIGHT

Third Reading To Be Given Waterworks and Electrical Measure.

Final stages of the issue of debentures for public utilities commission work are expected to take place at a special meeting of the city council tonight, when third readings will be given to bylaws authorizing the issue of $85,000 debentures for waterworks extensions and $80,000 for electrical extensions. This being a mere formality, it is expected that it will be accomplished in a few minutes, particularly as the council was unanimous in passing the first and second reading.

Immediately the third readings are given official notice to that effect will be forwarded to the Ontario Railway and Municipal Board at Toronto in order that their authority may be given as well. This, too, will be a formality, as full information concerning the issues has been laid before that body by General-Manager E. V. Buchanan of the public utilities commission.

He stated today that he hoped their assent would be obtained in time to commence operations Monday. At any rate the coming week will see work commenced involving $165,000. Most of this is for small extensions and electrical connections, but one large operation will be the building of a pipe line on Central avenue from the river to the C. P. R. roundhouse to supply it with river water in the same manner as the Grand Trunk already is supplied.

CANADIAN OFFICERS GRANTED PROMOTIONS

Several Others Are Placed On Retired List.

Ottawa, Aug. 13.—Militia orders approved by His Excellency the Governor-General, and promulgated by the minister of militia, grant substantive rank of major-general to many Canadians who won temporary rank while serving with either the Canadian Expeditionary Forces or the Canadian militia during the late war.

Those included in the list are: Major-Generals J. C. Jones, Sir David Watson, H. M. Elliott, Sir Henry E. Burstall, A.D.C., G. B. Hughes, F. G. Foster, J. T. Fotheringham, R. E. G. Leckie, Sir A. C. MacDonnell, A. D. MacRae, Sir E. W. B. Morrison, P. E. Thacker, W. B. Lindsay, Sir F. O. W. Loomis, J. H. Elmsey, A. MacDougall, H. B. B. Kelchem, J. H. MacBrien and D. M. Hogarth.

The following are transferred to the reserve: Major-General Sir David Watson, Lieut.-Gen. Sir R. E. W. Turner, V.C., Major-General W. B. Lindsay, Major General W. R. Hughes, Major General Sir F. O. W. Loomis, and Major General J. E. Stewart, Major-Generals A. D. MacRae, Sir J. W. Carson, E. W. Wilson, W. A. Logie, J. Hughes, A. McDougall and D. M. Hogarth are placed on the retired list.

SAYS PENITENTIARY AT PORTSMOUTH IS BEST ON CONTINENT

General Hughes States Tubercular Prisoner, Who Died, Was Well Treated.

KINGSTON, Aug. 12.—"The Portsmouth Penitentiary is the best penal institution on the North American continent today," said Gen. W. S. Hughes, superintendent of penitentiaries, when speaking to the Standard this morning. Gen. Hughes stated that the hospital conditions in the penitentiary were all that could be desired. He emphasized that the hospital was better than any military hospital he had seen prior to the war.

Speaking relative to the case of Charles Gibson, a life prisoner who was released from the penitentiary suffering from consumption, and who died in Toronto, General Hughes stated that Gibson received the very best of treatment in the hospital ward. He was kept in a well-lighted, airy corridor, 19 feet by 13 feet, and when he left declared that he was most grateful for the kindness and consideration shown him.

Gen. Hughes stated that there was not a family of middle-class means in Canada today which could afford to pay for the treatment Gibson received. The treatment, if received in any ordinary hospital, he said, would cost from $7 to $10 per day. Gen. Hughes also stated that many reforms had been instituted at the penitentiary. The dungeon had been done away with absolutely, and in the library there were over 600 books. Convicts were permitted to take correspondence courses and school teachers had been authorized for the penal institutions.

Asked as to the report that Thiel detectives were in the penitentiary in convicts' clothes and "spying" on the prisoners and officials, Gen. Hughes declared that the story was absolutely without foundation and that there was not a vestige of truth in it.

FORMER LONDONER IS GOING WEST

Brigadier Morris of Salvation Army To Be Chief Field Secretary.

Col. McMillan and Brigadier Morris of Toronto will be in London on Wednesday in connection with a farewell service to be held for Brigadier Morris, who leaves for the west shortly, to take up his duties as chief field secretary.

Brigadier Morris was at one time divisional commander here, and was with several other officials of the Salvation Army in Canada on the Empress of Ireland when it went down on May 29, 1914.

London is not the only city where the officials will visit, as Strathroy, Stratford, Woodstock, Ingersoll and St. Thomas are on their itinerary. Each of these branches will be inspected.

Several changes are taking place in the commands throughout Ontario. Brigadier Sandall of Toronto, editor of the Canada War Cry, has been transferred to New York to take charge of the United States War Cry.

Col. Chandler, now of Toronto, and formerly divisional commander of the city branch, will be transferred to Chicago.

Col. Bell, principal of the training college in Toronto, will go to Australia, where he will work in the same capacity.

DEATHS AND FUNERALS

Milverton, Aug. 13.—The funeral of Mrs. Caroline Wicke was held from the residence of John Yundt to the Lutheran Cemetery at Wartburg. She was 87 years old.

BURIAL AT MOUNT PLEASANT.

The funeral of Rosalie Hallowell, the 6-year-old daughter of Mr. and Mrs. W. Hallowell, Wellington road, was held this afternoon from her parents' residence to Mount Pleasant Cemetery. Rev. Canon G. B. Sage conducted the services.

STAGGERED ROUND RECTORY, DOES NOT KNOW IF MARRIED

Detective Sleuthing To Find If Records Are Against Him.

WAS HE ROPED IN?

Albany Man, Drunk in Windsor With Ohio Woman in 1909.

WINDSOR, Aug. 12.—Two very unusual requests came in today's mail at the city hall, and both were of a similar nature. An Albany man, employed as a detective, working in that city, wrote the city clerk in an endeavor to ascertain whether he was married here some years ago. He remembers "the both of us staggering around the rectory of a minister there," but doesn't know "whether he was roped in or not."

"I hope I wasn't married, for this woman is 14 years older than myself, and has had a bad reputation around her home town, Youngstown, Ohio," the writer declares.

He claims he was on a drunken party with the woman here back in 1909, and remembers going to a rectory, but has no marriage certificate, and has remained in doubt as to his status since that time, eleven years ago.

The same mail brought an appeal from a lawyer in York, Pa., writing for a client now 31 years of age, who went through a ceremony here twelve years ago, whe she was but 19 years of age. The girl came at that time to Detroit from New York, and claims that the man who accompanied her, and who was twelve years her senior, secured a marriage license in Windsor, where she went throught a form of marriage with him.

A search of the records is being made by city officials to find, if possible, traces of the two ceremonies.

HUMANE TREATMENT OF ANIMALS URGED BY VETERINARY ASSN.

TORONTO, Aug. 12.—Humane treatment of dumb animals was the keynote of a very interesting address delivered by Dr. Savage at today's meeting of the Ontario Veterinary Association.

R. W. E. Burnaby, president of the U. F. O., was also a speaker. He believed that one of the fundamental benefits resulting from the annual convention was the inevitable interchange of ideas.

"None of us," explained the U. F. O. chietain, "is so experienced in the ways of the world, but that he can learn new kinks from his fellowman."

The following members were elected officers for the current year: President, Dr. J. A. Campbell, Toronto; first vice-president, Dr. Clarke, Goderich; second vice-president, Dr. Thomas Butler, Toronto; secretary-treasurer-registrar, Dr. James F. Glover, Toronto.

PEACE MISSION RETURNING, REPORT

WARSAW, Aug. 12.—The Polish peace mission is said to be on its way back to Warsaw. Reports received here indicate that the delegation is passing through towns and villages occupied by Bolshevik forces. The local Jewish parish populations are said to be already setting up Soviet and Communist governments.

BABE RUTH OUTSWATTED

Swat statistics that make the batting average of Babe Ruth look like that of a child were piled up over on the Tecumseh School diamond in South London last evening. The game was between the men and women who are members of the Fathers' and Mothers' Club of the Tecumseh School, and when darkness finally put an end to the clouting, the score stood 37 to 7 in favor of the "Fathers."

However, the women won last week, and just to show that they are game, immediately challenged the men to another contest, which is to take place down at Springbank Park next Wednesday.

The score is really nothing to worry about. Nobody cared a hoot about it. There was more real fun piled into the hour and a half of play last night than most people have in a week. Some time ago a community centre was established by the parents of the children of the Tecumseh School, and the game was only one of a series of enjoyable stunts they have put on. Everybody is out for a good time, and everybody has it.

Lots of Fun.

Although there was lots doing in every one of the seven innings in last night's game, the really "big" inning was the sixth. Great enthusiasm was manifested by the onlookers when the first baseman for the ladies, having caught the ball on a jump from the base, realizing she hadn't time to regain it before the runner arrived, took one step backward and sat calmly down on it at the runner's feet. Out!

When the ladies went to bat, the unusual spectacle of two solemn gentlemen trotting easily and peacefully from second to the home plate, about three feet apart, caused another outburst of joy. The ladies got a bit desperate this inning, and put in a small boy as pinch hitter, and a "daughter" helped field.

However, the massacre is explained. The ball used on this occasion was an indoor baseball, about 5 inches in diameter. The men's big hands were just the thing, but it was twice too big to be caught and held successfully on a fly or otherwise by the daintier hands of the mothers. In Wednesday's game they are going to insist on a standard ball.

The Line-up.

The teams lined up as follows:

"Mothers"—Pitcher, Mrs. Knowles; catcher, Mrs. Wilson; 1st base, Mrs. McEwen; 2nd, Mrs. Armer; 3rd, Mrs. Knowles; right field, Mrs. Storey; centre, Miss Brighton; left, Mrs. Thorn.

"Fathers"—Pitcher, Mr. Storey; catcher, Mr. Holtz; 1st base, Mr. Thompson; 2nd, Mr. McEwen; 3rd, Mr. Moshure; right field, Mr. Bryce; centre, Mr. Brighton; left, Mr. McKay.

Umpire—Mr. Boyce.

BELGIAN GIRL ENTERS SUIT FOR $20,000 FOR BREACH OF PROMISE

Toronto, Aug. 13.—Marriete Van Doude, a Belgian girl, who arrived in the city recently, expecting to meet her fiance, Capt. Walter W. McKeown, M.C., whom she met overseas, has now entered suit against him for $20,000 for breach of promise. She is the daughter of a dentist in Brussels, and claims to have met the Toronto man before the war, as well as when he served in France. He is a son of Dr. McKeown of this city.

LIBERAL LEADER BRANDS HYBRID PARTY UNDER MEIGHEN'S WING AS SAME OLD GANG OF TORIES

Hon. W. L. Mackenzie King, Hartley Dewart, M. P. P., and F. F. Pardee, M. P., Address Large Gathering of Bruce Liberals At Paisley—Canadian Premier Is Accused of Usurping Power.

Paisley, Aug. 12.—Hon. W. L. Mackenzie King took the earliest opportunity to reply to Premier Arthur Meighen at this afternoon's gathering in Riverside Park before an audience of 2,500 Bruce County people. Referring to Premier Meighen's remarks, which gave the new party, born on the ruin of Union Government, the credit for being the only constructive political engineers of the country, while all others were classed as wreckers, Hon. Mr. King declared: "The language he used was characteristic of the old-fashioned Toryism, which sees only itself and cares nothing for the rest of the community."

The Government was hotly attacked on many points. Premier Meighen was likened to the priest and the Levite who passed by, and his party dubbed the "middle-of-the-road" party, and charged with practically turning old, established parliamentary procedure into an autocracy, "the worst in the history of modern times."

Hearty Welcome Given.

The Liberal Leader was met at the station by the committee of the South Bruce Reform Association, by the Chesley Brass Band, which saluted Mr. King with the strains of "O Canada," as he issued from the car, and by gaily decorated motor cars, which formed a procession. The streets were decorated, and the Liberal chieftain, Messrs. Hartley Dewart, M. P. P., F. F. Pardee, M. P., and R. E. Truax, M. P., were given a hearty welcome.

In a brief speech, Hon. Mr. King thanked the citizens at the town square for the welcome; following dinner, another procession took the leader to the park.

During the course of the day two little girls presented Hon. W. L. Mackenzie King and Mr. Hartley Dewart, K.C., each with a large bouquet. Like the candidate in "Pickwick Papers," Hon. Mr. King saluted the little maids with a kiss, but Mr. Hartley Dewart, receiving his bouquet first, did not set his chieftain the example.

Liberal Victory Predicted.

All the speakers were given a hearty welcome and close attention, and cheers greeted predictions of a Liberal victory when the delayed appeal to the country was made by the old Tory party of the many allases.

New Name Camouflage.

After a brief introductory address by Alex. Mewhinney, M. P. P., Pardee spoke. He paid a tribute to Hon. W. L. M. King and to R. E. Truax, member for South Bruce. The country could not be deceived by the camouflage of a new name, which merely disguised the old Tory party with its big interest affiliations, Mr. Pardee declared. It was the same old high-tariff party back again, setting the interests of the classes before the interests of the masses as ever. He took up the statement made by the Union Government that the Liberal party followed a policy of "fiscal humbug," and showed that the Liberals served the public by reductions in tariff on many occasions. "Mr. Meighen's speech simply says that he still stands by the big interests, that he is for the big interests and the classes, and intends to legislate for their benefit, while the public could take care of itself," said Mr. Pardee. He also referred to the Murdock charges that the Government had consistently blocked any effort of the board of commerce to reduce prices.

Prefers "Parties" to "Groups."

"I don't like to hear the parties in the Provincial Legislature spoken of as groups," declared Mr. Hartley Dewart, K.C., in opening his speech. He pointed out that while the Liberals in the Legislature had supported some Government legislation it was a party, and acted as a party, in stating that he wished to tell the people just what kind of Government Ontario had. Mr. Dewart pointed out that Premier Drury objected to its being known as the Farmers' Government, preferring the People's Party, while Hon. Peter Smith added "the Common People's Party."

"I see where Mr. James Simpson now calls it the National Farmer-Labor party," remarked the Ontario Leader. "When a Government does not know what to call itself, perhaps some of the people who supported it will find the good old Liberal party and the policy of Liberalism a good thing to tie to."

Criticism Duty of Opposition.

Mr. Dewart also attacked a suggestion that the recall be used. "Some people say I am too critical of the Farmers' Government," said Mr. Dewart, "but it is the duty of the Opposition to criticize; if it does not do so it fails in its duty. We are not entitled to censure for doing our duty. The Farmers criticise the profligate former Government, but we find them making the same mistake. Do you mean to tell me that you want private cars to be used at all times? Do you mean to tell me that ministers should travel around the country in private cars on junketing trips? That the Parliament Buildings should have private suites fitted up for ministers and their relatives, and me turned into an apartment house? It was not the idea the farmers had when they elected the men who are sitting in the seats of power today," declared Mr. Dewart.

Bouquet for Mr. Ferguson.

It was the Liberals who exposed the timber scandal, Mr. Dewart claimed, in declaring Hon. Howard Ferguson "the most corrupt minister who has ever disgraced Ontario political life." While the Farmers' Government was taking credit, the Liberal party had turned over most important evidence for the Government's use, not caring for the political advantage gained, but merely as a public duty.

Commissions and Boards Criticized.

Claiming further that the present Government continued to delegate its power of action to commissions, boards and committees, in defiance of the principle that the members elected should rule, Mr. Dewart named many of the sixteen commissions or boards appointed, with comment on each—the board of license commissioners was termed cumbersome and useless, and others came in for criticism. The mothers' pensions board, minimum wage board and superannuation board was not objected to, as being necessary.

If North York returns a Farmer it will only have the effect of keeping out of parliament a man who is necessary for the good governing of the Dominion, Mr. Dewart declared, in paying a tribute to Hon. W. L. M. King.

On behalf of the South Bruce Liberal Association, George Durst, president of that body, then read an address of welcome to the Liberal leader, and the final prediction that an election would see Hon. W. L. M. King premier of Canada, was greeted with prolonged applause.

Old Tory High Tariff Party.

Hon. Mr. King, in a speech of nearly two hours, reviewed the record of the Government from the beginning of last session up to the birth of the hybrid creation bequeathed as a legacy from Sir Robert Borden to Premier Arthur Meighen. Liberalism and Conservatism have nothing in common, he declared. You might just as well have a national wet and dry party, a national milk and water party, or anything else. They are trying to monopolize the names of all parties, but it is the old Tory party of high tariffs hiding under the number of allases, which they keep changing to deceive the people as to their aim.

Touching on the militia expense, he declared the Government justified Dr. Johnson's remark that patriotism is the last refuge of a scoundrel, by dragging in the returned soldiers with the plea of giving them employment in steel plants with Government affiliations and in the building of barracks. "We thought that the returned soldiers themselves would say: 'Let us save on munitions and barracks and get the country on its feet.' They are always thinking of the returned soldiers; I suppose that is the reason they voted themselves the increased salaries, on account of the returned soldiers," said Hon. Mr. King, amid laughter.

Likens Meighen to Priest and Levite.

The Liberal chieftain took up Premier Meighen's speech at some length: "See the picture for yourself. When our prime minister, not so very old, yet who portrays himself as walking down the middle of the road, seeing nobody but himself, and treating those to the left and right of him as the off-scouring of Canada—when I read this I remember the story of my youth in which the priest and Levite and the Samaritan and the bruised and broken man in the road were mentioned—I tell Mr. Meighen if he wishes to take the position of the priest or of the Levite, the party I represent will be quite content to take the part of the Samaritan and help to bind the wounds and cure the suffering of our country after the great war. I stand for the party making for the improvement and welfare of the masses in the country," he declared. "Premier Meighen says that they are the builders, and that we are enjoying the work of pulling down."

For Freedom of Parliament.

Hon. Mr. King continued to look at the record of Premier Meighen's party in the last session. When had there been any constructive legislation worth naming, he said, it had been advanced by the Liberal party seeking to restore the rights of the people. The efforts of the Liberal party will turn to getting back that freedom of parliament which will help to insure good government in Canada.

Restore Parliamentary Institutions.

The assembling of parliament last session in the new buildings at Ottawa seemed to express the note which the Liberal party thought should dominate all Canada, namely, the restoration of parliamentary institutions, said Mr. King. These institutions, under the destructive influences of the war, had been, if not destroyed, at least wholly disregarded. The achievement of representative government under the British system had been the result of militant Liberalism through centuries of struggle and endeavor. In the post-war period the first and foremost duty of Liberalism was to re-establish on firm and enduring foundations and in wider compass "all those institutions, customs and usages in our parliamentary system, and matters pertaining to government, which comprise the charter of freedom we possessed prior to the commencement of the war."

As a party in opposition, the Liberals had sought to carry on this work. During the war parliament had ceased, in large measure, to be a deliberate assembly, and become merely a machine for registering the will of the executive. "To restore the supremacy of parliament, the authority of parliament over the ministry, and the power of the people over parliament, has therefore become the paramount duty of the hour."

Liberals' First Move.

Criticising the vacuity of the government's proposals contained in the speech from the throne at the opening of the last session of parliament, Mr. King said this procedure had deteriorated into nothing more than a mere ceremonial. The first move of the Liberal party had been to challenge the right of the government to continue in office after the conclusion of the war without consulting the electorate. All that had transpired since has served only to prove that the representations of the Liberal party were right. It was apparent that the absence of Sir Robert Borden was only a subterfuge, "intended primarily to afford the ministry an excuse for holding together and avoiding controversial measures pending the selection of a new prime minister at the end of the session."

"In other words," declared the Liberal leader, "parliament has been made to serve, not the good of the people, but the exigencies of the ministry in its determination to hold on to office regardless altogether of the people's will. It is not government of the people, by the people, for the people; it is government of the people by a self-constituted autocratic executive for the sake solely of office, patronage and power."

Flouting the Constitution.

The indifference of the ministry to constitutional methods was further exhibited by the introduction of legislation of which no mention whatever had been made at the opening of the session. Measures of great concern to the people of Canada were brought down in the concluding weeks of the session. The Opposition protested, but avoided obstruction. Criticisms had been made that there should have been more resistance, but, while the provocation was strong, public reasons for not adopting such a course were stronger than the consequences of such a course would have involved.

The desire of the Opposition was to see normal conditions restored. Resistance and prolonged obstruction would have perpetuated in parliament the passions of the war, which it was hoped were subsiding.

Estimates Misleading.

As an indication of the continued indifference of the Government to a proper conduct of public affairs, Mr. King pointed out that the presentation of the estimates in the House of Commons had been misleading, and questionable methods had been adopted in connection with the militia estimates. Examples might be given to illustrate wherein the administration, so accustomed to doing as it pleased in all matters, revealed itself wholly indifferent to an honest and honorable procedure.

"The truth is," he asserted, "that members of the war administration have become so accustomed to dealing in millions of dollars that expenditures involving thousands are beneath their consideration; they have become so accustomed to doing everything by executive order that they no longer have regard for Parliament where it is possible in any way to ignore its presence. There will be no change in this respect, no return to a responsible ministry, until we have a new and properly representative parliament."

Criticizes Acquisition of G. T. R.

Mr. King sternly criticized the Government's attitude in negotiating for the acquisition of the Grand Trunk Railway. This was the largest financial transaction Canada had ever undertaken. "The Government gave neither to the people nor to their representatives in Parliament the slightest intimation that it was contemplating any such transaction, until the matter had all been consummated." Rights and privileges were conceded to the security holders of the Grand Trunk in England which were denied to the taxpayers of Canada. "Any due appreciation of the rights of the people would have reserved to the people themselves the right of possing at the general election upon a policy so far-reaching.

Similarly, in the creation of a merchant marine Parliament was ignored, as well as in an important contract with the city of Ottawa. In another case the Government defied Parliament and its own followers in continuing the war purchasing commission.

General Election Only Remedy.

"The only effective means of remedying the evils complained of, and of freeing Canada from the baneful influence of the control of its political affairs, is that which a general election affords. By all that constitutional usage and procedure demands, that right should be afforded the people of Canada without delay. The Government has lost entirely the confidence of the people. It is either a new administration, and as such not entitled to continue in office without approval of its policies by the people; or it is the old administration under a new name, with a new policy and a new leader, in which event it has exhausted the purpose for which Union Government was formed, and has no mandate to continue in office."

GENERALS WHO ACHIEVED BIG SUCCESS

Reading from left to right are some of the Irish Benevolent Society officers. Standing—James Carrol, Cecil Webb, Dr. W. M. Shoebottom, E. J. Carty and President John Aitkin. Seated—Charles Griffin, William Moore, M. Breen and A. B. Greer.

IRISH ENJOY MOST SUCCESSFUL PICNIC HELD IN 44 YEARS

Ten Thousand Gather For Monster Outing — Baby Show, Dancing, Carnival, Banquet, Novelties, All Features—Day's Achievement Due To Committee and Weather.

Through the efforts of an untiring committee, assisted by ideal weather conditions, the 44th annual picnic of the Irish Benevolent Society of this city staged at Port Stanley Thursday proved the most successful outing in the history of this organization. Over ten thousand people from London, St. Thomas and the surrounding district journeyed over the London and Port Stanley Railway to the lakeside for the day, which was not marred by any serious accident or other untoward circumstance.

There was an abundance of fun throughout the day, with music provided by a brass band under the leadership of Roselle Pococke, and dancing contests were staged on the special platform on Invererie Heights to the skirl of the bagpipes. The brass band headed the parade of members of the society to the station early in the afternoon, and immediately following the arrival of the merrymakers sports were begun on Invererie Heights, which were not concluded until twilight.

Dancing.

Races, cock fighting, tilting the barrel, walking contest, dancing and other novel features were run off simultaneously, while an exciting baseball game between the London Orients and the Michigan Central Railway team from St. Thomas was played on the beach, resulting in a victory for the latter nine. Pretty Irish colleens and immaculately clad young swains vied with each other in the dancing contests to the delight of the huge crowd congregated around those competing.

Members of the picnic committee, directed by Fire Chief John Aitken, president of the Irish Benevolent Society, worked like Trojans to make the outing a success, and that they succeeded in their undertaking was evidenced by the galaxy of good humor predominating at Port Stanley yesterday. Refreshments to those taking part in the program were served in a special tent erected for the occasion.

Walking Contest.

The walking contest, in which those entered were required to walk from the Japanese Tea House to the Bridge street restaurant, to the L. & P. S. refreshment booth, to Invererie Heights with a hill climb thrown in for good measure, and the ordeal repeated, called for stamina on the part of those finishing. The boxing in barrels ran tilting the bucket a good second for producing laughs, while the boys' cock fight in rings kept the good-natured spectators in an uproar.

It was a tired but happy crowd which returned home last night and early this morning, everyone being unanimous in the opinion that the Irish know how to provide fun, and put their knowledge to practical use, the said fun being of a contagious nature. The baby show proved a great drawing card, and the judges in this event performed their duties in such a capable manner that no casualties were reported.

Big Carnival.

Following the various events on the sports program a carnival was staged on the board walk with a vaudeville act, band concert and beach motion pictures. During the period of this entertainment members and guests of the Irish Benevolent Society gathered at the cafeteria to gloat over their success, which was crowned with a banquet. The day's hilarity was concluded by a grand display of fireworks on the beach.

President John Aitken, in his opening remarks at the banquet, declared the outing to be the banner picnic of the entire 44 years' history of the society. "We prayed for the weather, and we got it," he said. "I thank you all for your kind assistance during my term as your president."

First Vice-President E. C. Killingsworth acted as toast master, and all speeches were noted for their brevity and tributes to the various factors responsible for the success of the outing. "Today's picnic will go down in the records as one of the greatest ever held," he affirmed, "with ideal weather, the events keenly contested, and dancing which was good. Much of the credit is due Philip Pocock, who spent a lot of time and effort to suit all. The railway company was very generous in concessions to the Irish Benevolent Society with extra attractions provided. Port Stanley, an ideal picnic ground, is one more feature adding to the success."

Port Is Annex.

Dr. H. A. Stevenson, M.L.A., replied to the toast to "Canada" in conjunction with Past President Dr. W. Shoebottom. The former paid a tribute to the picnic committee and declared Port Stanley to be "a home town annex of the city of London, where the citizens' money has been liberally expended."

"The toast of Canada brings in the Legislature," said the speaker. "There is a great move of change overflowing the country, and it will sweep out at Ottawa soon. The U. F. O. and Labor parties will come into power, the former denoting 'Us For Ottawa.' We want to see everyone in the province enjoy life. Everyone is entitled to a living, and they will get it if we have our way. I wish this society every success in the future."

"This is a very important toast," said Dr. W. Shoebottom. "The Canadians made a great name for themselves in the past few years, and will repeat it in civil life. Canada is going to be one of the greatest nations in the world. Our society not only tends to foster good will locally, but to engender patriotism. We are proud of our society and its record. I congratulated myself during my year as president, but the present year has gone one better." He concluded with a tribute to William Moore, whose valuable work was greatly responsible for the day's success.

Irish Mayor.

"The first thing I want to claim for the city of London," said Mayor E. S. Little responding to a toast for that municipality, "is that it has an Irish mayor. The Irish Benevolent Society picnic has become an institution in the city of London which has more value than we can appreciate. It becomes greater every year and is first in the city's summer outings. The city stepped out of an alley as it were into the sunshine after the war, and we were staggered. Great changes took place in the city—business became on a much larger scale, property values increased, the population has grown, and we find ourselves faced with the necessity for a great deal of work."

"Few of us absorbed in the war," he continued, "realized the change along social and economic lines. The most marked change is the spirit of co-operation developed from war efforts absolutely necessary to bring about results. It was a great lesson, and is there any need for us to lose advantage of it? Surely it can apply with similar effect to the city now. Keep up the spirit of co-operation to bring about a greater city. No city can have a monopoly of success, as there is no divine right about it. London needs the cheerfulness of the Irish and their way of looking on the bright side. I am delighted to be with you at your picnic. May your success continue in the future as in the past."

Only Expected.

Speaking to the same toast Philip Pocock, chairman of the public utilities commission and honorary president of the Irish Benevolent Society, made eulogistic remarks to Manager J. E. Richards of the London and Port Stanley Railway, and to Edward and Arthur Carty, responsible for the wide advance publicity given to the picnic. "It is only what we may expect when we get a lot of Irishmen together," he maintained, "that is a good time."

"The city of London plays a very important part in Western Ontario. It is fourth in size in the province, and unique in certain points. We have a railway of our own. What city can boast of one like it? It is operated not so much to make money, but to serve the public. Many similar institutions are in our city, such as our electric light and water systems. More homes in London per capita are enjoying electric light than in any other city in Canada. London has prospered, and the future looks bright as we are about to start building Western University, which will add to her numbers and population."

The toast to the society was responded to by short speeches from John Stevely and Barney C. McCann. C. Hollins of St. George's Society, replied to "Our Guests." During the program of toasts vocal solos were pleasingly rendered by W. Quigley, Michael McKeough and Chris Pink, who were forced to respond to several encores.

Upon their return to this city early this morning many I. B. S. members concluded the festivities for the year by staging a miniature war dance at Dundas and Richmond streets, with "Bill" Moore directing the fun, after which the happy band dispersed to their homes well satisfied with the results obtained on the memorable occasion.

TRYING TO "VAMP" QUEBEC.

At Ottawa, as well as generally throughout the country, there is much talk over the Government's rather clumsy effort to win Quebec over to the National Liberal-Conservative fold. Quebec is no longer branded as disloyal. It is described as the safe and sane province, the bulwark of Canada against Bolshevism. Hints are thrown out that French-Canadians would receive a warm welcome to the present Government.

Quebec is receiving these advances with amusement and skepticism. Quebec cannot help remembering the history of the party which is making these amorous advances. Quebec cannot help remembering that Sir Wilfrid Laurier, who devoted his life to the cause of Canadian unity, was continually attacked on the ground of his race and religion. An unceasing campaign against him on these lines was carried on in Ontario, while in Quebec Laurier was said to be too British.

The present attempt to win Quebec over reminds one of the campaign of 1911, when Borden joined hands with Bourassa and the Nationalists, and formed a Conservative-Nationalist government—the first of its coalitions. In Ontario the naval policy of the Laurier Government was attacked as a plot for separating Canada from the British Empire. In Quebec the same policy was described as a British imperial plan for dragging Canadians into the navy to be slaughtered in the British wars. Anything to beat Laurier. An anti-French, anti-Catholic and anti-American campaign was carried on in Ontario, and an anti-British campaign in Quebec.

As to the anti-American campaign, it may be remarked, by the way, that when the election was over the Government adopted the Liberal policy of reciprocity, so far as wheat and wheat flour were concerned. It entered into the most intimate relationship with the United States, and took the lofty ground that the British Empire and the United States should be united in bonds of brotherhood. It has now announced that there will be a Canadian ambassador at that terrible place—Washington. It is no wonder that French-Canadians are somewhat suspicious about advances coming from such sources.

In 1917 the Government reversed the policy which it had adopted in 1911, in regard to Quebec. It went back to the old policy of exciting prejudice against French-Canadians and formed a second coalition on the cry "Shall Quebec rule?" Having carried the election on that cry, it has again reverted to its policy of 1911, and is trying to form a third coalition, under the fearful and wonderful name, "National, Liberal and Conservative."

Of course all this is done under the guise of an ardent love of national unity. Looking at the record of the Government, which has disguised itself under so many names, one cannot describe this as anything but arrant hypocrisy. It is not unity but Quebec votes that the Government is seeking.

We need not say that we all desire unity and harmony, and Quebec is quite ready to join hands with the rest of the Dominion in carrying out that policy, which, as we have said, was bound up with the life and career of the great Liberal leader, who now rests from his labors. Quebec may even be willing to forget much of what was said and done in 1917, but Quebec wants no association with those who kindled the flames. They are false guides, men who are not fit to be trusted with the direction of public affairs in Canada. French-Canadians and all the rest of us are quite right in distrusting firebrands and mischief makers. Such men are not qualified to govern or to make laws for this country—they are not even good citizens.

The true way to restore unity and harmony in Canada is to give the country a representative government, composed of men of real friends of unity, who are free from race prejudice, and are not merely talking soft words about unity for vote-getting purposes. We need not shed any tears over the isolation of Quebec. What troubles the Government is not the isolation of Quebec from the rest of Canada, but isolation from the Government itself. Isolation from the Government does not by any means signify isolation from the rest of Canada. In fact it signifies the very opposite—it means that Quebec is united with the rest of Canada in opposition to the present Government, and in determination to defeat it at the polls and substitute for it a responsible, representative Government, which will reflect the public opinion of the whole of Canada without regard to race, creed, class or occupation. This general disapproval of the Government is evidenced by its waning majority in Parliament—the results of the by-elections and by the reverses sustained by Conservatives in the provincial elections in Ontario, Prince Edward Island, Manitoba and Nova Scotia. It is well known that the provincial Conservative organizations in these provinces suffered from the widespread unpopularity of the Government at Ottawa. Quebec is now united with the other provinces in opposition to the Meighen Government, and when that Government is forced to the polls and defeated, the country, including Quebec, will again be united in support of a responsible and representative Government. It is not Quebec, but the Meighen Government that is isolated.

THE SUPERMAN AT LAST.

A Tory contemporary describes Canada's new premier as "this strapping, stalwart, puissant political giant, whose appetite for work in the service of his country has been whetted, stimulated, provoked by the strenuous years during which, under his lieutenancy, Canada has fought for and won a place in the council of nations to which the greatest and most far-visioned of his political predecessors could scarcely have dreamed she would attain."

If Arthur Meighen recognizes himself in that description we move that he go to the head of the class at once. But how about this for a description of his oratory:

> "Militant speeches such as it will test the rugged splendor of a George Brown, the silver eloquence of a Wilfrid Laurier, the dashing, synthetical, analytical, architect-like carving and chiseling and building of that greatest of all Canadian parliamentarians, John A. Macdonald, to distance and outrun."

Fade away Demosthenes, Cicero, Burke, Gladstone and all the noble company. The superman has arrived.

RUSSIA AND THE ALLIES.

The Imperialists of France appear to be acting on the assumption that because other nations came to their help against Germany that those nations will likewise follow them into any other adventure that they enter upon. No other explanation appears for the absolute unwarranted course of backing another relic of the old regime in Russia. Recognition of General Wrangel, who holds a little corner of Southern Russia, as head of a new all-Russian movement, would be humorous were it not that it means more war, more bloodshed, more bitterness and hatred between western and eastern Europe, more of all the evil that the world seeks to be rid off. And why this recognition, may well be asked. Chiefly, from the standpoint of France, because Gen. Wrangel promises, if he is successful, to pay the debts due to France from the old czarist regime. France is ready to recognize any adventurer who will promise that, and as far as the adventurers are concerned, they are doubtless ready to promise anything in return for French money, munitions and—if they can get them—men.

If France counted on England to back this latest move she is likely doomed to disappointment. Members of the Imperial Press Conference, now in this country, are clear-cut in their declaration that the great mistake in regard to Russia was intervention of any kind and that to continue such a policy is to make matters worse. Dr. Robert Donald, chairman of the Empire Press Union, declared at Toronto that intervention in Russia had been a "profound blunder" and that had the allies left the Russian people to self-determination that there would have been stable government there now. Dr. Donald added that "not a single British soldier will fight in a new war" and that "the working classes have set their faces against any new adventures." T. E. Taylor, another member of the Imperial Press party, stated that nothing short of actual invasion would ever bring conscription in England today.

Lloyd George is taking a firm and a fair stand today in regard to the Russia-Poland issue. He holds that Poland, having invaded Russian territory, has only herself to blame for her plight. She must suffer the consequences, but the consequences must not lead to the wiping out of Poland. The premier has doubtless modified his views because it was intimated a week ago that he was prepared to back Poland to the limit. Two factors have probably influenced him, one being the hostile attitude of British (and also French) labor to any new war in the east; the other being the revelations of the poor stand of Poland. Dispatches of Wednesday indicated that the "gallant defence" of Poland against advancing "reds" was largely mythical, the facts being that the Poles had simply turned their backs and got out of the way of the Russians, suffering no loss because they did no fighting.

Consideration of the European situation today leads more and more to the conclusion expressed by Dr. Robert Donald, as it has been expressed by a host of other observers, that the Peace Conference will go down in history as great a monstrosity as the treaty that preceded it by a hundred years. When Lloyd George talks of Poland being necessary to maintain a balance of power, it is quite clear that the principle still obtains in European affairs of playing off one power against another. That was the principle that in practice brought on the world war in 1914, and apparently the best statesmanship of Europe was unable to find a complete substitute for it. The only thing that promises to bring peace to Europe is for the continental powers to get down to the task that Great Britain set herself the day after the armistice was signed, namely, to work hard and pay her debts. As long as there are some nations, as well as individuals, who prefer warring to working, the chaos will tend to become yet greater chaos.

EDITORIAL NOTES.

Irishmen's Picnic Day, a day we all celebrate.

Have you noticed that sometimes mother when she wants the baby to keep quiet gives him a hammer and a tin pan?

The Meighen Government has set the date for the next session of Parliament. The country would prefer to have a date set for a general election.

Conan Doyle states that a spirit has informed of a mysterious racket in the other world, That's easy. Don't we know that those Fords "go everywhere"?

Soviet representatives sat in the gallery at Westminster and heard Lloyd George discuss the Polish question before the Commons. It was a meeting of the old and the new in forms of government.

We venture to suggest that John A. Macdonald could influence an audience more with his shrug, his wink and his anecdote than his present successor will ever do with his law court style of argument.

THE MIDDLE TEMPLE MURDER

A Detective Story by J. S. Fletcher.

Copyright 1920/ Fred A. Knopf.
Copyright, 1920, by the Public Ledger Company.

Spargo gauged the character of the house at which he called as soon as the door was opened to him. There was the usual smell of eggs and bacon, of fish and chops; the usual mixed and ancient collection of overcoats, wraps and sticks in the hall; the usual sort of parlormaid to answer the bell.

And presently, in answer to his inquiries, there was the usual type of landlady confronting him, a more than middle-aged person who desired to look younger, and made attempts in the way of false hair, teeth and a little rouge, and who wore that somewhat air and smile which in its wearer—under these circumstances—always means that she is considering whether you will be able to cheat her or whether she will be able to see you.

"You wish to see Miss Bayliss?" said this person, examining Spargo closely. "Miss Bayliss does not often see anybody."

"I hope," said Spargo politely, "that Miss Bayliss is not an invalid?"

"No, she's not an invalid," replied the landlady; "but she's not as young as she was, and she's an objection to strangers. Is it anything I can tell her?"

"No," said Spargo. "But you can, if you please, take her a message from me. Will you kindly give her my card, and tell her that I wish to ask her a question about John Maitland of Market Milcaster, and that I should be much obliged if she would give me a few minutes."

"Perhaps you will sit down," said the landlady. She led Spargo into a room which opened out upon a garden; in it two or three old ladies, evidently inmates, were sitting. The landlady left Spargo to sit with them and to amuse himself by watching them knit or sew or read the papers, and he wondered if they always did these things every day, and if they would go on doing them until a day would come when they would do them no more, and he was beginning to feel very dreary when the door opened and a woman entered whom Spargo, after one sharp glance at her, decided to be a person who was undoubtedly out of the common. And as she slowly walked across the room toward him he let his first glance lengthen into a look of steady inspection.

The woman whom Spargo thus narrowly inspected was of very remarkable appearance. She was almost masculine; she stood nearly six feet in height; she was of a masculine gait and tread, and spare, muscular and athletic. What once struck Spargo about her face was the strange contrast between her dark eyes and her white hair; the hair, worn in abundant coils around a well-shaped head, was of the most snowy whiteness; the eyes of a real coal blackness, as were also the eyebrows above them. The features were well cut and of a striking firmness; the jaw square and determined. And Spargo's first thought, on taking all this in was that Miss Bayliss seemed to have been fitted by nature to be a prison wardress, or the matron of a hospital, or the governess of an unruly girl, and he began to wonder if he would ever manage to extract anything out of those firmly-locked lips.

Miss Bayliss, on her part, looked Spargo over as if she was half minded to order him to instant execution; and Spargo was so impressed by her that he made a profound bow and found a difficulty in finding his tongue.

"Mr. Spargo?" she said in a deep voice which seemed peculiarly suited to her. "Of, I see, the Watchman? You wish to speak to me?"

Spargo again bowed in silence. She signed him to the window near which they were standing.

"Open the casement, if you please," she commanded him. "We will walk in the warden. This is not private."

Spargo obediently followed her orders; she swept through the opened window and he followed her. It was not until they had reached the bottom of the garden that she spoke again.

"I understand that you desire to ask me some questions about John Maitland of Market Milcaster?" she said. "Before you put it, I must ask you a question. Do you wish any reply I may give you for publication?"

"Not without your permission," replied Spargo. "I should not think of publishing anything you may tell me except with your express permission."

She looked at him gloomily, seemed to gather an impression of his good faith, and nodded her head.

"In that case," she said, "what do you want to ask?"

"I have lately had reason for making certain inquiries about John Maitland," answered Spargo. "I suppose you read the newspapers and possibly the Watchman, Miss Bayliss?"

"I read no newspaper," she said. "I have no interest in the affairs of the world. I have work which occupies all my time; I give my whole devotion to it."

"Then you have not recently heard of what is known as the Marbury case—a case of a man who was found murdered?" asked Spargo.

"I have not," she answered. "I am not likely to hear such things."

Spargo suddenly realized that the power of the press is not quite so great nor so far-reaching as very young journalists hold it to be, and that there actually are, even in London, people who can live quite cheerfully without a newspaper. He concealed his astonishment and went on.

"Well," he said, "I believe that the murdered man, known to the police as John Marbury, was, in reality, your brother-in-law, John Maitland. In fact, Miss Bayliss, I'm absolutely certain of it."

He made this declaration with some emphasis, and looked at his stern companion to see how she was impressed. But Miss Bayliss showed no sign of being impressed.

"I can quite believe that, Mr. Spargo," she said coldly. "It is no surprise to me that John Maitland should come to such an end. He was a thoroughly bad and unprincipled man, who brought the most terrible disgrace on those who were, unfortunately connected with him. He was likely to die a bad man's death."

"I may ask you a few questions about him?" suggested Spargo in his most insinuating manner.

"You may, so long as you do not drag my name into the papers," she replied. "But, pray, how do you know that I have the sad shame of being John Maitland's sister-in-law?"

"I found that out at Market Milcaster," said Spargo. "The photographer told me—Cooper."

"Ah!" she exclaimed.

"The questions I want to ask are very simple," said Spargo. "But your answers may materially help me. You remember Maitland going to prison, of course?"

Miss Bayliss laughed—a laugh of scorn. "Could I ever forget it?" she exclaimed.

"Did you ever visit him in prison?" asked Spargo.

"Visit him in prison" she said indignantly. "Visits in prison are to be paid to those who deserve them, who are repentant; not to scoundrels who are hardened in their sin."

"All right. Did you ever see him after he left prison?"

"I saw him, for he forced himself upon me—I could not help myself. He was in my presence before I was aware that he had even been released."

"What did he come for?" asked Spargo.

"To ask for his son—who had been in my charge," she replied.

"That's a thing I want to know about," said Spargo. "Do you know what a certain lot of people in Market Milcaster say to this day, Miss Bayliss?—they say that you were in at the game with Maitland; that you had a lot of money placed in your charge; that when Maitland went to prison you took the child away, first to Brighton, then abroad—disappeared with him—and that you made a home ready for Maitland when he came out. That's what's said by some people in Market Milcaster."

Miss Bayliss's stern lips curled.

"People in Market Milcaster!" she exclaimed. "All the people I ever knew in Market Milcaster had about as many brains between them as that cat on the wall there. As for making a home for John Maitland, I would have seen him die in the gutter of absolute want before I would have given him a crust of dry bread!"

"You appear to have a terrible dislike of this man," observed Spargo, astonished at her vehemence.

"I had—and I have," she answered. "He tricked my sister into a marriage with him when he knew she would rather have married an honest man who worshiped her; he treated her with quiet, infernal cruelty; he robbed her and me of the small fortunes our father left us."

"Ah!" said Spargo. "Well, so you say Maitland came to you, when he came out of prison, to ask for his boy. "Did he take the boy?"

"No; the boy was dead."

Poetry and Jest

THE IMPERISHABLE.

[Edwin Markham.]

You tell me that your name will fade,
Will vanish from me as a shade—
That you, in worlds to come, will pass
As vapor from a shining glass—
That in my spirit you will be
A raindrop melted in the sea.

No Love, I might forget your brow,
Dream-lighted and immortal now;
I might forget your shining hair
That is my wonder and despair;
I might forget your shoulder's curve,
That cryptic smile, that old reserve.
Yes, even your soul so toucht with sun
Might sink into oblivion;
Yet something beautiful would stay
To gladden my immortal way,
One thing to stir the eternal years—
Your eyes that are so close to tears!

WHAT IS A CAT?

[Life.]

A neighbor seeing the seven-year-old daughter of a geologist playing with a bedraggled but cherished kitten, asked what her pet was called.

"Well," replied the precocious youngster, "that depends. Father calls her a segregation from an intrusive magma of doubtful genesis; mother refers to her as the basement complex; sister Helen insists that she is a typical example of secondary impoverishment; but I just call her my dear little Kitty."

MODERN MAGIC.

[Audrie Alspaugh Chase.]

The magic of motion crystalized
And flung through light
Upon a silver sheet
Reaches the world around
In theme and in reaction.

It paints the moods of all hearts,
Sad or gay or just enduring;
It pricks out the subtle shadows over souls.
It sings the riot of running,
The strength of stillness,
The placidity of prayer

It breathes the spring of youth,
The glow of love, the pride of parents,
The brooding of motherhood,
The pathos of ideals lost;
It is all-expressing,
Alike of thought and being.

And its language is the all-language,
Patent to all without other learning,
Than the interpretation of own experience;
It speaks to people as they know its message.

It speaks of love and youth and joy and sorrow,
Dimpled babyhood and carved old age,
Of ideals lost and gained, hopes won or foiled,
As its visionaries realize them.

It is silence the ultimate solution of experience,
Reaching all people with all things.
The magic of motion crystalized
And flung through light
Upon a silver sheet—
The Moving Picture.

IT NEVER IS.

[Everybody's Magazine.]

In a small town not long ago, after a fire, some children held a fair. The sum realized they sent to the pastor of the church. Their letter read:

"This $30 was raised by a fair, and we are sending it to you. Please give it to the fire sufferers.

"P. S.—We hope the suffering is not all over."

DO YOU KNOW THE PULL OF THE WIND ON THE SEA?

[Bliss Carman.]

Do you know the pull of the wind on the sea?
That is the thought of you over my heart,
The long soft breath of the soul drawing back to me,
From the desolate lone of outer space,
At dead of night when we are apart.

Do you know the sound of the surf on the shore,
At the lilac close of a soft spring day?
That is the fairy music I hear once more,
As I remember your last farewell,
In the blue still night when you are away.

And the wondrous round of the moon on the hill,
When blue dusk covers the rim of the sea?
More desired and strange and loved and lovelier still
Is the vision that comes with love in her eyes—
Your wonderful eyes—forever to me.

HE DIDN'T, BUT—

[Judge.]

She—Did you have any trouble with your French when you were in Paris?
He—I didn't, but the Parisians did.

THE BLACK SHEEP.

[Negro Melody.]

Poor lil' blacksheep dat strayed away,
Done los' in de win' an' de rain
And de Shepherd He say, "O hirelin'
Go, find my sheep again."
And de hirelin' frown "O Shepherd,
Dat sheep am brack an' bad."
But de Shepherd He smile, like de lil' brack sheep
Wuz de onliest lamb He had.

And He say "O hirelin', hasten,
For de win' an' de rain am col'
An' dat lil' brack sheep am lonesome
Out dere so far from the fol' "
And the hirelin' he frown "O Shepherd,
Dat sheep am old an' grey."
But de Shepherd He smile, like de lil' brack sheep
Wuz fair as de break ob day.

And He say, "O hirelin', hasten,
Lo! here is the ninety and nine,
But dere way off from the sheep fol'
Is dat lil' brack sheep ob mine."
And de hirelin' frown, "O Shepherd,
De rest ob de sheep am here."
But de Shepherd He smile like de lil' brack sheep
He hol' it de mostes' dear.

And de Shepherd go out in de darkness,
Where de night was col' and bleak,
An' de lil' brack sheep He find it,
And lays it gains' His cheek
And the hirelin' frown, "O Shepherd,
Don't bring dat sheep to me."
But de Shepherd He smile, and He hol' it close,
An' dat lil' brack sheep is me.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like Sterling on silver. It positively identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Canadian National Railways

How R. R. Rate Increase Will Touch Family Purse

No one can hope to avoid paying his share of the railroad worker's wages and the cost of new railway extensions and improvements, by merely refusing to travel. "Every pound of food eaten, every ton of fuel burned, every garment worn and every stick of timber entering into the construction of homes will contribute its share" to the gigantic total, reasons the Washington Post, which estimates that it means a per capita tax of $12 on every man, woman and child in the United States for higher freight rates alone, and perhaps $15, when all the increases are taken into consideration. In view of such estimates, THE LITERARY DIGEST believes it worth while to gather for its readers the views of leading authorities in various important industries on the precise effect of the new rates in their respective fields. In some cases the statements were found in newspaper interviews, in others they come in response to direct telegram and telephone queries. At any rate, this summary of opinion has been incorporated in an interesting and instructive article in THE LITERARY DIGEST for August 14, 1920. You will wish to read it.

Miss Anna Christine Finnie of Windsor, who has been holidaying at Port Stanley for the past few weeks, has returned to her home.

George Beedham is visiting his sister, Mrs. B. McLachlan of Forest. He is home from Idaho and had not seen his sister for fifteen years.

Leo Brookes of the Bank of Commerce staff at Ayr, Ont., is spending his vacation with his parents, Mr. and Mrs. F. D. Brooks of Strathroy.

Mrs. Mary Dunlop, Miss Anna Dunlop, 328 Simcoe street, and Mr. Garnet Pope, 91 Smith street, were week-end guests at the home of Hon. Nelson Monteith, Embro road, Stratford, Ont.

The engagement is announced of Ruth, daughter of Mr. and Mrs. Samuel McDowell of Cedar Springs, Ont., and Dr. A. W. Gregory of Gravenhurst. The wedding will take place on August 21.

Mrs. Jack Jordan of Toronto, who has been the guest of Mr. and Mrs. A. D. Jordan, The Grange, South London, left yesterday to spend a month with her parents, Mr. and Mrs. James Murray, Exeter.

Dr. A. P. Stirrett, a pioneer medical missionary in tropical Africa, is spending a week with the Rev. and Mrs. A. J. Schultz of Shedden, whom he met while they were engaged in mission work in the Soudan.

Mr. and Mrs. James Beecroft, Lakeshore Building, Cleveland, O., formerly of London, announce the engagement of their youngest daughter, Maude Marion to Mr. A. C. Elliott of Detroit, the wedding to take place the latter part of the month.

A quiet marriage was solemnized on Thursday, Aug. 12, 1920, at the manse, Hyatt avenue, this city, when Miss Mildred Henrietta Ward of London became the bride of Mr. Milton S. Copeland of Toronto. The ceremony was performed by the Rev. Dr. D. L. McCrae and the happy young couple left on the afternoon G. T. R. express for Toronto, where they will reside. Their business associates and a host of friends follow them with best wishes for their future happiness and prosperity.

TALKS ON HEALTH

BY WILLIAM BRADY, M. D., Noted Physician and Author.

Catching Cold in the Skin.

Dear folks who have borne up patiently under my constant harping on the catching cold delusion, please do not turn away now. I wanna give the devil his due. When anybody steps on my toes I am always willing to acknowledge the corn.

On at least one occasion I have asserted with considerable unladylike emphasis that there is no such thing as taking cold in the popular sense of the words. Indeed, I have diffidently suggested that there is no such thing as—well a good many things folks like to imagine they have. But on this cold question I have hotly maintained that the rest of the world is all wrong and I am all right—a peculiarity of mentality common to something like two-tenths of one per cent of our population. Now I wish to enter one or two exceptions to that sweeping asseveration, hoping, however, that this will not be deemed to indicate that I am getting older.

As long ago as last April, I admitted without a quibble, here in this column, that chapping may be properly attributed to catching cold in the skin. That was the first time I ever publicly conceded so much to the fossils who persist in believing in taking cold in the chest. Chapping is a very superficial cold and it never settles anywhere. So it gives the fossils little satisfaction.

Now, going a step further, I am prepared to grant that chilblain is a cold and a little more deeply settled in the skin, a disease state directly caused by exposure to cold or cold and wet combined and most common among persons too much coddled against such exposure.

Frostbitten ears, nose, cheeks, fingers, toes or whole extremities may be fairly described as taking a bad cold.

Chronic habitues may recall the description I gave here of the German physician who sat out on a park bench in the cold and wet to prove that one so takes cold and tried numerous other similar experiments on himself, with such disappointing results that he concluded there might be some doubt about the alleged dangers of exposure.

Well, another German investigator is apparently trying to strike back at this intrepid man. In Munchener Medizinische Wochenschrift for April 16, 1920, H. Schade (appropriatly named) declares that the skin is the main defence against cold, though strangely enough, he says, we scarcely ever speak of taking cold in the skin. He then goes on to point out that the first effect of cold on the skin manifests itself on the vasomotor nerves which control the surface circulation. (We've known this in Canada for fifty years at least; but it usually takes that long for the German medical scientist to learn what we know here). Schade speaks of the stiff and doughy condition of the tissues after exposure to cold for a short time. From this he attempts to lead on to the notion that this stiff and doughy state affects the cells of the tissues and has to do with "catarrhal" conditions. Schade makes this jump in logic nimbly enough, but it isn't done that way in Canada.

Immunity to Ivy Poisoning.

Please republish the formula for immunization against the skin inflammation of poison ivy. (L. O. C.)

ANSWER—Ten per cent tincture of poison ivy leaf, 15 drops; glycerin, 2 drams; syrup of orange, enough to make 3 ounces.

Begin taking one drop in half a glassful of water after each meal, and increase by one drop each successive dose, till thirty- drop doses are taken in about ten days. Then take a teaspoonful once a day for another week. After that a teaspoonful about twice a week throughout the season.

How To Whiten the Teeth.

Please tell me how I can remove stains from my teeth. No amount of brushing seems to remove these dark stains. (H. S. E.)

ANSWER—Greenish stains may be removed by using a drop or two of tincture of iodine on the wet brush, followed by a drop or two of aromatic spirits of ammonia on the wet brush and then a rinsing with a weak solution of peroxide. An occasional brushing of the teeth with powdered willow charcoal, dry, whitens them.

PROJECTING EARS.

Many a person would be far pretter as a baby, and much pleasanter to look upon in after years, if large ears did not stick out straight from the side of his head, like handles. With girls these projecting ears may come to be a real tragedy. One suspects that the real author of the worst of modern hair-dressing atrocities had them, and invented the style as a way of concealing her affliction. It is common sense to hide ugly ears, but what a pity to cover pretty ones! Would that the mother of the inventor of the earlaps one sees had taken the timely precaution of buying or making a snug little skeleton cap and training the ears of her daughter in the way they should be, close to her head.

The blemish of projecting ears is apparent by the third month in a baby's life, and that is the time to correct it, while the baby is too young to be much annoyed by the little tight muslin cap, and the ears are still capable of being trained in. Such a cap may be bought at a children's clothing store in most large cities for $1.25, but it is also very easy to make one of thin lawn or strips of broad tape. It should fit snugly, but not painfully, and should be worn continuously for several weeks. It is necessary, of course, to have several of them for such constant use and to keep them clean and dainty. Tape can be made to cover just the top of the ears without at all interfering with the baby's hearing, and a lawn cap is too thin to cause any trouble in that respect.

AUGUST REVERIES.

Dear Friends and Editor of the Page,—I love August, don't you? with its brilliant sunlight and drowsy stillness. It is the noontime of the year, when nature is resting after the fulfilment of her promise of the harvest time. What a wealth of gold is spread over the fields of this fair Canada of ours, swayed by the blossom-laden breezes, a-glitter under the rays of the sun—truly it is a sight to make even a Midas forget to gloat over his hidden gold. Robins were scarce last spring, but this month quite a few have come back to gladden our hearts. They perch like ornaments on our fence posts, heads held high in song, vests a brilliant gleam in the sunshine. One look at them and "hope which springs eternal" is revived. When a bird sings in August we fairly hold our breath to listen lest we lose one precious note. Another bird whose song inspires me at this season is the lusty crow of the young rooster. Isn't it a delightful sound? so cheery and hopeful and practical. But down deep along with the joy there is pain, too—an indefinable pain. Is it because all along through life joy and pain are so closely mingled. A rooster's shrill challenge seems to ring back to the eve of our dear Lord's death. In this month there are the fruits of the garden. All the sweat and toil of early summer are forgotten when the vegetables are gathered. A dear lady this very morning sent me a basket of dainties from her hardly-earned garden, the sight of which would bring tears of joy into the eyes of an epicure. There were pale green, crinkly cabbages, creaking like a taffeta petticoat; orange-colored carrots beneath feathery green plumes; long, moss-green cucumbers contrasting with blood-red beets, and permeating the whole rose the aroma of the odoriferous onion. After one huge, comprehensive sniff, the gourmand in me demanded the whole basketful to be served at once. In summing up the beauties of August, let us not forget the harvest moon. Last night, as the pale shafts of her light shone through my bedroom window, painting splashes of gold on the walls and floor, I lay, "ere slumber's chain had bound me," letting "sad memories" have full sway. Thoughts of "how the baby slept" and of the morning we laid him to rest with the warm July sunshine flooding his little grave, brought a pang beyond description. Thoughts came, too, of Dickens' "Little Nell," of how she wandered over the face of the earth with her weak and erring grandfather. How the frail little body suffered before death released her spirit. You will remember, some of you, the extract in the old Fourth Book, "She was dead, no sleep so calm, so beautiful, so fair to gaze upon"; and her friends, after the first wild grief was past, decided to come away and leave the child with God. And that is how I feel, too. These sublime words of a hymn seemed to speak to me as a divine message:

We would see Jesus, for the shadows lengthen
O'er this little landscape of our life.
We would see Jesus, our weak faith to strengthen
For the last weariness, the final strife.
We would see Jesus, other lights are paling,
Which for long years we have rejoiced to see,
The blessings of our pilgrimage are failing,
We would not mourn them for we go to thee.

And "Heart of the Night Wind" came stealing through the window bearing a perfume-laden message from Rose of Sharon, a message of hope and fellow-suffering. After gently swaying the curtains and shifting the patches of moonlight, the night wind stole out again, leaving peace in my heart once more.

Inspired Dishwater, I must tell you how I liked your letter. Won't you come again and describe an August sunset?

That was a nice little story about the wren you told us, Garnet. Come soon and tell us more about the birds; they are so nice and interesting (excepting a "blue" bird when she is moulting).

Dear Spring, I hope this weather is warm enough to insure a welcome from you, for your pal, MARCH WIND.

Ans.—You are very brave, March Wind, to write us such a beautiful letter when your heart has such a big ache over the loss of your dear little baby. The sympathy of all your Mail-Box friends is yours, and we believe we can offer you no better consolation than that which your own heart has taught you, as evidenced by your letter. "Just to let Him take the care sorely pressing, finding all we let Him share changed to blessing" means the greatest strength possible in dark hours. Like Mrs. Browning, you, too, have felt the healing ministry of nature. Do you know her little poem, "Out in the Fields with God"?

WHAT'S IN A NAME

EVE.

It is fitting that Eve, the oldest name in the English language, should mean "life." "The mother of all living" was originally called by the title Chavva, which the Alexandrian Jews, coming upon it in their translation, rendered as Zoe. Later it was Latinized as Heva, and finally became Eve on English lips.

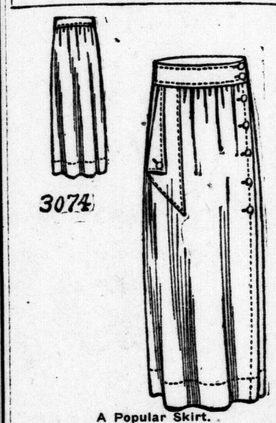

Curiously enough, Eve has never been a popular name in England. On old parish registers it appeared in isolated instances, when a pair of twins was christened Adam and Eve. But the Latin form, which became Eva in Ireland and Scotland, also flourished in England and became popular in Germany.

In this country, Eve has had greater prevalence than Eva. The former is a far more euphonious name, as well as the finest of the old Biblical appellatives—a fact which appealed strongly to the Puritans. We have also revived the title of the Alexandrian Jews and Zoe is frequent in modern times.

Jade is Eve's talismanic stone. It is the Chinese gem of life, and is believed to bestow upon its wearer the blessing of the gods, which is health, wealth and happiness. Sunday is Eve's lucky day and 4 her lucky number.

In Three Parts—Part One.

Tamus, the Scotch collie; Pat, the Irish terrier, and Bud, the English bulldog, had met for an indignation meeting. They were all just nine months old, but in the nine months they had lived they had suffered many indignities, they thought.

Tamus spoke first. "A dog shouldn't be taught to wipe its feet on the mat," he told the other. "That's the last mean trick they have taught me."

"And a dog should be allowed to jump the fence when he's locked in the backyard," Pat complained. "I was cuffed unmercifully for jumping into the neighbor's lettuce bed this morning."

"And it should be all right for a dog to chew up old shoes," grunted Bud. "How is a bulldog to enjoy himself if all he has to chew is tea-bones."

"Man is a mean and undeserving creature," declared Tamus, with feeling. "He does not deserve to be loved by dogs. I am not a bit loyal to my master."

"And after the way my master cuffed me today I don't think he deserves to have me to love and protect him." Pat agreed.

"And if my master thinks more of old boots than he does of me, then it's time he had another dog"—this last from Bud of course.

"He can get along without us. We can live our own life and be free."

"We'll rebel."

"We'll run away," and at the very thought of it Bud licked his lips. "I have bones hidden, and a can of meat."

"And I can gather kindling for a fire to warm us on cool nights," Tamus cried, entering into the spirit of the adventure.

"And I know where there are shavings for our beds," Pat added this important information.

So the rebellion and flight was planned. They started off that very night—three nine-months-old puppies—in search of freedom and adventure. Bud was the only one who carried luggage. He had the tin of meat fast between his teeth.

"The bones had all withered so that there was no meat left on them,' he admitted to the others. "This meat will make a good meal for us."

"It's going to be a wonderful adventure," cried Pat. "When we find a place to take up our abode I'll go back for the shavings."

To Be Continued.

HAMILTON, Aug. 12.—After losing three straight to London the Tigers took vengeance on Brantford today, defeating them by 4 to 0. Cobb Shows More Brains Than Ruth But Gets Less Applause

Star of All-Time in Balldom Shows Up Now Popular Ruth in Game At Navin Field and Blinds Him.

Harry Dayton writes in the Detroit Journal:

Never in Detroit baseball history has there been as much open discussion over two ball players as has taken place the last four days in fans' comparison of Ty Cobb and Babe Ruth. And fans are divided as to which of the two is the greater drawing power at the present time.

Man for man, player for player, there is no question but that the Detroit star has an unspanable edge. No one who follows baseball doubts for a minute but that the Georgian is the foremost player of the time; has been for years. He is so far ahead of the average player that comparison is mere idle chatter.

But today, strictly as a drawing power, Ruth has the margin. While the major, and even the minor leagues, are drawing far and away greater crowds than ever before in history, it cannot be denied that Ruth is the biggest single attraction in the game. Fans jam the parks day in and day out to see him slam the ball over the fence or into the bleachers. He's a novelty. No man in the history of baseball has even come near the Babe's record for long distance clouting.

Comparing Cobb and Ruth for mere drawing power then, one has but to look up the enormous audiences that watch the New York team play. Taking in their years of service in the majors, Cobb has a tremendous edge. But right now Ruth is in the lead. He has drawn over 700,000 in New York City alone. Whereas thousands used to attend games to see the noted Tyrus in action, tens of thousands now trek out to ball yards to watch Ruth hit. It's a new line in baseball; just something different. And, as Ty has long been before the public gaze, he has for the time being been shelved.

Ruth is brand new. His home run record of 41 is gigantic, almost unbelievable. Yet that is why he is packing 'em in. Still, for brilliancy and daring, no critic will place Cobb below Ruth or anyone else. He is still king of the players.

Thirty thousand fans who watched the Tigers down the Yanks at Navin Field Sunday, 1 to 0, left the park fully convinced that Cobb far outshone Ruth as a player, though Babe packed 'em in. It was a fair test of their daily ability. Not because Detroit won, not because Howard Ehmke pitched so splendidly, not because Pep Young overcame a possible rally by pulling the hidden-ball trick, but because of Cobb's superior all-around versatility.

Those fans will tell you that Cobb won that game through his natural wizardry. Ty is known as a scientific hitter. He hits to all fields; he has the fielders and pitchers in a questionable mood on his every appearance. They can't figure him out. He hits where they do not expect him to hit. So that must be called smart ball-playing, not luck. And he exemplified it clearly Sunday.

Because of the advantage Ty holds over practically every other player in the league, Detroit won this ball game. Cobb knew what he was about; he always had the situation properly diagnosed.

Did Ruth? Did the young giant have any idea what he was going to do when he went to the plate? The chances are against him. He only knew he would be walked or forced to hit. And he only knew he would be a hero if he lost the ball. But he failed. He didn't get one blow.

While spectators missed seeing one of Babe's terrific clouts, they were satisfied with Detroit's victory. They were satisfied, too, because Cobb brought victory. It seemed like olden times when the Georgian won games single-handed.

Cobb had the right of way Sunday. He was the big man of the afternoon. His hitting, that out-smarted the New York Infield in the fourth and gave him a two-base hit just inside of third, was the start. His base-running that immediately followed was the real turning point.

Ty completely outguessed the Yanks after his hit. On Veach's bunt he moved just 20 feet off second base and stopped. Collins, taking the bunt, didn't know what to do—whether to play for Ty or Veach. He chose the easiest way out and nipped the batter.

But no sooner had the ball left his hand than Ty dashed for third. The average runner would have darted that way with Veach's bunt and been an easy out. But Ty fooled 'em. And he didn't even draw a play. His brainy work right there won the game, for it so unnerved Collins that he wild-pitched past Heilmann and Ty walked in with the only run of the tilt.

So it was scientific playing, not brawn, that won.

Coupled with Ty's craftiness, however, was Ehmke's beautiful pitching. He was at his best, it seemed, in this game. He never faltered. He was on top all the way. Howard yielded but three hits, allowed but one man to reach third (and that was through another's error), and shut down so tight on Ruth that the mastadonic mauler was as a child.

In the four games that the two clubs played, each winning and losing two, Cobb's work outshone that of Ruth's for real ability, though the big fellow did jump his home run hitting mark from 38 to 41. Ty acquired four runs and nine hits to a half dozen tallies and four hits by Ruth. And while three of Ruth's four hits were circuit smashes, Ty's blows gained a greater batting average and worked to equal advantage in scoring. Yet Babe's work was the more spectacular.

Granting, then, that Ty won this game because of his hitting and base-running, was he a greater favorite with the fans than Ruth? He drew more real applause than the Babe, but onlookers didn't have chills running up and down their spines when Ty was at bat. They did whenever the mauler appeared.

FRANCE WINS CYCLE CLASSIC AT ANTWERP

Antwerp, Aug. 13.—France won the 170-kilometre road race, the Olympic bicycle classic, here yesterday, Sweden was second, Belgium third and Denmark fourth. The order of the teams standing was determined by the times made by the four competitors of each country in the race.

Stenquist of Sweden made the best individual time, 280 minutes 1 4-5 seconds.

Dress rehearsals for tomorrow's opening of the great Olympic stadium were held today. Practically all the contestants are now here, and took part in the rehearsals.

When the games open Sunday, the various countries will start off with the following points already in their favor:

1. United States 57.
2. Norway 56.
3. Sweden 39.
4. Britain 20.

Canada has three points, which places her in 13th place, or five from the bottom. Each nation will start four men in each event.

ROYAL NOVA SCOTIA Y. C. HAVE NOT JOINED IN CAPE BRETON Y. C. YET

HALIFAX, Aug. 12.—Up to the present no action has been taken by the Royal Nova Scotia yacht squadron in uniting with the Royal Cape Breton Yacht Club, prospective challengers for the America's Cup. It was at first intimated that the local squadron might unite with Mr. Ross and his fellow-yachting enthusiasts from Cape Breton in their proposed attempt to lift the cup, but up to the moment no action has been taken by the Halifax yachting authorities. The more prominent of the Royal Nova Scotia yacht squadron are nearly all at Chester this week with their yachts, and no definite expression of their stand in the matter, or of the reason why they did not unite with the Cape Breton Club could be learned.

WALLACEBULRG BALL.

WALLACEBURG, Aug. 12.—Tilbury defeated the local nine in a Kent County fixture today by a score of 12 to 1. Braysden took the second game of the day from Hay's Wheel Company of Chatham, 8 to 2.

Vehics Have Hopes

FLINT, MICH., Aug. 12.—It was publicly announced tonight at the big boxing show here, at which the Vehics were the guests of the Elks and Vehicle Clubs, who made the performance possible, that Ted Anderson's crew will attempt to edge both Brantford and Hamilton out of place before the season ends.

With the evident strength of the locals at present, Ted Anderson and Tom Halligan cannot see it any other way, but that Brantford must fall beneath the shade and give way of third place to Flint. They admit that it's next to impossible to get under Hamilton's wing at this stage of the game, but they say that to head off Brantford will be as good as any pennant that any minor league ever offered. Anderson is out to take all three from Bay City tomorrow, Saturday and Sunday. They claim that they'll be hitting pretty for the Canada trip the week after next.

Round the Kitty

THISTLE NOTES.

The games committee of the Thistle Club announce that there will be a special picked doubles tourney on next Wednesday, Aug. 18, at 2:30. Four 12-end games will be played, two before supper and two after. Supper will be served on the grounds.

Only enough entries to fill the greens will be taken, so send yours in early to L. E. Barrie, 312 Wolfe street. Good prizes will be given and at the same time this affords one more chance for an excellent day's sport. Everybody welcome.

It was announced last night by the London Bowling and Rowing Club that the new greens will be opened Saturday afternoon. Any players in the city will be welcome to try them out on the opening day. A large number of rinks can be taken care of, and it is expected that there will be a good crowd of the city's bowlers present to give the new plots a thorough trial.

PETROLEA'S ONE-DAY PLAY.

The popular annual one-day tournament of the Petrolea Lawn Bowling Club will take place, as usual, on Labor Day. The excellent lawns are in better condition than ever before, and the newly equipped hydro-electric system furnishes perfect lighting for the evening games. The Corey cup and the Waddell trophy, open to all, will be in competition with the usual excellent prizes to the winners and runners-up in each event.

Entries must be in the hands of the secretary not later than Saturday noon, September 4, when the draw is to be made. The entrance fee is six dollars per rink. R. S. Jackson is the honorary secretary, to whom all communications should be addressed.

The London Rowing Club is opening its new greens for bowling the first time on Saturday afternoon and is in readiness for a big entry. The bowlers are requested to make their entries not later than 2:15 o'clock tomorrow afternoon.

The interclub city bowling championship for the London Free Press silver shield will shortly be staged. A meeting of the club presidents will soon be held to determine the 1920 competitions.

Tribe Stage Usual Ninth-Frame Rally To Beat Beavers

Were One Run Behind When Neitzke's Three-Bagger Scored Kennedy — Kuhn Choice Failed To Catch Neitzke At Plate—Devinney and Kirley Stage Duel.

KITCHENER, Aug. 12.—The London Cockneys staged a ninth-inning rally here this evening and won by a score of 3 to 1. Up to the final inning Kirley had held the league leaders down to two scattered hits. Kennedy opened in the ninth by beating out a liner which glanced off Kirley's glove to R. Dunn. Shay sacrificed and Neitzke hit for three bases, the ball going over Andy Kyle's head, and Kennedy tied the score. Kuhn hit to R. Dunn, who threw low to the plate to get Neitzke, and the latter scored. Kuhn went to second on the play, and reached third on a passed ball, scoring on Witry's single. With three on bases, Devinney flew out to Eckstein.

The single run scored by Kitchener was made in the fourth on singles by Eckstein and Jordan and Morgan's sacrifice fly. The score:

CHATHAM AND GALT PLAY TIE GAME

GALT, Ont., Aug. 12.—In one of the best games of the season the Maple Leafs of Chatham tonight had their closest game of the tour. The local nine played them to a 10-inning tie, 3 to 3.

It was a pitchers' battle between Dainty and Leeds, with the former receiving the best support, a bad throw by the locals costing them the victory. Tomorrow the tourists, who carry camping outfit, play in Ingersoll, and then return home.

The score: R. H. E.

Chatham	100 010 010 0—3	9	1
Galt	100 000 200 0—3	6	4

Ham. Scribes Get Twisted Version Of Morrisette's Batting Spree

Say O'Hearne Rode Tiger Players All Day and Called Ball Was Strike—Morrisette Says He Used Fists.

The Hamilton Spectator says anent the Morrisette assault:

"Hamilton had a close ball game won at London yesterday, and then the temperamental Mr. Morrisette and the umpire, O'Hearne, got into an argument, with the result that the Hamilton pitcher was ordered out of the game, and away went the chance. Shaughnessy had no time to warm up a pitcher, and Heck went into the fray with no preparation whatever. He naturally walked a couple of men, and then came the runs that turned victory into defeat.

"O'Hearne was looking for trouble all day, and finally got it. He was 'riding' the Hamilton players for no reason whatever, and when Shaughnessy protested, the Hamilton manager was ordered from the park, so that he was not on hand to see the final 'blow-off.' Hamilton players claim that the delivery which O'Hearne called a ball was a perfect strike, and their claims were backed up by some London fans, who admitted after the game that it was a deliberate steal. Morrisette had allowed but two hits in the first eleven innings, and had the Cockneys eating out of his hand until the unfortunate finish came. London writers admit that Hamilton would have won the game if William had been allowed to finish.

"The affair between Morrisette and O'Hearne was continued after the game at the hotel, when Morrisette broke into O'Hearne's room and administered a fine trouncing to the arbitrator. Morrisette denies that he used a baseball bat during the battle, but claims that he did the damage with his trusty fists. He gave O'Hearne a rather severe trouncing, and it is doubtful if the 'ump' will be able to handle the indicator for a day or two. President Maines was in the stand and witnessed the trouble, and admitted to Shaughnessy after the game that he thought it was a perfect strike."

OFF THE SCORE BOARDS

Cicotte's old-time form was the undoing of the Senators when the Sox took the fifth straight from them.

Brooklyn stepped down from the lead yesterday when the Cubs took them into camp in a slugging bee, 8 to 4.

"Babe" Adams let the fast traveling Giants down with two hits, closing them, 2 to 0.

Coveleskie, the Indians' old stand-by, failed to put a stop to the Yankees, the Naps losing the third straight to them. Ruth made his appearance in the game and scored twice after being passed.

The Reds showed last year's style by making it four out of five from the Braves and taking the lead. They battled for 11 innings.

Meusel's home runs gave the Phillies a win over the Cards.

Mack's Elephants took the old game of the series from the Tigers.

The Leafs cut Baltimore's lead by winning two from the Skeeters. The second affair went for 13 innings before a decision was reached.

Buffalo tied up Akron for third place by beating the Stars, while the Numatics were busy losing to Baltimore.

The Marines came through with a win over the Hustlers.

OTTAWA SHOOTERS CAPTURE TAIT CUP AT O. K. A. MATCHES

Western Ontario Regiment Makes Fourth Place With 545.

LONG BRANCH RIFLE RANGE, Aug. 12.—Ottawa riflemen had another good day at the O. R. A. meeting here today. The Governor-General's Foot Guards team carried off the Tait challenge cup with a score of 566. The 48th Highlanders of Toronto were second with 559. The other teams' scores were:

Royal Granadiers, 546; W. O. Regiment, 545; 38th Battalion, Ottawa.

The winning team and their scores at the various ranges were:

	200 yds.	500 yds.	600 yds.	Tl.
Major G. Mortimer	34	34	31—	99
Lieut. L. Johnson	27	29	30—	86

Pte. A. Irvine	30	32	31—	93
Pte. C. H. Tyers	31	33	31—	95
Grand total				566

Lieut. W. Sprinks, York Rangers, won the individual prize in the Tait Brassey match with a score of 101 out of a possible 105. Sergt. W. Hawkins, 48th Highlanders, Toronto, was second with 100. Pte. Wilson, 38th Battalion, Ottawa; Major G. Mortimer, G. G. F. G., Ottawa, and Sergt. S. Dawson, G. G. F. G., Ottawa, took the fourth to seventh places inclusive. Pte. A. Wilson also took the fifth place in the MacKenzie match with 34 out of a possible 35.

Tomorrow is the final day of the 51st annual meeting, and many competitions are on the program, including the Gzowski match, which always creates a great deal of interest, as it is shot for under service conditions. Teams of five compete in extended order and fire at unknown distances at targets that are only exposed for ten seconds.

The Osler match is also on the program, while the aggregate for the meeting will be compiled. The following are today's scores:

In the militia aggregate Sergt. W. Hawkins, 48th, Toronto, is leading with 265; Sergt. Emslie, 48th; Sergt. White, R. G., 261; Major Mortimer, G. G. F. G., Ottawa, 259.

In the all-comers' aggregate Sergt. Hawkins also leads with 263; Sergt. White, 262, and Major Mortimer, 258.

O. R. F. U. MEETING IS SLATED FOR SEPT. 9 IN THE QUEEN CITY

Rugbyists Will Get Good Start This Season in Organization At Least.

In past years the annual meeting of the Ontario Rugby Football Union was always held in December of each year. At the last annual meeting, however, it was the opinion of the delegates that it would be in the interest of the game to hold the annual meeting preceding the playing season, so it was decided to hold it early in September. The meeting of this year will be held on Thursday night, Sept. 9, at 8 o'clock in the Central Y. M. C. A., Toronto. In past years the meeting has always been held on Saturday afternoon. Notices of amendments to the rules and constitution should be sent in two weeks before the meeting, while nominations for the various offices should be in one week before the meeting. The offices are: President, first, second and third vice-president, secretary-treasurer, senior, intermediate and junior representatives. R. W. Hewitson is acting secretary until the annual meeting. His address is the Evening Telegram, Toronto.

COULDN'T WALK FOR TWO MONTHS

Edward Laplume Praises Tanlac For Restoring Wife's Health —Gains Twenty-Five Pounds.

When Edward Laplume came into Liggett's Drug Store, Winnipeg, the other day, he was so full of the good news that he could not refrain from telling the Tanlac representative all about it.

Mr. Laplume is a packer employed by the Thomas Davidson Company, resides at 62 Ritchot street, St. Boniface, and he and his wife have lived in Winnipeg all their lives. It was certainly an extraordinary story which he had to tell, and we cannot do better than to relate it in his own words.

"My wife hasn't known what health is for the past ten years. Indigestion has been her great trouble. She never seemed to be able to digest anything properly, not even the lightest kind of food. The pressure of the gas which formed after eating was so great that it caused palpitation of the heart. She often used to say that it felt as though a hammer was thumping in her chest. Frequently at night this gas would so trouble her that she was afraid to lie down for fear of choking and she would sit on the side of the bed for hours. In fact, life for her was a perfect misery.

"Then last fall she was stricken down with pneumonia and had to be sent to the hospital where she stayed for four weeks. When she came out, she was actually nothing but skin and bone, and was so pale and white that she looked like a ghost. She was so weak that she could hardly hold a book in her hand, and for two months she could not walk. Her stomach trouble bothered her as much as ever, and I honestly did not think that she would live.

"She tried all kinds of remedies; in fact, I bought her everything that friends recommended, but nothing did her any good until she started taking Tanlac. Well, sir, I never would have believed that any medicine could have effected such a change in any woman. Why, it has positively transformed my wife. It seemed to settle her stomach trouble right away. She can eat a real good meal now without any bad after-effects. With the very first bottle she started to pick up, and she has actually gained 25 pounds in weight. The color has come back to her cheeks, and today she is as strong and well as ever she was in her life. She can do every bit of her own housework now, without the least trouble, and at night she goes to bed and sleeps like a child till morning. I simply can't tell you how grateful I am for what Tanlac has done for my wife, and I take pleasure in giving you this statement."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

40,000 TRUSTED IN IMPOSSIBLE PONZI SCHEME

Postal Official Estimate Total Investments $15,000,000 To $20,000,000.

FINANCIER SURRENDERS

Held On $25,000 Bail On Defrauding and $10,000 On Larceny Charge.

BOSTON, Aug. 12.—Some 40,000 investors intrusted a total variously estimated at from $15,000,000 to $20,000,000 to Charles Ponzi in a money-making scheme, which United States postal officials today declared to be absolutely impossible of fulfillment.

Ponzi surrendered to the federal authorities this afternoon, explaining that he was unable to meet his obligations because of the closing yesterday of the Hanover Trust Company, where the bulk of his funds were deposited. He was arrested, charged with having used the mails to defraud, arraigned and held in bonds of $25,000 for a hearing August 19. Meantime, a warrant charging Ponzi with larceny has been obtained by the state police in the municipal court and upon leaving the federal house building Ponzi was re-arrested and held by the city court in $10,000 bail for appearance August 23. Bail was again forthcoming and Ponzi was again released.

Thick and Fast Today.

Developments followed thick and fast today. As Ponzi was being arraigned before United States Commissioner Hayes, Edwin L. Pride, who is examining the books of the Securities Exchange Company for the federal authorities, announced that it had already been shown that Ponzi owed $7,000,000. State Attorney-General J. Weston Allen, who is conducting a separate investigation, made known his opinion that Ponzi's liabilities would run into the millions. State Bank Manager Joseph C. Allen issued a statement, declaring that the capital of the Hanover Trust Company, of which Ponzi was, until yesterday, a director, was seriously impaired and probably wiped out. State Treasurer Fred J. Burrell attacked the bank commissioner for not having given him an opportunity to withdraw state funds before the Hanover was closed, and Gov. Coolidge demanded that Burrell make known how much of the state money had been tied up by the closing of the trust company. Later Burrell notified the governor that the state deposit was $125,000.

Among the amazing disclosures was that the bulk of Ponzi's millions were gathered in after the postoffice department had begun its investigation last February. In discussing the Ponzi case tonight, Chief Postoffice Inspector Moseby said that so far as their investigation had gone Ponzi had never done any business in international reply coupons. He said that he had warned hundreds of people against Ponzi when inquiries began to come in last February that no man or set of men could manipulate or speculate in reply coupons in any such manner as they alleged Ponzi had explained to them.

Could Not Total $500,000.

Earlier in reply to specific inquiries, Inspector Moseby said:

"The entire issue and redemption of international reply coupons throughout the postal union for the past six years would not aggregate $500,000.

"Some countries, fearing speculation or manipulation of the coupons, discontinued their issuance or redemption months ago, some of them, particularly Italy, prior to the time when Ponzi claims to have started his business.

"The most amazing thing is why people invested their money with Ponzi. I can only attribute it to his personality; they invested in the man, not the business. We warned hundreds of people against him. Many of them heeded the warning, but undoubtedly there were many who gave him their money nothwithstanding.

"One of Ponzi's attractive features was the easy manner in which he talked in millions instead of in hundreds or thousands. He simply charmed and dazzled the people.

To Gambling Spirit.

"He appealed to the gambling spirit of the people by the quick action on the investments. When he started out he promised 50 per cent in ninety days, but he paid it in 45 days, with the result that many re-invested their principal and their winnings.

"Ponzi did not use the mails as openly as is often the case in schemes which come to the attention of this department. He started business in a small way, depending upon re-investments from his customers and upon the word that would be passed from one person to another."

The department's investigation, Mr. Moseby added, had extended to all sections of the United States, and throughout Europe, and although he was unwilling to discuss evidence that had been collected, he did not hesitate to say that dealing in international reply coupons was not responsible for Ponzi's millions.

Ponzi went to his home at Lexington tonight. The house was under close surveillance. Ponzi said: "I am not going to run away. If I had intended to do that I would have done so yesterday and would not have gone through what I have today."

PONZI'S STORY OF PRISON TERM NOW BELIEVED

MONTREAL, Aug. 12. — (Canadian Press.) — The statement of Charles Ponzi, alias Bianchi, that he served a jail term in this city to save his employer seems to be borne out by his declaration made at the time of his arrest, on August 31, 1908, to the detective, when he said:

"I am guilty. I wanted to help out the Zerassi family."

On the 31st of August, 1908, a complaint was laid with the late Silas Carpenter, then chief of police, through the Banque d'Hochelaga. The complaint was that a forged check had been turned into the bank on the 29th of August, which was a Saturday. The original charge stated that a check, amounting to $425.58, of the Canadian Warehousing Company, per D. Fournier, had been presented and cashed by Ponzi under false pretences. Detectives McCall and Guerin were assigned to the case, and located their man at 122 St. Denis street.

The detectives told him the charge, and warned him that anything he said might be used against him, whereupon Bianchi admitted his identity, and said: "I am guilty. I wanted to help out the Zerassi family."

When he was searched $218.12 was found in his possession. The money was returned to the bank by the detectives.

He was sentenced to a three-year term, but was allowed out on ticket of leave after serving twenty months.

The general impression in official circles seems to be that Ponzi did suffer for Zerassi's sake, possibly by some pre-arranged understanding. While Zerassi was the boss of the outfit, Ponzi was his chief lieutenant, and took all the blame upon his own shoulders.

For the past three or four days American detectives have been in the city seeking all possible information regarding Ponzi. The Boston police department got in touch with Mr. LaFlamme, the Bertillion expert, and secured all the records, etc., from him. The Pinkerton people are also working on the case and reporting back to their headquarters.

Harland's Guelph Rink Were First At Hespeler Tournament

HESPELER, Aug. 11.—W. Harland of Guelph, with four wins and a plus of 20, won the one-day tourney honors here today. Fine weather greeted the 32 rinks participating and the play was fast and keenly fought. H. O. Hawke's Galt quartet was second and J. Dalmer skipped the third place winners hailing from Waterloo. D. McTavish's rink was fourth.

WALKERVILLE WINS FIRST EVENT AT WALLACEBURG

WALLACEBURG, Aug. 12.—Darkness put a close to the bowling tournament here tonight, when the lights went out, resulting in the second event being decided by a toss-up which gave the honor to Wallaceburg. O'Flynn, another local bowler, won the third event, while the first event, the Free Press Trophy, went to Bake of Walkerville.

The home rinks made a good showing throughout the games, which were close and hard fought from the time the first bowl was put in play.

McGRAW IS SUBPOENAED.

New York, Aug. 13.—Failure of John J. McGrew, manager of the New York Giants, to appear before District Attorney Edward Swann yesterday, as promised by his attorney, led to the issuance of a subpoena for McGraw's appearance today to answer questions as to how John C. Stavin, the actor, received serious injuries last Saturday.

McGraw hitherto has maintained complete silence both concerning Mr. Stavin's injuries and an alleged fistic dispute between himself and a fellow-member of the Lambs Club.

SYNDICATE TO START AERIAL SERVICE FOR CANADA-WEST INDIES

London, Aug. 12. — (By Canadian Press).—The linking up of Canada with the West Indies by an aerial service is reported to be the ultimate object of a syndicate which has been formed by a group of British firms for the promotion of civil flying in the Bermudas.

According to the reported plans of the syndicate the route will be from a point in Nova Scotia to the Bermudas, and thence to all the West Indian Islands, to British Honduras and to Demerara.

The company is said to be planning for a series of ying stations at suitable points in the West Indies. Arrangements are almost completed for making a start at Trinidad, the most important British island in the south of the group, and one within easy flying range (360 miles) of Georgetown, the capital of Demerara. Similar plans are being pushed forward with regard to the Bahamas in the north of the great circle. It is likely that if the scheme is developed according to the present plans, the syndicate will operate a regular passenger and mail service.

WINDSOR WOMAN DIES FROM HEAT; MAN COLLAPSES

Prisoner Awaiting Trial For Breach of O. T. A. Faints Away.

WINDSOR, Aug. 12.—W. L. Brown, Michigan Central fireman residing in St. Thomas, Ontario, and employed on the Essex division of that line, collapsed in a faint in Windsor police court today while awaiting pronouncement of sentence by Magistrate Miers for a breach of the Ontario Temperance act. Brown was arrested by County Constables Smith and Hannah at Amherstburg early this morning in a taxicab, driven by T. R. Fox, who was arrested at the same time, and brought to Windsor, where he was today fined $100 for carrying a "billy."

Gasping out a plea of guilty, and commencing to appeal for leniency, Brown, apparently overcome by fear of a heavy penalty and by the stifling heat of the courtroom, fainted, struck his chin on the corner of the magistrate's desk, and fell to the floor. He was carried out of the courtroom by friends, and his case adjourned. Just previous to the incident the court had reminded Brown that the penalty ranging from a $200 to a $2,000 fine, with six months in jail.

Windsor bank clearings for the week ending today totalled $3,004,946, an increase of $987,822 over the corresponding week of the previous year, when the aggregate was $2,017,124.

Mrs. Marshall Dies.

Overcome by the heat and fatigue from a trip to her old home in Kingsville, Mrs. Elizabeth Marshall, aged 62 years, was suddenly stricken with heart trouble on the street, at the corner of Church and Pitt streets, late Wednesday night, and died in the arms of a stranger who came to her rescue, before medical assistance could be summoned. Deceased, who was a former well-known resident of Chatham, Tilbury, Comber and Kingsville, had been in the latter town during the day transacting business, and was returning to the home of her daughter, Mrs. Milford Bertram, 92 Pitt street.

She was predeceased by her husband, James Marshall, a former Tilbury West farmer and civil war veteran, twenty years ago. She had been in receipt up to the time of her death of a pension from Washington for her husband's services under General Grant. Nine children survive. The funeral will be held Saturday to Comber, where interment will be made in the Presbyterian Cemetery.

POLICE PUGILIST ON VACATION WILL TRAIN FOR FIGHT

WINDSOR Aug. 12.—Arthur Pelkey, Canadian heavyweight champion, who trains between ring battles as a policeman in Ford City, Ont., left tonight for Boston, Mass., on his vacation. He goes into training there tomorrow for a fight with Cleve Hawkins, colored fighter.

Whether it is merely for enjoyment or to practice for the serial of the Canadian Northwest which he is planning, Tom Santschi does not say, but every morning he is seen on horseback riding madly over the hills just beyond Hollywood. In the part of a member of the Mounted Police, he would have to go through many daredevil adventures a-horse.

U. S. A. SHOULD MIND ITS OWN BUSINESS, SAYS BLACK KNIGHT

Derry Day Speaker Declares Orangemen Will Go To Ireland To Fight.

CHURCH AGAINST BRITAIN

And Sinn Fein Conspirators Even Want a Republic in Canada.

BRANTFORD, Aug. 12.—"We have no quarrel with the Irish, but if it comes to the pinch we will go to Ulster and fight. By God's help we will never be ruled by a 'parliament in Dublin," said Capt. Rev. C. S. McKegney, M.C., veteran of war service in France, in the concluding address of a big Derry Day celebration here. Capt. McKegney, who comes from Clinton, but left with a Brantford battalion for overseas, was loudly applauded when he hotly attacked the Roman Catholic Church, which he denounced as the greatest menace to civil and political liberty in the world.

Greatest Menace In World.

The Black Knight preceptories of Ontario today celebrated the 230th anniversary of the lifting of the Siege of Derry and some 4,000 knights, ladies and Orangemen attended one of the biggest parades ever held in Brantford. The sports and addresses were afterwards held at Agricultural Park. The grand master, H. C. Hocken of Toronto, couldn't get here, but sent a message delivered by W. G. Armstrong of Saskatchewan, who added that the "Dominions had no need for hyphenates and that the memory of Derry Day should be kept for all time."

The grand master's message called for remembrance of Derry Day, and warned against a world-wide conspiracy against the British Empire. He called attention to conspiracies in India, Egypt, South Africa, and even in Canada, where the Self-Determination League for Ireland and the friends of Irish freedom were working for the Sinn Fein movement, and even calling for a republic in Canada.

He called upon every knight in business and social life to prevent attacks upon the empire and upon the king, reminding them that loyalty was one of their oaths. In every way they should work to maintain the empire against its enemies.

"Thorn," But Must Remain.

Capt. Tom Wallace, M. P., of West York, complained of the hard-pressed condition of the Protestants in Ireland today. No one cared to have a religious quarrel, he said, but there was a legitimate quarrel when political liberty was attacked. Orangemen had always been loyal and always would be, and Ireland, while a thorn in the flesh of Britain, yet had to remain a part of it.

Capt. S. C. McKegney declared that from the war had sprung a double menace, Bolshevism and Sein Fein. He charged that innocent men in uniform had been deliberately murdered in the Easter rebellion by Sinn Feiners.

Police Must Be Protected.

It was time that Britain remembered that she was a great nation and every man who killed a policeman should be hanged.

With regard to the religious end, he declared that since Stephen Langdon was banished from England, the Roman Catholic Church had been against Britain, the bishops of the church using every influence against her.

The Roman Catholic Church was the greatest menace to the civil and political liberty of the world. He concluded by declaring that "the United States should end the sending of millions to Ireland for the waging of a campaign of murder, and should mind its own business."

SERVICE IS U. F. O. IDEAL, SAYS WATSON; NOT FOR MONOPOLY

Drury Wants More Information About Hydro, and Will Get It.

"CLEAR OUT BARNACLES"

Morrison in Haldimand Advises Making Clean Sweep At Ottawa.

CAYUGA, Aug. 12.—Fair weather greeted the members of the U. F. O. and U. F. W. O. of Haldimand for their annual picnic in the Court House Park, Cayuga, on Wednesday. About 1,500 people were present. Warren Stringer, M.L.A., for Haldimand, occupied the chair, and introduced Rev. Mr. Watson of Fenelon Fall, U. F. O. member of the Legislature for North Victoria, who in the course of his address, proclaimed himself to be a public ownership man. He spoke strongly against the merger tendency of today, and longed for the good old days, when there really was competition. He said the U. F. O. stood for service, and not monopoly, and desired to eliminate the unfair. Regarding the hydro-electric, he said, during the first session of the U. F. O. Parliament, the committee had three-quarters of an hour in which to vote $17,500,000 worth of the people's money and knew practically nothing regarding how the money was to be used. Premier Drury said what was desired and must be secured was more information regarding hydro-electric. Mr. Watson touched on class legislation and tariff, and regarding federal affairs advised his hearers to keep their eyes open and study the public business, claiming that the farmers' movement was to abolish party and get the public interested in clean politics.

Mrs. H. Laws, secretary of the Ontario U. F. W. O., was the second speaker, and declared that the balance of power at the present time rested in woman's hands if she would use it, and that she honestly believed the reason the franchise had been extended to women was because the men had placed themselves in such a fix that they required the assistance of women to extricate themselves. She referred to this being not only a great privilege, but a tremendous responsibility. Her chief note to the women present was to organize, which they could do themselves in any locality by sending for instructive literature and paying their fees. She made a strong plea against some of the authorized school books, especially the geography, and claimed that the U. F. W. O's chief aim was to educate the masses, as ignorance was the greatest menace to the public, and that in the education of the public stood safety, prosperity and peace. Out of 68 U. F. O. members nominated at the Ontario election, 44 had been elected, and she hoped soon to see a woman representative in Parliament.

Mr. Musgrove of the Toronto Sun spoke for a few minutes urging the farmers to study the market reports and thus avoid large shipments of stock when there was a slump on the market. He advised shipping from different localities upon different days.

Hon. Frank G. Biggs was unable to be present, and a few remarks were made by Rev. J. V. Fredenburg, president of the Haldimand branch of the U. F. O.

J. J. Morrison, secretary of the Ontario U. F. O. spoke at some length, and in his opening remarks said the organization he represented was absolutely good, and stood for democratic government, which he defined as the "consensus of opinion of the majority of the people crystallized into law." The U. F. O., he claimed, had given the vote to women, who previously had no power to make the laws and whom, he claimed, could never be corrupted. He criticized some of the acts of Premier Drury, claiming that he was wrong regarding the round-table freight rates and superannuation, but all right along hydro-electric lines. He spoke very strongly in favor of the recall system, as under it a member not living up to his promises could be called to account by his constituency. He scored the Union Government at every point, and urged his hearers to do their duty at the next election and clear out the political barnacles, as their forefathers cleared out the original forests.

The addresses were interspersed by numbers from Mr. Kelly, a Toronto entertainer and selections by the Cayuga Band.

Dr. Charles Wigle was called, but Taylor, who is survived by a wife and married daughter on the reservation, died within an hour.

WESTERN VARSITY AND O. A. C., GUELPH, WILL CO-OPERATE

Two Institutions Will Work Together On Combination Courses.

GUELPH, Aug. 12.—Lieut.-Col. Walter James Brown, executive secretary of the Western University, London, Ont., was in the city today, conferring with President Reynolds of the O. A. C. with reference to the developing of a scheme of co-operation between the two colleges, whereby combination courses could be conducted. In his scheme, Col. Brown proposed that an exchange of professors be made from time to time, so that the faculty as well as the students will be brought in closer touch with each other on the various subjects covered by both schools. Prof. Reynolds was very much impressed with the idea, and will immediately have a plan drafted, whereby it may be possible that the scheme of co-operation will be put into use at the commencement of the fall term this year.

CATTLE STAMPEDE, ENLIVENS STREET IN KENTISH TOWN

CHATHAM, Aug. 12.—Near the Grand Trunk station a bull and several cows, being driven into the country, became confused by a number of taxi cabs and steam escaping from a locomotive, and Queen street was the scene of a stampede. After breaking all records in cattle racing, one of the meek bovines made its way to a flower-bed and, after turning around twice, lowered its body amid the scent of the horticultural display. The driver will be required to make good the damage caused by the herd, according to Police Chief Groves.

Where is the Money to Come From?

YOU cannot hire a servant for ten dollars a month if the servant knows that everyone pays TWENTY!

The Bell Telephone Company cannot hire new capital for new telephone plant and equipment by offering FOUR cents per dollar per year—when even Government bonds are yielding 6%! Trust mortgages 7%! And good industrial stocks 8% and higher!

Yet that is what we are being asked to do on the present scale of telephone rates!

Where then is the company to raise such sums as the $10,000,000 new capital required for this year's extension alone?

The company's stock and bonds are all invested in the plant (not a cent of this was "water" or "bonus" or "promotion" stock).

The Company's surplus and reserve is similarly re-invested.

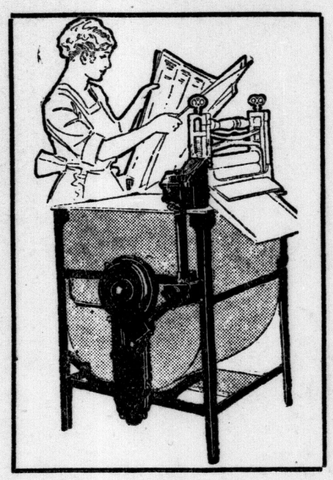

NEW capital can be obtained only by "hiring" it in the open money market! Yet how can we offer a high enough wage—interest and dividends are merely the "wages" of invested savings—to attract investors when our revenues to-day are not enough to earn 4 per cent. interest on our $55,000,000 telephone property after meeting day-to-day expenses?

The only solution of the company's problem is adequate telephone rates! These will enable the company to earn sufficient revenue to pay a "fair wage" to Capital and a fair wage to its employees.

BELIEVES BODY OF A. J. SMALL FOUND IN PARIS

French Singer Sends Word—Toronto Police Most Skeptical.

REPORTED IDENTIFIED

Letter To New York Man Says Remains Were Discovered in Morgue.

TORONTO, Aug. 12.—The Toronto Telegram this afternoon says:

The body of Ambrose J. Small has been discovered and identified in the morgue at Paris by Monsieur Louis P. Verande, a French impressario, who had been introduced to Small in Toronto by Mr. Edwards of the Trans-Canada Theatres.

This information is contained in a letter received by a New York friend of the singer's, and by him conveyed to Montreal La Presse.

At a late hour today the committee in charge of the Small estate here had had no word of the discovery. Mrs. Small was informed as soon as possible, and will use every means available to test the reliability of the report.

Small was a Toronto theatrical millionaire, who has been missing since November last.

POLICE SKEPTICAL.

TORONTO, Aug. 12.—The Toronto police authorities are definitely and emphatically skeptical with regard to the report that Ambrose Small's body has been identified in the morgue at Paris. Detective Mitchell, who has been in charge of the case from the outset, points out that the disappearance of the Toronto theatrical magnate has been given the widest possible publicity. Descriptive circulars have been sent all over the world, and it is most improbable that the chance of the body in the Paris morgue being that of Small would have escaped the attention of the police of that city.

London's Bread Is Cheapest in Canada, Report

Average Price For Whole Country Rose One-Half Cent in June.

OTTAWA, Aug. 12.—(By Canadian Press).—The price of bread in Canada, taking the whole of the Dominion for an average, increased during June to the extent of nearly half a cent a loaf for a 24-ounce loaf.

Flour increased in cost 65 cents per barrel, equivalent to one-quarter of a cent per pound, or about two-fifths of a cent per 24-ounce loaf. Other increased costs in baking and delivery bring the increase to nearly one-half cent given above.

The total average cost of bread throughout the Dominion was eight and three-fifths cents per pound, equivalent to twelve and nine-tenths cents per pound and a half loaf.

Consumption of bread per capita increased nearly 6 per cent and the average yield of bread per barrel of flour was 264 pounds, a gain of two pounds over May.

Since January the cost of flour has gone up from $10.87 per barrel to $13.36, while all other costs entering into the bread-making have gone up from $8.92 to $9.57.

Montreal bread is the dearest in Canada, costing over 9½ cents per pound, while Quebec, Halifax, Moncton and Sydney are close seconds.

Bread was cheapest in London, Ont., where the price is a trifle above 7 cents.

At The Theaters

THE GRAND OPENS MONDAY NEXT WITH "VANITY FAIR OF 1920."

Monday evening next marks the opening of the Grand Opera House after being closed undergoing extensive alterations and redecorating. The first big road attraction of the season is Boyle Woolfolk's Vanity Fair of 1920. The snappiest, zippiest musical production of the year. A bevy of pretty Broadway beauties, both shapely and talented, and all under twenty, will lend their charm to the piece, while many of the latest and most tuneful song hits of the current season feature the production. Boyle Woolfolk has produced many a musical comedy production, but in Vanity Fair he has spared no expense to produce one of the classiest little musical attractions that has graced the grand footlights in many a moon. Patrons will do well to make their seat reservations early, as the seat sale opened yesterday, and if the first day's advance is any criterion, the S. R. O. sign will be hung up at every performance. A special popular Wednesday afternoon matinee has been arranged, and being the first of the season, the feminine folks should be out in big numbers. Vanity Fair opens Monday evening at 8:15. Good seats are available now.

AT LOEW'S.

Anita Stewart displays her art to unusual advantage in a difficult double role in "The Yellow Typhoon," at Loew's the last half of this week. Totally diverse in character are Hilda and Berta Nordstrom, the brunette and blonde twins, whose separated destinies lead them into the intrigue and excitement of the secret service, as ally and enemy. The remarkable versatility of the star is shown to the fullest advantage in the depiction of these vividly contrasted roles. The picture is well sustained in plot, and thrilling and dramatic in situation.

An excellent bill of vaudeville is presented. It is refreshing to see novelty, skill, wit and brains taking the place so often usurped in vaudeville by slipshod technique and cheap suggestiveness. The three acts on the boards now are good. They are full of pep and newness. They are greeted enthusiastically by the audience and they are clean throughout. It was demonstrated in convincing manner yesterday that vaudeville did not need to be shady to be popular.

Crow and Santorio present a strongman act, in which the power and grace of skilled athletes is displayed in a remarkable manner.

Mack and Bernard entertain by dancing, singing and snappy dialogue. They do not depend on one or two new jokes to carry through a second or 42nd line of stuff. Their patter is new right through and full of laughs.

The feature act was that of the Kinkaid Kilties, an ambitious production of high merit and worked out to perfection in all details. They offer a most varied program, while retaining to the fullest degree the Scotch character of the act, and no particular part could be picked out for special mention. It was simply as good as possible, and the only difference was in the type and not in the merit of the different offerings of playing, singing, dancing and impersonation.

An amusing farce film and the news completes the bill, which will be repeated today and tomorrow.

AT THE ALLEN.

Featuring Katherine Macdonald in a stirring Western drama at the Allen Theatre for the remainder of this week is one of exceptional merit throughout. Miss Macdonald, whose fame is already well established by her clever work in other pictures, appears this time in an entirely new role, which she portrays to perfection. The scenes are laid in the rugged southwest country, where she appears as Joy Blythe, a girl from the east.

She falls in love with a man who, while really a deputy sheriff, has been outlawed because he is believed to be the murderer of her brother. By daring work he saves her ranch from being raided by cattle thieves and compels them to buy what they intended to steal. Then by a clever ruse he reveals the real murderer and brings the plot to an unusually happy conclusion. Miss McDonald is well supported and the picture is admirably directed.

A Sunshine comedy and an animated Mutt and Jeff cartoon supply just enough comedy to balance the program. Aviation enthusiasts, to say nothing of the average individual, will be delighted by the exceptional air craft views shown. The picture was made by the Canadian Aero Film Company for the Ontario Government and features Ray Maxwell and Harry Wiltshire, who made themselves well known to Londoners last summer by their daring stunts.

An entertainment in itself is furnished by the Allen orchestra with selections from Faust. Their rendering of this well-known opera is exceptionally good.

AT THE PATRICIA.

"Camille or the Yukon," a picture bulging with peril and romance of the northern country, featuring Miriam Cooper, was shown at the Patricia Theatre last night to a capacity audience. The picture was adapted from Larry Evans' great story "The Silent Life."

Lady Lou, the central character in the story, incurs the hatred of her stepfather Hatfield, when her mother elopes with a half-breed. Swearing that he will make his daughter as bad as her mother, Hatfield forces her to work in his saloon and dance hall, where he cheats fur traders and trappers in gambling.

When Lady Lou exposes her father in the act of cheating Jean Moreau, whom she loves, Hatfield is forced to leave town, but takes his daughter with him. He leaves her to die in the snow, but Steve Conahan, a trapper, rescues her. Moreau goes in search of Lady Lou, but on the day he arrives she is married to Conahan. The sudden appearance of Hatfield in town and his wrongful denunciation of her to her husband gives the picture a thrilling climax.

The Perfection Girls in a novelty posing and pigeon act delighted the audience with their performances.

The tenth episode of "The Lost City" and a Strand comedy "Oh, You Kid" complete the bill, which will be repeated today and on Saturday.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Grey, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this oldtime recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natura color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brus and draw it through your hair, taking one strand at a time. By morning the grey hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

ATHLETES

"ABSORBINE JR." Makes an Ideal Rub-Down.

Football and lacrosse players, tennis and golf enthusiasts, runners and oarsmen, find quick relief from bruises and muscle soreness after a brisk rub-down with a trainer's wash made of one ounce of "ABSORBINE JR." and a quart of water or witch hazel.

This wash—used by many prominent athletes, physical directors and trainers—is healing, soothing, strengthening and invigorating. Puts vim into tired, lame muscles—wonderfully effective in strains and wrenches—prevents "next-day" soreness.

"ABSORBINE JR." keeps the muscles pliable and in proper tone.

Keep a bottle of "ABSORBINE JR." in your locker. $1.25 a bottle—at most druggists or sent postpaid by W. F. YOUNG, INC., Lyman Building, Montreal. 34

Use B-H Paint—it Pays

B-H Paint will withstand the severe "climate test" of many hard Canadian winters.

Speaking more definitely still, there is one paint that carries a 100% guarantee on every can.

B-H "ENGLISH" PAINT 70% Pure White Lead (Brandram's Genuine B.B.) 30% Pure White Zinc 100% Pure Paint

Famous for its covering capacity and durability. It has a base 100% pure, to which is added a fine turpentine and an exceptional linseed oil from the B-H mills.

Some dealers can sell you paint which costs less per gallon than B-H, but it will not have the B-H-guarantee of quality and permanence—neither will you have the certainty that a gallon will show the greatest covering capacity.

Even at the slightly higher cost of B-H you will find when the job is done that the ultimate cost is lower—very much lower.

Another thing, just look at any house that was painted, maybe years ago, with B-H and see the "finish" that still remains.

WHEAT, OATS AND BARLEY CROPS TO SHOW INCREASE OVER 1919 CROP, ESTIMATE

Agricultural Department Officials Expect Total Wheat Production of 262,338,000 Bushels This Year, An Increase of About 70,000,000 Over Crop of Last Year

OTTAWA, Aug. 12.—(Canadian Press)—Canada's 1920 wheat crop is estimated by officials of her agriculture department at 262,338,000 bushels, as compared with the final estimate of 193,260,000 bushels last year. The oat crop is expected to go to 496,966,400 bushels, as compared with 394,387,000 bushels in 1919. Barley also shows a substantial increase, the figures being 63,438,500 bushels, as against 56,689,400 bushels last year.

These preliminary estimates are based on the actual condition of the crops on July 31. Daily reports to the department have been such that no appreciable change is expected in the estimate.

The total yield of hay and clover is estimated at 12,853,900 tons from 10,409,150 acres, an average of 1.25 tons per acre, as compared with last year's record total of 16,348,000 tons. Of alfalfa, the total estimate is 388,700 tons for the first cutting, as compared with last year's final total of 494,200 tons.

Flax seed is nearly doubled, the estimate being 16,507,700 bushels, as compared with 5,472,800 bushels last year.

The preliminary estimate for fall wheat is 17,000,000 bushels, as against 16,000,000 las year.

The preliminary estimate of the yield per acre of fall wheat for all Canada is 23¾ bushels as compared with 23¾ bushels last year and with 22½ bushels the decennial average for the period, 1910-19.

The yield is, therefore, three-quarters of a bushel over avarege. The total yield in round numbers is 17,000,000 bushels as against 16,000,000 last year.

In Ontario the total yield for 1920 is 15,831,000 bushels from 688,300 acres, an average yield per acre of 23 bushels, as compared with 15,052,000 bushels from 619,494 acres and an average per acre of 24.30 bushels last year.

For spring wheat the conditions at the end of July have fallen by eight points, as compared with a month ago, the figures now being 92 per cent of the decennial average, as against 100 a month ago. The deterioration has been caused by continued dry, hot weather during the earlier part of July in Saskatchewan, where more than half the spring wheat crop is grown.

The average yield of potatoes is given as 151.75 bushels per acre, as compared with 146 bushels for the ten-year average. Peas, beans, buckwheat and mixed grains all show slight increases over the same average.

Shipments—52,991 barrels.

Bran—$42.

TORONTO STOCK EXCHANGE.

Toronto, Aug. 13.—Trading was very quiet on the Toronto Stock Exchange this morning, but prices generally were steady with yesterday's close, more optimistic reports regarding the European situation having much to do with the improved tone of the market. Atlantic Sugar, C. P. R., Maple Leaf, Steel of Canada and the Toronto and Winnipeg railway stocks all sold at unchanged quotations, while slight improvement was noted in National Steel Car, F. N. Burt, Cement preferred, Canadian Locomotive, North American Pulp and Canadian Locomotive. Dome advanced from 12.00 to 13.00, with only two sales made.

MONTREAL STOCK EXCHANGE.

Montreal, Aug. 13.—The local stock exchange made a moderately firm opening this morning, but trading was distinctly on the dull side during the first half hour. Sugar, Breweries, Spanish and Brazilian were steady. Quebec Railway developed strength fractionally. Spanish preferred dropped a point during the early trading, sagging to 113. Other issues were for the most part inactive.

GRAIN.

Winnipeg, Aug. 13.—October oats opened ¼c up at 85¼@85¼c.

Barley opened unchanged for October at $1 26.

Flax opened ½c up for October at $3 58.

Rye opened 2c lower for October at $1 95.

Chicago, Aug. 13.—Opening: Wheat—Dec., $2 47; March, $2 50.

Oats—Sept., 72¼c; Dec., 70⅞c.

Chicago, Aug. 13.—Chances of an armistice being arranged between Russia and Poland had a bearish effec today on the wheat market. Word that the British royal commission had again withdrawn from the market as a buyer counted also as a depressing factor. Pit transactions were of only moderate volume. Opening prices, which ranged from the same as yesterday's finish to 2¼c higher, were followed by a sharp break all around.

Corn, like wheat, was depressed in value by talk of the probability of an armistice. After opening unchanged to ⅜c lower, the market underwent a decided general setback.

Oats reflected the weakness of other cereals, starting unchanged to ⅜c down and sagging still more prior to any sign of a rally.

NEW YORK STOCK EXCHANGE.

New York, Aug. 13—Wall Street, 10:30 a.m.—Many of the influential shares, such as United States Steel and Baldwin, showed little variation from yesterday's final prices at the opening of the stock market today. Movements were toward higher levels, with buying of special stocks in considerable volume. Reports that the long-pending merger of various chemical companies would be soon consummated, influenced an active inquiry for the group. National Aniline advanced 5, General Chemical 4, and Barrett Company 2½ points. Investment oils were also stronger, Mexican Petroleum rising 1 and Shell Transport 2½. U.S. Rubber and Englcott-Johnson gained a point each, and American Woolen 3. Railroads were neglected. Maxwell Motor, first preferred, sagged 1⅜, and Central Leather ¾. Sterling exchange was steady.

1:30 p.m.—Professional traders leane! toward the buying side and directed their efforts against the short interest. Gains were largely extended, with United States Steel, Crucible, Baldwin, Atlantic-Gulf, American Linseed, Reading, Canadian Pacific and low-priced railroads in brisk demand. Call money ruled at 7 per cent, and sterling touched $3 64, or 1½c above yesterday's lowest.

STANDARD STOCK EXCHANGE.

Toronto, Aug. 13.—McIntyre Porcupine at $2 01 a share, which was an advance of 3 points over yesterday's closib nid, and sales of 15,000 Temiskaming Cobalt at 37, on the rumors of the new deal, were features of the Standard mining market here today. Those stocks monopolized the principal trading this morning. V. N. T., with comparatively active trading, was steady around 25. In other respects the market was possessed of a summery quietness.

WORK HAS BEGUN ON HUGE PACIFIC ARCH

Vancouver, B. C., Aug. 7.—Work has been begun on the Pacific arch, which is to stand at the crossing of the Pacific highway at the international boundary.

According to the men in charge of the work, the structure will be completed in time for the official opening on October 20, when the Queen of Rumania, her daughter, Princess Marie, Marshal and Madame Joffre, representatives of the Canadian and United States Governments, of the Mikado and of the president of China are expected to be present.

The arch, it is estimated will cost about $50,000. It will be of steel and concrete and will stand 100 feet high. The simple inscription, which will be raised in bold letters for all the world to see, is "Children of a Common Mother."

For a "Great" Vacation
try the Great Lakes Trip
by Canadian Pacific Steamer
FOR when the mercury is playing around in the upper eighties, and you wish Henry Ford would invent a self-refrigerating collar, do you ever stop to remember that the temperature of Lake Superior never rises above 40 degrees? What if you don't spare the time for a long holiday? The Canadian Pacific Railway's Clyde-built steamships make a five-day trip from Port McNicoll to Fort William and back, during which you can be as cool as an Eskimo and as comfortable as a clubman.
Roomy cabins, the best of chefs—oh, those broiled Lake Superior whitefish!—tea on deck under the lazy awnings—seagulls against the long, northern sunset—and a breeze from a thousand miles of clean pine woods, on duty twenty-four hours in the day.
Then—if you find you've got more time than you counted on—how about a week on the Nipigon River, forty miles from Fort William, with guides, canoes, and camp fires and white water under the moon—and more speckled trout than you know what to do with?
How do you get there? That's easy. Phone, write, or see any Canadian Pacific Ticket Agent; or
